Dear Fellow Stockholders:

I am pleased to invite you to our 2014 Annual Meeting of Stockholders, which will be held on Wednesday, December 3, 2014, at 10:00 a.m., local time, at our executive offices located at 300 The American Road, Morris Plains, New Jersey 07950. The Annual Meeting is an excellent opportunity to learn more about our business and research and development efforts, as well as our pipeline of therapeutic product candidates. I hope you will make every effort to join us at our Annual Meeting.

On the pages after this letter, you will find the notice of our 2014 Annual Meeting of Stockholders, which lists the matters to be considered at the meeting, and the proxy statement, which describes the matters listed in the notice. Instead of mailing a printed copy of our proxy materials, including our Annual Report, to each stockholder of record, we have decided to provide access to these materials in a fast and efficient manner via the Internet. This reduces the amount of paper necessary to produce these materials, as well as the costs associated with mailing these materials to all stockholders. Accordingly, on October [], 2014, we will begin mailing a Notice Regarding Internet Availability of Proxy Materials, or the Notice, to all stockholders of record as of October 8, 2014, and have posted our proxy materials on the website referenced in the Notice (www.proxyvote.com). As more fully described in the Notice, all stockholders may choose to access our proxy materials on the website referred to in the Notice or may request to receive a printed set of our proxy materials. In addition, the Notice and website provide information regarding how you may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

Your vote at this meeting is important. Whether or not you plan to attend the meeting, I hope you will vote as soon as possible. If you are a stockholder of record, you may vote over the Internet or by telephone. If you requested a printed copy of the proxy materials by mail, you may mark, date, sign, and mail the proxy card in the envelope provided. You will find voting instructions in the Notice and proxy statement and on the proxy card. If your shares are held in street name that is, held for your account by a broker or other nominee you will receive instructions from the holder of record that you must follow for your shares to be voted.

With many thanks for your ongoing support and continued interest in Immunomedics, I am,

Sincerely yours,

CYNTHIA L. SULLIVAN

PROXY STATEMENT 2014 ANNUAL MEETING OF STOCKHOLDERS

This proxy statement contains information about the 2014 Annual Meeting of Stockholders of Immunomedics, Inc., a Delaware corporation, including any postponements or adjournments of the meeting. The meeting will be held at our executive offices located at 300 The American Road, Morris Plains, New Jersey 07950, on Wednesday, December 3, 2014, at 10:00 a.m., local time. In this proxy statement, we sometimes refer to Immunomedics, Inc., and our consolidated subsidiaries as Immunomedics, the Company, we or us.

We are sending you this proxy statement and related materials in connection with the solicitation of proxies by our Board of Directors.

Instead of mailing a printed copy of our proxy materials, including our Annual Report, to each stockholder of record, we have decided to continue to provide access to these materials in a fast and efficient manner via the Internet. This reduces the amount of paper necessary to produce these materials, as well as the costs associated with mailing these materials to all stockholders. Accordingly, on October [], 2014, we will begin mailing a Notice Regarding Internet Availability of Proxy Materials, or the Notice, to all stockholders of record as of October 8, 2014, and have posted our proxy materials on the website referenced in the Notice (www.proxyvote.com). As more fully described in the Notice, all stockholders may choose to access our proxy materials on the website referred to in the Notice or may request to receive a printed set of our proxy materials. In addition, the Notice and website provide information regarding how you may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

VOTING PROCEDURES

WHO CAN VOTE?

Each share of our common stock that you owned as of the close of business on October 8, 2014, the record date for the 2014 Annual Meeting, entitles you to one vote on each matter to be voted upon at the Annual Meeting. On the record date, there were 93,167,819 shares of Immunomedics common stock issued and 93,133,094 shares of Immunomedics common stock outstanding and entitled to vote. Accordingly, there are an aggregate of 93,133,094 votes entitled to be cast at the Meeting.

HOW DO I VOTE?

If your shares are registered directly in your name, you may vote:

Over the Internet or by Telephone. If you are a registered stockholder (that is, if you hold your stock directly and not in street name), you may vote by telephone or over the Internet by following the instructions included in the Notice by accessing the Internet at www.proxyvote.com and following the instructions contained on that website. Stockholders with shares registered directly with us may vote (i) by telephone by dialing 1-800-690-6903 (toll free from the United States, Canada and Puerto Rico) or (ii) by Internet at www.proxyvote.com and following the instructions contained on that website. Internet and telephone voting are available 24 hours a day. Votes submitted through the Internet or by telephone must be received by 11:59 p.m. (Eastern Time) on the day before the Annual Meeting. You must specify how you want your shares voted or your Internet or telephone vote cannot be completed and you will receive an error message. Your shares will be voted according to your instructions.

By Mail. If you request a printed copy of the proxy materials by mail, mark, date, sign, and return the enclosed proxy card to Broadridge. A postage prepaid envelope addressed to Broadridge will be provided with requested printed proxy materials. Your proxy will be voted according to your instructions. If you do not specify how you want your shares voted, they will be voted as recommended by our Board of Directors.

In Person at the Meeting. If you attend the meeting, you may vote by completing a ballot, which will be available at the meeting or, if you request a printed copy of the proxy materials, you may deliver your completed proxy card in person.

If your shares are held in street name (held for your account by a broker or other nominee) you may vote:

Over the Internet or by Telephone. You will receive instructions from your broker or other nominee if you are permitted to vote over the Internet or by telephone.

By Mail. You will receive instructions from your broker or other nominee explaining how to cast your vote.

Table of Contents

In Person at the Meeting. Contact the broker or other nominee who holds your shares to obtain a broker's proxy card and bring it with you to the meeting. **You will not be able to vote at the meeting unless you have a proxy from your broker issued in your name giving you the right to vote the shares.**

HOW CAN I CHANGE MY VOTE?

You may revoke your proxy and change your vote at any time before the meeting. To do this, you must do one of the following:

Vote over the Internet or by Telephone as instructed above. Only your latest Internet vote is counted.

Sign and date a new proxy and submit it as instructed above. Only your latest proxy vote is counted.

Attend the meeting and vote in person. Attending the meeting will not revoke your proxy unless you specifically request it.

WILL MY SHARES BE VOTED IF I DO NOT RETURN MY PROXY?

If your shares are registered directly in your name, your shares will not be voted if you do not vote over the Internet, by telephone or return your proxy, or attend and vote at the Annual Meeting. If you have misplaced your proxy, you may obtain another by following the instructions provided in the Notice or by accessing the Internet website at www.proxyvote.com and following the instructions contained on that website.

If your shares are held in street name, your brokerage firm, under certain circumstances, may vote your shares for you if you do not return your proxy. Brokerage firms have authority to vote customers' unvoted shares on matters that the New York Stock Exchange, or NYSE, determines to be routine. If you do not give a proxy to your brokerage firm to vote your shares, your brokerage firm may either: vote your shares on routine matters, or leave your shares unvoted. Proposal 1, the election of directors; Proposal 2, the advisory vote on executive compensation; Proposal 3, the approval of the Amended and Restated Certificate of Incorporation; and Proposal 4, the approval of the Immunomedics, Inc. 2014 Long-Term Incentive Plan, are not considered routine matters. Proposal 5, the ratification of the independent registered public accounting firm, is currently considered a routine matter. We therefore strongly encourage you to provide voting instructions to your brokerage firm by submitting your proxy. This ensures your shares will be voted at the meeting according to your instructions. You should receive directions from your brokerage firm about how to submit your proxy to them.

IF I DO NOT GIVE INSTRUCTIONS TO MY BANK OR BROKER, WHAT MATTERS DOES MY BANK OR BROKER HAVE AUTHORITY TO VOTE UPON?

Pursuant to NYSE Rule 452 and corresponding Listed Company Manual Section 402.08, discretionary voting by brokers of shares held

Table of Contents

by their customers in street name is prohibited. If you do not give instructions to your bank or broker within ten days of the Annual Meeting, it may vote on matters that the NYSE determines to be routine, but will not be permitted to vote your shares with respect to non-routine items. Under the NYSE rules, the ratification of the independent registered public accounting firm is a routine matter, while the election of our directors, approval of the compensation of our named executive officers, approval of the Amended and Restated Certificate of Incorporation, and approval of the Immunomedics, Inc. 2014 Long-Term Incentive Plan are non-routine matters. When a bank or broker has not received instructions from the beneficial owners or persons entitled to vote and the bank or broker cannot vote on a particular matter because it is not routine, then there is a broker non-vote on that matter. Broker non-votes will be counted in determining whether there is a quorum for the Annual Meeting. **As a result, we strongly encourage you to submit your voting instructions and exercise your right to vote as a stockholder.**

WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE PROXY CARD?

It means that you have more than one account, which may be at the transfer agent, with stockbrokers or otherwise. Please vote over the Internet, or complete and return all proxies for each account to ensure that all of your shares are voted.

HOW MANY SHARES MUST BE PRESENT TO HOLD THE MEETING?

A majority of our outstanding shares of common stock as of the record date must be present at the meeting to hold the meeting and conduct business. This is called a quorum. Shares are counted as present at the meeting if the stockholder votes over the Internet or telephone, completes and submits a proxy or is present in person at the meeting. Shares that are present that vote to abstain or do not vote on one or more of the matters to be voted upon are counted as present for establishing a quorum. If a quorum is not present, we expect that the meeting will be adjourned until we obtain a quorum.

WHAT VOTE IS REQUIRED TO APPROVE EACH MATTER AND HOW ARE VOTES COUNTED?

Proposal 1 Election of Directors.

To elect each director nominee, if a quorum is present or represented by proxy at the meeting, stockholders holding a majority of Immunomedics common stock present or represented by proxy at the meeting and voting on the matter must vote FOR the director. If your broker holds your shares in street name, and if you do not vote your shares, your brokerage firm does not have the authority to vote your unvoted shares held by the firm since such matter is not considered routine. When a bank or broker has not received instructions from the beneficial owners or persons entitled to vote and the bank or broker cannot vote on a particular matter because it is not routine, then there is a broker non-vote on that matter. Broker non-votes do not count

Table of Contents

as votes **FOR** or **AGAINST** any nominee, but will be counted in determining whether there is a quorum for the Annual Meeting. You may vote FOR any one or more of the nominees, AGAINST any one or more of the nominees or ABSTAIN from voting FOR or AGAINST any one or more of the nominees. Abstentions are not counted FOR or AGAINST this proposal.

Proposal 2 Advisory Vote to Approve Compensation of our Named Executive Officers.

To approve Proposal 2, if a quorum is present or represented by proxy at the meeting, stockholders holding a majority of Immunomedics common stock present or represented by proxy at the meeting and voting on the matter must vote FOR the proposal. This vote is advisory in nature and is not binding on, nor does it overrule, any decisions of the Company, the Board or the Compensation Committee. In the event that a majority of the votes cast are against this proposal, however, the Board and the Compensation Committee will carefully consider the outcome of the vote and the reasons therefore when making future decisions on the compensation of our named executive officers. Abstentions and broker non-votes will have no effect on the outcome of the vote, as they will not be counted as votes cast.

Proposal 3 Approval of the Amended and Restated Certificate of Incorporation.

To approve Proposal 3, if a quorum is present or represented by proxy at the meeting, stockholders holding a majority of Immunomedics common stock outstanding and entitled to vote at the meeting must vote FOR the proposal. Abstentions will have the same effect as a vote against the proposal, and broker non-votes will have no effect on the outcome of the vote.

Proposal 4 Approval of the Immunomedics, Inc. 2014 Long-Term Incentive Plan.

To approve Proposal 4, if a quorum is present or represented by proxy at the meeting, stockholders holding a majority of Immunomedics common stock present or represented by proxy at the meeting and voting on the matter must vote FOR the proposal. Abstentions and broker non-votes will have no effect on the outcome of the vote, as they will not be counted as votes cast.

Proposal 5 Ratify the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2015.

To approve Proposal 5, if a quorum is present or represented by proxy at the meeting, stockholders holding a majority of Immunomedics common stock present or represented by proxy at the meeting and voting on the matter must vote FOR the proposal. Abstentions will have no effect on the outcome of the vote, as they will not be counted as votes cast. As Proposal 5 is a routine matter, broker non-votes will not occur with respect to this proposal.

Table of Contents

The inspector of election appointed for the 2014 Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes, will tabulate all votes.

**HOW DOES THE BOARD OF DIRECTORS
RECOMMEND THAT I VOTE?**

Our Board of Directors recommends that you vote:

FOR Proposal 1 elect our six nominees to the Board of Directors for a one-year term ending at the 2015 Annual Meeting of Stockholders or such time as their respective successors are duly elected and qualified;

FOR Proposal 2 advisory vote to approve the compensation of our named executive officers;

FOR Proposal 3 approve the amendment and restatement of our Certificate of Incorporation;

FOR Proposal 4 approve the Immunomedics, Inc. 2014 Long-Term Incentive Plan; and

FOR Proposal 5 ratify the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2015.

**ARE THERE OTHER MATTERS TO BE VOTED
ON AT THE MEETING?**

We do not know of any other matters that may come before the Annual Meeting other than the election of directors, approval of the Amended and Restated Certificate of Incorporation, approval of Immunomedics, Inc. 2014 Long-Term Incentive Plan and ratification of the independent registered public accounting firm. If any other matters are properly presented to the meeting, the persons named in the accompanying proxy intend to vote, or otherwise act, in accordance with their judgment.

**WHERE DO I FIND THE VOTING RESULTS OF
THE MEETING?**

We intend to announce preliminary voting results at the Annual Meeting. We will publish final results in a current report on Form 8-K, which will be filed with the Securities and Exchange Commission, or SEC, no later than four business days following the Annual Meeting. To request a printed copy of our filings with the SEC, please write to Investor Relations, Immunomedics, Inc., 300 The American Road, Morris Plains, New Jersey 07950, or e-mail Investor Relations at investor@immunomedics.com. You will also be able to find a copy on the Internet through our website at www.immunomedics.com or through the SEC's electronic data system called EDGAR at www.sec.gov. Our website is not part of this proxy statement; references to our website address in this proxy statement are intended to be inactive textual references only.

**WHO WILL PAY THE COSTS OF SOLICITING
THESE PROXIES?**

We will pay the costs of soliciting proxies. In addition to the mailing of these proxy materials, our directors, officers and employees may

Table of Contents

solicit proxies by telephone, e-mail and in person, without additional compensation. Upon request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for distributing proxy materials to stockholders.

HOW CAN I RECEIVE FUTURE PROXY STATEMENTS AND ANNUAL REPORTS OVER THE INTERNET?

As permitted by the rules adopted by the SEC, instead of mailing a printed copy of our proxy materials, including our Annual Report, to each stockholder of record, we have decided to continue to provide access to these materials in a fast and efficient manner via the Internet. This reduces the amount of paper necessary to produce these materials, as well as the costs associated with mailing these materials to all stockholders. Accordingly, on October [], 2014, we will begin mailing a Notice to all stockholders of record as of October 8, 2014, and have posted our proxy materials on the website referenced in the Notice (www.proxyvote.com). As more fully described in the Notice, all stockholders may choose to access our proxy materials on the website referred to in the Notice or may request to receive a printed set of our proxy materials. In addition, the Notice and website provide information regarding how you may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. Your election to receive proxy materials by mail or email will remain in effect until you terminate it. This proxy statement and our Annual Report on Form 10-K for the fiscal year ended June 30, 2014, are also available on the Internet site at www.proxyvote.com. If your shares are held through a broker or other nominee, you should check the information provided by them for instructions on how to elect to view future proxy statements and annual reports over the Internet.

Vote Required and Board Recommendation

If a quorum is present, the election of each nominee requires the affirmative vote of a majority of the votes cast at the Annual Meeting for each nominee. Abstentions and broker non-votes will not be considered as votes cast for or against any nominee, and will therefore have no effect on the outcome of the vote.

**PROPOSAL 2 ADVISORY (NON-BINDING) VOTE TO APPROVE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS
(SAY-ON-PAY)**

The Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, requires that our stockholders have the opportunity to cast an advisory (non-binding) vote on executive compensation at the Annual Meeting, commonly referred to as a "Say-on-Pay" vote.

The advisory vote on executive compensation is a non-binding vote on the compensation of our named executive officers, as described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure, set forth in this proxy statement. Please read the *Compensation Discussion and Analysis* section starting on page 43 of this proxy statement for a detailed discussion about our executive compensation programs, including information about the fiscal 2014 compensation of our named executive officers.

The advisory vote on executive compensation is not a vote on our general compensation policies, the compensation of our Board of Directors, or our compensation policies as they relate to risk management. The Dodd-Frank Act requires that we hold the advisory vote on executive compensation at least once every three years. At the 2011 Annual Meeting of Stockholders, the Company's stockholders recommended, on an advisory basis, that the frequency of the stockholder vote on the compensation of our named executive officers occur every year. As such, the next advisory vote to approve compensation of our named executive officers will be conducted at our 2015 Annual Meeting of Stockholders.

The Compensation Committee of our Board of Directors oversees and administers our executive compensation program, including the evaluation and approval of compensation plans, policies and programs offered to our named executive officers. The Compensation Committee has designed the executive compensation program for our named executive officers to meet the following objectives:

Ensure executive compensation is aligned with our corporate strategies and business objectives.

Reinforce the importance of meeting and exceeding identifiable and measurable goals through superior awards for superior performance.

Provide total direct compensation that is competitive in markets in which we compete for management talent in order to attract, retain and motivate the best possible executive talent.

Provide an incentive for long-term continued employment with our Company.

Reinforce our desired culture and unique corporate environment by fostering a sense of ownership, urgency and overall entrepreneurial spirit.

The vote solicited by this Proposal No. 2 is advisory, and therefore is not binding on the Company, our Board of Directors or our Compensation Committee. The outcome of the vote will not require the Company, our Board of Directors or our Compensation Committee to take any action, and will not be construed as overruling any decision by the Company or the Board of Directors.

Furthermore, because this non-binding, advisory resolution primarily relates to the compensation of our named executive officers that has already been paid or contractually committed, there is generally no opportunity for us to revisit these decisions. However, our Board of Directors, including our Compensation Committee, values the opinions of our stockholders and, to the extent there is any significant vote against the executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and evaluate what actions, if any, may be appropriate to address those concerns.

Stockholders will be asked at the 2014 Annual Meeting to approve the following resolution pursuant to this Proposal No. 2:

RESOLVED, that the stockholders of Immunomedics, Inc. approve, on an advisory basis, the compensation of the Company's named executive officers, disclosed pursuant to Item 402 of Regulation S-K in the Company's definitive proxy statement for the 2014 Annual Meeting.

Approval of this resolution requires the affirmative vote of a majority of the shares of Immunomedics' common stock voted at the 2014 Annual Meeting. Abstentions and broker non-votes will not be counted and, accordingly, will have no effect on the outcome of the vote on this proposal.

Vote Required and Board Recommendation

If a quorum is present, approval of the compensation of our named executive officers requires the affirmative vote of a majority of the votes cast at the Annual Meeting. Abstentions and broker non-votes will not be considered as votes cast for or against the proposal and will therefore have no effect on the outcome of the vote.

PROPOSAL 3 APPROVAL OF THE AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

Description of Proposal

The Company's Certificate of Incorporation, as amended (the "Certificate") currently authorizes the Company to issue up to 145,000,000 shares of stock, all classes, consisting of (i) 135,000,000 shares of Common Stock, and (ii) 10,000,000 shares of Preferred Stock. On August 14, 2014, the Board of Directors approved, subject to stockholder approval, an amendment and restatement of the Company's Certificate to increase the maximum number of shares of the Company's stock authorized to 165,000,000 shares of stock consisting of: (x) 155,000,000 shares of Common Stock, and (y) 10,000,000 shares of Preferred Stock.

The Board of Directors has determined that an increase in the number of shares authorized for issuance, thereby increasing the number of shares of Common Stock authorized for issuance, is in the Company's best interests. The proposed increase in the number of shares of Common Stock authorized for issuance will ensure that shares will be available, if needed, for issuance in connection with grants of equity awards under our equity incentive plans, possible acquisitions, partnering, financings, potential share purchases under existing licensing agreements, and other corporate purposes. The Board of Directors believes that the availability of the additional shares for such purposes, without delay or the necessity for a special stockholders' meeting, would be beneficial to the Company. The Company does not have any immediate plans, arrangements, commitments or understandings with respect to the issuance of any of the additional shares of Common Stock that would be authorized by the proposed amendment and restatement. No further action or authorization by the Company's stockholders would be necessary prior to the issuance of the additional shares of Common Stock, unless required by applicable law or regulatory agencies or by the rules of any stock market on which the Company's securities may then be listed. A copy of the proposed Amended and Restated Certificate of Incorporation is attached hereto as Appendix D.

The holders of any of the additional shares of Common Stock issued in the future would have the same rights and privileges as the holders of the Common Stock currently authorized and outstanding. Those rights do not include preemptive rights with respect to the future issuance of any additional shares.

Outstanding Capital Stock and Shares of Capital Stock Available for Issuance

As of October 8, 2014, 93,167,819 shares of Common Stock were issued and 93,133,094 shares were outstanding, an aggregate of 6,451,763 shares of Common Stock were reserved for issuance upon the exercise of outstanding options granted under our existing stock plans, an aggregate of 3,395,843 shares of Common Stock were reserved for issuance upon the exercise of future option grants under such plans, and 1,000,000 shares of common stock were reserved for issuance upon the exercise of outstanding warrants. No shares of Preferred Stock were issued and outstanding. As a result, as of October 8, 2014, we have 30,984,575 shares of Common Stock available for issuance. If the proposed amendment and restatement is approved, 20,000,000 additional shares of Common Stock would be authorized but unissued, resulting in a total of 50,984,575 shares of Common Stock available for future issuance.

Potential Anti-Takeover Effect and Other Provisions

The proposal to increase the number of shares of Common Stock that we are authorized to issue could have a potential anti-takeover effect, even though our Board of Directors is not presenting the proposal for that reason and does not presently anticipate using the increased authorized shares for such purpose. The effect of the proposed increase in the authorized number of shares of Common Stock might render more difficult or discourage a merger, tender offer, proxy contest or change in control and the removal of management, which a majority of independent stockholders might otherwise deem favorable. The authority of our Board of Directors to issue Common Stock might be used to create voting impediments or to frustrate an attempt by another person or entity to effect a takeover or otherwise gain control of the Company, because the issuance of additional shares of Common Stock would dilute the voting power of the Common Stock and Preferred Stock then outstanding. The

Table of Contents

additional shares of Common Stock could also be issued to purchasers who would support our Board of Directors in opposing a takeover bid that our Board of Directors determines not to be in the best interests of the Company or our stockholders. We are not currently aware of any pending or proposed transaction involving a change in control. While authorization of additional shares may be deemed to have potential anti-takeover effects, this proposal is not prompted by any specific effort or perceived threat of takeover. Our Board of Directors does not currently have any plans to implement additional measures that may have an anti-takeover effect.

Various provisions of our Certificate, our Amended and Restated Bylaws and of Delaware corporate law may discourage, delay or prevent a change in control or takeover attempt of the Company by a third party that is opposed by our Board of Directors, including the following: (a) authorization of blank check preferred stock that could be issued by our Board of Directors to make it more difficult for a third party to acquire, or to discourage a third party from acquiring, a majority of our outstanding voting stock; (b) non-cumulative voting for Directors; (c) control by our Board of Directors of the size of our Board of Directors; and (d) advance notice requirements for proposing matters that can be acted upon by our stockholders at stockholder meetings.

We also are subject to Section 203 of the Delaware General Corporation Law. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in a business combination with an interested stockholder for a period of three years following the date the person became an interested stockholder, unless the business combination or the transaction in which the person became an interested stockholder is approved in a prescribed manner. Generally, a business combination includes mergers, consolidations, sales or other dispositions of assets having an aggregate value in excess of 10% of the consolidated assets of the corporation and certain transactions that would increase the interested stockholder's proportionate share ownership in the corporation. Generally, an interested stockholder is a person who owns 15% or more of a corporation's voting stock or is an affiliate or associate of the corporation and owned 15% or more of the corporation's voting stock within three years prior to the determination of interested stockholder status. The existence of this provision could prevent a takeover of the Company with respect to transactions not approved in advance by our Board of Directors, including takeover attempts that might result in a premium over the market price of our Common Stock.

Proposed Amendment and Restatement

The Stockholders are being asked to consider and vote upon a proposed amendment and restatement of the Company's Certificate to increase the maximum number of shares of the Company's stock authorized from 145,000,000 shares of stock, all classes, to 165,000,000 shares of stock consisting of: (i) 155,000,000 shares of Common Stock, and (ii) 10,000,000 shares of Preferred Stock. Although the Company has no present intent to issue any additional shares of Common Stock, the Board of Directors believes that the additional shares of Common Stock would provide the Company with added flexibility in connection with its future financing and stock issuance requirements, including with respect to possible future stock splits, if any.

Vote Required and Board Recommendation

If a quorum is present, approval of the Amendment and Restatement of our Certificate of Incorporation requires the affirmative vote of a majority of Immunomedics common stock outstanding and entitled to vote on the matter. Abstentions will have the same effect as a vote against the proposal, and broker non-votes will have no effect on the outcome of the vote.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF THE AMENDMENT AND RESTATEMENT OF OUR CERTIFICATE OF INCORPORATION.

PROPOSAL 4 APPROVAL OF THE IMMUNOMEDICS, INC. 2014 LONG-TERM INCENTIVE PLAN

On September 15, 2014, the Board of Directors adopted the Company's 2014 Long-Term Incentive Plan (the "Plan"), subject to stockholder approval. The material features of the Plan are summarized below. If approved by the Company's stockholders, the Plan will become effective on the date of such approval. The Plan is intended to replace the Company's 2006 Stock Incentive Plan (the "2006 Plan"), which will terminate upon stockholder approval of this proposal. Consequently, no further awards will be made under the 2006 Plan after the effective date of the Plan. The 2006 Plan will not terminate, however, if this proposal is not approved by the Company's stockholders. Approval of the Plan will allow us to continue attracting and retaining the best personnel by providing them the appropriate equity incentives. The number of shares of our common stock issuable pursuant to awards under the Plan as of its effective date is equal to the sum of 9,000,000 shares plus the number of unallocated shares available for issuance as of the effective date under the 2006 Plan that are not then subject to outstanding awards. As of October 8, 2014, there were 3,395,843 shares available under the 2006 Plan. This remaining share pool will not be sufficient to fulfill the Company's equity compensation program during the next several years. We consider it important to maintain a strong association between compensation of our employees and our stockholders' long-term interests. Awards under the Plan are intended to provide our employees significant incentive to protect and enhance stockholder value. We believe that there is an insufficient number of shares remaining available for new grants under our 2006 Plan to sustain these important stock-based incentives.

Timing of Proposal

There are a number of reasons why we are seeking approval of the Plan at this time. The last time we had our stockholders approve a long-term equity incentive plan was in 2006. The 2006 Plan has served us well, but since that time there have been a number of developments with respect to plan design and plan provisions, including governance-related best practices. In addition, under the terms of the 2006 Plan, it will expire in 2016 and no future grants will be available under that plan. Accordingly, we think it timely for us to update our long-term equity incentive plan to make it more consistent with current practices and our need to provide equity compensation to our employees to enhance stockholder value. In addition, adopting the Plan at this time will make an additional 9,000,000 common shares of the Company available for issuance to participants, bringing the total number of shares available to approximately 12,395,843 based on the shares expected to be carried over from the 2006 Plan. Adoption of the Plan also will enable us to qualify any performance-based compensation grants under Section 162(m) of the Internal Revenue Code of 1986 ("Internal Revenue Code"). Stockholder approval of the performance measures is required every five years and, accordingly, the performance measures in the 2006 Plan no longer are Section 162(m) qualified.

Key Features Designed to Protect Stockholders' Interests

The Plan's design reflects our commitment to strong corporate governance and our desire to preserve stockholder value as demonstrated by the following Plan features:

Independent Administrator. The Compensation Committee of our Board of Directors, which is comprised solely of independent, non-employee directors, administers the Plan. Administrative powers may be delegated to officers and other employees, but all determinations regarding awards to our executive officers and non-employee directors must be made by the Compensation Committee.

No Evergreen Feature. The Plan does not contain an evergreen provision that automatically increases the number of shares authorized for issuance under the Plan.

Repricing and Reloading Prohibited. Stockholder approval is required for any repricing, replacement, or buyout of underwater awards. In addition, no new awards are granted automatically upon the exercise or settlement of any outstanding award.

Table of Contents

No Discount Awards; Maximum Term Specified. Stock options and stock appreciation rights must have an exercise price no less than the closing price per share on the date the award is granted and a term no longer than seven years' duration unless required otherwise by applicable law.

Per-Participant Limits on Awards. The Plan limits the size of awards that may be granted during any one year to any one participant.

Award Design Flexibility. Different kinds of awards may be granted under the Plan, giving us the flexibility to design our equity incentives to complement the other elements of compensation and to support our attainment of strategic goals.

Performance-based Awards. The Plan permits the grant of performance-based stock and cash-incentive awards that are payable only upon the attainment of specified performance goals. The Plan includes the provisions necessary to enable us to grant qualified performance-based awards which are intended to be exempt from the \$1,000,000 limit on deductions for compensation paid to covered employees.

No Dividends on Performance-based Awards Unless and Until Performance Goals Are Met. The Plan prohibits the payment of dividends or dividend equivalents on performance-based awards unless and until applicable performance goals are met.

No Liberal Definition of Change in Control. The Plan's definition of a change-in-control transaction provides that any award benefits triggered by the transaction are contingent upon the actual consummation of the transaction, not merely its approval by our Board of Directors or stockholders.

No Transfers for Value. Participants are not permitted to transfer awards for value under the Plan.

Awards Subject to Clawback Policy. Awards granted under the Plan generally will be subject to any and all policies, guidelines, codes of conduct, or other agreement or arrangement adopted by our Board of Directors or Compensation Committee with respect to the recoupment, recovery or clawback of compensation.

Our Compensation Committee has full discretion to determine the number of awards to be granted to participants under the Plan, subject to an annual limitation on the total number of awards that may be granted to any one person. No awards have been granted contingent upon stockholder approval of the Plan.

Summary of the Plan

The following is a summary of the principal features of the Plan but it is qualified in its entirety by reference to the full text of the plan document, which appears as [Appendix E](#) to this proxy statement.

Background and Purpose

We adopted the Plan to (a) promote our long-term financial interests and growth by attracting and retaining management and other personnel and key service providers with the training, experience and ability to enable them to make a substantial contribution to the success of our business; (b) motivate management personnel by means of growth-related incentives to achieve long-range goals; and (c) further the alignment of interests of participants with those of our stockholders through opportunities for increased stock or stock-based ownership in the Company.

Shares Available

As of the effective date of the Plan, the number of shares of our common stock issuable pursuant to awards that may be granted under the Plan will be equal to the sum of 9,000,000 shares plus the number of unallocated shares available for issuance as of the effective date under the 2006

Edgar Filing: IMMUNOMEDICS INC - Form PRE 14A

Plan that are not then subject to outstanding awards. In other words, we are asking you to approve the issuance of 9,000,000 new shares in addition to the

remaining number of shares available under the 2006 Plan which will be carried over to the Plan. No further awards will be granted under the 2006 Plan once the Plan becomes effective. As of September 15, 2014, the date on which the Board of Directors adopted the Plan, there were 3,395,843 shares remaining available for grant under the 2006 Plan. As such, we anticipate that there will be approximately 12,395,843 shares of our common stock available for issuance under the Plan when the Plan first becomes effective. The number of shares available for issuance under the Plan will be increased, on the relevant date, by the number of unissued shares underlying or used as a reference measure for any award or portion of an award granted under the Plan, the 2006 Plan or the Company's 2002 Stock Option Plan (together with the 2006 Plan, the "Prior Plans") if

any award or portion of an award expires or terminates unexercised, becomes unexercisable, is settled in cash without delivery of shares, or is forfeited or otherwise terminated, tendered in payment of an exercise price, surrendered or canceled as to any shares (including upon a net issuance of shares);

any shares are repurchased by or surrendered to us in connection with any award (whether or not such surrendered shares were acquired pursuant to any award);

any shares are withheld by us for the payment of taxes or otherwise;

the amount of any shares we reacquired on the open market or otherwise using the cash proceeds we received in payment of the exercise price and/or the statutory minimum tax withholding obligation that arises in connection with the exercise of stock options (up to no more than the amount of cash proceeds we received divided by the fair market value of the shares on the date of exercise that generated such proceeds); or

there is a failure to meet a contingency or condition with respect to any award or portion of an award.

The number and class of shares subject to the Plan, the number and class of shares subject to any numerical limit in the Plan, and the number, price and class of shares subject to awards will be adjusted in the event of a merger, consolidation, stock rights offering, statutory share exchange or similar event affecting the Company or a stock dividend, stock split, reverse stock split, separation, spinoff, reorganization, extraordinary dividend of cash or other property, share combination or subdivision, or recapitalization or similar event affecting our capital structure that occurs at any time after adoption of the Plan by the Board of Directors.

In the event of a merger, consolidation, stock rights offering, statutory share exchange or similar event affecting the Company, the Compensation Committee of the Board of Directors may make discretionary adjustments, including the cancellation of outstanding awards for cash, securities, other property or a combination of the three and the substitution of cash, securities, other property, a combination of the three or equivalent awards of the surviving or successor entity or its parent.

As of the date of this proxy statement, we have an aggregate of 3,395,843 shares reserved for issuance under our Prior Plans that are not subject to outstanding awards and 6,451,763 shares subject to outstanding awards under our Prior Plans. With respect to outstanding stock options, the weighted average exercise price and remaining contractual term are \$3.35 per share and 3.65 years, respectively. With respect to performance-contingent awards, 389,864 shares are subject to outstanding awards, all of which are unearned as of the date of this proxy statement. The total number of shares of common stock outstanding as of October 8, 2014 is 93,133,094. We anticipate granting a limited number of new awards to new hires pursuant to our customary practices and applicable employment agreements or other contractual requirements under the Prior Plans between the date of this proxy statement and the adjournment of the Annual Meeting.

Administration

The Compensation Committee of our Board of Directors is the Administrator of the Plan (the "Administrator"). At any time the Board of Directors may serve as the Administrator in lieu of or in addition to the Compensation Committee. Except as provided otherwise under the Plan, the Administrator has plenary

Table of Contents

authority to grant awards pursuant to the terms of the Plan to eligible individuals, determine the types of awards and the number of shares covered by the awards, establish the terms and conditions for awards and take all other actions necessary or desirable to carry out the purpose and intent of the Plan.

The Compensation Committee or Board of Directors may delegate to officers and employees limited authority to perform administrative actions under the Plan to assist in its administration to the extent permitted by applicable law and stock exchange rules. The delegation of authority, however, may not extend to the exercise of discretion with respect to awards to participants who are covered employees within the meaning of Section 162(m) of the Internal Revenue Code or officers under Section 16 of the Securities Exchange Act of 1934. With respect to any award to which Section 16 of the Securities Exchange Act applies, the Administrator shall consist of either our Board of Directors or the Compensation Committee, which committee shall consist of two or more directors, each of whom is intended to be a non-employee director as defined in Rule 16b-3 of the Securities Exchange Act and an independent director to the extent required by NASDAQ. With respect to any award that is intended to be a qualified performance-based award, the Administrator shall consist of two or more directors, each of whom is intended to be an outside director as defined under Section 162(m) of the Internal Revenue Code. Any member of the Administrator who does not meet the foregoing requirements shall abstain from any decision regarding an award and shall not be considered a member of the Administrator to the extent required to comply with Rule 16b-3 of the Securities Exchange Act or Section 162(m) of the Internal Revenue Code.

Eligibility and Participation

Participation in the Plan is generally open to all officers and employees of, and other individuals, including non-employee directors, who are natural persons providing bona fide services to the Company. However, individuals whose services to the Company are limited to capital-raising transactions or the promotion and maintenance of a market for our securities are ineligible to participate in the Plan. Prospective officers, employees and other service providers who have accepted offers to provide services to the Company may also participate in the Plan. As of the date of this proxy statement, four non-employee directors and approximately 124 employees and other persons rendering services to the Company or any of its affiliates are eligible to participate in the Plan.

Types of Awards

The Plan enables the grant of stock options, stock appreciation rights, stock awards, stock unit awards, performance shares, cash-based performance units and other stock-based awards, each of which may be granted separately or in tandem with other awards. The Plan contains all elements necessary to enable such awards granted to covered employees to qualify for the performance-based exemption to the \$1,000,000 deduction limit under Section 162(m) of the Internal Revenue Code, if desired, to ensure maximum deductibility by the Company. All awards made under the Plan may be subject to vesting and other contingencies as determined by the Administrator and will be evidenced by agreements approved by the Administrator which set forth the terms and conditions of each award.

Stock Options. Stock options entitle the participant, upon exercise, to purchase a specified number of shares at a specified price for a specified period of time. The Administrator may grant incentive and nonqualified stock options under the Plan. The exercise price for each stock option is determined by the Administrator but will in no event be less than 100% of the fair market value of the common stock on the grant date. The fair market value means, if the principal market for our common stock is a national securities exchange or an established securities market (e.g., the Nasdaq Stock Market), the official closing price per share of common stock for the regular market session on the day of determination, or, if the principal market for our common stock is not a national securities exchange or an established securities market, but the common stock is quoted by a national quotation system, the average of the highest bid and lowest asked prices for our common stock on the day of determination as reported on a national quotation system, or in the absence of an established market for the stock or its

Table of Contents

quotation by a national quotation system, the value determined by the Administrator in good faith by the reasonable application of a reasonable valuation method, which method may, but need not, include taking into account an appraisal of the fair market value of the common stock conducted by a nationally recognized appraisal firm selected by the Administrator. As of October 8, 2014, the fair market value of a share of our common stock was \$3.43 per share.

Any stock options granted in the form of an incentive stock option will be intended to comply with the requirements of Section 422 of the Internal Revenue Code. Only options granted to employees qualify for incentive stock option treatment.

Each stock option will expire at the time the Administrator determines on the grant date. No stock option will be exercisable later than the seventh anniversary of its grant, unless required otherwise by applicable law. A stock option may be exercised in whole or in installments. A stock option may not be exercisable for a fraction of a share. Shares purchased upon the exercise of a stock option must be paid for in full at the time of exercise in cash or such other consideration determined by the Administrator.

Stock Appreciation Rights. A stock appreciation right (SAR) is the right to receive a payment equal to the excess of the fair market value of a specified number of shares on the date the SAR is exercised over the base price per share specified in the award agreement. The base price for each SAR cannot be less than 100% of the fair market value of the common stock on the grant date, and the term of a SAR cannot be more than seven years from the grant date, unless required otherwise by applicable law. At the discretion of the Administrator, the payment upon a SAR exercise may be in cash, shares or a combination of the two.

Prohibition on Repricing. Except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of stock options and stock appreciation rights granted under the Plan may not be amended, after the date of grant, to reduce the exercise price of such stock options or stock appreciation rights, nor may outstanding stock options or stock appreciation rights be canceled in exchange for (i) cash, (ii) stock options or stock appreciation rights with an exercise price that is less than the exercise price of the original outstanding stock options or stock appreciation rights, or (iii) other awards, unless such action is approved by our stockholders.

Restricted Stock. Awards of restricted stock are actual shares of our common stock that are issued to a participant, but that are subject to forfeiture if the participant does not remain employed by us for a certain period of time and/or if certain performance goals are not met. Except for these restrictions and any others imposed by the Administrator, the participant will generally have all of the rights of a stockholder with respect to the restricted stock, including the right to vote the restricted stock, but will not be permitted to sell, assign, transfer, pledge or otherwise encumber shares of restricted stock before the risk of forfeiture lapses. Dividends declared payable on shares of restricted stock that are granted subject to risk of forfeiture conditioned solely on continued service over a period of time will be paid either at the dividend payment date or deferred for payment to such later date as determined by the Administrator, and may be paid in cash or as unrestricted shares of our common stock or may be reinvested in additional shares of restricted stock. Dividends declared payable on shares of restricted stock that are granted subject to risk of forfeiture conditioned on satisfaction of performance goals will be held by us and made subject to forfeiture at least until the applicable performance goal related to such shares of restricted stock has been satisfied.

Restricted Stock Units. An award of restricted stock units represents a contractual obligation of the Company to deliver a number of shares of our common stock, an amount in cash equal to the fair market value of the specified number of shares subject to the award, or a combination of shares and cash. Until shares of our common stock are issued to the participant in settlement of stock units, the participant shall not have any rights of a stockholder of the Company with respect to the stock units or the shares issuable thereunder. Vesting of restricted stock units may be subject to performance goals, the continued service of the participant or both. The

Table of Contents

Administrator may provide that dividend equivalents will be paid or credited with respect to restricted stock units, but such dividend equivalents will be held by us and made subject to forfeiture at least until any applicable performance goal related to such restricted stock units has been satisfied.

Performance Shares and Performance Units. An award of performance shares, as that term is used in the Plan, refers to shares of our common stock or stock units that are expressed in terms of our common stock, the issuance, vesting, lapse of restrictions or payment of which is contingent on performance as measured against predetermined objectives over a specified performance period. An award of performance units, as that term is used in the Plan, refers to dollar-denominated units valued by reference to designated criteria established by the Administrator, other than our common stock, whose issuance, vesting, lapse of restrictions or payment is contingent on performance as measured against predetermined objectives over a specified performance period. The applicable award agreement will specify whether performance shares and performance units will be settled or paid in cash or shares of our common stock or a combination of both, or will reserve to the Administrator or the participant the right to make that determination prior to or at the payment or settlement date.

The Administrator will, prior to or at the time of grant, condition the grant, vesting or payment of, or lapse of restrictions on, an award of performance shares or performance units upon (A) the attainment of performance goals during a performance period or (B) the attainment of performance goals and the continued service of the participant. The length of the performance period, the performance goals to be achieved during the performance period, and the measure of whether and to what degree such performance goals have been attained will be conclusively determined by the Administrator in the exercise of its absolute discretion. Performance goals may include minimum, maximum and target levels of performance, with the size of the award or payout of performance shares or performance units or the vesting or lapse of restrictions with respect thereto based on the level attained. An award of performance shares or performance units will be settled as and when the award vests or at a later time specified in the award agreement or in accordance with an election of the participant, if the Administrator so permits, that meets the requirements of Section 409A of the Internal Revenue Code.

Minimum Restriction Period for Full Value Awards. Except as provided below, each award of stock, stock units, performance shares or performance units (Full Value Awards) granted under the Plan will be subject to a minimum restriction period of 12 months from the date of grant if vesting of or lapse of restrictions on such award is based on the satisfaction of performance goals and a minimum restriction period of 36 months from the date of grant, applied in either pro rata installments or a single installment, if vesting of or lapse of restrictions on such award is based solely on the participant's satisfaction of specified service requirements with us. If the grant of a performance award is conditioned on satisfaction of performance goals, the performance period must not be less than 12 months duration, but no additional minimum restriction period need apply to such award. Except as provided below, the Administrator does not have discretionary authority to waive the minimum restriction period applicable to a Full Value Award, except in the case of death, disability, or a change in control of the Company. The Administrator has discretion to grant Full Value Awards that do not adhere to these minimum restriction period requirements, or otherwise may waive the requirements, with respect to up to the number of Full Value Awards that is equal to 10% of the initial number of shares available for grant under the Plan as of its effective date.

Qualified Performance-Based Awards. The Administrator may, prior to or at the time of grant, designate an award of restricted stock, restricted stock units, performance shares or performance units as a qualified performance-based award intended to qualify for the performance-based exemption to the \$1,000,000 deduction limit under Section 162(m) of the Internal Revenue Code, if desired. For any award so designated as a qualified performance-based award, the Administrator will take steps to ensure that the terms of the award are consistent with such designation. The Administrator may retain in an award agreement the discretion to reduce, but not to increase, the amount or number of qualified performance-based awards which will be earned based on the achievement of performance goals. Achievement of the performance goals will be certified by a committee of outside directors, within the meaning of Section 162(m) of the Internal Revenue Code, before any payment is made under a qualified performance-based award.

Table of Contents

If Full Value Awards are intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code, the award agreement must specify a predetermined amount of cash or shares that may be earned by the covered employee to the extent that one or more predetermined performance goals based on the following specified performance metrics are attained within a predetermined performance period:

Earnings or Profitability Metrics: any derivative of revenue; earnings/loss (gross, operating, net, or adjusted); earnings/loss before interest and taxes (EBIT); earnings/loss before interest, taxes, depreciation and amortization (EBITDA); profit margins; operating margins; expense levels or ratios; provided that any of the foregoing metrics may be adjusted to eliminate the effect of any one or more of the following: interest expense, asset impairments or investment losses, early extinguishment of debt or stock-based compensation expense;

Return Metrics: any derivative of return on investment, assets, equity or capital (total or invested);

Investment Metrics: relative risk-adjusted investment performance; investment performance of assets under management;

Cash Flow Metrics: any derivative of operating cash flow; cash flow sufficient to achieve financial ratios or a specified cash balance; free cash flow; cash flow return on capital; net cash provided by operating activities; cash flow per share; working capital;

Liquidity Metrics: any derivative of debt leverage (including debt to capital, net debt-to-capital, debt-to-EBITDA or other liquidity ratios);

Stock Price and Equity Metrics: any derivative of return on stockholders' equity; total stockholder return; stock price; stock price appreciation; market capitalization; earnings/loss per share (basic or diluted) (before or after taxes);

New Product Development: any new product development or successful completion of research and development projects;

Joint Ventures: formation of joint ventures, research or development collaborations, or the completion of other corporate transactions intended to enhance the Company's revenue or profitability or enhance its customer base; and/or

Strategic Metrics: product research and development; completion of an identified special project; clinical trials; regulatory filings or approvals; patent application or issuance; manufacturing or process development; sales or net sales; market share; market penetration; economic value added; customer service; customer satisfaction; inventory control; balance of cash, cash equivalents and marketable securities; growth in assets; key hires; employee satisfaction; employee retention; business expansion; acquisitions, divestitures, joint ventures or financing; legal compliance or safety and risk reduction.

Performance metrics may apply to an individual, one or more business units, divisions or affiliates or on a company-wide basis. Performance metrics may be expressed in absolute terms, relative to a base period or relative to the performance of one or more comparable companies, peer groups or an index covering multiple companies. Performance goals may be applied on a per share or absolute basis and relative to one or more performance metrics, or any combination thereof, and may be measured pursuant to U.S. generally accepted accounting principles (GAAP), non-GAAP or other objective standards in a manner consistent with Immunomedics' or its subsidiary's established accounting policies, all as the Administrator shall determine at the time the performance goals for a performance period are established. The Administrator may, in its sole discretion, provide that one or more objectively determinable adjustments shall be made to the manner in which one or more of the performance goals is to be calculated or measured to take into account, or ignore, one or more of the following: (1) items related to a change in accounting principle; (2) items relating to financing activities; (3) expenses for restructuring or productivity initiatives; (4) other non-operating items; (5) items related to acquisitions; (6) items attributable to the business operations of any entity acquired by the Company during the Performance Period; (7) items related to the sale or disposition of a business or segment of a business; (8) items

related to discontinued operations that do not qualify as a segment of a business under U.S. generally accepted accounting principles; (9) items attributable to any stock dividend, stock split, combination or exchange of stock occurring during the Performance Period; (10) any other items of significant income or expense which are determined to be appropriate adjustments; (11) items relating to unusual or extraordinary corporate transactions, events or developments, (12) items related to amortization of acquired intangible assets; (13) items that are outside the scope of the Company's core, on-going business activities; (14) changes in foreign currency exchange rates; (15) items relating to changes in tax laws; (16) certain identified expenses (including, but not limited to, cash bonus expenses, incentive expenses and acquisition-related transaction and integration expenses); (17) items relating to asset impairment charges; or (18) items relating to gains or unusual or nonrecurring events or changes in applicable law, accounting principles or business conditions. For all awards intended to qualify as qualified performance-based awards, such determinations shall be made within the time prescribed by, and otherwise in compliance with, Section 162(m) of the Internal Revenue Code.

Other Stock-Based Awards. The Administrator may from time to time grant to eligible individuals awards in the form of our common stock or any other award that is valued in whole or in part by reference to, or is otherwise based upon, shares of our common stock, including without limitation dividend equivalents and convertible debentures ("Other Stock-Based Awards"). Other Stock-Based Awards in the form of dividend equivalents may be (A) awarded on a free-standing basis or in connection with another award other than a stock option or stock appreciation right, (B) paid currently or credited to an account for the participant, including the reinvestment of such credited amounts in common stock equivalents, to be paid on a deferred basis, and (C) settled in cash or our common stock as determined by the Administrator; provided, however, that dividend equivalents payable on Other Stock-Based Awards that are granted as a performance award shall, rather than be paid on a current basis, be accrued and made subject to forfeiture at least until the applicable performance goal related to such Other Stock-Based Awards has been satisfied. Any such settlements, and any such crediting of dividend equivalents, may be subject to such conditions, restrictions and contingencies as the Administrator may establish.

Award Limitations

The following limitations on awards are imposed under the Plan.

ISO Award Limit. No more than 9,000,000 shares of our common stock may be issued in connection with awards granted under the Plan that are intended to qualify as incentive stock options under Section 422 of the Internal Revenue Code.

Section 162(m) Individual Limits:

Appreciation Awards. The maximum number of shares of our common stock that may be made subject to awards granted under the Plan during a calendar year to any one person in the form of stock options or stock appreciation rights is, in the aggregate, 500,000 shares.

Stock-Based Performance Awards. The maximum number of shares of our common stock that may be made subject to awards granted under the Plan during a calendar year to any one person in the form of performance shares is, in the aggregate, 500,000 shares. If such performance shares will be settled in cash, the maximum cash amount payable thereunder is the amount equal to the number of performance shares to be settled in cash multiplied by the closing price of the shares, as determined as of the payment date.

Cash-Based Performance Units. In connection with awards granted under the Plan during a calendar year to any one person in the form of cash-based performance units, the maximum cash amount payable under such performance units is \$1 million.

Adjustments to Limits during Initial Year of Service. Each of the individual limits set forth above (as required by Section 162(m) of the Internal Revenue Code) are multiplied by two when applied to awards granted to any individual during the calendar year in which such individual first commences service with us.

Table of Contents

Adjustments for Multi-year Performance Periods. The individual limits set forth above for stock-based performance awards are multiplied by the number of calendar years over which the applicable performance period spans (in whole or in part), if the performance period is longer than 12 months duration.

If any award is terminated, surrendered or canceled in the same year as the year in which it is granted, that award nevertheless will continue to be counted against the Internal Revenue Code Section 162(m) individual limits set forth above for the calendar year in which it was granted.

Change in Control

In the event of a change in control (as defined in the Plan) of the Company, outstanding awards (other than those granted to our non-employee directors) will terminate upon the effective time of the change in control unless provision is made for the continuation, assumption or substitution of awards by the surviving or successor entity or its parent. Unless an award agreement says otherwise, the following will occur with respect to awards that terminate in connection with a change in control of the Company:

stock options and stock appreciation rights will become fully exercisable and holders of these awards will be permitted immediately before the change in control to exercise them;

restricted stock and restricted stock units with time-based vesting (i.e., not subject to achievement of performance goals) will become fully vested immediately before the change in control, and restricted stock units will be settled as promptly as is practicable in accordance with applicable law; and

performance shares and units that vest based on the achievement of performance goals will vest as if the performance goal for the unexpired performance period had been achieved at the target level; and the performance units will be settled as promptly as is practicable in accordance with applicable law.

Awards granted under the Plan to our non-employee directors become fully exercisable and vested upon a change in control of the Company.

Duration, Amendment and Termination

The Plan will terminate on the earliest of (a) the earliest date as of which all awards granted under the Plan have been satisfied in full or terminated and no shares approved for issuance under the Plan remain available to be granted under new awards, (b) August 14, 2024 or (c) a date chosen by the Administrator in its discretion subject to the terms of the Plan.

The Administrator may amend, alter or discontinue the Plan, but no amendment, alteration or discontinuation will be made that would materially impair the rights of a participant with respect to a previously granted award without his or her consent, except such an amendment made to comply with applicable law or rule of any securities exchange or market on which our common stock is listed or admitted for trading or to prevent adverse tax or accounting consequences to the Company or the participant. In no event, however, will an amendment be made without the approval of our stockholders to the extent such amendment would (A) materially increase the benefits accruing to participants under the Plan, (B) materially increase the number of shares that may be issued under the Plan or to a participant, (C) materially expand the eligibility for participation in the Plan, (D) eliminate or modify the prohibition on repricing of stock options and stock appreciation rights, (E) lengthen the maximum term or lower the minimum exercise price or base price permitted for stock options and stock appreciation rights, or (F) modify the prohibition on the issuance of reload or replenishment options.

New Plan Benefits

No awards have been previously granted under the Plan. Awards that may be granted to eligible persons under the Plan are subject to the discretion of the Compensation Committee, so we cannot currently determine the benefits or amounts that will be received or allocated to our current named executive officers, executive officers as a group, directors who are not executive officers as a group, and employees, including all current officers who are not executive officers, as a group. Consequently, no New Plan Benefits Table is included in this proxy statement.

Federal Income Tax Consequences

The following is a general summary of the federal income tax treatment of certain awards, which are authorized for grant under the Plan, based upon the provisions of the Internal Revenue Code as of the date of this proxy statement. Non-U.S. residents should consult with their tax adviser regarding the specific tax consequences as a result of the grant of awards under the Plan in their country of origin. This summary is not intended to be exhaustive and the exact tax consequences to any award holder depend upon his or her particular circumstances and other facts. Plan participants should consult their tax advisor with respect to any state, local and non-U.S. tax considerations or relevant federal tax implications of awards granted under the Plan.

Incentive Stock Options. An option holder recognizes no taxable income for regular income tax purposes as a result of the grant or exercise of an incentive stock option that qualifies under Section 422 of the Internal Revenue Code. Option holders who do not dispose of their shares within two years of the date that the option was granted and within one year following the exercise of the option, normally recognize a capital gain or loss on the sale of shares equal to the difference, if any, between the sale price and the purchase price of the shares. If an option holder satisfies these holding periods, on the sale of shares, we are not entitled to any deduction for federal income tax purposes. Where an option holder disposes of shares within two years after the grant date of those options or within one year after the date of exercise (a disqualifying disposition), the difference between the fair market value of the shares on the exercise date and the option exercise price (which is not to exceed the gain realized on the sale, if the disposition is a transaction with respect to which a loss, if sustained, would be recognized) is taxed as ordinary income at the time of disposition. Any gain in excess of that amount is a capital gain. If a loss is recognized, there is no ordinary income, and such loss is a capital loss. Any ordinary income recognized by the option holder on a disqualifying disposition of shares generally results in a deduction by us for federal income tax purposes.

Nonqualified Stock Options. Options not designated or qualifying as incentive stock options are nonqualified stock options having no special tax status. An option holder generally recognizes no taxable income as a result of the grant of the option. On the exercise of a nonqualified stock option, the option holder normally recognizes ordinary income in the amount of the difference between the option exercise price and the fair market value of the shares on the exercise date. Where the option holder is an employee, such ordinary income generally is subject to withholding of income and employment taxes. On the sale of shares acquired by the exercise of a nonqualified stock option, any gain or loss (based on the difference between the sale price and the fair market value on the exercise date), is taxed as a capital gain or loss. No tax deduction is available to us with respect to the grant of a nonqualified stock option or the sale of the stock acquired pursuant to such grant. We should generally be entitled to a deduction equal to the amount of ordinary income recognized by the option holder as a result of the exercise of a nonqualified stock option.

Restricted Stock and Restricted Stock Units. Any cash and the fair market value of any shares received by a participant in connection with restricted stock or restricted stock units are generally includible in the participant's ordinary income. In the case of restricted stock, this amount is includible in the participant's income when shares vest, unless the participant has filed an election with the Internal Revenue Service to include the fair market value of the shares in income as of the date the award was granted. In the case of restricted stock units, generally,

Table of Contents

the value of any cash and the fair market value of any shares received by a participant are includible in income when the awards are paid. Any dividends or dividend equivalents paid on unvested restricted stock or restricted stock units are also ordinary income for participants.

Deductibility of Compensation. The Internal Revenue Code allows publicly held corporations to deduct compensation that is in excess of \$1 million paid to the Company's chief executive officer and or any of its three most highly compensated executive officers (other than the chief executive officer and the chief financial officer) if the compensation is payable solely based on the attainment of one or more performance goals and where certain statutory requirements are satisfied. It is intended that compensation arising from awards granted under the Plan in the form of stock options and stock appreciation rights, are to be deductible by us as qualified performance-based compensation not subject to the \$1 million limitation on deductibility under the Internal Revenue Code. We may also choose to grant performance awards under the Plan that satisfy the requirements for deductibility of compensation. We reserve the right, however, to grant awards under the Plan that do not result in qualified performance-based compensation and, as such, may not entitle us to a tax deduction.

Vote Required and Board Recommendation

If a quorum is present, approval of the Plan requires the affirmative vote of a majority of the votes cast at the Annual Meeting. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum. Abstentions and broker non-votes will not be considered as votes cast for or against the proposal and will therefore have no effect on the outcome of the vote.

PROPOSAL 5 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee, with the approval of the Board of Directors, has selected the firm of KPMG LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2015. KPMG LLP has been engaged by us to audit our consolidated financial statements since September 2013. KPMG LLP has advised our Audit Committee that it is independent of us within the meaning of Rule 2-01 of SEC Regulation S-X, as amended.

A description of the services provided by KPMG LLP, and the fees we paid for such services, can be found under the heading *Independent Registered Public Accounting Firm* on page 71 of this proxy statement.

On September 30, 2013, we dismissed Ernst & Young LLP as the Company's independent registered public accounting firm. The Company, also on September 30, 2013, engaged KPMG LLP as the Company's new independent registered public accounting firm. The decision to dismiss Ernst & Young LLP and engage KPMG LLP was made at the direction of the audit committee of the Company's board of directors.

The reports of Ernst & Young LLP on the consolidated financial statements of the Company for the fiscal year ended 2013 did not contain an adverse opinion or a disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

The report of Ernst & Young LLP on the effectiveness of internal control over financial reporting as of June 30, 2013 contained an adverse opinion on our internal control over financial reporting due to the effect of a material weakness in the Company's internal controls over financial reporting related to the measurement of clinical trial accrued liabilities and related expenses. This material weakness was reported as remediated as of June 30, 2014 in the Annual Report on Form 10-K filed on August 25, 2014. Our disclosures on the effectiveness of our internal controls in Item 9A of our Annual Reports on Form 10-K filed on August 25, 2014 and Form 10-K/A filed on March 18, 2014 and Item 4 of our quarterly reports on Form 10-Q or Form 10-Q/A for the quarters ended September 30, 2013, December 31, 2013, and March 31, 2014 address the material weakness.

During the Company's fiscal year ended 2013 and through September 30, 2013, the Company did not have any disagreement with Ernst & Young LLP on any matter of accounting principle or practice, financial statement disclosure or auditing scope or procedure which, if not resolved to the satisfaction of Ernst & Young LLP, would have caused it to make reference to the matter in connection with its report on the Company's financial statements for the relevant year.

In connection with Ernst & Young LLP's audit of the Company's financial statements for the fiscal year ended June 30, 2013, there was a reportable event (as defined in Item 304(a)(1)(v) of Regulation S-K) related to a material weakness in the Company's internal control over financial reporting as disclosed in the Company's Form 10-K/A for the fiscal year ended June 30, 2013 (the 2013 Form 10-K/A). As disclosed in the 2013 Form 10-K/A, the Company's management concluded that as of June 30, 2013 the Company's internal control over financial reporting was not effective because of the existence of a material weakness related to the measurement of clinical trial accrued liabilities and related expense including the accuracy of information used in the measurement of services on an as incurred basis. Ernst & Young LLP audit report dated August 22, 2013, except for the effects of the material weakness described above, as to which the date is March 18, 2014 with respect to the Company's internal control over financial reporting as of June 30, 2013 opined that the Company did not maintain effective internal control over financial reporting as of June 30, 2013 because of this material weakness. The subject matter of this material weakness was discussed by the Company's management and the Audit Committee with Ernst & Young LLP.

During the Company's fiscal year ended 2013 and through September 30, 2013, neither the Company nor anyone acting on its behalf consulted with KPMG LLP regarding any of the matters specified in Item 304(a)(2) of Regulation S-K.

The affirmative vote of a majority of the shares voted at the 2014 Annual Meeting is required to ratify the appointment of our independent registered public accounting firm. In the event the stockholders do not ratify KPMG LLP as our independent registered public accounting firm, the Audit Committee will reconsider its appointment.

Table of Contents

A representative of KPMG LLP is expected to be present at our Annual Meeting. This representative will have an opportunity to make a statement, if he or she desires to do so, and will be available to respond to appropriate questions.

Vote Required and Board Recommendation

If a quorum is present, ratification of KPMG LLP as our independent registered public accounting firm requires the affirmative vote of a majority of the votes cast at the Annual Meeting. Abstentions will not be considered as votes cast for or against the proposal and will therefore have no effect on the outcome of the vote. As this proposal is deemed a routine matter, broker non-votes will not occur with respect to this proposal.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE PROPOSAL TO RATIFY THE SELECTION OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING JUNE 30, 2015.

Table of Contents**OWNERSHIP OF OUR COMMON STOCK**

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of October 8, 2014 for: (i) the executive officers named in the *Summary Compensation Table* on page 55 of this proxy statement; (ii) each of our directors and director nominees; (iii) all of our current directors and executive officers as a group; and (iv) each stockholder known by us to own beneficially more than five percent (5%) of our common stock. Beneficial ownership is determined in accordance with the rules of the SEC, and includes voting or investment power with respect to the securities.

The SEC deems shares of common stock that may be acquired by an individual or group by December 6, 2014 (60 days after October 8, 2014) pursuant to the exercise of options, warrants or other convertible securities to be outstanding for the purpose of computing the percentage ownership of such individual or group, but such securities are not deemed to be outstanding for the purpose of computing the percentage ownership of any other stockholder shown in the table. Except as indicated in footnotes to this table, we believe that the stockholders named in this table have sole voting and investment power with respect to all shares of common stock shown to be beneficially owned by them based on information provided to us by these stockholders. Percentage ownership is based on 93,133,094 shares of common stock outstanding on October 8, 2014.

OUR CORPORATE GOVERNANCE

Our Commitment to High Corporate Governance Standards

We believe that in order for Immunomedics to achieve real business success while also creating value for our stockholders, it is essential that we maintain a commitment to excellence in corporate governance and an environment of the highest ethical standards. Our Board of Directors is committed to high governance standards and to continually work to improve them. During the past year, we have reviewed our corporate governance practices. We also reviewed with our legal counsel and other professional advisors the rules of the SEC, as well as other proposed SEC rules and regulations and listing requirements of the NASDAQ Global Market. We have also compared our governance practices against those identified as best practices by various authorities and other public companies.

Role of Our Board of Directors

Our Board of Directors currently consists of six members, although we regularly seek additional qualified candidates to consider joining the Board of Directors.

The Board of Directors monitors overall corporate performance and the integrity of our financial controls and legal compliance procedures. It appoints senior management and oversees succession planning and senior management's performance and compensation. The Board of Directors oversees Immunomedics' long and short term strategic and business planning, and conducts a year-long process that culminates in the review and approval by our Board of Directors each year of a business plan, a capital expenditures budget and other key financial and business objectives.

Members of the Board of Directors keep informed about our business and operations through discussions with the Chairman and other members of our senior management team, by reviewing materials provided to them on a regular basis as well as in preparation for Board of Directors and committee meetings, and by actively participating in meetings of the Board of Directors and its committees. We regularly review key portions of our business with the Board of Directors, including our clinical and pre-clinical development programs. We also make it a practice to introduce our senior executives to the Board of Directors so that the Board of Directors can become familiar with our key talent.

In fiscal 2014, the Board of Directors met six times. Each director attended at least 75% of the total number of meetings of the Board of Directors and all committees of the Board on which such director served, during the periods during which such director served.

Directors are encouraged, but are not required, to attend our Annual Meeting of Stockholders. Dr. Goldenberg, Ms. Sullivan, Mr. Markison, Ms. Paetzold, Mr. Sherman and Mr. Stark attended the Company's 2013 Annual Meeting of Stockholders.

Director Experience, Qualifications, Attributes and Skills

We believe that the backgrounds and qualifications of our directors and director nominees, considered as a group, provide a broad mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities. Our Board of Directors is composed of a diverse group of leaders in their respective fields. Many of the current directors have leadership experience at major domestic and international companies with operations inside and outside the United States, as well as experience serving on other companies' boards, which provides an understanding of different business processes, challenges and strategies facing boards and other companies. Certain of our directors have experience as senior management of pharmaceutical and biotechnology companies which brings unique perspectives to the Board of Directors. Further, our directors also have other experience that makes them valuable members, such as prior experience with financing transactions or mergers and acquisitions that provides insight into issues faced by companies.

Table of Contents

The following highlights the specific experiences, qualifications, attributes and skills of our individual directors, or director nominees, that have led our Governance and Nominating Committee to conclude that these individuals should serve on our Board of Directors:

Brian A. Markison, our lead independent director who brings extensive research and development, manufacturing and sales experience in the pharmaceuticals and life sciences industries, is a Healthcare Industry Executive at Avista Capital Partners, a leading private equity firm. Previously, he served as President, Chief Executive Officer and a member of the Board of Directors of Fougere Pharmaceuticals Inc. Mr. Markison also serves as the Chairman of the Board of Directors for Lantheus Medical Imaging Inc. and Rosetta Genomics, Ltd., and as a Director for Alere Inc. and PharmAthene, Inc.

Mary E. Paetzold, has over 35 years of experience in accounting, internal controls and finance functions. Ms. Paetzold was a former partner of KPMG, LLP, and is Chief Financial Officer of SMG Indium Resources Ltd.

Richard L. Sherman, has nearly 40 years of experience as a licensing executive, attorney, consultant, and venture capitalist in the biotechnology and pharmaceutical industries, and is Senior Vice President, Strategic Transactions and General Counsel of TetraLogic Pharmaceuticals Corporation.

Don C. Stark, brings extensive expertise in the fields of oncology and immunology both in marketing and sales through his experience with Bristol-Myers Squibb, Immunex, Repligen and most recently through his position as President and Chief Executive Officer of Whistler Associates, Inc., a marketing and strategic planning consulting firm focused on the field of oncology.

Cynthia L. Sullivan, our President and Chief Executive Officer, has over 25 years of biopharmaceutical research and development experience in the fields of oncology and immunology. Additionally, Ms. Sullivan brings extensive public company experience through her past director positions with Urogen Pharmaceuticals, Inc. and Digene Corp. Ms. Sullivan currently serves as a member of Board of Trustees for the HealthCare Institute of New Jersey, a trade association for the research-based pharmaceutical and medical technology industry in New Jersey.

Dr. David M. Goldenberg, our founder, Chairman of the Board of Directors, Chief Scientific Officer and Chief Medical Officer, brings over 40 years of research and development experience in the fields of oncology and immunology. Dr. Goldenberg, a pioneer in the development of radiolabeled antibodies for various applications in the detection, diagnosis and therapy of cancer, has received numerous professional awards and recognition from scientific bodies in the United States and around the world.

Board Leadership Structure and Role in Risk Oversight

Our Board of Directors evaluates its leadership structure and role in risk oversight on an ongoing basis. Since March 2001, our leadership structure has divided the Chairman of the Board of Directors, and the President and Chief Executive Officer roles into two positions. Currently, Dr. David M. Goldenberg, our founder, serves as Chairman of the Board, Chief Scientific Officer and Chief Medical Officer, while Cynthia L. Sullivan serves as our President and Chief Executive Officer. Dr. Goldenberg and Ms. Sullivan are married to each other. Since 2009, our Board of Directors has also designated a lead independent director who acts as the leader of the independent directors of the Board of Directors and as chairperson of the executive sessions of our independent directors, serves as a non-exclusive intermediary between the independent directors and management, including our Chairman of the Board of Directors and President and Chief Executive Officer, provides input to the Chairman in planning agenda for meetings and facilitates discussions among the independent directors as appropriate between Board meetings. Currently, Mr. Markison serves as our lead independent director. Our Board of Directors determines what leadership structure it deems appropriate based on factors such as the experience of the applicable individuals, the current business environment of the Company, the current stage of development of our product candidates and other relevant factors. After considering these factors, our Board of

Table of Contents

Directors has determined that the individual roles of Chairman of the Board of Directors, and President and Chief Executive Officer, along with a lead independent director, is an appropriate board leadership structure for our company at this time.

The Board of Directors is also responsible for oversight of our risk management practices, while management is responsible for the day-to-day risk management processes. This division of responsibilities is the most effective approach for addressing the risks facing the Company, and the Company's board leadership structure supports this approach. Through our President and Chief Executive Officer, and other members of management, the Board of Directors receives periodic reports regarding the risks facing the Company. In addition, the Audit Committee assists the Board of Directors in its oversight role by receiving periodic reports regarding our risk and control environment.

Business Ethics and Compliance

Our Board of Directors has a Company-wide ethics awareness program and an enhanced compliance program that has been communicated to all employees. We have adopted a code of ethics for our Chief Executive Officer and senior financial officers, which complies with Item 406(b) of SEC Regulation S-K and is available on our website at www.immunomedics.com. In addition, all of our directors, officers and employees must act ethically and in accordance with our Code of Business Conduct (the "Code of Business Conduct"). The Code of Business Conduct satisfies the definition of "code of ethics" under the rules and regulations of the SEC and the standards of the NASDAQ Global Market, and is available on our website at www.immunomedics.com.

Review and Approval of Related Person Transactions

Our Code of Business Conduct has certain policies and procedures for the review, approval or ratification of transactions involving us and any executive officer, director, director nominee, 5% stockholder and certain of their immediate family members (each of whom we refer to as a "related person"). The policy and procedures cover any transaction involving a related person (a "related person transaction") in which the related person has a material interest and which does not fall under an explicitly stated exception set forth in the applicable disclosure rules of the SEC.

Any proposed related person transaction must be reported to the Company's President and Chief Executive Officer or the Vice President of Finance and Chief Financial Officer (the "Compliance Officers"). The policy calls for the transaction to be reviewed by the Compliance Officer and, if deemed appropriate, approved by the Board of Directors of the Company (or an authorized committee of the Board of Directors). The transaction should be approved in advance whenever practicable. If not practicable, the Compliance Officers, and, if deemed appropriate, the Board of Directors, will review, and may, if deemed appropriate, ratify the related person transaction.

A related person transaction will be considered approved or ratified if it is authorized by the Compliance Officers and the Board of Directors of the Company (or an authorized committee of the Board of Directors) after full disclosure of the related person's interest in the transaction. In considering related person transactions, the Compliance Officers and the Board of Directors (or an authorized committee of the Board of Directors) will consider any information considered material to investors and the following factors:

the related person's interest in the transaction;

the approximate dollar value of the transaction;

whether the transaction was undertaken in the ordinary course of our business;

whether the terms of the transaction are no less favorable to us than terms that we could have reached with an unrelated third party;
and

the purpose and potential benefit to us of the transaction.

Independence of Non-Employee Directors

Good corporate governance requires that a majority of the Board of Directors consist of members who are independent. There are different measures of director independence independence under listing standards of the NASDAQ Global Market, under Section 16 of the Securities Exchange Act of 1934, as amended (the Exchange Act) and under Section 162(m) of the Internal Revenue Code of 1986, as amended. Our Board of Directors has recently reviewed information about each of our non-employee directors and determined that each of Mr. Brian A. Markison, Ms. Mary E. Paetzold, Mr. Richard L. Sherman and Mr. Don C. Stark are deemed independent under applicable law and the listing standards of the NASDAQ Global Market, and accordingly if all six nominees are elected to the Board of Directors at the 2014 Annual Meeting of Stockholders, we will have a majority of independent directors on our Board.

Brian A. Markison, a member of the Board of Directors since 2004, was appointed to serve as the Lead Independent Director, for which he is entitled to receive additional compensation as described further below in the section titled Director Compensation.

Communications with Directors

Stockholders and other interested parties may communicate directly with any director, including any non-management member of the Board of Directors, by writing to the attention of such individual at the following address: Immunomedics, Inc., 300 The American Road, Morris Plains, New Jersey 07950.

Communications that are intended for the non-management directors generally should be marked Personal and Confidential and sent to the attention of the Chair of the Governance and Nominating Committee. The Chair will distribute any communications received to the other non-management member(s) to whom the communication is addressed. Communications that are intended for the whole Board should be sent to the attention of the Company's Secretary.

Committees of the Board

The Board currently has four standing committees: an Audit Committee; a Compensation Committee; a Governance and Nominating Committee; and a Research and Development Committee. Copies of the charters of the Audit Committee, the Compensation Committee, and the Governance and Nominating Committee, as each has been adopted by our Board of Directors, are attached to this proxy statement as Appendix A, Appendix B and Appendix C, respectively, and can be found on our website www.immunomedics.com. The Board is also empowered to appoint from time to time ad hoc committees to address specific matters. In May 2014, the Pricing Committee of the Board met to decide on the terms related to the Company's offering of its common stock in May 2014. No other ad hoc committees took place in fiscal 2014.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis discusses the principles underlying our compensation policies and decisions and the principal elements of compensation paid to our executive officers during fiscal year 2014. Our Chief Executive Officer (the CEO), Chief Scientific Officer and Chief Medical Officer, and Chief Financial Officer will be referred to as the named executive officers for purposes of this discussion.

Executive Summary

Our overarching compensation goal is to motivate, recruit and retain executive officers in a manner that promotes superior executive performance and successful financial results for us while aligning the interests of the executive officers with the long-term interests of our stockholders. We believe this is accomplished through the following principles and processes that we follow in establishing executive compensation:

We benchmark executive officer compensation against a peer group of comparably sized public companies in the pharmaceutical industry.

We target compensation between the 25th and 75th percentiles for base salary and annual cash incentive amounts. Our compensation model is flexible to be adjusted upward or downward in the case of exceptional performance or as circumstances warrant in the discretion of the Compensation Committee.

We primarily structure our total compensation in the form of base salary, annual short-term cash incentive awards, long-term equity incentive awards, benefits and perquisites and change in control and other severance benefits.

Our compensation structure seeks to align our executives' compensation with our long-term growth and success by rewarding the discovery and development of new product candidates, the advancement of our existing pipeline of therapeutic product candidates and the strategic partnering for further clinical development and commercialization of our product candidates.

Table of Contents

We maintain severance and change in control arrangements for our executives comparable to other companies in our peer group.

We seek to maintain a conservative cash utilization rate in order to advance our product candidates in various market conditions. We believe this approach has allowed us to make the best use of our resources in advancing our pipeline of therapeutic product candidates and technologies.

Role of Stockholder Say-on-Pay Votes

We provide our stockholders with the opportunity to cast an annual, nonbinding advisory vote on executive compensation (a say-on-pay proposal). At the Annual Meeting of Stockholders held on December 4, 2013, approximately 95% of the votes cast on the say-on-pay proposal at that meeting were voted in favor of the proposal. Our Compensation Committee considered the outcome of that advisory vote to be an endorsement of the Compensation Committee's compensation philosophy and implementation. As such, in making its decisions regarding executive compensation for fiscal year 2014, the Compensation Committee chose to retain the fiscal year 2013 compensation structure of the executive compensation program as a reference while making a few adjustments to reflect the performance of the Company and our named executive officers in fiscal year 2014. The Compensation Committee will continue to consider the outcome of the Company's say-on-pay votes when making future compensation decisions for the named executive officers.

Compensation Objectives and Philosophy

The Compensation Committee of our Board of Directors (the Compensation Committee) is responsible for reviewing and approving the compensation payable to our named executive officers and other key employees. As part of such process, the Compensation Committee seeks to accomplish the following objectives with respect to our executive compensation programs:

Motivate, recruit and retain executives capable of meeting our strategic objectives;

Provide incentives to ensure superior executive performance and successful financial results for us; and

Align the interests of executives with the long-term interests of stockholders.

The Compensation Committee seeks to achieve these objectives by:

Establishing a compensation structure that is both market competitive and internally fair;

Linking a substantial portion of compensation to our achievement of financial objectives and the individual's contribution to the attainment of those objectives;

Providing risk for underachievement and upward leverage for overachievement of goals; and

Providing long-term equity-based incentives.

Setting Executive Compensation

In determining the compensation of each named executive officer, the Compensation Committee considered a number of factors, including recent Company and individual performance, the CEO's recommendations as to named executive officers other than the CEO, cost of living in the New York/New Jersey area, and internal pay equity. The Compensation Committee also considered competitive compensation data received from James F. Reda & Associates, a Division of Gallagher Benefit Services, Inc. (James F. Reda), an independent executive compensation consulting firm detailing the 25th percentile, median, and 75th percentile of (i) base salary; (ii) target annual cash compensation (i.e., salary plus

Edgar Filing: IMMUNOMEDICS INC - Form PRE 14A

target cash incentive); (iii) long-term equity incentive awards; and (iv) target total direct compensation (i.e., salary plus target cash incentive plus long-term equity incentives) for executive officer positions among a group of peer companies and assessed how similar compensation arrangements for the named executive officers compare to its peers. Based on James F. Reda market analysis, the Compensation Committee considers base salary within the range of the 25th percentile and

- 44 -

Table of Contents

the 75th percentile of our peer group to be competitive and appropriate for the named executive officers. Cash incentive levels among our peer group were used to establish target cash incentive compensation for our named executive officers. The Compensation Committee did not, however, tie cash compensation to potential values realizable from equity incentive awards to measure total target direct compensation or as a means to determine the equity incentive awards it authorizes. There is no pre-established policy for allocation of compensation between cash and non-cash components or between short-term and long-term components. Instead, the Compensation Committee determines the mix of compensation for each executive officer based on its review of the competitive data and its subjective analysis of that individual's performance and contribution to our strategic goals. We believe our approach to compensation assists in mitigating excessive risk-taking that could harm our value or reward poor judgment by our executives. We believe our approach to compensation reflects sound risk management practices and does not encourage excessive risk-taking.

In fiscal year 2014, the Compensation Committee engaged James F. Reda to provide competitive compensation data and general advice on our compensation programs and policies for executive officers. James F. Reda reports directly to the Compensation Committee, periodically participates in committee meetings and advises the Compensation Committee with respect to compensation trends and best practices, plan design, and the reasonableness of individual compensation awards. During fiscal year 2014, James F. Reda performed a market analysis of the compensation paid by comparably sized publicly traded biopharmaceutical companies as described below and provided it to the Compensation Committee. In addition, the CEO provided the Compensation Committee with a detailed review of the performance of the other named executive officers and made recommendations to the Compensation Committee with respect to the compensation packages for those officers for the 2014 fiscal year. The Compensation Committee consulted with James F. Reda regarding the CEO's recommendations.

The peer group used for competitive comparisons in fiscal year 2014 reflects companies with which we compete for talent. Base salary, cash incentives and long-term equity incentive awards were benchmarked to these companies. Changes made to the 2013 peer group are summarized below:

Removed Company	Reason
Affymax Inc.	Company in the process of restructuring following a nationwide voluntary recall of its first and only product due to safety concern
Human Genome Sciences, Inc.	Acquired by GlaxoSmithKline
Added Company	Reason
Acorda Therapeutics Inc.	Comparable in revenue and market cap with Human Genome Sciences, Inc. (removed, see above)
Synta Pharmaceuticals Corp.	Cancer research company similar in size (number of employees) and market cap to IMMU

Components of Compensation

For the 2014 fiscal year, our executive compensation program included the following components:

Base salary;

Annual short-term cash incentives;

Long-term equity incentive awards; and

Edgar Filing: IMMUNOMEDICS INC - Form PRE 14A

Change in control and other severance arrangements.

Base Salary

It is the Compensation Committee's objective to set a competitive rate of annual base salary for each named executive officer for each fiscal year based on performance in the prior fiscal year. The Compensation Committee believes competitive base salaries are necessary to attract and retain top quality executives, since it is common practice for public companies to provide their executive officers with a guaranteed annual component of compensation that is not subject to performance risk. Base salary levels are designed to recognize an individual's ongoing contribution, to be commensurate with an individual's experience and organization level and to be

- 46 -

Table of Contents

competitive with market benchmarks as analyzed by James F. Reda. Base salaries are not automatically increased on an annual basis if the Committee believes that a raise is not warranted by either individual or Company performance, or that other forms of compensation are more appropriate to further compensation program objectives. In addition to benchmarking base salary levels, any increase in annual salary is also based on demonstrated levels of competency in skill, effectiveness and leadership, and by comparing how an individual has performed essential job requirements against what was envisioned with the position. The Compensation Committee does not use a specific formula based on these criteria, but instead makes an evaluation of each named executive officer's contributions in light of all such criteria.

Based upon the performance of the named executive officers and using the compensation data provided by James F. Reda, for fiscal year 2014, the Compensation Committee approved a 3.5% salary increase from fiscal year 2013 levels for Ms. Sullivan and Dr. Goldenberg. The Committee believes the increase would result in salaries for Ms. Sullivan and Dr. Goldenberg being at or near the median base salaries for comparable executive positions at our peer group companies and reasonably consistent with the average percentage increase in salaries by our peers. Mr. Pfreundschuh joined the Company as Vice President Finance and Chief Financial Officer in September 2013. The table below shows fiscal year 2013 and fiscal year 2014 base salary rates for each named executive officer:

Name	Title	2013 Salary	2014 Salary	% Increase
Cynthia L. Sullivan	President and Chief Executive Officer	\$ 597,970	\$ 618,899	3.5%

¹ Peter P. Pfreundschuh joined the Company in September 2013.

² Gerard G. Gorman retired from the Company in September 2013.

Annual Short-Term Cash Incentives

Our named executive officers have the opportunity to earn annual cash incentive awards as part of their compensation package. We do not have a formal incentive or bonus plan for our named executive officers that ties annual cash incentives or bonuses with base salary to create a formula-based target annual cash compensation. Cash incentive awards are designed to reward executive performance while reinforcing our short-term strategic operating goals. If warranted in special circumstances, individual one-time discretionary cash incentives may also be awarded to our named executive officers during the course of the year.

Each named executive officer has a target cash incentive opportunity that, in the case of Ms. Sullivan and Dr. Goldenberg, is determined in accordance with their respective employment agreements, or is otherwise set by the Compensation Committee each year based on its comparison of the total compensation opportunity of our named executive officers against the total compensation opportunity of similarly situated executives at the companies identified above. In assessing the total compensation opportunity, the Compensation Committee also takes into account the named executive officer's relative experience in his or her position and in the industry generally and our overall financial position. For fiscal year 2014, the target cash incentive level set for each of our named executive officers was 50% of base salary for Ms. Sullivan and Dr. Goldenberg, with potential payouts ranging from 0% to 150% of the target amount depending upon the level of achievement of performance goals. Mr. Pfreundschuh joined the Company as Vice President Finance and Chief Financial Officer in September 2013 and was not assessed a target cash incentive level but was considered eligible for a discretionary bonus.

Table of Contents

Each year, a strategic plan (as described below) is created by the Company. Based on this plan, each named executive officer prepares individual goals and objectives to be accomplished during the upcoming fiscal year. The Compensation Committee in consultation with the named executive officer reviews and finalizes such goals and objectives. At the end of each fiscal year, the Compensation Committee conducts in consultation with the CEO for each named executive officer and, for named executive officers other than the CEO, a subjective review of that individual's performance relative to our overall priorities and strategies reviews that individual's performance relative to our overall priorities and strategies. Cash incentive awards are then granted based upon the Compensation Committee's informed judgment and information provided by James F. Reda in view of the Company's achievement of its annual corporate goals, operational and financial performance, the individual executive's responsibilities and efforts and such executive's contribution to the Company's overall performance and success, and the complexity or difficulty of the objectives that have been achieved.

Our strategic plan and individual performance targets include successful partnering transactions and other strategic plan metrics, operational and financial metrics, regulatory compliance metrics, and delivery of specific programs, plans, and budgetary objectives identified by the Compensation Committee.

In fiscal year 2014, our strategic plan focused on:

Advancing our pipeline of therapeutic product candidates and technologies;

Strengthening the price-per-share value of our common stock; and

Securing financing to ensure a sufficient cash position, including the out-licensing of our various assets.

The Compensation Committee weighs each of the individual performance goals established for the named executive officers separately when evaluating each named executive officer's performance and awarding actual cash incentive amounts. Performance goals that are in the executive's area or areas of functional responsibility are weighted heavier than others. Weighting is determined by the Compensation Committee when approving the annual goals and objectives. The actual amount of cash incentive paid is entirely discretionary; the Compensation Committee does not establish threshold levels that a named executive officer must attain before a cash incentive is awarded.

In fiscal year 2014, Ms. Sullivan's individual performance goals were established to focus on her areas of responsibility which, in her capacity as our President and CEO, centered around her ability to advance our pipeline of therapeutic product candidates and technologies, implement and manage our short- and long-term strategic plan and maintain stockholder confidence in management and the Company. In addition, Ms. Sullivan's specific performance goals included:

Launching a Phase III registration trial of yttrium-90-labeled clivatuzumab tetraxetan in patients with pancreatic cancer who have received at least 2 prior therapies;

Expanding the study of IMMU-130 as a treatment of patients with metastatic colorectal cancer into a Phase II clinical trial;

Expanding the study of IMMU-132 as a treatment of patients with solid cancers into a Phase II clinical trial;

Transitioning the National Cancer Institute-funded study combining velutuzumab with yttrium-90-labeled epratuzumab tetraxetan in patients with aggressive non-Hodgkin lymphoma into a Phase II clinical trial;

Enrolling patients into a Phase I study of milatuzumab-doxorubicin for the treatment of non-Hodgkin lymphoma and chronic lymphocytic leukemia;

Enrolling patients into a Phase I study of IMMU-114, a humanized antibody directed against HLA-DR, an immune response target, in relapsed non-Hodgkin lymphoma and chronic lymphocytic leukemia; and

- 48 -

Table of Contents

Launching a Phase I study to assess the safety and tolerability of milatuzumab when added to a standard regimen to prevent graft-versus-host disease in patients with hematologic malignancies undergoing stem cell transplant.

In fiscal year 2014, Dr. Goldenberg's individual performance goals were established to focus on his areas of responsibility which, in his capacity as our Chief Medical Officer and Chief Scientific Officer, centered around his ability to design, implement and manage our clinical and pre-clinical research and development activities and maintain the effectiveness of patent and proprietary protections over our pipeline of therapeutic product candidates and technologies.

In fiscal year 2014, Mr. Pfreundschuh's individual performance goals were established to focus on his areas of responsibility, which in his capacity as our Vice President, Finance and Chief Financial Officer, centered on his ability to develop, implement and manage our financial strategic plan, ensure compliance with federal and state securities reporting requirements, strengthen our cash position and maintain stockholder confidence.

Based on the Compensation Committee's assessment of the performance of each of the named executive officers and our overall performance, the actual cash incentive paid for fiscal year 2014 was at the target level for Dr. Goldenberg, and below the target level for Ms. Sullivan because certain goals were not met as described below. Mr. Pfreundschuh joined the Company in September 2013 and was not assessed a target cash incentive level but his performance was evaluated for purposes of a discretionary bonus.

With respect to Ms. Sullivan, the Compensation Committee determined that Ms. Sullivan achieved her performance goals of (i) launching the Phase III registration trial of yttrium-90-labeled clivatuzumab tetraxetan in patients with pancreatic cancer who have received at least two prior therapies; (ii) expanding the study of IMMU-130 as a treatment of patients with metastatic colorectal cancer into a Phase II clinical trial; (iii) expanding the study of IMMU-132 as a treatment of patients with solid cancers into a Phase II clinical trial; (iv) transitioning the study of veltuzumab combined with yttrium-90-labeled epratuzumab tetraxetan in patients with aggressive non-Hodgkin lymphoma into a Phase II clinical trial; (v) continuing patient enrollment into Phase I/II studies of milatuzumab-doxorubicin for the treatment of non-Hodgkin lymphoma and chronic lymphocytic leukemia; (vi) enrolling patients into a Phase I study of IMMU-114 in relapsed non-Hodgkin lymphoma and chronic lymphocytic leukemia; and (vii) beginning a Phase I study of milatuzumab for the treatment of graft-versus-host disease; and that achievement of such goals advanced our pipeline of therapeutic product candidates and technologies in accordance with our strategic plan. In addition, Ms. Sullivan strengthened the investment community's understanding of Immunomedics and our strategies by hosting an R&D day event, as well as quarterly earnings calls and clinical updates. Ms. Sullivan also strengthened our cash position by completing an equity-based financing, which brought in \$28 million to the Company. However, Ms. Sullivan did not complete the goals of the Company in out-licensing our various assets. As a result, Ms. Sullivan did not achieve all of her performance goals.

With respect to Dr. Goldenberg, the Compensation Committee determined that Dr. Goldenberg achieved his performance goals by advancing our pipeline of therapeutic product candidates and discovering and developing new product candidates and technologies, including (i) launching a Phase I study of milatuzumab in graft-versus-host disease; (ii) obtaining funding from the Department of Defense to evaluate milatuzumab administered subcutaneously in patients with active systemic lupus erythematosus; and (iii) expanding the number of active U.S. patents to 248.

With respect to Mr. Pfreundschuh, the Compensation Committee determined that Mr. Pfreundschuh achieved his performance goals which were established upon his commencement of employment in consultation with the CEO and the Compensation Committee of (i) ensuring our compliance with federal and state securities reporting requirements; (ii) strengthening our cash position with cash infusions of \$28 million from the equity-based financing; (iii) strengthening the investment community's understanding of Immunomedics and our strategies by hosting an R&D day event, as well as quarterly earnings calls and clinical updates; and

Table of Contents

(iv) advancing our pipeline of therapeutic product candidates and technologies in accordance with our strategic plan by maintaining our expenses within our budget. Mr. Pfreundschuh accordingly made significant contributions to the Company. However, Mr. Pfreundschuh did not complete the goal of the Company in out-licensing our various assets. As a result, Mr. Pfreundschuh did not achieve all of his performance goals.

Based upon the foregoing, and taking into account the relative significance of each performance goal achieved by our named executive officers, the Compensation Committee, after consulting with James F. Reda, awarded our named executive officers the cash incentives detailed in the table below.

The table below details fiscal year 2014 annual cash incentive targets and actual payouts for each of the named executive officers.

Long-Term Equity Incentive Awards

As described above, stock-based incentives are a key component of our executive compensation program. Employee ownership is a core value of our operating culture. Management and the Compensation Committee believe that stock ownership encourages our executives to create value for our Company over the long term. We also believe that stock ownership promotes retention and affiliation with us by allowing our executives to share in our long-term success while aligning executive interests with those of our stockholders. We have used stock options, restricted stock units, or their combination as vehicles to deliver equity-based compensation for our named executive officers, due to their broad-based use in the biopharmaceutical industry. We also have evaluated from time to time the benefits of providing alternative equity-based compensation in the form of restricted stock or other vehicles based on full value shares. The Compensation Committee will continue to monitor changes in the long-term compensation practices of the companies in our peer group and, if appropriate, will re-evaluate alternative equity-based compensation vehicles in future years in light of changing or evolving practices. In certain circumstances, the Compensation Committee may determine that non-equity long-term incentives are preferable to equity-based awards.

Each of our named executive officers has an annual long-term equity incentive award opportunity. The actual amount of the annual long-term equity incentive award, if any, for each of our named executive officers is determined on a discretionary basis by the Compensation Committee without the use of any formalized mathematical formulas. The Compensation Committee grants the annual long-term equity incentive awards shortly after the close of each fiscal year after evaluating the performance of the Company and the named executive officers for such prior fiscal year. In determining the amount of the awards, the Compensation Committee evaluates the executive's performance and contribution to our annual and long-term strategic goals and factors that contribute to overall corporate growth and development and to increasing long-term stockholder value, such as advancement of our pipeline of therapeutic candidates, growth in our intellectual property portfolio, development of our manufacturing and operating capabilities, enhancements to our financial reporting systems and controls, and the successful negotiation of advantageous out-licensing and other collaborative agreements. The Compensation Committee does not assign weightings to the foregoing factors. In addition, the Compensation Committee may, in its discretion, consider both the achievement of the annual Board-approved corporate goals and other significant corporate accomplishments during the year. For our named executive officers other than the CEO, the Compensation Committee also takes into account the recommendations of the CEO in determining the amount of the grant to each named executive officer.

In August 2013, the Compensation Committee granted long-term equity incentive awards to our named executive officers after reviewing corporate and individual performance in fiscal year 2013 in the context of the factors which the Compensation Committee believes contribute to overall corporate growth and considering overall compensation of each of our named executive officers in fiscal year 2013. When making determinations about these long-term equity incentive awards, the Compensation Committee used the same performance evaluation criteria as it used for our annual cash incentive awards for fiscal year 2013. As had been done in the prior fiscal year, the Compensation Committee reviewed the recommendations of and information provided by James F. Reda and consistent with those recommendations granted half of the value of the long-term equity incentive awards earned by each named executive officer based on fiscal 2013 performance in the form of stock options and half of the value in the form of RSUs. In addition, the Compensation Committee also reviewed the recommendations of and information provided by James F. Reda and consistent with those recommendations granted certain named executive officers performance stock units (PSUs), which are subject to attainment of certain performance milestones as well as certain continued service requirements.

Table of Contents

Upon evaluation of each named executive officer's performance in the 2013 fiscal year, the Compensation Committee granted equity incentive awards under our 2006 Stock Incentive Plan in August 2013 as follows:

Name	Title	Number of Shares of Common Stock Underlying Stock Options	Number of Shares of Common Stock Underlying RSUs	Number of Shares of Common Stock Underlying PSUs
Cynthia L. Sullivan	President and Chief Executive Officer	118,203	68,226	194,932
Dr. David M. Goldenberg	Chairman of the Board, Chief Scientific Officer and Chief Medical Officer	118,203	68,226	194,932

The numbers of equity awards granted were determined by the Compensation Committee using information supplied by James F. Reda on equity awards received by executives at the peer group companies.

The stock options granted to our named executive officers have a seven-year term and vest, based on continued employment, 25% on the first anniversary of the date of grant and 6.25% on a quarterly basis thereafter. The stock options were granted at an exercise price equal to the closing price of our common stock on the date of grant. Accordingly, the actual value an executive will realize is tied to future stock appreciation and is therefore aligned with corporate performance and stockholder returns. The RSUs granted to our named executive officers vest with respect to 25% of the underlying shares on the first anniversary of the date of grant and with respect to 6.25% on a quarterly basis thereafter for the following three years, based on continued employment. We issue to the executive shares of our common stock when the RSUs vest. Our standard forms of stock option and RSU agreements provide for accelerated vesting of unvested awards upon a change in control of the Company, for instance if we are acquired by another company, but only if the acquirer does not agree to assume and continue the awards or grant substitute cash retention awards of similar value, measured as of the date of the change in control transaction, to the holders of our stock options and RSUs. Ms. Sullivan's employment agreement provides for accelerated vesting of her stock options and RSUs if her employment is involuntarily terminated coincident with or within one year after a change in control of the Company. Dr. Goldenberg's employment agreement provides for accelerated vesting of his outstanding unvested stock options and RSUs upon a change in control. See the sections below entitled *Employment, Severance and Change in Control Agreements* and *Calculation of Potential Payments upon Termination or Change in Control* for more information. With a four-year vesting schedule for stock options and RSUs, and a seven-year term for stock options, we do not deem it necessary to impose holding period requirements on the shares that our named executive officers acquire under their long-term equity incentive awards.

The PSUs granted to our named executive officers shall vest based upon the level of achievement of the milestone set forth below (the Performance Milestone) as follows:

- (a) 10% of the PSUs which are awarded shall vest upon UCB's readout and disclosure of the Phase III trials for epratuzumab in patients with lupus;
- (b) 30% of the PSUs which are awarded shall vest upon interim analysis (futility), or the completion of the Phase III clinical trial (which is earlier) for clivatuzumab tetraxetan;
- (c) 30% of the PSUs which are awarded shall vest upon completion of Phase II trial for IMMU-132, or out-licensing of IMMU-132;
- (d) 30% of the PSUs which are awarded shall vest upon completion of Phase II trial for IMMU-130, or out-licensing of IMMU-130.

In addition, of the PSUs which vest based upon attainment of the Performance Milestone, fifty percent (50%) of the shares underlying such PSUs shall be issued upon a milestone being achieved (the Vesting

Table of Contents

Commencement Date). The remaining fifty percent (50%) of the shares shall be subject to time-based vesting such that they will only vest if the named executive officers remain in the Company's service through the following applicable determination dates: (1) twenty-five percent (25%) of the shares underlying such PSUs shall be issued on the twelve month anniversary of the Vesting Commencement Date; provided that the named executive officers remain in the Company's service through such anniversary date; and (2) the remaining twenty-five percent (25%) of the shares underlying such PSUs which vest based upon attainment of the Performance Milestone shall be issued on the twenty-four month anniversary of the Vesting Commencement Date; provided that the named executive officers remain in the Company's service through such anniversary date (each such date, an Issue Date). For the avoidance of doubt, the named executive officers shall only be entitled to have PSUs issued to him or her if the applicable Performance Milestone is achieved within five (5) years following the grant date and the named executive officers remain in the service of the Company through the applicable Issue Date.

Executive Benefits and Perquisites

The named executive officers also are provided with certain benefits and perquisites. The Compensation Committee believes that such benefits are necessary for us to remain competitive and to attract and retain top caliber executive officers because such benefits are typically provided by companies in the biopharmaceutical industry and by other companies with which we compete for executive talent.

We maintain a 401(k) plan for our employees, including our executive officers, to encourage our employees to save some portion of their cash compensation for their eventual retirement. Pursuant to a discretionary employer match, in fiscal year 2014, we matched all employee contributions at 25% of the employee's contribution up to a limit of 5% of the employee's eligible compensation up to the IRS imposed limit. The IRS maximum allowable contribution in calendar year 2014 was \$17,500, or \$23,000 for employees who are 50 years old or older. We also increase our employees' base salary, including our named executive officers' base salary, for the cost of group long-term disability insurance coverage and provide a group life insurance benefit in a coverage amount equal to 100% of the employee's annual base salary.

Additional Incentive Compensation

In accordance with the terms of Dr. Goldenberg's employment agreement, Dr. Goldenberg is entitled to receive incentive compensation equal to 1.5% of our Annual Net Revenue (as defined in the agreement) in each year that we record net income. With respect to any fiscal year during Dr. Goldenberg's employment in which we record an annual net loss, Dr. Goldenberg will receive as an additional incentive compensation payment a sum equal to 0.75% of the total Consideration (as defined in the agreement) we receive from any third party transaction, with certain exceptions. In accordance with the terms of Dr. Goldenberg's employment agreement, we pay Dr. Goldenberg a minimum of \$150,000 during each fiscal year in equal quarterly payments as a credit against any amounts due to Dr. Goldenberg for additional incentive compensation payments.

For the fiscal years ended June 30, 2014 and 2013, we reported a net loss, therefore Dr. Goldenberg received the minimum additional incentive compensation of \$150,000 paid quarterly during the 2014 and 2013 fiscal years. For the fiscal year ended June 30, 2012, we reported a net profit, therefore in accordance with his employment agreement, Dr. Goldenberg received incentive compensation of \$479,036, of which \$150,000 was paid quarterly during the 2012 fiscal year in accordance with the terms of his employment agreement and \$329,036 was paid in August 2012. The aggregate compensation value of this benefit is shown in the *All Other Compensation* column in the Summary Compensation Table included in this proxy statement.

Employment, Severance and Change in Control Agreements

We have employment agreements with Ms. Sullivan and Dr. Goldenberg and a Change in Control and Severance Agreement with Mr. Pfreundschuh. These agreements are summarized in the section below entitled

Table of Contents

Employment, Severance and Change in Control Agreements and the change in control and severance arrangements contained in those agreements are discussed in more detail in the section below entitled *Calculation of Potential Payments upon Termination or Change in Control*. We decided to provide severance benefits to recognize accomplishments of executives supporting the approved strategic plan. The change in control arrangements are to assure continuity of key personnel in a transition period following a change in control of the Company. None of the employment or severance agreements that we have with our named executive officers require us to provide tax gross-up payments to them in connection with any excise taxes for which they may become liable as a result of receiving severance benefits or other parachute payments within the meaning of Section 280G of the Internal Revenue Code.

Section 162(m) Compliance

As a result of Section 162(m) of the Internal Revenue Code, publicly-traded companies such as the Company are not allowed a federal income tax deduction for compensation, paid to the CEO and the three highest paid executive officers other than the CEO and chief financial officer, to the extent that such compensation exceeds \$1 million per officer in any one year and does not otherwise qualify as performance-based compensation. Our 2006 Stock Incentive Plan is structured to enable the compensation deemed paid to an executive officer in connection with the exercise of a stock option to qualify as performance-based compensation that is not subject to the \$1 million limitation. Other awards made under the 2006 Stock Incentive Plan may or may not qualify. For instance, restricted stock units granted in fiscal year 2014 are not considered performance-based compensation, and might not be tax deductible upon vesting. In establishing the cash and equity incentive compensation programs for the named executive officers, it is the Compensation Committee's view that the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor. For that reason the Compensation Committee may deem it appropriate to continue to provide one or more named executive officers with the opportunity to earn incentive compensation, including cash incentive programs tied to our financial performance and equity awards, which may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Internal Revenue Code. It is the Compensation Committee's belief that cash and equity incentive compensation must be maintained at the requisite level to attract and retain the executive officers essential to our financial success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation.

2006 Stock Incentive Plan

All long-term equity incentive awards that we grant to our named executive officers are granted under the terms of our 2006 Stock Incentive Plan. The terms of the equity incentive awards granted to our named executive officers in fiscal year 2014 are discussed under *Compensation Discussion and Analysis - Long-Term Equity Incentive Awards* on page 51 of this proxy statement.

Retirement Plan

We maintain a retirement plan established in conformity with Section 401(k) of the Internal Revenue Code of 1986, as amended. All of our employees are eligible to participate in the retirement plan and may, but are not obligated to, contribute a percentage of their salary to the retirement plan, subject to certain limitations. Each

year, we may contribute as a discretionary matching contribution to the retirement plan a percentage of each employee's contribution to the retirement plan, which does not exceed 5.0% of the employee's salary. We may also make an additional contribution to the retirement plan. Employee contributions vest immediately. Our contributions vest 20% after two years from the date of hire and, thereafter, at the rate of 20% per year for the following four years. A participant also becomes fully vested upon death, retirement at age 65 or if they become disabled while an employee. Benefits are paid following termination of employment or upon the occurrence of financial hardship. It is not possible to estimate the benefits that any participant may be entitled to receive under the retirement plan since the amount of such benefits will be dependent upon, among other things, our future contributions, future net income earned by the contributions and forfeitures upon future terminations of employment. For the 2014, 2013 and 2012 fiscal years we have not contributed to the retirement plan in excess of \$3,187, \$3,125 and \$3,062 per year, respectively, for any of our named executive officers.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

Cynthia L. Sullivan Employment Agreement

On June 19, 2014, we entered into a Fifth Amended and Restated Employment Agreement with Ms. Sullivan pertaining to Ms. Sullivan's service to the Company as the Company's President and Chief Executive Officer (the "Sullivan Agreement"). The Compensation Committee (the "Compensation Committee") of the Company's Board of Directors (the "Board") reviewed the prior agreement with Ms. Sullivan, which was scheduled to expire on July 1, 2014. While most of the provisions remain unchanged, the amended Sullivan Agreement, among other things, clarifies certain timing requirements. A summary of the entire Sullivan Agreement is set forth below.

The Sullivan Agreement, which is effective as of July 1, 2014, will continue, unless earlier terminated by the parties, until July 1, 2017 (the "Term"). Ms. Sullivan's current annual base salary under the Sullivan Agreement is \$618,898.50, which shall be reviewed annually (including in 2014 following the end of the Company's fiscal year on June 30, 2014) by the Board or the Compensation Committee. Ms. Sullivan is also eligible to participate in the Company's incentive compensation plan in place for its senior level executives. In connection with her participation in the Company's incentive plan, Ms. Sullivan is eligible to receive an annual discretionary bonus determined by the Compensation Committee based upon certain performance standards to be determined by the Compensation Committee.

The expiration of the Sullivan Agreement in the absence of a successor employment agreement shall be deemed a termination of Ms. Sullivan's employment without cause (as defined in the Sullivan Agreement) for purposes of the Sullivan Agreement; provided, however, that if the Company presents to Ms. Sullivan, on or before March 1, 2017, a written offer to extend the Term on substantially the same terms and conditions as set forth in the Sullivan Agreement or on terms and conditions that, in the aggregate, are more economically favorable to Ms. Sullivan than as set forth in the Sullivan Agreement, as determined in the good faith discretion of the Compensation Committee, and Ms. Sullivan does not accept such offer, then the expiration of the Sullivan Agreement in the absence of a successor employment agreement shall be deemed a voluntary termination of Ms. Sullivan's employment for purposes of the Sullivan Agreement.

Ms. Sullivan's annual bonus target remains at 50% of her base salary, subject to achievement of performance goals, with a potential payout from 0 to 150% of the target amount. Ms. Sullivan is also eligible to receive equity compensation awards under the Company's 2006 Stock Incentive Plan, or any such successor equity compensation plan as may be in place from time to time.

In the event Ms. Sullivan's employment is terminated without cause (as defined in the Sullivan Agreement) or Ms. Sullivan terminates employment for good reason (as defined in the Sullivan Agreement) before a change in control (as defined in the Sullivan Agreement), the Sullivan Agreement provides that Ms. Sullivan will be entitled to receive severance payments in an amount equal to the sum of: (x) 200% of her

Table of Contents

base salary in effect at the time of her termination, and (y) 200% of the target bonus established for the fiscal year in which her employment terminates. The severance amount will be paid in monthly installments over the 24-month period following her termination. Ms. Sullivan also will be entitled to receive the annual bonus earned based on actual performance, if any, payable for the fiscal year in which the termination occurs (prorated to reflect her actual period of service during such fiscal year). In addition, the Company will pay Ms. Sullivan for the incremental cost of maintaining continued medical coverage for herself and any eligible dependents for a period of 18 months following her termination date above the required monthly employee payment for such coverage calculated as if Ms. Sullivan had continued to be an employee of the Company throughout such period.

In the event Ms. Sullivan's employment terminates without cause or for good reason within one year following a change in control (as defined in the Sullivan Agreement), the Sullivan Agreement provides that Ms. Sullivan will be entitled to receive a lump sum severance payment in an amount equal to the sum of (x) 300% of her base salary in effect at the time of her termination and (y) 300% of the target bonus established for the fiscal year in which the date of termination occurs. Ms. Sullivan also will be entitled to receive the annual bonus earned based on actual performance, if any, payable for the fiscal year in which the termination occurs (prorated to reflect her actual period of service during such fiscal year). In addition, for a period of 18 months following such termination, the Company will pay Ms. Sullivan for the incremental cost of maintaining continued medical coverage for herself and any eligible dependents above the required monthly employee payment for such coverage calculated as if Ms. Sullivan had continued to be an employee of the Company throughout such period.

As a condition to payment of the severance described above, Ms. Sullivan is required to execute a written release of any and all claims against the Company and all related parties with respect to all matters arising out of her employment by the Company, or the termination thereof.

Upon termination without cause or for good reason within one year following a change in control, all stock options, restricted stock and other equity rights held by Ms. Sullivan will become fully vested and exercisable. In addition, all stock options held by Ms. Sullivan will remain exercisable for a period of 24 months following the end of the remaining balance of the term of her employment agreement. In no event, however, will the options be exercisable beyond their original term or beyond the extension period permitted under Section 409A of the Internal Revenue Code.

Upon termination due to death or disability, Ms. Sullivan shall be entitled to the annual bonus earned based on actual performance, if any, payable for the fiscal year in which the termination occurs, prorated for her period of service during that year.

The Sullivan Agreement provides that throughout the Term and for a period of two (2) years thereafter, Ms. Sullivan shall not (i) without the prior written approval of the Board, compete, directly or indirectly, in the United States or Canada, with the Company in the field of therapeutic antibodies for cancer; or (ii) directly or indirectly solicit any Company customer or employee of the Company. The Sullivan Agreement also provides that Ms. Sullivan shall, during the Term and at all times thereafter, keep confidential all trade secrets and confidential information of the Company. In the event Ms. Sullivan breaches any of the restrictive covenants in the Sullivan Agreement, all severance payments otherwise owed to Ms. Sullivan shall cease immediately.

Dr. David M. Goldenberg Employment Agreement

On July 5, 2011, we entered into a Third Amended and Restated Employment Agreement with Dr. Goldenberg (the "Goldenberg Agreement").

The Goldenberg Agreement which is effective July 1, 2011, will continue, unless earlier terminated by the parties, until July 1, 2016.

Table of Contents

Dr. Goldenberg's annual base salary under the Goldenberg Agreement was \$564,730 for the 2013 fiscal year (the "Base Salary"), which is reviewed annually by our Board or the Compensation Committee. On August 16, 2013, the Compensation Committee increased the Base Salary to \$584,495 for the 2014 fiscal year. Dr. Goldenberg also remains eligible to participate in our incentive compensation plans in place for our senior level executives. In connection with his participation in our incentive plan, Dr. Goldenberg's annual bonus target is 50% of his Base Salary, subject to achievement of performance goals, with a potential payout from 0 to 150% of the target amount. Dr. Goldenberg will also be eligible to receive equity compensation awards under our 2006 Stock Incentive Plan or any such successor equity compensation plan as may be in place from time to time, at the discretion of the Compensation Committee.

Under the terms of his employment agreement, Dr. Goldenberg will also be eligible to receive certain additional incentive compensation related to our net income or loss (the "Additional Incentive Compensation Payments"), which remain unchanged from his prior agreement, as follows: With respect to any fiscal year during Dr. Goldenberg's employment in which we record an annual net loss, Dr. Goldenberg will receive as an Additional Incentive Compensation Payment a sum equal to 0.75% of the total Consideration (as defined in the agreement) we receive from any third party transaction, with certain exceptions. In the event we record positive net income with respect to any fiscal year during either the term of Dr. Goldenberg's employment or the 3-year period following termination during which Dr. Goldenberg is subject to non-compete covenants, Dr. Goldenberg will receive a sum equal to 1.5% of our Annual Net Revenue (as defined in the agreement) for each such fiscal year. In accordance with the terms of Dr. Goldenberg's employment agreement, we pay Dr. Goldenberg a minimum of \$150,000 during each fiscal year in equal quarterly payments as a credit against any amounts due to Dr. Goldenberg for Additional Incentive Compensation Payments, Lifetime Royalty Payments, described below, and Dispositions of Undeveloped Assets, described below.

In addition to the Additional Incentive Compensation Payments, under the terms of his employment agreement, we will pay Dr. Goldenberg for each fiscal year a sum equal to a percentage of the annual Product Royalties (as defined in the agreement) we receive pertaining to the products for which Dr. Goldenberg is an inventor and all products using, related to or derived from products for which Dr. Goldenberg is an inventor. These payments will continue for each Patented Product (as defined in the agreement) for the remaining Life of the Patent (as defined in the agreement) covering each Patented Product ("Patent Lifetime Royalty Payments"). The percentage of Product Royalties that we will pay to Dr. Goldenberg on each Patented Product will be determined based on the percentage of Product Royalties that we must pay to external third parties.

Patent Lifetime Royalty Payments shall be due and owing from us to Dr. Goldenberg (or his estate or designated beneficiaries) throughout the Life of the Patent both during his employment with us and after his employment terminates, except that Patent Lifetime Royalty Payments shall not be payable in the event an arbitrator or court finds that Dr. Goldenberg committed a material breach of his covenants contained in the Goldenberg Agreement. During the term of the Goldenberg Agreement, any quarterly payment of Patent Lifetime Royalty Payments will be paid to Dr. Goldenberg only to the extent that such Patent Lifetime Royalty Payments exceed the quarterly Minimum Payment (as defined in the Goldenberg Agreement) paid to him as described below.

In the event we complete a Disposition (as defined in the Goldenberg Agreement) during the term of the Goldenberg Agreement, or within three years thereafter, of any one or more of our Undeveloped Assets (as defined in the Goldenberg Agreement) for which Dr. Goldenberg was an inventor, we will pay Dr. Goldenberg a sum equal to at least twenty percent, or more (as determined by the Board), of the Consideration we receive from each Disposition; provided, however that no such payment shall be due in the event an arbitrator or court finds that Dr. Goldenberg committed a material breach of his covenants contained in the Goldenberg Agreement. Our obligation to compensate Dr. Goldenberg upon Dispositions of Undeveloped Assets applies to all Dispositions completed within the term of the Goldenberg Agreement or within three years thereafter, even if we actually receive the Consideration at some time after the three year period elapses.

Table of Contents

We agree to make a minimum payment of \$150,000 (the Minimum Payment) to Dr. Goldenberg during each of our fiscal years during the term of the Goldenberg Agreement, payable in equal quarterly payments, as an advance against the amounts due to Dr. Goldenberg as Additional Incentive Compensation, Patent Lifetime Royalty Payments and Dispositions of Undeveloped Assets.

The Goldenberg Agreement provides that in the event we terminate Dr. Goldenberg's employment at any time without Good Cause (as defined in the Goldenberg Agreement) or Dr. Goldenberg resigns for Good Reason (as defined in the Goldenberg Agreement), Dr. Goldenberg will be entitled to receive a lump-sum severance payment in an amount equal to three times his Total Annual Compensation for the contract year in which the termination occurs. For this purpose, Total Annual Compensation is the sum of Dr. Goldenberg's annual base salary in effect at that time, the target bonus established for the fiscal year in which the date of termination occurs, the Minimum Payments due for that contract year, and the Additional Incentive Compensation. In addition, we will pay Dr. Goldenberg for the incremental cost of maintaining continued medical coverage for himself and any eligible dependents for a period of 24 months following his termination date above the required monthly employee payment for such coverage calculated as if Dr. Goldenberg had continued to be an employee of ours throughout such period. Dr. Goldenberg will also be entitled to any benefits accrued in accordance with the terms of any applicable benefit plan and program of the Company. In the event we request that Dr. Goldenberg provide services to us after his employment has terminated, we will pay for the reasonable cost of an office and administrative assistant support for Dr. Goldenberg.

The Goldenberg Agreement also provides that in the event of a Change in Control (as defined in the Goldenberg Agreement), if Dr. Goldenberg terminates his employment upon ninety days prior written notice to the Company or its successor, to be effective not later than the second anniversary of a Change in Control of the Company, Dr. Goldenberg will be entitled to receive a lump sum severance payment in an amount equal to 3.00 times his Total Annual Compensation. In addition, we will pay Dr. Goldenberg for the incremental cost of maintaining continued medical coverage for himself and any eligible dependents for a period of 36 months following his termination date above the required monthly employee payment for such coverage calculated as if Dr. Goldenberg had continued to be an employee of ours throughout such period. Dr. Goldenberg will also be entitled to receive any benefits accrued in accordance with the terms of any applicable benefit plan and program of the Company.

We may require Dr. Goldenberg to execute a written release of any and all claims against the Company and all related parties with respect to all matters arising out of Dr. Goldenberg's employment by us, or the termination thereof as a condition to receiving the severance payments described above.

The Goldenberg Agreement provides, consistent with Dr. Goldenberg's prior employment agreement, that upon the occurrence of a Change in Control, all stock options, restricted stock and other equity rights held by Dr. Goldenberg will become fully vested and/or exercisable, as the case may be, on the date on which the Change in Control occurs, and all stock options held by Dr. Goldenberg shall remain exercisable, notwithstanding anything in any other agreement governing such options, for a period of 24 months following the end of the remaining balance of the term of the Goldenberg Agreement; provided, however, that in no event will the options be exercisable (a) beyond their original term; or (b) beyond the extension period permitted under Section 409A of the Internal Revenue Code.

The Goldenberg Agreement provides that throughout the term of the Goldenberg Agreement and for a period of three years thereafter, Dr. Goldenberg shall not (i) without the prior written approval of the Board, compete, directly or indirectly, in the United States or Canada, with us; or (ii) directly or indirectly solicit any Company customer or employee of the Company. The Goldenberg Agreement also provides that Dr. Goldenberg shall, during the term of the Goldenberg Agreement and at all times thereafter, keep confidential all trade secrets and confidential information of the Company. The Goldenberg Agreement also provides that Dr. Goldenberg may continue to work and be compensated by the Center for Molecular Medicine and Immunology (also known as the Garden State Cancer Center) and the Company majority-owned subsidiary IBC Pharmaceuticals, Inc.

- (1) The amounts reflected in this column assume that all outstanding stock options and other stock-based awards become fully vested and exercisable, as applicable, upon the occurrence of a change in control. In addition, following a change in control, all stock options held by Dr. Goldenberg will remain exercisable for a period of 24 months following the end of the remaining balance of the term of his employment agreement but not beyond the original term of the stock options. Likewise, if Ms. Sullivan's employment is terminated involuntarily coincident with or within one year following a change in control, all of her outstanding stock options will remain exercisable for a period of 24 months following the end of the remaining balance of the term of her employment agreement but not beyond the original term of the stock options.
- (2) The amounts reflected in the Salary and Bonus column include minimum Product Royalties as defined in the Goldenberg Agreement. The amounts shown in the table above and the assumptions upon which those amounts are based provide reasonable estimates of the amounts that would have been due to the named executive officers in the event that any of the circumstances described above had occurred on June 30, 2014. The actual amounts due to the named executive officers upon a triggering event will depend upon the actual circumstances and the then-applicable provisions of the employment agreements, change in control and severance agreement, stock option and restricted stock unit agreements and our stock incentive plans.

Certain of our affiliates, including members of our senior management and Board of Directors, as well as their respective family members and other affiliates, have relationships and agreements among themselves as well as with us and our affiliates, that create the potential for both real, as well as perceived, conflicts of interest. These include Dr. David M. Goldenberg, our Chairman, Chief Scientific Officer and Chief Medical Officer, Ms. Cynthia L. Sullivan, our President and Chief Executive Officer, and certain companies with which we do business, including the Center for Molecular Medicine and Immunology.

Dr. David M. Goldenberg

Dr. David M. Goldenberg was the founder of our Company 32 years ago and continues to play a critical role in our business. He currently serves as Chairman of our Board of Directors, Chief Scientific Officer and Chief Medical Officer, and he is married to our President and Chief Executive Officer, Ms. Cynthia L. Sullivan. Dr. Goldenberg is a party to a number of agreements with our Company involving not only his services, but also intellectual property owned by him. In addition, Dr. Goldenberg performs services for one of our subsidiaries, IBC Pharmaceuticals, Inc., as well as other businesses with which we are affiliated to varying degrees.

Relationships with The Center for Molecular Medicine and Immunology

We have historically relied upon, to varying degrees, CMMI, a not-for-profit specialized cancer research center, for the performance of certain basic research and patient evaluations, the results of which are made available to us pursuant to a collaborative research and license agreement. CMMI, which is funded primarily by grants from the National Cancer Institute, was located in Belleville, New Jersey. CMMI currently subleases approximately 1,000 square feet of our Morris Plains facility. Dr. Goldenberg is the founder, current President and a member of the Board of Trustees of CMMI. Dr. Goldenberg's employment agreement permits him to spend such time as is necessary to fulfill his duties to CMMI and IBC Pharmaceuticals, Inc., provided that such duties do not materially interfere with his ability to perform any of his obligations under the employment agreement. Certain of our consultants have employment relationships with CMMI, and Dr. Hans Hansen, one of our employees and a former executive officer, is a former adjunct member of CMMI. CMMI's management and fiscal operations are the responsibility of CMMI's Board of Trustees.

We have reimbursed CMMI for expenses incurred on behalf of our Company, including amounts incurred pursuant to research contracts, in the amount of approximately \$32,000 and \$207,000 during the years ended June 30, 2013 and 2012, respectively. There were no such payments for the year ended June 30, 2014. In fiscal years ended June 30, 2014, 2013 and 2012 we incurred \$26,000, \$60,000 and \$68,000, respectively, of legal expenses on behalf of CMMI for patent-related matters. We have first rights to license these patents and may decide whether or not to support them. Any inventions made independently of us at CMMI are the property of CMMI.

IBC Pharmaceuticals

IBC Pharmaceuticals, Inc. ("IBC") is a majority owned subsidiary of Immunomedics.

The Series A and B stockholders would be paid ratably until fully satisfied. The Series C stockholders would be paid only after the Series A and B stockholders have been fully repaid. These liquidation payments would be made only to the extent the assets of IBC are sufficient to make such payments.

IBC is engaged in the research and development of novel cancer radioimmunotherapeutics using patented pretargeting technologies with proprietary, bispecific antibodies. Certain of our employees, including Dr. Goldenberg and Ms. Sullivan, are also employed by IBC. In his capacity as our Chief Scientific Officer and Chief Medical Officer and Chairman of IBC, Dr. Goldenberg directs the research and development activities for both Immunomedics and IBC. 1. History; Effective Date.

IMMUNOMEDICS, INC., a Delaware corporation, (*Immunomedics*) has established the IMMUNOMEDICS, INC. 2014 LONG-TERM INCENTIVE PLAN, as set forth herein, and as the same may be amended from time to time (the *Plan*). The Plan was adopted by the Board of Directors of Immunomedics (the *Board*) on September 15, 2014 as a successor plan to Immunomedics' 2006 Stock Incentive Plan (the *2006 Plan*). The Plan shall become and is effective as of the date that it is approved by the stockholders of Immunomedics (the *Effective Date*). No further awards will be made under the 2006 Plan after the Effective Date of this Plan.

2. Purposes of the Plan.

The Plan is designed to:

- (a) promote the long-term financial interests and growth of Immunomedics and its Subsidiaries (together, the *Company*) by attracting and retaining management and other personnel and key service providers with the training, experience and ability to enable them to make a substantial contribution to the success of the Company's business;
- (b) motivate management personnel by means of growth-related incentives to achieve long-range goals; and
- (c) further the alignment of interests of Participants with those of the stockholders of Immunomedics through opportunities for increased stock or stock-based ownership in Immunomedics.

Toward these objectives, the Administrator may grant stock options, stock appreciation rights, stock awards, stock units, performance shares, performance units, and other stock-based awards to eligible individuals on the terms and subject to the conditions set forth in the Plan.

3. Terminology.

Except as otherwise specifically provided in an Award Agreement, capitalized words and phrases used in the Plan or an Award Agreement shall have the meaning set forth in the glossary at Section 17 of the Plan or as defined the first place such word or phrase appears in the Plan.

4. Administration.

(a) *Administration of the Plan.* The Plan shall be administered by the Administrator.

(b) *Powers of the Administrator.* The Administrator shall, except as otherwise provided under the Plan, have plenary authority, in its sole and absolute discretion, to grant Awards pursuant to the terms of the Plan to Eligible Individuals and to take all other actions necessary or desirable to carry out the purpose and intent of the Plan. Among other things, the Administrator shall have the authority, in its sole and absolute discretion, subject to the terms and conditions of the Plan to:

- (i) determine the Eligible Individuals to whom, and the time or times at which, Awards shall be granted;
- (ii) determine the types of Awards to be granted any Eligible Individual;
- (iii) determine the number of shares of Common Stock to be covered by or used for reference purposes for each Award or the value to be transferred pursuant to any Award;
- (iv) determine the terms, conditions and restrictions applicable to each Award (which need not be identical) and any shares acquired pursuant thereto, including, without limitation, (A) the purchase price of any shares of Common Stock, (B) the method of payment for shares purchased pursuant to any Award, (C) the method for satisfying any tax withholding obligation arising in connection with any Award,

Table of Contents

including by the withholding or delivery of shares of Common Stock, (D) subject to Section 7(b), the timing, terms and conditions of the exercisability, vesting or payout of any Award or any shares acquired pursuant thereto, (E) the Performance Goals applicable to any Award and the extent to which such Performance Goals have been attained, (F) the time of the expiration of any Award, (G) the effect of the Participant's Termination of Service on any of the foregoing, and (H) all other terms, conditions and restrictions applicable to any Award or shares acquired pursuant thereto as the Administrator shall consider to be appropriate and not inconsistent with the terms of the Plan;

(v) subject to Sections 7(f), 7(k), 10(c) and 15, modify, amend or adjust the terms and conditions of any Award;

(vi) subject to Section 7(b), accelerate or otherwise change the time at or during which an Award may be exercised or becomes payable and waive or accelerate the lapse, in whole or in part, of any restriction, condition or risk of forfeiture with respect to such Award; *provided*, *however*, that, except in connection with death, disability or a Change in Control, no such change, waiver or acceleration shall be made with respect to a Qualified Performance-Based Award if the effect of such action would cause the Award to fail to qualify for the Section 162(m) Exemption or shall be made to any Award that is considered deferred compensation within the meaning of Section 409A of the Code if the effect of such action is inconsistent with Section 409A of the Code;

(vii) determine whether an Award will be paid or settled in cash, shares of Common Stock, or in any combination thereof and whether, to what extent and under what circumstances cash or shares of Common Stock payable with respect to an Award shall be deferred either automatically or at the election of the Participant;

(viii) for any purpose, including but not limited to, qualifying for preferred or beneficial tax treatment, accommodating the customs or administrative challenges or otherwise complying with the tax, accounting or regulatory requirements of one or more jurisdictions, adopt, amend, modify, administer or terminate sub plans, appendices, special provisions or supplements applicable to Awards regulated by the laws of a particular jurisdiction, which sub-plans, appendices, supplements and special provisions may take precedence over other provisions of the Plan, and prescribe, amend and rescind rules and regulations relating to such sub plans, supplements and special provisions;

(ix) establish any Blackout Period, during which transactions affecting Awards may not be effectuated, that the Administrator in its sole discretion deems necessary or advisable;

(x) determine the Fair Market Value of shares of Common Stock or other property for any purpose under the Plan or any Award;

Table of Contents

(c) *Delegation of Administrative Authority.* The Administrator may designate officers or employees of the Company to assist the Administrator in the administration of the Plan and, to the extent permitted by applicable law and stock exchange rules, the Administrator may delegate to officers or other employees of the Company the Administrator's duties and powers under the Plan, subject to such conditions and limitations as the Administrator shall prescribe, including without limitation the authority to execute agreements or other documents on behalf of the Administrator; provided, however, that such delegation of authority shall not extend to the granting of, or exercise of discretion with respect to, Awards to Eligible Individuals who are covered employees within the meaning of Section 162(m) of the Code or officers under Section 16 of the Exchange Act.

(d) *Non-Uniform Determinations.* The Administrator's determinations under the Plan (including without limitation, determinations of the persons to receive Awards, the form, amount and timing of such Awards, the terms and provisions of such Awards and the Award Agreements evidencing such Awards, and the ramifications of a Change in Control upon outstanding Awards) need not be uniform and may be made by the Administrator selectively among Awards or persons who receive, or are eligible to receive, Awards under the Plan, whether or not such persons are similarly situated.

(e) *Limited Liability; Advisors.* To the maximum extent permitted by law, no member of the Administrator shall be liable for any action taken or decision made in good faith relating to the Plan or any Award thereunder. The Administrator may employ counsel, consultants, accountants, appraisers, brokers or other persons. The Administrator, Immunomedics, and the officers and directors of Immunomedics shall be entitled to rely upon the advice, opinions or valuations of any such persons.

(f) *Indemnification.* To the maximum extent permitted by law, by Immunomedics' charter and by-laws, and by any directors' and officers' liability insurance coverage which may be in effect from time to time, the members of the Administrator and any agent or delegate of the Administrator who is a director, officer or employee of Immunomedics or an Affiliate shall be indemnified by Immunomedics against any and all liabilities and expenses to which they may be subjected by reason of any act or failure to act with respect to their duties on behalf of the Plan.

(g) *Effect of Administrator's Decision.* All actions taken and determinations made by the Administrator on all matters relating to the Plan or any Award pursuant to the powers vested in it hereunder shall be in the Administrator's sole and absolute discretion, unless in contravention of any express term of the Plan, including, without limitation, any determination involving the appropriateness or equitableness of any action. All determinations made by the Administrator shall be conclusive, final and binding on all parties concerned, including Immunomedics, its stockholders, any Participants and any other employee, consultant, or director of Immunomedics and its Affiliates, and their respective successors in interest. No member of the Administrator, nor any director, officer, employee or representative of Immunomedics shall be personally liable for any action, determination or interpretation made in good faith with respect to the Plan or Awards. Notwithstanding the foregoing, following a Change in Control, any determination by the Administrator as to whether Cause or Good Reason exists under the terms of an Award shall be subject to *de novo* review by a court of competent jurisdiction.

5. Shares Issuable Pursuant to Awards.

(a) *Initial Share Pool.* As of the Effective Date, the number of shares of Common Stock issuable pursuant to Awards that may be granted under the Plan (the *Share Pool*) shall be equal to the sum of (i) 9,000,000 shares of Common Stock plus (ii) the number of unallocated shares of Common Stock available for issuance as of the Effective Date under the 2006 Plan that are not then subject to outstanding Awards.

(b) *Adjustments to Share Pool.* On and after the Effective Date, the Share Pool shall be adjusted, in addition to any adjustments to be made pursuant to Section 10 of the Plan, as follows:

(iii) The Share Pool shall be increased, on the forfeiture date, by the number of shares of Common Stock that are forfeited back to the Company after issuance due to a failure to meet an Award contingency or condition with respect to any Award or portion of an Award granted under this Plan, the 2006 Plan, or the 2002 Plan.

(c) Subject to adjustment as provided in Section 10 of the Plan:

(i) the maximum number of shares of Common Stock that may be made subject to Awards granted under the Plan during a calendar year to any one person in the form of stock options or stock appreciation rights is, in the aggregate, 500,000 shares;

(iii) in connection with Awards granted under the Plan during a calendar year to any one person in the form of Performance Shares, the maximum cash amount payable thereunder is the amount equal to the number of shares made subject to the Award, as limited by Section 5(c)(ii), multiplied by the Fair Market Value as determined as of the payment date; and

(iv) in connection with Awards granted under the Plan during a calendar year to any one person in the form of Performance Units, the maximum cash amount payable under such Performance Units is \$1,000,000;

provided, however, that each of the limitations set forth above in clauses (i), (ii) and (iii) of this Section 5(c) shall be multiplied by two when applied to Awards granted to any individual during the calendar year in which such individual first commences service with Immunomedics or a Subsidiary; and *provided, further*, that the limitations set forth above in clauses (ii) and (iii) of this Section 5(c) shall be multiplied by the number of calendar years over which the applicable Performance Period spans (in whole or in part), if the Performance Period is longer than 12 months duration, when applied to Performance Awards. If an Award is terminated, surrendered or canceled in the same year in which it was granted, such Award nevertheless will continue to be counted against the limitations set forth above in this Section 5(c) for the calendar year in which it was granted.

(d) *ISO Limit*. Subject to adjustment pursuant to Section 10 of the Plan, the maximum number of shares of Common Stock that may be issued pursuant to stock options granted under the Plan that are intended to qualify as Incentive Stock Options within the meaning of Section 422 of the Code shall be equal to 9,000,000 shares of Common Stock.

Table of Contents

(e) *Source of Shares.* The shares of Common Stock with respect to which Awards may be made under the Plan shall be shares authorized for issuance under Immunomedics' charter but unissued, or issued and reacquired, including without limitation shares purchased in the open market or in private transactions.

6. Participation.

Participation in the Plan shall be open to all Eligible Individuals, as may be selected by the Administrator from time to time. The Administrator may also grant Awards to Eligible Individuals in connection with hiring, recruiting or otherwise, prior to the date the individual first performs services for Immunomedics or a Subsidiary; *provided, however*, that such Awards shall not become vested or exercisable, and no shares shall be issued to such individual, prior to the date the individual first commences performance of such services.

7. Awards.

(a) *Awards, In General.* The Administrator, in its sole discretion, shall establish the terms of all Awards granted under the Plan consistent with the terms of the Plan. Awards may be granted individually or in tandem with other types of Awards, concurrently with or with respect to outstanding Awards. All Awards are subject to the terms and conditions provided in the Award Agreement, which shall be delivered to the Participant receiving such Award upon, or as promptly as is reasonably practicable following, the grant of such Award. Unless otherwise specified by the Administrator, in its sole discretion, or otherwise provided in the Award Agreement, an Award shall not be effective unless the Award Agreement is signed or otherwise accepted by Immunomedics and the Participant receiving the Award (including by electronic delivery and/or electronic signature).

(b) *Minimum Restriction Period for Full Value Awards.* Except as provided below and notwithstanding any provision of the Plan to the contrary, each Full Value Award granted under the Plan shall be subject to a minimum Restriction Period of 12 months from the date of grant if vesting of or lapse of restrictions on such Award is based on the satisfaction of Performance Goals and a minimum Restriction Period of 36 months from the date of grant, applied in either pro rata installments or a single installment, if vesting of or lapse of restrictions on such Award is based solely on the Participant's satisfaction of specified service requirements with the Company. If the grant of a Performance Award is conditioned on satisfaction of Performance Goals, the Performance Period shall not be less than 12 months' duration, but no additional minimum Restriction Period need apply to such Award. Except as provided below and notwithstanding any provision of the Plan to the contrary, the Administrator shall not have discretionary authority to waive the minimum Restriction Period applicable to a Full Value Award, except in the case of death, disability, or a Change in Control. The provisions of this Section 7(b) shall not apply and/or may be waived, in the Administrator's discretion, with respect to up to the number of Full Value Awards that is equal to ten percent (10%) of the aggregate Share Pool as of the Effective Date.

(c) *Stock Options.*

(i) *Grants.* A stock option means a right to purchase a specified number of shares of Common Stock from Immunomedics at a specified price during a specified period of time. The Administrator may from time to time grant to Eligible Individuals Awards of Incentive Stock Options or Nonqualified Options; *provided, however*, that Awards of Incentive Stock Options shall be limited to employees of Immunomedics or of any current or hereafter existing parent corporation or subsidiary corporation, as defined in Sections 424(e) and 424(f) of the Code, respectively, of Immunomedics, and any other Eligible Individuals who are eligible to receive Incentive Stock Options under the provisions of Section 422 of the Code. No stock option shall be an Incentive Stock Option unless so designated by the Administrator at the time of grant or in the applicable Award Agreement.

(ii) *Exercise.* Stock options shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Administrator; *provided, however*, that Awards of stock options may not have a term in excess of seven years' duration unless required otherwise by applicable law. The

exercise price per share subject to a stock option granted under the Plan shall not be less than the Fair Market Value of one share of Common Stock on the date of grant of the stock option, except as provided under applicable law or with respect to stock options that are granted in substitution of similar types of awards of a company acquired by Immunomedics or a Subsidiary or with which Immunomedics or a Subsidiary combines (whether in connection with a corporate transaction, such as a merger, combination, consolidation or acquisition of property or stock, or otherwise) to preserve the intrinsic value of such awards.

(iii) *Termination of Service.* Except as provided in the applicable Award Agreement or otherwise determined by the Administrator, to the extent stock options are not vested and exercisable, a Participant's stock options shall be forfeited upon his or her Termination of Service.

(iv) *Additional Terms and Conditions.* The Administrator may, by way of the Award Agreement or otherwise, determine such other terms, conditions, restrictions, and/or limitations, if any, of any Award of stock options, *provided* they are not inconsistent with the Plan.

(d) *Limitation on Reload Options.* The Administrator shall not grant stock options under this Plan that contain a reload or replenishment feature pursuant to which a new stock option would be granted automatically upon receipt of delivery of Common Stock to Immunomedics in payment of the exercise price or any tax withholding obligation under any other stock option.

(e) *Stock Appreciation Rights.*

(i) *Grants.* The Administrator may from time to time grant to Eligible Individuals Awards of stock appreciation rights. A stock appreciation right entitles the Participant to receive, subject to the provisions of the Plan and the Award Agreement, a payment having an aggregate value equal to the product of (i) the excess of (A) the Fair Market Value on the exercise date of one share of Common Stock over (B) the base price per share specified in the Award Agreement, times (ii) the number of shares specified by the stock appreciation right, or portion thereof, which is exercised. The base price per share specified in the Award Agreement shall not be less than the lower of the Fair Market Value on the date of grant or the exercise price of any tandem stock option to which the stock appreciation right is related, or with respect to stock appreciation rights that are granted in substitution of similar types of awards of a company acquired by Immunomedics or a Subsidiary or with which Immunomedics or a Subsidiary combines (whether in connection with a corporate transaction, such as a merger, combination, consolidation or acquisition of property or stock, or otherwise) such base price as is necessary to preserve the intrinsic value of such awards.

(ii) *Exercise.* Stock appreciation rights shall be exercisable at such time or times and subject to such terms and conditions as shall be determined by the Administrator; *provided, however*, that stock appreciation rights granted under the Plan may not have a term in excess of seven years duration unless otherwise required by applicable law. The applicable Award Agreement shall specify whether payment by Immunomedics of the amount receivable upon any exercise of a stock appreciation right is to be made in cash or shares of Common Stock or a combination of both, or shall reserve to the Administrator or the Participant the right to make that determination prior to or upon the exercise of the stock appreciation right. If upon the exercise of a stock appreciation right a Participant is to receive a portion of such payment in shares of Common Stock, the number of shares shall be determined by dividing such portion by the Fair Market Value of a share of Common Stock on the exercise date. No fractional shares shall be used for such payment and the Administrator shall determine whether cash shall be given in lieu of such fractional shares or whether such fractional shares shall be eliminated.

(iii) *Termination of Service.* Except as provided in the applicable Award Agreement or otherwise determined by the Administrator, to the extent stock appreciation rights are not vested and exercisable, a Participant's stock appreciation rights shall be forfeited upon his or her Termination of Service.

(iv) *Additional Terms and Conditions.* The Administrator may, by way of the Award Agreement or otherwise, determine such other terms, conditions, restrictions, and/or limitations, if any, of any Award of stock appreciation rights, *provided* they are not inconsistent with the Plan.

(f) *Repricing.* Notwithstanding anything herein to the contrary, except in connection with a corporate transaction involving Immunomedics (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of options and stock appreciation rights granted under the Plan may not be amended, after the date of grant, to reduce the exercise price of such options or stock appreciation rights, nor may outstanding options or stock appreciation rights be canceled in exchange for (i) cash, (ii) options or stock appreciation rights with an exercise price or base price that is less than the exercise price or base price of the original outstanding options or stock appreciation rights, or (iii) other Awards, unless such action is approved by Immunomedics stockholders.

(g) Stock Awards.

(i) *Grants.* The Administrator may from time to time grant to Eligible Individuals Awards of unrestricted Common Stock or Restricted Stock (collectively, *Stock Awards*) on such terms and conditions, and for such consideration, including no consideration or such minimum consideration as may be required by law, as the Administrator shall determine, subject to the limitations set forth in Section 7(b). Stock Awards shall be evidenced in such manner as the Administrator may deem appropriate, including via book-entry registration.

(ii) *Vesting.* Restricted Stock shall be subject to such vesting, restrictions on transferability and other restrictions, if any, and/or risk of forfeiture as the Administrator may impose at the date of grant or thereafter. The Restriction Period to which such vesting, restrictions and/or risk of forfeiture apply may lapse under such circumstances, including without limitation upon the attainment of Performance Goals, in such installments, or otherwise, as the Administrator may determine. In the event that the Administrator conditions the grant or vesting of a Stock Award upon the attainment of Performance Goals, or the attainment of Performance Goals together with the continued service of the Participant, the Administrator may, prior to or at the time of grant, designate the Stock Award as a Qualified Performance-Based Award. Subject to the provisions of the Plan and the applicable Award Agreement, during the Restriction Period, the Participant shall not be permitted to sell, assign, transfer, pledge or otherwise encumber shares of Restricted Stock.

(iii) *Rights of a Stockholder; Dividends.* Except to the extent restricted under the Award Agreement relating to the Restricted Stock, a Participant granted Restricted Stock shall have all of the rights of a stockholder of Common Stock including, without limitation, the right to vote Restricted Stock. Cash dividends declared payable on Common Stock shall be paid, with respect to outstanding Restricted Stock, either as soon as practicable following the dividend payment date or deferred for payment to such later date as determined by the Administrator, and shall be paid in cash or as unrestricted shares of Common Stock having a Fair Market Value equal to the amount of such dividends or may be reinvested in additional shares of Restricted Stock as determined by the Administrator; *provided, however*, that dividends declared payable on Restricted Stock that is granted as a Performance Award shall be held by Immunomedics and made subject to forfeiture at least until achievement of the applicable Performance Goal related to such shares of Restricted Stock. Stock distributed in connection with a stock split or stock dividend, and other property distributed as a dividend, shall be subject to restrictions and a risk of forfeiture to the same extent as the Restricted Stock with respect to which such Common Stock or other property has been distributed. As soon as is practicable following the date on which restrictions on any shares of Restricted Stock lapse, Immunomedics shall deliver to the Participant the certificates for such shares or shall cause the shares to be registered in the Participant's name in book-entry form, in either case with the restrictions removed, provided that the Participant shall have complied with all conditions for delivery of such shares contained in the Award Agreement or otherwise reasonably required by Immunomedics.

(iv) *Termination of Service.* Except as provided in the applicable Award Agreement, upon Termination of Service during the applicable Restriction Period, Restricted Stock and any accrued but unpaid dividends that are at that time subject to restrictions shall be forfeited; *provided* that, subject to the limitations set forth in Section 7(b), the Administrator may provide, by rule or regulation or in any Award Agreement, or may determine in any individual case, that restrictions or forfeiture conditions relating to Restricted Stock will be waived in whole or in part in the event of terminations resulting from specified causes, and the Administrator may in other cases waive in whole or in part the forfeiture of Restricted Stock.

(v) *Additional Terms and Conditions.* The Administrator may, by way of the Award Agreement or otherwise, determine such other terms, conditions, restrictions, and/or limitations, if any, of any Award of Restricted Stock, *provided* they are not inconsistent with the Plan.

(h) *Stock Units.*

(i) *Grants.* The Administrator may from time to time grant to Eligible Individuals Awards of unrestricted stock Units or Restricted Stock Units on such terms and conditions, and for such consideration, including no consideration or such minimum consideration as may be required by law, as the Administrator shall determine, subject to the limitations set forth in Section 7(b). Restricted Stock Units represent a contractual obligation by Immunomedics to deliver a number of shares of Common Stock, an amount in cash equal to the Fair Market Value of the specified number of shares subject to the Award, or a combination of shares of Common Stock and cash, in accordance with the terms and conditions set forth in the Plan and any applicable Award Agreement.

(ii) *Vesting and Payment.* Restricted Stock Units shall be subject to such vesting, risk of forfeiture and/or payment provisions as the Administrator may impose at the date of grant. The Restriction Period to which such vesting and/or risk of forfeiture apply may lapse under such circumstances, including without limitation upon the attainment of Performance Goals, in such installments, or otherwise, as the Administrator may determine. In the event that the Administrator conditions the vesting and/or lapse of risk of forfeiture of Restricted Stock Units upon the attainment of Performance Goals, or the attainment of Performance Goals together with the continued service of the Participant, the Administrator may, prior to or at the time of grant, designate the Award of Restricted Stock Units as a Qualified Performance-Based Award. Shares of Common Stock, cash or a combination of shares of Common Stock and cash, as applicable, payable in settlement of Restricted Stock Units shall be delivered to the Participant as soon as administratively practicable, but no later than 30 days, after the date on which payment is due under the terms of the Award Agreement *provided* that the Participant shall have complied with all conditions for delivery of such shares or payment contained in the Award Agreement or otherwise reasonably required by Immunomedics, or in accordance with an election of the Participant, if the Administrator so permits, that meets the requirements of Section 409A of the Code.

(iii) *No Rights of a Stockholder; Dividend Equivalents.* Until shares of Common Stock are issued to the Participant in settlement of stock Units, the Participant shall not have any rights of a stockholder of Immunomedics with respect to the stock Units or the shares issuable thereunder. The Administrator may grant to the Participant the right to receive Dividend Equivalents on stock Units, on a current, reinvested and/or restricted basis, subject to such terms as the Administrator may determine *provided, however*, that Dividend Equivalents payable on stock Units that are granted as a Performance Award shall, rather than be paid on a current basis, be accrued and made subject to forfeiture at least until achievement of the applicable Performance Goal related to such stock Units.

(iv) *Termination of Service.* Upon Termination of Service during the applicable deferral period or portion thereof to which forfeiture conditions apply, or upon failure to satisfy any other conditions precedent to the delivery of shares of Common Stock or cash to which such Restricted Stock Units relate, all Restricted Stock Units and any accrued but unpaid Dividend Equivalents with respect to such Restricted Stock Units that are then subject to deferral or restriction shall be forfeited; *provided* that, subject to the limitations set forth in Section 7(b), the Administrator may provide, by rule or regulation or in any Award Agreement, or may determine in any individual case, that restrictions or forfeiture conditions relating to

Table of Contents

Restricted Stock Units will be waived in whole or in part in the event of termination resulting from specified causes, and the Administrator may in other cases waive in whole or in part the forfeiture of Restricted Stock Units.

(v) *Additional Terms and Conditions.* The Administrator may, by way of the Award Agreement or otherwise, determine such other terms, conditions, restrictions, and/or limitations, if any, of any Award of stock Units, *provided* they are not inconsistent with the Plan.

(i) *Performance Shares and Performance Units.*

(i) *Grants.* The Administrator may from time to time grant to Eligible Individuals Awards in the form of Performance Shares and Performance Units. Performance Shares, as that term is used in this Plan, shall refer to shares of Common Stock or Units that are expressed in terms of Common Stock, the issuance, vesting, lapse of restrictions on or payment of which is contingent on performance as measured against predetermined objectives over a specified Performance Period. Performance Units, as that term is used in this Plan, shall refer to dollar-denominated Units valued by reference to designated criteria established by the Administrator, other than Common Stock, the issuance, vesting, lapse of restrictions on or payment of which is contingent on performance as measured against predetermined objectives over a specified Performance Period. The applicable Award Agreement shall specify whether Performance Shares and Performance Units will be settled or paid in cash or shares of Common Stock or a combination of both, or shall reserve to the Administrator or the Participant the right to make that determination prior to or at the payment or settlement date.

(ii) *Performance Criteria.* The Administrator shall, prior to or at the time of grant, condition the grant, vesting or payment of, or lapse of restrictions on, an Award of Performance Shares or Performance Units upon (A) the attainment of Performance Goals during a Performance Period or (B) the attainment of Performance Goals and the continued service of the Participant. The Administrator may, prior to or at the time of grant, designate an Award of Performance Shares or Performance Units as a Qualified Performance-Based Award. The length of the Performance Period, the Performance Goals to be achieved during the Performance Period, and the measure of whether and to what degree such Performance Goals have been attained shall be conclusively determined by the Administrator in the exercise of its absolute discretion. Performance Goals may include minimum, maximum and target levels of performance, with the size of the Award or payout of Performance Shares or Performance Units or the vesting or lapse of restrictions with respect thereto based on the level attained. An Award of Performance Shares or Performance Units shall be settled as and when the Award vests or at a later time specified in the Award Agreement or in accordance with an election of the Participant, if the Administrator so permits, that meets the requirements of Section 409A of the Code.

(iii) *Additional Terms and Conditions.* The Administrator may, by way of the Award Agreement or otherwise, determine such other terms, conditions, restrictions, and/or limitations, if any, of any Award of Performance Shares or Performance Units, *provided* they are not inconsistent with the Plan.

(j) *Other Stock-Based Awards.* The Administrator may from time to time grant to Eligible Individuals Awards in the form of Other Stock-Based Awards. Other Stock-Based Awards in the form of Dividend Equivalents may be (A) awarded on a free-standing basis or in connection with another Award other than a stock option or stock appreciation right, (B) paid currently or credited to an account for the Participant, including the reinvestment of such credited amounts in Common Stock equivalents, to be paid on a deferred basis, and (C) settled in cash or Common Stock as determined by the Administrator; *provided, however*, that Dividend Equivalents payable on Other Stock-Based Awards that are granted as a Performance Award shall, rather than be paid on a current basis, be accrued and made subject to forfeiture at least until achievement of the applicable Performance Goal related to such Other Stock-Based Awards. Any such settlements, and any such crediting of Dividend Equivalents, may be subject to such conditions, restrictions and contingencies as the Administrator shall establish.

(k) Qualified Performance-Based Awards.

(i) *Stock Options and Stock Appreciation Rights.* The provisions of the Plan are intended to ensure that all stock options and stock appreciation rights granted hereunder to any Participant who is or may be a covered employee (within the meaning of Section 162(m)(3) of the Code) in the tax year in which such stock option or stock appreciation right is expected to be deductible to Immunomedics or a Subsidiary qualify for the Section 162(m) Exemption, and all such Awards shall therefore be considered Qualified Performance-Based Awards, and the Plan shall be interpreted and operated consistent with that intention.

(ii) *Grant Process for Performance Awards.* When granting any Award other than a stock option or stock appreciation right, the Administrator may designate such Award as a Qualified Performance-Based Award, based upon a determination that (A) the recipient is or may be a covered employee (within the meaning of Section 162(m)(3) of the Code) with respect to such Award and (B) the Administrator wishes such Award to qualify for the Section 162(m) Exemption. For any Award so designated as a Qualified Performance-Based Award, the Administrator shall take steps to ensure that the terms of any such Award (and of the grant thereof) shall be consistent with such designation (including, without limitation, that all such Awards be granted by a committee composed solely of outside directors (within the meaning of Section 162(m) of the Code) and that the Performance Goals be established, in writing, by the Administrator within the time period prescribed by Section 162(m) of the Code). The Performance Goals established by the Administrator for each Qualified Performance-Based Award shall be objective such that a third party having knowledge of the relevant facts could determine whether or not any Performance Goal has been achieved, or the extent of such achievement, and the amount, if any, which has been earned by the Participant based on such performance. The Administrator may retain in an Award Agreement the discretion to reduce (but not to increase) the amount or number of Qualified Performance-Based Awards which will be earned based on the achievement of Performance Goals. When the Performance Goals are established, the Administrator shall also specify the manner in which the level of achievement of such Performance Goals shall be calculated and the weighting assigned to such Performance Goals.

(iii) *Certification and Payment.* Following completion of the applicable Performance Period, and prior to any, as applicable, grant, vesting, lapse of restrictions on or payment of a Qualified Performance-Based Award, the Administrator shall determine in accordance with the terms of the Award and shall certify in writing whether the applicable Performance Goal(s) were achieved, or the level of such achievement, and the amount, if any, earned by the Participant based upon such performance. For this purpose, approved minutes of the meeting of the Administrator at which certification is made shall be sufficient to satisfy the requirement of a written certification. No Qualified Performance-Based Awards will be granted, become vested, have restrictions lapse or be paid, as applicable, for a Performance Period until such certification is made by the Administrator. The amount of a Qualified Performance-Based Award actually granted, vested, or paid to a Participant, or on which restrictions shall lapse, may be less than the amount determined by the applicable Performance Goal formula, at the discretion of the Administrator to take into account additional factors that the Administrator may deem relevant to the assessment of individual or corporate performance for the Performance Period or otherwise, subject to the terms and conditions of the applicable Award Agreement.

(iv) *Performance Goals.* Performance Goals may be applied on a per share or absolute basis and relative to one or more Performance Metrics, or any combination thereof, and may be measured pursuant to U.S. generally accepted accounting principles (GAAP), non-GAAP or other objective standards in a manner consistent with Immunomedics or its Subsidiary s established accounting policies, all as the Administrator shall determine at the time the Performance Goals for a Performance Period are established. The Administrator may, in its sole discretion, provide that one or more objectively determinable adjustments shall be made to the manner in which one or more of the Performance Goals is to be calculated or measured to take into account, or ignore, one or more of the following: (1) items related to a change in accounting principle; (2) items relating to financing activities; (3) expenses for restructuring or productivity initiatives; (4) other non-operating items; (5) items related to acquisitions; (6) items attributable to the business operations of any entity acquired by the Company during the Performance Period; (7) items related to the

Table of Contents

sale or disposition of a business or segment of a business; (8) items related to discontinued operations that do not qualify as a segment of a business under U.S. generally accepted accounting principles; (9) items attributable to any stock dividend, stock split, combination or exchange of stock occurring during the Performance Period; (10) any other items of significant income or expense which are determined to be appropriate adjustments; (11) items relating to unusual or extraordinary corporate transactions, events or developments, (12) items related to amortization of acquired intangible assets; (13) items that are outside the scope of the Company's core, on-going business activities; (14) changes in foreign currency exchange rates; (15) items relating to changes in tax laws; (16) certain identified expenses (including, but not limited to, cash bonus expenses, incentive expenses and acquisition-related transaction and integration expenses); (17) items relating to asset impairment charges; or (18) items relating to gains or unusual or nonrecurring events or changes in applicable law, accounting principles or business conditions. For all Awards intended to qualify as Qualified Performance-Based Awards, such determinations shall be made within the time prescribed by, and otherwise in compliance with, Section 162(m) of the Code.

(v) *Non-delegation.* No delegate of the Administrator is permitted to exercise authority granted to the Administrator under Section 4 to the extent that the exercise of such authority by the delegate would cause an Award designated as a Qualified Performance-Based Award not to qualify for, or to cease to qualify for, the Section 162(m) Exemption.

(l) *Awards to Participants Outside the United States.* The Administrator may grant Awards to Eligible Individuals who are foreign nationals, who are located outside the United States or who are not compensated from a payroll maintained in the United States, or who are otherwise subject to (or could cause Immunomedics or a Subsidiary to be subject to) tax, legal or regulatory provisions of countries or jurisdictions outside the United States, on such terms and conditions different from those specified in the Plan as may, in the judgment of the Administrator, be necessary or desirable in order that any such Award shall conform to laws, regulations, and customs of the country or jurisdiction in which the Participant is then resident or primarily employed or to foster and promote achievement of the purposes of the Plan.

(m) *Limitation on Dividend Reinvestment and Dividend Equivalents.* Reinvestment of dividends in additional Restricted Stock at the time of any dividend payment, and the payment of shares of Common Stock with respect to dividends to Participants holding Awards of stock Units, shall only be permissible if sufficient shares are available under the Share Pool for such reinvestment or payment (taking into account then outstanding Awards). In the event that sufficient shares are not available under the Share Pool for such reinvestment or payment, such reinvestment or payment shall be made in the form of a grant of stock Units equal in number to the shares of Common Stock that would have been obtained by such payment or reinvestment, the terms of which stock Units shall provide for settlement in cash and for Dividend Equivalent reinvestment in further stock Units on the terms contemplated by this Section 7(m).

8. Withholding of Taxes.

Participants and holders of Awards shall pay to Immunomedics or its Affiliate, or make arrangements satisfactory to the Administrator for payment of, any Tax Withholding Obligation in respect of Awards granted under the Plan no later than the date of the event creating the tax or social insurance contribution liability. The obligations of Immunomedics under the Plan shall be conditional on such payment or arrangements. Unless otherwise determined by the Administrator, Tax Withholding Obligations may be settled in whole or in part with shares of Common Stock, including unrestricted outstanding shares surrendered to Immunomedics and unrestricted shares that are part of the Award that gives rise to the Tax Withholding Obligation, having a Fair Market Value on the date of surrender or withholding equal to the statutory minimum amount (and not any greater amount) required to be withheld for tax or social insurance contribution purposes, all in accordance with such procedures as the Administrator establishes. Immunomedics or its Affiliate may deduct, to the extent permitted by law, any such Tax Withholding Obligations from any payment of any kind otherwise due to the Participant or holder of an Award.

9. Transferability of Awards.

(a) *General Nontransferability Absent Administrator Permission.* Except as otherwise determined by the Administrator, and in any event in the case of an Incentive Stock Option or a tandem stock appreciation right granted with respect to an Incentive Stock Option, no Award granted under the Plan shall be transferable by a Participant otherwise than by will or the laws of descent and distribution. The Administrator shall not permit any transfer of an Award for value. An Award may be exercised during the lifetime of the Participant, only by the Participant or, during the period the Participant is under a legal disability, by the Participant's guardian or legal representative, unless otherwise determined by the Administrator. Awards granted under the Plan shall not be subject in any manner to alienation, anticipation, sale, transfer, assignment, pledge, or encumbrance, except as otherwise determined by the Administrator; *provided, however*, that the restrictions in this sentence shall not apply to the shares of Common Stock received in connection with an Award after the date that the restrictions on transferability of such shares set forth in the applicable Award Agreement have lapsed. Nothing in this paragraph shall be interpreted or construed as overriding the terms of any Immunomedics stock ownership or retention policy, now or hereafter existing, that may apply to the Participant or shares of Common Stock received under an Award.

(b) *Administrator Discretion to Permit Transfers Other Than For Value.* Except as otherwise restricted by applicable law, the Administrator may, but need not, permit an Award, other than an Incentive Stock Option or a tandem stock appreciation right granted with respect to an Incentive Stock Option, to be transferred to a Participant's Family Member (as defined below) as a gift or pursuant to a domestic relations order in settlement of marital property rights. The Administrator shall not permit any transfer of an Award for value. For purposes of this Section 9,

Family Member means any child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing the Participant's household (other than a tenant or employee), a trust in which these persons have more than fifty percent of the beneficial interest, a foundation in which these persons (or the Participant) control the management of assets, and any other entity in which these persons (or the Participant) own more than fifty percent of the voting interests. The following transactions are not prohibited transfers for value: (i) a transfer under a domestic relations order in settlement of marital property rights; and (ii) a transfer to an entity in which more than fifty percent of the voting interests are owned by Family Members (or the Participant) in exchange for an interest in that entity.

10. Adjustments for Corporate Transactions and Other Events.

(a) *Mandatory Adjustments.* In the event of a merger, consolidation, stock rights offering, statutory share exchange or similar event affecting Immunomedics (each, a *Corporate Event*) or a stock dividend, stock split, reverse stock split, separation, spinoff, reorganization, extraordinary dividend of cash or other property, share combination or subdivision, or recapitalization or similar event affecting the capital structure of Immunomedics (each, a *Share Change*) that occurs at any time after adoption of this Plan by the Board (including any such Corporate Event or Share Change that occurs after such adoption and coincident with or prior to the Effective Date), the Administrator shall make equitable and appropriate substitutions or proportionate adjustments to (i) the aggregate number and kind of shares of Common Stock or other securities on which Awards under the Plan may be granted to Eligible Individuals, (ii) the maximum number of shares of Common Stock or other securities with respect to which Awards may be granted during any one calendar year to any individual, (iii) the maximum number of shares of Common Stock or other securities that may be issued with respect to Incentive Stock Options granted under the Plan, (iv) the number of shares of Common Stock or other securities covered by each outstanding Award and the exercise price, base price or other price per share, if any, and other relevant terms of each outstanding Award, and (v) all other numerical limitations relating to Awards, whether contained in this Plan or in Award Agreements; *provided, however*, that any fractional shares resulting from any such adjustment shall be eliminated.

(b) *Discretionary Adjustments.* In the case of Corporate Events, the Administrator may make such other adjustments to outstanding Awards as it determines to be appropriate and desirable, which adjustments may

Table of Contents

include, without limitation, (i) the cancellation of outstanding Awards in exchange for payments of cash, securities or other property or a combination thereof having an aggregate value equal to the value of such Awards, as determined by the Administrator in its sole discretion (it being understood that in the case of a Corporate Event with respect to which stockholders of Immunomedics receive consideration other than publicly traded equity securities of the ultimate surviving entity, any such determination by the Administrator that the value of a stock option or stock appreciation right shall for this purpose be deemed to equal the excess, if any, of the value of the consideration being paid for each share of Common Stock pursuant to such Corporate Event over the exercise price or base price of such stock option or stock appreciation right shall conclusively be deemed valid and that any stock option or stock appreciation right may be cancelled for no consideration upon a Corporate Event if its exercise price or base price does not exceed the value of the consideration being paid for each share of Common Stock pursuant to such Corporate Event), (ii) the substitution of securities or other property (including, without limitation, cash or other securities of Immunomedics and securities of entities other than Immunomedics) for the shares of Common Stock subject to outstanding Awards, and (iii) the substitution of equivalent awards, as determined in the sole discretion of the Administrator, of the surviving or successor entity or a parent thereof (*Substitute Awards*).

(c) *Adjustments to Performance Goals.* The Administrator may, in its discretion, adjust the Performance Goals applicable to any Awards to reflect any unusual or non-recurring events and other extraordinary items, impact of charges for restructurings, discontinued operations and the cumulative effects of accounting or tax changes, each as defined by generally accepted accounting principles or as identified in Immunomedics consolidated financial statements, notes to the consolidated financial statements, management's discussion and analysis or other Immunomedics filings with the Securities and Exchange Commission; *provided, however*, that, except in connection with death, disability or a Change in Control, no such adjustment shall be made if the effect would be to cause an Award that is intended to be a Qualified Performance-Based Award to no longer constitute a Qualified Performance-Based Award. If the Administrator determines that a change in the business, operations, corporate structure or capital structure of Immunomedics or the applicable subsidiary, business segment or other operational unit of Immunomedics or any such entity or segment, or the manner in which any of the foregoing conducts its business, or other events or circumstances, render the Performance Goals to be unsuitable, the Administrator may modify such Performance Goals or the related minimum acceptable level of achievement, in whole or in part, as the Administrator deems appropriate and equitable; *provided, however*, that, except in connection with death, disability or a Change in Control, no such modification shall be made if the effect would be to cause an Award that is intended to be a Qualified Performance-Based Award to no longer constitute a Qualified Performance-Based Award.

(d) *Statutory Requirements Affecting Adjustments.* Notwithstanding the foregoing: (A) any adjustments made pursuant to Section 10 to Awards that are considered deferred compensation within the meaning of Section 409A of the Code shall be made in compliance with the requirements of Section 409A of the Code; (B) any adjustments made pursuant to Section 10 to Awards that are not considered deferred compensation subject to Section 409A of the Code shall be made in such a manner as to ensure that after such adjustment, the Awards either (1) continue not to be subject to Section 409A of the Code or (2) comply with the requirements of Section 409A of the Code; (C) in any event, the Administrator shall not have the authority to make any adjustments pursuant to Section 10 to the extent the existence of such authority would cause an Award that is not intended to be subject to Section 409A of the Code at the date of grant to be subject thereto; and (D) any adjustments made pursuant to Section 10 to Awards that are Incentive Stock Options shall be made in compliance with the requirements of Section 424(a) of the Code.

(e) *Dissolution or Liquidation.* Unless the Administrator determines otherwise, all Awards outstanding under the Plan shall terminate upon the dissolution or liquidation of Immunomedics.

11. Change in Control Provisions.

(a) *Termination of Awards.* Notwithstanding the provisions of Section 11(b), in the event that any transaction resulting in a Change in Control occurs, outstanding Awards will terminate upon the effective time of

Table of Contents

such Change in Control unless provision is made in connection with the transaction for the continuation or assumption of such Awards by, or for the issuance therefor of Substitute Awards of, the surviving or successor entity or a parent thereof. Solely with respect to Awards that will terminate as a result of the immediately preceding sentence and except as otherwise provided in the applicable Award Agreement:

(i) the outstanding Awards of stock options and stock appreciation rights that will terminate upon the effective time of the Change in Control shall, immediately before the effective time of the Change in Control, become fully exercisable and the holders of such Awards will be permitted, immediately before the Change in Control, to exercise the Awards;

(ii) the outstanding shares of Restricted Stock the vesting or restrictions on which are then solely time-based and not subject to achievement of Performance Goals shall, immediately before the effective time of the Change in Control, become fully vested, free of all transfer and lapse restrictions and free of all risks of forfeiture;

(iii) the outstanding shares of Restricted Stock the vesting or restrictions on which are then subject to and pending achievement of Performance Goals shall, immediately before the effective time of the Change in Control and unless the Award Agreement provides for vesting or lapsing of restrictions in a greater amount upon the occurrence of a Change in Control, become vested, free of transfer and lapse restrictions and risks of forfeiture in such amounts as if the applicable Performance Goals for the unexpired Performance Period had been achieved at the target level set forth in the applicable Award Agreement;

(iv) the outstanding Restricted Stock Units, Performance Shares and Performance Units the vesting, earning or settlement of which is then solely time-based and not subject to or pending achievement of Performance Goals shall, immediately before the effective time of the Change in Control, become fully earned and vested and shall be settled in cash or shares of Common Stock (consistent with the terms of the Award Agreement after taking into account the effect of the Change in Control transaction on the shares) as promptly as is practicable, subject to any applicable limitations imposed thereon by Section 409A of the Code; and

(v) the outstanding Restricted Stock Units, Performance Shares and Performance Units the vesting, earning or settlement of which is then subject to and pending achievement of Performance Goals shall, immediately before the effective time of the Change in Control and unless the Award Agreement provides for vesting, earning or settlement in a greater amount upon the occurrence of a Change in Control, become vested and earned in such amounts as if the applicable Performance Goals for the unexpired Performance Period had been achieved at the target level set forth in the applicable Award Agreement and shall be settled in cash or shares of Common Stock (consistent with the terms of the Award Agreement after taking into account the effect of the Change in Control transaction on the shares) as promptly as is practicable, subject to any applicable limitations imposed thereon by Section 409A of the Code.

(b) *Director Awards.* Unless otherwise provided in the applicable Award Agreement, if a Change of Control occurs, then all outstanding Awards to a non-employee Board member then in Service that are not then exercisable and/or not vested shall become fully exercisable and vested upon the Change of Control.

Implementation of the provisions of Sections 11(a) and (b) shall be conditioned upon consummation of the Change in Control.

(c) *Continuation, Assumption or Substitution of Awards.* The administrator may specify, on or after the date of grant, in an award agreement or amendment thereto, the consequences of a Participant's Termination of Service that occurs coincident with or following the occurrence of a Change in Control, if a Change in Control occurs under which provision is made in connection with the transaction for the continuation or assumption of outstanding Awards by, or for the issuance therefor of Substitute Awards of, the surviving or successor entity or a parent thereof.

(d) *Other Permitted Actions.* In the event that any transaction resulting in a Change in Control occurs, the Administrator may take any of the actions set forth in Section 10 with respect to any or all Awards granted under the Plan.

(e) *Section 409A Savings Clause.* Notwithstanding the foregoing, if any Award is considered to be a nonqualified deferred compensation plan within the meaning of Section 409A of the Code, this Section 11 shall apply to such Award only to the extent that its application would not result in the imposition of any tax or interest or the inclusion of any amount in income under Section 409A of the Code.

12. Substitution of Awards in Mergers and Acquisitions.

Awards may be granted under the Plan from time to time in substitution for assumed awards held by employees, officers, consultants or directors of entities who become employees, officers, consultants or directors of Immunomedics or a Subsidiary as the result of a merger or consolidation of the entity for which they perform services with Immunomedics or a Subsidiary, or the acquisition by Immunomedics of the assets or stock of the such entity. The terms and conditions of any Awards so granted may vary from the terms and conditions set forth herein to the extent that the Administrator deems appropriate at the time of grant to conform the Awards to the provisions of the assumed awards for which they are substituted and to preserve their intrinsic value as of the date of the merger, consolidation or acquisition transaction. To the extent permitted by applicable law and marketplace or listing rules of the primary securities market or exchange on which the Common Stock is listed or admitted for trading, any available shares under a stockholder-approved plan of an acquired company (as appropriately adjusted to reflect the transaction) may be used for Awards granted pursuant to this Section 12 and, upon such grant, shall not reduce the Share Pool.

13. Compliance with Securities Laws; Listing and Registration.

(a) The obligation of Immunomedics to sell or deliver Common Stock with respect to any Award granted under the Plan shall be subject to all applicable laws, rules and regulations, including all applicable federal, state securities laws, and the obtaining of all such approvals by governmental agencies as may be deemed necessary or appropriate by the Administrator. If at any time the Administrator determines that the delivery of Common Stock under the Plan is or may be unlawful under the laws of any applicable jurisdiction, or Federal, state or foreign (non-United States) securities laws, the right to exercise an Award or receive shares of Common Stock pursuant to an Award shall be suspended until the Administrator determines that such delivery is lawful. If at any time the Administrator determines that the delivery of Common Stock under the Plan would or may violate the rules of any exchange on which Immunomedics securities are then listed for trade, the right to exercise an Award or receive shares of Common Stock pursuant to an Award shall be suspended until the Administrator determines that such delivery would not violate such rules. If the Administrator determines that the exercise or nonforfeiture of, or delivery of benefits pursuant to, any Award would violate any applicable provision of securities laws or the listing requirements of any stock exchange upon which any of Immunomedics equity securities are listed, then the Administrator may postpone any such exercise, nonforfeiture or delivery, as applicable, but Immunomedics shall use all reasonable efforts to cause such exercise, nonforfeiture or delivery to comply with all such provisions at the earliest practicable date.

(b) Each Award is subject to the requirement that, if at any time the Administrator determines, in its absolute discretion, that the listing, registration or qualification of Common Stock issuable pursuant to the Plan is required by any securities exchange or under any state, federal or foreign (non-United States) law, or the consent or approval of any governmental regulatory body is necessary or desirable as a condition of, or in connection with, the grant of an Award or the issuance of Common Stock, no such Award shall be granted or payment made or Common Stock issued, in whole or in part, unless listing, registration, qualification, consent or approval has been effected or obtained free of any conditions not acceptable to the Administrator.

(c) In the event that the disposition of Common Stock acquired pursuant to the Plan is not covered by a then current registration statement under the Securities Act of 1933, as amended (the *Securities Act*), and is not

otherwise exempt from such registration, such Common Stock shall be restricted against transfer to the extent required by the Securities Act or regulations thereunder, and the Administrator may require a person receiving Common Stock pursuant to the Plan, as a condition precedent to receipt of such Common Stock, to represent to Immunomedics in writing that the Common Stock acquired by such person is acquired for investment only and not with a view to distribution and that such person will not dispose of the Common Stock so acquired in violation of Federal, state or foreign securities laws and furnish such information as may, in the opinion of counsel for the Company, be appropriate to permit the Company to issue the Common Stock in compliance with applicable Federal, state or foreign securities laws.

14. Section 409A Compliance.

It is the intention of Immunomedics that any Award that constitutes a nonqualified deferred compensation plan within the meaning of Section 409A of the Code shall comply in all respects with the requirements of Section 409A of the Code to avoid the imposition of any tax or interest or the inclusion of any amount in income pursuant to Section 409A of the Code, and the terms of each such Award shall be construed, administered and deemed amended, if applicable, in a manner consistent with this intention. Notwithstanding the foregoing, neither Immunomedics nor any of its Affiliates nor any of its or their directors, officers, employees, agents or other service providers will be liable for any taxes, penalties or interest imposed on any Participant or other person with respect to any amounts paid or payable (whether in cash, shares of Common Stock or other property) under any Award, including any taxes, penalties or interest imposed under or as a result of Section 409A of the Code. Any payments described in an Award that are due within the short term deferral period as defined in Section 409A of the Code shall not be treated as deferred compensation unless applicable law requires otherwise. For purposes of any Award, each amount to be paid or benefit to be provided to a Participant that constitutes deferred compensation subject to Section 409A of the Code shall be construed as a separate identified payment for purposes of Section 409A of the Code. For purposes of Section 409A of the Code, the payment of Dividend Equivalents under any Award shall be construed as earnings and the time and form of payment of such Dividend Equivalents shall be treated separately from the time and form of payment of the underlying Award. Notwithstanding any other provision of the Plan to the contrary, with respect to any Award that constitutes a nonqualified deferred compensation plan within the meaning of Section 409A of the Code, any payments (whether in cash, shares of Common Stock or other property) to be made with respect to the Award that become payable on account of the Participant's separation from service, within the meaning of Section 409A of the Code, while the Participant is a specified employee (as determined in accordance with the uniform policy adopted by the Administrator with respect to all of the arrangements subject to Section 409A of the Code maintained by Immunomedics and its Affiliates) and which would otherwise be paid within six months after the Participant's separation from service shall be accumulated (without interest) and paid on the first day of the seventh month following the Participant's separation from service or, if earlier, within 15 days after the appointment of the personal representative or executor of the Participant's estate following the Participant's death. Notwithstanding anything in the Plan or an Award Agreement to the contrary, in no event shall the Administrator exercise its discretion to accelerate the payment or settlement of an Award where such payment or settlement constitutes deferred compensation within the meaning of Code section 409A unless, and solely to the extent that, such accelerated payment or settlement is permissible under Treasury Regulation section 1.409A-3(j)(4).

15. Plan Duration; Amendment and Discontinuance.

(a) *Plan Duration.* The Plan shall remain in effect, subject to the right of the Board or the Compensation Committee to amend or terminate the Plan at any time, until the earlier of (a) the earliest date as of which all Awards granted under the Plan have been satisfied in full or terminated and no shares of Common Stock approved for issuance under the Plan remain available to be granted under new Awards or (b) August 14, 2024. No Awards shall be granted under the Plan after such termination date. Subject to other applicable provisions of the Plan, all Awards made under the Plan on or before August 14, 2024, or such earlier termination of the Plan, shall remain in effect until such Awards have been satisfied or terminated in accordance with the Plan and the terms of such Awards. Notwithstanding the continuation of the Plan, no Award (other than a stock option or

stock appreciation right) that is intended to be a Qualified Performance-Based Award shall be granted on or after the fifth anniversary of the Effective Date unless the material terms of the applicable performance goals, within the meaning of Treasury Regulation Section 1.162-27(e)(4)(i), are approved by the stockholders of Immunomedics no later than the first stockholder meeting that occurs in the fifth year following the Effective Date.

(b) *Amendment and Discontinuance of the Plan.* The Board or the Compensation Committee may amend, alter or discontinue the Plan, but no amendment, alteration or discontinuation shall be made which would materially impair the rights of a Participant with respect to a previously granted Award without such Participant's consent, except such an amendment made to comply with applicable law or rule of any securities exchange or market on which the Common Stock is listed or admitted for trading or to prevent adverse tax or accounting consequences to Immunomedics or the Participant. Notwithstanding the foregoing, no such amendment shall be made without the approval of Immunomedics stockholders to the extent such amendment would (A) materially increase the benefits accruing to Participants under the Plan, (B) materially increase the number of shares of Common Stock which may be issued under the Plan or to a Participant, (C) materially expand the eligibility for participation in the Plan, (D) eliminate or modify the prohibition set forth in Section 7(f) on repricing of stock options and stock appreciation rights, (E) lengthen the maximum term or lower the minimum exercise price or base price permitted for stock options and stock appreciation rights, or (F) modify the prohibition on the issuance of reload or replenishment options. Except as otherwise determined by the Board or Compensation Committee, termination of the Plan shall not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Awards granted under the Plan prior to the date of such termination.

(c) *Amendment of Awards.* Subject to Section 7(f), the Administrator may unilaterally amend the terms of any Award theretofore granted, but no such amendment shall materially impair the rights of any Participant with respect to an Award without the Participant's consent, except such an amendment made to cause the Plan or Award to comply with applicable law, applicable rule of any securities exchange on which the Common Stock is listed or admitted for trading, or to prevent adverse tax or accounting consequences for the Participant or the Company or any of its Affiliates. For purposes of the foregoing sentence, an amendment to an Award that results in a change in the tax consequences of the Award to the Participant shall not be considered to be a material impairment of the rights of the Participant and shall not require the Participant's consent.

16. General Provisions.

(a) *Non-Guarantee of Employment or Service.* Nothing in the Plan or in any Award Agreement thereunder shall confer any right on an individual to continue in the service of Immunomedics or any Affiliate or shall interfere in any way with the right of Immunomedics or any Affiliate to terminate such service at any time with or without cause or notice and whether or not such termination results in (i) the failure of any Award to vest or become payable; (ii) the forfeiture of any unvested or vested portion of any Award; and/or (iii) any other adverse effect on the individual's interests under any Award or the Plan. No person, even though deemed an Eligible Individual, shall have a right to be selected as a Participant, or, having been so selected, to be selected again as a Participant. To the extent that an Eligible Individual who is an employee of a Subsidiary receives an Award under the Plan, that Award shall in no event be understood or interpreted to mean that Immunomedics is the Participant's employer or that the Participant has an employment relationship with Immunomedics.

(b) *No Trust or Fund Created.* Neither the Plan nor any Award shall create or be construed to create a trust or separate fund of any kind or a fiduciary relationship between Immunomedics and a Participant or any other person. To the extent that any Participant or other person acquires a right to receive payments from Immunomedics pursuant to an Award, such right shall be no greater than the right of any unsecured general creditor of Immunomedics.

(c) *Status of Awards.* Awards shall be special incentive payments to the Participant and shall not be taken into account in computing the amount of salary or compensation of the Participant for purposes of determining

any pension, retirement, death, severance or other benefit under (a) any pension, retirement, profit-sharing, bonus, insurance, severance or other employee benefit plan of Immunomedics or any Affiliate now or hereafter in effect under which the availability or amount of benefits is related to the level of compensation or (b) any agreement between (i) Immunomedics or any Affiliate and (ii) the Participant, except as such plan or agreement shall otherwise expressly provide.

(d) *Subsidiary Employees.* In the case of a grant of an Award to an Eligible Individual who provides services to any Subsidiary, Immunomedics may, if the Administrator so directs, issue or transfer the shares of Common Stock, if any, covered by the Award to the Subsidiary, for such lawful consideration as the Administrator may specify, upon the condition or understanding that the Subsidiary will transfer the shares of Common Stock to the Eligible Individual in accordance with the terms of the Award specified by the Administrator pursuant to the provisions of the Plan. All shares of Common Stock underlying Awards that are forfeited or canceled after such issue or transfer of shares to the Subsidiary shall revert to Immunomedics.

(e) *Governing Law and Interpretation.* The validity, construction and effect of the Plan, of Award Agreements entered into pursuant to the Plan, and of any rules, regulations, determinations or decisions made by the Administrator relating to the Plan or such Award Agreements, and the rights of any and all persons having or claiming to have any interest therein or thereunder, shall be determined exclusively in accordance with applicable United States federal laws and the laws of the State of Delaware without regard to its conflict of laws principles. The captions of the Plan are not part of the provisions hereof and shall have no force or effect. Except where the context otherwise requires: (i) the singular includes the plural and vice versa; (ii) a reference to one gender includes other genders; (iii) a reference to a person includes a natural person, partnership, corporation, association, governmental or local authority or agency or other entity; and (iv) a reference to a statute, ordinance, code or other law includes regulations and other instruments under it and consolidations, amendments, re-enactments or replacements of any of them.

(f) *Use of English Language.* The Plan, each Award Agreement, and all other documents, notices and legal proceedings entered into, given or instituted pursuant to an Award shall be written in English, unless otherwise determined by the Administrator. If a Participant receives an Award Agreement, a copy of the Plan or any other documents related to an Award translated into a language other than English, and if the meaning of the translated version is different from the English version, the English version shall control.

(g) *Recovery of Amounts Paid.* Except as otherwise provided by the Administrator, Awards granted under the Plan shall be subject to any and all policies, guidelines, codes of conduct, or other agreement or arrangement adopted by the Board or Compensation Committee with respect to the recoupment, recovery or clawback of compensation (collectively, the Recoupment Policy) and/or to any provisions set forth in the applicable Award Agreement under which Immunomedics may recover from current and former Participants any amounts paid or shares of Common Stock issued under an Award and any proceeds therefrom under such circumstances as the Administrator determines appropriate. The Administrator may apply the Recoupment Policy to Awards granted before the policy is adopted to the extent required by applicable law or rule of any securities exchange or market on which shares of Common Stock are listed or admitted for trading, as determined by the Administrator in its sole discretion.

authority has been delegated. With respect to any Award to which Section 16 of the Exchange Act applies, the Administrator shall consist of either the Board or a committee of the Board, which committee shall consist of two or more directors, each of whom is intended to be, to the extent required by Rule 16b-3 of the Exchange Act, a non-employee director as defined in Rule 16b-3 of the Exchange Act and an independent director to the extent required by the rules of the national securities exchange that is the principal trading market for the Common Stock, and with respect to any Award that is intended to be a Qualified Performance-Based Award, the Administrator shall consist of two or more directors, each of whom is intended to be, to the extent required by Section 162(m) of the Code, an outside director as defined under Section 162(m) of the Code; *provided*, that with respect to Awards made to a member of the Board who is not an employee of the Company, Administrator means the Board. Any member of the Administrator who does not meet the foregoing requirements shall abstain from any decision regarding an Award and shall not be considered a member of the Administrator to the extent required to comply with Rule 16b-3 of the Exchange Act or Section 162(m) of the Code.

Affiliate means any entity, whether now or hereafter existing, which controls, is controlled by, or is under common control with, Immunomedics or any successor to Immunomedics. For this purpose, control (including the correlative meanings of the terms controlled by and under common control with) shall mean ownership, directly or indirectly, of 50% or more of the total combined voting power of all classes of voting securities issued by such entity, or the possession, directly or indirectly, of the power to direct the management and policies of such entity, by contract or otherwise.

Award means any stock option, stock appreciation right, stock award, stock unit, Performance Share, Performance Unit, and/or Other Stock-Based Award, whether granted under this Plan, the 2006 Plan, or the 2002 Plan, as applicable.

Board means the Board of Directors of Immunomedics.

Change in Control means the first of the following to occur: (i) a Change in Ownership of Immunomedics, (ii) a Change in Effective Control of Immunomedics, or (iii) a Change in the Ownership of Assets of Immunomedics, as described herein and construed in accordance with Code section 409A.

(i) A Change in Ownership of Immunomedics shall occur on the date that any one Person acquires, or Persons Acting as a Group acquire, ownership of the capital stock of Immunomedics that, together with the stock held by such Person or Group, constitutes more than 50% of the total fair market value or total voting power of the capital stock of Immunomedics. However, if any one Person is, or Persons Acting as a Group are, considered to own more than 50%, on a fully diluted basis, of the total fair market value or total voting power of the capital stock of Immunomedics, the acquisition of additional stock by the same Person or Persons Acting as a Group is not considered to cause a Change in Ownership of Immunomedics or to cause a Change in Effective Control of Immunomedics (as described below). An increase in the percentage of capital stock owned by any one Person, or Persons Acting as a Group, as a result of a transaction in which Immunomedics acquires its stock in exchange for property will be treated as an acquisition of stock.

(ii) A Change in Effective Control of Immunomedics shall occur on the date that a majority of members of Client's Board is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the Board before the date of the appointment or election.

(iii) A Change in the Ownership of Assets of Immunomedics shall occur on the date that any one Person acquires, or Persons Acting as a Group acquire (or has or have acquired during the 12-month period ending on the date of the most recent acquisition by such Person or Persons), assets from Immunomedics

For this purpose, gross fair market value means the value of the assets of Immunomedics, or the value of the assets being disposed of, determined without regard to any liabilities associated with such assets.

The following rules of construction apply in interpreting the definition of Change in Control:

(A) A *Person* means any individual, entity or group within the meaning of Section 13(d)(3) or 14(d)(2) of the Securities Exchange Act of 1934, as amended, other than employee benefit plans sponsored or maintained by Immunomedics and by entities controlled by Immunomedics or an underwriter, initial purchaser or placement agent temporarily holding the capital stock of Immunomedics pursuant to a registered public offering.

(B) Persons will be considered to be Persons Acting as a Group (or Group) if they are owners of a corporation that enters into a merger, consolidation, purchase or acquisition of stock, or similar business transaction with the corporation. If a Person owns stock in both corporations that enter into a merger, consolidation, purchase or acquisition of stock, or similar transaction, such shareholder is considered to be acting as a Group with other shareholders only with respect to the ownership in that corporation before the transaction giving rise to the change and not with respect to the ownership interest in the other corporation. Persons will not be considered to be acting as a Group solely because they purchase assets of the same corporation at the same time or purchase or own stock of the same corporation at the same time, or as a result of the same public offering.

(C) A Change in Control shall not include a transfer to a related person as described in Code section 409A or a public offering of capital stock of Immunomedics.

(D) For purposes of the definition of Change in Control, Section 318(a) of the Code applies to determine stock ownership. Stock underlying a vested option is considered owned by the individual who holds the vested option (and the stock underlying an unvested option is not considered owned by the individual who holds the unvested option). For purposes of the preceding sentence, however, if a vested option is exercisable for stock that is not substantially vested (as defined by Treasury Regulation §1.83-3(b) and (j)), the stock underlying the option is not treated as owned by the individual who holds the option.

(ii) if the principal market for the Common Stock is not a national securities exchange or an established securities market, but the Common Stock is quoted by a national quotation system, the average of the highest bid and lowest asked prices for the Common Stock on that date as reported on a national quotation system or, if no prices are reported for that date, on the last preceding day on which prices were reported, all as reported by such source as the Administrator may select; or

(iii) if the Common Stock is neither listed or admitted to trading on a national securities exchange or an established securities market, nor quoted by a national quotation system, the value determined by the Administrator in good faith by the reasonable application of a reasonable valuation method, which method may, but need not, include taking into account an appraisal of the fair market value of the Common Stock conducted by a nationally recognized appraisal firm selected by the Administrator.

Notwithstanding the preceding, for foreign, federal, state and local income tax reporting purposes and for such other purposes as the Administrator deems appropriate, the Fair Market Value shall be determined by the Administrator in accordance with uniform and nondiscriminatory standards adopted by it from time to time.
