Letter to Shareholders

March 3, 2015

Dear shareholder

It is our pleasure to invite you to attend the Enbridge Inc. annual and special meeting of shareholders on May 6, 2015 at the Four Seasons Hotel, Aria Ballroom, in Toronto.

This meeting is your opportunity to vote on the items of business, hear about our performance over the past year and learn more about our plans for making sure Enbridge Inc. remains one of your most valued investments.

You will also be able to meet the Board of Directors and senior management and talk to other Enbridge Inc. shareholders.

This document includes a formal notice of the meeting and the management information circular, which explains what the meeting will cover, the voting process, governance and other important information, such as how we make our compensation decisions and why. The package you received also includes either a brief summary about Enbridge Inc. or our full 2014 annual report, if you asked us to send it to you.

It's important to vote. Please take some time to review this document and then vote your common shares, either by proxy or by attending the meeting in person.

Sincerely,

David A. Arledge
Chair, Board of Directors

Al Monaco
President & Chief Executive Officer

Management information circular

You have received this management information circular (*circular*) because you owned Enbridge common shares (*Enbridge shares* or *common shares*) at the close of business on March 12, 2015 (*record date*).

As a holder of Enbridge shares, you have the right to attend our annual and special meeting (*meeting*) of shareholders on May 6, 2015 and to vote your Enbridge shares. You can vote in person or by proxy, using the enclosed proxy form.

ABOUT THIS DOCUMENT

This circular is furnished in connection with the solicitation of proxies by and on behalf of the management of Enbridge for use at the meeting and any adjournment of the meeting.

This circular explains what the meeting will cover, the voting process and other important information you need to know, such as:

- the directors who have been nominated to our Board of Directors (*Board or Board of Directors*);
- the auditors;
- our governance practices; and
- 2014 compensation for our directors and named executive officers.

In this document, *you* and *your* mean holders of Enbridge shares. *We, us, our, company* and *Enbridge* mean Enbridge Inc.

All dollar amounts are in Canadian dollars (\$ or CA\$) unless stated otherwise. US\$ means United States of America (US) dollars.

This circular and proxy form will be mailed to shareholders on or close to March 26, 2015. Unless we state otherwise, information in this circular is as of March 3, 2015.

VOTING

It's important to vote your Enbridge shares. To encourage you to vote, Enbridge employees may contact you in person or by phone. We pay for the cost of soliciting your vote and our employees do not receive a commission or any other form of compensation for it.

ACCESSING DOCUMENTS

You will find important disclosure and governance documents on our website (www.enbridge.com), including our quarterly and annual management's discussion and analysis (*MD&A*) and financial statements and notes, 2014 annual report, annual information form for the year ended December 31, 2014 and this circular. Copies are also available free of charge from our Corporate Secretary by phone, fax or email:

T. 1.403.231.3900
F. 1.403.231.5929
email: corporatesecretary@enbridge.com

You can also find these and other documents on the System for Electronic Document Analysis and Retrieval (*SEDAR*) at www.sedar.com.

COMMUNICATING WITH THE BOARD

You can write to our Board or to individual directors by contacting our Corporate Secretary:

Tyler W. Robinson, Vice President & Corporate Secretary

1. About the meeting

WHAT THE MEETING WILL COVER

There will be six items of business:

Financial statements

Our audited consolidated financial statements for the year ended December 31, 2014 and the report of the auditors thereon will be placed before the meeting. You can download a copy of our 2014 annual report from our website (www.enbridge.com) if you did not receive a copy with this package, or you can request a copy from our Corporate Secretary.

Directors

You will elect directors to our Board of Directors for a term of one year. See page 7. You can read about the nominated directors, including their backgrounds, experience and the committees of the Board (*Board committees* or any one, a *committee*) they sit on, beginning on page 8.

Auditors

You will vote on reappointing our auditors. See page 18. Representatives of PricewaterhouseCoopers LLP (*PwC*) will be at the meeting to answer any questions. You can read about the services they provided in 2014 and the fees we paid them beginning on page 18.

Advance Notice By-Law

You will be asked to confirm Enbridge's By-Law No. 2, which sets out advance notice requirements for director nominations. See page 19.

Having a "say on pay" (advisory vote)

You may also vote on our approach to executive compensation. This is a non-binding advisory vote. See page 19.

Other business

As of the date of this circular, the Board and management are not aware of any other items of business to be brought before the meeting.

We need a quorum

We need a *quorum* to hold the meeting and transact business. This means the people attending the meeting must hold or represent by proxy at least 25% of the total number of issued and outstanding Enbridge shares.

Sending of materials

We are not using what is referred to as "notice-and-access" to send this circular and related materials to our shareholders for this meeting, nor are we sending these materials directly to non-objecting beneficial owners.

We are sending these materials directly to our registered shareholders and indirectly to all non-registered shareholders through their intermediaries. We will pay for an intermediary to deliver these materials and a voting instruction form to objecting beneficial owners.

WHO CAN ATTEND THE MEETING AND VOTE

Live audio webcast

We are broadcasting a live audio webcast of our 2015 meeting if you're unable to attend in person.

Be sure to check our website closer to the meeting date for details.

We will also post a recording of the meeting on our website after we hold it.

Edgar Filing: ENBRIDGE INC - Form 6-K

Our authorized share capital consists of an unlimited number of common shares and an unlimited number of preference shares, issuable in series. Preference shares do not have voting rights.

If you held common shares at the close of business on March 12, 2015 you are entitled and encouraged to attend the meeting or any adjournment, and vote your common shares. Each common share you hold represents one vote.

You must be registered to be admitted to the meeting.

Registration will take place outside of the Aria Ballroom at the Four Seasons Hotel, Toronto, Ontario, Canada, beginning at 12:30 p.m. EDT, one hour before the meeting begins. Registered shareholders who hold their shares in their own name in the form of a share certificate will be required to register with our registrar and transfer agent, CST

4 ENBRIDGE INC.

Trust Company. Beneficial shareholders who hold their shares through a broker, bank, trustee or nominee will be required to register with Broadridge Investor Communications Solutions. All shareholders should be prepared to present valid photo identification, such as a driver's license, passport or other government-issued identification. Cameras and recording devices will not be permitted in the meeting. For the safety and security of all those in attendance, all bags are subject to search and you may be required to check your bag prior to being admitted into the meeting.

Principal owners of common shares

As of March 3, 2015, there are 854,821,352 common shares issued and outstanding. There are also 18 series of preference shares issued and outstanding, none of which will be voting at the meeting.

The Board and management are not aware of any shareholder who directly or indirectly owns or exercises or directs control over more than 10% of our common shares.

HOW TO VOTE

You can attend the meeting and vote your common shares in person or you can vote by proxy.

Voting by proxy

Registered shareholders

You are a registered shareholder if you hold your common shares in your name (in such case, you have a physical share certificate).

Voting by proxy is the easiest way to vote. It means you are giving someone else the authority to attend the meeting and vote on your behalf (called your *proxyholder*).

Al Monaco (*President & Chief Executive Officer*) and David A. Arledge (*Chair of the Board or Chair*) have agreed to act as the *Enbridge proxyholders*. **If you appoint the Enbridge proxyholders but do not indicate on the enclosed proxy form how you want to vote your common shares, they will vote as the Board of Directors recommends:**

for electing the nominated directors;

for re-appointing the auditors;

for confirming By-Law No. 2; and

for the advisory vote on our approach to executive compensation.

You can appoint someone else to be your proxyholder. This person does not need to be a shareholder. To do so, do not check the names of the Enbridge proxyholders on your proxy form. Instead, check the second box and print the name of the person you want to act on your behalf. Make sure the person you're appointing knows that you have appointed them as your proxyholder and that he or she needs to attend the meeting. Your proxyholder will need to register with our transfer agent when they arrive at the meeting.

Proxyholders must vote your common shares according to your instructions, including on any ballot that may be called. If there are changes to the items of business or new items properly come before the meeting, a proxyholder can vote as he or she sees fit.

Registrar and transfer agent

The registrar and transfer agent for our common shares is CST Trust Company.

Methods of voting by proxy for registered shareholders

Edgar Filing: ENBRIDGE INC - Form 6-K

Registered shareholders who choose to vote by proxy can vote by mail, phone, fax or online. Choose the method you prefer and then carefully follow the voting instructions on the enclosed proxy form.

Proxy voting by mail or fax

If you are a registered shareholder, you can appoint a proxyholder by mail or fax by completing the enclosed proxy form, signing and dating it, and then sending it to CST Trust Company:

CST Trust Company
Attn: Proxy department
P.O. Box 721
Agincourt, Ontario, Canada M1S 0A1
Fax: 1.866.781.3111 (toll-free in North America; outside of North America: 1.416.368.2502)

2015 Management information circular 5

Proxy voting by telephone

If you are a registered shareholder, you can also appoint a proxyholder by telephone by calling 1.888.489.7352.

Proxy voting on the internet

If you are a registered shareholder, you can also appoint a proxyholder on the internet at www.cstvotemyproxy.com.

CST Trust Company must receive your instructions by 6 p.m. EDT on May 4, 2015 regardless of the voting method you choose. If the meeting is postponed or adjourned, your instructions must be received **by 6 p.m. EDT two business days before the meeting is reconvened.**

Non-registered shareholders

You are a non-registered (or *beneficial*) shareholder if your bank, trust company, securities broker, trustee or other financial institution (your *nominee*) holds your common shares for you in a nominee account. This means you do not have a physical share certificate but your common shares are recorded on the nominee's electronic system.

Only proxies deposited by registered shareholders can be recognized and acted upon at the meeting. If you are a beneficial shareholder, your nominee is considered to be the registered shareholder and you will need to follow the voting instructions provided by your nominee to ensure your Enbridge shares are voted in the manner you wish.

Each nominee has its own instructions, but you can generally vote by mail, phone, fax or online. Carefully follow the instructions on the voting information form in the package sent to you by your nominee. Your nominee needs enough time to receive your instructions and then send them to our transfer agent, and so it is important to complete the form promptly.

Voting in person

Voting in person gives you the opportunity to meet face to face with management and interact with our Board.

Registered shareholders

If you are a registered shareholder and want to attend the meeting and vote in person, do not complete or return the enclosed proxy form. When you arrive at the meeting, please let our representatives know you are a registered shareholder and they will direct you to the CST Trust Company table to register.

Non-registered shareholders

If you are a beneficial shareholder and you want to attend the meeting and vote in person, your nominee needs to appoint you as proxyholder. We do not have a record of the number of common shares you own or how many votes they represent because your common shares are held in a nominee account and are not registered in your name. Print your name on the voting instruction form you received from your nominee and carefully follow the instructions provided. Do not indicate your voting instructions. When you arrive at the meeting, please let our representatives know you are a beneficial shareholder and they will direct you to the Broadridge Investor Communications Solutions table to register.

Changing your vote

If you vote by proxy, you can revoke or change your voting instructions, but the process and timing is different depending on whether you are a registered or beneficial shareholder.

Registered shareholders

Hold common shares as both a registered and non-registered shareholder?

If some of your common shares are registered in your name and some are held by your nominee, you will need to follow two sets of voting instructions.

Please follow the instructions carefully. The voting process is different for registered and non-registered shareholders.

Changing your vote

You can change a vote you made by proxy by:

voting again by telephone or on the internet, or completing a new proxy form that is dated later than the proxy form previously submitted and mailing it or faxing it to CST Trust Company. Your new instructions will revoke your earlier instructions. **CST Trust Company must receive your new instructions by 6 p.m. EDT on May 4, 2015**

6 ENBRIDGE INC.

Edgar Filing: ENBRIDGE INC - Form 6-K

regardless of the voting method you choose. If the meeting is postponed or adjourned, **CST Trust Company must receive your new instructions by 6 p.m. EDT two business days before the meeting is reconvened.**

Revoking your vote

You can revoke your proxy by:

sending us notice in writing (from you or a person authorized to sign on your behalf). We must receive it **by 6 p.m. EDT on May 4, 2015, or by 6 p.m. EDT on the business day before the meeting is reconvened if it was postponed or adjourned.** Send your notice to the Corporate Secretary, Enbridge Inc., 3000, 425-1st Street S.W., Calgary, Alberta T2P 3L8 Fax: 1.403.231.5929;

giving your notice to the chair of the meeting before the start of the meeting. If you give the chair of the meeting your notice after the meeting has started, your revocation will apply only to the items of business that haven't already been voted on; or

in any other manner permitted by law.

If your common shares are owned by a corporation, your notice must be under a corporate seal or issued by an authorized officer of the corporation or its attorney.

Voting Results

We need a simple majority (at least 50% plus one vote) of all votes cast to elect the nominated directors, appoint the auditors, confirm By-Law No. 2 and approve our approach to executive compensation.

ELECTING OUR DIRECTORS

You will elect 11 directors to the Board at the meeting. Nine directors who were elected at last year's annual meeting of shareholders are standing for re-election to the Board. Marcel R. Coutu, who was appointed to the Board on July 28, 2014, and Rebecca B. Roberts, who was appointed to the Board on February 19, 2015 (effective March 15, 2015), are standing for election to the Board. Charles E. Shultz and J. Lorne Braithwaite are not standing for re-election, having reached the ages of 75 and 73, respectively, and will retire at the end of the meeting. David A. Leslie, who was re-elected at last year's annual meeting of shareholders, retired from the Board on November 6, 2014.

You can vote for all 11 of the nominated directors, vote for some and withhold your vote for others, or withhold your votes for all of them. Unless you instruct otherwise, the Enbridge proxyholders will vote for electing each of the nominated directors.

All of the directors are independent, except for Al Monaco, our President & Chief Executive Officer. There is no family relationship between any of the nominated directors. Shareholders elect directors to the Board for a term of one year, until the end of the next annual meeting.

Our policy on majority voting

If a director receives more *withheld* votes than *for* votes, he or she will resign, which resignation will be accepted, subject to extenuating circumstances. Within 90 days of the vote, the Board, on the recommendation of the Governance Committee, will announce its decision in a press release to accept or reject the resignation, and will include reasons for not accepting the resignation, if applicable. The director will not participate in any Board or Board committee deliberations on the matter. If the Board accepts the director's resignation, it can appoint a new director to fill the vacancy.

Board size

Our articles allow us to have up to 15 directors. The Board believes that 11 directors provide the skills and experience we need to make decisions effectively and meets the needs of the standing Board committees. The Board has the ability to appoint additional directors between shareholder meetings and may do so for a number of reasons, including for Board succession planning purposes. In such cases, shareholders will have the right to vote for or withhold their votes from such interim directors at the next annual meeting of shareholders.

Director profiles

The profiles that follow provide information about the nominated directors, including their backgrounds, experience, current directorships, securities held and the Board committees they sit on. Additional information regarding skills and experience of our directors can be found beginning on page 16.

3. Ms. Kempston-Darkes was appointed a member of the Safety & Reliability Committee in May 2014.
4. Information about beneficial ownership and about securities controlled or directed by our proposed directors is provided by the nominees and is as at March 4, 2014 and March 3, 2015, respectively.
5. DSU's refer to deferred share units and are defined on page 38 of this circular.
6. Total market value = number of common shares or deferred share units × closing price of Enbridge shares on the Toronto Stock Exchange (TSX) of \$49.00 on March 4, 2014 and \$57.92 on March 3, 2015. Amounts are rounded to the nearest dollar.
7. The annual Board retainer of \$235,000 was not increased in 2014. Directors must hold at least three times their annual Board retainer, or \$705,000, in DSUs or Enbridge shares and meet that requirement within five years of becoming a director on our Board. All directors meet or exceed this requirement, other than Ms. Roberts, who has until March 15, 2020 to meet this requirement.
8. *Public* means a corporation or trust that is a reporting issuer in Canada, a registrant in the US or both. *Private* means a corporation or trust that is not a reporting issuer or registrant. *Not-for-profit* means a corporation, society or other entity organized for a charitable, civil or other social purpose which does not generate profits for its members. *Public agency* means an organization funded by government for a specific purpose.
9. The Ontario Securities Commission, the British Columbia Securities Commission and the *autorité des Marchés financiers* issued a management cease trade order against insiders of Bennett Environmental Inc. on April 10, 2006, and another cease trade order on April 24, 2006 after Bennett failed to file its annual financial statements and related MD&A for the year ended December 31, 2005. The orders prevented certain Bennett directors, officers and insiders, including Governor Blanchard, from trading Bennett securities until the commissions received the documents. Bennett filed the required documents on May 30, 2006 and the management cease trade order was revoked on June 19, 2006. Governor Blanchard was a director of Bennett until August 7, 2006.
10. On May 31, 2004 and again on April 10, 2006, certain directors, senior officers and certain current and former employees of Nortel Networks Corporation and Nortel Networks Limited were prohibited from trading in the securities of Nortel Networks Corporation and Nortel Networks Limited pursuant to management cease trade orders issued by the Ontario Securities Commission and certain other provincial securities regulators in

connection with delays in the filing of certain financial statements. Following the filing of the required financial statements, the Ontario Securities Commission and subsequently the other provincial securities regulators lifted such cease trade orders effective June 21, 2005 and June 8, 2006 respectively. Governor Blanchard was a director of Nortel Networks Corporation until June 29, 2005. At no time did the above noted cease trade orders apply to Governor Blanchard.

11. Mr. England also owns 8,626 units of Enbridge Energy Partners, L.P. and 5,000 units of Midcoast Energy Partners, L.P.
12. Mr. Fischer also owns 27,100 shares of Enbridge Income Fund Holdings Inc.
13. Ms. Kempston Darkes was an executive officer of General Motors Corporation (*GM*) from January 1, 2002 to December 1, 2009. GM filed for bankruptcy protection under Chapter 11 of the US Bankruptcy Code on June 1, 2009. None of the operations for which she was directly responsible in Latin America, Africa and the Middle East were included in the bankruptcy filing. GM emerged from bankruptcy protection on July 10, 2009 in a reorganization in which a new entity acquired GM's most valuable assets.

1. Enbridge Gas Distribution Inc. and Enbridge Pipelines Inc. are considered public companies because they issue public debt and are therefore reporting issuers in Canada. They do not have any equity securities that are publicly held. They are both indirect wholly owned subsidiaries of Enbridge. The Board has determined that these board interlocks do not impair the ability of these directors to exercise independent judgment as members of our Board.
2. It is expected that Ms. Roberts will resign from the board of directors of Enbridge Energy Management, L.L.C subsequent to the effective date of her appointment as a director of Enbridge (March 15, 2015) and prior to the date of the meeting.

APPOINTING OUR AUDITORS

You will vote on appointing Enbridge's auditors. You may vote for the reappointment of our auditors or withhold your vote. The Board, on the recommendation of the Audit, Finance & Risk Committee, proposes that PwC be reappointed as auditors and that you vote *for* the reappointment of our auditors.

If PwC is reappointed, they will serve as our auditors until the end of the next annual meeting of shareholders. PwC (formerly Price Waterhouse) has been our auditors since 1992 and auditors for Enbridge Pipelines Inc., our wholly owned subsidiary, since 1949.

PwC is a participating audit firm with the Canadian Public Accountability Board, as required under the Canadian Securities Administrators' National Instrument 52-108 *Auditor Oversight*.

Auditor Independence

Auditor independence is essential to the integrity of our financial statements and PwC has confirmed its status as independent within the meaning of the Canadian and US securities rules.

We are subject to Canadian securities regulations (NI 52-110 and National Policy 58-201 *Corporate Governance Guidelines (NP 58-201)*), the *US Sarbanes-Oxley Act of 2002 (Sarbanes-Oxley)* and the accounting and corporate governance rules adopted by the US Securities and Exchange Commission under Sarbanes-Oxley, which specify certain services that external auditors cannot provide.

We comply with these Canadian and US rules. We believe, however, that some non-audit services, like tax compliance, can be delivered more efficiently and economically by our external auditors. To maintain auditor independence, our Audit, Finance & Risk Committee must pre-approve all audit and non-audit services. It is also responsible for overseeing the audit work performed by PwC.

The Audit, Finance & Risk Committee reviews our external auditors' qualifications and independence once per year. Their review includes formal written statements that describe any relationships between the auditors, their affiliates and Enbridge that could affect the auditors' independence and objectivity.

Auditors' fees

The following table sets forth all services rendered by our auditors, PwC, by category, together with the corresponding fees billed by the auditors for each category of service for the financial years ended December 31, 2014 and 2013.

	2014	2013	Description of fee category
Audit fees	\$ 13,489,584	\$ 13,946,567	Represents the aggregate fees for audit services
Audit related fees	\$ 823,989	\$ 1,554,412	Represents the aggregate fees for assurance and related services by the company's auditors that are reasonably related to the performance of the audit or review of the company's financial statements and are not included under "Audit fees". During fiscal 2014 and 2013, the services provided in this category included due diligence related to prospectus offerings and other items.
Tax fees	\$ 1,757,558	\$ 1,907,253	Represents the aggregate fees for professional services rendered by the company's auditors for tax compliance, tax advice and tax planning.
All other fees	\$ 887,326	\$ 933,761	Represents the aggregate fees for products and services

provided by the company's auditors other than those services reported under "Audit fees", "Audit related fees" and "Tax fees". These fees include those related to Canadian Public Accountability Board fees, French translation work and process reviews.

Total fees	\$ 16,958,457	\$ 18,341,993

CONFIRMING OUR ADVANCE NOTICE BY-LAW

You will be asked to confirm By-Law No. 2 of Enbridge, which sets out advance notice requirements for director nominations (the *Advance Notice By-Law*).

The Advance Notice By-Law was adopted by the Board on December 2, 2014, but requires shareholder confirmation. The purpose of the Advance Notice By-Law is to provide shareholders, directors and management of Enbridge with guidance on the nomination of directors. The Advance Notice By-Law is the framework by which Enbridge seeks to fix a deadline by which shareholders of the company must submit director nominations to Enbridge prior to any annual or special meeting of shareholders and sets forth the information that a shareholder must include in the notice to Enbridge for the notice to be in proper written form. The full text of the Advance Notice By-Law is set out in Appendix A.

It is the belief of Enbridge and the Board of Directors that the Advance Notice By-Law is beneficial to shareholders and other stakeholders. The Advance Notice By-Law will be subject to periodic review and, subject to applicable law, will reflect changes as required by securities regulatory agencies or stock exchanges and, at the discretion of the Board of Directors, amendments necessary to meet evolving industry standards. If shareholders do not confirm the Advance Notice By-Law by ordinary resolution, it will cease to be effective.

The Board recommends that shareholders vote *for* the resolution:

Be it resolved that:

By-Law No. 2 of Enbridge Inc., in the form adopted by the board of directors on December 2, 2014, and attached as Appendix A to the management information circular dated March 3, 2015, being an advance notice by-law setting out the process for director nominations, is confirmed; and

any one officer or director of Enbridge Inc. is authorized and directed to execute any documents or instruments or to take any other action necessary or advisable for this resolution to take effect.

HAVING A "SAY ON PAY"

We have held advisory votes on executive compensation ("say on pay") at the past four annual meetings. At last year's annual meeting of shareholders, shareholders voted 96.02% in favour of our approach to executive compensation. The Board has decided to again hold an advisory vote on executive compensation at this year's meeting. While this vote is non-binding, it gives shareholders an opportunity to provide important input to our Board.

As a shareholder, you will be asked to vote for or against, or you may abstain from voting on, our approach to executive compensation through the following resolution:

Be it resolved, on an advisory basis and not to diminish the role and responsibilities of the Board of Directors, that the shareholders accept the approach to executive compensation disclosed in our management information circular dated March 3, 2015, delivered in advance of the 2015 annual and special meeting of shareholders on May 6, 2015.

The Board will take the results of this vote into account when it considers future compensation policies and issues. We will also examine the level of shareholder interest and the comments we receive and consider the best approach and timing for soliciting feedback from shareholders on our approach to executive compensation in the future.

SHAREHOLDER PROPOSALS

We received no shareholder proposals for consideration at the meeting.

Under the *Canada Business Corporations Act*, which governs Enbridge, we must receive shareholder proposals by December 4, 2015 to consider them for inclusion in the management information circular and proxy for the 2016 annual meeting of shareholders, which is expected to be held on May 11, 2016 in Calgary, Alberta.

VOTING RESULTS

We will post the results of this year's votes and the other items of business on our website (www.enbridge.com) following the meeting.

2. Governance

OUR GOVERNANCE PRACTICES

Sound governance means sound business. At Enbridge, we believe good governance is important for our shareholders, our employees and our company.

We have a comprehensive system of stewardship and accountability that follows best practices and meets the requirements of all rules, regulations, standards and internal and external policies that apply.

This section discusses our governance philosophy, policies and practices. It also describes the role and functioning of our Board and the five Board committees.

You can find more information about governance in our annual information form for the year ended December 31, 2014. Our articles and by-laws also set out policies and practices that govern our business activities. These are all available on our website (www.enbridge.com) and on SEDAR (www.sedar.com).

Regulations, rules and standards

Enbridge is listed on the TSX and the NYSE and we are subject to a range of governance rules, regulations, standards and policies including:

Canada

National Instrument 58-101 *Disclosure of Corporate Governance Practices*;

NP 58-201;

NI 52-110; and

Canada Business Corporations Act.

US

As a "foreign private issuer" under US securities laws, we are generally permitted to comply with Canadian corporate governance requirements, rather than those that apply to US listed corporations.

The NYSE rules, however, require us to disclose how we comply with US corporate governance standards and where our practices are different. You can find this document on our website (<http://www.enbridge.com/InvestorRelations/CorporateGovernance/USCompliance.aspx>). We must also comply with the audit committee requirements under Rule 10A-3 of the *US Securities Exchange Act of 1934*. See *Audit, Finance & Risk Committee* in our annual information form for the year ended December 31, 2014 for a summary of these requirements.

As of the date of this circular, the Board believes we are in full compliance with all Canadian and US corporate governance rules, regulations, standards and policies that apply to us.

A CULTURE OF ETHICAL CONDUCT

A strong culture of ethical conduct is central to Enbridge.

Our *Statement on Business Conduct* (available on our website at www.enbridge.com) is our formal statement of expectations for all individuals engaged by Enbridge. It applies to everyone at Enbridge and our subsidiaries, including our directors, officers and employees, as well as consultants and contractors retained by Enbridge.

It discusses what we expect in areas like:

complying with the law and applicable rules and policies;
interacting with landowners, customers, shareholders, employees

acquiring, using and maintaining assets;
using computers and communication devices;

Edgar Filing: ENBRIDGE INC - Form 6-K

and others;

conflicts of interest; and

protecting health, safety and the environment;

proprietary, confidential and insider information.

The Board reviews the Statement on Business Conduct policy at least once a year and updates it as necessary. The Board did not make any changes in 2014.

20 ENBRIDGE INC.

All new employees at Enbridge and at each of our subsidiaries must, as a condition of employment, sign a certificate of compliance indicating that they have read the Statement on Business Conduct, understand it and agree to comply with it. Every year, all employees have to confirm that they have complied with it.

Directors must also certify that they agree with the Statement on Business Conduct and will comply with it, both when they join our Board and every year they serve as a director.

All employees were asked, through an electronic training and certification process, to certify their compliance with the Statement on Business Conduct for the year ended December 31, 2014. As of the date of this circular, 99.9% of Enbridge employees had certified compliance. The President & Chief Executive Officer and all members of the Board have certified their compliance with the Statement on Business Conduct for the year ended December 31, 2014.

Handling conflicts of interest

If a director or officer has a material interest in a transaction or agreement involving Enbridge, or otherwise identifies a potential personal conflict, he or she must:

- disclose the conflict or potential conflict;
- not participate in any discussions on the matter; and
- abstain from voting on the matter at any Board meeting where it is being discussed or considered.

This approach is consistent with the requirements of the *Canada Business Corporations Act*.

Insider trading

Our insider trading and reporting guidelines, which were most recently revised in March 2013, put restrictions on those in a special relationship with Enbridge (including insiders) when they trade Enbridge shares. The guidelines, which fulfill our obligations to stock exchanges, regulators and investors, include the following measures:

- having quarterly and annual trading blackout periods when financial results are being prepared and have not yet been publicly disclosed. These periods currently begin on the fifth day following the end of a quarter or fiscal year and end at the close of trading on the second trading day after we issue the news release or disclose our financial results;
- publishing and communicating the dates for regular blackout periods to affected insiders;
- encouraging all insiders to pre-clear transactions with the Corporate Secretary's office; and
- prohibiting all directors, officers and employees from engaging in hedging transactions.

Management is currently in the process of reviewing our insider trading and reporting guidelines to ensure they reflect current best practices and developments since 2013.

Whistleblower procedures

Our whistleblower procedures help uphold our strong values and preserve our culture of ethical business conduct.

Building awareness

We use online training to help raise awareness and reinforce our commitment to ethical conduct.

To date, we have developed online training programs on fraud awareness, foreign corruption laws and the Statement of Business Conduct.

Material transactions

No informed person or nominated director (or any associate or affiliate) has or had a direct or indirect material interest in any Enbridge transaction in 2014 or in any proposed transaction that had or will have a material effect on Enbridge or any of our subsidiaries in the foreseeable future.

Edgar Filing: ENBRIDGE INC - Form 6-K

We introduced whistleblower procedures a number of years ago to protect the integrity of our accounting, auditing and financial processes. We expanded and updated the system in 2008 and 2012.

Employees can report concerns about financial or accounting irregularities or unethical conduct confidentially to the chair of the Audit, Finance & Risk Committee. All submissions may be made anonymously and any complaints submitted in a sealed envelope marked "private and strictly confidential" will be delivered to the committee chair unopened. Complaints can also be made anonymously using a toll-free number and a reporting system administered by an independent third party provider.

2015 Management information circular 21

Edgar Filing: ENBRIDGE INC - Form 6-K

At least once each quarter, the Chief Compliance Officer reports to the Audit, Finance & Risk Committee about any significant complaints received (sooner if there is an urgent matter). The Audit, Finance & Risk Committee then determines how to handle such complaints. The committee can hire independent advisors (outside legal counsel, independent auditors and others) to help investigate a matter. We pay for these costs.

THE ROLE OF THE BOARD

The Board is ultimately responsible for governance at Enbridge and for stewardship of the company. It has full power to oversee the management of our business and affairs.

It carries out many of its responsibilities through its five standing Board committees:

Audit, Finance & Risk;

Corporate Social Responsibility;

Governance;

Human Resources & Compensation; and

Safety & Reliability.

The Board:

reviews and approves the strategic plan, provides guidance and monitors our progress;

monitors our risk management programs and helps us identify principal risks;

makes sure we have appropriate internal control and management systems in place to manage money, compliance and risk and that these systems are functioning appropriately;

approves major projects, plans and initiatives that could materially affect the company; and

reviews and approves compensation for the President & Chief Executive Officer.

The Board delegates day-to-day management of Enbridge to the President & Chief Executive Officer and senior management, although major capital expenditures, debt and equity financing arrangements and significant acquisitions and divestitures require Board approval.

Duties

The Board is responsible for the oversight of key areas like governance, financial and strategic planning, risk oversight and management, succession planning and corporate disclosure. These duties are described in our terms of reference for the Board and the Board committees. These terms of reference are drafted by management under the guidance of the Governance Committee and approved by the Board, which reviews them once a year and updates them as needed. Copies of the terms of reference for the Board and each of the Board committees are available on our website (www.enbridge.com).

The Board develops position descriptions for the Chair of the Board and each committee chair. These descriptions are part of their terms of reference and are reviewed annually. The Governance Committee defines the division of duties between the Board and the President & Chief Executive Officer.

Strategic planning

The Board is responsible for reviewing our strategic planning process and for reviewing and approving our strategic plan. It oversees the implementation of the plan, monitors our progress and approves any transactions it believes will have a significant impact on the plan or our strategic direction.

The Board devotes two meetings per year to the strategic plan, including one meeting that is held over two days.

Risk oversight and management

Risk oversight and management is an important role for the Board and Board committees. Each year, management prepares a corporate risk assessment report for the Board. The Board is responsible for overseeing the following with respect to the company's risks:

identification of principal risks when necessary, and at least annually;

establishing a risk tolerance level for those risks that are identified;

22 ENBRIDGE INC.

ensuring the implementation by management of appropriate and effective systems to manage risks;

review management's implementation of risk policies and procedures; and

seeking assurance that our internal control systems and management information systems are in place and operating effectively.

Our MD&A for the year ended December 31, 2014 contains more information about the risks applicable to Enbridge, and is available on our website (www.enbridge.com) and on SEDAR (www.sedar.com).

Board committees' role in risk management

To better identify, manage and mitigate risk, the corporate risk assessment report is reviewed annually by the four Board committees with enterprise-wide risk management responsibility: the Audit, Finance & Risk Committee, the Corporate Social Responsibility Committee, the Human Resources & Compensation Committee (*HRC Committee*) and the Safety & Reliability Committee. As a result of such review, each committee makes recommendations to the Board in respect of company practices. In addition, the Board committees can authorize the implementation of systems that address risks within the scope of their responsibility and monitor them to ensure they remain effective.

The Audit, Finance & Risk Committee is responsible for overseeing the annual review of Enbridge's principal risks, as well as reviewing the strategies, policies and practices applicable to the assessment, management, prevention and mitigation of risks relating to foreign currency and interest rates, counterparty credit exposure, cash management, credit and financing and the use of derivative instruments and insurance. The Corporate Social Responsibility Committee is responsible for overseeing risks relating to corporate social responsibility matters. The HRC Committee is responsible for overseeing the identification of people-related risk and the associated response planning. The Safety & Reliability Committee is responsible for overseeing risks relating to safety and reliability matters. For further information on each Board committee's role in risk management, please refer to *Board Committees*, beginning on page 28.

Internal controls

The Board seeks assurance at least annually that our internal control systems and management information systems are operating effectively.

The Board has delegated responsibility for reviewing our quarterly and annual financial statements to the Audit, Finance & Risk Committee, which recommends them to the Board for approval. The committee is also responsible for overseeing our internal audit function and senior management reporting on internal controls.

Corporate communications

The Board reviews and approves all major corporate communications policies, including our corporate disclosure guidelines. It also reviews and approves all corporate disclosure documents, including our:

annual and quarterly reports to shareholders;
MD&A;

annual information form; and
management information circular.

The Board works to ensure we communicate effectively with shareholders, the public and other stakeholders to avoid selective disclosure.

Succession planning

The Board is responsible for:

appointing the President & Chief Executive Officer and ratifying the appointment of other members of executive management;

monitoring senior management's performance; and

annually reviewing the succession strategy for all senior management positions.

It delegates responsibility for reviewing our policies and procedures relating to employment, succession planning and compensation (including executive compensation) to the HRC Committee.

The HRC Committee is also responsible for:

making sure we have appropriate programs for dealing with succession planning and employee retention;

monitoring the performance of senior management;

overseeing human capital risk to make sure our management programs (including those for our officers) effectively address succession planning and employee retention;

overseeing the design of our compensation programs from a risk perspective; and

reporting to the Board on organizational structure and succession planning matters.

OUR EXPECTATIONS OF OUR DIRECTORS

Our directors are expected to act in the best interests of Enbridge. They have a duty of care to exercise in both decision making and oversight.

Independence

First and foremost, we believe in the importance of an independent board. The Governance Committee is responsible for making sure the Board functions independently of management.

The majority of our directors must be independent, as defined by Canadian securities regulators in NI 52-110, NYSE rules and the rules and regulations of the US Securities and Exchange Commission.

We define a director as *independent* if he or she does not have a direct or indirect material relationship with Enbridge. The Board believes that a relationship is material if it could reasonably interfere with a director's ability to make independent decisions, regardless of any other association he or she may have. The Board uses a detailed annual questionnaire to assist in determining if a director is independent.

10 of our 11 nominated directors, including the Chair of the Board, are independent. Mr. Monaco is not independent because he is our President & Chief Executive Officer and a member of management.

The Governance Committee has developed guidelines to ensure each director is aware of the expectations placed on him or her as a director. Key expectations include meeting attendance, financial literacy and ethical conduct.

Separate chair and chief executive officer positions

We have an independent, non-executive Chair of the Board who is responsible for leading the Board.

Meeting *in-camera*

Our terms of reference stipulate that the Board must hold *in-camera* meetings regularly, without officers or management present. The Chair of the Board provides the President & Chief Executive Officer with a summary of the matters discussed at these *in-camera* meetings, including any issues that the Board expects management to pursue.

Other directorships

Our directors may serve on the boards of other public companies and together on the boards and committees of other public entities, as long as their outside positions and common memberships do not affect their ability to exercise independent judgment while serving on our Board. See *Interlocking relationships* on page 17 for information about some of our directors who serve together on other boards.

Directors who serve on our Audit, Finance & Risk Committee cannot sit on the audit committees of more than two other public entities unless the Board determines that such simultaneous service would not impair the ability of such director to effectively serve on our Audit, Finance & Risk Committee. Mr. England currently serves on the audit committee of four publicly traded companies, including Enbridge, and the Board has determined that such simultaneous service does not impair his ability to effectively serve on our Audit, Finance & Risk Committee.

External consultants and other third parties

To make sure the Board functions independently of management, Board committees have the flexibility to meet with external consultants and Enbridge employees without management whenever they see fit. The terms of reference also allow individual directors, the Board and Board committees to hire independent advisors, as needed, at our cost.

Attendance

We expect directors to attend all Board and Board committee meetings of which they are a member as well as the annual meeting of shareholders. The Governance Committee reviews each director's attendance record every year. If a director has a poor attendance record, the committee chair and Chair of the Board will discuss and recommend how to handle the matter. A director whose attendance record continues to be poor may be asked to leave the Board. In 2014, the overall attendance at Board and committee meetings was 99%. Please see information on attendance in the *Director profiles* beginning on page 8 and under *Director Attendance* on page 15.

Financial literacy

The Board defines an individual as financially literate if he or she can read and understand financial statements that are generally comparable to ours in breadth and complexity of issues. The Board has determined that all of the members of the Audit, Finance & Risk Committee are financially literate according to the meaning of NI 52-110 and the rules of the NYSE. It has also determined that Mr. England, Ms. Williams and Mr. Coutu each qualify as "audit committee financial experts" as defined by the *US Securities Exchange Act of 1934*. The Board bases this determination on each director's education, skills and experience.

Orientation and continuing education

The Board recognizes that proper orientation and continuing education are important for directors to fulfill their duties effectively. It has delegated these responsibilities to the Governance Committee, which has developed a comprehensive program for new directors and for directors who join a committee for the first time.

Orientation

Every new director meets with the Chair of the Board, the President & Chief Executive Officer and senior management to learn about our business and operations and participates in tours of our sites and facilities.

New directors are also given a copy of the Board manual, which contains:

Board guidelines;	information about the directors' and officers' liability programs;
personal information about each of the directors and senior officers;	our insider trading and reporting guidelines;
a list of the members of the Board, the members of the Board committees and all meeting dates;	indemnification agreements;
organizational charts (corporate and management);	information about our dividend reinvestment and share purchase plan;
our financial risk management policies and treasury authority limitations;	our Statement on Business Conduct; and
information about statutory liabilities;	public disclosure documents for Enbridge and certain subsidiaries.

Directors are notified by email whenever there are updates to these documents. The manual and any updates are also made available electronically.

Continuing education

We offer education sessions for directors on key topics and encourage them to participate in associations and organizations that can broaden their awareness and knowledge of developments related to our business. Directors can also request presentations on a particular topic. Throughout their tenure, directors have discussions with the Chair of the Board, receive quarterly presentations from senior management on strategic issues and participate in tours of our operations. Quarterly briefings include reviews of the competitive environment, our performance relative to our peers

and any other developments that could materially affect our business. The table below lists the internal seminars and other presentations we offered in 2014 and director participation.

Date	Topic	Presented/hosted by	Who attended
February 11, 2014	Credit Rating Agency Relationship	Enbridge Inc.	All members of the Board other than Governor Blanchard
March 17, 2014	Tectonic Shifts in Global Energy	Edward L. Morse, Global Head of Commodities, Citi Research	All members of the Board
September 16, 2014	Distribution Risks & Our Response	Enbridge Inc.	All members of the Board other than Mr. Tutcher
September 17, 2014	Board Tour of Keele & Finch Pipeline Relocation (subway construction) in Toronto and Enbridge Technology & Operations Centre in Markham, Ontario (Plastics Lab & Fusion, Streetscape and Measurement & Regulation Lab)	Enbridge Inc.	All members of the Board other than Mr. Tutcher

We also pay for continuing education opportunities through third parties and we encourage directors to pursue director education seminars and courses offered externally.

Ms. Williams (chair of the HRC Committee and member of the Audit, Finance & Risk Committee), Ms. Kempston Darkes (member of the HRC Committee, the Corporate Social Responsibility Committee and the Safety & Reliability Committee) and Mr. Coutu (a member of the Audit, Finance & Risk and Safety & Reliability Committees) are members of the Institute of Corporate Directors (*ICD*). Ms. Kempston Darkes and Mr. Shultz were recognized by the ICD in 2011 and 2013, respectively, with a Fellowship Award, which the ICD considers to be the highest distinction for directors in Canada.

BOARD EVALUATION

The Governance Committee is responsible for assessing the performance of the Board and its Chair, the Board committees and individual directors on an ongoing basis.

Assessing the Board and Chair of the Board

All of the directors complete a confidential questionnaire every year so they can evaluate the effectiveness of the Board and suggest ideas for improving performance. The questionnaire is designed to provide constructive input to improve overall Board performance and includes questions on:

Edgar Filing: ENBRIDGE INC - Form 6-K

Board composition;
effectiveness of the Board, Board meetings and Chair of the
Board;

duties and responsibilities;
Board orientation and development; and
the evaluation process for senior management.

The evaluation process includes additional questions for directors to evaluate their peers. The directors are asked to consider criteria such as skills and experience, preparation, attendance and availability, communication and interaction with Board members and/or management and business, company and industry knowledge. Directors are encouraged to comment broadly, positively and negatively, on any issue concerning the Board, Board committees and director performance.

Directors submit their completed questionnaires to the chair of the Governance Committee, who presents the feedback to the Chair of the Board. The chair of the Governance Committee then presents the summary to the Board. The Board discusses the results and develops recommendations as appropriate.

From time to time, the Chair of the Board meets informally with each director, to discuss performance of the Board, Board committees and other issues.

26 ENBRIDGE INC.

Board committee assessments

Each director also completes a confidential questionnaire for each Board committee of which they are a member. The questionnaire is designed to facilitate candid conversation among the members of each Board committee about the Board committee's overall performance, function, areas of accomplishment and areas for improvement. This session takes place *in-camera* at the first Board committee meeting after the directors complete their questionnaires.

The questionnaire helps the Board ensure each Board committee is functioning effectively and efficiently and fulfilling its duties and responsibilities as described in its terms of reference. It includes questions about:

the composition of the Board committee; committee members, including the chair; and
the effectiveness of the Board committee and Board committee meetings; the orientation and development processes for the Board committee.

Completed questionnaires are submitted to the chair of the Governance Committee, who summarizes them and provides a copy to each Board committee chair and the Chair of the Board.

Director Term Limits

Under our Board guidelines, a director will retire at the next annual meeting of shareholders after he or she reaches the age of 73, or after 15 years of service on the Board, whichever comes first. Members of the Board as at January 1, 2011, who reach 15 years of service before age 73, may remain on the Board to age 73. A director may be asked to remain on the Board for an additional two years after age 73 if the Board unanimously approves the extension. If a director receives an extension, he or she is not eligible to serve as Chair of the Board or chair of any of the Board's five standing Board Committees.

Identifying new candidates

The Governance Committee serves as the nominating committee and is responsible for identifying new candidates for nomination to the Board. The Governance Committee also invites and welcomes suggestions from other directors on our Board and from management. The committee reviews a Board composition plan annually. The plan consists of a skills matrix that includes the name of each director, his or her occupation, residence, gender, age, years on the Board, retirement date, business experience, other board commitments, equity ownership, independence and other relevant information. The committee summarizes the plan to identify the ideal attributes, skills and experience of a new candidate. These include executive management, board and industry experience, areas of expertise, global representation, gender and age, among others. The committee ranks each of these skills and areas of experience as a high, medium or low priority.

The Governance Committee, in collaboration with management and, in some cases, external consultants, then develops a list of potential candidates with the desired skills and experience and reviews and updates the list at least once per year. When a position becomes available, the Board reviews the list of potential candidates, revises it to reflect the skills and experience most needed at the time, adds other recently identified candidates and prepares a short list. The committee also considers the candidate's background and diversity of experience in making its choices and may engage independent consultants to assist in the review and recruitment process.

The chair of the Governance Committee, the Chair of the Board, the President & Chief Executive Officer and sometimes other directors, meet with potential candidates to determine their interest, availability, experience and suitability. The Governance Committee makes a recommendation to the Board for consideration and approval.

DIVERSITY

We are committed to increasing the diversity of our Board over time by actively seeking qualified candidates who meet diversity criteria. Enbridge is one of over 40 founding members of the Canadian Board Diversity Council.

In February, 2015, the Board formally adopted a written diversity policy to highlight our approach to diversity and the importance we place on differences in skills, experience, gender, age, ethnicity and geographic background. The diversity policy sets out key criteria for the composition of the Board, including a target in which each gender comprises at least one-third of the independent directors. Of the 11 directors standing for re-election, female directors represent 27% of the Board. The policy further sets out criteria for management to aspire to have at least one-third of

Senior Management roles at Enbridge and its major subsidiaries occupied by women. Of the 69 senior management positions at Enbridge and its major subsidiaries, 11 of those senior management positions are currently held by women, for a total of 16%.

It is the responsibility of the Governance Committee to identify and recommend to the Board potential nominees to the Board with the appropriate competencies, skills and characteristics required of Board members to promote the continued growth and success of Enbridge. In this process, the Governance Committee will take into account professional experience, educational background, skills and knowledge, as well as diversity considerations such as gender, age and ethnicity.

Similarly, in identifying candidates for Senior Management roles, professional experience, educational background, skills and knowledge, as well as diversity considerations such as gender, age and ethnicity, will be taken into account.

The Governance Committee will review the diversity policy and its targeted objectives annually to assess its effectiveness and will report to the Board and recommend any revisions that may be necessary.

BOARD COMMITTEES

Our Board has five standing Board committees to help it carry out its duties and responsibilities:

Audit, Finance & Risk
Governance
Safety & Reliability

Corporate Social Responsibility
Human Resources & Compensation

The Board has delegated certain responsibilities to each Board committee, including overseeing risk management systems that are within the scope of the responsibilities of each Board committee. Each Board committee is made up entirely of independent directors. Mr. Monaco, our President & Chief Executive Officer, is not a member of any Board committee, nor is the Chair of the Board. The Governance Committee annually reviews Board Committee memberships and recommends Committee membership changes and assignments to the Board.

Board committee meetings generally take place before each regularly scheduled Board meeting. Each Board committee also meets *in-camera*, independent of management, following the regular Board committee meeting. They also meet with external consultants and/or Enbridge staff, without management present, whenever they see fit.

Each Board committee reports regularly to the Board and makes recommendations on certain matters as appropriate. The Governance Committee is responsible for recommending the role of each Board committee to the Board.

Audit, Finance & Risk Committee

Chair: J. Herb England

Members: Marcel R. Coutu, Charles W. Fischer, George K. Petty, Charles E. Shultz and Catherine L. Williams

Responsibilities

The Audit, Finance & Risk Committee assists the Board in overseeing:

- the integrity of our financial statements and financial reporting process;
- the integrity of our management information systems, disclosure controls, financial controls and internal audit function;
- our external auditors and ensuring they maintain their independence; and
- our compliance with financial and accounting regulatory requirements and our risk management program.

The Audit, Finance & Risk Committee is responsible for ensuring the committee, our external auditors, our internal auditors and management of Enbridge maintain open communications.

The Audit, Finance & Risk Committee is responsible for:

Financial reporting

Edgar Filing: ENBRIDGE INC - Form 6-K

reviewing our quarterly and annual MD&A, financial statements and notes and recommending them to the Board for approval;

reviewing and approving earnings releases and recommending them to the Board for approval;

28 ENBRIDGE INC.

Edgar Filing: ENBRIDGE INC - Form 6-K

discussing with management and the external auditors any significant issues regarding our financial statements and accounting policies;

reviewing with management any anticipated changes in reporting standards and accounting policies; and

reviewing annually the approach taken by management in the preparation of earnings press releases as well as financial information and earnings guidance provided to analysts and ratings agencies.

Internal controls

overseeing management's system of disclosure controls and procedures;

overseeing the internal controls over financial reporting; and

overseeing the internal audit function.

External auditors

reviewing the qualifications and independence of our external auditors and recommending their appointment to the Board;

reviewing all audit and non-audit services to be provided by the external auditors, including proposed fees, and pre-approving them, consistent with our policy; and

setting the compensation of the external auditors, reviewing their performance, overseeing their activities and retaining them in their role as external auditors.

The external auditors report directly to the Audit, Finance & Risk Committee. They meet regularly with the committee, *in-camera*, without any members of management present. The chair of the committee also meets with the external auditors from time to time, to discuss significant issues.

Finance

reviewing the issue of securities by Enbridge and authorizing or recommending such matters to the Board for approval;

overseeing the filing of prospectuses or related documents with securities regulatory authorities; and

overseeing credit facilities and inter-company financing transactions and recommending them to the Board for approval.

Risk management

overseeing the annual review of Enbridge's principal risks;

reviewing risks in conjunction with internal and external auditors;

reviewing the adequacy of tax provisions;

monitoring our risk management program; and

reviewing our annual report on insurance coverages.

Together with the Board, the committee also reviews with senior management, internal counsel and others as necessary:

our method of reviewing risk and our strategies and practices related to assessing, managing, preventing and mitigating risk; and

loss prevention policies, risk management programs and disaster response and recovery programs.

2014 highlights

The Audit, Finance & Risk Committee carried out the following activities during 2014:

Audits and financial reporting

reviewed the interim and annual MD&A and financial statements and notes and recommended them to the Board for approval;

reviewed public disclosure documents containing audited or unaudited financial information, including annual and interim earnings press releases, prospectuses and the annual information form, and recommended them to the Board for approval for public release;

reviewed and approved the pension plan annual financial statements; and

the chair of the Audit, Finance & Risk Committee reviewed and approved the prior year's expenses of the President & Chief Executive Officer.

Edgar Filing: ENBRIDGE INC - Form 6-K

Internal controls

reviewed the quarterly internal controls compliance reports;

reviewed the audit services role and audit plan and received quarterly audit services reports;

reviewed the audit services annual report; and

received quarterly updates on the ethics and conduct hotline activity from the Chief Compliance Officer.

External auditors

carried out an assessment of PwC, recommended its appointment by shareholders and reviewed and approved the 2014 engagement letter (including the terms of engagement and proposed fees); and

pre-approved all non-audit services to be provided by PwC that are allowed under the committee's policy.

Finance

reviewed quarterly treasury management reports; and

reviewed the financing plans including additional financing transactions not included in the 2014 annual financing plan, credit facilities and inter-company financing transactions, and recommended them to the Board for approval.

Risk management

reviewed the quarterly financial risk management reports;

reviewed and approved the corporate risk assessment report as it pertains to the committee's mandate;

reviewed the adequacy of tax provisions;

reviewed the annual report on insurance coverages and reviewed and approved the insurance renewal strategy; and

reviewed the information security report.

Governance

In November 2014, the Audit, Finance & Risk Committee reviewed its terms of reference. No changes were adopted. The committee reviewed the qualifications of its members, and recommended to the Board members who it believes can be properly considered audit committee financial experts. The committee also reviewed its performance in 2014 and determined that it had fulfilled all of its responsibilities under its terms of reference.

The Audit, Finance & Risk Committee met four times in 2014. It held *in-camera* meetings without management present at each of its regularly scheduled meetings with the senior member of the Internal Audit group as well as with the external auditors and then it met on its own *in-camera*. From time to time the committee also met *in-camera* with the Chief Financial Officer. Before each meeting, the chair of the committee met with the Chief Financial Officer to discuss the agenda items for the meeting and any significant issues. The chair also met with the senior partner of the external auditors assigned to Enbridge's audit before each meeting. You can find more information about the committee as required under NI 52-110 under Audit, Finance & Risk Committee in our annual information form for the year ended December 31, 2014. Copies are available on our website (www.enbridge.com) and on SEDAR (www.sedar.com). You can also request a copy from the Corporate Secretary.

Corporate Social Responsibility Committee

Chair: James J. Blanchard

Edgar Filing: ENBRIDGE INC - Form 6-K

Members: V. Maureen Kempston Darkes, George K. Petty and Dan C. Tutchter

Responsibilities

The Corporate Social Responsibility Committee is generally responsible for assessing our guidelines, policies, procedures and performance related to corporate social responsibility (*CSR*) and reviewing our reporting in this area.

The Corporate Social Responsibility Committee is responsible for reviewing, approving or recommending to the Board the risk guidelines, policies, procedures and practices relating to CSR matters which include:

human rights;

public awareness and consultation;

issues management;

environmental stewardship;

external communications;

government, stakeholder and Aboriginal & Native American relations; and

community investment.

Edgar Filing: ENBRIDGE INC - Form 6-K

The Corporate Social Responsibility Committee is also responsible for reviewing and approving both our CSR metrics and benchmarks, as well as our methods of communicating CSR and related policies. It monitors our performance and reporting on CSR matters and receives regular compliance reports from management. It may, depending on the nature of the matter, review the results of investigations into significant incidents to the extent they fall within its mandate; otherwise, this function may be undertaken by another committee such as the Safety & Reliability Committee.

The Corporate Social Responsibility Committee has approved the use of the Global Reporting Initiative reporting guidelines for monitoring and reporting our sustainability performance.

2014 highlights

The Corporate Social Responsibility Committee carried out the following activities as part of its 2014 work plan.

Assessing CSR guidelines, policies and procedures

received updates on CSR issues, impacts, risks and trends;

reviewed CSR policies, commitments, objectives and strategies;

reviewed management accountability and internal systems and controls on CSR performance;

received management's reports on:

regulatory and compliance activities; and

climate change, carbon and energy;

reviewed and approved the corporate risk assessment report as it pertains to the committee's mandate; and

reviewed the committee's terms of reference.

Reviewing our work with stakeholders and regulators

received management's updates on consultation with Aboriginal and Native American groups;

reviewed new strategies and procedures being introduced by management to ensure that corporate and regulatory requirements for stakeholder engagement are met across all projects and operations, and that feedback from stakeholders is being understood and responded to on a consistent basis;

received management updates on local social and economic inclusion;

received updates on Northern Gateway including community consultation, Aboriginal, and progress on meeting social, economic and environmental conditions for the project issued by the National Energy Board;

received reports on community investments, including donations to charitable organizations and operating communities; and

reviewed company initiatives on community safety, public awareness, emergency preparedness and emergency responder training.

Monitoring and reporting CSR performance

reviewed the 2014 environment, health & safety reports by the Gas Pipelines, Liquids Pipelines and Major Projects business units;

reviewed disclosure on enterprise-wide social, environmental and governance performance in the 2013 annual CSR Report issued in April 2014, and developed new data and content for the 2014 Annual CSR Report to be issued in 2015;

reviewed 2014 disclosures to the Dow Jones Sustainability Index and to the CDP on carbon and water and reviewed results from CSR Materiality Assessment conducted in 2014 with key internal and external stakeholders.

Awards and recognition

The Corporate Social Responsibility Committee supports our continuing commitment to CSR initiatives, which has resulted in Enbridge receiving significant positive recognition in recent years, including the following awards in 2014:

Sustainability

Global 100 Most Sustainable Corporations in the World: This annual assessment highlights global corporations that have been most proactive in managing environmental, social and governance issues.

Dow Jones Sustainability Indices (DJSI): DJSI selected Enbridge as an index component of both its World and North America index. The DJSI track the financial performance of the leading sustainability-driven companies worldwide based on an analysis of financially material economic, environmental, and social factors.

World's Greenest Companies: *Newsweek* added Enbridge to its list of the World's Greenest Companies, which ranks the 500 largest publicly-traded companies globally on corporate sustainability and environmental impact.

Best 50 Corporate Citizens in Canada: This ranking is determined by Corporate Knights based on a thorough analysis of contenders' publicly disclosed environmental, social and governance indicators.

Community Investment

United Way Spirit of Community Award: United Way Toronto presented Enbridge Gas Distribution with its inaugural Spirit of Community Award, which recognizes creativity, innovation and overall commitment to building a better city for everyone.

Financial Reporting

Corporate Reporting Award, Chartered Professional Accountants of Canada (CPA Canada): The Corporate Reporting Awards, presented annually by CPA Canada, recognize the best reporting practices in the country. Enbridge received the 2014 Award of Excellence for Corporate Reporting in the 'Utilities and Pipelines/Real Estate' industry sector.

Aboriginal Relations

Silver Level, Progressive Aboriginal Relations (PAR) Certification (2012 – 2014), Canadian Council for Aboriginal Business (CCAB): The CCAB is a national business organization whose members include Aboriginal businesses, Aboriginal community-owned economic development corporations, and companies operating in Canada. The CCAB's PAR certification program recognizes and supports continuous improvement in Aboriginal relations.

Governance

In November 2014, the Corporate Social Responsibility Committee reviewed its terms of reference and determined its mandate was appropriate and that it had fulfilled all of its responsibilities under its terms of reference.

The Corporate Social Responsibility Committee met four times in 2014 and held *in-camera* meetings without management present at the end of each meeting.

Governance Committee

Chair: Dan C. Tutchter
Members: James J. Blanchard and J. Lorne Braithwaite

Responsibilities

The Governance Committee focuses on ensuring we have a comprehensive system of stewardship and accountability for directors, management and employees that is in the best interests of Enbridge.

The Governance Committee is responsible for developing our approach to governance, including the division of duties between the Chair of the Board, directors, the President & Chief Executive Officer and management.

It is responsible for:

recommending matters about overall governance to the Board;

reviewing the terms of reference for the Board and the Board Committees;

setting corporate governance guidelines for the Board; and

reviewing management's compliance reports on corporate governance policies.

Edgar Filing: ENBRIDGE INC - Form 6-K

The Governance Committee works closely with the Corporate Secretary and other members of management to keep abreast of governance trends and implement board governance best practices.

Board composition, education and evaluation

The Governance Committee is responsible for:

developing a Board composition plan and recommending the nomination of directors to the Board and Board Committees;

establishing formal orientation and education programs for directors;

reviewing and reporting to the Board on risk management matters relating to corporate liability protection programs for directors and officers;

assessing the performance of the Board, Board Committees, the Chair of the Board and individual directors;

32 ENBRIDGE INC.

Edgar Filing: ENBRIDGE INC - Form 6-K

monitoring the quality of the relationship among Board members and Board Committees and with management and recommending any changes; and

ensuring the Board functions independently of management.

One of the Governance Committee's objectives is to nominate a balanced mix of members to the Board who have the necessary experience and expertise to make a meaningful contribution in carrying out duties on behalf of the Board. It sets guidelines for recruiting new talent with criteria for relevant expertise, senior management experience or other qualifications. See *Diversity* beginning on page 27 for more information.

The Governance Committee manages the annual performance review of the Board. See *Board Evaluation* beginning on page 26 for more information.

Compensation

The Governance Committee is responsible for reviewing and setting directors' compensation. There was no increase in directors' compensation in 2014. See *Director compensation – Compensation discussion and analysis* beginning on page 38 for more information.

2014 highlights

The Governance Committee carried out the following activities as part of its 2014 work plan:

reviewed proxy voting recommendations and annual meeting voting results for the 2014 meeting;

approved our statement on corporate governance practices for this circular;

received reports on employee and Director compliance with the statement on business conduct;

reviewed the qualifications and independence of all members of the Board;

reviewed management's reports on our director and officer liability protection program and management information systems;

reviewed the Board composition plan and skills matrix for the current Board and analyzed the implications our strategic plan has on Board composition;

actively participated in a process to identify candidates for Board succession purposes;

reviewed the composition of the Board committees; and

conducted the Board evaluation process for 2014 and reviewed and reported to the Board on the results of the various assessments.

Governance

The Governance Committee reviewed its performance in 2014 and determined that its mandate was appropriate and that the committee had fulfilled all of its responsibilities under its terms of reference.

The Governance Committee met four times in 2014 and held *in-camera* meetings without management present at each meeting.

Human Resources & Compensation Committee

Chair: Catherine L. Williams

Members: J. Lorne Braithwaite, J. Herb England, Charles W. Fischer, V. Maureen Kempston Darkes and Charles E. Shultz

The HRC Committee assists the Board by providing oversight and direction on human resources strategy, policies and programs for the named executives (as defined on page 44 of this circular), senior management and our broader employee base. This includes compensation, pension and benefits as well as talent management, succession planning, workforce recruitment and retention. The HRC Committee oversees the identification of people-related risk and the associated response planning as part of the corporate risk assessment process. In addition, the HRC Committee is responsible for overseeing the company's compensation programs from a risk perspective to ensure they do not encourage

individuals to take inappropriate or excessive risks that are reasonably likely to have a material adverse impact on the company.

Succession planning

The HRC Committee reviews the succession plan for the position of Chief Executive Officer and other key senior officers, and long-range planning for executive development and succession to ensure leadership sustainability and continuity throughout the organization.

Every year the HRC Committee conducts a thorough review of the current succession plan and the status of development and retention plans for individual candidates who have been identified for senior executive positions, including the position of Chief Executive Officer.

The HRC Committee met with the President & Chief Executive Officer to discuss his views on the executive leadership team and potential succession scenarios that included both planned transitions as well as emergency situations related to illness, disability or other unplanned absences. The HRC Committee also met *in-camera*, without Mr. Monaco, to discuss the candidates he had identified as his possible successors.

Given the retirement activity that was anticipated within the Executive Leadership Team for 2014, executive succession, candidate development and talent retention continued to be an area of significant focus for the HRC Committee and the Board throughout the year. This oversight culminated with successful transitions of both the President, Liquids Pipelines role in March and the Chief Financial Officer role in October. Both were chosen in accordance with the identified and approved succession and critical talent plans.

Succession plans were reviewed in detail for the entire Executive Leadership Team and in-depth discussions were held regarding the range of possible external candidates and development of internal candidates, including the enactment of planned moves at the executive level to new or modified roles for developmental purposes.

The HRC Committee also reviewed the bench strength and succession depth several layers below the Executive Leadership Team to ensure there are no significant gaps and that succession plans remain robust.

The HRC Committee oversaw the development and implementation of a comprehensive multi-year, enterprise-wide, leadership development program that was introduced in 2014 and also continued to encourage and support an increased number of opportunities for interaction of high potential candidates with Board members.

The HRC Committee believes executive development and succession continues to be an area of high importance and has requested formal updates of development plan progress at each committee meeting. This was done throughout 2014 and will continue for the foreseeable future.

2014 highlights

The HRC Committee:

- reviewed the company's leadership development and talent management strategy to ensure robust development of candidate pools at various levels in the organization for leadership capability and continuity;

- reviewed both company and business unit performance, based on the approved short-term incentive performance metrics and corporate financial performance compared to our peers and the TSX60 and TSX Composite Index over several time periods, and used these assessments to determine 2014 short-term, medium-term and long-term incentive awards for our executives and employees;

- evaluated the President & Chief Executive Officer's performance and recommended all aspects of his compensation for 2014 to the Board, including his base salary and short-term, medium-term and long-term incentive awards;

- reviewed Mr. Monaco's performance assessments and compensation recommendations for the other executive officers, including recommendations for their base salaries and short-term, medium-term and long-term incentive awards for 2014;

- reviewed competitive market analysis data provided by independent compensation advisors to inform both the President & Chief Executive Officer and other executive officer compensation recommendations;

- approved the annual general salary increase recommendations;

- reviewed and approved the annual Benefit and Regulatory Compliance Report as part of the pension governance process, including the funding status;

reviewed and approved funding policy changes for the registered pension plans in both Canada and the United States;

34 ENBRIDGE INC.

Edgar Filing: ENBRIDGE INC - Form 6-K

reviewed and took no exception to the design of a new mid-term incentive plan for Midcoast Energy Partners to better align employee performance with unitholder interests;

reviewed and approved the corporate risk assessment report as it pertains to the committee's mandate;

determined that Board-approved equity pre-financing impacts be excluded from the Corporate STIP Multiplier (EPS) calculation as another adjustment item considered "non-recurring and non-operating" and reviewed and recommended a change to the payout curve for the short-term incentive program to better align with typical market practice that will be implemented in 2015;

reviewed and approved an increase to the share reserve for the Incentive Stock Option Plan (2007) and the Performance Stock Option Plan (2007) and approved associated amendments to the plan texts;

recommended officer appointments to the Board for ratification; and

considered compensation risk in the approval of all compensation programs, measures and targets and reviewed and approved a new annual compensation risk assessment tool to support compensation risk oversight.

The HRC Committee also reviewed the strategies and programs designed to attract, develop and retain employees, recognizing our plans for significant growth and increasing levels of retirement eligibility.

Awards and recognition

Enbridge was recognized in 2014 as one of Canada's Top 100 Employers (MediaCorp Canada), one of Alberta's Top Employers (MediaCorp Canada) and as one of the Financial Post's 10 Best Companies to Work For. Enbridge was also named one of Canada's Best Diversity Employers (MediaCorp) and received both a Diversity Leadership Award of Distinction and an Employer of Persons with Disabilities Award (Alberta Chamber of Commerce). Enbridge was also recognized as one of Houston's Healthiest Employers (Houston Business Journal).

Governance

In November 2014, the HRC Committee reviewed its mandate, as set out in the terms of reference, and assessed its performance. The committee approved an amendment to its terms of reference to add the evaluation of broader human resources risk as part of the corporate risk assessment process. The members of the committee are satisfied that the mandate is appropriate and that it met all of its responsibilities in 2014.

The HRC Committee met seven times in 2014 and held an *in-camera* meeting without any members of management present at each meeting.

Safety & Reliability Committee

Chair: Charles W. Fischer

Members: Marcel R. Coutu, V. Maureen Kempston Darkes, Charles E. Shultz and Catherine L. Williams

Responsibilities

The Safety & Reliability Committee is responsible for reviewing, approving or recommending to the Board the risk guidelines, policies, procedures and practices relating to safety and reliability matters which include:

environment;

health & safety;

pipeline and facility integrity management;

security (physical, data and cyber);

emergency response preparedness; and

other operational risks.

Edgar Filing: ENBRIDGE INC - Form 6-K

The committee is responsible for the oversight of operational matters to ensure that the company meets the safety and reliability objectives established by the Board. The committee's responsibilities include:

oversight of enterprise-wide safety culture and receipt of reports from management regarding safety culture development, related risk assessment and risk management guidelines applicable to safety and reliability matters and other operational risks;

review the policies followed by management in the conduct of operations directed at preventing injury and adverse environment impacts;

2015 Management information circular 35

ensure policies relating to safety and reliability compliance and incidents, including reporting requirements, are established by management;

receive status and assessment reports from management regarding compliance and provide recommendations;

review and provide oversight of management's response to significant safety incidents;

review and make recommendations regarding management's methods of communicating policies relating to safety and reliability;

consider the results of operational compliance audits including operational risk management;

consider potential impacts of proposed legislation and other emerging issues relating to safety and reliability;

at least annually, receive from management a report on the insurable risks related to the areas within its mandate; and

determine, if necessary, further Directors' and officers' duties and responsibilities relating to safety and reliability.

In addition, the committee may retain independent advisors, request other reports, meet with management or employees and furnish recommendations to the Board.

2014 highlights

The committee received updates on enterprise safety and operational reliability matters. It received the operational risk and annual safety & environment report from the Gas Distribution, Gas Pipelines & Processing, Liquids Pipelines, Major Projects and Green Power and Transmission business units and received operational risk management updates from management including results of external verifications and safety perception surveys.

The committee received updates from management regarding incidents that occurred in 2014 during the committee's quarterly meetings along with progress reports on related action plans and corrective action measures undertaken. The committee reviewed the operational risks included in the corporate risk assessment report and received updates on the implementation of frameworks for enterprise risk and safety management systems that have been developed by management. The committee also received updates on Enterprise security, including cyber security, as well as in respect of regulatory and compliance matters.

Governance

The committee reviewed its terms of reference. The members of the committee are satisfied that its mandate is appropriate and that it met all of its responsibilities in 2014.

The Safety & Reliability Committee met four times in 2014 and held an *in-camera* meeting without any members of management present, at each meeting.

SHAREHOLDER OUTREACH

Enbridge engages our shareholders on an ongoing basis and in a variety of ways, tailored to the specific needs of each shareholder group. Our main shareholder events are our annual investor days in Toronto and New York, which provide an opportunity for shareholders to obtain an update on the company outside of our quarterly earnings presentations. These events, along with our annual general meeting and quarterly earnings presentations, are webcast so that they are accessible to a broad audience of investors and are available on our website for a period of 12 months. Our executive team also meets with shareholders throughout the year by way of investor roadshows in a variety of cities. To further our investor outreach, we also participate in several investor conferences. Enbridge is also committed to communicating with shareholders through our website (www.enbridge.com), where current and potential investors are invited to contact the Investor Relations team by letter, phone or email.

DIRECTOR COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

Philosophy and approach

The Board is responsible for developing and implementing the directors' compensation plan and has delegated the day-to-day responsibility for director compensation to the Governance Committee.

Our directors' compensation plan is designed with four key objectives in mind:

to attract and retain the most qualified individuals to serve as directors;

to compensate our directors to reflect the risks, responsibilities and time commitment they assume when serving on our Board and Board committees;

to offer directors compensation that is competitive with other public companies that are comparable to Enbridge and to deliver such compensation in a tax effective manner; and

to align the interests of directors with those of our shareholders.

While our executive compensation program is designed around pay for performance, director compensation is based on annual retainers. This is to meet the compensation objectives and to help ensure our directors are unbiased when making decisions and carrying out their duties while serving on our Board.

The Governance Committee uses a peer group of companies to set the annual retainers for our Board and targets director compensation at about the 50th percentile. It uses the same peer group to determine executive compensation. See page 52 for more information about our peer group and how we benchmark executive compensation.

The Governance Committee reviews the directors' compensation plan every year, with assistance from management. Every second year a formal review by an external consultant is undertaken. The next formal review by an external consultant is scheduled for the summer of 2015. Each year, as part of this review, the committee considers the time commitment and experience required of members of our Board and the director compensation paid by a group of comparable public companies when it sets the compensation. The committee also reviews the compensation plan to make sure the overall program is still appropriate and reports its findings to the Board.

Share ownership

We expect directors to own Enbridge shares so they have an ongoing stake in the company and are aligned with the interests of shareholders. The share ownership guideline is three times the annual Board retainer. The annual Board retainer is \$235,000. Directors must now hold at least three times their annual Board retainer, or \$705,000, in DSUs or Enbridge shares and meet that requirement within five years of becoming a director on our Board. DSUs are paid out when a director retires from the Board. They are redeemed for cash, based on the weighted average of the closing price of common shares on the TSX for the last five trading days before the redemption date, multiplied by the number of DSUs the director holds. Directors may not engage in equity monetization transactions or hedges involving securities of Enbridge (see *Hedging policy* on page 55 of this circular).

If a decrease in the market value of our common shares results in a director no longer meeting the share ownership requirements, we expect him or her to buy additional common shares in order to satisfy the minimum threshold.

About DSUs

A deferred share unit (*DSU*) is a notional share that has the same value as one Enbridge common share. Its value fluctuates with variations in the market price of Enbridge shares.

DSUs do not have voting rights but they accrue dividends as additional DSUs, at the same rate as dividends paid on our common shares.

Compensation components

Edgar Filing: ENBRIDGE INC - Form 6-K

Our Directors' compensation plan has four components:

an annual retainer;

an annual fee if he or she serves as the non-executive Chair of the Board or chair of a Board committee;

a travel fee for attending Board and Board committee meetings; and

reimbursement for reasonable travel and other out-of-pocket expenses relating to his or her duties as a director.

We do not have meeting attendance fees.

38 ENBRIDGE INC.

Edgar Filing: ENBRIDGE INC - Form 6-K

Our directors' compensation plan has been in effect since 2004 and was revised in 2010 and 2013. The table below shows the fee schedule for directors in 2014. Directors are paid quarterly. If their principal residence is in the US, they receive the same face amounts in US dollars. Mr. Monaco does not receive any director compensation because he is our President & Chief Executive Officer and is compensated in that role.

Directors who also serve as a director or trustee of one of our subsidiaries or affiliates also receive an annual retainer and meeting and travel fees for attending those meetings.

Directors can receive their retainer in a combination of cash, Enbridge shares and DSUs, but they must receive a minimum amount in DSUs, as shown in the table below. Travel fees are always paid in cash.

Compensation component	Annual amount (\$)	Cash	Enbridge shares	DSUs	Cash	Enbridge shares	DSUs
		before minimum share ownership			after minimum share ownership		
Board Retainer	235,000						
Additional retainers							
Chair of the Board retainer	260,000						
Board committee chair retainer		Up to 50%	Up to 50%	50% to 100%	Up to 75%	Up to 75%	25% to 100%
Audit, Finance & Risk	25,000						
Human Resources & Compensation	20,000						
Safety & Reliability	15,000						
Corporate Social Responsibility	10,000						
Governance	10,000						
Travel fee	1,500	100%			100%		

Once they reach the minimum share ownership level, directors can choose to receive between one quarter and their entire retainer in DSUs, with the balance in cash, Enbridge shares or a combination of both, according to a percentage mix they choose. They must take at least 25% of the retainer in DSUs. Directors are allocated the Enbridge shares based on the weighted average of the closing price of the Enbridge shares on the TSX for the five trading days immediately preceding the date that is two weeks prior to the date of payment.

The table below shows the breakdown of each director's annual retainer for the year ended December 31, 2014.

- The cash portion of the retainers paid to the directors.
- The portion of the retainer received as DSUs and Enbridge shares.
- Directors may also receive additional Enbridge shares as part of our Dividend Reinvestment and Share Purchase Plan, which is available to all shareholders.

4. We pay directors quarterly. The value of the Enbridge shares and DSUs is based on the weighted average of the closing price of Enbridge shares on the TSX for the five trading days immediately preceding the grant date each quarter. The weighted average Enbridge share prices were Cdn. \$48.97, \$51.61, \$55.61 and \$56.96 for the first, second, third and fourth quarters of 2014.
5. Includes the annual retainers paid to each of Ms. Williams and Messrs. Braithwaite, England, Fischer, Leslie and Shultz as a director or trustee of an Enbridge subsidiary or affiliate, and travel fees for attending those meetings.
6. Includes dividend equivalents granted in 2014 on DSUs granted in 2014 based on the 2014 quarterly dividend rate of \$0.35. Dividend equivalents vest at the time of grant.
7. These directors are paid the same face amounts in US\$ because their principal residence is in the US.
8. Mr. Monaco does not receive any compensation as a director of Enbridge because he is our President & Chief Executive Officer.
9. Mr. Leslie retired from the Board on November 6, 2014.

Incentive plans awards

We have not granted stock options (*stock options* or *options*) to directors since 2002. None of our non-employee directors hold any share-based awards that have not vested.

Directors are paid in Enbridge shares and DSUs quarterly. Their value is based on the weighted average of the closing price of the Enbridge shares on the TSX for the five trading days immediately preceding the grant date each quarter. DSUs dividends paid in 2014 on DSUs granted in 2014 are valued as of March 3, June 2, September 2 and December 1, 2014. The table below shows the grant dates, dividend dates and the weighted average Enbridge share price for each quarter in 2014.

Executive summary

Company philosophy

Enbridge's vision is to be the leading energy delivery company in North America. Central to achieving that vision is a relentless focus on safety, operational reliability and protection of the environment.

Everything Enbridge does must be achieved through the lens of its company values Integrity, Safety and Respect.

Enbridge strives to create exceptional shareholder value through strong corporate performance and investing capital in ways that minimize risk and maximize return, while always supporting its core business of delivering energy safely and reliably.

Strategic Focus

In 2014, Enbridge continued to focus on the four key priorities within its strategic plan:

1. Drive safety and operational reliability;
2. Execute on its growing slate of commercially secured projects;
- 3.

Secure the longer-term future; and

4.

Maintain the foundation.

Compensation philosophy

Performance is foundational to the executive compensation programs and payouts are strongly aligned to the achievement of Enbridge's strategic priorities. Compensation is typically targeted at median within the markets where Enbridge competes, with performance driving "at risk" incentive payouts up or down accordingly. The vast majority of executive compensation is considered "at risk" because its value is based on specific performance criteria and payout is not guaranteed.

44 ENBRIDGE INC.

Operational and financial performance metrics are used for the short-, medium- and long-term incentive plans. These programs are designed to motivate management to safely and efficiently operate the business with a focus on the longer term, while providing the superior returns that shareholders expect.

Commitment to governance

Enbridge is committed to upholding the highest standards of corporate governance. It believes good governance is important for its shareholders, employees and the company. Enbridge has a comprehensive system of stewardship and accountability that follows best practices and meets the requirements of all applicable laws, regulations and policies.

Enbridge conducts a thorough assessment annually to identify where people-related risks occur that may impact the achievement of the strategic plan. In addition, Enbridge specifically reviews its compensation practices and policies from a risk perspective to ensure they do not encourage inappropriate or excessive risk taking that is likely to have a material adverse effect on the business. The HRC Committee provides oversight and reviews the results of these risk assessments and recommends acceptance of the human resources component of the broader corporate risk assessment report to the Board of Directors.

The HRC Committee reviews the performance, business environment and peer group comparisons in formulating its pay recommendations for the President & Chief Executive Officer, and in approving the President & Chief Executive Officer's recommendations for the remaining named executives.

In making decisions on performance based compensation in 2014, the HRC Committee considered the financial growth the company achieved and the notable operational successes across the business units. In addition, the HRC Committee considered Enbridge's performance in relation to its competitors on other key performance indicators such as dividend per share growth, reward to risk ratio and total shareholder return.

Performance highlights for 2014

Over the past 10 years Enbridge's total shareholder return has exceeded the S&P/TSX Composite Index by an average of 11% per year:

Enbridge performance relative to S&P/TSX Composite Index As at December 31, 2014

The following summarizes some of the key accomplishments in 2014:

Made progress towards achieving industry-leading safety and operational reliability performance through the Operational Risk Management program, including:

ongoing maintenance and enhancements of Enbridge's pipelines and facilities; and

rolling out the Enbridge Safety Management Framework, providing common standards, guidance and structure to all parts of the business.

Delivered solid financial performance during a key executional phase in Enbridge's growth plan, including:

- adjusted earnings per share (*EPS*) rising 6.7% to \$1.90;
- a quarterly dividend increase of 33% effective March 1, 2015;
- announcing adjusted EPS guidance for 2015 of \$2.05 to \$2.35; and
- announcing a higher dividend payout policy range of 75% to 85% of adjusted EPS, up from 60% to 70% previously.

Continued to advance the growth capital investment program through:

- \$34 billion in commercially secured growth projects by the end of 2014, plus \$10 billion in additional potential capital projects; and
- execution of the sponsored vehicle strategy, with the transfer of a package of assets and interests to Enbridge Income Fund for proceeds of approximately \$1.8 billion and a drop down of assets to Enbridge Energy Partners, L.P. for aggregate consideration of US\$1 billion.

Achieved key milestones in executing major projects, including:

- successfully placing into service approximately \$10 billion of growth projects, including two major components of the \$5.4 billion Western Gulf Coast Access initiative;
- receiving approval from Canada's pipeline regulator, the National Energy Board, for the flow reversal and expansion of Line 9B between Westover, Ontario and Montreal, Quebec; and
- receiving Governor in Council approval by the Canadian federal government of the Northern Gateway Project, subject to 209 conditions.

Announced plans for future growth and sustained value creation:

- the March announcement of the \$7.5 billion Line 3 Replacement (*L3R*) Program, the largest project in Enbridge history. This project will result in the restoration of one of Enbridge's primary pipelines along the Mainline crude oil system; and
- the December announcement of Enbridge's restructuring plan to transfer Enbridge's Canadian liquids pipelines business and certain Canadian renewable energy assets to Enbridge Income Fund. Under the plan, approximately \$17 billion of combined carrying value of assets would be transferred to the Fund by mid-2015.

Upheld Enbridge's values while shaping and protecting Enbridge's reputation:

- achieving a 74% employee engagement score in the biannual 2014 Employee Perspectives Survey exceeding the North American average (63%); and
- receiving recognition for corporate social responsibility and sustainability practices, including being named one of the Global 100 Most Sustainable Large Corporations in the World and one of Canada's Top 100 Employers.

Key compensation decisions in 2014

The Board and the HRC Committee are responsible for overseeing the compensation principles and programs at Enbridge and approving compensation programs and payouts, with assistance from independent outside advisers.

In 2014, taking into account company performance during the year, the following key compensation decisions were made for the named executives:

Edgar Filing: ENBRIDGE INC - Form 6-K

merit increases ranging from 3.5%-10% were applied to base salaries to align positioning relative to the competitive market;

additional salary increases ranging from 25%-32% were applied for two of the named executives who were promoted to new positions during the year;

short-term incentive awards of \$3,345,987 were approved, reflecting a corporate multiplier of 0.7 and business unit multipliers ranging from 0.86 to 1.68;

medium-term incentive awards of \$3,849,411 were granted; and

long-term incentive awards of \$4,460,203 were granted.

Compensation philosophy

Approach to executive compensation

Enbridge's approach to executive compensation is set by the HRC Committee and approved by the Board. These programs are designed to accomplish three objectives:

attract and retain a highly effective executive team;

align executives' actions with the business strategy and the interests of Enbridge shareholders and other stakeholders; and

reward executives for short-, medium- and long-term performance.

Enbridge does:

Enbridge does not:

Use a pay for performance philosophy whereby the majority of compensation provided to Enbridge executives is "at risk" and dependent on pre-defined performance variables that reflect operational and financial priorities defined in the Strategic Plan

Pay out incentive programs when unwarranted by performance

Have a compensation structure that reflects a blend of short-, medium- and long-term incentive awards, and that is linked to Enbridge's business plans for the respective timeframes in order to directly tie results to rewards

Allow stock option grants below 100% fair market value

Incorporate risk management principles into all decision making processes and ensure compensation programs do not encourage inappropriate or excessive risk taking by executives

Count performance stock units or unexercised stock options towards stock ownership requirements

Regularly review its executive compensation programs through third party consultants to ensure such programs continue to support shareholder interests and regulatory compliance, and are aligned with sound principles of risk management and governance

Re-price underwater stock options

Use both proactive/preventative and incident-based safety and operational metrics that are directly linked to the short-term incentive of every employee to reinforce the absolute criticality of safety,

Implement single trigger voluntary termination rights in favor of executives in new employment agreements

system reliability, and environmental performance

Have meaningful stock ownership requirements that align the interests of Enbridge executive officers with those of Enbridge shareholders

Permit hedging of Enbridge securities

Benchmark executive compensation programs against a group of similar companies in Canada and the US to ensure that Enbridge executives are rewarded at a competitive level

Grant, renew or extend any loans to its directors or senior executives of the company

Have an Incentive Compensation Clawback Policy

Provide stock options to directors who are not full-time employees

Linkage with company strategy

Enbridge's vision is to be the leading energy delivery company in North America.

Central to achieving that vision is a relentless focus on safety, operational reliability and protection of the environment to ensure that the needs of all stakeholders are met, and that Enbridge continues to be a good citizen within the communities where it operates.

Driving safety and operational reliability is Enbridge's number one priority.

The following are Enbridge's top four priorities:

drive safety and operational reliability is the first area of focus within the strategic plan. Failing to meet this goal means the outcomes set out in the remainder of the strategic plan are at risk;

execute on a growing slate of commercially secured projects through a focus on project management and preserving financial strength and flexibility;

secure the longer-term future by strengthening core businesses and developing new platforms for growth and diversification; and

maintain the foundation by upholding the values of Integrity, Safety and Respect; shaping, promoting and protecting Enbridge's reputation; and attracting, retaining and developing people.

Enbridge's executive compensation programs are aligned to the achievement of these strategic priorities and are designed to link payouts to those outcomes. They are designed to motivate management to deliver exceptional value to

shareholders through strong corporate performance and investing capital in ways that minimize risk and maximize return, while always supporting the core business goal of delivering energy safely and reliably.

Management is committed to delivering steady, visible and predictable results, and to operate assets in an ethical and responsible manner.

Pay for performance

Performance is the cornerstone of Enbridge's executive compensation programs. The Board reviews Enbridge's business plans over the short-, medium- and long-term and the HRC Committee ensures the compensation programs are linked to these timeframes. This ensures that management is focused on delivering value to Enbridge shareholders not only in the short-term, but also continued performance in the long-term.

Relevant corporate and business unit performance measures are established for the short-term compensation plan that focus on the critical safety, system reliability, environmental and financial aspects of the business. The performance measures for the medium- and long-term plans focus on overall corporate performance aligned with shareholder expectations for earnings growth and total shareholder return.

When assessing performance, the HRC Committee considers both the objective pre-defined performance metrics as well as qualitative factors not captured in the formal metrics. For example, a decision to complete a certain acquisition may have longer-term strategic benefits to the company that may not be reflected in the short-term performance metrics. Also playing a role are a number of market based and earnings based key performance indicators that compare Enbridge's results to a peer group and to the broader market over a one to 10 year time horizon. Therefore, the assessment of overall performance is based on a combination of the pre-defined performance metrics, the key performance indicators, as well as the qualitative aspects of management's responsibilities.

Awards under the medium- and long-term incentive plans provide the opportunity to realize a greater or lesser payout (relative to the grant value) depending on how Enbridge performs in the future. In addition to time-vesting provisions, the performance stock units have adjusted earnings per share (*EPS*) and price-to-earnings (*P/E*) performance conditions and the performance stock options have three share price hurdles that must be met within a specified time period for the options to vest. Incentive stock options round out the long-term incentive plans and are an additional way to increase executives' equity stake in the company and align executives' interests with those of shareholders. See pages 61 to 67 for details of the medium- and long-term incentive plans.

Performance is foundational to Enbridge's executive compensation programs, and operational and financial performance conditions are utilized through short-, medium- and long-term incentive plans.

At risk compensation

The chart below shows the target compensation mix for the President & Chief Executive Officer and the average for the other named executives. The short-, medium- and long-term incentives are considered to be "at risk" because their value is based on specific performance criteria and payout is not guaranteed.

In 2014, 81% of the target total direct compensation for the President & CEO, and an average of 74% for the remaining named executive officers, was at risk, directly aligning corporate, business unit and individual performance with the interests of Enbridge shareholders. For details on targets for the incentive programs, see pages 59 and 62.

The vast majority of compensation for Enbridge's President & Chief Executive Officer and other named executives is considered "at risk".

Operational performance

Operational performance is central to assessing the overall performance of an organization. At Enbridge, delivering on a commitment to drive safety and operational reliability means:

- striving for and maintaining industry leadership in safety (public, personal and process);
- ensuring the reliability and integrity of Enbridge pipelines and facilities; and
- protecting the environment.

To reinforce this, the short-term incentive awards for all employees at Enbridge (including all the named executives) are directly linked to operational performance, whether they are in a corporate or business unit role.

Compensation governance

Enbridge's compensation governance structure consists of the Board and the HRC Committee, with Mercer (Canada) Limited (*Mercer*) providing independent advisory support. The governance structure is reviewed annually against best practices and regulatory guidance.

Board and HRC Committee

The Board is responsible for the oversight of the compensation principles and programs at Enbridge. The HRC Committee approves major compensation programs and payouts, including reviewing and recommending the compensation for the President & Chief Executive Officer to the Board. The HRC Committee also approves the compensation for the other named executives.

Edgar Filing: ENBRIDGE INC - Form 6-K

The HRC Committee assists the Board in carrying out its responsibilities with respect to compensation matters by providing oversight and direction on human resources strategy, policies and programs for the named executives, senior management and the broader employee base, including compensation, equity incentive plans, pension and benefits as well as talent management, succession planning, workforce recruitment and retention. The HRC Committee provides oversight regarding the management of broader people-related risk and specifically reviews the compensation programs from a risk perspective.

All members of the HRC Committee are independent under the independence standard discussed on page 24 of this circular.

Edgar Filing: ENBRIDGE INC - Form 6-K

The members of the HRC Committee are Catherine L. Williams (chair), J. Lorne Braithwaite, J. Herb England, Charles W. Fischer, V. Maureen Kempston Darkes and Charles E. Shultz. For information on their Board committee participation, please refer to page 14 of this circular.

Independent advice

The Enbridge Board of Directors has voluntarily chosen to comply with the revised listing standards of the New York Stock Exchange that were approved by the U.S. Securities and Exchange Commission in January, 2013 regarding compensation committees, including as to compensation advisors and compensation committee independence. As such, the HRC Committee is directly responsible for the appointment, compensation and oversight of the work of any compensation consultants, outside legal counsel or other advisors (each, an *Advisor*) it retains. The HRC Committee may select or receive advice from an Advisor only after taking into consideration all factors relevant to the Advisor's independence from management including:

- the provision of other services to Enbridge by the Advisor;
- the amount of fees received from Enbridge by the Advisor as a percentage of the Advisor's total revenue;
- the policies and procedures of the Advisor that are designed to prevent conflicts of interest;
- any common shares owned by the Advisor; and
- any business or personal relationship of the Advisor with a member of the HRC Committee or with an executive officer at Enbridge.

Although the HRC Committee is required to consider these factors, it is free to select or receive advice from an Advisor that is not independent.

Since 2002, Mercer, an independent Advisor, has provided guidance to the HRC Committee on compensation matters to ensure Enbridge's programs are appropriate, market competitive and continue to meet its intended goals. Advisory services include reviewing:

- the competitiveness and appropriateness of executive compensation programs;
- annual total direct compensation for the President & Chief Executive Officer and the Executive Leadership Team;
- governance of executive compensation; and
- the HRC Committee's mandate and related Board committee processes.

While the HRC Committee considers the information and recommendations Mercer provides, it has full responsibility for its own decisions, which may reflect other factors and considerations.

The HRC Committee chair reviews and approves the terms of engagement with Mercer every year. The terms specify the work to be done in the year, Mercer's responsibilities and its fees. Management can also retain Mercer on compensation matters from time to time or for prescribed compensation services. The chair of the HRC Committee must, however, approve all services that are not standard in nature, taking into account whether or not the work would compromise Mercer's independence.

Management and the HRC Committee engaged Mercer in 2014 to provide analysis and advice on various compensation matters. The following table provides a breakdown of services provided and fees paid to Mercer and its affiliates by Enbridge and its affiliates in 2014 and 2013:

Nature of work	Approximate fees 2014 (\$)	Approximate fees 2013 (\$)
Executive Compensation Related Fees ¹	318,648	285,046
All other Fees ²	3,900,098	3,787,137

Total	4,218,746	4,072,183
--------------	------------------	------------------

1. Includes all fees related to executive compensation associated with the President & Chief Executive Officer and the Executive Leadership Team.
2. Includes fees paid for other compensation matters that apply to Enbridge as a whole, such as pension actuarial valuations, renewal and pricing of benefit plans, evaluation of geographic market differences and regulatory proceedings support. Also includes non-compensation risk brokerage service fees (\$1,903,343 in 2014 and \$1,902,577 in 2013) paid to Marsh Inc., a Mercer affiliate, for services provided to our operating affiliates.

Compensation services received by Enbridge from Advisors are not sole sourced from one provider; each situation and need is assessed independently, and other providers are used depending on the nature of the service required, and the qualifications of the provider. In 2014, Enbridge did not engage the services of other compensation consultants.

Annual decision making process

The HRC Committee reviews and approves the compensation plans and pay levels for all the named executives except the President & Chief Executive Officer. The HRC Committee reviews and recommends the compensation plans and pay level for the President & Chief Executive Officer to the Board.

The table below shows the process by which compensation decisions are made.

Benchmarking to peers

As the responsibilities of Enbridge's named executive officers are North American in scope, equally-weighted Canadian and US peer groups are determined and used for executive compensation benchmarking.

Peer group determination

The peer group for 2014 remains unchanged from 2013. Enbridge's peer group is reviewed annually, and was last revised in 2012. Enbridge's peer group was developed based on an initial selection of companies of similar size (between 50% and 200% of enterprise value), with additions or deletions to best reflect the organizations with which Enbridge competes for customers, capital (including risk profile) and executive talent.

The Canadian peer companies identified include a broader range of industries than the US peers, including large pipeline, energy, utility and railway companies that are similar to Enbridge in size, based on enterprise value and revenues, and in risk profile. Together, they reflect the Canadian business environment in which Enbridge operates.

Since the US energy sector is much larger and has more depth than Canada's, the US peer companies identified are from a narrower range of industries, more similar to Enbridge, and include mainly oil and gas pipelines and utilities.

2014 peer group

While enterprise value is used as a primary peer group selection criteria with respect to company size (as a proxy for business complexity), other size metrics are also important. The 2014 peer group, and how Enbridge compares in terms of size, as of December 31, 2014 (unless otherwise noted), is as follows:

Setting compensation targets

For each of the named executives, total direct compensation targets are benchmarked against comparator companies in North America.

52 ENBRIDGE INC.

Edgar Filing: ENBRIDGE INC - Form 6-K

Enbridge generally targets overall total direct compensation at the median (including the CEO position), considering the skill, competency and experience of each senior executive. Executives who demonstrate superior performance and consistently achieve significant results have their total direct compensation aligned at a higher percentile. Some senior executive roles that have smaller scale or scope are benchmarked below median.

Compensation risk management

The HRC Committee oversees Enbridge's compensation programs from the perspective of whether such programs encourage individuals to take inappropriate or excessive risks that are reasonably likely to have a material adverse impact on Enbridge.

In 2014, Enbridge implemented a new comprehensive risk assessment process to assist the HRC Committee in evaluating compensation risk. The assessment covers program design, governance (oversight and decision-making), policy alignment and best practice incorporation. Mercer provided input into the design of the assessment tool, reviewed management's conclusions and provided their opinion to the HRC Committee in support of the conclusions reached by management.

Compensation risk mitigation practices

The company uses the following compensation practices to mitigate risk:

- a pay for performance philosophy that is embedded into the compensation design;
- a mix of pay programs benchmarked against a relevant peer group in terms of both relative proportion and prevalence;
- a rigorous approach to goal setting and a process of establishing targets with multiple levels of performance, which mitigate excessive risk-taking that could harm Enbridge's value or reward poor judgment of executives;
- compensation programs that include a combination of short-, medium- and long-term elements that ensure executives are incented to consider both the immediate and long-term implications of their decisions;
- program provisions where executives are compensated for their short-term performance using a combination of safety, system reliability, environmental, financial and customer and employee metrics that ensure a balanced perspective and are a mix of both leading (proactive/preventative) and lagging (incident based) indicators;
- performance thresholds that include both minimum and maximum payouts;
- stock award programs that vest over multiple years and are aligned to overall corporate performance that drives superior value to shareholders;
- share ownership guidelines that ensure executives have a meaningful equity stake in the company to align their interests with those of shareholders;
- an anti-hedging policy to prevent activities that would weaken the intended pay-for-performance link and alignment with shareholder interests; and
- an Incentive Compensation Clawback Policy that allows Enbridge to recoup over-payments made to executives in the event of fraudulent or willful misconduct.

The HRC Committee has considered the concept of risk as it relates to the compensation programs and has concluded that the programs do not encourage excessive or inappropriate risk taking, and that these programs are aligned with the long-term interests of shareholders.

Operational risk management

The following chart outlines the key principles of Enbridge's Operational Risk Management (*ORM*) Plan, designed to address technical risk mitigation opportunities and position Enbridge as an industry leader with respect to safety and operational reliability.

The various facets of the ORM Plan are tied directly to the short-term incentive awards of every employee at Enbridge through the use of safety, system reliability/integrity, and environmental performance metrics that are applied to business unit scorecard results. See page 60 for examples of these metrics. In 2014, every employee was required to have safety objectives incorporated into their individual performance goals, with a minimum weighting of 10%.

Every Enbridge employee is required to have safety objectives incorporated into the individual performance goals tied to their short-term incentive.

All executives are expected to support the safety culture by conducting site visits at both field and office locations to discuss the importance of safety, make safety observations and solicit any safety concerns from employees and contractors. The Board of Directors firmly supports this activity and participates in site visits where directors have an opportunity to speak to employees directly to discuss safety processes and procedures and get their perspective on safety at Enbridge. There were over 135 executive/director site visits conducted in 2014.

Share ownership

Target share ownership is a multiple of base salary, depending on position level, and executives are required to meet and maintain the target within four years of being appointed to the position. Executives can acquire Enbridge common shares by participating in the employee savings plan, exercising stock options or by making personal investments in Enbridge common shares. Personal holdings, and Enbridge common shares held in the name of a spouse, dependent child or trust, all count toward meeting the guidelines. Performance stock units, restricted stock units and unexercised stock options do not count towards meeting the guidelines.

Target and actual share ownership as of December 31, 2014

Executive	Target ownership	Actual ownership	Meets requirements
Al Monaco	5x base salary	10x base salary	Yes

Edgar Filing: ENBRIDGE INC - Form 6-K

John K. Whelen	2x base salary	5x base salary	Yes
J. Richard Bird	2x base salary	22x base salary	Yes
D. Guy Jarvis	2x base salary	5x base salary	Yes
David T. Robottom	2x base salary	6x base salary	Yes
C. Gregory Harper ¹	2x base salary	<1x base salary	n/a

1. Mr. Harper has until January 30, 2018 (four years from his date of appointment on January 30, 2014) to meet share ownership requirements.

Share ownership requirements are not required to be maintained after retirement or resignation.

Hedging policy

The insider trading and reporting guidelines, among other things, prohibit directors, officers and employees from purchasing financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held by the named executive officer, as such positions delink the intended alignment of employee and shareholder interests. The following activities are specifically prohibited:

- any form of hedging activity;
- any form of transaction involving stock options (other than exercising options in accordance with the plans);
- any other form of derivative trading (including "puts" and "calls"); and
- "short selling" (selling securities that he or she does not own).

Incentive Compensation Clawback Policy

The Incentive Compensation Clawback Policy allows Enbridge to recover, from current and former executives, certain incentive compensation amounts awarded or paid to such individuals if such individuals engaged in fraud or willful misconduct that led to inaccurate financial results reporting, regardless of whether such misconduct resulted in a restatement of all or a part of Enbridge's financial statements.

Assessing 2014 performance

Enbridge common shares closed at \$59.74 on the TSX on December 31, 2014, resulting in a total shareholder return that outperformed the S&P/TSX Composite Index by over 20% in 2014. Over the past 10 years the total shareholder return has exceeded the S&P/TSX Composite Index by an average of 11% per year. Since Enbridge's inception as a publicly traded entity over 62 years ago, it has delivered an average annual total shareholder return of more than 15%, outperforming the TSX Composite Index by more than 6% over a similar timeframe.

Enbridge performance relative to S&P/TSX Composite Index As at December 31, 2014

Enbridge had a very successful year in 2014, continuing to build the company on a very solid foundation.

Critical areas of safety and operational reliability performance were advanced through the ORM Plan, which involves the ongoing maintenance and enhancement of pipelines and facilities. Enbridge's safety culture was strengthened with the publication of the Enbridge Safety Management System Framework, establishing a rigorous and shared standard common across all operations and businesses to effectively manage and mitigate the hazards associated with transporting, distributing and generating the energy society counts on.

Enbridge continued to build on its track record of good performance with adjusted EPS increasing by 6.7% in 2014 to \$1.90 per common share.

Edgar Filing: ENBRIDGE INC - Form 6-K

In December 2014, Enbridge announced:

a 33% increase in the quarterly dividend, effective March 1, 2015;

a revised dividend payout policy range of 75% to 85% of adjusted earnings, up from 60% to 70% previously;

adjusted EPS guidance range for 2015 of \$2.05 to \$2.35 per share; and

2015 Management information circular 55

the plan to transfer Enbridge's Canadian liquids pipelines business and certain Canadian renewable energy assets to Enbridge Income Fund. Under the plan, approximately \$17 billion of combined carrying value of assets would be transferred to the Fund by mid-2015. This plan remains subject to finalization of preliminary internal reorganization steps and a number of internal and external consents and approvals.

Enbridge continued to grow across all of its businesses and exited 2014 with a \$44 billion capital investment growth program, including \$34 billion in commercially secured projects through to 2018 and \$10 billion in additional potential capital projects.

Growth projects include the completion in 2014 of the Seaway Crude Pipeline System Twinning and the Flanagan South Pipeline two major components of the \$5.4 billion Western Gulf Coast Access initiative. Taken together, the Western Gulf Coast Access initiative, Eastern Access program and Light Oil Market Access initiative are linking growing producing regions to markets and providing refineries in Canada and the U.S. with reliable North American crude oil. By the end of 2014, these initiatives had added 1.3 million barrels per day (bpd) of incremental market access capacity and are expected to add another 400,000 bpd by the end of 2015. These programs effectively respond to the needs of customers, as do the secured capital projects to expand the Alberta regional infrastructure and the Bakken infrastructure in North Dakota.

Major announcements for Enbridge's Liquids Pipeline business in 2014 include:

receiving approval from Canada's pipeline regulator, the National Energy Board, for the flow reversal and expansion of Line 9B between Westover, Ontario and Montreal, Quebec;

undertaking the \$7.5-billion Line 3 Replacement (*L3R*) Program the largest project in Enbridge history which includes replacing the existing pipe with modern pipe materials utilizing modern construction methods. The L3R Program is targeted for completion in late 2017; and

obtaining Governor in Council approval for the Northern Gateway Project by the Canadian federal government, pursuant to the Joint Review Panel's recommendation in December 2013 that the project be approved, subject to 209 conditions.

Enbridge's other businesses had notable successes in 2014 as well:

making progress in executing the US\$1.3 billion in commercially secured gas pipelines and processing initiatives;

Enbridge Gas Distribution is engaged in its \$0.8 billion Greater Toronto Area (GTA) Project through which it is upgrading and expanding its systems to meet growing demand from residential, commercial, and industrial customers; and

growth in the renewable and alternative energy portfolio in 2014 including:

investing in the 110-MW Keechi Wind Project in Texas;

bringing the 300-MW Blackspring Ridge Windfarm in Alberta into service;

purchasing additional ownership stakes in the 300-MW Lac Alfred Wind Project and the 150-MW Massif du Sud Wind Project in Quebec; and

purchasing an 80% interest in a portfolio of two operating wind farms in the U.S. (the 203-MW Magic Valley 1 in Texas and the 202-MW Wildcat 1 in Indiana).

Enbridge also continued the execution of its sponsored vehicle strategy, with the transfer of a package of assets and interests to Enbridge Income Fund for proceeds of approximately \$1.8 billion and a drop down of assets to Enbridge Energy Partners, L.P. for aggregate consideration of US\$1 billion. These transactions create value for Enbridge by providing sources of low-cost funding for the enterprise-wide growth program and by maximizing the value of strong cash generating assets.

In 2014, Enbridge successfully onboarded more than 2,900 employees and contractors in Canada and the U.S. to support current and future growth. The enterprise-wide employee engagement score from the biannual 2014 Employee Perspectives Survey was 74%, exceeding the North American average (63%) and the North American energy sector average (61%). Enbridge also received recognition for corporate and social responsibility and sustainability practices, including being named one of the Global 100 Most Sustainable Large Corporations in the World and one of Canada's Top 100 Employers in 2014.

Short-term incentive performance multiplier

The calculation of short-term incentive awards is derived from three factors, one of which is corporate performance. The other two (business unit and individual performance) are described on pages 59 and 61.

For short-term incentive purposes, Enbridge's 2014 corporate performance was measured by adjusted EPS. This is a metric that focuses on the return to shareholders and is aligned with how investors and securities analysts assess Enbridge's performance on an annual basis. Adjusted EPS is reported regularly to the investor community and is also a metric that is understandable from an employee perspective.

The annual Board-approved budget establishes the target (1.0 multiplier) for this metric. The minimum (0.0) and maximum (2.0) multipliers were set using the bottom and top of the external guidance range that was publicly disclosed prior to the beginning of 2014. The adjusted EPS metric represents 25 – 60% of the named executives' short-term incentive awards.

2014 STIP corporate performance metric	Adjusted EPS guidance range ¹
Lower threshold	\$1.84 (0.0x multiplier)
Target (midpoint)	\$1.94 (1.0x multiplier)
Upper threshold	\$2.04 (2.0x multiplier)

1.

Adjusted EPS between the thresholds in the table will result in a multiplier calculated on a linear basis.

Consistent with Enbridge's financial reporting and public disclosure of results, adjusted earnings excludes the impact of non-recurring and non-operating items. Approximately \$420 million of net adjustments were made to arrive at adjusted earnings of \$1,574 million, including adjustments for non-cash mark-to-market gains/(losses) on derivatives to hedge exposure to market price risks (foreign exchange, interest rates and commodity prices), and tax on intercompany gains and sales. For incentive compensation purposes, adjusted earnings also exclude the impact of certain long-term financing activities on earnings, bringing adjusted EPS to \$1.91.

Before approving the 2014 corporate performance multiplier, the HRC Committee also considered Enbridge's performance compared to other companies in its performance peer group and companies in the TSX Composite index, as measured by dividend per share growth, total shareholder return and reward to risk over the past one, three, five and ten year periods. Enbridge's 2014 performance on all of the key performance indicators remained at or near the top quartile. After thoroughly reviewing corporate, business unit and individual performance, the HRC Committee was comfortable that the recommended short-term incentive awards appropriately reflected the results achieved and did not exercise its discretion to adjust the awards from what was presented for approval.

Based on the 2014 adjusted EPS measure of \$1.91 for incentive compensation purposes, the resulting corporate short-term incentive performance multiplier is 0.70.

Use of discretion

The President & Chief Executive Officer can recommend an adjustment up or down to the calculated short-term incentive award for his direct reports when he feels it is appropriate, to reflect extraordinary events and other factors not contemplated in the original measures or targets. The HRC Committee must consider and, if appropriate, approve the President & Chief Executive Officer's recommendations.

The HRC Committee can adjust the calculated short-term incentive award for the President & Chief Executive Officer up or down at its discretion. It can also change or waive the eligibility criteria, performance measures and scorecards, and the target and maximum award levels when it believes it is reasonable to do so, considering matters such as key performance indicators and the business environment in which the performance was achieved. The Board must approve the HRC Committee's recommendations.

Executive compensation design & 2014 decisions

Enbridge's executive compensation program is made up of six components.

Base salary

On April 1, 2014, Messrs. Bird and Whelen received base salary increases of 3.8% to maintain their competitive position within the market. A larger increase was awarded to Messrs. Monaco and Robottom (10% and 6%, respectively) to better align their positioning relative to the competitive market.

Mr. Whelen received an additional base salary increase of 8% effective July 1, 2014 upon his appointment to Senior Vice President, Finance and a further increase of 22.5% effective October 15, 2014 upon his appointment to Executive Vice President & Chief Financial Officer.

Mr. Jarvis received a base salary increase of 25% on March 1, 2014 when he was promoted to President, Liquids Pipelines.

Upon hire, Mr. Harper's initial salary was US\$400,000; this was increased by 3.5% to US\$414,000 effective April 1, 2014 to maintain his position relative to the competitive market.

Base Salary (as of December 31)

Executive	2014 base salary (\$)	Increase from 2013 (%)	2013 base salary (\$)
Al Monaco	1,144,000	10.0%	1,040,000
John K. Whelen	500,000	37.4%	364,000
J. Richard Bird	782,700	3.8%	754,000
D. Guy Jarvis	530,000	25.0%	424,000
David T. Robottom	522,700	6.0%	493,100
C. Gregory Harper1	480,281	n/a	n/a

1. Mr. Harper's salary as of December 31, 2014 was US\$414,000. See page 85 for details on exchange rate used.

Short-term incentive

Each executive's target award and payout range reflect the level of responsibility associated with their role, as well as competitive practice, and is established as a percentage of base salary.

It is critically important to ensure all Enbridge executives are incented to achieve not only financial results but also operational results in the areas of safety and environmental performance, as well as customer, employee and other stakeholder based measures. For this reason, the short-term incentive awards are paid based on performance against a combination of corporate, business unit and individual goals that are set at the beginning of the year. For those executives who have primary responsibility for overall corporate performance, the corporate performance metrics are given more weight. Business unit performance metrics are given the most weight for executives with primary responsibility within an operating business unit.

Short-term incentive targets (as of December 31, 2014)

Executive	Target award (as a % of base salary)	Payout range		Performance measures/weightings		
				Corporate	Business unit	Individual
Al Monaco	100%	0	200%	60%	20%	20%
John K. Whelen ¹	65%	0	130%	60%	20%	20%
J. Richard Bird	65%	0	130%	60%	20%	20%
D. Guy Jarvis ¹	65%	0	130%	25%	50%	25%
David T. Robottom	60%	0	120%	60%	20%	20%
C. Gregory Harper	60%	0	120%	25%	50%	25%

1.

Following their promotion in 2014, Mr. Whelen's short-term incentive target increased from 40% to 65% and Mr. Jarvis' short-term incentive target increased from 60% to 65% of base salary.

The awards are calculated using an actual performance multiplier that ranges anywhere between 0.0 and 2.0, depending on whether the combination of goals has been met.

2014 short-term incentive results

In early 2015, the HRC Committee determined awards for the named executives under the short-term incentive plan of \$3,345,987 including \$1,228,660 to the President & Chief Executive Officer.

Corporate performance

Enbridge's 2014 corporate performance was measured using adjusted EPS. This component represents between 25-60% of the named executives' short-term incentive award. See page 57 for a summary of corporate performance and results.

The 2014 performance multiplier for the corporate component was 0.70 out of 2.00.

Business unit performance

Business unit performance is assessed relative to a scorecard of metrics and targets established by each business leader and their senior management teams at the start of the year. Scorecard targets are approved and results are reviewed by an evaluation committee, comprised of members of the Executive Leadership Team and other executives representing specific functional disciplines. The President & Chief Executive Officer reviews all business unit results, which are then recommended to the HRC Committee for approval.

The makeup of scorecards will vary by business unit, but will include a range of metrics including:

Edgar Filing: ENBRIDGE INC - Form 6-K

The following table provides examples of the types of metrics that are used in the scorecards of the various business units.

Performance Area	Metric
Operational (Safety, System Integrity & Environmental Performance)	Proactive / preventative

Individual performance

In consultation with Mr. David A. Arledge, Chair, Board of Directors, and Ms. Catherine L. Williams, Chair, HRC Committee, the President & Chief Executive Officer established his individual 2014 objectives at the start of the year, taking into consideration the company's financial and strategic priorities. The President & Chief Executive Officer's objectives were provided to all of the Board members.

The President & Chief Executive Officer established individual objectives with the other members of the Executive Leadership Team for 2014 at the start of the year, basing them on strategic and operational priorities related to their portfolios and other factors.

The discussion of each named executive's individual and business unit performances starts on page 71.

2014 short-term incentive calculations

- Mr. Bird received an additional \$200,000 discretionary adjustment for his leadership in the drop down of Liquids Pipelines assets into Enbridge Income Fund and the significant value contribution it represents to shareholders.
- Mr. Jarvis' short-term incentive target changed from 60% to 65% on March 1, 2014 resulting in a difference between calculated and actual awards.
- Mr. Harper's calculated and actual awards were US\$295,596 and US\$273,254, respectively, with the actual award prorated to reflect 11.0 months of service in 2014. See page 85 for details on exchange rate used.

Medium- and long-term incentives

Enbridge's medium- and long-term incentives for executives include three plans: the performance stock unit plan, the performance stock option plan and the incentive stock option plan. With the exception of performance stock options which are granted infrequently (usually every five years in August), medium-and long-term incentives are granted annually early in the year.

Edgar Filing: ENBRIDGE INC - Form 6-K

The three plans that apply to executives all have different terms, vesting conditions and performance criteria. This mitigates the risk that executives produce only short-term results for individual profit. This approach also benefits shareholders and helps to maximize the ongoing retention value of the medium-and long-term incentives granted to executives.

The table below outlines the three medium- and long-term plans.

	Performance stock units	Performance stock options	Incentive stock options
Term	Three years	Eight years	Ten years
Description	Phantom Enbridge common shares with performance conditions that affect payout	Options to acquire Enbridge common shares (once performance conditions met)	Options to acquire Enbridge common shares
Frequency	Granted every year	Granted approximately every five years	Granted every year
Performance Conditions	Enbridge EPS relative to a target set at the start of the term (50%) Enbridge P/E performance relative to peers (50%)	Three share price hurdles that must be met within a defined time period Performance vesting weighted at 40%/40%/20%	n/a
Vesting	Units mature in full after three years	Options vest 20% per year over five years, starting on the first anniversary of the grant date. Both time and performance conditions must be met for vesting to occur	Options vest at 25% per year over four years, starting on the first anniversary of the grant date
Payout	Paid out in cash at the end of three years based on: the market value of an Enbridge common share at the end of three years <i>and</i> the performance conditions	Participant acquires Enbridge common shares at the exercise price defined at the time of grant (fair market value)	Participant acquires Enbridge common shares at the exercise price defined at the time of grant (fair market value)

The table below shows the target medium- and long-term incentive awards for each named executive, as well as the amount each plan contributes to that total, in each case as a percentage of base salary.

Medium- & long-term incentive targets (as of December 31, 2014)

	Target medium- and long-term incentive (as % of base salary)	Annual grant breakdown (as % of base salary)		
		Performance stock units	Performance stock options ¹	Incentive stock options
Al Monaco	330%	115.0%	100.0%	115.0%
John K. Whelen ²	225%	78.8%	67.5%	78.8%
J. Richard Bird	250%	87.5%	75.0%	87.5%
D. Guy Jarvis ²	225%	78.8%	67.5%	78.8%
David T. Robottom	200%	70.0%	60.0%	70.0%
C. Gregory Harper	200%	70.0%	60.0%	70.0%

1. Performance stock options are granted approximately once every five years, and they are intended to cover a five year period. The above table displays the intended annualized value. The last regular performance stock option grant was in 2012, which was intended to provide annual value over the period from 2012 to 2016; however, Mr. Harper was provided an initial grant of performance stock options upon his hire in 2014. For further details, see page 66.
2. Following their promotions in 2014, Mr. Whelen's medium- and long-term incentive target increased from 85% to 225% while Mr. Jarvis' medium- and long-term incentive target increased from 200% to 225% of base salary.

Medium- and long-term incentive grants are determined as follows:

Performance stock units

Performance stock units give executives the opportunity to earn up to two times the value of their units when such units mature after three years, by achieving certain performance measures. Performance stock units are granted annually, near the beginning of the year.

Two performance measures are currently used, each weighted at 50%:

EPS: This measure represents a commitment to Enbridge shareholders to achieve adjusted earnings that meet or exceed the average industry growth rates projected at the time of grant.

P/E ratio: Enbridge uses this measure because it is a strong reflection of how shareholders view its stock and growth potential relative to its peers. For this measure, Enbridge compares itself against the following group of companies, chosen because they are all capital market competitors with a similar risk profile, operating in a comparable industry sector.

Performance comparator group: P/E ratio

Ameren Corporation	OGE Energy Corp.
Canadian Utilities Limited	ONEOK, Inc.
Centerpoint Energy, Inc.	PG&E Corporation
Emera Incorporated	Sempra Energy
Fortis Inc.	Spectra Energy Corp.
National Fuel Gas Company	TransAlta Corporation
NiSource Inc.	TransCanada Corporation

Payout is determined at the end of the three year term using an actual performance multiplier that ranges anywhere from 0.0 to 2.0 depending on whether the performance conditions are met. The final Enbridge share price at the end of the term is the weighted average trading price of an Enbridge common share on the TSX or NYSE for the last 20 days before the end of the term.

2014 performance stock unit grant

Effective January 1, 2014, the following performance stock units were granted to the named executives.

A	B	C	(B/C)
Performance stock units granted	Value (A × \$44.30)¹	Salary on Dec. 31,	Value

	(#)	(\$)	2013 (\$)	(%)

1. Grant date value in CA\$.
2. Mr. Jarvis received an additional 4,350 performance stock units in 2014 to compensate for his 2012 performance stock options, covering the period from 2012-2016, being delivered at a lower target than his 2014 target.
3. Mr. Harper was granted US\$ denominated performance stock units in 2014, valued at grant of US\$41.65 per unit for a total value of US\$279,055. Based on his salary of US\$400,000 as of the date of grant this translates into a value of 70%. See page 85 for details on exchange rate used.

Edgar Filing: ENBRIDGE INC - Form 6-K

2014 restricted stock unit grant

In addition to the above, Mr. Harper was granted US\$ denominated non-performance-based restricted stock units upon his hire in January 2014 to partially replace the value of incentives forfeited at another company when he joined Enbridge.

Restricted stock units are similar to performance stock units except they do not contain a performance multiplier and vest after 35 months instead of 36 months.

	A Restricted stock units granted (#)	B Value (A × \$44.30) ¹ (\$)
C. Gregory Harper ²	12,400	549,152

1. Grant date value in CA\$.
2. Restricted stock units were valued at US\$41.65 per unit or US\$516,460 total at grant. See page 85 for details on exchange rate used.

2012 performance stock unit payout

The performance stock units granted in 2012 matured on December 31, 2014 and both performance targets were exceeded. The performance multiplier of 1.88 was calculated based on:

Measure	Adjusted EPS	Relative P/E	Combined multiplier (50/50 weighting)
Lower threshold	\$1.62	Below 50th percentile	
Target (midpoint)	\$1.76	Between 50th 75th percentile	
Upper threshold	\$1.97	Above 75th percentile	
Actual	\$1.91	89th percentile	
Performance multiplier	1.75 out of 2.0	2.0 out of 2.0	1.88 out of 2.0

This resulted in the following payouts for the named executives in early 2015:

$$+ \quad = \quad \times \quad \times \quad =$$

Performance stock options

Performance stock options are granted approximately once every five years and provide executives the opportunity to buy Enbridge common shares at the exercise price specified at the time of the grant, as long as share price hurdles are met by a certain date. Hurdles are set before the performance stock options are granted, and are based on growth rates that represent exceptional (top quartile) performance and historical P/E ratio information for the industry.

Edgar Filing: ENBRIDGE INC - Form 6-K

2012 performance stock option grant

In August 2012, the named executives received performance stock options intended to cover the period of 2012 – 2016, summarized in the table below.

- Mr. Harper was not yet hired during the 2012 performance stock option grant.

The 2012 performance stock options had a grant price of \$39.34. The vesting of performance stock options is contingent on both time and performance vesting provisions. Performance stock options vest in equal annual installments over five years, subject to share price hurdles (\$48, \$53 and \$58 for the 2012 grant) being achieved. The weighted average trading price over a period of 20 consecutive trading days must exceed the share price hurdles in order for the performance condition to be met.

For clarity, the following table further describes the vesting provisions and performance criteria of the 2012 performance stock option grant. The percentage exercisable is the Percentage Performance Vested multiplied by the Percentage Time Vested:

2014 performance stock option grant

Mr. Harper was granted an initial award of performance stock options in February 2014 in conjunction with his employment with Enbridge. This is part of his regular long-term incentive compensation. This grant was intended to cover the period from 2014 to 2016, and was denominated in CA\$.

	A	B	C	D	(B/D)	(C/D)
	Stock options granted (#)	Value (A × \$5.77) ¹ (\$)	Value on grant date (%)	Years (#)	Annualized Value ² (\$)	Annualized Value (%)

- Grant date value in CA\$. This represents the intended annualized value of the award over the applicable 3-year period from 2014 to 2016.

Consistent with the 2012 performance stock option grant, Mr. Harper's 2014 performance stock options are contingent on both time and performance vesting provisions. However, Mr. Harper's options vest in equal annual installments over four years (instead of five), and are subject to share price hurdles of \$53 and \$58 (instead of \$48, \$53 and \$58) being achieved. The performance stock option had a grant price of \$48.81.

For clarity, the following table further describes the vesting provisions and performance criteria of Mr. Harper's 2014 performance stock option grant. The percentage exercisable is the Percentage Performance Vested multiplied by the Percentage Time Vested:

1. Total grant value is intended to cover a three-year period.

The \$53 share price hurdle from Mr. Harper's 2014 grant was met in 2014, but since the first time vesting requirement had not yet been met, none of the grant was vested or exercisable as of December 31, 2014.

There were no other performance stock option grants in 2014 as the 2012 grant is intended to provide annual value over the period from 2012–2016. Mr. Whelen also became eligible for performance stock options on October 15, 2014 but by that time, only one performance hurdle remained to be met. Mr. Whelen will instead receive additional consideration for his 2015 performance stock units and incentive stock option grants.

Incentive stock options

Incentive stock options provide executives the option to buy Enbridge common shares at some point in the future at the exercise price defined at the time of grant.

Incentive stock options are typically granted in February of each year to both Canadian and US members of senior management who are eligible to participate in the incentive stock option plan. Options granted to US employees can either be qualified or non-qualified, as defined by the US Internal Revenue Code.

Incentive stock options vest in equal installments over a four-year period. The maximum term of a stock option is ten years, but the term can be reduced if the executive leaves Enbridge. Please see page 83 for further details.

The exercise price of an incentive stock option is the weighted average trading price of an Enbridge common share on the listed exchange for the last five trading days before the grant date. If the grant date is during a trading blackout period, the grant date will be adjusted to no earlier than the sixth trading day after the trading blackout period ends. Stock options are never backdated or re-priced.

Incentive stock options may be granted to executives when they join Enbridge, normally effective on the executive's date of hire. If the hire date falls within a blackout period, the grant is delayed until after the end of the blackout period.

2.

Prior to becoming CFO in October 2014, Mr. Whelen was ineligible for performance stock options and received long-term incentives (at a lower overall target) in incentive stock options and performance share

units only.

3.

Mr. Jarvis received an additional 31,000 incentive stock options in 2014 to compensate for his 2012 performance stock options, covering the period from 2012-2016, being delivered at a lower target than his 2014 target.

4.

Mr. Harper was granted US\$ denominated incentive stock options in 2014, valued at grant of US\$6.68 per option for a total value of US\$231,462. Based on his salary of US\$400,000 as of the date of grant this translates into a value of 58%. See page 85 for details on exchange rate used.

Retirement benefits

As of January 1, 2000 (or the time of hire or promotion to a senior management position if after that date) the named executives joined the senior management pension plan, which is a non-contributory defined benefit plan that provides a market-competitive retirement income to all senior management employees. Before becoming members of this plan, certain named executives participated in a non-contributory defined benefit or defined contribution pension plan.

Defined benefit plan

The following graphic shows how the retirement benefit payable under the defined benefit pension plan applicable to the named executives is calculated:

Some key terms of the defined benefit plan:

Retirement age: Executives can retire with an unreduced pension at age 60, or as early as age 55 if they have 30 years of service. If they have less than 30 years of service, they can still retire as early as age 55, but their retirement benefit is reduced by 3% per year before age 60;

Adjustment for inflation: Retirement benefits are indexed at 50% of the annual increase in the consumer price index;

Survivor benefits: The pension is payable for the life of the member. If the member is single at retirement, 15 years of pension payments are guaranteed. If the member is married at retirement and dies before their spouse, 60% of the pension will continue to be paid to the spouse for his/her lifetime; and

Flexibility: To attract and retain executives, additional years of credited service or higher pension accruals can be negotiated, subject to approval by the HRC Committee.

2014 summary of defined benefits

The following table outlines estimated annual retirement benefits, accrued pension obligations and compensatory and non-compensatory changes for the named executives under the defined benefit pension plans. All information is based on the assumptions and methods used for the purposes of reporting the company's financial statements and which are described in the company's financial statements.

		Annual benefits payable		A	B	C	A+B+C
	Credited service	Year end	Age 65	Accrued obligation at January 1, 2014	Compensatory change1	Non-compensatory change2	Accrued obligation at December 31, 2014
		(\$)	(\$)	(\$)	(\$)	(\$)	(\$)
Al Monaco ³	16.08	494,000	923,000	8,097,000	1,028,000	2,334,000	11,459,000
John K. Whelen	17.16	159,000	336,000	2,092,000	1,208,000	721,000	4,021,000

J. Richard Bird ⁴	19.92	549,000	549,000	8,215,000	348,000	924,000	9,487,000
D. Guy Jarvis	14.50	163,000	397,000	2,251,000	749,000	904,000	3,904,000
David T. Robottom ⁵	8.58	235,000	339,000	3,223,000	505,000	615,000	4,343,000
C. Gregory Harper ⁶	0.92	9,000	181,000		160,000	48,000	208,000

1. The components of compensatory change are current service cost including special arrangements, if any, and the difference between actual and estimated pensionable earnings.
2. The non-compensatory change includes interest on the accrued obligation at the start of the year, changes in actuarial assumptions and other experience gains and losses not related to compensation.
3. Mr. Monaco participated in the defined benefit pension plan for 1.08 years and in the defined contribution pension plan for 3.00 years prior to January 1, 2000. Mr. Monaco's retirement benefit is calculated using a 2.5% accrual rate for each year of credited service between 2008 and 2013. The higher accrual rate is equivalent to approximately 1.50 years of credited service. Upon Mr. Monaco's appointment to President & Chief Executive Officer, a cap to the annual pension payable of \$1,750,000 was implemented.
4. Mr. Bird's retirement benefit is calculated using a 2.0% accrual rate from his date of employment until December 31, 1999 and 3.26% for each year of credited service from January 1, 2000 until March 31, 2009. The higher accrual rate is equivalent to approximately 7.1 years of credited service as of December 31, 2014. The final average earnings calculation for Mr. Bird will include bonuses for all service.
5. Mr. Robottom's retirement benefit is calculated using a 4.0% accrual rate for each year of credited service from his date of employment. The higher accrual rate is equivalent to approximately 8.58 years of credited service as of December 31, 2014.
6. See page 85 for details on the exchange rate used.

Defined contribution plan

The defined contribution pension plan is a non-contributory pension plan. The level of contribution varies, depending on age and years of service.

None of the named executives are currently participating in the defined contribution pension plan.

2014 contributions

Mr. Monaco and Mr. Whelen participated in the defined contribution plan from 1997 to 1999 inclusive. The values shown below reflect the 2014 year end market value of assets for Mr. Monaco's and Mr. Whelen's prior participation in the defined contribution plan.

	Accumulated value at the start of the year (\$)	Compensatory change (\$)	Accumulated value at the end of the year (\$)
Al Monaco	47,185		52,231
John K. Whelen	53,438		57,944

- The compensatory change is equal to contributions made by the company during 2014.

Other retirement terms

short-term incentive awards are prorated for the period of active employment in the final year of employment;

unvested performance stock units are prorated for the period of active employment during the term of the grant. The units continue to mature according to the terms of the performance stock unit plan;

performance stock options are prorated for the period of active employment in the five-year period starting January 1 of the year of grant. Executives may exercise these options until the later of three years after retirement or 30 days after the date by which share price targets must be met (or up to the date the option expires, whichever is earlier), as long as the share price targets are met; and

unvested incentive stock options continue to vest according to the terms of the stock option plans. Executives may exercise these options up to three years after retirement, or up to the date the option expires (whichever is earlier).

Other Benefits

Enbridge's savings plan, perquisites and benefits plans are key elements of the total compensation package for its named executives.

Savings Plan

The savings plan encourages share ownership by matching employee Enbridge common share purchases of up to 2.5% of base salary (5% in the US). In Canada matching contributions are provided as flex credits which may be used to purchase additional benefits or taken as after tax cash; in the US, matching contributions are invested in the savings plan. The named executives participate in this plan along with all other employees.

Perquisites

Edgar Filing: ENBRIDGE INC - Form 6-K

The named executives receive an annual perquisite allowance to offset expenses related to their positions. This includes the cost of owning and operating a vehicle, parking and business clubs. These allowance levels are reviewed regularly for competitiveness. The named executives are also reimbursed for a portion of costs for personal financial planning.

2014 Perquisites

	Perquisite allowance	Financial planning reimbursement
Al Monaco	\$49,500	50%, up to \$10,000
John K. Whelen ¹	\$23,205	50%, up to \$5,000
J. Richard Bird	\$35,000	50%, up to \$5,000
D. Guy Jarvis	\$35,000	50%, up to \$5,000
David T. Robottom	\$35,000	50%, up to \$5,000
C. Gregory Harper ²	\$35,586	50%, up to \$5,000

1. Mr. Whelen's 2014 perquisite allowance was prorated based on his promotion effective October 15, 2014.
2. Mr. Harper's 2014 perquisite allowance was prorated based on his hire date of January 30, 2014. He received a 2014 perquisite allowance of US\$32,219. See page 85 for details on exchange rate used.

Life and Health Benefits

Medical, dental, life insurance and disability insurance benefits are available to meet the specific needs of individuals and their families. The named executives participate in the same plan as all other employees. The plans are structured to provide minimum basic coverage with the option of enhanced coverage at a level that is competitive and affordable.

The HRC Committee reviews the retirement and other benefits regularly. These benefits are a key element of a total compensation package and are designed to be competitive and reasonably meet the needs of executives in their current roles.

Compensation changes in 2015

The HRC Committee reviews Enbridge's compensation philosophy and practices every year with assistance from Mercer to ensure they are appropriate, competitive and continuing to meet the intended goals. Based on the annual compensation benchmarking review for senior executive positions conducted by Mercer in the fall of 2014, there are no planned changes to compensation targets for 2015.

However, Enbridge will be introducing a new medium-term incentive plan tied to the equity of Midcoast Energy Partners, L.P., an indirect subsidiary that owns Enbridge's gas gathering and processing assets in the US. Mr. Harper is the only named executive who is a part of this subsidiary (as President) and who will participate in the new plan. He will continue to receive the majority of medium- and long-term incentives tied to the equity of Enbridge Inc. Mr. Harper's annualized long-term incentive target will remain at 200% of base salary, allocated as follows:

Further, the payout curve for the short-term incentive plan (applicable to all employees) was reviewed and revised for 2015 to reflect a 0.5 multiplier for threshold performance on the corporate (EPS) metric. This is in recognition that Enbridge's EPS range is narrower than its peers and will also better align to typical market practice.

As part of its ongoing assessment, Enbridge will continue to review compensation programs during the course of 2015. Any changes will be brought forward to the HRC Committee and the Board, as applicable, for decision. Any approved changes would come into effect in 2016 at the earliest.

Total direct compensation for named executives

The following profiles for each named executive provide:

- a summary of the total direct compensation over the past three year period;
- 2014 actual pay mix;
- 2014 pay highlights;
- a summary of the individual accomplishments in 2014; and
- short-term incentive performance details.

The values provided in the named executives' profiles are taken from the Summary Compensation Table. Information on these values is provided in the notes to the Summary Compensation Table starting on page 78.

1. Mr. Monaco was appointed President on February 27, 2012, and subsequently appointed President & Chief Executive Officer on October 1, 2012.
2. Performance stock options are granted approximately once every five years, and are intended to provide compensation over the applicable period. The 2012 grant was intended to provide compensation for the period from 2012-2016. The annualized value of performance stock options is reflected in the 2014 Actual Pay Mix Chart. See page 65 for further details.

In 2014, Mr. Monaco:

guided execution of the key drivers underpinning the Company's Strategic Plan:

placing into service \$10 billion of capital projects;

raising \$9 billion of funding and maintaining the Company's strong financial position;

maintaining top talent and improving leadership skills;

delivered strong financial results and returns to shareholders with total shareholder return of 32%, exceeding Canadian peers (18%) and the TSX Index (11%);

extended and diversified the Company's earnings growth, by securing \$8.5 billion in new projects and \$0.9 billion of natural gas and renewable generation investments which supports extension and diversification of growth;

maintained the Company's strong focus on safety and operational reliability;

delivered critical new liquids pipelines market access solutions;

Edgar Filing: ENBRIDGE INC - Form 6-K

re-positioned the Company's Sponsored Vehicles:

significantly improved the relative equity valuation of Enbridge Energy Partners and Enbridge Income Fund;

completed two major drop downs totaling \$2.8 billion, generating value for shareholders and releasing capital for redeployment;

championed development of a financial structure optimization plan that would further enhance the value of the Company's Strategic Plan and record capital program with the proposed drop down of Canadian Liquids Pipelines to Enbridge Income Fund and an increase in dividend payout policy range;

achieved regulatory approval, subject to conditions, of the Northern Gateway project;

completed a significant initiative to reposition the Enbridge brand;

demonstrated industry leadership in advancing public understanding and dialogue on the need for market access and the importance of energy to the North American economy and way of life;

worked with the Board of Directors on Board succession matters; and

developed and executed an executive leadership succession plan to ensure strong leadership over the next five years.

In 2014, Mr. Robottom provided executive oversight for:

the legal aspects of approximately \$8.5 billion in capital markets transactions, plus an additional \$0.5 billion of incremental credit facilities, for an aggregate total of \$9 billion enterprise-wide. In addition, he contributed to revisions to Enbridge's Canadian disclosure vetting process and successful conclusion of two large drop down transactions to Sponsored Vehicles;

successful conclusions on a number of other significant legal matters, including defence of a large claim for damages and a number of litigation and regulatory proceedings relating to special interest groups challenging regulatory approvals or processes and other permitting issues in respect of various large projects. In addition, he assisted in strategy development for major new infrastructure contracts and completion of substantial commercial arrangements for new projects secured for various Enbridge group entities, as well as oversight on legal strategy on Northern Gateway matters, including in connection with the federal cabinet certificate authorizing the project and the subsequent litigation strategy relating to opposition to the issuance of the certificate; and

completion or advancement in a number of significant information technology (IT) projects, including some affecting work and asset management, records retention, cyber security and accounting and order to cash systems. In addition he contributed to furtherance of the centralization of the IT group across the Enbridge enterprise and improvement of cost efficiencies in both IT and records management functions driving significant cost savings, including updated contracts management processes across the Enbridge enterprise and cost reductions through consolidation of purchase requirements of various business units' services and supplies requirements.

Executive compensation and shareholder return

The chart below shows what \$100 invested in common shares on December 31, 2009 would have been worth at the end of each of the last five years (assuming reinvestment of dividends) and compares that to the performance of the S&P/TSX Composite Index. It also shows the growth in average total compensation reported for the named executives each year (aggregate compensation taken from the Summary Compensation Table divided by the number of named executives), including short-, mid- and long-term incentive programs, all of which are at risk compensation.

Total return vs. growth in total compensation

based on a notional \$100 investment at year-end 2009

As at December 31	2010	2011	2012	2013	2014
Enbridge Inc. total return	120	167	194	216	286
S&P/TSX Composite Index	118	107	115	130	144
Total compensation of named executives (CA\$ millions) ¹	\$18.1	\$16.3	\$40.5	\$15.5	\$20.3
Annualized total compensation of named executives (CA\$ millions) ²	\$20.8	\$19.0	\$30.9	\$18.2	\$22.2

Average annualized total compensation	\$4.2	\$3.8	\$5.1	\$3.6	\$3.7
Growth in total compensation (base = 100)	124	113	153	108	110

1.

Includes total compensation disclosed in previous management information circulars for the named executives in those years. Total compensation includes base salary, short-term and longer-term incentives (grant date fair value), annual pension value and all other compensation. Performance stock options are fully reflected in year of grant.

2.

Adjusted total compensation spreads value of performance stock options over the period they are intended to cover, rather than reflect fully in the year granted.

The total return on Enbridge Inc. common shares has been positive in each of the prior five years, while aggregate compensation paid to the named executives has largely remained flat (on a normalized basis) over the same period. The spike in total compensation in 2012 was a result of disclosing compensation in respect of six named executives (rather than five in the preceding and following years) and the five-year performance stock option grant in that year which is intended to reward executives for performance over a five-year period, despite being granted in a single year.

Summary compensation table

The table below shows the total amounts that Enbridge and its subsidiaries paid and granted to the named executives for the years ended December 31, 2014, 2013 and 2012.

Performance / restricted stock unit plan (see page 63).

The value of the performance stock units and restricted stock units appearing in the summary compensation table above are determined by multiplying the number of performance and restricted stock units granted by the unit values in the table below:

Year	CA\$	US\$
2014	\$44.30	\$41.65
2013	\$41.69	\$42.27
2012	\$36.38	\$35.75

The unit value is the volume weighted average of an Enbridge share on the TSX or the NYSE for the last 20 trading days before the grant date. For compensation reporting, the grant date fair value is used. See page 85 for the applicable exchange rates.

2.

Performance stock option plan (see page 64).

Performance stock options are granted approximately once every five years. The Black Scholes method is used to determine the performance stock option value, which is then discounted using a Monte Carlo simulation to reflect the Enbridge common share price targets that must be met for the performance stock options to vest. All performance stock options were granted in CA\$. The inputs to the Black-Scholes model and the performance discount are presented in the table below:

Assumptions	2014 grant date fair value/ accounting value (Mr. Harper)	2012 grant date fair value/ accounting value
Expected option term in years	6.5	8
Expected volatility	15.00%	16.10%
Expected dividend yield	2.80%	2.80%
Risk free interest rate	1.70%	1.60%
Exercise price	\$48.81	\$39.34
Performance discount	8.5%	11.4%
Performance option value	\$5.77	\$4.25

The value of the performance stock options appearing in the summary compensation table above are determined by multiplying the number of performance options granted by the performance option value.

3.

Incentive stock option plan (see page 67).

Incentive stock options are granted annually. The Black Scholes method is used to determine the stock option valuation. The inputs to the Black-Scholes model for CA\$ options, as well as the 2014 US\$ option values granted to Mr. Harper are presented in the table below:

	March 2014 (CA\$)	March 2014 (US\$)	February 2013 (CA\$)	March 2012 (CA\$)
Assumptions	Grant date fair value and accounting value			
Expected option term in years	6 years	6 years	6 years	6 years
Expected volatility	17.07%	20.07%	16.78%	19.00%
Expected dividend yield	2.87%	2.87%	2.77%	2.95%
Risk free interest rate	1.76%	1.90%	1.34%	1.45%
Exercise price	\$48.81	\$44.09	\$44.83	\$38.34
Option value	\$6.03	\$6.68	\$5.45	\$5.00

The value of the incentive stock options granted is determined by multiplying the number of incentive stock options granted by the stock option value. See page 85 for the applicable exchange rates.

4.

Non-equity (annual incentive plan) (see page 58).

Amounts in this column reflect the short-term incentive plan awards earned in 2014 and paid on February 27, 2015. Awards are based on Enbridge, business unit and individual performance. Particulars on the short-term incentive awards calculations for each named executive officer are set forth on page 61 of this circular. There are no long-term non-equity incentive plans within the compensation programs.

5.

Retirement benefits (see page 67).

The pension values are equal to the compensatory change shown in the defined benefit plan table.

6.

Other benefits (see page 69).

Amounts in this column include the annual perquisite allowance, excess flexible benefit credits paid to the executive, the taxable benefit from loans by Enbridge (made before Sarbanes Oxley was enacted), parking, relocation subsidies, medical expenses, financial counseling benefits and other incidental compensation. Mr. Harper's other compensation in 2014 includes a cash signing bonus of CA\$409,109 (US\$370,000).

1. Calculated using the closing Enbridge common share price on December 31, 2014 (CA\$59.74 and US\$51.41). Where applicable, the number of options or units and the option exercise prices have been adjusted consistent with the May 2011 Enbridge stock split.
2. Incentive stock options are subject to time vesting conditions. Performance stock options are subject to time and performance vesting conditions. See pages 64 and 67 for details.
3. The market value of performance stock units and restricted stock units that have not vested was calculated using the formula set forth on page 63, and the Enbridge common share price on December 31, 2014 (CA\$59.74 and US\$51.41).
4. A target performance multiplier of 1.0 has been used (performance stock units only), based on meeting the target EPS threshold and a relative P/E ratio ranking of at least the 50th percentile.
5. This is a reflection of the payout value of the 2012 performance stock unit grant, which vested on December 31, 2014 but will not be paid until March 2015. A performance multiplier of 1.88 is used. See page 64 for details.

Additional Stock Option Information

Enbridge Common Shares Used for Purposes of Equity Compensation

Options are granted to employees of Enbridge under the current stock options plans, which were approved by Enbridge shareholders in 2007, as follows:

the incentive stock option plan (2007), as amended and restated (2011 and 2014); and

the performance stock option plan (2007), as amended and restated (2011) and further amended (2012 and 2014).

Before these plans were approved, stock options and performance stocks options were issued under the legacy incentive stock option plan (2002). While options are no longer granted under the legacy 2002 stock option plan, there are still some options outstanding.

Making changes to the stock option plans

The Board or the HRC Committee may make the following adjustments to the options or to the common shares that can be issued under the stock option plans upon the occurrence of certain events, including the payment of a stock dividend or a restructuring of the share capital:

increase or decrease the number or change the kind of shares reserved under the stock option plans or that can be issued when outstanding options are exercised;

increase or decrease the option grant price per Enbridge share;

make changes to how installments of options vest and can be exercised; and

adjust the number of shares available under the stock option plans, the option price per Enbridge share and the option period.

The Board may also change the stock option plans, in whole or in part, as long as securities regulators approve the changes; however, Enbridge shareholders must also approve the following changes:

changing the number of common shares that can be issued under the stock option plans;

removing or exceeding the insider participation limit;

extending the term of an option;

allowing someone who is not a permanent employee to participate in the stock option plans;

changing the rules related to transferring or assigning options; and

changing the amendment provisions of the stock option plans.

Shareholders approved a 19,000,000 increase in the Enbridge common shares reserved for issuance under the current stock option plans on May 7, 2014.

Termination provisions of stock option plans

The termination provisions for the incentive stock options are summarized below.

Reason for termination	Provision¹
Resignation	Can exercise vested options up to 30 days from the date of termination or until the option term expires (if sooner).
Retirement	Incentive stock options continue to vest. Vested options can be exercised up to three years from retirement or until the stock option term expires (if sooner). Conditions for performance stock options are mentioned below.
Death	All options vest and can be exercised up to 12 months from the date of death or until the option term expires (if sooner).
Disability	<i>Current stock option plans:</i> Options continue to vest based on the regular provisions of the plan. <i>Legacy stock option plan:</i> Vested options can be exercised up to three years from the date of disability or until the option term expires (if sooner).
Termination involuntary, not for cause	<i>Current stock option plans:</i> Unvested options continue to vest during the notice period, and options that are vested or become vested can be exercised up to 30 days after the notice period expires or until the option term expires (if sooner). <i>Legacy stock option plan:</i> Vested options can be exercised up to 30 days from the date of termination or until the option term expires (if sooner).
involuntary, for cause	<i>Current stock option plans:</i> All options are cancelled on the date of termination. <i>Legacy stock option plan:</i> Vested options can be exercised up to 30 days from the date of termination or until the option term expires (if sooner).
change of control or reorganization	<i>Current stock option plans:</i> For a change of control, options vest on a date determined by the HRC Committee before the change of control. For any other kind of reorganization, options are to be assumed by the successor company. If they are not assumed, they will vest and the value will be paid in cash. <i>Legacy stock option plan:</i> Options will be assumed by the successor company. If they are not assumed, they will vest and the value will be paid in cash.

Other transfer or assignment of stock options The holder of an option may not transfer or assign it other than by will, or as allowed by the laws of descent and distribution.

1.

Differences in termination provisions apply for US\$ options where the executive has elected treatment as *incentive stock options* within the meaning of *US Internal Revenue Code Section 422*.

Performance stock options have the same termination provisions as the incentive stock options except for the following differences:

for retirement, performance stock options are prorated for the period of active employment in the 5 year period starting January 1 of the year of grant. These options can be exercised until the later of three years after retirement or 30 days after the date by which the share price targets must be met (or up to the date the option expires, if earlier), as long as the share price targets are met;

for death, unvested performance stock options are pro-rated and the plan assumes performance requirements have been met;

for involuntary termination not-for-cause, unvested performance stock options are pro-rated; and

for change of control, the plan assumes the performance requirements have been met.

Termination of employment and change of control arrangements

Employment agreements

Enbridge has entered into employment agreements with each of the named executives. The terms in the agreements are competitive and part of a comprehensive compensation package that assists in recruiting and retaining top executive talent.

The agreements generally provide benefits for executives in three situations:

involuntary termination for any reason (other than for cause);

voluntary termination within 150 days (60 days in the case of Mr. Bird) after constructive dismissal, as defined in each agreement; and

in some cases, voluntary termination within 60 days of the first anniversary of a change of control event, as defined in the agreements.

Edgar Filing: ENBRIDGE INC - Form 6-K

Mr. Bird is the only executive with an employment agreement which includes a single trigger voluntary termination right following a change of control. Starting in 2007 Enbridge's policy was changed to only include double trigger voluntary termination rights in favor of an executive following a change of control event. The agreements with all other named executives were signed after this policy was introduced.

Other restrictive covenants include:

	Confidentiality provision	Non-competition/solicitation	No recruitment
Al Monaco	2 years after departure	1 year after departure	2 years after departure
John K. Whelen	2 years after departure	1 year after departure	2 years after departure
J. Richard Bird	2 years after departure	During employment only	During employment only
D. Guy Jarvis	2 years after departure	1 year after departure	2 years after departure
David T. Robottom	2 years after departure	During employment only	During employment only
C. Gregory Harper ¹	Continues following departure	1 year after departure	2 years after departure

1. Mr. Harper's agreement does not provide an end date to enforcement of the confidentiality provision.

Other termination of employment

Additional compensation that would be paid to the named executives under various termination scenarios is described below.

1. Where applicable, both time and performance vesting conditions must have been met in order to be considered exercisable.

4. Loans to directors and senior officers

No current or former directors or officers of Enbridge or any of our subsidiaries, or their associates, had any loans with Enbridge or any of our subsidiaries at any time in 2014, other than routine indebtedness previously outstanding as defined under Canadian securities laws.

This routine indebtedness consists solely of loans for relocating to another business location or incentive loans offered to new hires. We offered these types of loans to some officers in the past.

We have not granted, renewed or extended any loans to our directors and officers since Sarbanes-Oxley was enacted on July 29, 2002.

5. Directors' and officers' liability insurance

We have liability insurance for our directors and officers and those of our subsidiaries, to protect them against liabilities they may incur in their capacity as directors and officers. The *Canada Business Corporations Act* contains provisions regarding directors' and officers' liability coverage. We also review our coverage program on an annual basis, including benchmarking the level of directors' and officers' liability coverage to other energy and peer sized companies.

We maintain a coverage limit of US\$250 million, which is subject to a deductible of US\$1 million for each claim that we grant indemnification for. The insurance program renews annually on October 30 and the premium we paid for the current coverage year is US\$2,202,729 net of applicable premium taxes.

Appendix A

BY-LAW NO. 2

A BY-LAW RELATING TO ADVANCE NOTICE OF NOMINATIONS OF DIRECTORS OF THE CORPORATION

BE IT ENACTED AND IT IS HEREBY ENACTED as a by-law of the Corporation as follows:

1. **Introduction.** The Corporation is committed to: (i) facilitating an orderly and efficient annual or, where the need arises, special meeting, process; (ii) ensuring that all shareholders receive adequate notice of director nominations and sufficient information with respect to all nominees; (iii) allowing the Corporation and shareholders to evaluate each nominee's qualifications and suitability as a director of the Corporation; and (iv) allowing shareholders to cast an informed vote.

The purpose of this by-law of the Corporation is to provide shareholders, directors and management of the Corporation with guidance on the nomination of directors. This by-law is the framework by which the Corporation seeks to fix a deadline by which shareholders of the Corporation must submit director nominations to the Corporation prior to any annual or special meeting of shareholders and sets forth the information that a shareholder must include in the notice to the Corporation for the notice to be in proper written form.

It is the belief of the Corporation and the board of directors of the Corporation that this by-law is beneficial to shareholders and other stakeholders. This by-law will be subject to periodic review and, subject to the Act (as defined below), will reflect changes as required by securities regulatory agencies or stock exchanges and, at the discretion of the board of directors, amendments necessary to meet evolving industry standards.

In this by-law unless the context otherwise requires, words importing the singular number only shall include the plural, gender shall include the masculine, feminine and neuter genders; words importing persons shall include an individual, partnership, association, body corporate, trustee, executor, administrator, legal representative, and any number or aggregate of persons.

2. **Nomination Procedures.** Subject only to the Act, Applicable Securities Laws and the articles of the Corporation, only persons who are nominated in accordance with the following procedures shall be eligible for election as directors of the Corporation. Nominations of persons for election to the board of directors may be made at any annual meeting of shareholders, or at any special meeting of shareholders if the election of directors is a matter specified in the notice of meeting:

- (a) by or at the direction of the board of directors, including pursuant to a notice of meeting;
- (b) by or at the direction or request of one or more shareholders pursuant to a proposal made in accordance with the provisions of the Act, or a requisition of a shareholders meeting by one or more of the shareholders made in accordance with the provisions of the Act; or
- (c) by any person (a **Nominating Shareholder**) who:
 - (i) at the close of business on the date of the giving of the notice provided for in Section 4 of this by-law and on the record date for notice of such meeting, is entered in the securities register of the Corporation as a holder of one or more shares carrying the right to vote at such meeting or who beneficially owns shares that are entitled to be voted at such meeting and provides evidence of such beneficial ownership to the Corporation, and
 - (ii) complies with the notice procedures set forth below in this by-law.

3. **Nominations for Election.** For the avoidance of doubt, the procedures set forth in this by-law shall be the exclusive means for any person to bring nominations for election to the board of directors before any annual or special meeting of shareholders of the Corporation.

Edgar Filing: ENBRIDGE INC - Form 6-K

4. **Timely Notice.** In addition to any other applicable requirements, for a nomination to be made by a Nominating Shareholder, the Nominating Shareholder must have given timely notice thereof in proper written form to the secretary of the Corporation in accordance with this by-law.

5. **Manner of Timely Notice.** To be timely, a Nominating Shareholder's notice must be given:

- (a) in the case of an annual meeting (including an annual and special meeting) of shareholders, not less than thirty (30) days prior to the date of the meeting; provided, however, that in the event that the meeting is to be held on a date that is less than fifty (50) days after the date (the **Notice Date**) on which the first public announcement of the date of the meeting was made, notice by the Nominating Shareholder shall be made not later than the close of business on the tenth (10th) day following the Notice Date; and
- (b) in the case of a special meeting (which is not also an annual meeting) of shareholders called for the purpose of electing directors (whether or not also called for other purposes), not later than the close of business on the fifteenth (15th) day following the day on which the first public announcement of the date of the meeting was made.

6. **Proper Form of Notice.** To be in proper written form, a Nominating Shareholder's notice must set forth or be accompanied by, as applicable:

- (a) as to each person whom the Nominating Shareholder proposes to nominate for election as a director (a **Proposed Nominee**):
 - (i) the name, age and business and residential address of the Proposed Nominee;
 - (ii) the principal occupation, business or employment of the Proposed Nominee, both present and within the five years preceding the notice;
 - (iii) whether the Proposed Nominee is a "resident Canadian" within the meaning of the Act;
 - (iv) the number of securities of each class of voting securities of the Corporation or any of its subsidiaries beneficially owned, or controlled or directed, directly or indirectly, by the Proposed Nominee, as of the record date for the meeting of shareholders (if such date shall then have been made publicly available and shall have occurred) and as of the date of such notice;
 - (v) a description of any relationship, agreement, arrangement or understanding (financial, compensation or indemnity related or otherwise) between the Nominating Shareholder and the Proposed Nominee, or any Affiliates or Associates of, or any person or entity acting jointly or in concert with the Nominating Shareholder or the Proposed Nominee, in connection with the Proposed Nominee's nomination and election as a director;
 - (vi) whether the Proposed Nominee is party to any existing or proposed relationship, agreement, arrangement or understanding with any competitor of the Corporation or any other third party which may give rise to a real or perceived conflict of interest between the interests of the Corporation and the interests of the Proposed Nominee; and
 - (vii) any other information relating to the Proposed Nominee that would be required to be disclosed in a dissident's proxy circular or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to the Act or any Applicable Securities Laws;
- (b) as to the Nominating Shareholder:
 - (i)

Edgar Filing: ENBRIDGE INC - Form 6-K

the name, business and residential address of such Nominating Shareholder;

(ii)

the number of securities of each class of voting securities of the Corporation or any of its subsidiaries beneficially owned, or controlled or directed, directly or indirectly, by such Nominating Shareholder or any other person with whom such Nominating Shareholder is acting jointly or in concert with respect to the Corporation or any of its securities, as of the record date for the meeting (if such date shall then have been made publicly available and shall have occurred) and as of the date of such notice;

Edgar Filing: ENBRIDGE INC - Form 6-K

- (iii) whether such Nominating Shareholder intends to deliver a proxy circular and/or form of proxy to any shareholder of the Corporation in connection with such nomination or otherwise solicit proxies or votes from shareholders of the Corporation in support of such nomination; and
- (iv) any other information relating to such Nominating Shareholder that would be required to be disclosed in a dissident's proxy circular or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to the Act or any Applicable Securities Laws; and
- (c) a written consent duly signed by each Proposed Nominee to being named as a nominee for election to the board of directors and to serve as a director of the Corporation, if elected.

References to "Nominating Shareholder" in this by-law shall be deemed to refer to each shareholder that nominates or seeks to nominate a person for election as director in the case of a nomination proposal where more than one shareholder is involved in making such nomination proposal.

7. **Notice to be Updated.** To be considered timely and in proper written form, a Nominating Shareholder's notice shall be promptly updated and supplemented, if necessary, so that the information provided or required to be provided in such notice shall be true and correct as of the record date for the meeting.

Two ways to vote in person or by proxy

You can vote on several items of Enbridge business at our upcoming annual and special meeting of shareholders. If you are voting by phone or on the internet, you will need your 13-digit control number, which appears in the lower left corner of this form.

A Vote in person

If you plan to come to the meeting and vote in person, *do not* complete or return this form. Simply attend the meeting and register with a representative from CST Trust Company, our transfer agent and registrar for our shares.

B Vote by proxy

Voting by proxy means giving someone else the authority to attend the meeting and vote for you (called your *proxyholder*).

You can vote by proxy in one of four ways:

By phone Call 1.888.489.7352 toll-free and follow the instructions

By fax Complete, date and sign this form and fax to CST Trust Company at 1.866.781.3111 (in North America) or 1.416.368.2502 (outside North America)

You can also appoint a proxyholder on the internet. Follow the instructions on screen.

2

Give us your voting instructions

Our board of directors recommends that shareholders vote *for* all of the resolutions below.

The common shares represented by this proxy form will be voted *for* or *against*, withheld from voting or abstained from voting according to your instructions, including on any ballot that may be called. If you do not specify how you want to vote your common shares:

the Enbridge officer you appointed as your proxyholder in section 1 will vote *for* each of the items below; or

the other proxyholder you appointed in section 1 can vote as he or she sees fit.

If there are amendments or other items of business that properly come before the meeting, your proxyholder has the authority to vote at his or her discretion. If the meeting is adjourned, your proxyholder has the discretion to vote on any amendments or other items of business according to his or her best judgment.
