

Edgar Filing: OPEN JOINT STOCK CO VIMPEL COMMUNICATIONS - Form 425

OPEN JOINT STOCK CO VIMPEL COMMUNICATIONS

Form 425

November 24, 2009

Filed by: Open Joint Stock Company Vimpel-Communications

pursuant to Rule 425 of the Securities Act of 1933

Subject Company: Open Joint Stock Company Vimpel-Communications

Commission File No.: 001-14522

On November 24, 2009, VimpelCom published its third quarter 2009 earnings release and presentation to investors and conducted a teleconference. Copies of the earnings release and the presentation and excerpts from the transcript of the teleconference follow:

Moscow and New York (November 24, 2009) - Open Joint Stock Company Vimpel-Communications (VimpelCom or the Company) (NYSE: VIP), a leading international provider of telecommunications services operating in Russia, the Commonwealth of Independent States (CIS) and South-East Asia, today announced its financial and operating results for the quarter ended September 30, 2009.

Third Quarter 2009 Highlights and Recent Developments

Operational

Mobile subscribers increased by 1.7 million versus 2Q09, reaching 65.4 million

Successful launch of operations in Vietnam under Beeline brand

Agreement signed to enter Laos mobile market

3G presence in all regions of Russia as of November 21, 2009

Financial

Net operating revenues reached 71.3 billion Russian rubles, an increase of 3.3% versus 2Q09

OIBDA reached a record 36.0 billion rubles, an increase of 2.9% versus 2Q09

Continued strong consolidated fixed and mobile OIBDA margin of 50.4%

Net income attributable to VimpelCom amounted to 13.5 billion rubles

Other

Interim dividend payment of 190.13 rubles per common share proposed by the Board of Directors

Major shareholders agreed to combine their stakes in VimpelCom and Kyivstar in a new company

VimpelCom Announces Third Quarter 2009 Financial and Operating Results

Commenting on the performance of the Company, Boris Nemsic, Chief Executive Officer of VimpelCom, said, "During the third quarter we continued to demonstrate growth in challenging market conditions and delivered a record 71.3 billion rubles in revenues and 36.0 billion rubles in OIBDA with a consolidated fixed and mobile OIBDA margin of 50.4%."

We are particularly pleased with the OIBDA performance which demonstrates our ability to increase revenues and control costs in the new economic environment.

The number of active mobile subscribers reached 65.4 million, which is 13% more than we had a year ago. We serve 1.9 million fixed and mobile broadband subscribers, which makes us one of the largest broadband providers in Russia and the CIS.

Stable operational cash flow strengthened our financial position. As of today, we have repaid more than \$2 billion dollars of our debt and fully funded capital expenditures. We continue to optimize our debt portfolio with the non-ruble portion of our debt decreasing to 76% of our total debt, compared with 85% at the beginning of the year.

On October 5th, 2009, Altimio and Telenor agreed to combine their interests in VimpelCom and Kyivstar, paving the way for the creation of one of the largest telecom operators in the emerging markets. Management of VimpelCom welcomes this transaction and believes that the transaction, when completed, will bring benefits to our shareholders, employees and customers .

Key Consolidated Financial and Operating Results*

* See definitions in Attachment A. Y-o-y stands for 3Q09 vs. 3Q08 comparison while q-o-q stands for 3Q09 vs. 2Q09.

Net operating revenues 3Q 09* (RUR, millions)	Russia	CIS	SEA	Eliminations	Total
Mobile business	51,502	9,221	74	-138	60,659
Fixed business	13,583	2,167	0	-608	15,142
Eliminations	-3,874	-312	0	-277	-4,463
Total net operating revenue	61,211	11,076	74	-1,023	71,338

* Due to the increasing integration between different parts of our business, we include inter-company transactions in the reported revenues of geographic and business segments and indicate the amount of inter-company eliminations within and between the segments. The quarterly net operating revenues increased by 3.5% year-on-year and 3.3% as compared with the previous quarter demonstrating the strength of our core business.

Continued focus on operational efficiency helped us to maintain a strong consolidated fixed and mobile OIBDA margin of 50.4%.

We continue to maintain solid operational cash flow, which provides a basis for further investment in the development of our business. We invested 3.8 billion rubles during the third quarter of 2009. Taking into consideration the further strengthening of the Russian ruble, we have recalculated our CAPEX guidance for 2009 and expect CAPEX to be in the range of 10%-12% of our 2009 annual revenue.

During the third quarter we repaid \$690 million of debt. Our net debt continued to decline from \$6.3 billion at the end of the second quarter down to \$5.5 billion at the end of the third quarter.

Our quarterly net income attributable to VimpelCom amounted to 13.5 billion rubles, including a modest 0.7 billion ruble net foreign exchange gain due to the strengthening of the ruble.

Russia - Financial and Operating Results

RUSSIA (RUR, millions)	3Q 09	3Q 08	y-o-y	2Q 09	q-o-q
Net operating revenues	61,211	58,816	4.1%	59,136	3.5%
OIBDA	30,951	29,457	5.1%	30,279	2.2%
OIBDA margin, %	50.6%	50.1%		51.2%	
Operating income	20,724	20,112	3.0%	20,574	0.7%
Operating income margin, %	33.9%	34.2%		34.8%	
SG&A	15,644	15,191	3.0%	15,417	1.5%
including Sales & Marketing Expenses	4,940	4,918	0.4%	4,726	4.5%
including General & Administrative Costs	10,704	10,273	4.2%	10,691	0.1%

Net income attributable to VimpelCom	13,754	6,274	119.2%	21,835	-37.0%

Our quarterly net operating revenues in Russia amounted to 61.2 billion rubles, growing 3.5% quarter-on-quarter. The quarterly net operating revenues in Russia grew 4.1% compared to the exceptionally strong third quarter of 2008, when we reported high revenues from roaming and handset sales.

The total Russia fixed and mobile OIBDA increased 5.1% year-on-year and reached 30.9 billion rubles with a total fixed and mobile OIBDA margin of 50.6%.

In the mobile segment our revenues increased by 4.2% quarter-on-quarter. Slight upward trends in usage coupled with a seasonal increase from roaming led to an increase in ARPU of 2.8%.

Our fixed-line revenues increased by 4.4% quarter-on-quarter. A seasonal decline in the usage by business customers during the summer months was offset by increasing wholesale revenues, which grew by 13.3% quarter-on-quarter. The fixed-line OIBDA margin decreased quarter-on-quarter from 29.6% to 26.4%. As a result the quarterly fixed-line revenues were also impacted by the appreciation of the Russian ruble as part of our contracts in the business segment are denominated in US dollars and Euro.

In the third quarter of 2009 the total number of residential broadband subscribers in Russia, including FTTB and mobile broadband, reached 1.8 million, a 140% increase year-on-year and a 10% increase quarter-on-quarter.

Mobile subscribers (000)	14,235	12,665	12.4%	13,626	4.5%
Broadband subscribers (000)	97	21	361.9%	80	21.3%

The total quarterly revenues from the CIS markets increased year-on-year by 3.9% to 11.1 billion rubles.

Our continued focus on cost control increased consolidated OIBDA margin for the CIS segment by 2 percentage points to a record high of 48.0%, a remarkable achievement in challenging market conditions.

In the third quarter of 2009, we observed a good increase in subscriber numbers across all markets where we operate. Our subscriber base in the CIS reached 14.2 million active users, 12.4% more than a year ago.

Net income attributable to VimpelCom in the CIS segment reached 86 million rubles in the third quarter, with a modest impact from the foreign exchange gain as compared with the second quarter of 2009.

South-East Asia

Cambodian operations have been actively developing since our launch in May 2009. As of the third quarter of 2009, our services are available in the 17 largest provinces reaching 42% of the country's population. By the end of 2009, we plan to expand coverage to reach more than two thirds of the country's population.

According to the latest independent research Beeline brand awareness was ranked third among 9 mobile operators in Cambodia with brand awareness at 62% on a country-wide level and 98% in the capital.

Two months after the network launch in Vietnam, our networks cover the capital and the two largest cities as well as the 8 most populated provinces. By the end of January 2010, we plan to cover more than 40 provinces of Vietnam with a population of about 41 million.

Our distribution network in Vietnam was extended to more than 10,000 points of sales including traditional retail outlets and new channels like Branded Trade Counters. According to the latest independent research, in the three largest cities of Vietnam the Beeline brand has reached 80% awareness level among the 15-65 year-old audience.

The Company's management will discuss its third quarter 2009 results during a conference call and slide presentation on November 24, 2009 at 6:30 pm Moscow time (10:30 am US ET). The call and slide presentation may be accessed via webcast at the following URL address <http://www.vimpelcom.com>. The conference call replay will be available through December 1, 2009. The slide presentation webcast will also be available for download on VimpelCom's website <http://www.vimpelcom.com>.

The VimpelCom Group consists of telecommunications operators providing voice and data services through a range of mobile, fixed and broadband technologies. The Group includes companies operating in Russia, Kazakhstan, Ukraine, Uzbekistan, Tajikistan, Georgia, Armenia, as well as Vietnam and Cambodia, in territories with a total population of about 340 million. VimpelCom was the first Russian company to list its shares on the New York Stock Exchange (NYSE). VimpelCom's ADSs are listed on the NYSE under the symbol 'VIP'.

This press release contains forward-looking statements, as the phrase is defined in Section 27A of the Securities Act and Section 21E of the Exchange Act. These statements relate to the proposed combination with Kyivstar and its benefits, the Company's 2009 capital expenditures and the Company's development plans in Cambodia and Vietnam. These and other forward-looking statements are based on management's best assessment of the Company's strategic and financial position and of future market conditions and trends. These discussions involve risks and uncertainties, and actual outcome may differ materially from these statements as a result of continued volatility in the economies in the markets in which the Company operates, unforeseen developments from competition, governmental regulation of the telecommunications industries, general political uncertainties in the markets in which the Company operates and/or litigation with third parties. The actual outcome may also differ materially if the Company is unable to obtain all necessary corporate approvals relating to its business, if the Company is unable to successfully integrate newly-acquired businesses, including Golden Telecom, and other factors. There can be no assurance that such risks and uncertainties will not have a material adverse effect on the VimpelCom Group. Certain factors that could cause actual results to differ materially from those discussed in any forward-looking statements include the risks described in the Company's Annual Report on Form 20-F for the year ended December 31, 2008 and other public filings made by the Company with the United States Securities and Exchange Commission, which risk factors are incorporated herein by reference. VimpelCom disclaims any obligation to update developments of these risk factors or to announce publicly any revision to any of the forward-looking statements contained in this release, or to make corrections to reflect future events or developments.

IMPORTANT NOTICE: The proposed exchange offer described in this communication has not yet commenced, and the description of the proposed exchange offer contained in this communication is not an offer to buy or the solicitation of an offer to sell securities.

If the proposed exchange offer is commenced, the Company expects that VimpelCom Ltd. will file with the SEC a registration statement and other related materials with respect to the proposed exchange offer, and the Company will file with the SEC a solicitation/recommendation statement on Schedule 14D-9 with respect to the proposed exchange offer. **Investors and shareholders are urged to read the registration statement and other related materials, the solicitation/recommendation statement on Schedule 14D-9 and any amendments, exhibits or other applicable documents regarding the proposed exchange offer if and when they become available because they will contain important information.** Those materials will be made available to the Company's shareholders at no expense to them. In addition, all of those materials (and all other exchange offer documents filed with the SEC) will be made available at no charge on the SEC's website at www.sec.gov.

- Definitions and tables are attached -

Attachment A: Definitions

Mobile subscribers are those subscribers in the registered subscriber base who were a party to a revenue generating activity in the past three months and remain in the base at the end of the reported period, except for the subscriber base in Cambodia which is calculated on a one month basis. Such activities include all incoming and outgoing calls, subscriber fee accruals, debits related to service, outgoing SMS, MMS, data transmission and receipt sessions, but do not include incoming SMS and MMS sent by our Company or abandoned calls. Total number of mobile subscribers also includes subscribers using mobile internet service via USB modems.

Each ADS represents 0.05 of one share of common stock. This ratio was established effective August 21, 2007.

ARPU (Monthly Average Revenue per User), a non-U.S. GAAP financial measure, is calculated by dividing the Company's service revenue during the relevant period, including roaming revenue and interconnect revenue, but excluding revenue from connection fees, sales of handsets and accessories and other non-service revenue, by the average number of the Company's subscribers during the period and dividing by the number of months in that period. The Company believes that ARPU provides useful information to investors because it is an indicator of the performance of the Company's business operations and assists management in budgeting. The Company also believes that ARPU provides management with useful information concerning usage and acceptance of the Company's services. ARPU should not be viewed in isolation or an alternative to other figures reported under U.S. GAAP.

Broadband subscribers are those subscribers in the registered subscriber base who were a party to a revenue generating activity in the past three months. Such activities include monthly internet access using FTTB, xDSL and WiFi technologies as well as mobile internet service via USB modems.

CIS Geographic Segment for the purpose of VimpelCom reporting includes our operations in the following countries: Kazakhstan, Ukraine, Uzbekistan, Tajikistan, Armenia and Georgia

Fixed-line subscriber is an authorized user of fixed-line communications services.

General and administrative costs (G&A) include salaries and outsourcing costs, including related social contributions required by Russian law; stock price-based compensation expenses; repair and maintenance expenses; rent, including lease payments for base station sites; utilities; other miscellaneous expenses, such as insurance, operating taxes, license fees, and accounting, audit and legal fees.

Households passed are households located within buildings, in which indoor installation of all the FTTB equipment necessary to install terminal residential equipment has been completed.

Mobile services are wireless voice and data transmission services excluding WiFi.

MOU (Monthly Average Minutes of Use per User) is calculated by dividing the total number of minutes of usage for incoming and outgoing calls during the relevant period (excluding guest roamers) by the average number of mobile subscribers during the period and dividing by the number of months in that period.

OIBDA is a non-U.S. GAAP financial measure. OIBDA, previously referred to as EBITDA by the Company, is defined as operating income before depreciation, amortization and impairment loss. The Company believes that

OIBDA provides useful information to investors because it is an indicator of the strength and performance of our business operations, including our ability to finance capital expenditures, acquisitions and other investments and our ability to incur and service debt. While depreciation, amortization and impairment loss are considered operating costs under U.S. GAAP, these expenses primarily represent the non-cash current period allocation of costs associated with long-lived assets acquired or constructed in prior periods. Our OIBDA calculations are commonly used as bases for some investors, analysts and credit rating agencies to evaluate and compare the periodic and future operating performance and value of companies within the telecommunications industry. OIBDA should not be considered in isolation as an alternative to net income attributable to VimpelCom, operating income or any other measure of performance under U.S. GAAP. OIBDA does not include our need to replace our capital equipment over time. Reconciliation of OIBDA to operating income, the most directly comparable U.S. GAAP financial measure, is presented below in the reconciliation tables section.

OIBDA margin is OIBDA expressed as a percentage of net operating revenues. Reconciliation of OIBDA margin to operating income as a percentage of net operating revenues, the most directly comparable U.S. GAAP financial measure, is presented below in the reconciliation tables section.

Prepaid subscribers are those subscribers who pay for their services in advance.

Roaming revenues include both revenues from VimpelCom customers who roam outside of home country network and revenues from other wireless carriers for roaming by their customers on VimpelCom's network.

Sales and marketing costs (S&M) include marketing, advertising and dealer commissions expenses.

Take-up rate for the FTTB network is calculated by dividing the number of FTTB subscribers by the total number of households passed.

VAS (value added services) includes short messages (SMS), multimedia messages (MMS), caller number identification, call waiting, data transmission, mobile Internet, downloadable content and other services.

Capital expenditures (Capex) -purchases of new equipment, new construction, upgrades, software, other long lived assets and related reasonable costs incurred prior to intended use of the non current asset, accounted at the earliest event of advance payment or delivery. Long-lived assets acquired in business combinations are not included in capital expenditures.

SEA VimpelCom operations in South-East Asia, which include operations in Cambodia and VimpelCom's respective equity in net results of operations of the Company's Vietnamese associate GTEL-Mobile JSC (GTEL-Mobile).

Net debt is calculated as the sum of short-term debt and long-term debt minus cash and cash equivalents.

Disclaimer

This presentation contains "forward-looking statements", as the phrase is defined in Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These statements relate, in part, to the proposed combination with Kyivstar and its benefits, the Company's strategy, development plans and anticipated performance. The forward-looking statements are based on management's best assessment of the Company's strategic and financial

position, and future market conditions and trends. These discussions involve risks and uncertainties. The actual outcome may differ materially from these statements as a result of continued volatility in the economies in the markets in which the Company operates, unforeseen developments from competition, governmental regulation of the telecommunications industries and general political uncertainties in the markets in which the Company operates and/or litigation with third parties. The actual outcome may also differ materially if the Company is unable to obtain all necessary corporate approvals relating to its business, if the Company is unable to successfully integrate newly-acquired businesses, including Golden Telecom, and other factors. There can be no assurance that these risks and uncertainties will not have a material adverse effect on the Company, that the Company will be able to grow or that it will be successful in executing its strategy and development plans. Certain factors that could cause actual results to differ materially from those discussed in any forward-looking statements include the risks described in the Company's Annual Report on Form 20-F for the year ended December 31, 2008 and other public filings made by the Company with the United States Securities and Exchange Commission, which risk factors are incorporated herein by reference. The Company disclaims any obligation to update developments of these risk factors or to announce publicly any revision to any of the forward-looking statements contained in this release, or to make corrections to reflect future events or developments.

IMPORTANT NOTICE: The proposed exchange offer described in this communication has not yet commenced, and the description of the proposed exchange offer contained in this communication is not an offer to buy or the solicitation of an offer to sell securities.

If the proposed exchange offer is commenced, the Company expects that VimpelCom Ltd. will file with the SEC a registration statement and other related materials with respect to the proposed exchange offer, and the Company will file with the SEC a solicitation/recommendation statement on Schedule 14D-9 with respect to the proposed exchange offer. Investors and shareholders are urged to read the registration statement and other related materials, the solicitation/recommendation statement on Schedule 14D-9 and any amendments, exhibits or other applicable documents regarding the proposed exchange offer if and when they become available because they will contain important information. Those materials will be made available to the Company's shareholders at no expense to them. In addition, all of those materials (and all other exchange offer documents filed with the SEC) will be made available at no charge on the SEC's website at www.sec.gov.

Excerpts from the Transcript of VimpelCom's November 24, 2009 Earnings Teleconference

[Excerpts from the remarks of Boris Nemsic]

On October 5th, the Company's major shareholders, Telenor and Altimio, proposed to create a new company that would combine VimpelCom's operations with Kyivstar's. Our management team welcomes the deal, which, when completed, will create a powerful new vehicle for growth and will have positive strategic, synergistic and operational value for both companies, their shareholders and their customers.

Presently, VimpelCom's position is very strong: we run a growing profitable business with excellent prospects for further expansion, particularly if the plans to create VimpelCom Ltd are successfully implemented.

This communication contains forward-looking statements, as the phrase is defined in Section 27A of the Securities Act and Section 21E of the Exchange Act. These statements relate to the proposed combination with Kyivstar and its benefits. These and other forward-looking statements are based on management's best assessment of the Company's strategic and financial position and of future market conditions and trends. These discussions involve risks and uncertainties. The actual outcome may differ materially from these statements as a result of continued volatility in the economies in the markets in which the Company operates, unforeseen developments from competition, governmental regulation of the telecommunications industries, general political uncertainties in the markets in which the Company operates and/or litigation with third parties. The actual outcome may also differ materially if the Company is unable to obtain all necessary corporate approvals relating to its business, if the Company is unable to successfully integrate newly-acquired businesses, including Golden Telecom, and other factors. There can be no assurance that such risks and uncertainties will not have a material adverse effect on the VimpelCom Group. Certain factors that could cause actual results to differ materially from those discussed in any forward-looking statements include the risks described in the Company's Annual Report on Form 20-F for the year ended December 31, 2008 and other public filings made by the Company with the United States Securities and Exchange Commission, which risk factors are incorporated herein by reference. VimpelCom disclaims any obligation to update developments of these risk factors or to announce publicly any revision to any of the forward-looking statements contained in this communication, or to make corrections to reflect future events or developments.

IMPORTANT NOTICE: The proposed exchange offer described in this communication has not yet commenced, and the description of the proposed exchange offer contained in this communication is not an offer to buy or the solicitation of an offer to sell securities.

If the proposed exchange offer is commenced, the Company expects that VimpelCom Ltd. will file with the SEC a registration statement and other related materials with respect to the proposed exchange offer, and the Company will file with the SEC a solicitation/recommendation statement on Schedule 14D-9 with respect to the proposed exchange offer. **Investors and shareholders are urged to read the registration statement and other related materials, the solicitation/recommendation statement on Schedule 14D-9 and any amendments, exhibits or other applicable documents regarding the proposed exchange offer if and when they become available because they will contain important information.** Those materials will be made available to the Company's shareholders at no expense to them. In addition, all of those materials (and all other exchange offer documents filed with the SEC) will be made available at no charge on the SEC's website at www.sec.gov.
