Explanatory Note

This proxy statement relates to a special meeting of stockholders of Westinghouse Air Brake Technologies Corporation (Wabtec) to approve the proposals described herein with respect to the merger (the Merger) of Wabtec US Rail Holdings, Inc., a Delaware corporation (Merger Sub), which is a wholly owned subsidiary of Wabtec, with and into Transportation Systems Holdings Inc., a Delaware corporation (SpinCo), which is a wholly owned subsidiary of General Electric Company (GE), whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and as a wholly owned subsidiary of Wabtec. SpinCo will file a registration statement with the Securities and Exchange Commission (the SEC) to register shares of its common stock, par value \$0.01 per share, certain of which common shares will be distributed to GE stockholders prior to the Merger. In the Merger, the shares of SpinCo common stock held by GE and GE stockholders will be converted into the right to receive shares of Wabtec common stock. In addition, Wabtec will file a registration statement on Form S-4 with the SEC to register the shares of its common stock, par value \$0.01 per share, that will be issued in the Merger. The Merger will be preceded by a direct sale of certain assets of GE Transportation (the Direct Sale) from GE to Wabtec US Rail, Inc. (the Direct Sale Purchaser) in exchange for a cash payment of \$2.9 billion. Concurrently, the Direct Sale Purchaser will assume certain liabilities of GE Transportation in connection with the Direct Sale. GE and Wabtec may elect, in an economically equivalent structure, to reduce the assets included in the Direct Sale by \$25 million and, in such event, GE would contribute such assets to SpinCo and would receive shares of non-voting preferred stock in SpinCo (the SpinCo preferred stock) in the SpinCo Transfer in addition to the SpinCo common stock that GE will otherwise be receiving in the SpinCo Transfer. If GE and Wabtec make such an election, the Direct Sale Price would be reduced by \$25 million. The SpinCo preferred stock would not be distributed in the Distribution or converted in the Merger and, accordingly, would remain outstanding as stock of SpinCo and held by GE immediately following the effective time of the Merger. The SpinCo preferred stock would pay cumulative quarterly dividends at a rate, and have other terms, to be agreed by GE and Wabtec that would be intended to result in the fair market value of the SpinCo preferred stock equaling its face value. At any time after the seventh anniversary of the effective time of the Merger, SpinCo would be permitted (but would not be obligated) to redeem the SpinCo preferred stock for a per share redemption price (including an amount in satisfaction of any accrued and unpaid dividends).

Based on market conditions prior to the closing of the Merger, corporate finance considerations and timing considerations, GE will determine whether the shares of SpinCo common stock that will be distributed to GE stockholders will be distributed in a spin-off or a split-off. In a spin-off, all GE stockholders would receive from GE, on a *pro rata* basis, a number of shares of SpinCo common stock constituting not less than 80.25% of the outstanding shares of SpinCo common stock (the Distribution Shares). In a split-off, GE would offer its stockholders the option to exchange shares of GE common stock for shares of SpinCo common stock in an exchange offer, resulting in a reduction in GE's outstanding shares. If the exchange offer is undertaken and consummated, the remaining Distribution Shares, if any, would be distributed on a *pro rata* basis to GE stockholders whose shares of GE common stock remain outstanding after the consummation of the exchange offer. Immediately following the consummation of the spin-off or split-off, as the case may be, and in connection with the Merger, the shares of SpinCo held by GE and GE stockholders will be converted into the right to receive shares of Wabtec common stock in the Merger. This proxy statement assumes, and Wabtec's registration statement on Form S-4 will assume, that the Distribution Shares will be distributed to GE stockholders pursuant to a spin-off. In addition, SpinCo is expected to file a registration statement on Form 10 to register the Distribution Shares under the assumption that such shares of SpinCo common stock will be distributed to GE stockholders pursuant to a spin-off. GE may make its final decision as to whether the SpinCo common stock will be distributed in a spin-off or split-off after the date of the special meeting.

**NOTICE OF SPECIAL MEETING— , 2018
AND PROXY STATEMENT**

MERGER PROPOSED—YOUR VOTE IS IMPORTANT

WESTINGHOUSE AIR BRAKE TECHNOLOGIES CORPORATION

1001 Air Brake Avenue
Wilmerding, Pennsylvania 15148

Dear Wabtec Stockholder:

We invite you to attend the special meeting of stockholders of Westinghouse Air Brake Technologies Corporation (Wabtec), doing business as Wabtec Corporation, on , 2018 at in Pittsburgh, Pennsylvania.

At the special meeting you will be asked to:

1. authorize the issuance of shares of Wabtec common stock in the Merger (the Share Issuance);
amend Wabtec's Restated Certificate of Incorporation dated January 30, 1995, as amended December 31, 2003 and
2. May 14, 2013 (the Wabtec Charter), to increase the number of authorized shares of common stock from 200 million to 500 million (the Wabtec Charter Amendment); and
if it is determined by the board of directors to be necessary or appropriate, approve adjournments or postponements
3. of the special meeting to solicit additional proxies if there are not sufficient votes at the time of the special meeting to approve the Share Issuance and the Wabtec Charter Amendment.

As previously announced, on May 20, 2018, Wabtec entered into an Agreement and Plan of Merger (the Merger Agreement) with General Electric Company (GE), Transportation Systems Holdings Inc., a Delaware corporation (SpinCo), which is a wholly owned subsidiary of GE, and Wabtec US Rail Holdings, Inc., a Delaware corporation (Merger Sub), which is a wholly owned subsidiary of Wabtec, pursuant to which Wabtec will combine with GE's transportation business (collectively, GE Transportation) in a modified Reverse Morris Trust transaction, through the merger (the Merger) of Merger Sub with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and as a wholly owned subsidiary of Wabtec. The Merger will be preceded by a direct sale of certain assets of GE Transportation (the Direct Sale) from GE to Wabtec US Rail, Inc. (the Direct Sale Purchaser) in exchange for a cash payment of \$2.9 billion. Concurrently, the Direct Sale Purchaser will assume certain liabilities of GE Transportation in connection with this purchase.

If the proposals to approve the Share Issuance and the Wabtec Charter Amendment are not approved, the Merger and the related transactions cannot be completed.

As more fully described in the accompanying proxy statement, in order to complete the Merger and the related transactions, immediately following the Direct Sale, GE will transfer the remaining business and operations of GE Transportation to SpinCo (to the extent not completed previously) and GE will distribute certain of the shares of SpinCo's common stock to GE's stockholders by way of a spin-off or a split-off (the Distribution), as determined in GE's discretion. Immediately after the Distribution, the Merger will be completed, and each outstanding share of SpinCo common stock will be converted automatically into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement.

Upon consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, 50.1% of the outstanding shares of Wabtec

common stock would be held collectively by GE and pre-Merger holders of GE common stock (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock would be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this proxy statement entitled "Other Agreements—Tax Matters Agreement") and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this proxy statement entitled "Other

TABLE OF CONTENTS

Agreements—Shareholders Agreement). After the Merger, the Wabtec common stock will continue to be listed on the New York Stock Exchange (NYSE) under Wabtec s current symbol, WAB.

Where calculations are presented in this proxy statement on a fully-diluted, as-converted and as-exercised basis, such calculations reflect a number of outstanding shares of Wabtec common stock that will be higher than the number of shares of Wabtec common stock actually outstanding at the relevant time, which variance may affect the actual percentages upon consummation of the Merger. Such calculations also make assumptions about the ownership of Wabtec common stock by, among others, holders of Wabtec equity awards.

The board of directors of Wabtec recommends that stockholders vote:

- 1. FOR the authorization of the issuance of shares of Wabtec common stock in the Merger (the Share Issuance);**
- 2. FOR the amendment to Wabtec's Restated Certificate of Incorporation dated January 30, 1995, as amended December 31, 2003 and May 14, 2013, to increase the number of authorized shares of common stock from 200 million to 500 million (the Wabtec Charter Amendment); and**
- 3. If it is determined by the board of directors to be necessary or appropriate, FOR the approval of adjournments or postponements of the special meeting to solicit additional proxies if there are not sufficient votes at the time of the special meeting to approve the Share Issuance and the Wabtec Charter Amendment.**

The Wabtec Board has fixed the close of business on , 2018 as the record date for the determination of stockholders entitled to receive notice of and vote at the special meeting or any adjournment(s) thereof.

- If it is determined by the board of directors to be necessary or appropriate, to approve adjournments or
3. postponements of the special meeting to solicit additional proxies if there are not sufficient votes at the time of the special meeting to approve the Share Issuance and the Wabtec Charter Amendment.

What votes are required to approve the Proposals?

Pursuant to NYSE rules and as required under the Merger Agreement, Proposal 1 (the Share Issuance) must be approved by a majority of the votes cast by Wabtec stockholders on Proposal 1 at the special meeting. An abstention will be treated as a vote cast under NYSE rules and will have the same effect as a vote against the proposal. In accordance with applicable rules, banks, brokers and other nominees who hold shares of common stock in street name on behalf of beneficial owners do not have discretionary authority to vote the shares with respect to the proposals described in this proxy statement. If your shares are held in street name and you do not instruct your broker, bank or other nominee to vote your shares, your shares will not be voted. Because only votes cast with respect to Proposal 1 are counted, a failure to instruct your broker, bank or other nominee to vote your shares held in street name will have

no effect on the outcome of Proposal 1. If Proposal 1 is not approved, the Merger cannot be completed.

In accordance with applicable law and as required under the Merger Agreement, Proposal 2 (the Wabtec Charter Amendment) must be approved at the special meeting by a majority of the outstanding shares of Wabtec common stock. An abstention will have the same effect as a vote against the proposal. In accordance with applicable rules, banks, brokers and other nominees who hold shares of common stock in street name on behalf of beneficial owners do not have discretionary authority to vote the shares with respect to the proposals described in this proxy statement. If your shares are held in street name and you do not instruct your broker,

TABLE OF CONTENTS

bank or other nominee to vote your shares, your shares will not be voted. Because the required vote with respect to Proposal 2 is based upon the number of outstanding Wabtec shares and not the number of shares that are actually voted, a failure to instruct your broker, bank or other nominee to vote your shares held in street name will have the same effect as a vote cast against the Wabtec Charter Amendment. If Proposal 2 is not approved, the Merger cannot be completed.

Proposal 3 (the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes in favor of Proposal 1 and Proposal 2) must be approved by a majority of the votes cast by Wabtec stockholders on Proposal 3 at the special meeting. Because only votes present and entitled to vote at the special meeting are counted, a failure to instruct your broker, bank or other nominee to vote your shares held in street name will have no effect on the outcome of Proposal 3.

Approval of any other matter that properly comes before the special meeting shall, unless required otherwise by applicable law or the Wabtec Bylaws, require the affirmative vote of a majority of shares present and entitled to vote on the matter.

Who is entitled to vote at the special meeting?

Only stockholders of record of Wabtec common stock as of the close of business on the record date of , 2018 are entitled to notice of, and to vote at, the special meeting. Each share of Wabtec common stock represents one vote. There were shares of common stock outstanding as of , 2018.

A list of stockholders entitled to vote at the meeting will be available for inspection by any Wabtec stockholder for any purpose germane to the special meeting at 1001 Air Brake Avenue, Wilmerding, PA 15148 for at least 10 days prior to the special meeting and will also be available for inspection at the special meeting.

How do I vote my shares?

Shares of common stock represented by a properly executed and timely proxy will, unless it has previously been revoked, be voted in accordance with its instructions. In the absence of specific instructions, the shares represented by a properly executed and timely proxy will be voted in accordance with the Wabtec Board's recommendations as follows:

FOR the Share Issuance;

FOR the Wabtec Charter Amendment; and

FOR the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies.

No other business is expected to come before the special meeting; however, should any other matter properly come before the special meeting, the proxy holders intend to vote such shares in accordance with their best judgment on such matter.

If you are a stockholder whose shares are registered in your name, you may vote your shares in person at the special meeting or by one of the three following methods:

Vote by Internet, by going to the website address on your proxy card or voting instruction form and following the instructions for Internet voting shown on the website.

•

Vote by Telephone, by dialing the toll-free number on your proxy card or voting instruction form and following the instructions for telephone voting shown on the proxy card or voting instruction form.

Vote by Proxy Card, by completing, signing, dating and mailing a proxy card or voting instruction form in the envelope provided.

If a Wabtec stockholder's shares are held in street name through its bank, broker or other nominee, will that bank, broker or other nominee vote those shares?

If your shares are held by a bank, broker or other nominee on your behalf in street name, your bank, broker or other nominee will send you instructions as to how to provide voting instructions for your shares by proxy. Many banks and brokerage firms have a process for their customers to provide voting instructions by telephone or via the Internet, in addition to providing voting instructions by proxy card. Please follow the instructions for voting that your bank, broker or other nominee sends you. If you receive instructions from more than one bank, broker or nominee, please respond to each set of instructions.

TABLE OF CONTENTS

In accordance with the applicable rules, banks, brokers and other nominees who hold shares of common stock in street name for their customers do not have discretionary authority to vote the shares with respect to any of the matters to be considered at the special meeting. Because banks, brokers and other nominees do not have discretionary voting authority with respect to any of the proposals described in this proxy statement, if you fail to provide your bank, broker or other nominee with voting instructions with respect to your shares held in street name with respect to at least one of the proposals, then those shares will not be present in person or represented by proxy at the special meeting. Accordingly, there will be no broker non-votes and shares held in street name will not be voted on any of the proposals unless the bank, broker or other nominee has received voting instructions from its customer with respect to such proposal.

If a Wabtec stockholder is not going to attend the special meeting, should that stockholder return its proxy card or otherwise vote its shares?

Yes. Returning the proxy card or voting by calling the toll-free number shown on the proxy card or visiting the website shown on the proxy card before the required deadline ensures that the shares will be represented and voted at the special meeting, even if a Wabtec stockholder will be unable to or does not attend.

What are the voting deadlines?

The deadline for submitting a proxy using the Internet or the telephone is 11:59 p.m. Central time on _____, 2018. If you are returning a proxy card by mail, you should mail your completed proxy card sufficiently in advance for it to be received no later than 11:59 p.m. Central time on _____, 2018.

Do I need an admission ticket to attend the special meeting?

Yes. If you attend the special meeting, you will be asked to present an admission ticket or proof of ownership and valid photo identification. Your admission ticket is:

• Attached to your proxy card;

• Can be printed from the online voting site; or

• A letter or a recent account statement showing your ownership of Wabtec common stock as of the record date, if you hold shares through a bank, broker or other nominee.

What constitutes a quorum?

To conduct the business of the special meeting, there must be a quorum. This means at least a majority of the outstanding shares of Wabtec common stock entitled to vote on the record date must be present in person or represented by proxy at the meeting. You are considered a part of the quorum if you vote over the Internet, by telephone or by submitting a properly signed proxy card. If you are present in person or represented by proxy at the meeting, but abstain from voting on any proposal, your shares will still be counted for purposes of determining whether a quorum exists. Because banks, brokers and other nominees who hold shares of common stock in street name on behalf of beneficial owners do not have discretionary authority to vote the shares with respect to the proposals described in this proxy statement, a failure to instruct your broker, bank or other nominee to vote your shares held in street name with respect to at least one of the proposals means your shares will not be present in person or represented by proxy at the special meeting and will not be counted toward determining whether a quorum exists. Failure of a quorum to be present at the special meeting will necessitate an adjournment or postponement and will subject Wabtec to additional expense.

Can I change my vote after mailing my proxy card or submitting voting instructions by Internet or telephone?

Yes, you can change your vote in any of the following ways:

by sending a signed notice of revocation to the Secretary of Wabtec at 1001 Air Brake Avenue, Wilmerding, PA 15148, that is received prior to 11:59 p.m. Central time on _____, 2018, stating that the Wabtec stockholder revokes its proxy;

by properly completing a new proxy card bearing a later date and properly submitting it so that it is received prior to the special meeting;

TABLE OF CONTENTS

by logging onto the Internet website specified on the proxy card in the same manner a stockholder would to submit its proxy electronically or by calling the toll-free number specified on the proxy card, in each case, prior to 11:59 p.m. Central time on _____, 2018, and in each case if the Wabtec stockholder is eligible to do so and following the instructions on the proxy card; or

by attending the special meeting and voting in person.

Simply attending the special meeting will not revoke a proxy. In the event of multiple online or telephone votes by a stockholder, each vote will supersede the previous vote and the last vote cast will be deemed to be the final vote of the stockholder unless such vote is revoked in person at the special meeting.

If a Wabtec stockholder holds shares in _____ street name through its bank, broker or other nominee, and has directed such person to vote its shares, it should instruct such person to change its vote, or if in the alternative a Wabtec stockholder wishes to vote in person at the special meeting, it must bring to the special meeting a letter from the bank, broker or other nominee confirming its beneficial ownership of the shares and that the bank, broker or other nominee is not voting the shares at the special meeting.

Who is soliciting these proxies?

Wabtec is soliciting these proxies and the cost of the solicitation will be borne by Wabtec, including the charges and expenses of record holders holding shares in their name as nominee that are incurred in connection with forwarding proxy materials to the beneficial owners of such shares.

In addition to the use of the mail, proxies may be solicited by Wabtec's officers, directors and employees in person, by telephone or by email. Such individuals will not be additionally compensated for such solicitation but may be reimbursed for reasonable out-of-pocket expenses incurred in connection with such solicitation. To help assure the presence, in person or by proxy, of the largest number of Wabtec stockholders possible, Wabtec has also retained Morrow Sodali LLC, 470 West Ave, Stamford, CT 06902, to assist in soliciting proxies on Wabtec's behalf. Wabtec has agreed to pay Morrow Sodali LLC a proxy solicitation fee of \$17,500.00, plus reasonable out-of-pocket costs and expenses.

Where can I find the voting results of the special meeting?

Wabtec intends to announce preliminary voting results at the special meeting and publish final voting results in a Current Report on Form 8-K to be filed with the SEC within four business days of the special meeting.

Questions and Answers About the Transactions

What is Wabtec proposing?

Wabtec is proposing to combine GE Transportation with Wabtec's existing business, which will be effected through a series of transactions, including the Merger, that are described in more detail below and elsewhere in this proxy statement.

What are the key steps of the Transactions?

Below is a summary of the key steps of the Transactions. A step-by-step description of material events relating to the Transactions is set forth under The Transactions.

GE will conduct the Internal Reorganization.

•

Certain assets of GE Transportation will be sold by GE to Direct Sale Purchaser for a cash payment of \$2.9 billion (the Direct Sale Purchase Price). Direct Sale Purchaser will assume certain liabilities of GE Transportation in connection with this purchase. Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion unsecured revolving credit facility (the Revolving Credit Facility), which replaced Wabtec's previous revolving credit facility, (ii) a \$350.0 million refinancing term loan (the Refinancing Term Loan), which refinanced Wabtec's previous term loan, and (iii) a \$400.0 million delayed draw term loan (the Delayed Draw Term Loan). Wabtec also obtained commitments (the Bridge Commitments) in respect of a bridge loan facility (the Bridge Loan Facility) in an amount not to exceed \$2.5 billion. On September 14, 2018, in accordance with the Commitment Letter, the Bridge Commitments were permanently reduced to \$0

TABLE OF CONTENTS

in connection with Wabtec's issuance of \$500 million aggregate principal amount of its Floating Rate Senior Notes due 2021 (the Floating Rate Notes), \$750 million aggregate principal amount of its 4.150% Senior Notes due 2024 (the 2024 Notes) and \$1.25 billion aggregate principal amount of its 4.700% Senior Notes due 2028 (the 2028 Notes, and, together with the Floating Rate Notes and the 2024 Notes, the New Wabtec Notes). The New Wabtec Notes were issued pursuant to the Indenture, dated August 8, 2013 (the Base Indenture), between Wabtec and Wells Fargo Bank, National Association, as trustee (the Trustee), as supplemented by the Second Supplemental Indenture, dated November 3, 2016 (the Second Supplemental Indenture), between Wabtec, the subsidiary guarantors party thereto and the Trustee, and the Ninth Supplemental Indenture, dated September 14, 2018 (the Ninth Supplemental Indenture and, together with the Base Indenture and the Second Supplemental Indenture, the New Wabtec Notes Indenture), between Wabtec, the subsidiary guarantors party thereto and the Trustee. Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price.

GE and its subsidiaries will transfer the SpinCo Business to SpinCo and its subsidiaries (to the extent not already held by SpinCo and its subsidiaries) in the SpinCo Transfer.

In connection with the SpinCo Transfer, SpinCo will issue to GE additional shares of SpinCo common stock.

Following this issuance of additional shares to GE, GE will own 8,700,000,000 shares of SpinCo common stock, or such other amount as GE shall determine with Wabtec's consent, which will constitute all of the outstanding stock of SpinCo.

GE will effect the Distribution by distributing on a *pro rata* basis all of the Distribution Shares to GE stockholders as of the record date for the Distribution. GE will deliver the Distribution Shares to the exchange agent, who will hold such shares for the benefit of GE stockholders. GE has the option, however, to effect the Distribution pursuant to a split-off. In the event GE elects to effect the Distribution pursuant to a split-off, GE would offer to holders of GE common stock the right to exchange all or a portion of their GE common stock for a number of Distribution Shares (which, in the aggregate, may be less than all of the Distribution Shares) at a discount to the implied value of the SpinCo common stock (based on the per-share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement), subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange (the GE Exchange Offer). In the event the GE Exchange Offer is consummated, GE would distribute the remaining Distribution Shares, if any, on a *pro rata* basis to GE stockholders whose shares of GE common stock remain outstanding after the consummation of the GE Exchange Offer.

Immediately after the Distribution, Merger Sub will merge with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and as a wholly owned subsidiary of Wabtec. In the Merger, each share of SpinCo common stock will be converted into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement, as described in the section of this proxy statement entitled The Merger Agreement—Merger Consideration. Upon consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, 50.1% of the outstanding shares of Wabtec common stock would be held collectively by GE and pre-Merger holders of GE common stock (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock would be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this proxy statement entitled Other Agreements—Tax Matters Agreement) and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this proxy statement entitled Other Agreements—Shareholders Agreement).

TABLE OF CONTENTS

What is the effect of calculations being presented on a fully-diluted, as-converted and as-exercised basis?

Where calculations are presented in this proxy statement on a fully-diluted, as-converted and as-exercised basis, such calculations reflect a number of outstanding shares of Wabtec common stock that will be higher than the number of shares of Wabtec common stock actually outstanding at the relevant time, which variance may affect the actual percentages upon consummation of the Merger. In addition, in those instances, references to Wabtec stockholders owning 49.9% of the outstanding Wabtec common stock assume that the holders of instruments convertible into or exercisable for Wabtec common stock are the owners of the underlying Wabtec common stock and, with limited exceptions, assume that Wabtec equity awards, including those that may be settled in cash, are instruments convertible into or exercisable for Wabtec common stock.

What are the material U.S. federal income tax consequences to Wabtec and its stockholders resulting from the Transactions?

Wabtec will not recognize any gain or loss for U.S. federal income tax purposes as a result of the Merger, the Distribution or the Direct Sale. Because Wabtec stockholders will not participate in the Distribution, the Merger or the Direct Sale, Wabtec stockholders generally will not recognize gain or loss as a result of such transactions. Wabtec stockholders should consult their own tax advisors for a full understanding of the tax consequences to them of the Distribution, the Merger and the Direct Sale. The material U.S. federal income tax consequences of the Distribution, the Merger and the Direct Sale to Wabtec stockholders are described in more detail in The Transactions—Material U.S. Federal Income Tax Consequences of the Distribution, the Merger and the Direct Sale.

What will Wabtec stockholders receive in connection with the Merger?

All shares of Wabtec common stock issued and outstanding immediately before the Merger will remain issued and outstanding immediately after the consummation of the Merger. Immediately after consummation of the Merger, and calculated on a fully-diluted, as-converted and as-exercised basis, pre-Merger Wabtec stockholders will continue to own shares in Wabtec, which will include GE Transportation as it exists following the Separation, constituting 49.9% of the outstanding shares of Wabtec common stock.

Wabtec stockholders will not receive separate merger consideration as part of the Merger and no additional shares of Wabtec common stock will be issued to Wabtec stockholders pursuant to the Merger. Wabtec stockholders will receive the commercial benefit of Wabtec's ownership of GE Transportation as it exists following consummation of the Separation. Wabtec stockholders will thus hold an interest in a diversified, global company that is better positioned to meet anticipated growth, including with respect to intelligence and network optimization products and services, and to capitalize on increased opportunities for cross-selling and the provision of aftermarket services, with significant adjusted EBITDA and revenue growth opportunities, strong forecasted future cash flows, anticipated tax benefits, and additional executive management talent. See Wabtec's Reasons for the Transactions.

As a result of the Transactions, Wabtec stockholders' ownership of Wabtec common stock will also mean that they own an interest in a company with increased levels of indebtedness. Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion Revolving Credit Facility, (ii) a \$350.0 million Refinancing Term Loan and (iii) a \$400.0 million Delayed Draw Term Loan. Wabtec also obtained Bridge Commitments in respect of the Bridge Loan Facility in an amount not to exceed \$2.5 billion. On September 14, 2018, in accordance with the Commitment Letter, the Bridge Commitments were permanently reduced to \$0 in connection with Wabtec's issuance of \$500 million aggregate principal amount of the Floating Rate Notes, \$750 million aggregate principal amount of the 2024 Notes and \$1.25 billion aggregate principal amount of the 2028 Notes. Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price. The Credit Agreement is expected to have approximately \$812 million of unused

availability immediately following consummation of the Transactions. In addition, the Credit Agreement contains an uncommitted accordion feature allowing Wabtec to request, in an aggregate amount not to exceed \$600.0 million, increases to the borrowing commitments under the Revolving Credit Facility or a new incremental term loan commitment. See Debt Financing.

TABLE OF CONTENTS

What are the principal adverse effects of the Transactions to Wabtec stockholders?

Following the consummation of the Transactions, Wabtec stockholders will participate in a company that holds GE Transportation as it exists following the Separation, but their percentage interest in Wabtec will be diluted.

Immediately after consummation of the Merger, pre-Merger Wabtec stockholders are expected to own no more than 49.9% of the outstanding shares of Wabtec common stock, calculated on a fully-diluted, as-converted and as-exercised basis. Therefore, the voting power represented by the shares of Wabtec common stock held by pre-Merger Wabtec stockholders will be lower immediately following the Merger than immediately prior to the Merger. In addition, the issuance of shares of Wabtec common stock pursuant to the Merger may negatively affect the market price of Wabtec common stock.

In addition, if GE elects to effect the Distribution pursuant to a split-off, the GE stockholders that participate in the GE Exchange Offer will be exchanging their shares of GE common stock for a number of Distribution Shares at a discount to the implied value of the SpinCo common stock (based on the per share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement) subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange. The existence of a discount may negatively affect the market price of Wabtec common stock. See **Risk Factors** for a further discussion of the material risks associated with the Transactions.

Further, Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price. This additional indebtedness could materially and adversely affect the liquidity, results of operations and financial condition of Wabtec. Wabtec also expects to incur significant one-time costs in connection with the Transactions, which may have an adverse impact on Wabtec's liquidity, cash flows and operating results in the periods in which they are incurred. Finally, Wabtec's management will be required to devote a significant amount of time and attention to the process of integrating the operations of Wabtec's business and GE Transportation, as it exists following the Separation. If Wabtec management is not able to manage the integration process effectively, or if any significant business activities are interrupted as a result of the integration process, Wabtec's business could suffer and its stock price may decline.

What is the estimated total value of the consideration to be paid by Wabtec in the Transactions?

Wabtec will pay GE \$2.9 billion in cash as consideration for the Direct Sale. Subject to adjustment under certain circumstances as set forth in the Merger Agreement, Wabtec will issue approximately 98.5 million shares of Wabtec common stock in the Merger. Based upon the reported closing sale price of \$ per share for Wabtec common stock on the NYSE on , 2018, the total value of the shares of Wabtec common stock to be issued by Wabtec in the Merger would be approximately \$ and the cash to be received by GE in the Transactions, including in respect of the Direct Sale, would be approximately \$. The actual value of the Wabtec common stock to be issued in the Merger will depend on the market price of shares of Wabtec common stock at the time of the Merger.

Are there possible adverse effects on the value of Wabtec common stock ultimately to be received by GE stockholders?

The issuance of shares of Wabtec common stock pursuant to the Merger may affect negatively the market price of Wabtec common stock. The market price of Wabtec common stock also will be affected by the performance of the post-Transaction combined company and other risks associated with the Transactions.

In addition, if GE elects to effect the Distribution pursuant to a split-off, the GE stockholders that participate in the GE Exchange Offer will be exchanging their shares of GE common stock for a number of Distribution Shares at a

discount to the implied value of the SpinCo common stock (based on the per share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement) subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange. The existence of a discount may negatively affect the market price of Wabtec common stock.

These risks and other risk factors associated with the Transactions are described in more detail in the section of this proxy statement entitled Risk Factors.

TABLE OF CONTENTS

How will the Transactions impact the future liquidity and capital resources of Wabtec?

Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion Revolving Credit Facility, (ii) a \$350.0 million Refinancing Term Loan and (iii) a \$400.0 million Delayed Draw Term Loan. Wabtec also obtained Bridge Commitments in respect of the Bridge Loan Facility in an amount not to exceed \$2.5 billion. On September 14, 2018, in accordance with the Commitment Letter, the Bridge Commitments were permanently reduced to \$0 in connection with Wabtec's issuance of \$500 million aggregate principal amount of the Floating Rate Notes, \$750 million aggregate principal amount of the 2024 Notes and \$1.25 billion aggregate principal amount of the 2028 Notes. Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price. The Credit Agreement is expected to have approximately \$812 million of unused availability immediately following consummation of the Transactions. In addition, the Credit Agreement contains an uncommitted accordion feature allowing Wabtec to request, in an aggregate amount not to exceed \$600.0 million, increases to the borrowing commitments under the Revolving Credit Facility or a new incremental term loan commitment. See **Debt Financing**.

Wabtec's debt financing could materially and adversely affect the liquidity, results of operations and financial condition of Wabtec. Wabtec also expects to incur significant one-time costs in connection with the Transactions, which may have an adverse impact on Wabtec's liquidity, cash flows and operating results in the periods in which they are incurred. Finally, Wabtec management will be required to devote a significant amount of time and attention to the process of integrating the operations of Wabtec's business and GE Transportation. If Wabtec management is not able to manage the integration process effectively, or if any significant business activities are interrupted as a result of the integration process, Wabtec's business could suffer and its stock price may decline. See **Risk Factors** for a further discussion of the material risks associated with the Transactions.

Following the consummation of the Transactions, it is expected that post-Transaction GE Transportation will be owned by Wabtec through SpinCo, which will be a wholly owned subsidiary of Wabtec and will hold the SpinCo Business, and Direct Sale Purchaser, which will also be a wholly owned subsidiary of Wabtec and will hold the assets, potentially including the equity interests in certain pre-Transaction subsidiaries of GE that compose part of GE Transportation, acquired in the Direct Sale and the liabilities assumed in the Direct Sale. Nevertheless, because of the significant assets and operations represented by GE Transportation, Wabtec expects that, following the consummation of the Transaction, SpinCo, Direct Sale Purchaser, and/or other entities through which GE Transportation (as it exists following the Separation) is owned and operated may be required to become guarantors of the indebtedness of the Borrowers under the Credit Agreement, the New Wabtec Notes and Wabtec's existing senior unsecured notes.

What is a modified Reverse Morris Trust transaction?

A Reverse Morris Trust transaction structure typically allows a parent company (here, GE) to divest a business (here, GE Transportation) tax-efficiently. In a typical Reverse Morris Trust transaction, the parent generally will receive a cash payment from the subsidiary to be spun off (an "exit dividend"), usually financed by new borrowings at the subsidiary level, after which the parent will divest stock of the subsidiary (here, SpinCo) through a dividend (a "spin-off") or exchange offer (a "split-off") of the subsidiary stock to parent stockholders. Immediately after the distribution, the subsidiary effects a merger with an unrelated company (here, Wabtec), in a transaction in which the unrelated company's stockholders will hold less than 50% of the capital stock of the combined company immediately after the transaction. In this regard, the Transactions are similar to a traditional Reverse Morris Trust transaction because they include both GE's distribution of SpinCo common stock in the Distribution and SpinCo's substantially simultaneous merger with a subsidiary of Wabtec in the Merger.

However, the Transactions are referred to in this document as a "modified Reverse Morris Trust transaction" for two reasons. First, unlike in a typical Reverse Morris Trust transaction, GE's distribution of SpinCo common stock will be

preceded by the Direct Sale of certain assets of GE Transportation (and an assumption of certain liabilities of GE Transportation) in exchange for a \$2.9 billion cash payment to GE in lieu of an exit dividend from GE Transportation (which would be typical in a Reverse Morris Trust transaction). Second, while a distribution in a typical Reverse Morris Trust transaction would be tax-free to the parent and its stockholders, here the receipt of stock in the Distribution is intended to be tax-free to the GE stockholders but the transaction is intended to be taxable to GE.

TABLE OF CONTENTS

By utilizing the Direct Sale rather than having SpinCo incur debt and distribute an exit dividend to GE, the modified Reverse Morris Trust structure should result in tax benefits to Wabtec (including by avoiding certain ambiguities under the depreciation rules in U.S. federal income tax law that otherwise might be relevant), which will be shared between the parties (up to a cap) as realized by Wabtec after the Merger. The Direct Sale also should reduce administrative complexity and financing costs.

How do the Transactions impact Wabtec's dividend policy?

The Transactions are not expected to affect Wabtec's dividend policy. See Summary Historical and Pro Forma Financial Data—Wabtec Dividend Policy for a further discussion of Wabtec's current dividend policy.

What will GE receive in the Transactions?

GE will receive a \$2.9 billion cash payment as consideration for the Direct Sale. Furthermore, following consummation of the Merger, GE is expected to hold approximately 9.9% of the outstanding shares of Wabtec common stock on a fully-diluted, as-converted and as-exercised basis, subject to GE's obligation under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this proxy statement entitled Other Agreements—Tax Matters Agreement) and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger (as described in the section of this proxy statement entitled Other Agreements—Shareholders Agreement).

What will GE stockholders receive in the Transactions?

Following the Separation, GE will distribute all of the Distribution Shares to the holders of GE common stock. Specifically, GE will effect the Distribution by distributing on a *pro rata* basis all of the Distribution Shares to GE stockholders as of the record date for the Distribution. GE will deliver the Distribution Shares to the exchange agent, who will hold such shares for the benefit of GE stockholders. GE stockholders will not be able to trade shares of SpinCo common stock during this period or at any time before or after the consummation of the Merger. In the Merger, each share of SpinCo common stock will be converted into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement, as described in the section of this proxy statement entitled The Merger Agreement—Merger Consideration.

GE has the option, however, to effect the Distribution pursuant to a split-off. In the event GE elects to effect the Distribution pursuant to a split-off, GE would offer to holders of GE common stock the right to exchange all or a portion of their GE common stock for a number of Distribution Shares (which, in the aggregate, may be less than all of the Distribution Shares) at a discount to the implied value of the SpinCo common stock (based on the per-share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement), subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange. In the event the GE Exchange Offer is consummated, GE would distribute the remaining Distribution Shares, if any, on a *pro rata* basis to GE stockholders whose shares of GE common stock remain outstanding after the consummation of the GE Exchange Offer.

Are there any conditions to the consummation of the Transactions?

Yes. The consummation of the Transactions is subject to a number of conditions, including:

- the approval by Wabtec stockholders of the Share Issuance;
- the approval by Wabtec stockholders of the Wabtec Charter Amendment;

the termination or expiration of the applicable waiting period under the HSR Act;
the taking, making or obtaining of all material actions by, consents or approvals of, or in respect of or filings with any governmental authority required to permit the Transactions;
the effectiveness under the Securities Act of SpinCo's registration statement on Form 10 or such Form(s) as shall be required under applicable SEC rules and Wabtec's registration statement on Form S-4, and the absence of any stop order issued by the SEC or any pending proceeding before the SEC seeking a stop order with respect thereto;

the receipt of the GE Tax Opinions and the Wabtec Tax Opinion by GE and Wabtec, respectively;
the receipt of the Direct Sale Purchase Price by GE;
the completion of the various transaction steps contemplated by the Merger Agreement and the Separation Agreement, including the International Reorganization, the Direct Sale, the SpinCo Transfer and the Distribution; and
other customary conditions.

To the extent permitted by applicable law, GE and SpinCo, on the one hand, and Wabtec and Merger Sub, on the other hand, may waive the satisfaction of the conditions to their respective obligations to consummate the Transactions. If Wabtec waives the satisfaction of a material condition to the consummation of the Transactions, Wabtec will evaluate the facts and circumstances at that time and re-solicit stockholder approval of the Share Issuance and the Wabtec Charter Amendment if required to do so by law or the rules of the NYSE.

This proxy statement describes these conditions in more detail under The Merger Agreement—Conditions to the Merger.

When will the Transactions be completed?

The Transactions are expected to be completed in early 2019, subject to customary closing conditions, as described in this proxy statement. However, it is possible that the Transactions could be completed at an earlier time, at a later time or not at all. The Merger Agreement provides that GE or Wabtec may terminate the Merger Agreement if the Merger is not consummated on or before May 20, 2019 (the one-year anniversary of the date of the Merger Agreement) subject to extension to August 20, 2019 (the fifteen-month anniversary of the date of the Merger Agreement), upon either Wabtec's or GE's written request, if the only reason that the Transactions have not closed is due to certain conditions relating to regulatory approvals having not yet been satisfied. For a discussion of the conditions to consummate of the Transactions and the circumstances under which the Merger Agreement may be terminated by the parties, see The Merger Agreement—Conditions to the Merger and The Merger Agreement—Termination, respectively.

Are there risks associated with the Transactions?

Yes. The material risks and uncertainties associated with the Transactions are discussed in the section of this proxy statement entitled Risk Factors and the section of this proxy statement entitled Cautionary Statement on Forward-Looking Statements. Those risks include, among others, the possibility that the Transactions will not be completed on the contemplated timeline or at all, the possibility that integration may not be successful or anticipated benefits of the Transactions may not be realized, uncertainty about the impact of the Transactions and related costs on the value of Wabtec common stock, the impact of reduced ownership and voting power for existing holders of Wabtec common stock, the impact of increased leverage on Wabtec's financial condition, results of operations and cash flows, and the possibility that Wabtec may be unable to provide certain benefits, services and resources to GE Transportation that historically have been provided by GE.

What stockholder approvals are needed in connection with the Transactions?

Wabtec cannot complete the Transactions unless the proposal relating to the Share Issuance is approved by a majority of votes cast by Wabtec stockholders on the Share Issuance proposal at the special meeting and the proposal relating to the Wabtec Charter Amendment is approved by a majority of outstanding shares of Wabtec common stock.

Where will the Wabtec shares to be issued in the Merger be listed?

Wabtec common stock is listed on the NYSE under the symbol WAB. After the consummation of the Transactions, all shares of Wabtec common stock issued in the Merger, and all other outstanding shares of Wabtec common stock, will continue to be listed on the NYSE and trade under the same symbol.

Will there be any change to the Wabtec Board or executive officers of Wabtec after the consummation of the Transactions?

Yes. In connection with the Transactions, the size of the Wabtec Board will be increased to include three additional directors, each of whom is required to be independent as defined in the listing standards of the NYSE, to be designated as nominees by GE (subject to the nominees being reasonably acceptable to the Nominating and

Corporate Governance Committee of the Wabtec Board), effective at the time of closing of the Merger. The Merger Agreement provides that, at the direction of GE, the GE designees will be assigned among the Wabtec Board's classes of directors so that one GE designee is appointed to the class of directors that is up for reelection at each of the first three annual meetings of Wabtec stockholders that occurs after the closing of the Merger. Additionally, in certain circumstances (see The Merger Agreement—Post-Closing Wabtec Board of Directors and Officers), the Wabtec Board will take all actions necessary to include the GE designee up for reelection at the first annual meeting of Wabtec stockholders that occurs after the closing of the Merger as nominee for the Wabtec Board at such annual meeting, to recommend that Wabtec stockholders vote in favor of the GE designee and to support the election of the GE designee at such annual meeting. The executive officers of Wabtec immediately prior to consummation of the Merger are generally expected to be the executive officers of Wabtec immediately following consummation of the Merger, with Albert J. Neupaver remaining as Wabtec's executive chairman and Raymond T. Betler remaining as Wabtec's president and CEO. Following consummation of the Transactions, Stéphane Rambaud-Measson will become president and CEO of Wabtec's Transit Segment and Rafael O. Santana, president and CEO of GE Transportation, will become president and CEO of Wabtec's Freight Segment.

Do GE stockholders have to vote to approve the Transactions?

No.

Have any Wabtec stockholders already agreed to vote for the Share Issuance and the Wabtec Charter Amendment?

Yes. Certain stockholders, directors and officers of Wabtec beneficially owning approximately 10.9% of the outstanding shares of Wabtec common stock entered into a Voting Agreement with GE under which these persons agreed to vote in favor of the Share Issuance proposal and the Wabtec Charter Amendment proposal. The parties to the Voting Agreement are subject to certain other agreements, including restrictions on their ability to transfer their shares prior to the earlier of the special meeting of Wabtec stockholders to approve these proposals and the termination of the Voting Agreement. See Other Agreements—The Voting Agreement.

Can Wabtec stockholders dissent and require appraisal of their shares?

No.

Will the instruments that govern the rights of Wabtec stockholders with respect to their shares of Wabtec common stock after the consummation of the Transactions be different from those that govern the rights of current Wabtec stockholders?

No. The only proposed change is to increase the number of authorized shares of common stock from 200 million to 500 million. The rights of Wabtec stockholders with respect to their shares of Wabtec common stock after the consummation of the Transactions will otherwise continue.

Transportation Systems Holdings Inc.
c/o General Electric Company
41 Farnsworth Street
Boston, MA 02210

Transportation Systems Holdings Inc., a Delaware corporation, referred to in this proxy statement as SpinCo, is a direct, wholly owned subsidiary of GE that was organized specifically for the purpose of housing the SpinCo Business and effecting the Merger. SpinCo has engaged in no business activities to date and it has no material assets or liabilities of any kind, other than those incident to its formation and in connection with the Transactions. Prior to the closing of the Distribution and the Direct Sale, GE and SpinCo will own, directly and, indirectly, GE Transportation. GE Transportation is a global technology leader and supplier to the railroad, mining, marine, stationary power and drilling industries.

The Transactions

GE, Wabtec, SpinCo and Merger Sub, entered into the Merger Agreement on May 20, 2018, and GE, SpinCo, Wabtec and Direct Sale Purchaser entered into the Separation Agreement on May 20, 2018, which together provide for the combination of Wabtec and GE Transportation through a modified Reverse Morris Trust transaction structure. In connection with the Separation of GE Transportation from the remaining business of GE, GE will conduct the Internal Reorganization.

In connection with the Direct Sale, certain assets of GE Transportation, potentially including the equity interests of certain pre-Transaction subsidiaries of GE that compose part of GE Transportation, will be sold to Direct Sale Purchaser for a cash payment of \$2.9 billion, and Direct Sale Purchaser will assume certain liabilities of GE Transportation in connection with this purchase. Thereafter, GE will transfer the SpinCo Business to SpinCo and its subsidiaries (to the extent not already held by SpinCo and its subsidiaries) in the SpinCo Transfer, and SpinCo will issue to GE additional shares of SpinCo common stock. Following this issuance of additional SpinCo common stock to GE, GE will own 8,700,000,000 shares of SpinCo common stock, or such other amount as GE shall determine with Wabtec's consent, which will constitute all of the outstanding stock of SpinCo.

GE will effect the Distribution by distributing on a *pro rata* basis all of the Distribution Shares to GE stockholders as of the record date for the Distribution. GE will deliver the Distribution Shares to the exchange agent, who will hold such shares for the benefit of GE stockholders. GE has the option, however, to effect the Distribution pursuant to a split-off. In the event GE elects to effect the Distribution pursuant to a split-off, GE would offer to holders of GE common stock the right to exchange all or a portion of their GE common stock for a number of Distribution Shares (which, in the aggregate, may be less than all of the Distribution Shares) at a discount to the implied value of the SpinCo common stock (based on the per-share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement), subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange. In the event the GE Exchange Offer is consummated, GE would distribute the remaining Distribution Shares, if any, on a *pro rata* basis to GE stockholders whose shares of GE common stock remain outstanding after the consummation of the GE Exchange Offer.

Immediately after the Distribution and on the closing date of the Merger, Merger Sub will merge with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and a wholly owned subsidiary of Wabtec. In the Merger, subject to adjustment in accordance with the Merger Agreement, each share of SpinCo common stock will be converted into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement, as described in the section of this proxy statement entitled "The Merger Agreement—Merger Consideration."

Upon consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, 50.1% of the outstanding shares of Wabtec common stock would be held collectively by GE and pre-Merger holders of GE common stock (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock would be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this proxy statement entitled "Other Agreements—Tax Matters Agreement") and (y) the Shareholders Agreement to

TABLE OF CONTENTS

sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this proxy statement entitled Other Agreements—Shareholders Agreement).

Subject to adjustment under certain circumstances as set forth in the Merger Agreement, Wabtec will issue approximately 98.5 million shares of Wabtec common stock in the Merger. Based upon the reported closing sale price of \$ per share for Wabtec common stock on the NYSE on , 2018, the total value of the shares of Wabtec common stock to be issued by Wabtec in the Merger would be approximately \$ and the cash to be received by GE in the Transactions, including in respect of the Direct Sale, would be approximately \$. The actual value of the Wabtec common stock to be issued in the Merger will depend on the market price of shares of Wabtec common stock at the time of the Merger.

After the Merger, Wabtec will own and operate the SpinCo Business and the assets acquired in the Direct Sale. It is anticipated that SpinCo, which will be Wabtec s wholly owned subsidiary, will hold the SpinCo Business and Direct Sale Purchaser, which will also be Wabtec s wholly owned subsidiary, will hold the assets purchased and the liabilities assumed in connection with the Direct Sale. Together, SpinCo and Direct Sale Purchaser will own and operate post-Transaction GE Transportation. Wabtec will also continue its current businesses. All shares of Wabtec common stock, including those issued in the Merger, will be listed on the NYSE under Wabtec s current trading symbol WAB.

Set forth below are diagrams that graphically illustrate, in simplified form, (i) the existing corporate structures, (ii) the corporate structures immediately following the Direct Sale, the SpinCo Transfer and the Distribution but before the Merger and (iii) the corporate structures immediately following the consummation of the Merger. A step-by-step description of material events relating to the Transactions is set forth under The Transactions.

Existing Structure

TABLE OF CONTENTS

Structure following the Separation (including the Internal Reorganization), the Direct Sale, the SpinCo Transfer and the Distribution but prior to the Merger

Structure following the Merger

After completion of all of the steps described in the section of this proxy statement entitled "The Transactions," it is anticipated that SpinCo, which will be Wabtec's wholly owned subsidiary, will hold the SpinCo Business and Direct Sale Purchaser, which will also be Wabtec's wholly owned subsidiary, will hold the assets purchased and the liabilities assumed in connection with the Direct Sale. Together, SpinCo and Direct Sale Purchaser will own and operate the post-Transaction GE Transportation.

TABLE OF CONTENTS

In connection with the Transactions, on the date of the Distribution, GE or its subsidiaries and SpinCo or the SpinCo Transferred Subsidiaries will enter into the Additional Agreements relating to, among other things, intellectual property, employee matters, tax matters, research and development and transition services. See Other Agreements.

Opinion of Wabtec's Financial Advisor

Goldman Sachs & Co. LLC (Goldman Sachs) rendered to the Wabtec Board its oral opinion, which was subsequently confirmed by delivery of a written opinion, dated May 20, 2018, that, as of the date of such written opinion and based upon and subject to the factors and assumptions as set forth in such written opinion, the Aggregate Consideration (as defined below) to be paid by Wabtec pursuant to the Merger Agreement was fair from a financial point of view to Wabtec. For purposes of Goldman Sachs' financial analyses and opinion, the term Aggregate Consideration means (i) the Share Issuance, (ii) the Direct Sale Purchase Price, as adjusted pursuant to the Separation Agreement, and (iii) the payments relating to the Company Structure Benefits (as defined in the Tax Matters Agreement) pursuant to Section 13 of the Tax Matters Agreement (the TMA Payments).

The full text of the written opinion of Goldman Sachs, dated May 20, 2018, which sets forth assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached hereto as Annex G. Goldman Sachs provided advisory services and its opinion for the information and assistance of the Wabtec Board in connection with its consideration of the Transactions. The Goldman Sachs opinion is not a recommendation as to how any holder of shares of Wabtec common stock should vote with respect to the Share Issuance, the Wabtec Charter Amendment or any other matter. Pursuant to an engagement letter between Wabtec and Goldman Sachs, Wabtec has agreed to pay Goldman Sachs a transaction fee of \$32 million plus a discretionary fee of up to \$4 million, all of which is contingent upon consummation of the Transactions. See The Transactions—Opinion of Wabtec's Financial Advisor for further information.

Debt Financing

On May 20, 2018, in connection with their entry into the Merger Agreement, Wabtec entered into the Commitment Letter with the Commitment Parties pursuant to which the Commitment Parties agreed to provide debt financing to Wabtec, including financing for the Direct Sale Purchase Price. Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion Revolving Credit Facility, (ii) a \$350.0 million Refinancing Term Loan and (iii) a \$400.0 million Delayed Draw Term Loan. Wabtec also obtained Bridge Commitments in respect of the Bridge Loan Facility in an amount not to exceed \$2.5 billion. On September 14, 2018, in accordance with the Commitment Letter, the Bridge Commitments were permanently reduced to \$0 in connection with Wabtec's issuance of \$500 million aggregate principal amount of the Floating Rate Notes, \$750 million aggregate principal amount of the 2024 Notes and \$1.25 billion aggregate principal amount of the 2028 Notes. Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price. The Credit Agreement is expected to have approximately \$812 million of unused availability immediately following consummation of the Transactions. See Debt Financing for further information.

Interests of Wabtec's Directors and Executive Officers in the Transactions

Wabtec directors and executive officers have financial interests in the Transactions that are different from, or in addition to, the interests of Wabtec stockholders generally. The members of the Wabtec Board were aware of and considered these interests, among other matters, in deciding to approve the terms of the Merger Agreement and the Transactions, including the Merger, and in recommending to Wabtec stockholders that they vote to approve the Share Issuance and the Wabtec Charter Amendment. See The Transactions—Interests of Wabtec's Directors and Executive Officers in the Transactions for further information.

Board of Directors and Management of Wabtec Following the Transactions

Following the consummation of the Distribution, Merger Sub will merge with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and a wholly owned subsidiary of Wabtec. Directors of Wabtec serving on the Wabtec Board immediately before the consummation of the Merger are expected to continue to serve as directors of Wabtec immediately following the

TABLE OF CONTENTS

closing of the Merger. In connection with the Transactions, the size of the Wabtec Board will be increased to include three additional directors, each of whom is required to be independent as defined in the listing standards of the NYSE, to be designated as nominees by GE (subject to the nominees being reasonably acceptable to the Nominating and Corporate Governance Committee of the Wabtec Board), effective at the time of closing of the Merger. The Merger Agreement provides that, at the direction of GE, the GE designees will be assigned among the Wabtec Board's classes of directors so that one GE designee is appointed to the class of directors that is up for reelection at each of the first three annual meetings of Wabtec stockholders that occurs after the closing of the Merger. Additionally, in certain circumstances (see The Merger Agreement – Post-Closing Wabtec Board of Directors and Officers), the Wabtec Board will take all actions necessary to include the GE designee up for reelection at the first annual meeting of Wabtec stockholders that occurs after the closing of the Merger as nominee for the Wabtec Board at such annual meeting, to recommend that Wabtec stockholders vote in favor of the GE designee and to support the election of the GE designee at such annual meeting. The executive officers of Wabtec immediately prior to consummation of the Merger are generally expected to be the executive officers of Wabtec immediately following consummation of the Merger, with Albert J. Neupaver remaining as Wabtec's executive chairman and Raymond T. Betler remaining as Wabtec's president and CEO. Following consummation of the Transactions, Stéphane Rambaud-Measson will become president and CEO of Wabtec's Transit Segment and Rafael O. Santana, president and CEO of GE Transportation, will become president and CEO of Wabtec's Freight Segment.

Wabtec Stockholder Approval

Wabtec cannot complete the Transactions unless the proposal relating to the Share Issuance is approved by a majority of votes cast by Wabtec stockholders on the proposal at the special meeting, either in person or by proxy (assuming a quorum is present), and the Wabtec Charter Amendment is approved by a majority of outstanding shares of Wabtec common stock.

Wabtec Stockholders Meeting

Under the terms of the Merger Agreement, Wabtec has agreed to call, give notice of, convene and hold a special meeting of its stockholders for the purpose of voting upon the proposals to approve the Share Issuance and the Wabtec Charter Amendment. The Wabtec Board has called a special meeting of Wabtec stockholders to be held on , 2018, for Wabtec stockholders of record on , 2018. The definitive proxy statement was mailed to Wabtec stockholders on or about , 2018.

Wabtec's directors and executive officers held approximately % of the shares entitled to vote at Wabtec's special meeting of stockholders as of , 2018. GE's and SpinCo's directors, executive officers and their affiliates owned an aggregate of approximately % of the shares of Wabtec common stock entitled to vote at Wabtec's special meeting of stockholders as of , 2018.

Certain stockholders, directors and officers of Wabtec beneficially owning approximately 10.9% of the outstanding shares of Wabtec common stock entered into a Voting Agreement with GE under which these persons agreed to vote in favor of the Share Issuance proposal and the Wabtec Charter Amendment proposal. The parties to the Voting Agreement are subject to certain other agreements, including restrictions on their ability to transfer their shares prior to the earlier of the special meeting of Wabtec stockholders to approve these proposals and the termination of the Voting Agreement. See Other Agreements—The Voting Agreement.

Accounting Treatment and Considerations

Accounting Standard Codification 805, Business Combinations, requires the use of the acquisition method of accounting for business combinations. In applying the acquisition method, it is necessary to identify both the

accounting acquiree and the accounting acquiror. In a business combination effected through an exchange of equity interests, such as the Merger, the entity that issues the interests (Wabtec, in this case) is generally the acquiring entity. In identifying the acquiring entity in a combination effected through an exchange of equity interests, however, all pertinent facts and circumstances must be considered, including the following:

Issuance of equity by Wabtec. Wabtec expects to issue approximately 98.5 million shares of Wabtec common stock in the Merger.

TABLE OF CONTENTS

Incurrence of debt by Wabtec. Approximately \$2.9 billion of indebtedness is expected to be incurred in connection with the Transactions to fund the Direct Sale. Following the consummation of the Transactions, it is expected that post-Transaction GE Transportation will be owned by Wabtec through SpinCo, which will be a wholly owned subsidiary of Wabtec and will hold the SpinCo Business, and Direct Sale Purchaser, which will also be a wholly owned subsidiary of Wabtec and will hold the assets, potentially including the equity interests in certain pre-Transaction subsidiaries of GE that compose part of GE Transportation, acquired in the Direct Sale and the liabilities assumed in the Direct Sale. Nevertheless, because of the significant assets and operations represented by GE Transportation, Wabtec expects that following the consummation of the Transaction, SpinCo, Direct Sale Purchaser, and/or other entities through which GE Transportation is owned and operated may be required to become guarantors of the indebtedness of the Borrowers under the Credit Agreement, the New Wabtec Notes and Wabtec's existing senior unsecured notes.

The relative voting interests of Wabtec stockholders after the consummation of the Transactions. In this case and calculated on a fully-diluted, as-converted and as-exercised basis, GE and pre-Merger holders of GE common stock will collectively hold 50.1% of the equity ownership and associated voting rights in Wabtec after the consummation of the Transactions (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock will be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this proxy statement entitled "Other Agreements—Tax Matters Agreement") and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this proxy statement entitled "Other Agreements—Shareholders Agreement").

The composition of the governing body of Wabtec after the consummation of the Transactions. The Wabtec Board currently consists of 12 directors. In connection with the Transactions, the size of the Wabtec Board will be increased to include three additional directors, each of whom is required to be independent as defined in the listing standards of the NYSE, to be designated as nominees by GE (subject to the nominees being reasonably acceptable to the Nominating and Corporate Governance Committee of the Wabtec Board), effective at the time of closing of the Merger. The Merger Agreement provides that, at the direction of GE, the GE designees will be assigned among the Wabtec Board's classes of directors so that one GE designee is appointed to the class of directors that is up for reelection at each of the first three annual meetings of Wabtec stockholders that occurs after the closing of the Merger. Additionally, in certain circumstances (see "Merger Agreement – Post-Closing Wabtec Board of Directors and Officers"), the Wabtec Board will take all actions necessary to include the GE designee up for reelection at the first annual meeting of Wabtec stockholders that occurs after the closing of the Merger as nominee for the Wabtec Board at such annual meeting, to recommend that Wabtec stockholders vote in favor of the GE designee and to support the election of the GE designee at such annual meeting.

The composition of the senior management of Wabtec after the consummation of the Transactions. The executive officers of Wabtec immediately prior to consummation of the Merger are generally expected to be the executive officers of Wabtec immediately following consummation of the Merger, with Albert J. Neupaver remaining as Wabtec's executive chairman and Raymond T. Betler remaining as Wabtec's president and CEO. Following consummation of the Transactions, Stéphane Rambaud-Measson will become president and CEO of Wabtec's Transit Segment and Rafael O. Santana, president and CEO of GE Transportation, will become president and CEO of Wabtec's Freight Segment.

Wabtec management has determined that Wabtec will be the accounting acquiror in the Merger based on the facts and circumstances outlined above and the analysis of the relevant GAAP guidance. Consequently, Wabtec will apply

acquisition accounting to the assets and liabilities of GE Transportation acquired or assumed upon the consummation of the Direct Sale and the Merger. The historical financial statements of Wabtec for periods ended prior to the consummation of the Merger will reflect only the operations and financial condition of Wabtec. Subsequent to the consummation of the Merger, the financial statements of Wabtec will include the combined operations and financial condition of Wabtec and GE Transportation.

TABLE OF CONTENTS

Regulatory Approvals

Under the HSR Act, the parties must file pre-merger notifications with the U.S. Federal Trade Commission (FTC) and the Antitrust Division of the United States Department of Justice (DOJ) and observe specified waiting periods before consummating the Merger. Wabtec and GE each filed the requisite notification and report forms with the FTC and the DOJ on June 22, 2018. Wabtec and GE have each received a request for additional information (second request) from the DOJ. The second request is not an uncommon part of the regulatory review process under the HSR Act in respect of large transactions. The effect of the second request is to extend the waiting period imposed by the HSR Act until 30 days after Wabtec and GE have substantially complied with their respective request, unless that period is extended voluntarily by both parties or terminated sooner by the DOJ. Wabtec and GE will continue to cooperate fully with the DOJ as it reviews the proposed transaction. In addition to the expiration of the waiting period under the HSR Act, the parties have agreed to take, make or obtain all material actions by, consents or approvals of, or in respect of or filings with any governmental authority required to permit the consummation of the Merger, including the governmental authorizations to be sought in Austria, Brazil, Canada, Germany, Kazakhstan, Mexico, Pakistan, Russia, South Africa and Ukraine. The required waiting period in Canada has expired, and the parties have already obtained clearance from Austria, Germany and Russia.

Federal Securities Law Consequences; Resale Restriction

Wabtec common stock issued in the Merger will not be subject to any restrictions on transfer arising under the Securities Act, except for shares of Wabtec common stock issued to any person who may be deemed to be an affiliate of Wabtec under the Securities Act.

No Appraisal or Dissenters Rights

None of the stockholders of Wabtec, Merger Sub, Direct Sale Purchaser, GE or SpinCo will be entitled to exercise appraisal rights or to demand payment for their shares in connection with the Transactions.

TABLE OF CONTENTS**Summary Unaudited Pro Forma Condensed Combined Financial Data**

The following summary unaudited pro forma condensed combined financial statements are presented to illustrate the estimated effects of the Transactions described in this proxy statement under The Transactions. The following unaudited pro forma condensed combined balance sheet as of June 30, 2018, and the unaudited pro forma condensed combined statement of income for the six months ended June 30, 2018 and the year ended December 31, 2017 (collectively, the Pro Forma Statements) have been prepared in compliance with the requirements of Regulation S-X under the Securities Act using accounting policies in accordance with U.S. GAAP.

The Pro Forma Statements should be read in conjunction with the audited consolidated financial statements of Wabtec as of and for the year ended December 31, 2017, which are incorporated by reference herein from Wabtec's current report on Form 8-K filed with the SEC on September 10, 2018, Wabtec's interim financial statements as of and for the six-month period ended June 30, 2018, which are incorporated by reference herein from Wabtec's quarterly report on Form 10-Q filed with the SEC for the quarter ended June 30, 2018, and the audited combined financial statements of GE Transportation as of and for the year ended December 31, 2017 and GE Transportation's interim financial statements as of and for the six-month period ended June 30, 2018, which are, in each case, included elsewhere in this proxy statement. GE Transportation's historical financial statements included in this proxy statement have been presented on a carve-out basis from GE's consolidated financial statements using the historical results of operations, cash flows, assets and liabilities of GE Transportation and include allocations of corporate expenses from GE. These allocations reflect significant assumptions, and the financial statements do not fully reflect what GE Transportation's financial position, results of operations or cash flows would have been had it been a stand-alone company during the periods presented. As a result, historical financial information is not necessarily indicative of GE Transportation's future results of operations, financial position or cash flows. The note disclosure requirements of annual consolidated financial statements provide additional disclosures to that required for pro forma condensed combined financial information.

The unaudited Pro Forma Statements give effect to the Transactions as if they had occurred on January 1, 2017, for the purposes of the unaudited pro forma condensed combined statements of income for the six months ended June 30, 2018 and the year ended December 31, 2017. The unaudited Pro Forma Statements give effect to the Transactions as if they had occurred on June 30, 2018, for the purposes of the unaudited pro forma condensed combined balance sheet. In the opinion of Wabtec's management, these Pro Forma Statements include all material adjustments necessary to be in accordance with Article 11 of Regulation S-X under the Securities Act. The Pro Forma Statements are presented for illustrative purposes only and may not be indicative of the results of operations that would have occurred if the events reflected therein had been in effect on the dates indicated or the results which may be obtained in the future. In preparing the Pro Forma Statements, no adjustments have been made to reflect the potential operating synergies and administrative cost savings or the costs of integration activities that could result from the combination of Wabtec and GE Transportation. Actual amounts recorded upon consummation of the Transactions will differ from the Pro Forma Statements, and the differences may be material. See Where You Can Find More Information; Incorporation by Reference, Unaudited Pro Forma Combined Consolidated Financial Statements and the interim combined financial statements of GE Transportation and the notes thereto and audited combined financial statements of GE Transportation and notes thereto, which are, in each case, included elsewhere in this proxy statement.

Wabtec Dividend Policy

Wabtec currently intends to continue paying dividends on a quarterly basis, although the declaration of any future dividends will be determined by the Wabtec Board and will depend on many factors, including available cash, estimated cash needs, earnings, financial condition, operating results, and capital requirements, as well as limitations in Wabtec's contractual agreements, applicable law, regulatory constraints, industry practice and other business considerations that the Wabtec Board considers relevant. Wabtec's ability to declare and pay future dividends on Wabtec common stock may be restricted by the provisions of the DGCL and covenants in Wabtec's then-existing indebtedness arrangements.

TABLE OF CONTENTS

The Transactions

GE, Wabtec, SpinCo and Merger Sub, entered into the Merger Agreement on May 20, 2018, and GE, SpinCo, Wabtec and Direct Sale Purchaser entered into the Separation Agreement on May 20, 2018, which together provide for the combination of Wabtec and GE Transportation through a modified Reverse Morris Trust transaction structure. In connection with the Separation of GE Transportation from the remaining business of GE, GE will conduct the Internal Reorganization.

In connection with the Direct Sale, certain assets of GE Transportation, potentially including the equity interests of certain pre-Transaction subsidiaries of GE that compose part of GE Transportation, will be sold to Direct Sale Purchaser for a cash payment of \$2.9 billion, and Direct Sale Purchaser will assume certain liabilities of GE Transportation in connection with this purchase. Thereafter, GE will transfer the SpinCo Business to SpinCo and its subsidiaries (to the extent not already held by SpinCo and its subsidiaries) in the SpinCo Transfer, and SpinCo will issue to GE additional shares of SpinCo common stock in the SpinCo Transfer. Following this issuance of additional SpinCo common stock to GE, GE will own 8,700,000,000 shares of SpinCo common stock, or such other amount as GE shall determine with Wabtec's consent, which will constitute all of the outstanding stock of SpinCo.

GE will effect the Distribution by distributing on a *pro rata* basis all of the Distribution Shares to GE stockholders as of the record date for the Distribution. GE will deliver the Distribution Shares to the exchange agent, who will hold such shares for the benefit of GE stockholders. GE has the option, however, to effect the Distribution pursuant to a split-off. In the event GE elects to effect the Distribution pursuant to a split-off, GE would offer to holders of GE common stock the right to exchange all or a portion of their GE common stock for a number of Distribution Shares (which, in the aggregate, may be less than all of the Distribution Shares) at a discount to the implied value of the SpinCo common stock (based on the per-share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement), subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange. In the event the GE Exchange Offer is consummated, GE would distribute the remaining Distribution Shares, if any, on a *pro rata* basis to GE stockholders whose shares of GE common stock remain outstanding after the consummation of the GE Exchange Offer.

Immediately after the Distribution and on the closing date of the Merger, Merger Sub will merge with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and a wholly owned subsidiary of Wabtec. In the Merger, subject to adjustment in accordance with the Merger Agreement, each share of SpinCo common stock will be converted into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement, as described in the section of this proxy statement entitled **The Merger Agreement—Merger Consideration**.

Upon consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, 50.1% of the outstanding shares of Wabtec common stock would be held collectively by GE and pre-Merger holders of GE common stock (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock would be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this proxy statement entitled **Other Agreements—Tax Matters Agreement**) and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this proxy statement entitled **Other Agreements—Shareholders Agreement**).

Subject to adjustment under certain circumstances as set forth in the Merger Agreement, Wabtec will issue approximately 98.5 million shares of Wabtec common stock in the Merger. Based upon the reported closing sale price of \$ per share for Wabtec common stock on the NYSE on , 2018, the total value of the shares of Wabtec common stock to be issued by Wabtec in the Merger would be approximately \$ and the cash to be received by GE in the Transactions, including in respect of the Direct Sale, would be approximately \$. The actual value of the Wabtec common stock to be issued in the Merger will depend on the market price of shares of Wabtec common stock at the time of the Merger.

TABLE OF CONTENTS

After the Merger, Wabtec will own and operate the SpinCo Business and the assets acquired in the Direct Sale. It is anticipated that SpinCo, which will be Wabtec's wholly owned subsidiary, will hold the SpinCo Business and Direct Sale Purchaser, which will also be Wabtec's wholly owned subsidiary, will hold the assets purchased and the liabilities assumed in connection with the Direct Sale. Together, SpinCo and Direct Sale Purchaser will own and operate post-Transaction GE Transportation. Wabtec will also continue its current businesses. All shares of Wabtec common stock, including those issued in the Merger, will be listed on the NYSE under Wabtec's current trading symbol WAB.

Below is a step-by-step description of the sequence of material events relating to the Transactions.

Step 1 Internal Reorganization

GE will undertake an internal reorganization in which the assets and liabilities of GE Transportation will be segregated from the assets and liabilities of GE's remaining business.

Step 2 Direct Sale

On the date of the Distribution, immediately prior to the SpinCo Transfer, GE shall sell certain assets of GE Transportation, potentially including the equity interests of certain pre-Transaction subsidiaries of GE that compose part of GE Transportation, to Direct Sale Purchaser for a cash payment of \$2.9 billion. Concurrently, the Direct Sale Purchaser will assume certain liabilities of GE Transportation in connection with this purchase.

Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion Revolving Credit Facility, (ii) a \$350.0 million Refinancing Term Loan and (iii) a \$400.0 million Delayed Draw Term Loan. Wabtec also obtained Bridge Commitments in respect of the Bridge Loan Facility in an amount not to exceed \$2.5 billion. On September 14, 2018, in accordance with the Commitment Letter, the Bridge Commitments were permanently reduced to \$0 in connection with Wabtec's issuance of \$500 million aggregate principal amount of the Floating Rate Notes, \$750 million aggregate principal amount of the 2024 Notes and \$1.25 billion aggregate principal amount of the 2028 Notes. Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price.

Step 3 SpinCo Transfer

On the date of the Distribution, immediately following the Direct Sale, GE shall transfer the SpinCo Business, which will comprise the remaining business and operations of GE Transportation after giving effect to the Direct Sale, to SpinCo and its subsidiaries (to the extent not already held by SpinCo and its subsidiaries). SpinCo will assume certain liabilities of the SpinCo Business.

Step 4 Issuance of SpinCo Common Stock to GE

In connection with the SpinCo Transfer, SpinCo will issue and deliver to GE additional shares of SpinCo common stock. Following this issuance of additional shares to GE, GE will own 8,700,000,000 shares of SpinCo common stock, or such other amount as GE shall determine with Wabtec's consent, which will constitute all of the outstanding stock of SpinCo.

Step 5 Distribution

Based on market conditions prior to the closing of the Merger, corporate finance considerations and timing considerations, GE will determine whether the Distribution Shares will be distributed to GE stockholders pursuant to a spin-off or a split-off. This proxy statement assumes that the Distribution Shares will be distributed in a spin-off. GE

may make its final decision as to whether the SpinCo common stock will be distributed in a spin-off or split-off after the date of the special meeting.

In this case, GE will effect the Distribution by distributing on a *pro rata* basis all of the Distribution Shares to GE stockholders as of the record date for the Distribution. GE will deliver the Distribution Shares to the exchange agent, who will hold such shares for the benefit of GE stockholders.

TABLE OF CONTENTS

In the event GE elects to effect the Distribution pursuant to a split-off, GE would offer to holders of GE common stock the right to exchange all or a portion of their GE common stock for a number of Distribution Shares (which, in the aggregate, may be less than all of the Distribution Shares) at a discount to the implied value of the SpinCo common stock (based on the per-share value of Wabtec common stock multiplied by the exchange ratio set forth in the Merger Agreement), subject to proration if the GE stockholders have validly tendered more shares of GE common stock than GE is offering to accept for exchange. In the event the GE Exchange Offer is consummated, GE would distribute the remaining Distribution Shares, if any, on a *pro rata* basis to GE stockholders whose shares of GE common stock remain outstanding after the consummation of the GE Exchange Offer. Any GE stockholders that validly tender (and do not validly withdraw) shares of GE common stock for shares of SpinCo common stock in the GE Exchange Offer would have, with respect to such tendered shares, waived their rights to receive, and forfeited any rights to, shares of SpinCo common stock subsequently distributed on a *pro rata* basis to GE stockholders. In connection with the GE Exchange Offer, SpinCo would file with the SEC a registration statement on Form S-4 and Form S-1 to register the shares of its common stock that would be distributed to GE stockholders. In addition, Wabtec would file with the SEC an amendment to its registration statement on Form S-4. The terms and conditions of the GE Exchange Offer would be described in SpinCo's registration statement on Form S-4 and Form S-1 and Wabtec's amended registration statement on Form S-4. Wabtec and Wabtec stockholders would not be a party to the GE Exchange Offer and would not be asked to separately vote on the GE Exchange Offer or to otherwise participate in the GE Exchange Offer. The information included in this section regarding the GE Exchange Offer is being provided to Wabtec stockholders for informational purposes only and does not purport to be complete. This proxy statement constitutes only a proxy statement for Wabtec stockholders relating to the special meeting and is not an offer to sell or a solicitation of an offer to purchase shares of Wabtec common stock, GE common stock or SpinCo common stock.

Step 6 Merger

Immediately after the Distribution and on the closing date of the Merger, Merger Sub will merge with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and a wholly owned subsidiary of Wabtec. In the Merger, subject to adjustment in accordance with the Merger Agreement, each share of SpinCo common stock will be converted into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement, as described in the section of this proxy statement entitled *The Merger Agreement—Merger Consideration*.

Upon consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, 50.1% of the outstanding shares of Wabtec common stock would be held collectively by GE and pre-Merger holders of GE common stock (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock would be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this proxy statement entitled *Other Agreements—Tax Matters Agreement*) and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this proxy statement entitled *Other Agreements—Shareholders Agreement*).

TABLE OF CONTENTS

Set forth below are diagrams that graphically illustrate, in simplified form, (i) the existing corporate structures, (ii) the corporate structures immediately following the Direct Sale, the SpinCo Transfer and the Distribution but before the Merger and (iii) the corporate structures immediately following the consummation of the Merger.

Structure following the Separation (including the Internal Reorganization), the Direct Sale, the SpinCo Transfer and the Distribution but prior to the Merger

TABLE OF CONTENTS

Structure following the Merger

After completion of all of the steps described above, it is anticipated that SpinCo, which will be Wabtec's wholly owned subsidiary, will hold the SpinCo Business and Direct Sale Purchaser, which will also be Wabtec's wholly owned subsidiary, will hold the assets purchased and the liabilities assumed in connection with the Direct Sale. Together, SpinCo and Direct Sale Purchaser will own and operate post-Transaction GE Transportation.

In connection with the Transactions, on the date of the Distribution, GE or its subsidiaries and SpinCo or the SpinCo Transferred Subsidiaries will enter into the Additional Agreements relating to, among other things, intellectual property, employee matters, tax matters, research and development and transition services. See Other Agreements. Pursuant to the Tax Matters Agreement, after completion of all of the steps described above, GE will be obligated to sell a number of shares of Wabtec common stock within two years of the Distribution Date. See Other Agreements—Tax Matters Agreement. Pursuant to the Shareholders Agreement, after completion of all of the steps described above, GE will be obligated to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger (as described in the section of this proxy statement entitled Other Agreements—Shareholders Agreement).

Determination of Number of Shares of SpinCo Common Stock to Be Distributed to GE Stockholders

Immediately prior to the Distribution, the total number of shares of SpinCo common stock outstanding will equal 8,700,000,000 shares or such other amount as GE shall determine with Wabtec's consent. GE is expected to retain 19.75% of the outstanding shares of SpinCo common stock. Accordingly, assuming that there are outstanding 8,700,000,000 shares of SpinCo common stock immediately prior to the Distribution, the total number of shares of SpinCo common stock to be distributed to holders of GE common stock as a *pro rata* dividend will be equal to 6,981,750,000 shares. The actual number of shares of SpinCo common stock to be distributed to GE stockholders, and the actual number of shares of SpinCo common stock to be retained by GE, will be determined by GE prior to the Distribution. All shares of SpinCo common stock will be converted into the right to receive shares of Wabtec common stock at the effective time of the Merger.

No Fractional Shares; Exchange of Certificates

Each issued and outstanding share of SpinCo common stock will be converted in the Merger into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement, as described in the section of this proxy statement entitled The Merger Agreement—Merger

TABLE OF CONTENTS

Consideration. In the conversion, no fractional shares of Wabtec common stock will be delivered to SpinCo stockholders. All fractional shares of Wabtec common stock that any SpinCo stockholder otherwise would be entitled to receive as a result of the Merger will be aggregated by the exchange agent on behalf of Wabtec. The exchange agent will cause the whole shares obtained thereby to be sold on behalf of the SpinCo stockholders that would otherwise be entitled to receive such fractional shares of Wabtec common stock pursuant to the Merger, in the open market or otherwise, in each case at then-prevailing market prices, and, in no case later than five business days after the Distribution. The exchange agent will make available the net proceeds thereof, subject to the deduction of the amount of any withholding taxes and brokerage charges, commissions and conveyance and similar taxes, on a *pro rata* basis, without interest, as soon as practicable to the SpinCo stockholders that would otherwise be entitled to receive such fractional shares of Wabtec common stock pursuant to the Merger.

Upon consummation of the Merger, shares of SpinCo common stock held by GE or GE stockholders will no longer be outstanding and will automatically be canceled and retired and will cease to exist. Prior to the Merger, Wabtec will deposit with the exchange agent, for the benefit of holders of SpinCo common stock, book-entry shares representing the shares of Wabtec common stock issuable to the holders of SpinCo common stock in the Merger.

Background of the Transactions

Wabtec continually invests in new products and services with the objective of strategically growing its business, both organically and through acquisitions, joint ventures and other transactions.

GE continually reviews its portfolio to determine whether any changes are advisable and, on June 12, 2017, GE's incoming Chief Executive Officer announced that GE was initiating a comprehensive review with a focus on each of its businesses' performance, growth outlook, cost structures, returns and competitive environment.

On June 20, 2017, senior executives of Wabtec and GE met to discuss the railway transportation business generally, the parties' respective industry outlooks and recent events affecting GE. The meeting was arranged by Morgan Stanley & Co. LLC ("Morgan Stanley"), a financial advisor to GE. At the conclusion of the meeting, the participants agreed to meet again in a few weeks to consider whether discussions of a possible strategic transaction may be worth pursuing.

On July 12, 2017, Wabtec and GE signed a confidentiality agreement. Over the course of the next several months, Wabtec and GE exchanged confidential information and engaged in preliminary discussions about a possible strategic transaction.

In September 2017, Wabtec retained Goldman Sachs as its financial advisor and Jones Day as its legal advisor in connection with the possible strategic transaction.

On November 13, 2017, GE disclosed that it was considering possible strategic alternatives for several businesses of GE, including GE Transportation.

In late November, representatives of Wabtec and GE continued to work on potential synergies that may be involved in a possible transaction and a general outline of potential terms, and agreed that their respective financial advisors should meet to discuss a potential transaction. These meetings occurred in early December 2017.

During the weeks of December 11, 2017 and December 18, 2017, representatives of Wabtec and GE conducted facility tours and engaged in detailed discussions regarding potential synergies that may be realized in a combination of GE Transportation and Wabtec. During this period, Wabtec's senior management kept the Wabtec Board apprised on a regular basis on the progress of the discussions with respect to the possible transaction.

Wabtec management also reviewed the preliminary discussions about a strategic transaction with respect to GE Transportation with the Wabtec Board at the Wabtec Board meetings held on December 4, 2017, January 26, 2018, February 5-6, 2018, February 20, 2018 and March 6, 2018. In each such meeting, the Wabtec Board directed Wabtec's senior management to continue discussions with GE, although the Wabtec Board recognized that transactions like the possible transaction were difficult to negotiate due to their scope and complexity.

Discussions and due diligence progressed during January 2018, February 2018 and March 2018. Early during that time period, representatives of Wabtec and GE began to focus on a possible transaction in which Wabtec and

TABLE OF CONTENTS

GE Transportation would be combined in a Reverse Morris Trust transaction in which GE Transportation would be either spun off or split-off to GE stockholders and thereafter merged with a subsidiary of Wabtec whereby GE stockholders would receive a majority of the common stock of the combined company on a tax-free basis.

On January 26, 2018, following a meeting of the Wabtec Board, Wabtec's CEO sent to GE's Head of Corporate Development a proposed term sheet for a possible combination of Wabtec and GE Transportation. The parties negotiated the proposed term sheet over the next several weeks, including the allocation of value between Wabtec and GE.

GE senior management met with the GE Board and various committees of the GE Board on numerous occasions in 2018 to discuss progress on the discussions with Wabtec while continuing to explore other strategic alternatives for GE Transportation, including an initial public offering.

Following the exchange of draft term sheets over the next several weeks and continuing due diligence, on March 19, 2018, Wabtec and GE signed a term sheet outlining the key high-level terms of a possible transaction. The term sheet was nonbinding except for certain customary binding provisions, including an exclusivity provision under which GE agreed to work exclusively with Wabtec on the possible transaction for 30 days. The term sheet contemplated a possible Reverse Morris Trust transaction for the combination of Wabtec and GE Transportation whereby GE would receive a cash payment from SpinCo in the range of \$2.9 billion to \$3.0 billion and GE stockholders would receive a majority of the combined company's common stock, with the amount of the cash payment and percentage of common stock being subject to continued discussions. The notion that a portion of the consideration to GE would be payable in cash was part of the parties' discussions from the outset, in part because such payments are typical in Reverse Morris Trust transactions.

The Wabtec Board met on April 16, 2018 to review the possible transaction in detail. Representatives of Goldman Sachs and Jones Day participated in the meeting. At the meeting, Wabtec's senior management reviewed the strategic and financial rationale of the possible transaction, the results of due diligence and discussions with GE to date. A representative of Jones Day reviewed the Wabtec directors' fiduciary duties in the circumstances, the material terms of draft transaction documentation, the major open issues at the time and the major actions involved in the possible transaction. The Transactions were considered by the Wabtec Board at this and subsequent meetings as a potential alternative to Wabtec continuing to operate pursuant to its existing business plan under its existing capital structure. The representatives of Goldman Sachs then provided a financial review of the possible transaction. Following these discussions, the Wabtec Board directed Wabtec's management and legal and financial advisors to continue discussions with representatives of GE.

In April and through May 20, 2018, the parties continued due diligence and exchanged drafts of the principal Transaction Documents. Representatives of GE, including representatives from Davis Polk & Wardwell LLP, GE's legal counsel, and Morgan Stanley and Dyal & Co. LLC (Dyal), GE's financial advisors, and representatives of Wabtec, including representatives from Jones Day and Goldman Sachs, met on a substantially continuous basis in New York City in respect of the possible transaction and the principal Transaction Documents during most of the first three weeks of May 2018. Key terms negotiated in this period included:

- the portion of Wabtec common stock to be owned by GE and GE stockholders following the consummation of the Transactions;
- the terms of the cash and debt purchase price adjustments;
- the pro forma leverage and indebtedness of the combined company;
- the allocation of certain liabilities of GE Transportation;
- the amount of the cash payment to GE of \$2.9 billion, in line with the \$2.9 billion–\$3.0 billion amount reflected in the March 2018 nonbinding term sheet;

the parties' decision that it would be in their mutual interests to pursue the Direct Sale rather than having SpinCo incur debt and distribute an exit dividend to GE, because the modified Reverse Morris Trust structure should result in tax benefits to Wabtec (including by avoiding certain ambiguities under the depreciation rules in U.S. federal income tax law that otherwise might be relevant), which will be shared between the parties (up to a cap) as realized by Wabtec after the Merger. The Direct Sale also should reduce administrative complexity and financing costs;

provisions relating to the composition of the Wabtec Board following the closing of the Transactions;
provisions relating to closing certainty, including obligations to seek antitrust approvals, termination fees and certain closing conditions;
the terms of the tax matters agreement, including terms governing payments to be made to GE in respect of certain tax benefits expected to be realized by the combined company as a result of the Transactions;
obligations of various Wabtec parties to support the Transactions; and
GE retaining a portion of the interest in SpinCo rather than distributing it to GE stockholders and the terms of the Shareholders Agreement that would apply in respect of GE's ownership of Wabtec shares that would be issued in the Merger in respect of that retained interest.
The GE Board met on May 17, 2018 and unanimously approved the Transactions.

On May 14, 2018 and May 19, 2018, the Wabtec Board met to review the possible transaction. Representatives of Goldman Sachs and Jones Day participated in the meetings. At the May 19, 2018 meeting, Wabtec's senior management reviewed the strategic and financial rationale of the possible transaction, and the final results of due diligence and economic terms of the possible transaction. A representative of Jones Day reviewed the Wabtec directors' fiduciary duties in the circumstances, and the material terms of drafts of the principal Transaction Documents. The representatives of Goldman Sachs then provided a financial review of the possible transaction. At the meeting on May 19, 2018, Goldman Sachs rendered to the Wabtec Board its oral opinion, which was subsequently confirmed by delivery of a written opinion, dated May 20, 2018, that, as of the date of such written opinion and based upon and subject to the factors and assumptions as set forth in such written opinion, the Aggregate Consideration to be paid by Wabtec pursuant to the Merger Agreement was fair from a financial point of view to Wabtec (See The Transactions—Opinion of Wabtec's Financial Advisor). A representative of Jones Day also provided an update on the status of the debt financing (See Debt Financing), as well as the various Transaction Documents. Following discussions with Wabtec management and Wabtec's legal and financial advisors, the Wabtec Board unanimously determined that the Transactions, as well as the Wabtec Charter Amendment and the Share Issuance, were advisable and in the best interests of Wabtec and its stockholders, and approved the Transactions and the Transaction Documents, including the Wabtec Charter Amendment, the Share Issuance and the proposed debt financing.

Over the May 19-20, 2018 weekend, representatives of Wabtec and GE finalized the Transaction Documents providing for the Transactions.

On May 20, 2018, Wabtec and GE publicly announced the Transactions.

Wabtec's Reasons for the Transactions

In deciding to approve the Transactions, as well as the Wabtec Charter Amendment and the Share Issuance, the Wabtec Board, in consultation with Wabtec's senior management and financial advisors, considered, among other things, the potential strategic benefits to be achieved by combining GE Transportation and Wabtec relative to Wabtec's prospects on a standalone basis, the expected financial benefits of the Transactions and the terms of Transactions and Transaction Documents, as well as potential risks and negative considerations associated with the Transactions.

Factors Supporting the Transactions

The Wabtec Board considered the following factors, among others, as supporting its decision to approve the Transactions:

Strategic Benefits

-

The combined company is expected to be a diversified global leader in the transportation and logistics business with pro forma 2017 combined revenues of \$8 billion;

- the combined company is expected to be better positioned to meet anticipated growth in demand for train intelligence and network optimization products; and

TABLE OF CONTENTS

Wabtec's and GE Transportation's respective businesses are believed to be complementary with a large, global installed customer base. It is anticipated that the combined company will have the ability to provide customers with more desirable and affordable solutions and aftermarket services in rapidly evolving categories than the two companies would have separately.

Financial Benefits

- Wabtec believes that the combination will occur at an attractive time in the railway industry cycle and expects significant growth in revenue and adjusted EBITDA as the cycle rebounds from trough levels; the Transactions are expected to be accretive to cash earnings per share beginning in the first full year after the closing of the Transactions;

- Wabtec expects to realize \$250 million total run-rate operating synergies, driven by cost and revenue opportunities, within four years after the closing of the Transactions;

- the step-up in tax basis associated with the Transactions is expected by Wabtec to result in average annual cash tax benefits for 15 years of \$150.0 million, with the first \$470.0 million of cumulative cash benefits to be paid to GE and the remainder (which Wabtec estimated at a net present value of \$1.1 billion) to accrue to the combined company; the combined company has forecasted future cash flows which Wabtec expects will allow for rapid deleveraging after the closing of the Transactions and enable the combined company to maintain an investment grade debt rating; and the Transactions were valued by the Wabtec Board at \$11.1 billion based on the Wabtec share price of \$83.79 on April 19, 2018—the last unaffected trading day prior to media speculation regarding a potential transaction. When adjusted for the estimated net tax step-up value of \$1.1 billion accruing to the combined company, the Transactions were valued by the Wabtec Board at \$10.0 billion. The Wabtec Board considered that these valuations were favorable.

Transaction Terms

- The Transactions, including the aggregate consideration being paid by Wabtec in the Transactions, were the result of extensive arms'-length negotiations between Wabtec and GE;

- the prospective financial results of GE Transportation (as well as the risks involved in achieving those results), the fit of GE Transportation with Wabtec's previously established strategic goals (which include adding capabilities, expanding customer and geographic access and increasing scale) and the results of Wabtec's due diligence review of GE Transportation;

- the opinion of Goldman Sachs, dated May 20, 2018, to the Wabtec Board that, as of such date and based upon and subject to the factors and assumptions as set forth in such opinion, the Aggregate Consideration being paid by Wabtec pursuant to the Merger Agreement was fair from a financial point of view to Wabtec, as more fully described in the section of this proxy statement entitled "The Transactions—Opinion of Wabtec's Financial Advisor";

- the Wabtec Board would be expanded to include three additional directors, each of whom shall be independent as defined in the listing standards of the NYSE, to be designated by GE;

- immediately following the consummation of the Transactions, the current executive officers of Wabtec would continue in their current positions, with additional executive management talent to be gained from former management of GE Transportation and the other changes described in "Information on Wabtec—Directors and Officers of Wabtec Before and After the Consummation of the Transactions";

- the Transactions are expected to be approved by regulatory authorities without significant disruption in the business of Wabtec or GE Transportation; and

- the Merger Agreement permits the Wabtec Board in certain circumstances to withdraw or modify its recommendation that Wabtec stockholders approve the Wabtec Charter Amendment and the Share Issuance, subject to the payment of a termination fee in certain circumstances.

TABLE OF CONTENTS

Potential Risks and Negative Considerations

The Wabtec Board also considered, among other things, the following potential risks and other potentially negative considerations associated with the Transactions, but determined that the benefits of the Transactions substantially outweighed such risks and other considerations:

- The inability of Wabtec to influence the operations of GE Transportation during the potentially significant time period prior to consummating the Transactions;
- the possibility that the increased revenues, earnings and efficiencies expected to result from the Transactions would fail to materialize in whole or part;
- the challenges inherent in fully and successfully separating the operations of GE Transportation from GE and integrating such business with Wabtec, especially given that GE Transportation is similar in size and scope to Wabtec's business;
- the significant, one-time costs expected to be incurred in connection with the Transactions, including approximately \$35.0 million of financing-related fees, approximately \$60.0 million of transaction-related costs (including advisory, legal, accounting and professional fees) and approximately \$88.0 million of transition and integration-related costs (a portion of which will be incremental capital spending), that Wabtec management believes will be necessary to realize the anticipated synergies from the Transactions;
- the potential impact of the restrictions under the Merger Agreement on Wabtec's ability to take certain actions during the period between execution of the Merger Agreement and the consummation of the Transactions, generally requiring Wabtec to conduct business only in the ordinary course or, if not in the ordinary course, to first seek and obtain GE's consent (which could delay or prevent Wabtec from undertaking business opportunities that may arise pending completion of the Transactions) and restricting the ability of Wabtec to pursue certain strategic transactions;
- the dilution of the ownership interest of Wabtec's current stockholders that would result from the Share Issuance and that Wabtec's current stockholders, as a group, would control less than a majority of Wabtec's outstanding common stock after consummation of the Transactions;
- the fact that GE will acquire 9.9% of Wabtec's common shares in the Transactions, including the possible effects that a sale of this stake would have on Wabtec's stock price;
- potential difficulties in integrating the management and operating personnel of Wabtec and GE Transportation, including the risk of losing key personnel due to uncertainties over future roles;
- the risk that the Transactions and integration of GE Transportation with Wabtec may divert management attention and resources away from other strategic opportunities and from operational matters;
- the operations of the business of GE Transportation will be dependent in part on the provision of transition services by GE for a period of time after the consummation of the Transactions;
- the need for Wabtec to incur substantial indebtedness in connection with the Transactions;
- the potential payment of a termination fee of \$300 million by Wabtec in certain circumstances, including in certain circumstances based on regulatory challenges to the Transactions;
- the restrictions imposed on Wabtec's ability to take certain corporate actions under the terms of the Tax Matters Agreement, which could reduce its ability to engage in certain future business transactions that might be advantageous;
- the absence of an indemnity from GE for breaches of representations and warranties;
- the possibility that the Transactions may not be consummated and the potential adverse consequences, including substantial costs that would be incurred and potential damage to Wabtec's reputation, if the Transactions are not completed; and
- the other risks described under the section entitled **Risk Factors—Risks Related to the Transactions** beginning on page 115 of this proxy statement.

TABLE OF CONTENTS

The foregoing discussion of the information and factors considered by the Wabtec Board is not exhaustive, but includes the material factors considered by the Wabtec Board, including factors that support the Transactions as well as those that weigh against them. In view of the wide variety of factors considered by the Wabtec Board in connection with its evaluation of the Transactions and the complexity of these matters, the Wabtec Board was not asked to, nor did it attempt to, quantify, rank or otherwise assign relative weights to the specific factors that it considered in reaching its decision. Rather, the Wabtec Board based its recommendation on the totality of the information presented to and considered by it. The Wabtec Board evaluated the factors described above with the assistance of Wabtec's senior management and legal and financial advisors. In considering the factors described above, individual members of the Wabtec Board gave different weights to other or different factors.

This explanation of the factors considered by the Wabtec Board is in part forward-looking in nature and, therefore, should be read in light of the factors discussed in the sections of this proxy statement entitled "Cautionary Statement on Forward-Looking Statements" and "Risk Factors—Risks Related to the Transactions" beginning on pages 132 and 115, respectively, of this proxy statement.

After careful consideration, the Wabtec Board unanimously approved the Merger Agreement, the Separation Agreement, the Transactions, as well as the Share Issuance and the Wabtec Charter Amendment, and determined that the Merger Agreement, the Separation Agreement and the Transactions are advisable and in the best interests of Wabtec and its stockholders.

Opinion of Wabtec's Financial Advisor

Goldman Sachs rendered to the Wabtec Board its oral opinion, which was subsequently confirmed by delivery of a written opinion, dated May 20, 2018, that, as of the date of such written opinion and based upon and subject to the factors and assumptions as set forth in such written opinion, the Aggregate Consideration to be paid by Wabtec pursuant to the Merger Agreement was fair from a financial point of view to Wabtec.

The full text of the written opinion of Goldman Sachs, dated May 20, 2018, which sets forth assumptions made, procedures followed, matters considered and limitations on the review undertaken in connection with the opinion, is attached hereto as Annex G. Goldman Sachs provided advisory services and its opinion for the information and assistance of the Wabtec Board in connection with its consideration of the Transactions. The Goldman Sachs opinion is not a recommendation as to how any holder of shares of Wabtec common stock should vote with respect to the Share Issuance, the Wabtec Charter Amendment or any other matter.

In connection with rendering the opinion described above and performing its related financial analyses, Goldman Sachs reviewed, among other things:

- the Merger Agreement;
- the Separation Agreement;
- the Tax Matters Agreement;
- the annual reports to stockholders and Annual Reports on Form 10-K of Wabtec and GE for the five years ended December 31, 2017;
- certain interim reports to stockholders and Quarterly Reports on Form 10-Q of Wabtec and GE;
- certain other communications from Wabtec and GE to their respective stockholders;
- certain publicly available research analyst reports for Wabtec and GE;
- certain unaudited financial statements of GE Transportation (as described in the Merger Agreement);
- certain internal financial analyses and forecasts for GE Transportation prepared by the management of GE;
- certain internal financial analyses and forecasts for Wabtec standalone and pro forma for the Transactions, certain financial analyses and forecasts for tax benefits, including the Company Structure Benefits, associated with the

Transactions, and certain financial analyses and forecasts for GE Transportation, in each case as prepared by the management of Wabtec and approved for Goldman Sachs' use by Wabtec (the "Forecasts");

TABLE OF CONTENTS

certain operating synergies projected by the management of Wabtec to result from the Transactions, as approved for Goldman Sachs' use by Wabtec (the Synergies); estimates of the SpinCo Adjustment Amount and the Direct Sale Adjustment Amount (each as defined in the Separation Agreement) prepared by the management of Wabtec and approved for Goldman Sachs' use by Wabtec (the Adjustment Estimates); and estimates of the amounts and timing of the TMA Payments prepared by management of Wabtec and approved for Goldman Sachs' use by Wabtec (the TMA Payment Estimates). Goldman Sachs also (i) held discussions with members of the senior managements of Wabtec and GE regarding their assessment of the past and current business operations, financial condition and future prospects of GE Transportation, and with the members of senior management of Wabtec regarding their assessment of the past and current business operations, financial condition and future prospects of Wabtec and the strategic rationale for, and the potential benefits of, the Transactions; reviewed the reported price and trading activity for the shares of Wabtec common stock, (ii) compared certain financial and stock market information for Wabtec and certain financial information for GE Transportation with similar financial and stock market information for certain other companies the securities of which are publicly traded, (iii) reviewed the financial terms of certain recent business combinations in the rail transportation industry and in other industries and (iv) performed such other studies and analyses, and considered such other factors, as it deemed appropriate.

For purposes of rendering its opinion, Goldman Sachs, with Wabtec's consent, relied upon and assumed the accuracy and completeness of all of the financial, legal, regulatory, tax, accounting and other information provided to, discussed with or reviewed by, it, without assuming any responsibility for independent verification thereof. In that regard, Goldman Sachs assumed with Wabtec's consent that the Forecasts, the Synergies, the Adjustment Estimates and the TMA Payment Estimates were reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of Wabtec. Goldman Sachs did not make an independent evaluation or appraisal of the assets and liabilities (including any contingent, derivative or other off-balance-sheet assets and liabilities) of Wabtec, SpinCo, Merger Sub or GE or any of their respective subsidiaries and it was not furnished with any such evaluation or appraisal. Goldman Sachs assumed that all governmental, regulatory or other consents and approvals necessary for the consummation of the Transactions will be obtained without any adverse effect on Wabtec, GE Transportation or SpinCo or on the expected benefits of the Transactions in any way meaningful to its analysis. Goldman Sachs has also assumed that the Transactions will be consummated on the terms set forth in the Merger Agreement, Separation Agreement and Tax Matters Agreement, without the waiver or modification of any term or condition the effect of which would be in any way meaningful to its analysis.

Goldman Sachs' opinion does not address the underlying business decision of Wabtec to engage in the Transactions, or the relative merits of the Transactions as compared to any strategic alternatives that may be available to Wabtec; nor does it address any legal, regulatory, tax or accounting matters. Goldman Sachs' opinion addresses only the fairness from a financial point of view to Wabtec, as of May 20, 2018, of the Aggregate Consideration to be paid by Wabtec pursuant to the Merger Agreement. Goldman Sachs' opinion does not express any view on, and does not address, any other term or aspect of the Merger Agreement, Separation Agreement or Tax Matters Agreement or the Transactions or any term or aspect of any other agreement or instrument contemplated by the Merger Agreement, Separation Agreement or Tax Matters Agreement or entered into or amended in connection with the Transactions, including, without limitation, the Shareholders Agreement, the Tax Matters Agreement, the Employee Matters Agreement, the Internal Reorganization, the SpinCo Transfer, the Distribution, any allocation of the Aggregate Consideration or liabilities assumed as part of the Direct Sale or any indemnification or adjustments contemplated by the Transaction Documents; the fairness of the Transactions to, or any consideration received in connection therewith by, the holders of any class of securities, creditors, or other constituencies of Wabtec; nor as to the fairness of the amount or nature of any compensation to be paid or payable to any of the officers, directors or employees of Wabtec, SpinCo or GE, or any class of such persons, in connection with the Transactions, whether relative to the Aggregate Consideration to be paid by Wabtec pursuant to the Merger Agreement or otherwise. Goldman Sachs' opinion was necessarily based on

economic, monetary, market and other conditions as in effect on, and the information made available to Goldman Sachs as of, the date of the opinion and Goldman Sachs assumed no responsibility for updating, revising or reaffirming its opinion based on circumstances, developments or events occurring after the date of its opinion. In addition, Goldman Sachs did not express any opinion as to the prices at which shares of Wabtec common stock will

TABLE OF CONTENTS

trade at any time or as to the impact of the Transactions on the solvency or viability of Wabtec, SpinCo, Merger Sub, GE Transportation or GE or the ability of Wabtec, SpinCo, Merger Sub, GE Transportation or GE to pay their respective obligations when they come due. Goldman Sachs' opinion was approved by a fairness committee of Goldman Sachs.

The following is a summary of the material financial analyses delivered by Goldman Sachs to the Wabtec Board in connection with rendering the opinion described above. The following summary, however, does not purport to be a complete description of the financial analyses performed by Goldman Sachs, nor does the order of analyses described represent relative importance or weight given to those analyses by Goldman Sachs. Some of the summaries of the financial analyses include information presented in tabular format. The tables must be read together with the full text of each summary and are alone not a complete description of Goldman Sachs' financial analyses. Except as otherwise noted, the following quantitative information, to the extent that it is based on market data, is based on market data as it existed on or before May 17, 2018 and is not necessarily indicative of current market conditions.

Financial Analyses of GE Transportation

Analysis of Implied Transaction Values. Goldman Sachs calculated the implied enterprise value (EV) of GE Transportation by adding the \$2.9 billion cash payment to be received by GE to the implied value of the shares of Wabtec common stock to be issued in the Transactions. Goldman Sachs calculated the implied value of such shares of Wabtec common stock by using \$83.79 per share, which was the closing trading price per share of Wabtec common stock on April 19, 2018, which was the last closing price prior to media reports about the Transactions (the

Undisturbed Price), and the closing price per share of Wabtec common stock on May 17, 2018 (the May 17, 2018 Price). The implied EV of GE Transportation, using the Undisturbed Price, was \$11.1 billion and the implied EV of GE Transportation, using the May 17, 2018 Price, was \$12.2 billion. Goldman Sachs then adjusted these implied EV calculations for GE Transportation to take into account the net present value of the tax attributes of the Transactions that would accrue to Wabtec pro forma for the Transactions. Goldman Sachs used the Forecasts and applied an illustrative discount rate of 7.0%, which represented a mid-point between an illustrative cost of debt and an illustrative weighted average cost of capital for Wabtec pro forma for the Transactions, to determine the net present value of these tax attributes. The illustrative implied EV of GE Transportation as adjusted to take into account these tax attributes was \$10.0 billion, when using the Undisturbed Price, and \$11.1 billion, when using the May 17, 2018 Price.

Selected Companies Analysis. Goldman Sachs reviewed and compared certain financial information for Wabtec and the following publicly traded companies in the rail infrastructure and equipment industry (collectively referred to as the Rail Infrastructure & Equipment Selected Companies), the rail car industry (collectively referred to as the Rail Car Selected Companies) and the diversified industrials/transportation industry (collectively referred to as the Diversified Industrials/Transportation Selected Companies), and together with Rail Infrastructure & Equipment Selected Companies and the Rail Car Selected Companies, the Selected Companies):

Although none of the Selected Companies is directly comparable to GE Transportation, the companies included were chosen because they are publicly traded companies that, for the purposes of analysis, may be considered similar to certain operations of GE Transportation.

Goldman Sachs calculated and compared public market multiples for Wabtec and mean public market multiples for each of the Rail Infrastructure & Equipment Selected Companies, the Rail Car Selected Companies and the Diversified Industrials/Transportation Selected Companies, in each case using information from publicly available historical data, publicly available market data and Institutional Brokers Estimate System consensus estimates.

Goldman Sachs calculated these public market multiples by dividing the EV for each of the selected companies and Wabtec (using the closing trading price per share of each company's stock as of May 17, 2018 and, in the case of Wabtec, the Undisturbed Price, as well the latest available net debt amounts as of the dates of such trading prices) by earnings before interest, tax, depreciation and amortization (EBITDA) for the last reported 12 months (LTM EBITDA), for the next 12 months (NTM EBITDA), and for the one-year forward calendar year (CY+2 EBITDA). In addition, Goldman Sachs calculated (using historical trading prices and publicly available financial data) the average over the last five years (Through the Cycle), for Wabtec and the Selected Companies, of the EV/LTM EBITDA, EV/NTM EBITDA and EV/CY+2 EBITDA multiples. The Through the Cycle metrics are intended to present multiples based on normalized EBITDA in view of the cyclical nature of the industry. The following table presents the results of this analysis:

	EV/LTM EBITDA	EV/LTM EBITDA Through the Cycle	EV/NTM EBITDA	EV/NTM EBITDA Through the Cycle	EV/CY+2 EBITDA	EV/CY+2 EBITDA Through the Cycle
Wabtec	17.9x	14.3x	14.7x	12.5x	13.8x	12.0x
Median of Rail Infrastructure & Equipment Selected Companies	9.3x	10.1x	8.8x	8.5x	8.1x	8.4x
Median of Rail Car Selected Companies	9.3x	6.6x	8.3x	6.4x	9.1x	6.7x
Median of Diversified Industrials/Transportation Selected Companies	8.6x	9.2x	8.0x	8.9x	7.8x	8.7x

In addition, Goldman Sachs calculated illustrative EV/EBITDA multiples for GE Transportation using the implied EV for GE Transportation (calculated using the Undisturbed Price and the May 17, 2018 Price, and with and without adjustment to the implied EV to account for the net present value of the tax attributes of the Transactions that would accrue to Wabtec pro forma for the Transactions as described above) and using the Forecasts and Synergies. The inclusion of these tax attributes is intended to present the implied EV for GE Transportation inclusive of these benefits of the transaction to Wabtec, while the exclusion of these tax attributes is intended to present the implied EV of GE Transportation reflective of GE Transportation on a stand-alone basis from a tax attributes perspective. The following table presents the results of this analysis:

	Multiple (Undisturbed Price)	Multiple (May 17, 2018 Price)
EV*/2018E EBITDA (Forecasts, No Synergies)	15.0x	16.4x

TABLE OF CONTENTS

Goldman Sachs then applied an illustrative range of multiples of 9.0x to 12.0x to the estimated EBITDA for GE Transportation for 2019 contained in the Forecasts and an illustrative range of multiples of 8.5x to 10.5x to the estimated EBITDA for GE Transportation for 2021 contained in the Forecasts, which management of Wabtec had instructed Goldman Sachs were comparable to Through the Cycle estimates, to calculate the following illustrative ranges of implied EVs for GE Transportation: \$9.2 billion to \$12.3 billion, and \$10.5 billion to \$13.0 billion, respectively.

Selected Transactions Analysis. Goldman Sachs analyzed certain publicly available information relating to the following selected transactions in the rail transportation industry (the Rail Transportation Selected Transactions) during the preceding 16 years. Based on Goldman Sachs' professional judgment and experience, these transactions comprised all the transactions that met these criteria and, to the extent available, the data from these transactions were all considered equally without giving weight to the available data from any transaction in particular:

Date Announced	Acquiror	Target
October 2016	CIMIC	UGL Limited (86%)
July 2015	Wabtec	Faiveley Transport (51%)
February 2015	Hitachi	Ansaldo STS (40%)
June 2014	Alstom	GE Signaling

For each of the Rail Transportation Selected Transactions, Goldman Sachs calculated and compared the EV of the target company or business segment, as applicable, as implied by the transaction value, as a multiple of the target company or business segment's EBITDA, based on publicly available information for the 12-month period prior to the announcement of the transaction. The following table presents the results of this analysis.

	EV/LTM EBITDA
High	14.7x
Median	9.7x
Low	8.5x

Goldman Sachs viewed this range of multiples for these selected transactions as illustrative of Through the Cycle multiples.

While none of the companies or business segments that participated in the Rail Transportation Selected Transactions is directly comparable to GE Transportation, such companies and business segments have operations that, for purposes of analysis, may be considered similar to certain of GE Transportation's results, market size and product

profile.

Goldman Sachs also analyzed certain publicly available information relating to the following selected transactions in the high quality industrial sector (the High Quality Industrial Selected Transactions). Based on Goldman Sachs professional judgment and experience, these transactions comprised all the transactions that met these criteria and, to the extent available, the data from these transactions were all considered equally without giving weight to the available data from any transaction in particular:

Acquiror	Target
United Technologies	Goodrich
TE Connectivity	Measurement Specialties
Siemens	Dresser Rand
Danaher Corporation	Pall Corporation
Solvay	Cytec
Berkshire Hathaway Inc.	Precision Castparts Corp.
Sherwin Williams	Valspar
MTS	PCB
Kion Group	Dematic
Thermo Fisher Scientific	FEI
Monsanto	Bayer
Rockwell Collins	B/E Aerospace, Inc.
Siemens	Mentor Graphics
Parker Hannifin Corporation	Clarcor

For each of the High Quality Industrial Selected Transactions, Goldman Sachs calculated and compared the EV of the target company or business segment, as applicable, as implied by the transaction value, as a multiple of the target company or business segment's LTM EBITDA or estimated forward EBITDA, based in all cases on publicly available information. The following table presents the results of this analysis.

	EV/LTM EBITDA
High	23.6x
Median	15.7x
Low	12.9x

While none of the companies or business segments that participated in the High Quality Industrial Selected Transactions is directly comparable to GE Transportation, such companies and business segments have operations that, for purposes of analysis, may be considered similar to certain of GE Transportation's results, market size and product profile.

Goldman Sachs then applied an illustrative range of multiples of 9.0x to 11.0x to the estimated EBITDA for GE Transportation for 2021 contained in the Forecasts, which Management of Wabtec had instructed Goldman Sachs were comparable to Through the Cycle estimates, and an illustrative range of multiples of 8.5x to 14.7x to the historical EBITDA for GE Transportation for 2017, as provided by Wabtec management, to calculate the following illustrative ranges of implied EVs for GE Transportation: \$11.1 billion to \$13.6 billion, and \$7.0 billion to \$12.1 billion, respectively.

Illustrative Discounted Cash Flow Analysis. Using the Forecasts, Goldman Sachs performed an illustrative discounted cash flow analysis on GE Transportation. Using discount rates ranging from 9.0% to 10.0%, reflecting estimates of GE Transportation's weighted average cost of capital, Goldman Sachs discounted to present value as of April 2018 (i) estimates of unlevered free cash flow for GE Transportation for the final 9 months of 2018 through year-end 2022 as reflected in the Forecasts and (ii) a range of illustrative terminal values for GE Transportation, which were calculated by applying perpetuity growth rates ranging from 2.5% to 3.5%, to a terminal year estimate of the free cash flow to be generated by GE Transportation, as reflected in the Forecasts (which analysis implied exit terminal year EBITDA multiples ranging from 10.0x to 13.7x). Goldman Sachs derived such discount rates by application of the Capital Asset Pricing Model, which requires certain company-specific inputs, including the company's target capital structure weightings, the cost of long-term debt, after-tax yield on permanent excess cash, if any, future applicable marginal cash tax rate and a beta for the company, as well as certain financial metrics for the United States financial markets generally. The range of

TABLE OF CONTENTS

perpetuity growth rates was estimated by Goldman Sachs utilizing its professional judgment and experience, taking into account the Forecasts and market expectations regarding long-term real growth of gross domestic product and inflation. Goldman Sachs then added the ranges of present values it derived above to derive a range of illustrative EVs for GE Transportation ranging from \$10.4 billion to \$13.8 billion.

Financial Analyses of Wabtec (Standalone)

Illustrative Discounted Cash Flow Analysis. Using the Forecasts, Goldman Sachs performed an illustrative discounted cash flow analysis on Wabtec. Using discount rates ranging from 9.0% to 10.0%, reflecting estimates of Wabtec's weighted average cost of capital, Goldman Sachs discounted to present value as of April 2018 (i) estimates of unlevered free cash flow for Wabtec for the final 9 months of 2018 through year-end 2022 as reflected in the Forecasts and (ii) a range of illustrative terminal values for Wabtec, which were calculated by applying perpetuity growth rates ranging from 3.0% to 4.0%, to a terminal year estimate of the free cash flow to be generated by Wabtec, as reflected in the Forecasts (which analysis implied exit terminal year EBITDA multiples ranging from 10.5x to 14.8x). Goldman Sachs derived such discount rates by application of the Capital Asset Pricing Model, which requires certain company-specific inputs, including the company's target capital structure weightings, the cost of long-term debt, after-tax yield on permanent excess cash, if any, future applicable marginal cash tax rate and a beta for the company, as well as certain financial metrics for the United States financial markets generally. The range of perpetuity growth rates was estimated by Goldman Sachs utilizing its professional judgment and experience, taking into account the Forecasts and market expectations regarding long-term real growth of gross domestic product and inflation. Goldman Sachs then added the ranges of present values it derived above to derive a range of illustrative EVs for Wabtec of \$9.3 billion to \$12.7 billion. Goldman Sachs then subtracted the amount of Wabtec's adjusted net debt for the Transactions as of March 31, 2018 as well as the value of certain other Wabtec enterprise value adjustments, both as provided by the management of Wabtec, from the range of illustrative EVs it derived for Wabtec to derive a range of illustrative equity values for Wabtec. Goldman Sachs then divided the range of illustrative equity values it derived by the fully diluted number of shares (98.0 million), as provided by the management of Wabtec (and which number was updated by management after the Wabtec Board meeting on May 19, 2018 and before the execution of the Merger Agreement to be 98.1 million), to derive a range of illustrative present values per share of Wabtec common stock ranging from \$77.00 to \$111.00 (rounded to the nearest dollar).

Illustrative Present Value of Future Share Price Analysis. Goldman Sachs performed an illustrative analysis of the implied present value of an illustrative future value per share of Wabtec common stock on a standalone basis, which is designed to provide an indication of the present value of a theoretical future value of a company's equity as a function of such company's financial multiples. For purposes of this analysis, Goldman Sachs applied an illustrative range of EV/NTM EBITDA multiples of 11.0x to 14.0x to the estimated standalone next 12 months' EBITDA of Wabtec at the end of each of the years 2018 to 2021 using the Forecasts. These illustrative multiple estimates were derived by Goldman Sachs utilizing its professional judgment and experience, taking into account current and historical next 12 months' EV/EBITDA multiples for Wabtec. Goldman Sachs derived from this analysis a range of illustrative EVs for Wabtec on a standalone basis of \$10.5 billion to \$12.9 billion. Goldman Sachs then subtracted the amount of Wabtec's standalone debt from, and added the assumed amount of Wabtec's standalone cash and cash equivalents to, in each case as of the relevant year-end per the Forecasts, the illustrative EVs in order to calculate the implied future equity values of Wabtec. The implied future equity values in turn were divided by the number of fully diluted shares of Wabtec common stock, as provided by the management of Wabtec. Goldman Sachs then discounted this range of implied future values per share of Wabtec common stock for the years 2018 through 2021, respectively, as well as the projected dividends per share (per the Forecasts), back to April 2018 using a discount rate of 11.0%, reflecting an estimate of the standalone cost of equity for Wabtec. Goldman Sachs derived such discount rate by application of the Capital Asset Pricing Model, which requires certain company-specific inputs, including a beta for the company, as well as certain financial metrics for the United States financial markets generally. Goldman Sachs then added such implied present value of projected dividends per share to such range of implied present values per share to derive a

range of implied present values per share of \$68.00 to \$113.00 (rounded to the nearest dollar). In addition, Goldman Sachs compared the Undisturbed Price and the May 17, 2018 Price to the range of implied present values per share of Wabtec common stock of \$89.00 to \$113.00 (rounded to the nearest dollar), which were derived from this analysis when using only the implied future values per share of Wabtec common stock as of year-end 2021.

TABLE OF CONTENTS***Financial Analysis of Wabtec (Pro Forma for the Transactions)***

Illustrative Discounted Cash Flow Analysis. Using the Forecasts and the Synergies, Goldman Sachs also performed an illustrative discounted cash flow analysis on Wabtec pro forma for the Transactions (after giving effect to (a) the Synergies and (b) both the Synergies and tax attributes of the Transactions that would accrue to Wabtec (per the Forecasts)). Using discount rates ranging from 9.0% to 10.0%, reflecting estimates of Wabtec's pro forma weighted average cost of capital, Goldman Sachs discounted to present value as of April 2018 (i) estimates of pro forma unlevered free cash flow for Wabtec pro forma for the Transactions for the final 9 months of 2018 through year-end 2022, as reflected in the Forecasts (inclusive of the Synergies) and (ii) a range of illustrative pro forma terminal values for Wabtec pro forma for the Transactions, which was calculated by applying perpetuity growth rates ranging from 2.75% to 3.75%, to a terminal year estimate of the free cash flow to be generated by Wabtec pro forma for the Transactions, as reflected in the Forecasts (inclusive of the Synergies), which analysis implied exit terminal year EBITDA multiples ranging from 11.5x to 15.9x. Goldman Sachs derived such discount rates by application of the Capital Asset Pricing Model, which requires certain company-specific inputs, including the company's target capital structure weightings, the cost of long-term debt, after-tax yield on permanent excess cash, if any, future applicable marginal cash tax rate and a beta for the company, as well as certain financial metrics for the United States financial markets generally. The range of the perpetuity growth rates was estimated by Goldman Sachs utilizing its professional judgment and experience, taking into account the Forecasts and market expectations regarding long-term real growth of gross domestic product and inflation. Goldman Sachs derived a range of illustrative EVs for Wabtec pro forma for the Transactions by adding the ranges of present values it derived above. In addition, using the Forecasts for the tax attributes of the Transactions that would accrue to Wabtec pro forma for the Transactions, Goldman Sachs calculated an illustrative net present value of these tax attributes, using an illustrative discount rate of 7.0%, which represented a mid-point between an illustrative cost of debt and an illustrative weighted average cost of capital for Wabtec pro forma for the Transactions, and added this illustrative net present value to this range of illustrative EVs for Wabtec pro forma for the Transactions. Goldman Sachs then subtracted the amount of Wabtec's adjusted net debt pro forma for the Transactions as well as the value of certain Wabtec pro forma enterprise value adjustments, both as provided by the management of Wabtec, from the range of illustrative EVs it derived for Wabtec to derive a range of illustrative equity values for Wabtec. Goldman Sachs then divided the range of illustrative equity values it derived by the fully diluted number of shares (196.5 million) pro forma for the Transactions, as provided by the management of Wabtec (and which number was updated by management after the Wabtec Board meeting on May 19, 2018 and before the execution of the Merger Agreement, but continued to be 196.5 million when rounded to the nearest decimal place), to derive a range of illustrative present values per share of Wabtec common stock pro forma for the Transactions of \$88.00 to \$127.00 (when the analysis included the Synergies, but not the tax attributes of the Transactions that would accrue to Wabtec pro forma for the Transactions) and \$93.00 to \$132.00 (when the analysis included both the Synergies and the tax attributes of the Transactions that would accrue to Wabtec pro forma for the Transactions), in each case, as rounded to the nearest dollar.

Illustrative Present Value of Future Share Price Analysis. Goldman Sachs also performed an illustrative analysis of the implied present value of an illustrative future value per share of Wabtec common stock pro forma for the Transactions. For purposes of this analysis, Goldman Sachs applied an illustrative range of next 12 months EV/EBITDA multiples of 10.0x to 13.0x to the estimated next 12 months EBITDA of Wabtec pro forma for the Transactions at the end of each of the years 2018 to 2021 using the Forecasts and the Synergies (but not the tax attributes of the Transactions that would accrue to Wabtec (per the Forecasts)). These illustrative multiple estimates were derived by Goldman Sachs utilizing its professional judgment and experience, taking into account current and historical next 12 months EV/EBITDA multiples for Wabtec. Goldman Sachs then subtracted the amount of Wabtec's debt from, and added the assumed amount of Wabtec's cash and cash equivalents to, in each case pro forma for the Transactions and as of the relevant year-end per the Forecasts and the Synergies, the illustrative EVs in order to calculate the implied future equity values of Wabtec pro forma for the Transactions. The implied future equity values in turn were divided by the number of fully diluted shares of Wabtec common stock pro forma for the Transactions, as

provided by the management of Wabtec. Goldman Sachs then discounted this range of implied future values per share of Wabtec common stock for the years 2018 through 2021, respectively, as well as the projected dividends per share of Wabtec pro forma (per the Forecasts), back to April 2018 using a discount rate of 11.0%, reflecting an estimate of the pro forma cost of equity for Wabtec pro forma for the Transactions. Goldman Sachs derived such discount rate by application of the Capital Asset Pricing Model, which requires certain company-specific inputs, including a beta for the company, as well as certain

TABLE OF CONTENTS

financial metrics for the United States financial markets generally. Goldman Sachs then added such implied present value of projected dividends per share to such range of implied present values per share to derive a range of implied present values per share of \$70.00 to \$126.00 (rounded to the nearest dollar). In addition, Goldman Sachs adjusted this range of implied present values per share of Wabtec common stock pro forma for the Transactions as of year-end 2021 to include an illustrative net present value per share attributable to the tax attributes of the Transactions that would accrue to Wabtec pro forma for the Transactions, calculated by using the Forecasts for such attributes and an illustrative discount rate of 7.0%, which represented a mid-point between an illustrative cost of debt and an illustrative weighted average cost of capital for Wabtec pro forma for the Transactions. Goldman Sachs compared this range to the range of implied present values per share of Wabtec common stock pro forma for the Transactions inclusive of the Synergies but not such tax attributes as of year-end 2021. This comparison presented a range of implied present values per share of \$102.00 to \$132.00 (taking into account both the Synergies and the tax attributes) and \$97.00 to \$126.00 (taking into account the Synergies, but not the tax attributes), in each case, as rounded to the nearest dollar.

General

The preparation of a fairness opinion is a complex process and is not necessarily susceptible to partial analysis or summary description. Selecting portions of the analyses or of the summary set forth above, without considering the analyses as a whole, could create an incomplete view of the processes underlying Goldman Sachs' opinion. In arriving at its fairness determination, Goldman Sachs considered the results of all of its analyses and did not attribute any particular weight to any factor or analysis considered by it. Rather, Goldman Sachs made its determination as to fairness on the basis of its experience and professional judgment after considering the results of all of its analyses. No company or transaction used in the above analyses as a comparison is directly comparable to Wabtec, GE, GE Transportation or the Transactions.

Goldman Sachs prepared these analyses for purposes of Goldman Sachs providing its opinion to the Wabtec Board as to the fairness from a financial point of view to Wabtec of the Aggregate Consideration to be paid by Wabtec pursuant to the Merger Agreement. These analyses do not purport to be appraisals nor do they necessarily reflect the prices at which businesses or securities actually may be sold. Analyses based upon forecasts of future results are not necessarily indicative of actual future results, which may be significantly more or less favorable than suggested by these analyses. Because these analyses are inherently subject to uncertainty, being based upon numerous factors or events beyond the control of the parties or their respective advisors, none of Wabtec, SpinCo, GE, Goldman Sachs or any other person assumes responsibility if future results are materially different from those forecast.

The Aggregate Consideration was determined through arms'-length negotiations between Wabtec and GE and was approved by the Wabtec Board. Goldman Sachs provided advice to Wabtec during these negotiations. Goldman Sachs did not, however, recommend any specific amount of consideration to Wabtec or the Wabtec Board or that any specific amount of consideration constituted the only appropriate consideration for the Transactions.

As described above, Goldman Sachs' opinion to the Wabtec Board was one of many factors taken into account by the Wabtec Board in making its determination to approve the Merger Agreement and the transactions contemplated thereby. The foregoing summary does not purport to be a complete description of the analyses performed by Goldman Sachs in connection with the fairness opinion and is qualified in its entirety by reference to the written opinion of Goldman Sachs attached as Annex G to this proxy statement.

Goldman Sachs and its affiliates are engaged in advisory, underwriting and financing, principal investing, sales and trading, research, investment management and other financial and non-financial activities and services for various persons and entities. Goldman Sachs and its affiliates and employees, and funds or other entities they manage or in which they invest or have other economic interests or with which they co-invest, may at any time purchase, sell, hold or vote long or short positions and investments in securities, derivatives, loans, commodities, currencies, credit default

swaps and other financial instruments of Wabtec, GE, SpinCo, Merger Sub, and any of their respective affiliates and third parties, or any currency or commodity that may be involved in the Transactions. Goldman Sachs has acted as financial advisor to Wabtec in connection with, and has participated in certain of the negotiations leading to, the Transactions.

Goldman Sachs has provided certain financial advisory and/or underwriting services to General Electric and/or its affiliates from time to time for which its Investment Banking Division has received, and may receive,

compensation, including having acted as joint bookrunner with respect to an initial public offering of 260,610,000 shares of common stock of Moneta Money Bank, a former General Electric subsidiary (MMB), in May 2016; as financial advisor to General Electric in connection with the sale of General Electric Appliances, a former General Electric subsidiary, in June 2016; as joint bookrunner with respect to a follow on public offering of 125,000,000 shares of common stock of MMB in September 2016; as financial advisor to General Electric Capital Corporation, a subsidiary of General Electric (GCC), in connection with GCC's sale of a 23.3% stake in Hyundai Capital Services in September 2016; as joint bookrunner with respect to a follow on public offering of 92,214,009 shares of common stock of MMB in November 2016; as financial advisor to GCC in connection with GCC's sale of a 43% stake in Hyundai Card in February 2017; as joint bookrunner with respect to a public offering of the 2.125% Senior Unsecured Notes due 2037, 1.500% Senior Unsecured Notes due 2029, 0.875% Senior Unsecured Notes due 2025 and 0.375% Senior Unsecured Notes due 2022 (aggregate principal amount \$8.7 billion) of General Electric in May 2017; as financial advisor to General Electric in connection with the sale of General Electric Water, a former General Electric subsidiary, in September 2017; as financial advisor to General Electric in connection with the sale of General Electric Industrial Solutions, a General Electric subsidiary, announced in September 2017; as co-manager with respect to the public offering of the 4.080% Senior Notes due 2047, 3.337% Senior Notes due 2027 and 2.773% Senior Notes due 2022 (aggregate principal amount \$4 billion) of Baker Hughes, a subsidiary of General Electric, in December 2017; and as financial advisor to GCC in connection with the formation of an origination venture involving General Electric Capital Aviation Services in December 2017. During the two-year period ended May 20, 2018, Goldman Sachs has recognized compensation for financial advisory and/or underwriting services provided by its Investment Banking Division to GE and/or its affiliates of approximately \$83.1 million.

During the two-year period ended May 20, 2018, the Investment Banking Division of Goldman Sachs has not been engaged by Wabtec or any of its affiliates to provide financial advisory or underwriting services for which Goldman Sachs has recognized compensation. Goldman Sachs may also in the future provide, and may currently be providing, financial advisory and/or underwriting services to Wabtec, GE, SpinCo, Merger Sub and their respective affiliates for which Goldman Sachs' Investment Banking Division may recognize compensation.

In addition, at the request of Wabtec, at the time of the execution of the Merger Agreement, an affiliate of Goldman Sachs entered into financing commitments and agreements to provide Wabtec with the Credit Agreement, the Bridge Commitments, and certain other alternative financing in connection with the consummation of the Transactions and subject to the terms of such commitments. The actual amount of aggregate fees received by Goldman Sachs and its affiliates in connection with the debt financing for the Transactions will depend on, among other things, the completion date of the Transactions. Wabtec estimates that Goldman Sachs and its affiliates will receive approximately \$13 million in fees in the aggregate in connection with the proposed financing.

The Wabtec Board selected Goldman Sachs as its financial advisor because it is an internationally recognized investment banking firm that has substantial experience in transactions similar to the Transactions. Pursuant to a letter agreement dated March 1, 2018, Wabtec engaged Goldman Sachs to act as its financial advisor in connection with the Transactions. The engagement letter between Wabtec and Goldman Sachs provides for a transaction fee of \$32 million plus a discretionary fee of up to \$4 million, all of which is contingent upon the consummation of the Transactions. In addition, Wabtec has agreed to reimburse Goldman Sachs for certain of its expenses, including attorneys' fees and disbursements, and to indemnify Goldman Sachs and related persons against various liabilities, including certain liabilities under the federal securities laws.

Certain Unaudited Financial Projections

In connection with its consideration of the potential combination of Wabtec and GE Transportation, the Wabtec Board was provided with certain non-public financial projections initially prepared by management of GE and GE Transportation and subsequently adjusted by management of Wabtec, as discussed below, with respect to GE

Transportation for the years ending December 31, 2018 through December 31, 2022 (as prepared by management of GE and GE Transportation, the GE Transportation Financial Projections and, as adjusted by management of Wabtec, the Wabtec Adjusted GE Transportation Financial Projections) and certain non-public financial projections prepared by management of Wabtec with respect to Wabtec's business, as a stand-alone company, for the years ending December 31, 2018 through December 31, 2022 (the Wabtec Financial Projections, and, collectively with the GE Transportation Financial Projections and the Wabtec Adjusted GE Transportation Financial Projections, the Financial Projections). The Financial Projections also were provided to Wabtec's

TABLE OF CONTENTS

financial advisor, Goldman Sachs, in connection with the preparation of its opinion. Wabtec believes that no material change in its operations or performance, or the projections or assumptions provided to the Wabtec Board and Goldman Sachs in connection with the Transactions, has occurred since the Wabtec Board meeting held to approve the Merger, and Wabtec does not anticipate any material changes in such operations, performance, projections or assumptions before the Wabtec special meeting.

The Wabtec Adjusted GE Transportation Financial Projections and the Wabtec Financial Projections are included in this proxy statement solely to give Wabtec stockholders access to information that was made available in connection with, and material to, the Wabtec Board's consideration of the Transactions, and are not included in this proxy statement to influence any Wabtec stockholder to make any investment decision with respect to the Transactions or for any other purpose. In particular, these projections should not be viewed as public guidance.

The Financial Projections were not prepared with a view towards public disclosure or compliance with published guidelines of the SEC or the guidelines established by the American Institute of Certified Public Accountants for preparation and presentation of prospective financial information. Neither the independent registered public accounting firms of Wabtec or GE Transportation nor any other independent accountants, have compiled, examined, or performed any procedures with respect to the unaudited Financial Projections contained herein, nor have they expressed any opinion or any other form of assurance on such information or its achievability, and the independent accounting firms of Wabtec or GE Transportation assume no responsibility for, and disclaim any association with, the unaudited Financial Projections. The reports of the independent registered public accounting firms of Wabtec contained in Wabtec's current report on Form 8-K filed with the SEC on September 10, 2018, which is incorporated by reference into this document, relate to the historical financial information of Wabtec. The report of the independent registered public accounting firm of GE Transportation contained in Audited Financial Statements of GE Transportation as of December 31, 2017 and 2016 and for each of the years in the three year period ended December 31, 2017, which is included in this document, relates to the historical financial information of GE Transportation. These reports do not extend to the unaudited Financial Projections and should not be read to do so. Furthermore, the unaudited Financial Projections do not take into account any circumstances or events occurring after the date the Financial Projections were prepared.

Moreover, the Financial Projections:

- were based upon numerous estimates or expectations, beliefs, opinions and assumptions with respect to GE Transportation and Wabtec's business, respectively, including their respective results of operations and financial conditions, customer requirements and competition, and with respect to general business, economic, market, regulatory and financial conditions and other future events, all of which are difficult to predict and many of which are beyond Wabtec's or GE's control and may not be realized;
- do not take into account any transactions, circumstances or events occurring after the date they were prepared, including the Transactions, or the effect of any failure of the Merger or the other Transactions to occur;
- do not give effect to adjustments to GE Transportation's historical financial statements, as described in Note 7.a. under Unaudited Pro Forma Condensed Combined Financial Statements, which, with respect to the harmonization of revenue recognition policies, are expected (i) to produce a \$63 million decrease from GE Transportation in Wabtec's reported consolidated net revenue and EBIT in 2019 and no material effect in future years and (ii) not to materially change Wabtec's future reported consolidated cash from operations;
- are not necessarily indicative of current market conditions or values or future performance, which may be significantly more or less favorable than as set forth in the Financial Projections; and
- are not, and should not be regarded as, a representation that any of the expectations contained in, or forming a part of, the Financial Projections will be achieved.

The Wabtec Financial Projections, and the adjustments by Wabtec management that are reflected in the Wabtec Adjusted GE Transportation Financial Projections, are materially impacted by a combination of factors in the

TABLE OF CONTENTS

global passenger and freight rail industries. Other factors impacting such financial projections, include assumptions about energy markets and the overall economy. Wabtec's key assumptions include:

- Economic growth consistent with recent years, including continued expansion and growth in international markets, new products and capabilities.
- Execution of original equipment backlog in the Transit markets, increasing Wabtec's installed base of products leading to aftermarket parts and services revenues.
- Original equipment freight markets in North America remain consistent with historical averages, especially as it relates to build rate of freight cars and locomotives. Aftermarket freight sales are expected to support current and potentially expanding rail activity and volumes.
- Energy markets remain strong, impacting rail activity as well as our industrial markets, such as heat exchangers, cooling product and power generation equipment.
- Electronic products, including Signaling revenues, to grow with railroad's continuing use of technology in their industry. Revenues are expected to increase with the introduction of additional new products improving the safety and efficiency of our customer's operations.

The GE Transportation Financial Projections are materially impacted by a combination of factors in freight rail and mining industries. GE and GE Transportation's key assumptions include:

- Economic growth consistent with recent years, including continued expansion and growth in international markets.
- Execution of original equipment backlog, increasing GE Transportation's installed base of products leading to future aftermarket parts and services revenue.
- Original equipment freight markets in North America to recover and be consistent with historical averages, especially as it relates to build rate of locomotives. Aftermarket services, including parts, service and modifications, to be consistent with current and expanding rail activity and volumes, and in line with existing backlog.
- Mining markets remain strong based on commodity prices, consistent with historical averages of units manufactured, and consistent with current backlog.
- Growth in digital products which enhance the operations of rail customers including fuel efficiency, network optimization, as well as train monitoring products.

Wabtec management believes that the assumptions used as a basis for the Financial Projections were reasonable based on the information available to Wabtec management at the time prepared. However, the Financial Projections are not a guarantee of future actual performance. The future financial results of GE Transportation and Wabtec's business, respectively, may differ materially from those expressed in the Financial Projections due to factors that are beyond Wabtec's or GE's ability to control or predict.

Although the Financial Projections were prepared with numerical specificity, they are forward-looking statements that involve inherent risks and uncertainties. Further, the Financial Projections cover multiple years and such information by its nature becomes less predictive with each successive quarter and year. Stockholders are urged to read the section of this proxy statement entitled "Cautionary Statement on Forward-Looking Statements" for additional information regarding the risks inherent in forward-looking information such as the Financial Projections. Wabtec stockholders also should review the factors described in the section of this proxy statement entitled "Risk Factors" and those risk factors incorporated in this proxy statement by reference from Item 1A of Wabtec's annual report on Form 10-K for the fiscal year ended December 31, 2017.

None of Wabtec, GE or SpinCo or any of their respective affiliates intends to, and, except to the extent required by applicable law, each of them expressly disclaims any obligation to, update, revise or correct the Financial Projections to reflect circumstances existing or arising after the date such projections were generated or to reflect the occurrence of future events, even in the event that any or all of the assumptions underlying the projections are shown to be in error or any of the Financial Projections otherwise would not be realized. Neither GE nor SpinCo made any

representations to Wabtec in the Merger Agreement or otherwise concerning the GE Transportation Financial Projections or the Wabtec Adjusted GE Transportation Financial Projections.

TABLE OF CONTENTS

Certain of the financial information contained in the Financial Projections, including EBITDA, may be considered non-GAAP financial measures. Wabtec management provided this information to the Wabtec Board and Wabtec's financial advisor because Wabtec management believed it could be useful in evaluating GE Transportation, in the case of the GE Transportation Financial Projections and the Wabtec Adjusted GE Transportation Financial Projections, and Wabtec's business, in the case of the Wabtec Financial Projections. Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information presented in compliance with GAAP, and non-GAAP financial measures as used by Wabtec or GE may not be comparable to similarly titled amounts used by other companies.

For the foregoing reasons, the inclusion of the Wabtec Adjusted GE Transportation Financial Projections and the Wabtec Financial Projections in this proxy statement should not be regarded as an indication that Wabtec, GE, SpinCo or their respective affiliates or representatives considered or consider the Wabtec Adjusted GE Transportation Financial Projections or the Wabtec Financial Projections to be necessarily predictive of actual future events, and the Wabtec Adjusted GE Transportation Financial Projections and the Wabtec Financial Projections should not be relied upon as such. The Wabtec Adjusted GE Transportation Financial Projections should be evaluated in conjunction with the limitations described above and the historical financial statements and other information regarding GE Transportation contained elsewhere in this proxy statement, and the Wabtec Financial Projections should be evaluated in conjunction with the limitations described above and the historical financial statements and other information regarding Wabtec's business contained elsewhere in this proxy statement. In light of the foregoing factors and the uncertainties inherent in financial projections, stockholders are cautioned not to place undue reliance on these projections.

The Wabtec Adjusted GE Transportation Financial Projections

Wabtec was provided with non-public financial projections prepared by management of GE and GE Transportation with respect to GE Transportation. The projections reflect strong orders and the execution of existing backlog over the forecast period. The revenue growth in the outer years is fueled by a North American market recovery, primarily driven by carloading growth. Subsequently, Wabtec management made certain adjustments to these financial projections based on its judgment and experience in the industry to reflect Wabtec management's alternative perspectives regarding GE Transportation. These changes resulted in the Wabtec Adjusted GE Transportation Financial Projections.

The following is a summary of the Wabtec Adjusted GE Transportation Financial Projections:

The Wabtec Financial Projections

Wabtec management prepared non-public financial projections with respect to Wabtec's business as a stand-alone company. These projections do not give pro forma effect to the combination of Wabtec and GE Transportation.

TABLE OF CONTENTS

Material U.S. Federal Income Tax Consequences of the Distribution, the Merger and the Direct Sale

This section describes the material U.S. federal income tax consequences of the Distribution, the Merger and the Direct Sale to Wabtec stockholders solely as a result of their ownership of Wabtec common stock. This section is based on the Code, the Treasury regulations promulgated thereunder, and interpretations of such authorities by the courts and the IRS, all as they exist as of the date of this proxy statement and all of which are subject to change, possibly with retroactive effect. The discussion below assumes that the Transactions have been and will be consummated in accordance with the Material Agreements and as further described in this proxy statement. This section does not address any U.S. federal estate, gift or other non-income tax consequences or any state, local or foreign tax consequences. Holders of Wabtec common stock should consult their own tax advisors as to the particular tax consequences to them of the Transactions, including the Distribution, the Merger and the Direct Sale.

If a partnership (including any entity treated as a partnership for U.S. federal income tax purposes) holds shares of Wabtec common stock, the tax treatment of a partner in the partnership generally will depend upon the status of the partner and the activities of the partnership. A partner of a partnership holding shares of Wabtec common stock should consult its own tax advisors regarding the tax consequences of the Transactions, including the Distribution, the Merger and the Direct Sale.

Treatment of the Distribution

Because Wabtec and Wabtec stockholders will not participate in the Distribution, they generally will not recognize gain or loss upon the Distribution. Wabtec stockholders should consult their own tax advisors regarding any tax consequences to them of the Distribution.

Treatment of the Merger

Wabtec will not recognize any gain or loss for U.S. federal income tax purposes as a result of the Merger. Because Wabtec stockholders will not participate in the Merger, Wabtec stockholders generally will not recognize gain or loss upon the Merger. Wabtec stockholders should consult their own tax advisors regarding any tax consequences to them of the Merger.

Treatment of the Direct Sale

Wabtec will not recognize any gain or loss for U.S. federal income tax purposes as a result of the Direct Sale, which GE and Wabtec intend to treat as a taxable sale for U.S. federal income tax purposes. Because Wabtec stockholders will not participate in the Direct Sale, Wabtec stockholders generally will not recognize gain or loss upon the Direct Sale. Wabtec stockholders should consult their own tax advisors regarding any tax consequences to them of the Direct Sale.

THE FOREGOING IS A SUMMARY OF THE MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES OF THE DISTRIBUTION, THE MERGER AND THE DIRECT SALE TO WABTEC STOCKHOLDERS UNDER CURRENT LAW AND FOR GENERAL INFORMATION ONLY. THE FOREGOING DOES NOT PURPORT TO ADDRESS ALL U.S. FEDERAL INCOME TAX CONSEQUENCES OR OTHER TAX CONSEQUENCES THAT MAY ARISE OR THAT MAY APPLY TO PARTICULAR CATEGORIES OF STOCKHOLDERS. EACH WABTEC STOCKHOLDER SHOULD CONSULT HIS, HER OR ITS OWN TAX ADVISORS AS TO THE PARTICULAR TAX CONSEQUENCES OF THE DISTRIBUTION, THE MERGER AND THE DIRECT SALE TO SUCH STOCKHOLDER, INCLUDING THE APPLICATION OF U.S. FEDERAL, STATE, LOCAL AND FOREIGN TAX LAWS, AND THE EFFECT OF POSSIBLE CHANGES IN TAX LAWS THAT MAY AFFECT THE TAX

CONSEQUENCES DESCRIBED ABOVE.

Wabtec Stockholders Meeting

Under the terms of the Merger Agreement, Wabtec has agreed to call, give notice of, convene and hold a special meeting of its stockholders for the purpose of voting upon the proposals to approve the Share Issuance and the Wabtec Charter Amendment. The Wabtec Board has called a special meeting of Wabtec stockholders to be held on _____, 2018, for Wabtec stockholders of record on _____, 2018. The definitive proxy statement was mailed to Wabtec stockholders on or about _____, 2018.

TABLE OF CONTENTS

Wabtec's directors and executive officers held approximately % of the shares entitled to vote at Wabtec's special meeting of stockholders as of , 2018. GE's and SpinCo's directors, executive officers and their affiliates owned an aggregate of approximately % of the shares of Wabtec common stock entitled to vote at Wabtec's special meeting of stockholders as of , 2018.

Certain stockholders, directors and officers of Wabtec beneficially owning approximately 10.9% of the outstanding shares of Wabtec common stock entered into a Voting Agreement with GE under which these persons agreed to vote in favor of the Share Issuance proposal and the Wabtec Charter Amendment proposal. The parties to the Voting Agreement are subject to certain other agreements, including restrictions on their ability to transfer their shares prior to the earlier of the special meeting of Wabtec stockholders to approve these proposals and the termination of the Voting Agreement. See Other Agreements—The Voting Agreement.

Interests of GE's and SpinCo's Directors and Executive Officers in the Transactions

As of August 1, 2018, SpinCo's directors and executive officers owned less than 1% of the outstanding shares of GE's common stock. All of SpinCo's outstanding common stock is currently owned directly by GE. Except as described below, none of GE's or SpinCo's directors or executive officers will receive any severance or other compensation as a result of the Transactions, or any extra or special benefit that is not shared on a pro rata basis by all of GE stockholders in connection with the Transactions. If a director or executive officer of GE or SpinCo owns shares of GE common stock, such director or executive officer will have the right to participate in the Distribution and the Merger on the same terms as other GE stockholders.

It is anticipated that SpinCo's executive officers will include Rafael O. Santana (President and Chief Executive Officer), Jason M. Frierott (Chief Financial Officer), Thomas P. LaFrance (General Counsel), Nathan W. Bailey (Chief Human Resources Officer), Yuvbir Singh (Vice President, Equipment) and Pascal Schweitzer (Vice President, Global Services).

GE has entered into Leadership Incentive Program agreements with 415 SpinCo employees, including each of SpinCo's executive officers, which provide for the opportunity to earn incentive payments in the aggregate amount of approximately \$65 million. The agreements are intended to secure the employees' dedication and best efforts toward facilitating the Merger and assisting with the integration of the GE Transportation business with the business of Wabtec after the closing date of the Merger. The incentive payments will vest 50% on the closing date of the Merger and 50% twelve months following the closing date, subject to certain customary terms and conditions, including restrictions on soliciting or hiring GE employees during employment with GE and for 12 months thereafter. The target amount of the incentive payment for participating employees is based on a percentage applied to the sum of the employee's annual base salary plus annual target bonus, with certain employees eligible for additional amounts if specified transaction or business-related goals are attained. The maximum amount of the incentive payments that may be payable in the aggregate to the executive officers is approximately \$9.8 million.

SpinCo's executive officers, in aggregate, hold unvested options to purchase 1,242,000 shares of GE common stock (with a weighted average exercise price of \$18.30) and unvested restricted stock units with respect to 251,428 shares of GE common stock that will vest on the closing date of the Merger in accordance with their terms.

In addition, on the closing date of the Merger, the SpinCo executive officers (other than Mr. Schweitzer) will vest in their GE Supplemental Pension Benefit or GE Executive Retirement Benefit, as applicable, in order to avoid the forfeiture of such benefits in connection with the Transactions. These benefits will not become payable until the executive officer reaches age 60.

Wabtec may enter into employment agreements or other compensation arrangements with certain executive officers of SpinCo. Wabtec is in the process of documenting the terms of Mr. Santana's employment which are subject to finalization in an employment contract that will be entered into prior to the closing of the Merger. The proposed terms for Mr. Santana include an annual base salary of \$1,000,000, a target annual bonus opportunity of 100% of his base salary and maximum annual bonus opportunity of 225% of his base salary. In addition, subject to the approval of Wabtec's Compensation Committee, Mr. Santana will be granted a one-time award of Wabtec restricted stock with an aggregate grant date fair market value of \$2,000,000, subject to annual vesting over a four-year period, and will, subject to the approval of Wabtec's Compensation Committee, receive annual Wabtec equity incentive awards with an aggregate grant date value of at least approximately \$2,000,000. The agreement will also include severance arrangements.

TABLE OF CONTENTS**Interests of Wabtec's Directors and Executive Officers in the Transactions**

In considering the recommendations of the Wabtec Board that Wabtec stockholders vote to approve the Share Issuance and the Wabtec Charter Amendment, Wabtec stockholders should be aware that Wabtec directors and executive officers have financial interests in the Transactions that are different from, or in addition to, the interests of Wabtec stockholders generally, as more fully described below. The members of the Wabtec Board were aware of and considered these interests, among other matters, in deciding to approve the terms of the Merger Agreement and the Transactions.

Outstanding Stock Awards

Under the terms of Wabtec's Stock Incentive Plans, upon the closing of the Merger, all outstanding Wabtec Options, Wabtec Restricted Stock, Wabtec Restricted Stock Units and Wabtec Performance Units will vest. Wabtec Performance Units will be considered earned at a level of 200% of target and they and Wabtec Restricted Stock Units will be settled in cash by Wabtec as promptly as practicable following the Merger.

The following table sets forth the number of shares of Wabtec common stock underlying outstanding unvested Wabtec Options, Wabtec Restricted Stock, Wabtec Restricted Stock Units and Wabtec Performance Units (assuming maximum vesting at 200% of target), which are referred to collectively as "Wabtec equity awards," held by Wabtec directors and executive officers as of July 16, 2018. The table also sets forth the value of these awards, assuming a price per share of Wabtec common stock of \$97.07, the average per share closing price of Wabtec common stock during the first five business days following May 21, 2018, the date of the first public announcement of the Merger. The assumed \$97.07 per share price is referred to as the "Assumed Wabtec Stock Price."

(3) Three executive officers who are not named executive officers held Wabtec equity awards as of July 16, 2018. This row includes the total number of shares of Wabtec common stock and the related total value of these unvested awards held by them. The other two executive officers who are not named executive officers did not hold any unvested Wabtec equity awards as of July 16, 2018.

Employment Continuation Agreements with Certain Executive Officers

Wabtec entered into employment continuation agreements with seven executive officers, including Raymond T. Betler, Patrick D. Dugan, David L. DeNinno, Scott E. Wahlstrom and Albert J. Neupaver (the “Continuation Agreements”). Under each Continuation Agreement, if the executive officer is employed by Wabtec on the

TABLE OF CONTENTS

closing date of a “change of control,” which, as defined in the Continuation Agreement, would include the Merger, the executive officer would be entitled to remain employed by Wabtec until the 24-month anniversary of the closing date (the Protection Period), subject to certain termination provisions described below.

During the Protection Period, the executive officer will (1) receive a base salary at a monthly rate at least equal to his monthly salary immediately prior to the closing of the Merger, (2) be afforded the opportunity to receive an annual cash bonus on terms and conditions no less favorable to him than his annual cash bonus opportunity for the year immediately prior to the closing of the Merger and in an amount not less than his target cash bonus amount in that year, (3) participate in all long-term incentive compensation programs for key executives and benefit plans at levels commensurate with his opportunity to participate in such plans immediately prior to the closing of the Merger, or, if better, at the level made available to him or other similarly situated officers at any time thereafter, (4) receive vacation and fringe benefits at a level commensurate with his benefits immediately prior to the closing of the Merger, or, if better, at the level made available to him or other similarly situated officers at any time thereafter, (5) be provided an office and support staff at a level commensurate with the level provided to other similarly situated officers or, if better, the level provided to him immediately prior to the closing of the Merger, (6) receive expense reimbursement in accordance with the policies and procedures of Wabtec in effect immediately prior to the closing of the Merger, or, if better, the policies and procedures in effect after the closing of the Merger, and (7) be indemnified for claims arising from or out of his performance as an officer, director or employee of Wabtec or any of its subsidiaries, or in any other capacity while serving at the request of Wabtec, to the maximum extent permitted by applicable law and Wabtec’s governing documents. Wabtec is also required to maintain existing or comparable insurance policies covering such matters and, in any event, provide a level of protection that is no less than that afforded under Wabtec’s governing documents in effect immediately prior to the closing of the Merger.

Termination Other than for Cause/Resignation for Good Reason. If, during the Protection Period, the executive officer’s employment is terminated by Wabtec other than for cause, as defined in the Continuation Agreement, or the executive officer terminates his employment for “good reason,” as defined in the Continuation Agreement, the executive officer will receive severance payments and benefits equal to (1) a cash amount of two times the sum of his then-current annual base salary and target cash bonus amount for the year immediately prior to the closing of the Merger and (2) any vested benefits under Wabtec’s benefit plans, including accrued but unpaid vacation. The executive officer will also be entitled to continue participation in all of Wabtec’s employee and executive welfare and fringe benefit plans until the earlier of the 24-month anniversary of the termination date and the date the executive officer becomes eligible for comparable benefits under a similar plan, policy or program of a subsequent employer.

Receipt of severance payments and benefits under the Continuation Agreements is subject to standard confidentiality and other restrictive covenants, including restrictions for a period of one year following termination of the executive officer’s employment on soliciting business or employees away from Wabtec or providing any services that compete with the Wabtec business.

The Continuation Agreements provide that if the payments and benefits to each executive officer would be subject to an excise tax on “excess parachute payments” by reason of Sections 4999 and 280G of the Code, the payments and benefits under the Continuation Agreement will be reduced to the extent necessary to prevent any portion of the executive officer’s payments and benefits from becoming subject to such excise tax, but only if, by reason of that reduction, the net after-tax benefit received by the executive officer exceeds the net after-tax benefit that the executive officer would receive if no reduction was made. In addition, each Continuation Agreement provides that Wabtec will pay the executive officer’s costs, including reasonable attorneys’ fees and expenses, in asserting any claim in any contest as to the validity, enforceability or interpretation of the Continuation Agreement if the executive officer is the prevailing party.

TABLE OF CONTENTS

The following table sets forth the cash severance payments and estimated value of the welfare and fringe benefits that each executive officer party to a Continuation Agreement would receive, assuming the closing date of the Merger occurred on July 16, 2018 and that each executive officer experienced a qualifying termination of employment immediately after the closing of the Merger. The following table does not take into account any reduction in payments or benefits that may apply to avoid the excise tax by reason of Sections 4999 and 280G of the Code.

Name	Cash Severance Payment (\$)⁽¹⁾	Welfare and Fringe Benefit Value (\$)⁽²⁾	Total Value (\$)
Raymond T. Betler	5,000,000	22,800	5,022,800
Patrick D. Dugan	2,340,000	22,800	2,362,800
David L. DeNinno	1,955,000	22,800	1,977,800
Scott E. Wahlstrom	1,312,000	22,800	1,334,800
Albert J. Neupaver	2,800,000	22,800	2,822,800
2 Other Executive Officers	1,470,000	45,600	1,515,600

Two times the sum of (1) the executive officer's annual base salary and (2) the target bonus amount for the (1) executive officer for 2018, based on the assumptions described above, to be paid in cash in a single lump sum 30 days following the date of termination.

(2) Reflects the value of 24 months of continued welfare and fringe benefits pursuant to the Continuation Agreements, based on the full premium costs of such benefits.

Potential Change of Control. If, after the occurrence of a potential change of control, as defined in the Continuation Agreements, and prior to the consummation of a change of control, (1) an executive officer's employment is terminated by Wabtec other than for cause or by the executive officer for good reason or Wabtec terminates the Continuation Agreement and (2) a change of control, which also constitutes certain changes in ownership or effective control under Section 409A of the Code, occurs within one year of such termination, the executive officer is deemed for purposes of determining the executive officer's rights under the Continuation Agreement to have remained employed by Wabtec until the change of control and to have been terminated by Wabtec without cause immediately after the change of control. Each of the executive officers party to a Continuation Agreement would become entitled to receive the amounts described in the table above in those circumstances.

Severance Arrangement with Paul Overby

Paul Overby, one of Wabtec's executive officers, would, upon elimination of his job, be provided with a minimum amount of severance equal to six months of his then-current base salary. Assuming such a qualifying termination of employment occurred on July 16, 2018, the aggregate value of the severance payments payable to Mr. Overby would equal \$125,000. Mr. Overby has not entered into an employment continuation agreement with Wabtec.

Employment Agreement with Mr. Rambaud-Measson

Wabtec entered into an employment agreement with Mr. Rambaud-Measson, a named executive officer, in connection with the closing of Wabtec's acquisition of Faiveley Transport in 2016. The employment agreement with Mr. Rambaud-Measson provides for an initial term of four years, during which Mr. Rambaud-Measson will serve as Executive Vice President of Wabtec and President and Chief Executive Officer of Faiveley, with such duties and responsibilities as are commensurate with such position.

During the employment period, Mr. Rambaud-Measson (1) will receive an annual base salary of €668,000, (2) will be eligible for an annual cash bonus at a target equal to 100% of annual base salary and a maximum of 225% of target, (3) received a grant of Wabtec Restricted Stock Units in connection with the Faiveley Transport acquisition in an amount equal to \$1,425,000, which Restricted Stock Units vest over four years and are settled in shares of Wabtec common stock, (4) will be entitled to receive an annual grant of Wabtec Restricted Stock Units with a grant date value of at least €800,000 during each year of the employment period commencing in the first calendar quarter of 2017, (5) will be entitled to receive an annual grant of Wabtec Performance Units with a target grant date value of at least €800,000 and a three-year performance period, (6) will be eligible to participate in welfare and other benefit plans as are in effect for senior executives of Wabtec generally, provided that such benefits are at least as favorable as those provided by Faiveley, (7) will receive paid vacation of five weeks per calendar year, (8) will receive expense reimbursement for all reasonable, documented business expenses, and

TABLE OF CONTENTS

(9) will be indemnified to the maximum extent permitted under applicable law for acts taken within the scope of his employment and his service as an officer or director of Wabtec or any of its subsidiaries or affiliates. To the extent Wabtec maintains insurance policies covering such matters, Mr. Rambaud-Measson will be entitled to such coverage on a basis no less favorable than coverage provided to any other Wabtec officer or director.

Termination Other than for Cause/Resignation for Good Reason. If Mr. Rambaud-Measson's employment is terminated by Wabtec other than for cause, death, or disability or by Mr. Rambaud-Measson for good reason, in each case as defined in the employment agreement, Mr. Rambaud-Measson will receive severance payments equal to (1) a lump-sum cash payment of two times his then-current annual base salary and two times his target bonus for the year of termination, (2) a payment of the pro rata portion of his annual bonus payable for the year in which he was terminated based on the satisfaction of applicable performance targets and payable in a lump sum at such time as bonuses are paid to other senior executives of Wabtec and (3) a pro rata portion of his Wabtec Performance Units outstanding at the time of his termination that he would have earned if he had remained employed until the end of the applicable performance period, which will be settled in shares of Wabtec common stock at such time (as such awards are generally settled for senior executives of Wabtec). Payments described in clauses (1) through (3) are subject to the execution of a release by Mr. Rambaud-Measson. Assuming Mr. Rambaud-Measson's employment was terminated by Wabtec other than for cause or by himself for good reason on July 16, 2018, the value of the cash severance payments payable to Mr. Rambaud-Measson would have been \$4,050,000, which does not include the value of a pro rata portion of outstanding Wabtec Performance Units because those will vest in full upon the closing of the Merger. See the section entitled *The Transactions—Interests of Wabtec's Directors and Executive Officers in the Transactions—Outstanding Stock Awards* for a description and quantification of Mr. Rambaud-Measson's Wabtec Performance Units that will vest in connection with the Merger.

Golden Parachute Compensation

The table below is intended to comply with Item 402(t) of the SEC's Regulation S-K, which requires disclosure of change-in-control compensation to which Wabtec directors and executive officers could become entitled that is based on or otherwise relates to the Merger. The amounts shown are estimates based on multiple assumptions that may or may not actually occur or be accurate on the relevant date, including the assumptions described below and in the footnotes to the table, and do not reflect certain compensation actions that may occur before completion of the Merger. These amounts do not take into account any reduction in payment of benefits that may be imposed with respect to any so-called golden parachute payments under Section 280G of the Code. None of the named executive officers are entitled to a gross-up payment with respect to any such golden parachute payment. The executive officers may take certain actions to reduce excise tax exposure by reason of Sections 4999 and 280G of the Code, which may include waiving vesting acceleration with respect to a portion of their incentive equity.

TABLE OF CONTENTS

For purposes of calculating the amounts in the table below, the following assumptions were used solely for purposes of the disclosure in this section:

¶The relevant price per share of Wabtec common stock is the Assumed Wabtec Stock Price;

¶The closing of the Merger occurs on July 16, 2018; and

Each named executive officer of Wabtec experiences a qualifying termination of employment (termination by Wabtec without cause or resignation by the named executive officer for good reason, as such terms are defined in the Continuation Agreements or Mr. Rambaud-Measson's employment agreement, as applicable) immediately following the assumed closing of the Merger.

Named Executive Officer	Cash (\$) ⁽¹⁾	Equity (\$) ⁽²⁾	Perquisites/ Benefits	
			(\$) ⁽³⁾	Total (\$)
Raymond T. Betler	5,000,000	16,138,594	22,800	21,161,394
Patrick D. Dugan	2,340,000	7,032,864	22,800	9,395,664
Stéphane Rambaud-Measson	4,050,000	9,066,338	—	13,116,338
David L. DeNinno	1,955,000	6,409,384	22,800	8,387,184
Scott E. Wahlstrom	1,312,000	3,213,534	22,800	4,548,334
Albert J. Neupaver	2,800,000	13,554,975	22,800	16,377,775

Cash. The amounts in this column represent the cash severance payments to which the named executive officers would be entitled under the employment agreement for Mr. Rambaud-Measson and under the Continuation Agreements for Mr. Betler, Mr. Dugan, Mr. DeNinno, Mr. Wahlstrom and Mr. Neupaver, in each case, as described above. Mr. Rambaud-Measson becomes entitled to the severance amounts listed here upon a qualifying termination of employment during the term of his employment agreement. The Continuation Agreements provide for double-trigger payments upon a qualifying termination of employment that occurs within the 24-month period following a change of control. The estimated amount of each such payment is shown in the following table, with maximum achievements assumed for amounts based on actual performance.

Named Executive Officer	Base Salary (\$)	Target Annual Bonus	Pro Rata Bonus Payment	Total (\$)
		(\$)	(\$)	
Raymond T. Betler	2,500,000	2,500,000	—	5,000,000
Patrick D. Dugan	1,300,000	1,040,000	—	2,340,000
Stéphane Rambaud-Measson	1,800,000	1,800,000	450,000	4,050,000
David L. DeNinno	1,150,000	805,000	—	1,955,000
Scott E. Wahlstrom	820,000	492,000	—	1,312,000
Albert J. Neupaver	1,400,000	1,400,000	—	2,800,000

Equity. The amounts in this column include unvested Wabtec equity awards, the vesting of which will accelerate in connection with the closing of the Merger on a single-trigger basis, in each case, as described above. The amounts (2) in this column for the unvested and accelerated Wabtec Options (1) disregard Wabtec Options that have an exercise price per share greater than the Assumed Wabtec Stock Price, and (2) do not reflect any taxes payable by the option holders. The following table sets forth the estimated value by type of equity award:

Named Executive Officer	Unvested Wabtec Options (\$)	Unvested Shares of Wabtec Restricted	Unvested Wabtec Restricted Stock	Unvested Wabtec Performance Units	Total

		Stock (\$)	Units (\$)	(\$)	
Raymond T. Betler	748,145	4,130,329	—	11,260,120	16,138,594
Patrick D. Dugan	262,231	2,693,693	—	4,076,940	7,032,864
Stéphane Rambaud-Measson	—	—	3,824,558	5,241,780	9,066,338
David L. DeNinno	216,318	2,892,686	—	3,300,380	6,409,384
Scott E. Wahlstrom	122,825	1,226,965	—	1,863,744	3,213,534
Albert J. Neupaver	443,245	3,793,010	—	9,318,720	13,554,975

Perquisites/Benefits. The amounts in this column represent the estimated value of 24 months of continued health and welfare benefits provided pursuant to the Continuation Agreements, which provide double-trigger benefits, based on the full premium costs of such benefits. The estimated values of these benefits is \$22,800 for each of Mr. Betler, Mr. Dugan, Mr. DeNinno, Mr. Wahlstrom and Mr. Neupaver. These named executive officers would become entitled to these amounts under the Continuation Agreements upon a qualifying termination of (3) employment that occurs within the 24-month period following the closing of the Merger. In accordance with applicable SEC rules, the estimated value of health and welfare benefits was calculated based on the same assumptions used for financial reporting purposes. Each Continuation Agreement contains standard confidentiality and other restrictive covenants, including non-solicitation and non-competition covenants for a period of one year following termination of the executive's employment. Mr. Rambaud-Measson is not entitled to any continued health or welfare benefits under the terms of his employment agreement.

TABLE OF CONTENTS

Accounting Treatment and Considerations

Accounting Standard Codification 805, Business Combinations, requires the use of the acquisition method of accounting for business combinations. In applying the acquisition method, it is necessary to identify both the accounting acquiree and the accounting acquiror. In a business combination effected through an exchange of equity interests, such as the Merger, the entity that issues the interests (Wabtec, in this case) is generally the acquiring entity. In identifying the acquiring entity in a combination effected through an exchange of equity interests, however, all pertinent facts and circumstances must be considered, including the following:

Issuance of equity by Wabtec. Wabtec expects to issue approximately 98.5 million shares of Wabtec common stock in the Merger.

Incurrence of debt by Wabtec. Approximately \$2.9 billion of indebtedness is expected to be incurred in connection with the Transactions to fund the Direct Sale. Following the consummation of the Transactions, it is expected that post-Transaction GE Transportation will be owned by Wabtec through SpinCo, which will be a wholly owned subsidiary of Wabtec and will hold the SpinCo Business, and Direct Sale Purchaser, which will also be a wholly owned subsidiary of Wabtec and will hold the assets, potentially including the equity interests in certain pre-Transaction subsidiaries of GE that compose part of GE Transportation, acquired in the Direct Sale and the liabilities assumed in the Direct Sale. Nevertheless, because of the significant assets and operations represented by GE Transportation, Wabtec expects that following the consummation of the Transaction, SpinCo, Direct Sale Purchaser, and/or other entities through which GE Transportation is owned and operated may be required to become guarantors of the indebtedness of the Borrowers under the Credit Agreement, the New Wabtec Notes and Wabtec's existing senior unsecured notes.

The relative voting interests of Wabtec stockholders after the consummation of the Transactions. In this case and calculated on a fully-diluted, as-converted and as-exercised basis, GE and pre-Merger holders of GE common stock will collectively hold 50.1% of the equity ownership and associated voting rights in Wabtec after the consummation of the Transactions (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock will be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this proxy statement entitled "Other Agreements—Tax Matters Agreement") and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this proxy statement entitled "Other Agreements—Shareholders Agreement").

The composition of the governing body of Wabtec after the consummation of the Transactions. The Wabtec Board currently consists of 12 directors. In connection with the Transactions, the size of the Wabtec Board will be increased to include three additional directors, each of whom is required to be independent as defined in the listing standards of the NYSE, to be designated as nominees by GE (subject to the nominees being reasonably acceptable to the Nominating and Corporate Governance Committee of the Wabtec Board), effective at the time of closing of the Merger. The Merger Agreement provides that, at the direction of GE, the GE designees will be assigned among the Wabtec Board's classes of directors so that one GE designee is appointed to the class of directors that is up for reelection at each of the first three annual meetings of Wabtec stockholders that occurs after the closing of the Merger. Additionally, in certain circumstances (see "The Merger Agreement – Post-Closing Wabtec Board of Directors and Officers"), the Wabtec Board will take all actions necessary to include the GE designee up for reelection at the first annual meeting of Wabtec stockholders that occurs after the closing of the Merger as nominee for the Wabtec Board at such annual meeting, to recommend that Wabtec stockholders vote in favor of the GE designee and to support the

election of the GE designee at such annual meeting.

The composition of the senior management of Wabtec after the consummation of the Transactions. The executive officers of Wabtec immediately prior to consummation of the Merger are generally expected to be the executive officers of Wabtec immediately following consummation of the Merger, with Albert J. Neupaver remaining as Wabtec's executive chairman and Raymond T. Betler remaining as Wabtec's president and CEO. Following consummation of the Transactions, Stéphane Rambaud-Measson will become president and CEO of Wabtec's Transit Segment and Rafael O. Santana, president and CEO of GE Transportation, will become president and CEO of Wabtec's Freight Segment.

TABLE OF CONTENTS

Wabtec management has determined that Wabtec will be the accounting acquiror in the Merger based on the facts and circumstances outlined above and the analysis of the relevant GAAP guidance. Consequently, Wabtec will apply acquisition accounting to the assets and liabilities of GE Transportation acquired or assumed upon the consummation of the Direct Sale and the Merger. The historical financial statements of Wabtec for periods ended prior to the consummation of the Merger will reflect only the operations and financial condition of Wabtec. Subsequent to the consummation of the Merger, the financial statements of Wabtec will include the combined operations and financial condition of Wabtec and GE Transportation.

Regulatory Approvals

Under the HSR Act, the parties must file pre-merger notifications with the FTC and the DOJ and observe specified waiting periods before consummating the Merger. Wabtec and GE each filed the requisite notification and report forms with the FTC and the DOJ on June 22, 2018. Wabtec and GE have each received a request for additional information (second request) from the DOJ. The second request is not an uncommon part of the regulatory review process under the HSR Act in respect of large transactions. The effect of the second request is to extend the waiting period imposed by the HSR Act until 30 days after Wabtec and GE have substantially complied with their respective request, unless that period is extended voluntarily by both parties or terminated sooner by the DOJ. Wabtec and GE will continue to cooperate fully with the DOJ as it reviews the proposed transaction. In addition to the expiration of the waiting period under the HSR Act, the parties have agreed to take, make or obtain all material actions by, consents or approvals of, or in respect of or filings with any governmental authority required to permit the consummation of the Merger, including the governmental authorizations to be sought in Austria, Brazil, Canada, Germany, Kazakhstan, Mexico, Pakistan, Russia, South Africa and Ukraine. The required waiting period in Canada has expired, and the parties have already obtained clearance from Austria, Germany and Russia.

Federal Securities Law Consequences; Resale Restriction

Wabtec common stock issued in the Merger will not be subject to any restrictions on transfer arising under the Securities Act, except for shares of Wabtec common stock issued to any person who may be deemed to be an affiliate of Wabtec under the Securities Act.

No Appraisal or Dissenters' Rights

None of the stockholders of Wabtec, Merger Sub, Direct Sale Purchaser, GE or SpinCo will be entitled to exercise appraisal rights or to demand payment for their shares in connection with the Transactions.

TABLE OF CONTENTS

The Merger Agreement

*The following is a summary of the material provisions of the Merger Agreement. This summary is qualified in its entirety by reference to the full text of the Merger Agreement, which is attached as Annex A to this proxy statement and incorporated herein by reference. Wabtec stockholders are urged to read the Merger Agreement in its entirety. This summary of the Merger Agreement has been included to provide Wabtec stockholders with information regarding its terms. The rights and obligations of the parties are governed by the express terms and conditions of the Merger Agreement and not by this summary or any other information included in this proxy statement. It is not intended to provide any other factual information about Wabtec, Merger Sub, GE or SpinCo. Information about Wabtec, Merger Sub, GE and SpinCo can be found elsewhere in this proxy statement and in the documents incorporated by reference into this proxy statement. See also *Where You Can Find More Information; Incorporation by Reference*.*

The Merger

Under the Merger Agreement and in accordance with the DGCL, at the effective time of the Merger, Merger Sub will merge with and into SpinCo. As a result of the Merger, the separate existence of Merger Sub will cease and SpinCo will continue as the surviving corporation and as a wholly owned subsidiary of Wabtec. From and after the effective time of the Merger, the surviving corporation will possess all the rights, powers, privileges and franchises and be subject to all of the obligations, liabilities, restrictions and disabilities of SpinCo and Merger Sub, all as provided under the DGCL. The certificate of incorporation and bylaws of Merger Sub in effect at the effective time of the Merger will be the certificate of incorporation and bylaws of the surviving corporation until amended in accordance with applicable law, except the name of the surviving corporation will be as Wabtec may determine.

Under the terms of the Merger Agreement, from and after the effective time of the Merger until successors are duly elected or appointed and qualified in accordance with applicable law, (i) the directors of Merger Sub at the effective time of the Merger will be the directors of the surviving corporation and (ii) the officers of SpinCo at the effective time of the Merger will be the officers of the surviving corporation.

Closing; Effective Time

Under the terms of the Merger Agreement, the closing of the Merger will take place as soon as possible, but in any event no later than two business days after the date the conditions precedent to the Merger (other than those to be satisfied at closing, but subject to their satisfaction) have been satisfied or, to the extent permissible, waived or on such other date as GE and Wabtec may mutually agree. At the closing, SpinCo and Merger Sub will file a certificate of merger with the Delaware Secretary of State and make all other filings or recordings required by the DGCL in connection with the Merger. The Merger will become effective at such time as the certificate of merger is duly filed with the Delaware Secretary of State (or at such later time as the parties may agree and as is specified in the certificate of merger).

Merger Consideration

The Merger Agreement provides that, at the effective time of the Merger, by virtue of the Merger and without any action on the part of Wabtec, Merger Sub, SpinCo or the holders of shares of SpinCo common stock, each share of SpinCo common stock outstanding immediately prior to the effective time of the Merger (except shares of SpinCo common stock held by SpinCo or Wabtec, which will be cancelled) will be converted into the right to receive a number of fully paid and non-assessable shares of Wabtec common stock equal to the exchange ratio in the Merger Agreement. The exchange ratio will be determined prior to the closing of the Merger based on the number of shares of Wabtec common stock on a fully-diluted, as-converted and as-exercised basis, on the one hand, and the number of shares of SpinCo common stock, on the other hand, in each case outstanding immediately prior to the effective time of

the Merger, such that the stockholders of SpinCo (including GE) will own shares of Wabtec common stock representing 50.1% of the shares of Wabtec common stock outstanding immediately following the Merger on a fully-diluted, as-converted and as-exercised basis. As described in the Merger Agreement, the exchange ratio equals the quotient of (a) the aggregate number of shares of Wabtec common stock outstanding immediately prior to the effective time of the Merger on a fully-diluted, as-converted and as-exercised basis multiplied by the quotient of 50.1% divided by 49.9%, divided by (b) the number of shares of SpinCo common stock outstanding immediately prior to the effective time of the Merger. For example,

TABLE OF CONTENTS

solely for illustrative purposes, assume there are 1,000 shares of Wabtec common stock outstanding immediately prior to the effective time of the Merger on a fully-diluted, as-converted and as-exercised basis and 2,000 shares of SpinCo common stock outstanding immediately prior to the effective time of the Merger. In order for holders of SpinCo common stock to own shares of Wabtec common stock representing 50.1% of the shares of Wabtec common stock immediately following the effective time of the Merger on a fully-diluted, as-converted and as-exercised basis, Wabtec would have to issue to holders of the outstanding shares of SpinCo common stock representing a number of shares of Wabtec common stock equal to 1,000 multiplied by the quotient of 50.1% divided by 49.9%, or 1,004 shares of Wabtec common stock. The exchange ratio therefore would equal the quotient of 1,004 shares of Wabtec common stock divided by 2,000 shares of SpinCo common stock, or 0.502.

No fractional shares of Wabtec common stock will be issued pursuant to the Merger. All fractional shares of Wabtec common stock that a holder of shares of SpinCo common stock would otherwise be entitled to receive as a result of the Merger will be aggregated by the exchange agent, and the exchange agent will cause the whole shares obtained by such aggregation to be sold in the open market or otherwise at then-prevailing market prices no later than five business days after the Distribution. The exchange agent will pay the net proceeds of the sale, after deducting any required withholding taxes and brokerage charges, commissions and conveyance and similar taxes, on a *pro rata* basis, without interest, as soon as practicable to the holders of shares of SpinCo common stock that would otherwise be entitled to receive such fractional shares of Wabtec common stock pursuant to the Merger.

The merger consideration and cash in lieu of fractional shares (if any) paid in connection with the Merger will be reduced by any applicable withholding taxes as described below under —Withholding Rights.

Distribution of Per Share Merger Consideration

Prior to the effective time of the Merger, GE will designate a nationally recognized commercial bank or trust company reasonably acceptable to Wabtec to act as exchange agent for the benefit of the holders of SpinCo common stock. Prior to the effective time of the Merger, Wabtec will deposit or cause to be deposited with the exchange agent, for the benefit of holders of shares of SpinCo common stock, for exchange in accordance with the provisions of the Merger Agreement promptly after the effective time of the Merger, book-entry shares of Wabtec common stock representing the merger consideration issuable to holders of shares of SpinCo common stock as of the effective time of the Merger.

At the effective time of the Merger, all issued and outstanding shares of SpinCo common stock will be converted into the right to receive shares of Wabtec common stock as described above under —Merger Consideration. As promptly as practicable thereafter, Wabtec will cause the exchange agent to distribute the shares of Wabtec common stock into which the shares of SpinCo common stock have been converted pursuant to the Merger, which, in the case of shares of SpinCo common stock distributed in the Distribution, will be distributed on the same basis as shares of SpinCo common stock were distributed in the Distribution and to the persons who received shares of SpinCo common stock in the Distribution. Each holder of shares of SpinCo common stock will be entitled to receive in respect of the shares of SpinCo common stock held by such person a book-entry authorization representing the number of whole shares of Wabtec common stock that such holder has the right to receive pursuant to the Merger (and cash in lieu of fractional shares of Wabtec common stock as described above under —Merger Consideration , together with any dividends or distributions and other amounts as described below under —Distributions With Respect to Shares of Wabtec Common Stock after the Effective Time of the Merger).

Distributions With Respect to Shares of Wabtec Common Stock after the Effective Time of the Merger

Subject to the following sentence, no dividends or other distributions declared after the effective time of the Merger with respect to Wabtec common stock will be paid with respect to any shares of Wabtec common stock that are not able to be distributed by the exchange agent promptly after the effective time of the Merger, whether due to a legal

impediment to such distribution or otherwise. Subject to the effect of abandoned property, escheat, tax or other applicable laws, following the distribution of any such previously undistributed shares of Wabtec common stock, the record holder of such shares of Wabtec common stock will be paid, without interest:

at the time of the distribution, the amount of cash payable in lieu of fractional shares of Wabtec common stock to which such holder is entitled pursuant to the Merger Agreement and the amount of dividends or other distributions with a record date after the effective time of the Merger paid before that time with respect to such whole shares of Wabtec common stock; and

TABLE OF CONTENTS

at the appropriate payment date, the amount of dividends or other distributions with a record date after the effective time of the Merger but prior to the distribution of such whole shares of Wabtec common stock and a payment date subsequent to the distribution of such whole shares of Wabtec common stock.

Wabtec is required under the Merger Agreement to deposit all such amounts with the exchange agent.

Termination of the Exchange Fund; No Liability

Any portion of the amounts deposited with the exchange agent under the Merger Agreement that remains undistributed to the former SpinCo stockholders on the one-year anniversary of the effective time of the Merger will be delivered to Wabtec upon demand. Subject to any applicable abandoned property, escheat or similar applicable law, any former SpinCo stockholders who have not received shares of Wabtec common stock (as described above under —Merger Consideration) may thereafter look only to Wabtec for the merger consideration to which they are entitled under the Merger Agreement (as described above under —Merger Consideration), any cash in lieu of fractional shares of Wabtec common stock to which they may be entitled under the Merger Agreement (as described above under —Merger Consideration) or any dividends or other distributions with respect to the Wabtec common stock to which they may be entitled under the Merger Agreement (as described above under —Distributions With Respect to Shares of Wabtec Common Stock after the Effective Time of the Merger).

Pursuant to the Merger Agreement, none of Wabtec, GE, SpinCo, Merger Sub, the surviving corporation or the exchange agent will be liable to any person for any merger consideration deposited by Wabtec with the exchange agent (or dividends or distributions with respect to Wabtec common stock) or other cash, in each case delivered to a public official pursuant to any abandoned property, escheat or similar applicable law.

Withholding Rights

Each of the exchange agent, the surviving corporation, Wabtec and Merger Sub are entitled to deduct and withhold from any amounts otherwise payable under the Merger Agreement such amount as it is required to deduct and withhold with respect to the making of such payment under any provision of tax law. To the extent that amounts are so withheld, such withheld amounts will be treated for all purposes of the Merger Agreement as having been paid to the former SpinCo stockholders otherwise entitled to such amounts in respect of which such deduction and withholding was made.

Stock Transfer Books

From and after the effective time of the Merger, the stock transfer books of SpinCo will be closed, and there will be no further registration of transfers of shares of SpinCo common stock after that time on the records of SpinCo.

Post-Closing Wabtec Board of Directors and Officers

The Merger Agreement provides that Wabtec will, and will cause the Wabtec Board to, take all actions necessary to cause three individuals designated by GE to be appointed to the Wabtec Board as of the effective time of the Merger, including by increasing the size of the Wabtec Board and appointing the GE designees to fill the vacancies. Each of the GE designees will qualify as an independent director under the rules of the NYSE and will be reasonably acceptable to the Nomination and Corporate Governance Committee of the Wabtec Board.

At the direction of GE, (i) one of the GE designees selected by GE will be assigned to the class of directors that is up for reelection at the first annual meeting of Wabtec stockholders that occurs after the effective time of the Merger, (ii) one of the GE designees selected by GE will be assigned to the class of directors that is up for reelection at the second annual meeting of Wabtec stockholders that occurs after the effective time of the Merger, and (iii) one of the GE

designees selected by GE will be assigned to the class of directors that is up for reelection at the third annual meeting of Wabtec stockholders that occurs after the effective time of the Merger.

If the effective time of the Merger occurs within six months prior to the date of the 2019 annual meeting of Wabtec stockholders and prior to the date on which Wabtec commences mailing its proxy statement for the 2019 annual meeting of Wabtec stockholders, then Wabtec will, and will cause the Wabtec Board to, take all actions necessary to (i) nominate for election to the Wabtec Board at the 2019 annual meeting of Wabtec stockholders the GE designee selected by GE to be assigned to the class of directors that is up for reelection at the first

TABLE OF CONTENTS

annual meeting of Wabtec stockholders that occurs after the effective time of the Merger, (ii) recommend that Wabtec stockholders vote in favor of the election of such GE designee to the Wabtec Board and (iii) use no less rigorous efforts to support the election of such GE designee to the Wabtec Board than the efforts used to support the election of each other nominee of the Wabtec Board for election to the Wabtec Board at the 2019 annual meeting of Wabtec stockholders. If the effective time of the Merger occurs after the date on which Wabtec commences mailing its proxy statement for the 2019 annual meeting of Wabtec stockholders and prior to the 2019 annual meeting of Wabtec stockholders, then Wabtec will take all necessary action to cause the GE designee selected by GE to be assigned to the class of directors that is up for reelection at the first annual meeting of Wabtec stockholders that occurs after the effective time of the Merger to be re-appointed to the Wabtec Board as of immediately following the 2019 annual meeting of Wabtec stockholders (and to be re-assigned to the class of directors that was elected at the 2019 annual meeting of Wabtec stockholders).

Stockholders Meeting

Under the terms of the Merger Agreement, Wabtec is required to call, give notice of, convene and hold a meeting of its stockholders for the purpose of voting upon the Share Issuance and Wabtec Charter Amendment as promptly as reasonably practicable following the date on which the SEC clears Wabtec's proxy statement relating to such stockholders meeting and, if required by the SEC as a condition to the mailing of the proxy statement, the date on which the registration statement of Wabtec registering the shares of Wabtec common stock required for the Share Issuance has been declared effective. Wabtec is required to call this stockholders meeting for the purpose of voting upon the Share Issuance and Wabtec Charter Amendment regardless of the commencement, disclosure, announcement or submission to Wabtec or its stockholders of any Acquisition Proposal (as defined below under —No Solicitation) or any Adverse Recommendation Change (as defined below under —Board Recommendation). Subject to the provisions of the Merger Agreement described below under —Board Recommendation and —No Solicitation, Wabtec has agreed to use reasonable best efforts (consistent with the efforts customarily used in transactions of the type contemplated by the Merger Agreement, including engaging a proxy solicitor) to solicit from its stockholders proxies in favor of the approval of the Share Issuance and Wabtec Charter Amendment.

If, on the date of the stockholders meeting for the purpose of voting upon the Share Issuance and Wabtec Charter Amendment, Wabtec has not received proxies representing a sufficient number of shares of Wabtec common stock to approve the Share Issuance and Wabtec Charter Amendment, Wabtec may, or, upon written request of GE, will, adjourn such stockholders meeting until such date as is mutually agreed upon by Wabtec and GE, which date must be no less than five days nor more than 10 days after the date of adjournment, and subject to the terms and conditions of the Merger Agreement, Wabtec will continue to use its reasonable best efforts, together with its proxy solicitor, to assist in the solicitation of proxies from stockholders relating to the approval of the Share Issuance and Wabtec Charter Amendment. Wabtec may not adjourn such stockholders meeting more than one time unless mutually agreed by Wabtec and GE.

Representations and Warranties

The Merger Agreement contains representations and warranties that Wabtec has made to GE and SpinCo, on the one hand, and GE has made to Wabtec, on the other hand, as of specific dates. No representations or warranties were made as of any dates other than the dates specified in the Merger Agreement. The assertions embodied in those representations and warranties were made solely for purposes of the Merger Agreement and may be subject to important qualifications and limitations agreed to by Wabtec and GE in connection with negotiating the terms of the Transactions or contained in other disclosure documentation. Such disclosure documentation may contain information that modifies, qualifies or creates exceptions to the representations and warranties set forth in the Merger Agreement. Moreover, the representations and warranties may be subject to contractual standards of materiality different from those generally applicable to stockholder communications, or may have been used for the purpose of allocating risk

among Wabtec and GE. Accordingly, these representations and warranties may not describe the actual state of affairs as of the date they were made or at any other time. Wabtec, GE and SpinCo acknowledge that, notwithstanding the inclusion of the foregoing cautionary statements, they are responsible for considering whether additional specific disclosures of material information regarding material contractual provisions are required to ensure compliance with all applicable securities laws.

Conduct of Business Pending the Merger

Each of the parties has undertaken to perform customary covenants in the Merger Agreement that place restrictions on it and its subsidiaries until the earlier of the closing date of the Merger and the date on which the Merger Agreement is terminated in accordance with its terms as described below under —Termination.

In general, GE has agreed that, prior to the effective time of the Merger, except for the Transactions, as required by applicable law or with the prior written consent of Wabtec (which consent may not be unreasonably withheld, conditioned or delayed), and subject to certain other agreed exceptions, it will, and will cause its subsidiaries to, (i) use reasonable best efforts to conduct GE Transportation in the ordinary course, (ii) use reasonable best efforts to preserve intact the business organization of GE Transportation and the relations and goodwill of all material suppliers, material customers, material licensors, and governmental authorities, in each case, with respect to GE Transportation and to keep available the services of the present officers and key employees of GE Transportation, and (iii) manage the working capital of GE Transportation (including the timing of collection of accounts receivable and of the payment of accounts payable and the management of inventory) in the ordinary course of business.

In addition, GE has agreed that, prior to the effective time of the Merger, except for the Transactions, as required by applicable law, or with the prior written consent of Wabtec (which consent may not be unreasonably withheld, delayed or conditioned except in the case of the first, second, third and fourth bullet points below, and, insofar as related to any of the foregoing, the last bullet point below), and subject to certain other agreed exceptions, GE will not, and will not permit any of its subsidiaries to, take any of the following actions to the extent relating to GE Transportation:

amend the certificate of incorporation, bylaws or similar organizational documents of SpinCo or any Transferred Subsidiary;

split, combine or reclassify any shares of capital stock of SpinCo or any Transferred Subsidiary, or redeem,

repurchase or otherwise acquire or offer to redeem, repurchase, or otherwise acquire any shares of capital stock or other ownership interests of SpinCo or any Transferred Subsidiary;

issue, deliver or sell, or authorize the issuance, delivery or sale of, any shares of capital stock or other ownership interests of SpinCo or any Transferred Subsidiary, other than the issuance, delivery or sale of any shares of capital stock or other ownership interests of any Transferred Subsidiary to SpinCo or any other Transferred Subsidiary;

settle, or offer or propose to settle any material claim, action or proceeding involving GE Transportation, other than in the ordinary course of business;

fail to use reasonable best efforts to maintain (with insurance companies substantially as financially responsible as their existing insurers) insurance against at least such risks and losses as are consistent in all material respects with the past practice of GE Transportation, except to the extent such actions affect similarly situated businesses of GE and its subsidiaries and do not disproportionately affect GE Transportation; or

agree or commit to do any of the foregoing.

In addition, from the date of the Merger Agreement until the Distribution, GE will, and will cause each of its subsidiaries to, (i) prepare and timely file all tax returns that it is required to file, (ii) timely pay all taxes that it is required to pay, and (iii) promptly notify Wabtec of any notice of any material claim, action or proceeding before a governmental authority in respect of any tax matters (or any significant developments with respect to ongoing claims, actions, proceedings before a governmental authority in respect of such tax matters), in each case, in respect of SpinCo, GE Transportation, the SpinCo Assets (as defined in the section of this proxy statement titled "The Separation Agreement"), the Direct Sale Assets (as defined in the section of this proxy statement titled "The Separation Agreement") or any Transferred Subsidiary.

In general, Wabtec has agreed that, prior to the effective time of the Merger, except for the Transactions, as required by applicable law or with the prior written consent of GE (which consent may not be unreasonably withheld, conditioned or delayed), and subject to certain other agreed exceptions, it will, and will cause its subsidiaries to, use reasonable best efforts to (i) conduct the business of Wabtec and its subsidiaries in the ordinary course and (ii) preserve intact the business organization of Wabtec and its subsidiaries, and the relations and goodwill of all material suppliers, material customers, material licensors, and governmental authorities, in each case, with respect to the business of Wabtec and its subsidiaries, and to keep available the services of the present officers and key employees of Wabtec and its subsidiaries.

- acquire (by merger, consolidation, acquisition of stock or assets or otherwise), directly or indirectly, any material amount of assets, securities, properties, interests or businesses, other than (i) pursuant to existing contracts or commitments, (ii) acquisitions of goods or services in the ordinary course of business or (iii) acquisitions of assets, securities, properties or interests in an amount unless it would reasonably be expected to result in Wabtec ceasing to be rated by at least two of the three ratings agencies (meaning Moody's Investors Service, Inc., Standard & Poor's Ratings Services and Fitch Ratings, Inc.) as investment grade (meaning a rating of Baa3 or better by Moody's Investors Service, Inc., a rating of BBB- or better by Standard & Poor's Ratings Services, and a rating of BBB- or better by Fitch Ratings, Inc.);

The Merger Agreement contains certain additional representations, warranties and covenants relating to the preservation of the tax-free status of the Distribution and the Merger to GE stockholders. Additional representations, warranties and covenants relating to the intended tax treatment of the Distribution, the Merger and the Direct Sale are contained in the Tax Matters Agreement. Indemnification for taxes generally is governed by the terms, provisions and procedures described in the Tax Matters Agreement. See Other Agreements—Tax Matters Agreement.

TABLE OF CONTENTS

Regulatory Matters

The Merger Agreement provides that each of GE, SpinCo and Wabtec will use reasonable best efforts to consummate the Transactions, including:

preparing and filing as promptly as practicable with any governmental authority or other third party all documentation to effect all necessary filings, notices, petitions, statements, registrations, submissions of information, applications and other documents; and

obtaining and maintaining all approvals, consents, registrations, permits, authorizations and other confirmations required to be obtained from any governmental authority or other third party that are necessary, proper or advisable to consummate the Transactions.

Each of GE, SpinCo and Wabtec has also agreed to (i) cooperate with each other party in determining whether any applications, notices, registrations and requests are required or advisable to be filed with any governmental authority in order to consummate the transactions contemplated the Merger Agreement; (ii) file, individually or jointly, as appropriate, such applications, notices, registrations and requests as may be required or advisable to be filed by it with any governmental authority in order to consummate the transactions contemplated by the Merger Agreement, including (A) an appropriate filing of a notification and report form or forms, as applicable, pursuant to the HSR Act with respect to the transactions contemplated by the Merger Agreement, as promptly as practicable and (B) any other filings and clearances or expiration of waiting periods required in order to consummate the transactions contemplated by the Merger Agreement, as promptly as practicable; and (iii) supply as promptly as practicable any additional information and documentary material that may be requested by any such governmental authority.

Subject to applicable law relating to the sharing of information, each of GE, SpinCo and Wabtec has also agreed to furnish the other party or parties, as applicable, with copies of all documents and correspondence (i) prepared by or on behalf of such party or parties for any governmental authority and affording the other party or parties, as applicable, opportunity to comment and participate in responding, where appropriate; and (ii) received by or on behalf of such party or parties from any governmental authority, in each case in connection with any such consent, authorization, order or approval; provided that materials may be redacted (A) to remove references concerning valuation of GE Transportation, the other businesses of GE or the business of Wabtec and its subsidiaries or (B) as necessary to address reasonable attorney-client or other privilege concerns. Each of GE, SpinCo and Wabtec has also agreed to consult with and keep the other parties informed as to the status of the matters described in this paragraph and the immediately preceding paragraph.

In addition, the parties to the Merger Agreement will share the right to control and direct the process by which the parties seek to obtain the approvals, consents, registrations, permits, authorizations and other confirmations contemplated by the Merger Agreement, except that, following consultation with, and after giving due consideration to the views of, GE, Wabtec, acting reasonably and in good faith, will have the right to determine the strategy and implementation of the strategy for obtaining any and all necessary antitrust consents or approvals. The Merger Agreement provides that the parties to the Merger Agreement are prohibited from meeting or engaging in material conversations with any governmental authority or representative of such governmental authority in connection with obtaining any such consent, authorization, order and approval unless, to the extent reasonably practicable, it consults with the other party in advance and, to the extent not precluded by applicable law or regulation, offers the other party the opportunity to participate in such meeting or conversation. Each party to the Merger Agreement has agreed that it will not and will cause its affiliates not to, take, refrain from taking or cause to be taken any action that it is aware or should reasonably be aware would have the effect of delaying, impairing or impeding the receipt of any consent, authorization, order or approval of any governmental authorities.

In addition, the Merger Agreement provides that, notwithstanding the above, Wabtec will not be required in connection with its efforts to obtain any antitrust consents or approvals, to (i) litigate, appeal any such litigation, or

enter into any settlement, undertaking, consent decree, stipulation or agreement with any governmental authority in connection with the transactions contemplated by the Merger Agreement, or (ii) effect any disposition, licensing or holding separate of assets or lines of business or taking any other action (or otherwise agreeing to do any of the foregoing) with respect to any of its or any of its affiliates' business, assets or properties or GE Transportation in connection with its efforts to obtain any antitrust consents or approvals.

TABLE OF CONTENTS

Finally, the Merger Agreement provides that, notwithstanding the above, neither GE nor SpinCo will be required, in connection with its efforts to obtain any antitrust consents or approvals, to (x) litigate, appeal any such litigation, or enter into any settlement, undertaking, consent decree, stipulation or agreement with any governmental authority in connection with the transactions contemplated by the Merger Agreement, except that Wabtec and SpinCo will be required to litigate, or appeal any such litigation, to the extent reasonably directed to do so by Wabtec in the exercise of its authority to determine and implement the strategy for obtaining any and all necessary antitrust consents or approvals following consultation with, and after giving due consideration to the views of, GE as described above, (y) effect any disposition, licensing or holding separate of assets or lines of business or taking any other action (or otherwise agreeing to do any of the foregoing) with respect to any of its or any of its affiliates' business, assets or properties other than GE Transportation as set forth in the following clause, or (z) effect any disposition, licensing or holding separate of assets or lines of business or taking any other action (or otherwise agreeing to do any of the foregoing) with respect to GE Transportation that is not in any such case conditioned on the occurrence of the closing of the Merger.

No Solicitation

The Merger Agreement contains detailed provisions restricting GE's ability to seek certain alternative transactions with respect to GE Transportation and restricting Wabtec's ability to seek certain alternative transactions.

GE has agreed, from and after the date of the Merger Agreement through the nine-month anniversary of the date of the Merger Agreement, that it and its subsidiaries will not, and it and its subsidiaries will not authorize its or their officers, directors, employees, investment bankers, attorneys, accountants, consultants or other agents or advisors (each a representative) to:

- solicit, initiate or take any action to knowingly facilitate or encourage the submission of any Competing SpinCo Transaction (as defined below);
- enter into or participate in any discussions or negotiations with, furnish any information relating to GE Transportation or afford access to the business, properties, assets, books or records of GE Transportation to, otherwise cooperate in any way with, or knowingly assist, participate in, facilitate or encourage any effort by any third party that has made, is seeking to make or would reasonably be expected to make, a Competing SpinCo Transaction;
- approve, recommend or consummate any Competing SpinCo Transaction; or
- enter into any agreement in principle, letter of intent, term sheet, merger agreement, acquisition agreement, option agreement or other similar instrument relating to a Competing SpinCo Transaction.

In addition, GE agreed that it will, and will cause its subsidiaries to, and will instruct its representatives to, immediately cease and cause to be terminated all existing discussions or negotiations with any third party and its representatives conducted prior to the execution of the Merger Agreement with respect to any Competing SpinCo Transaction.

In addition, from and after the date of the Merger Agreement through the nine-month anniversary of the date of the Merger Agreement, (i) GE agreed that it will not, and will cause its subsidiaries not to, and it will instruct its representatives not to, release any third party from, or waive any provision of, any confidentiality or, subject to applicable duties of its directors under applicable law, standstill agreement to which it or one of its Affiliates is a party in connection with a Competing SpinCo Transaction and (ii) GE agreed to reasonably promptly (and in any event no later than the next business day) notify (orally and in writing) Wabtec after it or any of its representatives receives any proposal, inquiry, offer or request (or any amendment thereto) with respect to a Competing SpinCo Transaction, including in connection therewith any request for discussions or negotiations and any request for information relating to GE or any of its affiliates with respect to GE Transportation, or for access to the business, properties, assets, books or records of GE or any of its affiliates with respect to GE Transportation. The receipt by GE of a proposal in respect of a Competing SpinCo Transaction will not in any way or manner alter its or SpinCo's obligations under the

Transaction Documents.

The Merger Agreement provides that the term "Competing SpinCo Transaction" means any transaction or series of related transactions with a third party (other than the Transactions and asset sales and transfers not in violation of the interim operating covenants described above under "—Conduct of Business Pending the Merger") that constitutes a merger, consolidation, share exchange, business combination, acquisition, sale, transfer or other

disposition, in each case, of 20% or more of GE Transportation, except that that a Competing SpinCo Transaction will not be deemed to include: (i) a public offering, spin-off or split-off of GE Transportation (including an acquisition of shares by an investor or sponsor in connection therewith) if no third party obtains beneficial ownership of 50% or more of the shares of SpinCo common stock in connection therewith or (ii) any transaction or series of related transactions with a third party that includes the sale, transfer or other disposition of businesses or assets (or interests therein) in addition to GE Transportation if the aggregate revenues attributable to such other businesses and/or assets during the calendar year ended December 31, 2017 (as such revenues would be measured in accordance with GAAP, applied in a manner consistent with the audited financial statements of GE for such calendar year) were greater than the revenues of GE Transportation for such calendar year (as such revenues are reflected in the audited financial statements of GE Transportation).

Wabtec has agreed that it and its subsidiaries will not, and it and its subsidiaries will not authorize its or their representatives to:

- solicit, initiate or take any action to knowingly facilitate or encourage the submission of any Acquisition Proposal (as defined below);

- enter into or participate in any discussions or negotiations with, furnish any information relating to Wabtec or any of its subsidiaries or afford access to the business, properties, assets, books or records of Wabtec or any of its subsidiaries, otherwise cooperate in any way with, or knowingly assist, participate in, facilitate or encourage any effort by any third party that has made, is seeking to make or would reasonably be expected to make, an Acquisition Proposal;

- make an Adverse Recommendation Change (as defined below under —Board Recommendation); either fail to enforce, or grant any waiver or release under, any standstill or similar agreement with respect to any class of equity securities of Wabtec or any of its subsidiaries unless the Wabtec Board determines, after consultation with outside legal counsel, that the failure to take such action would be inconsistent with its fiduciary duties under the DGCL;

- approve any transaction under, or any person becoming an interested stockholder under, Section 203 of the DGCL; or enter into any agreement in principle, letter of intent, term sheet, merger agreement, acquisition agreement, option agreement or other similar instrument relating to an Acquisition Proposal or consummate any Acquisition Proposal. In addition, Wabtec agreed that it will, and will cause its subsidiaries and its and their representatives to immediately cease and cause to be terminated any and all existing activities, discussions or negotiations, if any, with any third party and its representatives conducted prior to the date of the Merger Agreement with respect to any Acquisition Proposal and will use its reasonable best efforts to cause any such third party (together with its representatives) that has executed a confidentiality agreement within the 12-month period prior to the date of the Merger Agreement and that is in possession of confidential information furnished by or on behalf of Wabtec or any of its subsidiaries before the date of the Merger Agreement (and all analyses and other materials prepared by or on behalf of such person that contains, reflects or analyzes that information) to return or destroy all such information as promptly as practicable. Wabtec also represents and warrants to GE that, during the 12-month period prior to the date of the Merger Agreement, neither it nor any of its subsidiaries has granted any waiver or release under any standstill or similar agreement with respect to any class of equity securities of Wabtec or any of its subsidiaries.

TABLE OF CONTENTS

Notwithstanding the covenants described in the foregoing paragraphs in this section, at any time prior to the receipt of the approval of Wabtec stockholders for the Share Issuance and the Wabtec Charter Amendment, Wabtec may, directly or indirectly through its representatives, furnish information to, and engage in negotiations or discussions with, a third party (and its representatives) who has made a bona fide written Acquisition Proposal that did not result from a breach of the Merger Agreement by Wabtec if, prior to furnishing such information and engaging in such negotiations and discussions, the Wabtec Board has:

reasonably determined that the Acquisition Proposal constitutes, or is reasonably expected to lead to, a Superior Proposal (which is described below), and has determined (after consulting with outside legal counsel and its financial advisor) that the failure to take such action would be inconsistent with its fiduciary duties under the DGCL; obtained from such third party a confidentiality agreement on terms no less favorable to Wabtec than those contained in Wabtec's confidentiality agreement with GE and that include standstill obligations that Wabtec reasonably determines are customary and expressly allow Wabtec to comply with its obligations described in this section and delivered to GE a copy of the confidentiality agreement for informational purposes only; and provided or made available to GE all such information (to the extent that such information has not been previously provided or made available to GE) prior to or substantially concurrently with the time it is provided or made available to such third party.

Moreover, the Merger Agreement requires Wabtec to:

advise GE on a prompt basis of the status and terms of any discussions and negotiations described in the preceding paragraph with any third party;

notify (orally and in writing) GE promptly (but in no event later than the next business day) after receipt by Wabtec (or any of its representatives) of any Acquisition Proposal or any request for information relating to Wabtec or any of its subsidiaries or for access to the business, properties, assets, books or records of Wabtec or any of its subsidiaries by any third party that has made, is seeking to make or would reasonably be expected to make, an Acquisition Proposal, which notice must identify the third party making, and the terms and conditions of, any such Acquisition Proposal, indication or request;

keep GE reasonably informed, on a prompt basis, of the status and details of any such Acquisition Proposal, indication or request; and

promptly (but in no event later than the next business day after receipt) provide to GE copies of all correspondence and written materials sent or provided to Wabtec or any of its subsidiaries or any of its or their representatives that describes any material terms or conditions of any Acquisition Proposal (as well as written summaries of any oral communications addressing such matters).

The Merger Agreement provides that the term Acquisition Proposal means (other than the transactions contemplated by the Merger Agreement) any offer or proposal relating to, or any third party indication of interest in:

any acquisition or purchase, direct or indirect, of 20% or more of the consolidated assets of Wabtec and its subsidiaries or 20% or more of any class of equity or voting securities of Wabtec or one or more of its subsidiaries whose assets, individually or in the aggregate, constitute 20% or more of the consolidated assets of Wabtec; any tender offer (including a self-tender offer) or exchange offer that, if consummated, would result in such third party's beneficially owning 20% or more of any class of equity or voting securities of Wabtec or one or more of its subsidiaries whose assets, individually or in the aggregate, constitute 20% or more of the consolidated assets of Wabtec;

a merger, consolidation, share exchange, business combination, sale of substantially all the assets, reorganization, recapitalization, liquidation, dissolution or other similar transaction involving Wabtec or one or more of its subsidiaries whose assets, individually or in the aggregate, constitute 20% or more of the consolidated assets of Wabtec; or

any combination of the foregoing.

The Merger Agreement provides that the term **Superior Proposal** means an unsolicited written Acquisition Proposal for a majority of the outstanding shares of Wabtec common stock or a majority of the consolidated assets of Wabtec and its subsidiaries on terms that the Wabtec Board determines by a majority vote, after considering the advice of a financial advisor and outside legal counsel and taking into account all the terms and conditions of the Acquisition Proposal, including any break-up fees, expense reimbursement provisions and conditions to consummation (and expected timing of consummation relative to the transactions contemplated by the Merger Agreement), are more favorable to Wabtec stockholders than as provided under the Merger Agreement (taking into account any proposal by GE to amend the terms of the Merger Agreement in response to such Acquisition Proposal), which the Wabtec Board determines is reasonably likely to be consummated and for which financing, if a cash transaction (whether in whole or in part), is then fully committed or reasonably determined to be available by the Wabtec Board.

Board Recommendation

Wabtec has agreed in the Merger Agreement that the Wabtec Board will not:

either fail to make, or withdraw or modify in a manner adverse to GE or SpinCo, the Wabtec Board's recommendation that Wabtec stockholders vote in favor of the Share Issuance and the Wabtec Charter Amendment (the **Wabtec Recommendation**);

fail to recommend against acceptance of any tender or exchange offer for Wabtec common stock within 10 business days after the commencement of such offer; or

approve, resolve to approve, adopt or recommend, or propose publicly to approve, resolve to approve, adopt or recommend, any Acquisition Proposal.

Any of the actions described in the foregoing bullet points constitutes an **Adverse Recommendation Change**.

In addition, notwithstanding the restrictions described above, at any time prior to obtaining Wabtec stockholder approval of the Share Issuance and the Wabtec Charter Amendment, the Wabtec Board may make an **Adverse Recommendation Change** following receipt of a Superior Proposal or in response to an Intervening Event (as defined below), but only if:

the Wabtec Board has determined (after consulting with outside legal counsel and its financial advisor) that failure to make an **Adverse Recommendation Change** with respect to the Superior Proposal or Intervening Event, as applicable, would be inconsistent with its fiduciary duties under the DGCL;

such Acquisition Proposal constitutes a Superior Proposal (if such **Adverse Recommendation Change** is to be taken in circumstances involving or relating to an Acquisition Proposal);

Wabtec promptly provides written notice to GE at least five business days before taking such action of its intention to do so, containing (i) in the case of any action intended to be taken in circumstances involving an Acquisition Proposal, the material terms of such Acquisition Proposal, including the most current version of the proposed agreement under which such Acquisition Proposal is proposed to be consummated and the identity of the third party making the Acquisition Proposal or (ii) in the case of any action to be taken in circumstances where there has been an Intervening Event, a reasonably detailed description of the underlying facts giving rise to, and the reasons for taking, such action;

GE does not make, within five business days after its receipt of the notice described in the third bullet point of this paragraph, an offer that (i) in the case of any action intended to be taken in circumstances involving an Acquisition Proposal, is at least as favorable to the Wabtec stockholders as such Acquisition Proposal or (ii) in the case of any

action to be taken in circumstances where there has been an Intervening Event, obviates the need for taking such action;

TABLE OF CONTENTS

during the five business day period following delivery of the notice described in the third bullet point of this paragraph (and three business day period in respect of a subsequent revised Acquisition Proposal described in the following bullet point), Wabtec and its representatives negotiate in good faith with GE and its representatives regarding any revisions proposed by GE to the terms of the transactions contemplated by the Merger Agreement; and if there is any amendment to the financial or other material terms of the Acquisition Proposal during the five business day period following delivery of the notice described in the third bullet point of this paragraph, Wabtec provides a new written notice of the terms of such amended Acquisition Proposal giving GE an additional three business day period to make an offer or proposal to revise the terms of the Merger Agreement in a manner that the Wabtec Board determines to be at least as favorable to Wabtec stockholders as such amended Acquisition Proposal.

The Merger Agreement provides that the term Intervening Event means material events or changes in circumstances the existence or consequences of which were not known to, or reasonably foreseeable by, Wabtec as of or prior to the date of the Merger Agreement and that do not relate to or involve any Acquisition Proposal, except that in no event will any changes resulting from the following constitute or be deemed to contribute to or otherwise be taken into account in determining whether there has been an Intervening Event:

- changes (or proposed changes) in GAAP, the regulatory accounting requirements applicable to any industry in which GE, SpinCo or any of their respective subsidiaries operate or applicable law, in each case to the extent affecting GE Transportation;

- changes in the financial, credit or securities markets (including changes in prevailing interest rates, credit availability and liquidity, currency exchange rates, price levels or trading volumes in any securities market) or general economic or political conditions, in each case to the extent affecting GE Transportation;

- changes or conditions generally affecting the industry or segments thereof in which GE, SpinCo or any of their respective subsidiaries operate, in each case to the extent affecting GE Transportation;

- acts of war, sabotage or terrorism or natural disasters, in each case to the extent affecting GE Transportation;

- the announcement of the Transactions or the identity of GE or Wabtec, including, in each case, with respect to employees, customers, distributors, suppliers, financing sources, landlords, licensors and licensees;

- any failure by Wabtec or any of its subsidiaries, GE or any of its subsidiaries or GE Transportation to meet any internal or published budgets, projections, forecasts or predictions of financial performance for any period or any change in GE or Wabtec's stock price or trading volume (except that the underlying cause of, or factors contributing to, such failure or change may be taken into account in determining whether there has been an Intervening Event, unless such underlying cause or factor would otherwise be excepted by another bullet point of this paragraph);

- actions required or expressly contemplated by the Merger Agreement to be taken by Wabtec, Merger Sub, GE, SpinCo or any of their respective affiliates;

- actions taken by GE, SpinCo or any of their respective affiliates at the written direction, or with the written consent, of Wabtec; or

- any stockholder or derivative litigation arising from or relating to the Merger Agreement or the Transactions.

In addition, the Merger Agreement provides that Wabtec is not prohibited from complying with Rule 14e-2(a) promulgated under the Exchange Act with regard to an Acquisition Proposal so long as any action taken or statement made to so comply is not in breach of the Merger Agreement; provided that any such action taken or statement made that relates to an Acquisition Proposal will be deemed to be an Adverse Recommendation Change unless the Wabtec Board reaffirms the Wabtec Recommendation in such statement or in connection with such action.

Financing

Simultaneously with the execution of the Merger Agreement, Wabtec entered into the Commitment Letter, as described in the section of this proxy statement entitled Debt Financing.

The Merger Agreement provides that Wabtec will, and will cause its subsidiaries to, use reasonable best efforts to take all actions necessary, proper or advisable to arrange the debt financing as promptly as practicable prior to the closing of the Merger on the terms and conditions set forth in the Commitment Letter. Furthermore, Wabtec is required to, and to cause its subsidiaries to, use reasonable best efforts to:

- maintain the Commitment Letter in effect until the earlier of the initial funding of the debt financing or the effectiveness of definitive agreements with respect thereto;
- negotiate definitive agreements with respect to the debt financing, on the terms and conditions contained in the Commitment Letter or on such other terms that would not be prohibited by the Merger Agreement, and upon effectiveness thereof, maintain such definitive agreements in effect until the initial funding of the debt financing;
- comply with the obligations that are set forth in the Commitment Letter that are applicable to Wabtec or any of its subsidiaries and satisfy on a timely basis all conditions precedent to the availability of the debt financing set forth in the Commitment Letter and the definitive agreements for the debt financing (upon the effectiveness thereof) that are within its control; and
- fully enforce the rights of Wabtec under the Commitment Letter and the definitive agreements for the debt financing (upon the effectiveness thereof).

The Merger Agreement provides that if all or any portion of the financing contemplated by the Commitment Letter or the related definitive agreements becomes unavailable or it becomes reasonably likely that it may become unavailable (in each case, other than as a result of the existence of Wabtec financing (as described below)), on the terms and conditions contemplated in the Commitment Letter or such definitive agreements, Wabtec will, and will cause its subsidiaries to, use reasonable best efforts to obtain promptly alternative financing, from the same or alternative financing sources, that is sufficient to finance the payments to be made to GE under the Separation Agreement and the Merger Agreement on terms that (x) do not contain conditions precedent to the funding that are less favorable to Wabtec than those in the Commitment Letter, (y) are consistent with the intended tax treatment of the Transactions, as reasonably determined by GE, and (z) have been approved in writing by GE (which approval will not be unreasonably withheld, conditioned or delayed). Wabtec will be subject to the same obligations described in this section with respect to any such alternative financing arrangements.

Wabtec has agreed to keep GE informed of the status of its efforts to arrange the debt financing contemplated under the Commitment Letter and to provide GE prompt notice if it or any of its subsidiaries obtain knowledge of any material breach (or threatened material breach) or default (or any event or circumstance that, with or without notice, lapse of time or both, could reasonably be expected to give rise to any material breach or default) by any party to the Commitment Letter or the related definitive agreements, any actual or threatened withdrawal, repudiation or termination of the financing contemplated by the Commitment Letter by any of the lenders, any material dispute or disagreement between or among any of the parties to the Commitment Letter or the related definitive agreements relating to, or otherwise potentially affecting, the amount or the availability of the financing contemplated by the Commitment Letter on the closing date of the Merger or satisfaction of the conditions thereunder; and any amendment or modification of, or waiver under, the Commitment Letter or the related definitive agreements. Wabtec will give GE prompt written notice if for any reason it believes in good faith that Wabtec will not be able to timely obtain all or any portion of the financing contemplated by the Commitment Letter on the terms and in the manner or from the sources contemplated by the Commitment Letter or the related definitive agreements (other than as a result of Wabtec financing (as described below)).

Except in limited circumstances, Wabtec may not, without GE's consent, amend, modify, supplement, restate, substitute, replace, terminate, or agree to any waiver under the Commitment Letter in a manner that adds new or expands upon the conditions precedent to the funding or that would reduce the aggregate amount of the financing provided for under the Commitment Letter, limit the rights and remedies of Wabtec as against the lenders party to the debt financing contemplated under the Commitment Letter or otherwise prevent, impair or materially delay the consummation of the Transactions. Notwithstanding the foregoing, Wabtec may implement or exercise any of

the market flex provisions exercised by such lenders in accordance with the fee letters relating to the debt financing that were entered into concurrently with the Merger Agreement (or, in respect of any alternative financing, in accordance with the market flex provisions exercised by the lenders in accordance with any fee letter relating thereto), and additional lenders and financing sources, and affiliates thereof, may be added (including in replacement of a lender) to the Commitment Letter (or all or a portion of the commitments may be assigned to new or existing lenders and financing sources) after the date of the Merger Agreement or the date of the Commitment Letter and Wabtec may reallocate commitments or assign or re-assign titles and roles to or among parties to the Commitment Letter.

Notwithstanding anything in the Merger Agreement, Wabtec has the right (i) to substitute for all or any portion of the financing contemplated by the Commitment Letter by reducing commitments under the Commitment Letter by an amount not in excess of the proceeds of consummated equity offerings or debt offerings or incurrences of debt provided that (A) if any such equity or debt has a scheduled special or mandatory redemption right, such right is not exercisable prior to the earliest of the closing or termination of the Merger Agreement and the End Date (as defined below under —Termination) and (B) the conditions to the use of such proceeds are no more restrictive than the conditions precedent to the availability of the financing set forth in the Commitment Letter, and (ii) to substitute commitments in respect of other financing for all or any portion of the financing contemplated by the Commitment Letter from the same or alternative bona fide third party financing sources, provided that such other financing (A) does not contain conditions precedent to the funding thereof that are less favorable to Wabtec than the conditions precedent with respect to funding set forth in the Commitment Letter, (B) would not reasonably be expected to prevent, impair or materially delay the consummation of the transactions contemplated by the Transaction Documents (including not having conditions to the use of such proceeds more restrictive than the conditions set forth in the Wabtec Commitment) and (C) would not adversely affect the ability of Wabtec to enforce its rights against other parties to the Commitment Letter or any related definitive agreements (any such financing pursuant to the foregoing clauses (i) and (ii), the Wabtec financing). Wabtec also agreed to hold the proceeds from any such Wabtec financing as unrestricted cash until the earliest of the closing or termination of the Merger Agreement and the End Date (as described under —Termination).

Prior to the closing of the Merger, GE has agreed to, and to cause its subsidiaries to, at Wabtec's expense, use reasonable best efforts to provide the cooperation reasonably requested by Wabtec that is necessary, proper or customary in connection with the arrangement and consummation of the debt financing or the Wabtec financing, including taking certain actions set forth in the relevant section of the Merger Agreement.

Certain Other Covenants and Agreements

The Merger Agreement contains certain other covenants and agreements, including covenants (with certain exceptions specified in the Merger Agreement) relating to:

each party's obligation to (i) give to the other party and its authorized representatives reasonable access to the personnel, offices, properties, books and records of Wabtec or GE Transportation, as applicable, (ii) furnish to the other party and its authorized representatives such financial and operating data and other information relating to Wabtec or GE Transportation, as applicable as such persons may reasonably request, and (iii) instruct its employees, counsel, financial advisors, auditors and other authorized representatives to cooperate with the other party in its investigation of Wabtec or GE Transportation, as applicable.

the obligations of Wabtec to obtain the release of GE from certain contracts, instruments or other arrangements to the extent relating to GE Transportation and for which GE or any of its subsidiaries other than the Transferred Subsidiaries is a guarantor or person required to provide financial support, including by substituting Wabtec or one of its subsidiaries for the GE entity that is a party to the contract, instrument or arrangement;

the obligations of GE and Wabtec to take all actions necessary to cause SpinCo and Merger Sub, as applicable, to perform their obligations under the Merger Agreement and to consummate the Merger on the terms and conditions set forth in the Merger Agreement;

- steps required to cause any disposition of shares of SpinCo common stock or acquisitions of Wabtec common stock resulting from the Transactions by each officer or director who is subject to the reporting requirements of Section 16(a) of the Exchange Act with respect to Wabtec or SpinCo to be exempt under Rule 16b-3 promulgated under the Exchange Act;

• GE's obligation to provide to Wabtec audited financial statements and interim financial statements of GE Transportation.

Conditions to the Merger

The obligations of Wabtec, GE, Merger Sub and SpinCo to consummate the Merger are subject to the satisfaction (or, to the extent permitted by applicable law, waiver by Wabtec and GE) of the following conditions:

• the Internal Reorganization, the Direct Sale and the Distribution will have been consummated in all material respects in accordance with the Separation Agreement;

Wabtec will have received a certificate signed by an executive officer of GE to the effect that each of the conditions specified in the first three bullet points above have been satisfied;

- Wabtec will have received the Wabtec Tax Opinion, which will not have been withdrawn or modified in any material respect, and copies of the GE Tax Opinions;

GE and SpinCo (or a subsidiary thereof) will have entered into each applicable Additional Agreement and each such agreement will be in full force and effect;

since the date of the Merger Agreement, no event, change, effect, development or occurrence will have occurred that has had or would reasonably be expected to have, individually or in the aggregate, a material adverse effect on GE Transportation (as discussed above under —Representations and Warranties); and

GE will have delivered to Wabtec the audited financial statements of GE Transportation and such audited financial statements will not differ from the applicable unaudited financial statements of GE Transportation that GE delivered to Wabtec prior to the date of the Merger Agreement in a manner that is material to the intrinsic value (determined in a manner consistent with appropriate valuation methodologies) of GE Transportation in a manner that is adverse (excluding any differences resulting from (x) any changes in the amount of goodwill or intangible assets and (y) certain other matters specifically agreed upon by the parties), except that Wabtec will be deemed to have irrevocably waived the condition set forth in this bullet point if it does not exercise its right to terminate the Merger Agreement within 20 business days following GE's delivery of audited financial statements of GE Transportation.

All of the foregoing bullet points are referred to as Wabtec Conditions to the Merger. The first four bullet points listed above are referred to as the Additional Conditions to the Merger for Wabtec's Benefit. The eighth bullet point listed above is referred to as the Financial Statement Condition for Wabtec's Benefit.

GE's and SpinCo's obligations to effect the Merger are subject to the satisfaction (or, to the extent permitted by applicable law, waiver by GE) of the following additional conditions:

each of Wabtec and Merger Sub will have performed in all material respects all of its obligations under the Merger Agreement required to be performed by it prior to the effective time of the Merger, the representations and warranties of Wabtec with respect to corporate existence and power, corporate authorization, capitalization, brokers' fees and no shareholders rights plans or antitakeover laws (disregarding all materiality, material adverse effect and similar qualifications contained in such representations and warranties) will be true in all material respects at and as of the effective time of the Merger as if made at and as of such time (other than such representations and warranties that by their terms address matters only as of another specified time, which will be true in all material respects only as of such time);

The first four bullet points listed above are referred to as the Additional Conditions to the Merger for GE's Benefit.

Termination

The Merger Agreement may be terminated and the Transactions may be abandoned at any time prior to the consummation of the Merger by the mutual written agreement of GE and Wabtec. In addition, subject to specified qualifications and exceptions, either GE or Wabtec may terminate the Merger Agreement and abandon the Transactions at any time prior to the consummation of the Merger:

if the Merger has not been consummated by May 20, 2019 (such date, as it may be extended as described below, the End Date), unless, as of May 15, 2019, the only conditions to the consummation of the Merger that have not been satisfied or waived are the conditions relating to the HSR Act and other material governmental approvals required with respect to the Transaction and the absence of any laws or governmental orders prohibiting the Transactions relating to the foregoing and certain conditions that certain of the Transactions have been consummated, in which case either party may elect to extend the End Date from May 20, 2019 to August 20, 2019, except that this right to terminate will not be available to (x) any party whose breach of any provision of the Merger Agreement results in the failure of the closing of the Merger to have occurred by the End Date or (y) Wabtec at a time when the GE is permitted to proceed with a Termination for Failure to Pay Direct Sale Purchase Price (as described below); if any governmental authority has issued any final and nonappealable order, decree or judgment permanently restraining, enjoining or otherwise prohibiting the Transactions, except that this right will not be available to any party whose breach of the Merger Agreement results in the imposition of any such order, decree or judgment; or if Wabtec stockholders fail to approve the Share Issuance and the Wabtec Charter Amendment at the meeting of Wabtec stockholders (including any adjournment, continuation or postponement of such meeting), except that this right will not be available to Wabtec if Wabtec has not complied with its obligations described above in —No Solicitation and —Board Recommendation .

In addition, subject to specified qualifications and exceptions, Wabtec may terminate the Merger Agreement if:

a breach of any representation or warranty or failure to perform any covenant or agreement on the part of GE or SpinCo set forth in the Merger Agreement will have occurred that would cause the Additional Conditions to the Merger for Wabtec's Benefit not to be satisfied, and such breach or failure to perform (i) is incapable of being cured by the End Date or (ii) has not been cured by GE or SpinCo within 45 days following written notice to GE from Wabtec of such breach or failure to perform and Wabtec's intent to terminate the Merger Agreement or the Financial Statement Condition for Wabtec's Benefit is not satisfied upon the delivery to Wabtec of the audited financial statements of GE Transportation and Wabtec exercises its right of termination within 20 business days of such delivery.

In addition, subject to specified qualifications and exceptions, GE may terminate the Merger Agreement and abandon the Transactions if:

• a breach of any representation or warranty or failure to perform any covenant or agreement on the part of Wabtec or Merger Sub set forth in the Merger Agreement will have occurred that would cause the

TABLE OF CONTENTS

Additional Conditions to the Merger for GE's Benefit not to be satisfied, and such breach or failure to perform (i) is incapable of being cured by the End Date or (ii) has not been cured by Wabtec or Merger Sub within 45 days following written notice to Wabtec from GE of such breach or failure to perform and GE's intent to terminate the Merger Agreement (a termination pursuant to this provision, a Termination for Wabtec's Material Breach);

an Adverse Recommendation Change has occurred, or at any time after receipt or public announcement of an Acquisition Proposal, the Wabtec Board has failed to reaffirm the Wabtec Board Recommendation as promptly as reasonably practicable (but in any event within five business days) after receipt of any written request to do so from GE;

Wabtec has failed to comply with its obligations under the Merger Agreement relating to the meeting of Wabtec stockholders, the solicitation of alternative transactions or the content of the proxy statement and registration statements, except for de minimis breaches with respect to these obligations that are promptly cured, if such breach is curable;

all of the Joint Conditions to the Merger and Wabtec Conditions to the Merger have been satisfied (other than (i) the condition that the Internal Reorganization, the Direct Sale and the Distribution will have been consummated in all material respects in accordance with the Separation Agreement and (ii) those conditions which by their terms or nature are to be satisfied at the closing of the Merger), GE has given written notice to Wabtec that it is prepared to consummate the Internal Reorganization, the Distribution and the closing of the Merger if the Direct Sale occurs and the Direct Sale does not occur within two business days of such written notice as a result of Direct Sale Purchaser's failure to pay the Direct Sale Purchase Price (a termination pursuant to this provision, a Termination for Failure to Pay Direct Sale Purchase Price); or

any Governmental Authority has issued any order, decree or judgment in respect of any governmental approvals required to consummate the Merger, including under the HSR Act or other antitrust laws, restraining, enjoining or otherwise prohibiting any of the Transactions which order, decree or judgment has not become final and non-appealable and Wabtec has not, within 30 days of such order, decree or judgment first being in effect, instituted appropriate proceedings seeking to, or thereafter has not been using reasonable best efforts to, have such order, decree or judgment vacated, lifted, reversed, overturned or terminated.

If the Merger Agreement is validly terminated, the Merger Agreement will terminate without any liability on the part of any party or their respective representatives except as described below in the section of this proxy statement entitled —Termination Fee and Expenses, except that the provisions of the Merger Agreement relating to confidentiality, the effect of termination of the Merger Agreement, reimbursement, fees and expenses and certain of the general provisions of the Merger Agreement will survive any termination and remain in full force and effect and no party will be relieved from liability for any willful and material breach prior to such termination. In addition, if there is a Termination for Failure to Pay Direct Sale Purchase Price, Wabtec will be deemed to have willfully and materially breached its obligations to consummate the closing of the Merger.

Termination Fee and Expenses

The Merger Agreement provides that, upon termination of the Merger Agreement under specified circumstances, a termination fee of \$300 million is payable by Wabtec to GE. The circumstances under which this termination fee is payable include:

if GE terminates the Merger Agreement due to (i) an Adverse Recommendation Change or a failure by the Wabtec Board to reaffirm the Wabtec Board Recommendation, (ii) Wabtec's failure to include the Wabtec Recommendation in the Wabtec proxy statement, or (iii) Wabtec's failure to comply with its obligations under the Merger Agreement relating to the meeting of Wabtec stockholders or the non-solicitation of alternative transactions;

if (i) Wabtec or GE terminates the Merger Agreement because the Merger has not been consummated by the End Date (if the Wabtec stockholder approval of the Share Issuance and Wabtec Charter Amendment has not been received) or the Wabtec stockholders fail to approve the Share Issuance or the Wabtec Charter Amendment or there is a

Termination for Wabtec's Material Breach, (ii) prior to the termination of the Merger Agreement, an Acquisition Proposal is publicly announced or otherwise has

TABLE OF CONTENTS

been communicated to the Wabtec Board or the management of Wabtec or Wabtec stockholders, and (iii) within 12 months after the date of termination, Wabtec enters into a definitive agreement with respect to, or recommends to its stockholders, any Acquisition Proposal or any Acquisition Proposal has been consummated; provided that solely for purpose of this provision, references to 20% in the definition of Acquisition Proposal will be deemed to refer to 50% ;

if Wabtec or GE terminates the Merger Agreement because (i) the End Date has passed or (ii) any governmental authority of any competent jurisdiction has issued an order, judgment or decree that has the effect of permanently prohibiting the consummation of the Transactions and such order has become final and nonappealable (solely in respect of the matters described in (A) or (B) below), if, as of the time of such termination, one or more of the conditions to closing set forth in the Merger Agreement (discussed above) relating to (A) the termination or expiration of any applicable waiting period under the HSR Act relating to the Merger, (B) taking, making or obtaining all material actions by, consents or approvals of, or in respect of or filing with any governmental authority required to permit the consummation of the closing of the Merger or (C) any order, judgment or decree issued by a governmental authority of competent jurisdiction that is in effect and has the effect of permanently prohibiting the consummation of the Merger (if the order, judgment or decree relates to any of the matters references in (A) and (B)) have not been satisfied, but all Wabtec Conditions to the Merger (other than those conditions which by their terms or nature are to be satisfied at the closing, but provided that such conditions not so satisfied are capable of being satisfied promptly if the closing of the Merger were to occur) have been satisfied or waived;

if there is a Termination for Wabtec's Material Breach in respect of Wabtec's obligations described above under

- —Regulatory Matters ; or

if GE terminates the Merger Agreement because (i) any governmental authority of any competent jurisdiction has issued an order, judgment or decree that has the effect of permanently prohibiting the consummation of the Transactions, which such order has not become final and nonappealable and (ii)

- Wabtec fails to (A) institute appropriate proceedings seeking to have such order, judgment or decree vacated, lifted reversed, overturn or terminated within 30 days of such order, judgment or decree first being in effect or (B) use reasonable best efforts to have such order, judgment or decree vacated, lifted reversed, overturn or terminated thereafter.

The parties acknowledge that in no event will Wabtec be required to pay more than one termination fee.

If the Merger Agreement is terminated because Wabtec stockholders fail to approve the Share Issuance and the Wabtec Charter Amendment at the meeting of Wabtec stockholders, Wabtec will be required to reimburse GE and SpinCo and their respective affiliates in cash for all of their out-of-pocket fees and expenses in connection with the Transactions after submission of written documentation therefor, up to a maximum of \$40 million. Any such fees and expenses reimbursed by Wabtec will reduce the amount of the termination fee payable in the circumstances described the second bullet point above.

Except as described in this section and subject to certain exceptions, the Merger Agreement provides that all out-of-pocket expenses incurred in connection with the Merger Agreement and the Transactions are to be paid by the party incurring the expenses.

If Wabtec fails to pay the termination fee or expenses described above when due, the amount of such payment will be increased to include the costs of all expenses reasonably incurred by GE and SpinCo in connection with a legal action to enforce the Merger Agreement that results in a judgment against Wabtec, together with interest on the unpaid termination fee or expense. Payment of the fees and expenses described in this section will not be in lieu of any damages incurred in the event of willful and material breach of the Merger Agreement.

Specific Performance

In the Merger Agreement, the parties acknowledge that irreparable damage would occur, and that the parties would not have any adequate remedy at law, in the event that any of the provisions of the Merger Agreement were not performed in accordance with their specific terms or were otherwise breached. Accordingly, the parties will be entitled to an injunction to prevent breaches of the Merger Agreement and to enforce the Merger Agreement, without proof of actual damages or otherwise, in addition to any other remedy to which any party is entitled at law or in equity, without the requirement for securing or posting of any bond in connection with such

remedy. The parties to the Merger Agreement further agree not to assert that a remedy of specific enforcement is unenforceable, invalid, contrary to law or inequitable for any reason, or that a remedy of monetary damages would provide an adequate remedy. Notwithstanding the foregoing, while GE may pursue both a grant of specific performance of Wabtec's and Merger Sub's obligations pursuant to the Merger Agreement and the payment of the termination fee, the parties to the Merger Agreement agree that under no circumstances will GE or any person be entitled to receive both a grant of specific performance for the consummation of the transactions contemplated by the Merger Agreement and any termination fee described above under —Termination Fee and Expenses, unless such grant of specific performance is not complied with or does not result in the consummation of the Merger.

Amendments; Waivers

No provision of the Merger Agreement may be amended or waived except by an instrument in writing signed by, in the case of an amendment, all of the parties to the Merger Agreement, or, in the case of a waiver, by the party or parties against whom the waiver is to be effective. For any amendments or waivers to the sections of the Merger Agreement relating to amendments and waivers, successors and assigns, governing law, jurisdiction, waiver of jury trial, third-party beneficiaries and non-recourse to certain non-parties to the Merger Agreement that, in each case, adversely affect any of Wabtec's financing sources, the prior written consent of the affected financing sources will be required before such amendment or waiver is effective with respect to such affected financing source.

Overview

The Separation Agreement provides for the Separation of GE Transportation from GE, including the Internal Reorganization, the Direct Sale, the SpinCo Transfer and the Distribution. Among other things, the Separation Agreement specifies (1) those assets of GE related to GE Transportation that are to be transferred to, and those liabilities of GE related to GE Transportation that are to be assumed by, Direct Sale Purchaser in the Direct Sale and (2) those assets of GE related to GE Transportation that are to be transferred to, and those liabilities of GE related to GE Transportation that are to be assumed by, SpinCo and the SpinCo Transferred Subsidiaries in the Separation, and sets forth when and how these transfers and assumptions will occur. The Separation Agreement also includes procedures for the Internal Reorganization and the Distribution by which GE and SpinCo will become separate and independent companies. The matters addressed by the Separation Agreement include, but are not limited to, the matters described below.

Separation of GE Transportation

Internal Reorganization

At or prior to the Distribution Date, GE and SpinCo will take such steps (which may include transfers of stock or other equity interests, formation of new entities and/or declaration of dividends) as may be required to effect the Internal Reorganization in accordance with the Separation Agreement, pursuant to which, among other things, all of the SpinCo Transferred Subsidiaries will become direct or indirect subsidiaries of SpinCo.

Direct Sale

Under the Separation Agreement, on the Distribution Date immediately prior to the consummation of the Separation, in consideration of the Direct Sale Purchase Price to be paid to GE by Direct Sale Purchaser on the Distribution Date, (i) GE will assign, transfer, convey and deliver (*transfer*) to Direct Sale Purchaser, certain specified assets of GE Transportation (the *Direct Sale Assets*), potentially including the equity interests of one or more subsidiaries of GE (such subsidiaries and each of their respective subsidiaries, the *Direct Sale Transferred Subsidiaries*) and (ii) the Direct Sale Purchaser will assume certain specified liabilities of GE Transportation (the *Direct Sale Liabilities*). The

Direct Sale Transferred Subsidiaries and the SpinCo Transferred Subsidiaries are referred to as the Transferred Subsidiaries.

In addition, Wabtec has agreed that (i) Direct Sale Purchaser will not be a direct or indirect subsidiary of Merger Sub and (ii) Merger Sub will not be a direct or indirect subsidiary of Direct Sale Purchaser.

Consents and Delayed Transfers

The Separation Agreement provides that parties will cooperate to obtain any third-party consents required in connection with the transactions contemplated by the Separation Agreement. Neither GE nor Wabtec nor any of their respective affiliates will be required to compensate any such third party, commence or participate in any action or offer or grant any accommodation in connection with obtaining any third-party consent or approval, except that Wabtec has agreed to provide a guaranty to each third party requested to eliminate any liability of GE or any of its subsidiaries that is not a Transferred Subsidiary in respect of any contract constituting a SpinCo Asset or Direct Sale Asset.

If and to the extent that any consent or governmental approval with respect to any SpinCo Asset, SpinCo Liability, Direct Sale Asset, Direct Sale Liability, Excluded Asset or Excluded Liability has not been obtained prior to the Distribution Effective Time, then the transfer of any such asset or liability in connection with the Separation will be automatically deemed deferred until such time as all legal impediments are removed and all necessary consents and governmental approvals have been obtained, subject to specified exceptions. Where the transfer of an asset or liability requires the consent of a third party and such consent has not been obtained prior to the Distribution, then, to the extent permitted under such contract and applicable law, the parties to the Separation Agreement will use reasonable best efforts to develop and implement mutually acceptable arrangements to place the applicable party (or affiliate thereof) entitled to receive such asset or liability, as the case may be, insofar as reasonably possible, in substantially the same position as if such asset or liability has been transferred as contemplated by the Separation Agreement. The applicable party (or affiliate thereof) entitled to receive such asset or liability (as applicable) will be deemed to have acquired complete and sole beneficial ownership of such assets as if such asset had been transferred as contemplated by the Separation Agreement and will treat for all tax purposes such assets and liabilities as having been transferred to it as contemplated by the Separation Agreement. The party retaining such asset will hold such asset in trust for the use and benefit and burden of the other (at such other party's expense) until properly conveyed.

TABLE OF CONTENTS

In addition, the parties agreed to use commercially reasonable efforts to separate certain identified shared contracts ((i) that are material to GE Transportation and identified on a schedule to be delivered by Wabtec to GE within 60 days following the date of the Separation Agreement or (ii) with respect to which the parties agree to seek separation prior to the Distribution) into separate contracts effective as of the Distribution Effective Time or as promptly as practicable thereafter so that SpinCo or any Transferred Subsidiary will be entitled to rights and benefits and will assume the related portion of liabilities with respect to each such shared contract to the extent related to GE Transportation and GE and its subsidiaries that are not a Transferred Subsidiaries will have the rights and benefits and will assume the related portion of liabilities with respect to each such shared contract to the extent related to any GE business other than GE Transportation, except that neither party will be required to pay any amount to any third party, commence or participate in any action or offer or grant any accommodation to any third party to obtain any such separation. Upon such separation of such shared contract, the separated contract will be a SpinCo Asset or an Excluded Asset, as applicable. The obligations of the parties to seek separation will terminate on the first anniversary of the Distribution Date or, if earlier with respect to any such identified shared contract, upon the expiration of the term of such shared contract.

Certain Additional Agreements

The Separation Agreement requires that on or prior to the Distribution Date, GE and Wabtec will, and will cause their respective applicable affiliates to, execute and deliver prior to the Distribution Effective Time all conveyance and assumption instruments as may be necessary to effect the Internal Reorganization and the transfers of the SpinCo Assets, the SpinCo Liabilities, the Direct Sale Assets, the Direct Sale Liabilities, the Excluded Assets and the Excluded Liabilities, as applicable, in accordance with the terms of the Separation Agreement.

In addition, on the Distribution Date, each of GE, SpinCo, Wabtec and Direct Sale Purchaser will, and will cause each of their applicable subsidiaries to, execute and deliver each of the Additional Agreements, as more fully described in the section of this proxy statement entitled Other Agreements.

Intercompany Agreements and Intercompany Accounts

All contracts between GE or any of its subsidiaries on behalf of any of a GE business other than GE Transportation, on the one hand, and GE or any of its subsidiaries on behalf of GE Transportation, on the other hand, will be terminated at or prior to the Distribution Effective Time, except for certain agreements like the Transaction Documents, conveyance and assignment agreements and certain contracts listed on a schedule to the Separation Agreement. In addition, all outstanding intercompany accounts, including intercompany liabilities, between GE or any of its subsidiaries on behalf of a GE business other than GE Transportation, on the one hand, and GE or any of its subsidiaries on behalf of GE Transportation, on the other hand, will be satisfied, settled or otherwise terminated no later than the Distribution Effective Time, except for any surviving intercompany accounts (as defined above under —SpinCo Liabilities).

Cash, Debt and Receivables Adjustment

Within 60 days after the Distribution Date, (i) SpinCo will prepare and submit to GE a statement that sets forth its calculation of (A) the SpinCo Cash Amount (as defined below) as of immediately prior to the Distribution Effective Time, (B) SpinCo Indebtedness (as defined below) as of immediately prior to the Distribution Effective Time, and (C) the Excess Factored Customer Receivables (as defined below), if any, which, in each case, will be prepared in accordance with certain accounting principles set forth on a schedule to the Separation Agreement (the SpinCo Proposed Statement) and (ii) Direct Sale Purchaser will prepare and submit to GE a statement that sets forth its calculation of (A) the Direct Sale Cash Amount (as defined below) as of immediately prior to the consummation of the Direct Sale and (B) the Direct Sale Indebtedness (as defined below) as of immediately prior to the consummation

of the Direct Sale), which, in each case, will be prepared in accordance with certain accounting principles set forth on a schedule to the Separation Agreement (the Direct Sale Proposed Statement).

The Separation Agreement sets forth the procedures to be followed regarding the provision of information and in the event that GE disputes the correctness of the SpinCo Proposed Statement or the Direct Sale Proposed Statement.

If the SpinCo Adjustment Amount (as defined below) or the Direct Sale Adjustment Amount (as defined below), in each case, as finally determined in accordance to the provisions above, is a positive number, then within three

TABLE OF CONTENTS

business days following the final determination of the SpinCo Adjustment Amount or the Direct Sale Adjustment Amount, as the case may be, SpinCo or Direct Sale Purchaser, as applicable, will pay to GE in immediately available funds via wire transfer an amount equal to such SpinCo Adjustment Amount or the Direct Sale Adjustment Amount, as applicable. If the SpinCo Adjustment Amount or the Direct Sale Adjustment Amount, in each case, as finally determined in accordance to the provisions above, is a negative number, then within three business days following the final determination of the SpinCo Adjustment Amount or the Direct Sale Adjustment Amount, as the case may be, GE will pay to SpinCo or Direct Sale Purchaser, as applicable, in immediately available funds via wire transfer an amount equal to the absolute value of such SpinCo Adjustment Amount or the Direct Sale Adjustment Amount, as applicable.

Under the Separation Agreement, the following terms have the following meanings:

Direct Sale Cash Amount means, whether positive or negative, as of any time, the aggregate amount of cash and cash equivalents held by any Direct Sale Transferred Subsidiary (in each case other than restricted cash held by any Direct Sale Transferred Subsidiary), including the amount of any checks and drafts (including both written and electronic fund transfer orders) (i) received by any Direct Sale Transferred Subsidiary but not yet deposited and (ii) deposited for the account of any Direct Sale Transferred Subsidiary but not yet cleared as of immediately prior to the consummation of the Direct Sale (but only to the extent actually cleared after such time), except that the value of any cash and cash equivalents held in non-U.S. jurisdictions will be determined in accordance with the accounting principles listed on a schedule to the Separation Agreement. The Direct Sale Cash Amount will be reduced by an amount equal to any cut but uncashed checks as of immediately prior to the consummation of the Direct Sale (to the extent that such cut but uncashed checks are drawn from bank accounts that are included in the Direct Sale Assets or which obligations otherwise constitute Direct Sale Liabilities).

Direct Sale Indebtedness means, without duplication, any indebtedness of any Direct Sale Transferred Subsidiary, excluding any liabilities solely between Direct Sale Transferred Subsidiaries.

Direct Sale Adjustment Amount means, whether positive or negative, an amount equal to Direct Sale

- Closing Cash (as finally determined in accordance with the provisions above) minus Direct Sale Closing Indebtedness (as finally determined in accordance with the provisions above).

The SpinCo Cash Amount will be reduced by an amount equal to any cut but uncashed checks as of immediately prior to the Distribution Effective Time (to the extent that such cut but uncashed checks are drawn from bank accounts that are included in the SpinCo Assets or which obligations otherwise constitute SpinCo Liabilities).

SpinCo Indebtedness means, without duplication, any indebtedness of SpinCo or any SpinCo Transferred Subsidiary, excluding any liabilities solely between SpinCo and any SpinCo Transferred Subsidiaries or between SpinCo Transferred Subsidiaries.

Issuance of SpinCo Common Stock

On or before the Distribution Date, in connection with the SpinCo transfer, SpinCo will issue and deliver to GE 8,700,000,000 shares of SpinCo common stock in book-entry form or such other amount as GE determines, subject to the consent of Wabtec not to be unreasonably withheld, conditioned or delayed.

Distribution

The Separation Agreement provides that the Distribution may be effected, at GE's option, by way of a spin-off, a split-off or a combination thereof. As previously noted, this proxy statement has been prepared under the assumption that the Distribution Shares will be distributed to GE stockholders pursuant to a spin-off. Based on market conditions prior to the closing of the Merger, corporate finance considerations and timing considerations, GE will determine whether the Distribution Shares will be distributed to GE's stockholders in a spin-off or split-off.

Conditions to the Distribution and the Direct Sale

The obligations of GE, Wabtec and Direct Sale Purchaser to consummate the Direct Sale and the obligations of GE to commence and consummate the Distribution are subject to the prior or simultaneous satisfaction or, to the extent permitted by applicable law, waiver of each of the conditions to the obligation of the parties to the Merger Agreement to consummate the Merger and effect the other transactions contemplated by the Merger Agreement (other than those conditions that by their nature are to be satisfied contemporaneously with or immediately following the Direct Sale or the Distribution which such conditions are capable of being satisfied at such date), in each case as described in the section of this proxy statement entitled The Merger Agreement—Conditions to the Merger. The parties to the Separation Agreement agree that the Distribution Effective Time will occur on the same date as the closing of the Merger.

Disclaimer

Except as expressly provided otherwise in any Transaction Document, each party, on behalf of itself and each of its affiliates, has agreed that no other party nor any of their respective affiliates is making any representation or warranty of any kind whatsoever, express or implied, to the other parties or any of their respective affiliates or to any other person in respect of the transactions contemplated by the Separation Agreement or any information that may have been exchanged or provided pursuant to the Separation Agreement or any other Transaction Document, and that all SpinCo Assets are being assigned and transferred, and all SpinCo Liabilities are being assumed, on an as is, where is basis, with no representation or warranty of any kind.

Mutual Release; Indemnification; Limitation of Liability

Both GE and SpinCo will release each other and specified related parties from any and all liabilities existing or arising from any acts or events occurring (or failing to occur) or any conditions existing or alleged to have existed, in each case, on or prior to the Distribution Effective Time. The Separation Agreement, however, provides the release described above will not limit or otherwise affect any person's rights or obligations pursuant to or contemplated by, or the ability to enforce, any surviving intercompany agreement or surviving intercompany account (as defined above under —SpinCo Liabilities).

TABLE OF CONTENTS

The Separation Agreement provides that, without limiting the indemnity provisions of the Additional Agreements, following the Distribution Effective Time, GE will indemnify, defend (or, where applicable, pay the defense costs for) and hold harmless SpinCo, its affiliates and their respective representatives and successors and assigns (the "SpinCo indemnitees") from and against, and will reimburse such SpinCo indemnitees with respect to, any and all liabilities, including damages, losses, deficiencies, obligations, penalties, judgments, settlements, claims, payments, fines and other costs and expenses of any and all actions, demands, assessments, judgments, settlements and compromises relating thereto and the reasonable costs and expenses of attorneys, accountants, consultants and other professionals fees and expenses incurred in the investigation or defense thereof or the enforcement of rights under the Separation Agreement (subject to the limitations in the Separation Agreement, "indemnifiable losses") of the SpinCo indemnitees to the extent arising out of, resulting from or related to (without duplication): (a) any Excluded Liabilities, including the failure of GE or any of its subsidiaries that is not a Transferred Subsidiary to assume any Excluded Liabilities or (b) any breach by GE or any of its subsidiaries that is not a Transferred Subsidiary of any obligations to be performed by such persons pursuant to the Separation Agreement after the Distribution Effective Time.

In addition, the Separation Agreement provides that, without limiting the indemnity provisions of the Additional Agreements, following the Distribution Effective Time, Wabtec will indemnify, defend (or, where applicable, pay the defense costs for) and hold harmless GE, its affiliates and their respective representatives and successors and assigns (the "GE indemnitees") from and against, and will reimburse such GE indemnitees with respect to, any and all indemnifiable losses of the GE indemnitees to the extent arising out of, resulting from or related to (without duplication): (a) any SpinCo Liabilities, including the failure of any member of SpinCo or any SpinCo Transferred Subsidiary to assume any SpinCo Liabilities, (b) any Direct Sale Liabilities, including the failure of Direct Sale Purchaser to assume any Direct Sale Liabilities, or (c) any breach by SpinCo, any Transferred Subsidiary, Wabtec or Direct Sale Purchaser of any obligations to be performed by such persons pursuant to the Separation Agreement after the Distribution Effective Time.

The Separation Agreement provides that, after the Distribution, the sole and exclusive remedy with respect to any breach of the Separation Agreement or any conveyance and assumption instrument entered into in connection with the Separation Agreement will be a claim for indemnification as described above, except that the foregoing will not impair any person's right to specific performance or equitable relief under any of the Transaction Documents.

Under the Separation Agreement, the amount of any indemnifiable losses will be reduced by:

- any insurance proceeds or third-party proceeds actually received by or on behalf of the applicable indemnitee corresponding to any such indemnifiable loss, in each case net of the costs of collection of such indemnifiable loss and any increase in premium attributable thereto, and, in the case of any insurance proceeds, net of any applicable deductible or retention; and

- any tax benefit actually realized by the applicable indemnitee arising from the incurrence or payment of any such indemnifiable loss (determined on a with and without basis and by treating the loss or deduction (or a carryforward thereof) attributable to such indemnifiable loss as the last item taken into account in determining the applicable indemnitee's tax liability).

All rights and obligations of GE and Wabtec with respect to indemnification for tax matters will be governed by the Tax Matters Agreement and will not be subject to the provisions of the Separation Agreement described in this section (see the section of this proxy statement entitled "Other Agreements—Tax Matters Agreement").

The Separation Agreement provides for certain limitations in connection with indemnification sought by the parties for indemnifiable losses, including the following:

- no indemnitee will be entitled to payment or indemnification more than once with respect to the same matter; and

no party will have any right to set off any losses (including indemnifiable losses) against any payments to be made by any such party under any other agreement between the parties, including the Transaction Documents.

The Separation Agreement provides each party will, and will cause its subsidiaries to, use commercially reasonable efforts to collect or recover, or allow the indemnifying party to collect or recover, or cooperate with

TABLE OF CONTENTS

each other in collecting or recovering, any insurance proceeds that may be collectible or recoverable with respect to indemnifiable losses. If an indemnifying party makes any payment for any indemnifiable losses pursuant to the provisions described above, such indemnifying party will be subrogated, to the extent of such payment, to all rights and remedies of the indemnitee to any insurance benefits or other claims of the indemnitee with respect to such indemnifiable losses and the matters giving rise to such indemnifiable losses.

If the indemnification described above is unavailable for any reason to an indemnitee in respect of any indemnifiable loss (other than, and to the extent resulting from, failure to provide notice with respect to any third-party claims in accordance with the Separation Agreement), then the indemnifying party will contribute to the indemnifiable losses incurred, paid or payable by such indemnitee as a result of such indemnifiable loss in such proportion as is appropriate to reflect the relative fault of Wabtec, Direct Sale Purchaser, SpinCo and each Transferred Subsidiary, on the one hand, and GE and each of its subsidiaries that is not Transferred Subsidiaries, on the other hand, in connection with the circumstances which resulted in such indemnifiable loss. Solely for purposes of determining relative fault under the contribution provisions in the Separation Agreement: (a) any fault associated with the conduct of any GE business other than GE Transportation prior to the Distribution Effective Time will be deemed to be allocated to GE and its subsidiaries that are not Transferred Subsidiaries, and no such fault will be deemed to be the fault of SpinCo or any Transferred Subsidiary; and (b) any fault associated with the conduct of GE Transportation prior to the Distribution Effective Time will be deemed to be the fault of SpinCo and the Transferred Subsidiaries, and no such fault will be deemed to be the fault of GE or any of its subsidiaries that are not Transferred Subsidiaries.

Further Assurances and Certain Additional Covenants

The Separation Agreement addresses additional obligations of the parties relating to, among other things, cash management, insurance, amendments to the Internal Reorganization step plan, access generally, financial statements and accounting, witness services, reimbursement, retention of books and records, confidentiality, privileged matters, ownership of information, further action regarding intellectual property rights and other agreements. Certain of these obligations and covenants are described below.

Further Assurances

Subject to the terms of the Merger Agreement and the Separation Agreement, the Separation Agreement requires that each party use reasonable best efforts to take, or cause to be taken, all actions and to do, or cause to be done, and to assist and cooperate with the other party in doing or causing to be done, all things necessary, proper or advisable under applicable laws to consummate the Transactions as soon as practicable after the date of the Separation Agreement and as may be otherwise required to consummate and make effective the Transactions.

GE Names and Marks

The Separation Agreement provides that the parties will enter into the Trademark License Agreement with respect to the licensing of certain GE Names and Marks (as defined below) as described below in Other Agreements—Trademark and Licensing Agreement. Except as otherwise provided in the Separation Agreement or the Trademark License Agreement, SpinCo and its affiliates will cease and discontinue all uses of the GE Names and Marks immediately upon the Distribution Effective Time. SpinCo, for itself and its affiliates, has agreed that the rights of SpinCo and the Transferred Subsidiaries and their respective affiliates to the GE Names and Marks pursuant to the terms of any trademark agreements or otherwise between GE or any of its affiliates, on the one hand, and SpinCo, any of the Transferred Subsidiaries or their respective affiliates, on the other, will terminate on the Distribution Date and be replaced by such rights as are provided by the Separation Agreement and the Trademark License Agreement.

Under the Separation Agreement, immediately as of the Distribution Date, SpinCo has agreed to, and to cause its affiliates to:

except as permitted under the Separation Agreement and the Trademark License Agreement, (A) cease all use of any of the GE Names and Marks on or in connection with all stationery, business cards, purchase orders, lease agreements, warranties, indemnifications, invoices and other similar correspondence and other documents of a contractual nature and (B) complete the removal of the GE Names and Marks from all product, services and technical information promotional brochures prior to expiration of the Trademark License Agreement;

TABLE OF CONTENTS

with respect to assets or SpinCo Assets bearing any GE Names and Marks, use their commercially reasonable efforts to relabel such assets or SpinCo Assets or remove such GE Names and Marks from such assets or SpinCo Assets as promptly as practicable, and in any event prior to the expiration of the Trademark License Agreement;

not, expressly or by implication, do business as or represent themselves as GE or any of its affiliates;

with respect to assets managed, operated or leased after the Distribution Date, represent in writing to the owners or lessors of such assets that such assets are those of SpinCo and its affiliates and not those of GE and its affiliates;

except to the extent otherwise provided in the Trademark License Agreement, cooperate with GE and its affiliates in terminating any contracts pursuant to which GE or any of its subsidiaries that is not a Transferred Subsidiary or SpinCo or any of the Transferred Subsidiaries license any GE Names and Marks to customers in connection with GE Transportation;

take all necessary action to ensure that other users of any GE Names and Marks, whose rights terminate upon the Distribution Effective Time pursuant to the provisions of the Separation Agreement described above, will cease use of the GE Names and Marks, except as expressly authorized thereafter by GE.

except as contemplated by the Trademark License Agreement, promptly after the Distribution Date, but in any event no later than 10 business days after the Distribution Date, make all filings with any and all offices, agencies and bodies and take all other actions necessary to adopt new corporate names, registered names, and registered fictitious names of SpinCo and the Transferred Subsidiaries and their respective affiliates that do not consist in whole or in part of, and are not dilutive of or confusingly similar to, the GE Names and Marks (new corporate names), and upon receipt of confirmation from the appropriate registry that such name changes have been effected, provide GE with written proof that such name changes have been effected; and

use best efforts to adopt new corporate names as soon as possible after the Distribution Effective Time.

Under the Separation Agreement, GE Names and Marks means the names or marks owned, licensed or used by GE, any of its subsidiaries that are not Transferred Subsidiaries or any of their respective affiliates, including names that use or contain GENERAL ELECTRIC (in block letters or otherwise), the General Electric monogram, General Electric Company and GE, either alone or in combination with other words and all marks, trade dress, logos, monograms, domain names and other source identifiers confusingly similar to or embodying any of the foregoing either alone or in combination with other words, except those specified on an annex to the Separation Agreement.

Further Action Regarding Intellectual Property Rights

If, after the Distribution Date, GE or SpinCo identifies any item of (i) SpinCo intellectual property, (ii) SpinCo data/technology, (iii) SpinCo software, (iv) registrable intellectual property owned by GE or any of its subsidiaries that was not set forth on the schedules to the Separation Agreement listing the same but for which GE Transportation is responsible as reflected in GE's intellectual property rights docketing systems (it being understood that GE and SpinCo will discuss in good faith any identified misallocation of designations of responsibility within such docketing systems) (unscheduled registrable intellectual property) or (v) intellectual property rights (other than registrable intellectual property and the GE Names and Marks), data or technology owned by GE or any of its subsidiaries that is not used exclusively in GE Transportation or set forth on the schedules to the Separation Agreement listing the same but for which GE Transportation is responsible as reflected in GE's intellectual property rights docketing systems (it being understood that GE and SpinCo will discuss in good faith any identified misallocation of designations of responsibility within such docketing systems) (SpinCo docketed intellectual property/data/technology), in each case, that inadvertently was not previously transferred or set forth on the applicable annex to the Separation Agreement, as applicable, by GE, any of its subsidiaries that are not Transferred Subsidiaries or any of their affiliates to SpinCo, then, to the extent that GE has the right to do so and without paying additional consideration (other than a nominal fee (e.g., \$1)) to a third party, GE will (or will cause any of its subsidiaries that are not Transferred Subsidiaries or its affiliates to) transfer such SpinCo intellectual property, SpinCo data/technology, SpinCo software, unscheduled registrable intellectual property or SpinCo docketed intellectual property/data/technology to SpinCo pursuant to the terms of

TABLE OF CONTENTS

the Separation Agreement for no additional consideration, except that if such transfer requires payment of additional consideration, then SpinCo may elect to have such license so transferred at its own expense.

Further, until such time as the transfers described above have been effected, GE and its subsidiaries that are not Transferred Subsidiaries, on behalf of themselves and their affiliates, have granted to SpinCo and the SpinCo Transferred Subsidiaries, effective as of the Distribution Date, (i) a non-exclusive, royalty-free, fully paid-up, worldwide, irrevocable, sublicensable and transferable right and license (or sublicense, as the case may be) to fully use, practice and otherwise exploit such SpinCo intellectual property, SpinCo software, SpinCo data/technology, unscheduled registrable intellectual property, or SpinCo docketed intellectual property/data/technology controlled by GE or any of its subsidiaries that is not a Transferred Subsidiary, as applicable, and its affiliates and (ii) a covenant not to sue with respect to the foregoing activities.

In addition, if, after the Distribution Date, GE or SpinCo identifies any item of GE intellectual property, GE software or GE data/technology (other than unscheduled registrable intellectual property and SpinCo docketed intellectual property/data/technology) that was (i) transferred by GE or any of its subsidiaries that is not a Transferred Subsidiary or any of its affiliates or (ii) owned by SpinCo or a SpinCo Transferred Subsidiary prior to the Distribution Date and that was not transferred to GE or an affiliate of GE prior to the Distribution Date, SpinCo will, or will cause the SpinCo Transferred Subsidiary to, promptly transfer such GE intellectual property, GE software or GE data/technology to GE or its designated affiliate pursuant to the terms of the Separation Agreement for no additional consideration.

Further, until such time as the transfers described above have been effected, SpinCo, on behalf of itself and its affiliates, has granted to GE and its affiliates, effective as of the Distribution Date, (i) a non-exclusive, royalty-free, fully paid-up, worldwide, irrevocable, sublicensable and transferable right and license (or sublicense, as the case may be) to fully use, practice and otherwise exploit such GE intellectual property, GE software or GE data/technology controlled by SpinCo or its affiliates and (ii) a covenant not to sue with respect to the foregoing activities.

Third Party Licenses

Under the Separation Agreement, the parties have agreed that, to the extent that any intellectual property rights, software, technology or data included in SpinCo Assets or Direct Sale Assets is licensed or sublicensed from a third party under a contract (other than a contract constituting a SpinCo Asset), such intellectual property rights, software, technology or data is subject to all of the terms and conditions of the contract between GE or any of its subsidiaries that is not a Transferred Subsidiary and such third party pursuant to which such intellectual property rights, software, technology or data has been licensed or sublicensed to GE or any of its subsidiaries that is not a Transferred Subsidiary, as applicable, including limitations to the field or scope of use.

Factored Customer Receivables

Under the Separation Agreement, GE has agreed to cause GE Transportation not to have any accounts receivable of GE Transportation as of the Distribution Effective Time sold or otherwise transferred or divested by GE Transportation to any person or entity, or otherwise subject to any factoring arrangement, as of the Distribution Effective Time, other than Factored Customer Receivables (as defined above under —Separation of GE Transportation—Cash, Debt and Receivables Adjustment).

Access to Information

Subject to compliance with the terms of the Transaction Documents and to appropriate restrictions for privileged information or confidential information, until the later of the sixth anniversary of the Distribution Effective Time and

the expiration of the applicable statute of limitations, if applicable, and subject to compliance with the terms of the Transaction Documents, upon the prior written reasonable request by GE or SpinCo, the applicable party will use commercially reasonable efforts to provide, as soon as reasonably practicable following the receipt of such request, reasonable access or, to the extent such information is reasonably practicable to identify and extract, copies of such information in the possession or control of such applicable party (or its affiliates), but only to the extent such requested information is not already in the possession or control of the requesting party or any of its affiliates and is necessary for a reasonable business purpose. GE and SpinCo have also agreed to make their respective personnel available during regular business hours to discuss the information exchanged

TABLE OF CONTENTS

pursuant to the foregoing and inform their respective representatives who have or have access to the other party's information provided pursuant to the foregoing of their obligation to hold such information confidential in accordance with the provisions of the Separation Agreement.

Matters related to the provision of tax records for tax matters will be governed by the Tax Matters Agreement and will not be subject to the provisions of the Separation Agreement described in this section (see the section of this proxy statement entitled "Other Agreements—Tax Matters Agreement").

Insurance

From and after the Distribution Date, SpinCo and the Transferred Subsidiaries will cease to be in any manner insured by, entitled to any benefits or coverage under or entitled to seek benefits or coverage from or under any insurance policies of GE ("GE insurance policies") other than (i) any insurance policy issued exclusively in the name and for the benefit of SpinCo or any Transferred Subsidiary, (ii) with respect to any matters covered by an insurance policy that have been properly reported to the relevant insurer(s) prior to the Distribution Date, or (iii) for claims brought solely under certain insurance policies listed on a schedule to the Separation Agreement, for any claim, occurrence, injury, damage or loss that occurred or existed prior to the Distribution Date, in each case under clauses (i) through (iii) above subject to the terms and conditions of the relevant insurance policies and the Separation Agreement, except to the extent otherwise mandated by applicable law.

In addition, SpinCo and the Transferred Subsidiaries agreed to procure all contractual and statutorily obligated insurance at the Distribution Effective Time. In addition, the rights of SpinCo and the Transferred Subsidiaries under subparagraphs (ii) and (iii) of the preceding paragraph are subject to and conditioned upon the following:

SpinCo and the Transferred Subsidiaries (A) will be solely responsible for notifying any and all insurance companies of such claims and complying with all policy terms and conditions for pursuit and collection of such claims; (B) will not, without the written consent of GE, amend, modify or waive any rights of GE or other insureds under any such insurance policies and programs; and (C) will exclusively bear and be liable (and the GE will have no obligation to repay or reimburse SpinCo or any Transferred Subsidiary) for all uninsured, uncovered, unavailable or uncollectible amounts relating to or associated with all such claims.

With respect to coverage claims or requests for benefits asserted by SpinCo and the Transferred Subsidiaries under the insurance policies listed on a schedule to the Separation Agreement as described in subclause (iii) above, GE will have the right but not the duty to monitor and/or associate with such claims its sole cost and expense. to permit GE to manage and conduct its insurance matters as it deems appropriate.

The foregoing provisions will not limit, modify or in any way affect the rights and obligations of the parties under the indemnification provisions described above under —Mutual Release; Indemnification; *provided,*

TABLE OF CONTENTS

however, that any Insurance Proceeds actually collected with respect to a particular indemnifiable loss will be taken into account under and to the extent required by the indemnification provisions of the Separation Agreement. No payments due with respect to the above will be affected by, or be subject to set off against, any payments due pursuant to the cash and indebtedness adjustment provisions of the Separation Agreement discussed above under —Separation of GE Transportation—Cash, Debt and Receivables Adjustment. Whenever the insurance provisions of the Separation Agreement, as summarized in this section, require SpinCo or any Transferred Subsidiary to take any action after the closing of the Transactions, such requirement will be deemed to constitute an undertaking on the part of Wabtec to take such action or to cause SpinCo or such Transferred Subsidiary, as applicable, to take such action.

Termination

The Separation Agreement will terminate without further action at any time before the Distribution Effective Time upon termination of the Merger Agreement. If the Separation Agreement is so terminated, no party will have any liability of any kind to any other party or any other person on account of the Separation Agreement, except as provided in the Merger Agreement.

Assignment

The Separation Agreement and the rights and obligations under the Separation Agreement may not be assigned or delegated in whole or in part by any party by operation of law or otherwise without the express written consent of Wabtec, in the case of an attempted assignment or delegation by GE, or GE, in the case of an attempted assignment or delegation by Wabtec, Direct Sale Purchaser or SpinCo, except that Direct Sale Purchaser may assign or delegate any of its rights or obligations pursuant to this Agreement, in whole or in part, to one or more wholly owned subsidiaries of Wabtec (other than Merger Sub or any of its subsidiaries) without the prior consent of GE; provided that such assignment or delegation will not relieve Direct Sale Purchaser of its obligations under the Separation Agreement. Any attempted assignment that is not in accordance with this paragraph will be null and void.

Amendment and Waiver

Except as otherwise provided in the Separation Agreement with respect to the Internal Reorganization or amendments to the step plan for the Internal Reorganization provided by GE to Wabtec prior to the date of the Separation Agreement, no provision of the Separation Agreement may be amended or waived except by an instrument in writing signed by, in the case of an amendment, all of the parties to the Merger Agreement, or, in the case of a waiver, by the party or parties against whom the waiver is to be effective. For any amendments or waivers to the sections of the Separation Agreement relating to amendments and waivers, third-party beneficiaries, governing law, jurisdiction, waiver of jury trial and non-recourse to certain non-parties to the Merger Agreement that, in each case, adversely affect any of Wabtec's financing sources, the prior written consent of the affected financing sources will be required before such amendment or waiver is effective.

If a change of control triggering event (as defined in the New Wabtec Notes Indenture) occurs, Wabtec must make an offer to purchase the New Wabtec Notes of each series at a price equal to 101% of their principal amount, plus accrued and unpaid interest to, but not including, the date of repurchase.

The New Wabtec Notes are subject to customary events of default, as set forth in the New Wabtec Notes Indenture. The New Wabtec Notes are subject to covenants that limit Wabtec's ability, and the ability of Wabtec's restricted subsidiaries, to (i) incur, suffer to exist or guarantee any debt secured by certain liens and (ii) enter into sale and leaseback transactions, in each case, subject to exceptions and qualifications, as set forth in the New Wabtec Notes Indenture.

The New Wabtec Notes are Wabtec's senior unsecured obligations and rank equally in right of payment with Wabtec's other senior unsecured indebtedness outstanding from time to time. The New Wabtec Notes are effectively subordinated to Wabtec's existing and future secured indebtedness to the extent of the assets securing that indebtedness and effectively subordinated to any existing and future indebtedness and other liabilities, including trade payables, of Wabtec's subsidiaries that do not guarantee the New Wabtec Notes. The guarantees of the New Wabtec Notes will be the senior unsecured obligations of each guarantor, ranking equally in right of payment with all existing and future unsecured and unsubordinated indebtedness of such guarantor. The

Other Agreements

Wabtec, GE, SpinCo and Merger Sub and certain of their respective subsidiaries and stockholders, directors and officers, in each case as applicable, have entered into or, before the consummation of the Transactions, will enter into, certain other agreements relating to the Transactions and various interim and ongoing relationships among GE, SpinCo and Wabtec. The material terms of these agreements are summarized below.

Voting Agreement

In connection with the signing of the Merger Agreement, certain stockholders, directors and officers of Wabtec beneficially owning approximately 10.9% of the outstanding shares of Wabtec entered into the Voting Agreement with GE which will remain in effect until the earliest of (i) the date on which the applicable approval of the Share Issuance and the Wabtec Charter Amendment is obtained from Wabtec stockholders, (ii) the date on which the Merger Agreement is terminated in accordance with its terms, and (iii) one year after GE or Wabtec sends a notice of termination of the Merger Agreement that is not withdrawn prior to the end of such one-year period. This summary is qualified in its entirety by reference to the full text of the Voting Agreement, which is attached as Annex C to this proxy statement and incorporated herein by reference.

With respect to each stockholder party to the Voting Agreement, the Wabtec common stock covered by the Voting Agreement (covered shares) includes their existing shares (subject to certain permitted transfers), together with any shares of Wabtec common stock or other capital stock of Wabtec and any shares of Wabtec common stock or other capital stock of Wabtec issuable upon the conversion, exercise or exchange of securities that are as of the relevant date securities convertible into or exercisable or exchangeable for shares of Wabtec common stock or other capital stock of Wabtec, in each case that such specified stockholder has or acquires beneficial ownership of on or after May 20, 2018.

Each stockholder party to the Voting Agreement agreed that until expiration of the Voting Agreement, at any meeting of Wabtec stockholders, such stockholder will:

• appear or otherwise cause their covered shares to be counted as present for purposes of calculating a quorum; and
• vote (or cause to be voted), in person or by proxy, all of their covered shares:
• in favor of the Share Issuance, the Wabtec Charter Amendment and any related action reasonably requested by GE;
• against any action or agreement that would result in a breach of any covenant, representation or warranty or any other obligation or agreement of Wabtec in the Merger Agreement or of such stockholder in the Voting Agreement; and
• against any Acquisition Proposal or Superior Proposal and against any other action, agreement or transaction involving Wabtec or its subsidiaries that would reasonably be expected to materially impede, interfere with, delay, postpone, adversely affect or otherwise materially adversely affect or prevent the consummation of the Merger or the other transactions contemplated by the Merger Agreement or the performance by Wabtec of its obligations under the Merger Agreement or by such stockholder of its obligations under the Voting Agreement.
Additionally, each applicable stockholder agreed (i) not to commence or participate in and (ii) to take all actions necessary to opt out of any claim against Wabtec, Merger Sub, GE, SpinCo or any of their respective affiliates relating to the Voting Agreement or the Merger Agreement or the consummation of the transactions contemplated thereby. Furthermore, each applicable stockholder agreed not to, at any time prior to expiration of the Voting Agreement (a) enter into any voting agreement or voting trust with respect to their covered shares, (b) grant a proxy, consent or power of attorney with respect to their covered shares, or (c) knowingly take any action that would make any representation or warranty of such stockholder untrue or incorrect or have the effect of preventing such stockholder from performing any of its obligations under the Voting Agreement.

Until the expiration of the Voting Agreement, each applicable stockholder agreed not to:

enter into agreement or take any action that violates or conflicts with (or would reasonably be expected to do the same) such stockholder's representations, warranties, covenants and obligations under the Voting Agreement, or

TABLE OF CONTENTS

take any action that could restrict or otherwise affect such stockholder's legal power, authority and right to comply with and perform its covenants and obligations under the Voting Agreement.

Additionally, until expiration of the Voting Agreement, each applicable stockholder agreed not to request registration of the transfer of any of its covered shares or any certificate in respect thereof.

Until expiration of the Voting Agreement, subject to certain exceptions, each applicable stockholder is prohibited from transferring any of such stockholder's covered shares, beneficial ownership thereof or any other interest therein.

Nothing in the Voting Agreement limits or restricts a stockholder in his or her capacity as a director or officer of Wabtec from acting or voting in such capacity in such person's sole discretion or exercising such stockholder's fiduciary duties. No party may assign, delegate or otherwise transfer any of its rights or obligations under the Voting Agreement without the consent of the other parties.

Shareholders Agreement

In connection with the closing of the Transactions, Wabtec and GE will enter into a Shareholders Agreement governing the rights and obligations of Wabtec, GE and certain of GE's affiliates with respect to the shares of Wabtec common stock to be retained by GE following the completion of the Merger. The Shareholders Agreement sets out, among other things, standstill restrictions, a voting agreement, transfer restrictions and registration rights and procedures as further described below. This summary is qualified by reference to (i) the full text of the form of Shareholders Agreement, which is attached as Annex D to this proxy statement and incorporated herein by reference, and (ii) the terms and conditions of the final Shareholders Agreement.

Pursuant to the Merger Agreement, GE will become the beneficial owner of a number of shares of Wabtec common stock in an amount equal to approximately 9.9% of Wabtec's outstanding common stock (the Initial Shares). The Initial Shares and any equity securities of Wabtec issued or issuable directly or indirectly to GE with respect to or on account of the Initial Shares (subject shares) are subject to the terms of the Shareholders Agreement.

Pursuant to the Shareholders Agreement, from the closing date of the Merger until the earlier of (i) the later of the 24-month anniversary of the closing date of the Merger and the 3-month anniversary of the date that GE and any of its permitted transferees that hold subject shares (Stockholder Parties) first cease to beneficially own any subject shares and (ii) a change of control of Wabtec (as defined below), the Stockholder Parties will not, and will cause all of their respective subsidiaries and controlled affiliates not to, directly or indirectly, unless approved by a majority of the Wabtec Board:

acquire (or offer or agree to do the same) beneficial ownership of Wabtec common stock or any other security of Wabtec other than equity securities of Wabtec issued or issuable directly or indirectly with respect to or on account of the Initial Shares;

make any statement or proposal to Wabtec or its stockholders regarding, or make any public announcement, proposal or offer or otherwise solicit or effect (whether directly or indirectly, publicly or otherwise):

any business combination, merger, tender offer, exchange offer or similar transaction involving Wabtec or any of its subsidiaries that may reasonably be expected to result in a change of control;

any restructuring, recapitalization, liquidation, dissolution or similar transaction involving Wabtec or any of its subsidiaries, including any material divestiture, break-up or spinoff;

any acquisition of any equity securities of Wabtec or any of its subsidiaries or rights or options to acquire the same; or the composition of or election of any individual to the Wabtec Board;

enter into any discussions, negotiations, arrangements or understandings with respect to the foregoing, or form, join or participate in a group with respect to Wabtec common stock in connection with any of the foregoing;

request, call or seek to call a meeting of Wabtec stockholders, nominate any individual for election to the Wabtec Board at any meeting of stockholders, submit any stockholder proposal to seek

TABLE OF CONTENTS

representation on the Wabtec Board or any other proposal to be considered by Wabtec stockholders, or recommend that any other Wabtec stockholders vote in favor of, or otherwise publicly comment favorably or unfavorably about, or solicit votes or proxies for, any such nomination or proposal submitted by another stockholder, or otherwise publicly seek to control or influence the Wabtec Board, management or policies of Wabtec;

• deposit any subject shares or any other Wabtec common stock in a voting trust or similar arrangement or subject such shares to any voting agreement, pooling arrangement or similar arrangement; or
• take any action which would reasonably be expected to require Wabtec to make a public announcement regarding any of the foregoing.

The foregoing limitations will not (i) preclude confidential proposals made by a Stockholder Party to the Wabtec Board or (ii) limit the activities of any person appointed to the Wabtec Board pursuant to the terms of the Merger Agreement taken in his or her capacity as a director of Wabtec.

For purposes of the Shareholders Agreement, a change of control of Wabtec includes an event(s) by which (i) any person or group directly or indirectly becomes the beneficial owner of 50% or more of outstanding Wabtec common stock, (ii) all or substantially all of the consolidated assets of Wabtec are sold, (iii) Wabtec is consolidated, merged, amalgamated, reorganized or otherwise enters into a similar transaction in which it is combined with another person, unless the persons who beneficially own the outstanding Wabtec common stock immediately before such transaction beneficially own a majority of the outstanding voting securities of the combined, resulting or surviving entity (or its parent) immediately thereafter, (iv) Wabtec stockholders approve of any plan or proposal for liquidation or dissolution, or (v) a majority of the Wabtec Board no longer consists of directors who were (i) a member of the Wabtec Board as of the date of the Shareholders Agreement, (ii) appointed to the Wabtec Board pursuant to the Merger Agreement or (iii) nominated or elected to the Wabtec Board with the approval of a majority of the then-existing Wabtec Board.

For as long as the Stockholder Parties hold subject shares, each Stockholder Party must vote all its subject shares in the same proportion as the votes cast by all Wabtec common stock not beneficially owned by the Stockholder Parties on such matter. So long as the Stockholder Parties, in the aggregate, hold at least 5% of the then-outstanding Wabtec common stock, Wabtec must meet with such Stockholder Parties representatives at such times as they may reasonably request.

Subject to certain exceptions, for a period of 90 days following the closing date of the Merger, the Stockholder Parties will not, directly or indirectly, offer, sell, contract to sell or otherwise dispose of any subject shares or any securities convertible into, or exercisable or exchangeable for subject shares, or publicly announce an intention to effect any such transaction. After such 90-day period, subject to certain exceptions, the subject shares will not be subject to transfer restrictions under the Shareholders Agreement except that the Stockholder Parties will be prohibited from transferring more than 1% of the outstanding Wabtec common stock to any person if such Stockholder Party actually knows (after reasonable inquiry) that the transferee holds 2% or more of outstanding Wabtec common stock prior to such transfer.

Pursuant to the Shareholders Agreement and subject to limited extensions, by no later than the third anniversary of the closing date of the Merger, the Stockholder Parties must sell all of the subject shares that they beneficially own.

The Shareholders Agreement will terminate with respect to each Stockholder Party at the time such Stockholder Party ceases to beneficially own any subject shares or, if earlier, upon the written agreement of Wabtec and such Stockholder Party.

Employee Matters Agreement

In connection with the Transactions, GE, SpinCo, Wabtec and Direct Sale Purchaser have agreed to enter into an Employee Matters Agreement with respect to the transfer of employees engaged in GE Transportation and related matters, including terms of employment, benefit plans and coverage and other compensation and labor matters. This summary is qualified by reference to (i) the full text of the form of Employee Matters Agreement, which is attached as Annex E to this proxy statement and incorporated herein by reference, and (ii) the terms and conditions of the final Employee Matters Agreement, which will be entered into in connection with the completion of the Transactions.

TABLE OF CONTENTS

Offers of Employment and Continuing Employment

As of the closing date of the Merger, SpinCo will, or will cause one of its subsidiaries to, and Direct Sale Purchaser will cause a Direct Sale Transferred Subsidiary to, continue to employ each employee of SpinCo (or one of its subsidiaries) or a Direct Sale Transferred Subsidiary, as applicable (including accepting the employment of individuals whose employment automatically transfers to SpinCo, Direct Sale Purchaser or one of their respective subsidiaries as a result of certain transfer regulations), following the Distribution Date. In addition, Direct Sale Purchaser will, or will cause one of its subsidiaries to, offer employment to each other employee of GE or its affiliates who provides at least 80% of his or her business services in support of GE Transportation with such employment commencing on the closing date of the Merger (each, an Offer Employee). For Offer Employees who are inactive as of immediately prior to the Distribution, Direct Sale Purchaser will, or will cause one of its subsidiaries to, offer employment to each such inactive employee, provided that such inactive employee is able to commence, and actually commences, active employment with Direct Sale Purchaser (or one of its subsidiaries) no later than 12 months following the Distribution Date (or such longer period as required by applicable law). Each individual who continues or commences employment with Wabtec, SpinCo, Merger Sub or Direct Sale Purchaser in accordance with this paragraph is referred to herein as a Continuing Employee.

Terms and Conditions of Employment

For a period of 12 months following the closing date of the Merger, except where superseded by the terms of any collective bargaining agreement entered into on or after the closing date of the Merger, Wabtec and its subsidiaries (including SpinCo, Direct Sale Purchaser and any Direct Sale Transferred Subsidiary), or any of their respective affiliates, will provide to each Continuing Employee (i) at least the same salary or wages, same cash incentive compensation opportunities and same cash bonus opportunities as were provided to such Continuing Employee immediately prior to the Distribution, (ii) employee benefits having a comparable aggregate employer-provided value (including the value of tax qualified and non-tax qualified defined benefit plans and retiree health benefits) to those provided to such Continuing Employee immediately prior to the Distribution (excluding stock options and other equity awards, except as otherwise required by applicable law), and (iii) to the extent required by applicable law or a pension plan or bonus plan assumed by Wabtec or any of its subsidiaries or affiliates in connection with the Transactions, other material terms and conditions of employment as were provided to such Continuing Employee immediately prior to the Distribution.

In addition, Wabtec and its subsidiaries and affiliates will be required to (a) honor all obligations of GE and its affiliates to the Continuing Employees under any cash incentive or bonus program covering such employees as of immediately prior to the Distribution, (b) pay the Continuing Employees cash incentives or bonuses for the entire applicable performance measurement period which includes the Distribution in accordance with such programs, and (c) except where superseded by the terms of any collective bargaining agreement entered into on or after the closing date of the Merger, (x) provide vacation benefits to Continuing Employees that are at least as favorable as those provided by GE and its affiliates to such Continuing Employees immediately prior to the Distribution, (y) honor all obligations of GE, SpinCo and their respective affiliates for the accrued, unused vacation and paid time off of such Continuing Employees as of immediately prior to the Distribution, and (z) provide severance benefits to Continuing Employees who are laid off or terminated during the 12-month period following the closing date of the Merger with the same severance benefits that would have applied to the Continuing Employees under a severance or layoff plan of GE or its affiliates immediately prior to the closing date of the Merger (or, if higher, the severance benefits provided under the severance arrangements of Wabtec or one of its subsidiaries or affiliates applicable to similarly-situated employees) and to consider such employees for a *pro rata* bonus under the terms of a bonus plan of Wabtec, SpinCo or their respective affiliates for the year of termination.

Benefit Plan Assumption

Wabtec and its subsidiaries will assume certain (i) cash-based incentive programs covering the Continuing Employees, (ii) defined benefit pension and termination indemnity plans maintained outside of the United States (with reimbursement or indemnification by GE for certain underfunding with respect thereto), (iii) certain offer letters and employment contracts, and (iv) retention bonus agreements (provided that GE will reimburse Wabtec for any payments under such retention bonus agreements required to be paid by Wabtec that exceed \$32,500,000 in the aggregate).

TABLE OF CONTENTS

In addition, the parties will effect a transfer of Continuing Employees' accounts from any health or dependent care flexible spending account plan maintained by GE or its affiliates to the corresponding flexible spending account plans maintained by Wabtec or its subsidiaries.

Allocation of Liabilities

Wabtec and its subsidiaries will generally assume all liabilities relating to the Continuing Employees, as well as all pre-closing liabilities relating to employees of GE who are offered employment with Wabtec and its subsidiaries but who decline such offers of employment and all former employees who, immediately prior to their termination of employment, were employed by SpinCo or one of its subsidiaries or were providing at least 80% of their business services in support of GE Transportation. However, GE and its affiliates will retain all liabilities relating to the current collective bargaining agreements covering Continuing Employees who are based in the U.S. and any employee benefit plans, programs and arrangements that do not transfer to Wabtec or its subsidiaries in connection with the Transactions.

Wabtec and its subsidiaries will reimburse GE and its affiliates for any payments made with respect to claims incurred prior to the closing date of the Merger, by Continuing Employees who are based in the U.S. and their eligible spouses, dependents or qualified beneficiaries under any GE-sponsored benefit plans providing health, disability, workers' compensation, life insurance or similar benefits.

U.S. Labor Matters

Wabtec (including Direct Sale Purchaser and any of their respective subsidiaries or affiliates) will not assume any collective bargaining agreement between GE, or an affiliate of GE, and any labor organization representing any employees working for GE Transportation and employed in the United States (a "U.S. CBA"). If Wabtec or Direct Sale Purchaser is deemed to be a successor employer under the National Labor Relations Act, Wabtec will, or will cause Direct Sale Purchaser to, recognize and, if requested to, bargain in good faith as a successor employer with any labor organization that has been certified or recognized as the exclusive collective bargaining representative of any Continuing Employees who are Offer Employees.

SpinCo or a Direct Sale Transferred Subsidiary will assume each collective bargaining, works agreement or other agreement entered into between GE, or an affiliate of GE, and any labor union, works council or other labor organization representing any Continuing Employee employed outside of the United States ("Non-U.S. CBAs"), that covers any Continuing Employee employed outside of the United States, otherwise requires assumption by applicable law, or expressly states that such agreement applies to successors. With respect to each Non-U.S. CBA, GE and its affiliates must comply with certain obligations including (i) providing notice of the Distribution and Merger to each labor organization representing employees covered by Non-U.S. CBAs, if required under applicable law; (ii) ensuring that SpinCo or a Direct Sale Transferred Subsidiary recognizes and bargains in good faith with the applicable representative bodies in connection with the Transactions; (iii) complying with any consultation obligations in accordance with applicable law; and (iv) taking no actions in violation of applicable law pertaining to the protection of employee rights in the event of the transfer of undertakings. Wabtec and GE have agreed to cooperate in good faith to ensure that GE meets the foregoing obligations relating to each Non-U.S. CBA.

Prior to the effective time of the Merger, GE or one of its affiliates will comply with any notice and/or collective bargaining obligations under applicable law with respect to the Transactions, including advance notice to Wabtec of any material modifications to any U.S. CBA or Non-U.S. CBA; *provided* that, prior to the effective time of the Merger, GE retains the sole authority to agree to or implement any modifications.

Wabtec agrees to indemnify GE for any monetary losses suffered by GE or any of its affiliates as a result of pending or future claims asserted under any U.S. CBAs, with the exception of any claims asserted by Offer Employees (or labor organizations representing Offer Employees) pertaining to modification, termination or denial of any employee benefits that are not expressly allocated to SpinCo or a Direct Sale Transferred Subsidiary.

Non-U.S. Continuing Employees

Other than with respect to the collective bargaining agreements described above, the Employee Matters Agreement generally provides that SpinCo and Direct Sale Purchaser will, or will cause one of their respective affiliates to, in addition to meeting the requirements of the Employee Matters Agreement, comply with any

TABLE OF CONTENTS

additional obligations or standards required by applicable law governing the terms and conditions of employment of Continuing Employees based outside of the United States in connection with the Distribution. In addition, Wabtec will indemnify GE for certain severance or termination indemnities and related liabilities incurred by GE or its affiliates as a result of changes made after the Merger to any benefit plan or other employment terms and conditions for Continuing Employees who are resident outside of the U.S.

Non-Solicitation

GE and its subsidiaries will not, for the 12-month period following the closing date of the Merger, directly or indirectly solicit, induce or attempt to solicit or induce any Continuing Employee who was a member of GE's executive band or higher immediately prior to the Distribution to leave the employ of Wabtec or its subsidiaries or affiliates. Wabtec and its subsidiaries will not, for the 12-month period following the closing date of the Merger, directly or indirectly induce or attempt to induce to leave the employ of GE or its affiliates any person who at the time occupies, or at any time during the preceding 12 months occupied, a position: (i) assigned to the executive band or higher and working on matters relating to SpinCo, Direct Sale Transferred Subsidiary, the Merger or the Distribution or any subsidiary transferred pursuant to the Direct Sale, or (ii) in connection with the provision of services to Wabtec and its subsidiaries and affiliates pursuant to a transition services agreement.

Tax Matters Agreement

In connection with the Transactions, GE, SpinCo, Wabtec and Direct Sale Purchaser will enter into the Tax Matters Agreement that will govern the respective rights, responsibilities, and obligations of GE, Wabtec, SpinCo and their respective subsidiaries after the Distribution, the Merger and the Direct Sale with respect to tax liabilities and benefits, tax attributes, tax returns, tax contests and other tax matters. This summary is qualified by reference to (i) the full text of the form of Tax Matters Agreement, which is attached as Annex F to this proxy statement and incorporated herein by reference, and (ii) the terms and conditions of the final Tax Matters Agreement.

In general, the Tax Matters Agreement will govern the rights and obligations of GE, on the one hand, and SpinCo and Wabtec, on the other hand, after the Distribution with respect to taxes for tax periods (or portions thereof) ending on, before or after the Distribution Date. Subject to certain exceptions, under the Tax Matters Agreement:

GE generally will be responsible for (i) taxes of SpinCo and its subsidiaries, and taxes imposed on or in respect of the assets sold and the liabilities assumed pursuant to the Direct Sale, in each case, for tax periods (or portions thereof) ending on or before the Distribution Date, (ii) taxes arising with respect to the failure of the Distribution to qualify as a tax-free distribution to the GE stockholders pursuant to Section 355(a) of the Code or the failure of any of certain aspects of the Internal Reorganization to qualify for their intended tax-free treatment (except in certain cases where such tax liability arises (x) as a result of actions or failures to act, or breaches of the Tax Matters Agreement, by Wabtec, SpinCo or their subsidiaries, or (y) with respect to the assets of Wabtec, SpinCo or their subsidiaries, that affect, in each case, the intended tax treatment of the Distribution or Internal Reorganization), (iii) 100% of applicable transfer taxes relating to the Internal Reorganization and the SpinCo Transfer and 50% of other applicable transfer taxes, and (iv) taxes (other than transfer taxes) arising from the application of Section 355(e) of the Code to the Distribution and the making of elections under Section 336(e) of the Code with respect to the Distribution; and Wabtec and SpinCo generally will be responsible for (i) taxes of SpinCo and its subsidiaries, and taxes imposed on or in respect of the assets sold and the liabilities assumed pursuant to the Direct Sale, in each case, for tax periods (or portions thereof) ending after the Distribution Date, (ii) taxes arising (x) as a result of actions or failures to act, or breaches of the Tax Matters Agreement, by Wabtec, SpinCo or their subsidiaries, or (y) with respect to the assets of Wabtec, SpinCo or their subsidiaries, and affecting, in each case, the intended tax treatment of the Distribution or the Internal Reorganization, and (iii) 50% of applicable transfer taxes (except for transfer taxes relating to the Internal Reorganization and the SpinCo Transfer).

Where the Tax Matters Agreement requires a party to pay an amount in respect of another person's taxes, such party also is generally required to pay related costs and expenses.

TABLE OF CONTENTS

In addition, the Tax Matters Agreement generally will prohibit SpinCo, Wabtec, and their subsidiaries from taking certain actions that could affect the intended tax treatment of the SpinCo Transfer, the Distribution, the Merger, or the Internal Reorganization, including the Merger's qualification as a reorganization within the meaning of Section 368(a) of the Code and the Distribution's qualification as a distribution that is tax-free to the GE stockholders pursuant to Section 355(a) of the Code. Among other things, subject to certain exceptions, for a two-year period following the Distribution Date, SpinCo, Wabtec, and their subsidiaries may not:

- cause or permit the cessation of the active conduct of certain of SpinCo's businesses, dispose of interests in any entity conducting such businesses, or change the U.S. tax classification of any such entity;
- redeem or repurchase any stock or stock rights of Wabtec, other than in certain open-market transactions; or
- merge, consolidate or amalgamate with any other person (other than pursuant to the Merger or mergers, consolidations or amalgamations in which SpinCo or Wabtec, as relevant, is the surviving party).

Subject to certain exceptions, the Tax Matters Agreement will also generally prohibit SpinCo, Wabtec, and their subsidiaries from taking any other action that would affect the intended tax treatment of the SpinCo Transfer, the Distribution, the Merger, or the Internal Reorganization or would increase the tax liability of GE or its affiliates with respect to tax periods (or portions thereof) ending on or before the Distribution Date. If SpinCo, Wabtec or any of their affiliates intends to take any of the restricted actions described in the Tax Matters Agreement, including the actions described above, Wabtec will be required to obtain an IRS ruling or an unqualified tax opinion reasonably satisfactory to GE to the effect that such action will not affect the intended tax treatment of the SpinCo Transfer, the Distribution, the Merger, or the Internal Reorganization (and GE will be required to cooperate in good faith in connection with Wabtec's efforts to obtain such IRS ruling or unqualified opinion). However, if SpinCo, Wabtec, or any of their affiliates takes any of the restricted actions described in the Tax Matters Agreement, including the actions described above, and such action results in tax-related losses to GE, then Wabtec may be required under the Tax Matters Agreement to indemnify GE for such losses, without regard to whether Wabtec has obtained such an IRS ruling or unqualified opinion.

GE and Wabtec intend that the Distribution will be tax-free to the GE stockholders pursuant to Section 355(a) of the Code but that the Distribution and/or certain related transactions will be taxable to GE. The Tax Matters Agreement (including portions thereof incorporated in the Merger Agreement) require or will require GE to take certain actions in support of this intended tax treatment, including using reasonable best efforts to obtain, prior to the closing of the Merger, an IRS ruling with respect to certain aspects of the Distribution that is reasonably satisfactory to GE and Wabtec, and selling certain stock of Wabtec received in the Merger in one or more public offerings meeting certain conditions within two years of the Distribution Date. In the event that GE cannot obtain such an IRS ruling, the parties intend to restructure the Distribution and related transactions and make appropriate revisions to the form of Tax Matters Agreement.

GE and Wabtec also intend that the Transactions will generally provide SpinCo, Direct Sale Purchaser and their respective domestic subsidiaries with increased tax bases in their assets equal, in most cases, to their fair market values as of the Distribution Date. These increased tax bases are expected to result in future reductions in Wabtec's tax liability that would not be realized by Wabtec if GE and Wabtec were to engage in a wholly tax-free transaction. The Tax Matters Agreement will require Wabtec to pay certain amounts, capped at a specified total, to GE as and when Wabtec realizes actual cash tax savings on account of such reductions in its tax liability. Wabtec's obligation to pay such amounts may be accelerated or increased upon the occurrence of certain specified events, including late payments by Wabtec, breaches by Wabtec of its obligations under the Tax Matters Agreement, or the occurrence of an insolvency, a bankruptcy or a similar proceeding, a default under a material lending arrangement, or a related event, in each case, with respect to Wabtec or its affiliates. GE will be required to repay certain amounts received under the Tax Matters Agreement on account of tax benefits of Wabtec that are later disallowed.

The Tax Matters Agreement will be binding on and inure to the benefit of any successor to any of the parties of the Tax Matters Agreement to the same extent as if such successor had been an original party to the Tax Matters Agreement.

IP Cross License Agreement

Prior to the Distribution Effective Time, GE and SpinCo will enter into the IP Cross License Agreement, pursuant to which (i) GE will license to SpinCo certain intellectual property, software, technology, data and GE materials, and (ii) SpinCo will license to GE certain intellectual property, software, technology and data all as further described below. The IP Cross License Agreement will continue until terminated and may only be terminated upon mutual written agreement; however, the licenses granted thereunder survive termination.

Grants from GE to SpinCo

Pursuant to the IP Cross License Agreement, GE will grant to SpinCo the following rights and licenses (subject to the terms and conditions of any third party agreement pursuant to which applicable intellectual property, software, technology or data has been licensed to GE) along with certain covenants not to sue with respect to such rights and licenses:

GE will grant to SpinCo and its subsidiaries a non-exclusive, irrevocable, royalty-free, fully paid-up, worldwide, non-sublicensable and non-transferable (except as described below), perpetual right and license to use certain specified GE software solely as used (or contemplated to be used) by GE Transportation as of the date of the IP Cross License Agreement. The IP Cross License Agreement also prohibits marketing or reselling any element of such GE software;

GE will grant to SpinCo and its subsidiaries a non-exclusive, irrevocable, royalty-free, fully paid-up, worldwide, non-sublicensable and non-transferable (except as described below), perpetual right and license to use, improve, and commercialize certain specified GE intellectual property, GE technology, and GE data (collectively, the Specified GE Licensed Items) as used (or contemplated to be used) by GE Transportation as of the date of the IP Cross License Agreement, subject to certain restrictions;

GE will grant to SpinCo and its subsidiaries a non-exclusive, irrevocable, royalty-free, fully paid-up, worldwide, non-sublicensable and non-transferable (except as described below), perpetual right and license allowing SpinCo to use certain specified GE materials and create and develop improvements thereto; and

The licenses permit sublicensing to (i) an acquirer of all or substantially all of the assets of SpinCo and its subsidiaries to which the IP Cross License Agreement relates or (ii) customers or end-users in connection with products or services provided in substantially the same manner that such sublicenses were granted as of the Distribution Date.

Grants from SpinCo to GE and its Affiliates

Pursuant to the IP Cross License Agreement, SpinCo will grant to GE the following rights and licenses (subject to the terms and conditions of any third party agreement pursuant to which the applicable intellectual property, software, technology or data has been licensed to SpinCo) along with certain covenants not to sue with respect to such rights and licenses:

SpinCo will grant to GE and its affiliates a non-exclusive, irrevocable, royalty-free, fully paid-up, worldwide, non-sublicensable and non-transferable (except as described below), perpetual right and license to use certain specified SpinCo software, subject to certain restrictions;

SpinCo will grant to GE and its affiliates a non-exclusive, irrevocable, royalty-free, fully paid-up, worldwide, non-sublicensable and non-transferable (except as described below), perpetual right and license to use, improve, and commercialize certain specified SpinCo intellectual property, SpinCo technology and SpinCo data (collectively, the Specified SpinCo Licensed Items) subject to certain restrictions; and

The licenses permit sublicensing to an acquirer of any of the businesses, a line of business, or all or substantially all of the operations or assets of GE or such affiliates to which the IP Cross License Agreement relates.

Under the IP Cross License Agreement, each party will retain the sole right, but not the obligation, to protect the intellectual property, software, technology and data owned by such party.

The IP Cross License Agreement will place restrictions on SpinCo's use of the Jenbacher Type 6 Engine Platform and the intellectual property rights therein and on GE's use of the Powerhaul P616/P612 and the

TABLE OF CONTENTS

intellectual property rights therein. Additionally, pursuant to the IP Cross License Agreement, GE will agree not to assert certain claims it may have against SpinCo arising solely out of SpinCo's internal use of Six Sigma and LEAN software, documentation and materials owned by GE or any of its affiliates relating to the Six Sigma program. GE will also have certain obligations to assist SpinCo in its efforts to obtain non-exclusive licenses related to the Six Sigma program.

The IP Cross License Agreement is not assignable, in whole or in part, by SpinCo without the prior written consent of GE; except SpinCo may assign the IP Cross License Agreement (i) in whole but not in part, to an affiliate in connection with a corporate reorganization or (ii) in whole or in part to a subsidiary. GE is permitted, without the consent of SpinCo, to assign the IP Cross License Agreement or any of its rights and obligations thereunder to an affiliate that expressly assumes all of its obligations.

Trademark License Agreement

In connection with the Transactions, GE and SpinCo will enter into the Trademark License Agreement, effective as of the Distribution Date, pursuant to which GE will grant to SpinCo a license to use certain of the GE Names and Marks. Unless terminated or extended, the Trademark License Agreement will expire five years after the Distribution Date, but may be renewed by SpinCo, upon written notice to GE, for one additional five year period. All terms of the Trademark License Agreement will also remain in effect throughout any applicable grace period granted thereunder.

Under the Trademark License Agreement, GE will grant to SpinCo a personal, non-exclusive, non-transferable, non-assignable (except as described below), non-sublicensable (except to certain permitted subsidiaries as described below), license during the term of the Trademark License Agreement and any grace period to use certain of the GE Names and Marks only (i) as part of the new corporate name of SpinCo or certain of its subsidiaries or (ii) in connection with the manufacture by or for SpinCo or certain of its subsidiaries (including the right to have manufactured by vendors approved by GE) and the display, sale, marketing, advertising, promotion and distribution of certain licensed products. Licensed products include existing products and services bearing the applicable licensed GE Names and Marks that are sold in the licensed territory by GE Transportation under such GE Names and Marks as of the Distribution Date. SpinCo may request that the foregoing license be extended to cover additional products or services subject to GE's written approval.

The territory in which SpinCo will be permitted to use the licensed GE Names and Marks is worldwide, except for Cuba (unless SpinCo has a license or other authorization from the U.S. government permitting SpinCo's operation in Cuba with respect to the licensed products), Iran, North Korea, Syria and any other country(ies) that the U.S. government or GE reasonably determines is a state sponsor of terrorism and GE does not conduct business in such country(ies), upon written notice to SpinCo. The Trademark License Agreement also prohibits exercise of any rights granted under it with respect to any jurisdiction (i) in which the licensee group, its affiliates or GE is not permitted to conduct business, and (ii) to the extent that GE makes a policy determination that it and its affiliates will cease doing business in such jurisdiction.

The foregoing license will be royalty-free during the initial term and, if applicable, the renewal term. If the license is extended to cover additional products or services, it will be royalty-bearing at GE's then-current royalty rates.

Additionally, use of the licensed GE Names and Marks pursuant to the foregoing license must be in strict accordance with certain of GE's quality, safety, usage and other guidelines as well as other restrictions, covenants and approval rights granted to GE in the Trademark License Agreement.

Sublicensing of the rights and licenses will only be permitted when to one of SpinCo's direct or indirect subsidiaries engaged in the GE Transportation business as of the Distribution Date and which has executed an agreement to be

bound by all obligations of SpinCo under the Trademark License Agreement.

GE retains exclusive ownership of the licensed GE Names and Marks. All goodwill, rights or interests that might be acquired by the use of the licensed GE Names and Marks by the licensee group inure to the sole benefit of GE.

The Trademark License Agreement also governs the parties' rights and obligations with respect to registration as well as enforcement and defense of third party claims relating to the licensed GE Names and Marks. GE retains the sole right to protect the licensed GE Names and Marks in its sole discretion, including deciding whether and

TABLE OF CONTENTS

how to file and prosecute applications to register the licensed GE Names and Marks, whether to abandon such applications or registrations, and whether to discontinue payment of any maintenance or renewal fees with respect to any such registrations. GE retains the sole and exclusive right to determine whether or not action will be taken due to or against third party infringements or to otherwise terminate such infringements.

Should GE's trademark counsel render a legal opinion that concludes that use of the licensed GE Names and Marks becomes threatened as a result of a claim by a third party or applicable law or rule, regulation or policy of a governmental authority, then the licensee group must use its reasonable best efforts to cease use of the licensed GE Names and Marks upon notice from GE. In addition, in the event of any such opinion, GE's and SpinCo's respective trademark counsel will negotiate in good faith an amendment that modifies the Trademark License Agreement to the extent reasonably necessary to address the legal issue arising out of such third party claim or applicable law or rule, regulation or policy.

Except for liability for indemnification, GE's total liability under or related to the Trademark License Agreement is limited to \$1,000.

The Trademark License Agreement is not assignable, in whole or in part, by operation of law or otherwise without the prior written consent of both parties, except that GE is permitted to assign its rights and obligations to affiliates. Furthermore, the licensee group is prohibited from extending, sublicensing, conveying, pledging, encumbering, or otherwise disposing of the Trademark License Agreement or its rights or interest thereunder without the prior written consent of GE.

SpinCo will have the right to terminate the Trademark License Agreement upon six months' prior notice to GE. GE will have the right to terminate the Trademark License Agreement in the event of certain listed events including a change of control of SpinCo or certain of its subsidiaries without notice to and prior written consent of GE. For purposes of the Trademark License Agreement, change of control includes, with respect to SpinCo or the applicable subsidiary, the acquisition, directly or indirectly, of control of SpinCo or such subsidiary by a third party, either alone or pursuant to an arrangement or understanding with one or more persons.

The Trademark License Agreement also governs the parties' obligations with respect to recalls. Specifically, SpinCo bears any and all costs related to any product recall of licensed products, whether voluntary or required by a governmental authority or GE.

Transition Services Agreement

GE and SpinCo will enter into the Transition Services Agreement on the Distribution Date. Pursuant to the Transition Services Agreement, GE will provide SpinCo and its subsidiaries with certain services, including information technology, supply chain, financial, human resources and other specified services, as well as access to certain of GE's existing facilities. In addition, SpinCo will provide GE with certain limited post-Distribution services and facility access. The full scope of the transition services to be provided under the Transition Services Agreement will continue to be refined and supplemented by GE and SpinCo prior to the date of the Distribution.

The services provided by GE to SpinCo and by SpinCo to GE are generally planned to extend for an initial term of 18 to 24 months. In most cases, a recipient of a given service under the Transition Services Agreement can terminate the service prior to the applicable expiration date upon advanced notice given to the service provider (which, depending on the service, can be up to six months' prior notice), provided the recipient pays the additional costs incurred by the provider in connection with the early wind-down of the service. Certain individual services may be extended at no additional premium upon 60 days' prior written notice by the recipient and the provider will not unreasonably withhold its consent to any such extension requests, however, the total service period (including any extensions) with respect to

any service may not extend more than 24 months following the Distribution Date.

Services are generally provided at a base monthly service fee per service and the provider is permitted to increase a given service fee in the event that the provider's direct costs of providing such a service increases.

Additional Agreements

GE and SpinCo expect to enter into other commercial agreements or arrangements in connection with the separation of the operations of GE Transportation from GE, including, without limitation, agreements relating to certain research and development activities and co-location services.

In addition, the Wabtec Board is authorized to establish from time to time the number of shares to be included in each series of preferred stock and to fix the designation, relative rights, preferences, qualifications and limitations of the shares of each series of preferred stock.

As of the date of this proxy statement, no shares of preferred stock have been issued.

Special Charter Provisions

The Wabtec Charter and the Wabtec Bylaws contain various provisions that may discourage or delay attempts to gain control of Wabtec. For example:

the Wabtec Board is classified into three classes, with one class elected each year to serve a three-year term; the Wabtec Bylaws require the Nominating and Corporate Governance Committee to nominate (a) William E. Kassling (so long as Mr. Kassling is able and willing to serve and members of his immediate family and their affiliates collectively and beneficially own at least 50% of the shares of

TABLE OF CONTENTS

common stock of Wabtec beneficially owned by Mr. Kassling immediately after the closing of the stock purchase transaction governed by the stock purchase agreement dated as of March 5, 1997 and described in the Current Report on Form 8-K filed by Wabtec on April 11, 1997) and (b) Emilio A. Fernandez (so long as Mr. Fernandez is able and willing to serve and Mr. Fernandez and his immediate family and their affiliates collectively and beneficially own at least 50% of the shares of common stock of Wabtec delivered by the Corporation pursuant to that certain Asset Purchase Agreement dated as of January 23, 1995 by and among Wabtec, Pulse Acquisition Corporation, Pulse Electronics, Incorporated and Pulse Embedded Computer Systems, Inc., which was filed as an exhibit to Wabtec's Registration Statement on Form S-1 (Registration No. 33-90866));

except as otherwise provided by applicable law, the Wabtec Charter or the Wabtec Bylaws may be altered, amended or repealed by the stockholders at any annual or special meeting or by action of the Wabtec Board; special meetings of the stockholders may be called at any time by the Chairman of the Wabtec Board, the Chief Executive Officer, a majority of the Wabtec Board or stockholders owning not less than 25% of the capital stock of Wabtec's issued and outstanding capital stock entitled to vote and may not be called by any other person or persons or in any other manner; and stockholders must provide advance notice if they wish to submit a proposal or nominate candidates for director at Wabtec's annual meeting of stockholders.

Other Contractual Provisions

Other contracts to which Wabtec is a party also contain provisions that may discourage or delay attempts to gain control of Wabtec. For example, pursuant to the terms of a shareholders agreement entered into in connection with Wabtec's acquisition of Faiveley Transport, two of Wabtec's directors, Erwan Faiveley and Philippe Alfroid, who were designated by the Faiveley shareholders, were appointed to the Wabtec Board upon completion of Wabtec's acquisition of Faiveley Transport and will continue to be nominated to the Wabtec Board so long as the former Faiveley shareholders beneficially own a certain percentage of the outstanding shares of Wabtec common stock. In addition, pursuant to the terms of that shareholders agreement, Stéphane Rambaud-Measson initially was appointed as an observer to the Wabtec Board in November 2016. Mr. Rambaud-Measson was appointed to the Wabtec Board in May 2017 in accordance with the terms of his employment agreement with Wabtec. Copies of the shareholders agreement and the employment agreement with Mr. Rambaud-Measson described above are exhibits to documents incorporated by reference into this proxy statement. See [Where You Can Find More Information](#) for information on how to obtain copies of those agreements.

TABLE OF CONTENTS

Risk Factors

In determining whether to vote for the proposals at the special meeting, you should carefully consider each of the following risks and all of the other information contained and incorporated by reference in this proxy statement and the exhibits hereto. Some of the risks described below relate principally to the Transactions, while others relate principally to the business and the industry in which Wabtec, including SpinCo and the Transferred Subsidiaries, will operate after the Transactions. The remaining risks relate principally to the securities markets generally and ownership of shares of Wabtec common stock. The risks described below are not the only risks that Wabtec currently faces or will face after the Transactions. Additional risks and uncertainties not currently known or that are currently expected to be immaterial also may materially and adversely affect Wabtec's business and financial condition or the price of Wabtec common stock following the consummation of the Transactions. In addition, you should consider the risks associated with Wabtec's business that appear in its annual report on Form 10-K for the year ended December 31, 2017 or any subsequent reports filed with the SEC and incorporated by reference into this proxy statement.

Risks Related to the Transactions

The Transactions may not be completed on the terms or timeline currently contemplated, or at all, as Wabtec and GE may be unable to satisfy the conditions or obtain the approvals required to complete the Transactions or such approvals may contain material restrictions or conditions.

The consummation of the Transactions is subject to numerous conditions, including, among other things:

- the approval by Wabtec stockholders of the Share Issuance;
- the approval by Wabtec stockholders of the Wabtec Charter Amendment;
- the termination or expiration of the applicable waiting period under the HSR Act;
- the taking, making or obtaining of all material actions by, consents or approvals of, or in respect of or filings with any governmental authority required to permit the Transactions;
- the effectiveness under the Securities Act of (i) SpinCo's registration statement on Form 10 or such Form(s) as shall be required under applicable SEC rules in connection with the Distribution and (ii) Wabtec's registration statement on Form S-4 in connection with the Merger, and, in each case, the absence of any stop order issued by the SEC or any pending proceeding before the SEC seeking a stop order with respect thereto;
- the receipt of the GE Tax Opinions and the Wabtec Tax Opinion by GE and Wabtec, respectively;
- the receipt of the Direct Sale Purchase Price by GE;
- the completion of the various transaction steps contemplated by the Merger Agreement and the Separation Agreement, including the International Reorganization, the Direct Sale, the SpinCo Transfer and the Distribution; and
- other customary conditions.

There is no assurance that the Transactions will be consummated on the terms or timeline currently contemplated, or at all. Wabtec and GE have and will continue to expend time and resources of management and to incur legal, advisory and financial services fees related to the Transactions and the related financing for the Transactions. These expenses must be paid regardless of whether the Transactions are consummated.

Governmental authorities may not approve the Transactions, may impose conditions to the approval of the Transactions or may require changes to the terms of the Transactions. Any such conditions or changes could have the effect of delaying completion of the Transactions, imposing costs on or limiting the revenues of the combined company following the Transactions or otherwise reducing the anticipated benefits of the Transactions. Any condition or change which results in a material adverse effect on GE and/or Wabtec under the Merger Agreement may cause GE and/or Wabtec to restructure or terminate the Transactions.

If completed, the integration of Wabtec and GE Transportation may not be successful or the anticipated benefits from the Transactions may not be realized.

After the consummation of the Transactions, Wabtec will have significantly more sales, assets and employees than it did prior to the consummation of the Transactions. During the period in which transition services are

115

TABLE OF CONTENTS

provided to Wabtec by GE, SpinCo will have a continued dependence on the provision of services from GE, including with respect to research and development and information technology infrastructure. The integration process will require Wabtec to expend capital and significantly expand the scope of its operations. Wabtec management will be required to devote a significant amount of time and attention to the process of integrating the operations of Wabtec's business and GE Transportation. There is a significant degree of difficulty and management involvement inherent in that process. These difficulties include, but are not limited to:

- integrating GE Transportation while carrying on the ongoing operations of Wabtec's business;
- managing a significantly larger company than before the consummation of the Transactions;
- the possibility of faulty assumptions underlying Wabtec's expectations regarding the integration process;
- coordinating a greater number of diverse businesses located in a greater number of geographic locations;
- operating in geographic markets or industry sectors in which Wabtec may have little or no experience;
- complying with laws of new jurisdictions in which Wabtec has not previously operated;
- integrating business systems and models;
- attracting and retaining the necessary personnel associated with GE Transportation following the consummation of the Transactions;
- creating and implementing uniform standards, controls, procedures, policies and information systems and controlling the costs associated with such matters; and
- integrating information technology, purchasing, accounting, finance, sales, billing, payroll and regulatory compliance systems, and meeting external reporting requirements following the consummation of the Transactions.

All of the risks associated with the integration process could be exacerbated by the fact that Wabtec may not have a sufficient number of employees with the requisite expertise to integrate the businesses or to operate Wabtec's business after the Transactions. Failure to hire or retain employees with the requisite skills and knowledge to run Wabtec after the Transactions may have a material adverse effect on Wabtec's business, financial condition and results of operations.

Even if Wabtec is able to combine the two business operations successfully, it may not be possible to realize the benefits of the increased sales volume and other benefits, including the synergies that are expected to result from the Transactions, or realize these benefits within the time frame that is anticipated. For example, the elimination of duplicative costs may not be possible or may take longer than anticipated, or the benefits from the Transactions may be offset by costs incurred or delays in integrating the companies. In addition, the quantification of synergies expected to result from the Transactions is based on significant estimates and assumptions that are subjective in nature and inherently uncertain. The amount of synergies actually realized following the Transactions, if any, and the time periods in which any such synergies are realized, could differ materially from the expected synergies discussed in this proxy statement, regardless of whether Wabtec is able to combine the two business operations successfully.

If Wabtec is unable to successfully integrate GE Transportation or if it is unable to realize the anticipated synergies and other benefits of the Transactions, there could be a material adverse effect on Wabtec's business, financial condition and results of operations.

The Merger Agreement contains provisions that may discourage other companies from trying to acquire Wabtec.

The Merger Agreement contains provisions that may discourage a third party from submitting prior to the closing of the Transactions a business combination proposal to Wabtec that might result in greater value to Wabtec stockholders than the Transactions. The Merger Agreement generally prohibits Wabtec from soliciting any alternative transaction proposal, although the Wabtec Board may, subject to certain limitations, withdraw or modify its recommendation regarding the Transactions in the event it receives an unsolicited alternative transaction proposal that the Wabtec Board determines is superior to the Transactions. See *The Merger Agreement—No Solicitation* and *—Board Recommendation*. In addition, before the Wabtec Board may

TABLE OF CONTENTS

withdraw or modify its recommendation regarding the Transactions, GE has the opportunity to negotiate with Wabtec to modify the terms of the Transactions in response to any competing acquisition proposals. See The Merger Agreement—Board Recommendation. If the Merger Agreement is terminated by Wabtec or GE in certain circumstances, Wabtec may be obligated to pay a termination fee to GE, which would represent an additional cost for a potential third party seeking a business combination with Wabtec. See The Merger Agreement—Termination Fee and Expenses.

Failure to complete the Transactions could adversely affect the market price of Wabtec common stock as well as its business, financial condition and results of operations.

If the Transactions are not completed for any reason, the price of Wabtec common stock may decline, or the company's business, financial condition and results of operations may be impacted: to the extent that the market price of Wabtec common stock reflects positive market assumptions that the Transactions will be completed and the related benefits will be realized; based on significant expenses, such as legal, advisory and financial services which generally must be paid regardless of whether the Transactions are completed; based on potential disruption of the business of Wabtec and distraction of its workforce and management team; and based on the requirement in the Merger Agreement that, under certain circumstances, Wabtec must pay GE a termination fee or reimburse GE for expenses relating to the Transactions.

Wabtec will incur significant costs related to the Transactions that could have a material adverse effect on its liquidity, cash flows and operating results.

Wabtec expects to incur significant, one-time costs in connection with the Transactions, some of which will be capitalized, including approximately \$35.0 million of financing-related fees, approximately \$60.0 million of transaction-related costs (including advisory, legal, accounting and other professional fees) and approximately \$88.0 million of transition and integration-related costs (a portion of which will be incremental capital spending), which Wabtec management believes are necessary to realize the anticipated synergies from the Transactions. The incurrence of these costs may have a material adverse effect on Wabtec's liquidity, cash flows and operating results in the periods in which they are incurred.

Investors holding shares of Wabtec common stock immediately prior to the completion of the Transactions will have a significantly reduced ownership and voting interest in Wabtec after the Transactions and will exercise less influence over management.

Investors holding shares of Wabtec common stock immediately prior to the completion of the Transactions will, in the aggregate, own a significantly smaller percentage of the combined company immediately after the completion of the Transactions.

Upon consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, 50.1% of the outstanding shares of Wabtec common stock would be held collectively by GE and pre-Merger holders of GE common stock (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock would be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this proxy statement entitled Other Agreements—Tax Matters Agreement) and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this proxy statement entitled Other Agreements—Shareholders Agreement). Consequently, Wabtec stockholders, collectively, will be able to exercise significantly less influence over the management and policies of the

combined company than they will be able to exercise over the management and Wabtec's policies immediately prior to the completion of the Transactions.

Where calculations are presented in this proxy statement on a fully-diluted, as-converted and as-exercised basis, such calculations reflect a number of outstanding shares of Wabtec common stock that will be higher than the number of shares of Wabtec common stock actually outstanding at the relevant time, which variance may affect the actual percentages upon consummation of the Merger. In addition, in those instances, references to Wabtec stockholders owning 49.9% of the outstanding Wabtec common stock assume that the holders of instruments

TABLE OF CONTENTS

convertible into or exercisable for Wabtec common stock are the owners of the underlying Wabtec common stock and, with limited exceptions, assume that Wabtec equity awards, including those that may be settled in cash, are instruments convertible into or exercisable for Wabtec common stock.

The calculation of merger consideration will not be adjusted if there is a change in the value of GE Transportation or its assets or the value of Wabtec before the Transactions are completed.

The calculation of the number of shares of Wabtec common stock to be distributed in the Merger is based upon fixed percentages and will not be adjusted if there is a change in the value of GE Transportation or its assets or the value of Wabtec prior to the consummation of the Transactions. Wabtec will not be required to consummate the Merger if there has been any material adverse effect on GE Transportation as defined in the Merger Agreement (as discussed above under The Merger Agreement). However, Wabtec will not be permitted to terminate or re-solicit the vote of Wabtec stockholders because of any changes in the market prices of Wabtec common stock or any changes in the value of GE Transportation that do not constitute a material adverse effect on GE Transportation.

Sales of Wabtec common stock after the Transactions may negatively affect the market price of Wabtec common stock.

The shares of Wabtec common stock to be issued as part of the Transactions will generally be eligible for immediate resale. The market price of Wabtec common stock could decline as a result of sales of a large number of shares of Wabtec common stock in the market after the consummation of the Transactions or even the perception that these sales could occur.

Following the consummation of the Transactions, GE is expected to hold approximately 9.9% of the outstanding Wabtec common stock. Pursuant to the Tax Matters Agreement and the Shareholders Agreement, GE is subject to certain requirements to sell shares of Wabtec common stock acquired in the Merger with a number of shares required to be sold by the second anniversary of the Merger and, with limited exceptions, all such shares required to be sold by the third anniversary of the closing of the Merger. Although these required sales have been disclosed, future sales by GE of a substantial number of shares could reduce the market price of Wabtec common stock.

Currently, GE stock may be held in index funds, and may be held by institutional investors subject to various investing guidelines. Because Wabtec may not be included in these indices following the consummation of the Transactions or may not meet the investing guidelines of some of these institutional investors, these index funds and institutional investors may decide to or may be required to sell the Wabtec common stock that they receive. In addition, with respect to the GE retirement plans that receive shares of Wabtec common stock in the Transactions, if any, those persons with investment discretion with respect to those shares of Wabtec common stock may decide to sell such shares following the consummation of the Transactions.

Wabtec has incurred, and expects to incur, new indebtedness in connection with the Transactions, and the degree to which Wabtec will be leveraged following completion of the Transactions may have a material adverse effect on Wabtec's business, financial condition or results of operations and cash flows.

Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion Revolving Credit Facility, (ii) a \$350.0 million Refinancing Term Loan and (iii) a \$400.0 million Delayed Draw Term Loan. Wabtec also obtained Bridge Commitments in respect of the Bridge Loan Facility in an amount not to exceed \$2.5 billion. On September 14, 2018, in accordance with the Commitment Letter, the Bridge Commitments were permanently reduced to \$0 in connection with Wabtec's issuance of \$500 million aggregate principal amount of the Floating Rate Notes, \$750 million aggregate principal amount of the 2024 Notes and \$1.25 billion aggregate principal amount of the 2028 Notes. Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds

from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price. The Credit Agreement is expected to have approximately \$812 million of unused availability immediately following consummation of the Transactions.

If Wabtec is not able to repay or refinance its debt as it becomes due, Wabtec may be forced to sell assets or take other disadvantageous actions, including (i) reducing financing in the future for working capital, capital expenditures and general corporate purposes or (ii) dedicating an unsustainable level of Wabtec's cash flow from

TABLE OF CONTENTS

operations to the payment of principal and interest on Wabtec's indebtedness. In addition, Wabtec's ability to withstand competitive pressures and react to changes in Wabtec's industry could be impaired. The lenders who hold such debt also could accelerate amounts due, which could potentially trigger a default or acceleration of any of Wabtec's other debt.

In addition, Wabtec may increase its debt or raise additional capital following the Transactions, subject to restrictions in Wabtec's debt agreements. If Wabtec's cash flow from operations is less than it anticipates, or if Wabtec's cash requirements are more than it expects, Wabtec may require more financing. However, debt or equity financing may not be available to Wabtec on terms advantageous or acceptable to Wabtec, if at all. If Wabtec incurs additional debt or raises equity through the issuance of preferred stock, the terms of the debt or preferred stock issued may give the holders rights, preferences and privileges senior to those of holders of Wabtec common stock, particularly in the event of liquidation. The terms of the debt or preferred stock also may impose additional and more stringent restrictions on Wabtec's operations than those to which it is currently subject. If Wabtec raises funds through the issuance of additional equity, Wabtec stockholders' percentage ownership in Wabtec would be further diluted. If Wabtec is unable to raise additional capital when needed, it could affect Wabtec's financial condition.

Further, Wabtec's credit ratings impact the cost and availability of future borrowings, and, as a result, Wabtec's cost of capital. Wabtec's ratings reflect each rating organization's opinion of Wabtec's financial strength, operating performance and ability to meet Wabtec's debt obligations. Each of the ratings organizations reviews Wabtec's ratings periodically, and there can be no assurance that current ratings will be maintained in the future. Following the announcement of the Transactions, Moody's affirmed Wabtec's current credit ratings with a negative outlook, Standard & Poor's placed Wabtec's credit ratings under review for a possible downgrade and Fitch assigned Wabtec a BBB-credit rating with a stable outlook. On September 10, 2018, Standard & Poor's affirmed Wabtec's current credit ratings with a negative outlook. Downgrades in Wabtec's ratings could adversely affect Wabtec's businesses, cash flows, financial condition and operating results.

The historical financial information of GE Transportation may not be representative of its results or financial condition if it had been operated independently of GE and, as a result, may not be a reliable indicator of its future results.

GE Transportation is currently operated by GE. Consequently, the financial information of GE Transportation included in this proxy statement has been derived from the consolidated financial statements and accounting records of GE as if the operations of GE Transportation were conducted independently from GE. The historical results of operations, financial position and cash flows of GE Transportation included in this proxy statement may not be indicative of what they would have been had GE Transportation actually been an independent stand-alone entity, nor are they necessarily indicative of the future results of operations, financial position and cash flows of GE Transportation. For example, the combined financial statements of GE Transportation include all revenues and costs directly attributable to GE Transportation and an allocation of expenses related to certain GE corporate functions. These expenses have been allocated to GE Transportation based on direct usage or benefit where identifiable, with the remainder allocated *pro rata* based on an applicable measure of revenues, cost of revenues, headcount, fixed assets, number of transactions or other relevant measures. Although SpinCo considers these allocations to be a reasonable reflection of the utilization of services or the benefit received, the allocations may not be indicative of the actual expense that would have been incurred had SpinCo operated as an independent, stand-alone entity, nor are they indicative of SpinCo's future expenses.

The unaudited pro forma combined financial information of Wabtec and GE Transportation is not intended to reflect what actual results of operations and financial condition would have been had Wabtec and GE Transportation been a combined company for the periods presented, and therefore these results may not be indicative of Wabtec's future operating performance.

Because Wabtec will acquire GE Transportation only upon completion of the Transactions, it has no available historical financial information that consolidates the financial results for the GE Transportation and Wabtec. The historical financial statements contained or incorporated by reference in this proxy statement consist of the separate financial statements of GE Transportation and Wabtec.

The unaudited pro forma condensed combined financial information presented in this proxy statement is for illustrative purposes only and is not intended to, and does not purport to, represent what Wabtec's actual results or financial condition would have been if the Transactions had occurred on the relevant date. In addition, such

TABLE OF CONTENTS

unaudited pro forma condensed combined financial information is based in part on certain assumptions regarding the Transactions that Wabtec believes are reasonable. These assumptions, however, are only preliminary and will be updated only after the consummation of the Transactions. The unaudited pro forma condensed combined financial information has been prepared using the acquisition method of accounting, with Wabtec considered the acquirer of GE Transportation. Under the acquisition method of accounting, the purchase price is allocated to the underlying tangible and intangible assets acquired and liabilities assumed based on their respective fair values with any excess purchase price allocated to goodwill. The pro forma purchase price allocation was based on an estimate of the fair values of the tangible and intangible assets and liabilities of GE Transportation. In arriving at the estimated fair values, Wabtec considered the preliminary appraisals of independent consultants which were based on a preliminary and limited review of the assets and liabilities related to GE Transportation to be transferred to, or assumed by, Direct Sale Purchaser, SpinCo and the SpinCo Transferred Subsidiaries in the Transactions. Following the Merger, Wabtec expects to complete the purchase price allocation after considering the fair value of the assets and liabilities of GE Transportation at the level of detail necessary to finalize the required purchase price allocation. The final purchase price allocation may be different than that reflected in the pro forma purchase price allocation presented herein, and this difference may be material.

The unaudited pro forma condensed combined financial information does not reflect the costs of any integration activities or transaction-related costs or incremental capital spending that Wabtec management believes are necessary to realize the anticipated synergies from the Transactions. Accordingly, the pro forma financial information included in this proxy statement does not reflect what Wabtec's results of operations or operating condition would have been had Wabtec and GE Transportation been a consolidated entity during all periods presented, or what Wabtec's results of operations and financial condition will be in the future.

Wabtec may be unable to provide the same types and level of benefits, services and resources to GE Transportation that historically have been provided by GE, or may be unable to provide them at the same cost.

As part of GE, GE Transportation has been able to receive benefits and services from GE and has been able to benefit from GE's financial strength and extensive business relationships. After the consummation of the Transactions, GE Transportation will be owned by Wabtec and no longer will benefit from GE's resources. While Wabtec will enter into agreements under which GE will agree to provide certain transition services and site-related services for a period of time following the consummation of the Transactions, it cannot be assured that Wabtec will be able to adequately replace those resources or replace them at the same cost. If Wabtec is not able to replace the resources provided by GE or is unable to replace them at the same cost or is delayed in replacing the resources provided by GE, Wabtec's business, financial condition and results of operations may be materially adversely impacted.

Wabtec's business, financial condition and results of operations may be adversely affected following the Transactions if Wabtec cannot negotiate contract terms that are as favorable as those GE has received when Wabtec replaces certain of GE Transportation's contracts after the closing of the Transactions.

Prior to the consummation of the Transactions, certain functions (such as purchasing, accounts payable processing, accounts receivable management, information systems, logistics and distribution) associated with GE Transportation are being performed under GE's centralized systems and, in some cases, under contracts that also are used for GE's other businesses and which will not be assigned in whole or in part to GE Transportation. In addition, some other contracts to which GE is a party on behalf of GE Transportation will require consents of third parties to assign them to GE Transportation. There can be no assurance that GE Transportation will be able to negotiate contract terms that are as favorable as those GE received when and if Wabtec replaces these contracts with its own agreements for similar services, including any contracts that may need to be replaced as a result of a failure to obtain required third-party consents.

Although Wabtec believes that it will be able to enter into new agreements for similar services and that GE and Wabtec will be able to obtain all material third-party consents required to assign contracts to GE Transportation, it is possible that the failure to enter into new agreements for similar services or to obtain required consents to assign contracts could have a material adverse impact on Wabtec's business, financial condition and results of operations following the consummation of the Transactions.

Wabtec may fail to realize anticipated tax benefits of the Transactions.

GE and Wabtec intend that the Distribution and/or certain related transactions and the Direct Sale will be taxable to GE. Accordingly, GE and Wabtec intend that the Transactions will enable Wabtec to receive an increased tax

TABLE OF CONTENTS

basis in the assets of the SpinCo Business and the assets acquired in the Direct Sale and to realize other related tax benefits. However, the tax treatment of the Distribution, the Direct Sale and certain related transactions, and Wabtec's ability to realize the increased tax basis and other related tax benefits referenced above, are not certain. GE and Wabtec are not aware of any authority directly addressing a transaction involving these same facts, and do not intend to obtain any ruling from the IRS, or any opinion of counsel, relating to the availability of the intended tax basis increases and other related tax benefits referenced above.

If the IRS or a court were to successfully assert that the Distribution and certain related transactions are not taxable to GE or that the Direct Sale is not treated as a taxable sale for U.S. federal income tax purposes, Wabtec and its subsidiaries (including SpinCo and Direct Sale Purchaser) likely would need to make increased payments for taxes in the future relative to the payments they would have made absent such successful assertion. Because GE's obligation under the Tax Matters Agreement to repay Wabtec on account of tax benefits that are later disallowed is in respect of the portion of the tax benefits for which Wabtec made payments to GE (and not the incremental tax benefits referenced above), GE's repayment obligation in such case would not fully compensate Wabtec and its subsidiaries for the loss of all of the intended tax basis increases and other related tax benefits referenced above. See Other Agreements—Tax Matters Agreement for a more detailed description of the treatment of the tax benefits referenced above under the Tax Matters Agreement.

Wabtec may be required to make significant tax-related payments to GE.

Under the Tax Matters Agreement, Wabtec has agreed to make certain payments to GE as and when Wabtec realizes certain tax benefits arising out of the Transactions. The exact amount and timing of these payments is not certain, but GE and Wabtec expect that the amount of the payments will be significant and that all or a large majority of the amounts paid by Wabtec pursuant to this obligation will be paid within several years of the Distribution. The Tax Matters Agreement also obligates Wabtec to indemnify GE for certain types of taxes and other related amounts paid by GE or its subsidiaries to the extent such taxes and other amounts arise as a result of certain actions or failures to act, or breaches of the Tax Matters Agreement, by Wabtec, SpinCo or their subsidiaries, or with respect to the assets of Wabtec, SpinCo or their subsidiaries. See Other Agreements—Tax Matters Agreement for a more detailed description of Wabtec's obligation to make payments to GE in relation to Wabtec's realization of tax benefits from the Transactions and Wabtec's obligation to indemnify GE for certain taxes and other related amounts. To the extent the Tax Matters Agreement requires Wabtec, SpinCo or their subsidiaries to make substantial payments to GE or its subsidiaries, such payments could have a material adverse effect on Wabtec, including with respect to its financial condition and results of operations.

Wabtec and SpinCo are required to abide by potentially significant restrictions which could limit their ability to effect certain transactions (such as a merger or other combination) that otherwise could be advantageous.

To preserve the intended tax treatment of the Distribution and related transactions, the Tax Matters Agreement restricts Wabtec, SpinCo and their subsidiaries from taking certain actions that could affect such tax treatment or increase the tax liability of GE or its affiliates. These restrictions may limit the ability of Wabtec, SpinCo and their subsidiaries to pursue certain strategic or otherwise beneficial transactions, including certain acquisitions and equity capital market transactions. See Other Agreements—Tax Matters Agreement for a more detailed description of these restrictions.

Wabtec will have more shares of its common stock outstanding and will be a substantially larger company with significant indebtedness after the Transactions, which may discourage other companies from trying to acquire Wabtec.

Wabtec expects to issue approximately 98.5 million shares of its common stock in the Merger. Because Wabtec will be a significantly larger company and will have significantly more shares of its common stock outstanding after the consummation of the Transactions and significantly more outstanding indebtedness, an acquisition of Wabtec by a third party may become more expensive for potential acquirors. As a result, some companies may not seek to acquire Wabtec, and the reduction in potential parties that may seek to acquire Wabtec could negatively impact the prices at which Wabtec common stock trades.

TABLE OF CONTENTS

Wabtec's estimates and judgments related to the acquisition accounting models used to record the purchase price allocation may be inaccurate.

Wabtec management will make significant accounting judgments and estimates for the application of acquisition accounting under GAAP, and the underlying valuation models. Wabtec's business, operating results and financial condition could be materially and adversely impacted in future periods if Wabtec's accounting judgments and estimates related to these models prove to be inaccurate.

Wabtec may be required to recognize impairment charges for goodwill and other intangible assets.

Wabtec currently estimates that the proposed Transactions will add approximately \$12,318 million of goodwill and other intangible assets to Wabtec's consolidated balance sheet. In accordance with GAAP, Wabtec management periodically assesses these assets to determine if they are impaired. Significant negative industry or economic trends, disruptions to Wabtec's business, inability to effectively integrate acquired businesses, unexpected significant changes or planned changes in use of the assets, divestitures and market capitalization declines may impair goodwill and other intangible assets. Any charges relating to such impairments would adversely affect Wabtec's results of operations in the periods recognized.

Wabtec may waive one or more of the conditions to the consummation of the Transactions without re-soliciting stockholder approval.

Wabtec may determine to waive, in whole or in part, one or more of the conditions to its obligations to consummate the Transactions to the extent permitted by applicable law. If Wabtec waives the satisfaction of a material condition to the consummation of the Transactions, Wabtec will evaluate the facts and circumstances at that time and re-solicit stockholder approval of the Share Issuance and the Wabtec Charter Amendment if required to do so by applicable law or other relevant rules. In some cases, if the Wabtec Board determines that such waiver or its effect on Wabtec stockholders does not rise to the level of materiality that would require re-solicitation of proxies pursuant to applicable law or rules, Wabtec would complete the Merger without seeking further stockholder approval.

Wabtec directors and executive officers have interests in seeing the Transactions completed are different from, or in addition to, those of other Wabtec stockholders. Therefore, Wabtec directors and executive officers may have a conflict of interest in recommending the proposals being voted on at Wabtec's special meeting.

In considering the recommendations of the Wabtec Board that Wabtec stockholders vote to approve the Share Issuance and the Wabtec Charter Amendment, you should be aware that Wabtec directors and executive officers have financial interests in the Transactions that are different from, or in addition to, the interests of Wabtec stockholders generally. The members of the Wabtec Board were aware of and considered these interests, among other matters, in deciding to approve the terms of the Transactions, including the Merger, and in recommending to Wabtec stockholders that they vote to approve the Share Issuance and the Wabtec Charter Amendment.

The directors of Wabtec immediately prior to the consummation of the Merger are generally expected to be the directors of Wabtec immediately after the consummation of the Merger (although the size of the Wabtec Board will be increased to include three additional independent directors to be designated by GE, effective at the time of closing of the Merger). The executive officers of Wabtec immediately prior to consummation of the Merger are generally expected to be the executive officers of Wabtec immediately following consummation of the Merger, with Albert J. Neupaver remaining as Wabtec's executive chairman and Raymond T. Betler remaining as Wabtec's president and CEO. Following consummation of the Transactions, Stéphane Rambaud-Measson will become president and CEO of Wabtec's Transit Segment and Rafael O. Santana, president and CEO of GE Transportation, will become president and CEO of Wabtec's Freight Segment.

In addition, the directors and executive officers of Wabtec would be entitled to accelerated vesting of certain equity incentive awards upon the consummation of the Merger, and certain executive officers would be entitled to severance benefits upon a qualifying termination of employment in connection with the Merger that are greater than the severance benefits to which they are entitled without regard to the consummation of the Merger.

For a further description and quantification of the benefits that the Wabtec directors and executive officers may receive as a result of these interests, see The Transactions—Interests of Wabtec's Directors and Executive Officers in the Transactions.

TABLE OF CONTENTS

Risks Related to Wabtec, Including GE Transportation, After the Transactions

For purposes of the following discussion, unless the context requires otherwise, Wabtec refers to Westinghouse Air Brake Technologies Corporation and its subsidiaries, including SpinCo and the SpinCo Transferred Subsidiaries.

Prolonged unfavorable economic and market conditions could adversely affect Wabtec's business.

Unfavorable general economic and market conditions in the United States and internationally—particularly in Wabtec's key end markets—could have a negative impact on Wabtec's sales and operations. To the extent that these factors result in continued instability of capital markets, shortages of raw materials or component parts, longer sales cycles, deferral or delay of customer orders or an inability to market Wabtec's products effectively, Wabtec's business and results of operations could be materially adversely affected.

Wabtec is dependent upon key customers.

Wabtec relies on several key customers who represent a significant portion of its business. While Wabtec believes its relationships with its customers are generally good, Wabtec's top customers could choose to reduce or terminate their relationships with Wabtec. In addition, many of Wabtec's customers place orders for products on an as-needed basis and operate in cyclical industries. As a result, customer order levels have varied from period to period in the past and may vary significantly in the future. Such customer orders are dependent upon their markets and customers, and may be subject to delays and cancellations. Furthermore, the average service life of certain products in Wabtec's end markets has increased in recent years due to innovations in technologies and manufacturing processes, which has also allowed end users to replace parts less often. As a result of Wabtec's dependence on its key customers, Wabtec could experience a material adverse effect on its business, results of operations and financial condition if it lost any one or more of its key customers or if there is a reduction in their demand for Wabtec's products.

Wabtec operates in a highly competitive industry.

Wabtec operates in a global, competitive marketplace and faces substantial competition from a limited number of established competitors, some of which may have greater financial resources than Wabtec, may have a more extensive low-cost sourcing strategy and presence in low-cost regions than Wabtec or may receive significant governmental support. Price competition is strong and, coupled with the existence of a number of cost conscious customers with significant negotiating power, has historically limited Wabtec's ability to increase prices. In addition to price, competition is based on product performance and technological leadership, quality, reliability of delivery and customer service and support. If Wabtec's competitors invest heavily in innovation and develop products that are more efficient or effective than Wabtec's products, Wabtec may not be able to compete effectively. There can be no assurance that competition in one or more of Wabtec's markets will not adversely affect Wabtec's business and its results of operations.

Wabtec intends to pursue acquisitions, joint ventures and alliances that involve a number of inherent risks, any of which may cause Wabtec not to realize anticipated benefits.

One aspect of Wabtec's business strategy is to selectively pursue acquisitions, joint ventures and alliances that Wabtec believes will improve its market position, and provide opportunities to realize operating synergies. These transactions involve inherent risks and uncertainties, any one of which could have a material adverse effect on Wabtec's business, results of operations and financial condition including:

- difficulties in achieving identified financial and operating synergies, including the integration of operations, services and products;

• diversion of management's attention from other business concerns;

• the assumption of unknown liabilities; and

• unanticipated changes in the market conditions, business and economic factors affecting such an acquisition, joint venture or alliance.

Wabtec cannot assure that it will be able to consummate any future acquisitions, joint ventures or other business combinations. If Wabtec is unable to identify or consummate suitable acquisitions, joint ventures or alliances,

TABLE OF CONTENTS

Wabtec may be unable to fully implement its business strategy, and its business and results of operations may be adversely affected as a result. In addition, Wabtec's ability to engage in such strategic transactions will be dependent on its ability to raise substantial capital, and Wabtec may not be able to raise the funds necessary to implement this strategy on terms satisfactory to Wabtec, if at all.

A failure to predict and react to customer demand could adversely affect Wabtec's business.

If Wabtec is unable to accurately forecast demand for its existing products or to react appropriately to changes in demand, Wabtec may experience delayed product shipments and customer dissatisfaction. If demand increases significantly from current levels, both Wabtec and its suppliers may have difficulty meeting such demand, particularly if such demand increases occur rapidly. Alternatively, Wabtec may carry excess inventory if demand for its products decreases below projected levels.

Additionally, Wabtec has dedicated significant resources to the development, manufacturing and marketing of new products. Decisions to develop and market new transportation products are typically made without firm indications of customer acceptance. Moreover, by their nature, new products may require alteration of existing business methods or threaten to displace existing equipment in which Wabtec's customers may have a substantial capital investment. There can be no assurance that any new products that Wabtec develops will gain widespread acceptance in the marketplace or that such products will be able to compete successfully with other new products or services that may be introduced by competitors. Furthermore, Wabtec may incur additional warranty or other costs as new products are tested and used by customers.

Failure to accurately predict and react to customer demand could have a material adverse effect on Wabtec's business, results of operations and financial condition.

Wabtec may fail to respond adequately or in a timely manner to innovative changes in new technology.

In recent years, the global transportation landscape has been characterized by rapid changes in technology, leading to innovative transportation and logistics concepts that could change the way the railway industry does business. There may be additional innovations impacting the railway industry that Wabtec cannot yet foresee. Any failure by Wabtec to quickly adapt to and adopt new innovations in products and processes desired by Wabtec's customers may result in a significant loss of demand for Wabtec's product and service offerings. In addition, advances in technology may require Wabtec to increase investments in order to remain competitive, and Wabtec's customers may not be willing to accept higher prices to cover the cost of these investments.

A portion of Wabtec's sales are related to delivering products and services to help its U.S. railroad and transit customers meet the Positive Train Control (PTC) mandate from the U.S. federal government, which requires the use of on-board locomotive computers and software by the end of 2018.

For the fiscal year ended December 31, 2017, Wabtec, without giving effect to the Transactions, had sales of about \$322 million related to train control and signaling, which includes PTC. In 2015, the industry's PTC deadline was extended by three years through December 31, 2018, which also included the ability of railroads to request an additional two years for compliance with the approval of the Department of Transportation if certain parameters are met. This could change the timing of Wabtec's revenues and could cause Wabtec to reassess the staffing, resources and assets deployed in delivering PTC services.

Wabtec's revenues are subject to cyclical variations in the railway and passenger transit markets and changes in government spending.

The railway industry historically has been subject to significant fluctuations due to overall economic conditions, the use of alternate methods of transportation and the levels of government spending on railway projects. In economic downturns, railroads have deferred, and may defer, certain expenditures in order to conserve cash in the short term. Reductions in freight traffic may reduce demand for Wabtec's replacement products.

The passenger transit railroad industry is also cyclical and is influenced by a variety of factors. New passenger transit car orders vary from year to year and are influenced by a variety of factors, including major replacement programs, the construction or expansion of transit systems by transit authorities and the quality and cost of alternative modes of transportation. To the extent that future funding for proposed public projects is curtailed or withdrawn altogether as a result of changes in political, economic, fiscal or other conditions beyond Wabtec's

TABLE OF CONTENTS

control, such projects may be delayed or cancelled, resulting in a potential loss of business for Wabtec, including locomotives, transit aftermarket and new transit car orders. There can be no assurance that economic conditions will be favorable or that there will not be significant fluctuations adversely affecting the industry as a whole and, as a result, Wabtec.

Wabtec's backlog is not necessarily indicative of the level of Wabtec's future revenues.

Wabtec's backlog represents future production and estimated potential revenue attributable to firm contracts with, or written orders from, its customers for delivery in various periods. Instability in the global economy, negative conditions in the global credit markets, volatility in the industries that Wabtec's products serve, changes in legislative policy, adverse changes in the financial condition of Wabtec's customers, adverse changes in the availability of raw materials and supplies, or un-remedied contract breaches could possibly lead to contract termination or cancellations of orders in Wabtec's backlog or request for deferred deliveries of Wabtec's backlog orders, each of which could adversely affect Wabtec's cash flows and results of operations.

A growing portion of Wabtec's sales may be derived from its international operations, which exposes Wabtec to certain risks inherent in doing business on an international level.

For the fiscal year ended December 31, 2017, without giving effect to the Transactions, approximately 66% of Wabtec's consolidated net sales were to customers outside of the United States. Wabtec intends to continue to expand its international operations, including in emerging markets, in the future. Wabtec's global headquarters for the Transit group is located in France, and Wabtec conducts other international operations through a variety of wholly and majority-owned subsidiaries and joint ventures, including in Australia, Austria, Brazil, Canada, China, Czech Republic, France, Germany, India, Italy, Macedonia, Mexico, the Netherlands, Poland, Russia, Spain, South Africa, Turkey, and the United Kingdom. As a result, Wabtec is subject to various risks, any one of which could have a material adverse effect on those operations and on its business as a whole, including:

- lack of complete operating control;
- lack of local business experience;
- currency exchange fluctuations and devaluations;
- restrictions on currency conversion or the transfer of funds or limitations on Wabtec's ability to repatriate income or capital;
- the complexities of operating within multiple tax jurisdictions;
- foreign trade restrictions and exchange controls;
- adverse impacts of international trade policies, such as import quotas, capital controls or tariffs;
- difficulty enforcing agreements and intellectual property rights;
- the challenges of complying with complex and changing laws, regulations and policies of foreign governments;
- the difficulties involved in staffing and managing widespread operations;
- the potential for nationalization of enterprises;
- economic, political and social instability; and
- possible terrorist attacks, conflicts and wars, including those against American interests.

Wabtec's exposure to the risks associated with international operations may intensify if its international operations expand in the future.

Wabtec may have liability arising from asbestos litigation.

Claims have been filed against Wabtec and certain of its affiliates in various jurisdictions across the United States by persons alleging bodily injury as a result of exposure to asbestos-containing products. Most of these claims have been made against Wabtec's wholly owned subsidiary, Railroad Friction Products Corporation ("RFPC"), and are based on a

product sold by RFPC prior to the time that Wabtec acquired any interest in RFPC.

TABLE OF CONTENTS

Most of these claims, including all of the RFPC claims, are submitted to insurance carriers for defense and indemnity or to non-affiliated companies that have retained the liabilities for the asbestos-containing products at issue. Wabtec cannot, however, assure that all these claims will be fully covered by insurance or that the indemnitors or insurers will remain financially viable. Wabtec's ultimate legal and financial liability with respect to these claims, as is the case with most other pending litigation, cannot be estimated.

Wabtec is subject to a variety of laws and regulations, including anti-corruption laws, in various jurisdictions.

Wabtec is subject to various laws, rules and regulations administered by authorities in jurisdictions in which Wabtec does business, such as the anti-corruption laws of the U.S. Foreign Corrupt Practices Act, the French Law n° 2016-1691 (Sapin II) and the U.K. Bribery Act, relating to its business and its employees. Wabtec is also subject to other laws and regulations governing its international operations, including regulations administered by the U.S. Department of Commerce's Bureau of Industry and Security, the U.S. Department of Treasury's Office of Foreign Assets Control, and various non-U.S. government entities, including applicable export control regulations, economic sanctions on countries and persons, customs requirements, currency exchange regulations, and transfer pricing regulations. Despite Wabtec's policies, procedures and compliance programs, its internal controls and compliance systems may not be able to protect Wabtec from prohibited acts willfully committed by its employees, agents or business partners that would violate such applicable laws and regulations. Any such improper acts could damage Wabtec's reputation, subject it to civil or criminal judgments, fines or penalties, and could otherwise disrupt Wabtec's business, and as a result, could materially adversely impact Wabtec's business, results of operations and financial condition.

In addition, Wabtec's manufacturing operations are subject to safety, operations, maintenance and mechanical standards, rules and regulations enforced by various federal and state agencies and industry organizations both domestically and internationally. Wabtec's business may be adversely impacted by new rules and regulations or changes to existing rules or regulations, which could require additional maintenance or substantial modification or refurbishment of certain of Wabtec's products or could make such products obsolete or require them to be phased out prior to their useful lives. Wabtec is unable to predict what impact these or other regulatory changes may have, if any, on its business or the industry as a whole. Wabtec cannot assure that costs incurred to comply with any new standards or regulations will not be material to Wabtec's business, results of operations and financial condition.

Wabtec is subject to a variety of environmental laws and regulations.

Wabtec is subject to a variety of increasingly stringent environmental laws and regulations governing discharges to air and water, substances in products, the handling, storage and disposal of hazardous or solid waste materials and the remediation of contamination associated with releases of hazardous substances. Wabtec has incurred, and will continue to incur, both operating and capital costs to comply with environmental laws and regulations, including costs associated with the clean-up and investigation of some of Wabtec's current and former properties and offsite disposal locations. Wabtec believes its operations currently comply in all material respects with all of the various environmental laws and regulations applicable to its business; however, there can be no assurance that environmental requirements will not change in the future or that Wabtec will not incur significant costs to comply with such requirements. Failure to comply with environmental laws and regulations could have significant consequences on Wabtec's business and results of operations, including the imposition of substantial fines and sanctions for violations, injunctive relief (including requirements that Wabtec limit or cease operations at affected facilities), and reputational risk.

In addition, certain of Wabtec's products are subject to extensive, and increasingly stringent, statutory and regulatory requirements governing, e.g., emissions and noise, including standards imposed by the U.S. Environmental Protection Agency, the European Union and other regulatory agencies around the world. Wabtec has made, and will continue to

make, significant capital and research expenditures relating to compliance with these standards. The successful development and introduction of new and enhanced products in order to comply with new regulatory requirements are subject to other risks, such as delays in product development, cost over-runs and unanticipated technical and manufacturing difficulties. In addition to these risks, the nature and timing of government implementation and enforcement of these standards—particularly in emerging markets—are unpredictable and subject to change.

TABLE OF CONTENTS

Future climate change regulation could result in increased operating costs, affect the demand for Wabtec's products or affect the ability of Wabtec's critical suppliers to meet its needs.

Wabtec has followed the current debate over climate change and the related policy discussion and prospective legislation. The potential challenges for Wabtec that climate change policy and legislation may pose have been reviewed by Wabtec. Any such challenges are heavily dependent on the nature and degree of climate change legislation and the extent to which it applies to Wabtec's industry. At this time, Wabtec cannot predict the ultimate impact of climate change and climate change legislation on Wabtec's operations. Further, when or if these impacts may occur cannot be assessed until scientific analysis and legislative policy are more developed and specific legislative proposals begin to take shape. Any laws or regulations that may be adopted to restrict or reduce emissions of greenhouse gas could require Wabtec to incur increased operating costs, and could have an adverse effect on demand for Wabtec's products. In addition, the price and availability of certain of the raw materials that Wabtec uses could vary in the future as a result of environmental laws and regulations affecting Wabtec's suppliers. An increase in the price of Wabtec's raw materials or a decline in their availability could adversely affect Wabtec's operating margins or result in reduced demand for Wabtec's products.

The occurrence of litigation in which Wabtec could be named as a defendant is unpredictable.

From time to time, Wabtec is subject to litigation or other commercial disputes and other legal and regulatory proceedings with respect to its business, customers, suppliers, creditors, shareholders, product liability, intellectual property infringement, warranty claims or environmental-related matters. Due to the inherent uncertainties of any litigation, commercial disputes or other legal or regulatory proceedings, Wabtec cannot accurately predict their ultimate outcome, including the outcome of any related appeals. Wabtec may incur significant expense to defend or otherwise address current or future claims. Any litigation, even a claim without merit, could result in substantial costs and diversion of resources and could have a material adverse effect on Wabtec's business and results of operations. Although Wabtec maintains insurance policies for certain risks, Wabtec cannot make assurances that this insurance will be adequate to protect Wabtec from all material judgments and expenses related to potential future claims or that these levels of insurance will be available in the future at economical prices or at all.

If Wabtec is not able to protect its intellectual property and other proprietary rights, Wabtec may be adversely affected.

Wabtec's success can be impacted by its ability to protect its intellectual property and other proprietary rights. Wabtec relies primarily on patents, trademarks, copyrights, trade secrets and unfair competition laws, as well as license agreements and other contractual provisions, to protect its intellectual property and other proprietary rights. However, filing, prosecuting and defending patents on Wabtec's products in all countries and jurisdictions throughout the world would be prohibitively expensive. Moreover, existing U.S. legal standards relating to the validity, enforceability and scope of protection of intellectual property rights offer only limited protection, may not provide Wabtec with any competitive advantages and may be challenged by third parties. The laws of countries other than the United States may be even less protective of intellectual property rights. As a result, a significant portion of Wabtec's technology is not patented and Wabtec may be unable or may not seek to obtain patent protection for this technology. Further, although Wabtec routinely conducts anti-counterfeiting activities in multiple jurisdictions, Wabtec has encountered counterfeit reproductions of Wabtec's products or products that otherwise infringe on Wabtec's intellectual property rights. Counterfeit components of low quality may negatively impact Wabtec's brand value. Accordingly, despite Wabtec's efforts, Wabtec may be unable to prevent third parties from infringing upon, counterfeiting or misappropriating its intellectual property or otherwise gaining access to Wabtec's technology. If Wabtec fails to protect its intellectual property and other proprietary rights, then Wabtec's business, results of operations and financial condition could be negatively impacted.

In addition, Wabtec operates in industries in which there are many third-party owners of intellectual property rights. Owners of intellectual property that Wabtec needs to conduct its business as it evolves may be unwilling to license such intellectual property rights to Wabtec on terms Wabtec considers reasonable. Third party intellectual property owners may assert infringement claims against Wabtec based on their intellectual property portfolios. If Wabtec is sued for intellectual property infringement, Wabtec may incur significant expenses investigating and defending such claims, even if Wabtec prevails.

TABLE OF CONTENTS

Wabtec faces risks relating to cybersecurity attacks that could cause loss of confidential information and other business disruptions.

Threats to information technology systems associated with cybersecurity risks and cyber incidents or attacks continue to grow and Wabtec's business is at risk from and may be impacted by cybersecurity attacks. Wabtec relies extensively on computer systems to process transactions and manage its business. In addition, Wabtec collects, processes and retains sensitive and confidential customer information in the normal course of business. Cybersecurity attacks could include attempts to gain unauthorized access to Wabtec's data and computer systems. Attacks can be both individual and/or highly organized attempts by very sophisticated hacking organizations. Wabtec employs a number of measures to prevent, detect and mitigate these threats, which include employee education, password encryption, frequent password change events, firewall detection systems, anti-virus software in-place and frequent backups; however, there is no guarantee such efforts will be successful in preventing a cyber-attack. A cybersecurity attack could compromise the confidential information of Wabtec's employees, customers and suppliers, and potentially violate certain domestic and international privacy laws. Furthermore, a cybersecurity attack on Wabtec's customers and suppliers could compromise Wabtec's confidential information in the possession of Wabtec's customers and suppliers. A successful attack could disrupt and otherwise adversely affect Wabtec's business operations, including through lawsuits by third-parties. In addition, the regulatory environment related to information security and privacy is constantly changing, and compliance with those requirements could result in additional costs.

Wabtec's manufacturer's warranties or product liability may expose Wabtec to potentially significant claims.

Wabtec warrants the workmanship and materials of many of its products. Accordingly, Wabtec is subject to a risk of product liability or warranty claims in the event that the failure of any of its products results in personal injury or death, or does not conform to Wabtec's customers' specifications. In addition, in recent years, Wabtec has introduced a number of new products for which Wabtec does not have a history of warranty experience. Although Wabtec currently maintains liability insurance coverage, Wabtec cannot assure that product liability claims, if made, would not exceed Wabtec's insurance coverage limits or that insurance will continue to be available on commercially acceptable terms, if at all. The possibility exists for these types of warranty claims to result in costly product recalls, significant repair costs and damage to Wabtec's reputation.

Labor shortages and labor disputes may have a material adverse effect on Wabtec's operations and profitability.

Wabtec depends on skilled labor in its manufacturing and other businesses. Due to the competitive nature of the labor markets in which Wabtec operates, Wabtec may not be able to retain, recruit and train the personnel Wabtec requires, particularly when the economy expands, production rates are high or competition for such skilled labor increases.

Wabtec collectively bargains with labor unions at some of its operations throughout the world. Failure to reach an agreement could result in strikes or other labor protests which could disrupt Wabtec's operations. Furthermore, non-union employees in certain countries have the right to strike. If Wabtec were to experience a strike or work stoppage, it would be difficult for Wabtec to find a sufficient number of employees with the necessary skills to replace these employees. Wabtec cannot assure that it will reach any such agreement or that it will not encounter strikes or other types of conflicts with the labor unions of Wabtec's personnel.

Any such labor shortages or labor disputes could have an adverse effect on Wabtec's business, results of operations and financial condition, could cause Wabtec to lose revenues and customers and might have permanent effects on Wabtec's business.

Equipment failures, interruptions, delays in deliveries or extensive damage to Wabtec's facilities, supply chains, distribution systems or information technology systems, could adversely affect its business.

All of Wabtec's facilities, equipment, supply chains, distribution systems and information technology systems are subject to the risk of catastrophic loss due to unanticipated events, such as fires, earthquakes, explosions, floods, tornados, hurricanes or weather conditions. An interruption in Wabtec's manufacturing capabilities, supply chains, distribution systems or information technology systems, whether as a result of such catastrophic loss or any other reason, could reduce, prevent or delay Wabtec's production and shipment of its product offerings, result in

TABLE OF CONTENTS

defective products or services, damage customer relationships and Wabtec's reputation and result in legal exposure and large repair or replacement expenses. This could result in the delay or termination of orders, the loss of future sales and a negative impact to Wabtec's reputation with Wabtec's customers.

Third-party insurance coverage that Wabtec maintains with respect to such matters will vary from time to time in both type and amount depending on cost, availability and Wabtec's decisions regarding risk retention, and may be unavailable or insufficient to protect Wabtec against losses. Any of these risks coming to fruition could materially adversely affect Wabtec's business, results of operations and financial condition.

Wabtec may be exposed to raw material shortages, supply shortages and fluctuations in raw material, energy and commodity prices.

Wabtec purchases energy, steel, aluminum, copper, rubber and rubber-based materials, chemicals, polymers and other key manufacturing inputs from outside sources, and traditionally has not had long-term pricing contracts with its pure raw material suppliers. The costs of these raw materials have been volatile historically and are influenced by factors that are outside Wabtec's control. If Wabtec is unable to pass increases in the costs of Wabtec's raw materials on to Wabtec's customers, experiences a lag in its ability to pass increases to Wabtec's customers, or operational efficiencies are not achieved, Wabtec's operating margins and results of operations may be materially adversely affected.

Wabtec's businesses compete globally for key production inputs. In addition, Wabtec relies upon third-party suppliers, including certain single-sourced suppliers, for various components for its products. In the event of a shortage or discontinuation of certain raw materials or key inputs, Wabtec may experience challenges sourcing certain of its components to meet its production requirements and may not be able to arrange for alternative sources of certain raw materials or key inputs. Any such shortage may materially adversely affect Wabtec's competitive position versus companies that are able to better or more cheaply source such raw materials or key inputs.

Wabtec may incur increased costs due to fluctuations in interest rates and foreign currency exchange rates.

In the ordinary course of business, Wabtec is exposed to increases in interest rates that may adversely affect funding costs associated with variable-rate debt and changes in foreign currency exchange rates. Wabtec is subject to currency exchange rate risk to the extent that Wabtec's costs may be denominated in currencies other than those in which Wabtec earns and reports revenues and vice versa. In addition, a decrease in the value of any of these currencies relative to the U.S. dollar could reduce Wabtec's profits from non-U.S. operations and the translated value of the net assets of Wabtec's non-U.S. operations when reported in U.S. dollars in Wabtec's consolidated financial statements. Wabtec may seek to minimize these risks through the use of interest rate swap contracts and currency hedging agreements. There can be no assurance that any of these measures will be effective. Material changes in interest or exchange rates could result in material losses to Wabtec.

If Wabtec loses its senior management or key personnel, Wabtec's business may be materially and adversely affected.

The success of Wabtec's business is largely dependent on Wabtec's senior management team, as well as on Wabtec's ability to attract and retain other qualified key personnel. It cannot be assured that Wabtec will be able to retain all of its current senior management personnel and attract and retain other key personnel necessary for the development of Wabtec's business. The loss of the services of senior management and other key personnel or the failure to attract additional personnel as required could have a material adverse effect on Wabtec's business, results of operations and financial condition.

Wabtec has substantial operations located in India, and Wabtec is subject to regulatory, economic, social and political uncertainties in India.

Wabtec has extensive operations in India, including a large scale project in which Wabtec is constructing a factory in the state of Bihar, which includes a township to house employees. The project also includes construction of two service sheds, in the states of Uttar Pradesh and Gujarat. Wabtec's operations in India are inherently risky due to a number of regulatory, economic, social and political uncertainties. For example, in September 2017 several media outlets reported that the Indian government expressed a desire to switch the

TABLE OF CONTENTS

country's rail system from diesel to electric locomotives, which would threaten to interfere with the completion of the project and curtail the viability of Wabtec's ongoing operations in India. While no such actions have been taken to date, any change in policy with respect to India's rail system could have a material adverse effect on Wabtec's business.

In addition, the Indian government has exercised and continues to exercise significant influence over many aspects of the Indian economy. Since 1991, successive Indian governments have generally pursued policies of economic liberalization and financial sector reforms, including by significantly relaxing restrictions on the private sector. Nevertheless, the role of the Indian central and state governments in the Indian economy as producers, consumers and regulators has remained significant and Wabtec cannot assure you that such liberalization policies will continue. The rate of economic liberalization could change, and specific laws and policies affecting foreign investments in India could change as well, including exposure to possible expropriation, nationalization or other governmental actions.

Further, protests against privatizations and government corruption scandals, which have occurred in the past, could slow the pace of liberalization and deregulation. A significant change in India's policy of economic liberalization and deregulation or any social or political uncertainties could significantly harm business and economic conditions in India generally and Wabtec's business and prospects.

India's physical infrastructure is less developed than that of many developed nations. Any congestion or disruption with respect to communication systems or any public facility, including transportation infrastructure, could disrupt Wabtec's normal business activity. Any deterioration of India's physical infrastructure would harm the national economy, disrupt the transportation of people, goods and supplies, and add costs to doing business in India. These disruptions could interrupt Wabtec's business operations and significantly harm Wabtec's results of operations, financial condition and cash flows.

Wabtec's indebtedness could adversely affect its financial health.

At June 30, 2018, without giving effect to the Transactions, Wabtec had total debt of \$1,884.9 million. Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion Revolving Credit Facility, (ii) a \$350.0 million Refinancing Term Loan and (iii) a \$400.0 million Delayed Draw Term Loan. Wabtec also obtained Bridge Commitments in respect of the Bridge Loan Facility in an amount not to exceed \$2.5 billion. On September 14, 2018, in accordance with the Commitment Letter, the Bridge Commitments were permanently reduced to \$0 in connection with Wabtec's issuance of \$500 million aggregate principal amount of the Floating Rate Notes, \$750 million aggregate principal amount of the 2024 Notes and \$1.25 billion aggregate principal amount of the 2028 Notes. Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price. The Credit Agreement is expected to have approximately \$812 million of unused availability immediately following consummation of the Transactions. Being indebted could have important consequences to Wabtec. For example, Wabtec's indebtedness could:

- increase Wabtec's vulnerability to general adverse economic and industry conditions;
- require Wabtec to dedicate a substantial portion of its cash flow from operations to payments on its indebtedness, thereby reducing the availability of its cash flow to fund working capital, capital expenditures, acquisitions and other general corporate purposes;
- limit Wabtec's flexibility in planning for, or reacting to, changes in its business and the industries in which it operates;
- place Wabtec at a disadvantage compared to competitors that have less debt; and
- limit Wabtec's ability to borrow additional funds.

The indenture for the New Wabtec Notes and Wabtec's \$750.0 million 3.450% senior notes due in 2026, Wabtec's \$250.0 million 4.375% senior notes due in 2023, and the Credit Agreement contain various covenants that limit Wabtec's management's discretion in the operation of Wabtec's businesses.

The Credit Agreement contains customary representations and warranties by Wabtec and its subsidiaries, including customary use of materiality, material adverse effect, and knowledge qualifiers. Wabtec and its subsidiaries are also subject to (i) customary affirmative covenants that impose certain reporting obligations on

TABLE OF CONTENTS

Wabtec and its subsidiaries and (ii) customary negative covenants, including limitations on: indebtedness; liens; restricted payments; fundamental changes; business activities; transactions with affiliates; restrictive agreements; changes in fiscal year; and use of proceeds. In addition, Wabtec is required to maintain (i) a ratio of EBITDA to interest expense of at least 3.00 to 1.00 over each period of four consecutive fiscal quarters ending on the last day of a fiscal quarter and (ii) a Leverage Ratio, calculated as of the last day of a fiscal quarter for a period of four consecutive fiscal quarters, of 3.25 to 1.00 or less; *provided that*, in the event Wabtec completes the Direct Sale and the Merger or any other material acquisition in which the cash consideration paid exceeds \$500.0 million, the maximum Leverage Ratio permitted will be (x) 3.75 to 1.00 at the end of the fiscal quarter in which such acquisition is consummated and each of the three fiscal quarters immediately following such fiscal quarter and (y) 3.50 to 1.00 at the end of each of the fourth and fifth full fiscal quarters after the consummation of such acquisition. See Debt Financing.

The indenture under which the New Wabtec Notes and the senior notes were issued contain covenants and restrictions which limit among other things, the following: sale and leaseback transactions, sale of assets, change in control, mergers and consolidations and the incurrence of liens.

The integration of Wabtec's recently completed acquisitions may not result in anticipated improvements in market position or the realization of anticipated operating synergies or may take longer to realize than expected.

In 2016 and 2017, Wabtec completed multiple acquisitions with a combined investment of \$1,865 million, which included Wabtec's acquisition of Faiveley Transport for \$1,507 million. Although Wabtec believes that the acquisitions will improve its market position and realize positive operating results, including operating synergies, operating expense reductions and overhead cost savings, Wabtec cannot be assured that these improvements will be obtained or the timing of such improvements. The management and acquisition of businesses involves substantial risks, any of which may result in a material adverse effect on Wabtec's business and results of operations, including:

- the uncertainty that an acquired business will achieve anticipated operating results;
- significant expenses to integrate;
- diversion of management's attention;
- departure of key personnel from the acquired business;
- effectively managing entrepreneurial spirit and decision-making;
- integration of different information systems;
- unanticipated costs and exposure to unforeseen liabilities; and
- impairment of assets.

The inclusion of such statements should not be regarded as a representation that such plans, estimates or expectations will be achieved. Important factors that could cause actual results to differ materially from such plans, estimates or expectations include, among others, (1) that one or more closing conditions to the transaction, including certain regulatory approvals, may not be satisfied or waived, on a timely basis or otherwise, including that a governmental entity may prohibit, delay or refuse to grant approval for the consummation of the proposed transaction, may require conditions, limitations or restrictions in connection with such approvals or that the required approval by the stockholders of Wabtec may not be obtained; (2) the risk that the proposed transaction may not be completed on the terms or in the time frame expected by GE or Wabtec, or at all; (3) unexpected costs, charges or expenses resulting from the proposed transaction; (4) uncertainty of the expected financial performance of the combined company following completion of the proposed transaction; (5) failure to realize the anticipated benefits of the proposed transaction, including as a result of delay in completing the proposed transaction or integrating GE Transportation, Wabtec and SpinCo; (6) the ability of the combined company to implement its business strategy; (7) difficulties and delays in achieving revenue and cost synergies of the combined company; (8) inability to retain and hire key personnel; (9) the occurrence of any event that could give rise to termination of the proposed transaction; (10) the risk that stockholder litigation in connection with the proposed transaction or other settlements or investigations may affect the timing or occurrence of the proposed transaction or result in significant costs of defense, indemnification and liability; (11) evolving legal, regulatory and tax regimes; (12) changes in general economic and/or industry specific conditions; (13) actions by third parties, including government agencies; and (14) other risk factors as detailed from time to time in GE's and Wabtec's respective reports filed with the SEC, including GE's and Wabtec's annual reports on Form 10-K, periodic quarterly reports on Form 10-Q, periodic current reports on Form 8-K and other documents filed with the SEC. The foregoing list of important factors is not exclusive.

Any forward-looking statements speak only as of the date of this communication. Neither GE nor Wabtec undertakes any obligation to update any forward-looking statements, whether as a result of new information or development, future events or otherwise, except as required by law. Readers are cautioned not to place undue reliance on any of these forward-looking statements.

Certain Relationships and Related Transactions

GE, SpinCo, Wabtec and certain of their respective subsidiaries, in each case as applicable, have entered into or before the consummation of the Transactions, will enter into, ancillary agreements relating to the Transactions and various interim and on-going relationships between GE, SpinCo, Wabtec and certain of their respective subsidiaries. See Other Agreements.

The Transaction—Interests of Wabtec's Directors and Executive Officers in the Transaction

Wabtec directors and executive officers have financial interests in the Transactions that are different from, or in addition to, the interests of Wabtec stockholders generally. The members of the Wabtec Board were aware of and considered these interests, among other matters, in deciding to approve the terms of the Merger Agreement and the Transactions, including the Merger, and in recommending to Wabtec stockholders that they vote to approve the Share Issuance and the Wabtec Charter Amendment. In considering the recommendations of the Wabtec Board that Wabtec stockholders vote to approve the Share Issuance and the Wabtec Charter Amendment, you should be aware of these interests.

Interests of Wabtec's Directors in the Transaction

The directors of Wabtec immediately prior to the consummation of the Merger are generally expected to be the directors of Wabtec immediately after the consummation of the Merger (although the size of the Wabtec Board will be increased to include three additional independent directors to be designated by GE, effective at the time of closing of the Merger). The directors of Wabtec would be entitled to accelerated vesting of certain equity incentive awards upon the consummation of the Merger.

Interests of Wabtec's Executive Officers in the Transaction

The executive officers of Wabtec immediately prior to consummation of the Merger are generally expected to be the executive officers of Wabtec immediately following consummation of the Merger, with Albert J. Neupaver remaining as Wabtec's executive chairman and Raymond T. Betler remaining as Wabtec's president and CEO. Following consummation of the Transactions, Stéphane Rambaud-Measson will become president and CEO of Wabtec's Transit Segment and Rafael O. Santana, president and CEO of GE Transportation, will become president and CEO of Wabtec's Freight Segment. In addition, the executive officers of Wabtec would be entitled to accelerated vesting of certain equity incentive awards upon the consummation of the Merger, and certain executive officers would be entitled to severance benefits upon a qualifying termination of employment in connection with the Merger that are greater than the severance benefits to which they are entitled without regard to the consummation of the Merger. For a further description and quantification of the benefits that Wabtec executive officers may receive as a result of these interests, including these enhanced severance benefits as well as the accelerated vesting of equity incentive awards in connection with the Merger, see The Transactions—Interests of Wabtec's Directors and Executive Officers in the Transactions.

Information About the Wabtec Special Meeting

This proxy statement is being provided to Wabtec stockholders as part of a solicitation of proxies by the Wabtec Board for use at the Wabtec special meeting to be held at the time and place specified below, and at any properly convened meeting following an adjournment or postponement thereof. This proxy statement provides Wabtec stockholders with the information they need to know to be able to vote or instruct their vote to be cast at the Wabtec special meeting.

General; Date; Time and Place; Purposes of the Meeting

Wabtec stockholders will vote on the following proposals:

1. To authorize the issuance of shares of Wabtec common stock in the Merger (the "Share Issuance").
2. To amend the Wabtec Charter to increase the number of authorized shares of common stock from 200 million to 500 million (the "Wabtec Charter Amendment").

If it is determined by the board of directors to be necessary or appropriate, to approve adjournments or postponements of the special meeting to solicit additional proxies if there are not sufficient votes at the time of the special meeting to approve the Share Issuance and the Wabtec Charter Amendment.

Stockholder approval of the Share Issuance and the Wabtec Charter Amendment is required in connection with the Merger. Wabtec is holding a special meeting of its stockholders to obtain such approvals. The Merger, together with the Direct Sale, will have the effect of combining GE Transportation with Wabtec's existing business. Wabtec cannot complete the Merger, and will not complete the Direct Sale, unless the Share Issuance is approved by a majority of votes cast by Wabtec stockholders on the Share Issuance proposal at the special meeting and the Wabtec Charter Amendment is approved by a majority of the outstanding shares of Wabtec common stock.

This proxy statement includes important information about the Transactions and the special meeting of Wabtec stockholders. Wabtec stockholders should read this information carefully and in its entirety. Copies of the Material Agreements are attached as Annexes A through F to this proxy statement. The special meeting of stockholders will be held at : a.m. Eastern time, on , 2018 at , Pittsburgh, Pennsylvania . The enclosed voting materials allow Wabtec stockholders to vote their shares without attending the Wabtec special meeting. *The vote of Wabtec stockholders is very important and Wabtec encourages its stockholders to vote their proxy as soon as possible. Please follow the instructions set forth on the enclosed proxy card (or on the voting instruction form that is provided to you by the record holder if your shares of Wabtec common stock are held in the name of a bank, broker or other nominee).*

Record Date; Quorum; Voting Information; Required Votes

Only stockholders of record of Wabtec common stock as of the close of business on the record date of , 2018 are entitled to notice of, and to vote at, the special meeting. Each share of Wabtec common stock represents one vote. There were shares of common stock outstanding as of , 2018.

To conduct the business of the special meeting, there must be a quorum. This means at least a majority of the outstanding shares of Wabtec common stock entitled to vote on the record date must be present in person or represented by proxy at the meeting. You are considered a part of the quorum if you vote over the Internet, by telephone or by submitting a properly signed proxy card. If you are present in person or represented by proxy at the meeting, but abstain from voting on any proposal, your shares will still be counted for purposes of determining whether a quorum exists. Because banks, brokers and other nominees who hold shares of common stock in street name on behalf of beneficial owners do not have discretionary authority to vote the shares with respect to the proposals described in this proxy statement, a failure to instruct your broker, bank or other nominee to vote your shares held in street name with respect to at least one of the proposals means your shares will not be present in person

or represented by proxy at the special meeting and will not be counted toward determining whether a quorum exists. Failure of a quorum to be present at the special meeting will necessitate an adjournment or postponement and will subject Wabtec to additional expense.

Wabtec encourages you to vote via the Internet or by telephone. You also have the option of voting in person if you attend the special meeting or by completing, signing, dating and returning the proxy card that accompanied the printed materials. Submitting your vote via the Internet or by telephone or by proxy card will not affect your right to vote in person if you decide to attend the special meeting.

TABLE OF CONTENTS

Pursuant to NYSE rules and as required under the Merger Agreement, Proposal 1 (the Share Issuance) must be approved by a majority of the votes cast by Wabtec stockholders on Proposal 1 at the special meeting. An abstention will be treated as a vote cast under NYSE rules and will have the same effect as a vote against the proposal. In accordance with applicable rules, banks, brokers and other nominees who hold shares of common stock in street name on behalf of beneficial owners do not have discretionary authority to vote the shares with respect to the proposals described in this proxy statement. If your shares are held in street name and you do not instruct your broker, bank or other nominee to vote your shares, your shares will not be voted. Because only votes cast with respect to Proposal 1 are counted, a failure to instruct your broker, bank or other nominee to vote your shares held in street name will have no effect on the outcome of Proposal 1. If Proposal 1 is not approved, the Merger cannot be completed.

In accordance with applicable law and as required under the Merger Agreement, Proposal 2 (the Wabtec Charter Amendment) must be approved at the special meeting by a majority of the outstanding shares of Wabtec common stock. An abstention will have the same effect as a vote against the proposal. In accordance with applicable rules, banks, brokers and other nominees who hold shares of common stock in street name on behalf of beneficial owners do not have discretionary authority to vote the shares with respect to the proposals described in this proxy statement. If your shares are held in street name and you do not instruct your broker, bank or other nominee to vote your shares, your shares will not be voted. Because the required vote with respect to Proposal 2 is based upon the number of outstanding Wabtec shares and not the number of shares that are actually voted, a failure to instruct your broker, bank or other nominee to vote your shares held in street name will have the same effect as a vote cast against the Wabtec Charter Amendment. If Proposal 2 is not approved, the Merger cannot be completed.

Proposal 3 (the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes in favor of Proposal 1 and Proposal 2) must be approved by a majority of the votes cast by Wabtec stockholders on Proposal 3 at the special meeting. Because only votes present and entitled to vote at the special meeting are counted, a failure to instruct your broker, bank or other nominee to vote your shares held in street name will have no effect on the outcome of Proposal 3.

Approval of any other matter that properly comes before the special meeting shall, unless required otherwise by applicable law or the Wabtec Bylaws, require the affirmative vote of a majority of shares present and entitled to vote on the matter.

A list of stockholders entitled to vote at the meeting will be available for inspection by any Wabtec stockholder for any purpose germane to the special meeting at 1001 Air Brake Avenue, Wilmerding, PA 15148 for at least 10 days prior to the special meeting and will also be available for inspection at the special meeting.

Recommendation of Board of Directors

After careful consideration, the Wabtec Board has unanimously approved the Merger Agreement and the transactions contemplated thereby, including the Merger, the Share Issuance and the Wabtec Charter Amendment, and determined that the Merger Agreement and the transactions contemplated thereby are advisable and in the best interests of Wabtec and its stockholders.

The Wabtec Board unanimously recommends that stockholders vote:

- 1. FOR the proposal to issue shares of Wabtec common stock in the Merger (the Share Issuance);**
- 2. FOR the proposal to amend the Wabtec Charter to increase the number of authorized shares of common stock from 200 million to 500 million (the Wabtec Charter Amendment); and**
- 3. If it is determined by the board of directors to be necessary or appropriate, FOR the approval of adjournments or postponements of the special meeting to solicit additional proxies if there are not**

sufficient votes at the time of the special meeting to approve the Share Issuance and the Wabtec Charter Amendment.

How to Vote; Revocation of Proxies

Shares of common stock represented by a properly executed and timely proxy will, unless it has previously been revoked, be voted in accordance with its instructions. In the absence of specific instructions, the shares represented by a properly executed and timely proxy will be voted in accordance with the Wabtec Board's recommendations as follows:

FOR the Share Issuance;

FOR the Wabtec Charter Amendment; and

FOR the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies.

No other business is expected to come before the special meeting; however, should any other matter properly come before the special meeting, the proxy holders intend to vote such shares in accordance with their best judgment on such matter.

If you are a stockholder whose shares are registered in your name, you may vote your shares in person at the special meeting or by one of the three following methods:

Vote by Telephone, by dialing the toll-free number on your proxy card or voting instruction form and following the instructions for telephone voting shown on the proxy card or voting instruction form.

Vote by Proxy Card, by completing, signing, dating and mailing a proxy card or voting instruction form in the envelope provided.

Submitting a proxy will not prevent you from attending the special meeting and voting in person. Any proxy may be revoked at any time prior to exercise by delivering a written revocation or a new proxy bearing a later date to the mailing agent, Equiniti Trust Company, or by attending the special meeting and voting in person. The mailing address of the mailing agent is Equiniti Trust Company, Shareowner Services, P.O. Box 64945, St. Paul, MN 55164-0945. Attendance at the special meeting will not, however, in and of itself, revoke a proxy.

Solicitation of Proxies

Wabtec is soliciting these proxies and the cost of the solicitation will be borne by Wabtec, including the charges and expenses of record holders holding shares in their name as nominee that are incurred in connection with forwarding proxy materials to the beneficial owners of such shares.

In addition to the use of the mail, proxies may be solicited by Wabtec's officers, directors and employees in person, by telephone or by email. Such individuals will not be additionally compensated for such solicitation but may be reimbursed for reasonable out-of-pocket expenses incurred in connection with such solicitation. To help assure the presence, in person or by proxy, of the largest number of Wabtec stockholders possible, Wabtec has also retained Morrow Sodali LLC, 470 West Ave, Stamford, CT 06902, to assist in soliciting proxies on Wabtec's behalf. Wabtec has agreed to pay Morrow Sodali LLC a proxy solicitation fee of \$17,500.00, plus reasonable out-of-pocket costs and expenses.

Information on Wabtec

Overview

Westinghouse Air Brake Technologies Corporation, doing business as Wabtec Corporation, is a Delaware corporation with headquarters in Wilmerding, Pennsylvania. George Westinghouse founded the original Westinghouse Air Brake Co. in 1869 when he invented the air brake. Westinghouse Air Brake Company was formed in 1990 when it acquired certain assets and operations from American Standard, Inc., now known as Trane. The company went public on the New York Stock Exchange in 1995. In 1999, the company merged with MotivePower Industries, Inc. and adopted the name Wabtec. In 2017, Wabtec acquired Faiveley Transport, a leading provider of value-added, integrated systems and services, principally for the global transit rail market. Today, Wabtec is one of the largest providers of value-added, technology-based equipment, systems and services for the global passenger transit and freight rail industries. Through its subsidiaries, Wabtec manufactures a range of products for locomotives, freight cars and passenger transit vehicles. Wabtec also builds new switcher and commuter locomotives, and provides aftermarket services. Wabtec has roughly 18,000 employees and facilities located throughout the world.

Wabtec provides its products and services through two principal business segments, the Transit Segment and the Freight Segment, both of which have different market characteristics and business drivers. The acquisition of Faiveley Transport significantly strengthened Wabtec's capabilities and presence in the worldwide transit market.

The Transit Segment primarily manufactures and services components for new and existing passenger transit vehicles, typically regional trains, high speed trains, subway cars, light-rail vehicles and buses; supplies rail control and infrastructure products including electronics, positive train control equipment, and signal design and engineering services; builds new commuter locomotives; and refurbishes passenger transit vehicles. Customers include public transit authorities and municipalities, leasing companies, and manufacturers of passenger transit vehicles and buses around the world. Demand in the transit market is primarily driven by general economic conditions, passenger ridership levels, government spending on public transportation, and investment in new rolling stock. The addition of Faiveley Transport's key products strengthened Wabtec's presence in the following areas: high-speed braking and door systems; heating, ventilation and air conditioning systems; pantographs and power collection; information systems; platform screen doors and gates; couplers; and aftermarket services, maintenance and spare parts. Geographically, Faiveley Transport significantly strengthened Wabtec's presence in the European and Asia Pacific transit markets.

The Freight Segment primarily manufactures and services components for new and existing locomotives and freight cars; supplies rail control and infrastructure products including electronics, positive train control equipment, and signal design and engineering services; overhauls locomotives; and provides heat exchangers and cooling systems for rail and other industrial markets. Customers include large, publicly traded railroads, leasing companies, manufacturers of original equipment such as locomotives and freight cars, and utilities. Demand is primarily driven by general economic conditions and industrial activity; traffic volumes, as measured by freight carloadings; investment in new technologies; and deliveries of new locomotives and freight cars.

For a more detailed description of the business of Wabtec, see Wabtec's annual report on Form 10-K for the year ended December 31, 2017, which is incorporated by reference in this proxy statement. See [Where You Can Find More Information](#); Incorporation by Reference.

Wabtec's Business After the Consummation of the Transactions

The combination of GE Transportation with Wabtec's existing business is intended to add GE Transportation's global digital solutions and supplier relationships in the rail, mining, marine, stationary power and drilling industries to Wabtec's broad range of freight, transit and electronics solutions.

Wabtec expects the Transactions to have the following strategic benefits:

Increased Scale and Diversification of Wabtec's Product Portfolio with Focus on Transportation Industry. As a result of the Transactions, Wabtec expects the combined business to be one of the world's largest providers of technology-enabled equipment, systems and services for the locomotive, freight and passenger rail industries with approximately \$8.0 billion in revenue and 25,000 employees in 52 countries.

Complementary Digital Technologies. GE Transportation will contribute a comprehensive digital portfolio and leading engineering and technical intellectual property to Wabtec, providing electronics and digital technologies that position the combined company to meet growing demand for train intelligence and network optimization.

Enhanced Aftermarket and Services Opportunities. The combined entity will have an installed base of over 22,500 locomotives and content on virtually all North American locomotives and freight cars, which enables significant opportunities in the high-margin aftermarket parts and services business and mitigates the combined company's exposure to cycles.

Significant Operating Synergies. The consummation of the Transactions is expected to generate \$250.0 million total run-rate operating synergies, driven by cost and revenue opportunities, within four years after closing.

Improved Financial Profile. The consummation of the Transactions will enhance Wabtec's margins and revenue growth opportunities with strong free cash flow generation to enable strategic deleveraging. The combination is also expected to generate a net tax benefit of approximately \$1.1 billion over the next 15 years.

Prior to the consummation of the Transactions, certain functions for GE Transportation have generally been performed under GE's centralized systems and, in some cases, under contracts that are also used for GE's other businesses which are not being sold in the Direct Sale or assigned to SpinCo as part of the Transactions. To enable Wabtec to manage an orderly transition in its operation of GE Transportation, GE or its subsidiaries and SpinCo or the SpinCo Transferred Subsidiaries will enter into the Additional Agreements relating to, among other things, intellectual property, employee matters, tax matters, research and development and transition services. See Other Agreements—Additional Agreements.

Wabtec's Liquidity and Capital Resources After the Consummation of the Transactions

Wabtec had current assets of \$2.27 billion, total assets of \$6.58 billion, current liabilities of \$1.57 billion and long-term debt of \$1.82 billion as of December 31, 2017. Following the consummation of the Transactions, Wabtec's total assets and liabilities will increase significantly.

On a pro forma basis (as described in Unaudited Pro Forma Condensed Combined Financial Statements), Wabtec would have had current assets of \$4.06 billion, total assets of \$21.53 billion, current liabilities of \$3.03 billion and long-term debt of \$4.70 billion as of December 31, 2017. Wabtec's cash from operations was \$188.8 million for the year ended December 31, 2017. Wabtec also expects its cash from operations to increase significantly as a result of the consummation of the Transactions and the integration of GE Transportation.

Wabtec believes that the combination of GE Transportation with Wabtec's existing business will result in anticipated realization of \$250.0 million total run-rate operating synergies, driven by cost and revenue opportunities, within four years after closing. If Wabtec is able to increase sales to new and existing customers and access new product and services markets as a result of the Transactions, Wabtec estimates that additional annualized synergies potentially may be achievable.

Wabtec expects to incur significant, one-time costs in connection with the Transactions, some of which will be capitalized, including approximately \$35.0 million of financing-related fees, approximately \$60.0 million of transaction-related costs (including advisory, legal, accounting and other professional fees) and approximately \$88.0 million of transition and integration-related costs (a portion of which will be incremental capital spending), that Wabtec management believes to be necessary to realize the anticipated synergies from the Transactions. The incurrence of these costs may have a material adverse effect on Wabtec's liquidity, cash flows and operating results in the periods in which they are incurred. The transition and integration-related costs will be incurred during the first three years following the consummation of the Transactions, and will primarily be funded through cash generated from operations. No assurances of the timing or amount of synergies able to be captured, or the costs necessary to achieve those synergies, can be provided.

Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) the \$1.2 billion Revolving Credit Facility, which replaced Wabtec's previous revolving credit facility, (ii) the \$350.0 million Refinancing Term Loan, which refinanced Wabtec's previous term loan, and (iii) the \$400.0 million Delayed Draw Term Loan. Wabtec also obtained Bridge Commitments in respect of the Bridge

TABLE OF CONTENTS

Loan Facility in an amount not to exceed \$2.5 billion. On September 14, 2018, in accordance with the Commitment Letter, the Bridge Commitments were permanently reduced to \$0 in connection with Wabtec's issuance of \$500 million aggregate principal amount of the Floating Rate Notes, \$750 million aggregate principal amount of the 2024 Notes and \$1.25 billion aggregate principal amount of the 2028 Notes. Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price. See Debt Financing.

Wabtec anticipates that its primary sources of liquidity for working capital and operating activities, including any future acquisitions, will be cash from operations and borrowings under the Credit Agreement, which is expected to have \$812 million of unused availability immediately following the consummation of the Transactions. Wabtec expects that these sources of liquidity will be sufficient to make required payments of interest and principal on the outstanding Wabtec debt and to fund working capital and capital expenditure requirements, including the significant one-time costs relating to the Transactions described above, and the costs of future acquisitions. Wabtec expects that it will be able to comply with the financial and other covenants of its existing debt arrangements and the covenants under the agreements governing the Credit Agreement and the New Wabtec Notes.

For more information on GE Transportation's and Wabtec's existing sources of liquidity, see the section of this proxy statement entitled Management's Discussion and Analysis of Financial Condition and Results of Operations for GE Transportation and the sections entitled Management's Discussion and Analysis of Financial Condition and Results of Operations included in Wabtec's current report on Form 8-K filed with the SEC on September 10, 2018, which is incorporated by reference in this proxy statement. TABLE OF CONTENTS

Information on GE Transportation

Overview

GE Transportation is a leading global provider of products and solutions to transportation, logistics and other industrial markets. GE Transportation designs, engineers and manufactures diesel-electric locomotives, supplies associated aftermarket parts and services and provides digital solutions.

GE Transportation's culture of innovation and differentiated aftermarket solutions has allowed it to build a leading global installed base of diesel-electric locomotives, significant contracted services backlog and longstanding customer relationships. GE Transportation's products and services, which are globally recognized for their quality, reliability, fuel efficiency and emissions compliance, are important to GE Transportation's customers' operating and financial success and help enable them to operate with reliability and efficiency.

Leveraging GE Transportation's engineering history and heritage in diesel-electric locomotives, GE Transportation has continued to expand its technologies into new products, end markets and logistics applications. For example, GE Transportation uses its core locomotive manufacturing competencies to produce electric motors and premium propulsion systems for mining, marine, stationary power and drilling applications. GE Transportation also has used its engineering and software capabilities to build a digital business that delivers significant benefits across the transportation, logistics and mining landscape.

These attributes combined have fostered strong brand loyalty and generated longstanding customer relationships, which contribute to GE Transportation's leading market positions.

As of December 31, 2017, GE Transportation's North American installed base was more than 16,200 diesel-electric locomotives and kits, comprising the largest portion of GE Transportation's global installed base of more than 22,500 diesel-electric locomotives. As of December 31, 2017, GE Transportation had sales in more than 50 countries and eight primary manufacturing facilities and approximately 8,500 employees worldwide. For the year ended December 31, 2017, GE Transportation generated revenue of \$3,930 million and net earnings of \$374 million.

For over 110 years, GE Transportation has served the worldwide rail industry, which is a critical component of the global transportation system and the global economy. In North America, railroads carry approximately 28% of total freight, as measured by ton-miles, and over 40% of long distance freight travelling over 750 miles, which is more than any other mode of transportation. Rail is one of the most cost-effective, energy-efficient modes of transport, both domestically and internationally.

GE Transportation's North American customers are principally Class I railroads. GE Transportation's international customers are principally international freight railroads in Latin America, Russia/Commonwealth of Independent States (CIS), Australia, India and Sub-Saharan Africa, who depend on diesel-electric locomotives. GE Transportation's diverse product portfolio is designed to cater to the varying requirements of Class I and international railroads.

GE Transportation's customers' ongoing usage of locomotives and associated wear and tear on the equipment generate opportunities to support railroads with aftermarket parts and services. Railroads place a high value on reliability, fuel efficiency and minimal downtime. As a result, the availability of replacement parts and GE Transportation's maintenance and overhaul services are important value drivers for GE Transportation's customers and generate high-margin recurring revenue opportunities.

GE Transportation's business experienced significant headwinds in 2016 and 2017 due to a downturn in the U.S. freight rail industry. GE Transportation has recently undergone a set of transformation and restructuring initiatives,

including expanding GE Transportation's international footprint, optimizing GE Transportation's supply base and utilizing digitization and lean manufacturing to enhance the efficiency and effectiveness of GE Transportation's total supply chain. GE Transportation believes these initiatives have resulted in a more streamlined cost structure and optimized workforce to position GE Transportation for growth in the recovering U.S. freight rail market and in international markets.

TABLE OF CONTENTS

As part of GE Transportation's transformation and restructuring initiatives, it reorganized itself into three business segments, Equipment, Services and Digital, based on the different sales drivers and market characteristics of each.

Equipment (45% of 2017 total revenue): GE Transportation is the largest global manufacturer of diesel-electric locomotives used by freight railroads, and produces electric motors and premium propulsion systems for mining, marine, stationary power and drilling applications.

Services (48% of 2017 total revenue): GE Transportation provides aftermarket parts and services to its global installed base, including predictive maintenance, regular maintenance, and unscheduled maintenance and overhaul services for locomotives.

Digital (7% of 2017 total revenue): GE Transportation provides a comprehensive suite of software-enabled solutions designed to improve customer efficiency and productivity in the transportation and mining industries.

GE Transportation's Solutions

Equipment

GE Transportation's Equipment segment is the largest global manufacturer of diesel-electric locomotives for freight railroads. GE Transportation produces mission-critical products and solutions that help railroads reduce operating costs, decrease fuel use, minimize downtime and comply with emissions standards. In addition to locomotives, GE Transportation also produces a range of engines, electric motors and premium propulsion systems used in mining, marine, stationary power and drilling applications.

Locomotives

GE Transportation believes it has the world's most comprehensive, competitive and technically advanced diesel-electric locomotive portfolio with a global installed base of more than 22,500 locomotives in over 50 countries. GE Transportation also has numerous local partnerships in various jurisdictions which further support its product platform.

Customers choose diesel-electric locomotives based on many factors, including fuel efficiency, emissions compliance, reliability, tractive effort, price, total cost of ownership, aftermarket support and digital capabilities. GE Transportation believes customers are also trending towards signing multiyear equipment and service / parts agreements. For example, GE Transportation recently signed an agreement with Kazakhstan's state-run railroad, Kazakhstan Temir Zholy (KTZ), to supply 300 shunter locomotives over the next ten years and agreements with Canadian National Railway (CN) for 200 new locomotives and Kansas City Southern for 50 locomotives.

GE Transportation's current locomotive offerings include 24 different types of locomotives of varying features and capabilities such as axle weight, clearance and gross horsepower. GE Transportation believes the Evolution series, GE Transportation's primary locomotive offering, is the most technologically advanced, diesel-electric, heavy-haul locomotive in the world today. GE Transportation introduced the base Evolution series in 2005 and has since substantively evolved the locomotive to meet EPA Tier 4 emission standards. GE Transportation now has over 870 Tier 4 locomotives in the field with over 100-million miles of experience.

GE Transportation's sales, product management and engineering teams work together with its customers to optimize configurations for their requirements related to performance, reliability, lifecycle costs and other additions (e.g., Digital, signaling, etc.) that they may specifically require for their locomotive. However, GE Transportation strives to standardize its offerings as much as possible. For example, the engine family used in North America for the 33-tonnes/axle application is used in both Kazakhstan for the 23-tonnes/axle application and in South Africa for the 22-tonnes/axle application. Similarly, GE Transportation's new control systems and traction motors have been standardized across a significant portion of GE Transportation's portfolio.

New technologies will continue to evolve the diesel-electric space. GE Transportation continues to invest substantively and selectively in R&D to maintain its differentiation and market position. One key focus of GE Transportation's investments is control systems, which GE Transportation believes enable and support remote monitoring, predictive maintenance and asset optimization as well as connectivity between fleets and operations. Additionally, GE Transportation's investments are generally focused on new engine platforms, fuel efficiency, alternative fuel solutions and hybrid locomotives. Finally, GE Transportation believes GE Transportation's

TABLE OF CONTENTS

additional investment focus on additive technologies is going to help make GE Transportation's products lighter, more reliable and fuel efficient. GE Transportation believes its focus in these key investment areas will drive positive outcomes for its customers, primarily linked to operating ratio reduction and lifecycle cost savings, among others.

Mining, Marine and Stationary Power

Mining: GE Transportation has leveraged its core competencies in electric drives and propulsion to produce integrated, advanced propulsion systems used in off highway vehicle (OHV) mining applications. These solutions help enable mining customers to increase productivity, reduce maintenance costs and improve performance. GE Transportation's key mining original equipment manufacturer customers include Komatsu, NHL and BelAZ, who serve the world's largest mining end-customers such as Rio Tinto, Anglo American, Vale, BHP and others.

Marine: GE Transportation has adapted its locomotive engines for marine applications to produce fuel-efficient medium-speed diesel engines for fishing vessels, tugboats, ferries and offshore oil and gas support vessels. GE Transportation's marine engines meet the EPA's Tier 4 and IMO's Tier III emission standards without the use of selective catalytic reduction equipment or urea-based after-treatment, reducing key emissions by more than 70% compared to emissions from GET's Tier III locomotives, while maintaining fuel efficiency. These engines are increasingly being accepted in the market.

Stationary Power: GE Transportation provides fuel-efficient medium-speed diesel engines and generator setups (gensets) for continuous and emergency stand-by power applications. Medium-speed diesel generators deliver significantly lower life cycle cost due to reduced fuel consumption, less downtime (e.g., fewer oil changes) and significantly less required maintenance and overhauls compared with high-speed diesel generators. GE Transportation's primary stationary power industrial customers are based in Asia Pacific, Sub-Saharan Africa and the Middle East.

Services

Locomotive fleet performance is critical for all railroads. Operators strive to maximize the value of their assets over their entire lifecycle, which can be as many as four decades. For locomotives to remain competitive, available, reliable, safe and fuel efficient over such a long period, they require regular maintenance as well as technology upgrades. Operators also often need to adjust fleet haulage profiles to reflect changing market conditions (e.g., moving from build materials to containerized intermodal freight). These requirements translate into significant investments by railroads throughout the entire lifecycle of their locomotives.

GE Transportation has been strategically focused on the Services segment for more than two decades, providing an efficient supply of spare parts, repair instructions, on-site technical support by certified employees and predictive maintenance based on GE Transportation's suite of remote monitoring and diagnostics solutions. GE Transportation's installed base comprises approximately 22,500 locomotives globally with an average age of 10 to 15 years, which are distributed across all strategic markets (including North America, Brazil, Australia, Indonesia, South Africa and Kazakhstan). GE Transportation also has a dedicated global service footprint to support its customers' service requirements. Additionally, GE Transportation's vertically integrated locomotive offerings and comprehensive set of services and technology solutions are designed to help maintain the operational efficiency of GE Transportation's customers' fleets, which GE Transportation believes allows it to win business. GE Transportation supports railroads across the globe to help them achieve best in class cost of ownership, availability, reliability and safety for their locomotive fleets.

Approximately 80% of GE Transportation's Services revenues are generated in North America, in line with the distribution of its installed base, and around 70% of such revenues are generated from multi-year service agreements,

reflecting the long-term and stable nature of the partnership with its customers. Locomotive maintenance can be contracted under different models, ranging from fully transactional set-ups to multi-year contracts. GE Transportation's customers typically favor long-term agreements associated with performance guarantees for new locomotives and become more transactional as assets age. For locomotives not covered by multi-year contracts, GE Transportation has implemented a rigorous tracking of potential parts usage, which identifies what customers are buying compared to forecasts. GE Transportation has made servicing of transactional customers an important component of its Services segment.

TABLE OF CONTENTS

Since 2014, GE Transportation has focused on the development of locomotive modernization offerings. This mid-life locomotive refresh, typically performed with the second engine overhaul, allows railroads to further maximize the value of their assets over their lifecycle. GE Transportation offers customized solutions that range from controls systems upgrades to complex restorations outfitted with state-of-the-art technologies, which potentially gives locomotives an additional 20 or more years of performance. This refresh ensures GE Transportation's locomotives remain competitive and prioritized for daily duties over competitor products. The solution is customized depending on a railroad's fleet strategies (e.g., better fuel consumption, alternative fleet re-purposing, improved tractive effort, step change in reliability and/or digital upgrade). Locomotive modernization has drawn strong interest from both North American and international customers, and as a result, GE Transportation has secured multi-year programs with a majority of Class I railroads and several major international customers resulting in a backlog of over 750 locomotives. Modernizations completed to date have helped GE Transportation's customers realize a 30% increase in reliability and a 50% increase in haul ability in their locomotives.

Digital

GE Transportation's Digital segment develops and works with its customers to implement a comprehensive set of software-enabled solutions that deliver significant benefits across the transportation and mining landscape.

Across global freight and mining industries, productivity and efficiency gains, and new business opportunities, should come largely from digital innovation. Digital tools are expected to improve efficiency of existing assets, connect disparate processes, optimize key chokepoints and entire systems, and open value across freight and mining. In industries characterized by in-house and boutique solution providers, the breadth and market presence of GE Transportation's Digital solutions have positioned GE Transportation as a key player for digital innovation. GE Transportation's Digital solutions incorporate numerous key next generation technologies, which GE Transportation believes positions itself to remain a leader with its customers and continue to contribute to new business models for growth in freight transportation and mining.

GE Transportation's Digital solutions are utilized by all North American Class I railroads, a substantial majority of North American short line railroads and international freight rail systems on all continents (except Antarctica). Additionally, hundreds of mining clients and freight shippers in industrial applications such as oil & gas and agriculture use GE Transportation's solutions to improve productivity and efficiency, with the potential to serve over 2,300 mining sites globally.

Digital solutions have been sold utilizing GE Transportation's direct sales force and an enterprise license agreement or subscription-based model. Licenses typically include a long-term support contract providing recurring revenue. Post-sales implementation and support has traditionally been done through GE Transportation's own teams. Approximately 34% of Digital revenues are recurring through Software as a Service (SaaS) or software maintenance contracts. This component of GE Transportation's revenue is increasing as new products

TABLE OF CONTENTS

are increasingly subscription based. GE Transportation's non-recurring revenue comes from hardware, software, and implementation sales. GE Transportation is building a global partner and alliance program, which saw partner influenced sales in its first full-year (2017). The partner and alliance channel provide geographic scale, domain and local expertise, customer relationships in new markets, and a scalable pool of implementation resources. GE Transportation believes partner and alliance-influenced sales will become an increasingly important component of its growth strategy.

GE Transportation believes its global installed base and domain expertise gives it a significant competitive advantage in its target markets that increasingly look to digital solutions to transform their operations. GE Transportation's competition consists of fragmented and niche players or enterprise software providers without the domain expertise and focus to meet the demands of the freight transportation and mining industries.

GE Transportation's customers choose GE Transportation because it combines industry expertise, leading technologies and analytics, and solutions moving to an integrated suite of connected products. Where others have not delivered, GE Transportation has consistently brought high value products that have become industry standards. GE Transportation's installed base of IoT hardware and software, operational systems, and asset performance management systems and analytics positions GE Transportation to support the growing demand for digital solutions in its target markets.

GE Transportation's Business Transformation

The transportation industry and GE Transportation's business specifically experienced significant headwinds in 2016 and 2017 due to a downturn in the U.S. freight rail industry. GE Transportation believes its recent initiatives, including (i) expanding its international footprint, (ii) optimizing its supply base and (iii) utilizing digitization and lean manufacturing to enhance the efficiency and effectiveness of its total supply chain, have positioned GE Transportation for growth in the recovering U.S. freight rail market and in international markets.

GE Transportation's business has historically generated most of its revenues in North America, with more than 80% of GE Transportation's locomotive deliveries from 2014-2016 going to customers in that region. While North American locomotive deliveries are expected to remain an important driver of GE Transportation's business, in recent years GE Transportation has prioritized portfolio diversification by geography and product. GE Transportation's localization and partnership strategy has contributed to recent large international contracts, such as its \$2.5 billion contract for 1,000 locomotives with Indian Railways in 2015. In 2017, GE Transportation delivered 281 locomotives to international customers, over 1.5x its average from 2014-2016.

As part of GE Transportation's international growth, GE Transportation has invested in creating a flexible, truly global footprint that it believes differentiates itself with respect to its competition. Partnerships in India, Kazakhstan, Brazil, South Africa and Korea have enabled GE Transportation to manufacture locomotives in many different regions of the world. For example, GE Transportation now produces up to 100 locomotives a year in its Contagem, Brazil facility for use in Latin America and have recently acquired a 50% stake in local locomotive manufacturer Lokomotiv Kurastyru Zauyty (LKZ) in Kazakhstan to manufacture Evolution series locomotives for customers in Russia/CIS. This globalized approach leverages cost effective manufacturing with an aim to minimize the impact of industry-driven volume changes to GE Transportation's cost structure and capital investment requirements.

Complementing the globalization of GE Transportation's supply chain, GE Transportation now utilizes digitization and lean manufacturing strategies to enhance the efficiency and effectiveness of its global supply chain, as a part of what GE Transportation defines as its Brilliant Factory strategy. Through this strategy, GE Transportation seeks to drive improvements across its entire manufacturing process by reducing waste and removing overall inefficiencies (e.g., wait times, rework, downtime and bottlenecks). Brilliant Factory aims to streamline information and product flow to drive continued productivity and reduction to total manufacturing time.

GE Transportation's recent initiatives have reduced its variable cost by restructuring its footprint and workforce, reducing full-time employees and increasing the productivity of its business. Between 2016 and 2017, GE Transportation invested more than \$320 million in restructuring. The restructuring projects have been completed as of today. GE Transportation expects these investments in operating efficiency to propel the growth of its business as demand from Class I railroads continues to recover.

GE Transportation's Competitive Strengths

GE Transportation believes the following key strengths have been instrumental to its success and positions it well to protect and continue to grow GE Transportation's business and market share:

Iconic Legacy and Strong Reputation with a History of over 110 Years of Innovation

The rail industry has been in operation for 150 years and GE Transportation has been at the forefront of shaping and transforming the rail landscape through various technologies such as engine technologies, microprocessor-based controls, DC to AC propulsion, the first locomotive to meet the EPA's stringent Tier 4 emission standards, and software-based asset and network optimization. GE Transportation believes that its technical, engineering and manufacturing expertise forms the foundation of its competency in innovation. GE Transportation has produced a succession of world-class locomotives and developed technologies designed to respond to changing customer requirements for innovation and compliance with advancing emission standards. GE Transportation believes its continued dedication to innovation not only enables it to uphold its responsibility to its customers and the wider community, but also positions GE Transportation favorably in its industry as innovation, reliability and integrated service models continue to be priorities for its customers.

Market Leader with Longstanding Customer Partnerships in a Critical Infrastructure Sector

For more than a century, rail has been a cornerstone of the global transportation system, and thus, the economy. Rail remains one of the most cost-effective, energy-efficient modes of transport, both domestically and internationally. As the largest global producer of diesel-electric locomotives, GE Transportation has a significant market share both in North America and globally. GE Transportation has been a trusted provider of mission-critical products to Class I railroads for a number of years. Internationally, GE Transportation has longstanding relationships with railroads in Brazil, South Africa, Australia, Indonesia and Kazakhstan. More recently, GE Transportation's strategy of adapting its business to localization, alliance or joint venture models has resulted in significant international opportunities, including a \$2.5 billion transaction in India and a \$1 billion framework agreement in Ukraine.

Significant Installed Base and Growing Services Business Drive Visible, Recurring Revenues

With an installed base among the largest in the industry and a unique service model, GE Transportation's Services business drives recurring revenues and strong customer partnerships. GE Transportation's installed base allows it to generate significant recurring revenues and strong customer partnerships by providing maintenance and overhaul services and replacement parts in the aftermarket. GE Transportation also provides aftermarket digital solutions designed to improve train performance, fuel efficiency and reliability, and provide upgrades and modernizations that support GE Transportation's customers throughout the lifecycle of their assets. GE Transportation's comprehensive service offering combines traditional maintenance with digital tools, making GE Transportation a key partner to GE Transportation's customers and helping them optimize their fleet performance and drive efficiency. GE Transportation's Services business is a key differentiator, which supports the sale of new locomotives and the continued growth of its fleet.

Leading Engineering and Solutions Capabilities

GE Transportation designs, develops and manufactures critical components and systems for the rail, mining and marine industries, which include proprietary propulsion systems, engine platforms and controls technology. These innovative and differentiated solutions serve as the building blocks for the rail, mining and marine industries, and help keep GE Transportation's global customers at the forefront of advancing technologies. When coupled with GE Transportation's advanced digital analytic capabilities, GE Transportation's solutions help drive increased locomotive

velocity, energy management, performance and reliability.

Leading the Digital Transformation of GE Transportation's Industries

GE Transportation's early investment in data analytics and software has allowed GE Transportation to become a strategic partner for customers looking to derive new value from assets and digitally transform their operations. Through these initiatives, the transportation industry, from mine to port, from shipper to receiver, from port to

intermodal terminals to main line locomotives and railcars and across train yards and operation centers, has evolved to include digital solutions. The breadth of GE Transportation's Digital solutions gives customers confidence in GE Transportation's ability to address their current and future needs.

Streamlined Cost Structure and Operational Excellence Provide Operating Leverage and Support GE Transportation's Growth

GE Transportation's current manufacturing footprint is designed to leverage cost effective manufacturing and customer specific build requirements. This design allows GE Transportation the flexibility to drive margin improvement through productivity and customer delivery commitments across multiple product lines and global regions. This footprint has also been optimized through strategic alignment and utilizing global build partners, so as to allow for volume changes driven by industry dynamics, without significant impacts to GE Transportation's overall cost structure and/or additional capital investment requirements. GE Transportation has continuously evolved its supply footprint to now a true global supply base, where it can leverage the use of suppliers to optimize cost and/or lead time, while continuing to deliver to customer specifications.

Geographies

GE Transportation primarily serves the worldwide freight rail industry. In North America, railroads carry about 28% of total freight as measured by ton-miles, and over 40% of long distance freight travelling over 750 miles, which is more than any other mode of transportation. They also carry 40% of intercity freight as measured by ton-miles, more than any other mode of transportation. Through direct ownership and operating partnerships, U.S. railroads are part of an integrated network that includes railroads in Canada and Mexico, forming one of the world's most-efficient and lowest-cost freight rail service. There are more than 500 railroads operating in North America, with the largest seven railroads, referred to as Class I, accounting for more than 90% of the industry's revenues.

The Asia Pacific market is driven by continued urbanization in China and India. Investments in Australia remain centered around the mining and natural resource markets. Other key geographical markets include Russia/CIS, Africa and Brazil. With almost 28,000 locomotives, Russia/CIS is amongst the largest markets in the world. In addition, this region has a similarly sized shunter fleet which is substantially aged and in need of replacement.

GE Transportation continues to see new locomotive and modernization opportunities in markets such as Ukraine and Moldova, among others, and are well positioned to capture those opportunities. GE Transportation estimates the Brazilian market opportunity is between 50 and 100 locomotives per annum and is focused on the sugar, agriculture, minerals and mining space. African markets continue to grow, with a renaissance in South Africa stemming from new governmental interest to participate in Pan-African transportation growth opportunities. Nigeria has virtually no freight carried via rail, but given the current state of roads and other transportation infrastructure, an opportunity for growth may materialize. Mozambique, Ivory Coast, Ghana and Cameroon markets all present opportunities for growth as such countries modernize infrastructure.

Raw Materials and Suppliers

The cost of raw materials and components represents a substantial majority of the manufacturing costs of most of GE Transportation's equipment product lines. As a result, the management of raw materials and components purchasing is critical to GE Transportation's profitability. See Risk Factors—Risks Relating to Wabtec, Including GE Transportation, After the Transactions—Wabtec may be exposed to raw material shortages, supply shortages and fluctuations in raw material, energy and commodity prices.

GE Transportation enjoys generally strong relationships with its suppliers, which helps to ensure access to supplies when railcar demand is high.

Customers

GE Transportation's customers include all operators of GE locomotives globally. GE Transportation's customers are mainly standalone railroads or logistics divisions of mining or agriculture companies. They include a mix of privately owned and governmental companies, representing a total of approximately 100 different entities. For the fiscal year ended December 31, 2017, GE Transportation's top ten customers accounted for approximately 83% of GE Transportation's revenues. For the fiscal year ended December 31, 2017, BNSF comprised 17% of GE

TABLE OF CONTENTS

Transportation revenue. For the fiscal year ended December 31, 2016, BNSF, Union Pacific and CSX comprised 19%, 13% and 13% of GE Transportation revenue, respectively. For the fiscal year ended December 31, 2015, BNSF, Union Pacific and CSX comprised 17%, 12% and 12% of GE Transportation revenue, respectively. GE Transportation provides them with essential parts and maintenance services for their GE locomotives, helping them to successfully operate wherever they are in the world.

GE Transportation structures its services based on its customers specific needs, ranging from purely transactional parts and services supply, to multi-year agreements based on outcome guarantees (parts availability, locomotive availability and reliability).

Competition

GE Transportation believes it holds a leading market share for many of its core product lines globally. GE Transportation's market shares are typically higher in North America and lower in other regions of the world, depending on specific product lines and geographies.

GE Transportation operates in a highly competitive marketplace especially in periods of low market demand resulting in excess manufacturing capacity. Price competition is strong because GE Transportation has a relatively small number of customers and they are very cost-conscious. In addition to price, competition is based on product performance and technological leadership, quality, reliability of delivery, and customer service and support.

Employees

As of December 31, 2017, GE Transportation had approximately 8,500 full-time employees, with approximately 30% of the U.S. workforce and 28% of the global workforce unionized.

Regulation

The industries in which GE Transportation operate are subject to extensive regulation by various governmental, regulatory and industry authorities and by federal, state, local and foreign authorities. The primary regulatory and industry authorities involved in the issuance of regulations and standards for the rail industry in the U.S. are the Federal Railroad Administration (FRA), the Association of American Railroads (AAR) and U.S. Department of Transportation (USDOT). The FRA administers and enforces U.S. Federal laws and regulations relating to railroad safety. These regulations govern equipment and safety compliance standards for railcars and rail equipment used in interstate commerce. The AAR promulgates a wide variety of standards governing safety and design of equipment, relationships among railroads with respect to railcars in interchange and other matters. The AAR also certifies railcar manufacturers and component manufacturers that provide equipment for use on railroads in the U.S. New products must generally undergo AAR testing and approval processes. Because of these regulations, GE Transportation must maintain certifications with the AAR as a manufacturer of locomotives and components, and products that it sells must meet AAR and FRA standards. GE Transportation must also comply with the rules of the USDOT.

GE Transportation is also subject to oversight in other jurisdictions by foreign regulatory agencies. The governing bodies include Transport Canada in Canada, the International Union of Railways (UIC) and the European Railway Agencies (EUAR) in Europe. Also in Europe, the European Committees for Standardization (CEN and CENELEC) continually draft new European standards which cover, for example, the Reliability, Availability, Maintainability and Safety of railways systems. To guarantee interoperability in Europe, the European Union for Railway Agencies is responsible for defining and implementing Technical Standards of Interoperability, which covers areas such as infrastructure, energy, rolling stock, telematic applications, traffic operation and management subsystems, noise pollution and waste generation, protection against fire and smoke, and system safety. Most countries and regions in

which GE Transportation does business have similar rule-making bodies. In Russia, a GOST-R certificate of conformity is mandatory for all products related to the safety of individuals on Russian territory. In China, any product or system sold on the Chinese market must have been certified in accordance with national standards. In the local Indian market, most products are covered by regulations patterned after AAR and UIC standards.

TABLE OF CONTENTS

Effects of Seasonality

GE Transportation's business is not typically seasonal, although the third quarter results may be affected by vacation and scheduled plant shutdowns at several of its major customers during this period. Quarterly results can also be affected by the timing of projects in backlog and by project delays.

Environmental and Regulatory Matters

GE Transportation is subject to comprehensive federal, state, local and international environmental laws and regulations relating to the release or discharge of materials into the environment, the management, use, processing, handling, storage, transport or disposal of hazardous materials, or otherwise relating to the protection of human health and the environment. These laws and regulations not only exposes GE Transportation to liability for its own negligent acts, but also may expose GE Transportation to liability for the conduct of others or for its actions that complied with all applicable laws at the time these actions were taken. In addition, these laws may require significant expenditures to achieve compliance, and are frequently modified or revised to impose new obligations. Civil and criminal fines and penalties may be imposed for non-compliance with these environmental laws and regulations. GE Transportation's operations that involve hazardous materials also raise potential risks of liability under the common law.

Environmental operating permits are, or may be, required for GE Transportation's operations under environmental laws and regulations. These operating permits are subject to modification, renewal and revocation. GE Transportation regularly monitors and reviews its operations, procedures and policies for compliance with these laws and regulations. Despite these compliance efforts, risk of environmental liability is inherent in the operation of GE Transportation's business, as it is with other businesses engaged in similar industries. GE Transportation believes that its operations and facilities are in substantial compliance with applicable laws and regulations and that any noncompliance is not likely to have a material adverse effect on its operations or financial condition.

Future events, such as changes in or modified interpretations of existing laws and regulations or enforcement policies, or further investigation or evaluation of the potential health hazards of products or business activities, may give rise to additional compliance and other costs that could have a material adverse effect on GE Transportation's financial condition and operations. In addition, GE Transportation has in the past conducted investigation and remediation activities at properties that GE Transportation operates to address historic contamination. To date, such costs have not been material. Although GE Transportation believes GE Transportation has satisfactorily addressed all known material contamination through its remediation activities, there can be no assurance that these activities have addressed all historic contamination. The discovery of historic contamination or the release of hazardous substances into the environment could require GE Transportation in the future to incur investigation or remediation costs or other liabilities that could be material or that could interfere with the operation of GE Transportation's business.

In addition to environmental laws and regulations, the transportation of commodities by railcar raises potential risks in the event of a derailment or other accident. Generally, liability under existing law in the United States for a derailment or other accident depends on the negligence of the party, such as the railroad, the shipper or the manufacturer of the railcar or its components. However, for the shipment of certain hazardous commodities, strict liability concepts may apply.

TABLE OF CONTENTS**Principal Properties**

The following table provides certain summary information about the principal facilities owned or leased by GE Transportation as of December 31, 2017. GE Transportation believes that its facilities and equipment are generally in good condition and that, together with scheduled capital improvements, they are adequate for its present and immediately projected needs. Leases on the facilities are long-term and generally include options to renew. GE Transportation's corporate headquarters are located at the Chicago, Illinois site.

Intellectual Property

GE Transportation relies on a combination of trade secrets and other intellectual property, nondisclosure agreements and other protective measures to establish and protect its proprietary rights in its intellectual property. GE Transportation also follows the product development practices of its competitors to monitor any possible patent infringement by them, and to evaluate their strategies and plans.

GE Transportation has entered into a variety of license agreements as licensor and licensee. GE Transportation does not believe that any single license agreement is of material importance to its business or any of its business segments as a whole.

Legal Proceedings

GE Transportation is, from time to time, party to general legal proceedings and claims, which arise in the ordinary course of business. GE Transportation is also, from time to time, party to legal proceedings and claims in respect of environmental obligations, product liability, intellectual property and other matters which arise in the ordinary course of business and against which management believes meritorious defenses are available.

While it is not possible to quantify the financial impact or predict the outcome of all pending claims and litigation, management does not anticipate that the outcome of any current proceedings or known claims, either individually or in aggregate, will have a material adverse effect upon GE Transportation's financial position, results of operations or cash flows.

Overview

GE Transportation is a leading global provider of products and solutions to transportation, logistics and other industrial markets. GE Transportation designs, engineers and manufactures diesel-electric locomotives, supplies associated aftermarket parts and services and provides digital solutions. GE Transportation's culture of innovation and differentiated aftermarket solutions has allowed it to build a leading global installed base of diesel-electric locomotives, significant contracted services backlog and longstanding customer relationships. GE Transportation's products and services are important to GE Transportation's customers' operating and financial success and help enable them to operate with reliability and efficiency. Leveraging its heritage in diesel-electric locomotives, GE Transportation has continued to expand GE Transportation's technologies into new products, end markets and logistics applications. Leveraging its core competencies in locomotive manufacturing, GE Transportation produces electric motors and premium propulsion systems for mining, marine, stationary power and drilling applications. GE Transportation also has used its engineering and software capabilities to build a digital business that delivers significant benefits across the transportation and mining landscape. GE Transportation's products are globally recognized for their quality, reliability, fuel efficiency and emissions compliance, and GE Transportation believes it is known for its superior customer service. These attributes combined have fostered strong brand loyalty and generated longstanding customer relationships, which contribute to its leading market positions. As of June 30, 2018, GE Transportation's North American installed base was more than 16,200 diesel-electric locomotives and kits, comprising the largest portion of GE Transportation's global installed base of more than 22,500 diesel-electric locomotives and kits. As of June 30, 2018, GE Transportation had sales in more than 50 countries and eight primary manufacturing facilities and approximately 8,500 employees worldwide. For the six months ended June 30, 2018, GE Transportation generated revenue of \$1,774 million and net earnings of \$168 million.

For over 110 years, GE Transportation has served the worldwide freight and passenger rail industries, which are a critical component of the global transportation system and the global economy. In North America, railroads carry about 28% of total freight, as measured by ton-miles, and over 40% of long distance freight travelling over 750 miles, which is more than any other mode of transportation. Rail is one of the most cost-effective, energy-efficient modes of transport, both domestically and internationally. GE Transportation's North American customers are principally Class I railroads. GE Transportation's international customers are principally international freight and passenger railroads in

Latin America, Russia/CIS, Australia, India and Sub-Saharan Africa, who depend on diesel-electric locomotives. GE Transportation's diverse product portfolio is designed to cater to the varying requirements of Class I and international railroads.

GE Transportation's customers' ongoing usage of locomotives and associated wear and tear on the equipment generate opportunities to support railroads with aftermarket parts and services. Railroads place a high value on reliability, fuel efficiency and minimal downtime. As a result, the availability of replacement parts and GE Transportation's maintenance and overhaul services are important value drivers for GE Transportation's customers and generate high-margin recurring revenue opportunities.

TABLE OF CONTENTS

GE Transportation's business experienced significant headwinds in 2016 and 2017 due to a downturn in the U.S. freight rail industry driven by commodity prices. GE Transportation has recently undergone a set of transformation and restructuring initiatives, including expanding its international footprint, optimizing its supply base and utilizing digitization and lean manufacturing to enhance the efficiency and effectiveness of its total supply chain. GE Transportation believes these initiatives have resulted in a more streamlined cost structure and optimized workforce to position it for growth in the recovering U.S. freight rail market and in international markets.

Factors Impacting GE Transportation's Performance

GE Transportation primarily serves the worldwide freight and transit rail industries. As such, its operating results are largely dependent on the level of activity, financial condition and capital spending plans of railroads and passenger transit agencies around the world, and transportation equipment manufacturers who serve those markets. Many factors influence these industries, including general economic conditions; traffic volumes, as measured by freight carloadings and passenger ridership; government spending on public transportation; and investment in new technologies. In general, trends such as increasing urbanization, a focus on sustainability and environmental awareness, an aging equipment fleet, and growth in global trade are expected to drive continued investment in freight and transit rail.

GE Transportation monitors a variety of factors and statistics to gauge market activity. Freight rail markets around the world are driven primarily by overall economic conditions and activity, while transit markets are driven primarily by government funding and passenger ridership. Changes in these market drivers can cause fluctuations in demand for GE Transportation's products and services.

According to the 2016 edition of a market study by UNIFE, the Association of the European Rail Industry, the accessible global market for railway products and services was more than \$100 billion, and was expected to grow at about 3.2% annually through 2021. The three largest geographic markets, which represented about 80% of the total accessible market, were Europe, North America and Asia Pacific. UNIFE projected above-average growth in Asia Pacific and Europe due to overall economic growth and trends such as urbanization and increasing mobility, deregulation, investments in new technologies, energy and environmental issues, and increasing government support. The largest product segments of the market were rolling stock, services and infrastructure, which represented almost 90% of the accessible market. UNIFE projected spending on rolling stock to grow at an above-average rate due to increased investment in passenger transit vehicles. UNIFE estimated that the global installed base of locomotives was about 114,000 units, with about 32% in Asia Pacific, about 25% in North America and about 18% in Russia/CIS.

In North America, railroads carry about 40% of long distance freight travelling over 750 miles, as measured by ton-miles, which is more than any other mode of transportation. Through direct ownership and operating partnerships, U.S. railroads are part of an integrated network that includes railroads in Canada and Mexico, forming what is regarded as the world's most-efficient and lowest-cost freight rail service. There are more than 500 railroads operating in North America, with the largest railroads, referred to as Class I, accounting for more than 90% of the industry's revenues. The railroads carry a wide variety of commodities and goods, including coal, metals, minerals, chemicals, grain, and petroleum. These commodities represent about 50% of total rail carloadings, with intermodal carloads accounting for the rest. Railroads operate in a competitive environment, especially with the trucking industry and the emergence of autonomous trucks, and are always seeking ways to improve safety, cost and reliability. New technologies offered by GE Transportation and others in the industry can provide some of these benefits. Demand for GE Transportation's locomotives, freight related products and services in North America is driven by a number of factors, including rail traffic, average railroad velocity and production of new locomotives and new freight cars. In the U.S., the passenger transit industry is dependent largely on funding from federal, state and local governments, and from fare box revenues. Demand for North American passenger transit products is driven by a number of factors, including government funding, deliveries of new subway cars and buses, and ridership. The U.S. federal government provides money to local transit authorities, primarily to fund the purchase of new equipment and infrastructure for

their transit systems. Demand for GE Transportation's services is affected by the number of parked locomotives, which hit historic highs in 2016 and has slightly recovered in 2017.

Growth in the Asia Pacific market has been driven mainly by the continued urbanization of China and India, and by investments in freight rail rolling stock and infrastructure in Australia to serve its mining and natural

TABLE OF CONTENTS

resources markets. India is making significant investments in rolling stock and infrastructure to modernize its rail system; for example, the country has awarded a 1,000-unit locomotive order to GE Transportation. UNIFE expected the increased spending in India to offset decreased spending on very-high-speed rolling stock in China.

Other key geographic markets include Russia/CIS and Africa-Middle East. With about 1.4 million freight cars and about 28,000 locomotives, Russia/CIS is among the largest freight rail markets in the world, and it is expected to invest in both freight and transit rolling stock. PRASA, the Passenger Rail Agency of South Africa, is expected to continue to invest in new transit cars and new locomotives. According to UNIFE, emerging markets were expected to grow at above-average rates as global trade led to increased freight volumes and urbanization led to increased demand for efficient mass-transportation systems. As this growth occurs, GE Transportation expects to have additional opportunities to provide products and services to both new customers and the installed base in these markets.

In its study, UNIFE also said it expected increased investment in digital tools for data and asset management, and in rail control technologies, both of which would improve efficiency in the global rail industry. UNIFE said data-driven asset management tools have the potential to reduce equipment maintenance costs and improve asset utilization, while rail control technologies have been focused on increasing track capacity, improving operational efficiency and ensuring safer railway traffic. GE Transportation offers integrated solutions to help customers make ongoing investments in these initiatives.

In 2018 and beyond, general global economic and market conditions will have an impact on GE Transportation's sales and operations. To the extent that these factors cause instability of capital markets amid a rising interest rate environment, shortages of raw materials or component parts, longer sales cycles, deferral or delay of customer orders or an inability to market GE Transportation's products effectively with a higher cost of capital, GE Transportation's business and results of operations could be materially adversely affected. In addition, GE Transportation faces risks inherent in global expansion and risk associated with its four-point growth strategy, including the level of investment in innovation that customers are willing to make, especially in integrated technologies developed by the industry and GE Transportation. When necessary, GE Transportation will modify its financial and operating strategies to reflect changes in market conditions and risks.

The rate for 2018 benefited from a lower U.S. statutory rate effective for years beginning in 2018 due to U.S. tax reform and favorable changes in mix of earnings. GE Transportation's operating results are included in the consolidated income tax returns of GE where allowable. The provision for income taxes represents federal, state and local, and non-U.S. taxes on income calculated on a separate tax return basis. As a separate stand-alone company, GE Transportation's tax profile may differ from historical results.

<i>Sales of goods</i>				

Sales of goods for the year ended December 31, 2017 was \$2,546,637 thousand, a decrease of \$499,909 thousand, or 16%, from \$3,046,546 thousand for the year ended December 31, 2016. Locomotive unit shipments were down 42%, driven by a 72% decrease of North America shipments, partially offset by a 36% increase in international locomotive shipments. Locomotive shipment decline was partially offset by an 82% increase in mining wheel shipments and a 24% increase in sales of locomotive spare parts.

Sales of services

Sales of services for the year ended December 31, 2017 was \$1,383,671 thousand, a decrease of \$176,374 thousand, or 11%, from \$1,560,045 thousand for the year ended December 31, 2016. Contractual services were down 11%, primarily driven by lower volume on existing long term maintenance contracts attributable to lower asset utilization by North American customers reducing the need for spare parts and maintenance. Though

TABLE OF CONTENTS

carload volumes improved slightly in 2017 and the number of parked locomotives declined, parking still remained near historically high levels and the environment for sales of services remained challenging. The decline in sales of services was partly offset by continued sales to the international installed base, as well as aftermarket digital product sales, which continued to see growth.

Total revenues

Total revenues for the year ended December 31, 2017 was \$3,930,308 thousand, a decrease of \$676,283 thousand, or 15%, from \$4,606,591 thousand for the year ended December 31, 2016. The Equipment segment was the largest contributor to the decline in revenues with a \$676,272 thousand decline, or 28%. International revenues increased as a percentage of total revenues over 2016, up to 45% of total revenues compared to 38% of total revenues in 2016.

Cost of goods sold

Cost of goods sold for the year ended December 31, 2017 was \$2,129,684 thousand a decrease of \$396,154 thousand, or 16%, from \$2,525,838 thousand for the year ended December 31, 2016. The decrease was due to the decrease in North America shipments discussed above and a \$36,766 thousand decrease in restructuring costs, partially offset by increased costs from increased international locomotive shipments, mining wheels and locomotive spare parts volume discussed above.

Cost of services sold

Cost of services sold for the year ended December 31, 2017 was \$877,390 thousand, a decrease of \$31,726 thousand, or 4%, from \$909,116 thousand for the year ended December 31, 2016. The decline was due to a 9% decrease in contractual services, primarily driven by lower volume on existing long term maintenance contracts.

Gross profit

Gross profit for the year ended December 31, 2017 was \$923,234 thousand, a decrease of \$248,403 thousand, or 21%, from \$1,171,637 thousand for the year ended December 31, 2016. Gross profit related to goods was down 20% primarily driven by softness in North American locomotive markets, partially offset by increased locomotive spare parts volume and lower restructuring charges. Gross Profit related to services were down 22% primarily driven by softness in the contractual services market for maintenance.

Selling, general and administrative expenses

Selling, general and administrative expense for the year ended December 31, 2017 was \$449,651 thousand, an increase of \$17,422 thousand, or 4%, from \$432,229 thousand for the year ended December 31, 2016. The increase is primarily attributable to costs from new acquisitions of \$8,941 thousand and restructuring costs of \$4,321 thousand.

Impairment of goodwill

There was no impairment of goodwill for the year ended December 31, 2017 compared to \$2,027 thousand for the year ended December 31, 2016, due in part to an improved global commodities market positively impacting the fair value of the reporting units.

Non-operating benefit costs

Non-operating benefit costs for the year ended December 31, 2017 was \$16,877 thousand, a decrease of \$1,578 thousand, or 9%, from \$18,455 thousand for the year ended December 31, 2016, primarily due to a decrease in severance charges, partly offset by an increase in health benefits for retirees.

Other (expense) income

Other (expense) income for the year ended December 31, 2017 was \$(24,307) thousand, an increase of \$12,898 thousand, or 113%, from \$(11,409) thousand for the year ended December 31, 2016, primarily attributable to a one-time sale of leased equipment in 2016.

TABLE OF CONTENTS*Income taxes*

The effective income tax rate was significantly reduced to 10% in the year ended December 31, 2017 from 24% in the year ended December 31, 2016. The decrease in the effective rate was primarily the result of newly enacted U.S. tax reform regulations.

Net earnings

Net earnings for the year ended December 31, 2017 was \$388,096 thousand, a decrease of \$151,993 thousand, or 28%, from \$540,089 thousand for the year ended December 31, 2016. The main contributing factor for the decrease in net earnings was the decline in North American locomotive sales, partly offset by recent growth in sales of mining equipment and parts.

Sales of goods

Sales of goods for the year ended December 31, 2016 was \$3,046,546 thousand, a decrease of \$951,554 thousand, or 24%, from \$3,998,100 thousand for the year ended December 31, 2015, primarily attributable to the Equipment segment. North American locomotive deliveries as well the demand for replacement parts declined. Challenges in the coal and petroleum industries led to a decrease in carload volumes, which in turn led to a significant increase in the number of parked locomotives.

TABLE OF CONTENTS

Sales of services

Sales of services for the year ended December 31, 2016 was \$1,560,045 thousand, an increase of \$136,666 thousand, or 10%, from \$1,423,379 thousand for the year ended December 31, 2015, primarily driven by the Services segment. North America maintenance and non-U.S. sales of services were both favorable compared to the prior year. Increased sales of services were also due in part to growth in sales of Digital.

Total revenues

Total revenues for the year ended December 31, 2016 was \$4,606,591 thousand, a decrease of \$814,888 thousand, or 15%, from \$5,421,479 thousand for the year ended December 31, 2015. The decline in total revenues was primarily attributable to the Equipment segment. Non-U.S. revenues increased as a percentage of total revenues over 2015, up to 38% of total revenues compared to 31% of total revenues in 2015.

Cost of goods sold

Cost of goods sold for the year ended December 31, 2016 was \$2,525,838 thousand, a decrease of \$637,960 thousand, or 20%, from \$3,163,798 thousand for the year ended December 31, 2015, primarily attributable to the associated costs related to declining North American locomotive deliveries and replacement parts.

Cost of services sold

Cost of services sold for the year ended December 31, 2016 was \$909,116 thousand, a decrease of \$22,629 thousand, or 2%, from \$931,745 thousand for the year ended December 31, 2015, primarily attributable to lower costs associated with the disposal of the signaling business in November 2015.

Gross profit

Gross profit for the year ended December 31, 2016 was \$1,171,637 thousand, a decrease of \$154,299 thousand, or 12%, from \$1,325,936 thousand for the year ended December 31, 2015. The decline in gross profit was primarily attributable to challenging market conditions in North America. Total gross margin remained at 25% from 2015. Gross margins on sales of goods fell to 17% in 2016, down from 21% in 2015. Gross margins on sales of services grew to 42% in 2016, up from 35% in 2015.

Selling, general and administrative expenses

Selling, general and administrative expenses for the year ended December 31, 2016 was \$432,229 thousand, an increase of \$17,741 thousand, or 4%, from \$414,488 thousand for the year ended December 31, 2015, primarily attributable to an increase of restructuring costs.

Impairment of goodwill

Impairment of goodwill for the year ended December 31, 2016 was \$2,027 thousand, a decrease of \$83,394 thousand, or 98%, from \$85,421 thousand for the year ended December 31, 2015. The suppression of the global commodities market and the resulting impact on the global mining investment environment led to a revision of expected cash flows for all reporting units in 2015, resulting in an impairment of goodwill. In 2016, the goodwill impairment for the Equipment segment was reversed due to a slight improvement in market conditions.

Non-operating benefit costs

Non-operating benefit costs for the year ended December 31, 2016 was \$18,455 thousand, an increase of \$2,206 thousand, or 14%, from \$16,249 thousand for the year ended December 31, 2015, primarily due to a decrease in pension and severance costs offset by an increase in health benefits for retirees.

Other (expense) income

Other (expense) income for the year ended December 31, 2016 was \$(11,409) thousand, a decrease of \$38,530 thousand, or 142%, from \$27,121 thousand for the year ended December 31, 2015, primarily attributable to foreign exchange fluctuations and partly offset by a one-time sale of leased equipment in 2016.

TABLE OF CONTENTS*Income taxes*

The effective income tax rate was reduced to 24% in the year ended December 31, 2016 from 42% in the year ended December 31, 2015. The decrease in the effective tax rate is primarily the result of foreign operations and foreign tax credits.

Net earnings

Net earnings for the year ended December 31, 2016 was \$540,089 thousand, an increase of \$52,465 thousand, or 11%, from \$487,624 thousand for the year ended December 31, 2015. The increase in net earnings was primarily due to improved margins in GE Transportation's services business, partly offset by declining margins for sales of goods.

Six Months Ended June 30, 2018 Compared to Six Months Ended June 30, 2017

Operating Activities

Cash provided by operating activities was \$76,436 thousand during the first six months of 2018, an increase of \$110,556 thousand, from \$(34,120) thousand during the prior year period. The increase was primarily due to increased earnings and an increase in accounts payable. The increase was partly offset by increases in inventory.

Investing Activities

Cash (used for) investing activities in the first six months of 2018 was \$(68,393) thousand, a reduction of \$75,580 thousand, from \$(143,973) thousand during the prior year period. The decrease was driven by reduced investment in property, plant and equipment and internal-use software, proceeds from the disposition of mining equipment, and

decreased investment in associated companies.

Financing Activities

Cash provided by financing activities was \$20,548 thousand in the first six months of 2018, a decrease of \$208,678 thousand, from \$229,226 thousand during the prior year period. The decrease was primarily due to an increase of \$214,972 thousand in payments to GE when compared to the six months ending June 30, 2017 in addition to a decrease in other financing activities, partly offset by newly issued debt.

TABLE OF CONTENTS

Year Ended December 31, 2017 Compared to Year Ended December 31, 2016

Operating Activities

Cash provided by operating activities was \$322,004 thousand during the year ended December 31, 2017, a decrease of \$531,708 thousand, from \$853,712 thousand during the year ended December 31, 2016. Net income decreased \$160,160 thousand driven primarily by North American locomotive deliveries and services volume decline. Working Capital decreased by \$205,085 thousand driven primarily by progress payments (\$202,350 thousand). In addition, there was a \$150,152 thousand decrease related to deferred income taxes as a result of the U.S. tax reform.

Investing Activities

Cash (used for) investing activities was \$(200,956) thousand during the year ended December 31, 2017, a decrease of \$32,742 thousand, from \$(168,214) thousand in year ended December 31, 2016. This was mainly due to an increase in GE Transportation's non-U.S. manufacturing footprint and continued investment in GE Transportation's Digital business, partly offset by proceeds from the sale of assets as part of GE Transportation's restructuring activities.

Financing Activities

Cash (used for) financing activities was \$(171,062) thousand during the year ended December 31, 2017, an increase of \$454,524 thousand, from \$(625,586) thousand in the year ended December 31, 2016, mainly due to a substantial \$499,998 thousand reduction in payments to GE when compared to 2016. GE Transportation also made repayments of debt, which were partly offset by newly issued debt.

Year Ended December 31, 2016 Compared to Year Ended December 31, 2015

Operating Activities

Cash provided by operating activities was \$853,712 thousand during the year ended December 31, 2016, a decrease of \$21,522 thousand, from \$875,234 thousand during the year ended December 31, 2015. Positive cash flows from net earnings and inventory sell-downs were offset by negative working capital movements.

Investing Activities

Cash (used for) investing activities was \$(168,214) thousand during the year ended December 31, 2016, a decrease of \$57,661, from \$(225,875) thousand in year ended December 31, 2015. This was mainly due to a reduction of GE Transportation's capital expenditures, offset by GE Transportation's expansion of non-U.S. manufacturing capacity.

Financing Activities

Cash (used for) financing activities was \$(625,586) thousand during the year ended December 31, 2016, a decrease of \$2,816 thousand, from \$(622,770) thousand in the year ended December 31, 2015, mainly due to no new debt being issued in 2016, and a slightly reduced payment to GE.

Indebtedness

As of June 30, 2018, GE Transportation's borrowings consisted principally of two unsecured term loans, an unsecured loan facility and a series of unsecured loans.

Unsecured term loans

In November 2012, GE Transportation entered into two unsecured term loans with General Electric Europe Holdings C.V. for a total of \$131,545 thousand. The debt was related to the acquisition of Industrea Limited, a move that expanded GE Transportation's product offering to the underground mining space. The estimated fair value approximates the carrying value. The debt carried a 5.07% interest rate, paid annually for the first year, with the interest rate resetting on the anniversary of the loan to the mid-rate of the one year swap rate plus a credit spread of 200 basis points. In November 2015, GE Transportation extended both agreements by five years

TABLE OF CONTENTS

from the day of signing to a maturity date in November 2020 and amended the interest rate to the mid-rate of the one year swap rate plus a credit spread of 175 basis points. In May and November 2017, GE Transportation terminated both loans early utilizing cash pool resources.

Unsecured loan facility

In September 2017, GE Transportation entered into an unsecured loan facility agreement with Wipro GE Healthcare Private Limited to fund various ongoing projects and operational requirements. The loan has a total value of \$68,703 thousand, disbursed in three tranches. As of December 31, 2017 the first two tranches had been disbursed with a total value of \$44,256 thousand. The final tranche will be disbursed in January 2018. The loan carries an 8% annual interest rate, paid quarterly until the maturity of the loan in January 2020.

Unsecured loans

Beginning in September 2014, GE Transportation entered into a series of unsecured loans with BNDES, a Brazilian Development Bank. GE Transportation receives financing using local resources from this bank. The amounts outstanding under these loans as of December 31, 2017 and 2016 classified as short-term borrowings is \$0 and \$21,195 thousand, respectively. As of December 31, 2017, all of the BNDES loans had been paid in full and terminated. The weighted-average interest rate as of December 31, 2016 was 8.36%.

Off Balance Sheet Obligations

As of June 30, 2018 and December 31, 2017, GE Transportation had off-balance sheet credit exposure for unused letters of credit, bank guarantees, bid bonds and surety bonds of approximately \$679,779 thousand and \$532,196 thousand, respectively.

Contractual Obligations, Commitments and Contingencies

Future minimum lease payments on non-cancelable operating lease arrangements, net of amounts due under subleases, as of December 31, 2017, consist of the following:

In thousands		Payment Due by Period			
		Less than 1 year	1-3 years	3-5 years	More than 5 years
Contractual Obligations	Total				
Operating Leases	\$ 100,097	23,670	24,083	15,915	36,429

GE Transportation did not enter into any additional material operating leases during the six months ended June 30, 2018. Additionally, GE Transportation did not enter into any significant capital leases during the three years ended December 31, 2017 or in the six months ended June 30, 2018.

Quantitative and Qualitative Disclosure About Market Risk

GE Transportation's business involves buying, manufacturing and selling components and products across global markets. These activities expose GE Transportation to changes in foreign currency exchange rates and commodity prices which can adversely affect revenues earned and costs of its operating businesses. When the currency in which equipment is sold differs from the primary currency of the legal entity and the exchange rate fluctuates, it will affect the revenue earned on the sale. These sales and purchase transactions also create receivables and payables denominated in foreign currencies and exposure to foreign currency gains and losses based on changes in exchange

rates. Changes in the price of raw materials used in manufacturing can affect the cost of manufacturing. GE Transportation uses derivatives to mitigate or eliminate these exposures, where appropriate. Most derivative activity consists of currency exchange and commodity contracts.

Critical Accounting Estimates

The preparation of combined financial statements in conformity with U.S. GAAP requires GE Transportation's management to make estimates and judgments that affect the reported amounts of assets and liabilities, disclosure of any contingent assets or liabilities at the date of these combined financial statements and the reported amounts of revenue and expenses during the reporting period. GE Transportation bases its estimates and judgments on historical experience and on various other assumptions and information that it believes to be reasonable under the

TABLE OF CONTENTS

circumstances. Estimates and assumptions about future events and their effects cannot be perceived with certainty, and accordingly, these estimates may change as new events occur, as more experience is acquired, as additional information is obtained and as GE Transportation's operating environment changes. While GE Transportation believes that the estimates and assumptions used in the preparation of these combined financial statements are appropriate, actual results could differ from those estimates.

Estimates are used for, but are not limited to, determining the following: estimates of variable revenues and/or costs on long-term revenue generating contracts, recoverability of long-lived assets and inventory, valuation of goodwill; useful lives used in depreciation and amortization; income taxes and related valuation allowances; accruals for contingencies including warranties; actuarial assumptions used to determine costs on employee benefit plans, valuation assumptions for long term stock-based compensation expense, valuation and recoverability of receivables, valuation of derivatives and the fair value of assets acquired and liabilities assumed in acquisitions.

As GE Transportation's combined financial statements will be distributed to users of GE Transportation's financial statements on a carve-out basis for the first time in 2018, GE Transportation has applied the following new guidance for these combined financial statements.

Revenue from contracts with customers

Accounting Standards Update (ASU) 2014-09, Revenue from Contracts with Customers, (ASC 606), requires GE Transportation to make certain estimates that affect the amount and timing of revenue recognized in a given period, primarily related to equipment and service contracts that are recognized on an overtime basis (refer to Note 2 and Note 3 to GE Transportation's audited financial statements included elsewhere in this proxy statement for further discussion of GE Transportation's accounting policy for these contracts). The most critical estimates relevant to GE Transportation's revenue accounting are related to GE Transportation's long-term CSAs as discussed below.

GE Transportation enters into CSA contracts with GE Transportation's customers, which require GE Transportation to provide preventative maintenance, asset overhaul / updates, and standby "warranty-type" services that include certain levels of assurance regarding asset performance and uptime throughout the contract periods, which generally range from 5 to 25 years. Contract modifications that extend or revise contract terms are not uncommon and generally result in GE Transportation's recognizing the impact of the revised terms prospectively over the remaining life of the modified contract (i.e., effectively like a new contract). GE Transportation's revenue recognition on CSAs requires estimates of both customer payments expected to be received over the contract term as well as the costs expected to be incurred to perform required maintenance services. GE Transportation routinely reviews estimates under product services agreements and regularly revise them to adjust for changes in outlook as described below.

GE Transportation recognizes revenue as it performs under these arrangements using an over-time accounting model based on costs incurred relative to total expected costs. Throughout the life of a contract, this measure of progress captures the nature of the timing and extent of GE Transportation's underlying performance activities as GE Transportation's stand-ready services often fluctuate between routine inspections and maintenance, unscheduled service events and major overhauls at pre-determined usage intervals. Customers generally pay GE Transportation based on the utilization of the asset (per hour of usage for example) or upon the occurrence of a major event within the contract such as an overhaul. As a result, a significant estimate in determining expected revenues of a contract is estimating how customers will utilize their assets over the term of the agreement. Changes in customer utilization can influence the timing and extent of overhauls and other service events over the life of the contract.

As a result, the revenue recognized each period is dependent on GE Transportation's estimate of how a customer will utilize their assets over the term of the agreement. GE Transportation generally uses a combination of both historical utilization trends as well as forward-looking information such as market conditions and potential asset retirements in

developing GE Transportation's revenue estimates. This estimate of customer utilization will impact both the total contract billings and costs to satisfy GE Transportation's obligation to maintain the equipment. To the extent required, GE Transportation limits the amount of variable consideration used to estimate GE Transportation's transaction price such that it is improbable that a significant revenue reversal will occur in future periods.

TABLE OF CONTENTS

To develop GE Transportation's cost estimates, GE Transportation considers the timing and extent of future maintenance and overhaul events, including the amount and cost of labor, spare parts and other resources required to perform the services. In developing GE Transportation's cost estimates, GE Transportation utilizes a combination of GE Transportation's historical cost experience and expected cost improvements. Cost improvements are only included in future cost estimates after savings have been observed in actual results or proven effective through an extensive regulatory or engineering approval process.

GE Transportation regularly assesses customer credit risk inherent in the carrying amounts of receivables and contract assets and estimated earnings, including the risk that contractual penalties may not be sufficient to offset GE Transportation's accumulated investment in the event of customer termination. GE Transportation gains insight into future utilization and cost trends, as well as credit risk, through GE Transportation's knowledge of the installed base of equipment and the close interaction with GE Transportation's customers that comes with supplying critical services and parts over extended periods.

Long-lived assets

GE Transportation reviews long-lived assets for impairment whenever events or changes in circumstances indicate that the related carrying amounts may not be recoverable. Determining whether an impairment has occurred typically requires various estimates and assumptions, including determining which undiscounted cash flows are directly related to the potentially impaired asset, the useful life over which cash flows will occur, their amount, and the asset's residual value, if any. In turn, measurement of an impairment loss requires a determination of fair value, which is based on the best information available. GE Transportation derives the required undiscounted cash flow estimates from GE Transportation's historical experience and GE Transportation's internal business plans. To determine fair value, GE Transportation uses quoted market prices when available, GE Transportation's internal cash flow estimates discounted at an appropriate discount rate and independent appraisals, as appropriate.

See Note 2 to GE Transportation's audited financial statements included elsewhere in this proxy statement for further information on impairment losses.

Goodwill and other identified intangible assets

GE Transportation tests goodwill for impairment annually each year. The impairment test consists of two steps: in step one, the carrying value of the reporting unit is compared with its fair value; in step two, which is applied when the carrying value is more than its fair value, the amount of goodwill impairment, if any, is derived by deducting the fair value of the reporting unit's assets and liabilities from the fair value of its equity, and comparing that amount with the carrying amount of goodwill. GE Transportation determines fair values for each of the reporting units using the market approach, when available and appropriate, or the income approach, or a combination of both. GE Transportation assesses the valuation methodology based upon the relevance and availability of the data at the time GE Transportation performs the valuation. If multiple valuation methodologies are used, the results are weighted appropriately.

Valuations using the market approach are derived from metrics of publicly traded companies or historically completed transactions of comparable businesses. The selection of comparable businesses is based on the markets in which the reporting units operate giving consideration to risk profiles, size, geography, and diversity of products and services. A market approach is limited to reporting units for which there are publicly traded companies that have the characteristics similar to GE Transportation's businesses.

Under the income approach, fair value is determined based on the present value of estimated future cash flows, discounted at an appropriate risk-adjusted rate. GE Transportation uses its internal forecasts to estimate future cash

flows and include an estimate of long-term future growth rates based on GE Transportation's most recent views of the long-term outlook for each business. Actual results may differ from those assumed in GE Transportation's forecasts. GE Transportation derives its discount rates using a capital asset pricing model and analyzing published rates for industries relevant to GE Transportation's reporting units to estimate the cost of equity financing. GE Transportation uses discount rates that are commensurate with the risks and uncertainty inherent in the respective businesses and in GE Transportation's internally developed forecasts.

Estimating the fair value of reporting units requires the use of estimates and significant judgments that are based on a number of factors including actual operating results. It is reasonably possible that the judgments and estimates described above could change in future periods.

TABLE OF CONTENTS

GE Transportation reviews identified intangible assets with defined useful lives and subject to amortization for impairment whenever events or changes in circumstances indicate that the related carrying amounts may not be recoverable. Determining whether an impairment loss occurred requires comparing the carrying amount to the sum of undiscounted cash flows expected to be generated by the asset. GE Transportation tests intangible assets with indefinite lives annually for impairment using a fair value method such as discounted cash flows.

See Notes 2 and 8 to GE Transportation's audited financial statements included elsewhere in this proxy statement for further information.

Recent Accounting Pronouncements

In January 2017, the FASB issued ASU 2017-04, *Intangibles—Goodwill and Other (Topic 350): Simplifying the Test for Goodwill*. This ASU simplifies the measurement of goodwill impairment to a single-step test. The guidance removes step two of the goodwill impairment test, which requires a hypothetical purchase price allocation, and will now be the amount by which a reporting unit's carrying value exceeds its fair value, not to exceed the carrying amount of goodwill. Under the revised guidance, failing step one will always result in goodwill impairment. The new guidance is effective for annual and interim goodwill impairment tests beginning after December 15, 2019 and early adoption is permitted. GE Transportation is currently evaluating the impact of the adoption of ASU 2017-04 on GE Transportation's combined financial statements.

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments—Credit Losses: Measurement of Credit Losses on Financial Instruments*. The ASU introduces a new accounting model, the Current Expected Credit Losses model (CECL), which requires earlier recognition of credit losses, while also providing additional transparency about credit risk. The CECL model utilizes a lifetime expected credit loss measurement objective for the recognition of credit losses for loans and other receivables at the time the financial asset is originated or acquired. The expected credit losses are adjusted each period for changes in expected lifetime credit losses. This model replaces the multiple existing impairment models under current U.S. GAAP, which generally require that a loss be incurred before it is recognized. The new standard will also apply to receivables arising from revenue transactions such as contract assets and accounts receivables and is effective for fiscal years beginning after December 15, 2019. GE Transportation continues to evaluate the effect of the standard on GE Transportation's combined financial statements.

In February 2016, the FASB issued ASU 2016-02, *Leases* (ASU 2016-02), creating ASC Subtopic 842, *Leases*. ASU 2016-02 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. ASU 2016-02 requires lessees to present a right-of-use asset and a corresponding lease liability on the balance sheet. Lessor accounting is substantially unchanged compared to the current accounting guidance. ASU 2016-02 is effective for annual reporting periods beginning after December 15, 2018, and for the interim and annual reporting periods thereafter, with early adoption permitted. GE Transportation is currently evaluating the impact of the adoption of ASU 2016-02 on GE Transportation's combined financial statements.

Unaudited Pro Forma Condensed Combined Financial Statements

The following unaudited pro forma condensed combined financial statements are presented to illustrate the estimated effects of the Transactions described in this proxy statement under The Transactions.

The following unaudited pro forma condensed combined balance sheet as of June 30, 2018, and the unaudited pro forma condensed combined statements of income for the six months ended June 30, 2018 and the year ended December 31, 2017 (collectively, the Pro Forma Statements) have been prepared in compliance with the requirements of Regulation S-X under the Securities Act using accounting policies in accordance with U.S. GAAP. The unaudited pro forma condensed combined financial information is based on Wabtec's historical consolidated financial statements and GE Transportation's historical combined financial statements as adjusted to give effect to the Transactions, including the Merger.

Accounting policies used in the preparation of the Pro Forma Statements are based on the audited consolidated financial statements of Wabtec for the year ended December 31, 2017 and the unaudited condensed consolidated financial statements as of and for the six months ended June 30, 2018. Pro Forma adjustments have been made to GE Transportation's financial statements to align to Wabtec's accounting policies. Specifically, GE Transportation adopted Accounting Standards Update (ASU) No. 2014-09 Revenue from Contracts with Customers using the full retrospective method. Included as a pro forma adjustment in the unaudited pro forma condensed combined statement of income for the year ended December 31, 2017 is an adjustment to conform GE Transportation's method of adopting ASC 606 to Wabtec's method of adoption which was the modified retrospective method.

The Transactions have not been consummated. The pro forma adjustments are based on preliminary estimates and currently available information and assumptions that Wabtec management believes are reasonable. The notes to the Pro Forma Statements provide a discussion of how such adjustments were derived and presented in the Pro Forma Statements. Changes in facts and circumstances or discovery of new information may result in revised estimates. As a result, there may be material adjustments to the Pro Forma Statements. See note 7 to the Pro Forma Statements. Certain historical GE Transportation and Wabtec financial statement caption amounts have been reclassified or combined to conform to Wabtec's presentation and the disclosure requirements of the combined company. See note 6 to the Pro Forma Statements.

The Pro Forma Statements should be read in conjunction with the audited consolidated financial statements of Wabtec as of and for the year ended December 31, 2017, which are incorporated by reference herein from Wabtec's current report on Form 8-K filed with the SEC on September 10, 2018, Wabtec's interim financial statements as of and for the six-month period ended June 30, 2018, which are incorporated by reference herein from Wabtec's quarterly report on Form 10-Q filed with the SEC for the quarter ended June 30, 2018, and the audited combined financial statements of GE Transportation as of and for the year ended December 31, 2017 and GE Transportation's interim financial statements as of and for the six-month period ended June 30, 2018, which are, in each case, included elsewhere in this proxy statement. GE Transportation's historical financial statements included in this proxy statement have been presented on a carve-out basis from GE's consolidated financial statements using the historical results of operations, cash flows, assets and liabilities of GE Transportation and include allocations of corporate expenses from GE. These allocations reflect significant assumptions, and the financial statements do not fully reflect what GE Transportation's financial position, results of operations or cash flows would have been had it been a stand-alone company during the periods presented. As a result, historical financial information is not necessarily indicative of GE Transportation's future results of operations, financial position or cash flows. The note disclosure requirements of annual consolidated financial statements provide additional disclosures to that required for pro forma condensed combined financial information.

The unaudited Pro Forma Statements give effect to the Transactions as if they had occurred on January 1, 2017, for the purposes of the unaudited pro forma condensed combined statements of income for the six months ended June 30, 2018 and the year ended December 31, 2017. The unaudited Pro Forma Statements give effect to the Transactions as if they had occurred on June 30, 2018, for the purposes of the unaudited pro forma condensed combined balance sheet. In the opinion of Wabtec's management, these Pro Forma Statements include all material adjustments necessary to be in accordance with Article 11 of Regulation S-X under the Securities Act.

The Pro Forma Statements are presented for illustrative purposes only and may not be indicative of the results of operations that would have occurred if the events reflected therein had been in effect on the dates indicated or the results which may be obtained in the future. In preparing the Pro Forma Statements, no adjustments have been made to reflect the potential operating synergies and administrative cost savings or the costs of integration activities that could result from the combination of Wabtec and GE Transportation. Actual amounts recorded upon consummation of the Transactions will differ from the Pro Forma Statements, and the differences may be material.

TABLE OF CONTENTS

Westinghouse Air Brake Technologies Corporation Notes to Pro Forma Statements (Unaudited) (Expressed in U.S. dollars, unless otherwise indicated)

1. Description of the transaction

GE, Wabtec, SpinCo and Merger Sub, entered into the Merger Agreement on May 20, 2018, and GE, SpinCo, Wabtec and Direct Sale Purchaser entered into the Separation Agreement on May 20, 2018, which together provide for the combination of Wabtec and GE Transportation through a modified Reverse Morris Trust transaction structure. In connection with the Separation of GE Transportation from the remaining business of GE, GE will conduct the Internal Reorganization. The Transactions have been approved by the Wabtec Board and the GE Board.

In connection with the Direct Sale, certain assets of GE Transportation, potentially including the equity interests of certain pre-Transaction subsidiaries of GE that compose part of GE Transportation, will be sold to Direct Sale Purchaser for a cash payment of \$2.9 billion, and Direct Sale Purchaser will assume certain liabilities of GE Transportation in connection with this purchase. Thereafter, GE will transfer the SpinCo Business to SpinCo and its subsidiaries (to the extent not already held by SpinCo and its subsidiaries) in the SpinCo Transfer, and SpinCo will issue to GE additional shares of SpinCo common stock in the SpinCo Transfer. Following this issuance of additional SpinCo common stock to GE, GE will own 8,700,000,000 shares of SpinCo common stock, or such other amount as GE determines, subject to the consent of Wabtec not to be unreasonably withheld, conditioned or delayed, which will constitute all of the outstanding SpinCo common stock.

Following the Direct Sale and based on market conditions, corporate finance considerations and timing considerations, GE will distribute the Distribution Shares of SpinCo in a spin-off or a split-off transaction. Immediately after the Distribution and on the closing date of the Merger, Merger Sub will merge with and into SpinCo, whereby the separate corporate existence of Merger Sub will cease and SpinCo will continue as the surviving company and a wholly owned subsidiary of Wabtec. In the Merger, subject to adjustment in accordance with the Merger Agreement, each share of SpinCo common stock will be converted into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement, as described in the section of this proxy statement entitled *The Merger Agreement—Merger Consideration*.

Upon consummation of the Merger and calculated based on Wabtec's outstanding common stock immediately prior to the Merger on a fully-diluted, as-converted and as-exercised basis, 50.1% of the outstanding shares of Wabtec common stock would be held collectively by GE and pre-Merger holders of GE common stock (with approximately 9.9% of the outstanding shares of Wabtec common stock expected to be held by GE) and 49.9% of the outstanding shares of Wabtec common stock would be held by pre-Merger Wabtec stockholders. The shares held by GE will be subject to GE's obligations under (x) the Tax Matters Agreement to sell a number of shares of Wabtec common stock within two years of the Distribution Date (as described in the section of this proxy statement entitled *Other Agreements—Tax Matters Agreement*) and (y) the Shareholders Agreement to sell, subject to limited exceptions, all of the shares of Wabtec common stock GE beneficially owns within three years of the closing date of the Merger and prior thereto, to vote all of such shares in the proportion required under the Shareholders Agreement (as described in the section of this proxy statement entitled *Other Agreements—Shareholders Agreement*). GE has the right to increase the percentage of the outstanding shares of Wabtec common stock to be held by pre-Merger GE stockholders (subject to a corresponding reduction in the percentage held by GE).

The estimated total value of the consideration to be paid by Wabtec in the Transactions is subject to the market price of shares of Wabtec common stock at the date of closing. Using Wabtec's closing stock price on the NYSE as of August 17, 2018, the total value of the consideration for the Transactions would be approximately \$14.2 billion, including the Direct Sale Purchase Price, contingent consideration, assumed debt and net of cash acquired. The following chart illustrates the impact of a 10% change in Wabtec's stock price on the transaction purchase price and

estimated goodwill (in millions):

	Purchase Price	Estimated Goodwill
As presented in the Pro Forma Combined results	\$ 14,164.6	\$ 9,254.9
10% Increase in Wabtec Common Stock Price	\$ 15,247.6	\$ 10,337.9
10% Decrease in Wabtec Common Stock Price	\$ 13,081.6	\$ 8,171.9

TABLE OF CONTENTS**2. Basis of presentation**

The Transactions have been accounted for as a business combination using the acquisition method in accordance with Financial Accounting Standards Board Accounting Standards Codification (ASC) Topic 805, Business Combinations. As the acquirer for accounting purposes, Wabtec has estimated the fair value of GE Transportation's assets acquired and liabilities assumed and conformed the accounting policies of GE Transportation to its own accounting policies.

The pro forma purchase price allocation is subject to change based on the market price of Wabtec common stock at the time of the Merger, finalization of purchase price adjustments and completion of Wabtec management's assessment of the fair values of the assets and liabilities acquired. Wabtec has not completed the final valuation necessary to determine the acquisition date fair market value of GE Transportation's net assets. As more information becomes available, Wabtec will complete a more detailed review of the preliminary allocation of the purchase price to reflect the acquisition date fair value of those assets and liabilities. As a result of that review, more information could become available that, when analyzed, could have a material impact on the Pro Forma Statements.

Estimated remaining transaction costs for Wabtec and GE Transportation are reflected as an adjustment to cash and retained earnings in the unaudited pro forma condensed combined balance sheet. Estimated remaining transaction costs for Wabtec and GE Transportation have not been reflected in the unaudited pro forma condensed combined statement of income on the basis that these expenses are directly related to the Transactions but are nonrecurring in nature. Total estimated transaction costs for Wabtec and GE Transportation are approximately \$100 million. Certain of GE Transportation's transaction costs will be borne by GE.

In addition, Wabtec expects to record post-combination compensation expense related to the acceleration of unvested stock compensation awards and other employee compensation arrangements directly related to the Merger. This amount is excluded from the unaudited pro forma condensed combined statements of income because it does not have a continuing impact on operations. At this point in time Wabtec is unable to provide a reasonable estimate of the total compensation expense related to the merger; therefore, no adjustment has been recorded to retained earnings in the unaudited pro forma condensed combined balance sheet.

3. Preliminary purchase price allocation

The Transactions have been accounted for as a business combination in accordance with Financial Accounting Standards Board ASC 805, Business Combinations. Under the acquisition method of accounting, Wabtec allocated purchase price to the tangible and intangible net assets acquired pursuant to the Direct Sale and the Merger based on the preliminary estimated fair values as of the assumed date of the Merger.

Wabtec has performed a preliminary valuation analysis of the fair market value of GE Transportation's assets and liabilities. The following table summarizes the allocation of the preliminary purchase price as of the assumed date of the Merger (in millions):

Cash and cash equivalents	\$ 0.0
Accounts receivable	495.2
Inventories	749.2
Other current assets	230.4
Property, plant and equipment	1,226.4
Goodwill	9,254.9
Trade names	300.0
Intellectual property	600.0
Backlog	2,000.0

Customer relationships	700.0
Other noncurrent assets	176.2
Total assets acquired	15,732.3
Current liabilities	(1,488.0)
Contingent consideration	(434.7)
Other noncurrent liabilities	(99.1)
Total liabilities assumed	(2,021.8)
Net assets acquired	\$ 13,710.5
Noncontrolling interest acquired	\$ (44.7)

TABLE OF CONTENTS

This preliminary purchase price allocation has been used to prepare pro forma adjustments in the Pro Forma Statements. The final purchase price allocation will be determined when Wabtec has completed the detailed valuations and necessary calculations. The final allocation could differ materially from the preliminary allocation used in the pro forma adjustments. The final allocation may include (1) changes in fair values of property, plant and equipment, (2) changes in allocations to intangible assets such as trade names, backlog, intellectual property, and customer relationships as well as goodwill and (3) other changes to assets and liabilities.

4. Financing transactions

Wabtec and the other Borrowers entered into the Credit Agreement on June 8, 2018, which includes (i) a \$1.2 billion Revolving Credit Facility, (ii) a \$350.0 million Refinancing Term Loan and (iii) a \$400.0 million Delayed Draw Term Loan. Wabtec also obtained Bridge Commitments in respect of the Bridge Loan Facility in an amount not to exceed \$2.5 billion. On September 14, 2018, in accordance with the Commitment Letter, the Bridge Commitments were permanently reduced to \$0 in connection with Wabtec's issuance of \$500 million aggregate principal amount of the Floating Rate Notes, \$750 million aggregate principal amount of the 2024 Notes and \$1.25 billion aggregate principal amount of the 2028 Notes. Wabtec will use funds available under the Delayed Draw Term Loan and the proceeds from the issuance of the New Wabtec Notes to pay the Direct Sale Purchase Price. Additionally, in the Merger, Wabtec will issue common stock valued (based on Wabtec's closing stock price on the NYSE as of August 17, 2018) at approximately \$10.8 billion.

5. Tax benefits

As a result of the Transactions, Wabtec will be able to deduct for tax purposes the stepped-up basis of certain assets acquired including, but not limited to, property, plant and equipment, trade names, intellectual property, customer relationships, backlog and goodwill. Wabtec estimates the fair value of these tax benefits created in the Transactions to be approximately \$1.5 billion. The final amount and timing of when these tax benefits may be realized could differ materially from the preliminary estimate.

Deferred taxes have not been reflected in the Pro Forma Statements because based on currently available information there are no significant book to tax differences on the acquired assets and assumed liabilities.

6. Reclassification adjustments

Certain reclassifications have been made to the historical presentation of GE Transportation to conform to the historical financial statement presentation of Wabtec. Specifically, Wabtec presents Engineering expense and Amortization expense as separate captions within the statement of income, while GE Transportation presents these expenses within the Cost of goods sold and Selling, general, and administrative expense captions within the statement of income. Reclassification adjustments have been made to conform the GE Transportation presentation of these expenses to the Wabtec financial statement presentation.

Additionally, certain other GE Transportation income statement and balance sheet accounts have been reclassified to conform to Wabtec's financial statement presentation. Reclassifications have also been made to the historical presentation of Wabtec to disclose the amount of revenue and costs related to goods and services.

These reclassification adjustments had no net impact on Income from operations, Income from operations before income tax, Net income, Net income attributable to Wabtec stockholders, Total current assets, Total assets, Total current liabilities, Total liabilities, Total group shareholders' equity, or Total equity.

7. Pro forma adjustments

The pro forma adjustments are based on our preliminary estimates and assumptions that are subject to change. The following adjustments have been reflected in the Pro Forma Statements:

Reflects adjustments to GE Transportation's historical financial statements to conform to Wabtec's adoption of ASC 606 using the modified retrospective method. GE Transportation adopted Accounting Standards Update (ASU) No. 2014-09 Revenue from Contracts with Customers using the full retrospective method. Additionally, reflects

a. adjustments to GE Transportation's historical financial statements to conform to Wabtec's revenue recognition policy for long term service contracts. Other adjustments may be required to conform to Wabtec's accounting policies, but they are not expected to be material. In addition, non-cash amortization expense from purchase price accounting will impact the results of operations.

TABLE OF CONTENTS

Represents the payment by Wabtec related to the Direct Sale Purchase Price of \$2.9 billion of cash, less the GE b. Transportation cash and cash equivalents balance, after giving effect to the settlement of GE Transportation's loans payable to GE affiliates outside of GE Transportation of \$64.0 million.

c. Represents additional borrowings of \$2.9 billion to finance the Direct Sale Purchase Price.

Reflects the adjustment of \$294.7 million to increase the basis in the acquired property, plant and equipment to estimated fair value and eliminates GE Transportation's historical Accumulated depreciation of \$1,029.0 million against property, plant and equipment. The estimated useful lives range from three to forty years. The fair value and d. useful life calculations are preliminary and subject to change after Wabtec finalizes its review of the specific types, nature, age, condition and location of GE Transportation's property, plant and equipment. The following table summarizes the changes in the estimated depreciation expense (in millions):

	Year Ended December 31, 2017	Six Months Ended June 30, 2018
Estimated depreciation expense	\$ 132.1	\$ 64.9
Historical depreciation expense	(112.3)	(55.1)
Pro forma increase in depreciation expense	\$ 19.8	\$ 9.8

Reflects the adjustment of historical intangible assets acquired by Wabtec to their estimated fair values. As part of the preliminary valuation analysis, Wabtec identified intangible assets, including trade names, intellectual property, backlog and customer relationships. The fair value of identifiable intangible assets is determined primarily using the e. income approach, which requires a forecast of expected future cash flows related to these intangibles. The following table summarizes the estimated fair values of GE Transportation's identifiable intangible assets, their estimated useful lives and their amortization on a linear basis (in millions):

			Amortization	
			Year	Six
			Ended	Months
	Estimated	Estimated	December	Ended
	Fair Value	Useful Life	31,	June 30,
		in Years	2017	2018
Trade names	\$ 300.0	9	\$ 33.3	\$ 16.7
Intellectual property	600.0	12	50.0	25.0
Backlog	2,000.0	20	100.0	50.0
Customer relationships	700.0	20	35.0	17.5
	\$ 3,600.0		\$ 218.3	\$ 109.2
Historical amortization expense			(71.7)	(23.1)
Pro forma increase in amortization expense			\$ 146.6	\$ 86.1

f. Reflects adjustment to remove GE Transportation's historical goodwill of \$282.6 million and record goodwill associated with the Transactions of \$9,254.9 million as shown in Note 3.

g. Reflects the adjustment for the settlement of GE Transportation's loans payable to GE affiliates outside of GE Transportation in the amount of \$67.5 million which will be settled prior to the consummation of the Transactions.

h. Reflects adjustment to eliminate GE Transportation's historical deferred tax assets and deferred tax liabilities in the amount of \$64.4 million and \$224.7 million, respectively.

Represents the estimated fair value of contingent consideration of \$434.7 million related to payment of a fixed i. amount, \$470.0 million, to GE which is directly related to the timing of tax benefits expected to be realized subsequent to the Transactions.

TABLE OF CONTENTS

j. Reflects the income tax effect of pro forma adjustments based on an estimated combined tax rate of 29.5% and 22.4% for the year ended December 31, 2017 and the six months ended June 30, 2018, respectively.

k. Represents the net increase to interest expense resulting from interest on incurrence of an assumed \$2.9 billion of new debt to finance the Direct Share Purchase Price and other interest adjustments directly related to the Transactions, as follows (in millions):

	Year Ended December 31, 2017	Six Months Ended June 30, 2018
Interest expense on new debt	\$ 125.5	\$ 62.8
Elimination of interest on retired GET debt	(4.8)	(2.5)
Accretion of contingent consideration	8.8	4.4
Amortization of new debt issuance costs	4.2	2.1
Pro forma adjustments to interest expense	\$ 133.7	\$ 66.8

The effect of a 1/8 percent variance in the assumed interest rate related to the new debt would impact pro forma interest expense by approximately \$3.6 million and \$1.8 million for the year ended December 31, 2017 and the six months ended June 30, 2018, respectively.

Represents the estimated adjustment to step up GE Transportation's inventory to a fair value of approximately \$749.2 million, an increase of \$74.0 million from the carrying value. The fair value calculation is preliminary and subject to change. The fair value was determined based on the estimated selling price of the inventory less the remaining manufacturing and selling costs and a normal profit margin on those manufacturing and selling efforts. After the consummation of the Transactions, the step-up in inventory fair value of \$74.0 million will increase cost of sales over approximately 12 months as the inventory is sold. This increase is not reflected in the unaudited pro forma condensed combined statements of income because it does not have a continuing impact.

m. Represents the elimination of the historical equity of GE Transportation and the issuance of 98.5 million shares of Wabtec common stock as consideration in the Merger.

n. Represents the elimination of transaction costs of \$50.5 million directly related to the Transactions which will not have a recurring impact on operations.

Proposal 1—Approval of Issuance of Wabtec Common Stock

Subject to adjustment under certain circumstances as set forth in the Merger Agreement, Wabtec will issue approximately 98.5 million shares of Wabtec common stock in the Merger. Based upon the reported closing sale price of \$ per share for Wabtec common stock on the NYSE on , 2018, the total value of the shares of Wabtec common stock to be issued by Wabtec in the Merger would be approximately \$ and the cash to be received by GE in the Transactions, including in respect of the Direct Sale, would be approximately \$. The actual value of the Wabtec common stock to be issued in the Merger will depend on the market price of shares of Wabtec common stock at the time of the Merger. In the Merger, subject to adjustment in accordance with the Merger Agreement, each share of SpinCo common stock will be converted into the right to receive a number of shares of Wabtec common stock based on the exchange ratio set forth in the Merger Agreement.

Under the NYSE Listed Company Manual, a company listed on NYSE is required to obtain stockholder approval prior to the issuance of common stock, or of securities convertible into or exercisable for common stock, in connection with the acquisition of another company if the number of shares of common stock to be issued is, or will be upon issuance, equal to or in excess of 20% of the number of shares of common stock outstanding before such issuance in connection with such proposed acquisition. The aggregate number of shares of Wabtec common stock to be issued in connection with the Merger will exceed 20% of the shares of Wabtec common stock outstanding before such issuance. For this reason, Wabtec must obtain the approval of Wabtec stockholders, in accordance with the NYSE Listed Company Manual, for the issuance of shares of Wabtec common stock to GE and GE stockholders in the Merger. Accordingly, Wabtec is asking its stockholders to approve the issuance of Wabtec common stock in the Merger.

For a summary and detailed information regarding this proposal, see the information about the proposed Merger, and the Share Issuance, contained throughout this proxy statement, including the information set forth in the sections of this proxy statement entitled The Transactions, The Merger Agreement and the Separation Agreement.

Proposal 2—Approval of Increase in Authorized Common Stock

In order to effect the Share Issuance and the Merger, the Wabtec Board has approved a proposal to amend Wabtec's Restated Certificate of Incorporation, dated January 30, 1995, as amended December 31, 2003 and May 14, 2013, to increase the number of authorized shares from 201 million to 501 million. In doing so, the number of authorized shares of common stock will increase from 200 million to 500 million, and the number of preferred shares will remain at 1,000,000 shares. The proposed amendment would replace Section 4.1 of Article Fourth of the Restated Certificate of Incorporation, as amended, with the following language:

The total number of shares of all classes of stock which the Corporation shall have authority to issue is 501,000,000 shares, consisting of:

(a) 500,000,000 shares of Common Stock, each having a par value of one penny (\$.01); and

(b) 1,000,000 shares of Preferred Stock, each having a par value of one penny (\$.01).

Any newly authorized shares of Wabtec common stock will be identical to the shares of common stock now authorized and outstanding. The proposed amendment will not affect the rights of current holders of Wabtec common stock, none of whom have preemptive or similar rights to acquire the newly authorized shares. Wabtec does not have any outstanding preferred stock. The Wabtec Board can determine the relative rights and preferences of the preferred stock and provide for the issuance of the preferred stock in one or more series with such relative rights and preferences as the Wabtec Board may determine.

For a summary and detailed information regarding this proposal, see the information about the proposed Merger, and the Wabtec Charter Amendment, contained throughout this proxy statement, including the information set forth in the sections of this proxy statement entitled The Transactions, The Merger Agreement and the Separation Agreement.

Copies of the Merger Agreement and the Separation Agreement are attached to this proxy statement as Annex A and Annex B, respectively.

Vote Required

The affirmative vote of a majority of the outstanding shares of Wabtec common stock is required to amend the Restated Certificate of Incorporation, as amended, to increase the number of authorized shares of common stock from 200 million to 500 million.

Recommendation of the Wabtec Board

The Wabtec Board unanimously recommends a vote FOR the approval of amendment to the Restated Certificate of Incorporation, as amended, to increase the number of authorized shares of common stock from 200 million to 500 million.

Proposal 3—Adjournment

Wabtec's special meeting may be adjourned to another time or place, if determined to be necessary or appropriate by the Wabtec Board, to permit, among other things, further solicitation of proxies if necessary to obtain additional votes in favor of the Stock Issuance and Wabtec Charter Amendment proposals.

If, at Wabtec's special meeting, the number of shares of Wabtec common stock present or represented and voting in favor of any proposal is insufficient to approve such proposal, Wabtec intends to move to adjourn the special meeting in order to enable the Wabtec Board to solicit additional proxies for approval of the Share Issuance and the Wabtec Charter Amendment.

In Wabtec's adjournment proposal, Wabtec is asking its stockholders to authorize the holder of any proxy solicited by the Wabtec Board to vote in favor of granting discretionary authority to the proxy holders, and each of them individually, to vote to adjourn Wabtec's special meeting to another time and place for the purpose of soliciting additional proxies. If Wabtec stockholders approve the proposal to adjourn the special meeting, Wabtec could adjourn the special meeting and any adjourned session of the special meeting and use the additional time to solicit additional proxies, including the solicitation of proxies from Wabtec stockholders who have previously voted.

Vote Required

The affirmative vote of the holders of a majority of the shares of Wabtec common stock present in person or represented by proxy and entitled to vote at the special meeting is required to approve the adjournment of the special meeting, if necessary, to solicit additional proxies if there are not sufficient votes in favor of the Share Issuance and the Wabtec Charter Amendment.

Recommendation of the Wabtec Board

NOTES TO COMBINED FINANCIAL STATEMENTS

NOTE 1 DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION

DESCRIPTION OF THE BUSINESS

GE Transportation (the Business, GET, our or we) is a carve-out business of General Electric Company (GE or Parent). We are a leading global provider of products and solutions to transportation, logistics and other industrial markets. We design, engineer and manufacture diesel-electric locomotives, supply associated aftermarket parts and services and provide digital solutions. Our culture of innovation and differentiated aftermarket solutions has allowed us to build a leading global installed base of diesel-electric locomotives, significant contracted services backlog and longstanding customer relationships. Our products and services are critical to our customers' operating and financial success and enable them to operate with reliability and efficiency. Leveraging our heritage in diesel-electric locomotives, we have continued to innovate to expand our technologies into new products, end markets and logistics applications. Leveraging our core competencies in locomotive manufacturing, we produce electric motors and premium propulsion systems for mining, marine, stationary power and drilling applications. We have combined industry leadership with engineering and software capabilities to build a digital business that is leading the transformation of the transportation and mining industries. We employ approximately 9,000 employees and serve customers across approximately 60 countries.

The Business is comprised of three reportable segments, which reflect the way performance is assessed and resources are allocated.

EQUIPMENT

Our Equipment segment is a leading producer of diesel-electric locomotives serving freight and passenger railroads. We produce mission-critical products and solutions that help railroads reduce operating costs, decrease fuel use, minimize downtime and comply with stringent emissions standards. In addition to locomotives, we also produce a range of engines, electric motors and premium propulsion systems used in mining, marine, stationary power and drilling applications. This segment represents approximately 45%, 53% and 59% of annual revenues in the years ended December 31, 2017, 2016 and 2015, respectively.

SERVICES

Our Services segment is responsible for supporting railroads in the operation of their fleet of GE Transportation locomotives in an efficient manner throughout their entire lifecycle in terms of safety, availability, reliability and economic performance. We provide aftermarket parts and services to our global installed base, including predictive maintenance, regular maintenance, and unscheduled maintenance and overhaul services for locomotives. Our offerings include supply of parts, technical support and locomotive modernizations. Commercially, locomotive maintenance can be contracted on a fully transactional basis or through multi-year contracts (Contractual Service Agreements or CSAs), where we assume certain service activities, and the related performance risks, in return for fixed and variable payments based on underlying utilization of the asset(s) covered. This segment represents approximately 48%, 41% and 37% of annual revenues in the years ended December 31, 2017, 2016 and 2015, respectively.

DIGITAL

Our Digital segment combines decades of industrial leadership with cutting-edge data science and analytics acumen to create an efficient, productive and reliable digital-rail ecosystem – from shipper to receiver – from ports to intermodal terminals – main line locomotives and railcars – to train yards and operation centers. Digital includes transport logistics, transport intelligence, network optimization, train performance and digital mine. Our Digital segment develops and works with our customers to implement a comprehensive set of software-enabled solutions that deliver significant benefits across the transportation and mining landscape. Across global freight and mining industries, productivity and efficiency gains – and new business opportunities – will come largely from digital innovation. Digital tools will improve efficiency of existing assets, connect disparate processes, optimize key chokepoints and entire systems, and open up value across freight and mining. In industries

characterized by in-house and boutique solution providers, the breadth and market presence of our Digital solutions have positioned us as a key player for digital innovation. This segment represents approximately 7%, 6% and 4% of annual revenues in the years ended December 31, 2017, 2016 and 2015, respectively.

On May 21, 2018, GE and Westinghouse Air Brake Technologies (Wabtec) Corporation announced that they had entered into a definitive agreement whereby Wabtec acquired the Business (the Proposed Transaction).

Under the agreement, which has been approved by the Boards of Directors of Wabtec and GE, GE will receive \$2.9 billion in cash at closing. GE shareholders will own approximately 40.2%, GE will own approximately 9.9%, and Wabtec shareholders will own approximately 49.9% of the combined company on a fully diluted basis. The transaction is expected to be tax free to the companies' respective shareholders.

BASIS OF PRESENTATION

These combined financial statements were prepared on a stand-alone basis derived from the consolidated financial statements and accounting records of GE. These combined financial statements as of December 31, 2017 and 2016 and for each of the years ended December 31, 2017, 2016 and 2015 are presented as carve-out financial statements and reflect the combined historical results of operations, comprehensive income, financial position and cash flows of the Business, in conformity with U.S. generally accepted accounting principles (U.S. GAAP). Refer below to *Recent Accounting Pronouncements Reflected in These Combined Financial Statements* for a summary of recent accounting pronouncements that were adopted and applied in these combined financial statements.

These combined financial statements consolidate all majority-owned subsidiaries. The noncontrolling interests have been shown in the Combined Statement of Financial Position as Equity attributable to noncontrolling interests.

All intercompany balances and transactions within the Business have been eliminated in these combined financial statements. As described in Note 4 Related Party Transactions, certain transactions between the Business and GE have been included in these combined financial statements.

The Combined Statement of Financial Position reflects, among other things, all of the assets and liabilities of GE and the Business that are specifically identifiable as being directly attributable to the Business, including Net parent investment as a component of equity. Net parent investment represents GE's historical investment in the Business and includes accumulated net earnings attributable to GE, the net effect of transactions with GE and GE entities, and cost allocations from GE that were not historically allocated to the Business.

GE uses a centralized approach to cash management and financing of its operations. These arrangements are not reflective of the manner in which the Business would have financed its operations had it been a stand-alone business separate from GE during the periods presented. Cash pooling arrangements are excluded from the asset and liability balances in the Combined Statement of Financial Position. These amounts have instead been reported as Net parent investment as a component of equity.

GE and its affiliates provide a variety of services to the Business. The Business may also sell products in the ordinary course of business to GE and its affiliates. The Combined Statement of Earnings includes expense allocations for services and certain support functions (GE Corporate Overhead) that are provided on a centralized basis within GE

such as legal, business development, human resources, corporate audit, treasury and various other GE corporate functions that are routinely allocated to the Business and reflected in the Combined Statement of Earnings in Selling, general and administrative expenses. In addition to GE Corporate Overhead allocations, Selling, general and administrative expenses that would have been incurred in the ordinary course of business if the Business operated as a stand-alone company, such as compensation and benefits for employees of the Business, were included based on either specific identification of direct expenses or an allocation using an approach related to the nature of the item (e.g., external revenue or headcount).

Where allocations of amounts were necessary, the Business believes the allocation of these amounts were determined on a reasonable basis, reflecting all of the costs of GE Transportation and consistently applied in the

periods presented. These allocated amounts, however, are not necessarily indicative of the actual amounts that might have been incurred or realized had the Business operated as a separate stand-alone entity during the periods presented. Consequently, these combined financial statements do not necessarily represent the results the Business would have achieved if the Business had operated as a separate stand-alone entity from GE during the periods presented.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

(A) ESTIMATES AND ASSUMPTIONS

The preparation of combined financial statements in conformity with U.S. GAAP requires management to make estimates and judgments that affect the reported amounts of assets and liabilities, disclosure of any contingent assets or liabilities at the date of these combined financial statements and the reported amounts of revenue and expenses during the reporting period. We base our estimates and judgments on historical experience and on various other assumptions and information that we believe to be reasonable under the circumstances. Estimates and assumptions about future events and their effects cannot be perceived with certainty, and accordingly, these estimates may change as new events occur, as more experience is acquired, as additional information is obtained and as our operating environment changes. While the Business believes that the estimates and assumptions used in the preparation of these combined financial statements are appropriate, actual results could differ from those estimates.

Estimates are used for, but are not limited to, determining the following: estimates of variable revenues and/or costs on long-term revenue generating contracts, recoverability of long-lived assets and inventory, valuation of goodwill, useful lives used in depreciation and amortization, income taxes and related valuation allowances, accruals for contingencies including warranties, actuarial assumptions used to determine costs on employee benefit plans, valuation assumptions for long term stock-based compensation expense, valuation and recoverability of receivables, valuation of derivatives and the fair value of assets acquired and liabilities assumed in acquisitions.

Our revenue recognition on long-term CSAs requires estimates of both customer payments expected to be received over the contract term as well as the costs expected to be incurred to perform required maintenance services. We routinely review estimates under CSAs and regularly revise them to adjust for changes in outlook, however these estimates may materially vary from actual payments and costs incurred over the life of the contracts.

(B) FOREIGN CURRENCY

Certain of our international operations have determined that the local currency is the functional currency whereas others have determined the U.S. dollar is their functional currency. When the functional currency is not the US dollar, the Business translates assets and liabilities to their U.S. dollar equivalents using rates that approximate the exchange rates in effect at the Combined Statement of Financial Position date, and the Business translates functional currency income and expense amounts to their U.S. dollar equivalents using rates that approximate average exchange rates for the period. The U.S. dollar effects that arise from changing translation rates from functional currencies are recorded in Accumulated other comprehensive loss in the Combined Statement of Financial Position.

Gains and losses from foreign currency transactions, such as those resulting from the settlement of monetary items in the non-functional currency and those resulting from remeasurements of monetary items, are included in Costs of revenues and Selling, general and administrative expenses. Gains (losses) of \$26,177 thousand, \$(18,735) thousand and \$27,076 thousand were incurred in the years ended December 31, 2017, 2016 and 2015, respectively.

(C) EQUITY-ACCOUNTED INVESTMENTS

Associated companies are entities in which we do not have a controlling financial interest, but over which we have significant influence, most often because we hold a voting interest of 20% to 50%. Associated companies are accounted for as equity method investments. Results of associated companies are presented on a one-line

F-10

GE Transportation

NOTES TO COMBINED FINANCIAL STATEMENTS

basis. Investments in, and advances to, associated companies are presented in the caption Other assets in our Combined Statement of Financial Position. See Note 10 Other Assets. Income earned on these investments are presented in Other (expense) income in our Combined Statement of Earnings.

(D) ACQUISITIONS

Our combined financial statements include the operations of acquired businesses from the date of acquisition. The Business accounts for acquired businesses using the acquisition method of accounting, which requires, among other things, that assets acquired and liabilities assumed be recognized at their estimated fair values as of the acquisition date. Transaction costs are expensed as incurred. Any excess of the consideration transferred over the assigned values of the net assets acquired is recorded as goodwill. When the Business acquires net assets that do not constitute a business as defined in U.S. GAAP, no goodwill is recognized.

Amounts recorded for acquisitions can result from a complex series of judgments about future events and uncertainties and can rely on estimates and assumptions. For information about the risks associated with estimates and assumptions, see Note 2(A) Estimates and Assumptions.

There were no significant acquisitions that were completed during the years ended December 31, 2017, 2016 and 2015 that affected our combined financial statements. See Note 8 for information on changes in goodwill and intangible assets as a result of acquisitions.

(E) CASH AND EQUIVALENTS

Marketable securities with original maturities of three months or less are included in Cash and equivalents. Cash held in commingled accounts with our Parent, or its affiliates, are presented within Net parent investment.

As of December 31, 2017, \$80,228 thousand of Cash and equivalents were held in bank accounts and cannot be released, transferred or otherwise converted into a currency that is regularly transacted internationally, due to lack of market liquidity, capital controls or similar monetary or exchange limitations limiting the flow of capital out of the jurisdiction.

(F) CURRENT RECEIVABLES, NET

Current receivables, net are recorded at the invoiced amount, less an allowance for doubtful accounts, and do not bear interest. The Business maintains an allowance for doubtful accounts for estimated losses inherent in our accounts receivable portfolio. We establish an allowance for doubtful accounts based on various factors including the payment history and financial condition of our debtors and the economic environment. In addition, we consider current receivables aging, unless a specific reserve is established when customers are in bankruptcy or involved in legal disputes about amounts owed. Account balances are charged off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote. See Note 5 Current Receivables, net.

(G) CONCENTRATION OF CREDIT RISK

For the year ended December 31, 2017, one customer accounted for more than 10% of our combined revenues. For the years ended December 31, 2016 and 2015, three customers each accounted for more than 10% of our combined revenues. Additionally, two customers accounted for approximately 14% and 13%, respectively, of gross customer receivables as of December 31, 2017 and one customer accounted for approximately 24% of gross customer receivables as of December 31, 2016. Although this concentration affects our overall exposure to credit risk, our

customer receivables are spread over a diverse group of customers across many countries, which mitigates this risk. We perform periodic credit evaluations of our customers' financial conditions, including monitoring our customers' payment history and current credit worthiness to manage this risk. We do not generally require collateral in support of our customer receivables, but we may require payment in advance or security in the form of a letter of credit or a bank guarantee. Our customer receivables do not represent a significant concentration of credit risk as of December 31, 2017 and 2016 due to the wide variety of customers and markets into which our equipment and services are sold and their dispersion across geographic regions. See Note 5 Current Receivables, net.

(H) CURRENT RECEIVABLES FACTORING PROGRAM

Some of the Business's accounts receivables are legally transferred through current receivables factoring programs established for GE and various GE subsidiaries administered by an operation of GE Capital called Working Capital Solutions (WCS). GE Transportation participates in three different WCS Accounts Receivable factoring programs: GE Accounts Receivable (GEAR), On Book, and Emerging Market Debtor Pool (EMDP). GE Transportation also utilizes external syndication, which is facilitated either internally or by WCS.

Under the factoring programs, WCS performs a risk analysis and allocates a nonrecourse credit limit for each customer. If the customer exceeds this credit limit, then the remaining amount is either factored with recourse or is not factored as certain jurisdictions do not allow factoring with recourse.

All transfers of receivables qualify as true sales in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Subtopic 860, *Transfers and Servicing* and are therefore derecognized from our Combined Statement of Financial Position. These factoring arrangements are for goods and services sold by GET to third parties in the ordinary course of business, and cash inflows received as part of the transaction are recorded as an operating cash inflow. See Note 4 Related Party Transactions.

The Business does not have any material off-balance-sheet credit exposure related to our customers. See Note 11 Borrowings.

(I) INVENTORIES

Inventories are stated at the lower of cost and net realizable values. Generally, production inventory including raw materials and work in process and finished goods inventory is valued at cost using a first-in, first-out (FIFO) basis.

As necessary, we record provisions and write-downs for excess, slow moving and obsolete inventory. To determine these amounts, we regularly review inventory quantities on hand and compare them to estimates of historical utilization, future product demand, market conditions, production requirements and technological developments.

Effective January 1, 2018, we voluntarily changed the cost flow assumption of the U.S. inventories that were previously measured on a last-in, first-out (LIFO) basis to FIFO basis. We believe the FIFO method is a preferable measure for our inventories as it is expected to better reflect the current value of inventory reported in the Combined Statement of Financial Position, improve the matching of cost of goods sold with related revenue and provide for greater consistency and uniformity across our operations with respect to the method of inventory valuation. The Business applied this change in accounting principle retrospectively to all prior periods presented herein in accordance with FASB ASC Topic 250, *Accounting Changes and Error Corrections*.

See Note 6 Inventories.

(J) RESTRUCTURING COSTS

Costs of restructuring are accounted for in accordance with FASB ASC 420, *Exit or Disposal Cost Obligations*, ASC 712, *Compensation - Nonretirement Postemployment Benefits* and other related pronouncements. ASC 420 requires that a liability for costs associated with an exit or disposal activity be recognized when the liability is incurred. ASC

712 requires employers to recognize the obligation to provide postemployment benefits if all of the following conditions are met: (a) if the obligation is attributable to employees' services already rendered, (b) employees' rights to those benefits accumulate or vest, (c) payment of the benefits is probable, and (d) the amount of the benefits can be reasonably estimated. If those four conditions are not met, the employer should account for postemployment benefits when it is probable that a liability has been incurred and the amount can be reasonably estimated. See Note 18 Restructuring and Other Activities for additional discussion.

(K)SEGMENT REPORTING

We conduct our operations through three operating and reportable segments, which are generally organized based on product lines. Operating segments represent components of an enterprise for which separate financial information is available that is regularly evaluated by the chief operating decision maker in determining how to allocate resources and in assessing performance. The chief operating decision maker uses a variety of measures to assess the performance of the Business as a whole, depending on the nature of the activity. Operating activities are managed through three reportable segments: Equipment, Services and Digital. The performance of these three segments is principally measured based on revenues and operating profit. See Note 19 Segment Information and Major Customers.

(L)PROPERTY, PLANT AND EQUIPMENT

Property, plant and equipment (P&E) is stated at cost and is depreciated over its estimated economic life. Subsequently, property, plant and equipment is measured at cost less accumulated depreciation and impairment losses.

P&E includes rotatable assets used to support sales in our Services segment and are presented in the line item Machinery and equipment within P&E. These assets represent already-repaired equipment exchanged for equipment to be serviced, which in turn is repaired and kept for another exchange. Repair costs on rotatable assets are expensed as incurred.

The Business incurs maintenance costs on our major equipment. Repair and maintenance costs are expensed as incurred. See Note 7 Property, Plant and Equipment, net.

(M)GOODWILL

Goodwill represents the excess of the purchase price over the fair value of identifiable net assets acquired in a business combination. Goodwill is assigned to specific reporting units, and the Business tests goodwill for impairment at the reporting unit level at least annually or more frequently when facts or circumstances indicate an impairment may have occurred. A reporting unit is an operating segment, or one level below that operating segment (the component level), if discrete financial information is prepared and regularly reviewed by segment management. The Business also tests goodwill for impairment when an event occurs or circumstances change that would more likely than not reduce the fair value of a reporting unit below its carrying value. The Business uses quantitative assessment or qualitative factors to determine whether it is more likely than not that the fair value of a reporting unit is less than its carrying amount. If the Business chooses to perform a qualitative assessment and concludes it is more likely than not that the fair value of a reporting unit is less than its carrying amount, a further quantitative fair value test is performed. The Business recognizes an impairment charge if the carrying amount of the reporting unit's goodwill exceeds the implied fair value of that goodwill based on the results of our quantitative tests. The market and income approach are used for estimating the fair values for our reporting units. See Note 8 Goodwill and Intangible Assets.

(N)INTANGIBLE ASSETS, NET

All intangible assets of the Business other than goodwill are subject to amortization. The cost of intangible assets is amortized on a straight-line basis over their estimated useful lives. See Note 8 Goodwill and Intangible Assets.

INTERNAL USE SOFTWARE

Internal use software is software that is internally developed, purchased or modified to meet internal needs and for which no substantive plan exists to sell, lease or otherwise market the software externally. Software projects which

meet this scope include internal software we use in running our business and software products developed to support certain revenue streams in our Digital segment (e.g., SaaS offerings). All costs associated with project tasks classified in the preliminary project development or post-implementation/operation stage are expensed as incurred.

Capitalization of application development stage costs begin after both of the following occur:

F-13

TABLE OF CONTENTS

GE Transportation

(A carve-out business of General Electric Company)

NOTES TO COMBINED FINANCIAL STATEMENTS

(a) preliminary project development stage is completed, and (b) management authorizes and commits to funding the software project, and it is probable that the project will be completed and the software will be used for the purpose for which it was intended. Capitalization ceases when the project is substantially complete. Capitalized amounts are generally amortized using the straight-line method over the asset's estimated economic life, which in most cases is five years, but does not exceed ten years.

EXTERNAL USE SOFTWARE

External use software is software that is (a) intended to be sold, licensed or marketed to our customers, or is (b) embedded and integral to our tangible products for which research and development has been completed. Costs that are related to the conceptual formulation and design of software are expensed as incurred. Costs that are incurred after technological feasibility has been established are capitalized as an intangible asset. Capitalized costs for software to be sold, leased, or otherwise marketed are amortized on an individual product basis. The annual amortization is the greater of the amount computed using (a) the ratio of current year gross revenues for a product to the total of current year and anticipated future gross revenues for that product, or (b) the straight-line method over the remaining estimated life of the product including the current year.

The Business performs reviews to ensure that unamortized capitalized software program costs remain recoverable from future revenue. See Note 8 Goodwill and Intangible Assets.

(O) TRADE PAYABLES ACCELERATED PAYMENT PROGRAM

The Business's North American operations, and certain of its suppliers, participate in accounts payable programs with GE Capital. Supplier invoices may be settled early by GE Capital to obtain early pay cash discounts. The Business settles its obligations by reimbursing GE Capital on the invoice's contractual due date. As the payables in the Trade Payables Services (TPS) program relate to operating activities incurred in the ordinary course of business and retain the principal characteristics of a trade payable, the results of this program are included within operating activities in our Combined Statement of Cash Flows. See Note 4 Related Party Transactions.

(P) RESEARCH AND DEVELOPMENT COSTS (R&D)

The Business conducts R&D activities to continually enhance our existing products and services, develop new products and services to meet our customer's changing needs and requirements and address new market opportunities. R&D costs are expensed as incurred and amounted to \$113,087 thousand, \$175,020 thousand and \$214,267 thousand for the years ended December 31, 2017, 2016 and 2015, respectively, and are included in Costs of revenues. This includes direct R&D expenses as well as expenses incurred with the use of services from GE Global Research. See Note 4 Related Party Transactions.

(Q) PENSION AND POSTRETIREMENT BENEFITS

Certain employees and retirees of the Business participate in pension and postretirement benefit plans sponsored by GE. These plans are accounted for in accordance with ASC Subtopic 715-80, *Compensation – Retirement Benefits: Multiemployer Plans* and Subtopic 715-20, *Compensation – Retirement Benefits: Defined Benefit Plans* respectively. See Note 17 Pension and Postretirement Benefit Plans.

(R) FAIR VALUE MEASUREMENTS

The following sections describe the valuation methodologies the Business uses to measure financial and non-financial instruments accounted for at fair value in accordance with the fair value hierarchy as set forth in ASC 820, *Fair Value Measurement and Disclosures*.

For financial assets and liabilities measured at fair value on a recurring basis, fair value is the price the Business would receive to sell an asset or pay to transfer a liability in an orderly transaction with a market participant at the measurement date. In the absence of active markets for the identical assets or liabilities, such measurements involve developing assumptions based on market observable data and, in the absence of such data, internal information that is consistent with what market participants would use in a hypothetical transaction that occurs at the measurement date.

Observable inputs reflect market data obtained from independent sources, while unobservable inputs reflect our market assumptions. Preference is given to observable inputs. These two types of inputs create the following fair value hierarchy:

Level 1 - Quoted prices for identical instruments in active markets.

Level 2 - Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-derived valuations whose inputs are observable or whose significant value drivers are observable.

Level 3 - Significant inputs to the valuation model are unobservable.

We maintain policies and procedures to value instruments using the best and most relevant data available. In addition, the Business performs reviews to assess the reasonableness of the valuations. This detailed review may include the use of a third-party valuation firm.

(S) RECURRING FAIR VALUE MEASUREMENTS

The following sections describe the valuation methodologies used to measure different financial instruments at fair value on a recurring basis.

FINANCIAL INSTRUMENTS – GENERAL

Our financial instruments include trade receivables, trade payables, short and long-term debt and derivative financial instruments. The estimated fair value of our financial instruments as of December 31, 2017 and 2016 approximates their carrying value as reflected in our combined financial statements. See Note 5 Current Receivables, net, Note 9 Prepaid Expenses and Other Current Assets, Note 10 Other Assets, Note 11 Borrowings and Note 14 Other Current Liabilities and Other Liabilities.

DERIVATIVES

The Business uses closing prices for derivatives included in Level 1, which are traded either on exchanges or liquid over-the-counter markets. The majority of our derivatives are valued using internal models and are included in Level 2. Derivative assets and liabilities included in Level 2 are currency exchange contracts, foreign currency forward contracts, and commodity swap contracts.

All derivatives held as of December 31, 2017 and 2016 were valued using Level 2 inputs. See Note 2(W) Derivative Instruments and Hedging Activities.

There were no transfers between Levels 1, 2 and 3 during the years ended December 31, 2017 and 2016.

(T)NON-RECURRING FAIR VALUE MEASUREMENTS

Certain assets are measured at fair value on a non-recurring basis. These assets are not measured at fair value on an ongoing basis, but are subject to fair value adjustments only in certain circumstances. These assets can include long-lived assets that have been reduced to fair value when they are held for sale, and equity method investments

F-15

TABLE OF CONTENTS

GE Transportation

(A carve-out business of General Electric Company)

NOTES TO COMBINED FINANCIAL STATEMENTS

and long-lived assets that are written down to fair value when they are impaired. Assets that are written down to fair value when impaired are not subsequently adjusted to fair value unless further impairment occurs. The following sections describe the valuation methodologies the Business uses to measure those assets not measured on an ongoing fair value basis.

The following sections describe the valuation methodologies the Business uses to measure those assets not measured on an ongoing fair value basis.

EQUITY METHOD INVESTMENTS

Equity method investments are valued using market observable data such as quoted prices when available. When market observable data is unavailable, investments are valued using a discounted cash flow model, comparative market multiples or a combination of both approaches as appropriate and other third-party pricing sources. These investments are included in Level 3.

LONG-LIVED ASSETS

Long-lived assets, such as property, plant and equipment and intangible assets subject to amortization, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Determining whether an impairment has occurred typically requires various estimates and assumptions, including determining which undiscounted cash flows are directly related to the potentially impaired asset, the useful life over which cash flows will occur, their amount and the asset's residual value, if any. In turn, measurement of an impairment loss requires a determination of fair value, which is based on the best information available. The required undiscounted cash flow estimates are derived from our historical experience and our internal business plans. To determine fair value, the Business uses quoted market prices when available, our internal cash flow estimates discounted at an appropriate discount rate, or independent appraisals, as appropriate. Fair values of long-lived assets are primarily derived internally and are based on observed sales transactions for similar assets. These assets are generally included in Level 3. See Note 18 Restructuring and Other activities for impairments recognized related to long-lived assets.

(U)INCOME TAXES

The Business is included in the consolidated U.S. federal, foreign and state income tax returns of GE, where applicable. The Business determines its current and deferred taxes based on the separate return method (i.e., as if the Business were a taxpayer separate from GE). All income taxes due to or due from the Business's Parent that have not been settled or recovered by the end of the period are reflected in Note 13 Income Taxes as such balances will be maintained and settled. Any differences between actual amounts paid or received by the Business and taxes accrued under the separate return method have been reflected in Net parent investment.

The Business accounts for taxes under the asset and liability method. Under this method, deferred income taxes are recognized for temporary differences between the financial statement and tax return bases of assets and liabilities as well as from net operating losses and tax credit carryforwards, based on enacted tax rates expected to be in effect when taxes are actually paid or recovered and other provisions of the tax law. The effect of a change in tax laws or rates on deferred tax assets and liabilities is recognized in income in the period in which such change is enacted. The Business currently intends to indefinitely reinvest earnings of our foreign subsidiaries with operations outside the U.S.

and, accordingly, has not provided U.S. income tax on such earnings. Future tax benefits are recognized to the extent that realization of such benefits is more likely than not, and a valuation allowance is established for any portion of a deferred tax asset that management believes it is not more likely than not to be realized.

Significant judgment is required in determining our tax expense and in evaluating our tax positions, including evaluating uncertainties. The Business operates in approximately 60 countries and our tax filings are subject to audit by the tax authorities in the jurisdictions where business is conducted. These audits may result in assessments of additional taxes that are resolved with the tax authorities or through the courts. The Business has

TABLE OF CONTENTS

GE Transportation

(A carve-out business of General Electric Company)

NOTES TO COMBINED FINANCIAL STATEMENTS

provided for the amounts believed that will ultimately result from these proceedings. The Business recognizes uncertain tax positions that are more likely than not to be sustained if the relevant tax authority were to audit the position with full knowledge of all the relevant facts and other information. For those tax positions that meet this threshold, the Business measures the amount of tax benefit based on the largest amount of tax benefit that the Business has a greater than 50% chance of realizing in a final settlement with the relevant authority. The Business classifies interest and penalties associated with uncertain tax positions as interest expense and provision for income taxes, respectively, on the Combined Statement of Earnings. The effects of tax adjustments and settlements from taxing authorities are presented in these combined financial statements in the period they are recorded.

Due to the enactment of U.S. tax reform, repatriations of foreign earnings will generally be free of U.S. federal tax, but may incur other taxes, such as withholding or state taxes. Indefinite reinvestment is determined by management's judgment about and intentions concerning the future operations of the Business. Most of these earnings have been reinvested in active non-U.S. business operations. At December 31, 2017, we have not changed our indefinite reinvestment decision as a result of U.S. tax reform, but will reassess this during the course of 2018; accordingly, we have not provided income tax on such earnings. It is not practicable to determine the income tax liability that would be payable if such earnings were not reinvested indefinitely.

Additionally, as part of U.S. tax reform, the U.S. has enacted a tax on base eroding payments from the U.S. and a minimum tax on foreign earnings (global intangible low-taxed income). Because aspects of the new minimum tax and the effect on our operations is uncertain and because aspects of the accounting rules associated with this provision have not been resolved, we have not made a provisional accrual for the deferred tax aspects of this provision and consequently have not made an accounting policy election on the deferred tax treatment of this tax.

(V) COMMITMENTS AND CONTINGENCIES

Liabilities for loss contingencies arising from product warranties, claims, assessments, litigation, fines and penalties and other sources are recorded when it is probable that a liability has been incurred and the amount can be reasonably estimated. Legal costs incurred in connection with loss contingencies are expensed as incurred. See Note 15 Commitments and Contingencies.

(W) DERIVATIVE INSTRUMENTS AND HEDGING ACTIVITIES

Our business activities are conducted in diverse markets around the world. As a result, the Business is exposed to the impact of foreign currency exchange. See Note 4 Related Party Transactions. We use derivatives to manage a variety of risks, including risks related to commodity prices. The Business designates our derivative instruments as economic hedges and does not have any derivatives qualifying as hedges of fair value or cash flows. As the hedged item and the hedging derivative may not fully offset, there may be a net effect on earnings in each period due to differences in the timing of earnings recognition between the derivative and the hedged item. See Note 12 Derivatives and Hedging.

(X) RECENT ACCOUNTING PRONOUNCEMENTS REFLECTED IN THESE COMBINED FINANCIAL STATEMENTS

As our combined financial statements will be distributed to users of our financial statements on a carve-out basis for the first time in 2018, we have applied the following new guidance for these combined financial statements.

REVENUE FROM CONTRACTS WITH CUSTOMERS

In May 2014, the FASB issued a new comprehensive set of revenue recognition principles (ASU No. 2014-09, *Revenue from Contracts with Customers*) that supersedes most existing U.S. GAAP revenue recognition guidance (including ASC 605-35, *Revenue Recognition - Construction-Type and Production-Type Contracts*). The new standard became effective for annual reporting periods beginning after December 15, 2017. We have adopted the standard and applied it retrospectively to all periods presented. Refer to Note 3 Revenue Related to Contracts with Customers for more details.

CLASSIFICATION OF CERTAIN CASH RECEIPTS AND CASH PAYMENTS

In August 2016, the FASB issued ASU No. 2016-15, *Statement of Cash Flows: Classification of Certain Cash Receipts and Cash Payments*. The standard addresses the classification and presentation of eight specific cash flow items that currently result in diverse practices including the requirement to present cash receipts from a transferor's beneficial interest in securitized trade receivables to be classified as cash inflows from investing activities. This pronouncement is effective for annual reporting periods beginning after December 15, 2017 and is applied on a retrospective basis. The Business has adopted the new guidance and applied it retrospectively to all periods presented in the Combined Statement of Cash Flows. The impact of adopting this standard did not have an effect on the Combined Statement of Cash Flows.

IMPROVEMENTS TO EMPLOYEE SHARE-BASED PAYMENT ACCOUNTING

On September 30, 2016, the Business adopted ASU 2016-09, *Improvements to Employee Share-Based Payment Accounting*, which was intended to simplify several aspects of the accounting for employee share-based payment transactions including the accounting for income taxes, forfeitures and statutory tax withholding requirements, as well as classification in the Combined Statement of Cash Flows. The Business adopted the standard on a prospective basis with the effect of adoption reflected for the interim periods after the year beginning January 1, 2016 as required by the standard. The primary effects of adoption were the recognition of excess tax benefits in our provision for income taxes rather than net parent investment and the reclassification of cash flows related to excess tax benefits from a financing activity to an operating activity for the periods beginning January 1, 2016. The Business will continue to estimate the number of awards that are expected to vest in our determination of the related periodic compensation cost. The impact of adopting this standard did not have a material effect on the provision for income taxes or the classification within the Combined Statement of Cash Flows.

IMPROVING THE PRESENTATION OF NET PERIODIC PENSION COST AND NET PERIODIC POSTRETIREMENT BENEFIT COST

In March 2017, the FASB issued ASU 2017-07, *Compensation—Retirement Benefits (Topic 715), Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost*. This ASU requires an employer to report the service cost component of net periodic pension benefit cost in the same line item or items as other compensation costs arising from services rendered by the pertinent employees during the period, with other cost components presented separately from the service cost component and outside of income from operations. Additionally, only the service cost component of net periodic pension benefit cost is eligible for capitalization when applicable. Provisions related to presentation of components of pension costs are to be applied retrospectively, while provisions related to cost capitalization must be applied prospectively. The provisions of this ASU are effective for annual periods beginning after December 15, 2017. The Business has adopted the new guidance and applied it retrospectively to all periods.

SIMPLIFYING OF THE MEASUREMENT OF INVENTORY

In July 2015, the FASB issued ASU 2015-11, *Inventory (Topic 330), Simplifying of the Measurement of Inventory*, which requires inventory not measured using the (LIFO) or retail inventory method, to change the measurement principle for inventory from the lower of cost or market to lower of cost and net realizable value. Net realizable value

is the estimated selling price in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation. Currently, inventory measured using these methods is required to be subsequently measured at the lower of cost or market with market defined as replacement cost, net realizable value or net realizable value less a normal profit margin. This ASU eliminates the requirement to consider replacement cost or net realizable value less an approximately normal profit margin when measuring inventory. This pronouncement is effective for annual reporting periods beginning after December 15, 2016 and is applied on a retrospective basis. The Business has adopted the new guidance and applied it retrospectively to all periods presented in the Combined Statement of Financial Position. The impact of adopting this standard did not have a material effect on the Combined Statement of Financial Position.

SIMPLIFYING THE ACCOUNTING FOR MEASUREMENT-PERIOD ADJUSTMENTS

On January 1, 2016, we adopted ASU 2015-16, *Simplifying the Accounting for Measurement-Period Adjustments*, which eliminated the requirement for an acquirer in a business combination to account for measurement-period adjustments retrospectively. The Business will recognize measurement-period adjustments when amounts are determined.

BALANCE SHEET CLASSIFICATION OF DEFERRED TAXES

In November 2015, the FASB issued 2015-17, *Income Taxes (Topic 740), Balance Sheet Classification of Deferred Taxes*. In order to simplify the presentation of deferred income taxes, this ASU requires that deferred tax liabilities and assets be classified as noncurrent in a classified statement of financial position. The current requirement that deferred tax liabilities and assets of a tax-paying component of an entity be offset and presented as a single amount is not affected by this amendment. This ASU is effective for annual and interim reporting periods beginning after December 15, 2016 and is applied on a retrospective basis. The Business has adopted the new guidance and applied it retrospectively to all periods presented in the Combined Statement of Financial Position.

(Y)OTHER RECENT ACCOUNTING PRONOUNCEMENTS

In February 2016, the FASB issued ASU 2016-02, *Leases* (ASU 2016-02), creating ASC Subtopic 842, *Leases*. ASU 2016-02 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. ASU 2016-02 requires lessees to present a right-of-use asset and a corresponding lease liability on the balance sheet. Lessor accounting is substantially unchanged compared to the current accounting guidance. ASU 2016-02 is effective for annual reporting periods beginning after December 15, 2018, and for the interim and annual reporting periods thereafter, with early adoption permitted. The Business is currently evaluating the impact of the adoption of ASU 2016-02 on our financial position, results of operations and cash flows.

In January 2017, the FASB issued ASU 2017-01, *Business Combinations (Topic 805): Clarifying the Definition of a Business*. This ASU provides a new framework that will assist in the evaluation of whether business combination transactions should be accounted as acquisition of a business or a group of assets, as well as specifying the minimum required inputs and processes necessary to be a business. The provisions of this ASU are effective for years beginning after December 15, 2017. Any future acquisitions and disposals will be accounted for under these provisions.

In January 2017, the FASB issued ASU 2017-04, *Intangibles – Goodwill and Other (Topic 350): Simplifying the Test for Goodwill*. This ASU simplifies the measurement of goodwill impairment to a single-step test. The guidance removes step two of the goodwill impairment test, which requires a hypothetical purchase price allocation, and will now be the amount by which a reporting unit's carrying value exceeds its fair value, not to exceed the carrying amount of goodwill. Under the revised guidance, failing step one will always result in goodwill impairment. The new guidance is effective for annual and interim goodwill impairment tests beginning after December 15, 2019 and early adoption is permitted. The Business is currently evaluating the impact of the adoption of ASU 2017-04 on our financial position, results of operations and cash flows.

In October 2016, the FASB issued ASU 2016-16, *Accounting for Income Taxes: Intra-Entity Transfers of Assets Other Than Inventory*, which amends existing guidance on income taxes to require the accounting for the income tax effects of intercompany sales and transfers of assets other than inventory when the transfer occurs. As a result, the tax

expense from the intercompany sale of assets, other than inventory, and associated changes to deferred taxes will be recognized when the sale occurs even though the pre-tax effects of the transaction have not been recognized. The pronouncement is effective for annual periods beginning after December 15, 2017, and interim periods within those annual periods, with early adoption permitted at the beginning of an annual period for which no financial statements have already been issued. This amendment is to be applied on a modified retrospective basis through a cumulative-effect adjustment directly to retained earnings as of the beginning of the period of adoption. The Business will apply it on a modified retrospective basis.

NOTES TO COMBINED FINANCIAL STATEMENTS

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments-Credit Losses: Measurement of Credit Losses on Financial Instruments*. The ASU introduces a new accounting model, the Current Expected Credit Losses model (CECL), which requires earlier recognition of credit losses, while also providing additional transparency about credit risk. The CECL model utilizes a lifetime expected credit loss measurement objective for the recognition of credit losses for loans and other receivables at the time the financial asset is originated or acquired. The expected credit losses are adjusted each period for changes in expected lifetime credit losses. This model replaces the multiple existing impairment models in current GAAP, which generally require that a loss be incurred before it is recognized. The new standard will also apply to receivables arising from revenue transactions such as contract assets and accounts receivables and is effective for fiscal years beginning after December 15, 2019. We continue to evaluate the effect of the standard on our combined financial statements.

NOTE 3 REVENUE RELATED TO CONTRACTS WITH CUSTOMERS

ADOPTION OF TOPIC 606 REVENUE FROM CONTRACTS WITH CUSTOMERS

All periods presented in the combined financial statements are presented under the FASB's new accounting standard codification *Topic 606 Revenue from Contracts with Customers* as we elected the full retrospective method of adoption. Changes in accounting on a retrospective basis requires entities to restate their financial information as if the new accounting was always followed unless it is impracticable to do so. Certain of our CSA terms exceed 20 years making it impractical to restate this selection of contracts since their inception due to data limitations. As a result, contract balances prior to January 1, 2010 for these contracts were unadjusted for the impacts of the new revenue standard. We adjusted these balances prospectively from January 1, 2010 following our new accounting policies and procedures under the new revenue standard.

For the purposes of the financial statement display of Revenues and Costs of revenues in our Combined Statement of Earnings, goods include all sales of tangible products, and services include all other sales, including other services activities.

PERFORMANCE OBLIGATION IDENTIFICATION

The Business recognizes revenue as it satisfies its performance obligations to our customers. A single contract may have multiple performance obligations comprising multiple promises to our customers. We determine our performance obligations based on our customer's intended use of our products and services including considering whether we are providing a significant integration service on our customer's behalf. Non-complex products principally result in each completed product being a separate performance obligation recognized at a point in time. Complex products or services principally result in a single performance obligation as our customer is either procuring a bundled offering that is managed or utilized on a combined basis (e.g., software development solutions in our digital business) or there are multiple complex goods or services in the contract, which are substantially the same and recognized over time (e.g., CSAs or certain highly customized locomotives). When there are multiple performance obligations, revenue is allocated based on the relative stand-alone selling price.

DETERMINATION OF WHEN REVENUE SHOULD BE RECOGNIZED

Revenue for each performance obligation is recognized when our customers obtain control of the underlying goods and services allowing them the ability to direct the use of and substantially obtain all of the remaining benefits. This

may occur at a point in time or over time. Non-complex equipment sales manufactured for a broad market, such as platform locomotives, spare parts and other high volume transactional orders are principally recognized at a point in time, which is generally when title transfers to the customer. Services and complex equipment manufactured to a customer's specification are principally recognized over time including CSAs, certain highly customized locomotives, premium propulsion systems, digital implementation projects and digital service offerings.

MANNER IN WHICH REVENUE IS RECOGNIZED FOR OVER TIME CONTRACTS

For those performance obligations recognized over time, we generally recognize revenue either using a straight-line or cost-to-cost measure. A cost-to-cost method is used when costs incurred directly correlates to the fulfillment of our performance obligation to our customers. Under this method of progress, we recognize revenue

F-20

TABLE OF CONTENTS**GE Transportation**

(A carve-out business of General Electric Company)

NOTES TO COMBINED FINANCIAL STATEMENTS

based upon costs incurred at the estimated margin rate of the related performance obligation. Contract costs are generally accumulated in inventory, and therefore excluded from our measure of progress until the inventory practically or contractually cannot be utilized to fulfill another customer's contract. Contract costs include direct labor, materials and subcontractors' costs, as well as a reasonable allocation of indirect costs related to the service provided or good produced. Certain costs, such as non-recurring engineering, may also be specifically related to the contract, however, do not directly contribute to the transfer of control of the tangible product being created. These types of costs are accounted for as fulfillment costs and amortized proportionally to cost of sales rather than included in our measure of progress.

ESTIMATION PROCESS FOR CONTRACTS RECOGNIZED USING THE COST-TO-COST METHOD

The Business utilizes historical customer data, prior product performance data, statistical analysis, third party data, and internal management estimates to calculate contract-specific margins as our complex products require estimation of costs and certain of our arrangements, including CSAs, have variable billing terms based on customer utilization of the covered assets. While we believe our estimates and estimation processes are reasonable, there can be no assurances that changes in estimates will not occur in the future and such changes may be material. Changes in estimates are recorded in the current period based on a cumulative catch up approach, which recognizes the cumulative effect of the changes on current and prior periods based on the revised percentage of completion and estimated contract margin. The changes in estimates, principally within our CSA portfolio in Services, impacted revenue and operating income by approximately \$38,019 thousand, \$83,464 thousand and \$15,452 thousand for fiscal years ended 2017, 2016 and 2015, respectively. If our estimation process anticipates a loss on the performance obligation, we reserve for the loss that we expect to incur when it is evident.

MANNER IN WHICH CONTRACT MODIFICATIONS ARE TREATED

Contract modifications are routine in the performance of our complex equipment and CSAs. Modifications that do not change the scope or price of the contract are commonly accounted for as a change in estimate to our existing performance obligation. Contract modifications that significantly change the scope and/or price of our contracts, most commonly in our CSAs, are accounted for prospectively.

NOTES TO COMBINED FINANCIAL STATEMENTS**CONTRACT AND OTHER DEFERRED ASSETS AND PROGRESS COLLECTIONS AND OTHER DEFERRED INCOME**

Contract assets reflect revenues earned in excess of billings on our long-term contracts related to our equipment and CSAs. Contract liabilities reflects billings in excess of revenue recognized on similar agreements. Other deferred assets are fulfillment costs that principally relate to contractually required non-recurring engineering incurred during the initial design phase of a contract, which is recoverable over revenues generated as part of our production efforts. Recoverable costs are capitalized and amortized to Costs of revenues based on their expected pattern of benefit of the customers' order. Amortization of fulfillment costs was approximately \$23,828 thousand, \$25,519 thousand and \$23,329 thousand for fiscal periods ended 2017, 2016 and 2015, respectively.

Revenue recognized that was included in the contract liability at the beginning of the period was \$570,651 thousand and \$425,347 thousand for fiscal years ended 2017 and 2016, respectively.

REMAINING PERFORMANCE OBLIGATIONS

As of December 31, 2017, the aggregate amount of the transaction price allocated to the unsatisfied (or partially unsatisfied) performance obligations was \$15,519,353 thousand. This amount excludes highly probable but uncommitted purchases from our customers that are not legally enforceable. We expect to recognize revenue as we satisfy the remaining performance obligations as follows:

• Equipment - total remaining performance obligations of \$4,688,665 thousand of which 71% is expected to be satisfied within 5 year(s) and the remaining thereafter.

• Services - total remaining performance obligations of \$10,263,026 thousand of which 52% is expected to be satisfied within 5 year(s), 80% within 10 year(s) and the remaining thereafter.

• Digital - total remaining performance obligations of \$567,662 thousand of which 79% is expected to be satisfied within 5 year(s) and the remaining thereafter.

NOTE 4 RELATED PARTY TRANSACTIONS

As discussed in Note 1 Description of Business and Basis of Presentation, GE provides the Business with a number of services. Some of these services are provided directly by GE, and others are managed by GE through third-party service providers. The cost of certain of these services is either (a) recognized through our allocated portion of GE's Corporate Overhead, or (b) billed directly to the Business (such as most of our employee benefit costs). The cost of other services is included within the service itself, and the incremental cost for GE to provide the service is not discernible (such as payroll processing services included within the cost of payroll). In addition, we and our affiliates obtain a variety of goods (such as supplies and equipment) and services (such as GE Global Research Center) under various master purchasing and service agreements to which GE (and not the Business) is a party. We are billed directly for services we procure under these arrangements.

We receive an allocated share of GE's Corporate Overhead for certain services that GE provides to the Business, but which are not specifically billed to the Business, such as public relations, investor relations, treasury, and corporate internal audit services. Costs of \$27,163 thousand, \$28,249 thousand and \$32,599 thousand for the years ended December 31, 2017, 2016 and 2015, respectively, were recorded in our Combined Statement of Earnings for our allocated share of GE's Corporate Overhead. The Business has related party revenues of \$817 thousand, \$279 thousand and \$2,145 thousand for the years ended December 31, 2017, 2016 and 2015, respectively. The majority of these sales were made by the Equipment segment to other GE industrial business units.

These combined financial statements include additional related party transactions with GE and GE entities that include the following:

Amounts for due to / due from affiliates are recorded in Accounts payable and Current receivables, and are settled in cash. The Business has accounts payable resulting from amounts due to affiliates of \$48,057 thousand and \$70,008 thousand as of December 31, 2017 and 2016, respectively. The Business has current receivables resulting from amounts due from affiliates of \$21,259 thousand and \$9,295 thousand as of December 31, 2017 and 2016, respectively.

• The Business factors U.S. and non-U.S. receivables through WCS on a recourse and nonrecourse basis pursuant to various factoring and servicing agreements. The Business had factored receivables of \$146,221 thousand and \$216,967 thousand without recourse as of December 31, 2017 and 2016, respectively. The Business had factored receivables of \$3,989 thousand and \$4,509 thousand with recourse as of December 31, 2017 and 2016, respectively.

For agreements with recourse, the Business establishes a bad debt reserve based on the aging policy discussed in Note 2(F) Current Receivables. Historically, the Business has outsourced our servicing responsibilities to Global Operations AR CoE for a market-based fee and therefore no servicing asset or liability has been recorded on the Combined

The gain on sale is reflected in the Combined Statement of Earnings in Other (expense) income. This asset was included in our Services reportable segment. Based on estimated cash flows from the potential sale of the asset, an impairment loss of \$2,203 thousand was recorded during the year ended December 31, 2017. The impairment loss was recorded on the Combined Statement of Earnings in Selling, general and administrative expenses.

In 2016, GE Transportation sold locomotives categorized as ELTO with a carrying value of \$14,090 thousand and recognized a gain on the sale of \$11,476 thousand. The gain on sale is included in the Combined Statement of Earnings in Other (expense) income.

Total depreciation expense was \$112,283 thousand, \$171,776 thousand and \$172,454 thousand for the years ended December 31, 2017, 2016 and 2015, respectively. In addition, restructuring activities in the Business related to underground mining actions, structural cost actions in our Erie manufacturing plant, the exit of a legacy manufacturing facility for a discontinued product line, and the shutdown of our mining leasing business impacted the decline in original cost from 2016 to 2017. Refer to Note 18 Restructuring and other activities for additional details.

NOTES TO COMBINED FINANCIAL STATEMENTS

In performing the annual goodwill impairment test during 2017, we determined that the fair value of the reporting units was more than their carrying amounts. Therefore, no further impairment testing was required and no goodwill impairment was recognized during the fiscal year. As of December 31, 2017, we believe that goodwill is recoverable for all of the reporting units; however, there can be no assurance that the goodwill will not be impaired in future periods.

In 2016 and 2015, we recorded a \$2,027 thousand and \$85,421 thousand impairment charge, respectively, to a reporting unit within the Equipment reportable segment. The impairment charge was a direct result of a multi-year suppressed global commodities market and the related effect on the global mining investment environment that caused us to revise the expected cash flows of the reporting units. The impairment losses were recorded on the Combined Statement of Earnings in Impairment of goodwill and represented a complete impairment of goodwill in the Equipment reportable segment.

NOTE 11 BORROWINGS**SHORT-TERM BORROWINGS**

Beginning in September 2014, the Business entered into a series of unsecured loans with BNDES, a Brazilian Development Bank. The Business receives financing using local resources from this bank. The amounts outstanding under these loans as of December 31, 2017 and 2016 classified as short-term borrowings is \$0 and \$21,195 thousand, respectively. As of December 31, 2017, all of the BNDES loans had been paid in full and terminated. The weighted-average interest rate as of December 31, 2016 was 8.36%. Interest expense recognized for these loans was \$1,824 thousand, \$5,183 thousand and \$2,336 thousand for the years ended December 31, 2017, 2016 and 2015, respectively. Interest expense is included within Other (expense) income in the Combined Statement of Earnings.

LONG-TERM BORROWINGS

In November 2012, the Business entered into two unsecured term loans with General Electric Europe Holdings C.V. for a total of \$131,545 thousand. The debt was related to the acquisition of Industree Limited, a move that expanded the Business's product offering to the underground mining space. The estimated fair value approximates the carrying value. The debt carried a 5.07% interest rate, paid annually for the first year, with the interest rate resetting on the anniversary of the loan to the mid-rate of the one year swap rate plus a credit spread of 200 basis points. In November 2015, the Business extended both agreements by five years from the day of signing to a maturity date in November 2020 and amended the interest rate to the mid-rate of the one year swap rate plus a credit spread of 175 basis points. In May and November 2017, the Business terminated both loans early utilizing cash pool resources. Interest included in interest expense for long-term borrowings, including the current portion, is \$2,377 thousand, \$5,950 thousand and \$8,043 thousand for the years ended December 31, 2017, 2016 and 2015, respectively. Interest expense is included within Other (expense) income in the Combined Statement of Earnings.

In September 2017, the Business entered into an unsecured loan facility agreement with Wipro GE Healthcare Private Limited to fund various ongoing projects and operational requirements. The loan has a total value of \$68,703 thousand, disbursed in three tranches. As of December 31, 2017 the first two tranches had been disbursed with a total value of \$44,256 thousand. The final tranche will be disbursed in January 2018. The loan carries an 8% annual interest rate, paid quarterly until the maturity of the loan in January 2020. Interest included in interest expense for long-term borrowings, including the current portion, is \$588 thousand, \$0 thousand and \$0 thousand for the years ended December 31, 2017, 2016 and 2015, respectively. Interest expense is included within Other (expense) income in the Combined Statement of Earnings.

Due to the nature and terms of the debt, the Business carries the debt at face value and did not recognize a discount or premium at issuance. The current portion of long-term debt is included in Short-term borrowings, and the non-current portion of the debt is included in Long-term borrowings. The amounts outstanding under the long-term borrowings as of December 31, 2017 and 2016 are reflected in the table below.

NOTE 12 DERIVATIVES AND HEDGING

Economic hedges are not designated as hedged from an accounting standpoint (and therefore we do not apply hedge accounting to the relationship), but otherwise serve the same economic purpose as other hedging arrangements. We use economic hedges when we have exposures to currency exchange risk for which we are unable to meet the requirements for hedge accounting or when changes in the carrying amount of the hedged item are already recorded in earnings in the same period as the derivative-making hedge accounting unnecessary. Even though the derivative is an effective economic hedge, there may be a net effect on earnings in each period due to differences in the timing of earnings recognition between the derivative and the hedged item. Notional amounts outstanding are approximately \$332,821 thousand and \$240,589 thousand as of December 31, 2017 and 2016, respectively.

The tax provisions have been prepared on a separate return basis as if the Business was a separate group of companies under common ownership. The operations have been combined as if the Business was filing on a consolidated basis for U.S. Federal, U.S. state and non-U.S. income tax purposes, where allowable by law. The Business is subject to regulation under a wide variety of U.S. federal, U.S. state and non-U.S. tax laws, regulations and policies. Changes to these laws or regulations may affect our tax liability, return on investments and business operations.

UNRECOGNIZED TAX POSITIONS

The Business is under continuous examination by the Internal Revenue Service (IRS), various U.S. state taxing authorities, and non-U.S. taxing authorities as part of the audit of GE's tax returns. The IRS is currently auditing GE's consolidated U.S. income tax returns for 2012-2013 and has begun the audit for 2014-2015. During 2015,

NOTES TO COMBINED FINANCIAL STATEMENTS

the IRS completed the audit of GE's consolidated U.S. income tax returns for 2010-2011, except for certain issues that were completed in 2016. We believe that there are no jurisdictions in which the outcome of unresolved issues or claims is likely to be material to the results of operations, financial position or cash flows. We further believe that we have made adequate provisions for all income tax uncertainties.

The balance of unrecognized tax benefits, the amount of related interest and penalties we have provided and what we believe to be the range of reasonably possible changes in the next 12 months were as follows:

UNRECOGNIZED TAX BENEFITS

Liability (In thousands)	2017	2016
Unrecognized tax benefits	\$ (5,717)	\$ (4,802)
Accrued interest on unrecognized tax benefits	(2,222)	(2,565)

Settlements with tax authorities	—	—
Expiration of the statute of limitations	—	—
Balance at December 31	\$ (5,717)	\$ (4,802)

At December 31, 2017, we had \$5,717 thousand of unrecognized tax benefits. In addition, we have accrued interest and penalties of \$2,222 thousand and \$1,446 thousand, respectively. The amount of unrecognized tax benefits that would impact the effective tax rate would be \$5,717 thousand. Additionally, none of the amount of unrecognized tax benefits are expected to change in the next twelve months. We classify interest on tax deficiencies as interest expense; we classify income tax penalties as a provision for income taxes.

DEFERRED INCOME TAXES

Deferred income tax balances reflect the effects of temporary differences between the carrying amounts of assets and liabilities and their tax bases, as well as from net operating loss and tax credit carryforwards, and are stated at enacted tax rates expected to be in effect when taxes are actually paid or recovered. Deferred income tax assets represent amounts available to reduce income taxes payable on taxable income in future years. GE Transportation did not operate as a stand-alone entity in the past and, accordingly, tax losses, receivables and other deferred tax assets

included in the combined carve-out financial statements on a separate return basis may not be available upon separation of the Business from GE.

We regularly evaluate the recoverability of our deferred tax assets and establish a valuation allowance, if necessary, to reduce the deferred tax assets to an amount that is more likely than not to be realized (a likelihood of more than 50 percent). Significant judgment is required to determine whether a valuation allowance is necessary and the amount of such valuation allowance. In assessing the recoverability of our deferred tax assets at December 31, 2017, we considered all available evidence, including the nature of financial statement losses and reversing taxable temporary differences and future operating profits.

NET OPERATING LOSSES

At December 31, 2017 and 2016, the Business had net operating loss carryforwards of approximately \$191,063 thousand and \$181,672 thousand, respectively. The net operating loss carryforwards result in a deferred tax asset of \$56,783 thousand and \$54,098 thousand at December 31, 2017 and 2016. The majority of the net operating losses are located in Australia where losses can be carried forward indefinitely.

UNDISTRIBUTED EARNINGS

Substantially all of our undistributed earnings of our foreign subsidiaries are indefinitely reinvested. Due to the enactment of U.S. tax reform, repatriations of foreign earnings will generally be free of U.S. federal tax but may incur other taxes such as withholding or state taxes. Indefinite reinvestment is determined by management's intentions concerning the future operations of the Business. Most of these earnings have been reinvested in active non-U.S. business operations, and we do not intend to repatriate these earnings to fund U.S. operations. In addition, as a result of U.S. tax reform, substantially all of our prior unrepatriated foreign earnings were subject to U.S. tax, and accordingly we expect to have the ability to repatriate those earnings without incremental U.S. federal tax cost. As of December 31, 2017, the cumulative amount of indefinitely reinvested foreign earnings is approximately \$278,956 thousand. Computation of any deferred tax liability associated with these undistributed earnings and any other basis differences is not practicable.

F-31

TABLE OF CONTENTS**GE Transportation**

(A carve-out business of General Electric Company)

NOTES TO COMBINED FINANCIAL STATEMENTS**TAX REFORM**

On December 22, 2017, the U.S. enacted the Tax Cuts and Jobs Act (U.S. tax reform) that lowers the statutory tax rate on our U.S. earnings, taxes historic foreign earnings at a reduced rate of tax, creates a territorial tax system and enacts new taxes associated with global operations. The impact of U.S. tax reform has been recorded on a provisional basis as the legislation provides for additional guidance to be issued by the U.S. Department of the Treasury on several provisions including the computation of the transition tax on historic foreign earnings. Future guidance could impact the information required for and the calculation of the transition tax charge and could affect decisions on timing of various U.S. and foreign items which would further impact the final 2017 amounts included in the transition charge and the revaluation of deferred taxes. In addition, analysis performed and conclusions reached as part of the tax return filing process and additional guidance on accounting for tax reform could affect the provisional estimate.

The U.S. has also enacted a minimum tax on foreign earnings (global intangible low-taxed income). Because we have tangible assets outside the U.S. and pay a rate of foreign tax above the minimum tax rate, we are not expecting a significant increase in tax liability from this new U.S. minimum tax. Because aspects of the new law and the effect on our operations is uncertain and because aspects of the accounting rules associated with these taxes have not been resolved, our deferred tax may be affected by these or other newly enacted provisions of U.S. law. Pending further accounting guidance and analysis, we have not made a provisional accrual for the deferred tax effects of the tax on base eroding payments and the tax on global intangible low-taxed income.

Included in 2017 is a tax charge of \$5,454 thousand for the provisional estimate associated with the transition tax on historic foreign earnings under U.S. Tax Reform. Also, included in 2017 is a tax benefit of \$114,168 thousand for the provisional estimate associated with the U.S. tax rate change. We expect to finalize these amount during 2018 as additional guidance is released by the U.S. Department of the Treasury and as we make final decisions and computations based on that guidance. In addition, there may be additional guidance during 2018 on the tax on base erosion payments and the tax on global intangible lower-taxed income. As these amounts are updated and analysis and conclusions to be performed as part of the U.S. tax return process are completed, the effect of revaluation of deferred taxes will also be finalized.

NOTE 15 COMMITMENTS AND CONTINGENCIES**WARRANTY OBLIGATIONS**

As part of our product sales we provide standard warranty coverage to our customers as part of customary practices in the market to provide assurance that the equipment sold will comply with agreed upon specifications and such standard warranty at the time of sale is limited to fixing product defects. Issuance of a product warranty constitutes a commitment, which must be accrued as a loss contingency if expenditures under the warranty are both probable and reasonably estimable. The Business provides for estimated product warranty expenses when the related product sale is recognized. Additionally, we may elect certain corrective actions, at our expense, for certain product-related matters impacting our product portfolios. Warranty obligations are recognized for these matters when we commit to these corrective actions and they are estimable. Because warranty estimates are forecasts that are based on the best available information, primarily based on historical warranty claims experience and outstanding warranty period, claims costs may differ from amounts provided.

GUARANTEES

The Business provides guarantees in the ordinary course of business. The Business believes the likelihood is remote that any such arrangements could have a significant adverse effect on these combined financial statements of the Business. The Business records liabilities for guarantees at estimated fair value, generally the amount of the premium received, or if we do not receive a premium, the amount based on appraisal, observed market values or discounted cash flows, which are zero as of December 31, 2017 and 2016. The Business has off-balance sheet credit exposure through standby letters of credit, bank guarantees, bid bonds, and surety bonds. See Note 11 Borrowings. In addition, our Parent may provide the Business with parent company guarantees in certain jurisdictions where we lack the legal structure to issue the requisite guarantees required on certain projects. We are charged by our Parent the fair market value of such guarantees.

NOTES TO COMBINED FINANCIAL STATEMENTS**LITIGATION**

The Business is subject to a variety of legal proceedings and legal compliance risks in all parts of the world where the Business operates or buys or sells its equipment and services. The Business has adopted appropriate risk management and compliance programs to address these and other matters that may arise from time to time. The global and diverse nature of our business and the changing enforcement environments in which it operates, means the Business will continue to face legal and compliance risks, the nature and outcome of which cannot be predicted with certainty. Currently, management believes there are no legal contingencies that are likely to have a material effect on the Business's Combined Statements of Financial Position, Earnings, or Cash Flows.

In late November 2017, staff of the Boston office of the U.S. Securities & Exchange Commission (SEC) notified GE that they are conducting an investigation of GE's revenue recognition practices and internal controls over financial reporting related to long-term service agreements. We have provided documentation to Parent regarding our long-term service agreement practices. Parent is providing documents and other information requested by the SEC staff, and our Parent is cooperating with their ongoing investigation.

OTHER CONTRACTUAL COMMITMENTS

We also had commitments outstanding for purchase obligations, which represents take-or-pay contracts as well as purchase orders for goods and services utilized in the normal course of business such as capital expenditures, inventory and services under contracts.

At December 31, 2017, we had the following purchase commitments:

OTHER LOSS CONTINGENCIES

Other loss contingencies are uncertain and unresolved matters that arise in the ordinary course of business and result from events or actions by others that have the potential to result in a future loss. Such contingencies include, but are not limited to, environmental obligations, litigation, regulatory proceedings, product quality and losses resulting from other events and developments.

When a loss is considered probable and reasonably estimable, a liability is recorded in the amount of GE Transportation's best estimate for the ultimate loss. When there appears to be a range of possible costs with equal likelihood, liabilities are based on the low end of such range. However, the likelihood of a loss, with respect to a contingency, is often difficult to predict and determining a meaningful estimate of the loss or a range of loss may not be practicable based on the information available and the potential effect of future events and decisions by third parties that will determine the ultimate resolution of the contingency. Moreover, it is not uncommon for such matters to be resolved over many years, during which time relevant developments and new information must be continuously evaluated to determine both the likelihood of potential loss and whether it is possible to reasonably estimate a range of possible loss. When a loss is probable but a reasonable estimate cannot be made, disclosure is provided.

Disclosure is also provided when it is reasonably possible that a loss will be incurred or when it is reasonably possible that the amount of a loss will exceed the recorded provision. GE Transportation regularly reviews all contingencies to determine whether the likelihood of loss has changed and to assess whether a reasonable estimate of the loss, or range of loss, can be made. As discussed above, development of a meaningful estimate of loss or a range of potential loss is complex when the outcome is directly dependent on negotiations with, or decisions by, third parties, such as regulatory agencies, the court system and other interested parties. Such factors bear directly on whether it is possible to reasonably estimate a range of potential loss and boundaries of high and low estimates.

NOTE 18 RESTRUCTURING AND OTHER ACTIVITIES

The Business plans for restructuring initiatives to be completed within one year from the date the plan is effective. Restructuring actions are an essential component of our improvement efforts to both existing operations and those recently acquired, and there have been several initiatives in recent years as we have right-sized our businesses for changing market conditions.

Restructuring and other charges relate primarily to workforce reductions, facility exit costs associated with the consolidation of sales, service and manufacturing facilities, and other asset write-downs. The Business continues to closely monitor the economic environment and may undertake further restructuring actions to more closely align our cost structure with earnings goals.

Independent Auditors' Review Report

To the Board of Directors
General Electric Company:

Report on the Financial Statements

We have reviewed the condensed combined statement of financial position of GE Transportation (a carve-out business of General Electric Company) (the Company) as of June 30, 2018 and December 31, 2017, and the related condensed combined statement of earnings, statement of comprehensive income, statement of changes in equity, and statement of cash flows for the three-month and six-month periods ended June 30, 2018 and June 30, 2017.

Management's Responsibility

The Company's management is responsible for the preparation and fair presentation of the combined financial information in accordance with U.S. generally accepted accounting principles; this responsibility includes the design, implementation, and maintenance of internal control sufficient to provide a reasonable basis for the preparation and fair presentation of interim financial information in accordance with U.S. generally accepted accounting principles.

Auditors' Responsibility

Our responsibility is to conduct our review in accordance with auditing standards generally accepted in the United States of America applicable to reviews of interim financial information and in accordance with the auditing standards of the Public Company Accounting Oversight Board (United States) (PCAOB). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the United States of America and in accordance with the auditing standards of the PCAOB, the objective of which is the expression of an opinion regarding the financial information. Accordingly, we do not express such an opinion.

Conclusion

Based on our reviews, we are not aware of any material modifications that should be made to the combined financial information referred to above for it to be in accordance with U.S. generally accepted accounting principles.

Report on Combined Statement of Financial Position as of December 31, 2017

We have previously audited, in accordance with auditing standards generally accepted in the United States of America and in accordance with the auditing standards of the PCAOB, the combined statement of financial position as of December 31, 2017, and the related combined statement of earnings, statement of comprehensive income, statement of changes in equity, and statement of cash flows for the year then ended (not presented herein); and we expressed an unmodified audit opinion on those audited combined financial statements in our report dated June 4, 2018. In our opinion, the accompanying condensed combined statement of financial position of GE Transportation as of December 31, 2017, is consistent, in all material respects, with the audited combined financial statement from which it has been derived.

Leveraging our core competencies in locomotive manufacturing, we produce electric motors and premium propulsion systems for mining, marine, stationary power and drilling applications. We have combined industry leadership with engineering and software capabilities to build a digital business that is leading the transformation of the transportation and mining industries. We employ approximately 9,000 employees and serve customers across approximately 60 countries.

The Business is comprised of three reportable segments, which reflect the way performance is assessed and resources are allocated. These reportable segments are Equipment, Services, and Digital.

On May 21, 2018, GE and Westinghouse Air Brake Technologies (Wabtec) Corporation announced that they had entered into a definitive agreement whereby Wabtec would acquire the Business (the Proposed Transaction).

Under the agreement, which has been approved by the Boards of Directors of Wabtec and GE, GE will receive \$2.9 billion in cash at closing. GE shareholders will own approximately 40.2%, GE will own approximately 9.9%, and Wabtec shareholders will own approximately 49.9% of the combined company on a fully diluted basis.

BASIS OF PRESENTATION

These condensed combined financial statements were prepared on a stand-alone basis derived from the consolidated financial statements and accounting records of GE. These unaudited condensed combined financial statements as of June 30, 2018 and for each of the three months and six months ended June 30, 2018 and 2017 are presented as carve-out financial statements and reflect the condensed combined historical results of earnings, comprehensive income, financial position and cash flows of the Business, in conformity with U.S. generally accepted accounting principles (U.S. GAAP). Refer below to *Recent Accounting Pronouncements Reflected in These Condensed Combined Financial Statements* for a summary of recent accounting pronouncements that were adopted and applied in these condensed combined financial statements.

These condensed combined financial statements consolidate all majority-owned subsidiaries of the Business. The noncontrolling interests have been shown in the Condensed Combined Statement of Financial Position as Equity attributable to noncontrolling interests.

All intercompany balances and transactions within the Business have been eliminated in these condensed combined financial statements. As described in Note 5 Related Party Transactions, certain transactions between the Business and

GE have been included in these condensed combined financial statements.

The Condensed Combined Statement of Financial Position reflects, among other things, all of the assets and liabilities of GE and the Business that are specifically identifiable as being directly attributable to the Business, including Net parent investment as a component of equity. Net parent investment represents GE's historical investment in the Business and includes accumulated net earnings attributable to GE, the net effect of transactions with GE and GE entities, and cost allocations from GE that were not historically allocated to the Business.

GE uses a centralized approach to cash management and financing of its operations. These arrangements are not reflective of the manner in which the Business would have financed its operations had it been a stand-alone

business separate from GE during the periods presented. Cash pooling arrangements are excluded from the asset and liability balances in the Condensed Combined Statement of Financial Position. These amounts have instead been reported as Net parent investment as a component of equity.

GE and its affiliates provide a variety of services to the Business. The Business may also sell products in the ordinary course of business to GE and its affiliates. The Condensed Combined Statement of Earnings includes expense allocations for services and certain support functions (GE Corporate Overhead) that are provided on a centralized basis within GE such as legal, business development, human resources, corporate audit, treasury and various other GE corporate functions that are routinely allocated to the Business and reflected in the Condensed Combined Statement of Earnings in Selling, general and administrative expenses. In addition to GE Corporate Overhead allocations, Selling, general and administrative expenses that would have been incurred in the ordinary course of business if the Business operated as a stand-alone company, such as compensation and benefits for employees of the Business, were included based on either specific identification of direct expenses or an allocation using an approach related to the nature of the item (e.g., external revenue or headcount).

Where allocations of amounts were necessary, the Business believes the allocation of these amounts was determined on a reasonable basis, reflecting all of the costs of GE Transportation and consistently applied in the periods presented. These allocated amounts, however, are not necessarily indicative of the actual amounts that might have been incurred or realized had the Business operated as a separate stand-alone entity during the periods presented. Consequently, these condensed combined financial statements do not necessarily represent the results the Business would have achieved if the Business had operated as a separate stand-alone entity from GE during the periods presented.

INTERIM PERIOD PRESENTATION

These condensed combined financial statements and notes thereto are unaudited. These statements include all adjustments (consisting of normal recurring accruals) that we considered necessary to present a fair statement of our results of earnings, financial position and cash flows. The results reported in these condensed combined financial statements should not be regarded as necessarily indicative of results that may be expected for the entire year. It is suggested that these condensed combined financial statements be read in conjunction with the annual combined financial statements for the year ended December 31, 2017 and notes thereto.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The preparation of condensed combined financial statements in conformity with U.S. GAAP requires management to make estimates and judgments that affect the reported amounts of assets and liabilities, disclosure of any contingent assets or liabilities at the date of these condensed combined financial statements and the reported amounts of revenue and expenses during the reporting period. We base our estimates and judgments on historical experience and on various other assumptions and information that we believe to be reasonable under the circumstances. Estimates and assumptions about future events and their effects cannot be perceived with certainty, and accordingly, these estimates may change as new events occur, as more experience is acquired, as additional information is obtained and as our operating environment changes. While the Business believes that the estimates and assumptions used in the preparation of these condensed combined financial statements are appropriate, actual results could differ from those estimates.

Estimates are used for, but are not limited to, determining the following: estimates of variable revenues and/or costs on long-term revenue generating contracts, recoverability of long-lived assets and inventory, valuation of goodwill, useful lives used in depreciation and amortization, income taxes and related valuation allowances, accruals for contingencies including warranties, actuarial assumptions used to determine costs on employee benefit plans, valuation assumptions for long term stock-based compensation expense, valuation and recoverability of receivables, valuation of derivatives and the fair value of assets acquired and liabilities assumed in acquisitions.

Our revenue recognition on long-term Contractual Service Agreements (CSAs) requires estimates of both customer payments expected to be received over the contract term as well as the costs expected to be incurred to

perform required maintenance services. We routinely review estimates under CSAs and regularly revise them to adjust for changes in outlook, however these estimates may materially vary from actual payments and costs incurred over the life of the contracts.

Additionally, please refer to Note 2, Summary of Significant Accounting Policies, in the annual 2017 combined financial statements for the discussion of our significant accounting policies.

(A) RECENT ACCOUNTING PRONOUNCEMENTS REFLECTED IN THESE CONDENSED COMBINED FINANCIAL STATEMENTS

Our combined annual financial statements for the year ended December 31, 2017 included the adoption of the following new accounting standards that became effective for annual reporting periods beginning after December 15, 2017. As a result, these interim condensed combined financial statements are consistently presented in accordance with the following recently adopted standards:

- ASU No. 2014-09, *Revenue from Contracts with Customers*. Refer to Note 3 Revenue Related to Contracts with Customers for more details.
- ASU No. 2016-15, *Statement of Cash Flows: Classification of Certain Cash Receipts and Cash Payments*. Refer to the combined annual financial statements for more details.
- ASU 2016-09, *Improvements to Employee Share-Based Payment Accounting*. Refer to the combined annual financial statements for more details.
- ASU 2017-07, *Compensation—Retirement Benefits (Topic 715), Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit Cost*. Refer to the combined annual financial statements for more details.
- ASU 2015-11, *Inventory (Topic 330), Simplifying of the Measurement of Inventory*. Refer to the combined annual financial statements for more details.
- ASU 2015-16, *Simplifying the Accounting for Measurement-Period Adjustments*. Refer to the combined annual financial statements for more details.
- ASU 2015-17, *Income Taxes (Topic 740), Balance Sheet Classification of Deferred Taxes*. Refer to the combined annual financial statements for more details.

The following standards have been adopted within these interim condensed combined financial statements:

- ASU 2017-01, *Business Combinations (Topic 805): Clarifying the Definition of a Business*. This ASU provides a new framework that will assist in the evaluation of whether business combination transactions should be accounted as acquisition of a business or a group of assets, as well as specifying the minimum required inputs and processes necessary to be a business. The provisions of this ASU are effective for years beginning after December 15, 2017. All disposals in the current period were accounted for under the provision of the new guidance.
- ASU 2016-16, *Accounting for Income Taxes: Intra-Entity Transfers of Assets Other Than Inventory*. This standard amends existing guidance on income taxes to require the accounting for the income tax effects of intercompany sales and transfers of assets other than inventory when the transfer occurs. As a result, the tax expense from the intercompany sale of assets, other than inventory, and associated changes to deferred taxes will be recognized when the sale occurs even though the pre-tax effects of the transaction have not been recognized. The pronouncement is effective for annual periods beginning after December 15, 2017, and interim periods within those annual periods, with early adoption permitted at the beginning of an annual period for which no financial statements have already been issued. This amendment has been applied on a modified retrospective basis through a cumulative-effect

adjustment directly to retained earnings as of the beginning of the period of adoption, which did not have an impact on our historical results.

NOTES TO THE CONDENSED COMBINED FINANCIAL STATEMENTS (UNAUDITED)

ASU 2016-18, *Statement of Cash Flows: Restricted Cash*. This standard requires the changes in the total of cash and restricted cash to be presented in the statement of cash flows. In addition, when cash and restricted cash are presented on separate lines on the balance sheet, an entity is required to reconcile the totals in the statement of cash flows to the related line items in the balance sheet. While not a direct effect of the adoption of the standard, to simplify the reconciliation of the statement of cash flows to the cash balances presented in our statement of financial position, we have elected to present cash and restricted cash as a single line on the balance sheet, which did not have an impact on our historical results.

(B) OTHER RECENT ACCOUNTING PRONOUNCEMENTS

In January 2017, the FASB issued ASU 2017-04, *Intangibles – Goodwill and Other (Topic 350): Simplifying the Test for Goodwill*. This ASU simplifies the measurement of goodwill impairment to a single-step test. The guidance removes step two of the goodwill impairment test, which requires a hypothetical purchase price allocation, and will now be the amount by which a reporting unit's carrying value exceeds its fair value, not to exceed the carrying amount of goodwill. Under the revised guidance, failing step one will always result in goodwill impairment. The new guidance is effective for annual and interim goodwill impairment tests beginning after December 15, 2019 and early adoption is permitted. The Business is currently evaluating the impact of the adoption of ASU 2017-04 on our combined financial statements.

In June 2016, the FASB issued ASU No. 2016-13, *Financial Instruments-Credit Losses: Measurement of Credit Losses on Financial Instruments*. The ASU introduces a new accounting model, the Current Expected Credit Losses model (CECL), which requires earlier recognition of credit losses, while also providing additional transparency about credit risk. The CECL model utilizes a lifetime expected credit loss measurement objective for the recognition of credit losses for loans and other receivables at the time the financial asset is originated or acquired. The expected credit losses are adjusted each period for changes in expected lifetime credit losses. This model replaces the multiple existing impairment models under current U.S. GAAP, which generally require that a loss be incurred before it is recognized. The new standard will also apply to receivables arising from revenue transactions such as contract assets and accounts receivables and is effective for fiscal years beginning after December 15, 2019. We continue to evaluate the effect of the standard on our combined financial statements.

In February 2016, the FASB issued ASU 2016-02, *Leases* (ASU 2016-02), creating ASC Subtopic 842, *Leases*. ASU 2016-02 sets out the principles for the recognition, measurement, presentation and disclosure of leases for both lessees and lessors. ASU 2016-02 requires lessees to present a right-of-use asset and a corresponding lease liability on the balance sheet. Lessor accounting is substantially unchanged compared to the current accounting guidance. ASU 2016-02 is effective for annual reporting periods beginning after December 15, 2018, and for the interim and annual reporting periods thereafter, with early adoption permitted. The Business is currently evaluating the impact of the adoption of ASU 2016-02 on our combined financial statements.

Contract assets reflect revenues earned in excess of billings on our long-term contracts related to our equipment and CSAs. Contract liabilities reflect billings in excess of revenue recognized on similar agreements. Other deferred assets are fulfillment costs that principally relate to contractually required non-recurring engineering incurred during the initial design phase of a contract, which is recoverable over revenues generated as part of our production efforts. Recoverable costs are capitalized and amortized to Costs of revenues based on their expected pattern of benefit of the customers' order. Amortization of fulfillment costs was approximately \$8,944 thousand and \$9,422 thousand for the three months ended June 30, 2018 and 2017, respectively, and \$12,553 thousand and \$15,198 thousand for the six months ended June 30, 2018 and 2017, respectively.

Revenue recognized that was included in the contract liability at the beginning of the period was \$119,741 thousand and \$124,560 thousand for the three months ended June 30, 2018 and 2017, respectively, and \$280,321 thousand and \$374,755 thousand for the six months ended June 30, 2018 and 2017, respectively.

Contract assets, net, increased by \$112,498 thousand from December 31, 2017 due to an increase in revenue recognized in excess of billings principally in our Equipment segment, offset by an increase in progress collections principally in our Equipment segment. The changes in estimates for the six months ended June 30, 2018 and 2017, principally within our CSA portfolio in Services, increased revenue and operating income by approximately \$27,058 thousand and \$25,533 thousand, respectively.

REMAINING PERFORMANCE OBLIGATIONS

As of June 30, 2018, the aggregate amount of the transaction price allocated to the unsatisfied (or partially unsatisfied) performance obligations was \$15,615,131 thousand. This amount excludes highly probable but uncommitted purchases from our customers that are not legally enforceable. We expect to recognize revenue as we satisfy the remaining performance obligations as follows:

- Equipment - total remaining performance obligations of \$5,377,356 thousand of which 73% is expected to be satisfied within 5 year(s) and the remaining thereafter.
- Services - total remaining performance obligations of \$9,761,717 thousand of which 49% is expected to be satisfied within 5 year(s), 78% within 10 year(s) and the remaining thereafter.

NOTE 4 CASH, CASH EQUIVALENTS AND RESTRICTED CASH

As of June 30, 2018, \$109,716 thousand of cash and equivalents were held in bank accounts and cannot be released, transferred or otherwise converted into a currency that is regularly transacted internationally, due to lack of market liquidity, capital controls or similar monetary or exchange limitations limiting the flow of capital out of the jurisdiction.

NOTE 5 RELATED PARTY TRANSACTIONS

As discussed in Note 1 Description of Business and Basis of Presentation, GE provides the Business with a number of services. Some of these services are provided directly by GE, and others are managed by GE through third-party service providers. The cost of certain of these services is either (a) recognized through our allocated portion of GE's Corporate Overhead, or (b) billed directly to the Business (such as most of our employee benefit costs). The cost of other services is included within the service itself, and the incremental cost for GE to provide the service is not discernible (such as payroll processing services included within the cost of payroll). In addition, we and our affiliates obtain a variety of goods (such as supplies and equipment) and services (such as GE Global Research Center) under various master purchasing and service agreements to which GE (and not the Business) is a party. We are billed directly for services we procure under these arrangements.

We receive an allocated share of GE's Corporate Overhead for certain services that GE provides to the Business, but which are not specifically billed to the Business, such as public relations, investor relations, treasury, and corporate internal audit services. Costs of \$6,291 thousand and \$6,791 thousand for the three months ended June 30, 2018 and 2017, respectively and \$12,582 thousand and \$13,582 thousand for the six months ended June 30, 2018 and 2017, respectively, were recorded in our Unaudited Condensed Combined Statement of Earnings for our allocated share of GE's Corporate Overhead. The Business has related party revenues of \$3,122 thousand and \$156 thousand for the three months ended June 30, 2018 and 2017, respectively and \$3,755 thousand and \$359 thousand for the six months ended June 30, 2018 and 2017, respectively. The majority of these sales were made by the Equipment segment to other GE

industrial business units.

These condensed combined financial statements include additional related party transactions with GE and GE entities that include the following:

- Amounts for due to / due from affiliates are recorded in Accounts payable and Current receivables, and are settled in cash. The Business has accounts payable resulting from amounts due to affiliates of

\$82,492 thousand and \$48,057 thousand as of June 30, 2018 and December 31, 2017, respectively. The Business has current receivables resulting from amounts due from affiliates of \$31,952 thousand and \$21,259 thousand as of June 30, 2018 and December 31, 2017, respectively.

The Business factors U.S. and non-U.S. receivables through its Working Capital Solutions (WCS), on a recourse and nonrecourse basis pursuant to various factoring and servicing agreements. The Business had factored receivables of \$134,370 thousand and \$146,221 thousand without recourse as of June 30, 2018 and December 31, 2017, respectively. The Business had factored receivables of \$3,477 thousand and \$3,989 thousand with recourse as of June 30, 2018 and December 31, 2017, respectively. For agreements with recourse, the Business establishes a bad debt reserve based on the aging policy. Historically, the Business has outsourced our servicing responsibilities to Global Operations AR CoE for a market-based fee, and therefore, no servicing asset or liability has been recorded on the Unaudited Condensed Combined Statement of Financial Position as of June 30, 2018 and December 31, 2017. Under the programs, the Business incurred interest expense and finance charges of \$3,787 thousand and \$8,514 thousand for the three months ended June 30, 2018 and 2017, respectively, and \$6,694 thousand and \$14,049 thousand for the six months ended June 30, 2018 and 2017, respectively, which are included in Other (expense) income.

The Business's North American operations participate in accounts payable programs with Trade Payables Services (TPS). The Business's liability associated with the funded participation in the accounts payable programs, which is presented as accounts payable within the Condensed Combined Statement of Financial Position, was \$411,878 thousand and \$332,584 thousand as of June 30, 2018 and December 31, 2017, respectively.

The Business participates in GE Treasury centralized hedging and offsetting programs. See Note 13 Derivatives and Hedging.

Employees of the Business participate in pensions and benefit plans that are sponsored by GE. See Note 18 Pension and Postretirement Benefit Plans.

GE grants stock options, restricted stock units and performance share units to its group employees, including those of GE Transportation, under the GE Long-Term Incentive Plan.

Lease agreements are based on market terms. The Business incurs rent expense resulting from related party leases with GE or GE entities as lessor. See Note 17 Leases.

All adjustments relating to certain transactions among the Business, GE and GE entities, which include the transfer of the balance of cash and equivalents to GE, transfer of the balance of cash held in cash pooling arrangements to GE, settlement of intercompany debt between the Business and GE or other GE entities and pushdown of all costs of doing business that were paid on behalf of the Business by GE or GE entities, are classified as Net parent investment.

NOTE 12 BORROWINGS

In September 2017, the Business entered into an unsecured loan facility agreement with Wipro GE Healthcare Private Limited to fund various ongoing projects and operational requirements. The loan had a total disbursement value of \$68,703 thousand, disbursed in three tranches. As of December 31, 2017 the first two tranches had been disbursed with a total value of \$44,256 thousand. The final tranche was disbursed in the first quarter of 2018. The loan carries an 8% annual interest rate, compounded quarterly and matures in three tranches due October 2019, November 2019, and January 2020. Interest included in interest expense for long-term borrowings, including the current portion, is \$1,256 thousand and \$0 thousand for the three months ended June 30, 2018 and 2017 and \$2,480 thousand and \$0 thousand for the six months ended June 30, 2018 and 2017, respectively. Interest expense is included within Other (expense)

Due to the nature and terms of the debt, the Business carries the debt at face value and did not recognize a discount or premium at issuance. The current portion of long-term debt is included in Short-term borrowings, and the non-current portion of the debt is included in Long-term borrowings. The amounts outstanding under the long-term borrowings as of June 30, 2018 and December 31, 2017 are reflected in the table below.

NOTE 13 DERIVATIVES AND HEDGING

Economic hedges are not designated as hedged from an accounting standpoint (and therefore we do not apply hedge accounting to the relationship), but otherwise serve the same economic purpose as other hedging arrangements. We use economic hedges when we have exposures to currency exchange risk for which we are unable to meet the requirements for hedge accounting or when changes in the carrying amount of the hedged item are already recorded in earnings in the same period as the derivative, making hedge accounting unnecessary. Even though the derivative is an effective economic hedge, there may be a net effect on earnings in each period due to differences in the timing of earnings recognition between the derivative and the hedged item. Notional amounts outstanding are approximately \$374,724 thousand and \$332,821 thousand as of June 30, 2018 and December 31, 2017, respectively.

The following table provides information about the fair value of our derivatives, by contract type and the accounts in the Unaudited Condensed Combined Statement of Financial Position in which the balances are presented:

NOTES TO THE CONDENSED COMBINED FINANCIAL STATEMENTS (UNAUDITED)**NOTE 14 INCOME TAXES**

Our consolidated effective income tax rates were 21% and 36% during the six months ended June 30, 2018 and 2017, respectively. The rate for 2018 benefited from a lower U.S. statutory rate effective for years beginning in 2018 due to U.S. tax reform and favorable changes in mix of earnings.

On December 22, 2017, the U.S. enacted legislation commonly known as the Tax Cuts and Jobs Act (U.S. tax reform) that lowered the statutory tax rate on U.S. earnings to 21%, taxes historic foreign earnings at a reduced rate of tax, establishes a territorial tax system and enacts new taxes associated with global operations.

The impact of enactment of U.S. tax reform was recorded on a provisional basis as the legislation provides for additional guidance to be issued by the U.S. Department of the Treasury on several provisions. Guidance during 2018 could impact the information required for and the calculation of the foreign-derived intangible income (*FDII*), base erosion anti-abuse tax (*BEAT*) and global intangible low-taxed income (*GILTI*) provisions and could affect decisions that affect the tax on various U.S. and foreign items, which would further impact the final amounts included in these provisions and impact the revaluation of deferred taxes. In addition, analysis performed and conclusions reached as part of the tax return filing process and additional guidance on accounting for U.S. tax reform could affect the provisional amount.

Additionally, as part of tax reform, the U.S. has enacted a minimum tax on foreign earnings (*GILTI*). We have not made an accounting policy election on the deferred tax treatment and, consequently, we have not made an accrual for the deferred tax aspects of this provision.

In the next twelve months, we do not expect uncertain tax positions to materially change.

NOTE 16 COMMITMENTS AND CONTINGENCIES**WARRANTY OBLIGATIONS**

As part of our product sales we provide standard warranty coverage to our customers as part of customary practices in the market to provide assurance that the equipment sold will comply with agreed upon specifications and such standard warranty at the time of sale is limited to fixing product defects. Issuance of a product warranty constitutes a commitment, which must be accrued as a loss contingency if expenditures under the warranty are both probable and reasonably estimable. The Business provides for estimated product warranty expenses when the related product sale is recognized. Additionally, we may elect certain corrective actions, at our expense, for certain product-related matters impacting our product portfolios. Warranty obligations are recognized for these matters when we commit to these corrective actions and they are estimable. Because warranty estimates are forecasts that are based on the best available information, primarily based on historical warranty claims experience and outstanding warranty period, claims costs may differ from amounts provided.

Approximately 65% and 59% of the warranty provision as of June 30, 2018 and June 30, 2017, respectively, are expected to be consumed beyond 12 months and therefore, are classified as a long-term liability in Other liabilities. Refer to Note 15 Other Current Liabilities and Other Liabilities.

GUARANTEES

The Business provides guarantees in the ordinary course of business. The Business believes the likelihood is remote that any such arrangements could have a significant adverse effect on these condensed combined financial statements of the Business. The Business records liabilities for guarantees at estimated fair value, generally the amount of the premium received, or if we do not receive a premium, the amount based on appraisal, observed market values or discounted cash flows, which are zero as of June 30, 2018 and December 31, 2017. The Business has off-balance sheet credit exposure through standby letters of credit, bank guarantees, bid bonds, and surety bonds. See Note 12 Borrowings. In addition, our Parent may provide the Business with parent company guarantees in certain jurisdictions where we lack the legal structure to issue the requisite guarantees required on certain projects. We are charged by our Parent the fair market value of such guarantees.

LITIGATION

The Business is subject to a variety of legal proceedings and legal compliance risks in all parts of the world where the Business operates or buys or sells its equipment and services. The Business has adopted appropriate risk management and compliance programs to address these and other matters that may arise from time to time. The global and diverse nature of our business and the changing enforcement environments in which it operates, means the Business will continue to face legal and compliance risks, the nature and outcome of which cannot be predicted with certainty. Currently, management believes there are no legal contingencies that are likely to have a material effect on the Business's Condensed Combined Statements of Financial Position, Earnings, or Cash Flows.

In late November 2017, staff of the Boston office of the U.S. Securities & Exchange Commission (SEC) notified GE that they are conducting an investigation of GE's revenue recognition practices and internal controls over financial reporting related to long-term service agreements. We have provided documentation to Parent regarding our long-term service agreement practices. Parent is providing documents and other information requested by the SEC staff, and our Parent is cooperating with their ongoing investigation.

NOTE 17 LEASES

LEASE COMMITMENTS

The Business is a lessee under various cancelable and non-cancelable operating lease arrangements for facilities, information technology, fleet, and other equipment having terms which expire on various dates. Rent of approximately \$181 thousand and \$499 thousand was charged by GE for these leases for the three months ended June 30, 2018 and 2017 and \$1,396 thousand and \$1,064 thousand for the six months ended June 30, 2018 and 2017, respectively, which was generally consistent with prior years. See Note 5 Related Party Transactions.

NOTE 18 PENSION AND POSTRETIREMENT BENEFIT PLANS

Certain employees are covered under GE's retirement plans (e.g. pension, retiree health and life insurance). In addition, certain Canadian employees participate in the GE Canada Defined Benefit Pension Plan as well as the Canada Postretirement Benefits.

The Business is allocated relevant participation costs for these GE employee benefit plans by GE. As such, the Business has not recorded any liabilities associated with our participation in this multi-employer plan in our Unaudited Condensed Combined Statement of Financial Position as of June 30, 2018 and December 31, 2017.

Expenses associated with our employees' participation in the U.S. GE pension and postretirement benefit plans are \$20,158 thousand and \$21,951 thousand for the three months ended June 30, 2018 and 2017 and \$39,709 thousand and \$41,415 thousand for the six months ended June 30, 2018 and 2017, respectively. THE MERGER

Section 2.01. *The Merger.* (a) At the Effective Time, upon the terms and subject to the conditions of this Agreement, Merger Sub shall be merged with and into SpinCo in accordance with Delaware Law, whereupon the separate existence of Merger Sub shall cease, and SpinCo shall be the surviving corporation (the **Surviving Corporation**).

(b) Subject to the provisions of Article 9, the closing of the Merger (the **Closing**) shall take place in New York City at the offices of Jones Day, 250 Vesey Street, New York, New York, 10281 as soon as

A-12

possible, but in any event no later than two Business Days after the date the conditions set forth in Article 9 (other than conditions that by their nature are to be satisfied at the Closing, but subject to the satisfaction or, to the extent permissible, waiver of those conditions at the Closing) have been satisfied or, to the extent permissible, waived by the party or parties entitled to the benefit of such conditions, or at such other place or remotely by electronic transmission, at such other time or on such other date as Parent and the Company may mutually agree.

At the Closing, SpinCo and Merger Sub shall file a certificate of merger with the Delaware Secretary of State and make all other filings or recordings required by Delaware Law in connection with the Merger. The Merger shall (c) become effective at such time (the **Effective Time**) as the certificate of merger is duly filed with the Delaware Secretary of State (or at such later time as the parties may agree and as is specified in the certificate of merger).

From and after the Effective Time, the Surviving Corporation shall possess all the rights, powers, privileges and (d) franchises and be subject to all of the obligations, liabilities, restrictions and disabilities of SpinCo and Merger Sub, all as provided under Delaware Law.

(e) At the Closing, each of the Company and Parent shall deliver to the other a duly executed counterpart to the Shareholders Agreement.

Section 2.02. *Conversion of Shares.* (a) At the Effective Time, by virtue of the Merger and without any action on the part of Parent, Merger Sub, SpinCo or the holders of SpinCo Common Stock, except as otherwise provided in Section 2.02(b), each share of SpinCo Common Stock (all shares of SpinCo Common Stock being collectively, the **Shares**) outstanding immediately prior to the Effective Time shall be converted into the right to receive a number of fully paid and non-assessable shares of Parent Common Stock equal to the Exchange Ratio (the **Merger Consideration**). As of the Effective Time, all such shares of SpinCo Common Stock shall no longer be outstanding and shall automatically be canceled and retired and shall cease to exist, and shall thereafter represent only the right to receive the Merger Consideration, any dividends or other distributions pursuant to Section 2.03(c) and cash in lieu of any fractional shares payable pursuant to Section 2.03(e), in each case to be issued or paid, without interest. At the latest practicable time prior to the Closing so as to allow the parties to calculate the Exchange Ratio, Parent shall deliver to the Company a certificate, duly executed by an executive officer of Parent, setting forth the number of Fully Diluted Parent Shares as of the Closing, together with reasonable supporting documentation.

At the Effective Time, by virtue of the Merger and without any action on the part of Parent, Merger Sub, SpinCo or (b) the holders of SpinCo Common Stock, each share of SpinCo Common Stock held by SpinCo as treasury stock or owned by Parent immediately prior to the Effective Time shall be canceled, and no payment shall be made with respect thereto.

At the Effective Time, by virtue of the Merger and without any action on the part of Parent, Merger Sub, SpinCo or the holders of Merger Sub, each share of common stock of Merger Sub outstanding immediately prior to the (c) Effective Time shall be converted into and become one share of common stock of the Surviving Corporation with the same rights, powers and privileges as the shares so converted and shall constitute the only outstanding shares of capital stock of the Surviving Corporation.

Section 2.03. *Surrender and Payment.* (a) Prior to the Effective Time, the Company shall designate a nationally recognized commercial bank or trust company reasonably acceptable to Parent to act as agent (the **Exchange Agent**) for the benefit of the holders of Shares who exchange their Shares in accordance with this Section 2.03. Prior to the Effective Time, Parent shall deposit, or shall cause to be deposited, with the Exchange Agent, for the benefit of the holders of Shares, for exchange in accordance with this Section 2.03 promptly after the Effective Time, book-entry shares representing the Merger Consideration issuable to holders of Shares as of the Effective Time pursuant to Section 2.02(a) (such book-entry shares of Parent Common Stock, together with any dividends or distributions with respect thereto pursuant to Section 2.03(c) and other amounts payable in accordance with Section 2.03(e), the **Exchange Fund**). The Exchange Agent shall, pursuant to irrevocable instructions from Parent, deliver the Merger Consideration out of the Exchange Fund. The cash portion of the Exchange Fund shall be invested by the Exchange Agent as directed by Parent; provided that (i) no such investment of or losses thereon shall relieve Parent from making the payments required by this Section 2.03 or elsewhere in this Agreement, or affect the amount payable in respect of

the Shares, and following any losses Parent shall promptly provide additional funds to the Exchange Agent in the amount of any such losses, and

(ii) no such investment shall have maturities that could prevent or delay payments to be made pursuant to this Agreement. Any interest or other income from such investments shall be paid to and become income of Parent. The Exchange Fund shall not be used for any purpose other than as specified in this Section 2.03(a).

As promptly as practicable after the Effective Time, Parent shall cause the Exchange Agent to distribute the shares of Parent Common Stock into which the Shares have been converted pursuant to the Merger, which, in the case of Shares distributed in the Distribution, shall be distributed on the same basis as Shares were distributed in the Distribution and to the Persons who received Shares in the Distribution. Each holder of Shares shall be entitled to receive in respect of the Shares held by such Person a book-entry authorization representing the number of whole shares of Parent Common Stock that such holder has the right to receive pursuant to this Section 2.03(b) (and cash in lieu of fractional shares of Parent Common Stock, as contemplated by Section 2.03(e), and any dividends or distributions and other amounts pursuant to Section 2.03(c)). The Exchange Agent shall not be entitled to vote or exercise any rights of ownership with respect to Parent Common Stock held by it from time to time hereunder, except as contemplated by Section 2.03(c).

(b) Subject to the following sentence, no dividends or other distributions declared after the Effective Time with respect to Parent Common Stock shall be paid with respect to any shares of Parent Common Stock that are not able to be distributed by the Exchange Agent promptly after the Effective Time, whether due to a legal impediment to such distribution or otherwise. Subject to the effect of abandoned property, escheat, Tax or other Applicable Laws, following the distribution of any such previously undistributed shares of Parent Common Stock, there shall be paid to the record holder of such shares of Parent Common Stock, without interest, (i) at the time of the distribution, the amount of cash payable in lieu of a fractional share of Parent Common Stock to which such holder is entitled pursuant to Section 2.03(e) and the amount of dividends or other distributions with a record date after the Effective Time theretofore paid with respect to such whole shares of Parent Common Stock; and (ii) at the appropriate payment date, the amount of dividends or other distributions with a record date after the Effective Time but prior to the distribution of such whole shares of Parent Common Stock and a payment date subsequent to the distribution of such whole shares of Parent Common Stock.

(c) All shares of Parent Common Stock issued upon the exchange of SpinCo Common Stock in accordance with the terms of this Section 2.03 (including any cash paid pursuant to Section 2.03(c) or Section 2.03(e)) shall be deemed to have been issued or paid, as the case may be, in full satisfaction of all rights pertaining to such shares of SpinCo Common Stock.

(d) No certificates or scrip representing fractional shares of Parent Common Stock or book-entry credit of the same shall be issued on conversion of SpinCo Common Stock, and such fractional share interests will not entitle the owner thereof to vote, or to any other rights of a stockholder of Parent. All fractional shares of Parent Common Stock that a holder of shares of SpinCo Common Stock would otherwise be entitled to receive as a result of the Merger shall be aggregated by the Exchange Agent. The Exchange Agent shall cause the whole shares obtained thereby to be sold on behalf of such holders of shares of SpinCo Common Stock that would otherwise be entitled to receive such fractional shares of Parent Common Stock pursuant to the Merger, in the open market or otherwise, in each case at then-prevailing market prices, and in no case later than five Business Days after the time of the Distribution. The Exchange Agent shall make available the net proceeds thereof, subject to the deduction of the amount of any withholding Taxes as contemplated in Section 2.03(i) and brokerage charges, commissions and conveyance and similar Taxes, on a *pro rata* basis, without interest, as soon as practicable to the holders of SpinCo Common Stock that would otherwise be entitled to receive such fractional shares of Parent Common Stock pursuant to the Merger.

(e) The Exchange Ratio shall be adjusted to reflect appropriately the effect of any stock split, reverse stock split, stock dividend (including any dividend or distribution of securities convertible into Parent Common Stock or SpinCo Common Stock), extraordinary cash dividends, reorganization, recapitalization, reclassification, combination, exchange of shares or other like change with respect to Parent Common Stock or SpinCo Common Stock (other than (i) issuance of stock by SpinCo in connection with the Separation or other transactions contemplated by this

Agreement or the Separation Agreement and (ii) any extraordinary cash dividends with respect to SpinCo Common Stock) with a

record date occurring on or after the date hereof and prior to the Effective Time; *provided* that nothing in this Section 2.03(f) shall be construed to permit SpinCo, Parent or Merger Sub to take any action with respect to its securities that otherwise is prohibited by the terms of this Agreement.

Any portion of the Exchange Fund (including proceeds of any investment thereof) that remains undistributed to the former holders of Shares on the date that is twelve months after the Effective Time shall be delivered to Parent, upon demand, and any former holders of Shares who have not theretofore received shares of Parent Common Stock in accordance with this Section 2.03 shall thereafter look only to Parent for the Merger Consideration to which they are entitled pursuant to Section 2.02(a), any cash in lieu of fractional shares of Parent Common Stock to which they are entitled pursuant to Section 2.03(e) and any dividends or other distributions with respect to the Parent Common Stock to which they are entitled pursuant to Section 2.03(c) (subject to any abandoned property, escheat or similar Applicable Law).

None of Parent, the Company, SpinCo, Merger Sub, the Surviving Corporation or the Exchange Agent shall be liable to any Person for any Merger Consideration from the Exchange Fund (or dividends or distributions with respect to Parent Common Stock) or other cash delivered to a public official pursuant to any abandoned property, escheat or similar Applicable Law. Any portion of the Exchange Fund remaining unclaimed by holders of Shares as of a date which is immediately prior to such time as such amounts would otherwise escheat to or become property of any Governmental Authority shall, to the extent permitted by Applicable Law, become the property of Parent free and clear of any claims or interest of any Person previously entitled thereto.

Notwithstanding any provision contained herein to the contrary, each of the Exchange Agent, the Surviving Corporation, Parent and Merger Sub shall be entitled to deduct and withhold from the amounts otherwise payable to any Person pursuant to this Agreement such amounts as it is required to deduct and withhold with respect to the making of such payment under any provision of Tax law. If the Exchange Agent, the Surviving Corporation, Parent or Merger Sub, as the case may be, so withholds amounts, such amounts shall be treated for all purposes of this Agreement as having been paid to the holder of the shares of SpinCo Common Stock in respect of which the Exchange Agent, the Surviving Corporation, Parent or Merger Sub, as the case may be, made such deduction and withholding.

From and after the Effective Time, the stock transfer books of SpinCo shall be closed, and there shall be no further registration of transfers of Shares thereafter on the records of SpinCo.

Section 2.04. Governance. (a) Parent shall, and shall cause the Parent Board to, take all necessary action to cause three individuals designated by the Company (the **New Board Designees**) to be appointed to the Parent Board as of the Effective Time, including by increasing the size of the Parent Board and appointing the New Board Designees to fill the resulting vacancies.

Each of the New Board Designees shall qualify as an independent director under the rules of the New York Stock Exchange and shall be reasonably acceptable to the Nomination and Corporate Governance Committee of the Parent Board (the **Committee**). In selecting the New Board Designees, the Company shall consider in good faith the Committee's director criteria for election of independent directors to the Parent Board. If the Committee determines, after consultation in good faith with the Company, that any New Board Designee is not reasonably acceptable, the Company may propose another individual as a New Board Designee, at which point the review and consultation process will be repeated until three New Board Designees have satisfied the requirements above.

At the direction of the Company, (x) one New Board Designee selected by the Company (the **Initial New Board Designee**) shall be assigned to the class of directors that is up for reelection at the first annual meeting of Parent's stockholders that occurs after the Effective Time, (y) one New Board Designee selected by the Company shall be assigned to the class of directors that is up for reelection at the second annual meeting of Parent's stockholders that occurs after the Effective Time and (z) one New Board Designee selected by the Company shall be assigned to the class of directors that is up for reelection at the third annual meeting of Parent's stockholders that occurs after the Effective Time.

after the date that is six months prior to the date of the 2019 annual meeting of Parent's stockholders (the **Parent 2019 Stockholders Meeting**) and prior to the date on which Parent commences mailing its proxy statement for the Parent 2019 Stockholders Meeting (the **Parent 2019 Proxy Mailing Date**), then Parent shall, and shall cause the Parent Board to, take all necessary action to (i) nominate the Initial New Board Designee for election to the Parent

(i) Board at the Parent 2019 Stockholders Meeting, (ii) recommend that Parent's stockholders vote in favor of the election of the Initial New Board Designee to the Parent Board at the Parent 2019 Stockholder Meeting and (iii) use no less rigorous efforts to support the election of the Initial New Board Designee to the Parent Board at the Parent 2019 Stockholder Meeting than the efforts used to support the election of each other nominee of the Parent Board for election to the Parent Board at the Parent 2019 Stockholder Meeting; or

after the Parent 2019 Proxy Mailing Date and prior to the Parent 2019 Stockholder Meeting, then Parent shall, and (ii) shall cause the Parent Board to, take all necessary action to cause the Initial New Board Designee to be re-appointed to the Parent Board as of immediately following the Parent 2019 Stockholder Meeting (and to be re-assigned to the class of directors that was elected at the Parent 2019 Stockholder Meeting).

Notwithstanding anything to the contrary in this Agreement or any other Transaction Agreement, from and after the Effective Time, the rights set forth in Section 2.04(d) shall inure solely to the benefit of, and shall solely be enforceable by, the Initial New Board Designee, and shall neither inure to the benefit or, nor be enforceable by, the Company or any other Person.

The affirmative vote of the holders of a majority of the voting power of the outstanding shares of SpinCo Common Stock is the only vote of the holders of shares of SpinCo Common Stock necessary to adopt this Agreement or consummate the Merger or the other transactions contemplated hereby. The approval of holders of any class or series of the Company capital stock is not required to adopt this Agreement or the Separation Agreement or to consummate the Merger or the other transactions contemplated hereby.

Section 4.03. *Governmental Authorization.* The execution, delivery and performance by each of the Company and SpinCo of this Agreement, the Separation Agreement and the Ancillary Agreements to which it is contemplated to be a party and the consummation by each of the Company and SpinCo of the transactions contemplated hereby or thereby require no consent, approval, authorization or other order or declaration of, action by or in respect of, or filing with, any Governmental Authority other than (i) the filing of a certificate of merger with respect to the Merger with the Delaware Secretary of State and appropriate documents with the relevant authorities of other states in which SpinCo is qualified to do business, (ii) compliance with any applicable requirements of the HSR Act and of laws analogous to the HSR Act existing in foreign jurisdictions, (iii) compliance with any applicable requirements of the 1933 Act, the 1934 Act and any other applicable state or federal securities laws, (iv) actions or filings relating to the Internal Reorganization, (v) as a result of any facts or circumstances relating solely to Parent or any of its Affiliates, (vi) compliance with the rules and regulations of the New York Stock Exchange, or (vii) any actions or filings the absence of which would not reasonably be expected to have, individually or in the aggregate, a Tiger Material Adverse Effect or prevent or materially delay the consummation by the Company or SpinCo of the transactions contemplated hereby.

Section 4.04. *Non-contravention.* The execution, delivery and performance by each of the Company and SpinCo of this Agreement, the Separation Agreement and the Ancillary Agreements to which it is contemplated to be a party and

Section 4.05. *Capitalization.* (a) As of the date of this Agreement, (i) the authorized capital stock of SpinCo consists of 1000 Shares, (ii) there are issued and outstanding 100 Shares, all of which are held directly by the Company, and (iii) no Shares are held by SpinCo in its treasury. Immediately following the Distribution, (x) the number of Shares issued and outstanding shall equal 8.7 billion (or such other amount as the Company shall determine, subject to the consent of Parent not to be unreasonably withheld, delayed or conditioned), and the number of authorized shares shall exceed that number and (y) no Shares will be held by SpinCo in its treasury. All outstanding shares of capital stock of SpinCo have been duly authorized and validly issued and are fully paid and nonassessable.

There are no outstanding bonds, debentures, notes or other indebtedness of SpinCo having the right to vote (or convertible into, or exchangeable for, securities having the right to vote) on any matters on which stockholders of SpinCo may vote. Except as set forth in this Section 4.05, there are no issued, reserved for issuance or outstanding (i) shares of capital stock or other voting securities of or ownership interests in SpinCo, (ii) securities of SpinCo convertible into or exchangeable for shares of capital stock or other voting securities of or ownership interests in SpinCo, (iii) warrants, calls, options or other rights to acquire from SpinCo, or other obligations of SpinCo to issue, (b) any capital stock, voting securities or securities convertible into or exchangeable for capital stock or voting securities of SpinCo, or (iv) restricted shares, stock appreciation rights, performance units, contingent value rights, phantom stock or similar securities or rights that are derivative of, or provide economic benefits based, directly or indirectly, on the value or price of, any capital stock of or voting securities of SpinCo (the items in clauses (i) through (iv) being referred to collectively as the **SpinCo Securities**). There are no outstanding obligations of SpinCo or any of its Subsidiaries to repurchase, redeem or otherwise acquire any SpinCo Securities.

Section 4.06. *Subsidiaries.* (a) Each Transferred Subsidiary is duly organized, validly existing and (where applicable) in good standing under the laws of its jurisdiction of organization. Each Transferred Subsidiary is duly qualified to do business as a foreign entity and is in good standing in each jurisdiction where such qualification is necessary, except for those jurisdictions where failure to be so qualified would not reasonably be expected to have, individually or in the aggregate, a Tiger Material Adverse Effect.

(b) As of the Effective Time, all of the outstanding capital stock of or other voting securities of, or ownership interests in, each Transferred Subsidiary, will be owned by SpinCo (or, in the case of the Direct Sale Transferred Subsidiaries, Direct Sale Purchaser), directly or indirectly, free and clear of all Liens. Other than such capital stock of or other voting securities of, or ownership interests in, each Transferred Subsidiary, owned by SpinCo (or, in the case of the Direct Sale Transferred Subsidiaries, Direct Sale Purchaser), directly or indirectly, as of the Effective Time, there will be no issued, reserved for issuance or outstanding (i) securities of SpinCo or any of the Transferred Subsidiaries convertible into, or exchangeable for, shares of capital stock or other voting securities of, or ownership interests in, any Transferred Subsidiary, (ii) warrants, calls, options or other rights to acquire from SpinCo or any of the Transferred Subsidiaries, or other obligations of SpinCo or any of the Transferred Subsidiaries to issue, any capital stock or other voting securities of, or ownership interests in, or any securities

units, contingent value rights, phantom stock or similar securities or rights that are derivative of, or provide economic benefits based, directly or indirectly, on the value or price of, any capital stock or other voting securities of, or ownership interests in, any Transferred Subsidiary (the items in clauses (i) through (iii) being referred to collectively as the **Tiger Subsidiary Securities**). As of the Effective Time, there will be no outstanding obligations of SpinCo or any of the Transferred Subsidiaries to repurchase, redeem or otherwise acquire any of the Tiger Subsidiary Securities. Except for its interests in the Transferred Subsidiaries and the Tiger JVs, as of the Effective Time, SpinCo will not own, directly or indirectly, any capital stock of, or other equity or voting interest in, any Person.

Section 4.06(c) of the SpinCo Disclosure Schedule sets forth a complete and correct list of all Tiger JVs with revenues in excess of \$25 million in 2017, including, in each case, its name, jurisdiction and form of organization and the percentage of its outstanding equity or profits interests that are, or at the Effective Time will be, owned by SpinCo, Direct Sale Purchaser or one of the Transferred Subsidiaries. To the knowledge of SpinCo as of the date of (c) this Agreement, subject to the terms and conditions of such respective certificates of incorporation, bylaws, limited liability company agreements or similar organizational documents made available to Parent prior to the date of this Agreement, there are no outstanding options, warrants, convertible debt, other convertible instruments or other commitments obligating any Tiger JV to issue, grant, extend or enter into any such option, warrant, convertible debt, other convertible instrument or other right, agreement, arrangement or commitment.

Section 4.07. *Financial Statements*. (a) Set forth on Section 4.07 of the SpinCo Disclosure Schedule are copies of the unaudited balance sheets of the Tiger Business as of December 31, 2016 and 2017, and the unaudited pre-tax statements of income of the Tiger Business for the fiscal years ended December 31, 2016 and 2017 (collectively, the **Tiger Unaudited Financial Statements**). The Tiger Unaudited Financial Statements were derived from the books and records of the Company and its Subsidiaries and were prepared on a carve-out basis in accordance with GAAP, consistently applied, subject to the absence of footnotes and income tax adjustments, as at the date and for the period presented, and present fairly in all material respects the financial position and pre-tax results of operations of the Tiger Business as at the dates and for the periods presented (it being understood, however, that the Tiger Business has not been operating historically as a separate entity and, therefore, the Tiger Unaudited Financial Statements reflect certain adjustments necessary to be presented on a carve-out basis). From January 1, 2015 to the date of this Agreement, the Company has not received written notice from the SEC or any other Governmental Authority indicating that any of its accounting policies or practices, insofar as they relate to the Tiger Business, are the subject of any review, inquiry, investigation or challenge by the SEC or any other Governmental Authority.

When delivered pursuant to Section 6.05, the Audited Financial Statements and the Interim Financial Statements, as applicable, shall: (i) have been prepared in accordance with GAAP, consistently applied, (ii) except as set forth on Section 6.05 of the SpinCo Disclosure Schedule, present fairly in all material respects the financial position, results of operations and cash flows of the Tiger Business as at the dates and for the periods presented (subject to year-end adjustments, in the case of the Interim Financial Statements) (it being understood, however, that the Tiger (b) Business has not been operating historically as a separate entity and, therefore, the Audited Financial Statements and the Interim Financial Statements will reflect certain adjustments necessary to be presented on a carve-out basis in accordance with GAAP and the rules and regulations of the SEC), and (iii) have been prepared in conformity in all material respects to the rules and regulations of the SEC applicable to the annual and quarterly, as applicable, financial statements of the Tiger Business required to be included in the Registration Statements, the Proxy Statement and, if applicable, the Schedule TO.

As of December 31, 2017, the amount of Factored Customer Receivables (as such term is defined in the Separation Agreement, provided that such calculation is made as of December 31, 2017 instead of the Distribution Effective (c) Time) was \$150,170,214, and the amount of Gross Factored Receivables (as such term is defined in the Separation Agreement, provided that such calculation is made as of December 31, 2017 instead of the Distribution Effective Time) was \$237,051,904.

(d) The Company has established and maintains disclosure controls and procedures (as defined in Rule 13a-15 under the 1934 Act) with respect to the Tiger Business. Such disclosure controls and procedures are designed to ensure

that material information relating to the Tiger Business is made known to the Company's principal executive officer and its principal financial officer by others within the Tiger

Business. Such disclosure controls and procedures are effective in timely alerting the Company's principal executive officer and principal financial officer to material information required to be included in the Company's periodic and current reports required under the 1934 Act with respect to the Tiger Business. For the avoidance of doubt, such disclosure controls and procedures are maintained (and determinations of materiality for purposes of such disclosure controls and procedures are made) on a Company-wide basis and not separately with respect to the Tiger Business.

Since January 1, 2015, with respect to the Tiger Business, the Company and its Subsidiaries (including SpinCo and the Transferred Subsidiaries) have established and maintained a system of internal controls over financial reporting (as defined in Rule 13a-15 under the 1934 Act) sufficient to provide reasonable assurance regarding the reliability of the Company's financial reporting and the preparation of the Company financial statements for external purposes in accordance with GAAP. The Company has disclosed, based on its most recent evaluation of internal controls prior to the date hereof, to the Company's auditors and audit committee (i) any significant deficiencies and material weaknesses in the design or operation of internal controls which are reasonably likely to adversely affect the (e) Company's ability to record, process, summarize and report financial information with respect to the Tiger Business and (ii) any fraud, whether or not material, that involves management or other employees who have a significant role in internal controls over financial reporting with respect to the Tiger Business. The Company has made available to Parent a summary of any such disclosure made by management to the Company's auditors and audit committee since January 1, 2015. For the avoidance of doubt, such internal controls over financial reporting are maintained (and determinations of significant deficiencies, material weaknesses and employees who have a significant role in internal controls are made) on a Company-wide basis and not separately with respect to the Tiger Business.

Each of the principal executive officer and principal financial officer of the Company (or each former principal executive officer and principal financial officer of the Company, as applicable) have made all certifications (f) required by Rule 13a-14 and 15d-14 under the 1934 Act and Sections 302 and 906 of the Sarbanes-Oxley Act and any related rules and regulations promulgated by the SEC and the New York Stock Exchange, and the statements contained in any such certifications are complete and correct.

Section 4.08. *Registration Statement.* The information supplied by the Company for inclusion or incorporation by reference in the Registration Statements and the Proxy Statement and, if applicable, the Schedule TO and any other filing contemplated by Section 8.02, shall not, (a) with respect to each Registration Statement, at the time each Registration Statement is declared or becomes effective, (b) with respect to the Parent Registration Statement, at the time the prospectus contained in such Registration Statement is first mailed to stockholders of the Company, (c) with respect to the Proxy Statement, at the time the Proxy Statement (or any amendment thereof or supplement thereto) is first mailed to the stockholders of Parent, (d) at the time of the Parent Stockholders Meeting, (e) at the time the Schedule TO is filed with the SEC (if applicable), or (f) at the Effective Time, contain any untrue statement of a material fact or omit to state any material fact required to be stated therein or necessary in order to make the statements therein, in light of the circumstances under which they were made, not misleading. All documents that the Company and SpinCo are responsible for filing with the SEC in connection with the transactions contemplated by this Agreement, the Separation Agreement and the Ancillary Agreements will comply as to form in all material respects with the applicable requirements of the 1933 Act and the 1934 Act.

Section 4.09. *Absence of Certain Changes.* (a) Except as contemplated by or permitted under this Agreement, the Separation Agreement or the Ancillary Agreements, (i) since December 31, 2017, the Tiger Business has been conducted in the ordinary course of business and (ii) since December 31, 2017 through the date of this Agreement, there has not been any event, occurrence, development or state of circumstances or facts that has had or would reasonably be expected to have, individually or in the aggregate, a Tiger Material Adverse Effect.

(b) From December 31, 2017 until the date hereof, there has not been any action taken by the Company or any of its Subsidiaries that, if taken during the period from the date of this Agreement through the Effective Time without Parent's consent, would constitute a breach of clause (a), (c), (i), (j) or (m) (as it relates to any of the foregoing) of

Section 6.01.

Section 4.16. *Taxes*. Except (x) as set forth on Section 4.16 of the SpinCo Disclosure Schedule or (y) as would not reasonably be expected to have, individually or in the aggregate, a Tiger Material Adverse Effect:

All Tax Returns required by Applicable Law to be filed with any Taxing authority by, or on behalf of, SpinCo or (a) any of the Transferred Subsidiaries or otherwise with respect to the Tiger Business or Tiger Assets have been timely filed when due in accordance with all Applicable Law, and all such Tax Returns are, or shall be at the time of filing, true and complete.

The Company and its Subsidiaries, including SpinCo and each of the Transferred Subsidiaries, has paid (or has had paid on its behalf) or has withheld and remitted to the appropriate Taxing authority all Taxes due and payable by (b) SpinCo and each Transferred Subsidiary or otherwise with respect to the Tiger Business or Tiger Assets, or, where payment is not yet due, has established (or has had established on its behalf and for its sole benefit and recourse) in accordance with GAAP an adequate accrual for all Taxes through the end of the last period for which SpinCo and the Transferred Subsidiaries ordinarily record items on their respective books.

Neither SpinCo nor any of the Transferred Subsidiaries has granted any extension or waiver of the statute of (c) limitations period applicable to any Tax Return, which period (after giving effect to such extension or waiver) has not yet expired, and no request for any such extension or waiver is currently pending.

Except as set forth in the Step Plan or otherwise effected as part of the SpinCo Transfer and the Distribution, during the five-year period ending on the Closing Date, neither SpinCo nor any of the Transferred Subsidiaries was (e) (or will be) a distributing corporation or a controlled corporation in a transaction intended to be governed by Section 355 of the Code.

(f) None of the Company, SpinCo and the Transferred Subsidiaries has participated in a listed transaction within the meaning of Treasury Regulations section 1.6011-4.

None of the Company, SpinCo or their respective Subsidiaries has taken or agreed to take any action that would (and none of them is aware of any fact, event, agreement, plan or other circumstance that would) prevent the (g) Tax-Free Status of the External Transactions. As of the date hereof, the Company and SpinCo do not know of any reason (i) why they would not be able to deliver the Tax Representation Letters at the applicable times set forth in Section 8.07(c), or (ii) why the Company would not be able to obtain the opinions contemplated by Section 9.03(b).

(h) There are no Liens for Taxes on the Tiger Assets or the assets or properties of SpinCo or the Transferred Subsidiaries or otherwise with respect to the Tiger Business, other than Liens for Taxes not yet due and payable or which are being contested in good faith by appropriate proceedings and with respect to which adequate reserves have been established in accordance with GAAP.

Neither SpinCo nor any of the Transferred Subsidiaries is a party to or bound by any Tax-allocation, Tax-sharing or Tax-indemnification agreement or other similar contract or arrangement, other than (i) as of the Closing Date, the (i) Tax Matters Agreement, (ii) any such contract or arrangement pursuant to customary commercial agreements or arrangements entered into in the ordinary course of business and not primarily related to Taxes, or (iii) any such contract or arrangement that terminates at the Closing.

(j) The representations and warranties contained in this Section 4.16 (and, to the extent relating to Taxes, Section 4.17) constitute the sole and exclusive representations and warranties by the Company herein with respect to Tax matters. Section 4.17. *Employment and Employee Benefits Matters.* (a) Section 4.17(a) of the SpinCo Disclosure Schedule lists each material Tiger Benefit Plan. For each material Tiger Benefit Plan that SpinCo or any of the Transferred Subsidiaries will sponsor or maintain following the Closing, or with respect to which SpinCo or any of the Transferred Subsidiaries will have any liability following the Closing, the Company has made available to Parent a true and complete copy of such plan, all material amendments thereto, the most recent valuation report or financial statement and, if applicable, the most recently filed annual return/report (Form 5500). Notwithstanding the foregoing, in the case of Employee Agreements that are materially consistent with one another, Section 4.17(a) of the SpinCo Disclosure Schedule may list, and the Company may make available to Parent, templates of such Employee Agreements. For each Tiger Benefit Plan with respect to which SpinCo or any of the Transferred Subsidiaries will not have any liability following the Closing, the Company has made available to Parent a summary of the material terms of such plan.

Neither SpinCo nor any of its ERISA Affiliates sponsors, maintains, contributes to or has an obligation to contribute to, or has in the past six years sponsored, maintained, contributed to or had an obligation to contribute (b) to, any employee benefit plan subject to Title IV of ERISA, including any multiemployer plan as defined in Section 3(37) of ERISA, except as would not reasonably be expected to have, individually or in the aggregate, a Tiger Material Adverse Effect.

(c) Except would not reasonably be expected to have a Tiger Material Adverse Effect, each Tiger Benefit Plan that is intended to be qualified under Section 401(a) of the Code has received a favorable determination or opinion letter from the IRS or has applied to the IRS for such a letter within the applicable remedial amendment period or such period has not expired, and nothing has occurred since the date of any such determination or opinion letter that

could reasonably be expected to give the IRS

grounds to revoke such determination or opinion letter. Except as would not reasonably be expected to have a Tiger Material Adverse Effect, each Tiger Benefit Plan (i) if intended to qualify for special tax treatment, meets all the requirements for such treatment and (ii) if required to be funded, book-reserved or secured by an insurance policy, is funded, book-reserved, or secured by an insurance policy, as applicable, based on reasonable actuarial assumptions in accordance with applicable accounting principles.

Each Tiger Benefit Plan has been maintained, operated and administered in compliance with its terms and all Applicable Law, including ERISA and the Code, except for failures to comply or violations that would not reasonably be expected to have, individually or in the aggregate, a Tiger Material Adverse Effect. There have been no prohibited transactions or breaches of any of the duties imposed on fiduciaries (within the meaning of Section 3(21) of ERISA) by ERISA with respect to any Tiger Benefit Plan that would reasonably be expected to have, (d) individually or in the aggregate, a Tiger Material Adverse Effect. No Action (other than routine claims for benefits) is pending against or involves or, to the knowledge of SpinCo, is threatened against or threatened to involve, any Tiger Benefit Plan before any Governmental Authority, nor, to the knowledge of SpinCo, is there any basis for any such Action, in any case that would reasonably be expected to have, individually or in the aggregate, a Tiger Material Adverse Effect.

No Tiger Benefit Plan provides any post-retirement or post-termination of service medical, dental or life insurance (e) benefits to any current or former service provider (other than coverage mandated by Applicable Law), except as would not reasonably be expected to have, individually or in the aggregate, a Tiger Material Adverse Effect.

Except as would not reasonably be expected to have, individually or in the aggregate, a Tiger Material Adverse (f) Effect, all contributions, premiums and payments that are due have been made for each Tiger Benefit Plan within the time periods prescribed by the terms of such plan and Applicable Law.

Except as set forth in Section 4.17(g) of the SpinCo Disclosure Schedule, neither the execution of this Agreement or the Separation Agreement nor the consummation of the transactions contemplated hereby (either alone or together with any other event) will (i) entitle any Tiger Service Provider or any directors or consultants of SpinCo or any of the Transferred Subsidiaries (or any of their dependents) to any material payment or benefit or accelerate (g) the time of payment or vesting of any material compensation or benefits, in either case under any Tiger Benefit Plan or (ii) result in the payment of any amount under a Tiger Benefit Plan that would not be deductible by SpinCo or a Transferred Subsidiary as a result of Section 280G of the Code. Neither the Company nor any of its Subsidiaries has any obligation to gross-up, indemnify or otherwise reimburse any Tiger Service Provider for any material Tax incurred by such Tiger Service Provider under Section 409A or 4999 of the Code.

The Company and its Subsidiaries are conducting, and since January 1, 2015 have conducted, the Tiger Business in compliance with all Applicable Laws relating to labor and employment, including those relating to labor (h) management relations, wages, hours, overtime, discrimination, sexual harassment, civil rights, affirmative action, work authorization, immigration, safety and health and continuation coverage under group health plans, except for failures to comply or violations that would not reasonably be expected to have, individually or in the aggregate, a Tiger Material Adverse Effect.

Except as set forth in Section 4.17(i) of the SpinCo Disclosure Schedule, there is no formal union organizational campaigns or petitions or other material unionization activities seeking recognition of a bargaining unit in the Tiger Business, and no material unfair labor practice charges or other complaints or union representation questions are (i) before the National Labor Relations Board or other labor board or Governmental Authority that, in either case, would reasonably be expected to have a Tiger Material Adverse Effect. There is no material labor strike, slowdown or stoppage pending or, to SpinCo's knowledge, threatened against or affecting the Tiger Business.

Section 4.17(j) of the SpinCo Disclosure Schedule, sets forth a true and correct list of any and all applicable (j) collective bargaining, works council and other similar employee representative agreements (including agreements governed by Section 301 of the Labor Management Relations Act, 29 U.S.C. § 185) with any labor organization representing employees of the Tiger Business.

Third Party with terms that Parent determines in good faith are no less favorable to Parent than those contained in the Confidentiality Agreement and that include standstill obligations that Parent reasonably determines are customary and expressly allow Parent to comply with its obligations under this Section 7.04; *provided* that all such information (to the extent that such information has not been previously provided or made available to the Company) is provided or made available to the Company prior to or substantially concurrently with the time it is provided or made available to such Third Party; and

- (ii) Subject to compliance with Section 7.04(a) and Section 7.04(d), the Parent Board may make an Adverse Recommendation Change (A) following receipt of a Superior Proposal or (B) in response to an Intervening Event, in each case referred to in the foregoing clauses (i) and (ii) only if the Parent Board determines, after consultation with outside legal counsel and its financial advisor, that the failure to take such action would be inconsistent with its fiduciary duties under Delaware Law.

In addition, nothing contained herein shall prevent the Parent Board from complying with Rule 14e-2(a) under the 1934 Act with regard to an Acquisition Proposal so long as any action taken or statement made to so comply is consistent with this Section 7.04; *provided* that any such action taken or statement made that relates to an Acquisition Proposal shall be deemed to be an Adverse Recommendation Change unless the Parent Board reaffirms the Parent Board Recommendation in such statement or in connection with such action.

In addition, Parent shall notify the Company promptly (but in no event later than the next Business Day) after receipt by Parent (or any of its Representatives) of any Acquisition Proposal or any request for information relating to Parent or any of its Subsidiaries or for access to the business, properties, assets, books or records of Parent or any of its Subsidiaries by any Third Party that has made, is seeking to make or would reasonably be expected to make, an Acquisition Proposal. Parent shall provide such notice orally and in writing and shall identify the Third Party making, and the terms and conditions of, any such Acquisition Proposal, indication or request. Parent shall keep the Company reasonably informed, on a prompt basis, of the status and details of any such Acquisition Proposal, indication or request and shall promptly (but in no event later than the next Business Day after receipt) provide to the Company copies of all correspondence and written materials sent or provided to Parent or any of its Subsidiaries or any of its or their Representatives that describes any material terms or conditions of any Acquisition Proposal (as well as written summaries of any oral communications addressing such matters). Any material amendment to any Acquisition Proposal will be deemed to be a new Acquisition Proposal for purposes of Parent's compliance with this Section 7.04(c).
- (c) Further, the Parent Board shall not make an Adverse Recommendation Change, unless (i) if such Adverse Recommendation Change is to be taken in circumstances involving or relating to an Acquisition Proposal, such Acquisition Proposal constitutes a Superior Proposal, (ii) Parent promptly provides written notice to the Company at least five Business Days before taking such action of its intention to do so, containing (A) in the case of any action intended to be taken in circumstances involving an Acquisition Proposal, the material terms of such Acquisition Proposal, including the most current version of the proposed agreement under which such Acquisition Proposal is proposed to be consummated and the identity of the Third Party making the Acquisition Proposal or (B) in the case of any action to be taken in circumstances where there has been an Intervening Event, a reasonably detailed description of the underlying facts giving rise to, and the reasons for taking, such action, and (iii) the Company does not make, within five Business Days after its receipt of that written notification, an offer that (A) in the case of any action intended to be taken in circumstances involving an Acquisition Proposal, is at least as favorable to the stockholders of Parent as such Acquisition Proposal (it being understood and agreed that any amendment to the financial terms or other material terms of such Acquisition Proposal shall require a new written notification from Parent and will give rise to an additional notice period under this Section 7.04(d) ending on the later of (x) the expiration of the original five Business Day notice period and (y) three Business Days following such new written notification) or (B) in the case of any action to be taken in circumstances where there has been an

Intervening Event, obviates the need for taking such action. Parent agrees that, during the five-Business

Day period referred to in this Section 7.04(d) (and three Business Day period in respect of a subsequent revised Acquisition Proposal), Parent and its Representatives shall negotiate in good faith with the Company and its Representatives regarding any revisions proposed by the Company to the terms of the transactions contemplated by this Agreement.

For purposes of this Agreement, **Superior Proposal** means an unsolicited written Acquisition Proposal for a majority of the outstanding shares of Parent Common Stock or a majority of the consolidated assets of Parent and its Subsidiaries on terms that the Parent Board determines by a majority vote, after considering the advice of a financial advisor and outside legal counsel and taking into account all the terms and conditions of the Acquisition Proposal, including any break-up fees, expense reimbursement provisions and conditions to consummation (and (e) expected timing of consummation relative to the transactions contemplated by this Agreement), are more favorable to Parent's stockholders than as provided hereunder (taking into account any proposal by the Company to amend the terms of this Agreement pursuant to Section 7.04(d)), which the Parent Board determines is reasonably likely to be consummated and for which financing, if a cash transaction (whether in whole or in part), is then fully committed or reasonably determined to be available by the Parent Board.

For purposes of this Agreement, **Intervening Event** means material events or changes in circumstances (i) the existence or consequences of which were not known to, or reasonably foreseeable by, Parent as of or prior to the date hereof and (ii) that do not relate to or involve any Acquisition Proposal; *provided* that in no event shall any changes resulting from the following constitute or be deemed to contribute to or otherwise be taken into account in determining whether there has been an Intervening Event: (A) changes (or proposed changes) in GAAP, the regulatory accounting requirements applicable to any industry in which the Company, SpinCo or any of their respective Subsidiaries operate or Applicable Law, in each case to the extent affecting the Tiger Business, (B) changes in the financial, credit or securities markets (including changes in prevailing interest rates, credit availability and liquidity, currency exchange rates, price levels or trading volumes in any securities market) or general economic or political conditions, in each case to the extent affecting the Tiger Business, (C) changes or conditions generally affecting the industry or segments thereof in which the Company, SpinCo or any of their respective Subsidiaries operate, in each case to the extent affecting the Tiger Business, (D) acts of war, sabotage or terrorism or natural disasters, in each case to the extent affecting the Tiger Business, (E) the announcement of the (f) transactions contemplated by this Agreement, the Separation Agreement or any Ancillary Agreement (including the Internal Reorganization, the SpinCo Transfer, the Direct Sale, the Distribution and the Merger) or the identity of the parties hereto, including, in each case, with respect to employees, customers, distributors, suppliers, financing sources, landlords, licensors and licensees, (F) (1) any failure by Parent or any of its Subsidiaries, the Company or any of its Subsidiaries or the Tiger Business to meet any internal or published budgets, projections, forecasts or predictions of financial performance for any period or (2) any change in Parent's or the Company's stock price or trading volume (it being understood that the underlying cause of, or factors contributing to, any such failure or change referred to in clause (1) or (2) may be taken into account in determining whether an Intervening Event has occurred, unless such underlying cause or factor would otherwise be excepted by another clause of this definition), (G) actions required or expressly contemplated by this Agreement to be taken by Parent, Merger Sub, the Company, SpinCo or any of their respective Affiliates, (H) actions taken by the Company, SpinCo or any of their respective Affiliates at the written direction of, or with the written consent of, Parent or (I) any stockholder or derivative litigation arising from or relating to this Agreement or the transactions contemplated hereby.

Parent shall, and shall cause its Subsidiaries and its and their Representatives to, cease immediately and cause to be terminated any and all existing activities, discussions or negotiations, if any, with any Third Party and its Representatives conducted prior to the date hereof with respect to any Acquisition Proposal and shall use its (g) reasonable best efforts to cause any such Third Party (together with its Representatives) that has executed a confidentiality agreement within the 12-month period prior to the date hereof and that is in possession of confidential information heretofore furnished by or on behalf of Parent or any of its Subsidiaries (and all analyses and other materials prepared by or on behalf of such Person that contains, reflects or analyzes that information) to return or destroy all such information as

promptly as practicable. Parent represents and warrants to the Company that, during the 12-month period prior to the date hereof, neither it nor any of its Subsidiaries has granted any waiver or release under any standstill or similar agreement with respect to any class of equity securities of Parent or any of its Subsidiaries.

(h) Parent shall promptly inform its directors, officers and financial advisors, and shall cause its Subsidiaries promptly to inform their respective directors, officers and financial advisors, of the obligations under this Section 7.04.

Section 7.05. *Obligations of Merger Sub.* Parent shall take all action necessary to cause Merger Sub to perform its obligations under this Agreement and to consummate the Merger on the terms and conditions set forth in this Agreement.

For six years after the Effective Time, Parent shall cause to be maintained in effect provisions in the Surviving Corporation's and each Transferred Subsidiary's certificate of incorporation and bylaws (or in such documents of any successor to the business of the Surviving Corporation or any Transferred Subsidiary) regarding elimination of liability of directors, indemnification of officers, directors and employees and advancement of expenses that are no less advantageous to the intended beneficiaries than the corresponding provisions in existence on the date of this Agreement.

(b) If Parent, the Surviving Corporation or any of its successors or assigns (i) consolidates with or merges into any other Person and shall not be the continuing or surviving corporation or entity of such consolidation or merger, or (c)(ii) transfers or conveys all or substantially all of its properties and assets to any Person, then, and in each such case, proper provision shall be made so that the successors and assigns of Parent or the Surviving Corporation, as the case may be, shall assume the obligations set forth in this Section 7.06.

The rights of each Indemnified Person under this Section 7.06 shall be in addition to any rights such Person may have under the certificate of incorporation or bylaws of SpinCo or any of its Subsidiaries, or under Delaware Law (d) or any other Applicable Law or under any agreement of any Indemnified Person with SpinCo or any of the Transferred Subsidiaries. These rights shall survive consummation of the Merger and are intended to benefit, and shall be enforceable by, each Indemnified Person.

Any investigation pursuant to this Section 7.09 shall be conducted in such manner as not to interfere unreasonably with the conduct of the business of Parent and its Subsidiaries. Notwithstanding the foregoing, Parent shall not be required to provide or cause to be provided access to or disclose or

cause to be disclosed information where such access or disclosure would jeopardize the attorney-client privilege, contravene any Applicable Law or contravene any confidentiality undertaking.

Any information obtained pursuant to this Section 7.09 shall be subject to the Confidentiality Agreement, *provided* (b) that the term thereof shall be deemed to extend through the second anniversary of this Agreement in respect of such information.

Section 7.10. *Takeover Statutes.* If any fair price, moratorium, control share acquisition, business combination or other form of antitakeover Applicable Law shall become applicable to the transactions contemplated hereby, Parent, Merger Sub and their respective boards of directors shall use all reasonable efforts to grant such approvals and take such actions as are reasonably necessary so that the transactions contemplated hereby may be consummated as promptly as practicable on the terms contemplated hereby and otherwise act to eliminate or minimize the effects of such statute or regulation on the transactions contemplated hereby.

Section 7.11. *Defense of Litigation.* On a reasonably prompt basis, Parent shall keep the Company apprised in the defense of any Action brought by stockholders of Parent or in the name of Parent against Parent and/or its directors relating to the transactions contemplated by this Agreement, including the Merger; *provided* that, prior to the Effective Time, Parent shall not compromise, settle, come to an arrangement regarding or agree to compromise, settle or come to an arrangement regarding any such Action arising or resulting from the transactions contemplated by this Agreement or consent to the same, without the prior written consent of the Company (not to be unreasonably withheld, conditioned or delayed) if such compromise, settlement or arrangement would reasonably be expected to have a materially adverse economic effect on Parent or a material adverse effect on the ability of the parties to perform their respective obligations hereunder, or to consummate the transactions contemplated hereby in a timely manner.

Section 7.12. *Release from Credit Support Instruments.* (a) Parent shall, and shall cause its Subsidiaries to, use reasonable best efforts to secure the unconditional release of the Company and its Subsidiaries (other than SpinCo and the Transferred Subsidiaries) from the Company Credit Support Instruments, including those identified on Section 7.12 of the SpinCo Disclosure Schedule, at or prior to the Closing Date, including effecting such release by providing guarantees or other credit support and causing Parent or one of its Affiliates to be substituted in all respects for each of the Company or any of its Subsidiaries (other than SpinCo and the Transferred Subsidiaries) that is party to such Company Credit Support Instruments, so that Parent or its applicable Affiliate shall be solely responsible for the obligations of such Company Credit Support Instruments; provided, however, that any such release or substitution must be effected pursuant to documentation reasonably satisfactory in form and substance to the Company. From and after the Effective Time, Parent shall not, and shall not permit any of its Affiliates to, (i) renew or extend the term of; or (ii) increase its obligations under, or transfer to a third party, any loan, contract or other obligation for which the Company or any of its Subsidiaries is or could reasonably be expected to be liable under any Company Credit Support Instrument. All costs and expenses incurred by any party in connection with the release or substitution of such Company Credit Support Instruments shall be borne by Parent. From and after the Closing, Parent shall indemnify the Company and its Subsidiaries fully in respect of any and all liabilities, claims, losses, damages, costs, expenses, interest, awards, judgments and penalties (including reasonable attorneys' and consultants' fees and expenses) incurred by such Person to the extent arising from any Company Credit Support Instruments from and after the Closing.

Notwithstanding anything herein to the contrary, the parties acknowledge and agree that at any time on or after the Closing Date, (i) the Company may, in its sole discretion, take any action to terminate, obtain release of or otherwise limit its liability under any and all outstanding Company Credit Support Instruments and (ii) neither the (b) Company nor any of its applicable Affiliates will have any obligation to renew any guarantees, letters of credit, comfort letters, bonds, sureties or other credit support or assurances issued on behalf of any of SpinCo, the Transferred Subsidiaries or the Tiger Business after the expiration thereof.

Covenants of Parent, the Company and SpinCo

Section 8.01. *Reasonable Best Efforts.* (a) Subject to the terms and conditions of this Agreement and the Separation Agreement, the Company, SpinCo and Parent shall use their reasonable best efforts to take, or cause to be taken, all actions and to do, or cause to be done, all things necessary, proper or advisable under Applicable Law to consummate the transactions contemplated by this Agreement, the Separation Agreement and the Ancillary Agreements, including (i) preparing and filing as promptly as practicable with any Governmental Authority or other third party all documentation to effect all necessary filings, notices, petitions, statements, registrations, submissions of information, applications and other documents and (ii) obtaining and maintaining all approvals, consents, registrations, permits, authorizations and other confirmations required to be obtained from any Governmental Authority or other third party that are necessary, proper or advisable to consummate the transactions contemplated by this Agreement, the Separation Agreement and the Ancillary Agreements.

(b) In furtherance and not in limitation of the foregoing, each of Parent, the Company and SpinCo shall:

- (A) cooperate with each other party in determining whether any applications, notices, registrations and requests are required or advisable to be filed with any Governmental Authority in order to consummate the transactions contemplated hereby; (B) file, individually or jointly, as appropriate, such applications, notices, registrations and requests as may be required or advisable to be filed by it with any Governmental Authority in order to consummate the transactions contemplated hereby, including (1) an appropriate filing of a notification and report form or forms, as applicable, pursuant to the HSR Act with respect to the transactions contemplated hereby, as promptly as practicable and (2) any other filings and clearances or expiration of waiting periods required in order to consummate the transactions contemplated hereby, as promptly as practicable; and (C) supply as promptly as practicable any additional information and documentary material that may be requested by any such Governmental Authority;

- (iii) consult with and keep the other parties hereto informed as to the status of such matters.

The parties shall share the right to control and direct the process by which the parties seek to obtain the approvals, consents, registrations, permits, authorizations and other confirmations contemplated by this Section 8.01; *provided, however*, that, following consultation with the Company and after giving due consideration to the Company's views, Parent, acting reasonably and in good faith, shall have the right to determine the strategy and implementation of the strategy for obtaining any and all necessary antitrust consents or approvals. No party shall meet or engage in material conversations with any Governmental Authority or representative of such Governmental Authority in connection with obtaining any such consent, authorization, order and approval unless, to the extent reasonably practicable, it consults with the other party in advance and, to the extent not precluded by Applicable Law or regulation, offers the other party the opportunity to participate in such meeting or conversation. The

parties hereto shall not, and shall cause their respective Affiliates not to, take, refrain from taking or cause to be taken any action that it is aware or should reasonably be aware would have the effect of delaying, impairing or impeding the receipt of any consent, authorization, order or approval of any Governmental Authorities.

Notwithstanding anything in this Section 8.01 to the contrary, Parent shall not be required in connection with its efforts to obtain any antitrust consents or approvals, to (i) litigate, appeal any such litigation, or enter into any settlement, undertaking, consent decree, stipulation or agreement with any Governmental Authority in connection with the transactions contemplated hereby, or (ii) effect any disposition, licensing or holding separate of assets or lines of business or taking any other action (or otherwise agreeing to do any of the foregoing) with respect to any of its or any of its Affiliates' business, assets or properties or the Tiger Business in connection with its efforts to obtain any antitrust consents or approvals. Notwithstanding anything in this Section 8.01 to the contrary, neither the Company nor SpinCo shall be required, in connection with its efforts to obtain any antitrust consents or (d) approvals, to (x) litigate, appeal any such litigation, or enter into any settlement, undertaking, consent decree, stipulation or agreement with any Governmental Authority in connection with the transactions contemplated hereby except that Parent and SpinCo shall be required to litigate, or appeal any such litigation, to the extent reasonably directed to do so by Parent in the Parent's exercise of its authority pursuant to Section 8.01(c), (y) effect any disposition, licensing or holding separate of assets or lines of business or taking any other action (or otherwise agreeing to do any of the foregoing) with respect to any of its or any of its Affiliates' business, assets or properties other than the Tiger Business as set forth in the following clause, or (z) effect any disposition, licensing or holding separate of assets or lines of business or taking any other action (or otherwise agreeing to do any of the foregoing) with respect to the Tiger Business that is not in any such case conditioned on the occurrence of the Closing.

Section 8.02. Registration Statements; Proxy Statement; Schedule TO. (a) As promptly as reasonably practicable following receipt by Parent of the Initial Audited Financial Statements and the Initial Interim Financial Statements contemplated by Section 6.05, to the extent such filings are required by Applicable Law in connection with the transactions contemplated by this Agreement, (i) the Company, SpinCo, Parent and Merger Sub shall jointly prepare, and Parent shall file with the SEC, a proxy statement relating to the Parent Stockholder Approval (together with all supplements and amendments thereto, the **Proxy Statement**) and a registration statement on Form S-4 to register under the 1933 Act the Parent Share Issuance (together with all supplements, amendments, prospectuses and/or information statements, the **Parent Registration Statement**), (ii) the Company, SpinCo, Parent and Merger Sub shall jointly prepare, and SpinCo shall file with the SEC, a registration statement on such Form(s) as shall be required under applicable SEC rules and regulations to register under the 1933 Act or the 1934 Act, as applicable, the SpinCo Common Stock to be distributed in the Distribution (together with all supplements, amendments, prospectuses and/or information statements, the **SpinCo Registration Statement** and, together with the Parent Registration Statement, the **Registration Statements**), and (iii) if the Distribution is effected in whole or in part as an exchange offer, the Company shall prepare and file with the SEC, when and as required, a Schedule TO and other filings pursuant to Rule 13e-4 under the 1934 Act (collectively, the **Schedule TO**). Each of the Company, SpinCo, Parent and Merger Sub shall use its reasonable best efforts to have the Registration Statements filed with the SEC declared effective under the 1933 Act or become effective under the 1934 Act, as applicable, as promptly as practicable after such filing, and Parent shall use its reasonable best efforts to cause the Proxy Statement to be mailed to the holders of Parent Common Stock as promptly as practicable following the date on which the SEC clears (whether orally or in writing) the Proxy Statement and, if required by the SEC as a condition to the mailing of the Proxy Statement, the Parent Registration Statement is declared effective. Each of Parent and SpinCo and the Company shall also take any action required to be taken under any applicable state securities laws in connection with, in the case of Parent, the Parent Share Issuance and, in the case of the Company, the issuance and distribution of the SpinCo Common Stock in the Distribution and, if applicable, the exchange of SpinCo Common Stock pursuant to the Exchange Offer. The parties hereto shall cooperate in preparing and filing with the SEC the Proxy Statement, the Registration Statements, the Schedule TO and any necessary amendments or supplements thereto. Parent and Merger Sub shall furnish all information concerning Parent and its Subsidiaries, and the Company and SpinCo shall furnish all information concerning the Company, SpinCo, the Tiger Business and the Transferred Subsidiaries, as may be reasonably requested by the other parties hereto in

connection with the preparation, filing and distribution of the Proxy Statement, the Registration Statements, the Schedule TO and any necessary

amendments or supplements thereto. None of the Proxy Statement, the Registration Statements, the Schedule TO or any amendment or supplement thereto shall be filed or mailed to stockholders without the written consent of all of the parties hereto (such consent not to be unreasonably withheld, conditioned or delayed), except as required by Applicable Law or in connection with an Adverse Recommendation Change in accordance with Section 7.04; provided that neither Parent nor Merger Sub shall have any right to consent to the filing of the Schedule TO or any amendment or supplement thereto to the extent the terms thereof are consistent with Article 3 of the Separation Agreement.

The Proxy Statement shall (i) state that the Parent Board has approved this Agreement and the transactions contemplated hereby and approved the Parent Share Issuance and the Parent Charter Amendment, and (ii) include (b) the Parent Board Recommendation (except to the extent that Parent effects an Adverse Recommendation Change in accordance with Section 7.04).

Parent and the Company, as applicable, shall advise the other promptly after receiving oral or written notice of (i) the time when a Registration Statement has become effective or any supplement or amendment to the Proxy Statement or a Registration Statement has been filed, (ii) the issuance of any stop order, (iii) the suspension of the qualification for offering or sale in any jurisdiction of the Parent Common Stock issuable in connection with the Merger or the SpinCo Common Stock issuable in connection with the Distribution, or (iv) any oral or written request by the SEC for amendment of the Proxy Statement, a Registration Statement or the Schedule TO or SEC (c) comments thereon or requests by the SEC for additional information. Parent and the Company shall promptly provide each other with copies of any written communication from the SEC and convey to each other summaries of any oral communications with the SEC, in each case, with respect to the Proxy Statement, the Registration Statements or the Schedule TO and shall cooperate to prepare appropriate responses thereto (and will provide each other with copies of any such responses given to the SEC) and make such modifications to the Proxy Statement, the Registration Statements and the Schedule TO as shall be reasonably appropriate.

If, at any time prior to the Effective Time, any event or circumstance shall be discovered by a party hereto that should be set forth in an amendment or a supplement to a Registration Statement, the Proxy Statement or the Schedule TO so that any such document would not include any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the (d) circumstances under which they were made, not misleading, such party shall promptly inform the other parties hereto and the parties hereto shall cause an appropriate amendment or supplement describing such information to be promptly filed with the SEC and, to the extent required by Applicable Law, disseminated to stockholders.

In connection with the filing of the Proxy Statement, the Registration Statements, the Schedule TO and other SEC filings contemplated hereby, each of the Company and Parent shall use its reasonable best efforts to (i) cooperate with the other to prepare pro forma financial statements that comply with the rules and regulations of the SEC to (e) the extent required for such filings, including the requirements of Regulation S-X and (ii) provide and make reasonably available upon reasonable notice the senior management employees of the Company or Parent, as the case may be, to discuss the materials prepared and delivered pursuant to this Section 8.02(e).

Section 8.03. *Public Announcements.* Parent, the Company, SpinCo and Merger Sub shall use their reasonable best efforts to consult with each other before issuing any press release, having any communication with the press (whether or not for attribution), making any other public statement or scheduling any press conference or conference call with investors or analysts with respect to this Agreement or the transactions contemplated hereby and, except in respect of any public statement or press release as either Parent or the Company may determine is required by Applicable Law or any listing agreement with or rule of any national securities exchange or association, shall not issue any such press release or make any such other public statement or schedule any such press conference or conference call before such consultation.

Section 8.04. *Further Assurances.* At and after the Effective Time, the officers and directors of the Surviving Corporation shall be authorized to execute and deliver, in the name and on behalf of SpinCo or Merger Sub, any

deeds, bills of sale, assignments or assurances and to take and do, in the name and on behalf of SpinCo

Section 8.05. *Notices of Certain Events.* Each of the Company and Parent shall promptly notify the other of:

- (a) any notice or other communication from any Person alleging that the consent of such Person is or may be required in connection with the transactions contemplated by this Agreement;
- (b) any notice or other communication from any Governmental Authority in connection with the transactions contemplated by this Agreement; and
any Actions commenced or, to its knowledge, threatened against, relating to or involving or otherwise affecting the
- (c) Tiger Business or Parent or any of its Subsidiaries, as the case may be, that, if pending on the date of this Agreement, would have been required to have been disclosed pursuant to any Section of this Agreement or that relate to the consummation of the transactions contemplated by this Agreement.

Section 8.06. *Confidentiality.* Subject to Section 8.11(d), the terms of the Confidentiality Agreement are incorporated herein by reference and shall continue in full force and effect until the later of (a) the expiration of the Confidentiality Agreement in accordance with its terms and (b) the second anniversary of the date hereof; provided, however, that, upon the Closing, the confidentiality obligations of Parent contained in the Confidentiality Agreement shall terminate in respect of that portion of the Evaluation Material (as defined in the Confidentiality Agreement) exclusively relating to the Tiger Business. Parent and the Company agree that the terms of the Confidentiality Agreement are hereby amended by the preceding sentence and Section 8.11(d).

Section 8.07. *Tax Matters.* (a) This Agreement is intended to constitute a plan of reorganization within the meaning of Treasury Regulations sections 1.368-2(g) and 1.368-3 and the parties hereto hereby adopt it as such. From and after the date of this Agreement and until the Effective Time, each party hereto shall use its reasonable best efforts to ensure the Tax-Free Status of the External Transactions, including causing each of the Distribution and the Merger to qualify, and will not knowingly take any action, cause or permit any action to be taken, fail to take any action or cause any action to fail to be taken, which action or failure to act could prevent the Tax-Free Status of the External Transactions, including preventing the Distribution from qualifying as a distribution to which Section 355(a) of the Code applies or the Merger from qualifying as a reorganization within the meaning of Section 368(a) of the Code. Following the Effective Time, none of the Company, the Surviving Corporation, Parent nor any of their respective Affiliates shall knowingly take any action, cause or permit any action to be taken, fail to take any action or cause any action to fail to be taken, which action or failure to act could cause the Distribution to fail to qualify as a distribution to which Section 355(a) of the Code applies or the Merger to fail to qualify as a reorganization within the meaning of Section 368(a) of the Code or otherwise prevent the parties from achieving the Tax-Free Status of the External Transactions. Notwithstanding the foregoing, neither the taking of any action expressly required to be taken by, nor the failure to take any action expressly prohibited by, this Agreement, the Separation Agreement, the Tax Matters Agreement or the Ancillary Agreements shall be a breach of this Section 8.07(a).

- (b) Parent and the Company shall cooperate and use their respective reasonable best efforts in order for (i) Parent to obtain the opinion of Parent Tax Counsel (or, if Parent Tax Counsel is unwilling or unable to issue the opinion, a written opinion of an Alternative Tax Counsel reasonably acceptable to Parent and the Company), in form and substance reasonably acceptable to Parent, dated as of the Closing Date, to the effect that, on the basis of the facts and customary representations and assumptions set forth or referred to in such opinion and the Tax Representation Letters and on the assumption that the conclusion in clause (iii) of this Section 8.07(b) is correct, for U.S. federal income Tax purposes the Merger will qualify as a reorganization within the meaning of Section 368(a) of the Code and that each of Parent, Merger Sub and SpinCo will be a party to the reorganization within the meaning of Section 368(b) of the Code (the **Parent Merger Tax Opinion**); (ii) the Company to obtain the opinion of Company Tax Counsel (or, if Company Tax Counsel is unwilling or unable to issue the opinion, a written opinion of an

Alternative Tax Counsel reasonably acceptable to Parent and the Company), in form and substance reasonably acceptable to the Company, dated as of the Closing Date, to the effect that, on the basis of the facts and customary representations and assumptions set forth or

referred to in such opinion and the Tax Representation Letters and on the assumption that the conclusion in clause (iii) of this Section 8.07(b) is correct, for U.S. federal income Tax purposes the Merger will qualify as a reorganization within the meaning of Section 368(a) of the Code and that each of Parent, Merger Sub and SpinCo will be a party to the reorganization within the meaning of Section 368(b) of the Code (the **Company Merger Tax Opinion**); (iii) the Company to obtain the opinion of Company Tax Counsel (or a written opinion of an Alternative Separation Opinion Tax Counsel in the event that either (x)(I) the Ruling has been received but (II) Company Tax Counsel is unwilling or unable to issue the opinion or (y)(I) the Ruling has not been received and the transaction is required to be restructured pursuant to Section 8.07(f) but (II) Company Tax Counsel is unwilling or unable to issue the opinion with respect to such restructured transaction), in form and substance reasonably acceptable to the Company, dated as of the Closing Date, on the basis of the facts and customary representations and assumptions set forth or referred to in such opinion and the Tax Representation Letters, as to the Tax-Free Status of the External Transactions, including that for U.S. federal income Tax purposes, (A) the SpinCo Transfer and Distribution, taken together, will constitute a reorganization within the meaning of Section 368(a) of the Code and each of the Company and SpinCo will be a party to the reorganization within the meaning of Section 368(b) of the Code and (B) the Distribution, as such, will qualify as a distribution of the SpinCo Common Stock to the Company's shareholders pursuant to Section 355(a) of the Code (the **Company Separation Tax Opinion** and, together with the Company Merger Tax Opinion, the **Company RMT Tax Opinions**); and (iv) any Tax opinions required to be filed with the SEC in connection with the filing of the Registration Statement to be timely filed. In the event that any party becomes aware of any fact that may be inconsistent with the Tax-Free Status of the External Transactions, such party shall, as soon as practicable, notify the other parties of such fact.

Parent, the Company and SpinCo, and others, if required, shall execute and deliver to Company Tax Counsel, Parent Tax Counsel, an Alternative Tax Counsel or an Alternative Separation Opinion Tax Counsel, as the case may be, the Tax Representation Letters as of (i) the Closing Date and (ii) the date for filing any Tax opinion required to be filed with the SEC in connection with the filing of either of the Registration Statements; provided, (c) however, that (x) it shall not be a breach of this Section 8.07(c) if a Person is unable to make a representation by reason of the fact that such Person does not believe such representation to be accurate and (y) each of the Company and Parent, respectively, shall be entitled to a reasonable amount of time to provide the other party with written comments to the Tax Representation Letters in support of the Company RMT Tax Opinions and the Parent Merger Tax Opinion, respectively.

Immediately prior to the Closing, the Company shall, or shall cause SpinCo to, deliver to Parent (i) a certificate from SpinCo, dated as of the Closing Date and prepared in accordance with Treasury Regulations sections 1.897-2(h) and 1.1445-2(c)(3), stating that equity interests in SpinCo are not United States real property interests, (d) together with (ii) notice of such certificate to the IRS in accordance with Treasury Regulations section 1.897-2(h) (which notice shall be mailed to the IRS by SpinCo following the Closing in accordance with Treasury Regulations section 1.897-2(h)), in case of clause (i) and (ii), in form and substance reasonably acceptable to Parent. (e) Section 3 of the Form of Tax Matters Agreement is hereby incorporated in and made a part of this Agreement as if set forth in full herein.

In the event that the Ruling has not been obtained at the time that all of the conditions set forth in Article 9 (other than the Company Separation Tax Opinion Condition) have been satisfied or, to the extent permissible, waived by the party or parties entitled to the benefit of such conditions or, with respect to conditions that by their nature are to be satisfied at the Closing, are able to be satisfied at such time (the date on which such time occurs, as mutually agreed in good faith by the parties, the **Restructuring Commencement Date**), then (x) the Company shall (f) distribute (and not retain) such number of shares of SpinCo Common Stock as would permit the Company Separation Tax Opinion to be issued without receipt of the Ruling, and (y) if and to the extent consistent with the satisfaction of the Company Separation Tax Opinion Condition, the Company and Parent shall modify the Internal Reorganization such that the amount of the Basis Adjustments (as defined in the Form of Tax Matters Agreement) approximates as closely as reasonably possible the amount of Basis Adjustments that

A-53

would have resulted if the Section 336(e) Elections (as defined in the Form of Tax Matters Agreement) had been made (and the parties agree to negotiate in good faith any amendments to this Agreement, the Separation Agreement and any Ancillary Agreement that are necessary or appropriate as a result of the foregoing restructuring and/or modification); *provided* that, if Company Tax Counsel, after consulting with Parent Tax Counsel, reasonably determines that the Ruling will be obtained within 30 days following the Restructuring Commencement Date and delivers to Parent a written notice to this effect, then the Restructuring Commencement Date shall, on a single occasion, be postponed for 30 days.

Except as otherwise expressly provided herein, this Agreement shall not govern Tax matters (including any (g) administrative, procedural and related matters thereto), which shall be exclusively governed by the Tax Matters Agreement.

Section 8.08. *Section 16 Matters.* Prior to the Effective Time, each party shall take all such steps as may be required to cause any dispositions of SpinCo Common Stock (including derivative securities with respect to SpinCo Common Stock) or acquisitions of Parent Common Stock (including derivative securities with respect to Parent Common Stock) resulting from the transactions contemplated by Article 2 of this Agreement by each individual who is subject to the reporting requirements of Section 16(a) of the 1934 Act with respect to SpinCo and will become subject to such reporting requirements with respect to Parent to be exempt under Rule 16b-3 promulgated under the 1934 Act.

Section 8.09. *Control of other Party's Business.* Nothing contained in this Agreement shall give the Company or SpinCo, directly or indirectly, the right to control or direct any of the operations of Parent or its Subsidiaries prior to the Closing. Nothing contained in this Agreement shall give Parent or Merger Sub, directly or indirectly, the right to control or direct any of the operations of the Company, SpinCo, the Transferred Subsidiaries or the Tiger Business prior to the Closing. Prior to the Closing, each of the Company, SpinCo, Parent and Merger Sub shall exercise, consistent with the terms and conditions of this Agreement, complete control and supervision over its own operations.

Section 8.10. *Further Actions.* (a) Subject to the terms and conditions hereof, the parties hereto shall, and shall cause their respective Affiliates to, use their respective reasonable best efforts to take, or cause to be taken, all appropriate action, to do, or cause to be done, and to assist and cooperate with the other parties hereto in doing, all things necessary, proper or advisable under Applicable Law to execute and deliver the Ancillary Agreements and such other documents and other papers as may be required to carry out the provisions of this Agreement and to consummate and make effective the transactions contemplated by this Agreement. Prior to the Closing, (i) SpinCo shall not waive compliance with any of the agreements or conditions contained in the Separation Agreement without the prior written consent of Parent; and (ii) any consent, approval, authorization or similar action to be taken by SpinCo under the Separation Agreement shall be subject to the prior written consent of Parent.

Subject to the applicable terms of the Separation Agreement, from time to time after the Closing, without additional consideration, each party hereto shall, and shall cause its Affiliates to, execute and deliver such further (b) instruments and take such other action as may be necessary or is reasonably requested by another party hereto to make effective the transactions contemplated by this Agreement and the Separation Agreement.

(c) Following the Closing, Parent shall take all action necessary to cause SpinCo and the Transferred Subsidiaries to perform their respective obligations under the Ancillary Agreements.

(d) From and after the Closing Date, the Company shall take such reasonable steps and actions, upon Parent's reasonable request and at Parent's sole cost and expense, to assist Parent in making any corrective changes of ownership filings and records with all applicable patent, trademark, and copyright offices and domain name registrars and other similar authorities (**Corrective Changes**) as may be necessary to correct any break or discrepancy in the chain of title for any material registered Tiger Intellectual Property Rights, including executing and delivering any applicable documents to effect any such Corrective Change. From and after the Closing, at Parent's sole cost and expense, Parent shall be responsible for recording, and upon Parent's reasonable request, the Company shall cooperate with SpinCo and the Transferred Subsidiaries to record, the assignment of any applicable

Tiger Intellectual Property Rights to the applicable Transferred Subsidiary or Subsidiary of Parent.

Section 8.11. *Financing*. (a) Subject to Section 8.11(b)(ii), Parent shall, and shall cause its Subsidiaries to, use reasonable best efforts to take (or cause to be taken) all actions necessary, proper or advisable to arrange as promptly as reasonably practicable prior to the Closing (i) the Financing on the terms and conditions set forth in the Parent Commitment Letter (including any market flex provisions included in the Fee Letters) or on such other terms that would not be prohibited by Section 8.11(b) or (ii) in the event all or any portion of the Financing pursuant to the Parent Commitment Letter becomes unavailable (other than as a result of the existence of Parent Financing permitted pursuant to Section 8.11(b)(ii)), the Alternative Financing on the terms and conditions set forth in the Alternative Commitment Letter (including any market flex provisions included in any fee letter relating thereto) or on such other terms as would not be prohibited by Section 8.11(b)). Subject to Section 8.11(b)(ii), Parent shall, and shall cause its Subsidiaries to, use reasonable best efforts to (A) maintain the Parent Commitment Letter in effect until the earlier of the initial funding of the Financing or the effectiveness of the Financing Agreements (as defined below), (B) negotiate definitive agreements with respect to the Financing, on the terms and conditions contained in the Parent Commitment Letter (including any market flex provisions included in the Fee Letters) or on such other terms that would not be prohibited by Section 8.11(b) (the **Financing Agreements**), and upon the effectiveness thereof, maintain the Financing Agreements in effect until the initial funding of the Financing, (C) comply with the obligations that are set forth in the Parent Commitment Letter that are applicable to Parent or any Subsidiary of Parent and satisfy on a timely basis all conditions precedent to the availability of the Financing set forth in the Parent Commitment Letter and the Financing Agreements that are within its control, and (D) fully enforce the rights of Parent under the Parent Commitment Letter and the Financing Agreements. In the event the Financing in the amounts set forth in the Parent Commitment Letter or the Financing Agreements, or any portion thereof, becomes unavailable, or it becomes reasonably likely that it may become unavailable, on the terms and conditions contemplated in the Parent Commitment Letter (including any market flex provisions included in the Fee Letters) or the Financing Agreements (in each case, other than as a result of the existence of Parent Financing permitted pursuant to Section 8.11(b)(ii)), Parent shall, and shall cause its Subsidiaries to, use reasonable best efforts to obtain promptly alternative financing, from the same or alternative financing sources, in an amount sufficient, when added to the portion of the Financing that is available, to allow Parent or its applicable Subsidiary to pay all of the Financing Obligations (the **Alternative Financing**) and which Alternative Financing shall not contain conditions precedent to the funding thereof that are less favorable to Parent than the conditions precedent with respect to the Financing set forth in the Parent Commitment Letter and to obtain, and, when obtained, to provide promptly to the Company a copy of, a new financing commitment that provides for such Alternative Financing (the **Alternative Commitment Letter**) and to negotiate definitive agreements with respect thereto on the terms and conditions contained therein (the **Alternative Financing Agreements**); *provided* that the terms of any Alternative Financing must be (x) consistent with the Tax-Free Status, as reasonably determined by the Company, and (y) subject to written approval by the Company, whose approval shall not be unreasonably withheld or delayed. In the event any Alternative Financing is obtained, any reference in this Agreement to Financing shall include such Alternative Financing, any reference to Parent Commitment Letter shall include the Alternative Commitment Letter with respect to such Alternative Financing, any reference to Lenders shall include the financial institutions providing such Alternative Financing, and any reference to Financing Agreements shall include any definitive agreements with respect to such Alternative Commitment Letter, and all obligations of each party pursuant to this Section 8.11 shall be applicable thereto to the same extent as such party's obligations, as the case may be, with respect to the Financing.

(b)(i) Without limitation of the obligations of Parent under this Agreement, Parent shall give the Company prompt written notice upon it or any of its Subsidiaries obtaining knowledge of (w) any material breach (or threatened material breach) or default (or any event or circumstance that, with or without notice, lapse of time or both, could reasonably be expected to give rise to any material breach or default) by any party to the Parent Commitment Letter or the Financing Agreements; (x) any actual or threatened withdrawal, repudiation or termination of the Financing by any of the Lenders; (y) any material dispute or disagreement between or among any of the parties to the Parent Commitment Letter or the Financing Agreements relating to, or otherwise potentially affecting, the amount or the availability of the Financing on the Closing Date or satisfaction of the conditions thereunder; and (z)

any amendment or modification of, or waiver under, the Parent Commitment Letter or the Financing Agreements. Parent shall give the Company prompt written notice if for any reason it believes in good faith that Parent will not be able to timely obtain all or any portion of the Financing on the terms and in the manner or from the sources contemplated by the Parent Commitment Letter or the Financing

Agreements (other than as a result of the existence of Parent Financing permitted pursuant to Section 8.11(b)(ii)). Parent shall keep the Company informed in reasonable detail of the status of its efforts to arrange the Financing, including by providing copies of then-current drafts of the Financing Agreements and providing copies of all definitive Financing Agreements, in each case, upon reasonable request (in each, case, excluding any provisions related solely to fees, economic terms, market flex provisions and other customarily redacted provisions set forth therein so long as such redacted information does not contain terms relating to the conditionality or availability of the Financing or the aggregate amount of the financing). Subject to Section 8.11(b)(ii), Parent shall not, without the prior written consent of the Company, amend, modify, supplement, restate, substitute, replace, terminate, or agree to any waiver under the Parent Commitment Letter in a manner that: (i) adds new or expands upon the conditions precedent to the funding of the Financing as set forth in the Parent Commitment Letter, (ii) would reduce the aggregate amount of the Financing provided for under the Parent Commitment Letter, (iii) would limit the rights and remedies of Parent as against the Lenders or (iv) would otherwise prevent, impair or materially delay the consummation of the transactions contemplated by this Agreement, the Separation Agreement and the Ancillary Agreements; *provided*, that notwithstanding the foregoing, (x) Parent may implement or exercise any of the market flex provisions exercised by the Lenders in accordance with the Fee Letters as of the date hereof (or, in respect of any Alternative Financing, in accordance with the market flex provisions exercised by the Lenders in accordance with any fee letter relating thereto) and (y) additional lenders and financing sources, and Affiliates thereof, may be added (including in replacement of a Lender) to the Parent Commitment Letter (or all or a portion of the commitments may be assigned to new or existing lenders and financing sources) after the date hereof or thereof and Parent may reallocate commitments or assign or re-assign titles and roles to or among parties to the Parent Commitment Letter.

TABLE OF CONTENTS

Section 11.03. *Amendments and Waivers.* (a) Any provision of this Agreement may be amended or waived prior to the Effective Time if, but only if, such amendment or waiver is in writing and is signed, in the case of an amendment, by each party to this Agreement or, in the case of a waiver, by each party against whom the waiver is to be effective; provided that any amendments or waiver of this Section 11.03(a), Section 11.05(a), Section 11.06, Section 11.07, Section 11.08 or Section 11.14 (or any other provision of this Agreement to the extent that a waiver of such provision would modify the substance of any such Section) (collectively, the **Lender Provisions**), to the extent adversely affecting any of the Lender Related Parties, shall not be effective with respect to such affected Lender Related Parties unless such affected Lender Related Parties provide their prior written consent to such amendment or modification.

No failure or delay by any party in exercising any right, power or privilege hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise (b) of any other right, power or privilege. The rights and remedies herein provided shall be cumulative and not exclusive of any rights or remedies provided by Applicable Law.

Section 11.04. *Disclosure Schedule.* The parties hereto agree that any reference in a particular Section of either the SpinCo Disclosure Schedule or the Parent Disclosure Schedule shall only be deemed to be an exception to (or, as applicable, a disclosure for purposes of) (a) the representations and warranties (or covenants, as applicable) of the relevant party that are contained in the corresponding Section of this Agreement and (b) any other representations, warranties and covenants of such party that are contained in this Agreement, but only if the relevance of that reference as an exception to (or a disclosure for purposes of) such representations and warranties and covenants is reasonably apparent on the face of the information disclosed therein to the Person to which such disclosure is being made. The mere inclusion of an item in either the SpinCo Disclosure Schedule or the Parent Disclosure Schedule as an exception to a representation or warranty shall not be deemed an admission that such item represents a material exception or material fact, event or circumstance or that such item has had or would reasonably be expected to have a Tiger Material Adverse Effect or Parent Material Adverse Effect, as applicable.

Section 11.05. *Binding Effect; Benefit; Assignment.* (a) The provisions of this Agreement shall be binding upon and, except as provided in Section 2.04(e) and Section 7.06, shall inure to the benefit of the parties hereto and their respective successors and assigns. Except as provided in Section 2.04(e) and Section 7.06, no provision of this Agreement is intended to confer any rights, benefits, remedies, obligations or liabilities hereunder upon any Person other than the parties hereto and their respective successors and assigns. Notwithstanding the foregoing, the Lender Related Parties are third party beneficiaries of the Lender Provisions.

(b) No party may assign, delegate or otherwise transfer any of its rights or obligations under this Agreement without the consent of each other party hereto.

Section 11.06. *Governing Law.* This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without regard to the conflicts of law rules of such state. Notwithstanding the foregoing, each of the parties hereto agrees all litigation, suits, proceedings, or actions (whether at law, in equity, in contract, in tort or otherwise) against any of the Lender Related Parties that may be based upon, arising out of or related to this Agreement or the transactions contemplated hereby, including any dispute relating to the Financing or the Parent Financing, shall be exclusively governed by and construed in accordance with the internal laws of the State of New York, without regard to the conflicts of law rules of such state.

Section 11.07. *Jurisdiction.* The parties hereto agree that any litigation, suit, proceeding, or action seeking to enforce any provision of, or based on any matter arising out of or in connection with, this Agreement or the transactions contemplated hereby (whether brought by any party or any of its Affiliates or against any party or any of its Affiliates) shall be brought in the Delaware Chancery Court or, if such court shall not have jurisdiction, any federal court located in the State of Delaware or other Delaware state court, and each of the parties hereby irrevocably consents to the jurisdiction of such courts (and of the appropriate appellate courts therefrom) in any such litigation, suit, proceeding, or action and irrevocably waives, to the fullest extent permitted by law, any objection that it may

now or hereafter have to the laying of the venue of any such litigation, suit, proceeding, or action in any such court or that any such litigation, suit, proceeding, or action brought in any such court has been brought in an inconvenient forum. Process in any such litigation, suit, proceeding, or action may be served on any party anywhere in the world, whether within or without the jurisdiction of any such court. Without limiting the foregoing, each party agrees that service of process on such

A-65

party as provided in Section 11.01 shall be deemed effective service of process on such party. Notwithstanding the foregoing, each party hereto agrees (i) that it will not bring or support any litigation, suit, proceeding, or action against any of the Lender Related Parties that may be based upon, arising out of or related to this Agreement or the transactions contemplated hereby, including any dispute relating to the Financing or the Parent Financing, in any forum other than the federal court located in the Borough of Manhattan within the City of New York or, if the federal courts shall not have subject matter jurisdiction, in the New York state court located in the Borough of Manhattan within the City of New York, (ii) to submit and hereby submits to the exclusive jurisdiction of such courts for itself and with respect to its property, generally and unconditionally, with regard to any such litigation, suit, proceeding, or action against any of the Lender Related Parties based upon, arising out of or related to this Agreement or the transactions contemplated hereby, including any dispute relating to the Financing or the Parent Financing, and (iii) to waive and hereby waives, to the fullest extent permitted by Applicable Law, any objection which such party may now or hereafter have to the laying of venue of, and the defense of an inconvenient forum to the maintenance of, any such litigation, suit, proceeding, or action in any such court.

Section 11.08. *WAIVER OF JURY TRIAL.* EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY (INCLUDING AGAINST ANY LENDER RELATED PARTY OR IN RESPECT OF THE FINANCING OR THE PARENT FINANCING).

Section 11.09. *Counterparts; Effectiveness.* This Agreement may be signed in any number of counterparts, each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument. This Agreement shall become effective when each party hereto shall have received a counterpart hereof signed by all of the other parties hereto. Until and unless each party has received a counterpart hereof signed by the other parties hereto, this Agreement shall have no effect and no party shall have any right or obligation hereunder (whether by virtue of any other oral or written agreement or other communication).

Section 11.10. *Entire Agreement.* This Agreement, the Separation Agreement, the Ancillary Agreements and the Confidentiality Agreement constitute the entire agreement between the parties with respect to the subject matter hereof and thereof and supersede all prior agreements and understandings, both oral and written, between the parties with respect to the subject matter hereof and thereof.

Section 11.11. *Severability.* If any term, provision, covenant or restriction of this Agreement is held by a court of competent jurisdiction or other Governmental Authority to be invalid, void or unenforceable, the remainder of the terms, provisions, covenants and restrictions of this Agreement shall remain in full force and effect and shall in no way be affected, impaired or invalidated so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any party. Upon such a determination, the parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in an acceptable manner in order that the transactions contemplated hereby be consummated as originally contemplated to the fullest extent possible.

Section 11.12. *Specific Performance.* The parties hereto agree that irreparable damage would occur, and that the parties would not have any adequate remedy at law, in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms (including failing to take such actions as are required of them hereunder to consummate the transactions contemplated hereby) or were otherwise breached. It is accordingly agreed that the parties shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and to specifically enforce the terms and provisions of this Agreement, without proof of actual damages or otherwise, in addition to any other remedy to which any party is entitled at law or in equity. Each party agrees to waive any requirement for the securing or posting of any bond in connection with such remedy. The parties further agree not to

assert that a remedy of specific enforcement is unenforceable, invalid, contrary to law or inequitable for any reason, nor to assert that a remedy of monetary damages would provide an adequate remedy. Notwithstanding the foregoing, while the Company may pursue both a grant of specific performance of Parent's and Merger Sub's obligations pursuant to this Agreement and the payment of the Termination Fee, the parties agree that under no circumstances shall the Company or any Person be entitled to

A-66

receive both a grant of specific performance for the consummation of the transactions contemplated by this Agreement and any Termination Fee, unless such grant of specific performance is not complied with or does not result in the consummation of the Merger and the Closing pursuant to this Agreement.

Section 11.13. *Limited Liability*. Notwithstanding any other provision of this Agreement, no stockholder, director, officer, Affiliate, agent or representative of any of the parties, in its capacity as such, shall have any liability in respect of or relating to the covenants, obligations, representations or warranties of such party under this Agreement or in respect of any certificate delivered with respect hereto or thereto and, to the fullest extent legally permissible, each of the parties, for itself and its stockholders, directors, officers and Affiliates, waives and agrees not to seek to assert or enforce any such liability that any such Person otherwise might have pursuant to Applicable Law.

Section 11.14. *No Recourse to Lender Related Parties*. Without limiting the rights of Parent under the Parent Commitment Letter or under any definitive agreements with respect to any Financing or any Parent Financing, notwithstanding anything to the contrary contained in this Agreement, the Separation Agreement or any Ancillary Agreement, each party hereto irrevocably agrees that none of the Lender Related Parties shall have any liability or obligation to the Company or SpinCo, or any of their respective Affiliates or any of their or their Affiliates' respective former, current or future stockholders, managers, members, controlling persons, general or limited partners, officers, directors, employees, investment bankers, attorneys, accountants, consultants or other agents or advisors, relating to this Agreement, the Separation Agreement or any Ancillary Agreement, or the negotiation, execution or performance of this Agreement, the Separation Agreement or any Ancillary Agreement or the transactions contemplated hereby or thereby, including any dispute relating to the Financing or the Parent Financing, whether sounding in contract or tort, or whether at law or in equity, or otherwise under any legal or equitable theory.

ARTICLE 2

THE DIRECT SALE AND SEPARATION

Section 2.01. *Restructuring; Direct Sale.* (a) *Internal Reorganization.* At or prior to the consummation of the Direct Sale, to the extent not already completed, each of the Company and SpinCo shall, and shall cause their respective Subsidiaries to, take such steps (which may include Transfers of shares or other equity interests, formation of new entities or declarations of dividends) as may be required to effect the Internal Reorganization in accordance with the terms of this Agreement.

- Transfer of Direct Sale Assets.* Upon the terms and subject to the conditions set forth in this Agreement, on the Distribution Date (immediately prior to the completion of the transactions contemplated by Section 2.02), the Company shall, and shall cause the applicable members of the Company Group to, Transfer to Direct Sale Purchaser, and Direct Sale Purchaser shall accept, or shall cause one or more of its Subsidiaries to accept, from the Company and the applicable members of the Company Group, all of the Company's and each such Company Group member's respective right, title and interest in and to all Direct Sale Assets held by the Company or a member of
- (b) the Company Group (it being understood that if any Direct Sale Asset shall be held by a Person all of the outstanding equity interests of which is included in the Direct Sale Assets to be Transferred pursuant to this Section 2.01(b), such Direct Sale Asset may be considered to be so Transferred to Direct Sale Purchaser (or its applicable Subsidiary) as a result of the Transfer of all of the equity interests in such Person from the Company or the applicable member(s) of the Company Group to Direct Sale Purchaser (or its applicable Subsidiary)). Parent hereby covenants and agrees that (i) Direct Sale Purchaser shall not be a direct or indirect Subsidiary of Merger Sub and (ii) Merger Sub shall not be a direct or indirect Subsidiary of Direct Sale Purchaser.
- (c) *Assumption of Direct Sale Liabilities.* Upon the terms and subject to the conditions set forth in this Agreement, on the Distribution Date (immediately prior to the completion of the transactions contemplated by Section 2.02), the Company shall, or shall cause another member of the Company Group to, Transfer to Direct Sale Purchaser, and

recklessness, violation of Applicable Law, willful misconduct, bad faith, fraud or misrepresentation by any member of the Company Group or the Tiger Group, as the case may be, or any of their past or present respective directors, officers, employees, or agents, (iv) which Person is named in any Action associated with any Liability and (v) whether the facts on which such Liabilities are based occurred prior to, on or after the date hereof.

Direct Sale Purchase Price. The purchase price for the Direct Sale Assets to be purchased hereunder is \$2.9 billion (the **Direct Sale Purchase Price**). On the Distribution Date, Direct Sale Purchaser shall pay the Direct Sale Purchase Price to the Company or one or more members of the Company Group designated by the Company, by wire transfer of immediately available funds to such bank account or accounts as per written instructions of the Company given to Parent at least two Business Days prior to the Distribution Date. Notwithstanding any provision contained herein to the contrary, each of Parent and Direct Sale Purchaser shall be entitled to deduct and withhold from the consideration otherwise payable to any Person pursuant to this Section 2.01(d) (and any post-Distribution Date payment made with respect to the sale of the Direct Sale Assets, including any payment made pursuant to Section 2.11(d)) such amounts as it is required to deduct and withhold with respect to the making of such payment under any provision of Applicable Law. Any such deductions or withholdings with respect to the purchase and sale of a Direct Sale Asset in the Direct Sale in which the member of the Company Group that sold the Direct Sale Asset and the member of the Parent Group that purchased the Direct Sale Asset are both resident for Tax purposes in the same jurisdiction (a *Single Jurisdiction Direct Sale*) shall be treated for all purposes of this Agreement as (d) having been paid to the member of the Company Group in respect of which such deduction or withholding was made. With respect to the purchase and sale of any Direct Sale Asset, other than a Single Jurisdiction Direct Sale, in respect of which withholding or deductions are required under Applicable Law, Parent shall cause the applicable member of the Parent Group to pay to the applicable member of the Company Group an additional amount so that the member of the Company Group receives, after such deduction or withholding (including any deduction or withholding on payments required by this sentence) the same amount it would have received had such purchase and sale been a Single Jurisdiction Direct Sale (for the avoidance of doubt, determined by reference to the jurisdiction in which the member of the Company Group is tax resident). In the event that Parent or Direct Sale Purchaser determines that any such deduction or withholding is required, then Parent or Direct Sale Purchaser, as relevant, shall notify the Company as promptly as practicable and work in good faith with the Company to mitigate such deduction or withholding, including by accepting any Tax forms, certifications or other documentation provided by the Company to eliminate or reduce such deduction or withholding if and to the extent consistent with Applicable Law.

- Assumption of Liabilities.* (A) The Company shall, or shall cause another member of the Company Group to, Transfer to SpinCo or the applicable SpinCo Designees, and SpinCo shall, or shall cause another member of the SpinCo Group to, accept, assume (or, as applicable, retain) and perform, discharge and fulfill, in accordance with their respective terms, all of the SpinCo Liabilities and (B) SpinCo shall, or shall cause another member of the SpinCo Group to, Transfer to the Company or the applicable Company Designees, and the Company shall, or shall cause another member of the Company Group to, assume all of the Excluded Liabilities, in each case regardless of

- In the event that at any time or from time to time at or after the Distribution Effective Time, any member of the Company Group or the Tiger Group is the owner of, receives or otherwise comes to possess any Asset (including the receipt of payments made pursuant to Contracts and proceeds from accounts receivable) or Liability that is allocated to any Person that is a member of the other Group pursuant to this Agreement or any Ancillary Agreement (except in the case of any acquisition of Assets from the other party for value subsequent to the Distribution Effective Time), such member of the Company Group or the Tiger Group, as applicable, shall
- (c) promptly Transfer, or cause to be Transferred, such Asset or Liability to the Person so entitled thereto; *provided, however,* that the provisions of this Section 2.02(c) are not intended to, and shall not, be deemed to constitute an authorization by any party to permit the other to accept service of process on its behalf, and no party is or shall be deemed to be the agent of any other party for service of process purposes. Prior to any such Transfer, such Asset or Liability shall be held in accordance with Section 2.05(b). For the avoidance of doubt, this Section 2.02(c) will apply to the Direct Sale Assets and Direct Sale Liabilities.
- In furtherance of the Separation (including the Internal Reorganization) and the Direct Sale, subject to the provisions of Section 2.05, the Company and Parent shall, and shall cause their respective applicable Subsidiaries to, execute and deliver prior to the Distribution Effective Time all Conveyance and Assumption Instruments as may be necessary to effect the Internal Reorganization and the Transfers of the SpinCo Assets, the SpinCo

The parties shall use commercially reasonable efforts to separate the Identified Shared Contracts into separate Contracts effective as of the Distribution Effective Time or as promptly as practicable thereafter so that the Tiger Group shall be entitled to rights and benefits and shall assume the related portion of Liabilities with respect to each Identified Shared Contract to the extent related to the Tiger Business and the Company Group shall have the rights and benefits and shall assume the related portion of Liabilities with respect to such Shared Contract to the extent related to the Company Business (*provided* that, notwithstanding anything in this Agreement to the contrary, neither Group shall be required to pay any amount to any Third Party, commence or participate in any Action or offer or grant any accommodation (financial or otherwise, including any accommodation or arrangement to remain secondarily liable or contingently liable for any Liability of the other Group) to any Third Party to obtain any such separation). Upon such separation of such Shared Contract, the separated Contract will be a Tiger Asset or an Excluded Asset, as applicable. If the counterparty to any Identified Shared Contract that is entitled under the terms of such Shared Contract to Consent to the separation of such Shared Contract has not provided such Consent, the terms of Section 2.05(b) shall apply to such Contract, *mutatis mutandis*. The obligations to seek separation set forth in this Section 2.05(c) shall terminate on the first anniversary of the Distribution Date or, if earlier with respect to any Identified Shared Contract, upon the expiration of the term of such Shared Contract (without any obligation to renew or extend).

Section 2.06. *Disclaimer of Representations and Warranties.* (a) EXCEPT AS EXPRESSLY SET FORTH IN THIS AGREEMENT OR IN ANY OF THE OTHER TRANSACTION AGREEMENTS, EACH PARTY ON BEHALF OF ITSELF AND EACH OF ITS AFFILIATES UNDERSTANDS AND AGREES THAT NO OTHER PARTY NOR ANY OF THEIR RESPECTIVE AFFILIATES IS MAKING ANY REPRESENTATION OR WARRANTY OF ANY KIND WHATSOEVER, EXPRESS OR IMPLIED, TO THE OTHER PARTIES OR ANY OF THEIR RESPECTIVE AFFILIATES OR TO ANY OTHER PERSON IN RESPECT OF THE TRANSACTIONS CONTEMPLATED HEREBY OR ANY INFORMATION THAT MAY HAVE BEEN EXCHANGED OR PROVIDED PURSUANT TO THIS AGREEMENT OR ANY OTHER TRANSACTION AGREEMENT, AND THAT ALL TIGER ASSETS ARE BEING ASSIGNED AND TRANSFERRED, AND ALL TIGER LIABILITIES ARE BEING ASSUMED, ON AN AS IS, WHERE IS BASIS. WITHOUT LIMITING THE GENERALITY OF THE FOREGOING, EXCEPT AS EXPRESSLY SET FORTH IN ANY OF THE OTHER TRANSACTION AGREEMENTS, (I) NEITHER THE COMPANY NOR ANY OF ITS AFFILIATES HAS MADE OR SHALL BE DEEMED TO HAVE MADE ANY REPRESENTATIONS OR WARRANTIES IN ANY PRESENTATION OR WRITTEN INFORMATION RELATING TO THE TIGER BUSINESS GIVEN OR TO BE GIVEN IN CONNECTION WITH THE TRANSACTIONS CONTEMPLATED HEREBY OR IN ANY FILING MADE OR TO BE MADE BY OR ON BEHALF OF THE COMPANY OR ANY OF ITS AFFILIATES WITH ANY GOVERNMENTAL AUTHORITY, AND NO STATEMENT MADE IN ANY SUCH PRESENTATION OR WRITTEN MATERIALS, MADE IN ANY SUCH FILING OR CONTAINED IN ANY SUCH OTHER INFORMATION SHALL BE DEEMED A REPRESENTATION OR WARRANTY HEREUNDER OR OTHERWISE, AND (II) THE COMPANY, ON ITS OWN BEHALF AND ON BEHALF OF THE OTHER MEMBERS OF THE COMPANY GROUP, EXPRESSLY DISCLAIMS ANY AND ALL EXPRESS OR IMPLIED WARRANTIES, INCLUDING WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE, AND WARRANTIES OF MERCHANTABILITY. EACH OF SPINCO, PARENT AND DIRECT SALE PURCHASER ACKNOWLEDGES THAT THE COMPANY HAS INFORMED IT THAT NO PERSON HAS BEEN AUTHORIZED BY THE COMPANY OR ANY OF ITS

AFFILIATES TO MAKE

ANY REPRESENTATION OR WARRANTY IN RESPECT OF THE TIGER BUSINESS OR IN CONNECTION WITH THE TRANSACTIONS CONTEMPLATED HEREBY (AND HEREBY ACKNOWLEDGES THAT IT HAS NOT RELIED ON ANY SUCH REPRESENTATION OR WARRANTY).

Each of the Company (on behalf of itself and each member of the Company Group), SpinCo (on behalf of itself and each member of the Tiger Group) and Parent and Direct Sale Purchaser (on behalf of themselves and their respective Affiliates) further understands and agrees that if the disclaimer of express or implied representations and warranties contained in Section 2.06(a) is held unenforceable or is unavailable for any reason under the Applicable Laws of any jurisdiction outside the United States or if, under the Applicable Laws of a jurisdiction outside the United States, (x) both the Company or any member of the Company Group, on the one hand, and SpinCo or any member of the SpinCo Group, on the other hand, are jointly or severally liable for any Excluded Liability or any (b) SpinCo Liability or (y) both the Company or any member of the Company Group, on the one hand, and Parent, Direct Sale Purchaser or any of their respective Affiliates, on the other hand, are jointly or severally liable for any Direct Sale Liability, then, in each case, the parties intend that, notwithstanding any provision to the contrary under the Applicable Laws of such non-U.S. jurisdictions, the provisions of the Transaction Agreements (including the disclaimer of all representations and warranties, allocation of Liabilities among the parties and their respective Subsidiaries, releases, indemnification and contribution of Liabilities) shall to the fullest extent permitted by Applicable Law prevail for any and all purposes between the parties and their respective Subsidiaries and Affiliates.

Section 2.07. *Cash Management.* From the date of this Agreement until the Distribution, the Company and its Subsidiaries shall be entitled to use, retain or otherwise dispose of all cash generated by the Tiger Business and the Tiger Assets or otherwise held by any member of the Tiger Group. Without limiting Section 2.10, all cash and cash equivalents held by any member of the Tiger Group as of the Distribution Effective Time shall be a Tiger Asset and all cash and cash equivalents held by any member of the Company Group as of the Distribution Effective Time shall be an Excluded Asset. For the avoidance of doubt, nothing in this Section 2.07 shall be deemed to supersede or otherwise limit any provision of the Merger Agreement.

Section 2.08. *Insurance.* (a) From and after the Distribution Date, the members of the Tiger Group shall cease to be in any manner insured by, entitled to any benefits or coverage under or entitled to seek benefits or coverage from or under any Insurance Policies of the Company Group other than (i) any Insurance Policy issued exclusively in the name and for the benefit of any member of the Tiger Group, (ii) with respect to any matters covered by an Insurance Policy that have been properly reported to the relevant insurer(s) prior to the Distribution Date, or (iii) for claims brought solely under the Available Insurance Policies, for any claim, occurrence, injury, damage or loss that occurred or existed prior to the Distribution Date, in each case under clauses (i) through (iii) above subject to the terms and conditions of the relevant Insurance Policies and this Agreement, except to the extent otherwise mandated by Applicable Law. The members of the Tiger Group shall procure all contractual and statutorily obligated insurance at the Distribution Effective Time.

(b) The rights of the members of the Tiger Group under subparagraphs (ii) and (iii) of Section 2.08(a) are subject to and conditioned upon the following:

Members of the Tiger Group shall be solely responsible for notifying any and all insurance companies of such claims and complying with all policy terms and conditions for pursuit and collection of such claims. The members of the Tiger Group shall not, without the written consent of the Company, amend, modify or waive any rights of the (i) Company or other insureds under any such Insurance Policies and programs. The members of the Tiger Group shall exclusively bear and be liable (and the Company shall have no obligation to repay or reimburse any member of the Tiger Group) for all uninsured, uncovered, unavailable or uncollectible amounts relating to or associated with all such claims.

(ii) With respect to coverage claims or requests for benefits asserted by members of the Tiger Group under the Available Insurance Policies, the Company shall have the right but not the duty to monitor and/or

associate with such claims at the Company's sole cost and expense. The members of the Tiger Group shall be liable for any fees, costs and expenses reasonably incurred by the

Company directly or indirectly through the insurers or reinsurers of the Available Insurance Policies relating to any unsuccessful coverage claims pursued at SpinCo's written request. The members of the Tiger Group shall not assign any Available Insurance Policies or any rights or claims under the Available Insurance Policies.

Notwithstanding anything contained in this Agreement, (i) nothing in this Agreement shall limit, waive or abrogate in any manner any rights of the Company to insurance coverage for any matter, whether relating to the members of the Tiger Group or otherwise, and (ii) the Company shall retain the exclusive right to control the Available Insurance Policies and all of its other Insurance Policies, including the right to exhaust, settle, release, commute, buy-back or otherwise resolve disputes with respect to any of its Insurance Policies and to amend, modify or waive (c) any rights under any such Insurance Policies, notwithstanding whether any such Insurance Policies apply to any liabilities or losses as to which any member of the Tiger Group has made, or could in the future make, a claim for coverage; *provided*, that the members of the Tiger Group shall cooperate with the Company with respect to coverage claims and requests for benefits and sharing such information as is reasonably necessary in order to permit the Company to manage and conduct its insurance matters as the Company deems appropriate. Nothing in this Section 2.08 shall limit, modify or in any way affect the rights and obligations of the parties under Article 5; *provided, however*, that any Insurance Proceeds actually collected with respect to a particular Indemnifiable Loss shall be taken into account under and to the extent required by Section 5.05. No payments due (d) under this Section 2.08 shall affect, be affected by, or be subject to set off against, any payments due pursuant to Section 2.10 or Section 2.11. Whenever this Section 2.08 requires any member(s) of the Tiger Group to take any action after the Closing, such requirement shall be deemed to constitute an undertaking on the part of Parent to take such action or to cause such member(s) of the Tiger Group to take such action.

Section 2.09. *Ancillary Agreements.* On or prior to the Distribution Date as set forth in the Merger Agreement, each of the Company, SpinCo, Parent and Direct Sale Purchaser shall (and shall cause each of their applicable Subsidiaries to) execute and deliver each of the Transaction Agreements to which it is a party that have not previously been executed. A reasonable period of time in advance of the anticipated Closing Date, the Company shall notify Parent of any inability on the Company's part to provide transition services to SpinCo under the Transition Services Agreement as a result of not having received any necessary third party consents or licenses to provide such services.

Section 2.10. *SpinCo Cash, Indebtedness and Receivables Adjustment.* (a) Promptly following the Distribution Date, but in no event later than 60 days after the Distribution Date, SpinCo shall, at its expense, prepare and submit to the Company a statement (the **SpinCo Proposed Statement**) prepared in accordance with the Accounting Principles setting forth, in reasonable detail, SpinCo's calculation of (i) the SpinCo Cash Amount as of immediately prior to the Distribution Effective Time (the **Proposed SpinCo Closing Cash**), (ii) SpinCo Indebtedness as of immediately prior to the Distribution Effective Time (the **Proposed SpinCo Closing Indebtedness**) and (iii) the Excess Factored Customer Receivables, if any (the **Proposed Excess Factored Customer Receivables**). For the avoidance of doubt, pursuant to Section 2.03(c), each Liability to a Direct Sale Transferred Subsidiary which would constitute SpinCo Indebtedness if it remained in existence as of immediately prior to the Distribution Effective Time shall be settled or otherwise terminated prior to the Distribution Effective Time and, accordingly, shall not be taken into account in determining Proposed SpinCo Closing Indebtedness or Final SpinCo Closing Indebtedness.

In the event the Company disputes the correctness of the Proposed SpinCo Closing Cash, the Proposed SpinCo Closing Indebtedness or the Proposed Excess Factored Customer Receivables, the Company shall notify SpinCo in writing of its objections within 60 days after receipt of the SpinCo Proposed Statement, and shall set forth, in writing and in reasonable detail, the reasons for the Company's objections the amount of each item in dispute and (b) the basis therefor and the amount that the Company believes is the correct amount for each such disputed item (such writing, the **SpinCo Dispute Notice**) (including if the Company believes that it does not have sufficient information because SpinCo failed to make available to the Company all books, records, documents and work papers required to be made available to the Company under Section 2.10(e); *provided* that, in such circumstance, the Company's obligation to provide reasonable detail of its objections set forth in the

B-23

SpinCo Dispute Notice shall be limited to the information that it has actually received from or on behalf of SpinCo). The Company shall be deemed to have agreed with all other items and amounts contained in the SpinCo Proposed Statement not so objected to in a SpinCo Dispute Notice within the 60-day review period specified in this Section 2.10(b). In the event that the Company fails to provide a SpinCo Dispute Notice to SpinCo within the 60-day review period specified in this Section 2.10(b), the Company will be deemed to have agreed with all of the items in the SpinCo Proposed Statement, and the SpinCo Proposed Statement shall be final, binding and conclusive upon the parties.

In the event that the Company timely delivers a SpinCo Dispute Notice to SpinCo in accordance with the terms hereof, SpinCo and the Company shall negotiate in good faith to reconcile their differences, and any resolution by them as to any such disputes shall be final, binding and conclusive on all of the parties. If the Company and SpinCo are unable to resolve any such dispute within 10 Business Days of SpinCo's receipt of the SpinCo Dispute Notice from the Company, SpinCo and the Company shall submit the items remaining in dispute (such items, the **SpinCo Unresolved Items**) for resolution to Deloitte & Touche LLP or, if such firm is unwilling to act, a nationally recognized accounting firm mutually agreed by SpinCo and the Company (the **SpinCo Independent Accounting Firm**). Promptly following the engagement of the SpinCo Independent Accounting Firm, and in any event within 10 Business Days following such engagement, SpinCo and the Company shall submit to such SpinCo Independent Accounting Firm (and the other party) all documentary materials and analyses that SpinCo or the Company, as the case may be, believes to be relevant to a resolution of the SpinCo Unresolved Items; *provided* that the value of any SpinCo Unresolved Items submitted to the SpinCo Independent Accounting Firm shall not be (x) greater than the greatest value for such item claimed in the SpinCo Dispute Notice, on the one hand, and the SpinCo Proposed Statement, on the other hand, or (y) less than the smallest value for such item claimed in the SpinCo Dispute Notice, on the one hand, and the SpinCo Proposed Statement, on the other hand. The parties agree that there shall be no *ex parte* discussions with the SpinCo Independent Accounting Firm. The SpinCo Independent Accounting Firm shall consider only the SpinCo Unresolved Items. The SpinCo Independent Accounting Firm shall, within 30 days after receipt of all such submissions by SpinCo and the Company, determine and deliver to SpinCo and the Company a written report containing such SpinCo Independent Accounting Firm's determination of all SpinCo Unresolved Items (which determinations shall be made in accordance with the Accounting Principles), and such (c) written report and the determinations contained therein shall be final, binding and conclusive on all of the parties; *provided* that the SpinCo Independent Accounting Firm shall not assign a value to any SpinCo Unresolved Items greater than the greatest value for such item claimed by either party or less than the smallest value for such item claimed by either party. All fees and expenses of the SpinCo Independent Accounting Firm relating to the work, if any, to be performed by the SpinCo Independent Accounting Firm hereunder shall be borne between SpinCo, on the one hand, and the Company, on the other hand, based upon a fraction, the numerator of which is the portion of the aggregate amount of the SpinCo Unresolved Items not awarded to the applicable party and the denominator of which is the aggregate amount of all of the SpinCo Unresolved Items. For example, if the Company challenges items underlying the calculations of Proposed SpinCo Closing Indebtedness in the net amount of \$1,000,000, and the SpinCo Independent Accounting Firm determines that the Company has a valid claim for \$400,000 of the \$1,000,000, the Company shall bear 60% of the fees and expenses of the SpinCo Independent Accounting Firm and SpinCo shall bear 40% of the fees and expenses of the SpinCo Independent Accounting Firm. The SpinCo Cash Amount as of immediately prior to the Distribution Effective Time, as finally determined pursuant to this Section 2.10 (whether by agreement of the Company and SpinCo or by determination of the SpinCo Independent Accounting Firm), is referred to herein as the **Final SpinCo Closing Cash**. The SpinCo Indebtedness as of immediately prior to the Distribution Effective Time, as finally determined pursuant to this Section 2.10 (whether by agreement of the Company and SpinCo or by determination of the SpinCo Independent Accounting Firm), is referred to herein as the **Final SpinCo Closing Indebtedness**. The Excess Factored Customer Receivables, as finally determined pursuant to this Section 2.10 (whether by agreement of the Company and SpinCo or by determination of the SpinCo Independent Accounting Firm), is referred to herein as the **Final Excess Factored Customer Receivables**.

(d) If the SpinCo Adjustment Amount is a positive number (such amount, the **SpinCo Increase**

Amount), then, promptly (and in any event within three Business Days) following the determination of Final SpinCo Closing Cash, Final SpinCo Closing Indebtedness and Final Excess Factored Customer Receivables, SpinCo shall pay to the Company an amount equal to the SpinCo Increase Amount in immediately available funds by wire transfer to a bank account or accounts designated in writing by the Company. If the SpinCo Adjustment Amount is a negative number (the absolute value of such amount, the **SpinCo Deficit Amount**), then, promptly (and in any event within three Business Days) following the determination of Final SpinCo Closing Cash, Final SpinCo Closing Indebtedness and Final Excess Factored Customer Receivables, the Company shall pay, or cause to be paid, to SpinCo an amount equal to the SpinCo Deficit Amount in immediately available funds by wire transfer to a bank account designated in writing by SpinCo.

Each of the Company and SpinCo shall make available to the other party and, if applicable, to the SpinCo Independent Accounting Firm, all books, records, documents and work papers (subject to, in the case of independent accountant work papers, such other party or the SpinCo Independent Accounting Firm, as applicable, entering into a customary release agreement with respect thereto) used, created or prepared by or for SpinCo in connection with the preparation of the SpinCo Proposed Statement; *provided* that the Company shall not be obligated to provide books, records, documents and work papers pursuant to this Section 2.10 other than to the extent such books, records, documents and work papers relate to the Tiger Business and existed prior to the Closing.

Section 2.11. *Direct Sale Cash and Indebtedness Adjustment.* (a) Promptly following the Distribution Date, but in no event later than 60 days after the Distribution Date, Direct Sale Purchaser shall, at its expense, prepare and submit to the Company a statement (the **Direct Sale Proposed Statement**) prepared in accordance with the Accounting Principles setting forth, in reasonable detail, Direct Sale Purchaser's calculation of (i) the Direct Sale Cash Amount as of immediately prior to the consummation of the Direct Sale (the **Proposed Direct Sale Closing Cash**) and (ii) the Direct Sale Indebtedness as of immediately prior to the consummation of the Direct Sale (the **Proposed Direct Sale Closing Indebtedness**). For the avoidance of doubt, pursuant to Section 2.03(c), each Liability to a member of the SpinCo Group which would constitute Direct Sale Indebtedness if it remained in existence as of immediately prior to the consummation of the Direct Sale shall be settled or otherwise terminated prior to the consummation of the Direct Sale and, accordingly, shall not be taken into account in determining Proposed Direct Sale Closing Indebtedness or Final Direct Sale Closing Indebtedness.

In the event the Company disputes the correctness of the Proposed Direct Sale Closing Cash or the Proposed Direct Sale Closing Indebtedness, the Company shall notify Direct Sale Purchaser in writing of its objections within 60 days after receipt of the Direct Sale Proposed Statement, and shall set forth, in writing and in reasonable detail, the reasons for the Company's objections the amount of each item in dispute and the basis therefor and the amount that the Company believes is the correct amount for each such disputed item (such writing, the **Direct Sale Dispute Notice**) (including if the Company believes that it does not have sufficient information because Direct Sale Purchaser failed to make available to the Company all books, records, documents and work papers required to be made available to the Company under Section 2.11(e); *provided* that, in such circumstance, the Company's obligation to provide reasonable detail of its objections set forth in the Direct Sale Dispute Notice shall be limited to the information that it has actually received from or on behalf of Direct Sale Purchaser). The Company shall be deemed to have agreed with all other items and amounts contained in the Direct Sale Proposed Statement not so objected to in a Direct Sale Dispute Notice within the 60-day review period specified in this Section 2.11(b). In the event that the Company fails to provide a Direct Sale Dispute Notice to Direct Sale Purchaser within the 60-day review period specified in this Section 2.11(b), the Company will be deemed to have agreed with all of the items in the Direct Sale Proposed Statement, and the Direct Sale Proposed Statement shall be final, binding and conclusive upon the parties.

(c) In the event that the Company timely delivers a Direct Sale Dispute Notice to Direct Sale Purchaser in accordance with the terms hereof, Direct Sale Purchaser and the Company shall negotiate in good faith to reconcile their differences, and any resolution by them as to any such disputes shall be final, binding and conclusive on all of the

parties. If the Company and Direct Sale Purchaser are unable to resolve any such dispute within 10 Business Days of Direct Sale Purchaser's receipt of the Direct Sale Dispute Notice from the Company, Direct Sale Purchaser and the Company shall submit the items remaining in

dispute (such items, the **Direct Sale Unresolved Items**) for resolution to Deloitte & Touche LLP or, if such firm is unwilling to act, a nationally recognized accounting firm mutually agreed by Direct Sale Purchaser and the Company (the **Direct Sale Independent Accounting Firm**). Promptly following the engagement of the Direct Sale Independent Accounting Firm, and in any event within 10 Business Days following such engagement, Direct Sale Purchaser and the Company shall submit to such Direct Sale Independent Accounting Firm (and the other party) all documentary materials and analyses that Direct Sale Purchaser or the Company, as the case may be, believes to be relevant to a resolution of the Direct Sale Unresolved Items; *provided* that the value of any Direct Sale Unresolved Items submitted to the Direct Sale Independent Accounting Firm shall not be (x) greater than the greatest value for such item claimed in the Direct Sale Dispute Notice, on the one hand, and the Direct Sale Proposed Statement, on the other hand, or (y) less than the smallest value for such item claimed in the Direct Sale Dispute Notice, on the one hand, and the Direct Sale Proposed Statement, on the other hand. The parties agree that there shall be no *ex parte* discussions with the Direct Sale Independent Accounting Firm. The Direct Sale Independent Accounting Firm shall consider only the Direct Sale Unresolved Items. The Direct Sale Independent Accounting Firm shall, within 30 days after receipt of all such submissions by Direct Sale Purchaser and the Company, determine and deliver to Direct Sale Purchaser and the Company a written report containing such Direct Sale Independent Accounting Firm's determination of all Direct Sale Unresolved Items (which determinations shall be made in accordance with the Accounting Principles), and such written report and the determinations contained therein shall be final, binding and conclusive on all of the parties; *provided* that the Direct Sale Independent Accounting Firm shall not assign a value to any Direct Sale Unresolved Items greater than the greatest value for such item claimed by either party or less than the smallest value for such item claimed by either party. All fees and expenses of the Direct Sale Independent Accounting Firm relating to the work, if any, to be performed by the Direct Sale Independent Accounting Firm hereunder shall be borne between Direct Sale Purchaser, on the one hand, and the Company, on the other hand, based upon a fraction, the numerator of which is the portion of the aggregate amount of the Direct Sale Unresolved Items not awarded to the applicable party and the denominator of which is the aggregate amount of all of the Direct Sale Unresolved Items. For example, if the Company challenges items underlying the calculations of Proposed Direct Sale Closing Indebtedness in the net amount of \$1,000,000, and the Direct Sale Independent Accounting Firm determines that the Company has a valid claim for \$400,000 of the \$1,000,000, the Company shall bear 60% of the fees and expenses of the Direct Sale Independent Accounting Firm and Direct Sale Purchaser shall bear 40% of the fees and expenses of the Direct Sale Independent Accounting Firm. The Direct Sale Cash Amount as of immediately prior to the consummation of the Direct Sale, as finally determined pursuant to this Section 2.11 (whether by agreement of the Company and Direct Sale Purchaser or by determination of the Direct Sale Independent Accounting Firm), is referred to herein as the **Final Direct Sale Closing Cash** . The Direct Sale Indebtedness as of immediately prior to the consummation of the Direct Sale, as finally determined pursuant to this Section 2.11 (whether by agreement of the Company and Direct Sale Purchaser or by determination of the Direct Sale Independent Accounting Firm), is referred to herein as the **Final Direct Sale Closing Indebtedness** .

If the Direct Sale Adjustment Amount is a positive number (such amount, the **Direct Sale Increase Amount**), then, promptly (and in any event within three Business Days) following the determination of Final Direct Sale Closing Cash and Final Direct Sale Closing Indebtedness, Direct Sale Purchaser shall pay to the Company an amount equal to the Direct Sale Increase Amount in immediately available funds by wire transfer to a bank account or accounts designated in writing by the Company. If the Direct Sale Adjustment Amount is a negative number (d) (the absolute value of such amount, the **Direct Sale Deficit Amount**), then, promptly (and in any event within three Business Days) following the determination of Final Direct Sale Closing Cash and Final Direct Sale Closing Indebtedness, the Company shall pay, or cause to be paid, to Direct Sale Purchaser an amount equal to the Direct Sale Deficit Amount in immediately available funds by wire transfer to a bank account designated in writing by Direct Sale Purchaser.

Each of the Company and Direct Sale Purchaser shall make available to the other party and, if applicable, to the (e) Direct Sale Independent Accounting Firm, all books, records, documents and work papers (subject to, in the case of independent accountant work papers, such other party or the Direct

Sale Independent Accounting Firm, as applicable, entering into a customary release agreement with respect thereto) used, created or prepared by or for Direct Sale Purchaser in connection with the preparation of the Direct Sale Proposed Statement; *provided* that the Company shall not be obligated to provide books, records, documents and work papers pursuant to this Section 2.11 other than to the extent such books, records, documents and work papers relate to the Tiger Business and existed prior to the Closing.

Section 2.12. *Issuance of SpinCo Common Stock.* On or before the Distribution Date, in connection with the Transfer of the SpinCo Assets and the assumption of the SpinCo Liabilities as provided in this Agreement, SpinCo will issue and deliver to the Company 8,700,000,000 (or such other amount as the Company shall determine, subject to the consent of Parent not to be unreasonably withheld, conditioned or delayed) shares of SpinCo Common Stock in book-entry form.

Section 2.13. *Amendments to the Step Plan.* The Company shall be permitted to make, from time to time, such amendments to the then-current Step Plan (and conforming amendments to Annex A-13 and Schedule 2.01(a)) as the Company deems, in its sole discretion, to be necessary or desirable; *provided, however*, that the Company shall not make any such amendment (a) that is inconsistent with the Agreed Allocation or the Transfer of the Direct Sale Assets and Direct Sale Liabilities otherwise contemplated by this Article 2 or (b) that gives rise to any material third party consent that is not contemplated by the SpinCo Disclosure Schedules (as defined in the Merger Agreement); and *provided, further*, that the Company shall notify Parent in writing prior to making any such amendment to the then-current Step Plan and shall consult with Parent in connection therewith in good faith. Without limiting or modifying in any respect the rights of the Company set forth in the immediately preceding sentence, the Company shall consider in good faith (x) any timely comments from Parent as to such an amendment and (y) any proposed amendments to the then-current Step Plan reasonably requested in writing by Parent (with the decision whether to implement such comments or amendment being made by the Company in its sole discretion).

Section 2.14. *FIRPTA.* Prior to the Direct Sale and the payment of the Direct Sale Purchase Price, for each member of the Company Group that is both (a) a transferor (within the meaning of Treasury Regulations Section 1.1445-1(g)(3)) and (b) not a foreign person (within the meaning of Section 1445 of the Code), the Company shall provide Parent with a certification of non-foreign person status prepared in accordance with Treasury Regulations Section 1.1445-2(b)(2) that is reasonably acceptable to Parent. No foreign person (within the meaning of Section 1445 of the Code) shall transfer a United States real property interest (within the meaning of 897(c)(1) of the Code) in the Direct Sale.

ARTICLE 3 THE DISTRIBUTION

Section 3.01. *Form of Distribution.* (a) The Company shall elect, in its sole discretion, to effect the Distribution in the form of either (i) the One-Step Spin-Off or (ii) the Exchange Offer, including any Clean-Up Spin-Off. In the event the Company elects to effect a One-Step Spin-Off, as promptly as practicable following the Record Date, the Company shall provide to Parent and SpinCo a list of Record Holders entitled to receive SpinCo Common Stock in connection with such Distribution.

(b) If the Company elects to effect the Distribution in the form of the One-Step Spin-Off, the Board (or a committee of the Board acting pursuant to delegated authority), in accordance with all Applicable Laws and the rules and regulations of NYSE, shall set the Record Date and the Distribution Date, and the Company shall establish appropriate procedures in connection with the Distribution, and shall declare, pay and otherwise effectuate the Distribution, in accordance with all Applicable Laws and the rules and regulations of NYSE. In connection with the One-Step Spin-Off, no less than the Distribution Share Minimum (or more than the Distribution Share Maximum) of the shares of SpinCo Common Stock will be distributed to Record Holders in the manner determined

by the Company and in accordance with Section 3.02.

If the Company elects to effect the Distribution in the form of the Exchange Offer, subject to the terms and conditions of the Merger Agreement, the Company shall determine (and, subject to the 35 Business Day limit set forth below, may amend) the terms and conditions of the Exchange Offer, including the number of shares of SpinCo Common Stock that will be offered for each validly tendered share of Company Common Stock (which number of shares of SpinCo Common Stock shall be at least equal to

B-27

TABLE OF CONTENTS

the Distribution Share Minimum and no more than the Distribution Share Maximum), the period during which the Exchange Offer will remain open, the procedures for the tender and exchange of shares and all other terms and conditions of the Exchange Offer, which terms and conditions shall comply with all Applicable Laws and the rules and regulations of NYSE; *provided, however*, that except to the extent required by Applicable Law, the period of the Exchange Offer (including any extension thereof) may not be more than 35 Business Days following satisfaction of the conditions to Closing set forth in Sections 9.01 and 9.03 of the Merger Agreement (other than consummation of the transactions contemplated by this Agreement and satisfaction of those conditions to be satisfied as of the Closing Date (as defined in the Merger Agreement); *provided* that such conditions are capable of being satisfied at such date); *provided* that, for the avoidance of doubt, the Company may extend the period of the Exchange Offer following the satisfaction of such conditions and the conditions set forth in Section 3.03 so long as the offer period set forth in such extension will not expire after the expiration of the 35 Business Day limit set forth in this sentence. In the event the Company's stockholders subscribe for less than the Distribution Share Minimum of shares of SpinCo Common Stock in the Exchange Offer, the Company shall (and in the event that the Company's stockholders subscribe for more than the Distribution Share Minimum but less than the Distribution Share Maximum, the Company may) consummate the Clean-Up Spin-Off on the Distribution Date immediately following consummation of the Exchange Offer, and the Record Date for the Clean-Up Spin-Off shall be set as of such date in the same manner as provided in Section 3.01(b). The terms and conditions of any Clean-Up Spin-Off shall be as determined by the Company (provided that the aggregate number of shares of SpinCo Common Stock subscribed for in the Exchange Offer and distributed to the Company's stockholders in the Clean-Up Spin-Off shall not be less than the Distribution Share Minimum or more than the Distribution Share Maximum) and shall comply with all Applicable Laws and the rules and regulations of NYSE.

Section 3.02. *Manner of Effecting Distribution.* (a) If the Distribution is effected by means of the One-Step Spin-Off, subject to the terms and conditions established pursuant to Section 3.01(b), each Record Holder shall be entitled to receive a number of shares of SpinCo Common Stock equal to the number of shares of SpinCo Common Stock to be distributed in the One-Step Spin-Off, multiplied by a fraction, the numerator of which is the number of shares of Company Common Stock held by the Record Holder on the Record Date and the denominator of which is the total number of shares of Company Common Stock outstanding on the Record Date (excluding treasury shares held by the Company).

If the Distribution is effected by means of the Exchange Offer, subject to the terms and conditions established pursuant to Section 3.01(c), each Company stockholder may elect in the Exchange Offer to exchange a number of shares of Company Common Stock held by such Company stockholder for shares of SpinCo Common Stock at (b) such exchange ratio and subject to such other terms and conditions as may be determined by the Company and set forth in the SpinCo Registration Statement. The terms and conditions of any Clean-Up Spin-Off shall be as determined by the Company, subject to the provisions of Section 3.02(a), *mutatis mutandis*, and in compliance with all Applicable Laws and the rules and regulations of the NYSE.

No party, nor any of its Affiliates, shall be liable to any Person in respect of any shares of SpinCo Common Stock, (c) or distributions in respect thereof, that are delivered to a public official in accordance with the provisions of any applicable escheat, abandoned property or similar Applicable Law.

Section 3.03. *Conditions to Distribution.* The obligations of the Company, Parent and Direct Sale Purchaser to consummate the Direct Sale and the obligations of the Company to commence and consummate the Distribution is subject to the prior or simultaneous satisfaction or, to the extent permitted by Applicable Law, waiver of each of the conditions to the obligation of the parties to the Merger Agreement to consummate the Merger and effect the other transactions contemplated by the Merger Agreement (other than those conditions that by their nature are to be satisfied contemporaneously with or immediately following the Direct Sale or the Distribution; *provided* that such conditions are capable of being satisfied at such date); *provided* that such conditions shall be required to remain satisfied (or capable of being so satisfied, as applicable) from the commencement of the One-Step Spin-Off or Exchange Offer, as the case may be, through the consummation of

B-28

the One-Step Spin-Off or Exchange Offer (including any Clean-Up Spin-Off), respectively. Notwithstanding anything in this Agreement to the contrary, the parties agree that the Distribution Effective Time shall occur on the same date as the Closing, as determined in accordance with the applicable terms and conditions of the Merger Agreement.

Section 3.04. *Additional Matters in Connection with the Distribution.* (a) The Company, SpinCo and the Exchange Agent appointed in connection with the Distribution, as applicable, shall be entitled to withhold and deduct from the consideration otherwise payable pursuant to this Agreement such amounts as are required to be withheld and deducted in connection with such payments under Applicable Law. Any withheld amounts shall be treated for all purposes of this Agreement as having been paid to the Persons otherwise entitled thereto.

Upon consummation of the One-Step Spin-Off or the Exchange Offer, the Company shall deliver to the Exchange Agent book-entry shares representing the SpinCo Common Stock being distributed in the One-Step Spin-Off or exchanged in the Exchange Offer, as the case may be, for the account of the Company stockholders that are entitled to such shares. Upon a Clean-Up Spin-Off, if any, the Company shall deliver to the Exchange Agent additional book-entry shares representing the SpinCo Common Stock being distributed in the Clean-Up Spin-Off for the account of the Company stockholders that are entitled to receive shares of Company Common Stock in such (b) Clean-Up Spin-Off. From immediately after the Distribution Effective Time and to the Merger Effective Time, the shares of SpinCo Common Stock shall not be transferable and the transfer agent for the SpinCo Common Stock shall not transfer any shares of SpinCo Common Stock. The Company shall give written notice of the Distribution Effective Time to the Exchange Agent with written authorization to proceed as set forth in Section 3.02.

Section 4.01. *Further Assurances.* Subject to the terms and conditions of this Agreement and the Merger Agreement, each party will use its reasonable best efforts to take, or cause to be taken, all actions and to do, or cause to be done, and to assist and cooperate with the other party in doing or causing to be done, all things necessary, proper or advisable under Applicable Laws to consummate the transactions contemplated hereby as soon as practicable after the date hereof and as may be otherwise required to consummate and make effective the transactions contemplated by this Agreement.

Section 4.02. *Company Names and Marks.* (a) With respect to the licensing of the Company Names and Marks, the parties shall enter into the Trademark License Agreement. SpinCo, for itself and its Affiliates, agrees that the rights of the members of the Tiger Group and their respective Affiliates to the Company Names and Marks pursuant to the terms of any trademark agreements or otherwise between the Company or any of its Affiliates, on the one hand, and the members of the Tiger Group or their respective Affiliates, on the other, shall terminate on the Distribution Date and be replaced by such rights as are provided under this Section 4.02 and by the Trademark License Agreement.

(b) SpinCo and its Affiliates shall (i) except as permitted under this Section 4.02 and the Trademark License Agreement, (A) immediately upon the Distribution Date cease all use of any of the Company Names and Marks on or in connection with all stationery, business cards, purchase orders, lease agreements, warranties, indemnifications, invoices and other similar correspondence and other documents of a contractual nature and (B) complete the removal of the Company Names and Marks from all product, services and technical information promotional brochures prior to expiration of the Trademark License Agreement and (ii) with respect to Assets or SpinCo Assets bearing any Company Names and Marks, use their commercially reasonable efforts to relabel such Assets or SpinCo Assets or remove such Company Names and Marks from such Assets or SpinCo Assets as

Except as contemplated by the Trademark License Agreement, promptly after the Distribution Date, but in any event no later than 10 Business Days after the Distribution Date, SpinCo and its Affiliates shall make all filings with any and all offices, agencies and bodies and take all other actions necessary to adopt new corporate names, registered names, and registered fictitious names of the members of the Tiger Group and their respective Affiliates (d) that do not consist in whole or in part of, and are not dilutive of or confusingly similar to, the Company Names and Marks (**New Corporate Names**). Upon receipt of confirmation from the appropriate registry that such name changes have been effected, SpinCo shall provide the Company with written proof that such name changes have been effected. SpinCo and its Affiliates shall use best efforts to adopt New Corporate Names as soon as possible after the Distribution Effective Time.

SpinCo, for itself and its Affiliates, acknowledges and agrees that, except to the extent expressly provided in this Section 4.02 or in the Trademark License Agreement, neither SpinCo nor any of its Affiliates shall have any rights (e) in any of the Company Names and Marks and neither SpinCo nor any of its Affiliates shall contest the ownership or validity of any rights of the Company or any of its Affiliates in or to any of the Company Names and Marks.

Section 4.03. *Further Action Regarding Intellectual Property Rights.* (a) If, after the Distribution Date, the Company or SpinCo identifies any item of (i) Tiger Intellectual Property, (ii) Tiger Software, (iii) Tiger Data/Technology, (iv) Registrable IP owned by the Company or any of its Subsidiaries that was not set forth on Annex A-7 or Annex B-10 but for which the Tiger Business is responsible as reflected in the Company's Intellectual Property Rights docketing systems (it being understood that the Company and SpinCo shall discuss in good faith any identified misallocation of designations of responsibility within such docketing systems) (**Unscheduled Registrable IP**), or (v) Intellectual Property Rights (other than Registrable IP and the Company Names and Marks), Data or Technology owned by the Company or any of its Subsidiaries that is not Used exclusively in the Tiger Business or set forth on Annex B-10 but for which the Tiger Business is responsible as reflected in the Company's Intellectual Property Rights docketing systems (it being understood that the Company and SpinCo shall discuss in good faith any identified misallocation of designations of responsibility within such docketing systems) (**Tiger Docketed IP/Data/Technology**), in each case, that inadvertently was not previously transferred or set forth on the applicable Annex, as applicable, by any member of the Company Group or any of its Affiliates to SpinCo, then, to the extent that the Company has the right to do so and without paying additional consideration (other than a nominal fee (e.g., \$1)) to a Third Party, the Company shall (or shall cause a member of the Company Group or its Affiliates to) Transfer such Tiger Intellectual Property, Tiger Software, Tiger Data/Technology, Unscheduled Registrable IP or Tiger Docketed IP/Data/Technology to SpinCo pursuant to the terms hereof for no additional consideration; *provided* that if such Transfer requires payment of additional consideration, then SpinCo may elect to have such license so Transferred at its own expense. Until such time that a member of the Company Group or any of its Affiliates Transfers such Tiger Intellectual Property, Tiger Software, Tiger Data/Technology, Unscheduled Registrable IP or Tiger Docketed IP/Data/Technology to SpinCo, such member of the Company Group, on behalf of itself and its Affiliates, hereby grants to SpinCo and its Subsidiaries (i) a non-exclusive, royalty-free, fully paid-up, worldwide, irrevocable, sublicensable and transferable right and license (or sublicense, as the case may be) to fully use, practice and otherwise exploit such Tiger Intellectual Property, Tiger Software, Tiger Data/Technology, Unscheduled Registrable IP, or Tiger Docketed IP/Data/Technology Controlled (as such term is defined in the IP Cross License Agreement) by the applicable member of the Company Group and its Affiliates and (ii) a covenant not to sue with respect to the foregoing activities, in each case under (i) and (ii), effective as of the Distribution Date.

(b) If, after the Distribution Date, the Company or SpinCo identifies any item of Company Intellectual

B-30

Property, Company Software or Company Data/Technology (other than Unscheduled Registrable IP and Tiger Docketed IP/Data/Technology) that was (i) Transferred by a member of the Company Group or any of its Affiliates or (ii) owned by any member of the Tiger Group prior to the Distribution Date and that was not Transferred to the Company or an Affiliate of the Company prior to the Distribution Date, SpinCo shall, or shall cause the applicable member of the Tiger Group to, promptly Transfer such Company Intellectual Property, Company Software or Company Data/Technology to the Company or its designated Affiliate pursuant to the terms hereof for no additional consideration. Until such time that SpinCo or any of its Affiliates Transfers such Company Intellectual Property, Company Software or Company Data/Technology to the Company or its designated Affiliate, SpinCo, on behalf of itself and its Affiliates, hereby grants to the Company and its Affiliates (i) a non-exclusive, royalty-free, fully paid-up, worldwide, irrevocable, sublicensable and transferable right and license (or sublicense, as the case may be) to fully use, practice and otherwise exploit such Company Intellectual Property, Company Software or Company Data/Technology Controlled (as such term is defined in the IP Cross License Agreement) by the applicable member of the Tiger Group and its Affiliates and (ii) a covenant not to sue with respect to the foregoing activities, in each case under (i) and (ii), effective as of the Distribution Date.

Section 4.04. *Third Party Licenses.* To the extent that any Intellectual Property Rights, Software, Technology or Data included in SpinCo Assets or Direct Sale Assets is licensed or sublicensed from a Third Party under a Contract (other than a Contract set forth in clause (iii) of the definition of SpinCo Assets), such Intellectual Property Rights, Software, Technology or Data is subject to all of the terms and conditions of the Contract between the member of the Company Group and such Third Party pursuant to which such Intellectual Property Rights, Software, Technology or Data has been licensed or sublicensed to such member of the Company Group, including limitations to the field or scope of use.

Section 4.05. *Third Party Consents.* Prior to the Distribution Effective Time, each party agrees to cooperate to obtain any Consents (together with novations) from any Third Party (other than a Governmental Authority) that may be required in connection with the transactions contemplated hereby, including taking the actions set forth on Schedule 4.05. Notwithstanding anything in this Agreement to the contrary, except as otherwise set forth on Schedule 4.05, neither the Company nor Parent nor any of their respective Affiliates shall be required to compensate any Third Party, commence or participate in any Action or offer or grant any accommodation (financial or otherwise, including any accommodation or arrangement to remain secondarily liable or contingently liable for any Tiger Liability) to any Third Party to obtain any such Consent.

Section 4.06. *Factored Customer Receivables.* The Company shall cause the Tiger Business not to have any accounts receivable of the Tiger Business as of the Distribution Effective Time sold or otherwise transferred or divested by the Tiger Business to any Person, or otherwise subject to any factoring arrangement, as of the Distribution Effective Time, other than Factored Customer Receivables.

Section 4.07. *Interim Period Agreements.* Each of the parties hereto agrees to (a) negotiate in good faith to finalize (i) a definitive agreement with respect to certain co-location arrangements on the terms set forth in Exhibit H (the terms set forth on Exhibit H, the **Co-Location Term Sheet** and, such definitive agreement, the **Definitive Co-Location Agreement**) and (ii) a digital services agreement on the terms set forth in Exhibit I (the terms set forth on Exhibit I, the **Digital Term Sheet** and, such definitive agreement, the **Definitive Digital Agreement**) and (b) prior to the Distribution Effective Time, cause the applicable parties to enter into the Definitive Co-Location Agreement and the Definitive Digital Agreement. Following the time at which each of the Definitive Co-Location Agreement and Definitive Digital Agreement is entered into, such definitive agreement shall be deemed a Surviving Intercompany Agreement for all purposes hereunder; *provided* that, notwithstanding anything to the contrary set forth herein or in the Co-Location Term Sheet or Digital Term Sheet (including for clarity any references therein to their non-binding nature), as applicable, in the event that the Definitive Co-Location Agreement or Definitive Digital Agreement is not entered into prior to the Distribution Effective Time, the terms set forth in the Co-Location Term Sheet or Digital

Term Sheet, as applicable, shall be binding on the parties hereto and thereto after the Distribution Effective Time (and shall be deemed to be a Surviving Intercompany Agreement for all purposes hereunder), unless and until the Definitive Co-Location Agreement or Definitive Digital Agreement, as applicable, has been executed and delivered in accordance with the terms of this Agreement.

INDEMNIFICATION

Section 5.01. *Release of Pre-Distribution Claims.* (a) Except as provided in Section 5.01(b), effective as of the Distribution Effective Time:

- (i) The Company, for itself and each member of the Company Group and, to the extent permitted by Applicable Law, all Persons who at any time prior to the Distribution Effective Time were directors, officers, partners, managers, agents or employees of any member of the Company Group (in their respective capacities as such), in each case, together with their respective heirs, executors, administrators, successors and assigns, does hereby remise, release and forever discharge SpinCo and the other members of the Tiger Group, their respective Affiliates, successors and assigns, and all Persons who at any time prior to the Distribution Effective Time have been stockholders, members, partners, directors, managers, officers, agents or employees of any member of the Tiger Group (in each case, in their respective capacities as such), and their respective heirs, executors, administrators, successors and assigns (collectively, the **Tiger Released Persons**) from any and all Liabilities, whether at law or in equity (including any right of contribution), whether arising under any Contract, by operation of law or otherwise, in each case, existing or arising from any acts or events occurring or failing to occur or alleged to have occurred or to have failed to occur or any conditions existing or alleged to have existed on or before the Distribution Effective Time, including in connection with the Separation and the Distribution and any of the other transactions contemplated hereunder and under the Transaction Agreements. Without limitation, the foregoing release includes a release of any rights and benefits with respect to such Liabilities that the Company and each member of the Company Group, and their respective successors and assigns, now has or in the future may have conferred upon them by virtue of any statute or common law principle which provides that a general release does not extend to claims which a party does not know or suspect to exist in its favor at the time of executing the release, if knowledge of such claims would have materially affected such party's settlement with the obligor. In this regard, the Company hereby acknowledges that it is aware that factual matters now unknown to it may have given or may hereafter give rise to Liabilities that are presently unknown, unanticipated and unsuspected, and it further agrees that this release has been negotiated and agreed upon in light of that awareness and it nevertheless hereby intends to release the Tiger Released Persons from the Liabilities described in the first sentence of this Section 5.01(a)(i).
- (ii) SpinCo, for itself and each member of the Tiger Group and, to the extent permitted by Applicable Law, all Persons who at any time prior to the Distribution Effective Time were directors, officers, partners, managers, agents or employees of Parent or any member of the Tiger Group (in their respective capacities as such), in each case, together with their respective heirs, executors, administrators, successors and assigns, does hereby remise, release and forever discharge the Company and the other members of the Company Group, their respective Affiliates, successors and assigns, and all Persons who at any time prior to the Distribution Effective Time have been stockholders, members, partners, directors, managers, officers, agents or employees of any member of the Company Group (in each case, in their respective capacities as such), and their respective heirs, executors, administrators, successors and assigns (collectively, the **Company Released Persons**) from any and all Liabilities, whether at law or in equity (including any right of contribution), whether arising under any Contract, by operation of law or otherwise, in each case, existing or arising from any acts or events occurring or failing to occur or alleged to have occurred or to have failed to occur or any conditions existing or alleged to have existed on or before the Distribution Effective Time, including in connection with the Separation and the Distribution and any of the other transactions contemplated hereunder and under the Transaction Agreements. Without limitation, the foregoing release includes a release of any rights and benefits with respect to such Liabilities that SpinCo and each member of the Tiger Group, and their respective successors and assigns, now has or in the future may have conferred upon them by virtue of any statute or common law principle which provides that a general release does not extend to

claims which a party does not know or suspect to exist in its favor at the time of executing the release, if knowledge of such claims would have materially affected such party's settlement with the obligor. In this regard, each of Parent and SpinCo hereby acknowledges that it

is aware that factual matters now unknown to it may have given or may hereafter give rise to Liabilities that are presently unknown, unanticipated and unsuspected, and it further agrees that this release has been negotiated and agreed upon in light of that awareness and SpinCo nevertheless hereby intends to release the Company Released Persons from the Liabilities described in the first sentence of this Section 5.01(a)(ii).

Nothing contained in Section 5.01(a) shall limit or otherwise affect any Person's rights or obligations pursuant to or (b) contemplated by, or ability to enforce, any Surviving Intercompany Agreement or Surviving Intercompany Account, in each case in accordance with its terms.

Following the Distribution Effective Time, the Company shall not, and shall cause each other member of the Company Group not to, make any claim or demand, or commence any Action asserting any claim or demand, including any claim of contribution, recovery or any indemnification, against Parent, SpinCo or any of their respective Affiliates, or any other Person released with respect to any Liabilities released pursuant to Section (c) 5.01(a)(i). Following the Distribution Effective Time, Parent shall not, and shall cause its Affiliates, SpinCo and each other member of the Tiger Group not to, make any claim or demand, or commence any Action asserting any claim or demand, including any claim of contribution, recovery or any indemnification, against the Company or any of its Affiliates, or any other Person released with respect to any Liabilities released pursuant to Section 5.01(a)(ii).

Section 5.02. *Indemnification by the Company.* Without limiting the indemnity provisions of any Ancillary Agreements, from and after the Distribution Effective Time, the Company shall indemnify, defend (or, where applicable, pay the defense costs for) and hold harmless the SpinCo Indemnitees from and against, and shall reimburse such SpinCo Indemnitees with respect to, any and all Indemnifiable Losses of the SpinCo Indemnitees to the extent arising out of, resulting from or related to (without duplication): (a) any Excluded Liabilities, including the failure of any member of the Company Group to assume any Excluded Liabilities or (b) any breach by the Company or any other member of the Company Group of any obligations to be performed by such Persons pursuant to this Agreement subsequent to the Distribution Effective Time (each, a **SpinCo Claim**).

Section 5.03. *Indemnification by Parent.* Without limiting the indemnity provisions of any Ancillary Agreements, from and after the Distribution Effective Time, Parent shall indemnify, defend (or, where applicable, pay the defense costs for) and hold harmless the Company Indemnitees from and against, and shall reimburse such Company Indemnitees with respect to, any and all Indemnifiable Losses of the Company Indemnitees to the extent arising out of, resulting from or related to (without duplication): (a) any SpinCo Liabilities, including the failure of any member of the SpinCo Group to assume any SpinCo Liabilities, (b) any Direct Sale Liabilities, including the failure of Direct Sale Purchaser to assume any Direct Sale Liabilities, or (c) any breach by SpinCo, any other member of the Tiger Group, Parent or Direct Sale Purchaser of any obligations to be performed by such Persons pursuant to this Agreement subsequent to the Distribution Effective Time (each, a **Company Claim**).

Section 5.04. *Procedures for Indemnification.* (a) Direct Claims. Other than with respect to Third-Party Claims, which shall be governed by Section 5.04(b):

if a SpinCo Indemnitee has made a determination that it is or may be entitled to indemnification in respect of any (i) SpinCo Claim, the SpinCo Indemnitee shall so notify the Company as promptly as reasonably possible after becoming aware of the existence of such SpinCo Claim; and

if a Company Indemnitee has made a determination that it is or may be entitled to indemnification in respect of any (ii) Company Claim, the Company Indemnitee shall so notify Parent as promptly as reasonably possible after becoming aware of the existence of such Company Claim (any such claim made pursuant to Section 5.04(a)(i) or this Section 5.04(a)(ii), a **Direct Claim**).

Each such notice shall be in writing and shall describe in reasonable detail the basis for the claim for indemnification hereunder and set forth, to the extent known, the estimated amount of Indemnifiable Losses for which indemnification may be sought hereunder relating to such claim and, to the extent practicable, the method of computation thereof;

provided, however, that the failure to provide (or delay in providing) such written notice shall not release the Indemnifying Party from any of its obligations except and solely to the extent the Indemnifying Party shall have been actually prejudiced as a result of such failure or delay.

Third-Party Claims. If an Indemnitee receives notice or otherwise learns of the assertion by any Third Party of any claim or demand or of the commencement by any Third Party of any Action as to which an Indemnifying Party may be obligated to provide indemnification pursuant to this Agreement (a **Third-Party Claim**), the Company (on behalf of the Company Indemnitees) or Parent (on behalf of the SpinCo Indemnitees), as applicable (such claimant, (b) the **Claiming Party**), shall promptly notify the Indemnifying Party of the Third-Party Claim in writing and in reasonable detail describing the basis for any claim for indemnification hereunder; *provided, however*, that the failure to provide notice of any such Third-Party Claim pursuant to this sentence shall not release the Indemnifying Party from any of its obligations except and solely to the extent the Indemnifying Party shall have been actually prejudiced as a result of such failure.

Subject to the provisions of this Section 5.04(c), the Indemnifying Party has the right, exercisable by written notice to the Claiming Party within 30 days after receipt of notice from the Claiming Party pursuant to Section 5.04(b), to assume and conduct the defense (including settlement) of such Third-Party Claim in accordance with the limits set forth in this Agreement with counsel selected by the Indemnifying Party and reasonably acceptable to the other party. If the Indemnifying Party does not assume the defense of a Third-Party Claim in accordance with this Section 5.04(c), the Indemnitee may defend the Third-Party Claim. If the Indemnifying Party has assumed the defense of a Third-Party Claim as provided in this Section 5.04(c), the Indemnifying Party shall not be liable for any legal expenses incurred by the Indemnitee in connection with the defense of the Third-Party Claim; *provided, however*, that if (A) after consultation with outside counsel, there exists a conflict of interest between the Indemnifying Party and the applicable Indemnitee(s) in the defense of such Third-Party Claim by the Indemnifying Party, (B) the Third-Party Claim seeks an injunction or equitable relief against the Indemnitee or any of its Affiliates, (C) the Third-Party Claim relates to or arises in connection with any criminal proceeding, action, indictment, allegation or investigation or (D) the Indemnifying Party fails to take reasonable steps necessary to (c) defend diligently such Third-Party Claim, then, in each case, the Indemnitee may assume its own defense, and the Indemnifying Party shall be liable for the reasonable costs or expenses incurred in connection with such defense. The Indemnifying Party or the Indemnitee, as the case may be, has the right to participate in (but, subject to the prior sentence, not control), at its own expense, the defense of any Third-Party Claim that the other party is defending as provided in this Agreement. The Indemnifying Party, if it has assumed the defense of any Third-Party Claim as provided in this Agreement, may not, without the prior written consent of the Indemnitee, consent to a settlement or compromise of, or the entry of any judgment arising from, any such Third-Party Claim that (i) does not include as an unconditional term thereof the giving by the claimant or the plaintiff to the Indemnitee of a complete release from all liability in respect of such Third-Party Claim or (ii) provides for injunctive or other nonmonetary relief affecting the Indemnitee or any of its Affiliates, or for monetary relief with respect to which the Indemnitee and its Affiliates are not entitled to indemnification under this Agreement. The Indemnitee shall not consent to a settlement or compromise of, or the entry of any judgment arising from, any Third-Party Claim, without the prior written consent of the Indemnifying Party (such consent not to be unreasonably withheld, conditioned or delayed).

The Claiming Party and the Indemnifying Party shall (and the Claiming Party shall cause the applicable Indemnitee(s) to) make reasonably available to each other and their respective agents and Representatives all relevant information available to them that are necessary or appropriate for the defense of any Third-Party Claim, subject to any *bona fide* claims of attorney-client privilege, and each of the Indemnifying Party and the Claiming Party shall use its reasonable efforts to assist, and to cause the employees and counsel of such party to assist, in the defense of such Third-Party Claim. If a party asserts its right to participate in the defense of any Third-Party Claim, (d) the party controlling the defense and investigation of such Third-Party Claim shall act in good faith and reasonably consult and cooperate with the Indemnitee or the Indemnifying Party, as the case may be, in connection with any appearances, briefs, arguments and proposals made or submitted by or on behalf of any party in connection with the Third-Party Claim (including considering in good faith all reasonable additions, deletions or changes suggested by the Indemnitee or the Indemnifying Party, as the case may be, in connection any filings made with any Governmental Authority or proposals to the Third Party claimant in connection therewith).

(e) The provisions of this Section 5.04 (other than this Section 5.04(e)) and Section 5.07 (other than Section 5.07(f)) shall not apply to Taxes (Taxes being governed by the Tax Matters Agreement).

Each party shall, and shall cause its Subsidiaries to, use commercially reasonable efforts to collect or recover, or allow the Indemnifying Party to collect or recover, or cooperate with each other in collecting or recovering, any Insurance Proceeds that may be collectible or recoverable respecting the Liabilities for which indemnification may (f) be available under this Article 5. If an Indemnifying Party makes any payment for any Indemnifiable Losses pursuant to the provisions of this Article 5, such Indemnifying Party shall be subrogated, to the extent of such payment, to all rights and remedies of the Indemnatee to any insurance benefits or other claims of the Indemnatee with respect to such Indemnifiable Losses and with respect to the matter giving rise to such Indemnifiable Losses.

Section 5.05. *Indemnification Obligations Net of Insurance Proceeds and Other Amounts.* (a) Any recovery by any party (including any of its Indemnitees) for any Indemnifiable Loss subject to indemnification pursuant to this Article 5 shall be calculated (i) net of Insurance Proceeds actually received by such party (or any of its Indemnitees) with respect to any Indemnifiable Loss and (ii) net of any proceeds actually received by such party (or any of its Indemnitees) from any Third Party with respect to any such Liability corresponding to the Indemnifiable Loss

(**Third-Party Proceeds**), in the case of (i) and (ii) net of the costs of collection thereof and any increase in premium attributable thereto. Accordingly, the amount which any Indemnifying Party is required to pay pursuant to this Article 5 to any Indemnatee pursuant to this Article 5 shall be reduced by any Insurance Proceeds or Third-Party Proceeds theretofore actually recovered by or on behalf of the Indemnatee corresponding to the related Indemnifiable Loss, in each case net of the costs of collection thereof and any increase in premium attributable thereto. If an Indemnatee receives a payment required by this Agreement from an Indemnifying Party corresponding to any Indemnifiable Loss (an **Indemnity Payment**) and subsequently receives Insurance Proceeds or Third-Party Proceeds, then the Indemnatee shall pay to the Indemnifying Party an amount equal to the excess of the Indemnity Payment received over the amount of the Indemnity Payment that would have been due if the Insurance Proceeds or Third-Party Proceeds had been received, realized or recovered before the Indemnity Payment was made.

The parties hereby agree that an insurer or other Third Party that would otherwise be obligated to pay any amount shall not be relieved of the responsibility with respect thereto or have any subrogation rights with respect thereto by virtue of any provision contained in this Agreement or any Transaction Agreement, and that no insurer or any other Third Party shall be entitled to a windfall (e.g., a benefit they would not otherwise be entitled to receive, or the reduction or elimination of an insurance coverage obligation that they would otherwise have, in the absence of the (b) indemnification or release provisions) by virtue of any provision contained in this Agreement or any Transaction Agreement. Notwithstanding the foregoing, an Indemnifying Party may not delay making any Indemnity Payment required under the terms of this Agreement, or otherwise satisfying any indemnification obligation, pending the outcome of any Action to collect or recover Insurance Proceeds, and an Indemnatee need not attempt to collect any Insurance Proceeds prior to making a claim for indemnification or receiving any Indemnity Payment otherwise owed to it under this Agreement or any Transaction Agreement.

Any recovery by any party (including any of its Indemnitees) for any Indemnifiable Loss subject to indemnification pursuant to this Article 5 shall be calculated net of any Tax benefit actually realized by the Indemnatee arising from (c) the incurrence or payment of any such Indemnifiable Loss (determined on a with and without basis and by treating the loss or deduction (or a carryforward thereof) attributable to such Indemnifiable Loss as the last item taken into account in determining the applicable Indemnatee's Tax liability).

Section 5.06. *Contribution.* If the indemnification provided for in this Article 5 is unavailable for any reason to an Indemnatee (other than, and to the extent resulting from, failure to provide notice with respect to any Third-Party Claims in accordance with Section 5.04(b)) in respect of any Indemnifiable Loss, then the Indemnifying Party shall, in accordance with this Section 5.06, contribute to the Indemnifiable Losses incurred, paid or payable by such Indemnatee as a result of such Indemnifiable Loss in such proportion as is appropriate to reflect the relative fault of Parent, Direct Sale Purchaser, SpinCo and each other member of the Tiger Group, on the one hand, and the Company and each other member of the Company Group, on the other hand, in connection with the circumstances which resulted in such Indemnifiable Loss. Solely for purposes of determining relative fault pursuant to this Section 5.06: (a)

any fault associated with the conduct of the Company Business prior to

B-35

the Distribution Effective Time shall be deemed to be allocated to the Company and the other members of the Company Group, and no such fault shall be deemed to be the fault of SpinCo or any other member of the Tiger Group; and (b) any fault associated with the conduct of the Tiger Business prior to the Distribution Effective Time shall be deemed to be the fault of SpinCo and the other members of the Tiger Group, and no such fault shall be deemed to be the fault of the Company or any other member of the Company Group.

Section 5.07. *Additional Matters; Survival of Indemnities.* (a) The agreements contained in this Article 5 shall remain operative and in full force and effect, regardless of (i) any investigation made by or on behalf of any Indemnatee, and (ii) the knowledge by the Indemnatee of Indemnifiable Losses for which it might be entitled to payment hereunder. The agreements contained in this Article 5 shall survive the Distribution.

The rights and obligations of each party and their respective Indemnitees under this Article 5 shall survive (i) the sale or other Transfer by any party or its Subsidiaries of any Assets or businesses or the assignment by it of any (b) Liabilities and (ii) any merger, consolidation, business combination, sale of all or substantially all of the Assets, restructuring, recapitalization, reorganization or similar transaction involving either party or any of its Subsidiaries. The parties intend and hereby agree that this Article 5 sets forth the exclusive remedy of the parties and the parties to the Conveyance and Assumption Instruments, as applicable, following the Distribution Effective Time for any Liabilities arising out of any breach of the covenants contained in this Agreement (including with respect to Indemnifiable Losses arising out of, resulting from or related to Excluded Liabilities, Direct Sale Liabilities or SpinCo Liabilities, as the case may be) or any Conveyance and Assumption Instrument, except that nothing (c) contained in this Section 5.07(c) shall impair any right of any Person (i) to specific performance under this Agreement or (ii) to equitable relief as provided in Section 7.14 or in any other Transaction Agreement. In furtherance of the foregoing, each party waives, to the fullest extent permitted under Applicable Law, any and all rights, claims and causes of action it may have against the other party in connection herewith or any Conveyance and Assumption Instrument or arising under or based upon any Applicable Law other than the right to seek indemnity pursuant to this Article 5 and the right to seek the relief described in clauses (i) or (ii) of the preceding sentence. Each party shall cause its Representatives to comply with this Section 5.07(c).

Any amounts payable pursuant to this Article 5 shall be paid without duplication, and in no event shall any party be indemnified or receive contribution under different provisions of any Transaction Agreement for the same (d) Liabilities. In furtherance of the foregoing, the Company shall not be required to indemnify any SpinCo Indemnatee for any Liability pursuant to Section 5.02 if and to the extent such Liability was taken into account in the calculation of Final SpinCo Closing Indebtedness or Final Direct Sale Closing Indebtedness.

The parties shall report for all Tax purposes any amounts payable pursuant to this Article 5 in accordance with (f) Section 15(b) of the Tax Matters Agreement.

Notwithstanding anything herein to the contrary, nothing in this Article 5 is intended to provide any rights of (h) indemnification in respect of any other Transaction Agreement.

ARTICLE 6

PRESERVATION OF RECORDS; ACCESS TO INFORMATION; CONFIDENTIALITY; PRIVILEGE

Section 6.01. *Access Generally.* (a) Other than for matters related to provision of Tax records (in which event the provisions of the Tax Matters Agreement shall govern), and subject to appropriate restrictions for Privileged Information or Evaluation Material, from and after the Distribution Effective Time and until the later of (i) the sixth anniversary of the Distribution Effective Time and (ii) the expiration of the relevant statute of limitations period, if applicable, and subject to compliance with the terms of the Transaction Agreements, upon the prior written reasonable request by the Company or SpinCo, the applicable party shall use commercially reasonable efforts to provide, as soon as reasonably practicable following the receipt of such request, reasonable access or, to the extent such information is reasonably practicable to identify and extract, copies of such information in the possession or control of such applicable party (or its Affiliates), but only to the extent such requested information is not already in the possession or control of the requesting party or any of its Affiliates and is necessary for a reasonable business purpose. Each of the Company and SpinCo shall make their respective personnel available during regular business hours to discuss the information exchanged pursuant to this Article 6.

Each of the Company and SpinCo shall inform their respective Representatives who have or have access to the (b) other party's Evaluation Material or other information provided pursuant to this Article 6 of their obligation to hold such information confidential in accordance with the provisions of this Agreement.

Nothing in this Article 6 shall require any party to violate any agreement with any Third Party regarding the confidentiality of confidential and proprietary information relating to that Third Party or its business; *provided*, (c) *however*, that in the event that a party would be required under this Section 6.01 to disclose any such information, such party shall use commercially reasonable efforts to seek to obtain such Third Party's written consent to the disclosure of such information and to otherwise disclose any such information in a manner that would not reasonably be expected to violate such agreement.

Section 6.02. *Financial Statements and Accounting.* Without limitation of Section 6.01, from the Distribution Effective Time, each of the Company and SpinCo agrees to provide reasonable assistance and, subject to Section 6.06, reasonable access to its properties, books and records, other information and personnel, and to use its commercially reasonable efforts to cooperate with the other party's requests, in each case to enable (a) such other party to meet its timetable for dissemination of its earnings releases, financial statements and management's assessment of the effectiveness of its disclosure controls and procedures and its internal control over financial reporting in accordance with Items 307 and 308, respectively, of Regulation S-K, (b) such other party's accountants to timely complete their review of the quarterly financial statements and audit of the annual financial statements of such other party, including, to the extent applicable to such party, its auditor's audit of its internal control over financial reporting and management's assessment thereof in accordance with Section 404 of the Sarbanes-Oxley Act of 2002 and the SEC's and Public Company Accounting Oversight Board's rules and auditing standards thereunder, and (c) such other party to respond to any written request or official comment from a Governmental Authority, including in connection with responding to a comment letter from, or investigation by, the SEC; *provided*, that in connection with this clause (c), each party shall provide reasonable access on the terms set forth in this Section 6.02 until the matter relating to such comment letter or investigation is resolved.

Section 6.03. *Witness Services.* At all times from and after the Distribution Effective Time, each of the Company and SpinCo shall use its commercially reasonable efforts to make available to the other party, upon reasonable written request, its and its Subsidiaries' officers, directors, employees and agents (taking into account the business demands of such individuals) as witnesses to the extent that (a) such Persons may reasonably be required to testify in connection with the prosecution or defense of any Action in which the requesting party may from time to time be involved (except for claims, demands or Actions in which one or more members of one Group is adverse to one or more members of the other Group) and (b) there is no conflict in the Action between the requesting party and the other party. A party providing a witness to the other party under this Section 6.03 shall be entitled to receive from the

recipient of such witness services, upon the presentation of invoices therefor, payments for such amounts, relating to supplies, disbursements and other out-of-pocket expenses (which shall not

B-37

include the costs of salaries and benefits of employees who are witnesses or any *pro rata* portion of overhead or other costs of employing such employees which would have been incurred by such employees' employer regardless of the employees' service as witnesses), as may be reasonably incurred and properly paid under Applicable Law.

Section 6.04. *Reimbursement.* Except as otherwise set forth in the Merger Agreement or any Ancillary Agreement, the party requesting information or services pursuant to this Article 6 agrees to reimburse the other party for the reasonable out-of-pocket costs, if any, actually incurred in connection with delivering such information or services, to the extent that such costs are incurred for the benefit of the requesting party.

Section 6.05. *Retention of Books and Records.* (a) The Company and its Affiliates shall have the right to retain copies of all books and records of the Tiger Business relating to periods ending on or before the Distribution Date; *provided*, that such copies shall be deemed Evaluation Material and shall be subject to the provisions of Section 6.06. SpinCo agrees that it shall preserve and keep all original books and records in respect of the Tiger Business in the possession or control of SpinCo or its Affiliates for the longer of (i) any applicable statute of limitations and (ii) a period of six years from the Distribution Date.

During such six-year or statute of limitations period, as applicable, (i) Representatives of the Company and its Affiliates shall, upon reasonable written notice and for any reasonable business purpose, have reasonable access during normal business hours to examine, inspect and copy such books and records and (ii) SpinCo shall provide to the Company and its Affiliates reasonable access to such original books and records of the members of the Tiger (b) Group and the Tiger Business as the Company or its Affiliates shall reasonably request in connection with any Action to which the Company or any of its Affiliates are parties or in connection with the requirements of any Applicable Law. The Company or its Affiliates, as applicable, shall return such original books and records to SpinCo or its Affiliate as soon as such books and records are no longer needed in connection with the circumstances described in the immediately preceding sentence.

After such six-year or statute of limitations period, as applicable, before SpinCo or any of its Affiliates shall dispose of any of such books and records, SpinCo shall give at least 90 days' prior written notice of such intention (c) to dispose of any such books and records to the Company, and the Company and its Affiliates shall be given an opportunity, at their cost and expense, to remove and retain all or any part of such books and records as it may elect upon reasonable written notice to SpinCo.

(d) Notwithstanding anything to the contrary in this Section 6.05, the Tax Matters Agreement will govern the retention of Tax Returns, schedules and work papers and all material records or other documents relating thereto.

Section 6.06. *Confidentiality.* (a) From and after the Distribution Effective Time, the Company shall not, and shall cause each member of the Company Group and its and their respective Representatives not to, directly or indirectly, without the prior written consent of SpinCo, disclose to any Third Party (other than to each other and their respective Representatives who need to know the information and who are advised of the confidential nature of such information) any Evaluation Material related to the Tiger Business; *provided*, that the foregoing restrictions shall not (i) apply to any information available to the public (other than as a result of disclosure in violation of this Section 6.06(a)) or (ii) prohibit disclosure required by Applicable Law so long as, to the extent legally permissible, the Company or such member of the Company Group provides SpinCo with reasonable prior written notice of such disclosure and a reasonable opportunity to contest such disclosure at SpinCo's sole expense. From and after the Distribution Effective Time, the Company shall, and shall cause each member of the Company Group and its and their respective Representatives to, use such Evaluation Material related to the Tiger Business only in connection with the purpose for which such Evaluation Material was retained by the Company or such member of the Company Group in accordance with this Agreement, and for no other reason (and only for so long as such purpose continues to be applicable to the Company or such member of the Company Group).

(b) From and after the Distribution Effective Time, SpinCo shall not, and SpinCo shall cause its Affiliates, including Parent and each other member of the Tiger Group, and its and their respective Representatives not to, directly or

indirectly, without the prior written consent of the Company, disclose to any Third Party (other than to each other and their respective Representatives who need to know the information and who are advised of the confidential nature of such information) any Evaluation Material related to the Company Business; *provided*, that the foregoing restrictions shall not (i) apply to

B-38

any information available to the public (other than as a result of disclosure in violation of this Section 6.06(b)) or (ii) prohibit disclosure required by Applicable Law so long as, to the extent legally permissible, SpinCo or such member of the Tiger Group provides the Company with reasonable prior written notice of such disclosure and a reasonable opportunity to contest such disclosure at the Company's sole expense. From and after the Distribution Effective Time, SpinCo shall, and SpinCo shall cause Parent and its Subsidiaries, including SpinCo and each other member of the Tiger Group, and its and their respective Representatives to, use such Evaluation Material related to the Company Business only in connection with the purpose for which such Evaluation Material was retained by SpinCo or such member of the Tiger Group in accordance with this Agreement, and for no other reason (and only for so long as such purpose continues to be applicable to SpinCo or such member of the Tiger Group).

For the avoidance of doubt and notwithstanding any other provision of this Section 6.06, (i) the sharing of (c) Privileged Information shall be governed solely by Section 6.07, and (ii) information that is subject to any confidentiality provision or other disclosure restriction in any Ancillary Agreement shall be governed by the terms of such Ancillary Agreement.

Section 6.07. *Privilege Matters.* (a) *Pre-Distribution Services.* The parties recognize in certain instances legal and other professional services that have been and will be provided prior to the Distribution Effective Time have been and will be rendered for the collective benefit of each of the members of the Company Group and the Tiger Group, and, to the fullest extent permitted by Applicable Law, that each of the members of the Company Group and the Tiger Group should be deemed to be the client with respect to such pre-Distribution services for the purposes of asserting all privileges, immunities or other protections from disclosure which may be asserted under Applicable Law, including attorney-client privilege, business strategy privilege, joint defense privilege, common interest privilege and protection under the work-product doctrine (**Privilege**). To the fullest extent permitted by Applicable Law, the Company and SpinCo shall have a shared Privilege with respect to all information subject to Privilege (**Privileged Information**) which relates to such pre-Distribution services. For the avoidance of doubt, Privileged Information within the scope of this Section 6.07(a) includes, but is not limited to, services rendered by legal counsel retained or employed by any the Company or SpinCo (or any member of such party's respective Group), including outside counsel and in-house counsel.

Post-Distribution Services. The parties recognize that legal and other professional services will be provided following the Distribution Effective Time to each of the Company and SpinCo. The parties further recognize that (b) certain of such post-Distribution services will be rendered solely for the benefit of the Company or SpinCo, as the case may be, while other such post-Distribution services may be rendered with respect to Actions or other matters which involve both the Company and SpinCo. To the fullest extent permitted by Applicable Law, with respect to such post-Distribution services and related Privileged Information, the parties agree as follows:

All Privileged Information relating to any claims, proceedings, litigation, disputes or other matters which involve (i) both the Company Group and the Tiger Group shall be subject to a shared Privilege among the parties involved in the claims, proceedings, litigation, disputes or other matters at issue; and

Except as otherwise provided in Section 6.07(b)(i), Privileged Information relating to post-Distribution services provided solely to one of the Company Group or the Tiger Group shall not be deemed shared between the parties; (ii) *provided*, that the foregoing shall not be construed or interpreted to restrict the right or authority of the parties (x) to enter into any further agreement, not otherwise inconsistent with the terms of this Agreement, concerning the sharing of Privileged Information or (y) otherwise to share Privileged Information without waiving any Privilege which could be asserted under Applicable Law.

The parties agree as follows regarding all Privileged Information with respect to which the parties shall have a (c) shared Privilege under Section 6.07(a) or (b):

subject to Section 6.07(c)(iii), no member of the Company Group or Tiger Group may waive, or allege or purport to (i) waive, any Privilege which could be asserted under any Applicable Law, and in which the other (or a member of its Group) has a shared Privilege, without the written consent of the other party;

B-39

if a dispute arises between or among the parties or their respective Subsidiaries regarding whether a Privilege should be waived to protect or advance the interest of any party, each party agrees that it shall negotiate in good (ii) faith, shall endeavor to minimize any prejudice to the rights of the other party and each of the Company and SpinCo, on behalf of themselves and their respective Group, specifically agrees that it shall not withhold consent to waive for any purpose except to protect its own legitimate interests; and in the event of any litigation or dispute between the parties, or any members of their respective Groups, either the Company or SpinCo, on behalf of themselves and their respective Group, may waive a Privilege in which the other party or member of such Group has a shared Privilege, without obtaining the consent of the other party; (iii) *provided*, that such waiver of a shared Privilege shall to the fullest extent permitted by Applicable Law be effective only as to the use of Privileged Information with respect to the litigation or dispute between the parties and/or the applicable members of their respective Groups, and shall not operate as a waiver of the shared Privilege with respect to Third Parties.

The transfer of all information pursuant to this Agreement is made in reliance on the agreement of the Company or SpinCo as set forth in Section 6.06 and this Section 6.07(d), to maintain the confidentiality of Privileged Information and to assert and maintain any applicable Privilege. The access to information being granted pursuant (d) to Section 6.01 and Section 6.02, the agreement to provide witnesses and individuals pursuant to Section 6.03, the furnishing of notices and documents and other cooperative efforts contemplated by Section 5.04 and the transfer of Privileged Information between the parties and their respective Subsidiaries pursuant to this Agreement shall not be deemed a waiver of any Privilege that has been or may be asserted under this Agreement or otherwise.

Section 6.08. *Ownership of Information.* Any information owned by one party or any of its Subsidiaries that is provided to a requesting party pursuant to this Article 6 shall be deemed to remain the property of the providing party. Unless expressly set forth herein, nothing contained in this Agreement shall be construed as granting a license or other rights to any party with respect to any such information, whether by implication, estoppel or otherwise.

Section 6.09. *Other Agreements.* The rights and obligations granted under this Article 6 are subject to any specific limitations, qualifications or additional provisions on the sharing, exchange or confidential treatment of information set forth in any Transaction Agreement.

ARTICLE 7 MISCELLANEOUS

No failure or delay by any party in exercising any right, power or privilege hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The rights and remedies herein provided shall be cumulative and not exclusive of any rights or remedies provided by Applicable Law.

Section 7.07. *Termination.* This Agreement shall terminate without further action at any time before the Distribution Effective Time upon termination of the Merger Agreement. If terminated, no party shall have any Liability of any kind to any other party or any other Person on account of this Agreement, except as provided in the Merger Agreement.

Section 7.08. *Assignment.* This Agreement and the rights and obligations hereunder may not be assigned or delegated in whole or in part by any party by operation of law or otherwise without the express written consent of Parent, in the case of an attempted assignment or delegation by the Company, or the Company, in the case of an attempted assignment or delegation by Parent, Direct Sale Purchaser or SpinCo except that Direct Sale Purchaser may assign or delegate any of its rights or obligations pursuant to this Agreement, in whole or in part, to one or more wholly owned Subsidiaries of Parent (other than Merger Sub or any of its Subsidiaries) without the prior consent of the Company; *provided* that such assignment or delegation shall not relieve Direct Sale Purchaser of its obligations under this Agreement. Any attempted assignment that is not in accordance with this Section 7.08 shall be null and void.

Section 7.09. *Successors and Assigns.* The provisions of this Agreement and the obligations and rights hereunder shall be binding upon, inure to the benefit of and be enforceable by (and against) the parties and their respective successors and permitted assigns.

Section 7.10. *Subsidiaries.* Each of the parties shall cause to be performed, and hereby guarantees the performance of, all actions, agreements and obligations set forth herein to be performed by any Subsidiary of such party or by any Person that becomes a Subsidiary of such party as a result of the consummation of the transactions contemplated hereby, in each case to the extent such Subsidiary remains a Subsidiary of the applicable party.

Section 7.11. *Third-Party Beneficiaries.* Except (a) as provided in Article 5 relating to Indemnitees and for the releases under Section 5.01 of any Person as provided therein and (b) as specifically provided in any Transaction Agreement, no provision of this Agreement is intended to confer any rights, benefits, remedies, obligations or liabilities hereunder upon any Person other than the parties hereto and their respective successors and assigns. Notwithstanding the foregoing, the Lender Related Parties are third party beneficiaries of the Lender Provisions.

Section 7.12. *Governing Law; Jurisdiction.* This Agreement shall be governed by and construed in accordance with the laws of the State of Delaware, without regard to the conflicts of law rules of such state. Notwithstanding the foregoing, each of the parties hereto agrees all litigation, suits, proceedings, or actions (whether at law, in equity, in contract, in tort or otherwise) against any of the Lender Related Parties that may be based upon, arising out of or related to this Agreement or the transactions contemplated hereby, including any dispute relating to the Financing or the Parent Financing, shall be exclusively governed by and construed in accordance with the internal laws of the State of New York, without regard to the conflicts of law rules of such state. The parties hereto agree that any litigation, suit, proceeding or action seeking to enforce any provision of, or based on any matter arising out of or in connection with, this Agreement or the transactions contemplated hereby (whether brought by any party or any of its Affiliates or against any party or any of its Affiliates) shall be brought in the Delaware Chancery Court or, if such court shall not have jurisdiction, any federal court located in the State of Delaware or other Delaware state court, and each of the parties hereby irrevocably consents to the jurisdiction of such courts (and of the appropriate appellate courts therefrom) in any such litigation, suit, proceeding or action and irrevocably waives, to the fullest extent permitted by law, any objection that it may now or hereafter have to the laying of the venue of any such litigation, suit, proceeding or action in any such court or that any such litigation, suit, proceeding or action brought in any such court has been

brought in an inconvenient forum. Process in any such litigation, suit, proceeding or action may be served on any party anywhere in the world, whether within or without the jurisdiction of any such court. Without limiting the foregoing, each party agrees that service of process on such party as provided in Section 7.05 shall be deemed effective service of process on such party. Notwithstanding the foregoing, each party hereto agrees (i) that it will not bring or support any litigation, suit, proceeding, or action against any of the Lender Related Parties that may

be based upon, arising out of or related to this Agreement or the transactions contemplated hereby, including any dispute relating to the Financing or the Parent Financing, in any forum other than the federal court located in the Borough of Manhattan within the City of New York or, if the federal courts shall not have subject matter jurisdiction, in the New York state court located in the Borough of Manhattan within the City of New York, (ii) to submit and hereby submits to the exclusive jurisdiction of such courts for itself and with respect to its property, generally and unconditionally, with regard to any such litigation, suit, proceeding, or action based upon, arising out of or related to this Agreement or the transactions contemplated hereby, including any dispute relating to the Financing or the Parent Financing, and (iii) to waive and hereby waives, to the fullest extent permitted by Applicable Law, any objection which such party may now or hereafter have to the laying of venue of, and the defense of an inconvenient forum to the maintenance of, any such litigation, suit, proceeding, or action in any such court.

Section 7.13. *Waiver of Jury Trial.* EACH OF THE PARTIES HERETO HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY (INCLUDING AGAINST ANY LENDER RELATED PARTY OR IN RESPECT OF THE FINANCING OR THE PARENT FINANCING).

Section 7.14. *Specific Performance.* The parties agree that irreparable damage would occur, and that the parties would not have any adequate remedy at law, in the event that any of the provisions of this Agreement were not performed in accordance with their specific terms or were otherwise breached. It is accordingly agreed that the parties shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and to specifically enforce the terms and provisions of this Agreement, without proof of actual damages or otherwise, in addition to any other remedy to which any party is entitled at law or in equity. Each party agrees to waive any requirement for the securing or posting of any bond in connection with such remedy. The parties further agree not to assert that a remedy of specific enforcement is unenforceable, invalid, contrary to law or inequitable for any reason, nor to assert that a remedy of monetary damages would provide an adequate remedy.

Section 7.15. *Severability.* If any term, provision, covenant or restriction of this Agreement is held by a court of competent jurisdiction or other Governmental Authority to be invalid, void or unenforceable, the remainder of the terms, provisions, covenants and restrictions of this Agreement shall remain in full force and effect and shall in no way be affected, impaired or invalidated so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner materially adverse to any party. Upon such a determination, the parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in an acceptable manner in order that the transactions contemplated hereby be consummated as originally contemplated to the fullest extent possible.

Section 7.16. *No Admission of Liability.* The allocation of Assets and Liabilities herein (including on the Schedules hereto) is solely for the purpose of allocating such Assets and Liabilities between the Company, SpinCo and Direct Sale Purchaser and is not intended as an admission of liability or responsibility for any alleged Liabilities vis-à-vis any Third Party, including with respect to the Liabilities of any non-wholly owned Subsidiary of the Company or SpinCo.

Section 7.17. *Non-Applicability to Taxes and Employee Matters.* Except as otherwise specifically provided herein, Tax matters shall be exclusively governed by the Tax Matters Agreement, employee and employee benefit matters shall be exclusively governed by the Employee Matters Agreement and, in the event of any inconsistency between the Tax Matters Agreement or the Employee Matters Agreement and this Agreement, the Tax Matters Agreement or Employee Matters Agreement, as applicable, shall control. The procedures relating to indemnification for Tax matters shall be exclusively governed by the Tax Matters Agreement.

Section 7.18. *No Recourse to Lender Related Parties.* Without limiting the rights of Parent under the Parent Commitment Letter or under any definitive agreements with respect to any Financing or any Parent Financing, notwithstanding anything to the contrary contained in this Agreement, the Merger Agreement or any Ancillary Agreement, each party hereto irrevocably agrees that none of the Lender Related Parties shall have any liability or obligation to the Company or SpinCo, or any of their respective Affiliates or any of their or their Affiliates' respective former, current or future stockholders, managers, members, controlling persons, general or limited partners, officers, directors, employees, investment bankers, attorneys, accountants, consultants or other agents or advisors, relating to this Agreement, the Merger Agreement or any Ancillary Agreement, or the

NOW, THEREFORE, in consideration of the foregoing and the mutual representations, warranties, covenants and agreements herein contained, and intending to be legally bound hereby, the parties hereto agree as follows:

ARTICLE 1
GENERAL

Section 1.01. *Defined Terms.* Capitalized terms used but not otherwise defined herein shall have the meanings ascribed thereto in the Merger Agreement. The following capitalized terms, as used in this Agreement, shall have the following meanings:

Affiliate means, with respect to any Person, any other Person that directly, or indirectly through one or more intermediaries, controls, is controlled by or is under common control with, such specified Person; *provided* that Parent shall not be deemed an Affiliate of any Stockholder. a director of the Company. If, after the date hereof and prior to the Expiration Date, the Company enters into any agreement with any of the Faiveley Parties with standstill provisions that are less favorable to the Company in the aggregate than the provisions contained in this Section 2.2 (or if the Company amends or waives the standstill provisions in the Existing Faiveley Agreement in a manner such that the standstill provisions thereunder are less favorable to the Company in the aggregate than the provisions contained in this Section 2.2), the Company shall notify the Shareholder Parties of the terms of such standstill provisions as soon as reasonably practicable after the execution (or amendment or waiver) of such agreement, and in which case this Section 2.2 shall if elected by the Shareholder Parties be amended to be no more favorable to the Company than the enforceable (after giving effect to any waiver) standstill provisions contained in such third party agreement. The Company represents and warrants that, as of the date hereof, it is not party to any agreement with any of the Faiveley Parties containing standstill provisions other than those set forth in the Existing Faiveley Agreement. For the avoidance of doubt, the expiration of the standstill obligations under the Existing Faiveley Agreement in accordance with its current terms shall not be deemed to be an amendment or waiver of the Existing Faiveley Agreement.

Section 2.3 *Voting Agreement.* For as long as the Shareholder Parties hold any Subject Shares, with respect to any matter presented for a vote of the Company's stockholders, each Shareholder Party will vote all Subject Shares that it Beneficially Owns and over which it maintains sole voting power in the same proportion as the votes cast by all Common Shares not Beneficially Owned by the Shareholder Parties on such matter. For purposes of the preceding sentence, a Shareholder Party will be deemed to have sole voting power over any Subject Shares if it shares voting power over the Subject Shares solely with other Shareholder Parties.

Section 2.4 *Access.* So long as the Shareholder Parties, in the aggregate, hold at least 5% of the then-outstanding Common Shares, the Company shall meet with representatives of the Shareholder Parties at such times as the Shareholder Parties may reasonably request (which meetings may be in person or telephonic, provided that the Company will not be required to meet more with such Representatives any more often than once per calendar quarter, and for no more than two hours at a time). The Company shall furnish to the Shareholder Parties such financial and operating data and other information relating to the Company and its Subsidiaries as such Persons may reasonably request in light of the investment they hold in the Company.

ARTICLE III TRANSFER OF SHARES

Section 3.1 *Lockup.* For a period of 90 days following the Closing Date, the Shareholder Parties will not, directly or indirectly through another Person, offer, sell, contract to sell or otherwise dispose of (or enter into any transaction which is designed to, or might reasonably be expected to, result in the disposition (whether by actual disposition or effective economic disposition due to cash settlement or otherwise)), including establishing or increasing a put equivalent position, or liquidating or decreasing a call equivalent position within the meaning of Section 16 of the 1934 Act with respect to, any Subject Shares or any securities convertible into, or exercisable or exchangeable for Subject Shares, or publicly announce an intention to effect any such transaction (collectively, Transfer); *provided* that such prohibition shall not (x) prevent the filing of a Registration Statement pursuant to an exercise of the Shareholder Parties' rights under Section 4.1 or 4.3 hereof or (y) apply to Transfers (i) to Permitted Transferees, (ii) pursuant to a *bona fide* third party tender offer or exchange offer, or (iii) pursuant to any merger or other similar business combination transaction effected by the Company.

Section 3.2 *Sales of Shares.* Following the 90-day period contemplated by Section 3.1, the Subject Shares shall not be subject to transfer restrictions pursuant to this Agreement; provided that the Shareholder Parties shall not Transfer any Subject Shares constituting more than 1.0% of the outstanding Common Shares to any person or group (in each case within the meaning of Section 13(d) of the 1934 Act), in a single transaction or series of related transactions, if such Shareholder Party actually knows, after making such inquiry as such Shareholder Party determines to be

reasonable under the circumstances, that such person or group holds 2.0% or more of the outstanding Common Shares prior to the Transfer; provided, further, that such prohibition shall not apply to, and for the avoidance of doubt no inquiry shall be required in connection with, Transfers (i) to Permitted Transferees, (ii) pursuant to a *bona fide* tender offer or exchange offer, (iii) pursuant to any merger or other similar business combination transaction effected by the Company, (iv) to an underwriter in connection with a Public Offering, (v) in an open market transaction effected through a broker-dealer, (vi) to a broker-dealer

in a block sale so long as such broker-dealer makes block trades in the ordinary course of its business, or (vii) to (A) a registered investment fund, (B) a separately managed account not associated with a hedge fund, (C) a pension fund, or (D) a shareholder of the Company as of March 31, 2018.

Section 3.3 *Required Divestiture*. Without limiting any of the requirements set forth in the Tax Matters Agreement, by no later than the third anniversary of the Closing Date (the Sell-Down Date), the Shareholder Parties will sell all of the Subject Shares that they Beneficially Own; *provided* that the Sell-Down Date will be extended by 60 calendar days if a Market Disruption Event has occurred and is continuing within 10 trading days of the original Sell-Down Date.

ARTICLE IV. REGISTRATION RIGHTS

Section 4.1 *Registration on Request*. (a) Subject to Section 4.1(c), if at any time following the two-month anniversary of the Closing Date, the Company receives a written request (a Registration Request) from any Shareholder Party by Shareholder Action that the Company file a Registration Statement covering the registration of Common Shares having an aggregate market value (based on Average VWAP) of at least \$100.0 million as of the date of such Registration Request, then the Company shall use reasonable best efforts to, as expeditiously as possible, effect the registration of such portion of the Registrable Securities set forth in such Registration Request, together with any securities required to be included in such Registration Statement pursuant to the Faiveley Registration Rights, in accordance with the intended method of distribution stated in such Registration Request, pursuant to a Registration Statement, to the extent necessary to permit the disposition of the Registrable Securities to be so registered. Each Registration Request pursuant to this Section 4.1 must be in writing and specify the number of Registrable Securities requested to be registered and the intended method of distribution. Notwithstanding the foregoing, the Company will not be obligated to file a Registration Statement requested pursuant to this Section 4.1:

- (i) within a period of 90 calendar days after the date of delivery of any other Registration Request pursuant to this Section 4.1;
 - during such time as the Shareholder Parties may sell Registrable Securities, in accordance with the intended
- (ii) method of distribution stated in the Registration Request, pursuant to a Shelf Registration Statement under Section 4.3;
- (iii) on a total of more than three occasions in any calendar year (if, on each such occasion, the registration shall have been deemed to have been effected in accordance with Section 4.1(b) of this Agreement);
 - in any particular jurisdiction in which the Company would be required to execute a general consent to service of
- (iv) process in effecting such registration, qualification or compliance, unless the Company is already subject to service of process in such jurisdiction and except as may be required by the 1933 Act; or
- (vi) if the Shareholder Parties proposes to dispose of Registrable Securities that may be registered at such time pursuant to a Registration Statement contemplated in Section 4.2.
- (b) A registration requested pursuant to this Section 4.1 will not be deemed to have been effected unless the Registration Statement has become effective; *provided, however*, that if, within the period ending on the earlier to occur of (i) 90 days after the applicable Registration Statement has become effective (*provided*, that such period will be extended for a period of time equal to the period the holder of Registrable Securities refrains from selling any securities included in such Registration Statement at the request of the Company or the lead managing underwriter(s) pursuant to the provisions of this Agreement) and (ii) the date on which the distribution of the securities covered thereby has been completed, the offering of securities pursuant to such Registration Statement is interfered with by any stop order, injunction or other order or requirement of the SEC or other Governmental Authority, such Registration Statement will be deemed not to have been effected; *provided, further*, that if the requesting Shareholder Parties, after exercising their right to request a registration pursuant to this Section 4.1 withdraw from a registration so requested after the filing thereof, such registration will be deemed to have been

effective with respect to the Shareholder Parties in accordance with this Section 4.1.

D-6

TABLE OF CONTENTS

Subject to Section 4.2, if, within five Business Days of the Company's receipt of a Registration Request, the requesting Shareholder Parties are advised in writing (the Underwriter's Advice) that the Company has in good faith commenced the preparation of a Registration Statement for an underwritten Public Offering in which the Shareholder Parties received a Piggyback Notice in accordance with this Agreement prior to receipt by the

(c) Company of such Registration Request and the managing underwriter of the proposed Public Offering has determined that, in such firm's judgment, a registration at the time and on the terms requested would materially and adversely affect such underwritten Public Offering, then the Company will not be required to effect such requested registration pursuant to this Section 4.1 until the earliest of:

(i) the abandonment of such underwritten Public Offering by the Company;

(ii) 45 days after receipt of the Underwriter's Advice by the Shareholder Parties, unless the Registration Statement for such offering has become effective and such Public Offering has commenced on or prior to such 45th day; and if the Registration Statement for such Public Offering has become effective and such Public Offering has

(iii) commenced on or prior to such 45th day, the day on which the restrictions on the Shareholder Parties contained in the related lock-up agreement lapse with respect to such Public Offering.

Notwithstanding the foregoing, the Company will not be permitted to defer a registration requested pursuant to this Section 4.1 in reliance on this Section 4.1(c) more than once in any 365-day period.

The Company may postpone the filing or effectiveness of any Registration Statement and suspend the Shareholder Parties' use of any prospectus which is a part of the Registration Statement (in which event the Shareholder Parties will discontinue sales of the Registrable Securities pursuant to the Registration Statement) for a period of up to an aggregate of 60 days, and no more than once, in any 365-day period, exclusive of days covered by any lock-up

(d) agreement executed by the Shareholder Parties in connection with any underwritten Public Offering after the request for registration pursuant to this Section 4.1 if the Company delivers to the Shareholder Parties a certificate signed by either the chief executive officer or the chief financial officer of the Company certifying that the conditions constituting a Material Disclosure Event exist at such time.

The Company will have the right to cause the registration of additional securities for sale for the account of any Person other than the Shareholder Parties (including the Company) in any registration requested pursuant to this Section 4.1 to the extent the managing underwriter or other independent marketing agent for such offering (if any)

(e) determines that, in its judgment, the additional securities proposed to be sold will not materially and adversely affect the offering and sale of the Registrable Securities to be registered, and otherwise to the extent required by the Faiveley Registration Rights, in accordance with the intended method or methods of disposition then contemplated by such registration requested pursuant to this Section 4.1.

Any time a registration requested pursuant to this Section 4.1 involves an underwritten Public Offering, the requesting Shareholder Parties will, after consultation in good faith with the Company, select the investment banker(s) and manager(s) that will serve as managing underwriters (including which such managing underwriters

(b) will serve as lead or co-lead) and underwriters with respect to the offering of such Registrable Securities; *provided*, that such investment banker(s) and manager(s) are reasonably acceptable to the Company (such acceptance not to be unreasonably withheld, conditioned or delayed).

If a holder of Registrable Securities makes a Registration Request that comprises an offer to exchange Registrable Securities for any securities issued by it or any other Person (an Exchange Offer Registration), the Company shall

(c) effect the registration of such offer to exchange on Form S-4 or any similar successor form under the Securities Act for such Exchange Offer Registration.

Section 4.2 Piggyback Registration. (a) If, after the three-month anniversary of the Closing Date, the Company proposes or is required to file a Registration Statement under the 1933 Act or any other securities Laws with respect to an offering of any Common Shares, whether or not for sale for its own account (other than a Registration Statement (i) on Form S-4, Form S-8 or any similar form under non-U.S. Laws or (ii) filed solely in connection with any employee benefit or dividend reinvestment plan), then the Company will give prompt

TABLE OF CONTENTS

written notice of such proposed filing at least 10 Business Days before the anticipated filing date (the Piggyback Notice) to the Shareholder Parties. Such Piggyback Notice must specify the number of Common Shares proposed to be registered, the proposed date of filing of such Registration Statement with the SEC, the proposed means of distribution, the proposed managing underwriter(s) (if any) and a good faith estimate by the Company of the proposed minimum offering price of such Common Shares. The Piggyback Notice will offer the Shareholder Parties the opportunity to include in such Registration Statement the number of Registrable Securities as it may request (a

Piggyback Registration), subject to Section 4.2(b). The Company will include in each such Piggyback Registration all Registrable Securities with respect to which the Company has received a written request for inclusion therein from any Shareholder Party (without need for Shareholder Action), subject to Section 4.2(b). The Shareholder Parties will be permitted to withdraw all or part of the Registrable Securities from a Piggyback Registration at any time at least three Business Days prior to the effective date of the Registration Statement relating to such Piggyback Registration. The Company will be required to maintain the effectiveness of the Registration Statement for a Piggyback Registration for a period of 60 days after the effective date thereof or such shorter period during which all Registrable Securities included in such Registration Statement have actually been sold.

If the managing underwriter or underwriters of a proposed underwritten offering advise the Company and the holders of such Registrable Securities that, in their judgment, because of the size of the offering which the Shareholder Parties, the Company and/or such other Persons (as applicable) intend to make, the success of the offering would be materially and adversely affected by inclusion of the number of Registrable Securities requested to be included (taking into account, in addition to any considerations that the managing underwriter or underwriters reasonably deem relevant, the timing and manner to effect the offering), then the number of Registrable Securities (b) to be offered for the account of the Shareholder Parties shall be reduced to the extent necessary (i) to reduce the total amount of securities to be included in such offering to the amount recommended by such managing underwriter or underwriters or (ii) to the extent necessary to comply with the requirements of the Faiveley Registration Rights; *provided* that if Common Shares are being offered for the account of Persons other than the Company, then the Common Shares intended to be offered for the account of such other Persons shall, except to the extent not permitted by the Faiveley Registration Rights, be reduced pro rata to the extent necessary to permit the Shareholder Parties to include all of its Registrable Securities in such offering.

Section 4.3 *Shelf Registration*. (a) If at any time following the two-month anniversary of the Closing Date, subject to the availability of registration on Form S-3 or any successor form thereto (Form S-3) to the Company, the Company receives a written request (a Shelf Notice) from any Shareholder Party, then the Company will use reasonable best efforts to, as expeditiously as possible, file and cause to be declared effective by the SEC, a Registration Statement on Form S-3 providing for an offering to be made on a continuous basis pursuant to Rule 415 under the 1933 Act (the Shelf Registration Statement) relating to the offer and sale from time to time through agents, underwriters or dealers, directly to purchasers, or through a combination of any of these methods of sale, at fixed prices, prevailing market prices, at prices related to prevailing market prices or at privately negotiated prices, of all or any portion of the Registrable Securities then Beneficially Owned by the Shareholder Parties; *provided* that if the Company remains a well-known seasoned issuer (as defined in Rule 405 under the 1933 Act), a Shelf Notice will not be required and the Company will file, in order that such Shelf Registration Statement is effective on the date of the two-month anniversary of the Closing Date, a Shelf Registration Statement in the form of an automatic shelf registration statement (as defined in Rule 405 under the 1933 Act) or any successor form thereto registering an offering to be made on a continuous or delayed basis pursuant to Rule 415 under the 1933 Act relating to the offer and sale, from time to time through agents, underwriters or dealers, directly to purchasers, or through a combination of any of these methods of sale, at fixed prices, prevailing market prices, at prices related to prevailing market prices or at privately negotiated prices, of all or any portion of the Registrable Securities then held by the Shareholder Parties.

(b) Subject to Section 4.1(d), the Company will use reasonable best efforts to keep the Shelf Registration Statement continuously effective, including by renewing the Shelf Registration Statement, until the earlier of (i) three years after the Shelf Registration Statement first becomes effective and (ii) the date on which all Registrable Securities

covered by the Shelf Registration Statement have been sold thereunder in accordance with the plan and method of distribution disclosed in the prospectus included in the Shelf Registration Statement, or otherwise cease to be Registrable Securities.

TABLE OF CONTENTS

- The Company will be entitled, from time to time, by providing written notice to the holders of Registrable Securities who elected to participate in the Shelf Registration Statement, to require such holders of Registrable Securities to suspend the use of the prospectus for sales of Registrable Securities under the Shelf Registration Statement for a period of up to an aggregate of 60 calendar days, and no more than once, in any 365-day period, exclusive of days covered by any lock-up agreement executed by the Shareholder Parties in connection with any underwritten Public Offering if the Company delivers to the Shareholder Parties a certificate signed by either the chief executive officer or the chief financial officer of the Company certifying that the conditions constituting a Material Disclosure Event exist at such time. Following the earlier of (i) the termination of the conditions
- (c) constituting a Material Disclosure Event and (ii) 60 calendar days following delivery of the notice certifying the existence of a Material Disclosure Event, without any further request from a holder of Registrable Securities, the Company to the extent necessary will use reasonable best efforts to, as expeditiously as possible, prepare a post-effective amendment or supplement to the Shelf Registration Statement or the prospectus, or any document incorporated therein by reference, or file any other required document so that, as thereafter delivered to purchasers of the Registrable Securities included therein, the prospectus will not include an untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

- (d) may be necessary in order to enable such Registrable Securities to be distributed pursuant to the Shelf Offering (taking into account the inclusion of securities pursuant to the Faiveley Registration Rights). In connection with any Shelf Offering that is an underwritten Public Offering and where the plan of distribution set forth in the Take-Down Notice includes a customary road show (including an electronic road show) involving substantial marketing efforts by Wabtec and the underwriters (a Marketed Underwritten Shelf Offering):
- Wabtec will forward the Take-Down Notice to all other Persons, if any, included on the Shelf Registration Statement pursuant to the Faiveley Registration Rights and Wabtec will permit each such Person to include its
- (i) securities included on the Shelf Registration Statement in the Marketed Underwritten Shelf Offering if such holder notifies Wabtec within five days after delivery of the Take-Down Notice to such Person; and
- if the managing underwriter(s) advises the Company and the holders of Registrable Securities that, in its opinion, the inclusion of all of the securities sought to be sold in connection with such Marketed Underwritten Shelf
- (ii) Offering would materially and adversely affect the success thereof, then there will be included in such Marketed Underwritten Shelf Offering only such securities as is advised by such lead managing underwriter(s) can be sold without such effect, and such number of Registrable Securities shall be allocated in the same manner as described in Section 4.2(b).
- For the avoidance of doubt: (x) an underwritten Public Offering involving a sale to a broker-dealer in a block sale so long as such broker-dealer makes block trades in the ordinary course of its business shall not constitute a Marketed Underwritten Shelf Offering and (y) an underwritten Public Offering that involves representatives of the Company or the underwriters having discussions with potential investors in connection with the underwritten Public Offering, but without a customary roadshow , shall not constitute a Marketed Underwritten Shelf Offering.

- (b) In connection with any Registration Statement or Shelf Registration Statement in which a Shareholder Party is participating the Shareholder shall indemnify the Company, its directors and officers, and each Person who controls (within the meaning of Section 15 of the 1933 Act and Section 20 of the 1934 Act) the Company, from and against all Losses, as incurred, arising out of, caused by, resulting from or relating to any untrue statement (or alleged untrue statement) of material fact contained in the Registration Statement or Shelf Registration Statement, or any prospectus or preliminary prospectus or issuer free writing prospectus or any amendment or supplement thereto or any omission (or alleged omission) of a material fact required to be stated therein or necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, and (without limitation of the preceding portions of this Section 4.9(b)) will reimburse the Company, its directors and officers and each

Person who controls the Company (within the meaning of Section 15 of the 1933 Act and Section 20 of the 1934 Act) for any legal and any other expenses reasonably incurred in connection with investigating and defending or settling any such claim, Loss, damage, liability or action, in each case

solely to the extent, but only to the extent, that such untrue statement or omission is made in such Registration Statement or Shelf Registration Statement, or any prospectus or preliminary prospectus or issuer free writing prospectus or any amendment or supplement thereto in reliance upon and in conformity with written information furnished to the Company by the Shareholder Parties for inclusion in such Registration Statement or Shelf Registration Statement, prospectus or preliminary prospectus or issuer free writing prospectus or any amendment or supplement thereto. Notwithstanding the foregoing, no Shareholder Party will be liable under this Section 4.9(b) for amounts in excess of the net proceeds received by such Shareholder Party in the offering giving rise to such liability.

- Any Person entitled to indemnification hereunder will give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification; *provided, however*, the failure to give such notice will not
- (c) release the indemnifying party from its obligation, except to the extent that the indemnifying party has been actually and materially prejudiced by such failure to provide such notice on a timely basis.
- In any case in which any such action is brought against any indemnified party, and it notifies an indemnifying party of the commencement thereof, the indemnifying party will be entitled to participate therein, and, to the extent that it may wish, to assume the defense thereof, with counsel reasonably satisfactory to such indemnified party, and after notice from the indemnifying party to such indemnified party of its election so to assume the defense thereof and acknowledging the obligations of the indemnifying party with respect to such proceeding, the indemnifying party will not (so long as it shall continue to have the right to defend, contest, litigate and settle the matter in question in accordance with this paragraph) be liable to such indemnified party hereunder for any legal or other expense subsequently incurred by such indemnified party in connection with the defense thereof other than reasonable costs of investigation, supervision and monitoring (unless (i) such indemnified party reasonably objects to such assumption on the grounds that there may be defenses available to it which are different from or in addition to the defenses available to such indemnifying party and, as a result, a conflict of interest exists or (ii) the indemnifying party will have failed within a reasonable period of time to assume such defense and the indemnified party is or would reasonably be expected to be materially prejudiced by such delay, in either event the indemnified
- (d) party will be promptly reimbursed by the indemnifying party for the reasonable expenses incurred in connection with retaining one separate legal counsel (for the avoidance of doubt, for all indemnified parties in connection therewith)). For the avoidance of doubt, notwithstanding any such assumption by an indemnifying party, the indemnified party will have the right to employ separate counsel in any such matter and participate in the defense thereof, but the fees and expenses of such counsel will be at the expense of such indemnified party except as provided in the previous sentence. An indemnifying party will not be liable for any settlement of an action or claim effected without its consent (which consent shall not be unreasonably withheld, conditioned or delayed). No matter may be settled by an indemnifying party without the consent of the indemnified party (which consent shall not be unreasonably withheld, conditioned or delayed), unless such settlement (i) includes as an unconditional term thereof the giving by the claimant or plaintiff to such indemnified party of a release from all liability in respect to such claim or litigation, (ii) does not include any statement as to or any admission of fault, culpability or a failure to act by or on behalf of any indemnified party and (iii) does not involve any injunctive or equitable relief that would be binding on the indemnified party or any payment that is not covered by the indemnification hereunder.
- (e) The indemnification provided for under this Agreement shall survive the disposal of the Registrable Securities and the termination of this Agreement.

The Parties agree that any litigation, suit, proceeding, or action seeking to enforce any provision of, or based on any matter arising out of or in connection with, this Agreement or the transactions contemplated hereby (whether brought by any Party or any of its Affiliates or against any Party or any of its Affiliates) shall be brought in the Delaware Chancery Court or, if such court shall not have jurisdiction, any federal court located in the State of Delaware or other Delaware state court, and each of the Parties hereby irrevocably consents to the jurisdiction of such courts (and of the appropriate appellate courts therefrom)

Process in any such litigation, suit, proceeding, or action may be served on any party anywhere in the world, whether within or without the jurisdiction of any such court. Without limiting the foregoing, each Party agrees that service of process on such party as provided in Section 5.3 shall be deemed effective service of process on such Party.

EACH OF THE PARTIES HEREBY IRREVOCABLY WAIVES ANY AND ALL RIGHT TO TRIAL BY JURY (c) IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED HEREBY.

It is accordingly agreed that the Parties shall be entitled to an injunction or injunctions to prevent breaches of this Agreement and to specifically enforce the terms and provisions of this Agreement, without proof of actual damages or otherwise, in addition to any other remedy to which any Party is entitled at law or in equity. Each Party agrees to waive any requirement for the securing or posting of any bond in connection with such remedy. The Parties further agree not to assert that a remedy of specific enforcement is unenforceable, invalid, contrary to law or inequitable for any reason, nor to assert that a remedy of monetary damages would provide an adequate remedy.

Section 5.6 *Successors and Assigns; Assignment.* Except as otherwise expressly provided herein (a) the provisions hereof will inure to the benefit of, and be binding upon, the successors, permitted assigns, heirs, executors and administrators of the Parties and (b) no Party may assign, delegate or otherwise transfer any of its rights or obligations under this Agreement without the consent of each other Party; *provided* that the Shareholder Parties may assign such rights and delegate such obligations to a Permitted Transferee in connection with any Transfer of Subject Shares to such Permitted Transferee. ARTICLE IX

AUTOMATICALLY TRANSFERRING TIGER EMPLOYEES

Section 9.1 Without prejudice to SpinCo's and Direct Sale Purchaser's obligations under this Agreement, the Regulations will apply to the transactions contemplated by the Separation Agreement, including the Internal Reorganization, in the jurisdictions subject to the Regulations. The Parties confirm that it is their intention that the contracts of employment of the Tiger Employees in such jurisdictions (including any rights, powers, duties and Liabilities under or in connection with their contracts) shall, to the extent required by the Regulations, transfer by operation of Applicable Law to the SpinCo Group and Direct Sale Purchaser with effect from such employee's

ARTICLE X

PENSION PLAN FUNDING

Section 10.1 Transferred Pension Plan Final PBO Amount. For purposes of this ARTICLE X, actuarial determinations shall be based upon actuarial assumptions and methodologies used in preparing the most recent audited financial statements of the Company as of the date of the determination (Company's GAAP Assumptions), with the exception that the discount rate used in the Company's GAAP Assumptions will be adjusted (in a manner consistent with the discount rate calculated in the Company's GAAP Assumptions) for the movement in the underlying discount rate from the date that the Company's GAAP Assumptions were originally determined to the Distribution Effective Time. The Company shall cause a qualified actuary (Company's Actuary) to provide a report within forty-five (45) days following the Distribution Effective Time setting forth a detailed calculation and breakdown of its determination of the actuarial present value of the projected benefit obligation as defined in Topic 715 in the FASB's Accounting Standards Codification (the PBO) for each Employee Plan that transfers to the Tiger Group, Parent or one of their Affiliates pursuant to Applicable Law and Transferring Arrangement that, in each case, is a defined benefit pension or termination indemnity plan (such Employee Plans and Transferring Arrangements, the Transferred Pension Plans), as of the Distribution Effective Time and any back-up information reasonably required by Parent or its qualified actuary (Parent's Actuary) to confirm the accuracy of such determination. Unless Parent notifies the Company of an objection to the determination by the Company's Actuary of the PBO within forty-five (45) days following the Company's delivery of the determination by the Company's Actuary, such initial determinations of the PBO will become final and binding on the Company, Parent and their respective Affiliates. If Parent disputes the accuracy of the determinations, Parent and Parent's Actuary and the Company and the Company's Actuary shall cooperate to identify the basis for such disagreement and act in good faith to resolve such dispute. If Parent and the Company are able to reach agreement, then they will reduce such agreement to writing and such agreement will become final and binding on the Company, Parent and their respective Affiliates. To the extent that a dispute is unresolved after a forty-five (45)-day period following identification of such dispute, the determinations shall be verified by an independent third-party actuary selected by the mutual agreement of the Company and Parent. The decision of such third-party actuary shall be made within thirty (30) days after its engagement and shall be final, binding and conclusive on the Company, Parent and their respective Affiliates. The Company and Parent shall share equally the costs of such third-party actuary. The PBO of the Transferred Pension Plans as finally determined in accordance with this Section 10.1 shall be the Final PBO Amount.

Section 10.2 Pension Transfer Amounts. Within forty-five (45) days following the Distribution Effective Time, with respect to any Transferred Pension Plan that is funded immediately prior to the Distribution Effective Time, the Company may cause the assets of the trusts or other funding vehicles under such Transferred Pension Plan to be transferred to the corresponding trusts or other funding vehicles of the Tiger Group in the form of cash (or, if mutually agreed by the Company and Parent, in the form of cash equivalents, marketable securities or insurance contracts (to the extent allowable under the terms of such contracts and exclusively intended to cover plan benefits)). The amount of assets actually transferred to the trust or other funding vehicle of the Tiger Group pursuant to this Section 10.2 with respect to each Transferred Pension Plan is referred to as the Pension Transfer Amount.

Section 10.3 Reimbursement for Underfunding. Notwithstanding anything in this Agreement to the contrary, with respect to each Transferred Pension Plan, in the event the Pension Transfer Amount is less than the Final PBO Amount with respect to such plan, the Company will pay to Parent a cash amount equal to such deficit within thirty (30) days after the determination of the Final PBO Amount with respect to such plan.

The Company, in consultation with Parent, shall be responsible for the preparation and filing of all ruling requests and supplements thereto to be submitted to the IRS in connection with the Ruling (the **IRS Submissions**). The Company shall provide Parent with consultation rights and a reasonable opportunity to review and comment on a draft of the IRS Submissions to the extent filed after the date hereof; *provided* that such rights shall not unreasonably delay the submission to the IRS of the IRS Submissions. Notwithstanding the foregoing, the Company may redact from any IRS Submission any information (**Redactable Information**) that (x) the Company, in its good faith judgment, considers to be confidential information or legal analysis/qualifications which, in either case, is not information about Parent or its Subsidiaries or the actions that Spinco or its Subsidiaries will take (or refrain from taking) after the Distribution and (y) is not (and is not reasonably expected to become) a part of any other publicly available information. The Company shall provide Parent with copies of each IRS Submission as filed with the IRS promptly following the filing thereof (subject to the proviso regarding Redactable Information, below). The Company shall notify Parent of any substantive communications with or from the IRS regarding any material issue arising with respect to the IRS Rulings, including the IRS Submissions; *provided* that the Company may redact from such IRS Submission any Redactable Information prior to providing such IRS Submission to Parent. Parent shall have the right to attend any meetings between the Company and the IRS in respect of the Ruling.

In addition to the matters described in the definition of **Ruling** in Section 1(a), in the event that the Company and SpinCo jointly determine to seek to obtain one or more determinations from the IRS in the Ruling (or a supplemental private letter ruling) with respect to the application of Section 355(e) of the Code to the Distribution (**Additional Rulings**), the provisions of Section 3 (b) shall apply to any request for such Additional Rulings *mutatis* (c)*mutandis*. The Company shall consider in good faith any written request by Parent that the Company seek to obtain any such Additional Rulings. Notwithstanding anything to the contrary in this Section 3(c), the Company may reject any request by Parent regarding Additional Rulings if the Company, in its reasonable discretion, determines that seeking such Additional Rulings could delay or prevent the receipt of the Ruling or the occurrence of the Closing.

SECTION 4. *Allocation of Taxes.*

- (a) *General Allocation Principles.* Except as provided in Section 4(b), all Taxes shall be allocated as follows:
- Allocation of Taxes for Combined Tax Returns.* The Company shall be allocated all Taxes reported, or required to be reported, on any Combined Tax Return that any member of the Company Group files or is required to file under the Code or other Applicable Tax Law; *provided, however*, that to the extent any such Combined Tax Return
- (i) includes any Tax Item attributable to any member of the SpinCo Group or the SpinCo Business for any Post-Distribution Period, SpinCo shall be allocated all Taxes attributable to such Tax Items, determined on a with and without basis.
- (ii) *Allocation of Taxes for Separate Tax Returns.*

(A) The Company shall be allocated all Taxes reported, or required to be reported, on (x) a

SpinCo shall be allocated all Taxes reported, or required to be reported, on a SpinCo Separate Tax Return with (B) respect to a Post-Distribution Period, other than to the extent attributable to, resulting from or arising in connection with a Specified SpinCo Pre-Closing Tax Matter.

(iii) *Taxes Not Reported on Tax Returns.*

(A) The Company shall be allocated any Tax attributable to any member of the Company Group or the Company Business that is not required to be reported on a Tax Return.

Any Tax attributable to any member of the SpinCo Group or the SpinCo Business that is not required to be (B) reported on a Tax Return shall be allocated to (x) the Company, if with respect to a Pre-Distribution Period, and (y) SpinCo, if with respect to a Post-Distribution Period.

(b) *Special Allocation Rules.* Notwithstanding any other provision in this Section 4, the Taxes set forth in this Section 4(b) shall be allocated as follows:

Transfer Taxes. Transfer Taxes (other than those attributable to the Internal Reorganization and the SpinCo (i) Transfer) shall be allocated 50% to the Company and 50% to SpinCo. Any Transfer Taxes attributable to the Internal Reorganization or the SpinCo Transfer shall be allocated solely to the Company.

Direct Sale Assets and Liabilities. Any liability for (A) Taxes imposed or assessed on or in respect of the Direct (v) Sale Assets or Direct Sale Liabilities for a Pre-Distribution Period and (B) Taxes of any Direct Sale Transferred Subsidiary for a Pre-Distribution Period (in each case, other than Transfer Taxes, the allocation of which shall be governed by Section 4(b)(i)) shall be allocated to the Company.

(c) *Allocation Conventions.*

All Taxes allocated pursuant to Section 4(a) shall be allocated in accordance with the Closing of the Books Method; *provided, however*, that if Applicable Tax Law does not permit a SpinCo Group member to close its Taxable year on the Distribution Date, the Tax attributable to the operations of the members of the SpinCo Group for any Pre-Distribution Period shall be the Tax computed using the Closing of the Books Method; *provided, further*, that (i) any and all Taxes reported, or required to be reported, on a SpinCo Separate Tax Return, or a Tax Return of a member of the Parent Group to the extent attributable to a member of the SpinCo Group, under Section 951(a), Section 951A(a) or Section 965(a) of the Code (**SpinCo Subpart F Taxes**) that, in each case, are attributable to Tax Items for a Pre-Distribution Period (determined as though the Taxable year of each specified foreign corporation (within the meaning of Section 965(e) of the

Code) giving rise to Tax Items ended on the Distribution Date) shall be allocated to the Company, and that any SpinCo Subpart F Taxes that, in each case, are attributable to Tax Items for a Post-Distribution Period (determined as though the Taxable year of each specified foreign corporation (within the meaning of Section 965(e) of the Code) giving rise to Tax Items ended on the Distribution Date) shall be allocated to SpinCo; *provided, further*, that for purposes of determining the amount of SpinCo Subpart F Taxes allocated to the Company pursuant to the preceding proviso, (i) the portion of any Subpart F Taxes under Section 951A and Section 965(a) of the Code, respectively, allocated to the Company shall not exceed the amount of Taxes that the SpinCo Group would have been required to pay (for the avoidance of doubt, taking into account all items of deduction and credit which would have been allowed to members of the SpinCo Group) in respect of inclusions under Section 951A and Section 965 of the Code, respectively, if (x) the SpinCo Group were a stand-alone affiliated group of corporations the domestic members of which joined in the filing of a consolidated U.S. federal income tax return and (y) the Taxable year of each member of SpinCo Group ended on the Distribution Date, and (ii) the qualified business asset investment (as such term is used in Section 951A(d) of the Code) of each relevant controlled foreign corporation (within the meaning of Section 957 of the Code) for a Pre-Distribution Period shall be deemed to be the Distribution Date QBAI of such specified foreign corporation.

- Any Tax Item of SpinCo, Parent, or any member of their respective Groups arising from a transaction engaged in outside the ordinary course of business on the Distribution Date after the Distribution Effective Time shall be properly allocable to SpinCo and any such transaction by or with respect to SpinCo, Parent, or any member of their respective Groups occurring after the Distribution Effective Time (including the Merger) shall be treated for all (ii) Tax purposes (to the extent permitted by Applicable Tax Law) as occurring at the beginning of the day following the Distribution Date in accordance with the principles of Treasury Regulations Section 1.1502-76(b); *provided* that the foregoing shall not include any action that is undertaken pursuant to the Internal Reorganization, the SpinCo Transfer or the Distribution.

SECTION 5. *Preparation and Filing of Tax Returns.*

(a) *Company Group Combined Tax Returns.*

- The Company shall prepare and file, or cause to be prepared and filed, Combined Tax Returns which a member of the Company Group is required or, subject to Section 5(f)(iv), permitted, to file. Each member of any such Combined Group shall execute and file such consents, elections and other documents as may be required, (i) appropriate or otherwise requested by the Company in connection with the filing of such Combined Tax Returns (*provided* that, in the case of any such document the filing of which is not required, the execution and filing of such document could not reasonably be expected to adversely affect such member or the Parent Group (or any member thereof) for a Post-Distribution Period).
- (ii) The parties and their respective Affiliates shall elect to close the Taxable year of each SpinCo Group member on the Distribution Date, to the extent permitted by Applicable Tax Law.

(b) *SpinCo Separate Tax Returns.*

- Tax Returns to be Prepared by the Company.* The Company shall prepare (or cause to be prepared) and, to the extent permitted by Applicable Law, file (or cause to be filed) all SpinCo Separate Tax Returns for any Taxable period that ends on or before the Distribution Date; *provided, however*, that with respect to any (i) such Tax Return that is prepared by the Company but required to be filed by a member of the Parent Group under Applicable Law, the Company shall provide such Tax Returns to Parent not less than 3 Business Days prior to the due date for filing such Tax Returns (taking into account any applicable extension periods) with the amount of any Taxes shown as due thereon, and Parent shall execute and file (or cause to be executed and filed) the Tax Returns.
- (ii) *Tax Returns to be Prepared by Parent.* Parent shall prepare and file (or cause to be prepared and

filed) all SpinCo Separate Tax Returns that are not described in Section 5(b)(i); *provided, however*, that Parent shall cause to be made, on each SpinCo Separate Tax Return on which SpinCo Subpart F Taxes under Section 965(a) of the Code are reported (or required to be reported), the election described in Section 965(h) of the Code.

Provision of Information; Timing. SpinCo and Parent shall maintain all necessary information for the Company (or any of its Affiliates) to file any Tax Return that the Company is required or permitted to file under this Section 5, and shall provide the Company with all such necessary information in accordance with the Company Group's past practice. The Company shall maintain all necessary information for Parent (or any of its Affiliates) to file any Tax Return that Parent is required or permitted to file under this Section 5, and shall provide Parent with all such necessary information in accordance with the SpinCo Group's past practice.

Review of SpinCo Separate Tax Returns. Parent shall submit to the Company a draft of each SpinCo Separate Tax Return (other than a SpinCo Separate Tax Return that (i) relates solely to a Post-Distribution Period or (ii) is a Tax Return filed on an affiliated, consolidated, combined, unitary, fiscal unity or other group basis with Parent or any of its Affiliates (other than any such group that includes solely one or more members of the SpinCo Group, one or more Direct Sale Transferred Subsidiaries, or a combination thereof)) described in Section 5(b)(ii) at least thirty (30) days prior to the due date for the filing of such Tax Return, taking into account any applicable extensions (or, in the case of non-income tax returns, such shorter period as circumstances may reasonably require). The Company shall have the right to review such Tax Return, and Parent (i) shall make any reasonable changes to such Tax Return submitted by the Company, if such changes relate to items in respect of which Parent may have claim for indemnity under Section 14 and (ii) shall consider in good faith any other changes to such Tax Return submitted by the Company, in each case, *provided* that such changes are submitted no later than fifteen (15) days prior to the due date for the filing of such Tax Return (or, in the case of non-income tax returns, such shorter period as circumstances may reasonably require). The parties agree to consult and to attempt to resolve in good faith any issues arising as a result of the review of any such Tax Return.

Review of Combined Tax Returns with SpinCo Separate Tax Liability. The Company shall submit to Parent a draft of the portions of any Combined Tax Returns (including pro forma portions thereof) that relate solely to one or more members of the SpinCo Group, one or more Direct Sale Transferred Subsidiaries, or a combination thereof, and that reflect a Tax liability allocated to SpinCo pursuant to Section 4(a)(i) at least thirty (30) days prior to the due date for the filing of such Tax Return, taking into account any applicable extensions (or, in the case of non-income tax returns, such shorter period as circumstances may reasonably require). Parent shall have the right to review such portions, and the Company (i) shall make any reasonable changes to such Tax Return submitted by Parent, if such changes relate to items in respect of which the Company may have claim for indemnity under

Section 14 and (ii) shall consider in good faith any other changes to such Tax Return submitted by Parent, in each case, *provided* that such changes are submitted no later than fifteen (15) days prior to the due date for the filing of such Tax Return (or, in the case of non-income tax returns, such shorter period as circumstances may reasonably require). Notwithstanding anything to the contrary in this Agreement, in no event shall Parent or any of its Affiliates be entitled to receive or review all or any portion of any affiliated, combined, consolidated or unitary Tax Return that includes any member of the Company Group (other than a member of the SpinCo Group and any Direct Sale Transferred Subsidiary), except as expressly set forth in this Section 5(e).

(f) Special Rules Relating to the Preparation of Tax Returns.

General Rule. Except as provided in this Section 5(f)(i), the Company shall prepare (or caused to be prepared) any Tax Return for which it is responsible under this Section 5 in accordance with past practices, permissible accounting methods, elections or conventions (**Past Practices**) used by the members of the Company Group and (i) the members of the SpinCo Group prior to the Distribution Date with respect to such Tax Return (except as otherwise required by Applicable Law), and to the extent any items, methods or positions are not covered by Past Practices, in accordance with reasonable Tax accounting practices selected by the Company. With respect to any Tax Return that Parent has the obligation and right to prepare, or cause to be prepared, under this

TABLE OF CONTENTS

Section 5 (other than any Tax Return that (i) relates solely to a Post-Distribution Period or (ii) is a Tax Return filed on an affiliated, consolidated, combined, unitary, fiscal unity or other group basis with Parent or any of its Affiliates (other than any such group that includes solely one or more members of the SpinCo Group, one or more Direct Sale Transferred Subsidiaries, or a combination thereof)), such Tax Return shall be prepared in accordance with Past Practices used by the members of the Company Group and the members of the SpinCo Group prior to the Distribution Date with respect to such Tax Return (except as otherwise required by Applicable Law), and to the extent any items, methods or positions are not covered by Past Practices, in accordance with reasonable Tax accounting practices selected by Parent.

(ii) *Consistency with Intended Tax Treatment.*

The parties shall report the Internal Reorganization in the manner determined by the Company; *provided* that the Company communicates its treatment of the Internal Reorganization to Parent no fewer than thirty (30) days prior (A) to the due date (taking into account any applicable extensions) for filing an applicable Tax Return that reflects the Internal Reorganization and such treatment is supportable on an at least more likely than not level of comfort, unless, and then only to the extent, an alternative position is required pursuant to a Final Determination.

The parties shall report the SpinCo Transfer, the Distribution, the Merger and the Direct Sale for all Tax purposes (B) in a manner consistent with the Intended Tax Treatment and the making of the Section 336(e) Elections unless, and then only to the extent, an alternative position is required pursuant to a Final Determination.

SpinCo Separate Tax Returns. With respect to any SpinCo Separate Tax Return for which Parent is responsible pursuant to this Agreement, Parent and the other members of the Parent Group shall include all Tax Items in such (iii) SpinCo Separate Tax Return in a manner that is consistent with the inclusion of such Tax Items in any related Tax Return for which the Company is responsible to the extent such Tax Items are allocated in accordance with this Agreement.

Election to File Combined Tax Returns. The Company shall have the sole discretion of filing any Combined Tax (iv) Return if the filing of such Tax Return is elective under Applicable Tax Law, except where such an election would be binding on Parent for a Taxable period beginning on or after the Distribution.

Preparation of Transfer Tax Returns. The Member Company required under Applicable Tax Law to file any Tax Returns in respect of Transfer Taxes shall prepare and file (or cause to be prepared and filed) such Tax Returns. If (v) required by Applicable Tax Law, the Company, SpinCo and Parent shall, and shall cause their respective Affiliates to, cooperate in preparing and filing, and join in the execution of, any such Tax Returns.

Payment of Taxes. The Company shall pay (or cause to be paid) to the proper Taxing Authority (or to Parent with respect to any SpinCo Separate Tax Return prepared by the Company but required to be filed by a member of the Parent Group under Applicable Tax Law) the Tax shown as due on any Tax Return for which a member of the Company Group is responsible under this Section 5, and Parent shall pay (or cause to be paid) to the proper Taxing (g) Authority the Tax shown as due on any Tax Return for which a member of the Parent Group is responsible under this Section 5. If any member of the Company Group is required to make a payment to a Taxing Authority for Taxes allocated to SpinCo under Section 4, Parent shall pay the amount of such Taxes to the Company in accordance with Section 14 and Section 15. If any member of the Parent Group is required to make a payment to a Taxing Authority for Taxes allocated to the Company under Section 4, the Company shall pay the amount of such Taxes to Parent in accordance with Section 14 and Section 15.

Notwithstanding anything to the contrary in this Agreement, in no event shall any member of the Company Group (h) or the Parent Group, as the case may be, be entitled to receive, review or otherwise have access to all or any portion of any Tax Return filed on an affiliated, consolidated, combined,

unitary, fiscal unity or other group basis by members of the other Group, other than pro forma portions thereof that relate solely to one or more members of the SpinCo Group, one or more Direct Sale Transferred Subsidiaries, or a combination thereof, and reflect a Tax liability allocated to a member of such first Group hereunder.

SECTION 6. *Apportionment of Earnings and Profits and Tax Attributes.*

Tax Attributes arising in a Pre-Distribution Period will be allocated to (and the benefits and burdens of such Tax Attribute will inure to) the members of the Company Group and the members of the SpinCo Group in accordance (a) with the Company's historical practice (except as otherwise required by Applicable Law), the Code, Treasury Regulations, and any applicable state, local and non-U.S. law, as determined by the Company in its reasonable discretion.

After the close of the Taxable period in which the Distribution Date occurs, the Company shall in good faith advise Parent in writing of the portion, if any, of earnings and profits, Tax Attributes, overall domestic loss or other consolidated, combined or unitary attribute which the Company determines shall be allocated or apportioned to the members of the SpinCo Group under Applicable Tax Law (determined, in the case of earnings and profits, in accordance with Treasury Regulations Section 1.336-2(b)(2)(iv)). All members of the Parent Group shall prepare (b) all Tax Returns in accordance with such written notice, except as otherwise required by Applicable Law. In the event of an adjustment to the earnings and profits, any Tax Attributes, overall domestic loss or other consolidated, combined or unitary attribute determined by the Company, the Company shall promptly notify Parent in writing of such adjustment. For the avoidance of doubt, the Company shall not be liable to any member of the Parent Group for any failure of any determination under this Section 6(b) to be accurate under Applicable Tax Law, provided such determination was made in good faith.

Except as otherwise provided herein, to the extent that the amount of any Tax Attribute is later reduced or (c) increased by a Taxing Authority or as a result of a Tax Proceeding, such reduction or increase shall be allocated to the Member Company to which such Tax Attribute was allocated pursuant to this Section 6, as determined by the Company in its reasonable discretion.

SECTION 7. *Utilization of Tax Attributes.*

Amended Returns. Any amended Tax Return or claim for a refund with respect to any member of the SpinCo Group may be made only by the party responsible for preparing the original Tax Return with respect to such member of the SpinCo Group pursuant to Section 5. Except as required by Applicable Law, such party shall not (a) file or cause to be filed any such amended Tax Return or claim for a refund without the prior written consent of the other party, which consent shall not be unreasonably withheld, conditioned or delayed, if such filing, assuming it is accepted, could reasonably be expected to change the Tax liability of such other party (or any Affiliate of such other party) for any Taxable period.

(b) *Carryback of Tax Attributes.*

(i) To the extent permitted by Applicable Tax Law, Parent shall cause the SpinCo Group to elect to forego carrybacks of any Tax Attributes of the SpinCo Group to a Pre-Distribution Period.

If Parent is unable to forego carrybacks of any Tax Attributes of the SpinCo Group to a Pre-Distribution Period, the Company Group shall, at the request of Parent and at Parent's sole expense, file any amended Tax Returns reflecting such carryback (unless such filing, assuming it is accepted, could reasonably be expected to increase the (ii) Tax liability of the Company or any of its Affiliates for any Taxable period). If the Company Group (or any member thereof) receives a refund as a result of such a carryback (or otherwise realizes a reduction in cash Taxes actually payable, determined on a with and without basis), the Company shall remit the amount of such refund (or an amount equal to any such other reduction in cash Taxes) to Parent in accordance with Section 9(b).

Carryforwards to Separate Tax Returns. If (i) any net operating loss, net capital loss, or any tax credit is allocated to a member of a Combined Group pursuant to Section 6 and is carried forward to a SpinCo Separate Tax Return and (ii) the Parent Group (or any member thereof) receives a refund as a result of such a carryforward (or otherwise realizes a reduction in cash Taxes actually payable,

determined on a with and without basis), Parent shall remit the amount of such refund (or an amount equal to any such other reduction in cash Taxes) to the Company in accordance with Section 9(c). If a portion or all of any Tax Attribute is allocated to a member of a Combined Group pursuant to Section 6, and is carried forward to a Company Separate Tax Return, any Tax Refunds arising from such carryforward shall be retained by the Company Group.

Section 8. Deductions and Reporting for Certain Awards.

- Deductions.* Solely the member of the Group for which the relevant individual is currently employed or, if such individual is not currently employed by a member of the Group, was most recently employed at the time of the issuance, vesting, exercise, disqualifying disposition, payment, settlement or other relevant Taxable event, as
- (a) appropriate, in respect of the Compensatory Equity Interests shall be entitled to claim, in a Post-Distribution Period, any income Tax deduction on its Tax Return in respect of such equity awards and other incentive compensation on its respective Tax Return associated with such event.
- If, notwithstanding clause (a), the SpinCo Group or the Parent Group actually utilizes any deductions for a Taxable period ending after the Distribution Date with respect to (i) the issuance, exercise, vesting or settlement after the Distribution Date of any Compensatory Equity Interests, or (ii) any liability with respect to compensation which is required to be paid or satisfied by, or is otherwise allocated to, any member of the Company Group in accordance with any Transaction Agreement, Parent shall remit an amount to the Company equal to the overall net reduction in
- (b) actual cash Taxes paid (determined on a with and without basis) by the SpinCo Group or the Parent Group, as applicable, resulting from the event giving rise to such deduction (and any income in respect of such event, subject to Section 15(b)) in the year of such event. If a Taxing Authority subsequently reduces or disallows the use by the SpinCo Group or the Parent Group, as applicable, of such a deduction, the Company shall return an amount equal to the overall net increase in Tax liability of the SpinCo Group or the Parent Group, as applicable, owing to the Taxing Authority to the remitting party.
- Withholding and Reporting.* For any Taxable period (or portion thereof), except as the Company may at any time otherwise determine in its reasonable discretion, the Company shall satisfy, or shall cause to be satisfied, all applicable withholding and reporting responsibilities (including all income, payroll, or other Tax reporting related
- (c) to income to any current or former employees) with respect to the issuance, exercise, vesting or settlement of such Compensatory Equity Interests that settle with or with respect to stock of the Company. The Company, SpinCo and Parent acknowledge and agree that the parties shall cooperate with each other and with third-party providers to effectuate withholding and remittance of Taxes, as well as required Tax reporting, in a timely manner.

SECTION 9. Tax Refunds.

- Company Tax Refunds.* The Company shall be entitled to any Tax Refunds (including, in the case of any refund actually received, any interest thereon actually received from a Taxing Authority) received by any member of the
- (a) Company Group or any member of the Parent Group with respect to any Tax allocated to a member of the Company Group under this Agreement.
- SpinCo and Parent Tax Refunds.* SpinCo or Parent, as the case may be, shall be entitled to any Tax Refunds (including, in the case of any refund actually received, any interest thereon actually received from a Taxing
- (b) Authority) received by any member of the Company Group or any member of the Parent Group after the Distribution Date with respect to any Tax allocated to a member of the SpinCo Group under this Agreement.
- A Member Company receiving (or realizing) a Tax Refund to which another Member Company is entitled hereunder (a **Tax Refund Recipient**) shall pay over the amount of such Tax Refund (including interest received
- (c) from the relevant Taxing Authority, but net of any Taxes imposed with respect to such Tax Refund and any other reasonable costs) within thirty (30) days of receipt thereof (or from the due date for payment of any Tax reduced thereby); *provided, however*, that the other

Member Company, upon the request of such Tax Refund Recipient, shall repay the amount paid to the other Member Company (plus any penalties, interest or other charges imposed by the relevant Taxing Authority) in the event that, as a result of a subsequent Final Determination, a Tax Refund that gave rise to such payment is subsequently disallowed.

SECTION 10. *Certain Representations and Covenants.*

(a) Representations.

- (i) Each of SpinCo and Parent and each other member of their respective Groups represents and warrants that as of the date hereof, it has no plan or intention:
 - (A) to liquidate SpinCo or to merge or consolidate any member of the SpinCo Group with any other Person subsequent to the Distribution, in each case, except as provided for under the Merger Agreement;
 - (B) to sell or otherwise dispose of any material asset of any member of the SpinCo Group to a Person other than a member of the SpinCo SAG subsequent to the Distribution, except (w) dispositions in the ordinary course of business, (x) any cash paid to acquire assets in arm's length transactions, (y) transactions that are disregarded for U.S. federal Tax purposes, and (z) mandatory or optional repayment or prepayment of indebtedness;

 - (D) to repurchase stock of Parent other than in a manner that satisfies the requirements of Section 4.05(1)(b) of IRS Revenue Procedure 96-30 (as in effect prior to the amendment of such Revenue Procedure by IRS Revenue Procedure 2003-48) and consistent with any representations made to Company Tax Counsel, Parent Tax Counsel, an Alternative Tax Counsel, or an Alternative Separation Opinion Tax Counsel in connection with the Tax Representation Letters; or
 - (E) to take or fail to take any action in a manner that management of SpinCo or Parent knows or should know is reasonably likely to contravene any agreement with a Taxing Authority to which any member of the SpinCo Group is a party that is entered into prior to the Distribution Date.

The Company and each other member of the Company Group represents and warrants that as of the date hereof, it has no plan or intention to take or fail to take any action in a manner that is inconsistent with the written information and representations furnished by the Company to Company Tax Counsel, Parent Tax Counsel, an Alternative Tax Counsel, or an Alternative Separation Opinion Tax Counsel in connection with the Tax Representation Letters.

Each of SpinCo, Parent and each other member of their respective Groups covenants to the Company that, without (iv) the prior written consent of the Company, during the two-year period following the Distribution Date, except as described in the Transaction Agreements or the Financing Agreements:

SpinCo will (1) maintain its status as a company engaged in the Active Trade or Business for purposes of Section 355(b)(2) of the Code, (2) not engage in any transaction that would result in it ceasing to be a company engaged in the Active Trade or Business for purposes of Section 355(b)(2) of the Code, (3) cause each other member of the SpinCo Group whose Active Trade or Business is relied upon for purposes of qualifying the Distribution for the Tax-Free Status to maintain its status as a company engaged in such Active Trade or Business for purposes of Section 355(b)(2) of the Code and any such other Applicable Tax Law, (4) not engage in any transaction or permit (A) any other member of the SpinCo Group to engage in any transaction that would result in a member of the SpinCo Group described in clause (3) hereof ceasing to be a company engaged in the relevant Active Trade or Business for purposes of Section 355(b)(2) of the Code or such other Applicable Tax Law, taking into account Section 355(b)(3) of the Code for purposes of each of clauses (1) through (4) hereof, and (5) not dispose of or permit any other member of the SpinCo Group to dispose of, directly or indirectly, any interest in a member of the SpinCo Group described in clause (3) hereof or permit any such member of the SpinCo Group to make or revoke any election under Treasury Regulations Section 301.7701-3;

(d) shall be an amount equal to (i) the amount otherwise due but for this Section 14(d), minus (ii) the reduction in actual cash Taxes payable by the Indemnified Party in the year such indemnification obligation arises, determined on a with and without basis.

In the event that a Taxing Authority asserts that a party's treatment of a payment described in this Section 15(b) should be other than as required herein, such party shall use its reasonable best efforts to contest such assertion in a manner consistent with Section 17.

No Duplicative Payment. It is intended that the provisions of this Agreement shall not result in a duplicative (c) payment of any amount required to be paid under the Separation Agreement, the Merger Agreement or any other Transaction Agreement, and this Agreement shall be construed accordingly.

SECTION 16. *Communication and Cooperation.*

Consult and Cooperate. SpinCo, the Company and Parent shall consult and cooperate (and shall cause each other (a) member of their respective Groups to consult and cooperate) fully at such time and to the extent reasonably requested by the other party in connection with all matters subject to this Agreement. Such cooperation shall include:

- (i) the retention, and provision on reasonable request, of any and all information including all books, records, documentation or other information pertaining to Tax matters relating to the SpinCo Group, any necessary explanations of information, and access to personnel, until one year after the expiration of the applicable statute of limitation (giving effect to any extension, waiver, or mitigation thereof);
- (ii) the execution of any document that may be necessary (including to give effect to Section 17) or helpful in connection with any required Tax Return or in connection with any Tax Proceeding; and
- (iii) the use of the parties' commercially reasonable efforts to obtain any documentation from a Governmental Authority or a third party that may be necessary or helpful in connection with the foregoing.

(b) *Provide Information.* Except as set forth in Section 17, the Company, SpinCo and Parent shall keep each other reasonably informed with respect to any material development relating to the matters subject to this Agreement.

(c) *Tax Attribute Matters.* The Company, SpinCo and Parent shall promptly advise each other with respect to any proposed Tax adjustments that are the subject of a Tax Proceeding, and that may affect Structure Benefits or any Tax liability or any Tax Attribute (including, but not limited to, basis in an asset or the amount of earnings and profits) of any member of the Parent Group or any member of the Company Group, respectively.

Confidentiality and Privileged Information. Any information or documents provided under this Agreement shall be kept confidential by the party receiving the information or documents, except as may otherwise be necessary in connection with the filing of required Tax Returns or in connection with any audit, proceeding, suit or action.

The Company shall have absolute discretion with respect to any decisions to be made, or the nature of any action to be taken, with respect to any Tax matter described in the preceding sentence; *provided, however,* (b) that to the extent that any Tax Proceeding relating to such a Tax matter is reasonably likely to give rise to an indemnity obligation of SpinCo or Parent under Section 14, materially increase the Taxes allocated to any member of the Parent Group pursuant to Section 4 or materially affect the Tax Attributes allocated to any member of the SpinCo Group pursuant to Section 6, the Company shall keep Parent informed of all material developments and events relating to any such Company Tax Proceeding and the Company shall not settle or compromise any such contest without Parent's written consent, which consent may not be unreasonably withheld, conditioned or delayed.

Parent Assumption of Control. The Company, in its sole discretion, may permit Parent to elect to assume control of a Company Tax Proceeding at Parent's sole cost and expense; *provided, however,* that Parent shall have no (c) obligation to elect to control any Company Tax Proceeding but, if Parent so elects, it will (i) be responsible for the payment of any liability arising from the disposition of such matter notwithstanding any other provision of this Agreement to the contrary and (ii) indemnify the Company Group for any increase in a liability and any reduction of a Tax asset of the Company Group arising from such matter.

Consolidated Group Tax Matters. The Company, in the case of any Tax Proceeding with respect to the consolidated U.S. federal income Tax Return (or any similar state and local Tax Return filed on a group basis) of the Company Group, and Parent, in the case of any Tax Proceeding with respect to the consolidated U.S. federal income Tax Return (or any similar state and local Tax Return filed on a group basis) of the Parent Group, shall have the right to control any such Tax Proceeding relating to the Intended Tax Treatment; *provided* that (i) the controlling party shall keep the non-controlling party fully informed of all material developments, (ii) the non-controlling party (at its own cost) shall have the right to participate in the defense of such Tax Proceeding, and (iii) the controlling party shall not settle or compromise any such Tax Proceeding without the non-controlling party's written consent, which consent may not be unreasonably withheld, conditioned, or delayed (in the case of (d) clause (ii) and (iii), only if such Tax Proceeding could reasonably be expected to (A) result in an obligation under Section 13(c)(vii), Section 14(a) or Section 14(b) or (B) adversely affect the Structure Tax Assets); *provided, further,* that if the non-controlling party withholds its consent to a settlement or compromise, then (x) the non-controlling party shall be liable for Taxes resulting from a Final Determination to the extent the basis for the Final Determination is such that the non-controlling party would have liability, in whole or in part, under Section 13(c)(vii), Section 14(a) or Section 14(b), as applicable, as a result of such Final Determination, or (y) in the case of Distribution Taxes or Tax-Related Losses, for all of such Taxes resulting from a Final Determination if such Final Determination fails to clearly articulate the basis for liability such that it is not reasonably ascertainable which party would be liable for the Taxes under this Agreement. The Company and Parent shall use their reasonable best efforts to ensure that the Final Determination clearly provides the basis for such determination.

Parent Control. Parent shall have the right to control any Tax Proceeding with respect to SpinCo, or any member (e) of the SpinCo Group, relating to one or more members of the SpinCo Group and to any Post-Distribution Period; *provided, however,* that to the extent any such matter may give rise to a claim

for indemnity by SpinCo or Parent against the Company under Section 14(b) of this Agreement or, except as described in Section 17(d), relates to Structure Benefits allocated to the Company under Section 13(a), (i) Parent shall keep the Company informed of all material developments and events relating to such matters, (ii) at its own cost and expense, the Company shall have the right to participate in (but not to control) the defense of any such tax claim, and (iii) Parent shall not settle or compromise any such tax claim without the prior written consent of the Company (which shall not be unreasonably withheld, conditioned or delayed).

Each such notice, request or other communication shall be effective (a) on the day delivered (or if that day is not a Business Day, on the first following day that is a Business Day) when (i) delivered personally against receipt or (ii) sent by overnight courier, (b) on the day when transmittal confirmation is received if sent by telecopy (or if that day is not a Business Day, on the first following day that is a Business Day), and (c) if given by any other means, upon delivery or refusal of delivery at the address specified in this Section 18.

SECTION 19. *Costs and Expenses.* Except as expressly set forth in this Agreement, each party shall bear its own costs and expenses incurred pursuant to this Agreement. For purposes of this Agreement, costs and expenses shall include, but not be limited to, reasonable attorneys' fees, accountants' fees and other related professional fees and disbursements. For the avoidance of doubt, unless otherwise specifically provided in the Transaction Agreements, all liabilities, costs and expenses incurred in connection with this Agreement by or on behalf of SpinCo or any member of the SpinCo Group in any Pre-Distribution Period shall be the responsibility of the Company and shall be assumed in full by the Company.

SECTION 20. *Effectiveness; Termination and Survival.* Except as expressly set forth in this Agreement, as between the Company and SpinCo, this Agreement shall become effective upon the consummation of the Distribution, and as between the Company, SpinCo and Parent, this Agreement shall become effective upon the consummation of the Merger. All rights and obligations arising hereunder shall survive until they are fully effectuated or performed; *provided that*, notwithstanding anything in this Agreement to the contrary, this Agreement shall remain in effect and its provisions shall survive for one year after the full period of all applicable statutes of limitation (giving effect to any extension, waiver or mitigation thereof) and, with respect to any claim hereunder initiated prior to the end of such period, until such claim has been satisfied or otherwise resolved. This agreement shall terminate without any further action at any time before the Merger Effective Time upon termination of the Merger Agreement.

SECTION 21. *Specific Performance.* Each party hereto acknowledges that the remedies at law of the other party for a breach or threatened breach of this Agreement would be inadequate and, in recognition of this fact, any party to this Agreement, without posting any bond, and in addition to all other remedies that may be available, shall be entitled to obtain equitable relief in the form of specific performance, a temporary restraining order, a temporary or permanent injunction or any other equitable remedy that may then be available.

SECTION 22. *Captions.* The captions herein are included for convenience of reference only and shall be ignored in

the construction or interpretation hereof.

SECTION 23. *Entire Agreement; Amendments and Waivers.*

(a) Entire Agreement.

- This Agreement, the other Transaction Agreements and any other agreements contemplated hereby or thereby constitute the entire agreement between the parties with respect to the subject matter hereof and supersede all prior
- (i) agreements, understandings and negotiations, both written and oral, between the parties with respect to the subject matter hereof.

- THE PARTIES ACKNOWLEDGE AND AGREE THAT NO REPRESENTATION, WARRANTY, PROMISE, INDUCEMENT, UNDERSTANDING, COVENANT OR AGREEMENT HAS BEEN MADE OR RELIED UPON BY ANY PARTY OTHER THAN THOSE EXPRESSLY SET FORTH IN THIS AGREEMENT AND IN THE OTHER TRANSACTION DOCUMENTS. WITHOUT LIMITING THE GENERALITY OF THE DISCLAIMER SET FORTH IN THE PRECEDING SENTENCE, NEITHER THE COMPANY NOR ANY OF ITS AFFILIATES HAS MADE OR SHALL BE DEEMED TO HAVE MADE ANY REPRESENTATIONS OR WARRANTIES IN ANY PRESENTATION OR WRITTEN INFORMATION RELATING TO THE SPINCO BUSINESS GIVEN OR TO BE GIVEN IN CONNECTION WITH THE CONTEMPLATED TRANSACTIONS
- (ii) OR IN ANY FILING MADE OR TO BE MADE BY OR ON BEHALF OF THE COMPANY OR ANY OF ITS AFFILIATES WITH ANY GOVERNMENTAL AUTHORITY, AND NO STATEMENT MADE IN ANY SUCH PRESENTATION OR WRITTEN MATERIALS, MADE IN ANY SUCH FILING OR CONTAINED IN ANY SUCH OTHER INFORMATION SHALL BE DEEMED A REPRESENTATION OR WARRANTY HEREUNDER OR OTHERWISE. SPINCO ACKNOWLEDGES THAT THE COMPANY HAS INFORMED IT THAT NO PERSON HAS BEEN AUTHORIZED BY THE COMPANY OR ANY OF ITS AFFILIATES TO MAKE ANY REPRESENTATION OR WARRANTY IN RESPECT OF THE SPINCO BUSINESS OR IN CONNECTION WITH THE CONTEMPLATED TRANSACTIONS, UNLESS IN WRITING AND CONTAINED IN THIS AGREEMENT OR IN ANY OF THE OTHER TRANSACTION DOCUMENTS TO WHICH THEY ARE A PARTY.

(b) Amendments and Waivers.

- This Agreement may be amended, and any provision of this Agreement may be waived if and only if such
- (i) amendment or waiver, as the case may be, is in writing and signed, in the case of an amendment, by the parties or, in the case of a waiver, by the party against whom the waiver is to be effective.

- No failure or delay by either party in exercising any right, power or privilege under this Agreement shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege. Except as otherwise provided herein, no action taken pursuant to this Agreement, including any investigation by or on behalf of any party, shall be deemed to constitute a waiver by
- (ii) the party taking such action of compliance with any representations, warranties, covenants or agreements contained in this Agreement. Any term, covenant or condition of this Agreement may be waived at any time by the party that is entitled to the benefit thereof, but only by a written notice signed by such party expressly waiving such term, covenant or condition. The waiver by any party of a breach of any provision hereunder shall not operate or be construed as a waiver of any prior or subsequent breach of the same or any other provision hereunder.

SECTION 24. *Governing Law and Interpretation.* This Agreement shall be construed in accordance with and governed by the law of the State of Delaware (without regard to the choice of law provisions thereof).

SECTION 25. *Dispute Resolution.* In the event of any dispute relating to this Agreement, including but not limited to whether a Tax liability is a liability of the Company Group, the SpinCo Group or the Parent Group, the parties shall work together in good faith to resolve such dispute within thirty (30) days. In the event that such dispute is not resolved, upon written notice by a party after such thirty (30)-day period, the matter shall be referred to a U.S. Tax counsel or other Tax advisor of recognized national standing (the **Tax Arbiter**) that will be jointly chosen by the Company and Parent; *provided, however*, that, if the Company and the Parent do not

agree on the selection of the Tax Arbiter after five (5) days of good faith negotiation, the Tax Arbiter shall consist of a panel of three U.S. Tax counsel or other Tax advisors of recognized national standing with one member chosen by the Company, one member chosen by Parent, and a third member chosen by mutual agreement of the other members within the following ten (10)-day period. Each decision of a panel Tax Arbiter shall be made by majority vote of the members. The Tax Arbiter may, in its discretion, obtain the services of any third party necessary to assist it in resolving the dispute. The Tax Arbiter shall furnish written notice to the parties to the dispute of its resolution of the dispute as soon as practicable, but in any event no later than ninety (90) days after acceptance of the matter for resolution. Any such resolution by the Tax Arbiter shall be binding on the parties, and the parties shall take, or cause to be taken, any action necessary to implement such resolution. All fees and expenses of the Tax Arbiter shall be shared equally by the parties to the dispute.

SECTION 26. *Counterparts.* This Agreement may be signed in any number of counterparts (including by facsimile or PDF), each of which shall be an original, with the same effect as if the signatures thereto and hereto were upon the same instrument.

SECTION 27. *Successors and Assigns; Third Party Beneficiaries.* Except as provided below, this Agreement shall be binding upon and shall inure only to the benefit of the parties hereto and their respective successors and assigns, by merger, acquisition of assets or otherwise (including but not limited to any successor of a party hereto succeeding to the Tax Attributes of such party under Applicable Tax Law). This Agreement is not intended to benefit any Person other than the parties hereto and such successors and assigns, and no such other Person shall be a third party beneficiary hereof. Upon the Merger Effective Time, this Agreement shall be binding on Parent and Parent shall be subject to the obligations and restrictions imposed on SpinCo hereunder, including the indemnification obligations of SpinCo under Section 14.

Lady and Gentlemen:

You have requested our opinion as to the fairness from a financial point of view to Westinghouse Air Brake Technologies Corporation (the Company) of the Aggregate Consideration (as defined below) to be paid by the Company pursuant to the Agreement and Plan of Merger, dated as of May 20, 2018 (the Merger Agreement), by and among General Electric Company (Golf), Transportation Systems Holdings Inc., a wholly owned subsidiary of Golf (Newco), the Company and Wabtec Us Rail Holdings, Inc., a wholly owned subsidiary of the Company (Merger Sub). For purposes of this opinion, the Aggregate Consideration shall mean (i) the New Issuance (as defined in the Merger Agreement), (ii) the Direct Sale Purchase Price (as defined in the Separation, Distribution and Sale Agreement, dated as of May 20, 2018 (the Separation Agreement), among Golf, Newco, the Company and Merger Sub), as adjusted pursuant to Section 2.11 of the Separation Agreement, and (iii) the payments relating to the Company Structure Benefits (as defined in Exhibit E to the Separation Agreement (the Tax Matters Agreement and, together with the Merger Agreement and the Separation Agreement, the Agreements), among Golf, Newco, the Company and Merger Sub) pursuant to Section 13 of the Tax Matters Agreement (the TMA Payments).

We have also held discussions with members of the senior managements of the Company and Golf regarding their assessment of the past and current business operations, financial condition and future prospects of the Tiger Business, and with the members of senior management of the Company regarding their assessment of the past and current business operations, financial condition and future prospects of the Company and the strategic rationale for, and the potential benefits of, the Transactions; reviewed the reported price and trading activity for the shares of common stock of the Company; compared certain financial and stock market information for the Company and certain financial information for the Tiger Business with similar financial and stock market information for certain other companies the securities of which are publicly traded; reviewed the financial terms of certain recent business combinations in the rail transportation industry and in other industries; and performed such other studies and analyses, and considered such other factors, as we deemed appropriate.

For purposes of rendering this opinion, we have, with your consent, relied upon and assumed the accuracy and completeness of all of the financial, legal, regulatory, tax, accounting and other information provided to, discussed with or reviewed by, us, without assuming any responsibility for independent verification thereof. In that regard, we have assumed with your consent that the Forecasts, the Synergies, the Adjustment Estimates and the TMA Payment Estimates have been reasonably prepared on a basis reflecting the best currently available estimates and judgments of the management of the Company. We have not made an independent evaluation or appraisal of the assets and

liabilities (including any contingent, derivative or other off-balance-sheet assets and liabilities) of the Company, Newco, Merger Sub or Golf or any of their respective subsidiaries and we have not been furnished with any such evaluation or appraisal. We have assumed that all governmental, regulatory or other consents and approvals necessary for the consummation of the Transactions will be obtained without any adverse

effect on the Company, the Tiger Business or Newco or on the expected benefits of the Transactions in any way meaningful to our analysis. We also have assumed that the Transactions will be consummated on the terms set forth in the Agreements, without the waiver or modification of any term or condition the effect of which would be in any way meaningful to our analysis.

Our opinion does not address the underlying business decision of the Company to engage in the Transactions, or the relative merits of the Transactions as compared to any strategic alternatives that may be available to the Company; nor does it address any legal, regulatory, tax or accounting matters. This opinion addresses only the fairness from a financial point of view to the Company, as of the date hereof, of the Aggregate Consideration to be paid by the Company pursuant to the Merger Agreement. We do not express any view on, and our opinion does not address, any other term or aspect of the Agreements or Transactions or any term or aspect of any other agreement or instrument contemplated by the Agreements or entered into or amended in connection with the Transactions, including, without limitation, the Shareholders Agreement, the Tax Matters Agreement, the Employee Matters Agreement, the Internal Reorganization, the SpinCo Transfer, the Distribution, any allocation of the Aggregate Consideration or liabilities assumed as part of the Direct Sale or any indemnification or adjustments contemplated by the Agreements; the fairness of the Transactions to, or any consideration received in connection therewith by, the holders of any class of securities, creditors or other constituencies of the Company; nor as to the fairness of the amount or nature of any compensation to be paid or payable to any of the officers, directors or employees of the Company, Newco, Golf or any class of such persons, in connection with the Transactions, whether relative to the Aggregate Consideration to be paid by the Company pursuant to the Merger Agreement or otherwise. We are not expressing any opinion as to the prices at which shares of common stock of the Company will trade at any time or as to the impact of the Transactions on the solvency or viability of the Company, Newco, Merger Sub, the Tiger Business or Golf or the ability of the Company, Newco, Merger Sub, the Tiger Business or Golf to pay their respective obligations when they come due. Our opinion is necessarily based on economic, monetary, market and other conditions as in effect on, and the information made available to us as of the date hereof, and we assume no responsibility for updating, revising or reaffirming this opinion based on circumstances, developments or events occurring after the date hereof. Our advisory services and the opinion expressed herein are provided for the information and assistance of the Board of Directors of the Company in connection with its consideration of the Transactions and such opinion does not constitute a recommendation as to how any holder of shares of common stock of the Company should vote with respect to such Transactions or any other matter. This opinion has been approved by a fairness committee of Goldman Sachs & Co. LLC.

Based upon and subject to the foregoing, it is our opinion that, as of the date hereof, the Aggregate Consideration to be paid by the Company pursuant to the Merger Agreement is fair from a financial point of view to the Company.

Very truly yours,

/s/ GOLDMAN SACHS & CO. LLC
