**Continuation of Minutes of General and Special Shareholders Meetings held on April 16, 2003.**

*Companhia Vale do Rio Doce, in light of the provisions contained in article 192 of Law 6.404 and in articles 41 to 44 of the Articles of Incorporation, have presented to the Supervisory Board a proposal for allocating the profits earned during the year ending on December 31, 2002. The net earnings from the year, described in the Earnings Statement, was R\$ 2,043,253,821.37 (two billion, forty three million, two hundred and fifty three thousand, eight hundred and twenty one reals and thirty seven cents), pursuant accounting principles described in Brazilian corporate legislation and regulations and statements from the Securities Exchange Commission (CVM) and IBRACON [Institute of Independent Auditors of Brazil. The additional amount of R\$526,477,268.59 (five hundred and twenty six million, four hundred and seventy seven thousand reals and fifty nine cents) from unrealized profits should be added to the net earnings, and R\$ 30,380,689.00 (thirty million, three hundred and eighty thousand, six hundred and eighty nine reals) deducted (pension fund actuarial calculation pursuant CVM decision nr. 371 of 12/13/2000), related to the directly recorded entry to Net Equity as an adjustment for previous years of the associated company, USIMINAS. The amounts total R\$ 2,539,350,400.96 (two billion, five hundred and thirty nine million, three hundred and fifty thousand, four hundred reals and ninety six cents), for which, the following allocation is proposed: **I -LEGAL RESERVE:**5% of the year's net earnings should be allocated to this reserve to the limit of 20% (twenty percent) of Stock Capital, pursuant provisions in article 193 of Law 6.404 and article 42 of the Articles of Incorporation, that is, R\$ 102.162.691,07 (one hundred and two million, one hundred and sixty two thousand, six hundred and ninety one reals and seven cents); **II - DIVIDENDS/INTEREST OVER COMPANY'S CAPITAL:** the mandatory dividend of 25%, pursuant article 202 of Law 6.404 (with the wording as altered by Law 10.303) and article 44 of the Articles of Incorporation, is determined based on the adjusted net profit, which, for the year 2002 was R\$ 2,467,568,398.89 (two billion, four hundred and sixty seven million, five hundred and sixty eight thousand, three hundred and ninety eight reals and eighty nine cents). This corresponds to net yearly profit of R\$ 2,043,253,821.37 (two billion, forty three million, two hundred and fifty three thousand, eight hundred and twenty one*

*reals and thirty seven cents) with an additional R\$526,477,268.59 (five hundred and twenty six million, four hundred and seventy seven thousand reals and fifty nine cents) from the reserve of unrealized profits for the year. Therefore, the minimum dividend of 25%*

***MEETING.*** *Dear Board Members, The Board of Directors of the Companhia Vale do Rio Doce does hereby present to the Supervisory*

---

**Continuation of Minutes of General and Special Shareholders Meetings held on April 16, 2003.**

*Board the proposal to increase stock capital through capitalization of reserves. Article 199 of Law 6.404 determines that the balance of reserves of earnings, except those for contingency and unrealized profits, may not be larger than the company's stock capital. Once this ceiling is reached, the meeting participants must deliberate as to the allocation of the surplus either in purchasing or increasing stock capital, or in distributing dividends. Earnings reserves, after distribution of profits from the year ending on December 31, 2002, exceeded stock capital by 1,132,279,789.97 (one billion, one hundred and thirty two million, two hundred and seventy nine thousand, seven hundred and eighty nine reais and ninety seven cents). The Board of Directors therefore proposes the capitalization of part of the expansion reserve of R\$ 1,300,000,000.00 (one billion, three hundred million reais) with no issue of new shares.) As a result, the current stock capital of the Company of R\$ 5,000,000,000.00 (five billion reais), after capitalization of the abovementioned reserves, will total R\$ 6,300,000,000.00 (six billion, three hundred million reais). Upon approval of the proposal to increase capital, the head paragraph of Article 5 of the Articles of Incorporation shall be worded as follows: [Article 5 - Stock Capital is R\$ 6,300,000,000.00 (six billion, three hundred million reais) corresponding to 388,559,056 (three hundred and eighty eight million, five hundred and fifty nine thousand and fifty six reais and fifty six) subscribed shares, with R\$ 4,053,164,574.55 (four billion, fifty three million, one hundred and sixty four thousand, five hundred and seventy four reais and fifty five cents), divided in 249,983,143 (two hundred and forty nine million, nine hundred and eighty three thousand and one hundred and forty three) ordinary shares and R\$ 2,246,835,425.45 (two billion, two hundred and forty six million, eight hundred and thirty five thousand, four hundred and twenty five reais and forty five cents), divided into 138,575,913 (one hundred and thirty eight million, five hundred and seventy five thousand, nine hundred and three) preferential class [A] shares, including 01 (one) of special class, all with no nominal value ". The purpose of the present proposal is to capitalize company reserves and alter the Stock Capital structure as follows: (i) current stock capital - R\$ 5,000,000,000.00; (ii) capitalization of the expansion reserve - R\$ 1,300,000,000.00; and (iii) stock capital after*

*capitalization - R\$ 6,300,000,000.00. In light of the aforementioned, we do hereby submit to the Members of Supervisory Board the present proposal, pursuant deliberations made by the Board*
