PROXY STATEMENT

General Information About the Meeting

General

The enclosed Proxy is solicited on behalf of the Board of Directors (the "Board") of Coherent, Inc. for use at the Annual Meeting of Stockholders (the "Annual Meeting" or "meeting") to be held at 8:30 a.m., local time, on February 26, 2014 at the Silicon Valley Capital Club, 50 West San Fernando, San Jose, California 95113, and at any adjournment(s) thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. Our telephone number is (408) 764-4000. These proxy solicitation materials were first mailed on or about January 23, 2014 to all stockholders entitled to vote at the Annual Meeting.

Who May Vote at the Meeting?

You are entitled to vote at the Annual Meeting if our records show that you held your shares as of the close of business of our record date, January 9, 2014 (the "Record Date"). On the Record Date, 24,839,166 shares of our common stock, \$0.01 par value, were issued and outstanding.

What Does Each Share of Common Stock I Own Represent?

On all matters, each share has one vote, unless, with respect to Proposal 1 regarding the election of directors, cumulative voting is in effect. See "Election of Directors-Vote Required" for a description of cumulative voting rights with respect to the election of directors.

How Does a Stockholder Vote?

Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. If you are entitled to vote, you may do so as follows:

Through your broker: If your shares are held through a broker, bank or other nominee (commonly referred to as held in "street name"), you will receive instructions from them that you must follow to have your shares voted. If you want to vote in person, you will need to obtain a legal proxy from your broker, bank or other nominee and bring it to the meeting.

In person: Attend the Annual Meeting and, if you request, we will give you a ballot at the time of voting. If you have previously submitted a proxy card, you must notify us at the Annual Meeting that you intend to cancel your prior proxy and vote by ballot at the meeting.

Returning a Proxy Card: Simply complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If your signed proxy card is received before the Annual Meeting, the designated proxies will vote your shares as you direct.

Using the Telephone: Dial toll-free 1-800-690-6903 using a touch-tone phone and follow the recorded instructions. You will be asked to provide the control number from the enclosed proxy card.

Edgar Filing: COHERENT INC - Form DEF 14A

Through the Internet: go to www.proxyvote.com to complete an electronic proxy card. You will be asked to provide the control number from the enclosed proxy card.

For telephone or Internet use, your vote must be received by 11:59 P.M. Eastern Time on February 25, 2014 to be counted.

If you return a signed and dated proxy card ***without*** marking any voting directions, your shares will be voted "for" the election of all seven nominees for director and "for" all other proposals.

Matters to be Presented at the Meeting

We are not aware of any matters to be presented at the meeting other than those described in this proxy statement. If any other matter is properly presented at the Annual Meeting, your proxy holders (one of the individuals named on your proxy card) will vote your shares in their discretion. The cost of this solicitation will be borne by us. We may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. In addition, proxies may be solicited by certain of our directors, officers and regular employees, without additional compensation, personally or by telephone or facsimile.

Revoking Your Proxy

If you hold your shares in street name, you must follow the instructions of your broker, bank or other nominee to revoke your voting instructions. If you are a holder of record and wish to revoke your proxy instructions, you must (i) advise the Corporate Secretary in writing at 5100 Patrick Henry Dr., Santa Clara, California 95054 before the proxies vote your shares at the meeting, (ii) timely deliver later-dated proxy instructions or (iii) attend the meeting and vote your shares in person.

Attendance at the Annual Meeting

All stockholders of record as of the Record Date may attend the Annual Meeting. Please note that cameras, recording devices and similar electronic devices will not be permitted at the Annual Meeting. No items will be allowed into the Annual Meeting that might pose a concern for the safety of those attending. Additionally, to attend the meeting you will need to bring identification and proof sufficient to us that you were a stockholder of record as of the Record Date or that you are a duly authorized representative of a stockholder of record as of the Record Date. For directions to attend the Annual Meeting or other questions, please contact Investor Relations by telephone at (408) 764-4110 no later than 5:00 p.m. (California time) on February 25, 2014.

Quorum; Abstentions; Broker Non-Votes

Our bylaws provide that stockholders holding a majority of the shares of common stock issued and outstanding and entitled to vote on the Record Date constitute a quorum at meetings of stockholders. Votes will be counted by the inspector of election appointed for the Annual Meeting, who will separately count "For" and "Against" votes, abstentions and broker non-votes.

A "broker non-vote" occurs when a nominee holding shares for a beneficial owner does not vote because the nominee does not have discretionary voting power with respect to the proposal and has not received instructions with respect to the proposal from the beneficial owner. Abstentions will not be taken into account in determining the outcome of the election of directors and will have no effect on the outcome of Proposals Two and Three. We intend to separately report abstentions and our Compensation and H.R. Committee will generally view abstentions as neutral when considering the results of Proposal Three. Broker non-votes represented by submitted proxies will not be taken into account in determining the outcome of any proposal.

Deadline for Receipt of Stockholder Proposals

In order to submit stockholder proposals for the fiscal 2014 annual meeting for inclusion in the Company's proxy statement pursuant to Rule 14a-8 of the Securities Exchange Act of 1934, as amended ("SEC Rule 14a-8"), written materials must be received by the Corporate Secretary at the Company's principal office in Santa Clara, California no later than September 25, 2014.

Stockholder proposals must otherwise comply with the requirements of SEC Rule 14a-8.

Proposals must be addressed to: Bret DiMarco, Corporate Secretary, Coherent, Inc., 5100 Patrick Henry Dr., Santa Clara, California 95054. Simply submitting a proposal does not guarantee its inclusion.

Section 2.15 of the Company's bylaws also establishes an advance notice procedure with regards to director nominations and stockholder proposals that are not submitted for inclusion in the proxy statement, but that a stockholder instead wishes to present directly from the floor at any Annual Meeting. To be properly brought before the fiscal 2014 Annual Meeting, a notice of the nomination or the matter the stockholder wishes to present at the meeting must be delivered to the Corporate Secretary (see above), no later than the close of business on the 45th day (December 9, 2014), nor earlier than the close of business on the 75th day (November 9, 2014), prior to the one year anniversary of the date these proxy materials were first mailed by us unless the annual meeting of stockholders is held prior to January 27, 2015 or after April 27, 2015, in which case, the proposal must be received by us not earlier than the 120th day prior to the annual meeting and not later than the later of the 90th day prior to the annual meeting and the tenth day following public announcement of the date the annual meeting will be held and must otherwise be in compliance with applicable laws and regulations in order to be considered for inclusion in the proxy statement and form of proxy relating to that meeting. We have not received any notice regarding any such matters to be brought at our fiscal 2013 meeting.

Edgar Filing: COHERENT INC - Form DEF 14A

If a stockholder who has notified us of his or her intention to present a proposal at an Annual Meeting does not appear to present his or her proposal at such meeting, we need not present the proposal for vote at such meeting. The Chair of the Annual Meeting has the final discretion whether or not to allow any matter to be considered at the meeting which did not timely comply with all applicable notice requirements.

If a stockholder wishes only to recommend a candidate for consideration by the Governance and Nominating Committee as a potential nominee for the Company's Board, see the procedures discussed in "Proposal One Election of Directors Board Meetings and Committees Process for Stockholders to Recommend Candidates for Election to the Board of Directors."

The attached proxy card grants to the proxyholders discretionary authority to vote on any matter raised at the Annual Meeting, including proposals which are timely raised at the meeting, but did not meet the deadline for inclusion in this proxy statement.

Eliminating Duplicative Proxy Materials

To reduce the expense of delivering duplicate voting materials to our stockholders who may hold shares of Coherent common stock in more than one stock account, we are delivering only one set of the proxy solicitation materials to certain stockholders who share an address, unless otherwise requested. A separate proxy card is included in the voting materials for each of these stockholders.

We will promptly deliver, upon written or oral request, a separate copy of the annual report or this proxy statement to a stockholder at a shared address to which a single copy of the documents was delivered. To obtain an additional copy, you may write us at 5100 Patrick Henry Drive, Santa Clara, California 95054, Attn: Investor Relations, or contact our Investor Relations department by telephone at (408) 764-4110.

Similarly, if you share an address with another stockholder and have received multiple copies of our proxy materials, you may contact us at the address or telephone number specified above to request that only a single copy of these materials be delivered to your address in the future. Stockholders sharing a single address may revoke their consent to receive a single copy of our proxy materials in the future at any time by contacting our distribution agent, Broadridge, either by calling toll-free at 1-800-542-1061, or by writing to Broadridge, Householding Department, 51 Mercedes Way, Edgewood, NY 11717. Broadridge will remove such stockholder from the Householding program within 30 days of receipt of such written notice, after which each such stockholder will receive an individual copy of our proxy materials.

Electronic Delivery of Proxy Materials

In an effort to reduce paper mailed to your home and help lower printing and postage costs, we are offering stockholders the convenience of viewing online proxy statements, annual reports and related materials. With your consent, we can stop sending future paper copies of these documents. To participate during the voting season, registered stockholders may follow the instructions when voting online.

Incorporation by Reference

To the extent that this proxy statement has been or will be specifically incorporated by reference into any other filing of Coherent with the Securities and Exchange Commission ("SEC"), the sections of this proxy statement entitled "Report of the Audit Committee of the Board of Directors" (to the extent permitted by the rules of the SEC) and "Compensation Discussion and Analysis" shall not be deemed to be so incorporated (other than in our annual report on Form 10-K), unless specifically provided otherwise in such filing.

FURTHER INFORMATION

We will provide without charge to each stockholder solicited by these proxy solicitation materials a copy of our annual report on Form 10-K for the fiscal year ended September 28, 2013 without exhibits and any amendments thereto on Form 10-K/A upon request of such stockholder made in writing to Coherent, Inc., 5100 Patrick Henry Drive, Santa Clara, California 95054, Attn: Investor Relations. We will also furnish any exhibit to the annual report on Form 10-K if specifically requested in writing. Director Independence

The Board has determined that, with the exception of Mr. Ambroseo, all of its current members and all of the nominees for director are "independent directors" as that term is defined in the marketplace rules of the Nasdaq Stock Market.

Table of Contents

Board Meetings and Committees

The Board held a total of five (5) meetings during fiscal 2013. During fiscal 2013, the Board had three standing committees: the Audit Committee; the Compensation and H.R. Committee; and the Governance and Nominating Committee. From time to time, the Board may create limited ad hoc committees, service on which does not provide additional compensation. In the past, the Board has also established special committees, which did provide compensation for services. No director serving during fiscal 2013 attended fewer than 75% of the aggregate of all meetings of the Board and the committees of the Board upon which such director served. All of the members of each standing committee are "independent" as defined under the applicable rules established by the Nasdaq Stock Market.

Audit Committee

The Audit Committee, which has been established in accordance with Section 3(a)(58)(A) of the Exchange Act, consists of directors James, Rogerson, Skaggs and Tomlinson. The Audit Committee held thirteen (13) meetings during fiscal 2013. The Board has determined that directors James, Rogerson, Skaggs and Tomlinson are "audit committee financial experts" as that term is defined in the rules of the SEC. Among other things, the Audit Committee has the sole authority for appointing and supervising our independent registered public accounting firm and is primarily responsible for approving the services performed by our independent registered public accounting firm and for reviewing and evaluating our accounting principles and our system of internal accounting controls.

Compensation and H.R. Committee

During fiscal 2013, the Compensation and H.R. Committee of the Board consists of directors Krause, Flatley and Vij. Mr. Tomlinson served on the committee until January 1, 2013. All of the members of the Compensation and H.R. Committee are "independent" as defined under the marketplace rules of the Nasdaq Stock Market. The Compensation and H.R. Committee held eight (8) meetings during fiscal 2013. The Compensation and H.R. Committee, among other things, reviews and approves our executive compensation policies and programs, and makes equity grants to our employees, including officers, pursuant to our equity plans. This committee has the sole authority delegated to it by the Board to make employee equity grants, which must be done at a meeting rather than by written consent. For additional information about the committee's processes and procedures for the consideration and determination of executive compensation, see "Compensation Discussion and Analysis".

Governance and Nominating Committee

The Governance and Nominating Committee consists of directors James, Krause and Rogerson. The Governance and Nominating Committee held five (5) meetings during fiscal 2013. The Governance and Nominating Committee, among other things, assists the Board by making recommendations to the Board on matters concerning director nominations and elections, board committees and corporate governance and compensation for directors. For fiscal 2013, the committee retained an independent compensation consultant to advise it on Board compensation.

Copies of the charters for each of our committees may be found on our website at www.coherent.com under "Investor Relations."

employment, the number of shares beneficially owned by the nominee, whether any hedging transactions have been entered into by the nominee or on his or her behalf, information regarding any arrangements or understandings between the nominee and the stockholder nominating the nominee or any other persons relating to the nomination, a written statement by the nominee acknowledging that the nominee will owe a fiduciary duty to Coherent if elected, a written statement of the nominee that such nominee, if elected, intends to tender, promptly following such nominee's election or re-election, an irrevocable resignation effective upon such nominee's failure to receive the required vote for re-election at the next meeting at which such nominee would face re-election and upon acceptance of such resignation by the board of directors, in accordance with the corporation's guidelines or policies, and any other information required to be disclosed about the nominee if proxies were to be solicited to elect the nominee as a director.

For a stockholder recommendation to be considered by the Governance and Nominating Committee as a potential candidate at an annual meeting, nominations must be received on or before the deadline for receipt of stockholder proposals for such meeting. In the event a stockholder decides to nominate a candidate for director and solicits proxies for such candidate, the stockholder will need to follow the rules set forth by the SEC and in our bylaws. See "General Information About The Meeting-Deadline for Receipt of Stockholder Proposals."

The Governance and Nominating Committee's criteria and process for evaluating and identifying the candidates that it approves as director nominees are as follows:

the Governance and Nominating Committee regularly reviews the current composition and size of the Board;

the Governance and Nominating Committee reviews the qualifications of any candidates who have been properly recommended by a stockholder, as well as those candidates who have been identified by management, individual members of the Board or, if the Governance and Nominating Committee determines, a search firm. Such review may, in the Governance and Nominating Committee's discretion, include a review solely of information provided to the Governance and Nominating Committee or may also include discussions with persons familiar with the candidate, an interview with the candidate or other actions that the committee deems proper;

the Governance and Nominating Committee evaluates the performance of the Board as a whole and evaluates the qualifications of individual members of the Board eligible for re-election at the annual meeting of stockholders;

the Governance and Nominating Committee considers the suitability of each candidate, including the current members of the Board, in light of the current size and composition of the Board. Except as may be required by rules promulgated by the Nasdaq Stock Market or the SEC, it is the current belief of the Governance and Nominating Committee that there are no specific, minimum qualifications that must be met by any candidate for the Board, nor are there specific qualities or skills that are necessary for one or more of the members of the Board to possess. In evaluating the qualifications of the candidates, the Governance and Nominating Committee considers many factors, including, issues of character, judgment, independence, age, expertise, diversity of experience, length of service, other commitments and the like. While Coherent does not have a formal policy with regard to the consideration of diversity in identifying director nominees, as noted above, diversity of experience is one of many factors that the committee considers;

the Governance and Nominating Committee evaluates such factors, among others, and does not assign any particular weighting or priority to any of these factors. The Governance and Nominating Committee considers each individual candidate in the context of the current perceived needs of the Board as a whole. While the Governance and Nominating Committee has not established specific minimum qualifications for director candidates, the committee believes that candidates and nominees must reflect a Board that is comprised of directors who (i) are predominantly independent, (ii) are of high integrity, (iii) have qualifications that will increase the overall effectiveness of the Board, and (iv) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to audit committee members;

in evaluating and identifying candidates, the Governance and Nominating Committee has the authority to retain and terminate any third party search firm that is used to identify director candidates and has the authority to approve the fees and retention terms of any search firm; and

after such review and consideration, the Governance and Nominating Committee recommends the slate of director nominees to the full Board for its approval.

The Governance and Nominating Committee will endeavor to notify, or cause to be notified, all director candidates, including those recommended by a stockholder, of its decision as to whether to nominate such individual for election to the Board.

Our corporate governance guidelines require that upon a member of the Board turning 72 years old, he or she shall submit a conditional resignation to the Governance and Nominating Committee effective upon the next annual meeting of stockholders. The committee then determines whether to recommend to the Board acceptance of such resignation. Mr. Tomlinson is retiring from the Board at the upcoming annual meeting after serving on the Board since 2003 pursuant to the Board's retirement age policy.

Majority Voting and Conditional Resignations from the Board of Directors

Edgar Filing: COHERENT INC - Form DEF 14A

Upon the recommendation of the Governance and Nominating Committee the Board of Directors amended our bylaws, effective December 1, 2013, to change the voting standard for the election of directors that are not Contested Elections (as defined below) from a plurality to a majority of the votes cast. A majority of the votes cast means the number of votes cast "for" a director's election exceeds the number of votes cast against that director's election (with "abstentions" and "broker non-votes" not counted as a vote cast either "for" or "against" that director's election). However, if the number of nominees exceeds the number of directors to be elected (a "Contested Election"), the directors shall be elected by a plurality of the votes cast.

In connection with the amendment to the Bylaws establishing a majority vote standard for the election of directors in elections that are not Contested Elections, the Board also adopted a director election policy to (i) establish procedures under which any incumbent director who fails to receive a majority of the votes cast in an election that is not a Contested Election shall tender his or her resignation to the Governance and Nominating Committee for consideration; and (ii) provide that the Governance and Nominating Committee will make recommendations to the Board regarding the actions to be taken with respect to all such offers to resign. The Board shall act on the resignation within 90 days following certification of the election results. In the event that the Board does not accept such resignation, then such director shall continue to serve until such time as his or her successor is elected.

Stockholder Communication with the Board of Directors

While the Board believes that management speaks for Coherent, any stockholder may contact any of our directors by writing to them by mail at our principal executive offices (c/o Corporate Secretary), the address of which appears on the inside back cover of this proxy statement.

Any stockholder may report to us any complaints regarding accounting, internal accounting controls, or auditing matters. Any stockholder who wishes to so contact us should send such complaints to the Audit Committee c/o Corporate Secretary, at our principal executive offices, the address of which appears on the inside back cover of this proxy statement.

Any stockholder communications that the Board is to receive will first go to our Corporate Secretary, who will log the date of receipt of the communication as well as the identity and contact information of the correspondent in our stockholder communications log.

Our Corporate Secretary will review, summarize and, if appropriate, investigate the complaint under the direction of the appropriate committee of the Board in a timely manner. In the case of accounting or auditing related matters, a member of the Audit Committee, or the Audit Committee as a whole, will then review the summary of the communication, the results of the investigation, if any, and, if appropriate, the draft response. The summary and response will be in the form of a memo, which will become part of the stockholder communications log that the Corporate Secretary maintains with respect to all stockholder communications.

Independent Chair and Board Leadership

Our Board leadership structure consists of an independent Chairman, who is elected by the independent directors, and independent committee chairs. We separate the positions of Chief Executive Officer and Chairman in recognition of the differences between the two roles. The Board believes this structure provides independent Board leadership and engagement.

Given that our Chairman is an independent director, the Board does not feel the need for a separate "lead independent director," as our independent Chairman performs that function. The Board takes its independence seriously and reinforces this standard with seven of its eight members (with six of seven following the Annual Meeting) being independent.

The Role of the Board and its Committees in Risk Oversight

The Board oversees Coherent's risk profile and management's processes for assessing and managing risk, both as a whole Board and through its committees, with our Governance and Nominating Committee delegated the responsibility for assigning oversight responsibilities to each committee and the Board as a whole. Our senior executive team provides regular updates to the Board and each committee regarding our strategies and objectives and the risks inherent with them.

Each regular meeting of the Board includes a discussion of risks related to the Company's financial results and operations and each committee schedules risk-related presentations regularly throughout the year. In addition our directors have access to our management to discuss any matters of interest, including those related to risk. Those members of management most knowledgeable of the issues attend Board and committee meetings to provide additional insight on the matters being discussed, including risk exposures. Our Chief Financial Officer and General Counsel both report directly to our Chief Executive Officer, providing him with further visibility to our risk profile. A Vice President, Finance is the designated officer overseeing our enterprise risk management program and works closely with both our Chief Financial Officer and General Counsel on these matters.

These regular meetings also provide our Board members the opportunity to discuss issues of concern directly with management. In general the Board and its committees oversee the following risk categories:

The Board oversees generally the Company's overall enterprise risk management process and specifically with regards to the areas of strategy, mergers and acquisitions, communications and operations;

Edgar Filing: COHERENT INC - Form DEF 14A

The Audit Committee generally oversees risks primarily related to financial controls, IT, accounting, tax, treasury, capital, legal, regulatory and compliance;

The Compensation and H.R. Committee generally oversees our compensation programs so that they do not incentivize excessive risk taking as well as overseeing human resources related risks; and

The Governance and Nominating Committee oversees the assignment of risk oversight categories by each particular committee and/or the Board as a whole as well as those risks related to compensation of members of the Board, succession planning for the Board and Chief Executive Officer.

In the fall of 2013, management presented an assessment of the risks associated with the Company's compensation plans. The Compensation and H.R. Committee agreed with the conclusion that the risks were within our ability to effectively monitor and manage and that these risks are not reasonably likely to have a material adverse effect on the Company.

Table of Contents**Additional Governance Matters**

On December 12, 2013, the Board of Directors (acting on the recommendation of the Governance and Nominating Committee) approved the updated Corporate Governance Guidelines, which include, among other items (in addition to those items described elsewhere in this proxy):

At each meeting of the Board of Directors the independent directors will also meet in executive session without the presence of management;

To avoid "over-boarding" the Company maintains the following limits on service on other boards:

CEO-No more than one (1) other public company board of directors in addition to the Company;

Independent Directors-No more than four (4) other public company board of directors in addition to the Company;

Audit Committee members-No more than three (3) other public company audit committees in addition to the Company;

Each independent member of the Board of Directors must within five years acquire and thereafter maintain a minimum value of Company stock equal to three times such director's annual Board cash retainer (exclusive of any cash retainer for service as Chair or committee service);

The Board is responsible for reviewing the Company's succession planning and senior management development on an annual basis.

Fiscal 2013 Director Compensation

During fiscal 2013, we paid our non-employee directors an annual retainer (depending upon position) and for service on the Board as follows:

Position	Annual Retainer
Board Member	\$ 40,000
Board Chair	\$ 40,000
Audit Committee Chair	\$ 34,000
Compensation and H.R. Comm. Chair	\$ 16,000
Governance & Nominating Comm. Chair	\$ 10,750
Audit Committee member (non-Chair)	\$ 12,500
Compensation and H.R. Committee member (non-Chair)	\$ 8,500
Governance and Nominating Committee member (non-Chair)	\$ 6,500

Beginning in the second quarter of fiscal year 2013, the annual retainer for the Board Chair was increased to \$40,000. The increase was approved by the Governance and Nominating Committee after a review of the compensation of the Board of Directors by the committee's independent compensation consultant, Compensia. In particular, Compensia noted that the Chair annual retainer was significantly below the median compensation measured against the Company's peer group (which was the same group used for comparing compensation for the named executive officers).

The chart below summarizes the gross cash amounts earned by non-employee directors for service during fiscal 2013 on the Board and its committees (all amounts in dollars):

Our stockholders approved the adoption of our 2011 Equity Incentive Plan at our annual meeting held in March 2011 (the "2011 Plan").

The Board has adopted resolutions automatically granting under the 2011 Plan each non-employee member of the Board of Directors 3,500 RSUs upon such member's reelection to the Board, with vesting on February 15 of the following year. Effective in December 2011, the Board determined that upon the initial appointment of a non-employee member to the Board, such new director will receive a grant of 3,500 RSUs, which vest over two years (fifty percent on each anniversary of grant).

For option grants held by a director who retires after at least eight years of service on the Board which are outstanding under the 1998 Director Plan, such grants will fully vest and the director will have the right to exercise his or her option as to both vested and unvested shares as of such date. The option will remain exercisable for the lesser of (i) two (2) years following the date of such director's retirement or (ii) the expiration of the option's original term. This provision was not adopted for option grants under the 2011 Plan.

Table of Contents

With the adoption of our 2011 Plan, the 1998 Director Plan has been terminated other than for outstanding historical grants made thereunder. As of September 28, 2013, 548,000 shares have been issued upon the exercise of options and the vesting of RSUs under the 1998 Director Plan.

Vote Required

Every stockholder voting for the election of directors may cumulate such stockholder's votes and give one candidate a number of votes equal to the number of directors to be elected multiplied by the number of votes to which the stockholder's shares are entitled. Alternatively, a stockholder may distribute his or her votes on the same principle among as many candidates as the stockholder thinks fit, provided that votes cannot be cast for more than seven (7) candidates. However, no stockholder will be entitled to cumulate votes for a candidate unless (i) such candidate's name has been properly placed in nomination for election at the Annual Meeting prior to the voting and (ii) the stockholder, or any other stockholder, has given notice at the meeting prior to the voting of the intention to cumulate the stockholder's votes. If cumulative voting occurs at the meeting and you do not specify how to distribute your votes, your proxy holders (the individuals named on your proxy card) will cumulate votes in such a manner as will ensure the election of as many of the nominees listed above as possible, and the specific nominees to be voted for will be determined by the proxy holders.

If a quorum is present, the seven (7) nominees receiving the highest number of votes will be elected to the Board. See "Information Concerning Solicitation and Voting-Quorum; Abstentions; Broker Non-Votes."

The Board recommends that Stockholders vote "FOR" the seven nominees presented herein.

PROPOSAL TWO RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board has selected Deloitte & Touche LLP, an independent registered public accounting firm, to audit our financial statements for the fiscal year ending September 27, 2014, and recommends that stockholders vote for ratification of such appointment. Deloitte & Touche LLP has audited our financial statements since the fiscal year ended September 25, 1976. Although ratification by stockholders is not required by law, the Audit Committee has determined that it is desirable to request ratification of this selection by the stockholders as a matter of good corporate practice. Notwithstanding its selection, the Audit Committee, in its discretion, may appoint a new independent registered public accounting firm at any time during the year if the Audit Committee believes that such a change would be in the best interest of Coherent and its stockholders. If the stockholders do not ratify the appointment of Deloitte & Touche LLP, the Audit Committee may reconsider its selection. The Audit Committee selected Deloitte & Touche LLP to audit our financial statements for the fiscal year ended September 28, 2013, which was ratified by our stockholders.

Representatives of Deloitte & Touche LLP are expected to be present at the meeting and will be afforded the opportunity to make a statement if they desire to do so. The representatives of Deloitte & Touche LLP are also expected to be available to respond to appropriate questions.

Pre-Approval of Audit and Non-Audit Services

The Audit Committee has determined that the provision of non-audit services by Deloitte is compatible with maintaining Deloitte's independence. In accordance with its charter, the Audit Committee approves in advance all audit and non-audit services to be provided by Deloitte. In other cases, the Chairman of the Audit Committee has the delegated authority from the Committee to pre-approve certain additional services, and such pre-approvals are communicated to the full Committee at its next meeting. During fiscal years 2013 and 2012, 100% of the services were pre-approved by the Audit Committee in accordance with this policy.

Vote Required

The affirmative vote of a majority of the votes cast will be required to ratify the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending September 27, 2014.

The Audit Committee and the Board recommends that Stockholders vote "FOR" the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending September 27, 2014.

PROPOSAL THREE **ADVISORY VOTE TO APPROVE EXECUTIVE OFFICER COMPENSATION**

At our Annual Meeting in March 2011, our stockholders indicated that they would like to have an annual advisory vote on executive compensation. Accordingly, our Board of Directors proposes that stockholders provide advisory (non-binding) approval of the compensation of our named executive officers, as disclosed pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Fiscal 2013 Summary Compensation Table and related tables and disclosure.

As described in our Compensation Discussion and Analysis, we have adopted an executive compensation philosophy designed to provide alignment between executive pay and performance and to focus executives on making decisions that enhance our stockholder value in both the short and long term. Executives are compensated in a manner consistent with Coherent's strategy, competitive practices, stockholder interest alignment, and evolving compensation governance standards.

Vote Required

Under our bylaws the affirmative vote of the holders of a majority of the votes cast is required to approve the compensation of our named executive officers disclosed in this proxy statement. The vote is an advisory vote, and therefore not binding. Our Board of Directors values the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and the Compensation and H.R. Committee will evaluate whether any actions are necessary to address those concerns.

Recommendation

The Board of Directors unanimously recommends that Stockholders vote "FOR" the approval of our Executive Officer Compensation disclosed in this proxy statement.

Section 16(a) of the Securities Exchange Act of 1934 (the "Exchange Act") requires our officers and directors, and persons who own more than ten percent of a registered class of our equity securities to file reports of ownership and changes in ownership with the SEC. Such officers, directors and ten-percent stockholders are also required by SEC rules to furnish us with copies of all forms that they file pursuant to Section 16(a). Based solely on our review of the copies of such forms received by us, and on written representations from certain reporting persons that no other reports were required for such persons, we believe that, during fiscal 2013, our officers, directors and, to our knowledge, greater than ten percent stockholders complied with all applicable Section 16(a) filing requirements.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

In this section, we describe the material components of our executive compensation program for our "Named Executive Officers" or "NEOs":

Name	Title
John R. Ambroseo	President and Chief Executive Officer
Helene Simonet	Executive Vice President and Chief Financial Officer
Mark Sobey	Executive Vice President and General Manager, Specialty Laser Systems
Paul Sechrist	Executive Vice President, Worldwide Sales and Service
Bret DiMarco	Executive Vice President, General Counsel and Corporate Secretary

We also provide an overview of our executive compensation philosophy, principal compensation policies and practices by which the Compensation and H.R. Committee arrives at its decisions regarding NEO compensation.

Stockholder Feedback

The committee carefully considers feedback from our stockholders regarding our executive compensation program, including the results of our annual advisory vote on executive compensation, which (as seen below) has historically been strongly supported by our stockholders. All stockholders are invited to express their views to the committee as described in this proxy under the heading "Stockholder Communication with the Board of Directors." We strongly urge our stockholders to read this Compensation Discussion and Analysis in conjunction with the advisory vote under Proposal Three.

Executive Summary

Our Business

Founded in 1966, we are a world leader in providing photonics based solutions to the commercial and scientific research markets. Our common stock is listed on the NASDAQ Global Select Market and is part of the Russell 2000 and Standard & Poor's SmallCap 600 Index. For more information about our business, please read "Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" sections in our Annual Report on Form 10-K filed with SEC on November 27, 2013.

Selected Business Highlights

Fiscal 2013 saw Coherent maintain its strong financial performance. This financial performance allowed us to continue to invest in the development of new technologies and to prudently return money to our stockholders through a one-time \$24 million special dividend. These results, however, did not fully meet the performance requirements under our executive compensation programs and you will see in the coming pages that our executive variable cash compensation program had a significantly lower payout than targeted.

Set forth below are tables reflecting several performance metrics from the last three fiscal years.

Our revenue decreased 4% from fiscal 2011 to fiscal 2012 and grew 5% from fiscal 2012 to fiscal 2013 (dollars in millions):

Our pro forma EBITDA% decreased from 19.5% to 18.4% from fiscal 2011 to fiscal 2012 and decreased to 17.8% in fiscal 2013:

Our non-GAAP earnings per share declined 11% from fiscal 2011 to fiscal 2012 and grew 9% from fiscal 2012 to fiscal 2013:

For a reconciliation table of earnings per share on a GAAP basis and EBITDA % to net income as a percentage of revenue, please refer to the "Reconciliation Table" at the end of this section.

Compensation Overview

Compensation Philosophy. Our approach to compensating our executives is to tie total compensation to stockholder value by our results of operations and the comparative performance of our stock price. This approach provides strong alignment between executive pay and performance and focuses executives on making decisions that enhance our stockholder value in both the short and long-term. We design our executive compensation program to achieve the following goals:

Pay for Performance, with both short and long-term measurements A significant portion of the annual compensation of our executives is designed to vary with annual business performance and the relative performance of Coherent's trading price in comparison to the Russell 2000 Index.

Tie compensation to performance of the core business Our fiscal 2013 annual cash bonus plan was dependent upon Coherent's achievement against two thresholds: adjusted EBITDA dollars and revenue. The committee felt these were the most effective metrics for tying management's compensation directly to Coherent's core operating results.

Retain and Hire Talented Executives Executives should have market competitive compensation and the committee positions the midpoint of our target total compensation ranges near the 50th percentile of our peer group (as noted below), with actual compensation falling above or below depending upon Coherent's financial performance.

Align compensation with stockholder interests Our stockholders benefit from continued strong operating performance by the Company and the committee believes that having a significant portion of compensation tied to equity with **both** time and performance-based vesting requirements directly aligns management to stockholder returns. Grants of performance-based RSUs in fiscal 2013 have a single vesting date three years from grant solely dependent upon the performance of Coherent's common stock price measured against the Russell 2000 Index. For each 1% Coherent's common stock exceeds the performance of the Russell 2000 Index for the trailing 90 trading days from the vesting measurement date against the comparable period from the date of grant, the grant recipient will get a 2% increase in the number of shares above target (up to a maximum cap), and for each 1% below the Russell 2000 Index's performance, a 2% decrease in the number of shares (down to zero). The maximum achievable amounts under the performance-based RSUs make up the largest potential portion of the equity grants for our chief executive officer.

Elements of Executive Compensation. During fiscal 2013, the compensation of our NEOs primarily consisted of (A) base salary, (B) participation in our annual variable cash incentive plan (referred to below as our "cash bonus plan" or "VCP"), and (C) long-term equity incentive awards divided between time-based RSUs and performance-based RSUs. For fiscal 2013, on average, approximately 78% of our NEO's target compensation and approximately 86% of our CEO's target compensation was delivered in the form of variable annual cash bonus plan and long-term equity incentives.

As a demonstration of how closely executive cash compensation is tied to company performance, the cash pay mix for our chief executive officer during fiscal 2013 *at target, maximum and actual* can be illustrated as follows (*) (dollars in thousands):

You will note that our CEO's cash compensation was significantly below target since the Company did not fully meet the performance criteria under our annual variable cash compensation plan.

Compensation Governance. "Pay for performance" has been and remains at the core of Coherent's executive compensation coupled with appropriately managing risk and aligning our compensation programs with long-term stockholder interests. We accomplish this primarily by having a majority of the NEOs' potential compensation being "at risk" through a combination of (i) a fiscal year variable cash bonus program tied to achievement of operating metrics and (ii) equity grant vesting tied to achievement of a performance metric. The committee monitors and considers evolving governance approaches and standards in executive compensation.

As more fully discussed below, recent examples of how this philosophy is applied and changes made pursuant to compensation practices as well as governance practices in effect during fiscal 2013, include:

In fiscal 2013, the payouts of our annual cash bonus plan to our NEOs were approximately 38% as compared to target;

As a result of the performance criteria of our annual cash bonus plan, in fiscal 2012 the payouts to our NEOs were approximately 19.9% as compared to target, including no payout in the second half of the year due to a failure to meet the threshold conditions;

We have a claw-back policy for our Chief Executive Officer and Chief Financial Officer in certain circumstances;

We have minimum share ownership requirements for our Chief Executive Officer and members of the Board of Directors;

Our performance-based RSU program is measured by the Company's stock price achievement against the Russell 2000, which the committee believes is a direct connection to total stockholder return;

Our performance-based RSU grants to our NEOs when measured in fiscal 2013 for performance achievement vested below target;

The committee is composed entirely of directors who satisfy the standards of independence in Coherent's Corporate Governance Guidelines and NASDAQ listing standards;

Executive incentive compensation programs include limits on maximum payouts to contain the risk of excessive payouts;

Table of Contents

Our change-of-control plan provides for payment only in "double-trigger" circumstances-namely a change-of-control coupled with a termination of employment; and

None of our executive officers have employment contracts.

Our stockholders recognized our corporate governance and executive compensation structure by overwhelmingly approving our "say on pay" advisory votes in each of the last three years (with abstentions significantly out-numbering "no" votes in two of the past three years):

In 2011, voting 19,684,002 shares (92%) in favor compared to only 591,602 shares (3%) against, with 1,204,275 shares (5%) abstaining;

In 2012, voting 20,764,535 shares (99%) in favor compared to only 187,670 shares (1%) against, with 24,577 shares (0%) abstaining;

In 2013, voting 18,999,148 shares (88%) in favor compared to only 1,137,010 shares (5%) against, with 1,439,307 (7%) abstaining.

Role of Management

The committee regularly meets with Mr. Ambroseo, our Chief Executive Officer, to obtain recommendations with respect to the compensation programs, practices and packages for our Named Executive Officers other than Mr. Ambroseo. Additionally, Ms. Simonet, our Executive Vice President and Chief Financial Officer, Mr. DiMarco, our Executive Vice President and General Counsel and members of our human resources department are regularly invited to meetings of the committee or otherwise asked to assist the committee.

The assistance of these individuals include providing financial information and analysis for the committee and its compensation consultant, taking minutes of the meeting or providing legal advice, developing compensation proposals for consideration, and providing insights regarding our employees (executive and otherwise) and the business context for the committee's decisions. Named Executive Officers will attend portions of committee meetings when requested, but leave the meetings when matters potentially affecting them are discussed.

The committee makes decisions regarding Mr. Ambroseo's compensation without him present.

Role of the Committee's Compensation Consultant

The committee is committed to utilizing the services of an independent compensation consultant and in fiscal 2013, engaged Compensia as its independent compensation consultant. Compensia assisted the committee by:

Reviewing and analyzing our executive compensation program; and

Providing market data and ranges for fiscal 2013 compensation.

Additionally, in fiscal 2013, Compensia was retained by the Governance and Nominating Committee to review, analyze and make recommendations regarding compensation for service on the Board of Directors and its committees.

The independent compensation consultant serves at the discretion of the committee and is not permitted to do other work for Coherent unless expressly authorized by the committee. Since retention, Compensia has not performed any work for Coherent other than its work with the committee, the Board of Directors or other committees of the Board of Directors. The committee is focused on maintaining the independence of its compensation consultant and, accordingly, does not anticipate having its consultant perform any other work for the Company in addition to its direct work for the committee or the Board. The committee has assessed the independence of Compensia and concluded that no conflict of interest exists.

We also participate in and maintain a subscription to the Radford Global Technology Survey. This survey provides benchmark data and compensation practices reports to assist us with regards to employee compensation generally.

Pay Positioning Strategy and Benchmarking of Compensation

Philosophically the committee initially orients the midpoint of our target total compensation ranges for our NEOs generally near the 50th percentile of our peers, resulting in targeted total compensation that is competitive for performance that meets the objectives established by the committee. A Named Executive Officer's actual salary, cash incentive compensation opportunity and equity compensation grant value may fall below or above the target position based on the individual's experience, seniority, skills, knowledge, performance and contributions. These factors are weighed individually by the committee in its judgment, and no single factor takes precedence over others nor is any formula used in making these decisions. For fiscal 2013 compensation of the Chief Executive Officer, based on the Company's performance and the structure of his equity grant being two-thirds solely performance-based (i.e. no shares will vest unless the threshold performance criteria is met), the committee asked Compensia to provide information at the 50th and 75th percentile and oriented his compensation target closer to the 75th percentile.

The Chief Executive Officer's review of the performance of the other Named Executive Officers is considered by the committee in making individual pay decisions. With respect to the Chief Executive Officer, the committee additionally considered the performance of Coherent as a whole and the views of the Board of Directors regarding the Chief Executive Officer's performance. Actual realized pay is higher or lower than the targeted amounts for each individual based primarily on the Company's performance.

In analyzing our executive compensation program relative to this target market positioning, the committee reviews information provided by its independent compensation consultant, which includes an analysis of data from peer companies' proxy filings with respect to similarly situated individuals at the peer companies and the Radford Global Technology Survey, which is a broad cross-section of technology companies of similar size to Coherent. It is important to note that these are the peers selected by the committee. The committee uses criteria as described below in determining the appropriate group. There are proxy advisory services which use their own criteria to select peers for the Company and, accordingly, stockholders should be aware that these advisory services do not, in fact, follow the same methodology of the committee and there may be wide variances between the different peer groups used by these

Table of Contents

services. Any comparison of company performance or market data for executive compensation using a completely different peer group will, therefore, naturally result in a different analysis. We encourage our stockholders to consider the peer group used in any comparisons and direct any questions to the committee regarding such comparisons or any other matters when considering how to vote on Proposal Three.

For pay decisions made in fiscal 2013, after consulting with our independent compensation consultant, the committee determined that the following companies comprise the peer group for fiscal 2013:

Cabet Microelectronics (CCMP)	Infinera (INFN)
Cymer Inc. (CYMI)	JDS Uniphase (JDSU)
Emulex (ELX)	MKS Instruments (MKSI)
Entegris (ENTG)	National Instruments (NATI)
FEI Company (FEIC)	Newport Corporation (NEWP)
Finisar Corp. (FNSR)	Plantronics (PLT)
FLIR Systems, Inc. (FLIR)	PMC-Sierra, Inc. (PMCS)
Harmonic (HLIT)	Polycom (PLCM)

The committee made the following changes to the group of peer companies from fiscal 2012 primarily as a result of filtering such companies through the selection criteria noted below:

Removed: Integrated Device Technology, Novellus Systems, Opnext, Inc. and Trimble Navigation.

Added: For fiscal 2013, no new peer group companies were added.

Several factors are considered in selecting the peer group, the most important of which are:

Primary Criteria

Industry (primarily companies in the Electronic Equipment and Semiconductor sub-industry classifications defined by the Global Industry Classification Standard (GICS) system);

Revenue level (primarily companies with annual revenues between 0.5x-2.0x that of Coherent);

Secondary Criteria

Annual revenue growth of greater than 5%;

Market capitalization between 0.5 and 2.0x of Coherent; and

Market capitalization as a multiple of revenues of greater than 1.5x.

The committee reviews the composition of the peer group annually to ensure it is the most relevant set of companies to use for comparison purposes.

Components of Our Executive Compensation Program

The principal components of our executive officer compensation and employment arrangements during fiscal 2013 included:

Base salary;

Variable cash bonus program;

Equity awards; and

Other benefits.

These components were selected because the committee believes that a combination of salary, incentive pay and benefits is necessary to help us attract and retain the executive talent on which Coherent's success depends. The following table shows *at target* the components of total direct compensation for our named executive officers as a group for fiscal 2013.

Base Salary

Base salary is the foundation to providing an appropriate total direct compensation package. We use base salary to fairly and competitively compensate our executives for the jobs we ask them to perform. This is the most stable component of our executive compensation program, as this amount is not at risk. The committee reviewed market data information provided by Compensia with respect to similarly situated individuals to assist it in determining the base salary for each Named Executive Officer, depending upon the particular executive's experience and historical performance. There were no increases to salary in fiscal 2012 for any of our Named Executive Officers. In fiscal 2013, only one of our Named Executive officers, Mr. Sechrist, received a salary increase based on the market data reviewed by the committee.

Table of Contents**Variable Cash Incentive Compensation**

A substantial portion of each individual's potential short-term compensation is in the form of variable incentive pay tied to committee-established goals. In fiscal 2013, Coherent maintained one incentive cash program under which executive officers were eligible to receive bonuses, the 2013 Variable Compensation Plan ("2013 VCP").

2013 VCP

The 2013 VCP was designed as an "at risk" bonus compensation program to promote a focus on Coherent's growth and profitability. It provided incentive compensation opportunity in line with targeted market rates to our Named Executive Officers. Under the 2013 VCP, participants were eligible to receive bi-annual bonuses (with measurement periods for the first half and the second half of the 2013 fiscal year). In setting the performance goals at the beginning of the fiscal year, the committee assessed the anticipated difficulty and importance to the success of Coherent of achieving the performance goals.

The actual awards (if any) payable for each semi-annual period varied depending on the extent to which actual performance met, exceeded or fell short of the goals approved by the committee. The 2013 VCP goals were tied to Coherent achieving varying levels of adjusted EBITDA dollars ("adjusted EBITDA \$"), **with a requirement of achieving two thresholds for each payment period:** (1) at least 80% of the Board-approved budgeted revenue and (2) a minimum of a certain adjusted EBITDA \$, without giving effect to any 2013 VCP payments. Adjusted EBITDA was defined as earnings before interest, taxes, depreciation, amortization and certain other non-operating income and expense items and other items, such as the fiscal impact of stock option expensing under Financial Accounting Standards Board, or FASB, Accounting Standards Codification, or ASC 718, amounts earned under the 2013 VCP, impairment or restructuring charges, and the impact of acquisitions made during the fiscal year.

Each measurement period had the same range of between zero and 200%, with target at 100% of the executive's participation rate.

Table of Contents**Equity Awards**

We believe that equity awards provide a strong alignment between the interests of our executives and our stockholders. We seek to provide equity award opportunities that are consistent with our compensation philosophy, with the potential for increase for exceptional financial performance, consistent with the reasonable management of overall equity compensation expense and stockholder dilution. Finally, we believe that long-term equity awards are an essential tool in promoting executive retention. For fiscal 2013, our long-term incentive program included the grant of time-based RSUs and performance-based RSUs. These components provide a reward for past corporate and individual performance and as an incentive for future performance. Our performance-based RSUs grants are tied to the Company's performance and, as a result, may fluctuate from no vesting to vesting which is above target. When making its compensation decisions, the committee reviews a compensation overview prepared by its independent compensation consultant which reflects potential realizable value under current short and long-term compensation arrangements for each Named Executive Officer.

Fiscal 2013 Equity Grants

For fiscal 2013, the committee determined to base the equity program on a combination of time-based and performance-based RSUs. In particular, the committee determined to measure achievement for the performance grants by the relative performance of Coherent's stock price in comparison to the Russell 2000 Index. The committee believed that using the Russell 2000 Index (in which Coherent is a member) as a proxy of total stockholder return directly aligns executive compensation with stockholder interest. The committee determined that both the performance-based and time-based RSU grants provide a further retention tool in that the time-based grants vest over two years with pro rata annual vesting and, for the performance-based grants, a single measurement period three years from the date of grant with three-year cliff vesting shortly thereafter if such grants vest at all since such grants vest purely based on performance.

Performance-based RSU grants in fiscal 2013 vest solely dependent upon the performance of Coherent's common stock price measured against the Russell 2000 Index. For each 1% Coherent's common stock exceeds the performance of the Russell 2000 Index for the trailing 90 trading days from the vesting measurement date against the comparable period from the date of grant, the grant recipient will get a 2% increase in the number of shares above target (up to a maximum cap), and for each 1% below the Russell 2000 Index's performance, a 2% decrease in the number of shares (down to zero). The maximum achievable amounts under the performance-based RSUs make up the largest potential portion of the equity grants for our Chief Executive Officer. The following table summarizes some of the key attributions of our 2013 equity grants:

For our Chief Executive Officer, our goal is that at the end of three years, he will receive *greater than half* of his total equity awards *in performance-based* equity awards at target achievement. Accordingly, for our Chief Executive Officer, at target, approximately 66% of his equity awards are performance-based and at maximum achievement that percentage increases to approximately 80%.

In the event of a change of control of the Company, the performance-based grants will be measured, with respect to performance periods not yet completed, by the relative stock performance of Coherent in comparison to the Russell 2000 Index through the date of the change of control and such performance-based shares would, subject to the terms of the Change of Control Severance Plan, then convert to time-based vesting with a single vesting date at the three year anniversary of the grant.

The following chart shows the *aggregate composition of equity grants* for fiscal 2013 to our Chief Executive Officer assuming the *maximum* achievement under the performance-based grants:

Table of Contents

The following tables reflect the equity grants to the Named Executive Officers during the first quarter of fiscal 2013:

Named Executive Officer	Time-Based	Performance-Based	Performance-Based
	RSU Grants	RSU Grants at Target	RSU Grants Range
John Ambroseo	24,000	47,000	0 94,000
Helene Simonet	11,100	5,500	0 11,000
Mark Sobey	10,400	5,200	0 10,400
Paul Sechrist	8,900	4,400	0 8,800
Bret DiMarco	7,400	3,700	0 7,400

Equity Award Practices

Equity grants to our employees are driven by our annual review process. Grant guidelines are based on competitive market practices. Typically, an eligible employee is granted equity at the first committee meeting after beginning employment and may be eligible for periodic grants thereafter. Eligibility for and the size of grants are influenced by the then-current guidelines for non-executive officer grants and the individual's performance or particular requirements at the time of hire.

In fiscal 2013 the committee granted an aggregate of 446,604 shares subject to time-based and performance-based restricted stock units (*at maximum*), representing approximately 1.83% of Coherent's outstanding common stock as of September 28, 2013 (excluding automatic and initial grants to directors). The committee did not grant any stock options during fiscal 2013 to employees. With the assistance of Compensia, the committee has reviewed this burn rate relative to peer practices and guidance from Institutional Shareholder Services (ISS) and found that the total dilution was consistent with the median of peer practices and complied with ISS guidelines.

During fiscal 2013 equity grants were only made at meetings of the committee.

Chief Executive Officer Minimum Stock Ownership Guidelines

During fiscal 2012, the committee adopted mandatory stock ownership guidelines for our Chief Executive Officer. Our guidelines require that the Chief Executive Officer hold shares with a value of at least three times base salary, without counting vested or unvested option grants or unvested grants of RSUs. Compliance is measured as of the date of each year's annual meeting based on the stock price of the shares as of the date of their acquisition. In the event that our Chief Executive Officer does not satisfy the minimum requirements, then 25% of the net after-tax shares (e.g. exercised options/shares received on the vesting of RSUs) must be held until the guidelines are met. As of December 31, 2013, Mr. Ambroseo held stock worth approximately 18 times his base salary and, accordingly, significantly exceeded the minimum stock ownership guideline.

Other Benefits**Retirement Plans**

Executive officers are eligible to participate in our 401(k) Retirement Plan on the same terms as all other U.S. employees, including a 4% Company matching contribution. Our 401(k) Retirement Plan is a tax-qualified plan and therefore is subject to certain Internal Revenue Code limitations on the dollar amounts of deferrals and Company contributions that can be made to plan accounts. These limitations apply to our more highly-compensated employees (including the Named Executive Officers).

We maintain a Deferred Compensation Plan for certain employees and members of the Board. The Deferred Compensation Plan permits eligible participants to defer receipt of compensation pursuant to the terms of the plan. The Deferred Compensation Plan permits participants to contribute, on a pre-tax basis, up to 75% of their base salary earnings, up to 100% of their bonus pay and commissions and up to 100% of directors' annual retainer earned in the upcoming plan year. We provide no matching or other additional contributions to such Deferred Compensation Plan. Plan participants may invest deferrals in a variety of different deemed investment options. To preserve the tax-deferred status of deferred compensation plans, the IRS requires that the available investment alternatives be "deemed investments." Participants do not have an ownership interest in the funds they select; the funds are only used to measure the gains or losses that are attributed to the participant's deferral account over time.

The committee considers the Deferred Compensation Plan to be a reasonable and appropriate program because it promotes executive officer retention by offering a deferred compensation plan that is comparable to and competitive with what is offered by our peer group of companies.

Employee Stock Purchase Plan

Our stockholders have approved an employee stock purchase plan whereby employees can purchase shares for a discount, subject to various participation limitations. As employees, our Named Executive Officers are eligible to participate in this plan.

Severance and Change of Control Arrangements

Our Change of Control Severance Plan (the "Change of Control Plan") provides certain benefits in the event of a change of control of Coherent for certain executives, including each of our Named Executive Officers. Benefits are provided if there is a change in ownership of Coherent, a change in effective control of Coherent, or a change in ownership of a substantial portion of Coherent's assets (in each case as construed under Section 409A of the Internal Revenue Code and the regulations thereunder)(a "change of control") **and** within two years thereafter (or within two months prior thereto) the participant's employment is terminated without cause or is voluntarily terminated following a constructive termination event. The committee believes the Change of Control Plan serves as an important retention tool in the event of a pending change of control transaction.

The Change of Control Plan was amended and restated in the first quarter of fiscal 2013. Among the amendments made to the plan in fiscal 2013 were: eliminating outplacement assistance and adding a

Table of Contents

time-limited protection against terminations made in anticipation of a change of control as well as changes to the definition of "Good Reason."

The committee reviews the provisions of the Change of Control Plan at a minimum every two years at or immediately prior to the termination of the plan. The committee believes that reviewing the Change of Control Plan every two years allows for the right balance in providing certainty for the participants while providing the committee with the opportunity to revise the plan consistent with corporate governance best practices, evolving peer group practices and regulatory changes.

The committee does not consider the potential payments and benefits under these arrangements when making compensation decisions for our NEOs. These arrangements serve specific purposes unrelated to the determination of the NEOs' total direct compensation for a specific year.

Tax and Accounting Considerations

Accounting for Stock-Based Compensation We account for stock-based compensation in accordance with the requirements of ASC 718. We also take into consideration ASC 718 and other generally accepted accounting principles in determining changes to policies and practices for our stock-based compensation programs.

Section 162(m) of the Internal Revenue Code This section limits the deductibility of compensation for our Chief Executive Officer and our four other most highly compensated Named Executive Officers unless the compensation is less than \$1 million during any fiscal year or is "performance-based" under Section 162(m). Our 2001 Stock Plan and 2011 Plan are designed to permit option grants and certain performance-based full value awards thereunder to be fully tax-deductible. Cash compensation (*including both base salary and payments under our 2013 VCP*) and time-based full-value awards are not qualified as "performance-based" compensation under Section 162(m). We may from time to time pay compensation to our executive officers (including under our VCP) that may not be deductible when, for example, we believe that such compensation is appropriate and in the best interests of the stockholders after taking various factors into consideration, including business conditions and the performance of such executive officer.

Section 409A of the Internal Revenue Code Section 409A imposes additional significant taxes in the event that an executive officer, director or service provider received "deferred compensation" that does not satisfy the requirements of Section 409A. We consider Section 409A in the design and operation of any plans.

Other Compensation Policies

To further align our executive compensation program with the interests of our stockholders, at the end of fiscal 2009, a committee of the Board approved a recoupment policy. The recoupment policy provides that, in the event that there is an accounting restatement and there is a finding by the Board that such restatement was due to the gross recklessness or intentional misconduct of the Chief Executive Officer or Chief Financial Officer and it caused material noncompliance with any financial reporting requirement, then Coherent shall seek disgorgement of any portion of the bonus or other incentive or equity based compensation related to such accounting restatement received by such individual during the 12-month period following the originally filed financial document. Under our Insider Trading Policy, no employees or directors are allowed to hedge or pledge Coherent securities.

Compensation Committee Interlocks and Insider Participation

During fiscal 2013, the Compensation and H.R. Committee of the Board consisted of Messrs. Vij (Chair), Krause, Flatley, and until January 1, 2013, Tomlinson. None of the members of the committee has been or is an officer or employee of Coherent. None of our executive officers serve on the board of directors or compensation committee of a company that has an executive officer that serves on our Board or Compensation and H.R. Committee. No member of our Board is an executive officer of a company in which one of our executive officers serves as a member of the board of directors or compensation committee of that company.

Committee Independence

Each of the members of the committee qualifies as (i) an "independent director" under the requirements of The NASDAQ Stock Market, (ii) a "non-employee director" under Rule 16b-3 of the Securities Exchange Act of 1934 (the "1934 Act"), (iii) an "outside director" under

Section 162(m) of the Code and (iv) an "independent outside director" as that term is defined by ISS.

Table of Contents**Compensation and H.R. Committee Report**

The Compensation and H.R. Committee of the Board has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation and H.R. Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

(1) Reflects the dollar amount of salary earned in fiscal year 2013.

(2) Amounts shown reflect the grant date fair value of awards granted in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 718. Reflects unvested time-based and performance-based restricted stock units; there is no guaranty that the recipients will ultimately receive this amount, or any amount. No stock options were granted to the named executive officers in fiscal years 2011, 2012 and 2013.

(3) Reflects the dollar amounts earned under the Variable Compensation Plan (VCP) during fiscal 2013, fiscal 2012 and fiscal 2011.

(4) As previously noted, effective January 1, 2011, the Compensation and H.R. Committee announced the elimination and phasing out of executive perquisites. Prior to its elimination, the automobile benefit was administered by the Company on a December-to-November calendar year basis, which was different than the Company's fiscal year. Because of this difference, even though Mr. Ambroseo did not receive an automobile benefit during fiscal 2013, consistent with the past reporting practice of determining the benefit amount as of each November, we included \$8,083 for Mr. Ambroseo under "All Other Compensation" for fiscal 2013 with respect to the phased out automobile benefit. No other "perquisites" are included for any named executive officers in the summary compensation table for fiscal 2013. Executives continue to receive certain "other compensation" other than perquisites, such as the regular Company-provided employee 401(k) Plan contribution match (subject to applicable IRS rule limitations). During fiscal 2013, the named executive officers received the following contribution matches: Ambroseo (\$10,192), Simonet (\$11,246), Sobey (\$10,200), Sechrist (\$9,408) and DiMarco (\$11,723). During fiscal 2013, we discovered that we had historically over-imputed income on the value of Company-provided life insurance to certain employees, including each of the named executive officers. Accordingly, in fiscal 2013 we made a one-time payment to these employees representing our estimate of the resulting impact on each individual (the "One-Time Payment"). The One-Time Payments are included under "All Other Compensation" for fiscal 2013 for each of our Named Executive Officers as follows: Ambroseo (\$10,038), Simonet (\$7,820), Sobey (\$1,136), Sechrist (\$452) and DiMarco (\$584).

Reflects the dollar amount recognized for financial statement reporting purposes (disregarding an estimate of forfeitures related to service-based vesting conditions) for fiscal 2013 in accordance with ASC 718, and includes grants made in fiscal 2013. The assumptions used in the valuation of these awards are set forth in Note 14 "Employee Stock Option and Benefits Plans" of the Financial Statements in the Annual Report on Form 10-K. For informational purposes, if the maximum level of performance for the PRSU awards was achieved, the value, calculated by multiplying the closing price of the Company's common stock on the date of grant by the number of shares issuable upon achievement of the maximum level of performance under the PRSU, is \$4,557,120, \$533,280, \$504,192, \$426,624 and \$358,752, for Mr. Ambroseo, Ms. Simonet, Mr. Sobey, Mr. Sechrist and Mr. DiMarco, respectively. These amounts do not correspond to the actual value, if any, that will be recognized by the Named Executive Officers. See "Compensation Discussion and Analysis-Equity Awards" for a description of the PRSUs.

(1) Amounts in this column consist of salary and/or bonus earned by the individual during fiscal year 2013, which is also reported in the Summary Compensation Table.

(2) Deferred Compensation company contributions were terminated on December 31, 2010.

(3) The deferred compensation in a participant's account is fully vested and is credited with positive or negative investment results based upon plan investment options selected by the participant.

(4) Amounts represent account balances and earnings from the Supplementary Retirement Plan (SRP) which was suspended on December 31, 2004. Deferrals (both executive and company) into this plan have been suspended. The Deferred Compensation Plan is the only non-qualified deferred compensation plan available for executive management.

Table of Contents**Potential Payments upon Termination or Change of Control**

The following table shows the potential payments and benefits that we (or our successor) would be obligated to make or provide upon termination of employment of each our Named Executive Officers pursuant to the terms of the Change of Control Severance Plan. Other than this plan, there are no other executive employment agreements or other contractual obligations triggered upon a change of control. For purposes of this table, it is assumed that each Named Executive Officer's employment terminated at the close of business on September 27, 2013 (the last business day before the end of our fiscal year end on September 28, 2013). These payments are conditioned upon the execution of a form release of claims by the Named Executive Officer in favor of us. The amounts reported below do not include the nonqualified deferred compensation distributions that would be made to the Named Executive Officers following a termination of employment (for those amounts and descriptions, see the prior table). There can be no assurance that a triggering event would produce the same or similar results as those estimated below if such event occurs on any other date or at any other price, or if any other assumption used to estimate potential payments and benefits is not correct. Due to the number of factors that affect the nature and amount of any potential payments or benefits, any actual payments and benefits may be different. These are aggregate payments and do not reflect such individual's net after tax benefit. No officer is entitled to any "gross up" to offset the impact of IRS Code Section 280G.

(1)

Equity Compensation Acceleration is the in-the-money value of unvested stock options, time-based restricted stock units and performance-based restricted stock units, in each case as of September 27, 2013 at the closing stock price on that date (\$61.32). The value of accelerated stock options are thus calculated by multiplying the number of unvested shares subject to acceleration by the difference between the exercise price and the closing stock price on September 27, 2013; the value of accelerated restricted stock is calculated by multiplying the number of unvested shares subject to acceleration by the closing stock price on September 27, 2013. This assumes immediate release and vesting of the performance-based restricted stock units at the maximum, or 200% of target, achievement. The amounts reflected for Equity Compensation Acceleration do not reflect any applicable taxes, just gross proceeds. Since the table assumes a triggering event on September 27, 2013, only those stock options and restricted stock/RSU grants outstanding as of that date are included in the table.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee is responsible for overseeing our accounting and financial reporting processes and audits of our financial statements. As set forth in its charter, the Audit Committee acts only in an oversight capacity and relies on the work and assurances of both management, which has primary responsibilities for our financial statements and reports, as well as the independent registered public accounting firm that is responsible for expressing an opinion on the conformity of our audited financial statements to generally accepted accounting principles.

The Audit Committee met thirteen (13) times either in person or by telephone during fiscal 2013. In the course of these meetings, the Audit Committee met with management, the internal auditors and our independent registered public accounting firm and reviewed the results of the internal and external audit examinations, evaluations of our internal controls and the overall quality of our financial reporting.

The Audit Committee believes that a candid, substantive and focused dialogue with the internal auditors and the independent registered public accounting firm is fundamental to the Audit Committee's oversight responsibilities. To support this belief, the Audit Committee periodically meets separately with the internal auditors and the independent auditors, without management present. In the course of its discussions in these meetings, the Audit Committee asked a number of questions intended to bring to light any areas of potential concern related to our financial reporting and internal controls. These questions include:

Are there any significant accounting judgments, estimates or adjustments made by management in preparing the financial statements that would have been made differently had the auditors themselves prepared and been responsible for the financial statements;

Based on the auditors' experience, and their knowledge of our business, do our financial statements fairly present to investors, with clarity and completeness, our financial position and performance for the reporting period in accordance with generally accepted accounting principles and SEC disclosure requirements;

Based on the auditors' experience, and their knowledge of our business, have we implemented internal controls and internal audit procedures that are appropriate for our business.

The Audit Committee approved the engagement of Deloitte & Touche LLP as our independent registered public accounting firm for fiscal 2013 and reviewed with the internal auditors and independent registered public accounting firm their respective overall audit scope and plans. In approving Deloitte & Touche LLP, the Audit Committee considered the qualifications of Deloitte & Touche LLP and discussed with Deloitte & Touche LLP their independence, including a review of the audit and non-audit services provided by them to us. The Audit Committee also discussed with Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, (AICPA, *Professional Standards*, Vol. 1 AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T, and it received the written disclosures and the letter from Deloitte & Touche LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding Deloitte & Touche LLP's communications with Audit Committee concerning independence and has discussed Deloitte & Touche LLP's independence with Deloitte & Touche LLP.

Management has reviewed and discussed the audited financial statements for fiscal 2013 with the Audit Committee, including a discussion of the quality and acceptability of the financial reporting, the reasonableness of significant accounting judgments and estimates and the clarity of disclosures in the financial statements. In connection with this review and discussion, the Audit Committee asked a number of follow-up questions of management and the independent registered public accounting firm to help give the Audit Committee comfort in connection with its review.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the annual report on Form 10-K for the fiscal year ended September 28, 2013, for filing with the SEC.
