**Notes to Financial Statements**

**(Unaudited)**

**1. Organization and Description of the Trust**

The CurrencyShares<sup>SM</sup> Euro Trust (the Trust) was formed under the laws of the State of New York on December 5, 2005 when Rydex Specialized Products LLC d/b/a Rydex Investments (the Sponsor) deposited 100 euro in the Trust's primary deposit account held by JPMorgan Chase Bank, N.A., London Branch (the Depository). The Sponsor is a Delaware limited liability company whose sole member is PADCO Advisors II, Inc. (also d/b/a Rydex Investments). The Sponsor is responsible for, among other things, overseeing the performance of The Bank of New York Mellon (the Trustee) and the Trust's principal service providers, including the preparation of financial statements. The Trustee is responsible for the day-to-day administration of the Trust.

The investment objective of the Trust is for the Trust's shares (the Shares) to reflect the price of the euro plus accrued interest less the Trust's expenses and liabilities. The Shares are intended to provide investors with a simple, cost-effective means of gaining investment benefits similar to those of holding euro. The Trust's assets primarily consist of euro on demand deposit in two deposit accounts maintained by the Depository: a primary deposit account which is expected to earn interest and a secondary deposit account which does not earn interest. The secondary deposit account is used to account for interest received and paid out on creations and redemptions of blocks of 50,000 Shares (Baskets). The secondary account is also used to account for interest earned, if any, on the primary deposit account, pay Trust expenses and distribute any excess interest to holders of Shares (Shareholders) on a monthly basis.

The accompanying unaudited financial statements were prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions for Form 10-Q. In the opinion of management, all material adjustments, consisting only of normal recurring adjustments, considered necessary for a fair statement of the interim period financial statements have been made. Interim period results are not necessarily indicative of results for a full-year period. These financial statements and the notes thereto should be read in conjunction with the Trust's financial statements included in the Form 10-K as filed on December 30, 2008.

**2. Significant Accounting Policies**

**A. Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of the assets, liabilities and disclosures of contingent liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the period. Actual results could differ from those estimates.

**B. Foreign Currency Translation**

The Trustee calculates the Trust's net asset value (NAV) each business day, as described in Note 4. Prior to November 13, 2008, Euro Deposits (cash) were translated for NAV calculation purposes at the Noon Buying Rate, which is the U.S. Dollar (USD)/euro exchange rate as determined and published by the Federal Reserve Bank of New York as of 12:00 PM (New York time) on each day that NYSE Arca is open for regular trading. As of and after November 13, 2008, Euro Deposits (cash) are translated for NAV calculation purposes at the Closing Spot Rate, which is the USD/euro exchange rate as determined by WM/Reuters at 4:00 PM (London time) on each day that NYSE Arca is open for regular trading.

## **Table of Contents**

The functional currency of the Trust is the euro in accordance with Financial Accounting Standard ( FAS ) 52, Foreign Currency Translation. For financial statement reporting purposes, the U.S. Dollar is the reporting currency. As a result, the financial statements are translated from euro to USD. The Closing Spot Rate on the last day of the period is used for translation in the statements of financial condition. The average Closing Spot Rate for the period is used for translation in the statement of income and comprehensive income and the statement of cash flows. Any currency translation adjustment is included in comprehensive income.

### **C. Federal Income Taxes**

The Trust is treated as a grantor trust for federal income tax purposes and, therefore, no provision for federal income taxes is required. Interest, gains and losses are passed through to the Shareholders.

Shareholders generally will be treated, for U.S. federal income tax purposes, as if they directly owned a pro-rata share of the assets held in the Trust. Shareholders also will be treated as if they directly received their respective pro-rata shares of the Trust's income, if any, and as if they directly incurred their respective pro-rata shares of the Trust's expenses. The acquisition of Shares by a U.S. Shareholder as part of a creation of a Basket will not be a taxable event to the Shareholder.

The Sponsor's fee accrues daily and is payable monthly. For U.S. federal income tax purposes, an accrual-basis U.S. Shareholder generally will be required to take into account as an expense its allocable share of the USD-equivalent of the amount of the Sponsor's fee that is accrued on each day, with such USD-equivalent being determined by the currency exchange rate that is in effect on the respective day. To the extent that the currency exchange rate on the date of payment of the accrued amount of the Sponsor's fee differs from the currency exchange rate in effect on the day of accrual, the U.S. Shareholder will recognize a currency gain or loss for U.S. federal income tax purposes.

The Trust does not expect to generate taxable income except for gain (if any) upon the sale of euro and interest income. A non-U.S. Shareholder generally will not be subject to U.S. federal income tax with respect to gain recognized upon the sale or other disposition of Shares, or upon the sale of euro by the Trust, unless: (1) the non-U.S. Shareholder is an individual and is present in the United States for 183 days or more during the taxable year of the sale or other disposition, and the gain is treated as being from United States sources; or (2) the gain is effectively connected with the conduct by the non-U.S. Shareholder of a trade or business in the United States.

A non-U.S. Shareholder's share of any interest income earned by the Trust generally will not be subject to U.S. federal income tax unless the Shares owned by such non-U.S. Shareholder are effectively connected with the conduct by the non-U.S. Shareholder of a trade or business in the United States.

### **D. Revenue Recognition**

Interest on the primary deposit account, if any, accrues daily as earned and is received on a monthly basis.

### **E. Dividends**

To the extent that the interest earned by the Trust exceeds the sum of the Sponsor's fee for the prior month plus other Trust expenses, if any, the Trust will distribute, as a dividend, the excess interest earned in euro effective on the first business day of the subsequent month. The Trustee will direct that the excess euro be converted into USD at the prevailing market rate and the Trustee will distribute the USD as promptly as practicable to Shareholders on a pro rata basis (in accordance with the number of Shares that they own). For the month of January 2009, an income distribution of \$0.12959 per share was paid on February 9, 2009.

**Table of Contents****3. Euro Deposits**

Euro principal deposits are held in a euro-denominated, interest-bearing demand account. For the three months ended January 31, 2009, there were euro principal deposits of 125,000,000 and euro principal redemptions of 85,000,000 resulting in an ending euro principal balance of 435,000,000. This equates to 557,452,065 USD. For the year ending October 31, 2008, there were euro principal deposits of 1,380,000,000 and euro principal redemptions of 1,660,000,000 resulting in an ending euro principal balance of 395,000,000. This equates to 500,939,000 USD. In addition, net interest associated with creation and redemption activity is held in a euro-denominated non-interest-bearing account, and any balance is distributed in full as part of the monthly income distributions.

**4. Redeemable Capital Shares**

Shares are classified as redeemable for financial statement purposes, since they are subject to redemption. Shares are issued and redeemed continuously in Baskets in exchange for euro. Individual investors cannot purchase or redeem Shares in direct transactions with the Trust. Only Authorized Participants (as defined below) may place orders to create and redeem Baskets. An Authorized Participant is a DTC participant that is a registered broker-dealer or other institution eligible to settle securities transactions through the book-entry facilities of the DTC and which has entered into a contractual arrangement with the Trust and the Sponsor governing, among other matters, the creation and redemption process. Authorized Participants may redeem their Shares at any time in Baskets.

Due to expected continuing creations and redemptions of Baskets and the three-day period for settlement of each creation or redemption, the Trust reflects Shares created as a receivable. Shares redeemed are reflected as a liability on the trade date. Outstanding Shares are reflected at a redemption value, which is the NAV per Share at the period end date. Adjustments to redeemable capital shares at redemption value are recorded against retained earnings, or, in the absence of retained earnings, by charges against the cumulative translation adjustment.

Activity in redeemable capital Shares is as follows:

	Three months ended		Year ended	
	January 31, 2009 (Unaudited)		October 31, 2008	
	Shares	U.S. Dollar Amount	Shares	U.S. Dollar Amount
Opening balance	3,950,000	\$ 502,378,480	6,750,000	\$ 979,334,149
Shares issued	1,250,000	164,915,836	13,800,000	2,066,798,350
Shared redeemed	(850,000)	(112,110,607)	(16,600,000)	(2,486,161,939)
Adjustment to period Shares due to currency movement and other		2,832,661		(57,592,080)
Ending redemption balance	4,350,000	\$ 558,016,370	3,950,000	\$ 502,378,480

The Trustee will calculate the Trust's NAV each business day. To calculate the NAV, the Trustee will subtract the Sponsor's accrued fee through the previous day from the euro held by the Trust (including all unpaid interest accrued through the preceding day) and calculate the value of the euro in USD based upon the Closing Spot Rate. If, on a particular evaluation day, the Closing Spot Rate has not been determined and announced by 6:00 PM (London time), then the most recent Closing Spot Rate shall be used to determine the NAV of the Trust unless the Trustee, in consultation with the Sponsor, determines that such price is inappropriate to use as the basis for such valuation. In the event that the Trustee and the Sponsor determine that the most recent Closing Spot Rate is not an appropriate basis for valuation of the Trust's euro, they shall determine an alternative basis for such evaluation to be employed by the Trustee. The Trustee also determines the NAV per Share, which equals the NAV of the Trust divided by the number of outstanding Shares. Shares deliverable under a purchase order are considered outstanding for purposes of determining NAV per Share; Shares deliverable under a redemption order are not considered outstanding for this purpose.

## **Table of Contents**

### **5. Sponsor's Fee**

The Sponsor's fee accrues daily at an annual nominal rate of 0.40% of the euro in the Trust (including all unpaid interest but excluding unpaid fees, each as accrued through the immediately preceding day) and is paid monthly.

The Sponsor assumes and pays the following administrative and marketing expenses incurred by the Trust: the Trustee's monthly fee, NYSE Arca listing fees, SEC registration fees, typical maintenance and transaction fees of the Depository, printing and mailing costs, audit fees and expenses, up to \$100,000 per year in legal fees and expenses, and applicable license fees.

In certain exceptional cases the Trust will pay for some expenses in addition to the Sponsor's fee. These exceptions include expenses not assumed by the Sponsor (i.e., expenses other than those identified in the preceding paragraph), taxes and governmental charges, expenses and costs of any extraordinary services performed by the Trustee or the Sponsor on behalf of the Trust or action taken by the Trustee or the Sponsor to protect the Trust or the interests of Shareholders, indemnification of the Sponsor under the Depository Trust Agreement, and legal expenses in excess of \$100,000 per year.

### **6. Related Parties**

The Sponsor is a related party of the Trust. The Sponsor oversees the performance of the Trustee and the Trust's principal service providers, including the preparation of financial statements, but does not exercise day-to-day oversight over the Trustee or the Trust's service providers. The Sponsor has paid the costs of the Trust's organization and the initial sales of the Shares, as described in Note 5.

### **7. Concentration Risk**

All of the Trust's assets are euro, which creates a concentration risk associated with fluctuations in the price of euro. Accordingly, a decline in the price of euro to USD exchange rate will have an adverse effect on the value of the Shares. Factors that may have the effect of causing a decline in the price of euro include national debt levels and trade deficits, domestic and foreign inflation rates, domestic and foreign interest rates, investment and trading activities of institutions and global or regional political, economic or financial events and situations. Substantial sales of euro by the official sector (central banks, other governmental agencies and related institutions that buy, sell and hold euro as part of their reserve assets) could adversely affect an investment in the Shares.

All of the Trust's euro are held by the Depository. Accordingly, a risk associated with the concentration of the Trust's assets in accounts held by a single financial institution exists and increases the potential for loss by the Trust and the Trust's beneficiaries in the event that the Depository becomes insolvent.

### **8. Commitments and Contingencies**

Under the Trust's organizational documents, the Sponsor is indemnified against any liability or expense it incurs without negligence, bad faith or willful misconduct on its part. The Trust's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Trust that have not yet occurred.

**Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**  
**Cautionary Statement Regarding Forward-Looking Information and Risk Factors**

This report contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements are predictions and actual events or results may differ materially from those expressed in our forward-looking statements. Risks and uncertainties may cause our actual results to differ materially from those expressed in our forward-looking statements.

The value of the Shares relates directly to the value of the euro held by the Trust and fluctuations in the price of the euro could materially adversely affect an investment in the Shares. Readers are urged to review the Risk Factors section contained in the Trust's most recent annual report on form 10-K for a description of other risks and uncertainties that may affect an investment in the Shares.

The discussion and analysis which follows may contain statements that relate to future events or future performance. In some cases, such forward-looking statements can be identified by terminology such as anticipate, expect, intend, plan, believe, seek, outlook and estimate, as similar words and phrases that signify forward-looking statements. Neither Rydex Specialized Products LLC d/b/a Rydex Investments (the Sponsor) nor any other person assumes responsibility for the accuracy or completeness of forward-looking statements. Further, these forward-looking statements are made as of the date of this report, and will not be revised or updated to reflect actual results or changes in the Sponsor's expectations or predictions.

**Trust Overview**

The CurrencyShares<sup>SM</sup> Euro Trust (the Trust) is a grantor trust that was formed on December 5, 2005. The Trust issues shares (the Shares) in blocks of 50,000 each (a Basket) in exchange for deposits of euro and distributes euro in connection with the redemption of Baskets.

The Trust is a passive investment vehicle. The Trust does not have any officers, directors or employees. The investment objective of the Trust is for the Shares to reflect the price of the euro plus accrued interest, less the expenses of the Trust's operations. The Trust does not engage in any activities designed to obtain profit from, or ameliorate losses caused by, changes in the price of euro.

The Shares began trading on the New York Stock Exchange (NYSE) under the ticker symbol FXE on December 12, 2005. Investing in the Shares does not insulate the investor from certain risks, including price volatility.

**Definition of Net Asset Value; Valuation of Euro**

The net asset value (NAV) of the Trust is the aggregate value, expressed in U.S. Dollars (USD), of the Trust's assets. To calculate the NAV, The Bank of New York Mellon (the Trustee) adds to the amount of euro in the Trust at the end of the preceding business day accrued but unpaid interest, euro receivable under pending purchase orders and the value of other Trust assets, and subtracts the accrued but unpaid Sponsor's fee, euro payable under pending redemption orders and other Trust expenses and liabilities, if any.

Prior to November 13, 2008, the NAV was expressed in USD based on the Noon Buying Rate as determined by the Federal Reserve Bank of New York. As of and after November 13, 2008, the NAV has been expressed in USD based on the Closing Spot Rate as determined by WM/Reuters. If, on a particular evaluation day, the Closing Spot Rate has not been determined and announced by 6:00 PM (London time), then the most recent Closing Spot Rate shall be used to determine the NAV of the Trust unless the Trustee, in consultation with the Sponsor, determines that such price is inappropriate to use as the basis for such valuation. The Trustee also determines the NAV per Share, which equals the NAV of the Trust divided by the number of outstanding Shares.

**Table of Contents**

The Sponsor publishes the NAV and NAV per Share on each day that the NYSE Arca is open for regular trading on the Trust's website, [www.currencyshares.com](http://www.currencyshares.com).

The following chart illustrates the movement in the price of the Shares based on (1) NAV per Share, (2) the bid and ask midpoint offered on the NYSE (prior to October 30, 2007) and NYSE Arca (on or after October 30, 2007) and (3) the Noon Buying Rate (prior to November 13, 2008) and the Closing Spot Rate (on or after November 13, 2008) expressed as a multiple of 100 euro:

**Table of Contents****Liquidity**

The Sponsor is not aware of any trends, demands, conditions or events that are reasonably likely to result in material changes to the Trust's liquidity needs. The Trust's Depository, JPMorgan Chase Bank, N.A., London Branch, maintains two deposit accounts for the Trust, a primary deposit account that is expected to earn interest and a secondary deposit account that does not earn interest. Interest on the primary deposit account, if any, accrues daily and is paid monthly. The interest rate paid as of January 31, 2009 was an annual nominal rate of 1.00%. The following chart provides the daily rate paid by the Depository since the Shares began trading:

In exchange for a fee, the Sponsor bears most of the expense incurred by the Trust. As a result, the only ordinary expense of the Trust during the period covered by this report was the Sponsor's fee. Each month the Depository deposits into the secondary deposit account accrued but unpaid interest, if any, and the Trustee withdraws euro from the secondary deposit account to pay the accrued Sponsor's fee for the previous month plus other Trust expenses, if any. In the event that the interest deposited, if any, exceeds the sum of the Sponsor's fee for the prior month plus other Trust expenses, if any, the Trustee converts the excess into USD at a prevailing market rate and distributes the USD as promptly as practicable to Shareholders on a pro rata basis (in accordance with the number of Shares that they own). Distributions paid during the current reporting period follow (annualized yield reflects the estimated annual yield an investor would receive if a monthly distribution stayed the same for the entire year going forward, and is calculated by annualizing the monthly distribution and dividing by the Trust NAV for the dates listed below):

**FXE Distribution History**

<b>Date</b>	<b>Value</b>	<b>NAV</b>	<b>Yield</b>	<b>Annualized Yield</b>
1/2/2009	\$0.21490	\$139.23	0.15%	1.82%
12/1/2008	\$0.26420	\$127.15	0.21%	2.53%
11/3/2008	\$0.34517	\$127.18	0.27%	3.20%

**Critical Accounting Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Sponsor's management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosures of contingent liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the periods covered by this report.

## **Table of Contents**

In addition to the description below, please refer to Note 2 to the consolidated financial statements for further discussion of our accounting policies.

The Trustee calculates the Trust's NAV each business day. For NAV calculation purposes, Euro Deposits (cash) are translated at the Closing Spot Rate as determined by WM/Reuters as of 4:00 PM (London time) on each day that NYSE Arca is open for regular trading.

The functional currency of the Trust is the euro in accordance with Financial Accounting Standard 52, Foreign Currency Translation.

## **Results of Operations**

The trust was formed on December 5, 2005 and the Shares commenced trading on the NYSE on December 12, 2005. The primary listing of the Shares was transferred to NYSE Arca on October 30, 2007. ## **Movements in the Price of Euro**

The investment objective of the Trust is for the Shares to reflect the price of the euro plus accrued interest, less the expenses of the Trust's operations. The Shares are intended to provide institutional and retail investors with a simple, cost-effective means of gaining investment benefits similar to those of holding euro. Each outstanding Share represents a proportional interest in the euro held by the Trust. The following chart provides recent trends on the price of euro. The chart illustrates movements in the price of euro in USD based on the Noon Buying Rate (prior to November 13, 2008) and the Closing Spot Rate (as of and after November 13, 2008).
