Item 8.01. Other Events.

American Homes 4 Rent (the "Company") is filing as Exhibit 99.1 (incorporated by reference herein) a discussion of certain U.S. federal income tax considerations relating to the Company's qualification and taxation as a real estate investment trust, or REIT, and the acquisition, holding, and disposition of the Company's equity securities and certain debt securities of the Company. The description contained in Exhibit 99.1 to this Form 8-K replaces and supersedes prior descriptions of the U.S. federal income tax treatment of the Company and its shareholders to the extent that they are inconsistent with the description contained in this Form 8-K.

The Company is filing as Exhibit 99.2 (incorporated by reference herein) a discussion of the "fast-pay stock" rules related to the issuance of additional Series B, Series C or Series D preferred shares. The description contained in Exhibit 99.2 to this Form 8-K replaces and supersedes prior risk factors related to "fast-pay stock" rules related to our preferred shares to the extent that they are inconsistent with the description contained in this Form 8-K.

Various statements contained in the description of U.S. federal income tax considerations including those that express a belief, expectation or intention, as well as those that are not statements of historical fact, are forward-looking statements. These forward-looking statements may include projections and estimates concerning the timing and success of specific projects and the Company's future revenues, income and capital spending. The Company's forward-looking statements are generally accompanied by words such as "estimate," "project," "predict," "believe," "expect," "intend," "anticipate," "potential," "plan," "goal" or other words that convey the uncertainty of future events or outcomes. The Company has based these forward-looking statements on its current expectations and assumptions about future events. While the Company's management considers these expectations and assumptions to be reasonable, they are inherently subject to significant business, economic, competitive, regulatory and other risks, contingencies and uncertainties, most of which are difficult to predict and many of which are beyond the Company's control. These and other important factors, including those discussed or incorporated by reference in the Company's Annual Report on Form 10-K for the year ended December 31, 2015, filed with the Securities and Exchange Commission, and, from time to time, in other reports that the Company files with the SEC or in other documents that the Company publicly disseminates, may cause our actual results, performance or achievements to differ materially from any future results, performance or achievements expressed or implied by these forward-looking statements.
