PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
JUNE 6, 2012

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of American Eagle Outfitters, Inc., a Delaware corporation, (the "Board") for use at the Annual Meeting of Stockholders to be held on June 6, 2012, at 11:00 a.m., local time, at the Company's offices located at 77 Hot Metal Street, Pittsburgh, Pennsylvania and at any adjournment thereof. It is being mailed to the stockholders on or about April 25, 2012. ("We," "our," and the "Company" refer to American Eagle Outfitters, Inc.)

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Who is entitled to vote?

Stockholders of record at the close of business on April 11, 2012, the record date for the Annual Meeting, are entitled to vote at the Annual Meeting. As of the record date, there were 195,837,813 shares of Common Stock, par value \$0.01 per share, outstanding and entitled to vote. Each share that you own entitles you to one vote.

What is the purpose of the Annual Meeting?

Stockholders will be asked to vote on the following matters at the Annual Meeting:

1. The election of the following three Class II directors to serve until the 2015 Annual Meeting of Stockholders, or until their successors are duly elected and qualified: Janice E. Page; Noel J. Spiegel; and Gerald E. Wedren;
2. The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending February 2, 2013; and
3. An advisory vote on the compensation of our named executive officers.

How does the Board recommend I vote on these proposals?

The Board of Directors recommends a vote:

FOR each of the nominees for director listed in this Proxy Statement;

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending February 2, 2013; and

FOR the approval of the compensation of our named executive officers.

Why did I receive a Notice of Internet Availability of Proxy Materials?

In order to both save money and protect the environment, we have elected to provide access to our proxy materials and Fiscal 2011 Annual Report on Form 10-K ("Annual Report") on the Internet, instead of mailing the full set of printed proxy materials, in accordance with the rules of the U.S. Securities and Exchange Commission ("SEC") for the electronic distribution of proxy materials. On or about April 25, 2012, we mailed to most of our stockholders a Notice

of Internet Availability of Proxy Materials (the “Notice”) containing instructions on how to gain access to our Proxy Statement and Annual Report and how to vote online. If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail unless you request it. Instead, the Notice instructs you on how to obtain and review all of the important information contained in the Proxy Statement and Annual Report. The Notice also instructs you on how you may submit your proxy over the Internet. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice.

How do I vote my shares?

If your shares are registered directly in your name (i.e., you are a “registered stockholder”), you received a proxy card along with a printed copy of the proxy materials. You may complete and sign the enclosed proxy card and return it in the pre-paid envelope. Alternatively, you may attend and vote in person at the Annual Meeting.

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent (i.e., your shares are held in “street name”), you should receive either a Notice or a voting instruction form along with a Proxy Statement. You should follow the instructions on the Notice or the voting instruction form in order to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a legal proxy from the broker, bank or agent that holds your shares to present at the meeting.

Can I change or revoke my proxy?

Yes. If you are a registered stockholder, you may revoke your proxy at any time before it is voted by delivering written notice to the Company (Attention: Cornelius Bulman, Jr., Corporate Secretary), by submitting a properly executed proxy bearing a later date or by attending the meeting and voting in person.

If your shares are held in street name, you may revoke your proxy by submitting new voting instructions to your broker or, if you have obtained a legal proxy from your broker, by attending the Annual Meeting and voting in person.

What constitutes a quorum?

A quorum of stockholders is necessary to transact business at the Annual Meeting. A quorum will be present if a majority of the outstanding shares of the Company’s common stock, as of the close of business on the record date, are represented by stockholders present at the meeting or by proxy. At the close of business on the record date, there were 195,837,813 shares of Common Stock outstanding and entitled to vote. Therefore, 97,918,907 shares will be required to be represented by stockholders present at the meeting or by proxy in order to establish a quorum.

Abstentions and broker non-votes will count as present in determining whether there is a quorum. Broker non-votes occur when brokers, who hold their customers’ shares in street name, sign and submit proxies for such shares and vote such shares on some matters but not others. This would occur when brokers have not received any instructions from their customers, in which case the brokers, as the holders of record, are permitted to vote on “routine” matters, which include the ratification of the appointment of an independent registered public accounting firm, but not on “non-routine” matters, such as the election of directors or the advisory vote on the compensation of our named executive officers. Therefore, if you do not instruct your broker how to vote on certain proposals, your shares will not be counted for those proposals, and, therefore, we urge you to give voting instructions to your broker on all voting items.

What vote is required to approve each proposal?

- Item 1. Once a quorum is established, directors in an uncontested election are elected by a majority of the votes cast in respect to that director’s election. In the event of a contested election of directors, directors shall be elected by the vote of a plurality of the votes represented by the shares of Common Stock present at the meeting in person or by proxy. Properly executed proxies marked “Abstain” and broker non-votes are not voted with respect to the nominee or nominees indicated, although they are counted for purposes of determining if a quorum is present.

Item 2. Appointment of Ernst & Young as our independent registered public accounting firm is ratified by the affirmative vote of a majority of the shares of Common Stock present at the meeting, in person or by proxy.

Item 3. The advisory vote on the compensation of our named executive officers requires the affirmative vote of a majority of the shares of Common Stock present at the meeting, in person or by proxy.

For any other item that is properly submitted to stockholders for approval at the Annual Meeting, an affirmative vote of a majority of the shares of Common Stock voting on the matter is required for approval. For purposes of determining the number of shares of Common Stock voting on a matter, abstentions are counted and will have the effect of a negative vote; broker non-votes are not counted and have no effect on the vote.

Who bears the costs of this solicitation?

We bear the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of stock. Our representatives may solicit proxies by mail, telegram, telephone or personal interview. To solicit proxies, we request the assistance of banks, brokerage houses and other custodians, and, upon request, reimburse such organizations for their reasonable expenses in forwarding soliciting materials to beneficial owners and in obtaining authorization for the execution of proxies.

Can I nominate someone for election to the Board of Directors?

Yes, for election at next year's Annual Meeting. You may do so by delivering to the Corporate Secretary, no earlier than March 9, 2013 and no later than April 8, 2013, a notice stating: (i) the name and address of the stockholder who intends to make the nomination; (ii) the name, age, business address and, if known, residence address of each nominee; (iii) the principal occupation or employment of each nominee; (iv) the number of shares of stock of the Company that are beneficially owned by each nominee and the nominating stockholder; and (v) the other information specified in Article Tenth (b) of our Certificate of Incorporation. Our Certificate of Incorporation is available on our website at <http://www.ae.com> under the links "About AEO Inc., AE Investment Info, Corporate Governance, Other Governance Documents."

Additionally, you may recommend a nominee for consideration by our Nominating and Corporate Governance Committee (the "Nominating Committee"). Recommendations should be submitted to our Nominating Committee in accordance with the procedures described below under the "Nominating Committee" section.

May I submit a stockholder proposal for next year's Annual Meeting?

Yes. Stockholder proposals to be included in the proxy statement for the 2013 Annual Meeting of Stockholders must be received by the Company (addressed to the attention of the Corporate Secretary) by December 27, 2012. We may omit from the proxy statement and form of proxy any proposals that are not received by the Corporate Secretary by December 27, 2012. Any stockholder proposal submitted outside the processes of Rule 14a-8 under the Securities Exchange Act of 1934 for presentation at our 2013 Annual Meeting will be considered untimely for purposes of Rule 14a-4 and 14a-5 under the Securities Exchange Act of 1934 if notice thereof is received before March 9, 2013 or after April 8, 2013. To be submitted at the meeting, any such proposal must be a proper subject for stockholder action under the laws of the State of Delaware, and must otherwise conform to applicable requirements of the proxy rules of the SEC.

PROPOSAL ONE: ELECTION OF DIRECTORS

General

The Board of Directors is divided into three classes. Each class of directors is elected for a three-year term. On the recommendation of the Nominating Committee, the Board of Directors fixed the size of the board at nine directors and nominated three candidates, all of whom are currently directors of the Company, to be elected as Class II directors at the Annual Meeting. Class II directors serve for three-year terms ending at the 2015 annual meeting, or when their successors are duly elected and qualified. It is not expected that Mr. Wedren, a candidate to be elected as a Class II director will serve the full term. In accordance with the Company's Corporate Governance Guidelines, any director over age 72 shall not be eligible for re-election. The Company made an exception to the age limit in this circumstance to provide additional time for the Board of Directors to select a director candidate to replace Mr. Wedren. The terms of the remaining Class I and Class III directors expire at the annual meetings to be held in 2014 and 2013, respectively.

Each of the nominees has consented to be named as a nominee. If any nominee should become unavailable to serve, the Board of Directors may decrease the number of directors pursuant to the Bylaws or may designate a substitute nominee. In that case, the persons named as proxies will vote for the substitute nominee designated by the Board of Directors. The Board has no reason to believe that any nominee will be unavailable or, if elected, unable to serve.

Certain information regarding each nominee and incumbent director is set forth below as of April 1, 2012, including age, principal occupation, and a brief description of business experience and directorships held with other public corporations during at least the last five years.

Amounts represent shares granted during Fiscal 2011. Under the Company's 2005 Stock Award and Incentive Plan, as amended, (the "2005 Amended Plan") directors who are not employees of the Company received an automatic stock grant of a number of shares equal in value to \$30,000 based on the closing sale price of the Company's stock on the first day of each calendar quarter. Directors may defer receipt of up to 100% of the shares payable under the quarterly stock grant in the form of a share unit account. Messrs. McMillan and Spiegel elected to defer their quarterly share retainers during calendar 2011 and calendar 2012.

- (4) In connection with his services as our Chairman, Mr. Schottenstein received cash compensation of \$275,000 per year. Under the Company's 2005 Amended Plan, Mr. Schottenstein additionally received an automatic quarterly stock grant of a number of shares equal in value to \$50,000 based on the closing sale price of the Company's stock on the first day of each calendar quarter.
- (5) Mr. Spiegel was appointed to the Board of Directors on June 21, 2011.

Until June 2005, non-employee directors received an automatic quarterly grant of options to purchase shares of common stock. At January 28, 2012, the aggregate number of option awards outstanding was: Mr. Jesselson—2,903 shares; Ms. Page—14,515 shares; and Mr. Wedren—26,127 shares. Mr. Schottenstein also received various stock option awards prior to June 2005, as determined by the Compensation Committee, and awards for 232,262 shares remained outstanding at January 28, 2012.

In June 2005, the Board of Directors determined that each director should own common stock of the Company and established the following ownership guidelines. Within three years of joining the Board or the implementation of the ownership guidelines, each director must hold stock of the Company worth at least four times the current annual cash base retainer amount, or currently \$220,000. The following forms of equity interests in the Company count towards the stock ownership requirement: shares purchased on the open market; shares obtained through stock option exercise; shares held as deferred stock units; shares held in benefit plans; shares held in trust for the economic benefit of the director or spouse or dependent children of the director; and shares owned jointly or separately by the spouse or dependent children of the director. Stock options do not count towards the stock ownership requirement.

Leadership Structure

Since 2002, the positions of Chairman of the Board and Chief Executive Officer have been held by two different persons. During Fiscal 2011, Mr. O'Donnell was the Company's Chief Executive Officer while the Board was led by our Chairman, Mr. Schottenstein. Mr. Hanson has served as the Company's Chief Executive Officer since January 30, 2012 and Mr. Schottenstein continues to serve as Chairman. Mr. Schottenstein is the former Chief Executive Officer of the Company and has significant experience in our industry and with the Company, which experience provides our Board with significant leadership advantages. The Company has also established a Lead Independent Director position. The Lead Independent Director is appointed by the independent directors annually. Mr. Jesselson was appointed as the Company's Lead Independent Director for Fiscal 2011. The Lead Independent Director is responsible for:

Presiding over the meetings of independent directors;

Serving as a liaison between the Chairperson and independent directors;

Having input on information sent to the Board;

Having input on meeting agendas for the Board; and

Approving meeting schedules to assure that there is sufficient time for discussion of all agenda items.

The Lead Independent Director also has the authority to call meetings of the independent directors, and if requested by major stockholders, is available, if appropriate, for consultation and direct communication. We believe that this leadership structure provides our Board with the greatest depth of leadership and experience, while also providing balance for the direction of the Company.

Meetings of Independent Directors

The Board's policy is to have the independent directors meet separately in executive session in connection with each regularly scheduled board meeting (at least four times annually). During each meeting of the independent directors, the Lead Independent Director will lead the discussion.

Director Independence

For Fiscal 2011, the Board determined that the following directors were independent as defined in the applicable rules of the New York Stock Exchange:

Michael G. Jesselson	Cary D. McMillan	Jay L. Schottenstein	Gerald E. Wedren
Thomas R. Ketteler	Janice E. Page	Noel J. Spiegel	

In particular, the Board determined that none of these directors had relationships that would cause them not to be independent under the specific criteria of Section 303A.02 of the NYSE Listed Company Manual.

In making these determinations, the Board took into account all factors and circumstances that it considered relevant, including the following:

Whether the director is currently, or at any time during the last three years was, an employee of the Company or any subsidiary of the Company;

Whether any immediate family member of the director is currently, or at any time during the last three years was, an executive officer of the Company or any subsidiary of the Company;

Whether the director is an employee or any immediate family member of the director is an executive officer of a company that has made payments to, or received payments from, the Company or any subsidiary of the Company for property or services in an amount which is in excess of the greater of \$1 million, or 2% of such other company's consolidated fiscal gross revenues in the current year or any of the past three fiscal years;

Whether the director is an executive officer of a charitable organization which received contributions from the Company or any subsidiary of the Company in the past three years in an amount which exceeds the greater of \$1 million, or 2% of the charitable organization's consolidated gross revenues;

Whether the director or any of the director's immediate family members is, or has been in the past three years, employed by a company that has or had, during the same period, an executive officer of the Company on its compensation committee;

Whether the director or any of the director's immediate family members is, or has been in the past three years, a partner or employee of the Company's independent registered public accounting firm; and

Whether the director or any of the director's immediate family members accepted any payment from the Company or any of its subsidiaries in excess of \$120,000 during the current fiscal year or any of the past three fiscal years, other than compensation for board or board committee service and pension or other forms of deferred compensation for prior service.

Effective January 30, 2012, the Company determined to change the position of Jay L. Schottenstein from that of a Non-Executive Chairman to Executive Chairman of the Board of Directors. As such, Mr. Schottenstein will not be considered independent for the fiscal year ending February 2, 2013 ("Fiscal 2012"). All of the other directors whom the Board determined were independent under the applicable rules of the New York Stock Exchange for Fiscal 2011 continue to be considered independent by the Board.

Audit Committee

The primary function of the Audit Committee is to assist the Board in monitoring: (1) the integrity of the financial statements of the Company; (2) the qualifications, performance and independence of the independent registered public accounting firm; (3) the performance of the internal auditors; and (4) the Company's compliance with regulatory and legal requirements. The Audit Committee also reviews and approves the terms of any new related party agreements. The Audit Committee met ten times during Fiscal 2011.

The Board has determined that Messrs. Ketteler, McMillan and Spiegel qualify as "audit committee financial experts" as defined by the SEC rules adopted pursuant to the Sarbanes-Oxley Act of 2002.

Compensation Committee

The function of the Compensation Committee is to aid the Board in meeting its responsibilities with regard to oversight and determination of executive compensation. Among other things, the Compensation Committee reviews, recommends and approves salaries and other compensation of executive officers and administers the Company's stock award and incentive plans (including reviewing, recommending and approving stock award grants to executive officers). The Compensation Committee met five times during Fiscal 2011.

Nominating Committee

The function of the Nominating Committee is to aid the Board in meeting its responsibilities with regard to the organization and operation of the Board, selection of nominees for election to the Board and other corporate governance matters. The Nominating Committee met six times during Fiscal 2011. The Nominating Committee developed and reviews each year the Company's Corporate Governance Guidelines, which were adopted by the Board and are available on our website at <http://www.ae.com> under the links "About AEO Inc., AE Investment Info, Corporate Governance." The Nominating Committee periodically reviews the appropriate size of the Board, whether any vacancies are expected due to retirement or otherwise, and the need for particular expertise on the Board. In evaluating and determining whether to recommend a candidate to the Board, the Nominating Committee reviews the appropriate skills and characteristics required of Board members in the context of the background of existing members

and in light of the perceived needs for the future development of the Company's business, including issues of diversity and experience in different substantive areas such as retail operations, marketing, technology, distribution, real estate and finance. The Board seeks the best director candidates based on the skills and characteristics required without regard to race, color, national origin, religion, disability, marital status, age, sexual orientation, gender, gender identity and expression, or any other basis protected by federal, state or local law.

Candidates may come to the attention of the Nominating Committee from a variety of sources, including current Board members, stockholders, and management. All candidates are reviewed in the same manner regardless of the source of the recommendation. In the past, the Nominating Committee has retained the services of a search firm to assist in identifying and evaluating qualified director candidates.

The Nominating Committee will consider the recommendations of stockholders regarding potential director candidates. In order for stockholder recommendations regarding possible candidates for director to be considered by the Nominating Committee:

Such recommendations must be submitted to the Nominating Committee in care of: Corporate Secretary, American Eagle Outfitters, Inc., 77 Hot Metal Street, Pittsburgh, PA 15203, in writing at least 120 days prior to the date of the next scheduled Annual Meeting;

The nominating stockholder must meet the eligibility requirements to submit a valid stockholder proposal under Rule 14a-8 of the Securities Exchange Act of 1934; and

The stockholder must describe the qualifications, attributes, skills or other qualities of the recommended director candidate.

Board Oversight of Risk Management

The Board has allocated responsibilities for overseeing risk associated with the Company's business among the Board as a whole and the Committees of the Board. In performing its risk oversight function, the Board:

Oversees management's development and execution of appropriate business strategies to mitigate the risk that such strategies will fail to generate long-term value for the Company and its stockholders or that such strategies will motivate management to take excessive risks; and

Oversees the development and implementation of processes and procedures to mitigate the risk of failing to assure the orderly succession of the Chief Executive Officer and the senior executives of the Company.

The Board also regularly reviews information regarding the Company's financial, operational and strategic risks. The full Board receives quarterly updates from management's Risk Management Committee which is responsible for identifying, quantifying and assisting leaders across the Company in mitigating risks. Each of the Board's Committees also oversees the management of Company risks that fall within the Committee's areas of responsibility. In performing this function, each Committee has full access to management, as well as the ability to engage advisors. As set forth in its charter, the Audit Committee is responsible for discussing with management the Company's major financial risk exposures and the steps management has taken to monitor and control those exposures. The Audit Committee gives updates to the Board at its regular meetings, including updates on financial and information technology risks. The Audit Committee also meets privately with the Company's independent auditor, the internal auditor and the Chief Financial Officer quarterly. As set forth in its charter, the Compensation Committee oversees the Company's risk management related to employee compensation plans and arrangements. The Nominating Committee manages risks associated with the independence of the Board of Directors and the Company's corporate social responsibility program. While each committee is responsible for overseeing the management of those risk areas, the entire Board of Directors is also regularly informed through committee reports.

Compensation Committee Interlocks and Insider Participation

During Fiscal 2011 and currently, the members of the Compensation Committee have included Messrs. McMillan (Chairman), Ketteler, Spiegel and Wedren and Ms. Page. None of the current or former members of the Compensation Committee are present or former officers of the Company or its subsidiaries or have affiliates that are parties to agreements with the Company.

Communications with the Board

The Board provides a process for all interested parties to send communications to the independent members of the Board. That process is described on the Company's website at <http://www.ae.com> under the links "About AEO Inc., AE Investment Info, Corporate Governance, Board of Directors."

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis describes the compensation philosophy, objectives, policies and practices with respect to our named executive officers (the “NEOs”). For the fifty-two week period ended January 28, 2012 (“Fiscal 2011”), our NEOs were our (1) Chief Executive Officer; (2) Vice Chairman, Executive Creative Director; (3) Executive Vice President, Chief Financial Officer; (4) Executive Vice President — Brand Merchandising, Marketing & AE Direct; and (5) Executive Vice President — Human Resources.

At the end of Fiscal 2011, our Chief Executive Officer, James V. O’Donnell, resigned from his position pursuant to a Succession Agreement described below in the “Chief Executive Officer Succession” and “Post Employment Compensation” sections. Robert L. Hanson became our Chief Executive Officer at the start of Fiscal 2012.

Executive Summary

The Company and the specialty retail industry continued to face many challenges during Fiscal 2011. Consumer spending remained constrained due to high unemployment and the on-going housing and credit crises, among other factors. The Company also faced significant cost inflation on cotton and other raw materials. In response to these external challenges, management implemented strategies including targeted pricing, regular promotions and expense controls intended to drive sales and profitability. Management also continued to implement improvements in the areas of merchandising and marketing, which began to take hold in the second half of Fiscal 2011. Sales strengthened during the second half of the year, however, profit margins declined primarily due to an increasingly promotional environment and product cost pressures.

When reviewing the results for the year, the Compensation Committee considered the economy’s impact on the financial and operational performance of the Company as well as executive leadership’s efforts to drive the Company strategy. Review of year-end results and associated pay decisions incorporated current-year, past and expected future Company performance on both a top line revenue and bottom line profitability basis for all brands and lines of business. For Fiscal 2011, performance was affected by both external and internal factors and actual results fell below the Board-approved annual operating plan. This resulted in payouts under the Company’s variable incentive plans for Fiscal 2011 that were below the targeted award opportunity for the NEOs.

For Fiscal 2011, NEO compensation was driven by the Company’s financial results, as measured by Net Income and Comparable Store Sales as described in more detail below in the “Fiscal 2011 Performance Metrics” section. Net Income excludes (1) extraordinary charge(s); and/or (2) any accruals for restructuring programs, merger integration costs, or merger transaction costs; and/or (3) other unusual or infrequent items (whether gains or losses); and/or (4) asset impairment charges; and/or (5) discontinued operations (“Adjusted Net Income”). Comparable Store Sales is a measure of sales growth for stores that have been open for more than one year. Fiscal 2011 financial and operational measures represent aggregate results from American Eagle Outfitters, AE Direct, aerie, and 77kids. The goals were intended to drive growth in all brands while also recognizing the difficult economic environment that began in 2008 and has continued throughout 2011. As described herein, our Adjusted Net Income was below threshold and Comparable Store Sales was at target for Fiscal 2011. This resulted in a payout equal to 50% of the target annual incentive bonus and no acceleration of vesting for the restricted stock unit awards. All performance awards were based on pre-established goals and discretion was not exercised by either the Chief Executive Officer or the Compensation Committee in determining NEO payouts.

The objectives and framework of our executive compensation program in Fiscal 2011 remained relatively consistent with those of fiscal year ended January 29, 2011 (“Fiscal 2010”). The overall philosophy of our executive compensation program is to attract highly skilled, performance-oriented executives and to motivate them to achieve outstanding

results through appropriate means. Our plan is guided by four core principles: Performance; Competitiveness; Affordability; and Simplicity. Executive compensation is delivered to our NEOs primarily through three elements:

Annual Base Salary	Provides a baseline compensation level that delivers cash income to the NEOs.
Annual Incentive Bonus	<p>Provides additional cash income to NEOs if threshold performance goals are attained and therefore focuses them on key annual objectives.</p> <p>Bonus is earned between threshold and maximum level based on achievement of pre-established annual performance goals.</p>
Equity Awards (Stock Options, Restricted Stock Units, Performance Shares)	<p>Aligns NEO compensation with Company performance objectives and changes to stockholder value over time.</p> <p>Stock Options provide compensation only to the extent that vesting requirements are satisfied and our share price appreciates.</p> <p>Restricted Stock Units vest proportionately over three years from grant, based on continued service with the Company, but may accelerate to fully vest after one year if specific pre-established performance goals are attained.</p> <p>Performance Shares vest between threshold and maximum level only to the extent that the pre-established, three year performance goal is met. If performance falls below the threshold goal, the award is forfeited in full.</p>

The combination of these elements enable the Company to offer a competitive total annual compensation opportunity in which realized pay and costs are highly sensitive to the degree to which key operational performance objectives are attained. The compensation for our NEOs is balanced to provide a mix of cash and equity-based awards and focused on both annual and long-term performance to ensure that executives are rewarded for, and held accountable for, achievement of both annual and long-term financial and strategic objectives.

We regularly review our programs to ensure alignment with our principles, the competitive environment and corporate governance best practices. Our overall program aligns with recognized corporate governance best practices, including: a long-term performance-based goal; use of multiple performance metrics; share ownership requirements; provisions related to the adjustment and clawback, or recovery, of awards; exclusion of gross-ups on taxable benefits; executive payment for personal use of the Company aircraft; and change in control and retirement benefit provisions that are modest in relation to many of our peers.

Substantive changes have been made to the design of the overall compensation program commencing in Fiscal 2009 through Fiscal 2012, all of which support the Company's long-standing policy of employing a program with a balanced mix of cash and equity focused on annual and long-term performance measurement and metrics that are key drivers of sustainable stockholder value creation over time. The overall program is intended to ensure that management is held accountable for long-term results and does not pursue overly risky business strategies in order to maximize short-term compensation payouts. Details of plan design history and key changes are discussed below in the "Compensation Program Changes" section.

Chief Executive Officer Succession

In March 2011, the Company announced a search for a new Chief Executive Officer to succeed Mr. O'Donnell. On November 14, 2011, the Company entered into an Employment Agreement with Robert L. Hanson to serve as Chief Executive Officer beginning in Fiscal 2012. Mr. O'Donnell served as the Company's Chief Executive Officer for nine years, and prior to that, as the Company's Chief Operating Officer. In recognition of his tenure, seasoned leadership, contributions to the Company and separation prior to the end of his contract term, the Company and Mr. O'Donnell entered into a Succession Agreement on January 19, 2012 (the "Succession Agreement"), pursuant to which Mr. O'Donnell's employment with the Company terminated at the end of Fiscal 2011 and Mr. O'Donnell agreed to provide consulting services to assist in the transition to a new Chief Executive Officer and other projects.

Mr. O'Donnell will receive the following payments and benefits pursuant to the Succession Agreement and his Amended and Restated Employment Agreement dated January 11, 2010:

Severance	\$	1,635,000
Retirement Benefit	\$	3,600,000
Fiscal 2011 Annual Cash Incentive Bonus	\$	1,105,000
Accrued but unused Paid Time Off	\$	109,724
Long-Term Incentive Cash Plan account balance	\$	347,083
Deferred Compensation account balance		Approximately \$3,000,000
Consulting fees		\$552,500 and on achievement of Company Fiscal 2012 performance goals up to an additional \$1,657,500

Mr. O'Donnell has been provided access to participate in a retiree health insurance program assuming he pays the full cost of premiums for coverage, and is eligible for the employee discount available to all employees of the Company for his remaining lifetime. Mr. O'Donnell's outstanding restricted stock awards continue to vest during retirement without proration, his performance shares continue to vest subject to achievement of Company performance goals, and his outstanding unvested stock options continue to vest and remain exercisable for one year following the date of vesting.

On January 30, 2012, Mr. Hanson became our Chief Executive Officer and a member of our Board of Directors. Mr. Hanson joined our Company from Levi's where he most recently served as Global President of the Levi's Brand. Frederick W. Cook & Co. Inc., the independent compensation consultant to the Compensation Committee, worked with the Compensation Committee to formulate an appropriate compensation arrangement for Mr. Hanson. Mr. Hanson's compensation package was structured to buy-out existing incentives and equity that he forfeited upon resignation through sign-on compensation and to deliver a competitive annual compensation opportunity. 100% of the equity make-whole award to Mr. Hanson requires continued service in order for him to earn it. Approximately 50% of the equity make-whole award is in the form of stock options which will result in realized value to Mr. Hanson only if the price of the Company's stock increases after the date of grant. Per the terms of his Employment Agreement, Mr. Hanson received the following compensation:

Sign-On Compensation

Cash Bonus	\$	3,339,000
Deferred Compensation Company Contribution	\$	300,000
Restricted Stock Unit (grant date value)	\$	2,500,000
Stock Options (grant date value)	\$	2,500,000

Fiscal 2012 Compensation

Base Salary	\$	1,030,000
Target Bonus (130% of base salary)	\$	1,339,000
Annual Restricted Stock Grant	\$	1,440,000
Annual Performance Shares Grant	\$	1,760,000

In connection with the Chief Executive Officer transition, the Board of Directors asked Jay L. Schottenstein, Chairman of the Board of Directors and former Chief Executive Officer of the Company, to devote additional time to the Company's business and to work with and advise Mr. Hanson in his new role. As a result of the increased time commitment associated with Mr. Schottenstein's expanded role, the Board determined to revise his position from an independent Non-Executive Chairman to the Executive Chairman of the Board of Directors effective January 30,

2012.

18

In this new position, Mr. Schottenstein will receive the following compensation for his services, compared to his previous position:

Fiscal 2012 Compensation (Executive Director)

Base Salary	\$ 500,000
Target Bonus (100% of base salary)	\$ 500,000
Performance Shares Grant	\$ 500,000

Fiscal 2011 Compensation (Non-Executive Director)

Fees	\$ 275,000
Stock Awards	\$ 200,000

Approximately 95% of the increase in Mr. Schottenstein's remuneration is in the form of performance-based compensation.

Compensation Program Changes

In addition to the factors described above, the Compensation Committee monitors the results of the annual advisory say-on-pay proposal as well as institutional advisor and shareholder feedback. The Committee considers this feedback, as one of many aspects, in connection with their review of annual executive compensation, when making executive hiring decisions and when evaluating plan design.

The following changes have been adopted for Fiscal 2012 and are a result of the Company's continuing efforts to adhere to corporate governance best practices, limit fixed compensation expenses and in consideration of the results of the say-on-pay advisory vote:

a one-year suspension of merit increases for Vice Presidents and above;

implementation of a change to the design of the Restricted Stock Unit award program whereby acceleration to full vesting occurs only at maximum level performance (rather than at target level performance);

adjustment to the weighting of performance metrics for the Annual Incentive Bonus to 60% on Adjusted Net Income and 40% on Comparable Store Sales (from 50%/50%);

incorporation of a third performance metric, earnings before interest and taxes, into the overall compensation program; and

an overall reduction of Chief Executive Officer compensation package expense by 42% at target level performance as a result of the Chief Executive Officer succession by Mr. Hanson effective for Fiscal 2012.

Following an extensive executive compensation analysis and benchmark project during Fiscal 2010, the following changes were implemented effective for Fiscal 2011:

adjustments to Mr. O'Donnell's compensation package consisting of a reduction of total equity grant value by 50% (resulting in a 37.2% reduction in target total compensation) and reallocating the entire equity grant into the long-term, three-year Performance Share Plan;

elimination of Stock Options as an element of the executive compensation plan in order to allocate more of the NEO's equity-based compensation into performance-based awards;

the equity mix for senior executives, including the NEOs, was altered to shift a greater percentage of overall equity into performance-based elements. This resulted in a majority of the NEO's total equity awards being issued under the long-term, three-year Performance Share Plan; and

redesign of our long-term performance plan, the Performance Share Plan, so that performance is measured cumulatively over a three year period with vesting determined at the end of the performance period.

The following adjustments were made in Fiscal 2010 to further align the interests of our NEOs with the long-term interests of our stockholders as well as to focus operational strategies and objectives on two key metrics:

aligned the elements and equity mix of Mr. O'Donnell's and Mr. Markfield's compensation packages with the other NEOs' compensation program by replacing the Long-term Incentive Cash Plan "LTICP" with Performance Shares and issuing Restricted Stock Units; and

measuring performance of the annual incentive bonus against two critical operational metrics (previously one metric).

The executive compensation program was substantially redesigned in Fiscal 2009 with the following changes:

eliminated the LTICP for all NEOs other than the Mr. O'Donnell and Mr. Markfield (due to contract terms which were negotiated prior to the plan changes taking effect);

established an annual Restricted Stock Unit award that vests proportionately over three years but may accelerate to fully vest in the first year based on achievement of a target performance goal;

established an annual Performance Share award that vests based on performance achieved against a long-term, year three goal; and

reduced the overall compensation opportunity for our NEOs.

Overview

Role of Our Compensation Committee

Our Compensation Committee reviews and approves annual base salaries and other compensation of our NEOs and makes awards and other decisions relating to the Company's 2005 Amended Plan. The Compensation Committee also reviews and approves, where applicable, other aspects of executive compensation. Furthermore, the Compensation Committee reviews and approves changes to the Company's compensation peer group, as deemed appropriate, taking into consideration suggestions made by Mr. O'Donnell and, effective for Fiscal 2012, Mr. Hanson.

Role of Executive Officers in Compensation Decisions

Our Chief Executive Officer annually reviews the performance of each NEO with the Compensation Committee and makes recommendations with respect to each element of executive compensation for the NEOs, excluding himself. The Chief Executive Officer considers brand and individual performance in his recommendations to the Compensation Committee with regard to grants of equity for all executives including the NEOs. However, adjustments suggested by the Chief Executive Officer must not result in an expansion of the overall grant value pools under any circumstances. The Compensation Committee makes the final determination of individual equity awards taking into consideration the Chief Executive Officer's recommendations. During Fiscal 2011, Mr. O'Donnell did not recommend adjustments to target awards for any executives, including the NEOs.

Role of Compensation Consultants

The Compensation Committee has the authority under the Compensation Committee Charter to retain outside consultants or advisors to assist the Committee. In accordance with this authority, during Fiscal 2011, the Compensation Committee continued to retain the services of Frederic W. Cook & Co., Inc. as its primary outside independent compensation consultant to advise on all matters related to Chief Executive Officer and other executive compensation. The services provided by Frederic W. Cook & Co., Inc. are subject to a written agreement with the Compensation Committee. The Compensation Committee has sole authority to terminate the relationship. Representatives of Frederic W. Cook & Co., Inc. attended four of the five Compensation Committee meetings during Fiscal 2011. Frederic W. Cook & Co., Inc does not provide any other services to the Company. The Compensation Committee may engage other consultants as needed in order to provide analysis, recommendations or other market data.

For Fiscal 2011, the Compensation Committee primarily engaged consultants from Frederic W. Cook & Co., Inc. to provide guidance and insights relative to changes to the executive compensation program for Fiscal 2011 and Fiscal 2012 and to provide guidance on the compensation structure and components for the new Chief Executive Officer's compensation package.

Under the direction of the Compensation Committee, Frederic W. Cook & Co., Inc. interacts with members of the senior management team to provide insights into market practices and to ensure that management is fully informed with regard to emerging best practices and market trends. This ensures that proposals developed by management consider the marketplace, the Company's overall compensation objectives and the objectives of stockholders. Representatives from Frederic W. Cook & Co., Inc. also advise senior management and the Committee on Company peer group make-up and proposed changes.

Management engages the Hay Group, Inc. as needed to provide market data and analysis with regard to competitive market compensation rates. This data is used as a supplement to that provided to the Compensation Committee by Frederic W. Cook & Co., Inc. and helps to fully inform the Committee with regard to market compensation rates.

Compensation Program Objectives

We focus on the following core principles in structuring an effective compensation program that meets our stated philosophy:

Performance—We endeavor to align executive compensation with the achievement of measureable operational and financial results and increases in stockholder value. Our compensation program includes significant performance based remuneration and is designed for our executives to have a similar or larger portion of their total compensation “at risk” based on Company performance than our peer companies. We believe this feature creates a meaningful incentive to achieve challenging, yet realistic, performance objectives. In addition, our program features a substantial equity component in order to align executive interests with the interests of our stockholders and retain executive talent through a multi-year vesting schedule. These features ensure that actual compensation varies above or below the targeted compensation opportunity based on the degree to which performance goals are attained and changes in stockholder value over time.

Competitiveness—We structure executive compensation to be competitive relative to a group of specialty retail peers. We target total compensation opportunity at the 75th percentile, on average, of our peer group in recognition of our emphasis on performance-based compensation and the fact that we are near the 75th percentile of the peer group based on size, as measured primarily by annual revenue. Target total compensation for individual NEOs deviates above or below the 75th percentile based on a variety of factors, including the executive's skill set and experience relative to the market peers, historic performance, and the criticality of each position to the Company.

Affordability—We design our compensation program to limit fixed compensation expense and tie realized compensation costs to the degree to which budgeted financial objectives are attained. In addition, we structure our incentive plans to maximize financial efficiency by establishing programs that are tax deductible, accounting efficient and by making performance based payments only to the extent that underlying performance supports the expense.

Simplicity—We have endeavored to create a simple, straight-forward compensation program; one that our associates and stockholders can easily understand. This approach allows our associates to focus on the goals which both drive our business results and determine the performance-based incentive payout.

Compensation Program Elements

Our executive compensation program is designed to place a considerable amount of pay at risk for all executives. This philosophy is intended to cultivate a pay-for-performance environment. Our executive compensation plan design has four key elements:

Base Salary

Annual Incentive Bonus

Restricted Stock Units (“RSUs”)

Performance Shares (“PS”)

The Annual Incentive Bonus was entirely “at risk” based on the Company’s performance during Fiscal 2011 and therefore subject to forfeiture if the Company did not achieve threshold performance goals. Performance Shares are also entirely “at risk” and subject to forfeiture if the Company does not achieve the three-year threshold performance goals by the close of the fiscal year ended February 1, 2014 (“Fiscal 2013”), as described below. At threshold performance, in Fiscal 2011, Mr. O’Donnell’s total annual compensation opportunity declined by 47% relative to target performance. The other NEOs’ total annual compensation opportunity declined by an average of 45% at threshold relative to target performance. Company performance below threshold levels results in forfeiture of all elements of direct compensation other than base salary and RSUs.

Our compensation program is intended to ensure that a similar or larger portion of our executives’ total compensation is “at risk” and varies based on Company performance than our peer companies. For Fiscal 2011, Mr. O’Donnell had approximately 82% of his total compensation at risk and the remaining NEOs had approximately 58% of their total compensation at risk. Elements of our executive compensation program which we consider “at risk” are described further below in the “Compensation Program Elements” section.

The portion of total pay attributable to long-term incentive compensation and equity compensation increases at successively higher levels of management. This philosophy ensures that executive compensation closely aligns with changes in stockholder value and achievement of performance objectives while also ensuring that executives are held accountable for results relative to position level.

Base Salary

Base salary provides a baseline compensation level that delivers current cash income to the NEOs and reflects his or her job responsibilities, experience and value to the company. To aid in attracting and retaining high quality executives, salaries for our NEOs are generally targeted and paid on average at the 75th percentile of our peer group to reflect the Company’s large size relative to the peer group as measured by annual revenue, the highly competitive climate that exists for recruiting available talent in the apparel industry and the performance-based nature of the other elements of the direct compensation program. Salaries are set at an appropriate level in order to discourage executives from taking excessive risk to maximize the annual cash incentive as a means to ensure enough cash compensation to meet their living needs. We review base salaries in the last quarter of the fiscal year and increases, where applicable, are typically effective for the beginning of the new fiscal year. Individual salaries range above or below the 75th

percentile based on a variety of factors, including position level, executive experience relative to industry peers, individual performance, future potential, leadership qualities and unique skill sets. For Fiscal 2012, the Company has instituted a one year suspension of merit increases for Vice Presidents and above.

Annual Incentive Bonus

We structure the Annual Incentive Bonus to encourage the achievement of competitive annual performance targets and to recognize and reward short-term Company performance. The Annual Incentive Bonus focuses the executive team on key annual objectives and business drivers that support growth of the Company's financial position, improvement in overall operations, and increases in stockholder value. We establish an executive's annual incentive bonus as a percentage of base salary, with increases in target percentages directly related to position level and individual performance. This approach places a proportionately larger percentage of total annual pay at risk for our executives relative to position level and ensures that accountability is directly proportionate to each executive's role and responsibility. During Fiscal 2011, the target award opportunity for our Chief Executive Officer was equal to 130% of his base salary and the target award opportunities for our other NEOs ranged from 70% to 100% of their respective base salary. Annual Incentive Bonus payouts fluctuate based upon Adjusted Net Income and Comparable Store Sales results, with actual payments ranging from 0% of the targeted percentage amount for below threshold performance, to 25% of the targeted percentage amount at threshold performance, to 100% of the targeted percentage amount at target performance, to 200% of the targeted percentage amount if the Company achieves goals that are substantially above our business plan for the fiscal year (the "Compensation Goals"). Refer to the "Fiscal 2011 Performance Metrics" section below for a description of the Fiscal 2011 Annual Incentive Bonus metrics. During Fiscal 2011, 50% of target payouts were earned based upon an increase in Comparable Stores Sales of 3%, which was the target performance level; there was no payout for Adjusted Net Income achieved, which was below the threshold performance level.

Equity Awards

Equity compensation is designed to align executive compensation with long-term Company performance. The Company utilizes a combination of time-based RSUs and performance-based RSUs, to focus management on corporate performance and sustainable earnings growth. The overall plan design has a heavy emphasis on restricted stock units to support our retention and performance objectives and provide a better balance of the risk/reward ratio for our executives while maintaining our commitment to increasing long-term stockholder value. Total equity grant values are pre-determined based upon the framework of the executive compensation plan design.

During Fiscal 2011, Mr. O'Donnell did not recommend adjustments to target awards for any executives including the NEOs.

Restricted Stock Units (RSUs): We determine the number of RSUs based on the overall dollar value of the award divided by the closing price of our common stock on the grant date. Dividend equivalents on RSUs are reinvested in additional RSUs and paid to the extent the RSUs vest.

RSU awards represent approximately 45% of the value of a NEO's overall equity awards (0% for the Chief Executive Officer and Vice Chairman, Executive Creative Director). Annual RSU grants vest proportionately over three years from the grant date assuming continued employment but may accelerate to fully vest in the first year (on the Compensation Committee certification date) based on achievement of a pre-established target annual Adjusted Net Income goal which is described below. The performance acceleration feature of the RSU award is intended to focus participants on achievement of the annual goals and is a distinctive feature of the Company's compensation plan to enhance recruitment and engagement. If the annual goals are not achieved, the RSUs serve as a retention tool.

An RSU award recipient cannot earn more than 100% of the award and, unlike the Annual Incentive Bonus, above-target performance does not result in receipt of additional shares of RS vested. Based on Fiscal 2011 Adjusted Net Income of \$168 million, which was below the threshold performance level, there was no acceleration of vesting. Based on service requirements, one-third of the target RSUs granted during Fiscal 2011 were earned and vested. The

remaining units will vest proportionately in 2013 and 2014 on the anniversary of the grant date.

Performance Shares (PS): PS were established as a long-term incentive to replace the LTICP. PS, issued as RSUs, represent approximately 55% of the value of a NEO's overall long-term incentive/equity (100% for Chief Executive Officer and Vice Chairman, Executive Creative Director). We determine the number of target PS based on the overall dollar value of the award divided by the closing price of our common stock on the grant date. Dividend equivalents on the PS are reinvested in additional RSUs and paid out to the extent the PS vest.

Annual PS grants feature cliff vesting at the end of a three year performance period. PS vest upon achievement of pre-established three-year cumulative Earnings per Share ("EPS") goals as further described below. Beginning in Fiscal 2011, a dual approach to determine vesting was instituted. Overall vesting of Performance Shares is based upon the level of attainment of cumulative three year EPS. However, achievement of a single year EPS target "locks" in 20% vesting for the given year. The single year "lock-in" feature serves as a retention tool, focuses participants on the annual goals and facilitates achievement of the long-term objectives. In all cases, vesting will occur at the end of the three year performance period.

If threshold performance is not met, the award does not vest and all shares are forfeited, except in the event that single year targets are achieved resulting in partial vesting. Vesting based on the cumulative three year goal ranges from 0% of the target amount for below threshold performance, to 50% of the target amount at threshold performance, to 100% of the target amount at target performance, to 150% of the target amount if the Company achieves goals that are substantially above our business plan for the performance period. In the event of termination of employment, executives who signed a RSU Confidentiality, Non-Solicitation, Non-Competition and Intellectual Property agreement, may be eligible to receive a pro-rata portion of their PS if the performance goals are achieved. The pro-rata amount is based on the number of days of service in the performance period as of their separation date.

The table below describes key features of our Restricted Stock Units & Performance Shares award programs:

	Timing	Grant Date/Grant Price	Approval
New Hires & Promotions	Awarded to all eligible newly hired or promoted executives on the first business day of employment in executive role.	The hire date or promotion date is the grant date and the closing price of our common stock on the grant date is the grant price.	New hire/Promotion award amounts are determined by our Chief Executive Officer based on delegation of authority from the Compensation Committee. If the grant date fair value of a new hire or promotion award exceeds \$250,000, the Compensation Committee must approve the award.
Annual Award	Awarded to all eligible active executives in the first quarter of each fiscal year.	The first regularly scheduled Compensation Committee meeting date is used as the grant date and the closing price of our common stock price, unless otherwise specified in an employment agreement.	We present final annual award amounts for all NEOs to the Compensation Committee for approval at the first regularly scheduled Committee meeting of on the grant date is the grant the new fiscal year.

Non-Qualified Stock Options (NSO): In an effort to increasingly align the compensation program with governance best practices related to equity at risk, beginning in Fiscal 2011, NSOs were eliminated as a component of the Executive Compensation program.

For Fiscal 2009, Mr. Markfield was awarded performance-based NSOs that would vest proportionately over three years, with a seven year term. The performance-based nature of the grant was established to focus our Vice Chairman, Executive Creative Director on specific areas of the business for Fiscal 2009 and overall Company goals in subsequent years. At the time of grant, the Compensation Committee established annual performance goals for each vesting year: Fiscal 2009 vesting would be measured against individual performance goals while Fiscal 2010 and Fiscal 2011 would be measured against the Company's financial performance goals. Upon achievement of the annual pre-determined performance goals for Fiscal 2009, Fiscal 2010 and Fiscal 2011, one third of the original grant would vest each year. Based on Fiscal 2011 performance results, the third and final tranche of the NSO award was not earned and was forfeited. Over the three year performance period, one-third of the original award was earned and vested and two-thirds was not earned and was forfeited.

Ownership Requirements: The Company has developed share ownership requirements to establish commonality of interest between management and stockholders and to encourage executives to think and act like owners. By encouraging executives to accumulate a specific level of ownership, the Company's compensation program ensures that pay remains at risk not only with regard to outstanding awards but also with regard to realized gains. Effective with stock award grants beginning in Fiscal 2006, the Company instituted a requirement for certain senior executives, including the NEOs, to hold the equivalent value equal to one times their current salary in company stock. Mr. O'Donnell had an ownership requirement of five times his current salary (\$8.5 million) and Mr. Markfield has an ownership requirement of three times his current salary (\$2.85 million). Ownership requirements are adjusted for increases in annual salary as necessary. This requirement can be met through various forms of equity: vested stock options; vested restricted stock; Employee Stock Purchase Plan shares; or personal holdings.

Until the ownership requirements are satisfied, the executive must hold half of his or her after-tax gains from any sale of grants from Fiscal 2006 and beyond of the Company's stock. The Chief Executive Officer considers compliance with the ownership requirements when recommending annual equity awards for the executives, including the NEOs, to the Compensation Committee. If an executive does not hold half of after-tax gains in Company stock, he or she jeopardizes eligibility for future stock grants or awards.

Clawback Policy: Recovery and Adjustments to Awards: The Compensation Committee believes that it is appropriate that the Company's equity awards and incentives be subject to financial penalties or clawback in the event of misconduct. Pursuant to the 2005 Amended Plan, equity awards are subject to additional forfeiture conditions. Forfeiture and recovery will be determined by the Compensation Committee and triggered in the event of misconduct related to: restatement of financial statements; conflicts of interest; non-solicitation; confidential or proprietary information; and cooperation on legal matters. Forfeiture events are applicable during active employment and during the one-year period following termination. If any of the above events occur, the unexercised portion (vested or unvested) of an option, and any other award not settled, will immediately cancel and forfeit. Additionally, the NEO will be required to repay the Company the total amount of the award gain realized upon each exercise of an option or award settlement that occurred on or after the date one-year prior to either (a) the forfeiture event or (b) the termination date.

Annual Award Pool

We established a performance-based Annual Award Pool (the “Award Pool”) for NEOs who are subject to Internal Revenue Code Section 162(m) (which does not include the Chief Financial Officer). At the beginning of each fiscal year, the Compensation Committee establishes annual performance goals for the Award Pool based on the Company’s earnings before interest, taxes, depreciation and amortization (“EBITDA”). Achievement of the performance goal determines the maximum amount payable as cash awards and/or grants of time-based restricted stock awards to the NEOs. The following maximum award levels were established during Fiscal 2011 as a percent of EBITDA, in each case subject to the 2005 Amended Plan maximum of \$5 million per person and further subject to the exercise of negative discretion by the Compensation Committee to reduce the maximum award:

James V. O’Donnell, Chief Executive Officer	1.50% of actual EBITDA
Roger S. Markfield, Vice Chairman, Executive Creative Director	1.25% of actual EBITDA
Fredrick W. Grover, EVP, Brand Merchandising, Marketing & AE Direct	0.35% of actual EBITDA
Thomas A. DiDonato, Executive Vice President, Human Resources	0.35% of actual EBITDA

During Fiscal 2011 and Fiscal 2012, the Company granted time-based RSUs to the NEOs pursuant to the Award Pools based on the achievement of the respective Fiscal 2010 and Fiscal 2011 performance goals. There have been no awards of cash incentives to NEOs under the Award Pools.

Executive Perquisites

Executive perquisites, which are disclosed below in the “Summary Compensation Table” section, are not a significant component of our executive compensation program.

Fiscal 2011 Performance Metrics

For Fiscal 2011, the Compensation Committee chose two performance metrics to develop goals for awarding the Annual Incentive Bonus and possible accelerated full vesting of the RSUs. The goals, Adjusted Net Income and Comparable Store Sales, were equally weighted to reflect their shared importance in the operational success of the business. The Annual Incentive Bonus is contingent upon the achievement of specific Adjusted Net Income and Comparable Store Sales goals while the accelerated full vesting of the RSUs in the first year (on the Compensation Committee certification date) is contingent upon the achievement of a specific Adjusted Net Income goal. The long-term, three year performance-based PS goals are developed and measured against EPS. The Compensation Committee has chosen Adjusted Net Income, Comparable Store Sales and EPS as the key performance metrics because they reflect the Company’s success in managing its core operations, growing the business and driving sustained increases in profit. We believe that Adjusted Net Income, Comparable Store Sales and EPS reflect all aspects of performance, including top-line revenue, expense control and efficient use of capital while maintaining simplicity in the design and execution of our executive compensation program. Moreover, we believe that these targets encourage management to focus on top- line sales and regaining market share, without having performance-based compensation impacted by extraordinary, unusual, or infrequent items (as described in the definition of Adjusted Net Income above). These metrics, and the goals described below, reflect our focus on growth in all brands, while also recognizing the difficult economic climate, including the challenges that impacted specialty retail beginning in 2008. As part of the plan design for Fiscal 2011, the Compensation Committee had negative

discretion (i.e., authority to reduce the amount otherwise payable based on achievement of the performance goals) on any incentive payments based on overall operating results. Overall operating results are considered a reflection of leadership's ability to drive strategy and impact top and bottom-line growth. During Fiscal 2011, the Committee did not exercise negative discretion for any executive awards, including the NEOs.

Our Compensation Committee establishes specific performance metrics for each performance-based compensation element at the beginning of the respective fiscal year based on a variety of factors, including but not limited to: internal budget; investor expectations; peer results; the Company's prior year performance; upcoming fiscal year business plan; and strategic initiatives.

The Compensation Committee established the following goals for Fiscal 2011. Except as otherwise noted, the Company measured Adjusted Net Income and Comparable Store Sales against prior year Adjusted Net Income and Comparable Store Sales.

Annual Incentive Bonus:

- 50% based on Adjusted Net Income: \$180 million at Threshold, \$210 million at Target, and \$235 million or greater at Maximum.
- 50% based on Comparable Store Sales: 0% at Threshold, +3% at Target, and +5% or greater at Maximum.

RSUs: \$210 million Adjusted Net Income for accelerated full vesting on the Compensation Committee certification date.

PS awards (3-year cumulative) with a performance period ending Fiscal 2013: \$2.85 EPS at Threshold, \$3.17 EPS at Target and \$3.25 EPS at Maximum.

PS awards (single-year) with a performance period ending Fiscal 2013: Fiscal 2011 = \$1.00 EPS (reflecting -4% annual growth), Fiscal 2012 = \$1.06 EPS (reflecting 6% annual growth) and Fiscal 2013 = \$1.11 EPS (reflecting 5% annual growth).

Annual Award Pool: Positive EBITDA.

Performance-based NSOs for Mr. Markfield (vesting of 3rd tranche): Specific goals regarding comparable store sales for the women's business and EPS for the fiscal year.

The above targets are aligned with our business strategy and with our status as a growth company. Fiscal 2011, Adjusted Net Income was below threshold at \$168 million and Comparable Store Sales were on target at three percent (3%), and as a result there were payouts under the Annual Incentive Bonus (based on Comparable Store Sales) at 50% of target and no accelerated vesting of RSUs. Based upon achieved EPS for Fiscal 2011 of eighty-six cents (\$0.86), the single-year PS "lock-in" target was not achieved.

Compensation Benchmarking

In addition to many other factors that affect compensation determinations, we take into account the compensation practices of comparable companies in formulating our compensation program. We consider three key factors in choosing the companies that comprise our peer group:

Talent—Companies with which we compete for executive-level talent.

Size—Companies within the specialty retail industry with comparable revenue.

Comparability—Companies with which we compete for customers and investors.

For Fiscal 2011, the Company used a peer group of specialty retailers consisting of the following component companies. (Note: company name followed by stock ticker symbol in parenthetical):

Abercrombie & Fitch Co. (ANF)	J. Crew Group, Inc. (JCG)
Aeropostale, Inc. (ARO)	Limited Brands, Inc. (LTD)
AnnTaylor Stores Corp. (ANN)	New York & Company, Inc. (NWY)
Chico's FAS, Inc. (CHS)	Pacific Sunwear of California Inc. (PSUN)
Dick's Sporting Goods, Inc. (DKS)	Polo Ralph Lauren (RL)
Gap, Inc. (GPS)	Quiksilver, Inc. (ZQK)
Guess ?, Inc. (GES)	Talbots, Inc. (TLB)
Hot Topic, Inc. (HOTT)	Urban Outfitters, Inc. (URBN)

In terms of size, our revenue and market capitalization fall between the median and 75th percentile of the peer group companies.

We evaluate our peer group on an annual basis for relevance and propose changes when appropriate. The Compensation Committee reviews and approves the recommended peer group changes as necessary. For Fiscal 2011, there were no changes to the peer group.

Timing of Equity Awards

Although the Company does not have a formal policy relating to the timing of equity awards and the release of material non-public information, the Company does utilize a consistent approach to selecting both the grant dates and the terms of equity awards as described above. The Company makes annual equity grants in the first quarter of the fiscal year. For the past seven years, the grant date for restricted stock and RSUs was the Compensation Committee meeting date during which earnings were certified for the prior fiscal year (scheduled approximately one year in advance). The Fiscal 2011 NSOs were also granted on the Compensation Committee meeting date. It is the Company's intention to continue the practice of setting the equity award grant date on the Compensation Committee meeting date (during which time prior year financial results are certified).

Employment Agreements

Variations for NEOs with Employment Agreements

Mr. O'Donnell was and Mr. Markfield is employed pursuant to individual employment agreements which were separately negotiated with the Compensation Committee. These individual agreements provide an overall compensation package that may compare more favorably to market practice than the target competitive positioning for other NEOs based on individual circumstances and the criticality of retaining these key leaders. However, the general design and administration of the primary compensation elements are similar to those provided to other NEOs thus aligning our governing philosophy and objectives regarding executive compensation.

Context for Changes to Employment Agreements

As discussed in detail in the Fiscal 2009 Proxy, the Company entered into negotiations with Mr. Markfield (Fiscal 2008) and Mr. O'Donnell (Fiscal 2009) regarding the terms of their employment agreements with the Company. Mr. Markfield's contract was executed on January 13, 2009 (effective for Fiscal 2009) and Mr. O'Donnell's contract was executed January 11, 2010 (effective for Fiscal 2010).

For Fiscal 2010, the equity compensation components and mix for Mr. O'Donnell and Mr. Markfield were adjusted to align with those of the other NEOs. As a result they were issued RSUs, PS, and NSOs, as described above.

For Fiscal 2011, the equity compensation components and mix for Mr. O'Donnell and Mr. Markfield were further adjusted to align the compensation program with governance best practices related to equity at risk. As a result, Mr. O'Donnell's and Mr. Markfield's equity was solely delivered in PS, as described above.

Severance and Change of Control Payments

Our NEOs are entitled to receive severance payments and other benefits in the event of a change in control of the Company and/or upon the termination of the executive's employment with the Company under specified circumstances. These arrangements provide essential protections to both the NEO and the Company. Agreements providing for severance and change in control payments assist the Company in attracting and retaining qualified executives who could have other job alternatives. At the same time, the applicable agreements preserve valuable Company assets by imposing upon the executive's non-competition and non-solicitation restrictions, confidentiality obligations, and cooperation covenants. For a description and quantification of these severance and change of control benefits, please refer to the proxy section below entitled "Post-Employment Compensation".

During Fiscal 2009, the Compensation Committee approved a Change in Control ("CIC") plan which provides for CIC agreements (the "CIC Agreement") with certain executives, including each of the NEOs. The objectives of the CIC plan are to motivate executives to continue to work for the best interests of the Company and its stockholders in a potential CIC situation. In the event of a CIC, any and all common shares (i.e., options, restricted shares, performance shares or other forms of securities issued by the Company and beneficially owned by the executive) that are unvested, restricted or subject to any similar restriction shall vest and become exercisable, or such restrictions shall lapse. Additionally, the CIC Agreement contains double-trigger change in control provisions (i.e., the CIC plan provides severance and other benefits only if the executive's employment terminates under limited circumstances within eighteen months following a CIC).

Upon the termination of their employment by the Company (for any reason other than "for cause" as defined under their respective employment agreements), Mr. O'Donnell and Mr. Markfield are each eligible to receive post-employment cash payments (in addition to other benefits) under the terms of their employment agreements, in recognition of their years of service with the Company and their valuable contributions during their tenure. Mr. O'Donnell will receive a retirement benefit equal to his total cash compensation (annual base salary plus annual incentive bonus) for the highest compensated fiscal year in the seven fiscal years prior to his termination of employment. Mr. Markfield will receive a fixed annual renewal term benefit for three years during which time he will be available to management and the Board of Directors as a consultant. For a description and quantification of these severance and change in control benefits, please refer to the proxy section below entitled "Post-Employment Compensation".

Tax Matters

Section 162(m) of the Internal Revenue Code generally permits a tax deduction to public corporations for compensation over \$1,000,000 paid in any fiscal year to a corporation's Chief Executive Officer and the three other most highly compensated NEOs employed at the end of the year (other than the Chief Financial Officer) only if the compensation qualifies as being performance-based under Section 162(m). The Company endeavors to structure its compensation policies to qualify as performance-based under Section 162(m) whenever it is reasonably possible to do so while meeting our compensation objectives.

Nonetheless, from time to time certain non-deductible compensation may be paid and the Board of Directors and the Compensation Committee reserve the authority to award non-deductible compensation in appropriate circumstances. In addition, it is possible that some compensation paid pursuant to certain equity awards that have already been granted may be non-deductible as a result of Section 162(m).

Additionally, Section 409A of the Internal Revenue Code governs our ability to establish the time and form of payment under our nonqualified deferred compensation arrangements. We believe that we have been operating our nonqualified deferred compensation arrangements in good faith compliance with Section 409A and the guidance available thereunder in effect since January 1, 2005.

EXECUTIVE OFFICER COMPENSATION

Compensation Risks

The Company's Internal Audit department completed an independent risk assessment of the current compensation and incentive plans in place across the Company. Internal Audit reviewed all applicable plan documentation and conducted interviews with key stakeholders to determine the level of risk created by plan design, maintenance, changes and execution, as well as, mitigating controls in place. Based upon their review, the Internal Audit department determined that the compensation programs, as designed and executed, appear to be not reasonably likely to have a material adverse effect on the Company. Their findings were presented to the Compensation Committee during the February 2012 meeting.

Upon review and analysis of the information provided by management, the Compensation Committee determined that the compensation policies and practices are not reasonably likely to have a material adverse effect on the Company. The Committee considers the business and financial risk implications of all plan design recommendations during their review and discussion of overall compensation initiatives, including the annual compensation approval process.

PROPOSAL TWO: RATIFICATION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM

The Audit Committee of the Board of Directors has appointed Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending February 2, 2013. In the event the stockholders do not ratify the appointment of Ernst & Young LLP, the Audit Committee will reconsider its appointment. In addition, even if the stockholders ratify the appointment of Ernst & Young LLP, the Audit Committee may in its discretion appoint a different independent registered public accounting firm at any time during the year if the Audit Committee determines that a change is in the best interest of the Company.

Representatives of Ernst & Young LLP are expected to be present at the annual meeting to respond to appropriate questions and to make a statement if such representatives so desire.

The Board of Directors recommends that the stockholders vote “FOR” the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending February 2, 2013.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company’s financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report for the year ended January 28, 2012 with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Audit Committee reviewed with the independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, its judgments as to the quality, not just acceptability, of the Company’s accounting principles and such other matters as are required to be discussed with the Audit Committee by Statement on Auditing Standards No. 61, as amended by Statement on Auditing Standards No. 90 (Communications with Audit Committees). In addition, the Audit Committee has discussed with the independent registered public accounting firm, its independence from management and the Company, including the matters in the written disclosures required by Rule 3526 of the Public Company Accounting Oversight Board, Communication with Audit Committees Concerning Independence and considered the compatibility of nonaudit services with the firm’s independence.

The Audit Committee discussed with the Company’s internal auditors and its independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee meets with the internal auditors and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company’s internal controls, and the overall quality of the Company’s financial reporting. The Audit Committee also carried out the additional responsibilities and duties as outlined in its charter.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the Annual Report on Form 10-K for the year ended January 28, 2012 for filing with the Securities and Exchange Commission.

The following table sets forth the aggregate fees billed to us by our independent registered public accounting firm in each of the last two fiscal years:

**PROPOSAL THREE:
ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS**

Pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”), we are providing stockholders with an advisory or non-binding vote on the overall compensation of our named executive officers. Accordingly, the following resolution will be submitted for a stockholder vote at the 2012 Annual Meeting:

“RESOLVED, that the Company’s stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, as set forth in the Proxy Statement for the Annual Meeting.”

As described above in the section entitled “Compensation Discussion and Analysis”, the Company’s Board of Directors and Compensation Committee considers the outcome of the advisory or non-binding vote when considering future executive compensation arrangements. The overall objective of our executive compensation program is to attract highly skilled, performance oriented executives and to motivate them to achieve outstanding results through appropriate means. We focus on four core principles in structuring an effective compensation program that meets our

stated objective: performance; competitiveness; affordability; and simplicity. We strategically allocate compensation between short-term and long-term components and between cash and equity in order to maximize executive performance and retention. This philosophy is designed to closely align executive compensation with changes in stockholder value and achievement of performance objectives while also holding executives accountable for results.

The Board of Directors recommends that the stockholders vote “FOR” the approval of the compensation of our named executive officers as set forth in the Proxy Statement for the Annual Meeting.

The management knows of no other matters to be brought before the meeting by any other person or group.
