BIRKS & MAYORS REPORTS FIRST QUARTER FISCAL 2009 RESULTS

Montreal, Quebec, August 7, 2008- Birks & Mayors Inc. (the Company or Birks & Mayors) (AMEX:BMJ), which operates 70 luxury jewelry stores across Canada, Florida and Georgia, reported results for the thirteen weeks ended June 28, 2008.

For the 13 Weeks Ended June 28, 2008 (Fiscal 2009) compared to the 13 Weeks Ended June 30, 2007 (Fiscal 2008):

Net sales increased by 6.4% to \$72.4 million from \$68.1 million in the first quarter of Fiscal 2008;

Comparable store sales decreased by 5%, following a 4% comparable store sales increase in the prior year's first quarter; and

Net loss was \$1.9 million, or \$(0.17) per share, as compared to a net loss of \$2.0 million, or \$(0.18) per share during the first quarter of Fiscal 2008.

Tom Andruskevich, President and Chief Executive Officer of Birks & Mayors, commented: As we anticipated, the economic challenges we experienced in Fiscal 2008 continued through the first quarter of Fiscal 2009. In Canada, the pricing strategy implemented in November of last year combined with our ability to increase the sale of higher price point offerings enabled us to generate a modest increase in comparable store sales in our Canadian market despite continued declines in store traffic. However, our Mayors stores, which have been affected by the extremely soft consumer spending environment in Florida, generated disappointing comparable store sales. We are nevertheless satisfied to be delivering improved bottom line results and higher net sales for the period driven by our intense focus on disciplined expense control and inventory management, while realizing the benefit of the Brinkhaus acquisition and the opening of two new stores since the same time last year.

First Quarter Fiscal 2009 Results

For the first quarter of Fiscal 2009, net sales increased by 6.4% to \$72.4 million, as compared to \$68.1 million for the first quarter of Fiscal 2008. Contributing to first quarter Fiscal 2009 net sales were \$5.1 million in sales from the two acquired Brinkhaus stores and two new Mayors stores and \$3.0 million of higher reported sales due to the translation of the Canadian operations into U.S. Dollars at

higher exchange rates due to the appreciation of the Canadian Dollar. Total comparable store sales decreased by 5%, and included a 2% increase in Canada and an 11% decline in the U.S. Comparable store sales results were affected by lower store traffic in both regions, which was offset by a higher average sale in Canada. Comparable store sales are measured on a constant exchange rate basis, which excludes the impact of changes in foreign exchange rates.

Gross profit was \$32.9 million, or 45.4% of net sales, as compared to \$31.6 million, or 46.5% of net sales in the first quarter of Fiscal 2008. The 110 basis point decline in the gross profit margin was primarily driven by the Company's decision in November 2007 to reduce the retail prices of certain products sold in Canada to reduce price disparity with the U.S. market.

Selling, general and administrative (SG&A) expenses were \$31.2 million, or 43.1% of net sales, as compared to \$30.1 million, or 44.2% of net sales in the first quarter of Fiscal 2008. The \$1.1 million increase in SG&A expenses during the first quarter of Fiscal 2009 was primarily driven by a \$1.3 million increase resulting from the impact of foreign exchange rates and a \$1.3 million increase related to additional expenses associated with operating the two acquired Brinkhaus stores and the two new Mayors stores opened since the first quarter last year. These increases were partially offset by lower marketing and incentive compensation expenses recorded during the period.

Although we continue to explore new tactical and strategic programs that are expected to build stronger relationships with existing clients and reach new clients, we expect business conditions to remain difficult, Mr. Andruskevich continued. We will be more targeted in our marketing and provide an even greater level of unique and compelling assortments utilizing fewer resources and we will continue to be disciplined in the management of expenses and inventory.

Fiscal 2009 Guidance

The Company reiterates its guidance for Fiscal 2009 that was issued on June 24, 2008 in connection with the release of its fourth quarter and full year fiscal 2008 results. The Company continues to expect net sales to increase in the low single digit percentage range for the year -while the gross margin rate continues to be projected to increase for the year, albeit very modestly. Capital expenditures are currently projected between \$5 and \$6 million.

Notwithstanding the Company's plans, the luxury retail market continues to be very competitive and could negatively impact our results. In addition, factors such as: rising interest rates, the general level of consumer confidence and resulting changes in consumer spending patterns, fluctuations in foreign exchange rates, tourism and mall traffic, the impact of changes in the real estate markets (especially in the state of Florida), the equity markets, commodity prices and severe weather conditions may have an important influence on the realization of the Company's sales, gross margin and net income plans for fiscal 2009. Actual results could differ materially from our projections.
