Unless otherwise specified in a prospectus supplement accompanying this prospectus, we expect to use the net proceeds from the sale of our securities for general corporate purposes, which may include, among other things, reduction or refinancing of debt or other corporate obligations, the financing of capital expenditures, acquisitions and additions to our working capital.

The actual application of proceeds from the sale of any particular tranche of securities issued hereunder will be described in the applicable prospectus supplement relating to such tranche of securities. The precise amount and timing of the

Table of Contents

application of such proceeds will depend upon our funding requirements and the availability and cost of other funds. We currently have no plans for a specific use of the net proceeds. Until we use the net proceeds from the sale of the securities for these purposes, we may place the net proceeds in temporary investments.

THE SECURITIES WE MAY OFFER

The descriptions of the securities contained in this prospectus, together with the applicable prospectus supplement, summarize all the material terms and provisions of the various types of securities that we may offer. The particular terms of the securities offered by any prospectus supplement will be described in that prospectus supplement. If indicated in an applicable prospectus supplement, the terms of the securities may differ from the terms summarized below. An applicable prospectus supplement will also contain information, where applicable, about material U.S. federal income tax considerations relating to the securities, and the securities exchange, if any, on which the securities will be listed.

We may sell from time to time, in one or more offerings:

- (1) senior notes;
- (2) convertible notes;
- (3) common stock and related rights;
- (4) preferred stock; and
- (5) warrants.

This prospectus may not be used to sell securities unless it is accompanied by a prospectus supplement.

DESCRIPTION OF SENIOR NOTES

This section describes the general terms and provisions of the senior notes that we may issue. The applicable prospectus supplement will describe the specific terms of the senior notes offered through that prospectus supplement as well as any general terms described in this section that will not apply to those senior notes.

Any senior notes issued using this prospectus (Senior Notes) will be our direct unsecured senior obligations. The Senior Notes will be issued under an Indenture between us and a trustee chosen by us and qualified to act as a trustee under the Trust Indenture Act of 1939 (the Trustee).

We have summarized selected provisions of the Indenture below. The summary is not complete. The form of the Indenture has been filed with the SEC as an exhibit to the registration statement of which this prospectus is a part, and you should read the Indenture for provisions that may be important to you. In the summary below we have included references to article or section numbers of the Indenture so that you can easily locate these provisions. Whenever we refer in this prospectus or in the prospectus supplement to particular article or sections or defined terms of the Indenture, those article or sections or defined terms are incorporated by reference herein or therein, as applicable. Capitalized terms used in the summary have the meanings specified in the Indenture.

General

The Indenture provides that Senior Notes in separate series may be issued thereunder from time to time without limitation as to aggregate principal amount. We may specify a maximum aggregate principal amount for the Senior Notes of any series (Section 2.2). We will determine the terms and conditions of the Senior Notes, including the maturity, principal and interest, but those terms must be consistent with the Indenture.

Edgar Filing: RAM ENERGY RESOURCES INC - Form S-3/A

The Senior Notes will rank equally with all of our other senior unsecured and unsubordinated debt. The Senior Notes will be subordinated in right of payment to all our secured indebtedness to the extent of the value of the assets securing such indebtedness whether existing at the date of the Indenture or subsequently incurred.

Table of Contents

The applicable prospectus supplement will set forth the price or prices at which the Senior Notes to be offered will be issued and will describe the following terms of such Senior Notes:

- (1) the title of the Senior Notes;
- (2) any limit on the aggregate principal amount of the Senior Notes;
- (3) the dates on which the principal of the Senior Notes will mature;
- (4) the interest rate that the Senior Notes will bear and the interest payment dates for the Senior Notes or the method to determine each;
- (5) the place or places where payments on the Senior Notes will be payable;
- (6) any terms upon which the Senior Notes may be redeemed, in whole or in part, at our option;
- (7) any provisions that would obligate us to repurchase or otherwise redeem the Senior Notes;
- (8) any addition to or change in the Events of Default;
- (9) whether the Senior Notes are convertible into our common stock, preferred stock or any of our other securities and, if so, the terms and conditions upon which conversion will be effected, including the initial conversion price or conversion rate and any adjustments thereto and the conversion period;
- (10) any addition to or change in the covenants in the Indenture; and
- (11) any other terms of the Senior Notes not inconsistent with the provisions of the Indenture .

Conversion Rights

The Senior Notes may be converted into other securities of our company, if at all, according to the terms and conditions of an applicable prospectus supplement. Such terms will include the conversion price, the conversion period, provisions as to whether conversion will be at the option of the holders of such series of Senior Notes or at the option of our company, the events requiring an adjustment of the conversion price and provisions affecting conversion in the event of the redemption of such series of Senior Notes.

Denomination, Exchange and Transfer

The Senior Notes of each series will be issuable, unless otherwise specified in the applicable prospectus supplement, only in denominations of \$1,000 and integral multiples thereof (Section 2.1).

You may present registered securities for registration of transfer, together with a duly executed form of transfer, at the office of the security registrar designated by us for that purpose with respect to any series of Senior Notes and referred to in the applicable prospectus supplement.

Edgar Filing: RAM ENERGY RESOURCES INC - Form S-3/A

This may be done without service charge but upon payment of any taxes and other governmental charges as described in the applicable prospectus supplement. The security registrar will effect the transfer or exchange upon being satisfied with the documents of title and identity of the person making the request. Unless we appoint another security registrar for the Indenture, the Trustee shall serve as security registrar for the Indenture. We can change the security registrar at any time without notice to the holders of the Senior Notes. We are required to maintain an office in the Borough of Manhattan in New York City, New York, where Senior Notes may be surrendered for registration or transfer (Section 4.2).

Global Notes

The Senior Notes of any series will initially be represented, in whole, by one or more global notes (the Global Notes) that will have an aggregate principal amount equal to that of the Senior Notes they represent. Each Global Note will be registered in the name of a Depositary or its nominee identified in the applicable prospectus supplement, will be deposited with

Table of Contents

such Depository or nominee or its custodian and will bear a legend regarding the restrictions on exchanges and registration of transfer thereof referred to below and any such other matters as may be provided for pursuant to the applicable Indenture. Global Notes will be issued in registered form and in either temporary or permanent form.

Notwithstanding any provision of the Indenture or any Senior Note described in this prospectus, no Global Note, unless its terms so expressly permit, may be exchanged in whole or in part for Senior Notes registered, and no transfer of a Global Note in whole or in part may be registered, in the name of any person other than the Depository for such Global Note or any nominee of such Depository unless:

- (1) the Depository has notified us that it is unwilling or unable to continue as Depository for such Global Note or has ceased to be qualified to act as such as required by the Indenture, and in either case we fail to appoint a successor Depository within 90 days; or
- (2) we, at our option, notify the Trustee in writing that we elect to cause the issuance of notes in the name of persons other than the Depository.

All Senior Notes issued in exchange for a Global Note or any portion thereof will be registered in such names as the Depository may direct (Section 2.6).

As long as the Depository, or its nominee, is the registered holder of a Global Note, the Depository or such nominee, as the case may be, will be considered the sole owner and Holder of such Global Note and the Senior Notes that it represents for all purposes under the Senior Notes and the Indenture (Section 2.1). Except in the limited circumstances referred to above, owners of beneficial interests in a Global Note will not be entitled to have such Global Note or any Senior Notes that it represents registered in their names, will not receive or be entitled to receive physical delivery of certificated Senior Notes in exchange for those interests and will not be considered to be the owners or Holders of such Global Note or any Senior Notes that it represents for any purpose under the Senior Notes or the Indenture. All payments on a Global Note will be made to the Depository or its nominee, as the case may be, as the Holder of the security. The laws of some jurisdictions require that some purchasers of Senior Notes take physical delivery of such Senior Notes in definitive form. These laws may impair the ability to transfer beneficial interests in a Global Note.

Ownership of beneficial interests in a Global Note will be limited to institutions that have accounts with the Depository or its nominee (participants) and to persons that may hold beneficial interests through participants. In connection with the issuance of any Global Note, the Depository will credit, on its book-entry registration and transfer system, the respective principal amounts of Senior Notes represented by the Global Note to the accounts of its participants. Ownership of beneficial interests in a Global Note will be shown only on, and the transfer of those ownership interests will be effected only through, records maintained by the Depository (with respect to participants' interests) or any such participant (with respect to interests of persons held by such participants on their behalf). Payments, transfers, exchanges and other matters relating to beneficial interests in a Global Note may be subject to various policies and procedures adopted by the Depository from time to time. None of us, any Trustee or any agent of ours will have any responsibility or liability for any aspect of the Depository's or any participant's records relating to, or for payments made on account of, beneficial interests in a Global Note, or for maintaining, supervising or reviewing any records relating to such beneficial interests.

Payment and Paying Agents

Unless otherwise indicated in the applicable prospectus supplement, payment of interest on a Senior Note on any interest payment date will be made to the person in whose name such Senior Note is registered at the close of business on the regular record date for such interest (Section 4.1).

Unless otherwise indicated in the applicable prospectus supplement, principal of and any premium and interest on the Senior Notes of a particular series will be payable at the office of such paying agent or paying agents as we may designate for such purpose from time to time. Unless we appoint another paying agent for the Indenture, the Trustee shall serve as paying agent for the Indenture. Any other paying agents initially designated by us for the Senior Notes of a particular series will be named in the applicable prospectus supplement. We may at any time designate additional paying agents or rescind the designation of any paying agent or approve a change in the office through which any paying agent acts, except that we will be required to maintain an office in the Borough of Manhattan in New York City, New York, where Senior Notes may be presented for payment (Section 4.2).

Subject to any applicable abandoned property law, all money paid by us to a paying agent for the payment of the principal of or any premium or interest on any Senior Note which remain unclaimed at the end of two years after such principal, premium or interest has become due and

payable will be repaid to us, and the Holder of such Senior Note thereafter may look only to us for payment (Section 8.6).

(8) certain events of bankruptcy, insolvency or reorganization affecting us or any Restricted Subsidiary. (Section 6.1).

If an Event of Default (other than an Event of Default described in clause (8) above) with respect to the Senior Notes of any series at the time outstanding occurs and is continuing, either the applicable Trustee or the Holders of at least 25% in principal amount of the then outstanding Senior Notes of that series by notice as provided in the Indenture may declare the principal amount of the Senior Notes of that to be due and payable immediately. If an Event of Default described in clause (8) above with respect to the Senior Notes of any series at the time outstanding occurs, the principal amount of all the Senior Notes of that series will automatically, and without any action by the applicable Trustee or any Holder, become immediately due and payable. After any such acceleration, but before a judgment or decree based on acceleration, the Holders of 66 2/3%

of the principal amount of the then outstanding Senior Notes of that series may, under certain circumstances, rescind such acceleration and its consequences if all Events of Default, other than the non-payment of accelerated principal, premium and interest (or other specified amount), have been cured or waived as provided in the Indenture and the rescission does not conflict with any judgment or decree (Section 6.2). For information as to waiver of defaults, see **Modification and Waiver** below.

Subject to the provisions of the Indenture relating to the duties of the Trustee in case an Event of Default has occurred and is continuing, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the Holders (Section 7.1). The Holders of a majority in principal amount of the outstanding Senior Notes of any series will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to the Senior Notes of that series (Section 6.5).

No Holder of a Senior Note of any series will have any right to pursue a remedy with respect to the Indenture, unless:

- (1) such Holder has previously given to the Trustee written notice of a continuing Event of Default with respect to the Senior Notes of that series;
- (2) the Holders of at least 25% in principal amount of the outstanding Senior Notes of that series have made written request to the Trustee to pursue such remedy;
- (3) such Holder offer and, if requested, provide to the Trustee indemnity satisfactory to the Trustee against any loss, liability or expense;
- (4) the Trustee does not comply with the request within 60 days after receipt of the request and the offer and, if requested, the provision of indemnity; and
- (5) during such 60-day period the Holders of 66²/₃% in aggregate principal amount of the then outstanding Notes do not give the Trustee a direction inconsistent with the request.

Notwithstanding the foregoing, the right of any Holder to receive payment of principal, premium, if any, and interest on the Senior Notes, on or after the respective due dates expressed in such Senior Notes (including in connection with a redemption or an offer to purchase the Senior Notes pursuant to the terms of the Indenture), or to bring suit for the enforcement of any such payment on or after such respective dates, shall not be impaired or affected without the consent of such Holder (Section 6.7). We will be required to furnish to the Trustee annually a certificate by one of our officers as to whether or not we, to such officer's knowledge, are in default in the performance or observance of any of the terms, provisions and conditions of the Indenture and, if so, specifying all such known defaults (Section 4.4).

Modification and Waiver

Modifications and amendments of the Indenture may be made by us and the Trustee with the consent of the Holders of 66²/₃% in principal amount of the outstanding Senior Notes of each series affected by such modification or amendment; *provided, however*, that no such modification or amendment may, without the consent of the Holder of each outstanding Senior Note affected thereby:

- (1) change the Stated Maturity Date of the principal of, or any installment of principal of or interest on, any Senior Note;
- (2) reduce the principal amount of, or any premium or interest on, any Senior Note;

Edgar Filing: RAM ENERGY RESOURCES INC - Form S-3/A

- (3) reduce the amount of principal of any Senior Note payable upon acceleration of the Maturity thereof;
- (4) change the place or currency of payment of principal of, or any premium or interest on, any Senior Note;
- (5) impair the right to institute suit for the enforcement of any payment due on or any conversion right with respect to any Senior Note;
- (6) reduce the percentage in principal amount of outstanding Senior Notes of any series, the consent of whose Holders is required for modification or amendment of the Indenture or waiver of compliance with certain provisions of the Indenture;
- (7) modify such provisions with respect to modification, amendment or waiver;

Table of Contents

- (8) except as otherwise provided in the Indenture, consent to the assignment or transfer by us or a Subsidiary Guarantor of any of our rights and obligations under the Indenture;
- (9) alter, modify or change the ranking of any of the Senior Notes or any Subsidiary Guarantee relative to the payment of other indebtedness or obligations of us or any Subsidiary Guarantor, or otherwise adversely affect the ranking of the Senior Notes or Subsidiary Guarantees; and
- (10) release any Subsidiary Guarantee in any manner otherwise than in accordance with the terms of the Indenture, or amend, modify or change any provision of the Indenture (including the Subsidiary Guarantee) which provides for the release of any Subsidiary Guarantee (Section 9.2).

The Holders of 66 ²/₃% in principal amount of the outstanding Senior Notes of any series may waive compliance by us with certain restrictive provisions of the Indenture (Section 9.2). The Holders of 66 ²/₃% in principal amount of the outstanding Senior Notes of any series may waive any past default under the Indenture, except a default in the payment of principal, premium or interest and certain covenants and provisions of the Indenture which cannot be amended without the consent of the Holder of each outstanding Senior Note of such series (Section 9.2).

Satisfaction and Discharge

The Indenture will be discharged and will cease to be of further effect as to all outstanding Senior Notes of any series issued thereunder, when:

- (1) all outstanding Senior Notes of that series that have been authenticated (except lost, stolen or destroyed Senior Notes that have been replaced or paid and Senior Notes for whose payment money has theretofore been deposited in trust and thereafter repaid to us) have been delivered to the Trustee for cancellation; and
- (2) we have paid or caused to be paid all other sums payable by us under the Indenture with respect to the Senior Notes of that series.

Legal Defeasance and Covenant Defeasance

We may elect, at our option at any time, to have the provisions of Section 8.2, relating to defeasance and discharge of indebtedness, which we call legal defeasance, or the provisions of Section 8.3 relating to defeasance of certain restrictive covenants applied to the Senior Notes of any series, which we call covenant defeasance.

Legal Defeasance. The Indenture provides that, upon our exercise of our option to have Section 8.2 applied to any Senior Notes, we will be discharged from all our obligations with respect to such Senior Notes (except for certain obligations to convert, exchange or register the transfer of Senior Notes, to replace stolen, lost or mutilated Senior Notes, to maintain paying agencies and to hold monies for payment in trust). Such defeasance or discharge may occur only if the conditions set forth below in Conditions for Legal Defeasance and Covenant Defeasance are met.

Covenant Defeasance. The Indenture provides that, upon our exercise of our option to have Section 8.3 applied to any Senior Notes, we may omit to comply with certain restrictive covenants and an Events of Default with respect to such restrictive covenants will not be deemed to occur in each case with respect to such Senior Notes.

Conditions for Legal Defeasance and Covenant Defeasance. The following conditions must be met in order for us Legal Defeasance or Covenant Defeasance to occur:

- (1) we shall have deposited in trust for the benefit of the Holders of such Senior Notes of money or Government Securities, or both, which, through the payment of principal and interest in respect thereof in accordance with their terms, will provide money in an amount sufficient to pay the principal of and any premium and interest on such Senior Notes on the respective maturity date or redemption date in accordance with the terms of the Indenture and such Senior Notes;

Edgar Filing: RAM ENERGY RESOURCES INC - Form S-3/A

- (2) in the case of legal defeasance, we shall have delivered to the Trustee an opinion of counsel to the effect that we have received from, or there has been published by, the United States Internal Revenue Service a ruling, or there has been a change in tax law, in either case to the effect that Holders of such Senior Notes will not recognize gain or loss for federal income tax purposes as a result of such deposit and legal defeasance and will be subject to federal income tax on the same amount, in the same manner and at the same times as would have been the case if such deposit and legal defeasance were not to occur;

Table of Contents

- (3) in the case of covenant defeasance, we shall have delivered to the Trustee an opinion of counsel stating that the Holders of the outstanding Notes will not recognize income, gain or loss for federal income tax purposes as a result of such covenant defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such covenant defeasance had not occurred;
- (4) no Event of Default or event that with the passing of time or the giving of notice, or both, shall constitute an Event of Default shall have occurred and be continuing at the time of such deposit or, with respect to any Event of Default described in clause (8) under Events of Default, at any time until 91 days after such deposit;
- (5) such deposit and legal defeasance will not result in a breach or violation of, or constitute a default under, any agreement or instrument to which we are a party or by which we are bound;
- (6) we have delivered to the Trustee an opinion of counsel to the effect that such deposit shall not cause the Trustee or the trust so created to be subject to the Investment Company Act of 1940;
- (7) we shall have delivered to the Trustee an officers' certificate stating that the irrevocable deposit referred in clause (1) above was not made by us with the intent of preferring the Holders over any of our other creditors or any of our Subsidiary Guarantors' creditors with the intent of defeating, hindering, delaying or defrauding our creditors, our Subsidiary Guarantors' creditors or others;
- (8) no event or condition shall exist that would prevent us from making payments of the principal of, or premium, if any, or interest on, the Senior Notes on the date of the irrevocable deposit referred to in clause (1) above or at any time during and ending on the 91st day after the date of such deposit; and
- (9) we shall have delivered to the Trustee an officers' certificate and an opinion of counsel, which, taken together, state that all conditions precedent provided for or relating to the legal defeasance or the covenant defeasance have been complied with (Section 8.4).

Subsidiary Guarantees

Except for certain of our subsidiaries that are specifically so designated in the Indenture, our subsidiaries will jointly and severally and unconditionally guarantee to the Holders our obligations under the Senior Notes.

Governing Law

The Indenture and the Senior Notes will be governed by, and construed in accordance with, the law of the State of New York (Section 11.8).

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of debt securities, common stock or other securities. Warrants may be issued independently or together with debt securities or common stock offered by any prospectus supplement and may be attached to or separate from any such offered securities. Series of warrants may be issued under a separate warrant agreement entered into between us and a bank or trust company, as warrant agent, all as will be set forth in the prospectus supplement relating to the particular issue of warrants. The warrant agent would act solely as our agent in connection with the warrants and would not assume any obligation or relationship of agency or trust for or with any holders of warrants or beneficial owners of warrants.

The following summary of certain provisions of the warrants does not purport to be complete and is subject to, and is qualified in its entirety by reference to, the prospectus supplement relating to the particular issue of warrants offered pursuant to such prospectus supplement for the terms of and information relating to such warrants, including, where applicable:

- (1) the designation, aggregate principal amount, currencies, denominations and terms of the series of debt securities purchasable upon exercise of warrants to purchase debt securities and the price at which such debt securities may be purchased upon such exercise;
- (2) the number of shares of common stock purchasable upon the exercise of warrants to purchase common stock and the price at which such number of shares of common stock may be purchased upon such exercise;

- (7) any other terms of such warrants.

Warrants will be issued in registered form only. The exercise price for warrants will be subject to adjustment as specified in the applicable prospectus supplement.

Each warrant will entitle the holder thereof to purchase such principal amount of debt securities or such number of shares of common stock or other securities at such exercise price as shall in each case be as specified in the prospectus supplement relating to the warrants, which exercise

price may be subject to adjustment upon the occurrence of certain events as set forth in such prospectus supplement. After the close of business on the expiration date, or such later date to which such expiration date may be extended by us, unexercised warrants will become void. The place or places where, and the manner in which, warrants may be exercised shall be specified in the prospectus supplement relating to such warrants.

Table of Contents

Prior to the exercise of any warrants to purchase debt securities, common stock or other securities, holders of such warrants will not have any of the rights of holders of debt securities, common stock or other securities, as the case may be, purchasable upon such exercise, including the right to receive payments of principal of, premium, if any, or interest, if any, on the debt securities purchasable upon such exercise or to enforce covenants in the applicable indenture, or to receive payments of dividends, if any, on the common stock purchasable upon such exercise, or to exercise any applicable right to vote.

BOOK ENTRY SECURITIES

Unless otherwise specified in the applicable prospectus supplement, we will issue to investors securities, other than common stock, in the form of one or more book-entry certificates registered in the name of a depository or a nominee of a depository. Unless otherwise specified in the applicable prospectus supplement, the depository will be The Depository Trust Company, also referred to as DTC. We have been informed by DTC that its nominee will be Cede & Co. Accordingly, Cede is expected to be the initial registered holder of all securities that are issued in book-entry form.

No person that acquires a beneficial interest in securities issued in book-entry form will be entitled to receive a certificate representing those securities, except as set forth in this prospectus or in the applicable prospectus supplement. Unless and until definitive securities are issued under the limited circumstances described below, all references to actions by holders or beneficial owners of securities issued in book-entry form will refer to actions taken by DTC upon instructions from its participants, and all references to payments and notices to holders or beneficial owners will refer to payments and notices to DTC or Cede, as the registered holder of such securities.

DTC has informed us that it is:

- (1) a limited-purpose trust company organized under New York Banking Law;
- (2) a banking organization within the meaning of the New York Banking Law;
- (3) a member of the Federal Reserve System;
- (4) a clearing corporation within the meaning of the New York Uniform Commercial Code; and
- (5) a clearing agency registered under the Exchange Act.

DTC has also informed us that it was created to:

- (1) hold securities for participants ; and
- (2) facilitate the computerized settlement of securities transactions among participants through computerized electronic book-entry changes in participants' accounts, thereby eliminating the need for the physical movement of securities certificates.

Participants have accounts with DTC and include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations. Indirect access to the DTC system also is available to indirect participants such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

Persons that are not participants or indirect participants but desire to buy, sell or otherwise transfer ownership of or interests in securities may do so only through participants and indirect participants. Under the book-entry system, beneficial owners may experience some delay in receiving payments, as payments will be forwarded by our agent to Cede, as nominee for DTC. DTC will forward these payments to its participants, which thereafter will forward them to indirect participants or beneficial owners. Beneficial owners will not be recognized by the applicable registrar,

Edgar Filing: RAM ENERGY RESOURCES INC - Form S-3/A

transfer agent, trustee or depository as registered holders of the securities entitled to the benefits of the certificate, the indenture or any deposit agreement. Beneficial owners that are not participants will be permitted to exercise their rights as an owner only indirectly through participants and, if applicable, indirect participants.

Under the current rules and regulations affecting DTC, DTC will be required to make book-entry transfers of securities among participants and to receive and transmit payments to participants. Participants and indirect participants with which beneficial owners of securities have accounts are also required by these rules to make book-entry transfers and receive and transmit such payments on behalf of their respective account holders.

Because DTC can act only on behalf of participants, who in turn act only on behalf of other participants or indirect participants, and on behalf of banks, trust companies and other persons approved by it, the ability of a beneficial owner of

Table of Contents

securities issued in book-entry form to pledge those securities to persons or entities that do not participate in the DTC system may be limited due to the unavailability of physical certificates for the securities.

DTC has advised us that it will take any action permitted to be taken by a registered holder of any securities under the certificate, the indenture or any deposit agreement only at the direction of one or more participants to whose accounts with DTC the securities are credited.

According to DTC, the information with respect to DTC has been provided to its participants and other members of the financial community for informational purposes only and is not intended to serve as a representation, warranty, or contract modification of any kind.

Unless otherwise specified in the applicable prospectus supplement, a book-entry security will be exchangeable for definitive securities registered in the names of persons other than DTC or its nominee only if:

- (1) DTC notifies us that it is unwilling or unable to continue as depository for the book-entry security or DTC ceases to be a clearing agency registered under the Exchange Act at a time when DTC is required to be so registered;
- (2) we execute and deliver to the applicable registrar, transfer agent, trustee and/or depository an order complying with the requirements of the certificate, the indenture or any deposit agreement that the book-entry security will be so exchangeable; or
- (3) in the case of debt securities, an event of default with respect to the applicable series of debt securities has occurred and is continuing.

Any book-entry security that is exchangeable in accordance with the preceding sentence will be exchangeable for securities registered in such names as DTC directs.

If one of the events described in the immediately preceding paragraph occurs, DTC is generally required to notify all participants of the availability through DTC of definitive securities. Upon surrender by DTC of the book-entry security representing the securities and delivery of instructions for re-registration, the registrar, transfer agent, trustee or depository, as the case may be, will reissue the securities as definitive securities. After reissuance of the securities, such persons will recognize the beneficial owners of such definitive securities as registered holders of securities.

Except as described above:

- (1) a book-entry security may not be transferred except as a whole book-entry security by or among DTC, a nominee of DTC and/or a successor depository appointed by us; and
- (2) DTC may not sell, assign or otherwise transfer any beneficial interest in a book-entry security unless the beneficial interest is in an amount equal to an authorized denomination for the securities evidenced by the book-entry security.

None of us, the trustees, any registrar and transfer agent or any depository, or any agent of any of them, will have any responsibility or liability for any aspect of DTC's or any participant's records relating to, or for payments made on account of, beneficial interests in a book-entry security.

PLAN OF DISTRIBUTION

We may sell the offered securities in and outside the United States (i) through underwriters or dealers, (ii) directly to purchasers, including our affiliates and shareholders, or in a rights offering, (iii) through agents or (iv) through a combination of any of these methods. The prospectus supplement will include the following information:

Edgar Filing: RAM ENERGY RESOURCES INC - Form S-3/A

- (1) the terms of the offering;
- (2) the names of any underwriters, dealers or agents;
- (3) the name or names of any managing underwriter or underwriters;
- (4) the purchase price of the securities;
- (5) the net proceeds from the sale of the securities;
- (6) any delayed delivery arrangements;

Table of Contents

- (7) any underwriting discounts, commissions and other items constituting underwriters' compensation;
- (8) any discounts or concessions allowed or re-allowed or paid to dealers; and
- (9) any commissions paid to agents.

In addition, we may enter into derivative transactions with third parties, or sell securities not covered by this prospectus to third parties in privately negotiated transactions. If the applicable prospectus supplement indicates, in connection with those derivatives, the third parties may sell securities covered by this prospectus and the applicable prospectus supplement, including in short sale transactions. If so, the third parties may use securities pledged by us or borrowed from us or others to settle those sales or to close out any related open borrowings of stock, and may use securities received from us in settlement of those derivatives to close out any related open borrowings of stock. The third parties in such sale transactions will be underwriters and, if not identified in this prospectus, will be identified in the applicable prospectus supplement (or a post-effective amendment). We or one of our affiliates may loan or pledge securities to a financial institution or other third party that in turn may sell the securities using this prospectus. Such financial institution or third party may transfer its short position to investors in our securities or in connection with a simultaneous offering of other securities offered by this prospectus or otherwise.

Sale through Underwriters or Dealers

If we use underwriters in the sale, the underwriters will acquire the securities for their own account for resale to the public. The underwriters may resell the securities from time to time in one or more transactions, including negotiated transactions, at a fixed public offering price or at varying prices determined at the time of sale. Underwriters may offer securities to the public either through underwriting syndicates represented by one or more managing underwriters or directly by one or more firms acting as underwriters. Unless we inform you otherwise in the prospectus supplement, the obligations of the underwriters to purchase the securities will be subject to certain conditions, and the underwriters will be obligated to purchase all of the offered securities if they purchase any of them. The underwriters may change from time to time any initial public offering price and any discounts or concessions allowed or re-allowed or paid to dealers.

Representatives of the underwriters through whom the offered securities are sold for public offering and sale may engage in over-allotment, stabilizing transactions, syndicate short covering transactions and penalty bids in accordance with Regulation M under the Exchange Act. Over-allotment involves syndicate sales in excess of the offering size, which creates a syndicate short position. Stabilizing transactions permit bids to purchase the offered securities so long as the stabilizing bids do not exceed a specified maximum. Syndicate covering transactions involve purchases of the offered securities in the open market after the distribution has been completed in order to cover syndicate short positions. Penalty bids permit the representative of the underwriters to reclaim a selling concession from a syndicate member when the offered securities originally sold by such syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions. Such stabilizing transactions, syndicate covering transactions and penalty bids may cause the price of the offered securities to be higher than it would otherwise be in the absence of such transactions. These transactions may be effected on a national securities exchange and, if commenced, may be discontinued at any time.

Some or all of the securities that we offer through this prospectus may be new issues of securities with no established trading market. Any underwriters to whom we sell our securities for public offering and sale may make a market in those securities, but they will not be obligated to do so and they may discontinue any market making at any time without notice. Accordingly, we cannot assure you of the liquidity of, or continued trading markets for, any securities that we offer.

If we use dealers in the sale of securities, we will sell the securities to them as principals. They may then resell those securities to the public at varying prices determined by the dealers at the time of resale. We will include in the prospectus supplement the names of the dealers and the terms of the transaction.

Direct Sales and Sales through Agents

We may sell the securities directly. In this case, no underwriters or agents would be involved. We may also sell the securities through agents designated from time to time. In the prospectus supplement, we will name any agent involved in the offer or sale of the offered securities, and we will describe any commissions payable to the agent. Unless we inform you otherwise in the prospectus supplement, any agent will agree to use its reasonable best efforts to solicit purchases for the period of its appointment.

Table of Contents

We may sell the securities directly to institutional investors or others who may be deemed to be underwriters within the meaning of the Securities Act with respect to any sale of those securities. We will describe the terms of any such sales in the prospectus supplement.

We may also make direct sales through subscription rights distributed to our existing stockholders on a pro rata basis that may or may not be transferable. In any distribution of subscription rights to our stockholders, if all of the underlying securities are not subscribed for, we may then sell the unsubscribed securities directly to third parties or we may engage the services of one or more underwriters, dealers or agents, including standby underwriters, to sell the unsubscribed securities to third parties.

Remarketing Arrangements

Offered securities may also be offered and sold, if so indicated in the applicable prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more remarketing firms, acting as principals for their own accounts or as agents for us. Any remarketing firm will be identified and the terms of its agreements, if any, with us and its compensation will be described in the applicable prospectus supplement. Remarketing firms may be deemed to be underwriters, as that term is defined in the Securities Act, in connection with the securities remarketed.

Delayed Delivery Arrangements

If we so indicate in the prospectus supplement, we may authorize agents, underwriters or dealers to solicit offers from certain types of institutions to purchase securities from us at the public offering price under delayed delivery contracts. These contracts would provide for payment and delivery on a specified date in the future. The contracts would be subject only to those conditions described in the prospectus supplement. The prospectus supplement will describe the commission payable for solicitation of those contracts.

General Information

We may have agreements with the underwriters, dealers and agents to indemnify them against certain civil liabilities, including liabilities under the Securities Act, or to contribute with respect to payments that the underwriters, dealers or agents may be required to make.

Underwriters, dealers and agents may engage in transactions with, or perform services for, us in the ordinary course of our business.

**DISCLOSURE OF COMMISSION POSITION OF
INDEMNIFICATION FOR SECURITIES ACT LIABILITIES**

Section 145 of the Delaware General Corporation Law, under which we are incorporated, grants each corporation organized thereunder the power to indemnify any person who is or was a director, officer, employee or agent of a corporation or enterprise, against expenses, including attorney's fees, judgments, fines and amounts paid in settlement actually and reasonably incurred by him in connection with any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, other than an action by or in the right of the corporation, by reason of being or having been in any such capacity, if he acted in good faith in a manner reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his conduct was unlawful. Article Eight of our Amended and Restated Certificate of Incorporation, as well as Article VII of our Amended and Restated Bylaws, provide indemnification of directors, officers and agents to the extent permitted by the Delaware General Corporation Law. These provisions may be sufficiently broad to indemnify such persons for liabilities under the Securities Act of 1933.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling the registrant pursuant to the foregoing provisions, the registrant has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is therefore unenforceable.

Item 16. Exhibits.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

- (1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:
 - (i) to include any prospectus required by Section 10(a)(3) of the Securities Act of 1933, as amended (the Securities Act of 1933);
 - (ii) to reflect in the prospectus any facts or events arising after the effective date of this registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in this registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and
