PART I

From time to time, including in this annual report on Form 10-KSB, clickNsettle.com, Inc. (the "Company" or "we") may publish forward-looking statements relating to our operations as a publicly reporting shell company and prospective merger candidates which may include such matters as anticipated financial performance, business prospects, future operations and similar matters. The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements. In order to comply with the terms of the safe harbor, we note that a variety of factors could cause our actual results to differ materially from the anticipated results or other expectations expressed in our forward-looking statements.

ITEM 1. DESCRIPTION OF BUSINESS

The Company

The Company was formed on January 12, 1994 under the laws of the State of Delaware. On October 31, 1994, we acquired all of the outstanding common stock of National Arbitration & Mediation, Inc. ("NA&M"), a New York corporation, formed on February 6, 1992, which was primarily owned by our Chief Executive Officer and President. NA&M began operations in March 1992 as a provider of ADR (alternative dispute resolution) services. NA&M was merged into the Company as of the end of June 1999. In June 2000, the name of the Company was changed from NAM Corporation to clickNsettle.com, Inc.

On January 13, 2005, the Company sold the assets of its dispute resolution business (the "ADR business") to National Arbitration and Mediation, Inc. (the "Buyer"), a company owned by the Company's Chief Executive Officer, Roy Israel. Furthermore, Mr. Israel agreed not to trigger his change-in-control provision under his employment contract as a result of the Buyer acquiring the ADR business. If such provision was triggered upon the sale or liquidation of the ADR business, the Company would have owed Mr. Israel, in one lump sum, approximately \$1,015,000, which represented three times his then current base salary. In consideration, the Buyer assumed all current and future liabilities and commitments of the ADR business. Specifically, the Company was released from its lease agreements for office space in Great Neck and Brooklyn, New York and from its employment agreements with its President and Chief Financial Officer.

Edgar Filing: CLICKNSETTLE COM INC - Form 10KSB

Additionally, the Buyer guaranteed the payments due on the remainder of the Company's automobile lease and paid all the remaining payments on the lease of a postage meter. The Company remained contingently liable for payables and other obligations assumed by the Buyer of approximately \$127,100 as of June 30, 2006. Furthermore, in accordance with the Company's stock option plan, all outstanding unvested employee stock options vested as of the date of the sale of the ADR business. As the Company did not retain any employees subsequent to the sale, the former employees had three months from January 13, 2005 to exercise such options in accordance with the terms of the Company's stock option plan. A total of 3,485,400 unexercised employee stock options expired at the close of business on April 13, 2005. Accordingly, the only options outstanding subsequent to April 13, 2005 are those that had been granted to directors, consultants and advisors of which 448,974 options are outstanding as of June 30, 2006.

The loss from discontinued operations, including the loss on disposal of the discontinued operations, for the year ended June 30, 2005 follows:

As part of the agreement of sale, the cash that remained in the Company was increased to the extent of 60% of the excess of the Remaining Net Capital before Commitments (as defined) over \$380,462 as of the closing date. The Remaining Net Capital Before Commitments was calculated as the fair market value of the assets purchased less the following: (a) recorded liabilities assumed and (b) \$96,371 (that is, \$200,000 in cash to remain with the Company less payments of \$103,629 already made through January 13, 2005 for certain of the transaction costs). As of January 13, 2005, the Remaining Net Capital before Commitments was \$643,728 based upon the Company's financial statements as of that date without adjustment for any subsequent realization of assets, incurrence of any additional liabilities or resolution of contingencies by the Buyer. Therefore, \$263,266 represents the amount in excess of \$380,462; 60% of which, or \$157,960 was additional cash to remain in the Company. Therefore, as of January 13, 2005, the total cash to be retained by the Company was \$254,331 before unpaid transaction costs, taxes, other payables and accrued liabilities. Although the liabilities and assets other than cash were transferred to the Buyer as of January 13, 2005, the cash balances were transferred thereafter. As such, the Company incurred interest expense on the unpaid balance. The interest rate charged was equal to the interest rate earned on invested balances. The interest charges for the years ended June 30, 2006 and 2005 was \$3,250 and \$4,129, respectively. The cash balances were fully transferred from the Company to the Buyer during the period from August 2005 through February 2006.

4

The costs of the transaction, which have been paid by the Company, included legal, accounting, tax advice and the cost of the fairness opinion. During the year ended June 30, 2005, the Company incurred \$111,526 of such costs, which are included in the loss on sale of discontinued operations on the accompanying statement of operations for fiscal year 2005.

Since the consummation of the sale, the Company has no operating business. Currently, the Company is actively searching for a new operating business to acquire or to enter into a merger transaction. There can be no assurances that an operating entity will be acquired or that a merger transaction will be consummated. The Company's controlling shareholders have begun negotiations for the sale of their stock to a third-party entity. If such sale takes place, control of the Company will shift to such entity. There can be no assurance that such a sale will take place.

Selection of a Business

The Company is now considering business opportunities either through merger or merger transactions that might create value for our stockholders. We have no day-to-day operations at the present time. The officers and directors of the Company devote limited time and attention to the affairs of the Company. The Company may have to wait some time before consummating a suitable transaction. The Company does not intend to restrict its consideration to any particular business or industry segment.

However, due to the Company's limited financial resources, the scope and

Edgar Filing: CLICKNSETTLE COM INC - Form 10KSB

number of suitable candidate business ventures available is limited. The decision to participate in a specific business opportunity will be made upon management's analysis of the quality of the other firm's management and personnel, the anticipated acceptability of its products or marketing concepts, the merits of its technology and numerous other factors. Since the Company may participate in a business opportunity with a newly organized business or with a business which is entering a new phase of growth, the Company may incur risk due to the failure of the target's management to have proven its abilities of effectiveness, or the failure to establish a market for the target's products or services or the failure to realize profits.

Acquisition of a Business

With respect to any mergers or acquisitions, negotiations with target company management will be expected to focus on the percentage of the Company that target company stockholders would acquire in exchange for their stockholdings in the target company. Depending upon, among other things, the target company's assets and liabilities, the Company's stockholders will in all likelihood hold a lesser percentage ownership interest in the Company following any merger or acquisition. The percentage ownership may be subject to significant reduction in the event that the Company acquires a target company with substantial assets. Typically, in these transactions, which are commonly called reverse acquisitions, voting control of the merged company changes from the stockholders of the pre-existing public company to those of the previous privately owned company. Any merger or acquisition effected by the Company can be expected to have a significant dilutive effect on the percentage of shares held by the Company's stockholders immediately preceding the transaction.

5

Prior Business of the Company

Prior to the sale of its sole operating business on January 13, 2005, the Company provided ADR services including arbitrations, mediations, mock jury trials, specialized ADR video conferencing and electronic oversight applications. Since the sale of the ADR business, the Company has had no operations.

Employees

As part of the agreement of sale, the Buyer agreed to contribute accounting services to the Company after the sale of the ADR business. Since the sale of the ADR business, the Company has no operations and has no employees. Our executive officers devote as much time to the affairs of the Company as they deem appropriate. The focus of the Company is to maintain its status as a publicly traded entity while searching for a new operating business to acquire or to enter into a merger transaction.

ITEM 2. DESCRIPTION OF PROPERTY

Subsequent to January 13, 2005, we do not maintain any leased facilities. We maintain a mailing address at 990 Stewart Avenue, First Floor, Garden City, New York 11530, which we believe is adequate to meet our needs at this time.

ITEM 3. LEGAL PROCEEDINGS

We are not a party to any legal proceedings.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

None.

Fourth quarter (04/01/05-06/30/05)	0.18	0.05

On September 7, 2006, the closing bid price for our common stock, as reported by the Over-the-Counter Bulletin Board, was \$0.066.

As of August 16, 2006, there were approximately 441 holders of our common stock.

We have not paid any dividends upon our common stock. The payment of common stock dividends, if any, in the future rests within the discretion of our board of directors and will depend, among other things, upon our capital requirements and financial condition, as well as other relevant factors.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

General

Through January 13, 2005, we provided alternative dispute resolution services, or ADR services, to insurance companies, law firms, corporations and municipalities. We focused the majority of our marketing efforts on developing and expanding relationships with these entities, which we believe are some of the largest consumers of ADR services.

Year Ended June 30, 2006 Compared to Year Ended June 30, 2005

Results of Operations

The Company sold its sole operating business, ADR services, on January 13, 2005. Since that time, the Company has not had an operating business. The

Edgar Filing: CLICKNSETTLE COM INC - Form 10KSB

financial statements for the year ended June 30, 2005 have been presented to show all revenues, income and expenses comprising the results of operations through January 13, 2005 as discontinued operations. All income and expenses from January 14, 2005 through June 30, 2005 are shown as continuing operations as they represent the results of operating the Company as a public shell. Currently, the Company is actively searching for a new operating business to acquire or to enter into a merger transaction. There can be no assurances that an operating entity will be acquired or that a merger transaction will be consummated. The Company's controlling shareholders have begun negotiations for the sale of their stock to a third-party entity. If such sale takes place, control of the Company will shift to such entity. There can be no assurance that such a sale will take place.

7

Loss from continuing operations. The loss from continuing operations was \$92,804 for the year ended June 30, 2006 versus \$99,786 for the year ended June 30, 2005. The Company sold its sole operating business on January 13, 2005. Loss from continuing operations primarily reflects expenses incurred by the Company to maintain its existence as a publicly traded entity including its public reporting obligations. Such expenses include insurance, audit and accounting fees and legal costs. The loss decreased from fiscal year 2005 to fiscal year 2006 despite the fact that the prior year period includes such income and expense items for approximately 5.5 months from January 14, 2005 through June 30, 2005 while the current year period includes such income and expense items for the full year. The decline is, for the most part, due to the fact that legal, auditing and insurance expenses applicable to the external reporting of a public company with an operating business are greater than those associated with that applicable to a public shell company. Offsetting this decrease is an increase in accounting services that were contributed by the Buyer (with no cash outlay by the Company) pursuant to the agreement for the purchase of the ADR business. The value of such services increased from \$12,750 for the 2005 fiscal year to \$33,000 for the 2006 fiscal year. The increase was due to the fact that the prior year period covered services performed from January 14, 2005 through June 30, 2005, while the current year period covered services performed for a full year from July 1, 2005 through June 30, 2006. Such values have been recorded as imputed charges on the statements of operations with equivalent offsets to additional paid-in capital.

Loss from discontinued operations. Loss from discontinued operations decreased from \$712,555 for the year ended June 30, 2005 to \$0 for the year ended June 30, 2006. The loss for the year ended June 30, 2005 includes the loss on the sale of the ADR business as well as the transaction costs incurred to affect the sale. The loss on the sale was \$419,768 and the transaction costs incurred were \$111,526, totaling \$531,294. The loss from operations of the discontinued business for the year ended June 30, 2005 was \$181,261. Such amount includes net revenues and net expenses of \$1,808,400 and \$2,042,265, respectively, for approximately 6.5 months through January 13, 2005, the date of the sale.

Income Taxes. Tax benefits resulting from net losses incurred for the years ended June 30, 2006 and 2005 were not recognized as we recorded a full valuation allowance against the net operating loss carryforwards during the periods. As of June 30, 2006, we had net operating carryforwards for Federal tax purposes of approximately \$8,984,800 and net capital loss carryforwards for Federal tax purposes of approximately \$284,293, both with full valuation allowances. Under current tax law, the utilization of net operating losses will be restricted if significant changes in the Company's ownership were to occur. In addition, their use is limited to future earnings of the Company.

Net Loss. For the year ended June 30, 2006, we had a net loss of \$92,804

Edgar Filing: CLICKNSETTLE COM INC - Form 10KSB

as compared to a net loss of \$812,341 for the year ended June 30, 2005. The loss decreased primarily due to the non-recurring loss of \$712,555 incurred in the prior year from discontinued operations of the ADR business as well as the lower cost structure for a publicly reporting shell as opposed to a publicly reporting operating business.

Liquidity and Capital Resources

At June 30, 2006, the Company had a working capital surplus of \$116,925 as compared to \$176,729 at June 30, 2005. The decrease in working capital occurred primarily as a result of the net loss. Since January 13, 2005, the Company has no operating business.

8

Net cash used in operating activities was \$741,464 for the fiscal year ended June 30, 2006 versus \$455,817 for the year ended June 30, 2005. Cash used in continuing operations increased by \$727,585 principally because the Company paid all of the amount due the Buyer of the ADR business during the period from August 2005 through February 2006. Offsetting this increase was a decline of \$441,938 as such amount was used by discontinued operations in the prior year.

Net cash provided by investing activities was \$0 for the year ended June 30, 2006 versus \$531,470 for the year ended June 30, 2005. There was no cash provided by investing activities from continuing operations in both years. The change in cash from investing activities of discontinued operations was principally due to the fact that during fiscal year 2005, the Company sold its marketable securities and its certificates of deposit matured, the proceeds of which were invested primarily in money market funds.

Net cash provided by financing activities during the year ended June 30, 2006 was \$0 versus \$64,162 during the year ended June 30, 2005. During the prior year, the President/CEO, Chief Financial Officer and Director of Information Technology exercised stock options in January and April 2005.

Since the consummation of the sale, the Company has no operating business. Currently, the Company is actively searching for a new operating business to acquire or to enter into a merger transaction. There can be no assurances that an operating entity will be acquired or that a merger transaction will be consummated. The Company's controlling shareholders have begun negotiations for the sale of their stock to a third-party entity. If such sale takes place, control of the Company will shift to such entity. There can be no assurance that such a sale will take place.

As a result of continued losses, the use of cash to operate as a publicly-held shell company and the uncertainty as to the Company's ability to effect a merger or a similar transaction with the intent to acquire a new operating business, there is substantial doubt about the Company's ability to continue as a going concern. The Company's independent auditors have included a going concern paragraph in their report on the June 30, 2006 and 2005 consolidated financial statements which have been prepared assuming the Company will continue as a going concern. The accompanying consolidated financial statements do not include any adjustments that may result should the Company be unable to continue as a going concern.

Critical Accounting Policies

The Securities and Exchange Commission released Financial Reporting Release No. 60, which requires all companies to include a discussion of critical accounting policies and methods used in the preparation of their financial statements. The significant accounting policies and methods used in the

Edgar Filing: CLICKNSETTLE COM INC - Form 10KSB

preparation of our consolidated financial statements are discussed in Note 3 of the Notes to Consolidated Financial Statements. We currently have one critical accounting policy since we no longer have any operations. Such policy follows:

Income taxes and valuation allowance - We are required to estimate our actual current tax expense together with assessing temporary differences resulting from differing treatment of items for tax and accounting purposes. These differences result in deferred tax assets and liabilities, which would be included within our consolidated balance sheet. We then assess the likelihood that the deferred tax assets will be recovered from future taxable income and, to the extent we believe recovery is not likely, a valuation allowance is recognized. We have recorded a 100% valuation allowance as of June 30, 2006.

9

Effect of Recently Issued Accounting Pronouncements

In December 2004, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standard No. 123R, Share-based Payment ("SFAS No.123R"). SFAS No. 123R establishes standards for the accounting for transactions in which an entity exchanges its equity instruments for goods and services. This statement focuses primarily on accounting for transactions in which an entity obtains employee services in share-based payment transactions. SFAS No. 123R requires that the fair value of such equity instruments be recognized as an expense in the historical financial statements as services are performed. Prior to SFAS No. 123R, only certain pro forma disclosures of fair value were required. SFAS No. 123R is effective for public entities that file as small business issuers as of the beginning of the first annual reporting period that begins after December 15, 2005 and, thus, will be effective for us beginning with the first quarter of fiscal year 2007. The adoption of this statement is not expected to have a material impact on the financial statements of the Company.

RISK FACTORS

We face risks. These risks include those described below and may include additional risks of which we are not currently aware or which we currently do not believe are material. If any of the events or circumstances described in the following risks actually occurs, our financial condition or results of operations could be adversely affected. These risks should be read in conjunction with the other information set forth in this report.

We do Not have an Operating Business and if the Company Acquires a New Business, the Shareholders will Suffer Significant Dilution

On January 13, 2005, the Company sold its ADR business. The Company is searching for an operating entity to acquire or to enter into a merger transaction. There can be no assurances that an operating entity will be acquired or that a merger transaction will be consummated. Also, the cash retained by the Company may not be sufficient to pay for the costs associated with continued public reporting obligations and to acquire a new operating business or to enter into a merger transaction. In addition, if the Company acquires a new operating business or enters into a merger transaction, it is expected that such transaction will be accomplished by the issuance of stock of the Company, resulting in significant dilution.

We have No Revenues but we Continue to have Costs and Expenses and we have Going Concern Considerations

There has not been any revenue since January 13, 2005. If we do not acquire another operating business, no future revenues will be generated.

Edgar Filing: CLICKNSEATTLE COM INC - Form 10KSB

Moreover, the Company will continue to incur costs for continued public reporting obligations. It is likely that in order to acquire a new operating business or to enter into a merger transaction, costs will be incurred. Therefore, the results of our operations and our financial condition may be materially and adversely affected.

The Company's independent auditors have included a going concern paragraph in their report on the June 30, 2006 and 2005 consolidated financial statements which have been prepared assuming the Company will continue as a going concern. As a result of continued losses, limited cash and other resources and the uncertainty as to the Company's ability to effect a merger or a similar transaction with the intent to acquire a different operating business, there is substantial doubt about the Company's ability to continue as a going concern.

10

Our Current Stockholders Have the Ability to Exert Significant Control

Our executive officers, directors, and their affiliates beneficially own 5,148,646 shares or approximately 51.85% of the common stock outstanding based on 9,929,056 shares of common stock outstanding as of September 7, 2006. Of that number, Mr. Israel beneficially owns 3,525,788 shares or approximately 35.5% of the common stock. As a result, these stockholders acting in concert may have significant influence on votes to elect or remove any or all of our directors and to control substantially all corporate activities in which we are involved, including tender offers, mergers, proxy contests or other purchases of common stock.

Our Common Stock is Traded on the NASD OTC Electronic Bulletin Board and is subject to the Penny Stock Rules

Trading in our securities has been conducted in the over-the-counter market in the NASD's OTC Electronic Bulletin Board. As a result, an investor may find it more difficult to purchase, dispose of and obtain accurate quotations as to the value of our securities.

In addition, as the trading price of our common stock has been less than \$5.00 per share, trading in our common stock is also subject to the requirements of Rule 15c-9 under the Securities Exchange Act of 1934. Under that rule, broker/dealers who recommend such low-priced securities to persons other than established customers and accredited investors must satisfy special sales practice requirements, including (a) a requirement that they make an individualized written suitability determination for the purchaser and (b) receive the purchaser's written consent prior to the transaction.

The Securities Enforcement Remedies and Penny Stock Reform Act of 1990 also requires additional disclosure in connection with any trades involving a stock defined as a penny stock (generally, any equity security not traded on an exchange or quoted on The NASDAQ SmallCap Market that has a market price of less than \$5.00 per share), including the delivery, prior to any penny stock transaction, of a disclosure schedule explaining the penny stock market and the risks associated therewith. Such requirements could severely limit the market liquidity of our securities and the ability of stockholders to sell their securities in the secondary market.

Not applicable.

ITEM 8A. CONTROLS AND PROCEDURES

Our disclosure controls and procedures are designed to ensure that material information relating to the Company are made known to our Chief Executive Officer ("CEO"), Chief Financial Officer ("CFO") and others in the Company involved in the preparation of this annual report, by others within the Company. Our CEO and CFO have reviewed our disclosure controls and procedures within 90 days prior to the filing of this annual report and have concluded that they are effective. There were no significant changes in our internal controls or other factors that could significantly affect our internal controls subsequent to the last date they were reviewed by our CEO and CFO.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors
clickNsettle.com, Inc.

We have audited the accompanying consolidated balance sheet of clickNsettle.com, Inc. and Subsidiaries (the "Company") as of June 30, 2006 and the related consolidated statements of operations, changes in stockholders' equity and comprehensive loss, and cash flows for each of the years in the two-year period then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not

Edgar Filing: CLICKNSETTLE COM INC - Form 10KSB

required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of clickNsettle.com, Inc. and Subsidiaries as of June 30, 2006 and the consolidated results of their operations and their consolidated cash flows for each of the years in the two-year period then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying consolidated financial statements have been prepared assuming that the Company will continue as a going concern. As described in Note 2 to the consolidated financial statements, the Company has no operating business. Currently, the Company is actively searching for a new operating business to acquire or to enter into a merger transaction. There can be no assurances that an operating entity will be acquired or that a merger transaction will be consummated. As a result, there is substantial doubt about the Company's ability to continue as a going concern. The accompanying consolidated financial statements do not include any adjustments that might result from the outcome of this uncertainty.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

June 30, 2006 and 2005

NOTE 1 - ORGANIZATION AND BASIS OF PRESENTATION

clickNsettle.com, Inc. ("CLIK") provided a broad range of Alternative Dispute Resolution ("ADR") services, primarily arbitrations and mediations, principally in the United States. CLIK incorporated on January 12, 1994 and began operations on February 15, 1994. On October 31, 1994, National Arbitration & Mediation, Inc. ("NA&M"), which was primarily owned by CLIK's Chief Executive Officer, was acquired by and became a wholly-owned subsidiary of CLIK. The transaction was accounted for as a transfer of assets between companies under common control, with the assets and liabilities of NA&M combined with those of CLIK at their historical carrying values. NA&M also provided a broad range of ADR services, including arbitrations and mediations. NA&M began operations in March 1992.

Prior to January 1, 2006, the accompanying consolidated financial statements of clickNsettle.com, Inc. and Subsidiaries included the accounts of its wholly-owned subsidiaries, Michael Marketing LLC and clickNsettle.com LLC (collectively referred to herein as the "Company").

Edgar Filing: CLICKNSETTLE COM INC - Form 10KSB

As of January 1, 2006, the Company transferred ownership of its wholly-owned subsidiary, Michael Marketing LLC, to National Arbitration and Mediation, Inc. (see Note 2 below). Such subsidiary was inactive and had no operations or net assets. Previously, the Company dissolved its other wholly-owned subsidiary, clickNsettle.com LLC, as it was also inactive and had no operations or net assets. As such, the Company no longer owns any subsidiaries.

The Company had operated in one business segment, ADR.

All significant intercompany transactions and balances were eliminated in consolidation.

There is substantial doubt about the Company's ability to continue as a going concern. See Note 2.

NOTE 2 - DISCONTINUED OPERATIONS AND GOING CONCERN

On January 13, 2005, the Company sold the assets of its dispute resolution business (the "ADR business") to National Arbitration and Mediation, Inc. (the "Buyer"), a company owned by the Company's Chief Executive Officer, Roy Israel. Furthermore, Mr. Israel agreed not to trigger his change-in-control provision under his employment contract as a result of the Buyer acquiring the ADR business. If such provision was triggered upon the sale or liquidation of the ADR business, the Company would have owed Mr. Israel, in one lump sum, approximately \$1,015,000, which represented three times his then current base salary. In consideration, the Buyer assumed all current and future liabilities and commitments of the ADR business. Specifically, the Company was released from its lease agreements for office space in Great Neck and Brooklyn, New York and from its employment agreements with its President and Chief Financial Officer. Additionally, the Buyer guaranteed the payments due on the remainder of the Company's automobile lease and paid all the remaining payments on the lease of a postage meter. The Company remained contingently liable for payables and other obligations assumed by the Buyer of approximately \$127,100 as of June 30, 2006. See Note 9. Furthermore, in accordance with the Company's stock option plan, all outstanding unvested employee

stock options vested as of the date of the sale of the ADR business. As the Company did not retain any employees subsequent to the sale, the former employees had three months from January 13, 2005 to exercise such options in accordance with the terms of the Company's stock option plan. A total of 3,485,400 unexercised employee stock options expired at the close of business on April 13, 2005. Accordingly, the only options outstanding subsequent to April 13, 2005 are those that had been granted to directors, consultants and advisors.

The financial statements for the year ended June 30, 2005 have been presented to show all revenues, income and expenses comprising the results

of operations through January 13, 2005 as discontinued operations. All income and expenses from January 14, 2005 forward are shown as continuing operations as they represent the results of operating the Company as a public shell.

The loss from discontinued operations, including the loss on disposal of the discontinued operations, for the year ended June 30, 2005 includes the following:

	2005
Loss from operations of discontinued business	(\$ 181,261)

Loss from disposal:	
Loss on sale*	(\$ 419,768)
Transaction costs of sale	(111,526)

	52,604

Loss from operations of discontinued business	\$ (181,261)
	=====

As part of the agreement of sale, as of January 13, 2005, the total cash retained by the Company was \$254,331 before unpaid transaction costs, taxes, other payables and accrued liabilities. This amount was determined based upon the Company's financial statements as of that date without adjustment for any subsequent realization of assets, incurrence of any additional liabilities or resolution of contingencies by the Buyer. The liabilities and assets other than cash were transferred to the Buyer as of January 13, 2005, while the cash balances were transferred thereafter. As such, the Company incurred interest expense on the unpaid balance. The interest rate charged was equal to the interest rate earned on invested balances. The interest charge for the years ended June 30, 2006 and 2005 was \$3,250 and \$4,129, respectively. The cash balances were fully transferred from the Company to the Buyer during the period from August 2005 through February 2006.

The costs of the transaction, which have been paid by the Company, included legal, accounting, tax advice and the cost of the fairness opinion. During the year ended June 30, 2005, the Company incurred \$111,526 of such costs, which are included in the loss on sale of discontinued operations on the accompanying statement of operations for fiscal year 2005.

Since the consummation of the sale, the Company has no operating business. Currently, the Company is actively searching for a new operating business to acquire or to enter into a merger transaction. There can be no assurances that an operating entity will be acquired or that a merger transaction will be consummated. The Company's controlling shareholders have begun negotiations for the sale of their stock to a third-party entity. If such sale takes place, control of the Company will shift to such entity. There can be no assurance that such a sale will take place.

clickNsettle.com, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

June 30, 2006 and 2005

Note 2 (continued)

As a result of continued losses, limited cash and other resources and the uncertainty as to the Company's ability to effect a merger or a similar transaction with the intent to acquire a different operating business, there is substantial doubt about the Company's ability to continue as a going concern. No adjustments have been made with respect to the consolidated financial statements to record the results of the ultimate outcome of this uncertainty.

Edgar Filing: CLICKNSETTLE COM INC - Form 10KSB

The Company has revised the statement of cash flows for the year ended June 30, 2005 to separately disclose the operating, investing and financing portions of the cash flows attributable to its discontinued operations, which was previously reported on a combined basis.

NOTE 3 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting and reporting policies applied on a consistent basis which conforms with accounting principles generally accepted in the United States of America follows:

a. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the revenues and expenses during the reporting period. Actual results may differ from those estimates.

b. Cash and Cash Equivalents

Cash and cash equivalents consist of cash on hand and money market funds. The Company considers all unrestricted highly liquid investments purchased with a maturity of less than three months to be cash equivalents.

c. Marketable Securities

Investments classified as marketable securities include equity securities that are reported at their fair values. Unrealized gains or losses on these securities are reported as a separate component of accumulated other comprehensive income (loss), net of related tax effects, within stockholders' equity. The Company categorizes all equity securities as available-for-sale.

F-10

clickNsettle.com, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

June 30, 2006 and 2005

NOTE 3 (continued)

Investment income consists of interest, dividends and gains and losses on marketable securities. Interest and dividends are recognized when earned. Realized gains and losses on sales, maturities or liquidation of investments in marketable securities are determined on a specific identification basis. Fair values of investments are based on quoted market prices.

d. Income Taxes

The Company follows the asset and liability method of accounting for income taxes by applying statutory tax rates in effect at the balance sheet date to differences between the book and tax bases of

Edgar Filing: CLICKNSETTLE COM INC - Form 10KSB

assets and liabilities. The resulting deferred tax liabilities or assets are adjusted to reflect changes in tax laws or rates by means of charges or credits to income tax expense. A valuation allowance is recognized to the extent a portion or all of a deferred tax asset may not be realizable.

e. Advertising Costs

The cost of advertising is expensed when the advertising takes place. The Company incurred \$79,013 for advertising costs in fiscal 2005. Such amount was charged to operations.

f. Earnings (Loss) Per Common Share

Basic earnings (loss) per share are based on the weighted-average number of common shares outstanding without consideration of potential common stock. Diluted earnings (loss) per share are based on the weighted-average number of common and potential common shares outstanding. The calculation takes into account the shares that may be issued upon exercise of stock options and warrants, reduced by the shares that may be repurchased with the funds received from the exercise, based on the average price during the period. Diluted loss per share is the same as basic loss per share, as potential common shares of 448,974 and 921,490, at June 30, 2006 and 2005, respectively, would be antidilutive as the Company incurred net losses for the years ended June 30, 2006 and 2005.

g. Accounting for Stock Options

In December 2002, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standards No. 148, "Accounting for Stock-Based Compensation - Transition and Disclosure" ("SFAS No. 148"). SFAS No. 148 encourages, but does not require, companies to record compensation cost for stock-based compensation plans at fair value. In addition, SFAS No. 148 provides alternative methods of transition for a voluntary change to the fair value-based method of accounting for stock-based employee compensation and amends the disclosure requirements of Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation" ("SFAS No. 123"). SFAS No. 148 requires disclosures in the summary of significant accounting policies in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results.

F-11

clickNsettle.com, Inc. and Subsidiaries

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

June 30, 2006 and 2005

NOTE 3 (continued)

The Company elected to adopt, effective December 31, 2002, only the disclosure provisions of SFAS No. 148 and to continue to account for stock-based compensation using the intrinsic value method prescribed in Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" and related interpretations (see Note 7(e)).

Edgar Filing: CLICKNSETTLE COM INC - Form 10KSB

Accordingly, compensation expense is not recognized for options granted to employees and to members of the board of directors when such options are granted to board members in their capacity as directors.

If the Company had elected to recognize compensation expense based upon the fair value at the grant date for options granted to employees and to members of the board of directors consistent with the "fair value" methodology prescribed by SFAS No. 123, the Company's net loss per share for the years ended June 30, 2006 and 2005 would be increased to the pro forma amounts indicated in the table which follows. The fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model. As of January 13, 2005, upon the sale of the Company's operating business, in accordance with the Company's Incentive and Nonqualified Stock Option Plan (the "Plan"), all outstanding unvested employee stock options vested as of that date. As a result, in the following table, the pro forma compensation expense for the year ended June 30, 2005 reflects the effect of the accelerated vesting. As the Company did not retain any employees subsequent to the sale, the former employees had three months from January 13, 2005 to exercise such options in accordance with the terms of the Company's stock option plan. A total of 3,485,400 unexercised employee stock options expired at the close of business on April 13, 2005. Accordingly, the only options outstanding subsequent to April 13, 2005 are those that had been granted to directors, consultants and advisors.

h. Effect of Recently Issued Accounting Pronouncements

In December 2004, the Financial Accounting Standards Board ("FASB") issued Statement of Financial Accounting Standard No. 123R, Share-based Payment ("SFAS No.123R"). SFAS No. 123R establishes standards for the accounting for transactions in which an entity exchanges its equity instruments for goods and services. This statement focuses primarily on accounting for transactions in which an entity obtains employee services in share-based payment transactions. SFAS No. 123R requires that the fair value of such

Edgar Filing: CLICKNSETTLE COM INC - Form 10KSB

equity instruments be recognized as an expense in the historical financial statements as services are performed. Prior to SFAS No. 123R, only certain pro forma disclosures of fair value were required. SFAS No. 123R is effective for public entities that file as small business issuers as of the beginning of the annual reporting period that begins after December 15, 2005 and, thus, will be effective for the Company beginning with the first quarter of fiscal year 2007. The adoption of this statement is not expected to have a material impact on the financial statements of the Company. See Accounting for Stock Options above for information related to the pro forma effects on our reported net loss and net loss per share when applying the fair value recognition provisions of the previous SFAS No. 123 to stock-based employee compensation.

	=====	=====

At June 30, 2006, the Company had a net operating loss carryforward for Federal income tax reporting purposes amounting to approximately \$8,984,800, expiring from 2012 through 2026. Additionally, the Company has a net capital loss carryforward for Federal income tax reporting purposes at June 30, 2006 of approximately \$284,293 which expires from 2007 through 2009. No income taxes were paid in the years ended June 30, 2006 and 2005.

Under current tax law, the utilization of net operating losses will be restricted if significant changes in the Company's ownership were to occur. In addition, their use is limited to future earnings of the Company.

NOTE 7 - STOCKHOLDERS' EQUITY

a. Preferred Stock

The Company's board of directors has authorized 5,000,000 shares of \$.001 par value preferred stock.

b. Treasury Stock

On March 12, 2004, the Company extended its March 1998 purchase plan (the "Purchase Plan"), pursuant to which the number of shares of common stock of the Company eligible for purchase under the Purchase Plan remained at an aggregate of 1,600,002 shares. The Purchase Plan expired on March 12, 2005. There were no purchases during the years ended June 30, 2006 and 2005. As of June 30, 2006, the Company had purchased an aggregate of 252,498 shares under the Purchase Plan for a total cost of \$83,918.

c. Stock Option Plan

The Company had an Incentive and Nonqualified Stock Option Plan (the "Plan") for employees, officers, directors, consultants and advisors of the Company, pursuant to which the Company had been able to grant options to purchase up to 7,500,000 shares of the Company's common stock. The Plan was administered by the board of directors, which had the authority to designate the number of shares to be covered by each award and the vesting schedule of such award, among other terms. The option period during which an option may be exercised was not to exceed ten years from the date of grant and was subject to such other terms and conditions of the Plan. Unless the board of directors provided otherwise, option awards terminated when a participant's employment or services ended, except that a participant could have exercised an option to the extent that it was exercisable on the date of termination for a period of time thereafter. The Plan terminated automatically on April 1, 2006. The outstanding stock options as of April 1, 2006 are exercisable through the termination date of each option agreement.

In accordance with the Plan, all unvested employee stock options vested as of the date of the sale of the ADR business on January 13, 2005. As the Company did not retain any employees subsequent to the sale, all employee options expired at the close of business on April 13, 2005 unless they were exercised prior thereto. Accordingly, the only options outstanding subsequent to April 13, 2005 are those that had been granted to directors, consultants and advisors.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (continued)

June 30, 2006 and 2005

NOTE 7 (continued)

d. Common Stock Reserved

At June 30, 2006, the Company reserved for issuance 448,974 shares of its common stock for the remaining options still outstanding and exercisable pursuant to the Company's stock option plan. See Note 7(c) above.

NOTE 8 - TRANSACTIONS WITH RELATED PARTIES

On January 13, 2005, the Company sold its ADR business to National Arbitration and Mediation, Inc., a company owned by the Company's chief executive officer, Roy Israel. See Note 2.

As part of the agreement of sale, the Buyer agreed to contribute accounting services to the Company after the sale of the ADR business. The value of services performed during the year ended June 30, 2006 and from January 14, 2005 through June 30, 2005 was \$33,000 and \$12,750, respectively. Charges of such amounts have been imputed to general and administrative expenses in the accompanying statements of operations with equivalent offsets to additional paid-in capital.

Prior to the sale of the ADR business on January 13, 2005, certain members of the board of directors performed services as hearing officers for the benefit of the Company. The related expenditure for these services for the year ended June 30, 2005 was \$25,176. Such amount is included in the loss from operations of the discontinued business for fiscal year 2005.

NOTE 9 - COMMITMENTS AND CONTINGENCIES

In connection with the sale of the ADR business, the Buyer assumed the current and future commitments of the Company. Specifically, the Company was released from its lease agreements for office space in Great Neck and Brooklyn, New York and from its employment agreements with its President and Chief Financial Officer. To the extent that the Company was not

Edgar Filing: CLICKNSETTLE COM INC - Form 10KSB

released from its commitments, the Buyer has guaranteed any and all payments arising therefrom. The Company remained contingently liable for payables and other obligations assumed by the Buyer of approximately \$127,100 as of June 30, 2006.

Rent expense amounted to \$112,716 for the year ended June 30, 2005, net of sublease income of \$40,046. Such amounts are included in the loss from operations of the discontinued business for fiscal year 2005.

NOTE 10 - ESTIMATED FAIR VALUE OF FINANCIAL INSTRUMENTS

At June 30, 2006, the Company's financial instruments included cash and cash equivalents, accounts payable and accrued expenses. The fair values of these cash and cash equivalents, accounts payable and accrued expenses approximated carrying values because of the short-term nature of these instruments.

NOTE 11 - CREDIT CONCENTRATIONS

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash and cash equivalents.

The Company's cash and cash equivalents at North Fork Bank consist primarily of demand deposits and a money market fund. As of June 30, 2006, such amounts on deposit were within the Federally insured limits. Additionally, the Company maintains other money market accounts at Merrill Lynch, Pierce, Fenner & Smith Inc. This institution insures such balances against its financial failure. Additionally, SIPC (The Securities Investor Protection Corporation) protects securities in the account up to \$500,000. As of June 30, 2006, the Company's cash and cash equivalents were within these insured limits.

Audit Committee

Since January 13, 2005, when the Company sold its sole operating business, the entire Board has been responsible for the Audit Committee function. As such, under the definition of "independence" as set forth in NASDAQ Marketplace Rule 4350, we do not have a fully independent audit committee. As our common stock is traded via the Over-the-Counter Bulletin Board and is not listed on or with a national securities exchange or national securities association, we are not required to have a fully independent audit committee. In addition, Kenneth G. Geraghty has been designated as our audit committee financial expert. Mr. Geraghty is an executive officer of a company that is an affiliate of a holder of 13% of our stock and, as such, Mr. Geraghty may be

Edgar Filing: CLICKNSETTLE COM INC - Form 10KSB

considered an affiliate of our company and thereby deemed not to be independent. Mr. Geraghty disclaims beneficial ownership of such stock and the Board of Directors concluded that they believe Mr. Geraghty to be independent.

Compliance with Section 16(a) of the Exchange Act

Based solely on our review of copies of Forms 3 and 4 received by us and representations from certain reporting persons, we believe that during the fiscal year ended June 30, 2006, there was compliance with Section 16 (a) filing requirements applicable to our officers and directors.

Code of Ethics

We have adopted a Code of Ethics for our Senior Financial Officers. Also, prior to January 14, 2005, a Code of Business Conduct and Ethics was in effect for our employees. We shall, without charge, provide to any person, upon request, a copy of our Code of Ethics for our Senior Financial Officers. All such requests should be mailed to: clickNsettle.com, Inc., 990 Stewart Avenue, First Floor, Garden City, NY 11530, attention: Patricia Giuliani-Rheaume, VP & CFO.

As required by SEC rules, we will report within five business days the nature of any change or waiver of our Code of Ethics for our Senior Financial Officers.

Nominating Committee

As we are not required by federal securities laws to have a separate Nominating Committee, the entire Board is responsible for this function.

Compensation Committee

Since January 13, 2005, when the Company sold its sole operating business, there have been no employees of the Company and, therefore, there is no need for a Compensation Committee.

ITEM 10. EXECUTIVE COMPENSATION AND OTHER INFORMATION

The following summarizes the aggregate compensation paid during fiscal year 2006 to our Chief Executive Officer and any officer who earned more than \$100,000 in salary and bonus (the "Named Persons"). No executive compensation was paid by the Company for periods subsequent to January 13, 2005. As such, the amounts shown below for fiscal year 2005 represents the aggregate compensation paid for fiscal year 2005 and reflects amounts for the period from July 1, 2004 through January 13, 2005, the date of the sale of the Company's sole operating business. The value of services contributed by Mr. Israel subsequent to January 13, 2005 and through June 30, 2006 has neither been quantified nor imputed as it was deemed to be immaterial. See Note 8 to the consolidated financial statements.

ITEM 12: CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Since our inception, there have not been any material transactions between us and any of our officers and directors, except as set forth herein. On January 13, 2005, the Company sold its ADR business to National Arbitration and Mediation, Inc., a company affiliated with the Company's CEO, Roy Israel. See Note 2 to the Financial Statements for additional details. Furthermore, the Buyer agreed to provide accounting services to the Company after the sale of the ADR business with no cash outlay by the Company. The value of the services performed for the year ended June 30, 2006 and for the period from January 14, 2005 through June 30, 2005 was \$33,000 and \$12,750, respectively, and is included in general and administrative expenses in the accompanying statements of operations. Additionally, certain former members of the board of directors performed services as hearing officers through their respective law firms for the benefit of the Company through January 13, 2005. The related expenditure for these services for the year ended June 30, 2005 was \$25,176. Carla Israel, who was our Sales Supervisor through January 13, 2005 and still remains the Secretary of the Company, is the wife of Roy Israel, our CEO. Her compensation from July 1, 2004 through January 13, 2005 was \$37,869. She also received a car allowance (including insurance) of \$4,282 from July 1, 2004 through January 13, 2005. Upon the sale of the ADR business, Ms. Israel no longer received any compensation from the Company.

ITEM 14: PRINCIPAL ACCOUNTANT FEES AND SERVICES

The following table sets forth the fees billed or to be billed by our independent auditors, BP Audit Group, PLLC, for the fiscal years ended June 30, 2006 and 2005:

	FY 2006	FY 2005
	-----	-----
Audit fees and quarterly reviews	\$27,679	\$40,251
Financial information systems design and implementation fees		
All other fees:		
Tax return preparation	6,500	7,910
Audit related services		
Non-audit related services		
	-----	-----
Total Fees	\$34,179	\$48,161
	-----	-----

The Board of Directors considered and determined that the services performed for "financial information systems design and implementation fees" and "all other fees" are compatible with maintaining the independence of the independent auditors.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditor

Prior to the sale of the ADR business on January 13, 2005, the Audit Committee was responsible for pre-approving all audit and permitted non-audit services to be performed for us by our independent auditor as outlined in its Audit Committee charter. Prior to engagement of the independent auditor for each year's audit, management or the independent auditor submits to the Audit Committee for approval an aggregate request of services expected to be rendered during the year, which the Audit Committee pre-approves. During the year, circumstances may arise when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those circumstances, the Audit Committee requires specific pre-approval before engaging the independent auditor. The Audit Committee does not delegate to management its responsibility to pre-approve services performed by the independent auditor. Subsequent to the sale of the Company's sole operating business on January 13, 2005, the entire Board of Directors has been responsible for the Audit Committee functions.
