Section 8 - Other Events

Item 8.01. Other Events.

On April 14, 2006, the Company filed an amended Annual Report on Form 10-KSB for the fiscal year ended July 31, 2005 and amended Quarterly Reports on Form 10-QSB for the three months ended April 30, 2005, October 31, 2005 and January 31, 2006 to restate the affected financial statements previously filed with the Securities and Exchange Commission.

As previously indicated, the Company hired outside consultants specializing in the accounting of derivative instruments. As a result of a thorough review of its accounting and financial disclosure of embedded derivatives it was concluded that the Company is required to record the conversion features and the warrants on its balance sheet at fair value with changes in the values of these derivatives reflected in the consolidated statement of operations as "Gain (loss) on embedded derivative liabilities." The following are the Gain (loss) on embedded derivative liabilities recognized:

- For the fiscal year ended July 31, 2005, the Company recorded a cumulative non-cash gain on embedded derivative liabilities of \$5,022,000 on its consolidated financial statements.
- For the quarter ended October 31, 2005, the Company recorded a non-cash (loss) on embedded derivative liabilities of \$48,132 on its consolidated financial statements.
- For the quarter ended January 31, 2006, the Company recorded a non-cash (loss) on embedded derivative liabilities of \$38,132 on its consolidated financial statements.

The gain (loss) is as a result of the net unrealized (non-cash) change in the fair value of our derivative instrument liabilities related to certain, warrants, and embedded derivatives in the Company's debt instruments that have been bifurcated and accounted for separately.

For complete financial results for the restated periods, please refer to the Company's amended form 10KSB and 10QSB's for the subject periods.
