**Item 7.01. Regulation FD Disclosure.**

On November 15, 2013, Acacia Research Corporation (the “Company”) issued a press release reporting that its Board of Directors had approved a share repurchase plan which authorizes the Company to purchase up to \$70 million of its shares of common stock from time to time through May, 14 2014.

Share purchases under this plan will be made in the open market, through block trades, through 10b5-1 plans, or privately negotiated transactions, in accordance with applicable Securities and Exchange Commission rules.

The Company is under no obligation to repurchase shares under this share repurchase program. The timing, actual number and value of shares that may be repurchased under this program will depend on a number of factors, including the Company’s future financial performance and available cash resources, competing uses for its corporate funds, prevailing market prices of its common stock, the number of shares that become available for sale at prices that the Company believes are attractive, and regulatory requirements. For these reasons, as well as others, there can be no assurance that the Board of Directors will not decide to suspend purchases of shares under this share repurchase program or terminate the program altogether.

The foregoing description of the contents of the press release is qualified by reference to that press release, in its entirety, a copy of which is attached hereto as Exhibit 99.1 and made a part of this report.

The information in this Current Report on Form 8-K is being furnished and shall not be deemed "filed" for the purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that Section. The information in this Current Report shall not be incorporated by reference into any registration statement or other document pursuant to the Securities Act of 1933, as amended, except as shall be expressly set forth by specific reference in such filing.
