PACIFICNET INC. AND SUBSIDIARIES
 NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
 (Amounts expressed in United States dollars unless otherwise stated)

1. BASIS OF PRESENTATION

The accompanying unaudited consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10-QSB. Accordingly, they do not include all the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position, results of operations and cash flows for all periods presented have been made. Preparing financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue, and expenses. Examples include provisions for returns and impairment losses, accounting for income taxes, bad debts, and property, plant and equipment lives for depreciation purposes. Actual results may differ from these estimates. The results of operations for the three months and nine months ended September 30, 2003 are not necessarily indicative of the operating results that may be expected for the entire year ending December 31, 2003. These financial statements should be read in conjunction with the Management's Discussion and Analysis and financial statements and notes thereto included in the Company's financial statements and accompanying notes thereto as of and for the year ended December 31, 2002, filed with the Company's Annual Report on Form 10-KSB.

2. EARNINGS PER SHARE

Basic earnings (loss) per share are based on the weighted average number of shares of common stock outstanding for the periods presented. Diluted earnings or loss per share is based on the weighted average number of shares of common

Edgar Filing: PACIFICNET INC - Form 10QSB

stock outstanding and dilutive common stock equivalents for the periods presented. All earnings per share amounts in these financial statements are basic earnings (loss) per share as defined by FASB No. 128, "Earnings Per Share." Diluted weighted average shares outstanding exclude the potential issuances of common stock upon exercise of options and warrants because to do so would be antidilutive.

The computation of basic and diluted loss per share is as follows:

(IN THOUSANDS OF UNITED STATES DOLLARS, EXCEPT WEIGHTED SHARES AND PER SHARE AMOUNTS)	Three Months Ended September 30, 2003 -----	Three Months Ended September 30, 2002 -----	Nine Months Ended September 30, 2003 -----	Nine Months Ended September 30, 2002 -----

3. BUSINESS DISPOSITIONS

In March 2003, the Company decided not to further invest in the Customer Service Support Center in the U.S. As of September 30, 2003, all activities have significantly reduced due to the economic slowdown in the U.S. During the nine months ended September 30, 2003, the Company wrote off property and equipment of \$150,000. Revenues and net loss information related to Customer Service Support Center operations is as follows (in thousands):

	For the three months ended September 30, 2003 (unaudited) -----	For the three months ended September 30, 2002 (unaudited) -----	For the nine months ended September 30, 2003 (unaudited) -----	For the nine months ended September 30, 2002 (unaudited) -----
Revenues	--	\$108	\$4	\$138
Net Loss	--	\$ (15)	\$ (185)	\$ (221)

Total net assets of the Customer Service Support Center were comprised primarily of property equipment.

4. JOINT VENTURE OPERATIONS

The Company entered into an Equity Joint Venture Contract dated December 20, 2002 between PacificNet Management Limited (PML), a British Virgin Islands company and a wholly owned subsidiary of the Company, and the stockholders of International Elite Limited (IEL), a Cayman Islands company. PML owns 50.1% of the joint venture while International Elite Limited (IEL) shareholders own 49.9%. The formation of the joint venture is intended to expand the Company's

Edgar Filing: PACIFICNET INC - Form 10QSB

products and services in the Greater China Region. The terms of the equity joint venture contract are subject to stockholder approval. The business purpose of the joint venture will be to market the Company's existing services in the greater China region. The functional currency of the joint venture will be the Macao Pataca, which has a current exchange rate with the U.S. dollar of 1 U.S. dollar equals 8.28180 Macao Pataca (MOP).

The Company's accounting treatment for the investment in the joint venture is full consolidation in accordance with SFAS No. 94, "Consolidation of All Majority-Owned Subsidiaries," because the voting power authorizing all major operating and financing decisions for the joint venture rests with the board of directors. Further, the stockholders of IEL have agreed to grant the Company a proxy to vote its shares of the joint venture. Although formal stockholder approval will not be completed until the next special meeting of stockholders in 2004, the majority stockholders have preliminarily approved the transaction. Therefore the results for the three months ended and for the nine months ended September 30, 2003, of the Company include the operations of the joint venture. The Company does not have any reason to believe formal shareholder approval will not be obtained.

Results of operations for the Company assuming stockholder approval is not obtained are as follows (in thousands):

	For the three months ended September 30, 2003 -----	For the nine months ended September 30, 2003 -----
Revenues	\$124	\$344
Cost of Revenues	96	178

Discontinued Operations	-	(\$0.04)

In March 2003, the Company announced that it completed the company registration and received government approval from the Macao Special Administrative Region of China, for the formation of the joint venture named "PacificNet Communications Limited -- Macao Commercial Offshore." Within 30 days of the formation of the joint venture, the Company is obligated to transfer to the joint venture 800,000 shares of its common stock. However, the shares are to be returned to Company if the joint venture does not obtain the regulatory approval, fails to receive the approval of its stockholders to enter into this transaction, or the joint venture is otherwise rescinded as provided for in the joint venture agreement. On April 11, 2003, PACT issued 800,000 shares of common stock to the equity joint venture, PacificNet Communications Limited - Macao Commercial Offshore, which are being held in escrow. The 800,000 shares of common stock was accounted for as a separate reduction of stockholders' equity as the shares are escrowed pending shareholder and regulatory approval of the joint venture.

Edgar Filing: PACIFICNET INC - Form 10QSB

On July 29, 2003, the Company's largest shareholder, Sino Mart Management Limited completed a \$4,600,000 private placement by transferring common shares of 1,150,000 at a price of \$4.00 per share to Mr. Kin-Shing Li. The shares transferred represent approximately 19% of the number of shares of the Company's common stock outstanding after the private placement, making Mr. Kin-Shing Li the second largest shareholder of the Company.

Mr. Kin-Shing Li is also a shareholder of International Elite Limited ("IEL") and a party to an Equity Joint Venture Contract dated December 20, 2002 with PacificNet Management Limited, a wholly-owned subsidiary of the Company ("PML"), to which agreement certain other shareholders of IEL are also parties. Under the provisions of that agreement, which by its terms is subject to and conditioned upon the approval of the Company's shareholders, the Company would issue 34,000,000 shares of its common stock to a joint venture entity, 50.1% of the equity in which would be owned by PML.

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

THE FOLLOWING DISCUSSION SHOULD BE READ IN CONJUNCTION WITH THE INFORMATION CONTAINED IN THE FINANCIAL STATEMENTS OF THE COMPANY AND THE NOTES THERE TO APPEARING ELSEWHERE HEREIN AND IN CONJUNCTION WITH THE MANAGEMENT'S DISCUSSION AND ANALYSIS SET FORTH IN THE COMPANY'S ANNUAL REPORT ON FORM 10-KSB FOR THE YEAR ENDED DECEMBER 31, 2002.

PRELIMINARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

The statements contained in this Form 10-QSB that are not purely historical are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These include statements about the Company's expectations, beliefs, intentions or strategies for the future, which are indicated by words or phrases such as "anticipate," "expect," "intend," "plan," "will," "the Company believes," "management believes" and similar words or phrases. The forward-looking statements are based on the Company's current expectations and are subject to certain risks, uncertainties and assumptions. The Company's actual results could differ materially from results anticipated in these forward-looking statements. All forward-looking statements included in this document are based on information available to the Company on the date hereof, and the Company assumes no obligation to update any such forward-looking statements.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

Our discussion and analysis is based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On an on-going basis, we evaluate our estimates, including those related to accounts receivable reserves, provisions for impairment losses of affiliated companies and other intangible assets, income taxes and contingencies. We base our estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

We believe the following critical accounting policies reflect our more significant estimates and assumptions used in the preparation of our consolidated financial statements:

JOINT VENTURE OPERATIONS - The financial statements for the three months and nine months ended September 30, 2003, include the consolidated results of operations for the joint venture company. Although it is not anticipated that formal stockholder approval will not be obtained until an upcoming special meeting of stockholders, the majority stockholders have preliminarily approved the transaction. Therefore the three months ended and the nine months ended results for September 30, 2003, include the operations of the joint venture. We do not have any reason to believe formal stockholder approval will not be obtained. If for some reason the transaction was not consummated, our results of operations, financial condition and prospects would be materially affected. Actual results of operations excluding the consolidation of the transaction subject to stockholder approval would be an overstatement of revenues of \$1,176,000, understatement of net loss of \$339,000, and understatement of loss per share of \$0.07 per share for the three months ended September 30, 2003 and an overstatement of revenues of \$3,510,000, understatement of net loss of \$1,033,000, and understatement of loss per share of \$0.20 per share for the nine months ended September 30, 2003.

INCOME TAXES - We record a valuation allowance to reduce our deferred tax assets to the amount that is more likely than not to be realized. We have considered future market growth, forecasted earnings, future taxable income, and prudent and feasible tax planning strategies in determining the need for a valuation allowance. We currently have recorded a full valuation allowance against net deferred tax assets as we currently believe it is more likely than not that the deferred tax assets will not be realized.

CONTINGENCIES - We may be subject to certain asserted and unasserted claims encountered in the normal course of business. It is our belief that the resolution of these matters will not have a material adverse effect on our financial position or results of operations. However, we cannot provide assurance that damages that result in a material adverse effect on our financial position or results of operations will not be imposed in these matters. We account for contingent liabilities when it is probable that future expenditures will be made and such expenditures can be reasonably estimated.

RECENT ACCOUNTING PRONOUNCEMENTS

In January 2003, the Financial Accounting Standards Board issued Interpretation No. 46 "Consolidation of Variable Interest Entities, an Interpretation of ARB No. 51" (FIN 46). FIN 46 requires certain variable interest entities to be consolidated by the primary beneficiary of the entity if the equity investors in the entity do not have the characteristics of a controlling financial interest or do not have sufficient equity at risk for the entity to finance its activities without additional subordinated financial support from other parties. FIN 46 is effective for all new variable interest entities created or acquired after January 31, 2003. For variable interest entities created or acquired prior to February 1, 2003, the provisions of FIN 46 must be applied for the first interim or annual period beginning after June 15, 2003. Management does not anticipate that FIN 46 will have any effect on the Company.

In April 2003, FASB issued SFAS No.149, "Amendment of Statement 133 on Derivative Instruments and Hedging Activities," which amends and clarifies financial accounting and reporting for derivative instruments, including certain derivative instruments embedded in other contracts (collectively referred to as derivatives) and for hedging activities under SFAS No. 133, "Accounting for Derivative Instruments and Hedging Activities." SFAS No. 149 is effective

Edgar Filing: PACIFICNET INC - Form 10QSB

prospectively for contracts entered into or modified after September 30, 2003, and for hedging relationships designated after September 30, 2003. The expectation to these requirements are the provisions of SFAS No. 149 related to SFAS No. 133 implementation issues that have been effective for fiscal quarters that began prior to June 15, 2003 should continue to be applied in accordance with their respective effective dates. In addition, paragraphs 7(a) and 23(a), which relate to forward purchases or sales of when-issued securities or other securities that do not yet exist, should be applied to both existing contracts and new contracts entered into after June 30, 2003. Management does not anticipate that SFAS No. 149 will have any effect on the Company.

In May 2003, the Financial Accounting Standards Board issued Interpretation No. 150, "Accounting for Certain Instruments with Characteristics of Both Liabilities and Equity", which establishes standards for how an issuer classifies and measures certain financial instruments with characteristics of both liabilities and equity. SFAS No. 150 requires that an issuer classify a financial instrument that is within its scope, which may have previously been reported as equity, as a liability or an asset in some circumstances. SFAS No. 150 is effective for financial instruments entered into or modified after May 31, 2003, and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003. We do not expect a material impact on our results of operations or financial condition as a result of the adoption of SFAS No. 150.

NATURE OF THE OPERATIONS OF THE COMPANY

NATURE OF BUSINESS.

PacificNet Inc. (www.PacificNet.com) (referred to herein as "PacificNet" or the "Company") is a leading technology investment and management company that invests in customer relationship management (CRM) solutions, mobile applications, value added services (VAS), and telecommunications in Asia. The company grows by acquiring and managing growing businesses with established products and customers in Asia. PacificNet, through its subsidiaries in Asia, provides value-added telecom, SMS and outsourced CRM, data-mining, and telemarketing services to some of the leading telecom, travel, insurance and marketing companies in Hong Kong, Macao, Taiwan, and China. PacificNet is headquartered in Minneapolis USA, with offices in Hong Kong, Shenzhen, Guangzhou, Beijing, Macao.

The Company also engages in telecommunications, performs voice and data network communications and value-added telecommunication products and services, provision of customer relationship management (CRM) and value-added telecom services (VAS) including call center, telemarketing, database management and data-mining services, e-commerce, mobile applications, short messaging services (SMS), multimedia messaging services (MMS), mobile commerce, VoIP, etc.

The Company's business strategy is to take a leading role into a rapidly expanding business sector, namely the IT solution provision and network communication businesses, in Asia and the greater PRC region. The business of PacificNet can be classified into four main operating units:

- PacificNet Limited (referred to herein as "PLTD") is a subsidiary of PacificNet Inc. based in Hong Kong with operations in ShenZhen, Guangzhou, and Beijing, China. PLTD specializes in the development of internet and mobile communications software and solutions for the Greater China market. PLTD's internet and mobile software applications include: the eMerchant2000

Edgar Filing: PACIFICNET INC - Form 10QSB

software product line, e-commerce and m-commerce systems, CRM software solutions, software applications and games based on short message service (SMS) and multi-media message service (MMS), outsourced software development and localization services for the China market, business process outsourcing (BPO), software localization and translation services, and systems integration services. PLTD's clients includes Sony, So-net, Swire Travel, Chinachem Ltd, Chevalier, HSBC, McDonald's, Li & Fung, CTM, and others.

- PacificNet Solutions Ltd. (referred to herein as "PacSo") - PacSo is a subsidiary of PacificNet that specializes in systems integration, software application, and e-business solutions services in Hong Kong and Greater China. The scope of product and services include smart card solutions, web based front-end applications and web based connections to backend enterprise planning systems.
- PacificNet Communications Ltd. (referred to herein as "PacComm") - PacComm is a subsidiary of PacificNet Inc. PacComm is engaged in telecommunication product distributions, which includes the resale of telecommunication, networking, and computer equipment such as PABX telephone systems, basic switches and router equipments and mobile phone accessories targeted for retail customers.
- PacificNet Communications Limited - Macao Commercial Offshore (referred to herein as "PacComm MOC"), PacComm MOC is a subsidiary of PacificNet Inc. and a provider of value-added telecom services including call center, customer relationship management (CRM), telemarketing, and data-mining services, and mobile data services such as short message service (SMS), multi-media messaging service (MMS), unified messaging service (UMS), location-based service (LBS), WAP, and BREW-based CDMA applications, mobile commerce, roaming, paging, wireless internet, virtual private network (VPN) and voice over internet protocol (VoIP) services in the Greater China Region.

In September 2001, the Company's management, with the Board of Director's approval, decided to expand its business strategy to the Greater China Region. Subsequently, in February 2002, the Company established a subsidiary office (registered as a Wholly Owned Foreign Enterprise, "WOFE") in Shenzhen, the People's Republic of China ("PRC"), to expand its research, development, marketing and distribution in the PRC.

In March 2003, the Company announced that it completed the company registration and received government approval from the Macao Special Administrative Region of China, for the formation of the joint venture named "PacificNet Communications Limited -- Macao Commercial Offshore." The Company's wholly owned subsidiary PML owns 50.1% of the joint venture while International Elite Limited (IEL) shareholders own 49.9%. The formation of the joint venture is intended to expand the Company's products and services in the Greater China Region. The terms of the equity joint venture contract are subject to stockholder approval. Although it is anticipated that formal stockholder approval will not be completed until the Company's next special meeting of stockholders in 2004, the majority stockholders have preliminarily approved the transaction.

RESULTS OF OPERATIONS

THREE MONTHS ENDED SEPTEMBER 30, 2003 COMPARED TO THREE MONTHS ENDED SEPTEMBER 30, 2002

Edgar Filing: PACIFICNET INC - Form 10QSB

REVENUES. Revenues for the three months ended September 30, 2003 were \$1,300,000, an increase of \$1,221,000 from \$79,000 for the three months ended September 30, 2002. For the three months ended September 30, 2003, revenues mainly consisted of \$1,176,000 and \$46,000 derived from services rendered through its PacComm MOC subsidiary and PacSo subsidiary, respectively. During the three months ended September 30, 2003, PacificNet's services revenue was generated from customers in Greater China and Hong Kong. One of the customers accounted for 80% of total revenue generated during this quarter and, consequently, the Company has become dependent on this customer. The above mentioned customer is an independent third party of the Company and is under contract until late 2004.

COST OF REVENUES. Cost of revenues for the three months ended September 30, 2003 was \$542,000, an increase of \$456,000 from \$86,000 for the three months ended September 30, 2002. This increase was due to providing lower margin value-added telecom services from PacComm MOC. Cost of revenues, as a percentage of revenues, represented 37% of the services rendered through value-added telecom services in the PacComm MOC joint venture for the three months ended September 30, 2003.

GROSS MARGIN. Gross margin for the three months ended September 30, 2003 was \$758,000, an increase of \$765,000 from (\$7,000) for the three months ended September 30, 2002. This increase is due to an increase in revenues associated with value-added telecom services rendered.

OPERATING EXPENSES. Operating expenses totaled \$343,000 for the three months ended September 30, 2003, a decrease of \$19,000, from \$362,000 for the three months ended September 30, 2002. The decrease was primarily due to reductions in the following: wage-related staff costs of \$97,000 and non-cash expenses such as depreciation and amortization of \$68,000. These reductions were offset by other operating expenses of \$146,000.

OTHER INCOME. Other income was \$53,000 for the three months ended September 30, 2003, as compared to \$5,000 for the three months ended September 30, 2002.

INCOME TAXES. No tax provision has been recorded for the three months ended September 30, 2003, as the result of the cumulative operating loss generated by the Company. Interim income tax provisions are based upon management's estimate of taxable income and the resulting consolidated effective income tax rate for the full year. As a result, such estimates are subject to change as the year progresses and more information becomes available.

MINORITY INTERESTS. The profit available to minority interests for the three months ended September 30, 2003 totaled \$315,000 compared with the loss of \$49,000 for the same period in the prior year, and consisted of minority interests in the earnings of PacComm MOC and PacSo consolidated subsidiaries that commenced operations in January 2003 and December 2001, respectively.

NINE MONTHS ENDED SEPTEMBER 30, 2003 COMPARED TO NINE MONTHS ENDED SEPTEMBER 30, 2002

REVENUES. Revenues for the nine months ended September 30, 2003 were \$3,854,000, an increase of \$1,686,000 from \$2,168,000 for the nine months ended September 30, 2002. For the nine months ended September 30, 2003, revenues mainly consisted of \$3,510,000 and \$251,000 derived from services rendered through its PacComm MOC subsidiary and PacSo subsidiary, respectively. The increase in revenues is due to the revenues associated with the operations of PacComm MOC, which generated revenue of \$3,510,000 for the nine months ended September 30, 2003. During the nine months ended September 30, 2003, PacificNet's services revenue was generated from customers in Greater China and Hong Kong. One of the customers has accounted for 80% of total revenue generated during these nine

months and, consequently, the Company has become economic dependent on this customer. The above mentioned customer is an independent third party of PacificNet and is under contract until late 2004.

11

COST OF REVENUES. Cost of revenues for the nine months ended September 30, 2003 was \$1,491,000, a decrease of \$160,000 from \$1,651,000 for the nine months ended September 30, 2002. This decrease was due to providing higher margin value-added telecom services from PacComm MOC. Cost of revenues, as a percentage of revenues, represented 37% of the services rendered through value-added telecom services in the PacComm MOC joint venture for the nine months ended September 30, 2003.

GROSS MARGIN. Gross margin for the nine months ended September 30, 2003 was \$2,363,000, an increase of \$1,846,000 from \$517,000 for the nine months ended September 30, 2002 due to an increase in revenues and profit margins associated with value-added telecom services rendered.

OPERATING EXPENSES. Operating expenses totaled \$1,244,000 for the nine months ended September 30, 2003, a decrease of \$71,000, from \$1,315,000 for the nine months ended September 30, 2002. The decrease was primarily due to reductions in the following: wage-related staff costs of \$64,000, premises (rental) expense of \$53,000, insurance of \$95,000, and non-cash expenses such as depreciation and amortization of \$199,000. The reductions were offset by fixed assets written off of \$91,000, an increase in professional fees of \$102,000, and other operating expenses of \$147,000.

OTHER INCOME. Other income was \$69,000 for the nine months ended September 30, 2003, as compared to \$48,000 for the nine months ended September 30, 2002.

INCOME TAXES. No tax provision has been recorded for the nine months ended September 30, 2003, as the result of the cumulative operating loss generated by the Company. Interim income tax provisions are based upon management's estimate of taxable income and the resulting consolidated effective income tax rate for the full year. As a result, such estimates are subject to change as the year progresses and more information becomes available.

MINORITY INTERESTS. Minority interests for the nine months ended September 30, 2003 totaled \$1,002,000, compared with \$84,000 for the same period in the prior year, and consisted of minority interests in the earnings of PacComm MOC and PacSo consolidated subsidiaries that commenced operations in January 2003 and December 2001, respectively.

LIQUIDITY AND CAPITAL RESOURCES

As of September 30, 2003, the Company had cash and cash equivalents of \$4,791,000 and working capital of \$4,681,000 as compared to \$3,694,000 and \$3,081,000, respectively, at December 31, 2002.

Net cash provided by operating activities was \$314,000 for the nine months ended September 30, 2003 as compared to net cash used in operating activities of \$1,670,000 for the nine months ended September 30, 2002. Net cash provided by operating activities in the nine months ended September 30, 2003 was primarily due to a net profit of \$1,000 increased by non-cash items such as expenses settled by issuance of common stock of \$42,000, loss on disposal of fixed assets of \$91,000, depreciation and amortization of \$4,000, minority interests of \$846,000, loss from discontinued operations of \$185,000, offset by an increase in accounts receivable and other current assets of \$739,000 and a decrease in

Edgar Filing: PACIFICNET INC - Form 10QSB

accounts payable and accrued expenses of \$131,000. Net cash used in operating activities for the same period in 2002 was primarily due to a net loss of \$1,079,000 increased by non-cash expenses such as expenses settled by issuance of common stock of \$136,000, minority interests of \$76,000, depreciation and amortization of \$202,000, provision for impairment losses of affiliated companies of \$24,000, and offset by an increase in accounts receivable and other assets of \$853,000 and a decrease in accounts payable and accrued expenses of \$176,000.

Net cash used in investing activities for the nine months ended September 30, 2003 was \$2,000 representing acquisition of fixed assets versus \$341,000 for the same period in 2002 primarily representing costs associated with the joint venture in 2001.

Net cash provided by financing activities for the nine months ended September 30, 2003 was \$785,000 representing advances under bank line of credit of \$367,000 and proceeds from exercise of stock options of \$418,000. Net cash provided by financing activities for the nine months ended September 30, 2002 was \$4,133,000 representing proceeds from issuance of common stock.

12

CASH AND CASH EQUIVALENTS. The Company's cash balance increased by \$1,097,000 to \$4,791,000 at September 30, 2003, as compared to \$3,694,000 at December 31, 2002. The Company believes it has sufficient cash and cash equivalents for the next twelve months of operations.

WORKING CAPITAL. The Company's working capital increased to \$4,681,000 at September 30, 2003, as compared to \$3,081,000 at December 31, 2002. When compared to balances at December 31, 2002, the increase in working capital at September 30, 2003 reflects mainly on higher levels of net accounts receivable \$623,000 and higher levels of other assets of \$116,000 offset by higher levels of bank line of credit of \$367,000 and lower levels of accounts payable and accrued expenses of \$131,000. The Company anticipates that as revenue and operating activity levels increase, working capital financing requirements will also increase.

PROPERTY AND EQUIPMENT ADDITIONS. The Company does not anticipate material expenditures for additions to property and equipment during fiscal year 2003.

CURRENCY EXCHANGE FLUCTUATIONS. All of the Company's revenues are denominated either in United States dollars or Hong Kong dollars, while its expenses are denominated primarily in Hong Kong dollars and Renminbi ("RMB"), the currency of the People's Republic of China. There can be no assurance that RMB-to-United States dollar or Hong Kong dollar-to-United States dollar exchange rates will remain stable. Although a devaluation of the Hong Kong dollar or RMB relative to the United States dollar would likely reduce the Company's expenses (as expressed in United States dollars), any material increase in the value of the Hong Kong dollar or RMB relative to the United States dollar would increase the Company's expenses, and could have a material adverse effect on the Company's business, financial condition and results of operations. The Company has never engaged in currency hedging operations and has no present intention to do so.

ITEM 3. CONTROLS AND PROCEDURES

a. Evaluation of Disclosure Controls and Procedures:

Disclosure controls and procedures are designed to ensure that information required to be disclosed in the reports filed or submitted under the Exchange

Edgar Filing: PACIFICNET INC - Form 10QSB

Act is recorded, processed, summarized and reported, within the time period specified in the SEC's rules and forms. Disclosure controls and procedures include, without limitation, controls and procedures designed to ensure that information required to be disclosed in the reports filed under the Exchange Act is accumulated and communicated to management, including the Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. As of the end of the period covered by this report, the Company carried out an evaluation, under the supervision and with the participation of the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, of the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based upon and as of the date of that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures are effective to ensure that information required to be disclosed in the reports the Company files and submits under the Exchange Act is recorded, processed, summarized and reported as and when required.

b. Changes in Internal Control over Financial Reporting:

There were no changes in the Company's internal control over financial reporting identified in connection with the Company evaluation of these controls as of the end of the period covered by this report that could have significantly affected those controls subsequent to the date of the evaluation referred to in the previous paragraph, including any correction action with regard to significant deficiencies and material weakness.
