UNDERWRITING

Goldman, Sachs & Co. is acting as Underwriter of this offering. Under the terms and subject to the conditions set forth in the underwriting agreement, the Underwriter has agreed to purchase, and the selling shareholder has agreed to sell to the Underwriter, 19,272,336 shares of our common stock at the price set forth on the cover of this prospectus supplement.

The underwriting agreement provides that the obligation of the Underwriter to purchase the shares included in this offering is subject to approval of legal matters by counsel and to other conditions. The Underwriter is obligated to purchase the 19,272,336 shares of our common stock sold by the selling shareholder under the underwriting agreement if it purchases any of the shares. Goldman, Sachs & Co. proposes to offer the shares of common stock from time to time for sale in one or more transactions on the NYSE, in the over-the-counter market, through negotiated transactions or otherwise at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices, subject to receipt and acceptance by it and subject to its right to reject any order in whole or in part.

We estimate that the expenses for this offering will be approximately \$400,000, and are payable entirely by us. Expenses include the U.S. Securities and Exchange Commission filing fee, printing expenses, legal and accounting fees, transfer agent and registrar fees and other miscellaneous fees and expenses.

In order to facilitate this offering of our common stock, the Underwriter may engage in transactions that stabilize, maintain or otherwise affect the market price of our common stock in accordance with Regulation M under the Securities Exchange Act of 1934, as amended, including the purchase and sale of shares of our common stock in the open market. These stabilizing transactions may have the effect of raising or maintaining the market price of the common stock or preventing or retarding a decline in the market price of the common stock. As a result, the price of the common stock may be higher than the price that might otherwise exist in the open market. Neither we nor the Underwriter make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the common stock. In addition, neither we nor the Underwriter make any representation that the Underwriter will engage in these stabilizing transactions or that any transaction, once commenced, will not be discontinued without notice.

We have not authorized and do not authorize the making of any offer of common stock through any financial intermediary on its behalf, other than offers made by the underwriter with a view to the final placement of the common stock as contemplated in this prospectus supplement. Accordingly, no purchaser of the common stock, other than the Underwriter, is authorized to make any further offer of the common stock on behalf of us or the Underwriter.

A prospectus supplement or accompanying prospectuses in electronic format may be made available on the website maintained by the Underwriter. Other than the prospectus supplement or accompanying prospectuses in electronic format, the information on any of these websites and any other information contained on a website maintained by an underwriter or syndicate member is not part of this prospectus supplement or accompanying prospectuses. In addition, shares may be sold by the Underwriter to securities dealers who resell shares to online brokerage account holders.

We and the selling shareholder have agreed to indemnify the Underwriter against liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments the Underwriter may be required to make because of any of those liabilities.

Actual results could differ materially from those anticipated in these statements as a result of a number of factors, including, but not limited to:

changes in general economic, business and political conditions, including the possibility of intensified international hostilities, acts of terrorism, and changes in either or both the United States and international lending, capital and financial markets;

the effect of legislative initiatives or proposals, statutory changes, governmental or other applicable regulations and/or changes in industry requirements, including privacy regulations;

the risks of reduction in revenue from the elimination of existing and potential customers due to consolidation in or new laws or regulations affecting the banking, retail and financial services industries or due to financial failures or other setbacks suffered by firms in those industries;

changes in the growth rates of the markets for core processing, card issuer, and transaction processing services;

failures to adapt our services and products to changes in technology or in the marketplace; internal or external security breaches of our systems, including those relating to the theft of personal information and computer viruses affecting our software or platforms, and the reactions of customers, card associations and others to any such events;

the reaction of our current and potential customers to the regulatory letter we received about information security, risk management and internal audit following the security breach we experienced in early 2011 and to any other communications about such topics from our regulators or from us;

competitive pressures on product pricing and services including the ability to attract new, or retain existing, customers;

an operational or natural disaster at one of our major operations centers; and

other risks detailed elsewhere in this document and in our other filings with the Securities and Exchange Commission. Other unknown or unpredictable factors also could have a material adverse effect on our business, financial condition, results of operations and prospects. Accordingly, readers should not place undue reliance on these forward-looking statements. We assume no obligation to update or alter our forward-looking statements, whether as a result of new information, future events or otherwise, except as required by law. RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for each year in the five-year period ended December 31, 2012.

	Year Ended December 31,				
	2012	2011	2010	2009	2008
Ratio of Earnings to Fixed Charges(1)	4.0	3.2	3.6	1.9	1.9

Table of Contents

- (1) In calculating the ratio of earnings to fixed charges, earnings are the sum of earnings from continuing operations before income taxes and equity in earnings (losses) of unconsolidated entities plus fixed charges and amortization of capitalized interest, less interest capitalized. Fixed charges include interest expense, capitalized interest and amortization of debt issue costs, as well as the imputed interest component of rental expense. There is no preferred stock outstanding as of the date of this prospectus, and we have paid no preferred dividends to date; accordingly, the ratio of earnings to fixed charges and preferred stock dividends is equal to the ratio of earnings to fixed charges and is not disclosed separately.

DESCRIPTION OF SECURITIES

This prospectus contains summary descriptions of the common stock, preferred stock, depositary shares, debt securities, warrants, purchase contracts and units that we may sell from time to time. These summary descriptions are not meant to be complete descriptions of each security. The particular terms of any security to be issued pursuant hereto will be set forth in a related prospectus supplement. This prospectus and the accompanying prospectus supplement will contain the material terms and conditions for each security.

DESCRIPTION OF CAPITAL STOCK

The following description of select provisions of our Amended and Restated Articles of Incorporation, our Amended and Restated Bylaws and the Georgia law is necessarily general and does not purport to be complete.

This summary is qualified in its entirety by reference in each case to the applicable provisions of our Amended and Restated Articles of Incorporation and Amended and Restated Bylaws, and to the provisions of the Georgia Business Corporation Code. We have incorporated by reference our Amended and Restated Articles of Incorporation and our Amended and Restated Bylaws as exhibits to the registration statement of which this prospectus forms a part.

General

Stock Outstanding. As of February 28, 2013, our authorized capital stock consisted of 800,000,000 shares, of which 600,000,000 are designated Common Stock and have a par value of \$.01 per share, and 200,000,000 shares are designated Preferred Stock and have a par value of \$.01 per share. As of January 31, 2013, 294,489,305 shares of Common Stock and no shares of Preferred Stock were issued and outstanding.

Common Stock

Holders of our Common Stock are entitled to receive dividends that may be declared and paid or set apart for payment upon the Common Stock out of any assets or funds of FIS legally available for the payment of dividends. Holders of our Common Stock have the right to vote for the election of directors and on all other matters requiring shareholder action, each share being entitled to one vote. Upon the voluntary or involuntary dissolution of FIS, the net assets of FIS available for distribution shall be distributed pro rata to the holders of the Common Stock in accordance with the number of shares of Common Stock held by them. The rights and privileges of holders of our Common Stock are subject to the rights and preferences of the holders of any series of Preferred Stock that we may issue in the future, as described below.

Preferred Stock

The Preferred Stock may be issued from time to time by the board of directors as shares of one or more series. The number of shares of each series of Preferred Stock, and the voting powers, designations, preferences, rights, qualifications, limitations and restrictions of or on such shares shall be as fixed and determined by the board of directors prior to the issuance of any such shares, in the manner provided by law. The authority of the board of directors with respect to each series of the Preferred Stock shall include, without limiting the generality of the foregoing, the establishment of any or all of the voting powers, preferences, designations, rights, qualifications,

Table of Contents

limitations and restrictions described in Section 14-2-601(d) of the Georgia Business Corporation Code and any others determined by the board of directors, any of which may be different from or the same as those of any other class or series of FIS s shares.

The board of directors is expressly authorized at any time to adopt resolutions providing for the issuance of, or providing for a change in the number of, shares of any particular series of Preferred Stock and at any time and from time to time to file articles of amendment which are effective without shareholder action to increase or decrease the number of shares included in any series of Preferred Stock (but not to decrease the number of shares in any series below the number of shares then issued), to eliminate the series where no shares are issued, or to set or change in any one or more respects the voting powers, preferences, designations, rights, qualifications, limitations or restrictions relating to the shares of the series, except as otherwise provided by law or in the articles of amendment establishing any such series.

Anti-Takeover Effects of Certain Provisions of our Amended and Restated Articles of Incorporation, Amended and Restated Bylaws and Georgia law

A number of provisions of our Amended and Restated Articles of Incorporation and our Amended and Restated Bylaws deal with matters of corporate governance and the rights of stockholders. The following discussion is a general summary of select provisions of our Amended and Restated Articles of Incorporation, our Amended and Restated Bylaws and certain Georgia law that might be deemed to have a potential anti-takeover effect. These provisions may have the effect of discouraging a future takeover attempt which is not approved by our board of directors but which individual stockholders may deem to be in their best interest or in which stockholders may be offered a substantial premium for their shares over then-current market prices. As a result, stockholders who might desire to participate in such a transaction may not have an opportunity to do so. Such provisions also render the removal of the incumbent board of directors or management more difficult.

Common Stock. Our unissued shares of authorized Common Stock will be available for future issuance without additional stockholder approval. While the authorized but unissued shares are not designed to deter or prevent a change of control, under some circumstances we could use the authorized but unissued shares to create voting impediments or to frustrate persons seeking to effect a takeover or otherwise gain control by, for example, issuing those shares in private placements to purchasers who might side with our board of directors in opposing a hostile takeover bid.

Preferred Stock. The existence of authorized but unissued Preferred Stock could reduce our attractiveness as a target for an unsolicited takeover bid since we could, for example, issue shares of the Preferred Stock to parties that might oppose such a takeover bid or issue shares of the Preferred Stock containing terms the potential acquiror may find unattractive. This ability may have the effect of delaying or preventing a change of control, may discourage bids for our Common Stock at a premium over the market price of our Common Stock, and may adversely affect the market price of, and the voting and the other rights of the holders of, our Common Stock.

Classified Board of Directors and Related Provisions. Our Amended and Restated Articles of Incorporation currently provides that our board of directors must be divided into three classes of directors (each class containing approximately one-third of the total number of directors) serving staggered three-year terms. As a result, approximately one-third of our board of directors will be elected each year. This classified board provision would prevent a third party who acquires control of a majority of our outstanding voting stock from obtaining control of our board of directors until the second annual stockholders meeting following the date the acquiror obtains the controlling interest. However, our Amended and Restated Articles of Incorporation were amended in 2012 to phase out the staggered board, with such change to be fully effective by the time of our annual meeting of shareholders in 2015.

Our Amended and Restated Articles of Incorporation provide that the number of directors is to be set by resolution of our board of directors, from time to time. If the number of directors is increased or decreased, the increase or decrease will be apportioned among the classes so as to maintain, as nearly as possible, an equal number of directors in each class, provided, however, that no decrease in the number of directors in a class will shorten the term of an incumbent director. Any additional director elected to fill a vacancy resulting from an increase in the size of our board will hold office for a term that coincides with the remaining term of the class to which such director is elected, with certain exceptions.

Table of Contents

Our Amended and Restated Articles of Incorporation provide that any vacancy on our board that results from an increase in the number of directors, or from the death, resignation, retirement, disqualification, or removal from office of any director, will be filled by a majority of the remaining members of our board, though less than a quorum, or by the sole remaining director. Any director elected to fill a vacancy resulting from the death, resignation, retirement, disqualification, or removal from office of a director will have the same remaining term as his or her predecessor. Accordingly, our board can prevent any shareholder from enlarging our board and filling the new directorships with that shareholder's own nominees.

Special Meetings of Shareholders. Our Amended and Restated Bylaws provide that special meetings may be called by the chairman of our board of directors, the vice chairman, our chief executive officer, our president, our board of directors by vote at a meeting, a majority of our directors in writing without a meeting, or by unanimous call of our shareholders.

Advance Notice Requirements for Shareholder Proposals and Director Nominees. Our Amended and Restated Bylaws provide that, if one of our shareholders desires to submit a proposal or nominate persons for election as directors at an annual stockholders' meeting, the shareholder's written notice must be received by us not less than 120 days prior to the anniversary date of the date that the proxy statement for the immediately preceding annual meeting of shareholders was released to shareholders. However, if no annual meeting of the shareholders was held in the previous year or if the date of the annual meeting of the shareholders has been changed by more than 30 days from the date contemplated at the time of the previous year's proxy statement, the notice shall be delivered to and received by us not later than the last to occur of (i) the date that is 150 days prior to the date of the contemplated annual meeting or (ii) the date that is 10 days after the date of the first public announcement or other notification to the shareholders of the date of the contemplated annual meeting. The notice must describe the proposal or nomination and set forth the name and address of, the stock held of record and beneficially by, the stockholder and other specified information. The presiding officer of the meeting may refuse to acknowledge a proposal or nomination not made in compliance with the procedures contained in our Amended and Restated Bylaws. The advance notice requirements regulating stockholder nominations and proposals may have the effect of precluding a contest for the election of directors or the introduction of a stockholder proposal if the requisite procedures are not followed and may discourage or deter a third-party from conducting a solicitation of proxies to elect its own slate of directors or to introduce a proposal.

Other Constituencies

In discharging the duties of their respective positions and in determining what is believed to be in the best interests of our company, our board, committees of our board, and individual directors, in addition to considering the effects of any action on FIS or its shareholders, is authorized under a provision of our Amended and Restated Articles of Incorporation to consider the interests of our employees, customers, suppliers, and creditors and the employees, customers, suppliers, and creditors of our subsidiaries, the communities in which our offices or other establishments are located, and all other factors the directors consider pertinent. This provision permits our board to consider numerous judgmental or subjective factors affecting a proposal for a business combination, including some non-financial matters, and on the basis of these considerations, our board may be permitted to oppose a business combination or other transaction which, viewed exclusively from a financial perspective, might be attractive to some, or even a majority, of our shareholders.

Amendment of Our Articles

Under the Georgia Business Corporation Code in general, and except as otherwise provided by our articles of incorporation, amendments to our Amended and Restated Articles of Incorporation must be recommended to the shareholders by our board and approved at a properly called shareholder meeting by a majority of the votes entitled to be cast on the amendment by each voting group entitled to vote on the amendment. Our articles of incorporation require the affirmative vote of the holders of not less than two-thirds of the votes entitled to be cast by the holders of all then outstanding shares of voting stock, voting together as a single class, to make, alter, amend, change, add to, or repeal any provision of, our Amended and Restated Articles of Incorporation or Amended and Restated Bylaws where such creation, alteration, amendment, change, addition, or repeal would be inconsistent with the provisions of our articles relating to:

the number of members of our board;

Table of Contents

the classification of our board into classes of directors with staggered terms;

the filling of vacancies on our board; or

the ability of our board of directors to adopt amendments to our Amended and Restated Bylaws.

Notwithstanding the foregoing, this two-thirds vote is not required for any alteration, amendment, change, addition, or repeal recommended by a majority of our board.

Amendment of Our Bylaws

Under the Georgia Business Corporation Code in general, and subject to our articles of incorporation and the requirements of the business combination and fair price provisions described below, our bylaws may be altered, amended, or repealed by our board or by the affirmative vote of the holders of a majority of the shares of our common stock entitled to vote and actually voted on such matter.

Anti-Takeover Legislation Georgia Law

We are covered by two provisions of the Georgia Business Corporation Code, or Georgia Code, that restrict business combinations with interested shareholders: the business combination provision and the fair price provision. These provisions do not apply to a Georgia corporation unless its bylaws specifically make the statute applicable, and once adopted, in addition to any other vote required by the corporation's articles of incorporation or bylaws to amend the bylaws, such a bylaw may be repealed only by the affirmative vote of at least two-thirds of the continuing directors and a majority of the votes entitled to be cast by the voting shares of such corporation, other than shares beneficially owned by an interested shareholder and, with respect to the fair price provision, his, her, or its associates and affiliates

Interested Shareholders Transactions

The business combination provision of the Georgia Code generally prohibits Georgia corporations from entering into certain business combination transactions with any interested shareholder, generally defined as any person other than the corporation or its subsidiaries beneficially owning at least 10% of the outstanding voting stock of the corporation, for a period of five years from the date that person became an interested shareholder, unless:

prior to that shareholder becoming an interested shareholder, the board of directors of the corporation approved either the business combination or the transaction by which the shareholder became an interested shareholder;

in the transaction in which the shareholder became an interested shareholder, the interested shareholder became the beneficial owner of at least 90% of the voting stock outstanding, excluding, for purposes of determining the number of shares outstanding, Insider Shares, as defined below, at the time the transaction commenced; or

subsequent to becoming an interested shareholder, such shareholder acquired additional shares resulting in the interested shareholder being the beneficial owner of at least 90% of the outstanding voting shares, excluding, for purposes of determining the number of shares outstanding, Insider Shares, and the transaction was approved at an annual or special meeting of shareholders by the holders of a majority of the voting stock entitled to vote thereon, excluding from such vote, Insider Shares and voting stock beneficially owned by the interested shareholder.

Table of Contents

For purposes of this provision, Insider Shares refers generally to shares owned by:

persons who are directors or officers of the corporation, their affiliates, or associates;

subsidiaries of the corporation; and

any employee stock plan under which participants do not have the right, as determined exclusively by reference to the terms of such plan and any trust which is part of such plan, to determine confidentially the extent to which shares held under such plan will be tendered in a tender or exchange offer.

A Georgia corporation's bylaws must specify that all requirements of this provision apply to the corporation in order for this provision to apply. Our Amended and Restated Bylaws contain a provision stating that all requirements of this provision, and any successor provision, apply to us.

Fair Price Requirements

The fair price provision of the Georgia Business Corporation Code imposes certain requirements on business combinations of a Georgia corporation with any person who is an interested shareholder of that corporation. In addition to any vote otherwise required by law or the corporation's articles of incorporation, under the fair price provision, business combinations with an interested shareholder must meet one of the three following criteria designed to protect a corporation's minority shareholders:

the transaction must be unanimously approved by the continuing directors of the corporation, generally directors who served prior to the time an interested shareholder acquired 10% ownership and who are unaffiliated with such interested shareholder, provided that the continuing directors constitute at least three members of the board of directors at the time of such approval;

the transaction must be recommended by at least two-thirds of the continuing directors and approved by a majority of the votes entitled to be cast by holders of voting shares, other than voting shares beneficially owned by the interested shareholder who is, or whose affiliate is, a party to the business combination; or

the terms of the transaction must meet specified fair pricing criteria and certain other tests.

A Georgia corporation's bylaws must specify that all requirements of the fair price provision apply to the corporation in order for the fair price provision to apply. Our Amended and Restated Bylaws contain a provision stating that all requirements of the fair price provision, and any successor provisions thereto, apply to us.

Removal of Directors

The Georgia Business Corporation Code also contains a provision commonly referred to as the removal provision, which among other things, limits the ability of shareholders of a Georgia corporation to remove its directors if they serve staggered terms. The removal provision generally provides that:

directors having staggered terms may be removed only for cause, unless the corporation's articles of incorporation or a bylaw provision adopted by the corporation's shareholders provides otherwise;

directors may be removed only by a majority vote of the shares entitled to vote for the removal of directors; and

a director may be removed by a corporation's shareholders only at a meeting called for the purpose of removing him or her and the meeting notice must state that purpose, or one of the purposes, of the meeting is removal of the director.

Table of Contents

Neither our Amended and Restated Articles of Incorporation nor our Amended and Restated Bylaws contain a provision permitting the removal of our directors other than for cause. Accordingly, until our staggered board is eliminated in 2015 as described above, the removal provision could have the effect of restricting the ability of our shareholders to remove incumbent directors and fill the vacancies created by such removal with their own nominees.

Limitations on Director Liability

Under the provisions of the Amended and Restated Articles of Incorporation, no director shall have any liability to us or to our shareholders for monetary damages for any action taken, or failure to take any action, as a director, except for: (1) any appropriation of any business opportunity of ours in violation of the director's duties; (2) acts or omissions which involve intentional misconduct or a knowing violation of law; (3) the types of liability set forth in Section 14-2-832 of the Georgia Business Corporation Code (relating to unlawful dividends and other distributions); or (4) any transaction from which the director received an improper personal benefit.

DESCRIPTION OF DEPOSITARY SHARES

The following outlines some of the general terms and provisions of the depositary shares. Further terms of the depositary shares and the applicable deposit agreement will be stated in the applicable prospectus supplement. The following description and any description of the depositary shares in a prospectus supplement may not be complete and is subject to and qualified in its entirety by reference to the terms and provisions of the deposit agreement, a form of which has been filed as an exhibit to the registration statement of which this prospectus forms a part.

The particular terms of the depositary shares offered by any prospectus supplement and the extent to which the general provisions described below may apply to such depositary shares will be outlined in the applicable prospectus supplement.

General

We may choose to offer fractional interests in debt securities or fractional shares of preferred stock. We may issue fractional interests in debt securities or preferred stock, as the case may be, in the form of depositary shares. Each depositary share would represent a fractional interest in a security of a particular series of debt securities or a fraction of a share of a particular series of preferred stock, as the case may be, and would be evidenced by a depositary receipt.

We will deposit the debt securities or shares of preferred stock represented by depositary shares under a deposit agreement between us and a depositary which will be named in the applicable prospectus supplement. Subject to the terms of the deposit agreement, as an owner of a depositary share, you will be entitled, in proportion to the applicable fraction of a debt security or share of preferred stock represented by the depositary share, to all the rights and preferences of the debt security or preferred stock, as the case may be, represented by the depositary share, including, as the case may be, interest, dividend, voting, conversion, redemption, sinking fund, repayment at maturity, subscription and liquidation rights.

Interest, Dividends and Other Distributions

The depositary will distribute all payments of interest, cash dividends or other cash distributions received on the debt securities or preferred stock, as the case may be, to you in proportion to the number of depositary shares that you own. In the event of a distribution other than in cash, the depositary will distribute property received by it to you in an equitable manner, unless the depositary determines that it is not feasible to make a distribution. In that case, the depositary may sell the property and distribute the net proceeds from the sale to you.

Table of Contents

Redemption of Depositary Shares

If a debt security or series of preferred stock represented by depositary shares is redeemed, the depositary will redeem your depositary shares from the proceeds received by the depositary resulting from the redemption. The redemption price per depositary share will be equal to the applicable fraction of the redemption price per debt security or share of preferred stock, as the case may be, payable in relation to the redeemed series of debt securities or preferred stock. Whenever we redeem debt securities or shares of preferred stock held by the depositary, the depositary will redeem, as of the same redemption date, the number of depositary shares representing, as the case may be, fractional interests in the debt securities or shares of preferred stock redeemed. If fewer than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot, proportionately or by any other equitable method as the depositary may determine.

Exercise of Rights under the Indentures or Voting the Preferred Stock

Upon receipt of notice of any meeting at which you are entitled to vote, or of any request for instructions or directions from you as holder of fractional interests in debt securities or preferred stock, the depositary will mail to you the information contained in that notice. Each record holder of the depositary shares on the record date will be entitled to instruct the depositary how to give instructions or directions with respect to the debt securities represented by that holder's depositary shares or how to vote the amount of the preferred stock represented by that holder's depositary shares. The record date for the depositary shares will be the same date as the record date for the debt securities or preferred stock, as the case may be. The depositary will endeavor, to the extent practicable, to give instructions or directions with respect to the debt securities or to vote the amount of the preferred stock, as the case may be, represented by the depositary shares in accordance with those instructions. We will agree to take all reasonable action which the depositary may deem necessary to enable the depositary to do so. The depositary will abstain from giving instructions or directions with respect to your fractional interests in the debt securities or voting shares of the preferred stock, as the case may be, if it does not receive specific instructions from you.

Amendment and Termination of the Deposit Agreement

We and the depositary may amend the form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement at any time. However, any amendment which materially and adversely affects the rights of the holders of the depositary shares will not be effective unless the amendment has been approved by the holders of at least a majority of the depositary shares then outstanding.

The deposit agreement will terminate if:

all outstanding depositary shares have been redeemed;

if applicable, the debt securities and the preferred stock represented by depositary shares have been converted into or exchanged for common stock or, in the case of debt securities, repaid in full; or

there has been a final distribution in respect of the preferred stock, including in connection with the liquidation, dissolution or winding-up of FIS, and the distribution proceeds have been distributed to you.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering to us notice of its election to do so. We also may, at any time, remove the depositary. Any resignation or removal will take effect upon the appointment of a successor depositary and its acceptance of such appointment. We must appoint the successor depositary within 60 days after delivery of the notice of resignation or removal. The successor depositary must be a bank or trust company having its principal office in the United States and having total assets of not less than \$1 billion.

Table of Contents

Charges of Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay charges of the depositary in connection with the initial deposit of the debt securities or preferred stock, as the case may be, and issuance of depositary receipts, all withdrawals of depositary shares of debt securities or preferred stock, as the case may be, by you and any repayment or redemption of the debt securities or preferred stock, as the case may be. You will pay other transfer and other taxes and governmental charges, as well as the other charges that are expressly provided in the deposit agreement to be for your account.

Miscellaneous

The depositary will forward all reports and communications from us which are delivered to the depositary and which we are required or otherwise determine to furnish to holders of debt securities or preferred stock, as the case may be. Neither we nor the depositary will be liable under the deposit agreement to you other than for gross negligence, willful misconduct or bad faith. Neither we nor the depositary will be obligated to prosecute or defend any legal proceedings relating to any depositary shares, debt securities or preferred stock unless satisfactory indemnity is furnished. We and the depositary may rely upon written advice of counsel or accountants, or upon information provided by persons presenting debt securities or shares of preferred stock for deposit, you or other persons believed to be competent and on documents which we and the depositary believe to be genuine.

DESCRIPTION OF DEBT SECURITIES

As used in this prospectus, debt securities means the debentures, notes, bonds and other evidences of indebtedness that we may issue from time to time. The debt securities will either be senior debt securities or subordinated debt securities. Unless the applicable prospectus supplement states otherwise, senior debt securities will be issued under a Senior Indenture to be entered into between Fidelity National Information Systems, Inc., certain of our subsidiaries that may guarantee the securities and The Bank of New York Mellon Trust Company, N.A. and subordinated debt securities will be issued under a Subordinated Indenture to be entered into with The Bank of New York Mellon Trust Company, N.A. This prospectus sometimes refers to the Senior Indenture and the Subordinated Indenture collectively as the Indentures and each individually as an Indenture.

The Senior Indenture and form of Subordinated Indenture are incorporated by reference as exhibits to the registration statement of which this prospectus forms a part. The statements and descriptions in this prospectus or in any prospectus supplement regarding provisions of the Indentures and debt securities are summaries thereof, do not purport to be complete and are subject to, and are qualified in their entirety by reference to, all of the provisions of the Indentures and the debt securities, including the definitions therein of certain terms.

General

The debt securities will be unsecured obligations of ours. The senior debt securities will rank equally with all of our other senior and unsubordinated debt. The subordinated debt securities will be subordinate and junior in right of payment to all of our present and future senior indebtedness to the extent described in the applicable prospectus supplement.

Because we are a holding company that conducts our operations through our subsidiaries, holders of debt securities will generally have a junior position to claims of creditors of our subsidiaries, including trade creditors, debtholders, secured creditors, taxing authorities, and guarantee holders, except to the extent our subsidiaries guarantee the debt securities. As of December 31, 2012, our subsidiaries had approximately \$2,265,300,000 of total liabilities that were reflected on our consolidated balance sheet. Moreover, our ability to pay principal and interest on the debt securities is, to a large extent, dependent upon our receiving dividends, interest or other amounts from our subsidiaries.

The Indentures do not limit the aggregate principal amount of debt securities that we may issue and provide that we may issue debt securities under them from time to time in one or more series. The Indentures also do not limit our ability to incur other debt.

Table of Contents

Each prospectus supplement will describe the terms relating to the specific series of debt securities being offered. These terms will include, among other things, some or all of the following:

the title of the debt securities, including CUSIP numbers, and whether they are subordinated debt securities or senior debt securities;

any limit on the aggregate principal amount of the debt securities which may be authenticated and delivered under the applicable Indenture;

any other terms of the debt securities and any deletions from or modifications or additions to the applicable Indenture.
Unless otherwise specified in the applicable prospectus supplement, the debt securities will not be listed on any securities exchange.

Edgar Filing: WILDCARD SYSTEMS INC - Form 424B7

Unless otherwise specified in the applicable prospectus supplement, the debt securities will be issued only in registered form without coupons or in the form of one or more global securities. Unless otherwise specified in the applicable prospectus supplement, bearer securities will have interest coupons attached.

Table of Contents

Debt securities may be sold at a substantial discount below their stated principal amount, bearing no interest or interest at a rate which at the time of issuance is below market rates. The applicable prospectus supplement will describe the federal income tax consequences and special considerations applicable to any such debt securities. The debt securities may also be issued as indexed securities or securities denominated in foreign currencies or currency units, as described in more detail in the prospectus supplement relating to any of the particular debt securities. The prospectus supplement relating to specific debt securities will also describe any special considerations and certain additional tax considerations applicable to such debt securities.

Subsidiary Guarantors

Each of our wholly owned domestic subsidiaries that guarantees our obligations under the Credit Agreement (as defined below) will initially be a party to the Senior Indenture. If so specified in the applicable prospectus supplement, some or all of such subsidiaries (each, a Subsidiary Guarantor) will guarantee the senior debt securities of a series. Unless otherwise specified, these guarantees will be senior obligations of each Subsidiary Guarantor and will rank equal with all existing and future senior Debt (as defined below) of such Subsidiary Guarantor and senior to all subordinated Debt of such Subsidiary Guarantor. The guarantees will be effectively subordinated to any secured Debt of such Subsidiary Guarantor to the extent of the assets securing such Debt. The guarantees will be full and unconditional, provided that the Senior Indenture provides that the obligations of a Subsidiary Guarantor under its applicable guarantee will be limited to the maximum amount as will result in the obligations of such Subsidiary Guarantor under the guarantee not to be deemed to constitute a fraudulent conveyance or fraudulent transfer under federal or state law. By virtue of this limitation, a Subsidiary Guarantor's obligations under its guarantee could be significantly less than amounts payable with respect to the debt securities of a series, or a Subsidiary Guarantor may have effectively no obligation under its guarantee.

If so specified in the applicable prospectus supplement, after the initial issuance of senior debt securities of a series, we will cause each new wholly-owned domestic subsidiary of ours that incurs any Debt under our Credit Facilities (as defined below) to become an additional Subsidiary Guarantor of such debt securities on the terms set forth above.

The guarantee of a Subsidiary Guarantor with respect to a series of senior debt securities will terminate and be discharged and of no further force and effect and the applicable Subsidiary Guarantor will be automatically and unconditionally released from all of its obligations thereunder:

- (1) concurrently with any direct or indirect sale or other disposition (including by way of consolidation, merger or otherwise) of the Subsidiary Guarantor or the sale or disposition (including by way of consolidation, merger or otherwise) of all or substantially all the assets of the Subsidiary Guarantor (other than to FIS or a subsidiary);
- (2) at any time that such Subsidiary Guarantor is released from all of its obligations (other than contingent indemnification obligations that may survive such release) under all of its guarantees of all Debt of FIS under the Credit Facilities except a discharge by or as a result of payment under such guarantee;
- (3) upon the merger or consolidation of any Subsidiary Guarantor with and into FIS or a Subsidiary Guarantor that is the surviving person in such merger or consolidation, or upon the liquidation of such Subsidiary Guarantor following or contemporaneously with the transfer of all of its assets to FIS or a subsidiary;
- (4) upon the defeasance or discharge of the debt securities of such series, as provided in the Senior Indenture or upon satisfaction and discharge of the Senior Indenture; or
- (5) upon the prior consent of the holders of all the debt securities of such series then outstanding.

Subordination

Subordinated debt securities will be subordinate and junior in right of payment to all of our senior indebtedness. The prospectus supplement relating to any offering of subordinated debt securities will describe the specific subordination provisions.

Table of Contents

In the event subordinated debt securities are issued pursuant to the Subordinated Indenture or any other subordinated indenture with a trustee which is also a trustee for senior debt securities pursuant to the Senior Indenture, the occurrence of any default under such subordinated indenture or such Senior Indenture could create a conflicting interest for the respective trustee under the Trust Indenture Act of 1939. If such default has not been cured or waived within 90 days after such trustee has or acquires a conflicting interest, such trustee generally is required by the Trust Indenture Act of 1939 to eliminate such conflicting interest or resign as trustee with respect to the debt securities issued under such Senior Indenture or such subordinated indenture. In the event of the trustee's resignation, we will promptly appoint a successor trustee with respect to the affected securities.

Restrictive Covenants

Unless an accompanying prospectus supplement states otherwise, the following restrictive covenants shall apply to each series of senior debt securities:

Limitation on Liens. We shall not, and shall not permit any of our subsidiaries to, create or assume any mortgage, pledge, lien, charge, security interest, conditional sale or other title retention agreement or other encumbrance ("lien") on any Principal Facility, or upon any stock or Debt of any subsidiary, to secure Debt unless the senior debt securities of each series then outstanding are, for so long as such Debt is so secured, secured by such lien equally and ratably with (or prior to) such Debt. However, this requirement does not apply to:

- (1) liens existing on the date of the Senior Indenture;
- (2) liens securing all or any portion of any Debt (x) pursuant to the Credit Agreement or (y) pursuant to any debt instrument or agreement ("Refinancing Debt") that in whole or in part refinances, refunds, extends or renews the Credit Agreement or any Refinancing Debt;
- (3) any lien for taxes or assessments or other governmental charges or levies not overdue for more than 30 days (or which, if due and payable, are being contested in good faith and for which adequate reserves are being maintained, to the extent required by GAAP) or the nonpayment of which in the aggregate would not reasonably be expected to have a material adverse effect on us and our subsidiaries taken as a whole;
- (4) any warehousemen's, materialmen's, landlord's or other similar liens arising by law for sums not overdue for more than 30 days (or which, if due and payable, are being contested in good faith and with respect to which adequate reserves are being maintained, to the extent required by GAAP) or the nonpayment of which in the aggregate would not reasonably be expected to have a material adverse effect on us and our subsidiaries taken as a whole;
- (5) survey exceptions, encumbrances, easements or reservations of, or rights of others for, licenses, rights-of-way, sewers, electric lines, telephone lines and other similar purposes, or zoning or other similar restrictions as to the use of real properties or liens incidental to the conduct of the business of such person or to the ownership of its properties which do not individually or in the aggregate materially adversely affect the value of FIS and its subsidiaries taken as a whole or materially impair the operation of the business of FIS and its subsidiaries taken as a whole;
- (6) pledges or deposits (i) in connection with workers' compensation, unemployment insurance and other types of statutory obligations or the requirements of any official body; (ii) to secure the performance of tenders, bids, surety, stay, customs, appeals, or performance bonds, leases, purchase, construction, sales or servicing contracts (including utility contracts) and other similar obligations incurred in the normal course of business consistent with industry practice (including, without limitation, those to secure health, safety and environmental obligations); (iii) to obtain or secure obligations with respect to letters of credit, guarantees, bonds or other sureties or assurances given in connection with the activities described in clauses (i) and (ii) above, in each case not incurred or made in connection with the borrowing of money, the obtaining of advances or credit or the payment of the deferred purchase price of property or services or imposed by ERISA or the Internal Revenue Code in connection with a plan (as defined in ERISA); or (iv) arising in connection with any attachment unless such liens shall not be satisfied or discharged or stayed pending appeal within 60 days after the entry thereof or the expiration of any such stay;

Table of Contents

(7) liens on property or assets of a person existing at the time such person is acquired or merged with or into or consolidated with us or with a subsidiary, or becomes a subsidiary (and not created or incurred in anticipation of such transaction), *provided* that such liens are not extended to our property and assets or the property and assets of our subsidiaries, other than the property or assets acquired;

Each lien, if any, granted, pursuant to the provisions described above, to secure any senior debt securities shall automatically and unconditionally be deemed to be released and discharged upon the release and discharge of the lien whose existence caused such securities to be required to be so secured. For purposes of determining compliance with this covenant, any lien need not be permitted solely by reference to one category of permitted liens but may be permitted in part by one provision and in part by one or more other provisions. In the event that a lien securing Debt or any portion thereof meets the criteria of more than one such provision, we shall divide and classify and may later re-divide and reclassify such lien in our sole discretion.

Limitation on Sale Leaseback Transactions. We may not sell or transfer, and will not permit any subsidiary to sell or transfer (except to us or one or more subsidiaries, or both), any Principal Facility owned by FIS or any subsidiary with the intention of taking back a lease on such facility longer than 36 months, unless (i) the sum of the aggregate Attributable Value of the property involved in sale and leaseback transactions not otherwise permitted plus the aggregate principal amount of Debt secured by all liens permitted only by clause (18) of Limitation on Liens above does not exceed 10% of our consolidated net worth; or (ii) within 365 days after such sale or transfer, we apply an amount equal to the greater of the net proceeds of the sale or the fair market value of the property sold to the purchase of real property or the retirement of debt securities or other long-term Debt.

Consolidation, Merger, Sale of Assets and Other Transactions

We may not, in any transaction or series of related transactions, consolidate or merge with or into, or sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of the assets of FIS and its subsidiaries, taken as a whole, to, any person unless:

- (1) the person formed by or surviving any such consolidation or merger (if other than FIS), or which acquires by sale, assignment, conveyance, transfer, lease or other disposition of all or substantially all of our assets, is a corporation, limited partnership, limited liability company or similar entity organized and existing under the laws of the United States of America, any state thereof or the District of Columbia and, if such entity is not a corporation, a co-obligor of the debt securities is a corporation organized or existing under any such laws;
- (2) the person formed by or surviving any such consolidation or merger (if other than FIS), or which acquires by sale, assignment, conveyance, transfer, lease or other disposition of all or substantially all of our assets, expressly assumes by supplemental indenture the due and punctual payment of all amounts due in respect of the principal of and premium, if any, and interest on the debt securities of such series and the performance of all of our obligations under the debt securities and the Indentures; and
- (3) immediately after giving effect to the transaction no default or Event of Default shall have occurred and be continuing.

We shall deliver to the trustee prior to the proposed transaction an officers' certificate and an opinion of counsel each stating that the proposed transaction and such supplemental indenture comply with the applicable Indenture and that all conditions precedent to the consummation of the transaction under the applicable Indenture have been met.

If we consolidate or merge with or into any other corporation, limited partnership, limited liability company or similar entity or sell all or substantially all of our assets according to the terms and conditions of the Indentures, the resulting or acquiring entity will be substituted for us under the Indentures with the same effect as if it had been an original party to the Indentures. As a result, such successor corporation may exercise our rights and powers under the Indentures, in our name or its own name, and we will be released from all our liabilities and obligations under the Indentures and under the debt securities.

Events of Default, Notice and Waiver

Unless an accompanying prospectus supplement states otherwise, the following shall constitute Events of Default under the Indentures with respect to debt securities of any series:

- (1) default in the payment of any interest on any debt security of such series when due and payable and continuance of such default for a period of 30 days;
- (2) default in the payment of any principal of or premium, if any, on any debt security of such series when due (whether at stated maturity, upon redemption, repurchase at the option of the holder or otherwise), or default in the making of any mandatory sinking fund payment;
- (3) default, but in the Subordinated Indenture only default in any material respect, in the performance, or breach, of any covenant or warranty with respect to any debt security of such series (other than a covenant or agreement a default in whose performance or whose breach is specifically dealt with in clause (1) or (2) above), and the continuance of such default or breach for a period of 60 days after we receive written notice of such default or breach;
- (4) default in the payment by us, when due (after the expiration of any applicable grace period thereto), of an aggregate principal amount of Debt in respect of borrowed money (other than debt securities of such series) exceeding \$300 million, or default which results in such Debt (other than debt securities of such series) in an aggregate principal amount exceeding \$300 million becoming or being declared due and payable prior to the date on which it would otherwise have become due and payable, in each case without such acceleration having been rescinded or annulled, or such Debt having been paid in full, or there having been deposited into trust a sum of money sufficient to pay in full such Debt, within 15 days after receipt of written notice of such default or breach (which notice shall state that such notice is a Notice of Default under the Indenture) to us (by registered or certified mail) by the trustee or to us and the Trustee (in each case by registered or certified mail) by holders of at least 25% in aggregate principal amount of the outstanding securities of such series;
- (5) certain events of bankruptcy, insolvency or reorganization of FIS;
- (6) the denial or disaffirmance by any Subsidiary Guarantor of such Subsidiary Guarantor's obligations under its guarantee, or the holding of any guarantee as being unenforceable or invalid in any judicial proceeding, or any guarantee ceasing to be in full force and effect, except as permitted under the Senior Indenture; and
- (7) any other event of default with respect to any debt security of such series including an event of default provided for in a supplemental indenture.

If an Event of Default with respect to any debt securities of any series outstanding under the Indentures occurs and is continuing, the trustee under such Indenture or the holders of at least 25% in aggregate principal amount of all of the outstanding debt securities of such series may declare, by written notice to us (and if given by the holders, to the trustee), the principal of and accrued interest, if any, on all the debt securities of such series to be due and payable immediately; *provided that*, after such a declaration of acceleration, the holders of a majority in aggregate principal amount of the outstanding debt securities of that series may, by written notice to the trustee, rescind or annul such declaration and its consequences if all Events of Default, other than the non-payment of accelerated principal of or interest on, have been cured or waived as provided in the Indenture.

The holders of a majority in aggregate principal amount of the outstanding debt securities of any series, by written notice to the trustee, may waive any past default or event of default with respect to that series except (i) a default or event of default in the payment of the principal of, or premium, if any, or interest on, any debt security of such series or (ii) default in respect of a covenant or provision which may not be amended or modified without the consent of the holder of each outstanding debt security of such series affected. Upon any such waiver, such default shall cease to exist, and any event of default arising therefrom shall be deemed to have been cured.

Edgar Filing: WILDCARD SYSTEMS INC - Form 424B7

The trustee is not required to exercise any of the rights or powers vested in it by the applicable Indenture at the request or direction of any of the holders of debt securities of any series, unless the holders have offered the trustee security or indemnity reasonably satisfactory to the trustee. Subject to such right of indemnification and to certain other limitations, the holders of a majority in aggregate principal amount of the outstanding debt securities of any series may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of such series.

Table of Contents

No holder of a debt security of any series may institute any proceeding with respect to the Indentures or for the appointment of a receiver or trustee or for any other remedy unless (i) the holder has given to the trustee written notice of a continuing Event of Default with respect to the debt securities of such series, (ii) the holders of at least 25% in aggregate principal amount of the debt securities of that series then outstanding shall have made a written request to the trustee to institute proceedings in respect of such Event of Default in its own name as trustee, (iii) the holders have offered to the trustee indemnity satisfactory to the trustee against any loss, liability or expense to be incurred in pursuing the remedy, (iv) the trustee has failed to institute any such proceedings for 60 days after its receipt of such request, and (v) during such 60 day period, the holders of a majority in aggregate principal amount of the debt securities of such series then outstanding have not given to the trustee a direction inconsistent with such written request. Such limitations do not apply, however, to a suit instituted by a holder of a debt security of any series directly (as opposed to through the trustee) for enforcement of payment of principal of, and premium, if any, or interest on such debt security of any series on or after the respective due dates expressed or provided for therein.

Each year, we will either certify to the relevant trustee that we are not in default of any of our obligations under the applicable Indenture or we will notify the relevant trustee of any default that exists under the applicable Indenture. In addition, we have agreed to deliver to the trustee, promptly after we become aware of the occurrence of a default or an event of default of the character specified in the fourth bullet point under the caption *Events of Default, Notice and Waiver* above, written notice of the occurrence of such default or event of default.

Discharge, Defeasance and Covenant Defeasance

Unless otherwise set forth in the applicable prospectus supplement, we and, if applicable, each Subsidiary Guarantor, may discharge or defease our obligations under each Indenture as set forth below.

We may discharge certain obligations to holders of any series of debt securities which have not already been delivered to the trustee for cancellation and which have either become due and payable or are by their terms due and payable within one year (or scheduled for redemption within one year) by irrevocably depositing with the trustee cash or government obligations (as defined in either Indenture) or a combination thereof, as trust funds in an amount certified to be sufficient to pay and discharge when due, whether at maturity, upon redemption or otherwise, the principal of, and premium, if any, and interest, if any, on such debt securities and any mandatory sinking fund payments applicable to such debt securities.

Unless otherwise indicated in the applicable prospectus supplement, we may elect, at our option, either (i) to defease and be discharged from any and all obligations with respect to the debt securities of or within any series (except as otherwise provided in the relevant Indenture) (*defeasance*) or (ii) to be released from our obligations with respect to certain covenants applicable to the debt securities of or within any series (*covenant defeasance*), upon the deposit with the relevant trustee of money and/or government obligations in sufficient quantity that will provide money in an amount sufficient to pay the principal of and any premium or interest on such debt securities to maturity or redemption and any mandatory sinking fund payments thereon.

As a condition to defeasance or covenant defeasance, we must deliver to the trustee an opinion of counsel to the effect that the holders of affected debt securities will not recognize income, gain or loss for federal income tax purposes as a result of such defeasance or covenant defeasance and will be subject to U.S. federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such defeasance or covenant defeasance had not occurred. Such opinion of counsel, in the case of defeasance under clause (i) above, must refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable U.S. federal income tax law occurring after the date of the relevant Indenture. In addition, in the case of either defeasance or covenant defeasance, we shall have delivered to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent to such defeasance or covenant defeasance have been complied with.

We may exercise our defeasance option notwithstanding our prior exercise of our covenant defeasance option.

if allowed without penalty under applicable laws and regulations, permit payment in the United States of principal, premium, if any, or interest, if any, on bearer securities or coupons, if any; or

The purchase contracts may require us to make periodic payments to the holders of the purchase contracts. These payments may be unsecured or prefunded on some basis to be specified in the applicable prospectus supplement.

The prospectus supplement relating to any purchase contracts will specify the material terms of the purchase contracts and any applicable pledge or depositary arrangements, including one or more of the following:

The events, if any, that will cause our obligations and the obligations of the holder under the purchase contract to terminate.

The settlement rate, which is a number that, when multiplied by the stated amount of a purchase contract, determines the number of securities that we will be obligated to sell and a holder will be obligated to purchase under that purchase contract upon payment of the stated amount of that purchase contract. The settlement rate may be determined by the application of a formula specified in the prospectus supplement.

If a formula is specified, it may be based on the market price of such securities over a specified period or it may be based on some other reference statistic.

Any underlying securities will be pledged by the holder to secure its obligations under a purchase contract.

DESCRIPTION OF UNITS

As specified in the applicable prospectus supplement, we may issue units comprised of one or more of the other securities described in this prospectus in any combination. Each unit may also include debt obligations of third parties, such as U.S. Treasury securities. the designation and terms of the units and of the securities comprising the units, including whether and under what circumstances the securities comprising the units may be held or transferred separately;

a description of the terms of any unit agreement governing the units;

a description of the provisions for the payment, settlement, transfer or exchange of the units; and

The securities may also be offered and sold, if so indicated in the prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more remarketing firms, acting as principals for their own accounts or as agents for us. The prospectus supplement will identify any remarketing firm and will describe the terms of its agreement, if any, with us and its compensation.

Unless otherwise stated in a prospectus supplement, the obligations of the underwriters to purchase any securities will be conditioned on customary closing conditions and the underwriters will be obligated to purchase all of such series of securities, if any are purchased.

If we sell the securities directly or through agents designated by us, we will identify any agent involved in the offering and sale of the securities and will list any commissions payable by us to the agent in the accompanying prospectus supplement. Unless indicated otherwise in the prospectus supplement, any such agent will be acting on a best efforts basis to solicit purchases for the period of its appointment.

We may authorize agents, underwriters or dealers to solicit offers by certain institutional investors to purchase securities and provide for payment and delivery on a future date specified in an accompanying prospectus supplement. We will describe any such arrangement in the prospectus supplement. Any such institutional investor may be subject to limitations on the minimum amount of securities that it may purchase or on the portion of the aggregate principal amount of such securities that it may sell under such arrangements. Institutional investors from which such authorized offers may be solicited include:

commercial and savings banks;

insurance companies;

pension funds;

investment companies;

educational and charitable institutions; and

such other institutions as we may approve.

Underwriters, dealers, agents and remarketing firms, and their control persons, may be entitled under agreements entered into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which the underwriters, dealers, agents and remarketing firms may be required to make. Underwriters, dealers, agents and remarketing agents may be customers of, engage in transactions with, or perform services for us or our affiliates in the ordinary course of business.

Each series of securities will be a new issue of securities and will have no established trading market other than our Common Stock which is listed on the New York Stock Exchange. Any Common Stock sold will be listed on the New York Stock Exchange, upon official notice of issuance, unless stated otherwise in the applicable prospectus supplement. The securities, other than the Common Stock, may or may not be listed on a national securities exchange. Any underwriters to whom we sell securities for public offering and sale may make a market in the securities, but such underwriters will not be obligated to do so and may discontinue any market making at any time without notice.

The applicable prospectus supplement will describe the plan of distribution with regard to any shares to be sold by selling shareholders.
