About information contained in this report:

Performance data is historical and reflects historical expenses and historical changes in net asset value. Historical results are not indicative of future results.

If RMR Advisors had not waived fees or paid all of each fund's organizational costs and a portion of each fund's offering costs, each fund's returns would have been reduced.

Please consider the investment objectives, strategies, risks, charges and expenses before investing in any of the funds. An investment in each fund's shares is subject to material risks, including but not limited to those described in each fund's prospectus, the registration statements and other documents filed with the SEC. For more information about any of our funds please visit [www.rmrffunds.com](http://www.rmrffunds.com) or call our investor relations department at 1-866-790-3165.

**NOTICE CONCERNING LIMITED LIABILITY**

THE DECLARATIONS OF TRUST OF RMR REAL ESTATE FUND, RMR HOSPITALITY AND REAL ESTATE FUND, RMR F.I.R.E. FUND AND RMR PREFERRED DIVIDEND FUND COPIES OF WHICH, TOGETHER WITH ALL AMENDMENTS AND SUPPLEMENTS THERETO, ARE DULY FILED IN THE OFFICE OF THE SECRETARY, CORPORATIONS DIVISION OF THE COMMONWEALTH OF MASSACHUSETTS, PROVIDE THAT THE NAMES "RMR REAL ESTATE FUND", "RMR HOSPITALITY AND REAL ESTATE FUND", "RMR F.I.R.E. FUND" AND "RMR PREFERRED DIVIDEND FUND" REFER TO THE TRUSTEES UNDER THE DECLARATIONS COLLECTIVELY AS TRUSTEES, BUT NOT INDIVIDUALLY OR PERSONALLY, AND THAT NO TRUSTEE, OFFICER, SHAREHOLDER, EMPLOYEE OR AGENT OF ANY OF THE FUNDS SHALL BE HELD TO ANY PERSONAL LIABILITY, JOINTLY OR SEVERALLY, FOR ANY OBLIGATION OF, OR CLAIM AGAINST, ANY OF THESE FUNDS. ALL PERSONS DEALING WITH ANY OF THE FUNDS IN ANY WAY, SHALL LOOK ONLY TO THE ASSETS OF THAT FUND WITH WHICH HE MAY DEAL FOR THE PAYMENT OF ANY SUM OR THE PERFORMANCE OF ANY OBLIGATION.

*To our shareholders,*

We are pleased to present you with our 2005 annual report for four funds:

RMR Real Estate Fund (AMEX: RMR), which began operations in December 2003, beginning on page 2;

RMR Hospitality and Real Estate Fund (AMEX: RHR), which began operations in April 2004, beginning on page 17;

RMR F.I.R.E. Fund (AMEX: RFR), which began operations in November 2004, beginning on page 33; and

RMR Preferred Dividend Fund (AMEX: RDR), which began operations in May 2005, beginning on page 50.

We invite you to read through the information contained in this report and to view our website at [www.rmrfunds.com](http://www.rmrfunds.com).

Sincerely,

Thomas M. O'Brien  
President

**RMR Real Estate Fund**

**December 31, 2005**

*To our shareholders,*

In the pages that follow, you will find data summarizing our financial results for 2005 and our financial position as of December 31, 2005.

During 2005, our allocation to the sub-sector of diversified real estate investment trusts, or REITs, increased from 16.3% to 19.5% of total investments, our largest sub-sector increase. During the same time period, our allocation to the apartments sub-sector decreased from 18.6% to 9.3% of total investments, our largest sub-sector decrease. These changes partly reflect trading activity based upon our view of the strengths and weaknesses of these sub-sectors, the companies that operate in them and their share prices and partly reflect the impact of stock market conditions. In 2006, we will continue to monitor market conditions and position our portfolio according to our view of those conditions.

For shares that we held continuously during 2005, our three best performing investments during the period were U-Store-It Trust, AMLI Residential Properties Trust and Arden Realty, Inc., with total returns during this period of 28.5%, 26.5% and 25.4%, respectively. Our three worst performing investments during 2005 were Eagle Hospitality Properties Trust, Inc., Healthcare Realty Trust, Inc. and Truststreet Properties, Inc. with negative total returns during 2005 of 18.5%, 12.4% and 12.1%, respectively.

Thank you for your continued support, and be sure to view our website, at [www.rmrffunds.com](http://www.rmrffunds.com).

Sincerely,

Thomas M. O'Brien  
President

**RMR Real Estate Fund**

December 31, 2005

**Relevant Market Conditions**

**Real Estate Industry Fundamentals.** We believe that the operating environment for real estate companies will continue to improve in 2006. We expect vacancy rates to decline, rental rates to improve and funds from operations, or FFO, an important measure of performance for real estate companies, to grow. Most public real estate companies have ample liquidity to make acquisitions to further increase their earnings potential.

**Real Estate Industry Technicals.** We believe demand for real estate securities over the long term will continue to increase. Demographic trends in the U.S. include growth in the over age 50 population; we believe that individuals in that age category tend to focus their investments in higher yielding stocks like REITs. Institutions, too, seem to be increasing their allocations to real estate securities as the common equity market capitalization of REITs has increased to over \$300 billion. Both of these are long term positive factors affecting the real estate securities market.

**Fund Strategies, Techniques and Performance**

Our primary investment objective is to earn and pay a high level of current income to our common shareholders by investing in real estate companies. Our secondary investment objective is capital appreciation. There can be no assurance that we will meet our investment objectives.

During 2005, our total return on net asset value, or NAV (including NAV changes and assuming a hypothetical reinvestment of distributions at NAV) was 2.1%. During that same period, the total return for the MSCI US REIT Total Return Index (an unmanaged index) was 12.2% and the total return for the Merrill Lynch REIT Preferred Index (an unmanaged index) was 2.5%. We believe these two indices are most relevant to our investments because our investments, excluding short term investments, as of December 31, 2005, include 69.2% REIT common stocks and 28.5% REIT preferred stocks. The S&P 500 Index (an unmanaged index published as Standard and Poor's Composite Index of 500 Stocks) total return for 2005 was 4.9%.

(a) Commencement of operations.

(b) Based on average shares outstanding.

## Edgar Filing: RMR F.I.R.E. Fund - Form N-CSR

- (c) Net asset value at December 18, 2003, reflects the deduction of the average sales load and offering costs of \$0.67 per share paid by the holders of common shares from the \$15.00 offering price. We paid a sales load and offering cost of \$0.68 per share on 6,660,000 common shares sold to the public and no sales load or offering costs on 7,000 common shares sold to affiliates of the RMR Advisors for \$15 per share.
  - (d) Amounts are net of expenses waived by RMR Advisors.
  - (e) As discussed in Note A (6) to the financial statements, a portion of the distributions we received on our investments are not included in investment income for financial reporting purposes.
  - (f) Total returns for periods of less than one year are not annualized.
  - (g) Total return based on per share market price assumes the purchase of common shares at the market price on the first day and sales of common shares at the market price on the last day of the period indicated; dividends and distributions, if any, are assumed to be reinvested at market prices. The total return based on net asset value, or NAV, assumes the purchase of common shares at NAV on the first day and sales of common shares at NAV on the last day of the period indicated; distributions are assumed to be reinvested at NAV. Results represent past performance and do not guarantee future results. Total return would have been lower if RMR Advisors had not contractually waived a portion of its investment advisory fee.
  - (h) Annualized.
-

**RMR Real Estate Fund**  
**Notes to Financial Statements**

**December 31, 2005**

**Note A**

(1) Organization

RMR Real Estate Fund, or the Fund, was organized as a Massachusetts business trust on July 2, 2002, and is registered under the Investment Company Act of 1940, as amended, as a non-diversified closed end management investment company. The Fund had no operations prior to December 18, 2003, other than matters relating to the Fund's establishment and registration of the Fund's common shares under the Securities Act of 1933.

(2) Use of Estimates

Preparation of these financial statements in conformity with accounting principles generally accepted in the United States requires the Fund's management to make estimates and assumptions that may affect the amounts reported in the financial statements and related notes. The actual results could differ from these estimates.

(3) Portfolio Valuation

Investment securities of the Fund are valued at the latest sales price whenever that price is readily available on the day of valuation; securities for which no sales were reported on that day, unless otherwise noted, are valued at the mean of the bid and ask prices on that day. Securities traded primarily on the NASDAQ Stock Market, or NASDAQ, are normally valued by the Fund at the NASDAQ Official Closing Price, or NOCP, provided by NASDAQ each business day. The NOCP is the most recently reported price as of 4:00:06 p.m., eastern time, unless that price is outside the range of the "inside" bid and asked prices (i.e., the bid and asked prices that dealers quote to each other when trading for their own accounts); in that case, NASDAQ will adjust the price to equal the inside bid or asked price, whichever is closer. Because of delays in reporting trades, the NOCP may not be based on the price of the last trade to occur before the market closes. Some fixed income securities may be valued using pricing provided by a pricing service. Any of the Fund's securities which are not readily marketable, which are not traded, which have other characteristics of illiquidity or whose quotations are unreliable are valued by the Fund at fair value as determined in good faith under the supervision of the Fund's board of trustees. Numerous factors may be considered when determining fair value of a security, including cost at date of purchase, type of security, the nature and duration of restrictions on disposition of the security and the value of other securities of the issuer which may be outstanding which are of the same or similar class of the securities being fair valued. Short term debt securities with less than 60 days until maturity may be valued at cost, which when combined with interest accrued, approximates market value.

(4) Securities Transactions and Investment Income

Securities transactions are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date. Non-cash dividends included in dividend income, if any, are recorded at the fair market value of the securities received. Interest income, including accretion of original issue discount, where applicable, and accretion of discount on short-term investments, is recorded on the accrual basis. Realized gains and losses from securities transactions are recorded on the basis of identified cost.

## Edgar Filing: RMR F.I.R.E. Fund - Form N-CSR

### (5) Federal Income Taxes

The Fund has qualified and intends to qualify in the future as a "regulated investment company" and to comply with the applicable provisions of subchapter M of the Internal Revenue Code of 1986, as amended, so that it will generally not be subject to federal income tax.

### (6) Distributable Earnings

The Fund earns income, net of expenses, daily on its investments. It is the policy of the Fund to pay a stable distribution amount to common shareholders on a monthly basis and distributions to Fund shareholders are declared pursuant to this policy. The Fund paid distributions of \$0.10 per common share on January 31, 2006. On January 12, 2006, the Fund declared distributions of \$0.10 per common share payable in February, March, and April 2006. Distributions to shareholders are recorded on the ex-dividend date. The Fund's distributions may consist of ordinary income (net investment income and short term capital gains), long term capital gains and return of capital. To the extent the Fund's net realized capital gains, if any, can be offset by capital loss carry-forwards, it is the policy of the Fund not to distribute such gains. Distributions to preferred shareholders are determined as described in Note D.

The Fund has substantial investments in real estate investment trusts or REITs, which are generally not subject to federal income taxes. Distributions that the Fund receives from REITs are classified as ordinary income, capital gain income or return of capital by the REITs that make these distributions to the Fund. The Fund has excluded from its investment income the portions of the distributions received from REITs classified by those REITs as capital gain income and return of capital. The Fund has included in its "net realized gain on investments" that portion of the distributions received from REITs that is classified by those REITs as capital gain income. Similarly, the Fund has credited its "net change in unrealized appreciation/(depreciation) on investments" with that portion of the distributions from REITs that is classified by those REITs as return of capital. The classification of distributions received from the Fund's investments were as follows:

	<b>Year ended December 31, 2005</b>	<b>Year ended December 31, 2004</b>
Investment income	\$ 5,904,080	\$ 4,851,329
Capital gain income	2,745,522	2,476,465
Return of capital	2,860,098	3,062,460
Total distributions received	<u>\$ 11,509,700</u>	<u>\$ 10,390,254</u>

The Fund distinguishes between distributions to shareholders on a tax basis and financial reporting basis. Only distributions in excess of accumulated tax basis earnings and profits are reported in the financial statements as a tax return of capital. Differences in the recognition or classification of income between the financial statements and tax earnings and profits which result in temporary over distributions for financial statement purposes are classified as distributions in excess of net investment income or accumulated net realized gains in the components of net assets on the Statement of Assets and Liabilities.

## Edgar Filing: RMR F.I.R.E. Fund - Form N-CSR

The tax character of distributions made by the Fund during the years ended December 31, 2005 and December 31, 2004, were as follows:

	<b>Year ended December 31, 2005</b>	<b>Year ended December 31, 2004</b>
Ordinary income	\$ 4,881,039	\$ 6,049,765
Net long term capital gains	5,586,481	2,121,095
	\$ 10,467,520	\$ 8,170,860

As of December 31, 2005, the components of distributable earnings on a federal income tax basis were as follows:

Undistributed ordinary income	\$	
Undistributed net long-term capital gains		1,051,097
Net unrealized appreciation		8,901,450

The differences between the financial reporting basis and tax basis of undistributed net long term capital gains are due to wash sales of portfolio investments.

The cost of investments for federal income tax purposes, gross unrealized appreciation and unrealized depreciation as of December 31, 2005, are as follows:

Cost	\$ 147,458,728
	\$ 12,997,899
Gross unrealized appreciation	(4,096,449)
Gross unrealized depreciation	
	\$ 8,901,450
Net unrealized appreciation	

### (7) Concentration of Risk

Under normal market conditions, the Fund's investments are concentrated in income producing common shares, preferred shares and debt securities, including convertible preferred and debt securities, issued by real estate companies and REITs. The value of Fund shares may fluctuate more than the shares of a fund not concentrated in the real estate industry due to economic, legal, regulatory, technological or other developments affecting the United States real estate industry.

## Note B

### Advisory and Administration Agreements and Other Transactions with Affiliates

The Fund has an advisory agreement with RMR Advisors, Inc., or RMR Advisors, to provide the Fund with a continuous investment program, to make day to day investment decisions and to generally manage the business affairs of the Fund in accordance with its investment objectives and policies. Pursuant to this agreement, RMR Advisors is compensated at an annual rate of 0.85% of the Fund's average daily managed assets. Managed assets means the total assets of the Fund less liabilities other than any indebtedness entered

## Edgar Filing: RMR F.I.R.E. Fund - Form N-CSR

into for purposes of leverage. For purposes of calculating managed assets, indebtedness entered for the purpose of leverage and the liquidation preference of preferred shares are not considered liabilities.

RMR Advisors has contractually agreed to waive a portion of its annual fee equal to 0.25% of the Fund's average daily managed assets until December 18, 2008.

On May 16, 2005, Barry M. Portnoy became the sole owner of RMR Advisors. This change in ownership was deemed to be a change in control resulting in termination of the then existing investment advisory agreement under the Investment Company Act of 1940. A new investment advisory agreement with the same terms as the previous agreement (except for dates of execution and effective dates) was approved by the Fund's shareholders on May 11, 2005.

On October 6, 2005, the Fund's board of trustees and separately the independent trustees authorized the renewal of the investment advisory agreement to December 12, 2006. A discussion of the factors considered by the board of trustees in approving the investment advisory agreement is included below.

RMR Advisors, and not the Fund, has agreed to pay the lead underwriter of the Fund's initial public offering an annual fee equal to 0.15% of the Fund's managed assets. This fee is paid quarterly in arrears during the term of RMR Advisors' advisory agreement and is paid by RMR Advisors, not the Fund. The aggregate fees paid pursuant to the contract plus reimbursement of legal expenses of the underwriters will not exceed 4.5% of the total price of the common shares in the initial public offering.

RMR Advisors also performs administrative functions for the Fund pursuant to an administration agreement with the Fund. RMR Advisors has entered into a subadministration agreement with State Street Bank and Trust Company to perform substantially all Fund accounting and other administrative services. Under the administration agreement RMR Advisors is entitled to reimbursement of the cost of providing administrative services. The Fund reimbursed RMR Advisors for \$136,981 of subadministrative fees charged by State Street in 2005.

Each trustee who is not a director, officer or employee of RMR Advisors and who is not an interested person of the Fund as defined under the Investment Company Act of 1940, as amended, is considered to be a "disinterested trustee". Disinterested trustees are each paid by the Fund an annual fee plus fees for board and committee meetings.

The Fund's board of trustees and separately the disinterested trustees have authorized the Fund to make reimbursement payments to RMR Advisors for costs related to the Fund's compliance and internal audit programs. The Fund also participates in pooled insurance programs with RMR Advisors and other funds managed by RMR Advisors and makes payments of the allocated portions of related premiums.

### **Note C**

#### **Securities Transactions**

During the year ended December 31, 2005, there were securities purchases and sales transactions (excluding short term securities) of \$34,556,835 and \$39,127,061, respectively. Brokerage commissions on securities transactions, exclusive of transactions settled on a net basis, amounted to \$64,481 during the year ended December 31, 2005.

**Note D****Preferred Shares**

The Fund's 2,000 outstanding Series T auction preferred shares have a liquidation preference of \$25,000 per share plus an amount equal to accumulated but unpaid distributions. The preferred shares are senior to the Fund's common shares and rank on parity with any other class or series of preferred shares of the Fund as to the payment of periodic distributions, including distribution of assets upon liquidation. If the Fund does not timely cure a failure to (1) maintain asset coverage for the preferred shares as required by rating agencies, or (2) maintain asset coverage, as defined in the Investment Company Act of 1940, as amended, of at least 200%, the preferred shares will be subject to redemption at an amount equal to their liquidation preference plus accumulated but unpaid distributions. The holders of the preferred shares have voting rights equal to the holders of the Fund's common shares and generally vote together with the holders of the common shares as a single class. Holders of the preferred shares, voting as a separate class, also are entitled to elect two of the Fund's trustees. The Fund pays distributions on the preferred shares at a rate set at auctions held generally every seven days. Distributions are generally payable every seven days, on the first business day following the end of a distribution period. The preferred share distribution rate was 4.05% per annum as of December 31, 2005.

**Note E****Submission of Proposals to a Vote of Shareholders** (unaudited)

The annual meeting of Fund shareholders was held on May 11, 2005. Following is a summary of the proposals submitted to shareholders for vote at the meeting:

Proposal	Votes for	Votes withheld	Votes abstained
Common shares			
Election of John L. Harrington as trustee	6,621,501	83,322	
Approval of investment advisory agreement	6,549,776	88,532	66,516
Preferred shares			
Election of John L. Harrington as trustee	1,984	14	
Approval of investment advisory agreement	1,983	15	

**Report of Independent Registered Public Accounting Firm**

*To the Board of Trustees and  
Shareholders of RMR Real Estate Fund:*

We have audited the accompanying statement of assets and liabilities, including the portfolio of investments, of the RMR Real Estate Fund (the "Fund") as of December 31, 2005, and the related statement of operations for the year then ended, the statement of changes in net assets for each of the two years in the period then ended and the financial highlights for each of the periods indicated therein. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Fund's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of December 31, 2005, by correspondence with the custodian and brokers, or by other appropriate auditing procedures where replies from brokers were not received. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of the RMR Real Estate Fund at December 31, 2005, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the periods indicated therein, in conformity with U.S. generally accepted accounting principles.

Boston, Massachusetts  
February 10, 2006

**RMR Hospitality and Real Estate Fund**

**December 31, 2005**

*To our shareholders,*

In the pages that follow, you will find data summarizing our financial results for 2005 and our financial position as of December 31, 2005.

For 2005, our investment allocation to the sub-sector of diversified real estate investment trusts, or REITs, increased from 12.0% to 15.5% of total investments, our largest sub-sector increase. During the same time period, our allocation to the apartment sub-sector decreased from 8.8% to 3.0% of total investments, the largest sub-sector decrease. These changes partly reflect trading activity based on our view of the strengths and weakness of these sub-sectors and the companies that operate in them and partly reflect the impact of stock market conditions. In 2006, we will continue to monitor market conditions and position our portfolio according to our view of those conditions.

For shares that we held continuously during 2005, our three best performing investments during the period were Crescent Real Estate Equities Co., Sovran Self Storage, Inc. and Reckson Associates Realty Corp., with total returns during this period of 18.0%, 17.9% and 15.4%, respectively. Our worst performing investments during 2005 were The Mills Corp., Eagle Hospitality Properties Trust, Inc. and Healthcare Realty Trust, Inc. with negative total returns during 2005 of 31.4%, 18.5% and 12.4%, respectively.

Thank you for your continued support, and be sure to view our website, at [www.rmrffunds.com](http://www.rmrffunds.com).

Sincerely,

Thomas M. O'Brien  
President

**RMR Hospitality and Real Estate Fund**

December 31, 2005

**Relevant Market Conditions**

**Hospitality Industry Fundamentals.** We expect the strong operating environment in 2005 to continue into 2006. Most real estate companies operating in the hospitality business are seeing demand growth, which is driving revenues per available room, a key operating measure in the hospitality industry, higher. Supply has been constrained due to high construction costs and investment demand has increased.

**Real Estate Industry Fundamentals.** We believe that the operating environment for real estate companies will continue to improve in 2006. We expect vacancy rates to decline, rental rates to improve and funds from operations, or FFO, an important measure of performance for real estate companies, to grow. Most public real estate companies have ample liquidity to make acquisitions, to further increase their earnings potential.

**Real Estate Industry Technicals.** We believe demand for real estate securities over the long term will continue to increase. Demographic trends in the U.S. include growth in the over age 50 population; we believe that individuals in that age category tend to focus their investments in higher yielding stocks like REITs. Institutions, too, seem to be increasing their allocations to real estate securities as the common equity market capitalization of REITs has increased to over \$300 billion. Both of these are long term positive factors affecting the real estate securities market.

**Fund Strategies, Techniques and Performance**

Our primary objective is to earn and pay our shareholders a high level of current income by investing in hospitality and real estate companies. Our secondary objective is capital appreciation. There can be no assurance that we will meet our investment objectives.

During 2005, our total return on net asset value, or NAV (including NAV changes and assuming a hypothetical reinvestment of distributions at NAV) was 2.5%. During that same period, the total return for the MSCI US REIT Total Return Index (an unmanaged index) was 12.2% and the total return for the Merrill Lynch REIT Preferred Index (an unmanaged index) was 2.5%. We believe these two indices are most relevant to our investments because our investments, excluding short term investments, as of December 31, 2005, include 52.4% REIT common stocks and 33.1% REIT preferred stocks. The S&P 500 Index (an unmanaged index published as Standard and Poor's Composite Index of 500 Stocks) total return for 2005 was 4.9%.

### Financial Highlights

Selected Data For A Common Share Outstanding Throughout The Period

	Year Ended December 31, 2005	For the Period April 27, 2004(a) to December 31, 2004
<i>Per Common Share Operating Performance</i>		
Net asset value, beginning of period	\$ 22.94	\$ 19.28(c)
<i>Income from Investment Operations</i>		
Net investment income (b)(d)(e)	1.13	.71
Net realized and unrealized appreciation/(depreciation) on investments (e)	(.19)	3.95
Distributions to preferred shareholders (common stock equivalent basis)		
Net investment income (e)	(.16)	(.06)
Net realized gain on investments (e)	(.11)	(.01)
Net increase in net asset value from operations	.67	4.59
Less: Distributions to common shareholders from:		
Net investment income (e)	(.96)	(.65)
Net realized gain on investments (e)	(.65)	(.10)
Common shares offering costs charged to capital		(.04)
Preferred shares offering costs charged to capital	(.12)	(.14)
Net asset value, end of period	\$ 21.88	\$ 22.94
Market price, beginning of period	\$ 19.98	\$ 20.00
Market price, end of period	\$ 18.21	\$ 19.98
<i>Total Return (f)</i>		
Total investment return based on:		
Market price (g)	(0.73)%	3.93%
Net asset value (g)	2.54%	23.16%
<i>Ratios/Supplemental Data:</i>		
Preferred shares, liquidation preference (\$25,000 per share) (000s)	\$ 28,000	\$ 17,000
Net assets attributable to common shares, end of period (000s)	\$ 54,377	\$ 57,005
Ratio to average net assets attributable to common shares of:		
Net investment income, before total preferred share distributions (d)(e)	5.04%	4.96%(h)
Total preferred share distributions	1.20%	0.50%(h)
Net investment income, net of preferred share distributions (d)(e)	3.84%	4.46%(h)
Expenses, net of fee waivers	1.80%	1.86%(h)
Expenses, before fee waivers	2.14%	2.18%(h)
Portfolio turnover rate	23.95%	20.83%

(a) Commencement of operations.

(b) Based on average shares outstanding.

(c)

## Edgar Filing: RMR F.I.R.E. Fund - Form N-CSR

Net asset value at April 27, 2004, reflects the deduction of the average sales load and offering costs of \$0.72 per share paid by the holders of common shares from the \$20.00 offering price. We paid a sales load and offering cost of \$0.90 per share on 2,000,000 common shares sold to the public and no sales load or offering costs on 480,000 common shares sold to affiliates of RMR Advisors for \$20 per share.

- (d) Amounts are net of expenses waived by RMR Advisors.
- (e) As discussed in Note A (6) to the financial statements, a portion of the distributions we received on our investments are not included in investment income.
- (f) Total returns for periods of less than one year are not annualized.
- (g) Total return based on per share market price assumes the purchase of common shares at the market price on the first day and sales of common shares at the market price on the last day of the period indicated; distributions are assumed to be reinvested at market prices. The total return based on net asset value, or NAV, assumes the purchase of common shares at NAV on the first day and sales of common shares at NAV on the last day of the period indicated; distributions are assumed to be reinvested at NAV. Results represent past performance and do not guarantee future results. Total return would have been lower if RMR Advisors had not contractually waived a portion of its investment advisory fee.
- (h) Annualized.

## **RMR Hospitality and Real Estate Fund**

### **Notes to Financial Statements**

**December 31, 2005**

#### **Note A**

##### (1) Organization

RMR Hospitality and Real Estate Fund, or the Fund, was organized as a Massachusetts business trust on January 27, 2004, and is registered under the Investment Company Act of 1940, as amended, as a non-diversified closed end management investment company. The Fund had no operations until April 27, 2004, other than matters relating to the Fund's establishment and registration of the Fund's common shares under the Securities Act of 1933.

##### (2) Use of Estimates

Preparation of these financial statements in conformity with accounting principles generally accepted in the United States requires the Fund's management to make estimates and assumptions that may affect the amounts reported in the financial statements and related notes. The actual results could differ from these estimates.

##### (3) Portfolio Valuation

Investment securities of the Fund are valued at the latest sales price whenever that price is readily available on the day of valuation; securities for which no sales were reported on that day, unless otherwise noted, are valued at the mean of the bid and ask prices on that day. Securities traded primarily on the NASDAQ Stock Market, or NASDAQ, are normally valued by the Fund at the NASDAQ Official Closing Price, or NOCP, provided by NASDAQ each business day. The NOCP is the most recently reported price as of 4:00:06 p.m., eastern time, unless that price is outside the range of the "inside" bid and asked prices (i.e., the bid and asked prices that dealers quote to each other when trading for their own accounts); in that case, NASDAQ will adjust the price to equal the inside bid or asked price, whichever is closer. Because of delays in reporting trades, the NOCP may not be based on the price of the last trade to occur before the market closes. Some fixed income securities may be valued using pricing provided by a pricing service. Any of the Fund's securities which are not readily marketable, which are not traded, which have other characteristics of illiquidity or whose quotations are unreliable are valued by the Fund at fair value as determined in good faith under the supervision of the Fund's board of trustees. Numerous factors may be considered when determining fair value of a security, including cost at date of purchase, type of security, the nature and duration of restrictions on disposition of the security and the value of other securities of the issuer which may be outstanding which are of the same or similar class of the securities being fair valued. Short term debt securities with less than 60 days until maturity may be valued at cost, which when combined with interest accrued, approximates market value.

##### (4) Securities Transactions and Investment Income

Securities transactions are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date. Non-cash dividends included in dividend income, if any, are recorded at the fair market value of the securities received. Interest income, including accretion of original issue discount, where applicable, and accretion of discount on short-term investments, is recorded on the accrual basis. Realized gains and losses from securities transactions are recorded on the basis of identified cost.

## Edgar Filing: RMR F.I.R.E. Fund - Form N-CSR

### (5) Federal Income Taxes

The Fund has qualified and intends to qualify in the future as a "regulated investment company" and to comply with the applicable provisions of subchapter M of the Internal Revenue Code of 1986, as amended, so that it will generally not be subject to federal income tax.

### (6) Distributable Earnings

The Fund earns income, net of expenses, daily on its investments. It is the policy of the Fund to pay a stable distribution amount to common shareholders on a monthly basis and distributions to Fund shareholders are declared pursuant to this policy. The Fund paid distributions of \$0.125 per common share on January 31, 2006. On January 12, 2006, the Fund declared distributions of \$0.125 per common share payable in February, March, and April 2006. Distributions to shareholders are recorded on the ex-dividend date. The Fund's distributions may consist of ordinary income (net investment income and short term capital gains), long term capital gains and return of capital. To the extent the Fund's net realized capital gains, if any, can be offset by capital loss carry-forwards, it is the policy of the Fund not to distribute such gains. Distributions to preferred shareholders are determined as described in Note D.

The Fund has substantial investments in real estate investment trusts, or REITs, which are generally not subject to federal income taxes. Distributions that the Fund receives from REITs are classified as ordinary income, capital gain income or return of capital by the REITs that make these distributions to the Fund. The Fund has excluded from its investment income the portions of the distributions received from REITs classified by those REITs as capital gain income and return of capital. The Fund has included in its "net realized gain on investments" that portion of the distributions received from REITs that is classified by those REITs as capital gain income. Similarly, the Fund has credited its "net change in unrealized appreciation/(depreciation) on investments" with that portion of the distributions from REITs that is classified by those REITs as return of capital. The classification of distributions received from the Fund's REIT investments were as follows:

	<b>Year ended December 31, 2005</b>	<b>Period April 27, 2004 to December 31, 2004</b>
Investment income	\$2,798,599	\$1,679,812
Capital gain income	1,213,155	552,402
Return of capital	659,644	577,868
<b>Total distributions received</b>	<b>\$4,671,398</b>	<b>\$2,810,082</b>

The Fund distinguishes between distributions to shareholders on a tax basis and a financial reporting basis. Only distributions in excess of accumulated tax basis earnings and profits are reported in the financial statements as a tax return of capital. Differences in the recognition or classification of income between the financial statements and tax earnings and profits which result in temporary over distributions for financial statement purposes are classified as distributions in excess of net investment income or accumulated net realized gains in the components of net assets on the Statement of Assets and Liabilities.

## Edgar Filing: RMR F.I.R.E. Fund - Form N-CSR

The tax character of distributions made by the Fund during the year ended December 31, 2005 and the period ended December 31, 2004, were as follows:

	<b>Year ended December 31, 2005</b>	<b>Period April 27, 2004 to December 31, 2004</b>
Ordinary income	\$3,719,492	\$2,038,524
Net long-term capital gains	987,748	
	\$4,707,240	\$2,038,524

As of December 31, 2005, the components of distributable earnings on a federal income tax basis were as follows:

Undistributed ordinary income	\$	
Undistributed net long-term capital gains		1,698,665
Net unrealized appreciation		5,505,518

The differences between the financial reporting basis and tax basis of undistributed net long term capital gains are due to wash sales of portfolio investments.

The cost of investments for federal income tax purposes, gross unrealized appreciation and unrealized depreciation as of December 31, 2005, are as follows:

Cost	\$	76,537,093
		6,552,817
Gross unrealized appreciation	\$	6,552,817
Gross unrealized depreciation		(1,047,299)
		5,505,518
Net unrealized appreciation	\$	5,505,518

### (7) Concentration of Risk

Under normal market conditions, the Fund's investments are concentrated in income producing common shares, preferred shares and debt securities, including convertible preferred and debt securities, issued by hospitality and real estate companies and REITs. The value of Fund shares may fluctuate more than the shares of a fund not concentrated in the hospitality and real estate industries due to economic, legal, regulatory, technological or other developments affecting the United States hospitality and real estate industries.

## Note B

### Advisory and Administration Agreements and Other Transactions with Affiliates

The Fund has an advisory agreement with RMR Advisors, Inc., or RMR Advisors, to provide the Fund with a continuous investment program, to make day to day investment decisions and to generally manage the business affairs of the Fund in accordance with its investment objectives and policies. Pursuant to this agreement, RMR Advisors is compensated at an annual rate of 0.85% of the Fund's average daily managed

## Edgar Filing: RMR F.I.R.E. Fund - Form N-CSR

assets. Managed assets means the total assets of the Fund less liabilities other than any indebtedness entered into for purposes of leverage. For purposes of calculating managed assets, indebtedness entered for the purpose of leverage and the liquidation preference of preferred shares are not considered liabilities.

RMR Advisors has contractually agreed to waive a portion of its annual fee equal to 0.25% of the Fund's average daily managed assets, until April 27, 2009.

On May 16, 2005, Barry M. Portnoy became the sole owner of RMR Advisors. This change in ownership was deemed to be a change in control resulting in termination of the then existing investment advisory agreement under the Investment Company Act of 1940. A new investment advisory agreement with the same terms as the previous agreement (except for dates of execution and effective dates) was approved by the Fund's shareholders on May 11, 2005.

On October 6, 2005, the Fund's board of trustees and separately the independent trustees authorized the renewal of the investment advisory agreement to December 12, 2006. A discussion of the factors considered by the board of trustees in approving the investment advisory agreement is included below.

RMR Advisors, and not the Fund, has agreed to pay the lead underwriters of the Fund's initial public offering an annual fee equal to 0.15% in the aggregate of the Fund's managed assets. This fee is paid quarterly in arrears during the term of RMR Advisors' advisory agreement and is paid by RMR Advisors, not the Fund. The aggregate fees paid pursuant to the contract plus reimbursement of legal expenses of the underwriters will not exceed 4.5% of the total price of the common shares sold to non-affiliates in the initial public offering.

RMR Advisors also performs administrative functions for the Fund pursuant to an administration agreement with the Fund. RMR Advisors has entered into a subadministration agreement with State Street Bank and Trust Company to perform substantially all Fund accounting and other administrative services. Under the administration agreement RMR Advisors is entitled to reimbursement of the cost of providing administrative services. The Fund reimbursed RMR Advisors for \$136,330 of subadministrative fees charged by State Street in 2005.

Each trustee who is not a director, officer or employee of RMR Advisors and who is not an interested person of the Fund as defined under the Investment Company Act of 1940, as amended, is considered to be a "disinterested trustee". Disinterested trustees are each paid by the Fund an annual fee plus fees for board and committee meetings.

The Fund's board of trustees and separately the disinterested trustees have authorized the Fund to make reimbursement payments to RMR Advisors for costs related to the Fund's compliance and internal audit programs. The Fund also participates in pooled insurance programs with RMR Advisors and other funds managed by RMR Advisors and makes payments of the allocated portions of related premiums.

### Note C

#### Securities Transactions

During the year ended December 31, 2005, there were securities purchases and sales transactions (excluding short term securities) of \$28,884,059 and \$17,894,270 respectively. Brokerage commissions on securities

transactions, exclusive of transactions settled on a net basis, amounted to \$30,539 during the year ended December 31, 2005.

**Note D**

**Preferred Shares**

The Fund has a total of 1,120 Series Th auction preferred shares outstanding, including 440 shares issued on September 20, 2005 for \$11,000,000, or net proceeds of \$10,708,615 after deducting underwriting commissions and offering expenses of \$291,385. The shares have a liquidation preference of \$25,000 plus an amount equal to accumulated but unpaid distributions. The preferred shares are senior to the Fund's common shares and rank on parity with any other class or series of preferred shares of the Fund as to the payment of periodic distributions, including distribution of assets upon liquidation. If the Fund does not timely cure a failure to (1) maintain asset coverage for the preferred shares as required by rating agencies, or (2) maintain asset coverage, as defined in the Investment Company Act of 1940, as amended, of at least 200%, the preferred shares will be subject to redemption at an amount equal to their liquidation preference plus accumulated but unpaid distributions. The holders of the preferred shares have voting rights equal to the holders of the Fund's common shares and generally vote together with the holders of the common shares as a single class. Holders of the preferred shares, voting as a separate class, also are entitled to elect two of the Fund's trustees. The Fund pays distributions on the preferred shares at a rate set at auctions held generally every seven days. Distributions are generally payable every seven days, on the first business day following the end of a distribution period. The preferred share distribution rate was 4.15% per annum as of December 31, 2005.

**Note E**

**Submission of Proposals to a Vote of Shareholders** (unaudited)

The annual meeting of Fund shareholders was held on May 11, 2005. Following is a summary of the proposals submitted to shareholders for vote at the meeting:

<b>Proposal</b>	<b>Votes for</b>	<b>Votes withheld</b>	<b>Votes abstained</b>
Common shares			
Election of John L. Harrington as trustee	2,087,045	16,980	
Approval of investment advisory agreement	2,075,034	14,583	14,408
Preferred shares			
Election of John L. Harrington as trustee	680		
Approval of investment advisory agreement	677		3

**Report of Independent Registered Public Accounting Firm**

*To the Board of Trustees and Shareholders  
of RMR Hospitality and Real Estate Fund:*

We have audited the accompanying statement of assets and liabilities, including the portfolio of investments, of the RMR Hospitality and Real Estate Fund (the "Fund") as of December 31, 2005, and the related statement of operations for the year then ended, and the statement of changes in net assets and the financial highlights for each of the periods indicated therein. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Fund's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of December 31, 2005, by correspondence with the custodian. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of the RMR Hospitality and Real Estate Fund at December 31, 2005, the results of its operations for the year then ended, and the changes in its net assets and the financial highlights for each of the periods indicated therein, in conformity with U.S. generally accepted accounting principles.

Boston, Massachusetts  
February 10, 2006

---

**RMR F.I.R.E. Fund**  
**December 31, 2005**

*To our shareholders,*

In the pages that follow, you will find data summarizing our financial results for 2005 and our financial position as of December 31, 2005.

For 2005, our investment allocation to the hospitality real estate sub-sector increased from 2.4% to 11.2% of total investments, the largest sub-sector increase. During the same time period, our allocation to bank and thrift securities decreased from 22.6% to 12.0% of total investments, the largest sub-sector decrease. These changes partly reflect trading activity based upon our view of business environments in these industries and the strengths and weakness of individual companies and partly reflect stock market conditions for real estate investment trusts or REITs and relatively weaker stock market conditions for banks. In 2006, we will continue to monitor market conditions and position our portfolio according to our view of those conditions.

For shares that we held continuously during 2005, our three best performing investments during the period were AMLI Residential Properties Trust, Crescent Real Estate Equities Co. and Colonial Properties Trust with total returns during the period of 26.5%, 18.0% and 14.3%, respectively. Our three worst performing investments during 2005 were Freidman, Billings, Ramsey Group, Inc., Flagstar Bancorp, Inc. and The Mills Corp., with negative total returns during 2005 of 43.8%, 33.1% and 31.4%, respectively.

Thank you for your continued support and be sure to view our website at [www.rmrfunds.com](http://www.rmrfunds.com).

Sincerely,

Thomas M. O'Brien  
President

**RMR F.I.R.E. Fund**

December 31, 2005

**Relevant Market Conditions**

*Financial Services Industry Fundamentals.* Financial stocks had a very difficult 2005. Merger and acquisition activity was at its lowest rate for several years. Investors were concerned about the flat yield curve, which can negatively affect bank profits, and the mortgage market was weighed down by widely reported fear of a residential real estate bubble.

Many of those factors are still in effect today. However, if the Federal Reserve ceases further rate increases in 2006, bank margins may improve. We believe that a strong economy will allow banks to grow their balance sheets with loans. And we also expect bad debt charge-offs to remain relatively low.

*Real Estate Industry Fundamentals.* We believe that the operating environment for real estate companies will continue to improve in 2006. We expect vacancy rates to decline, rental rates to improve and funds from operations, or FFO, an important measure of performance for real estate companies, to grow. Most public real estate companies have ample liquidity to make acquisitions to further increase their earnings potential.

*Real Estate Industry Technicals.* We believe demand for real estate securities over the long term will continue to increase. Demographic trends in the U.S. include growth in the over age 50 population; we believe that individuals in that age category tend to focus their investments in higher yielding stocks like REITs. Institutions, too, seem to be increasing their allocations to real estate securities as the common equity market capitalization of REITs has increased to over \$300 billion. Both of these are long term positive factors affecting the real estate securities market.

**Fund Strategies, Techniques and Performance**

Our investment objective is to provide high total returns to our common shareholders through a combination of capital appreciation and current income. There can be no assurance that we will meet our investment objective.

During 2005, our total return on net asset value, or NAV (including NAV changes and assuming a hypothetical reinvestment of distributions at NAV) was negative 0.6%. During the same period the S&P 500 Financial Sector Index (an unmanaged index) total return was 6.5%, the total return for the MSCI US REIT Total Return Index (an unmanaged index) was 12.2% and the Merrill Lynch REIT Preferred Index (an unmanaged index) was 2.5%. We believe these three indices are most relevant to our investments because our investments, excluding short-term investments, as of December 31, 2005, include 19.8% of financial services stocks, 34.2% REIT common stocks and 43.0% REIT preferred stocks. The S&P 500 Index (an unmanaged index published as Standard and Poor's Composite Index of 500 Stocks) total return for 2005 was 4.9%.

## Edgar Filing: RMR F.I.R.E. Fund - Form N-CSR

Net asset value at November 22, 2004, reflects the deduction of the average sales load and offering costs of \$0.97 per share paid by the holders of common share from the \$25.00 offering price. We paid a sales load and offering cost of \$1.125 per share on 1,280,000 common shares sold to the public and no sales load or offering costs on 200,000 common shares sold to affiliates of RMR Advisors for \$25 per share.

- (d) Amounts are net of expenses waived by RMR Advisors.
- (e) As discussed in Note A (6) to the financial statements, a portion of the distributions we received on our investments are not included in investment income for financial reporting purposes.
- (f) Total returns for periods of less than one year are not annualized.
- (g) Total return based on per share market price assumes the purchase of common shares at the market price on the first day and sales of common shares at the market price on the last day of the period indicated; dividends and distributions, if any, are assumed to be reinvested at market prices. The total return based on net asset value, or NAV, assumes the purchase of common shares at NAV on the first day and sales of common shares at NAV on the last day of the period indicated; distributions are assumed to be reinvested at NAV. Results represent past performance and do not guarantee future results. Total return would have been lower if RMR Advisors had not contractually waived a portion of its investment advisory fee.
- (h) Annualized.

**RMR F.I.R.E. Fund**  
**Notes to Financial Statements**

**December 31, 2005**

**Note A**

(1) Organization

RMR F.I.R.E. Fund, or the Fund, was organized as a Massachusetts business trust on August 6, 2004, and is registered under the Investment Company Act of 1940, as amended, as a non-diversified closed end management investment company. The Fund had no operations until November 22, 2004, other than matters relating to the Fund's establishment and registration of the Fund's common shares under the Securities Act of 1933.

(2) Use of Estimates

Preparation of these financial statements in conformity with accounting principles generally accepted in the United States requires the Fund's management to make estimates and assumptions that may affect the amounts reported in the financial statements and related notes. The actual results could differ from these estimates.

(3) Portfolio Valuation

Investment securities of the Fund are valued at the latest sales price whenever that price is readily available on the day of valuation; securities for which no sales were reported on that day, unless otherwise noted, are valued at the mean of the bid and ask prices on that day. Securities traded primarily on the NASDAQ Stock Market, or NASDAQ, are normally valued by the Fund at the NASDAQ Official Closing Price, or NOCP, provided by NASDAQ each business day. The NOCP is the most recently reported price as of 4:00:06 p.m., eastern time, unless that price is outside the range of the "inside" bid and asked prices (i.e., the bid and asked prices that dealers quote to each other when trading for their own accounts); in that case, NASDAQ will adjust the price to equal the inside bid or asked price, whichever is closer. Because of delays in reporting trades, the NOCP may not be based on the price of the last trade to occur before the market closes. Some fixed income securities may be valued using pricing provided by a pricing service. Any of the Fund's securities which are not readily marketable, which are not traded, which have other characteristics of illiquidity or whose quotations are unreliable are valued by the Fund at fair value as determined in good faith under the supervision of the Fund's board of trustees. Numerous factors may be considered when determining fair value of a security, including cost at date of purchase, type of security, the nature and duration of restrictions on disposition of the security and the value of other securities of the issuer which may be outstanding which are of the same or similar class of the securities being fair valued. Short term debt securities with less than 60 days until maturity may be valued at cost, which when combined with interest accrued, approximates market value.

(4) Securities Transactions and Investment Income

Securities transactions are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date. Non-cash dividends included in dividend income, if any, are recorded at the fair market value of the securities received. Interest income, including accretion of original issue discount, where applicable, and accretion of discount on short term investments, is recorded on the accrual basis. Realized gains and losses from securities transactions are recorded on the basis of identified cost.

## Edgar Filing: RMR F.I.R.E. Fund - Form N-CSR

### (5) Federal Income Taxes

The Fund has qualified and intends to qualify in the future as a "regulated investment company" and to comply with the applicable provisions of subchapter M of the Internal Revenue Code of 1986, as amended, so that it will generally not be subject to federal income tax.

### (6) Distributable Earnings

The Fund earns income, net of expenses, daily on its investments. It is the policy of the Fund to pay a stable distribution amount to common shareholders on a monthly basis and distributions to Fund shareholders are declared pursuant to this policy. The Fund paid distributions of \$0.146 per common share on January 31, 2006. On January 12, 2006, the Fund declared distributions of \$0.146 per common share payable in February, March and April 2006. Distributions to shareholders are recorded on the ex-dividend date. The Fund's distributions may consist of ordinary income (net investment income and short term capital gains), long term capital gains and return of capital. To the extent the Fund's net realized capital gains, if any, can be offset by capital loss carry-forwards, it is the policy of the Fund not to distribute such gains. Distributions to preferred shareholders are determined as described in Note D.

The Fund has substantial investments in real estate investment trusts or REITs, which are generally not subject to federal income taxes. Distributions that the Fund receives from REITs are classified as ordinary income, capital gain income or return of capital by the REITs that make these distributions to the Fund. The Fund has excluded from its investment income the portions of the distributions received from REITs classified by those REITs as capital gain income and return of capital. The Fund has included in its "net realized gain on investments" that portion of the distributions received from REITs that is classified by those REITs as capital gain income. Similarly, the Fund has credited in its "net change in unrealized appreciation/(depreciation) on investments" with that portion of the distributions from REITs that is classified by those REITs as return of capital. The classification of distributions received from the Fund's investments were as follows:

	<b>Year ended December 31, 2005</b>	<b>Period November 22, 2004 to December 31, 2004</b>	
Investment income	\$ 2,731,785	\$ 258,342	
Capital gain income	671,118	104,690	
Return of capital	467,376	30,854	
Total distributions received	\$ 3,870,279	\$ 393,886	

The Fund distinguishes between distributions to shareholders on a tax basis and a financial reporting basis. Only distributions in excess of accumulated tax basis earnings and profits are reported in the financial statements as a tax return of capital. Differences in the recognition or classification of income between the financial statements and tax earnings and profits which result in temporary over distributions for financial statement purposes are classified as distributions in excess of net investment income or accumulated net realized gains in the components of net assets on the Statement of Assets and Liabilities.

## Edgar Filing: RMR F.I.R.E. Fund - Form N-CSR

The tax character of distributions made by the Fund during the year ended December 31, 2005 and the period ended December 31, 2004, were as follows:

	<b>Year ended December 31, 2005</b>	<b>Period November 22, 2004 to December 31, 2004</b>
Ordinary income	\$ 2,901,902	\$ 22,688
Net long-term capital gains	333,730	
	\$ 3,235,632	\$ 22,688

As of December 31, 2005, the components of distributable earnings on a federal income tax basis were as follows:

Undistributed ordinary income	\$	
Undistributed net long-term capital gains		429,997
Net unrealized depreciation		(2,898,196)

The differences between the financial reporting basis and tax basis of undistributed net long term capital gains are due to wash sales of portfolio investments.

The cost of investments for federal income tax purposes, gross unrealized appreciation and unrealized depreciation as of December 31, 2005, are as follows:

Cost	\$	55,458,189
Gross unrealized appreciation	\$	520,474
Gross unrealized depreciation		(3,418,670)
Net unrealized depreciation	\$	(2,898,196)

### (7) Concentration of Risk

Under normal market conditions, the Fund's investments are concentrated in common and preferred shares issued by F.I.R.E. companies. "F.I.R.E." is a commonly used acronym for the combined financial services, insurance and real estate industries. The value of Fund shares may fluctuate more than the shares of a fund not concentrated in the F.I.R.E. industries due to economic, legal, regulatory, technological or other developments affecting the United States F.I.R.E. industries.

## Note B

### Advisory and Administration Agreements and Other Transactions with Affiliates

The Fund has an advisory agreement with RMR Advisors, Inc., or RMR Advisors, to provide the Fund with a continuous investment program, to make day to day investment decisions and to generally manage the business affairs of the Fund in accordance with its investment objectives and policies. Pursuant to this agreement, RMR Advisors is compensated at an annual rate of 0.85% of the Fund's average daily managed

## Edgar Filing: RMR F.I.R.E. Fund - Form N-CSR

assets. Managed assets means the total assets of the Fund less liabilities other than any indebtedness entered for purposes of leverage. For purposes of calculating managed assets, the liquidation preference of preferred shares are not considered liabilities.

RMR Advisors has contractually agreed to waive a portion of its annual fee equal to 0.25% of the Fund's average daily managed assets, until November 22, 2009.

On May 16, 2005, Barry M. Portnoy became the sole owner of RMR Advisors. This change in ownership is deemed to be a change in control resulting in termination of the then existing investment advisory agreement under the Investment Company Act of 1940. A new investment advisory agreement with the same terms as the previous agreement (except for dates of execution and effective dates) was approved by Fund's shareholders on May 11, 2005.

On October 6, 2005, the Fund's board of trustees and separately the independent trustees authorized the renewal of the investment advisory agreement to December 12, 2006. A discussion of the factors considered by the board of trustees in approving the investment advisory agreement is included below.

RMR Advisors, and not the Fund, has agreed to pay the lead underwriters of the Fund's initial public offering an annual fee equal to 0.15% in the aggregate of the Fund's managed assets. This fee is paid quarterly in arrears during the term of RMR Advisors' advisory agreement and is paid by RMR Advisors, not the Fund. The aggregate fees paid during the term of the contract plus reimbursement of legal expenses of the underwriters will not exceed 4.5% of the total price of the common shares sold to non-affiliates in the initial public offering.

RMR Advisors also performs administrative functions for the Fund pursuant to an administration agreement with the Fund. RMR Advisors has entered into a subadministration agreement with State Street Bank and Trust Company to perform substantially all Fund accounting and other administrative services. Under the administration agreement RMR Advisors is entitled to reimbursement of the cost of providing administrative services. The Fund reimbursed RMR Advisors for \$130,911 of subadministrative fees charged by State Street in 2005.

Each trustee who is not a director, officer or employee of RMR Advisors and who is not an interested person of the Fund as defined under the Investment Company Act of 1940, as amended, is considered a "disinterested trustee". Disinterested trustees are each paid by the Fund an annual fee plus fees for board and committee meetings.

The Fund's board of trustees and separately the disinterested trustees have authorized the Fund to make reimbursement payments to RMR Advisors for costs related to the Fund's compliance and internal audit programs. The Fund also participates in pooled insurance programs with RMR Advisors and other funds managed by RMR Advisors and makes payments of the allocated portions of related premiums.

### **Note C**

#### **Securities Transactions**

During the year ended December 31, 2005, there were securities purchases and sales transactions (excluding short term securities) of \$42,170,461 and \$33,337,137, respectively. Brokerage commissions on securities

transactions, exclusive of transactions settled on a net basis, amounted to \$51,487 during the year ended December 31, 2005.

**Note D**

**Preferred Shares**

The Fund's 800 outstanding Series W auction preferred shares have a liquidation preference of \$25,000 per share plus an amount equal to accumulated but unpaid distributions. The preferred shares are senior to the Fund's common shares and rank on parity with any other class or series of preferred shares of the Fund as to the payment of periodic distributions, including distribution of assets upon liquidation. If the Fund does not timely cure a failure to (1) maintain asset coverage for the preferred shares as required by rating agencies, or (2) maintain asset coverage, as defined in the Investment Company Act of 1940, as amended, of at least 200%, the preferred shares will be subject to redemption at an amount equal to their liquidation preference plus accumulated but unpaid distributions. The holders of the preferred shares have voting rights equal to the holders of the Fund's common shares and generally vote together with the holders of the common shares as a single class. Holders of the preferred shares, voting as a separate class, also are entitled to elect two of the Fund's trustees. The Fund pays distributions on the preferred shares at a rate set at auctions held generally every seven days. Distributions are generally payable every seven days, on the first business day following the end of a distribution period. The preferred share distribution rate was 4.14% per annum as of December 31, 2005.

**Note E**

**Submission of Proposals to a Vote of Shareholders** (unaudited)

The annual meeting of Fund shareholders was held on May 11, 2005. Following is a summary of the proposals submitted to shareholders for vote at the meeting:

Proposal	Votes for	Votes withheld	Votes abstained
Common shares			
Election of John L. Harrington as trustee	1,444,548	12,133	
Approval of investment advisory agreement	1,432,125	6,459	18,097
Preferred shares			
Election of John L. Harrington as trustee	798	2	
Approval of investment advisory agreement	789	1	10

**Report of Independent Registered Public Accounting Firm**

*To the Board of Trustees and Shareholders  
of RMR F.I.R.E. Fund:*

We have audited the accompanying statement of assets and liabilities, including the portfolio of investments, of the RMR F.I.R.E. Fund (the "Fund") as of December 31, 2005, and the related statement of operations for the year then ended, and the statement of changes in net assets and the financial highlights for each of the periods indicated therein. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Fund's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of December 31, 2005, by correspondence with the custodian. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of the RMR F.I.R.E. Fund at December 31, 2005, the results of its operations for the year then ended, and the changes in its net assets and the financial highlights for each of the periods indicated therein, in conformity with U.S. generally accepted accounting principles.

Boston, Massachusetts  
February 10, 2006

**RMR Preferred Dividend Fund**

**December 31, 2005**

*To our shareholders,*

In the pages that follow, you will find data summarizing our financial results for the period from May 25, 2005, the date we commenced operations, through December 31, 2005, and our financial position as of December 31, 2005.

Although our fund has been in operation for less than a year, we have taken the steps to build what we believe will be a sound long term investment portfolio.

Thank you for your continued support, and be sure to view our website, at [www.rmrffunds.com](http://www.rmrffunds.com).

Sincerely,

Thomas M. O'Brien  
President

**RMR Preferred Dividend Fund**

December 31, 2005

**Relevant Market Conditions**

**Real Estate Industry Fundamentals.** We believe that the operating environment for real estate companies will continue to improve in 2006. We expect vacancy rates to decline, rental rates to improve and funds from operations, or FFO, an important measure of performance for real estate companies, to grow. Most public real estate companies have ample liquidity to make acquisitions to further increase their earnings potential.

**Real Estate Industry Technicals.** We believe demand for real estate securities over the long term will continue to increase. Demographic trends in the U.S. include growth in the over age 50 population; we believe that individuals in that age category tend to focus their investments in higher yielding stocks like real estate investments trusts, or REITs, and dividend paying preferred shares generally. Institutions, too, seem to be increasing their allocations to real estate securities as the common equity market capitalization of REITs has increased to over \$300 billion. Both of these are long term positive factors affecting the real estate securities market.

**Fund Strategies, Techniques and Performance**

Our primary investment objective is to provide our common shareholders high current income. Our secondary investment objective is capital appreciation. There can be no assurance that we will meet our investment objectives.

During the period from May 25, 2005, through December 31, 2005, our total return on net asset value, or NAV, was negative 3.5%. During that same period, the total return for the Merrill Lynch REIT Preferred Index (an unmanaged index) was 0.9%. We believe this index is most relevant to our investments because our investments as of December 31, 2005, excluding short-term investments, include 82.0% REIT preferred stocks. The S&P 500 Index (an unmanaged index published as Standard and Poor's Composite Index of 500 Stocks) total return for the same period was 6.1%.

## Edgar Filing: RMR F.I.R.E. Fund - Form N-CSR

Net asset value at May 25, 2005, reflects the deduction of the average sales load and offering costs of \$0.91 per share paid by the holders of common shares from the \$20.00 offering price. We paid a sales load and offering cost of \$0.94 per share on 2,237,500 common shares sold to the public and no sales load or offering costs on 67,500 common shares sold to affiliates of RMR Advisors for \$20 per share.

- (d) Amounts are net of expenses waived by RMR Advisors.
- (e) As discussed in Note A (6) to the financial statements, a portion of the distributions we received on our investments are not included in investment income for financial reporting purposes.
- (f) Total returns for periods of less than one year are not annualized.
- (g) Total return based on per share market price assumes the purchase of common shares at the market price on the first day and sales of common shares at the market price on the last day of the period indicated; dividends and distributions, if any, are assumed to be reinvested at market prices. The total return based on net asset value, or NAV, assumes the purchase of common shares at NAV on the first day and sales of common shares at NAV on the last day of the period indicated; distributions are assumed to be reinvested at NAV. Results represent past performance and do not guarantee future results. Total return would have been lower if RMR Advisors had not contractually waived a portion of its investment advisory fee.
- (h) Annualized.

**RMR Preferred Dividend Fund**  
**Notes to Financial Statements**

**December 31, 2005**

**Note A**

(1) Organization

RMR Preferred Dividend Fund, or the Fund, was organized as a Massachusetts business trust on November 8, 2004, and is registered under the Investment Company Act of 1940, as amended, as a non-diversified closed end management investment company. The Fund had no operations until May 25, 2005, other than matters relating to the Fund's establishment, registration of the Fund's common shares under the Securities Act of 1933, and the sale of 5,000 common shares for \$100,000 to RMR Advisors, Inc., or RMR Advisors. On May 25, 2005, the Fund sold 2,300,000 common shares in an initial public offering including 62,500 common shares sold to affiliates of RMR Advisors. Proceeds to the Fund were \$43,896,750 after deducting underwriting commissions and \$89,500 of offering expenses. There were no underwriting commissions or offering expenses paid on common shares sold to the affiliates of RMR Advisors. On July 11, 2005, the Fund sold 275,000 common shares pursuant to an over allotment agreement with the underwriters for net proceeds of \$5,241,500 after deducting underwriting commissions and \$11,000 of offering expenses. The Fund also issued an additional 9,311 shares at net asset value for total consideration of \$171,883 pursuant to the dividend reinvestment plan during the period ended December 31, 2005.

(2) Use of Estimates

Preparation of these financial statements in conformity with accounting principles generally accepted in the United States requires the Fund's management to make estimates and assumptions that may affect the amounts reported in the financial statements and related notes. The actual results could differ from these estimates.

(3) Portfolio Valuation

Investment securities of the Fund are valued at the latest sales price whenever that price is readily available on the day of valuation; securities for which no sales were reported on that day, unless otherwise noted, are valued at the mean of the bid and ask prices on that day. Securities traded primarily on the NASDAQ Stock Market, or NASDAQ, are normally valued by the Fund at the NASDAQ Official Closing Price, or NOCP, provided by NASDAQ each business day. The NOCP is the most recently reported price as of 4:00:06 p.m., eastern time, unless that price is outside the range of the "inside" bid and asked prices (i.e., the bid and asked prices that dealers quote to each other when trading for their own accounts); in that case, NASDAQ will adjust the price to equal the inside bid or asked price, whichever is closer. Because of delays in reporting trades, the NOCP may not be based on the price of the last trade to occur before the market closes. Some fixed income securities may be valued using pricing provided by a pricing service. Any of the Fund's securities which are not readily marketable, which are not traded, which have other characteristics of illiquidity or whose quotations are unreliable are valued by the Fund at fair value as determined in good faith under the supervision of the Fund's board of trustees. Numerous factors may be considered when determining fair value of a security, including cost at date of purchase, type of security, the nature and duration of restrictions on disposition of the security and the value of other securities of the issuer which may be outstanding which are of the same or similar class of the securities being fair valued. Short term debt securities with less than 60 days until maturity may be valued at cost, which when combined with interest accrued, approximates market value.

## Edgar Filing: RMR F.I.R.E. Fund - Form N-CSR

### (4) Securities Transactions and Investment Income

Securities transactions are recorded on a trade date basis. Dividend income is recorded on the ex-dividend date. Non-cash dividends included in dividend income, if any, are recorded at the fair market value of the securities received. Interest income, including accretion of original issue discount, where applicable, and accretion of discount on short-term investments, is recorded on the accrual basis. Realized gains and losses from securities transactions are recorded on the basis of identified cost.

### (5) Federal Income Taxes

The Fund has qualified and intends to qualify in the future as a "regulated investment company" and to comply with the applicable provisions of subchapter M of the Internal Revenue Code of 1986, as amended, so that it will generally not be subject to federal income tax.

### (6) Distributable Earnings

The Fund earns income, net of expenses, daily on its investments. It is the policy of the Fund to pay a stable distribution amount to common shareholders on a monthly basis and distributions to Fund shareholders are declared pursuant to this policy. The Fund paid distributions of \$0.15 per common share on January 31, 2006. On January 12, 2006, the Fund declared distributions of \$0.15 per common share payable in February, March, and April 2006. Distributions to shareholders are recorded on the ex-dividend date. The Fund's distributions may consist of ordinary income (net investment income and short term capital gains), long term capital gains and return of capital. To the extent the Fund's net realized capital gains, if any, can be offset by capital loss carry-forwards, it is the policy of the Fund not to distribute such gains. Distributions to preferred shareholders are determined as described in Note D.

The Fund has substantial investments in real estate investment trusts or REITs, which are generally not subject to federal income taxes. Distributions that the Fund receives from REITs are classified as ordinary income, capital gain income or return of capital by the REITs that make these distributions to the Fund. The Fund has excluded from its investment income the portions of the distributions received from REITs classified by those REITs as capital gain income and return of capital. The Fund has included in its "net realized gain on investments" that portion of the distributions received from REITs that is classified by those REITs as capital gain income. Similarly, the Fund has credited in its "net change in unrealized appreciation/(depreciation) on investments" with that portion of the distributions from REITs that is classified by those REITs as return of capital. The classification of distributions received from the Fund's investments during the period ended December 31, 2005, were as follows:

Investment income	\$	2,181,412
Capital gain income		423,722
Return of capital		78,311
		<hr/>
Total distributions received	\$	2,683,445
		<hr/>

The Fund distinguishes between distributions to shareholders on a tax basis and a financial reporting basis. Only distributions in excess of accumulated tax basis earnings and profits are reported in the financial statements as a tax return of capital. Differences in the recognition or classification of income between the financial statements and tax earnings and profits which result in temporary over-distributions for financial

## Edgar Filing: RMR F.I.R.E. Fund - Form N-CSR

statement purposes are classified as distributions in excess of net investment income or accumulated net realized gains in the components of net assets on the Statement of Assets and Liabilities.

The tax character of distributions made by the Fund during the period ended December 31, 2005, were as follows:

Ordinary income	\$	2,333,684
Net long-term capital gains		391,633
		<hr/>
	\$	2,725,317
		<hr/>

As of December 31, 2005, the components of distributable earnings on a federal income tax basis were as follows:

Undistributed ordinary income	\$	
Undistributed net long-term capital gains		30,702
Net unrealized depreciation		(3,626,755)

The cost of investments for federal income tax purposes, gross unrealized appreciation and unrealized depreciation as of December 31, 2005, are as follows:

Cost	\$	71,506,604
		<hr/>
Gross unrealized appreciation	\$	402,477
Gross unrealized depreciation		(4,029,232)
		<hr/>
Net unrealized depreciation	\$	(3,626,755)
		<hr/>

### (7) Organization Expenses and Common Offering Costs

RMR Advisors paid all the organizational expenses and offering costs (other than the sales load) of the Fund's initial public offering of common shares which exceeded \$0.04 per share on shares sold to the public. The total amount incurred by RMR Advisors was approximately \$420,000. The Fund incurred and charged as a reduction of paid in capital offering costs of \$89,500 in connection with the common shares sold in the initial public offering and \$11,000 in connection with the common shares sold pursuant to the over allotment option.

### (8) Concentration of Risk

Under normal market conditions, the Fund's investments are concentrated in preferred securities issued by real estate investment trusts. The value of Fund shares may fluctuate more than the shares of a fund not concentrated in the real estate industry due to economic, legal, regulatory, technological or other developments affecting the United States real estate industry.

## Note B

### Advisory and Administration Agreements and Other Transactions with Affiliates

The Fund has an advisory agreement with RMR Advisors to provide the Fund with a continuous investment program, to make day to day investment decisions and to generally manage the business affairs of the Fund in

accordance with its investment objectives and policies. Pursuant to this agreement, RMR Advisors is compensated at an annual rate of 0.85% of the Fund's average daily managed assets. Managed assets means the total assets of the Fund less liabilities other than any indebtedness entered into for purposes of leverage. For purposes of calculating managed assets, indebtedness entered for the purpose of leverage and the liquidation preference of preferred shares are not considered liabilities.

RMR Advisors has contractually agreed to waive a portion of its annual fee equal to 0.55% of the Fund's average daily managed assets, until May 24, 2010.

RMR Advisors also performs administrative functions for the Fund pursuant to an administration agreement with the Fund. RMR Advisors has entered into a subadministration agreement with State Street Bank and Trust Company to perform substantially all Fund accounting and other administrative services. Under the administration agreement RMR Advisors is entitled to reimbursement of the cost of providing administrative services. The Fund reimbursed RMR Advisors for \$80,780 of subadministrative fees charged by State Street during the period ended December 31, 2005.

Each trustee who is not a director, officer or employee of RMR Advisors and who is not an interested person of the Fund as defined under the Investment Company Act of 1940, as amended, is considered a "disinterested trustee". Disinterested trustees are each paid by the Fund an annual fee plus fees for board and committee meetings.

The Fund's board of trustees and separately the disinterested trustees have authorized the Fund to make reimbursement payments to RMR Advisors for costs related to the Fund's compliance and internal audit programs. The Fund also participates in pooled insurance programs with the Advisor and other funds managed by the Advisor and makes payments of the allocated portions of related premiums.

## **Note C**

### **Securities Transactions**

During the period ended December 31, 2005, there were securities purchases and sales transactions (excluding short term securities) of \$73,625,141 and \$2,971,269, respectively. Brokerage commissions on securities transactions, exclusive of transactions settled on a net basis, amounted to \$2,753 during the period ended December 31, 2005.

## **Note D**

### **Preferred Shares**

On July 18, 2005, the Fund issued 900 auction preferred shares, Series M, for \$22,500,000, or net proceeds of \$22,065,846 after deducting underwriting commissions and offering expenses of \$434,154. The preferred shares have a liquidation preference of \$25,000 per share plus an amount equal to accumulated plus unpaid distributions. The preferred shares are senior to the Fund's common shares and rank on parity with any other class or series of preferred shares of the Fund as to the payment of periodic distributions, including distributions of assets on liquidation. If the Fund does not timely cure a failure to (1) maintain asset coverage for the preferred shares as required by rating agencies, or (2) maintain asset coverage, as defined in the Investment Company Act of 1940, as amended, of at least 200%, the preferred shares will be subject to redemption at an amount equal to their liquidation preference plus accumulated but unpaid distributions.

## Edgar Filing: RMR F.I.R.E. Fund - Form N-CSR

The holders of the preferred shares have voting rights equal to the holders of the Fund's common shares and generally vote together with the holders of the common shares as a single class. Holders of the preferred shares, voting as a separate class, also are entitled to elect two of the Fund's trustees. The Fund pays distributions on the preferred shares at a rate set at auctions held generally every seven days. Distributions are generally payable every seven days, on the first business day following the end of a distribution period. The preferred share distribution rate was 4.22% per annum as of December 31, 2005.

**Report of Independent Registered Public Accounting Firm**

*To the Board of Trustees and Shareholders  
of RMR Preferred Dividend Fund:*

We have audited the accompanying statement of assets and liabilities, including the portfolio of investments, of the RMR Preferred Dividend Fund (the "Fund") as of December 31, 2005, and the related statement of operations, the statement of changes in net assets and the financial highlights for the period from May 25, 2005 (commencement of operations) to December 31, 2005. These financial statements and financial highlights are the responsibility of the Fund's management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. We were not engaged to perform an audit of the Fund's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and financial highlights, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of December 31, 2005, by correspondence with the custodian and brokers, or by other appropriate auditing procedures where replies from brokers were not received. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of the RMR Preferred Dividend Fund at December 31, 2005, the results of its operations, the changes in its net assets and the financial highlights for the period from May 25, 2005 (commencement of operations) to December 31, 2005, in conformity with U.S. generally accepted accounting principles.

Boston, Massachusetts

**RMR Real Estate Fund**  
**RMR Hospitality and Real Estate Fund**  
**RMR F.I.R.E. Fund**  
**RMR Preferred Dividend Fund**  
**December 31, 2005**

For the purposes of the following, RMR Real Estate Fund (RMR), RMR Hospitality and Real Estate Fund (RHR), RMR F.I.R.E. Fund (RFR) and RMR Preferred Dividend Fund (RDR) are each referred to as a "Fund" or collectively as the "Funds".

**Consideration of Advisory Agreements**

RMR Advisors serves as the investment advisor to each of RMR, RHR and RFR. On October 6, 2005, the board of trustees (each a "board" and collectively, the "boards") for each fund renewed the investment advisory agreements for a period of one year to expire on December 12, 2006.

Each of investment advisory agreement between RMR and RMR Advisors, RHR and RMR Advisors and RFR and RMR Advisors was scheduled to expire in December 18, 2005, April 2, 2006 and September 22, 2006, respectively. For purposes of efficiency, the boards considered the renewal of the investment advisory agreements on the same renewal cycle.

In making their determination to approve each new agreement, each board, including the disinterested trustees, considered the factors described below.

Each board considered the benefits to shareholders of retaining RMR Advisors. Each board's considerations included, among others: the nature, scope and quality of services that RMR Advisors has provided under each Fund's then current advisory agreement and would continue to provide; the advisory and other fees paid and the contractual fee waivers; the quality and depth of personnel of RMR Advisors' organization; the capacity and future commitment of RMR Advisors to perform its duties; the financial condition and profitability of RMR Advisors; the experience and expertise of RMR Advisors as an investment adviser; the performance of each Fund as compared to similar funds; the level of fees paid to RMR Advisors and the total expense ratio of each Fund as compared to similar funds; and the potential for economies of scale.

Each board considered the level and depth of knowledge of RMR Advisors. In evaluating the quality of services provided by RMR Advisors, each board took into account its familiarity with RMR Advisors' management through board meetings, conversations and reports. Each board also took into account RMR Advisors' compliance policies and procedures.

Each board compared the advisory fees and total expense ratio of its respective Fund with various comparative Fund data. Each board considered the Fund's recent performance results and noted that the board reviews on a quarterly basis information about the Fund's performance results, portfolio composition and investment strategies. Each board further noted that RMR Advisors has waived a portion of its management fee in order to reduce the Fund's operating expenses. Each board also took into consideration the financial condition and profitability of RMR Advisors and any indirect benefits derived by RMR Advisors from RMR Advisors' relationship with the Funds.

In considering the renewal of the agreements, each board, including the disinterested trustees, did not identify any single factor as controlling. Based on each board's evaluation of all the factors that it deemed to be relevant, each board, including the disinterested trustees of each board, concluded that: RMR Advisors has demonstrated that it possesses the capability and resources to perform the duties required of it under the agreement for that Fund; RMR Advisors maintains an appropriate compliance program; performance of the Fund is reasonable in relation to the performance of funds with similar investment objectives; and the

proposed advisory fee rates are fair and reasonable, given the scope and quality of the services rendered by RMR Advisors.

#### **Privacy Policy**

Each of the Funds are committed to maintain shareholder privacy and to safeguard shareholder nonpublic personal information.

The Funds do not receive any nonpublic personal information relating to shareholders who purchase Fund shares through an intermediary that acts as the record owner of the shares. If a shareholder is the record owner of any Fund's shares, that Fund may receive nonpublic personal information on shareholder account documents or otherwise and also has access to specific information regarding shareholder Fund share transactions, either directly or through the Fund's transfer agent.

The Funds do not disclose any nonpublic personal information about shareholders or any former shareholders to anyone, except as permitted by law or as is necessary to service shareholder accounts. The Funds restrict access to nonpublic personal information about shareholders to employees of the Funds and RMR Advisors with a legitimate business need for the information.

#### **Proxy Voting Policies and Procedures**

A description of the policies and procedures that are used by the investment advisor of the Funds to vote proxies relating to each Fund's portfolio securities is available: (1) without charge, upon request, by calling us at 1-866-790-8165; and (2) as an exhibit to each Fund's annual report on Form N-CSR, which is available on the website of the U.S. Securities and Exchange Commission (the "Commission") at <http://www.sec.gov>. Information regarding how the investment advisor has voted the proxies received by each Fund during the most recent 12 month period ended June 30, 2005, is available (1) without charge, upon request, by calling us at 1-866-790-3165, or (2) by visiting the Commission's website at <http://www.sec.gov> and accessing each Fund's form N-PX.

#### **Procedures for the Submission of Confidential and Anonymous Concerns or Complaints about Accounting, Internal Accounting Controls or Auditing Matters**

The Funds are committed to compliance with all applicable securities laws and regulations, accounting standards, accounting controls and audit practices and have established procedures for handling concerns or complaints about accounting, internal accounting controls or auditing matters. Any shareholder or other interested party who desires to communicate with our independent trustees or any other trustees, individually or as a group, may do so by filling out a report at the "Contact Us" section of our website ([www.rmrffunds.com](http://www.rmrffunds.com)), by calling our toll-free confidential message system at 866-511-5038, or by writing to the party for whom the communication is intended, care of our director of internal audit, RMR Funds, 400 Centre Street, Newton, MA 02458. Our director of internal audit will then deliver any communication to the appropriate party or parties.

#### **Portfolio Holdings Reports**

Each Fund files its complete schedule of portfolio holdings with the Commission for the first and third quarters of each fiscal year on Form N-Q, which are available on the Commission's website at <http://www.sec.gov>. The Funds' Forms N-Q may also be reviewed and copied at the Commission's public reference room in Washington, D.C. Information on the operation of the public reference room may be obtained by calling the Commission at 1-800-SEC-0330. Each Fund provides additional data at its website at [www.rmrffunds.com](http://www.rmrffunds.com).

**Certifications**

The Fund's principal executive officer and principal financial officer certifications required by Section 302 of the Sarbanes-Oxley Act of 2002 and filed with the Fund's N-CSR are available on the Securities and Exchange Commission's website <http://www.sec.gov>.

**Required Disclosure of Certain Federal Income Tax Information (unaudited)**

For federal income tax purposes, the following information is furnished with respect to the distributions paid by the Funds during the year ended December 31, 2005.

	<b>Dividend Received Deduction (1)</b>	<b>Long Term Capital Gains Distribution</b>	<b>Qualified Income Distribution</b>
RMR Real Estate Fund	2.7% \$	5,586,481 \$	130,960
RMR Hospitality and Real Estate Fund	0.7% \$	987,748 \$	26,628
RMR F.I.R.E. Fund	28.5% \$	333,730 \$	723,216
RMR Preferred Dividend Fund	9.8% \$	391,633 \$	229,124

(1) Applies both to common and preferred shares.

Shareholders of the Funds have been or will be advised on Internal Revenue Service Form 1099 DIV as to the federal tax status of the distributions received from each Fund during calendar year 2005. Shareholders are advised to consult with their own tax advisors as to the federal, state and local tax status of the distributions received from the Funds.

**Annual Meeting**

An annual meeting of shareholders of each Fund will be held at 9:30 A.M. on Tuesday May 9, 2006, at 400 Centre Street, Newton, Massachusetts. A joint proxy statement related to these meetings will be mailed to shareholders of record as of February 10, 2006, each of whom is invited to attend

## Edgar Filing: RMR F.I.R.E. Fund - Form N-CSR

### Item 2. Code of Ethics.

- (a) As of the period ended December 31, 2005, the registrant had adopted a code of ethics, as defined in Item 2(b) of Form N-CSR, that applies to the registrant's principal executive officer and principal financial officer.
- (c) The registrant has not made any amendment to its code of ethics during the covered period.
- (d) The registrant has not granted any waivers from any provisions of the code of ethics during the covered period.
- (f) The registrant's code of ethics has been posted on its Internet website at <http://www.rmrffunds.com>. A copy of the code of ethics may also be obtained free of charge by writing to Investor Relations, RMR Funds, 400 Centre Street, Newton, MA 02458.

### Item 3. Audit Committee Financial Expert.

- (a)(1) The registrant's board of trustees has determined that the registrant has at least one member serving on the registrant's audit committee (the "Audit Committee") that possesses the attributes identified in Item 3 of Form N-CSR to qualify as an "audit committee financial expert."
  - (a)(2) The name of the Audit Committee financial expert is Arthur G. Koumantzelis. Mr. Koumantzelis has been deemed to be "independent" as that term is defined in Item 3(a)(2) of Form N-CSR.
-

**Item 4. Principal Accountant Fees and Services.**

- (a) **Audit Fees:** The aggregate fees billed by the registrant's independent accountant for audit services were \$34,000 for the fiscal year ended December 31, 2005 and \$27,900 for the fiscal period ended December 31, 2004.
- (b) **Audit-Related Fees:** The aggregate fees billed by the registrant's independent accountant for audit-related services were \$12,000 for the fiscal year ended December 31, 2005, and \$41,500 for the fiscal period ended December 31, 2004. The nature of the services were: (1) the issuance of consents and the preparation and issuance to underwriters of related comfort letters in connection with the registrant's public offerings of common and preferred shares; and (2) issuance of agreed upon procedures reports to rating agencies.
- (c) **Tax Fees:** The aggregate fees billed by the registrant's independent accountant for tax compliance services were \$8,400 for the fiscal year ended December 31, 2005, and \$8,000 for the fiscal period ended December 31, 2004. The nature of the services were the review of the registrant's federal and state tax returns.
- (d) **All Other Fees:** There were no other fees billed by the registrant's independent accountant for the fiscal year ended December 31, 2005, and the fiscal period ended December 31, 2004.
- (e)(1) **Audit Committee Pre-Approval Policies and Procedures:** The registrant's Audit Committee is required to pre-approve all audit and non-audit services provided by the independent accountant to the registrant and certain affiliated persons of the registrant. In considering a requested approval, the Audit Committee will consider whether the proposed services are consistent with the rules of the Securities and Exchange Commission ("SEC") on the independent accountant independence. The Audit Committee will also consider whether the independent accountant is best positioned to provide the most effective and efficient service, considering its familiarity with the registrant's business, people, culture, accounting systems, risk profile and other factors, and whether the service might enhance the registrant's ability to manage or control risk or improve audit quality. All factors will be considered as a whole, and no one factor will necessarily be determinative.
- The Audit Committee may delegate approval authority to its chair or one or more of its members who are not "interested persons" as defined by Section 2(a)(19) of the Investment Company Act of 1940, as amended (the "1940 Act"). The member or members to whom such authority is delegated will report, for informational purposes only, any approvals to the Audit Committee at its next regularly scheduled quarterly meeting. This policy does not delegate the Audit Committee's responsibilities to approve services performed by the independent accountant to the registrant's officers or advisor.
- The Audit Committee may, with respect to a category of services, generally approve services, subject to any general limitations and restrictions it may determine, and subject further to specific approval by a delegated member or members of the Audit Committee.
- (e)(2) **Percentages of Services:** Not applicable.
- (f) Not applicable.
- (g) There were no non-audit fees billed by the independent accountant for services rendered to the registrant or RMR Advisors, Inc. (the "Advisor"), the registrant's investment advisor, for the fiscal year ended December 31, 2005, and the fiscal period ended December 31, 2004 except for tax compliance services rendered to the registrant.
- (h) Not applicable.
-

**Item 5. Disclosure of Audit Committees for Listed Companies.**

- (a) The registrant has a separately-designated Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended. The members of the registrant's Audit Committee are Frank J. Bailey, John L. Harrington and Arthur G. Koumantzelis.
- (b) Not applicable.

**Item 6. Schedule of Investments**

The information required under Item 6 is included as part of the report to shareholders filed under Item 1 of this Form N-CSR.

**Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed End Management Investment Companies.**

Attached to this Form N-CSR as Exhibit 12(c) is a copy of the proxy voting policies and procedures for the registrant.

**Item 8. Portfolio Managers of Closed End Management Investment Companies.**

The registrant's portfolio managers are:

*James J. McKelvey.* Mr. McKelvey is a Vice President. Mr. McKelvey has been employed by the Advisor since April 2004 and is one of the Advisor's Vice Presidents. Since June 2004, Mr. McKelvey has been a portfolio manager of RMR Real Estate Fund and RMR Hospitality and Real Estate Fund and a portfolio manager of RMR F.I.R.E. Fund and RMR Preferred Dividend Fund since their inception in 2004 and 2005. Prior to joining the Advisor, Mr. McKelvey was a portfolio manager and senior research officer for John Hancock Funds since 1997.

*Thomas M. O'Brien.* Mr. O'Brien is the President and has been the President and a portfolio manager of RMR Real Estate Fund, RMR Hospitality and Real Estate Fund, RMR F.I.R.E. Fund and RMR Preferred Dividend Fund since their inception in 2003, 2004, 2004, 2004 and 2005, respectively. Mr. O'Brien joined Reit Management & Research, LLC ("Reit Management") in April 1996 and has held various positions with Reit Management and companies which it manages since then. He has been President and a director of the Advisor since its formation in 2002.

*Barry M. Portnoy.* Mr. Portnoy has been a portfolio manager and trustee of RMR Real Estate Fund, RMR Hospitality and Real Estate Fund, RMR F.I.R.E. Fund and RMR Preferred Dividend Fund since their inception. He is also a Managing Trustee of HRPT Properties Trust, Hospitality Properties Trust and Senior Housing Properties Trust and he has held those positions since these companies began business in 1986, 1995 and 1999, respectively. Mr. Portnoy is also a director of Five Star Quality Care, Inc. (AMEX:FVE), and has been since it became a public company in 2001. He is also a director and 55% beneficial owner of Reit Management, a director and the owner of the Advisor and a Vice President of the Advisor.

The portfolio managers generally function as a team. Generally, Mr. Portnoy provides strategic guidance to the team, while Messrs. O'Brien and McKelvey are in charge of substantially all of the day to day operations, research and trading functions.

The registrant's portfolio managers together manage three other registered investment companies RMR Real Estate Fund, RMR Hospitality and Real Estate Fund and RMR Preferred Dividend Fund having total managed assets of \$307 million. Each fund pays an advisory fee to the Advisor solely on

## Edgar Filing: RMR F.I.R.E. Fund - Form N-CSR

the basis of assets under management. None of the portfolio managers currently manage other pooled investment vehicles or other accounts.

**CONFLICTS OF INTEREST:** Actual or potential conflicts of interest may arise when a portfolio manager has management responsibilities with respect to more than one fund. For example, a portfolio manager may identify a limited investment opportunity that may be appropriate for the Fund as well as for the other funds he manages. A conflict of interest also might arise where a portfolio manager has a larger personal investment in one fund than in another. A portfolio manager may purchase a particular security for one or more funds while selling the security for one or more other funds; this could have a detrimental effect on the price or volume of the securities purchased or sold by a fund. A portfolio manager might devote unequal time and attention to the funds he manages. The Advisor believes that the risk of a material conflict of interest developing is limited because (i) the funds are generally managed in a similar fashion, (ii) the Advisor has adopted policies requiring the equitable allocation of trade orders for a particular security among participating funds, and (iii) the advisory fee and portfolio managers' compensation are not affected by the amount of time required to manage each fund. As a result, the Advisor does not believe that any of these potential sources of conflicts of interest will affect the portfolio managers' professional judgment in managing the funds.

**COMPENSATION:** Mr. Barry Portnoy is the sole owner of the Advisor and, through December 31, 2005, has not received a salary or other compensation from the Advisor except to the extent of his distributions from the Advisor and his interest in the Advisor's profits, if any.

The other portfolio managers, Messrs. O'Brien and McKelvey, are paid based upon the discretion of the board of directors of the Advisor. The Advisor's board of directors consists of Messrs. Barry M. Portnoy, Gerard M. Martin and Thomas M. O'Brien. Compensation of Messrs. O'Brien and McKelvey includes base salary, annual cash bonus and they have the opportunity to participate in other employee benefit plans available to all of the employees of the Advisor. The level of compensation is not based upon a formula with reference to fund performance or the value of fund assets; however these factors, among others, may be considered by individual directors of the Advisor. Other factors which may be considered in setting the compensation of the portfolio manager are their historical levels of compensation and levels of compensation paid for similar services or to persons with similar responsibilities in the market generally and in the geographic area where the Advisor is located. Mr. O'Brien devotes a substantial majority of his business time to providing services as a portfolio manager or officer of the Advisor and funds managed by the Advisor; however, he also dedicates some of his business time to providing services to affiliates of the Advisor. Therefore, in addition to compensation paid by the Advisor, Mr. O'Brien receives compensation for separate services to these affiliates. Mr. Portnoy also receives compensation for his services to those affiliates.

**OWNERSHIP OF SECURITIES:** The following table sets forth, for each portfolio manager, the aggregate dollar range of the registrant's equity securities beneficially owned as of December 31, 2005.

<b>Name of Portfolio Manager</b>	<b>Dollar Range of Equity Securities in the Fund as of December 31, 2005.</b>
James J. McKelvey	None
Thomas M. O'Brien	\$10,001 to \$50,000
Barry M. Portnoy	Over \$100,000

### Item 9. Purchases of Equity Securities by Closed End Management Investment Company and Affiliated Purchasers.

During the year ended December 31, 2005, there were no purchases made by or on behalf of the registrant or any "affiliated purchaser" as defined in Rule 10b-18(a)(3) under the Exchange Act (17 CFR 240.10b-18(a)(3)), of shares of the registrant's equity securities that are registered by the registrant pursuant to Section 12 of the Exchange Act.

**Item 10. Submission of Matters to a Vote of Security Holders.**

There have been no material changes to the procedures by which shareholders may recommend nominees to the registrant's board of trustees.

**Item 11. Controls and Procedures.**

- (a) The registrant's principal executive officer and principal financial officer have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the 1940 Act) are effective, as of a date within 90 days of the filing date of this report, based on their evaluation of these controls and procedures.
- (b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act) that occurred during the second fiscal quarter of the period covered by the report that have materially affected, or are reasonably likely to materially affect, the registrant's internal control over financial reporting.

**Item 12. Exhibits.**

- (a)(2) Certifications of principal executive officer and principal financial officer of the registrant as required by Rule 30a-2(a) under the 1940 Act are attached hereto.
  - (b) Certifications of principal executive officer and principal financial officer of the registrant as required by Rule 30a-2(b) under the 1940 Act and Section 906 of the Sarbanes-Oxley Act of 2002 are attached hereto.
  - (c) Copy of the proxy voting policies and procedures.
-

**SIGNATURES**

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
