DESCRIPTION OF DEBT SECURITIES AND GUARANTEES

We may offer secured or unsecured debt securities, which may be convertible. Our debt securities and any related guarantees will be issued under an indenture, dated March 27, 2006, between us and The Bank of New York Mellon Trust Company, N.A. (formerly known as The Bank of New York Trust Company, N.A.), as trustee. The debt securities will be structurally subordinated to all existing and future liabilities, including trade payables, of our subsidiaries that do not guarantee the debt securities, and the claims of creditors of those subsidiaries, including trade creditors, will have priority as to the assets and cash flows of those subsidiaries.

We have summarized certain general features of the debt securities from the indenture. A copy of the indenture is attached as an exhibit to the registration statement of which this prospectus forms a part. The following description of the terms of the debt securities and the guarantees sets forth certain general terms and provisions. The particular terms of the debt securities and guarantees offered by any prospectus supplement and the extent, if any, to which such general provisions may apply to the debt securities and guarantees will be described in the related prospectus supplement. Accordingly, for a description of the terms of a particular issue of debt securities, reference must be made to both the related prospectus supplement and to the following description.

Debt securities may be issued where the amount of principal and/or interest payable is determined by reference to one or more currency exchange rates, commodity prices, equity indices or other factors. Subject to the limitations provided in the indenture and in the prospectus supplement, debt securities that are issued in registered form may be transferred or exchanged at the office of the trustee maintained in the Borough of Manhattan, The City of New York or the principal corporate trust office of the trustee, without the payment of any service charge, other than any tax or other governmental charge payable in connection therewith.

Guarantees

Any debt securities may be guaranteed by one or more of our direct or indirect subsidiaries. Each prospectus supplement will describe any guarantees for the benefit of the series of debt securities to which it relates, including required financial information of the subsidiary guarantors, as applicable.

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depositary (the "depositary") identified in the prospectus supplement. Global securities will be issued in registered form and in either temporary or definitive form. Unless and until it is exchanged in whole or in part for the individual debt securities, a global security may not be transferred except as a whole by the depositary for such global security to a nominee of such depositary or by a nominee of such depositary to such depositary or another nominee of such depositary or by such depositary or any such nominee to a successor of such depositary or a nominee of such successor. The specific terms of the depositary arrangement with respect to any debt securities of a series and the rights of and limitations upon owners of beneficial interests in a global security will be described in the applicable prospectus supplement.

Governing Law

The indenture, the debt securities and the guarantees shall be construed in accordance with and governed by the laws of the State of New York, without giving effect to the principles thereof relating to conflicts of law.

DESCRIPTION OF CAPITAL STOCK

The following is a description of certain material terms of our amended articles of incorporation, our bylaws and our rights plan and of certain provisions of Indiana law. The following summary does not purport to be complete and is qualified in its entirety by reference to our amended articles of incorporation, our bylaws and our rights plan, copies of which are incorporated by reference as exhibits to the registration statement of which this prospectus forms a part, and the relevant provisions of Indiana law.

General

Our authorized capital structure consists of:

550,000,000 shares of common stock, without par value; and

15,000,000 shares of preferred stock, without par value, including 550,000 authorized shares of Series A Junior Participating Preferred Stock.

As of February 15, 2012, there were 156,118,400 shares of common stock and no shares of preferred stock issued and outstanding.

Common Stock

Voting

The holders of our common stock are entitled to one vote for each share held of record on each matter submitted to a vote of shareholders, including the election of directors, and do not have any right to cumulate votes in the election of directors.

Dividends

Subject to the rights and preferences of the holders of any series of preferred stock which may at the time be outstanding, holders of our common stock are entitled to such dividends as our board of directors may declare out of funds legally available.

Liquidation Rights

In the event of any liquidation, dissolution or winding-up of our affairs, after payment of all of our debts and liabilities and subject to the rights and preferences of the holders of any series of our preferred stock, the holders of our common stock will be entitled to receive the distribution of any of our remaining assets.

Other matters

Holders of our common stock have no conversion, preemptive or other subscription rights and there are no redemption rights or sinking fund provisions with respect to the common stock.

Preferred Stock

We are authorized to issue up to 15,000,000 shares of preferred stock in one or more series. Our amended articles of incorporation authorize our board of directors to determine and state the designations and the relative rights (including, if any, conversion rights, participation rights, voting rights, dividend rights and stated, redemption and liquidation values), preferences, limitations and restrictions of each unissued series. All shares of preferred stock of the same series must be identical with each other in all respects. Our board may authorize the issuance of preferred stock with voting or conversion rights that could adversely affect the voting power or other rights of the holders of our common stock.

Edgar Filing: BALL AEROSPACE & TECHNOLOGIES CORP - Form S-3ASR

When we issue preferred stock, we will provide specific information about the particular class or series being offered in a prospectus supplement. This information will include some or all of the following:

the title or designation of the series;

the number of shares to be included in the series;

whether dividends, if any, will be cumulative or noncumulative and the dividend rate of the series;

the conditions upon which and the dates at which dividends, if any, will be payable, and the relation that such dividends, if any, will bear to the dividends payable on any other class or classes of stock;

the redemption rights and price or prices, if any, for shares of the series and at whose option such redemption may occur, and any limitations, restrictions or conditions on such redemption;

the terms and amounts of any sinking fund provided for the purchase or redemption of shares of the series;

the amounts payable on and the preferences, if any, of shares of the series, in the event of any voluntary or involuntary liquidation, dissolution or winding up of the affairs of Ball Corporation;

whether the preferred stock being offered will be listed on any securities exchange;

if necessary, a discussion of certain federal income tax considerations applicable to the preferred stock being offered;

the voting rights, in addition to the voting rights provided by law, if any, of the holders of shares of such series; and

any other relative rights, preferences, limitations and powers not inconsistent with applicable law or our articles of incorporation or our bylaws then in effect.

Upon issuance, the shares of preferred stock will be fully paid and nonassessable, which means that its holders will have paid their purchase price in full and we may not require them to pay additional funds.

Certain Anti-Takeover Matters

Certain provisions of our amended articles of incorporation and our bylaws, as well as certain provisions of the Indiana Business Corporation Law, may have the effect of encouraging persons considering unsolicited tender offers or other unilateral takeover proposals to negotiate with our board of directors rather than pursue non-negotiated takeover attempts. These provisions include:

Classified Board of Directors

The Indiana Business Corporation Law was amended effective July 1, 2009, to require every corporation that has a class of voting shares registered with the SEC under Section 12 of the Exchange Act to maintain a classified board structure whereby its directors are elected for staggered terms in office. Corporations that were publicly-held at the time the classified board mandate became effective had until July 31, 2009, to amend their bylaws to elect not to be subject to this requirement. We did not amend our bylaws within the prescribed time and, accordingly, we are required to maintain our current classified board structure. Our amended articles of incorporation and bylaws provide for a board of directors consisting of eleven members, divided into three classes, as nearly equal in number as possible, with directors serving staggered three-year terms. Subject to the right of holders of any series of preferred stock to elect directors, shareholders elect one class constituting approximately

Edgar Filing: BALL AEROSPACE & TECHNOLOGIES CORP - Form S-3ASR

one-third of the board of directors for a three-year term at each annual meeting of shareholders. As a result, at least two annual meetings of shareholders may be required for the shareholders to change a majority of the board of directors.

The classification of directors makes it more difficult to change the composition of the board of directors and instead promotes a continuity of existing management.

Removal of Directors Only for Cause; Filling Vacancies

Our amended articles of incorporation provide that, subject to the right of holders of any series of preferred stock to elect directors, any director may be removed from office, but only for cause and only by the affirmative vote of the holders of at least 75% of the combined voting power of the outstanding shares of our capital stock entitled to vote generally in the election of directors. Our amended articles of incorporation also provide that, subject to the right of holders of any series of preferred stock to elect directors, any newly created directorships resulting from an increase in the number of directors and any vacancy on the board shall be filled by the affirmative vote of a majority of the remaining directors then in office, even though less than a quorum. Any director elected in accordance with the preceding sentence will hold office for the remainder of the full term of the class of directors in which the new directorship was created or the vacancy occurred and until such director's successor shall have been elected and qualified. No decrease in the number of directors constituting the board of directors shall shorten the term of any incumbent director.

The director removal and vacancy provisions restrict the ability of a third party to remove incumbent directors and simultaneously gain control of the board of directors by filling the vacancies created by removal with its own nominees.

Advance Notice Requirements

Our bylaws set forth advance notice procedures with regard to shareholder nomination of candidates for election as directors and shareholder proposals of business to be presented at annual meetings of shareholders. These procedures provide that notice of such shareholder nominations or proposals must be given timely in proper written form to the Secretary of Ball Corporation prior to the meeting at which the shareholder nominee or such business is to be considered. Generally, to be timely, notice must be received at our principal executive offices not less than 90 days nor more than 120 days prior to the meeting. To be in proper written form, the notice must contain the information required by our bylaws, including information regarding the proposal and the proponent. The advance notice requirements may have the effect of discouraging a potential acquiror from conducting a proxy contest to elect directors or otherwise attempting to influence or gain control of our company.

Special Meetings of Shareholders

Our bylaws do not grant shareholders the right to call a special meeting of shareholders. Under our bylaws, special meetings of shareholders may be called only by our chairman of the board or by the board of directors or as otherwise may be required by law.

Restrictions on Certain Related Party Business Combination Transactions

In order to approve certain business combination transactions involving related parties, our amended articles of incorporation require the affirmative vote of the holders of at least 75% of the

Edgar Filing: BALL AEROSPACE & TECHNOLOGIES CORP - Form S-3ASR

then outstanding shares of our capital stock entitled to vote generally in the election of directors. These related party business combination transactions include:

any merger or consolidation of us or any of our subsidiaries with (1) any related party or (2) any other person or entity who or which is, or after such merger or consolidation would be, an affiliate or associate of the related party;

any sale, lease, exchange, mortgage, pledge, transfer or other disposition to any related party or an affiliate or associate of a related party of any assets of Ball Corporation or any of our subsidiaries having an aggregate fair market value of \$10,000,000 or more;

any issuance or transfer by us or any of our subsidiaries of any securities having an aggregate fair market value of \$10,000,000 or more of Ball Corporation or any of our subsidiaries to any related party or an affiliate or associate of a related party in exchange for cash, securities or property (or combination thereof);

the adoption of any plan or proposal for the liquidation or dissolution of us proposed by or on behalf of a related party or an affiliate or associate of a related party;

any reclassification of securities or recapitalization of us, or any merger or consolidation of us with any of our subsidiaries or any other transaction that has the effect, either directly or indirectly, of increasing the proportionate share of the outstanding shares of any class of equity or convertible securities of us or any of our subsidiaries that is directly or indirectly owned by any related party or an affiliate or associate of a related party; or

any agreement, contract or other arrangement providing for any one or more of the transactions mentioned above.

A related party is a person or entity who or which (1) is the beneficial owner of more than 10% of the voting power of our outstanding capital stock entitled to vote generally in the election of directors; or (2) is one of our affiliates or associates and at any time within the two-year period immediately prior to the date in question was the beneficial owner of 10% or more of the voting power of our outstanding capital stock entitled to vote generally in the election of directors; or (3) is an assignee of or has otherwise succeeded to any shares of our voting stock that were at any time within the two-year period immediately prior to the date in question beneficially owned by any related party, if such assignment or succession shall have occurred in the course of a transaction not involving a public offering within the meaning of the Securities Act.

The supermajority voting requirement does not apply, however, if:

the related party business combination transaction is approved by a majority of directors who are unaffiliated with the related party and who were directors before such person or entity became a related party; or

specified price, form of consideration and procedural requirements have been met.

Amendment of Articles and Bylaws

Our amended articles of incorporation require the affirmative vote of the holders of at least 75% of the voting power of the outstanding shares of our capital stock entitled to vote generally in the election of directors to alter, amend, repeal or adopt any provision inconsistent with certain provisions of our amended articles of incorporation, including those described above. Our bylaws may be altered, added to, amended or repealed only by our board of directors. Shareholders do not have this authority.

Rights Plan Provisions

On July 26, 2006, our board of directors declared a dividend of one right for each outstanding share of our common stock to shareholders of record at the close of business on August 7, 2006 and the attachment of one right for each subsequently issued share of common stock. Each right entitles the holder to purchase one one-thousandth of a share of Series A Junior Participating Preferred Stock at an exercise price of \$185 per right. As a result of the two-for-one split of our common stock in February 2011, each right attaching to a share has automatically split so that one-half of a right is currently attached to each outstanding share of our common stock, and one-half of a right attaches to each newly-issued share of our common stock. The description and terms of the rights are set forth in a Rights Agreement, dated as of July 26, 2006, between us and Computershare Investor Services LLC, as rights agent, as amended.

Generally, if a person or group acquires 10% or more (or, in the case of certain passive investors, 15% or more) of our outstanding common stock, or upon occurrence of certain other events, the rights (other than those held by the acquiring person) become exercisable and generally entitle the holder to purchase shares of our common stock at a 50% discount. Generally, certain passive investors who do not state an intention (or reserve the right) to control or influence the Company's management or policies may continue to acquire up to 15% of the Company's common stock under certain circumstances. The rights, which expire in August 6, 2016, are redeemable by us at a redemption price of \$0.01 per right.

The rights have certain anti-takeover effects. The rights will cause substantial dilution to a person or group that attempts to acquire our company in certain circumstances. Accordingly, the existence of the rights may deter certain acquirors from making takeover proposals or tender offers. However, the rights are not intended to prevent a takeover, but rather are designed to enhance the ability of the board of directors to negotiate with a potential acquiror on behalf of all of the shareholders.

Indiana Business Combinations Statute

We are subject to Chapter 43, the Business Combinations Chapter, of the Indiana Business Corporation Law. Our bylaws provide that Chapter 42, the Control Share Acquisition Chapter, of the Indiana Business Corporation Law shall not apply to control share acquisitions of shares of our capital stock.

Subject to exceptions set forth in the Business Combinations Chapter, that Chapter prohibits an Indiana corporation from engaging in certain business combination transactions, including transactions similar to the related party business combination transactions described above, with any interested shareholder for a period of five years following the date that the shareholder first became an interested shareholder, unless the business combination or the purchase of shares made by the interested shareholder on such date is approved by the board of directors of the corporation prior to such date. If prior approval of the board of directors is not obtained, several price and procedural requirements must be met before the business combination may be completed.

In general, the Business Combinations Chapter defines an interested shareholder as any person who or which (1) is the beneficial owner of 10% or more of the voting power of the outstanding voting shares of the corporation or (2) is an affiliate or associate of the corporation and at any time within the five year period immediately before the date in question was the beneficial owner of 10% or more of the voting power of the then outstanding shares of the corporation.

Transfer Agent

The transfer agent and registrar for our common stock is Computershare Trust Company.

DESCRIPTION OF WARRANTS

We may issue warrants to purchase debt securities, preferred stock or common stock, collectively, the underlying warrant securities, and such warrants may be issued independently or together with any such underlying warrant securities and may be attached to or separate from such underlying warrant securities. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a warrant agent. The warrant agent will act solely as our agent in connection with the warrants of such series and will not assume any obligation or relationship of agency for or with holders or beneficial owners of warrants.

The applicable prospectus supplement will describe the specific terms of any warrants offered thereby, including:

the title or designation of such warrants;

the aggregate number of such warrants;

the price or prices at which such warrants will be issued;

the currency or currencies, including composite currencies or currency units, in which the exercise price of such warrants may be payable;

the designation, aggregate principal amount and terms of the underlying warrant securities purchasable upon exercise of such warrants, and the procedures and conditions relating to the exercise of the warrant securities;

any other terms of such warrants, including terms, procedures and limitations relating to the exchange and exercise of such warrants.

SELLING SHAREHOLDERS

Information regarding the beneficial ownership of our common stock by selling shareholders, the number of shares being offered by selling shareholders, the number of shares beneficially owned by a selling shareholder after the applicable offering and whether any of the selling shareholders has held any position or office with, has been employed by or otherwise has had a material relationship with us during the prior three years, where applicable, will be set forth in a prospectus supplement, in a post-effective amendment, or in filings we make with the SEC under the Exchange Act which are incorporated by reference.

LEGAL MATTERS

Unless otherwise specified in a prospectus supplement accompanying this prospectus, Skadden, Arps, Slate, Meagher & Flom LLP, Chicago, Illinois, and Charles E. Baker, Vice President, General Counsel and Corporate Secretary of Ball Corporation, will provide opinions regarding the authorization and validity of the securities. Additional legal matters may be passed on for us, or any underwriters, dealers or agents, by counsel which we will name in the applicable prospectus supplement.

Item 15. Indemnification of Directors and Officers

The following summary is qualified in its entirety by reference to the complete text of the statute, the amended articles of incorporation and the bylaws referred to below.

Ball Corporation is empowered by Chapter 37 of the Indiana Business Corporation Law (the "IBCL"), subject to the procedures and limitations therein, to indemnify any person against expenses (including attorneys' fees) and the obligation to pay a judgment, settlement, penalty, fine or reasonable expenses incurred with respect to a threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative and whether formal or informal, in which such person is made a party because such person is or was a director, officer, employee or agent of Ball Corporation if his or her conduct was in good faith and he or she reasonably believed that, if acting in the individual's official capacity, the conduct was in the best interests of the corporation and in all other cases, the conduct was not opposed to the corporation's best interests. In the case of any criminal proceeding, Ball Corporation is empowered to indemnify a person if he or she had reasonable cause to believe the conduct was lawful or had no reasonable cause to believe the conduct was unlawful. The statute provides that indemnification pursuant to its provisions is not exclusive of other rights of indemnification to which a person may be entitled under a corporation's articles of incorporation or bylaws, resolution of the board of directors or of the shareholders, or otherwise. In addition, unless limited by its articles of incorporation, a corporation shall indemnify a director or officer who was wholly successful, on the merits or otherwise, in the defense of any proceeding to which the director or officer was a party because he or she is or was a director or officer of the corporation against reasonable expenses incurred by him or her in connection with the proceeding. A corporation has the power to purchase and maintain insurance on behalf of any of the persons described above against any liability asserted against or incurred by such person in any of the capacities described above, or arising

Edgar Filing: BALL AEROSPACE & TECHNOLOGIES CORP - Form S-3ASR

out of such person's status as such, whether or not the corporation would have the power to indemnify such person against such liability under the IBCL.

Article XII, Section B of Ball Corporation's amended articles of incorporation obligates Ball Corporation to indemnify any person in connection with any liability arising by reason of such person's status as a past or present director, officer or employee of Ball Corporation or of any other enterprise which he or she is serving or served in any capacity at the request of Ball Corporation if such person is determined to have met the standard of conduct specified in Section 8 of Chapter 37 of the IBCL; provided, however, there shall be no indemnification (a) as to amounts paid or payable to Ball Corporation or such other enterprise for or based upon the person having gained in fact any personal profit or advantage to which he or she was not legally entitled; (b) as to amounts paid or payable to Ball Corporation for an accounting of profits in fact made from the purchase or sale of securities of Ball Corporation within the meaning of Section 16(b) of the Securities Exchange Act of 1934 and amendments thereto or similar provisions of any state statutory law; or (c) with respect to matters as to which indemnification would be in contravention of the laws of the State of Indiana or of the United States of America whether as a matter of public policy or pursuant to statutory provisions. In addition, any person who has been wholly successful with respect to any proceeding of the type described above is entitled to indemnification as of right.

Article 5, Section A of Ball Corporation's bylaws provides that Ball Corporation shall indemnify any person made a party to a proceeding because he is or was a director or officer of the corporation against liability incurred in connection with a proceeding to the fullest extent permitted by the IBCL. The termination of a proceeding by judgment, order, settlement, or conviction, or upon plea of nolo contendere or its equivalent is not, of itself, determinative that the director or officer did not meet the standard of conduct set forth in the IBCL. The bylaws additionally provide that any person who has been wholly successful with respect to any proceeding of the type described above is entitled to indemnification as of right.

The directors and officers of Ball Corporation and its subsidiaries are insured (subject to certain exceptions and deductions) against liabilities which they may incur in their capacity as such, including liabilities under the Securities Act, under liability insurance policies maintained by Ball Corporation.

Item 17. Undertakings

The undersigned registrant hereby undertakes:

- (a) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;
 - (ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth

Edgar Filing: BALL AEROSPACE & TECHNOLOGIES CORP - Form S-3ASR

in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(b) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(d) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by a registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof;

provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(e) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the registrant undertakes that in a

Edgar Filing: BALL AEROSPACE & TECHNOLOGIES CORP - Form S-3ASR

primary offering of securities of the registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the registrant or used or referred to by the registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about an undersigned registrant or its securities provided by or on behalf of an undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by an undersigned registrant to the purchaser.

(f) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(g) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, that the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
