DARA

Notes to the Condensed Combined Financial Statements (Unaudited)

1. Description of Business

Alkermes plc (Alkermes or the Parent) is a fully integrated, global biopharmaceutical company that applies its scientific expertise and proprietary technologies to develop innovative medicines that improve patient outcomes. Headquartered in Dublin, Ireland, Alkermes has a research and development (R&D) center in Waltham, Massachusetts; R&D and manufacturing facilities in Athlone, Ireland; and manufacturing facilities in Gainesville, Georgia and Wilmington, Ohio.

DARA (the Company) is comprised of certain components of Alkermes. These components include the manufacturing facility in Gainesville, Georgia and certain intellectual property in Ireland. The Company develops and manufactures innovative pharmaceutical products that deliver clinically meaningful benefits to patients, using its extensive experience and proprietary delivery technologies in collaboration with pharmaceutical companies.

The condensed combined financial statements have been prepared solely for purposes of Alkermes sale of the Company to demonstrate the historical results of operations, financial position and cash flows of the Company for the indicated periods under Alkermes management.

2. Significant Accounting Policies

Basis of Presentation

DARA has historically operated as part of Alkermes and not as a separate stand-alone entity. These condensed combined financial statements have been prepared on a carve-out basis from the consolidated financial statements of Alkermes to represent the financial position, results of operations and cash flows of DARA as if DARA had existed on a stand-alone basis during the three months ended March 31, 2015 and 2014, respectively, for statement of operations and cash flow statement amounts and as of March 31, 2015 and December 31, 2014, respectively, for balance sheet amounts; and as if the Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) Topic 810, Consolidation, had been applied throughout. The accompanying condensed combined financial statements only include assets and liabilities that are specifically identifiable with DARA and include all revenue and expense directly attributable to the Company. In addition, certain selling, general and administrative expenses that are maintained at the corporate level, which consist primarily of salaries and other employee costs, legal and professional fees and insurance costs, were allocated to DARA based on methodologies, including cost drivers, headcount and revenues, that Alkermes management believes to be a reasonable reflection of the utilization of services provided or benefit received by the Company. The condensed combined financial statements do not purport to represent what the results of operations would have been, had the entire DARA business and activities of DARA operated independently from Alkermes for each of the periods being reported on, or for future periods. Had DARA operated as an independent stand-alone entity, its results could have differed significantly from those presented in the condensed combined financial statements.

The condensed combined financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (U.S.) (GAAP), by aggregating financial information from the consolidation reporting packages of relevant subsidiaries of Alkermes focused entirely on DARA activities. Where legal entities have historically had both DARA and non-DARA activities, the statement of operations, asset and liability balances pertaining to DARA activities have been identified and included within the condensed combined financial statements.

Intra-group transactions and balances between the DARA entities have been eliminated.

These financial statements should be read in conjunction with the audited combined financial statements and the accompanying notes for the years ended December 31, 2014. The accompanying condensed combined financial statements for the three months ended March 31, 2015 and 2014 are unaudited and have been prepared on a basis substantially consistent with the audited combined financial statements for the year ended December 31, 2014. The year-end condensed consolidated balance sheet data, which is presented for comparative purposes, was derived from audited financial statements, but does not include all disclosures required by GAAP. In the opinion of management, the condensed consolidated financial statements include all adjustments, which are of a normal recurring nature, that are necessary to state fairly the results of operations for the reported periods. The accounting policies described in the Notes to Combined Financial Statements in our audited combined financial statements are updated, as necessary, in these condensed combined financial statements.

DARA

Notes to the Condensed Combined Financial Statements (Unaudited) (Continued)

DARA has certain of its own management and administrative functions. However, Alkermes provides certain central services including, but not limited to:

Employee benefits administration, including equity award services;

Cash and treasury management; and

Accounting, information technology, taxation, legal, corporate strategy, investor relations, corporate governance and other professional services.

Central services costs amounted to \$2.0 million and \$1.5 million for the three months ended March 31, 2015 and 2014, respectively, and were recorded within selling, general and administrative expenses in the accompanying condensed combined statements of operations and comprehensive income. These costs have been allocated to DARA based on reasonable methodologies for the purposes of preparing the condensed combined financial statements. The reasonable methodologies for determining the usage of central service resources by DARA has been determined by estimating DARA's portion of the most appropriate cost driver of each category of central service costs including relative spend, revenue generated and headcount. Management considers that such allocations have been made on a reasonable basis, but may not necessarily be indicative of the costs that would have been incurred if DARA had been operated on a stand-alone basis. All such amounts have been deemed to have been contributed to the Company in the period in which the costs were recorded.

Certain DARA employees participate in the equity award plans of Alkermes. The share-based compensation expense recognized in these condensed combined financial statements is based on the expense attributable to DARA employees participating in the Alkermes equity award plans.

The Parent investment balance in the condensed combined financial statements of DARA constitutes Alkermes investment in DARA and represents the excess of total assets over total liabilities, including the netting of intercompany funding balances between DARA and Alkermes. The Parent's investment in the Company includes amounts due to and from the Parent, including net transfers of intercompany funding, corporate allocations for central services costs and contributions in the form of share-based compensation to DARA employees.

The tax amounts in the condensed combined financial statements have been calculated as if the business were a separate taxable entity and consistent with the asset and liability method prescribed in ASC 740 - Income Taxes, (ASC 740). Current tax liabilities and receivables (other than amounts actually paid by or refunded to DARA) are included in the calculation of the net funding transfer to Alkermes that is recorded in Parent equity.

Use of Estimates

The preparation of the condensed combined financial statements in accordance with GAAP requires management to make estimates, judgments and assumptions that may affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On an on-going basis, the Company evaluates its

estimates and judgments and methodologies, including those related to revenue recognition and related allowances, its collaborative relationships, the valuation of inventory, impairment and amortization of intangibles and long-lived assets, share-based compensation, income taxes including the valuation allowance for deferred tax assets and litigation. The Company bases its estimates on historical experience and on various other assumptions that are believed to be reasonable, the results of which form the basis for making judgments about the carrying values of assets and liabilities. Actual results may differ from these estimates under different assumptions or conditions.

New Accounting Pronouncements

From time to time, new accounting pronouncements are issued by the Financial Accounting Standards Board (FASB) or other standard-setting bodies that are adopted by the Company as of the specified effective date. Unless otherwise discussed, the Company believes that the impact of recently issued standards that are not yet effective will not have a material impact on its financial position or results of operations upon adoption.

In June 2014, the FASB issued guidance that clarifies the accounting for share-based payments when the terms of an award provide that a performance target could be achieved after the requisite service period. Existing GAAP does not contain explicit guidance on how to account for these share-based payments. The new guidance requires that a performance target that

DARA**Notes to the Condensed Combined Financial Statements (Unaudited) (Continued)**

affects vesting and that could be achieved after the requisite service period be treated as a performance condition. Entities have the option of prospectively applying the guidance to awards granted or modified after the effective date or retrospectively applying the guidance to all awards with performance targets that are outstanding as of the beginning of the earliest annual period presented in the financial statements. The guidance becomes effective for the Company in its year ending December 31, 2016, and early adoption is permitted. The Company is currently assessing the impact that this standard will have on its consolidated financial statements.

In May 2014, the FASB issued guidance that outlines a single comprehensive model for entities to use in accounting for revenue arising from contracts with customers and supersedes most current revenue recognition guidance, including industry-specific guidance. The guidance is based on the principle that an entity should recognize revenue to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. The guidance also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in judgments and assets recognized from costs incurred to fulfill a contract. Entities have the option of using either a full retrospective or a modified retrospective approach for the adoption of the new standard. The guidance becomes effective for the Company in its year ending December 31, 2018, and early adoption is permitted. The Company is currently assessing the impact that this standard will have on its consolidated financial statements.

Balance, March 31, 2015	\$	498	\$ 27,007	\$	14,861	\$ 41,868
-------------------------	----	-----	-----------	----	--------	-----------

The Company's finite-lived intangible assets consist of collaborative agreements and OCR technologies acquired as part of Alkermes' acquisition of EDT. Amortization of intangible assets included within the condensed combined balance sheet at March 31, 2015 is expected to be approximately \$8.0 million, \$8.0 million, \$8.0 million, \$8.0 million and \$6.0 million in the years ending December 31, 2015 through 2019, respectively. Although the Company believes such available information and assumptions are reasonable, given the inherent risks and uncertainties underlying its expectations regarding such future revenues, there is the potential for the Company's actual results to vary significantly from such expectations. If revenues are projected to change, the related amortization of the intangible assets may change.

DARA**Notes to the Condensed Combined Financial Statements (Unaudited) (Continued)****7. Accounts Payable and Accrued Expenses**

Accounts payable and accrued expenses consist of the following:

(In thousands)	March 31, 2015	December 31, 2014

9. Income Taxes

The Company's provision for income taxes \$0.6 million and \$0.8 million in the three months ended March 31, 2015 and 2014 consists of U.S. federal and state taxes on income earned in the U.S. and Irish taxes on income earned in Ireland.

10. Commitments and Contingencies***Litigation***

From time to time, the Company may be subject to other legal proceedings and claims in the ordinary course of business. For example, the Company is currently involved in Paragraph IV litigations in the U.S. and other proceedings outside of the U.S. involving its patents in respect of ZOHYRDO ER. The Company is not aware of any such proceedings or claims that it believes will have, individually or in the aggregate, a material adverse effect on its

business, financial condition, cash flows and results of operations.

11. Related Parties

All intra-group transactions within DARA have been eliminated in the condensed combined financial statements and are not disclosed.

Amounts due from related party of \$0.2 and \$0.3 million, recorded within current assets at March 31, 2015 and December 31, 2014, respectively, represents amounts due to DARA from another subsidiary of Alkermes for certain manufacturing services performed.

Amounts due to related parties of \$1.6 million, recorded within current liabilities at December 31, 2014, primarily represent amounts between DARA and Alkermes Pharma Ireland Limited and Alkermes, Inc., for general and administrative services received.

DARA

Notes to the Condensed Combined Financial Statements (Unaudited) (Continued)

Amounts due to related party long-term of \$1.6 million and \$1.3 million, recorded within long-term liabilities at March 31, 2015 and December 31, 2014, respectively, represent a liability for fees received by DARA for R&D services performed on projects for which Alkermes can obtain the results of the R&D, in accordance with ASC 730, *Research and Development*.

Manufacturing revenue from related parties of \$0.2 million in the three months ended March 31, 2015 and 2014, respectively, consists primarily of packaging services performed by DARA on behalf of other subsidiaries of Alkermes.

12. Subsequent Events

On March 7, 2015, Alkermes plc entered into a definitive agreement to sell DARA to Recro Pharma, Inc. (Recro) and Recro Pharma LLC (together with Recro, the Purchasers). The sale was completed on April 10, 2015 at which time the Purchasers paid Alkermes plc \$50.0 million and issued warrants to purchase an aggregate of 350,000 shares of Recro common stock. Alkermes plc is also eligible to receive low double digit royalties on net sales of IV/IM and parenteral forms of Meloxicam and up to \$120.0 million in milestone payments upon the achievement of certain regulatory and sales milestones related to IV/IM and parenteral forms of Meloxicam.

Recro Pharma, Inc.

Unaudited Pro Forma Combined

Balance Sheet and Statement of Operations

The unaudited pro forma combined statement of operations for the quarter ended March 31, 2015 has been prepared by Recro Pharma, Inc. (Recro or the Company) and gives effect to the acquisition of Alkermes Gainesville LLC (Gainesville) and the worldwide rights to IV/IM meloxicam (meloxicam) by Recro, including the credit agreement entered into by Recro to finance the acquisition, as if such transactions had occurred on January 1, 2015. The unaudited pro forma combined balance sheet as of March 31, 2015 assumes the transaction had occurred on March 31, 2015.

The historical combined financial information has been adjusted to give effect to pro forma events that are (1) directly attributable to the aforementioned transactions, (2) factually supportable, and (3) with respect to the statement of operations, expected to have a continuing impact on the combined results. The unaudited pro forma combined financial statements should be read in conjunction with the accompanying notes to the unaudited pro forma combined financial statements. In addition, the unaudited pro forma combined balance sheet and statement of operations were based on and should be read in conjunction with:

the unaudited financial statements of Recro as of and for the quarter ended March 31, 2015 and the related notes, included in Recro's Quarterly Report on Form 10-Q for the quarter ended March 31, 2015; and

the condensed unaudited combined financial statements of Dara which includes Alkermes Gainesville LLC and DARAVITA Limited as of and for the quarter ended March 31, 2015 and the related notes, incorporated herein by reference to Recro's Current Report on Form 8-K/A, filed on July 21, 2015.

The unaudited pro forma combined financial statements have been presented for informational purposes only. The pro forma information is not necessarily indicative of what the combined Company's financial position or results of operations actually would have been had the acquisition of Gainesville or the related financing transactions been completed as of the date indicated. In addition, the unaudited pro forma combined financial statements do not purport to project the future financial position or operating results of the combined Company. There were no material transactions between Recro and Gainesville during the periods presented in the unaudited pro forma combined financial statements that would need to be eliminated.

The unaudited pro forma combined balance sheet and statement of operations have been prepared using the acquisition method of accounting under United States generally accepted accounting principles (U.S. GAAP). The accounting for the acquisition of Gainesville and meloxicam is based upon certain valuations that are preliminary and are subject to change. Accordingly, the pro forma adjustments are preliminary and have been made solely for the purpose of providing these unaudited pro forma combined financial statements. Differences between these preliminary estimates and the final acquisition accounting may occur and these differences could be material. The differences, if any, could have a material impact on the accompanying unaudited pro forma combined balance sheet and statement of operations and Recro's future results of operations and financial position.

In addition, the unaudited pro forma combined statement of operations does not reflect any cost savings, operating synergies or revenue enhancements that the combined Company may achieve as a result of the acquisition of

Gainesville and meloxicam, the costs to integrate the operations of Recro and Gainesville or the costs necessary to achieve these cost savings, operating synergies and revenue enhancements.

Financial Statements

1. Description of Transaction

On April 10, 2015, the Company completed its previously announced acquisition of certain assets from Alkermes plc, or Alkermes. Under the agreement, the Company paid Alkermes \$50.0 million at closing, and acquired the worldwide rights to IV/IM meloxicam, a proprietary, Phase III-ready, long-acting preferential COX-2 inhibitor for treatment of moderate to severe acute pain and ownership of a good manufacturing practices manufacturing facility and related business, Alkermes Gainesville LLC, located in Gainesville, Georgia (the Transaction). Upon closing the Transaction, Alkermes Gainesville LLC changed its name to Recro Gainesville LLC, or Recro Gainesville. Alkermes is also entitled to receive up to an additional \$120.0 million in milestone payments upon the achievement of certain regulatory and net sales milestones and royalties related to IV/IM meloxicam and was issued a seven-year warrant to purchase an aggregate of 350,000 shares of the Company's common stock with an exercise price of \$19.46 per share. The Company financed the transaction via a \$50.0 million five-year senior secured term loan with OrbiMed Royalty Opportunities II, LP, or OrbiMed. The Company issued OrbiMed a seven-year warrant to purchase an aggregate of 294,928 shares of the Company's common stock with an exercise price of \$3.28 per share, subject to certain adjustments.

2. Basis of Presentation

The unaudited pro forma combined financial statements were prepared using the acquisition method of accounting in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 805, Business Combinations, with Recro being the legal and accounting acquirer, and uses the fair value concepts defined in ASC Topic 820, Fair Value Measurement, and was based on the historical financial statements of the Company and Alkermes Gainesville LLC. Under the acquisition method, the assets acquired and liabilities assumed are measured on the basis of the fair values exchanged and combined with those of Recro. The consolidated financial statements and reported results of operations of Recro issued after completion of the Transaction will reflect these values, but will not be retroactively restated to reflect the historical financial position or results of operations of Recro Gainesville.

Under ASC 805, acquisition-related transaction costs (i.e., advisory, legal, valuation, other professional fees) and certain acquisition-related restructuring charges are not included as a component of consideration transferred but are accounted for as expenses in the period in which the costs are incurred.

In addition, the unaudited pro forma combined statement of operations does not reflect any cost savings, operating synergies or revenue enhancements that the combined Company may achieve as a result of the acquisition, or cost to integrate the operations or the costs necessary to achieve these cost savings, operating synergies and revenue enhancements.

3. Accounting Policies

The Company is in the process of performing a review of Recro Gainesville accounting policies and to date, no material differences have been identified. The Company will complete this review in the post-combination period and as a result of the review, Recro may identify additional differences between the accounting policies of the two

companies that, when conformed, could have a material impact on the combined financial statements.

4. Fair Value of Consideration Transferred in Connection with the Transaction

The following is a preliminary estimate of the purchase price for the Transaction:

	Estimated Fair Value
(\$ in thousands)	
Purchase price agreement	\$ 50,000
Fair value of warrants	2,470
Fair value of contingent consideration	54,600
Working capital adjustment (a)	4,010
	\$ 111,080

- (a) Pursuant to the Transaction, this is an adjustment to increase the consideration by the difference between the target working capital and the estimated closing date working capital.

5. Assets Acquired and Liabilities Assumed in Connection with the Transaction

On the acquisition date of April 10, 2015, the following is a preliminary estimate of the assets acquired and the liabilities assumed by Recro in connection with the Transaction, reconciled to the estimated purchase price:

	Amount
(\$ in thousands)	
Accounts receivable	\$ 12,519
Inventory	9,955
Prepaid expenses	380
Property, plant and equipment	39,424
Intangible assets	41,900
Goodwill	6,746
Total assets acquired	110,924
Current liabilities	1,164
Warrants	2,470
Contingent consideration	54,600

Total liabilities assumed	58,234
---------------------------	--------

Cash paid, net of \$1,320 of cash acquired	\$ 52,690
--	-----------

(a) The fair value of the property, plant and equipment and their weighted-average useful lives are as follows:

(\$ in thousands)	Estimated Fair Value	Estimated Useful Life
Buildings and improvements	\$ 16,371	35 years
Land	3,263	N/A
Furniture, office & computer equipment	2,510	4-5 years
Vehicles	30	2 years
Manufacturing equipment	17,250	6-7 years
	\$ 39,424	

The estimated fair value of property, plant and equipment was determined using the cost and sales approaches.

Recro Pharma, Inc.

Financial Statements

(b) The fair value of the identifiable intangible assets and their weighted-average useful lives are as follows:

(\$ in thousands)	Estimated Fair Value	Weighted Average Estimated Useful Life
Royalties and contract manufacturing relationships	15,500	6
In-process research and development	26,400	N/A
Total intangible assets	41,900	

The in-process research and development asset and customer relationships were valued using the multi-period excess earnings method, which is an income approach in which excess earnings are the earnings remaining after deducting the market rates of return on the estimated values of contributory assets, including debt-free net working capital, tangible and intangible assets. The excess earnings are thereby calculated for each quarter of a multiquarter projection period discounted to a present value utilizing an appropriate discount rate for the subject asset.

6. Pro Forma Adjustments in Connection with the Transaction

The following summarizes the pro forma adjustments in connection with the Transaction to give effect to the acquisition as if it had occurred on March 31, 2015 for the pro forma combined balance sheet and January 1, 2015 for the pro forma statement of operations:

(a) Represents the changes to Dara's historical balance sheet to reflect the exclusion of assets not acquired and liabilities not assumed in accordance with the terms of the Transaction or fair value adjustments under the acquisition method of accounting:

(\$ in thousands)	DARA Historical	Assets and Liabilities Transferred	Pro Forma Adjustments
Cash and cash equivalents	\$ 24,069	\$ 1,320	\$ (22,749)
Accounts receivable	11,680	12,519	839
Due from related party	186		(186)
Inventory	10,763	9,955	(808)
Prepaid expenses and other current assets	2,406	380	(2,026)
Property, plant and equipment, net	38,275	39,424	1,149

Edgar Filing: Recro Pharma, Inc. - Form 424B3

Intangible assets, net	41,868	41,900	32
Goodwill	498	6,746	6,248
Deferred tax assets	6,203		(6,203)
Accounts payable and accrued expenses	2,560	1,164	(1,396)
Warrants		2,470	2,470
Deferred revenue	520		(520)
Contingent consideration (1)		54,600	54,600
Deferred revenue-long term	9,548		(9,548)
Deferred tax liability-long term	3,490		(3,490)
Due to related party-long term	1,610		(1,610)
Parent investments	118,220		(118,220)

- (1) Adjustment to record estimated fair value. The fair value of the contingent consideration was estimated based on the expected achievement date of each milestone and the expected probability of achievement. The probability weighted payments were then discounted back to a present value.
- (b) Represents the credit agreement with Orbimed of \$50.0 million and issued warrants. The fair value of the warrants issued of \$2,860,802 was estimated using the Black Scholes option pricing model.
- (c) Working capital adjustment resulted in a payment to Alkermes of \$4,010,000.

(d) Represents the decreased amortization based on the fair value of identified intangible assets acquired with definite lives for the quarter ended March 31, 2015. The decrease in amortization expense for intangible assets is calculated using the straight line method over the estimated remaining useful lives of the assets less historical Recro Gainesville amortization expense.

(\$ in thousands)	Quarter Ended March 31, 2015
Eliminate Recro Gainesville historical intangible amortization expense	\$ (1,950)
Estimated amortization expenses of acquired finite-lived intangibles	646
Total	\$ (1,304)

(e) Represents the increase depreciation based on the fair value of property, plant and equipment for the quarter ended March 31, 2015. The increase in depreciation expense for property, plant and equipment is calculated using the straight line method over the estimated remaining useful lives of the assets less the historical of Recro Gainesville depreciation expense.

(\$ in thousands)	Quarter Ended March 31, 2015
Eliminate Recro Gainesville historical depreciation expense	
Cost of revenues	\$ (860)
Research and development	(43)
Depreciation expense of acquired property, plant and equipment	
Cost of revenues	923
Research and development	49
Net adjustment for pro forma depreciation expense:	
Cost of revenues	63
Research and development	6
Total	\$ 69

(f) Represents the reversal of non-recurring charges of \$2,510,000 and retention costs of \$65,804 from general and administrative expenses for the quarter ended March 31, 2015. The non-recurring charges consist primarily of legal, accounting and other valuation and advisory fees related to the acquisition. The retention costs were due to the change in control.

(g) Represents the increased interest expense of \$1,875,000 for the quarter ended March 31, 2015, respectively, associated with the senior secured term loan, with interest expense based on the current committed rate of LIBOR plus 14.0% with a 1.0% LIBOR floor. A fluctuation in LIBOR of 0.25% would result in a charge of \$31,250 of interest expense. Deferred financing costs of \$3,960,303 consist of the fair value of the OrbiMed warrants of \$2,860,802 and \$1,099,501 of direct financing costs recorded as accrued expenses. These costs are being amortized to interest expense over the 5 quarter term of the loan. The amortization of deferred financing costs is \$229,261 for the quarter ended March 31, 2015.

(h) Represents the elimination of Recro Gainesville historical tax provision as Recro is in a net operating loss position with a full valuation allowance.

7. Loss per Share

The unaudited pro forma combined basic and diluted loss per share calculations are based on Recro's consolidated basic and diluted weighted average number of shares.
