**Item 1.01**

**Entry Into a Material Definitive Agreement.**

On November 18, 2010, Ball Corporation (the "Company") completed the sale of \$500,000,000 in aggregate principal amount of 5.75% senior notes due 2021 (the "2021 Notes"). The Notes were sold under the Company's shelf registration statement (Registration No. 333-157537) (the "Registration Statement").

The Company entered into an underwriting agreement, dated November 15, 2010 (the "Underwriting Agreement"), among the Company, the subsidiary guarantors (the "Guarantors") and Merrill Lynch, Pierce, Fenner & Smith Incorporated, as representative of the several underwriters named therein (the "Underwriters"), in connection with the issuance and sale by the Company of the 2021 Notes. The Underwriting Agreement includes customary representations, warranties and covenants. It also provides for customary indemnification by each of the Company, the Guarantors and the Underwriters against certain liabilities and customary contribution provisions in respect of those liabilities.

The public offering price of the 2021 Notes was 100.000% of the principal amount. The Company intends to use the net proceeds from the offering to repay the borrowings under its U.S. dollar denominated secured term loan facility (the "Term D loan facility") and for general corporate purposes, which may include potential investments in strategic alliances and acquisitions, the refinancing or repayment of debt, working capital, share repurchases or capital expenditures.

The 2021 Notes were issued under an Indenture, dated March 27, 2006 (the "Base Indenture"), between the Company and The Bank of New York Mellon Trust Company, N.A. (successor to The Bank of New York Mellon (formerly known as The Bank of New York)), as supplemented by a Fifth Supplemental Indenture, dated November 18, 2010, among the Company, the Guarantors and the Trustee (the "Fifth Supplemental Indenture" and, together with the Base Indenture, the "Indenture"). The Indenture and the form of note, which is attached as an exhibit to the Indenture, provide, among other things, that the 2021 Notes will be senior unsecured obligations of the Company.

Interest is payable on the 2021 Notes on May 15 and November 15 of each year beginning on May 15, 2011 until their maturity date of May 15, 2021. The Company may redeem some or all of the 2021 Notes at any time prior to November 15, 2015 at a price equal to 100% of the principal amount of the 2021 Notes redeemed plus an applicable make-whole premium. On or after November 15, 2015, the Company may redeem some or all of the 2021 Notes at redemption prices set forth in the Fifth Supplemental Indenture. In addition, at any time prior to November 15, 2013, the Company may redeem up to 35% of the aggregate principal amount of the 2021 Notes at a redemption price of 105.75% of the principal amount of the 2021 Notes redeemed with the net cash proceeds of certain equity offerings.

The Company's payment obligations under the 2021 Notes are fully and unconditionally guaranteed on an unsecured senior basis by certain of its current domestic subsidiaries (and will be guaranteed by certain of its future domestic subsidiaries), other than certain excluded subsidiaries and unrestricted subsidiaries. The 2021 Notes are not guaranteed by any of the Company's foreign subsidiaries.

The terms of the Indenture, among other things, limit in certain respects the ability of the Company and its restricted subsidiaries to incur additional debt and issue preferred stock; pay dividends or make other restricted payments; make certain investments; create liens; allow restrictions on the ability of certain of its subsidiaries to pay dividends or make other payments to it; sell assets; engage in certain sale and leaseback transactions; merge or consolidate with other entities; and enter into transactions with affiliates. If the 2021 Notes are, in the future, rated investment grade by any two of Moody's Investors Services, Inc., Standard & Poor's Ratings Services and Fitch Inc., certain covenants, as set forth in the Indenture, will, thereafter, no longer apply to the 2021 Notes, irrespective of whether the 2021 Notes continue to be rated investment grade.

## Edgar Filing: BALL CORP - Form 8-K

Subject to certain limitations, in the event of a change of control of the Company, the Company will be required to make an offer to purchase the 2021 Notes at a price equal to 101% of the principal amount of the 2021 Notes, plus accrued and unpaid interest to the date of repurchase.

The Indenture provides for customary events of default which include (subject in certain cases to customary grace and cure periods), among others, nonpayment of principal or interest; breach of other agreements in the Indenture; defaults in failure to pay certain other indebtedness; the failure to pay certain final judgments; the failure

of certain guarantees to be enforceable; and certain events of bankruptcy or insolvency. Generally, if an event of default occurs, the Trustee or the holders of at least 25% in aggregate principal amount of the then outstanding 2021 Notes may declare all the 2021 Notes to be due and payable immediately.
