PROPOSAL
BY THE BOARD OF DIRECTORS TO THE
EXTRAORDINARY GENERAL MEETING OF STOCKHOLDERS
TO BE HELD ON MAY 23, 2013.

Dear Stockholders:

The Board of Directors of Companhia Energética de Minas Gerais (Cemig),

• *whereas:*

a) Cemig's long-term strategic plan contains the long-term strategic planning, fundamentals, targets, objectives and results to be pursued and achieved by the Company, and its dividend policy, and it is the responsibility of the Board of Directors and of the Executive Board faithfully to obey and comply with the targets established in § 7 of Article 11 of the by-laws, notably the target limiting the consolidated amount of funds allocated to capital investment and acquisition of any assets, in a business year, to the equivalent of a maximum of 40% (forty per cent) of the Company's Ebitda (profit before interest, taxes, depreciation and amortization);

b) the opportunities and needs for investments that became available to the Cemig Group led to a volume of investments in 2012 equivalent to 54% of Ebitda, thus higher than the target limit mentioned in subclause a) above;

c) exceeding of the limit arose principally from the increase in the Company's Program of Investments in 2012, among which highlights are:

- acquisition of a stockholding in Unisa - União de Transmissoras de Energia Elétrica Holding S.A by Transmissora Aliança de Energia Elétrica S.A. - Taesa;
- acquisition by Cemig of a stockholding in Companhia de Gás de Minas Gerais - Gasmig;
- updating of and improvements to the generation equipment and transmission system of Cemig Geração e Transmissão S.A., and, further,
- the Distribution Development Plan (PDD) of Cemig Distribuição S.A.;

• *now proposes to you as follows:*

Ratification of the Company having, in 2012, exceeded the limits specified in subclause d of Paragraph 7 of Article 11 of the by-laws, corresponding to: the consolidated amount of funds destined to capital expenditure and acquisition of any assets of the Company being equivalent to a maximum of 54% (fifty four per cent) of the Company's Ebitda (Earnings before interest, taxes, depreciation and amortization).

As can be seen, the objective of this proposal is to meet legitimate interests of the stockholders and of the Company, and as a result it is the hope of the Board of Directors that you, the stockholders, will approve it.

Belo Horizonte, April 11, 2013.

The Chair then put the above-mentioned Proposal by the Board of Directors to debate, and, subsequently, to the vote, and it was approved by a majority of votes, with the following stockholder abstaining:

Japan Trustee Services Bank Ltd.

and **STB LM Brazilian High Dividend Equity Mother Fund.**

Asking for the floor, the representative of the stockholder the **Brazilian Federal Savings Bank (Caixa Econômica Federal, or CEF)** recommended that, for the next business year, if necessary, the Company should include this subject on the agenda of the Annual Ordinary and Extraordinary General Meetings of Stockholders.

The meeting being opened to the floor, and since no-one wished to make any statement, the Chair ordered the session suspended for the time necessary for the writing of the minutes. The session being reopened, the Chair, after putting the said minutes to debate and to the vote and verifying that they had been approved and signed, closed the meeting. CVM Official Letter SEP/GEA 1/N°200/2013 requests explanations in relation to the following report published in the online edition of *Folha de São Paulo* newspaper on May 25, 2013:

CEMIG PENETRATES RESTRICTIONS TO ACQUIRE DISTRIBUTORS IN RECOVERY PROCEEDINGS

*[...] Cemig (Companhia Energética de Minas Gerais) will consolidate its position as Brazil's largest electricity distributor if the judicial recovery of **Rede Energia** is approved by the creditors in the coming weeks. The case is before the Second Bankruptcy Chamber of the Courts of São Paulo.*

Cemig replies as follows:

In relation to the above report, we reaffirm that the Company has evaluated several investment alternatives that could add value to the operation of its present assets. However, there is at present no commitment in relation to the assets referred to that would justify a formal statement to the market.

The market has previously been informed about this situation through our replies to CVM Official Letters CVM/SEP/GEA-1/461/2012 of May 31, 2012; CVM/SEP/GEA-1/479/2012 of June 13, 2012; and CVM/SEP/GEA-1/684/2012 of September 13, 2012.

All of the electricity generated by these plants is sold to **Eletrobras**, under contracts signed under the **Proinfa** Program (Brazil's *Program to Encourage Alternative Electricity Sources*).

Completion of the transaction is conditional upon the first refusal and tag-along rights specified in the stockholders' agreement of **Brasil PCH**. Conclusion of the transaction also depends on certain conditions precedent, including: consent of the Brazilian electricity regulator, Aneel; the Brazilian monopolies authority, Cade (*Conselho Administrativo de Defesa Econômica*); and financing agents.

Brasil PCH is currently one of Brazil's leading independent power producers operating from renewable sources. It is a holding company controlling 13 Small Hydro Plants in operation, in the states of Minas Gerais, Rio de Janeiro, Espírito Santo and Goiás, with total installed capacity of 291MW and total assured power of 194MW.
