Item 11. Executive Compensation

Compensation Discussion and Analysis

Compensation Philosophy

The objective of our compensation program is aligned with our goal to be a consistently high performing growth company. Our roots and current culture are entrepreneurial, and the compensation philosophy is consistent with those roots and culture. A concise statement of the philosophy is – *shareholders win, executives win*. Practically, this means a performance-based culture with a compensation system that permits executives and other employees to earn total compensation within the entire spectrum of other peer companies depending upon our performance and our relative performance. More specifically, our current performance-based compensation is formula driven and non-discretionary, adjustable only through negative judgment exercised by our Compensation Committee based on the relative performance of the Company versus its peers and appropriate indices.

Our compensation strategy specifically focuses on, and is intended to influence, total return to stockholders by focusing on growth in operating earnings, including EBITDA, and efficient management of our operations, as measured by return on committed capital and cash flow generation. In determining compensation under our current performance-based plans, we evaluate our earnings, including modified EBITDA and modified cash flow, relative to comparable companies and require a minimum modified EBITDA return on modified committed capital of 20% before awarding performance-based compensation based on our results. Under our current performance-based plans, if the above-mentioned return on committed capital threshold is not met, no performance-based compensation is earned or paid.

We believe that these factors encourage management to meet our objectives and maintain a results-oriented culture. Additionally, the compensation programs are intended to provide competitive compensation to support the successful retention and recruitment of key personnel to meet our business objectives.

Process in Setting Executive Compensation

The Board maintains an independent Compensation Committee, currently composed of Messrs. Barger, Eizenstat and Schriber. The Compensation Committee charter authorizes and directs the Committee, among other things, to:

- Develop their independent view, with the assistance of management (and advisors, as needed), compensation policies that will clearly articulate the relationship of corporate performance to executive compensation, reward executives for the Company's progress and attract and retain the highest quality executives;

- Determine, based on management proposals and assistance, compensation and awards to executives;

- Adopt and maintain policies and procedures relating to the granting of stock options, restricted stock and other equity-based compensation awards; and

- Develop, based on management proposals and assistance, the terms of new employment agreements and the amendment of existing employment agreements.

The Committee participates in the development of, and reviews and approves the renewal or modification of, the employment agreements for the Chief Executive Officer, the Chief Financial Officer and the Chief Legal Officer. The Committee directs the development of, and reviews the renewal or modification of, the employment agreement for the Executive Chairman and submits it to the Board for approval.

Elements of Executive Compensation Arrangements

General. Our executive compensation arrangements include five components:

Base salary

.	Annual bonus
.	Equity incentives
.	401K retirement plan
.	Other benefits

Although we have not adopted any formal guidelines for allocating total compensation among these components, we implement and maintain compensation plans intended to tie a substantial portion of each executive's overall compensation to the achievement of corporate performance objectives. We view each of the components of the compensation program as distinct but related. We set each of the components separately, but we also review the entire amount of compensation and may make discretionary adjustments in one or more of the individual components based upon the evaluation of the total. Based upon performance, our executives may receive total compensation well above the median of other peers. Conversely, performance-related compensation, such as annual bonus, may be significantly less than the median of other companies in the metal manufacturing industry, or, indeed, zero.

Our executive compensation program is designed to encourage long-term value creation. With the review and approval of the Committee, we enter into multi-year employment agreements with our executive officers. Mr. Kestenbaum had a three-year agreement running through November 2014, and during fiscal 2015 we extended this agreement through December 31, 2016. We also have employment agreements with Mr. Ragan running through May 2016 and with Mr. Lebowitz's running through December 2016. Consistent with this approach, we grant our executive officers equity awards with multi-year service periods to encourage them to focus on long-term performance. In order to encourage retention of executive officers, our employment agreements with these officers provide for severance payments if their employment is terminated by the Company without cause or by the executive for good reason.

Also consistent with this approach, we provide only a 401(k) retirement plan to our executive officers and do not provide supplemental retirement benefits. The Committee takes this into consideration in connection with setting other compensation.

Base salary. The executive employment agreements provide for base salaries. We do not apply specific formulas to determine base salaries. Base salaries are the product of negotiation with the executive, but we generally seek to establish salaries that we believe are commensurate with the salaries being paid to executive officers serving in similar roles at peer companies, based upon our general familiarity with practices at other companies. In establishing the base salaries of executive officers, we take into account a number of factors, including the executive's seniority, position, functional role, level of responsibility and individual performance. To date, we have not increased annual base salaries during the terms of the employment agreements.

Annual bonus. In addition to base salaries, our executive officers are eligible to receive annual bonuses. We enter into annual bonus arrangements with our executive officers intended to provide incentives to achieve corporate goals and to achieve individual business goals. We have adopted bonus plans under our 2012 Long-Term Incentive Plan which specify annual awards to our Executive Chairman, Chief Executive Officer, Chief Financial Officer and Chief Legal Officer based upon modified EBITDA, modified cash flow and a minimum, threshold return on committed capital, as described below. These plans are not discretionary other than the ability of the Compensation Committee to exercise negative discretion to lower amounts awarded. The awards require an increasing percentage of the compensation to be deferred to later periods. In addition, we entered into individual awards, specifying individual performance goals, for Mr. Ragan and Mr. Lebowitz. We also adopted a bonus plan which specified awards to our Executive Chairman, Chief Executive Officer and Chief Legal Officer based upon the achievement of specified levels of total stockholder return during the calendar year ended December 31, 2013.

In determining compensation under our current performance-based plans, we evaluate our earnings, including modified EBITDA and modified cash flow, and require a minimum return on modified committed capital of 20% before awarding performance-based compensation based on our results. If the minimum return on modified committed capital of 20% is not achieved, no performance-based compensation is earned under the plan. In addition, the performance based compensation calculated based upon our modified EBITDA and modified cash flow may be reduced based upon an evaluation of our performance relative to comparable companies and various stock indices, including the S&P Small Cap Index and S&P Mining and Metals Index. Based upon these requirements, the performance-based compensation was negatively adjusted by 12.5% for the calendar year ended December 31, 2013 and by 20% for the calendar year ended December 31, 2012. No negative adjustment was required for the calendar year ended December 31, 2014 or the fiscal year ended June 30, 2015. We monitor performance results on a quarterly basis and review the performance measures annually to make sure our plans and awards remain consistent with the Company's strategy.

The Company records and reports its results on a June 30 fiscal year basis but historically has paid its executives on a calendar year basis. As a result, we have measured performance and all other metrics as of December 31 of the

relevant year. Effective with our 2015 fiscal year (July 1, 2014 – June 30, 2015), we transitioned our compensation program to a fiscal year basis in order to more readily demonstrate the alignment of our performance-based bonus compensation and our reported financial results.

Level One Plan. The Annual Executive Bonus Plan for the Executive Chairman and the Chief Executive Officer (the “Level One Plan”) provides for an annual cash bonus pool based upon annual results. The formula for establishing the pool is fixed in the plan and is not discretionary. The bonus pool amount is calculated as the sum of eight percent of modified EBITDA, as defined in the plan, plus two percent of modified free cash flow, as defined in the plan. In determining modified EBITDA and modified free cash flow, specified one-time costs, such as any restructuring charges, non-recurring items, impairment charges, start-up or shut-down expenses, transaction expenses for acquisitions or dispositions, write-offs of inventory or fixed assets, litigation awards, charges or professional fees related to litigation or threatened litigation and for six months following closing, the results of operations of an acquired company or business which, on a stand-alone basis, including financing costs, does not return the Company’s cost of capital, will be excluded, unless the Committee, in its judgment, determines that such item should not be excluded from the calculation.

The percentage amounts of modified EBITDA and modified free cash flow were set at levels intended to provide superior bonus levels for the Executive Chairman and for competitive bonus levels for the Chief Executive Officer at levels of modified EBITDA and modified cash flow that are proportionately comparable to the results of peer companies and to provide superior bonuses for superior modified EBITDA and modified cash flow results. We believe that the total compensation set for the Executive Chairman is consistent with the value Mr. Kestenbaum brings to the Company.

The payment of any bonus under the Level One Plan is subject to the Company meeting a threshold performance requirement that the fraction determined by dividing modified EBITDA for the applicable annual period by the average committed capital, as defined in the plan, for the applicable annual period, exceed 20%. We believe that this requirement places a stringent threshold requirement on these bonuses, resulting in no bonuses being awarded under the Level One Plan if the return on capital for the calendar year is less than 20%.

In addition to this threshold, the Committee retains discretion to reduce (but not to increase) the bonuses determined in accordance with the Level One Plan based upon relative performance analysis and its judgment. The relative performance analysis generally focuses on the Company's growth in operating earnings, return on invested capital and total stockholder return and may be supplemented with other analysis the Committee deems appropriate. The Committee compares the Company's results with respect to these factors to the results of a peer group of other metal manufacturing companies and relevant equity market indices, including the S&P Small Cap Index and the S&P Metals and Mining Index.

During the fiscal year ended June 30, 2014, the Committee obtained advice from Hay Group with respect to the composition of the peer companies, and based upon this advice, revised the list of peer companies to provide a better business focus while adhering to sound peer group development guidelines and maintaining a fair degree of commonality and overlap with peer groups developed by financial analysts and proxy advisory firms. The revised list of peer companies for the fiscal year ended June 30, 2015 (the "Peer Group") is set forth below.

Amcol International Corp.	Hayes International Inc.	Materion Corp.	Stillwater Mining Co.
Carpenter Technology	Hecla Mining Co.	Minerals Technologies Inc.	Thompson Creek Metals Co. Inc.
Century Aluminum Company	Horseheads Holding Corp.	Noranda Aluminum Holding	
Eagle Materials, Inc.	Intrepid Potash Inc.	RTI International Metals Inc.	
Graftech International Ltd.	Kaiser Aluminum Corp.	Schnitzer Steel Industries Inc.	

The Committee uses its judgment in making any reductions based upon these factors and may weigh some measures more heavily than others in making determinations. Based upon its evaluation with respect to the 2014 calendar year

and the 2015 fiscal year, the Committee determined that no negative discretion adjustment were required to the amounts indicated by the formula under the Level One Plan (as well as under the Level Two Plan, described below) with respect to the calendar year ended December 31, 2014 or fiscal year ended June 30, 2015. In making an assessment, the Committee carefully compared the Company's performance against peers and selected indices in several different metrics, including growth in EBITDA and net operating profit, to develop a view on overall relative performance. When those metrics evidence quantitative differences in relative performance between the Company and its peers in growth in operating earnings and return on committed capital, negative judgment may be used, as it was in the years ended December 31, 2013 and December 31, 2012.

The Level One Plan is intended to comply with requirements of Section 162(m) of the Code, pertaining to performance-based compensation, and accordingly, the bonus pool is capped at a maximum of \$20 million, although the aggregate bonus pool amount has been significantly lower.

Mr. Kestenbaum, as the founder of the Company and in view of his business experience, has special insight into the industry and the Company's strategic position in the industry. He principally has focused on growth, business development and other strategic issues. Further, in his position as Executive Chairman, he helps maintain separate oversight of management and provides an interface between the Board and management. Mr. Bradley, as Chief Executive Officer, principally focused on managing and directing operational matters, including in conjunction with the Chief Financial Officer, financial and administrative matters, including periodic reporting. In recognition of the special contributions of Mr. Kestenbaum, as the founder of the Company, in setting the growth strategy for the Company, and in recognition that it would be extremely difficult to find a suitable replacement for Mr. Kestenbaum, the Executive Chairman has been entitled to 70% of the Level One Plan pool amount, and the Chief Executive Officer has been entitled to 30% of the Level One Plan pool amount. Mr. Kestenbaum, upon Mr. Bradley's resignation, took on the additional position of Chief Executive Officer effective August 31, 2015, and in view of the additional responsibilities associated with this position the Committee has granted Mr. Kestenbaum 100% of the Level One Plan pool amount for the fiscal year ending June 30, 2016.

The Committee made awards under the Level One Plan with respect to calendar 2014, and in order to transition to a fiscal year performance period, made similar awards with respect to fiscal year 2015. In order to avoid overlap with the award granted with respect to calendar 2014, 50% of the amount paid with respect to the calendar 2014 award was credited against the amount due with respect to the fiscal 2015 award.

All payments under the Level One Plan are made in accordance with a deferral schedule which provides that 20% of the payout will be deferred for pool amounts between \$2 million and \$5 million, increasing incrementally to 100% for pool amounts between \$15 million and \$20 million. All deferred amounts are awarded in restricted stock units (RSUs) that settle in cash, vest proportionally over three years and are not paid out until the end of the third year. The Committee and the Board view the deferral of a significant portion of the bonuses into RSUs, which ties the deferred amounts to the performance of the Stock, as important to further incentivize participants in the Level One Plan.

A separate deferral plan permits voluntary deferral into RSUs of the cash portions not required to be deferred, up to a maximum of 50 percent of salary and 50 percent of the bonus amount (up to \$1 million), and provides a 20% match in the form of additional RSUs on voluntarily deferred amounts. RSUs granted with respect to voluntarily deferred amounts also vest over three years but are not paid out until the end of the third year.

Level Two Plan. The Annual Executive Bonus Plan for the Chief Financial Officer and the Chief Legal Officer (the "Level Two Plan") provides for a formulaic, non-discretionary (other than negative discretion) annual cash bonus based upon annual results. These awards also are intended to constitute performance-based compensation under Section 162(m) of the Code. The thresholds and percentage amounts for these awards were set at levels intended to provide competitive bonuses at levels of modified EBITDA and modified cash flow that are proportionately comparable to the results of peer companies and to provide superior bonuses for superior results.

Mr. Ragan's award provides that he would receive a payment with respect to each of calendar years 2014 and 2015, calculated as a percentage of modified EBITDA and modified free cash flow for such years. If 80% of modified EBITDA plus 20% of modified free cash flow for such year is equal to or less than \$160,000,000, the total of Mr. Ragan's award and individual bonus (described below) is capped at \$1,000,000. If 80% of modified EBITDA plus 20% of modified free cash flow for such year exceeds \$160,000,000, the award is capped at \$1,200,000. In order to transition to a fiscal year performance period, the Committee made similar awards with respect to each of fiscal years 2015 and 2016. In order to avoid overlap with the award granted with respect to calendar 2014, 50% of the amount paid with respect to the calendar 2014 award was credited against the amount due with respect to the fiscal 2015 award and 50% of any amount payable with respect to the calendar 2015 award will be credited against any amount due with respect to the fiscal 2016 award.

In addition to the award, Mr. Ragan was entitled to an annual bonus of up to \$200,000 with respect to calendar year 2014 and is entitled to an annual bonus with respect to calendar year 2015, based upon Mr. Ragan achieving certain individual performance goals adopted, or to be adopted, by the Compensation Committee in consultation with the Executive Chairman and the Chief Executive Officer with respect to such years. In order to transition to a fiscal year performance period, the Committee made similar bonus grants with respect to each of fiscal years 2015 and 2016. In order to avoid overlap with the bonus granted with respect to calendar 2014 and calendar 2015, 50% of the amount paid with respect to the calendar 2014 bonus was credited against the amount due with respect to the fiscal 2015 bonus and 50% of the amount payable with respect to the calendar 2015 bonus will be credited against any amount due with respect to the fiscal 2016 bonus.

Mr. Lebowitz's award provides that he would receive a payment with respect to each of calendar years 2014 and 2015, calculated as a percentage of modified EBITDA and modified free cash flow for such years. If (a) 80% of modified EBITDA plus 20% of modified free cash flow for the calendar year is equal to or less than \$160,000,000, the total of Mr. Lebowitz's award and individual bonus (described below) is capped at \$900,000 in each of 2014 and 2015, and (b) if 80% of modified EBITDA plus 20% of modified free cash flow for the calendar year exceeds \$160,000,000, the award is capped at \$1,100,000 in each of calendar years 2014 and 2015. In order to transition to a fiscal year performance period, the Committee made similar awards with respect to each of fiscal years 2015 and 2016. In order to avoid overlap with the award granted with respect to calendar 2014, 50% of the amount paid with respect to the calendar 2014 award was credited against the amount due with respect to the fiscal 2015 award and 50% of any amount payable with respect to the calendar 2015 award will be credited against any amount due with respect to the fiscal 2016 award.

In addition to the award, Mr. Lebowitz was entitled to an annual bonus of up to \$180,000 with respect to calendar year 2014 and is entitled to an annual bonus with respect to calendar year 2015, based on achieving certain individual performance goals adopted, or to be adopted, by the Compensation Committee in consultation with the Executive Chairman and the Chief Executive Officer with respect to such years. In order to transition to a fiscal year performance period, the Committee made similar bonus grants with respect to each of fiscal years 2015 and 2016. In order to avoid overlap with the bonus granted with respect to calendar 2014 and calendar 2015, 50% of the amount paid with respect to the calendar 2014 bonus was credited against the amount due with respect to the fiscal 2015 bonus and 50% of the amount payable with respect to the calendar 2015 bonus will be credited against any amount due with respect to the fiscal 2016 bonus.

Payments under the Level Two Plan are made in accordance with a deferral schedule which provides that no amounts will be deferred if the sum of 80% of modified EBITDA plus 20% of modified free cash flow is below \$70,000,000, increasing incrementally to 37.7% if the sum of 80% of modified EBITDA plus 20% of modified free cash flow equals or exceeds \$200,000,000. All deferred amounts are awarded in RSUs that settle in cash, vest proportionally over three years and are not paid out until the end of the third year.

The payment of any award under the Level Two Plan is subject to the Company meeting the threshold performance requirement that the fraction determined by dividing modified EBITDA for the applicable annual period divided by the average committed capital, as defined in the Level One Plan, for the year, exceed 20%. In determining all results, specified one-time costs, as described above, will be excluded, unless the Committee, in its judgment, determines that such item should not be excluded from the calculation. In addition the Committee retains discretion to reduce the deferred awards determined by the Level Two Plan based upon relative performance analysis and other factors, as described above. Based upon its evaluation with respect to the 2014 calendar year and the 2015 fiscal year, and in particular with a view of the Company's relative performance in comparison to its peers, the Committee did not make a negative discretion adjustment from the amount indicated by the formula under the Level Two Plan with respect to the calendar year ended December 31, 2014 or the fiscal year ended June 30, 2015.

Individual Awards. In addition to the Level One Plan and the Level Two Plan, which are based upon our corporate performance, as discussed above, we have entered into individual bonus arrangements with Mr. Ragan and Mr. Lebowitz to pay additional bonuses based upon the achievement of individual performance goals.

Equity incentives. We believe that long-term performance is also incentivized through an ownership culture that encourages performance by executive officers through the grants of stock appreciation rights, stock options or restricted stock units. The Company's equity awards have been made to provide executive officers with incentives to help align their interests with the interests of the Company's stockholders. We believe that equity awards are an important retention tool for the executive officers. The Company's equity award amounts are not formulaic and rather are discretionary. As can be seen through an examination of past practice, executive officers have not received equity awards every year, but instead, through the end of fiscal year 2015, typically have received equity awards every two years.

In the fiscal year ended June 30, 2015, we awarded the executive officers cash settled stock appreciation rights in the amounts indicated in the Grant of Plan-Based Awards table. The awards have an exercise price equal to the fair market value per share on the date of grant, a term of five years and vesting over three years from the date of the grant. The amounts were determined as a ratio to salary and also reflected performance factors in addition to those formally considered in connection with the plans.

Retirement benefits. Certain of the Company's U.S. employees, including executive officers, are eligible to participate in the Company's 401(k) plans. The 401(k) plans are intended to qualify as a tax qualified plan under Section 401 of the Code. The 401(k) plans provide that each participant may contribute a portion of his or her pretax compensation, up to a statutory limit, and that contribution receives a 25% match by the Company, up to 6% of salary, with a cap on salary. The Company does not provide supplemental retirement benefits to its executive officers, and the Committee takes this into consideration in connection with setting other compensation.

In fiscal 2012, the Committee approved the establishment of an Executive Deferred Compensation Plan. The plan permits the executive officers each calendar year to voluntarily elect to defer the receipt of up to 50% of their base salary and up to 50% of their annual cash bonus, up to an aggregate maximum of \$1,000,000 for that year, into a deferral account maintained by the Company.

The participants may elect that amounts deferred be deemed to be invested in restricted stock units representing the right to receive in cash the value per share of the Company's common stock based upon the fair market value on the specified payment date and/or one or more investment funds to be specified by the Committee. If a Participant elects that part or all of their annual bonus deferral amount be deemed invested in RSUs, the Company will credit to the participant's deferral account an additional amount equal to 20% of such bonus deferral. The Company made this matching commitment because it seeks to reward participants who choose to align themselves with stockholders and defer already earned compensation and align it squarely with the performance of the Company's stock performance. The matching contribution for each year will vest in accordance with the terms of the applicable bonus plan, subject to acceleration as specified in the bonus plan or the participant's employment agreement.

A participant may elect to have payment of the vested deferred amounts begin as of the sixth month anniversary of their separation from service or a January date that is not less than three years after the year in which the election is made or later than the January following the participant's sixty-fifth birthday (or such other period established by the Committee). Payment would be accelerated upon death, disability or other separation from service, and a participant may elect upon initial deferral that payment be accelerated upon a change in control of the Company.

Other benefits. The Company provides medical insurance to certain full-time employees, including executive officers. Unlike many of our peer companies, our executive officers generally do not receive perquisites, which is a factor the Committee considers in determining other compensation. From time to time, the Company has provided relocation expenses in connection with the relocation of executive officers to the geographic area of the Company's corporate headquarters. We intend to continue to provide relocation expenses in the future, as necessary, to obtain the services of qualified individuals.

Clawback. The Level One Plan and the Level Two Plan, because their awards are determined based upon the Company's financial results, include clawback provisions which provide that if the Board determines that (a) there was

executive misconduct during an applicable period in the preparation of the financial results for that period that results in a restatement, (b) the restatement is material and (c) the executive is found to have actively participated in such executive misconduct, the Committee will determine the extent, if any, that (x) the achievement of the threshold performance requirements were overstated as a result of the restatement and (y) a portion or all of the award will be returned to the Company.

Ownership requirements. The Board has established ownership requirements of 20 times base salary for the Executive Chairman, 10 times base salary for the Chief Executive Officer and 5 times base salary for the Chief Financial Officer and the Chief Legal Officer. The Executive Chairman currently owns shares with a value substantially in excess of 20 times his base salary. The Chief Executive Officer is required to meet this requirement within five years from adoption in October 2010. The Chief Legal Officer is required to meet this requirement within five years from adoption in February 2013. The Chief Financial Officer is required to meet this requirement within five years of his start date of employment in May 2013. The ownership requirements are staged and with certain amounts needing to be met each of the years of the period. For the purposes of these requirements, the value of common stock is measured at the end of each quarter based upon the closing stock price, the value of vested and unvested options is based on each option's estimated after-tax value divided by the closing stock price and the value of vested and unvested RSUs is based on the RSUs' estimated after-tax value divided by the closing stock price. If an executive officer chooses to use proceeds of an option or RSU exercise to purchase equity required by this policy, the Company will pay the brokerage commissions associated with such purchase.

Federal Tax Considerations Under Code Sections 162(m) and 409A

Section 162(m) of the Code limits the Company's deduction for federal income tax purposes to not more than \$1,000,000 of compensation paid to specified executive officers in a calendar year. Compensation above \$1,000,000 may be deducted if it is performance-based compensation within the meaning of Section 162(m). To maintain flexibility in compensating our executive officers in a manner designed to promote our objectives, we have not adopted a policy that requires all compensation to be deductible. However, we evaluate the effects of the compensation limits of Section 162(m) on any compensation we approve and expect to provide future compensation in a manner consistent with the Company's best interests. In this regard, the Level One Plan and the Level Two Plan are intended to qualify as performance-based compensation plans.

Section 409A of the Code addresses the tax treatment of nonqualified deferred compensation benefits and provides for significant taxes and penalties in the case of payment of nonqualified deferred compensation. We currently intend to structure our executive compensation programs to avoid triggering these taxes and penalties under Section 409A.

Accounting Considerations

The Company recognizes share-based compensation in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, *Compensation—Stock Compensation* (ASC 718). Under ASC 718, the Company is required to estimate and record an expense for each award of equity compensation, including stock options, over the vesting period of the award.

Reflects awards of options and/or cash settled stock appreciation rights. Award valuation was performed using a Black-Scholes option pricing model on the date of grant. Life was estimated based on the average of the vesting term and contractual life of the award. The risk free rate used in the model was the zero-coupon government bond interest rate at the time of option grant of the instrument with the term closest to the estimated option life. The (1) expected dividend yield is estimated over the expected life of the awards based on our historical annual dividend activity. Volatility reflects movements in our stock price over the most recent historical period equivalent to the expected life of the awards. However, since historical trading data related to the Company’s common stock does not exceed the expected life of certain awards, the expected volatility over the term of these awards is estimated using the historical volatility of similar companies.

(2) Incentive compensation under the Level One Plan and the Level Two Plan for 2014 and 2013 was calculated based upon the calendar year. The amounts shown for fiscal year 2014 are composed of the portion of the awards paid with respect to the six months ended December 31, 2013 and the portion of the awards accrued with respect to the six months ended June 30, 2014, and the amounts shown for fiscal year 2013 are composed of the portion of the

awards paid with respect to the six months ended December 31, 2012 and the portion of the awards accrued with respect to the six months ended June 30, 2013.

(3) In fiscal year 2015, Mr. Kestenbaum's Other Compensation includes the services of a tax advisor (\$87,309), the services of a driver (\$45,560), Company 401K plan contributions, automobile lease expenses and parking fees, and Mr. Ragan's Other Compensation includes housing expenses (\$29,520), travel expenses (\$17,880) and Company 401K plan contributions. In fiscal 2015, Mr. Bradley's Other Compensation includes relocation expenses (\$47,000) and Company 401K plan contributions, and Mr. Lebowitz's Other Compensation includes relocation expenses (\$100,000) and Company 401K plan contributions.

(4) Mr. Bradley resigned effective August 31, 2015.

(5) Mr. Ragan was appointed to be Chief Financial Officer effective May 20, 2013.

In addition, Mr. Ragan is also entitled to an additional annual bonus with respect to calendar years 2013, 2014 and 2015, based on achieving certain individual performance goals to be adopted by the Compensation Committee in consultation with the Executive Chairman and the Chief Executive Officer with respect to such years. Mr. Ragan is also eligible for bonuses pursuant to the Company's 2012 Long-Term Incentive Plan. Furthermore, Mr. Ragan is entitled to certain insurance and leave benefits. The agreement requires Mr. Ragan to protect the confidentiality of the Company's proprietary and confidential information and it further provides, if he is terminated for cause, resigns without good reason or is terminated or resigns in connection with a change of control, that for two years after termination he will not directly compete with the Company, seek to solicit the customers or hire the Company's employees.

Stephen Lebowitz. On July 8, 2013, we entered into a new employment agreement with Mr. Lebowitz. In accordance with the agreement, Mr. Lebowitz continues to serve as our Chief Legal Officer. The agreement provides for a three year and six month term, effective as of June 20, 2013. At the end of the term, the term will automatically be extended for successive one year periods, unless either the Company or Mr. Lebowitz has provided the other with at least 90 days prior written notice of its or his intention to allow the agreement to expire. Mr. Lebowitz's annual base salary is \$375,000, subject to any increase as determined by the Compensation Committee. The agreement provides for the payment of a performance bonus based upon "modified EBITDA" and "modified free cash flow" for the calendar years 2013, 2014, and 2015. In addition, Mr. Lebowitz is also entitled to an additional annual bonus with respect to calendar years 2013, 2014, and 2015, based on achieving certain individual performance goals to be adopted by the Compensation Committee in consultation with the Executive Chairman and the chief executive officer with respect to such years. Mr. Lebowitz is also eligible for bonuses pursuant to the Company's 2012 Long-Term Incentive Plan. Furthermore, Mr. Lebowitz is entitled to certain insurance and leave benefits. The agreement requires Mr. Lebowitz to protect the confidentiality of the Company's proprietary and confidential information and it further provides, if he is terminated for cause, resigns without good reason or is terminated or resigns in connection with a change of control, that for two years after termination he will not directly compete with the Company, seek to solicit the customers or hire the Company's employees.

Potential Payments upon Termination or Change of Control

The employment agreements the company has entered with Mr. Kestenbaum, Mr. Ragan and Mr. Lebowitz provide that if the executive's employment terminates by reason of his death or disability, he would be entitled to payment of all vested and unvested incentive awards, payment of pro rata incentive awards for the then current plan year and, in the case of Mr. Kestenbaum, full vesting of the his long-term stock award. If the executive's employment is terminated without cause or if he resigns for good reason, he would be entitled to receive the foregoing items plus a lump sum severance payment comprised of a multiple of his base pay and the value of his Incentive Awards and the pre-tax cost

of between one and two years' COBRA coverage for himself and his family under the Company's health plans. Nonrenewal of the term by the Company shall be treated as a termination without cause. The multiple for Mr. Kestenbaum is 2.0, for Mr. Ragan is 1.0 and for Mr. Lebowitz is 1.0. Mr. Bradley's employment agreement also included similar termination provisions, but his agreement was terminated without a termination payment upon his voluntary resignation.

If the executive's employment is terminated by the Company during the six-month period before or the two-year period after a change of control of the Company as defined in the agreement (the "Protection Period") (other than for cause, disability or as a result of his death), or if he terminates his employment during the Protection Period for good reason, the executive shall be entitled to the same payments as upon termination without cause or for good reason, except that the lump sum severance payment shall be an amount equal to a multiple of the sum of his average base pay and his average Incentive Awards for the past five years. The multiple for Mr. Kestenbaum is one dollar less than three times, for Mr. Ragan is 1.0 and for Mr. Lebowitz is 1.5. If the payments to the executive upon termination following a change of control would be subject to the excise tax under Section 4999 of the Code, a nationally recognized certified public accounting firm selected by the Company shall determine whether to reduce the payments so that the value shall not exceed the safe harbor amount specified in Section 280G(b)(3) of the Code. The payments shall be reduced if the accounting firm determines that the executive would receive a greater net-after tax amount if the aggregate payments were so reduced.

Under the agreements, “good reason” generally means: a material reduction of compensation, the assignment of duties substantially inconsistent with, or a reduction of, responsibilities then in effect or a material breach of the agreement. With respect to the Executive Chairman and Chief Executive Officer, “cause” generally means conviction of a felony causing material harm to the Company or any crime involving material fraud or embezzlement with respect to the Company’s property or a breach of the agreement after written notice and thirty days opportunity to cure, and with respect to the Chief Financial Officer and Chief Legal Officer, “cause” generally means indictment or conviction of a felony or any crime involving moral turpitude, dishonesty, fraud or embezzlement, failure to perform duties as reasonably directed or a breach of a material term of the agreement after written notice and thirty days opportunity to cure or commission of any act involving bad faith, moral turpitude, dishonesty, fraud, embezzlement, disloyalty or other similar conduct.

The table below reflects the amount of compensation to each of our Named Executive Officers upon termination of such executive’s employment following: voluntary resignation, involuntary termination not-for-cause or voluntary termination for good reason, involuntary termination for cause, termination on death or disability and termination following a change of control. The amounts shown assume that such termination was effective on June 30, 2015 and thus include amounts earned through such time and estimates of amounts that would be paid out to the executives on their termination. The actual amount to be paid can only be determined at the time of such executive’s termination.

Such officers, directors and stockholders are required by SEC regulations to furnish us with copies of all such reports that they file. Based solely on a review of copies of reports filed with the SEC and written representations by certain officers and directors, we believe that all of our officers, directors and stockholders subject to the reporting requirements of Section 16(a) filed all of their reports on a timely basis during the fiscal year ended June 30, 2015, except for (i) one report on Form 4 that was filed late on behalf of each of Messrs. Bradley, Kestenbaum and Lebowitz, reporting two exempt transactions for Messrs. Bradley and Kestenbaum and one exempt transaction for Mr. Lebowitz in connection with annual officer stock awards; (ii) one report on Form 4 that was filed late on behalf of each of Messrs. Item 13. Certain Relationships and Related Transactions and Director Independence

Certain Relationships and Related Transactions

The following is a description of the transactions we have engaged in since the beginning of our fiscal year ended June 30, 2015, with our directors and officers and beneficial owners of more than five percent of our voting securities and their affiliates.

We have entered into agreements with Marco International, an affiliate of Mr. Kestenbaum, to sell ferrosilicon and calcium silicon powder. Net sales to Marco International of these products were \$778,000 and \$176,000, respectively, for the year ended June 30, 2015. At June 30, 2015, receivables from Marco International under these agreements totaled \$71,000 and \$176,000, respectively. We also have entered into agreements with Marco International to purchase carbon electrodes and rare earth materials. For the year ended June 30, 2015, Marco International billed Globe \$19,573,000 and \$826,000 under these agreements. At June 30, 2015, payables to Marco International under these agreements totaled \$951,000 and \$148,000, respectively.

We believe that all of the transactions above were made on terms no less favorable to us than could have been obtained from unaffiliated third parties. Pursuant to the Company's policies, including Code of Business Conduct and Ethics for the Directors, Officers and Employees, each of the above-referenced relationships and related transactions was subject to the prior consideration and approval of the Board, including a majority vote of the disinterested directors. We intend that all future transactions with related parties will be approved by a majority of the Board, including a majority of the disinterested directors, and will continue to be on terms no less favorable to us than could be obtained from unaffiliated third parties.

There is no family relationship between any director or executive officer of Globe and any other director or executive officer of Globe.

There are currently six Board members. Except for Mr. Kestenbaum who serves as our Executive Chairman and Chief Executive Officer, all of our current directors are "independent" as defined by the applicable rules of The NASDAQ Stock Market, Inc. ("NASDAQ"). In addition, Messrs. Barger, Crockett and Lavin are "independent directors" as defined by Securities Exchange Act Rule 10A-3 pertaining to Audit Committee members. The independent directors regularly meet without Mr. Kestenbaum in attendance.

The Board has an Audit Committee, a Compensation Committee and a Nominating Committee. The members of the Board committees are identified in the following table.

Board Committees and Membership

Director	Audit Committee	Compensation Committee	Nominating Committee
Donald G. Barger, Jr.	Chair	Chair	
Stuart E. Eizenstat		X	Chair
Franklin L. Lavin	X		X
Bruce L. Crockett	X		
Alan R. Schriber		X	

Each of the members of our Audit Committee satisfies independence standards promulgated by the Securities and Exchange Commission (“SEC”) and by NASDAQ, as such standards apply specifically to members of audit committees. The Board has determined that Mr. Barger and Mr. Crockett meet the SEC’s qualifications to be an “audit committee financial expert.” In addition, members of the Audit Committee frequently communicate with our financial and accounting staff.

Policy on Audit Committee pre-approval of audit and permissible non-audit services

All engagements for services by Deloitte & Touche LLP or other independent registered public accountants are subject to prior approval by the Audit Committee; however, de minimis non-audit services may instead be pre-approved in accordance with applicable SEC rules.
