Item 1.01 Entry into a Material Definitive Agreement.

On June 11, 2007, American Tower Corporation (the Company) issued a press release announcing that it had successfully refinanced its existing \$1.6 billion senior secured credit facilities at the American Tower operating company (AMT OpCo) level with a new \$1.25 billion senior unsecured revolving credit facility of American Tower Corporation.

At closing, the Company drew down approximately \$1.0 billion under the new credit facility and used the net proceeds and cash on hand to repay all amounts outstanding under the existing AMT OpCo credit facilities. The basis for determining interest rates for the new credit facility is determined at the option of the Company with the margin ranging between 0.40% to 1.25% above the LIBOR rate for LIBOR based borrowings or between 0.00% to 0.25% above the defined base rate for base rate borrowings, in each case based upon the Company's debt ratings. A quarterly commitment fee on the undrawn portion of the credit facility is required, ranging from 0.08% to 0.25% per annum, based upon the Company's debt ratings.

The new credit facility contains certain financial ratios and operating covenants and other restrictions (including limitations on additional debt, guaranties, sales of assets and liens) with which the Company must comply. The credit facility contains the following three financial maintenance tests with which the Company must comply:

a consolidated total leverage ratio (Total Debt to Adjusted EBITDA) of not greater than 6.00 to 1.00 for the Company and its subsidiaries (other than unrestricted subsidiaries);

a consolidated senior secured leverage ratio (Senior Secured Debt to Adjusted EBITDA) of not greater than 3.00 to 1.00 for the Company and its subsidiaries (other than unrestricted subsidiaries); and

an interest coverage ratio (Adjusted EBITDA to Interest Expense) of not less than 2.50 to 1.00 for the Company and its subsidiaries (other than unrestricted subsidiaries).

Any failure to comply with the financial and operating covenants of the credit facility would not only prevent the Company from being able to borrow additional funds, but would constitute a default, which could result in, among other things, the amounts outstanding, including all accrued interest and unpaid fees, becoming immediately due and payable.

The loan agreement for the Company's new credit facility is with JPMorgan Chase Bank, N.A. and The Toronto Dominion Bank, New York Branch, as Issuing Banks, Toronto Dominion (Texas) LLC, as Administrative Agent, JPMorgan Chase Bank, N.A., as Syndication Agent, and the lenders that are signatories thereto. The credit facility has a term of five years and matures on June 8, 2012. All amounts will be due and payable in full at maturity. The credit facility does not require amortization of payments and may be paid prior to maturity in whole or in part at the Company's option without penalty or premium. The credit facility allows the Company to use borrowings for working capital needs and other general corporate purposes of the Company and its subsidiaries (including, without limitation, to refinance or repurchase other indebtedness and, provided certain conditions are met, to repurchase the Company's equity securities, in each case without additional lender approval).

The foregoing is only a summary of certain provisions of the new credit facility and is qualified in its entirety by the terms of the loan agreement for the credit facility, a copy of which will be filed as an exhibit to the Company's Quarterly Report on Form 10-Q for the quarter ended June 30, 2007. A copy of the press release is furnished herewith as Exhibit 99.1.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.
