BT GROUP PLC

RESULTS FOR THE SECOND QUARTER AND HALF YEAR TO 30 SEPTEMBER 2015

BT Group plc (BT.L) today announced its results for the second quarter and half year to 30 September 2015.

	Second quarter to 30 September 2015		Half year to 30 September 2015	
	£m	Change	£m	Change
Revenue ¹	4,381	0%	8,659	(1)%
Change in underlying revenue ² excluding transit		2.0%		1.0%
EBITDA ¹	1,442	(1)%	2,891	0%
Profit before tax				
- adjusted ¹	706	2%	1,400	5%
- reported	642	14%	1,274	15%
Earnings per share				
- adjusted ¹	6.9p	0%	13.6p	2%
- reported	6.3p	13%	12.4p	11%
Interim dividend			4.4p	13%
Normalised free cash flow ³	569	£36m	675	£20m
Net debt			5,919	£(1,144)m

Gavin Patterson, Chief Executive, commenting on the results, said:

"We've delivered a good financial performance with revenue⁴ up 2% this quarter.

"Fibre broadband is a success story and we continue to invest heavily to help the UK remain a broadband leader among major European nations. Our open access fibre network now passes 24 million premises and we are not stopping there. We want to get fibre broadband to as many people as possible and we are also pushing ahead with our plans to get ultrafast broadband to ten million premises by the end of 2020. Market-wide demand for fibre remains strong with fibre net additions up 21% as we hit the five million milestone for homes and businesses connected.

"We've seen good demand for BT Sport Europe and this has helped us add a record number of BT TV customers in the quarter. Its contribution has been better than we expected, helping drive a 7% increase in BT Consumer revenue.

Mobile is another growth area and I am pleased our consumer customer base now stands at more than 200,000. And I am also pleased that yesterday, the Competition and Markets Authority provisionally approved our planned acquisition of EE, unconditionally without remedies.

"We are making step changes to improve customer service, as part of our group-wide programme. Openreach's recently launched 'View my Engineer' service is going down well. The 3,000 engineers we hired in the last 18 months are helping us fix faults faster and provide new services sooner. We have also created more than 1,000 new contact centre jobs in the UK, with hundreds more to come, to meet our 2016 commitment for more than 80% of consumer customer calls to be answered in the UK. And we have plans to go even further in years to come.

"Our strategy is delivering and our results show we're on track to achieve our outlook for the year."

Key points for the second quarter:

- Growth in underlying revenue excluding transit, up 2.0%
- EBITDA1 down 1% reflecting our investment in BT Sport Europe
- 106,000 BT TV net additions, our best ever performance
- Strong order book across the group
- Interim dividend of 4.4p, up 13%

Notes:

1. The commentary focuses on the trading results on an adjusted basis, which is a non-GAAP measure, being before specific items. Unless otherwise stated, revenue, operating costs, earnings before interest, tax, depreciation and amortisation (EBITDA), operating profit, profit before tax, net finance expense, earnings per share (EPS) and normalised free cash flow are measured before specific items. This is consistent with the way that financial performance is measured by management and reported to the Board and the Operating Committee and assists in providing a meaningful analysis of the trading results of the group. The directors believe that presentation of the group's results in this way is relevant to the understanding of the group's financial performance as specific items are those that in management's judgement need to be disclosed by virtue of their size, nature or incidence. In determining whether an event or transaction is specific, management considers quantitative as well as qualitative factors such as the frequency or predictability of occurrence. Specific items may not be comparable to similarly titled measures used by other companies. Reported revenue, reported operating costs, reported EBITDA, reported operating profit, reported profit before tax, reported net finance expense, reported EPS and reported free cash flow are the equivalent unadjusted or statutory measures.
2. Trends in underlying revenue, trends in underlying operating costs, and underlying EBITDA are non-GAAP measures which seek to reflect the underlying performance of the group that will contribute to long-term sustainable growth and as such exclude the impact of acquisitions and disposals, foreign exchange movements and any specific items. We focus on the trends in underlying revenue and underlying operating costs excluding transit as transit traffic is low-margin and is significantly affected by reductions in mobile termination rates.
