PROXY STATEMENT

FOR THE 2015 ANNUAL MEETING OF STOCKHOLDERS

To Be Held On August 6, 2015

QUESTIONS AND ANSWERS ABOUT THIS PROXY MATERIAL AND VOTING

Why am I receiving these materials?

We have sent you this Proxy Statement and the enclosed proxy card because the board of directors (the Board) of Gladstone Investment Corporation (we, us, or the Company) is soliciting your proxy to vote at the 2015 Annual Meeting of Stockholders (the meeting or annual meeting), including adjournments or postponements thereof, if any. You are invited to attend the annual meeting to vote on the proposals described in this Proxy Statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or follow the instructions below, to vote by proxy over the telephone or through the Internet.

We intend to mail these materials on or about June 19, 2015 to all stockholders of record entitled to vote at the annual meeting.

YOUR VOTE IS IMPORTANT. WHETHER OR NOT YOU PLAN TO ATTEND THE MEETING, PLEASE PROMPTLY VOTE YOUR SHARES EITHER BY MAIL OR BY TELEPHONE.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING TO BE HELD ON AUGUST 6, 2015:

The Notice of Annual Meeting, this Proxy Statement and our annual report for the fiscal year ended March 31, 2015 are available at the following Internet address: www.proxyvote.com.

How can I attend the annual meeting?

The meeting will be held on Thursday, August 6, 2015, at 11:00 a.m. Eastern Daylight Time (Eastern Time) at The Gladstone Companies corporate headquarters located at 1521 Westbranch Drive, Suite 100, McLean, Virginia, 22102. Directions to the annual meeting may be found at www.gladstoneinvestment.com. Information on how to vote in person at the annual meeting is discussed below.

Who can vote at the annual meeting?

Only stockholders of record at the close of business on June 8, 2015, will be entitled to vote at the annual meeting. On this record date, there were 30,270,958 shares of common stock outstanding and entitled to vote and 4,866,000 shares of preferred stock outstanding and entitled to vote.

Table of Contents

Stockholder of Record: Shares Registered in Your Name

If on June 8, 2015, your shares were registered directly in your name with our transfer agent, Computershare, Inc., then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to fill out and return the enclosed proxy card or vote by proxy over the telephone or through the Internet, as instructed below, to ensure your vote is counted.

Beneficial Owner: Shares Registered in the Name of a Brokerage Firm

If on June 8, 2015, your shares were held, not in your name, but in an account at a brokerage firm, bank, dealer, or other similar organization (a Brokerage Firm), then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The Brokerage Firm holding your account and shares is considered to be the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your Brokerage Firm regarding how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your Brokerage Firm.

What am I voting on?

There are two matters scheduled for a vote at the annual meeting:

Proposal 1, to elect three directors, as follows:

- a. Terry L. Brubaker and Caren D. Merrick to be elected by the holders of common stock and preferred stock, voting together as a single class, to serve until the 2018 Annual Meeting of Stockholders or until his or her successor is elected and qualified; and
- b. Walter H. Wilkinson, Jr. to be elected solely by the holders of preferred stock, voting as a single class, to serve until the 2018 Annual Meeting of Stockholders or until his successor is elected and qualified.

Proposal 2, to approve of a proposal to authorize us, with the approval of our Board, to issue and sell shares of our common stock (during the next 12 months) at a price below its then current net asset value (NAV) per share, subject to certain limitations set forth herein (including, without limitation, that the number of shares issued and sold pursuant to such authority does not exceed 25% of our then outstanding common stock immediately prior to each such sale).

We will hold a conference call to discuss the matters scheduled for a vote at the annual meeting on June 30, 2015 at 9:00 a.m. Eastern Time. Stockholders will have an opportunity to ask questions regarding the proposals during the conference call. You may call (855) 376-7516 (international callers must dial (484) 365-2906 to enter the conference call). An operator will monitor the call and set a queue for any questions. A conference call replay will be available after the call and will be available through the date of the annual meeting, Thursday, August 6, 2015. To hear the replay, please dial 855-859-2056 and use conference code 13898095. The call will also be available via webcast at www.gladstoneinvestment.com through the date of the annual meeting. In the event of any changes in the scheduled date and time of the call, we will issue a press release, which will be available on our website at www.gladstoneinvestment.com.

Why should I vote my shares?

Under applicable law, we must conduct an annual meeting to allow our stockholders to vote for directors and other matters properly before the meeting. Certain matters listed in this Proxy Statement require a minimum threshold of votes to pass. The number of votes needed to pass each item in this Proxy Statement is described below under the question "How many votes are needed to approve each proposal?" When stockholders do not vote their shares on items material to conducting our business, we must spend additional money to contact shareholders seeking their vote. This is very expensive and uses funds that could better benefit our stockholders in other ways. It is important that each stockholder votes to insure that these expenses are minimized.

How do I vote?

For proposal 1, you may either vote **FOR** all the nominees to our Board or you may **WITHHOLD** your vote for any nominee you specify. For proposal 2, you may vote **FOR** or **AGAINST** or abstain from voting. The procedures for voting are as follows:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the annual meeting, vote by proxy using the enclosed proxy card, or vote by proxy over the telephone or through the Internet. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person, even if you vote by proxy prior to the annual meeting.

To vote in person, we will give you a ballot when you arrive at the annual meeting.

To vote using the enclosed proxy card, simply complete, sign, date, and return it promptly in the envelope provided. To be counted, we must receive your signed proxy card by 11:59 p.m. Eastern Time on August 5, 2015, the day prior to the annual meeting.

To vote by proxy over the telephone, dial toll-free, 1-(800)-690-6903, using a touch-tone phone and follow the recorded instructions. You will be asked to provide the company number and control number delineated on the enclosed proxy card. To be counted, we must receive your vote by 11:59 p.m. Eastern Time on August 5, 2015, the day prior to the annual meeting.

To vote by proxy through the Internet, go to www.proxyvote.com to complete an electronic proxy card. You will be asked to provide the company number and control number delineated on the enclosed proxy card. To be counted, we must receive your vote by 11:59 p.m. Eastern Time on August 5, 2015, the day prior to the annual meeting.

Beneficial Owner: Shares Registered in the Name of Brokerage Firm

If you are a beneficial owner of shares registered in the name of your Brokerage Firm, you should have received a proxy card and voting instructions with these proxy materials from that organization, rather than from us. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by proxy over the telephone or through the Internet, as instructed by your Brokerage Firm. To vote in person at the annual meeting, you must obtain a valid proxy from your Brokerage Firm. Follow the instructions from your Brokerage Firm included with these proxy materials, or contact your broker or bank to request a proxy form.

We provide Internet proxy voting to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your Internet access, such as usage charges from your Internet access provider or telephone company.

Table of Contents

How many votes do I have?

On all matters other than proposal 1.b., you have one vote for each share of common stock you owned as of the close of business on June 8, 2015. On all matters to be voted upon, you have one vote for each share of preferred stock you owned as of the close of business on June 8, 2015.

What if I return a proxy card but do not make specific choices?

If you return a signed and dated proxy card, or otherwise vote by proxy without making any voting selections, your shares will be voted **FOR** the election of the three nominees for director and **FOR** Proposal 2. If any other matter is properly presented at the meeting, your proxy holder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

Who is paying for this proxy solicitation?

Gladstone Investment Corporation will bear the cost of solicitation of proxies, including preparation, assembly, printing and mailing of this Proxy Statement, the proxy card and any additional information furnished to our stockholders. Copies of solicitation materials will be furnished to Brokerage Firms holding in their names shares of our common stock or preferred stock beneficially owned by others to forward to such beneficial owners. We may reimburse persons representing beneficial owners of our common stock or preferred stock for their costs of forwarding solicitation materials to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, electronic mail or personal solicitation by directors, officers or other regular employees of Gladstone Management Corporation, our investment adviser (the Adviser), or Gladstone Administration, LLC (the Administrator). No additional compensation will be paid to directors, officers or other regular employees for such services. We have engaged Georgeson Inc. (Georgeson) to solicit proxies for the annual meeting. Georgeson will be paid a fee of approximately \$5,500 plus out-of-pocket expenses for its basic solicitation services, which include review of proxy materials, dissemination of broker search cards, distribution of proxy materials, solicitation of brokers, banks and institutional holders, and delivery of executed proxies. The term of the agreement with Georgeson will last for the period of the solicitation, and the agreement provides that we will indemnify and hold harmless Georgeson against any third party claims, except in the case of Georgeson's gross negligence or intentional misconduct.

What does it mean if I receive more than one set of proxy materials?

If you receive more than one set of proxy materials, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on the proxy cards in the proxy materials to ensure that all of your shares are voted.

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you wish to revoke your proxy after 11:59 p.m. Eastern Time on August 5, 2015, you may only do so at the annual meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

You may submit another properly completed proxy card with a later date specified thereon.

You may grant a subsequent proxy by telephone or through the Internet on a later date.

You may send a timely written notice that you are revoking your proxy to Gladstone Investment Corporation's corporate secretary at 1521 Westbranch Drive, Suite 100, McLean, Virginia, 22102.

Table of Contents

You may attend the annual meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy. If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your Brokerage Firm.

When are stockholder proposals due for next year's annual meeting?

We will consider for inclusion in our proxy materials for 2016 Annual Meeting of Stockholders proposals that we receive not later than February 20, 2016, and that comply with all applicable requirements of Rule 14a-8 promulgated under the Securities Exchange Act of 1934, as amended (the "1934 Act"), and our bylaws, as amended ("Bylaws"). Stockholders must submit their proposals to our corporate secretary at 1521 Westbranch Drive, Suite 100, McLean, Virginia, 22102.

In addition, any stockholder who wishes to propose a nominee to our Board or propose any other business to be considered by the stockholders (other than a stockholder proposal to be included in our proxy materials pursuant to Rule 14a-8 of the Exchange Act) must comply with the advance notice provisions and other requirements of Article III, Section 5 of our Bylaws, a copy of which is on file with the Securities and Exchange Commission ("SEC") and may be obtained from our corporate secretary upon request. These notice provisions require that nominations of persons for election to our Board and proposals of business to be considered by the stockholders for the 2016 Annual Meeting of Stockholders must be made in writing and submitted to our corporate secretary at the address above no earlier than April 8, 2016 (120 days before the first anniversary of our 2015 Annual Meeting of Stockholders), and not later than May 8, 2016 (90 days before the first anniversary of the 2015 Annual Meeting of Stockholders). You are also advised to review our Bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations.

How are votes counted?

Votes will be counted by the inspector of election appointed for the annual meeting, who will separately count **FOR**, **WITHHOLD**, and with respect to proposals other than the election of directors, **AGAINST** votes and abstentions. Abstentions will be counted towards the vote total and will have the same effect as **AGAINST** votes for Proposal 2. We expect that our chief financial officer and treasurer, Melissa Morrison and our general counsel and secretary, Michael LiCalsi, will be appointed as the inspectors of election.

How many votes are needed to approve each proposal?

Proposal 1 Election of Directors. Terry L. Brubaker and Caren D. Merrick must be elected by a plurality of the votes cast by holders of our outstanding common stock and preferred stock, voting together as a single class. Walter H. Wilkinson, Jr. must be elected by a plurality of the votes cast solely by holders of our outstanding shares of preferred stock, voting as a single class. Stockholders may not cumulate their votes. Only votes **FOR** or **WITHHELD** will affect the outcome of this proposal.

Proposal 2 Authorization, with the approval of our Board, to issue and sell shares of our common stock (during the next 12 months) at a price below its then current NAV per share subject to certain limitations set forth herein (including, without limitation, that the number of shares issued and sold pursuant to such authority does not exceed 25% of our then outstanding common stock immediately prior to each such sale). The affirmative vote of each of the following is required to approve this proposal: (1) a majority of the outstanding common stock and preferred stock, voting together as a single class ("outstanding voting securities"); and (2) a

Table of Contents

majority of our outstanding voting securities that are not held by affiliated persons of the Company. For purposes of this proposal, the Investment Company Act of 1940 (the "1940 Act") defines a majority of the outstanding voting securities as the vote of the lesser of: (1) 67% or more of the voting securities of the Company present at the annual meeting, if the holders of more than 50% of the outstanding voting securities of the Company are present or represented by proxy; or (2) more than 50% of the outstanding voting securities of the Company. Each abstention will have the same effect as voting **AGAINST** this proposal.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if a majority of our total number of outstanding shares of common stock and preferred stock are represented by stockholders present at the meeting or by proxy. On the record date there were 30,270,958 shares of common stock and 4,866,000 shares of preferred stock outstanding and entitled to vote. Thus, 35,136,959 shares must be represented by stockholders present at the meeting or by proxy to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your Brokerage Firm) or if you vote in person at the meeting. Abstentions will be counted towards the quorum requirement. If there is no quorum, a majority of the votes present at the meeting may adjourn the meeting to another date.

How can I find out the results of the voting at the annual meeting?

Preliminary voting results will be announced at the annual meeting. Final voting results will be published in a current report on Form 8-K that we expect to file with the SEC within four business days after the annual meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

What proxy materials are also available on the Internet?

The letter to stockholders, Proxy Statement, Form 10-K and annual report to stockholders are available at www.proxyvote.com.

Table of Contents

PROPOSAL 1

ELECTION OF DIRECTORS

Our Board is divided into three classes. Each class has a three-year term. Vacancies on the Board may be filled by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy in a class, including any vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director's successor is elected and qualified. Currently our Board is comprised of nine directors, six of whom are independent.

Holders of preferred stock are entitled, as a class, to the exclusion of the holders of all other classes of stock, to elect two directors (regardless of the total number of directors serving on our Board). One of these directors is a nominee to be considered at this annual meeting.

In February 2014, former director Terry Earhart passed away and the resulting vacancy was not filled. In August 2014, former director John D. Reilly also passed away. The resulting vacancy was filled in October 2014, when our Board unanimously voted to elect Walter H. Wilkinson, Jr. to fill the vacancy that resulted from Mr. Reilly's passing. In November 2014, our Board increased the size of the Class of 2015 from three directorships to four and simultaneously decreased the number of directorships in the Class of 2017 from three to two. In so doing, the Board also elected Caren D. Merrick to the Board to fill the resulting vacancy in the Class of 2015. Mr. David Dullum, an incumbent interested director whose term will expire at the 2015 Annual Meeting, will not stand for re-election. In May 2015, the Board reduced the number of directorships in each of the Class of 2016 and the Class of 2018 from four to three, effective immediately. Therefore, our Board currently has nine members, but will have eight members after the completion of the 2015 Annual Meeting, provided that each nominee is elected. There are three directors in the class whose term of office expires in 2015 that have been nominated to stand for re-election: two are independent directors (Ms. Merrick and Mr. Wilkinson) and one is an interested director (Mr. Brubaker).

Proxies cannot be voted for a greater number of persons than the number of nominees named. If elected at the annual meeting, each nominee would serve until the 2018 Annual Meeting and until his or her successor is elected and has qualified, or, if sooner, until his or her death, resignation or removal.

Proposal 1(a)

The Company's Ethics, Nominating & Corporate Governance Committee (the Ethics Committee) nominated two incumbent directors Terry L. Brubaker and Caren D. Merrick for election by the common and preferred stockholders, voting together as a single class, for a term expiring in 2018.

Proposal 1(b)

Pursuant to the terms of the preferred stock issued by the Company in March 2012 and November 2014, the preferred stockholders are entitled to elect two of our directors. John D. Reilly was elected solely by the preferred stockholders for a term expiring in 2015 and at our last annual meeting Michela A. English was elected solely by the preferred stockholders for a term expiring in 2017. Mr. Reilly passed away in August 2014 and therefore the Ethics Committee nominated incumbent director Walter H. Wilkinson, Jr. for election solely by the preferred stockholders for a term expiring in 2018.

Each director is elected by a plurality of the votes cast at the annual meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the two nominees named below. If any nominee becomes unavailable for election as a result of an unexpected occurrence, your shares will be voted for the election of a substitute nominee proposed by our management. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve.

INFORMATION REGARDING THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Director Independence

As required under the NASDAQ Global Select Market (NASDAQ) listing standards, our Board annually determines each director's independence. The NASDAQ listing standards provide that a director of a business development company is considered to be independent if he or she is not an interested person of ours, as defined in Section 2(a)(19) of the 1940 Act. Section 2(a)(19) of the 1940 Act defines an interested person to include, among other things, any person who has, or within the last two years had, a material business or professional relationship with us.

Consistent with these considerations, after review of all relevant transactions or relationships between each director, or any of his or her family members, and us, our senior management and our independent registered public accounting firm, our Board has affirmatively determined that the following six directors are independent directors within the meaning of the applicable NASDAQ listing standards: Messrs. Adलगren, Outland, Parker and Wilkinson and Mmes. English and Merrick. Former director Mr. Reilly, who passed away in August 2014, was also determined to be independent. In making this determination, our Board found that no director or director nominee had a material or other disqualifying relationship with us. Mr. Gladstone, the chairman of our Board and chief executive officer, and Mr. Brubaker, our vice chairman, chief operating officer and assistant secretary, are not independent directors by virtue of their positions as our officers and their employment by our Adviser.

Meetings of the Board of Directors

Our Board met six times during the last fiscal year. Each director attended 75% or more of the aggregate of the meetings of our Board and of the committees on which he or she served that were held during the period for which he or she was a director or committee member.

As applicable under NASDAQ listing standards, which require regularly scheduled meetings of independent directors, our independent directors met four times during fiscal year 2015 in regularly scheduled executive sessions at which only independent directors were present.

Corporate Leadership Structure

Since our inception, Mr. Gladstone has served as chairman of our Board and our chief executive officer. Our Board believes that our chief executive officer is best situated to serve as chairman because he is the director most familiar with our business and industry, and most capable of effectively identifying strategic priorities and leading the discussion and execution of strategy. In addition, Mr. Adलगren, one of our independent directors, serves as the Lead Independent Director for all meetings of our independent directors held in executive session. The Lead Independent Director has the responsibility of presiding at all executive sessions of our Board, consulting with the chairman and chief executive officer on Board and committee meeting agendas, acting as a liaison between management and the independent directors and facilitating teamwork and communication between the independent directors and management.

Our Board believes the combined role of chairman and chief executive officer, together with an independent Lead Independent Director, is in the best interest of stockholders because it provides the appropriate balance between strategic development and independent oversight of risk management. In coming to this conclusion, the Board considered the importance of having an interested chairperson that is familiar with our day-to-day management activities, our portfolio companies and the operations of our Adviser. The Board concluded that the

Table of Contents

combined role enhances, among other things, the Board's understanding of our investment portfolio, business, finances and risk management efforts. In addition, the Board believes that Mr. Gladstone's employment by the Adviser better allows for the efficient mobilization of the Adviser's resources at the Board's behest and on its behalf.

Information Regarding Committees of the Board of Directors

Our Board has five committees: the Audit Committee, a Compensation Committee, an Executive Committee, an Offering Committee, and an Ethics Committee. The following table shows the current composition of each of the committees of our Board:

Lead Independent Director

* Committee Chairperson

Below is a description of each committee of our Board. All committees other than the Executive Committee have the authority to engage legal counsel or other experts or consultants, as they deem appropriate to carry out their responsibilities. Our Board has determined that each member of each committee meets the applicable NASDAQ rules and regulations regarding independence and that each member is free of any relationship that would interfere with his or her individual exercise of independent judgment with regard to us (other than with respect to the Executive and Offering Committees, for which there are no applicable independence requirements).

Audit Committee

The Audit Committee oversees our corporate accounting and financial reporting process. For this purpose, the Audit Committee performs several functions. The Audit Committee evaluates the performance of and assesses the qualifications of the independent registered public accounting firm; determines and approves the engagement of the independent registered public accounting firm; determines whether to retain or terminate the existing independent registered public accounting firm or to appoint and engage a new independent registered public accounting firm; reviews and approves the retention of the independent registered public accounting firm to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent registered public accounting firm on our audit engagement team as required by law; confers with management and the independent registered public accounting firm regarding the effectiveness of internal controls over financial reporting; establishes procedures, as required under applicable law, for the receipt, retention and treatment of complaints received by us regarding accounting, internal accounting controls or auditing matters and the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters; and meets to review our annual audited financial statements and quarterly financial statements with management and the independent registered public accounting firm, including reviewing our disclosures

under Management's Discussion and Analysis of Financial Condition and Results of Operations. During fiscal 2015, the Audit Committee was comprised of Messrs. Parker (Chairperson) and Reilly and Ms. English until Mr. Reilly's passing in August 2014, after which Mr. Outland was appointed to the committee. Ms. Merrick was also appointed as a member of the committee in November 2014. Messrs. Adelgren and Wilkinson currently serve as alternate members of the Audit Committee. Alternate members of the Audit Committee serve and participate in meetings of the Audit Committee only in the event of an absence of a regular member of the Audit Committee. The Audit Committee met eight times during the last fiscal year. The Audit Committee has adopted a written charter that is available to stockholders on our website at www.gladstoneinvestment.com.

Our Board has determined that all members and alternate members of our Audit Committee are independent (as independence is currently defined in Rule 5605(a)(2) of the NASDAQ listing standards). No members of the Audit Committee received any compensation from us during the last fiscal year other than directors' fees. Our Board has unanimously determined that all Audit Committee members and alternate members are financially literate under current NASDAQ rules and that each of Messrs. Adelgren, Outland, Parker and Wilkinson and Mmes. English and Merrick qualify as an audit committee financial expert, as defined in applicable SEC rules. Our Board made a qualitative assessment of the members' level of knowledge and experience based on a number of factors, including formal education and experience. Messrs. Parker and Outland and Mmes. English and Merrick also serve on the audit committees of Gladstone Capital Corporation, Gladstone Commercial Corporation and Gladstone Land Corporation. Our Audit Committee's alternate members, Messrs. Adelgren and Wilkinson, also serve as alternate members on the audit committees of Gladstone Capital Corporation, Gladstone Commercial Corporation and Gladstone Land Corporation. Our Board has determined that this simultaneous service does not impair the respective directors' ability to effectively serve on our Audit Committee.

Compensation Committee

The Compensation Committee operates pursuant to a written charter that is available to stockholders on our website at www.gladstoneinvestment.com. The Compensation Committee conducts periodic reviews of our investment advisory and management agreement with our Adviser (the Advisory Agreement) and our administration agreement with our Administrator (the Administration Agreement) to evaluate whether the fees paid to our Adviser and our Administrator under the agreements are in the best interests of us and our stockholders. The committee considers in such periodic reviews, among other things, whether the performance of our Adviser and our Administrator are reasonable in relation to the nature and quality of services performed and whether the provisions of the Advisory and Administration Agreements are being satisfactorily performed. The Compensation Committee also reviews with management our Compensation Discussion and Analysis to consider whether to recommend that it be included in proxy statements and other filings. During the last fiscal year, the Compensation Committee was composed of Messrs. Outland (Chairperson) and Adelgren until October 2014, when Mr. Wilkinson was appointed as a member of the committee. Mr. Parker and Mmes. English and Merrick currently serve as alternate members of the Compensation Committee. Alternate members of the Compensation Committee serve and participate in meetings of the Compensation Committee only in the event of an absence of a regular member of the Compensation Committee. The Compensation Committee met four times during the last fiscal year.

Our Board has determined that all members and alternate members of our Compensation Committee are independent (as independence is currently defined in Rule 5605(a)(2) of the NASDAQ listing standards). No members of the Compensation Committee received compensation from us during the last fiscal year other than directors' fees. Messrs. Outland, Adelgren and Wilkinson also serve on the compensation committees of Gladstone Commercial Corporation, Gladstone Land Corporation and Gladstone Capital Corporation. Our Compensation Committee's current alternate members, Mr. Parker and Mmes. English and Merrick also serve as

alternate members on the compensation committees of Gladstone Commercial Corporation, Gladstone Land Corporation and Gladstone Capital Corporation. Our Board has determined that this simultaneous service does not impair the respective directors' ability to effectively serve on our Compensation Committee.

Compensation Committee Interlocks and Insider Participation

During the last fiscal year, the Compensation Committee was composed of Messrs. Outland and Adelgren until Mr. Wilkinson was appointed to the committee in October 2014. Mr. Parker and Mmes. English and Merrick currently serve as alternate members of the Compensation Committee. None of the aforementioned persons is or has ever served as one of our executive officers. Further, none of our executive officers has ever served as a member of the Compensation Committee or as a director of another entity any of whose executive officers served as a member of our Compensation Committee or as a member of our Board of Directors.

Ethics, Nominating and Corporate Governance Committee

The Ethics Committee is responsible for identifying, reviewing and evaluating candidates to serve as our directors (consistent with criteria approved by our Board), reviewing and evaluating incumbent directors, recommending to our Board for selection candidates for election to our Board, making recommendations to our Board regarding the membership of the committees of our Board, assessing the performance of our Board, and developing our corporate governance principles. Our Ethics Committee charter can be found on our website at www.gladstoneinvestment.com. During fiscal year 2015, the Ethics Committee was composed of Messrs. Adelgren (Chairperson) and Outland until Mr. Wilkinson was appointed to the committee in October 2014. Mr. Parker and Mmes. English and Merrick currently serve as alternate members of the Ethics Committee. Alternate members of the Ethics Committee serve and participate in meetings of the committee only in the event of an absence of a regular member of the committee. Each member and alternate of the Ethics Committee is independent (as independence is currently defined in Rule 5605(a)(2) of the NASDAQ listing standards). The Ethics Committee met four times during the last fiscal year.

Information Regarding the Process for Nominating Director Candidates

The Ethics Committee believes that candidates for director should have certain minimum qualifications, including being able to read and understand basic financial statements, being over 21 years of age and having the highest personal integrity and ethics. The Ethics Committee also considers such factors as possessing relevant expertise upon which to be able to offer advice and guidance to management, having sufficient time to devote to our affairs, demonstrated excellence in his or her field, having the ability to exercise sound business judgment and having the commitment to rigorously represent the long-term interests of our stockholders. However, the Ethics Committee retains the right to modify these qualifications from time to time. Candidates for director nominees are reviewed in the context of the current composition of our Board, our operating requirements and the long-term interests of our stockholders.

Though we have no formal policy addressing diversity, the Ethics Committee and Board believe that diversity is an important attribute of directors and that our Board should be the culmination of an array of backgrounds and experiences and be capable of articulating a variety of viewpoints. Accordingly, the Ethics Committee considers in its review of director nominees factors such as values, disciplines, ethics, age, gender, race, culture, expertise, background and skills, all in the context of an assessment of the perceived needs of us and our Board at that point in time in order to maintain a balance of knowledge, experience and capability.

In the case of incumbent directors whose terms of office are set to expire, the Ethics Committee reviews such directors' overall service to us during their term, including the number of meetings attended, level of

Table of Contents

participation, quality of performance, and any other relationships and transactions that might impair such directors' independence. In the case of new director candidates, the Ethics Committee also determines whether such new nominee must be independent for NASDAQ purposes, which determination is based upon applicable NASDAQ listing standards, applicable SEC rules and regulations and the advice of counsel, if necessary. The Ethics Committee then uses its network of contacts to compile a list of potential candidates, but may also engage, if it deems appropriate, a professional search firm. The Ethics Committee conducts any appropriate and necessary inquiries into the backgrounds and qualifications of possible candidates after considering the function and needs of our Board. The Ethics Committee meets to discuss and consider such candidates' qualifications and then selects a nominee for recommendation to our Board by majority vote. To date, the Ethics Committee has not paid a fee to any third party to assist in the process of identifying or evaluating director candidates.

Stockholder Recommendation of Director Candidates to the Ethics, Nominating and Corporate Governance Committee

The Ethics Committee will consider director candidates recommended by stockholders. The Ethics Committee does not alter the manner in which it evaluates candidates, including the minimum criteria set forth above, based on whether the candidate was recommended by a stockholder or not. Stockholders who wish to recommend individuals for consideration by the Ethics Committee to become nominees for election to our Board may do so by timely delivering a written recommendation to the Ethics Committee at the address set forth on the cover page of this Proxy Statement and containing the information required by our Bylaws.

For nominations for election to our Board or other business to be properly brought before an annual meeting by a stockholder, the stockholder must comply with the advance notice provisions and other requirements of Article III, Section 5 of our Bylaws. These notice provisions require that nominations for directors for 2016 must be received no earlier than April 8, 2016 (120 days before the first anniversary of the 2015 Annual Meeting of Stockholders) and no later than May 8, 2016 (90 days before the first anniversary of the 2015 Annual Meeting of Stockholders). In the event that an annual meeting is advanced or delayed by more than 30 days from the first anniversary of the prior year's annual meeting, notice by the stockholder, to be timely, must be delivered not earlier than the close of business on the 120th day prior to such annual meeting date and not later than the close of business on the later of the 90th day prior to such annual meeting or the 10th day following the day on which public announcement of the date of such meeting is first made.

Submissions must include the full name of the proposed nominee, a description of the proposed nominee's business experience for at least the previous five years, complete biographical information, a description of the proposed nominee's qualifications as a director and a representation that the nominating stockholder is a beneficial or record owner of our stock. Any such submission must be accompanied by the written consent of the proposed nominee to be named as a nominee and to serve as a director if elected. To date, the Ethics Committee has not received or rejected a timely director nominee proposal from a stockholder or stockholders.

Stockholder Communications with the Board of Directors

Our Board has adopted a formal process by which our stockholders may communicate with our Board or any of its directors. Persons interested in communicating with our Board with their concerns or issues may address correspondence to our Board, to a particular director, or to the independent directors generally, in care of Gladstone Investment Corporation, Attention: Investor Relations, at 1521 Westbranch Drive, Suite 100, McLean, Virginia, 22102. Code of Ethics

We have adopted a Code of Business Conduct and Ethics (the Code) that applies to all of our officers and directors and to the employees of our Adviser and our Administrator. The Ethics Committee reviews, approves and recommends to our Board any changes to the Code. They also review any violations of the Code and make recommendations to our Board on those violations. The Code is available on our website at www.gladstoneinvestment.com. If we make any substantive amendments to the Code or grant any waiver from a provision of the Code to any executive officer or director, we will promptly disclose the nature of the amendment or waiver on our website.

The Executive Committee

The Executive Committee, which is comprised of Messrs. Gladstone (Chairman), Brubaker and Parker, has the authority to exercise all powers of our Board except for actions that must be taken by a majority of independent directors or the full Board under applicable rules and regulations. The Executive Committee did not meet during the last fiscal year.

The Offering Committee

The Offering Committee, which is comprised of Messrs. Gladstone (Chairman), Brubaker and Parker, with each of our other current and future directors who meet the independence requirements of NASDAQ serving as alternates for Mr. Parker, is responsible for assisting the Board in discharging its responsibilities regarding the offering from time to time of our securities. The Offering Committee has all powers of the Board that are necessary or appropriate and may lawfully be delegated to the Offering Committee in connection with an offering of our securities. Our Offering Committee was formed in January 2013, and operates pursuant to a written charter, which can be found in the Corporate Governance section of our website at www.gladstoneinvestment.com. The Offering Committee did not meet during the last fiscal year.

Oversight of Risk Management

Since September 2007, Jack Dellafiora has served as our chief compliance officer and, in that position, Mr. Dellafiora directly oversees our enterprise risk management function and reports to our chief executive officer, the Audit Committee and our Board in this capacity. In fulfilling his risk management responsibilities, Mr. Dellafiora works closely with our general counsel and members of our executive management including, among others, our chief executive officer, chief financial officer and treasurer and chief operating officer. Our Board, in its entirety, plays an active role in overseeing management of our risks. Our Board regularly reviews information regarding our credit, liquidity and operations, as well as the risks associated with each. Each of the following committees of our Board plays a distinct role with respect to overseeing management of our risks:

Audit Committee: Our Audit Committee oversees the management of enterprise risks. To this end, our Audit Committee meets at least quarterly (i) to discuss our risk management guidelines, policies and exposures and (ii) with our independent registered public accounting firm to review our internal control environment and other risk exposures.

Compensation Committee: Our Compensation Committee oversees the management of risks relating to the fees paid to our Adviser and Administrator under the Advisory Agreement and the Administration Agreement, respectively. In fulfillment of this duty, the Compensation Committee meets at least annually to review these agreements. In addition, the Compensation Committee reviews the

Table of Contents

performance of our Adviser to determine whether the compensation paid to our Adviser was reasonable in relation to the nature and quality of services performed and whether the provisions of the Advisory Agreement were being satisfactorily performed.

Ethics, Nominating and Corporate Governance Committee: Our Ethics Committee manages risks associated with the independence of our Board and potential conflicts of interest.

While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the committees each report to our Board on a regular basis to apprise our Board regarding the status of remediation efforts of known risks and of any new risks that may have arisen since the previous report.

PROPOSAL 2

**TO AUTHORIZE US, WITH THE APPROVAL OF OUR BOARD OF DIRECTORS, TO ISSUE AND
SELL SHARES OF OUR COMMON STOCK (DURING THE NEXT 12 MONTHS) AT A PRICE
BELOW ITS THEN CURRENT NET ASSET VALUE PER SHARE SUBJECT TO CERTAIN
LIMITATIONS SET FORTH HEREIN (INCLUDING, WITHOUT LIMITATION, THAT THE
NUMBER OF SHARES ISSUED AND SOLD PURSUANT TO SUCH AUTHORITY DOES NOT
EXCEED 25% OF OUR THEN OUTSTANDING COMMON STOCK
IMMEDIATELY PRIOR TO EACH SUCH SALE)**

Stockholder Authorization

The 1940 Act generally prohibits us, as a business development company (BDC) from issuing and selling shares of our common stock at a price below the then current NAV per share, with certain exceptions. One such exception would permit us to issue and sell shares of our common stock at a price below NAV per share at the time of sale if our stockholders approve a sale below NAV per share within the one year period immediately prior to any such sale, provided that our Board makes certain determinations prior to any such sale.

Accordingly, we are seeking the approval of our stockholders so that we may, in one or more public or private offerings, issue and sell shares of our common stock at a price below our then current NAV per share. It should be noted that the maximum number of shares that we could issue and sell at a per share price below NAV per share pursuant to this authority would be limited to 25% of our then outstanding common stock immediately prior to each such sale. If approved, the authorization would be effective for a period expiring on the first anniversary of the date of the stockholders' approval of this proposal and would permit us to engage in such transactions at various times within that period, subject to further approval from our Board.

Generally, common stock offerings are priced based on the market prices of the outstanding shares of common stock. Because over the last three years our common stock has consistently, and at times significantly, traded at a market price below NAV per share, stockholder approval would permit us to issue and sell shares of our common stock in accordance with pricing standards that market conditions generally require, and would also assure stockholders that the number of shares issued and sold pursuant to such authority does not exceed 25% of our then outstanding common stock immediately prior to each such sale. If stockholders approve this proposal, we should have greater flexibility in taking advantage of changing market and financial conditions in connection with an equity offering. As of the date of this Proxy Statement, our Board has approved an offering of this type in principle, but has not approved the terms of a specific offering, nor does it have any immediate plans to do so. Since we became publicly traded in 2005, we have conducted two public offerings at a price below the then current NAV per common share, one in October 2012 and the other in March 2015. The net dilutive effect of our issuance of common stock in October 2012 was \$0.31, or 3.47% per share. The net dilutive effect of our issuance of common stock in March 2015 was \$0.22, or 2.57% per share.

Reasons to Offer Common Stock Below Net Asset Value

We believe that market conditions will continue to provide opportunities to invest new capital at potentially attractive returns. Although we are seeing increased stability over recent months, for the past several years, U.S. credit markets, including many lending institutions, have experienced significant difficulties resulting from the recent U.S. fiscal crisis and current lingering economic conditions from the 2008 recession. This has contributed to significant stock price volatility for capital providers such as our Company and has made access to capital more challenging for many smaller businesses. However, these changes in the credit market conditions also have beneficial effects for capital providers like us because small business are selling for lower prices, are generally willing to pay higher interest rates and to accept more contractual terms that are more favorable to us in their investment agreements. Accordingly, for firms that continue to have access to capital, we believe that the

Table of Contents

current environment should provide investment opportunities on more favorable terms than have been available in recent periods. Our ability to take advantage of these opportunities is dependent upon our access to equity capital.

As a BDC and a regulated investment company (RIC) for tax purposes, we are dependent on our ability to raise capital through the issuance of common stock. RICs generally must distribute substantially all of their earnings to stockholders as dividends in order to achieve pass-through tax treatment, which prevents us from using those earnings to support new investments. Further, BDCs must maintain a debt to equity ratio of less than one dollar of debt for one dollar of equity, which requires us to finance our investments with at least as much equity as debt in the aggregate. We maintain sources of liquidity through a portfolio of liquid assets and other means but generally attempt to remain close to fully invested and do not hold substantial cash for the purpose of making new investments. Therefore, to continue to build our investment portfolio, and thereby have the ability to support the maintenance of our dividends, we endeavor to maintain consistent access to capital through the public and private equity markets enabling us to take advantage of investment opportunities as they arise.

Furthermore, failing to maintain an asset coverage ratio of at least 200% could have severe negative consequences for a BDC, including the inability to pay distributions to its stockholders, breaching debt covenants and failure to qualify for tax treatment as a RIC. Although our Company does not currently expect that it will fail to maintain asset coverage of at least 200%, the markets in which we operate and the economy remains volatile and uncertain. Continued volatility in the capital markets and the resulting negative pressure on debt investment valuations could negatively impact our Company's asset valuations, stockholders' equity and our Company's debt to equity ratio.

Since our initial public offering in 2005, our common stock has consistently traded at a discount in relation to its NAV. The following table lists the high and low sales prices for our common stock, and such sales price as a percentage of NAV. On June 30, 2015, the last reported closing sale price of our common stock was \$ 7.23 per share.

- (1) NAV per share is determined as of the last day in the relevant quarter and, therefore, may not reflect the NAV per share on the date of the high and low sales prices during such quarter. The per share NAVs shown are based on outstanding shares at the end of each period.
 - (2) Calculated as the difference between the NAV per share and the respective high or low sales price, divided by NAV per share.
- The current volatility in the credit market and the uncertainty surrounding the U.S. economy has led to significant stock market fluctuations, particularly with respect to the stock of financial services companies like our Company. During times of increased price volatility, our common stock may be more likely to trade at a price below its NAV per share, which is not uncommon for BDCs like us. As noted above, however, the current market dislocation has created, and we believe will continue to create, favorable opportunities to invest in small businesses, including opportunities that we believe may increase NAV over the longer-term, even if financed with the issuance of common stock below NAV per share. We expect that attractive investment opportunities will require us to make an investment commitment quickly. Because we generally attempt to remain fully invested and do not intend to maintain cash for the purpose of making these investments, we may be unable to capitalize on investment opportunities presented to us unless we are able to quickly raise capital. We believe that stockholder approval of the proposal to issue and sell shares of common stock below NAV per share subject to the conditions detailed below will provide us with the flexibility to invest in such opportunities.

The Board believes that having the flexibility to issue and sell our common stock below NAV per share in certain instances is in the best interests of stockholders. If we are unable to access the capital markets as attractive investment opportunities arise, our ability to grow over time and continue to pay steady or increasing dividends to stockholders could be adversely affected. It could also have the effect of forcing us to sell assets that we would not otherwise sell, and such sales could occur at times that are disadvantageous to sell. The Board also believes that increasing our assets will lower our expense ratio by spreading our fixed costs over a larger asset base. The issuance and sale of additional common stock might also enhance the liquidity of our common stock on NASDAQ. Additionally, while it is possible for a BDC to issue and sell its shares through a transferable rights offering at a price that is below NAV per share, such offerings may ultimately be at a discount greater than in an offering of our shares at a market price below our NAV per share, thus we believe that having the ability to issue and sell our common stock below NAV per share in accordance with the terms of this proposal would, in many instances, be preferable to such an issuance pursuant to a transferable rights offering.

Offerings Below NAV

Sales by us of our common stock at a discount from NAV per share pose potential risks for our existing common stockholders whether or not they participate in an offering, as well as for new investors who participate in the offering. Any sale of common stock at a price below NAV per share would result in an immediate dilution to existing common stockholders who do not participate in such sale on at least a pro-rata basis. The following three headings and accompanying tables explain and provide hypothetical examples on the impact of an offering of our common stock at a price less than NAV per share on three different types of investors:

existing common stockholders who do not purchase any shares in an offering;

existing common stockholders who purchase a relatively small amount of shares in the offering or a relatively large amount of shares in an offering; and

new investors who become common stockholders by purchasing shares in an offering.

Table of Contents**Impact on Existing Common Stockholders Who Do Not Participate in an Offering**

Our existing common stockholders who do not participate in an offering below NAV per share or who do not buy additional shares in the secondary market at the same or lower price we obtain in the offering (after expenses and commissions) face the greatest potential risks. These stockholders will experience an immediate decrease (often called dilution) in the NAV of the shares they hold and their NAV per share. These stockholders will also experience a disproportionately greater decrease in their participation in our earnings and assets and their voting power than the increase we will experience in our assets, potential earning power and voting interests due to the offering. These stockholders may also experience a decline in the market price of their shares, which often reflects to some degree announced or potential decreases in NAV per share. This decrease could be more pronounced as the size of the offering and level of discounts increase. Further, if current common stockholders do not purchase sufficient shares to maintain their percentage interest, regardless of whether such offering is above or below the then current NAV, their voting power will be diluted.

The following table illustrates the level of NAV dilution that would be experienced by a nonparticipating common stockholder in three different hypothetical offerings of different sizes and levels of discount from NAV per share, although it is not possible to predict the level of market price decline that may occur. Actual sales prices and discounts may differ from the presentation below.

The examples assume that we have 1,000,000 common shares outstanding, \$15,000,000 in total assets and \$5,000,000 in total liabilities. The current NAV and NAV per share are thus \$10,000,000 and \$10.00, respectively. The table illustrates the dilutive effect on a nonparticipating common stockholder of (1) an offering of 50,000 shares (5% of the outstanding shares) at \$9.50 per share after offering expenses and commission (a 5% discount from NAV), (2) an offering of 100,000 shares (10% of the outstanding shares) at \$9.00 per share after offering expenses and commissions (a 10% discount from NAV) and (3) an offering of 250,000 shares (25% of the outstanding shares) at \$7.50 per share after offering expenses and commissions (a 25% discount from NAV). The prospectus or related prospectus supplement pursuant to which any discounted offering is made will include a chart based on the actual number of shares of common stock in such offering and the actual discount to the most recently determined NAV.

| Impact on Existing Common Stockholders Who Participate in an Offering | | | | | | | |

Our existing common stockholders who participate in an offering below NAV per share or who buy additional shares in the secondary market at the same or lower price as we obtain in the offering (after expenses and commissions) will experience the same types of NAV dilution as the nonparticipating common stockholders, albeit at a lower level, to the extent they purchase less than the same percentage of the discounted offering as their interest in our shares immediately prior to the offering. The level of NAV dilution will decrease as the number of shares such common stockholders purchase increases. Existing common stockholders who buy more than such percentage will experience NAV dilution but will, in contrast to existing common stockholders who purchase less than their proportionate share of the offering, experience an increase (often called accretion) in NAV per share over their investment per share and will also experience a disproportionately greater increase in their participation in our earnings and assets and their voting power than our increase in assets, potential earning power and voting interests due to an offering. The level of accretion will increase as the excess number of shares such common stockholder purchases increases. Even a common stockholder who over-participates will, however, be subject to the risk that we may make additional discounted offerings in which such common stockholder does not participate, in which case such a stockholder will experience NAV dilution as described above in such subsequent offerings. These stockholders may also experience a decline in the market price of their shares, which often reflects to some degree announced or potential decreases in NAV per share. This decrease could be more pronounced as the size of an offering and level of discount to NAV increases.

The following chart illustrates the level of dilution and accretion in the hypothetical 25% discount offering from the prior chart for a common stockholder that acquires shares equal to (1) 50% of its proportionate share of an offering (i.e., 1,250 shares, which is 0.50% of an offering of 250,000 shares rather than its 1% proportionate share) and (2) 150% of such percentage (i.e., 3,750 shares, which is 1.50% of an offering of 250,000 shares rather than its 1% proportionate share). The prospectus or related prospectus supplement pursuant to which any discounted offering is made will include a chart for this example based on the actual number of shares in such offering and the actual discount from the most recently determined NAV per share. It is not possible to predict the level of market price decline that may occur.

Investors who are not currently common stockholders, but who participate in an offering below NAV and whose investment per share is greater than the resulting NAV per share (due to selling compensation and expenses paid by us) will experience an immediate decrease, albeit small, in the NAV of their shares and their NAV per share compared to the price they pay for their shares. Investors who are not currently common stockholders and who participate in an offering below NAV per share and whose investment per share is also less than the resulting NAV per share due to selling compensation and expenses paid by the issuer being significantly less than the discount per share will experience an immediate increase in the NAV of their common shares and their NAV per share compared to the price they pay for their shares. These investors will experience a disproportionately greater participation in our earnings and assets and their voting power than our increase in

assets, potential earning power and voting interests. These investors will, however, be subject to the risk that we may make additional discounted offerings in which such new common stockholder does not participate, in which case such new common stockholder will experience dilution as described above in such subsequent offerings. These investors may also experience a decline in the market price of their shares, which often reflects to some degree announced or potential decreases in NAV per share. This decrease could be more pronounced as the size of an offering and level of discounts increases.

The following chart illustrates the level of dilution or accretion for new investors that would be experienced by a new investor in the same 5%, 10% and 25% discounted offerings as described in the first chart above. The illustration is for a new investor who purchases the same percentage (1%) of the common shares in the offering as the stockholder in the prior examples held immediately prior to the offering. The prospectus or related prospectus supplement pursuant to which any discounted offering is made will include a chart for this example based on the actual number of shares in such offering and the actual discount from the most recently determined NAV per share. Conditions to Sales Below Net Asset Value

If this proposal is approved, we would not issue and sell our common stock below its per share NAV unless the number of shares issued and sold pursuant to such authority does not exceed 25% of our then outstanding common stock immediately prior to each such sale. To the extent we issue and sell shares of our common stock below NAV per share in a publicly registered transaction, our market capitalization and the amount of our publicly tradable common stock will increase, thus affording all common stockholders potentially greater liquidity in the market for our shares.

If this proposal is approved, we will issue and sell shares of our common stock at a price below NAV per share only if a majority of our directors who have no financial interest in the issuance and sale, and a majority of such directors who are not interested persons of ours, have determined in good faith that (i) the sale is in the best interest of us and our stockholders and (ii) the price at which such securities are to be issued and sold is not less than a price which closely approximates the market value of those securities, less any distributing commission or discount. This determination must be made in consultation with the underwriter or underwriters of the offering, if any, and as of a time immediately prior to the first solicitation by us or on our behalf of firm commitments to purchase such securities or immediately prior to the issuance of such securities.

Key Stockholder Considerations

Before voting on this proposal or giving proxies with regard to this matter, stockholders should consider the potentially dilutive effect on the NAV per outstanding share of common stock of the issuance and sale of shares of our common stock at a price less than NAV per share, and should also consider the effect that the expenses associated with such issuance and sale may have on the NAV per outstanding share of our common stock. Any issuance and sale of common stock at a price below NAV per share would result in an immediate dilution to existing common stockholders. If we issue and sell shares in accordance with the terms of this proposal, the resulting dilution could be substantial. This dilution would include reduction in the NAV per share of the outstanding common stock as a result of the issuance and sale of shares at a price below the then current NAV per share and a proportionately greater decrease in a stockholder's interest in our earnings and assets, and in voting interests, than the increase in our assets resulting from such issuance and sale. In addition, any payment of underwriting compensation could further increase the dilution. Our Board will consider the potential dilutive effect of the issuance and sale of shares in accordance with this proposal when considering whether to authorize any such issuance and sale. It should be noted that the maximum number of shares that we could issue and sell at a per share price below NAV per share pursuant to this authority would be limited to 25% of our then outstanding common stock immediately prior to each such sale.

The 1940 Act establishes a connection between common share sale price and NAV per share because, when stock is sold at a sale price below NAV per share, the resulting increase in the number of outstanding shares is not accompanied by a proportionate increase in the net assets of the issuer. Stockholders should also consider that they will have no subscription, preferential or preemptive rights to additional shares of common stock proposed to be authorized for issuance, and thus any future issuance of common stock at a price below NAV will dilute a stockholder's holdings of common stock as a percentage of shares outstanding to the extent the stockholder does not purchase sufficient shares in the offering or otherwise to maintain the stockholder's percentage interest. Further, if the stockholder does not purchase any shares to maintain the stockholder's percentage interest, regardless of whether such offering is at a price above or below the then current NAV, the stockholder's voting power will be diluted.

Required Vote

The affirmative vote of each of the following is required to approve this proposal: (1) a majority of our outstanding voting securities; and (2) a majority of our outstanding voting securities, that are not held by affiliated persons of the Company. The outstanding common and preferred stock voting together as a single class represent our outstanding voting securities. For purposes of this proposal, the 1940 Act defines a majority of the outstanding voting securities as the vote of the lesser of: (1) 67% or more of the voting securities of the Company present at the annual meeting, if the holders of more than 50% of the outstanding voting securities of the Company are present or represented by proxy; or (2) more than 50% of the outstanding voting securities of the Company. Each abstention will have the effect of a vote against this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR PROPOSAL 2.

Audit Fees. Audit fees include fees for services that normally would be provided by the accountant in connection with statutory and regulatory filings or engagements and that generally only the independent accountant can provide. In addition to fees for the audit of our annual financial statements, the audit of the effectiveness of our internal control over financial reporting and the review of our quarterly financial statements in accordance with generally accepted auditing standards, this category contains fees for comfort letters, statutory audits, consents, and assistance with and review of documents filed with the SEC.

Audit Related Fees. Audit related fees are assurance related services that traditionally are performed by the independent accountant, such as attest services that are not required by statute or regulation.

Tax Fees. Tax fees include corporate and subsidiary compliance and consulting.

All Other Fees. Fees for other services would include fees for products and services other than the services reported above, including any non-audit fees.

All fees described above were approved by the Audit Committee. During the fiscal year ended March 31, 2015, the aggregate non-audit fees billed by PwC for services rendered to our Adviser and any entity controlling, controlled by or under common control with our Adviser that provides ongoing services to us was \$69,020. All of these fees were for tax services. The Audit Committee has considered whether, and believes that, the rendering of these services to our Adviser and entities controlling, controlled by or under common control with our Adviser is compatible with maintaining the independent registered public accounting firm's independence.

CERTAIN TRANSACTIONS

Advisory and Administration Agreements

Under the Advisory Agreement, our Adviser is responsible for our day-to-day operations and administration, record keeping and regulatory compliance functions. Specifically, these responsibilities included identifying, evaluating, negotiating and consummating all investment transactions consistent with our investment objectives and criteria; providing us with all required records and regular reports to our Board concerning our Adviser's efforts on our behalf; and maintaining compliance with all regulatory requirements applicable to us. The base management fee is assessed at an annual rate of 2.0% computed on the basis of the average value of our gross assets at the end of the two most recently completed quarters, which are total assets, including investments made with proceeds of borrowings, less any uninvested cash or cash equivalents resulting from borrowings. The Advisory Agreement also provides for an incentive fee, which consists of two parts: an income-based incentive fee and a capital gains incentive fee. The income-based incentive fee rewards our Adviser if our quarterly net investment income (before giving effect to any incentive fee) exceeds 1.75% of our net assets (the hurdle rate). We pay our Adviser an income incentive fee with respect to our pre-incentive fee net investment income in each calendar quarter as follows:

no incentive fee in any calendar quarter in which our pre-incentive fee net investment income does not exceed the hurdle rate (7% annualized);

100% of our pre-incentive fee net investment income with respect to that portion of such pre-incentive fee net investment income, if any, that exceeds the hurdle rate but is less than 2.1875% in any calendar quarter (8.75% annualized); and

20% of the amount of our pre-incentive fee net investment income, if any, that exceeds 2.1875% in any calendar quarter (8.75% annualized).

The second part of the incentive fee is a capital gains-based incentive fee that is determined and payable in arrears as of the end of each fiscal year (or upon termination of the Advisory Agreement, as of the termination date), and equals 20.0% of our realized capital gains, less any realized capital losses and unrealized depreciation, calculated as of the end of the preceding calendar year. The capital gains-based incentive fee payable to the Adviser is calculated based on (i) cumulative aggregate realized capital gains since our inception, less (ii) cumulative aggregate realized capital losses since our inception, if any, less (iii) the entire portfolio's aggregate

² The material in this report is not soliciting material, is not deemed filed with the SEC, and is not to be incorporated by reference into any of our filings under the 1933 Act or the 1934 Act, other than our Annual Report on Form 10-K, where it shall be deemed to be furnished, whether made before or after the date hereof and irrespective of any general incorporation language contained in such filing.

unrealized capital depreciation, if any, as of the date of the calculation. If this number is positive at the applicable calculation date, then the capital gains-based incentive fee for such year equals 20.0% of such amount, less the aggregate amount of any capital gains-based incentive fees paid in respect of our portfolio in all prior years.

Under the Administration Agreement, we pay separately for administrative services, which payments are equal to our allocable portion of our Administrator's overhead expenses in performing its obligations under the Administration Agreement, including rent for the space occupied by our Administrator, and our allocable portion of the salaries and benefits expenses of our chief financial officer, treasurer, chief compliance officer and controller and their respective staffs.

Our Adviser is controlled by David Gladstone, the chairman of our Board and our chief executive officer. Mr. Gladstone is also the chairman of the Board and chief executive officer of our Adviser. Terry L. Brubaker, our vice chairman, chief operating officer, assistant secretary and director, is a member of the board of directors of our Adviser and its vice chairman and chief operating officer. The principal executive office of each of the Adviser and the Administrator is located at 1521 Westbranch Drive, Suite 100, McLean, Virginia, 22102.

Conflict of Interest Policy

We have adopted policies to reduce potential conflicts of interest. In addition, our directors are subject to certain provisions of Delaware law that are designed to minimize conflicts. Under our current conflict of interest policy, without the approval of a required majority, as defined under the 1940 Act, which means both a majority of directors who have no financial interest in the transaction and a majority of directors who are not interested persons of ours, we will not:

acquire from or sell to any of our officers, directors or employees, or any entity in which any of our officers, directors or employees has an interest of more than 5%, any assets or other property;

borrow from any of our directors, officers or employees, or any entity in which any of our officers, directors or employees has an interest of more than 5%; or

engage in any other transaction with any of our directors, officers or employees, or any entity in which any of our directors, officers or employees has an interest of more than 5% (except that our Adviser may lease office space in a building that we own, provided that the rental rate under the lease is determined by our independent directors to be at a fair market rate).

Where allowed by applicable rules and regulations, from time to time we may enter into transactions with our Adviser or one or more of its affiliates. A required majority of our directors, as defined under the 1940 Act, must approve all such transactions with our Adviser or its affiliates.

Indemnification

In our certificate of incorporation and bylaws, we have agreed to indemnify certain officers and directors by providing, among other things, that we will indemnify such officer or director, under the circumstances and to the extent provided for therein, for expenses, damages, judgments, fines and settlements he or she may be required to pay in actions or proceedings which he or she is or may be made a party by reason of his or her position as our director, officer or other agent, to the fullest extent permitted under Delaware law and our bylaws. Notwithstanding the foregoing, the indemnification provisions shall not protect any officer or director from liability to us or our stockholders as a result of any action that would constitute willful misfeasance, bad faith or gross negligence in the performance of such officer's or director's duties, or reckless disregard of his or her obligations and duties.

Table of Contents

Each of the Advisory and Administration Agreements provide that, absent willful misfeasance, bad faith or gross negligence in the performance of their duties or by reason of the reckless disregard of their duties and obligations (as the same may be determined in accordance with the 1940 Act and any interpretations or guidance by the SEC or its staff thereunder), our Adviser, our Administrator and their respective officers, managers, agents, employees, controlling persons, members and any other person or entity affiliated with them are entitled to indemnification from us for any damages, liabilities, costs and expenses (including reasonable attorneys' fees and amounts reasonably paid in settlement) arising from the rendering of our Adviser's or Administrator's services under the Advisory or Administration Agreements or otherwise as an investment adviser of ours.

PROXY VOTING POLICIES AND PROCEDURES

We have delegated our proxy voting responsibility to the Adviser. The proxy voting policies and procedures of the Adviser are set out below. The guidelines are reviewed periodically by the Adviser and our directors who are not interested persons, and, accordingly, are subject to change.

Introduction

As an investment adviser registered under the Investment Advisers Act of 1940 (the Advisers Act), the Adviser has a fiduciary duty to act solely in our best interests. As part of this duty, the Adviser recognizes that it must vote our securities in a timely manner free of conflicts of interest and in our best interests.

The Adviser's policies and procedures for voting proxies for its investment advisory clients are intended to comply with Section 206 of, and Rule 206(4)-6 under, the Advisers Act.

Proxy Policies

The Adviser votes proxies relating to our portfolio securities in what it perceives to be the best interest of our stockholders. The Adviser reviews on a case-by-case basis each proposal submitted to a stockholder vote to determine its effect on the portfolio securities we hold. In most cases the Adviser will vote in favor of proposals that the Adviser believes are likely to increase the value of the portfolio securities we hold.

Although the Adviser will generally vote against proposals that may have a negative effect on our portfolio securities, the Adviser may vote for such a proposal if there exist compelling long-term reasons to do so.

Our proxy voting decisions are made by our Adviser's portfolio managers. To ensure that the Adviser's vote is not the product of a conflict of interest, the Adviser requires that (1) anyone involved in the decision-making process disclose to our Adviser's investment committee any potential conflict that he or she is aware of and any contact that he or she has had with any interested party regarding a proxy vote; and (2) employees involved in the decision-making process or vote administration are prohibited from revealing how the Adviser intends to vote on a proposal in order to reduce any attempted influence from interested parties. Where conflicts of interest may be present, the Adviser will disclose such conflicts to us, including our independent directors and may request guidance from us on how to vote such proxies.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for annual meeting materials with respect to two or more stockholders sharing the same address by delivering a single set of annual meeting materials addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Gladstone Investment Corporation stockholders will be householding our proxy materials. A single set of annual meeting materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate set of annual meeting materials, please notify your broker. Direct your written request to Investor Relations at 1521 Westbranch Drive, Suite 100, McLean, Virginia, 22102 or call our toll-free investor relations line at 1-866-366-5745. Stockholders who currently receive multiple copies of the annual meeting materials at their addresses and would like to request householding of their communications should contact their brokers.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the annual meeting. If any other matters are properly brought before the meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

By Order of the Board of Directors
