Fidelity National Information Services, Inc.

We are a global leader in financial services technology offering a broad range of solutions in retail and enterprise banking, payments, capital markets, asset and wealth management, risk and compliance, treasury and insurance, as well as providing financial consulting and outsourcing services. With a long history deeply rooted in serving the financial services sector, we serve more than 20,000 institutions in over 130 countries. Headquartered in Jacksonville, Florida, we employ approximately 55,000 people worldwide and hold leadership positions in payment processing, financial software, capital markets and banking solutions. We have grown organically as well as through acquisitions, which have contributed critical applications and services that complement or enhance our existing offerings, diversifying our revenues by customer, geography and service offering. The completion of the SunGard acquisition on November 30, 2015 increased our existing portfolio to include solutions that automate a wide range of complex business processes for financial services institutions and corporate and government treasury departments. Through our Capco brand, we deliver a wide range of information technology consulting, advisory and transformational services to financial institutions globally. Providing software, services and outsourcing of the technology that drives financial institutions, we are a Fortune 500 company and a member of Standard & Poor s 500® Index.

Operating Segments

We report the results of our operations based on three reportable segments: Integrated Financial Solutions, Global Financial Solutions and Corporate and Other.

Integrated Financial Solutions (IFS)

The IFS segment is focused on serving the North American regional and community bank and savings institution market for transaction and account processing, payment solutions, channel solutions (including lending and wealth management solutions), digital channels, risk and compliance solutions, and services, capitalizing on the continuing trend to outsource these solutions. IFS also includes corporate liquidity and wealth management solutions acquired in the SunGard acquisition. IFS primary software applications function as the underlying infrastructure of a financial institution s processing environment. These applications include core bank processing software, which banks use to maintain the primary records of their customer accounts, and complementary applications and services that interact directly with the core processing applications. Clients in this segment include regional and community banks, credit unions and commercial lenders, as well as government institutions, merchants and other commercial organizations. This market is primarily served through integrated solutions and characterized by multi-year processing contracts that generate highly recurring revenues. The predictable nature of cash flows generated from this segment provides opportunities for further investments in innovation, product integration, information and security, and compliance in a cost effective manner.

Global Financial Solutions (GFS)

The GFS segment is focused on serving the largest financial institutions around the globe with banking and payments solutions, as well as consulting and transformation services. The GFS segment has extended its reach through the SunGard acquisition, and now also delivers a broader array of capital markets and asset management solutions and services as well as insurance solutions and services.

Table of Contents

GFS clients include the largest global financial institutions, including those headquartered in the United States, as well as all international financial institutions we serve as clients in more than 130 countries around the world. These institutions face unique business and regulatory challenges and account for the majority of financial institution information technology spend globally. The purchasing patterns of GFS clients vary from those of IFS clients who typically purchase solutions on an outsourced basis. GFS clients purchase our solutions and services in various ways including licensing and managing technology in-house, using consulting and third party service providers as well as fully outsourced end-to-end solutions. We have long-established relationships with many of these financial institutions that generate significant recurring revenue. GFS clients now also include asset managers, buy- and sell-side securities and trading firms, insurers and private equity firms due to the addition of SunGard. This segment also includes our consolidated Brazilian venture.

Corporate and Other

The Corporate and Other segment consists of corporate overhead expense, certain leveraged functions and miscellaneous expenses that are not included in the operating segments, as well as certain non-strategic businesses. The business solutions in this segment include public sector and education, commercial services and check authorization. The overhead and leveraged costs relate to marketing, corporate finance and accounting, human resources, legal, and amortization of acquisition-related intangibles and other costs that are not considered when management evaluates revenue generating segment performance, such as acquisition integration and severance costs. The Corporate and Other segment also includes the impact on revenue for 2015 of adjusting SunGard s deferred revenue to fair value. The composition of our Corporate and Other segment changed with the new segment presentation in 2015. Specifically, costs such as sales, finance, human resources, risk and information security and other administrative support functions that are directly attributable to IFS or GFS are recorded to those reportable segments.

Competitive Strengths

We believe that our competitive strengths include the following:

Brand We have built a global brand known for innovation and thought leadership in the financial services sector. Capco likewise has a strong brand in integrated consulting and technology services in this sector.

Global Distribution and Scale Our worldwide presence, array of solution offerings, customer breadth, established infrastructure and employee depth enable us to leverage our client relationships and global scale to drive revenue growth and operating efficiency. We are a global leader in the primary markets we serve, supported by a large, knowledgeable talent pool of employees around the world.

Extensive Domain Expertise and Portfolio Depth We have a significant number and wide range of high-quality software applications and service offerings that have been developed over many years with substantial input from our customers. Our broad portfolio of solutions includes a wide range of flexible service arrangements for the deployment and support of our software, from managed processing arrangements, either at the customer s site or at our location, to traditional license and maintenance fee approaches. This broad solution set allows us to bundle tailored or integrated services to compete effectively. In addition, we are able to use the modular nature of our software applications and our ability to integrate

many of our services with the services of others to provide customized solutions that respond to individualized customer needs. We understand the needs of our customers and have developed and acquired innovative solutions that can give them a competitive advantage and reduce their operating costs.

Excellent Relationship with Clients A significant percentage of our business with our customers relates to core processing applications and services provided under multi-year, recurring contracts. The nature of

Table of Contents

these relationships allows us to develop close partnerships with these customers, resulting in high client retention rates. As the breadth of our service offerings has expanded, we have found that our access to key customer personnel is increasing, presenting greater opportunities for cross-selling and providing integrated, total solutions to our customers. The recent SunGard acquisition significantly extends our access to key customer personnel and further strengthens the customer relationships with those institutions, as it adds relationships with an incremental and broad range of end users, including asset managers, CFOs and Treasurers, traders on the sell-side and buy-side, securities operations managers, fund administrators, risk and compliance officers, plan administrators, and registered investment advisors.

Strategy

Our mission is to deliver superior solutions and services to our clients, which will result in sustained revenue and earnings growth for our shareholders. Our strategy to achieve this goal has been and continues to be built on the following pillars:

Expand Client Relationships The overall market we serve continues to gravitate beyond single-product purchases to multi-solution partnerships. As the market dynamics shift, we expect our clients to rely more on our multidimensional service offerings. Our leveraged solutions and processing expertise can produce meaningful value and cost savings for our clients through more efficient operating processes, improved service quality and convenience for our clients customers.

Build, Buy, or Partner to Add Solutions to Cross-Sell We continue to invest in growth through internal product development, as well as through acquisitions and equity investments that complement and extend our existing solutions and capabilities, providing us with additional solutions to cross-sell. We also partner from time to time with other entities to provide comprehensive offerings to our customers. By investing in solution innovation and integration, we continue to expand our value proposition to our clients.

Support Our Clients Through Transformation Changing market dynamics, particularly in the areas of information security, regulation and innovation, are transforming the way our clients operate, which is driving incremental demand for our leveraged solutions, consulting expertise, and services around our intellectual property. As customers evaluate technology, business process changes and vendor risks, our depth of services capabilities enables us to become involved earlier in their planning and design process and assist them as they manage through these changes.

Continually Improve to Drive Margin Expansion We strive to optimize our performance through investments in infrastructure enhancements, our workforce and other measures that are designed to create organic revenue and margin expansion. We are pursuing further margin expansion as we integrate our operations globally.

Build Global Diversification We continue to deploy resources in global markets where we expect to achieve meaningful scale.

(1) The purchase price for our 2010 acquisition of Capco included future contingent consideration in addition to cash paid at closing. The liability for the earn-out provisions and for an employee incentive plan established in conjunction with the acquisition was increased in 2013 by a total of $147.2 million as a result of amendments based on management s outlook and increased projections of Capco s future results.

FIS Non-GAAP Financial Measures

Generally accepted accounting principles (GAAP) is the term used to refer to the standard framework of guidelines for financial accounting. GAAP includes the standards, conventions, and rules accountants follow in recording and summarizing transactions, and in the preparation of financial statements. Set forth below is information about our Adjusted EBITDA and our Adjusted Combined EBITDA, which are Non-GAAP financial measures. In addition to reporting financial results in accordance with GAAP, we have provided these non-GAAP financial measures because they are among the measures our management considers in evaluating our performance and because we believe they are useful to help investors better understand our performance, competitive position and prospects for the future.

Adjusted EBITDA is defined as EBITDA (defined as net income (loss) before net interest expense, income tax provision (benefit) and depreciation and amortization, including amortization of purchased intangibles), plus certain non-operating items. The non-operating items generally include acquisition accounting adjustments, acquisition, integration and severance costs, and restructuring expenses. Adjusted Combined EBITDA consists of Adjusted EBITDA for FIS and SunGard combined for periods in 2015 and 2014. Adjusted EBITDA Unburdened by Stock Compensation further excludes stock compensation expense. These non-GAAP financial measures should be considered in addition to, but not as a substitute for or superior to, operating income, net income, operating cash flow and other measures prepared in accordance with GAAP. Further, our non-GAAP measures may be calculated differently from similarly titled measures of other companies. Our Adjusted Combined EBITDA is not the same as a pro forma amount calculated in accordance with GAAP and SEC rules.

Table of Contents

We provide a reconciliation of Adjusted EBITDA and Adjusted Combined EBITDA to our net earnings, which, in each case, is the most directly comparable GAAP financial measure.

(1) Represents the impact of the purchase accounting adjustment to reduce SunGard s deferred revenues to estimated fair value, determined as fulfillment cost plus a normal margin. The deferred revenue adjustment represents revenue that would have been recognized in the normal course of business by SunGard under GAAP if the acquisition had not occurred, but was not recognized due to GAAP purchase accounting requirements.

(2) Represents a cash settlement received in 2014 for the extinguishment of certain contractual minimums with a reseller. Although the 2014 cash settlement has no contract performance obligation, under GAAP, revenue is

amortized in this circumstance over the remaining relationship with the seller.

(3) Severance and other charges related to cost management initiatives undertaken in certain international markets.

(4) Represents purchase price amortization expense on intangible assets acquired through various acquisitions.

(5) Certain costs and other transactions which management deems non-operational primarily related to integration and severance activities, related to recent acquisitions and other severance costs.

(6) Excludes depreciation and amortization included in other adjustments listed above.

(7) The historical SunGard financial information, as adjusted, excludes amortization of purchased intangible assets, as well as revenues and cost of revenues from businesses disposed of by SunGard in 2015 and 2014.

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our historical ratio of earnings to fixed charges:

	Six months ended June 30,		Year ended December 31,

(1) In calculating the ratio of earnings to fixed charges, earnings are the sum of earnings from continuing operations before income taxes and equity in earnings (losses) of unconsolidated entities plus fixed charges and amortization of capitalized interest, less interest capitalized. Fixed charges include interest expense, capitalized interest and amortization of debt issue costs, as well as the imputed interest component of rental expense.

RISK FACTORS

Investment in the Senior Notes offered hereby will involve certain risks. You should read the risk factors set forth below, as well as those set forth in our Annual Report on Form 10-K for the year ended December 31, 2015 and our Quarterly Report on Form 10-Q for the quarterly period ended June 30, 2016, which are incorporated by reference in this prospectus supplement and the accompanying prospectus, as modified and supplemented in documents subsequently filed by us with the SEC and incorporated by reference in this prospectus supplement and the accompanying prospectus. In consultation with your own financial and legal advisors, you should carefully consider the information included in this prospectus supplement and the accompanying prospectus, together with the other information they incorporate by reference, before deciding whether an investment in the Senior Notes offered hereby is suitable for you.

Risks Related to the Senior Notes

The covenants relating to the Senior Notes, our existing notes, our senior credit facility and our term loan credit agreement are limited and do not prohibit us from incurring additional debt or taking other actions that could negatively impact holders of the Senior Notes.

We may be able to incur substantially more debt in the future. The indenture governing the Senior Notes will not limit, and the indentures governing our existing notes do not currently limit, us or any of our subsidiaries from incurring debt or additional liabilities. The agreements governing our senior credit facility and our term loan credit agreement restrict, but do not prohibit, FIS or our subsidiaries from incurring other additional indebtedness, which restrictions are subject to a number of qualifications and exceptions. As a result, FIS and its subsidiaries may incur additional indebtedness which, under certain circumstances, may be secured without any requirement to also secure our obligations under the Senior Notes. Also, our debt agreements do not prevent us or any of our subsidiaries from incurring obligations that do not constitute debt under the terms thereof. Our revolving credit facility provides $3.0 billion of borrowing capacity. As of August 10, 2016, we had outstanding borrowings of approximately $2.2 billion under it. To the extent new debt is added to our current levels, the ratings of and our ability to pay our obligations under the Senior Notes could be adversely affected.

There are no financial covenants in the indenture.

There are no financial covenants in the indenture. You are not protected under the indenture in the event of a highly leveraged transaction, reorganization, change of control, restructuring, merger or similar transaction that may adversely affect you, except to the limited extent described in this prospectus supplement under Description of the Senior Notes Purchase of Senior Notes Upon a Change of Control Triggering Event and Description of the Senior Notes Restrictive Covenants Consolidation, Merger, Sale of Assets and Other Transactions. In addition, the limitation on liens and limitation on sale and lease-back transactions covenants with respect to principal facilities contain exceptions that will allow us to create, grant or incur liens or security interests or enter into sale and lease-back transactions with respect to our facilities in a number of circumstances.

Our holding company structure may impact your ability to receive payment on the Senior Notes.

We are a holding company with no significant operations or material assets other than the capital stock of our subsidiaries. As a result, our ability to repay our indebtedness, including the Senior Notes, is dependent on the generation of cash flow by our subsidiaries and their ability to make such cash available to us, by dividend, distribution, loan, debt repayment or otherwise. Our subsidiaries do not have any obligation to pay amounts due on the Senior Notes or to make funds available for that purpose. In addition, our subsidiaries may not be able to, or be

permitted to, make distributions to enable us to make payments in respect of our indebtedness, including the Senior Notes. Each of our subsidiaries is a distinct legal entity and, under certain circumstances, legal and contractual restrictions, as well as the financial condition and operating requirements of our subsidiaries, may limit our ability to obtain cash from our subsidiaries.

Table of Contents

Effective subordination of the Senior Notes to indebtedness of our subsidiaries and to the claims of secured creditors may reduce amounts available for payment of the Senior Notes.

The Senior Notes are not guaranteed by any of our subsidiaries. As a result, the Senior Notes will be effectively subordinated to the indebtedness and other liabilities of our subsidiaries, other than if any of our domestic wholly-owned subsidiaries guarantees or becomes a co-obligor under any of our credit facilities in the future (in which case such subsidiaries will be required to also guarantee the Senior Notes).

However, the agreements governing our senior credit facility and our term loan credit agreement do not currently provide for any obligation of our subsidiaries to guarantee the debt under such agreements, even if our subsidiaries guarantee other indebtedness. Such agreements also only restrict, but do not prohibit, our subsidiaries from incurring other indebtedness, which restrictions are subject to a number of qualifications and exceptions. As a result, our subsidiaries may incur additional indebtedness without any requirement to provide guarantees of or become co-obligors under our credit facilities or, as a result, the Senior Notes. Also, these agreements do not prevent any of our subsidiaries from incurring obligations that do not constitute debt under the terms thereof.

Except to the extent that we are a creditor with recognized claims against our subsidiaries, all claims of creditors (including trade creditors) and holders of preferred stock, if any, of our subsidiaries will have priority with respect to the assets of such subsidiaries over our claims (and therefore the claims of our creditors, including holders of the Senior Notes). As of June 30, 2016, our subsidiaries had approximately $5.4 billion of liabilities (including $778 million of deferred revenue) excluding any intercompany liabilities that were owed to us.

Other than to the extent contemplated under Description of the Senior Notes Restrictive Covenants Limitation on Liens, the Senior Notes will not be secured by any of our assets, and as a result will be effectively subordinated to any secured debt that we may now have or may incur in the future, to the extent of the value of the assets securing such debt. As of June 30, 2016, we had approximately $22 million of secured indebtedness.

A court could void any future guarantees of the Senior Notes by our subsidiaries under fraudulent transfer laws.

On the issue date, the Senior Notes will not be guaranteed by any of our subsidiaries. Following the issue date, in certain circumstances certain of our domestic, wholly-owned subsidiaries may guarantee the Senior Notes. Although such guarantees would provide you with a direct claim against the assets of the subsidiary guarantors, under the federal bankruptcy laws and comparable provisions of state fraudulent transfer laws, a guarantee could be voided, or claims with respect to a guarantee could be subordinated to all other debts of that guarantor. In addition, a bankruptcy court could void (i.e., cancel) any payments by that guarantor pursuant to its guarantee and require those payments to be returned to the guarantor or to a fund for the benefit of the other creditors of the guarantor. Each guarantee, if any, will contain a provision intended to limit the guarantor s liability to the maximum amount that it could incur without causing the incurrence of obligations under its guarantee to be a fraudulent transfer. This provision may not be effective to protect the guarantees from being voided under fraudulent transfer law, or may eliminate the guarantor s obligations or reduce the guarantor s obligations to an amount that effectively makes the guarantee worthless.

The bankruptcy court might take these actions if it found, among other things, that when a subsidiary guarantor executed its guarantee (or, in some jurisdictions, when it became obligated to make payments under its guarantee):

such subsidiary guarantor received less than reasonably equivalent value or fair consideration for the incurrence of its guarantee; and

such subsidiary guarantor:

was insolvent, or was rendered insolvent, by the incurrence of the guarantee;

Table of Contents

was engaged or about to engage in a business or transaction for which its assets constituted unreasonably small capital to carry on its business;

intended to incur, or believed that it would incur, obligations beyond its ability to pay as those obligations matured; or

was a defendant in an action for money damages, or had a judgment for money damages docketed against it and, in either case, after final judgment, the judgment was unsatisfied.

A bankruptcy court would likely find that a subsidiary guarantor received less than fair consideration or reasonably equivalent value for its guarantee to the extent that it did not receive direct or indirect benefit from the issuance of the Senior Notes. A bankruptcy court could also void a guarantee if it found that the subsidiary issued its guarantee with actual intent to hinder, delay or defraud creditors.

Although courts in different jurisdictions measure solvency differently, in general, an entity would be deemed insolvent if the sum of its debts, including contingent and unliquidated debts, exceeds the fair value of its assets, or if the present fair salable value of its assets is less than the amount that would be required to pay the expected liability on its debts, including contingent and unliquidated debts, as they become due.

If a court voided a guarantee, it could require that noteholders return any amounts previously paid under such guarantee. If any guarantee were voided, noteholders would retain their rights against us and any other subsidiary guarantors, although there is no assurance that those entities assets would be sufficient to pay the Senior Notes in full.

Future subsidiary guarantees, if any, will be released under certain circumstances.

On the issue date, the Senior Notes will not be guaranteed by any of our subsidiaries. Following the issue date, in certain circumstances certain of our domestic, wholly-owned subsidiaries may guarantee the Senior Notes. Upon the occurrence of certain events, including if the obligations of any guarantor under our senior credit facility terminates or is released, such guarantor s guarantee of the Senior Notes will also be released. See Description of the Senior Notes General. In such event, the risks applicable to the Senior Notes with respect to our subsidiaries that are not guarantors at such time will also be applicable with respect to such guarantor.

The credit ratings assigned to the Senior Notes may not reflect all risks of an investment in the Senior Notes.

We expect that the Senior Notes will be rated by at least two nationally recognized statistical rating organizations. These credit ratings are limited in scope, and do not address all material risks relating to an investment in the Senior Notes, but rather reflect only the view of each rating agency at the time the rating is issued. An explanation of the significance of such rating may be obtained from such rating agency. There can be no assurance that such credit ratings will remain in effect for any given period of time or that a rating will not be lowered, suspended or withdrawn entirely by the applicable rating agencies if, in such rating agency s judgment, circumstances so warrant. Agency credit ratings are not a recommendation to buy, sell or hold any security. Each agency s rating should be evaluated independently of any other agency s rating. Actual or anticipated changes or downgrades in our credit ratings, including any announcement that our ratings are under further review for a downgrade, could affect the market value of the Senior Notes and increase our corporate borrowing costs.

We may not be able to repurchase the notes upon a Change of Control Triggering Event.

We may not be able to repurchase the Senior Notes upon a Change of Control Triggering Event because we may not have sufficient funds. Upon a Change of Control Triggering Event, holders of the Senior Notes may require us to make an offer to purchase the Senior Notes for cash at a purchase price equal to 101% of the aggregate principal amount thereof, plus accrued and unpaid interest. Our failure to purchase such tendered

Table of Contents

Senior Notes upon the occurrence of such Change of Control Triggering Event would result in an Event of Default under the indenture governing the Senior Notes and a cross-default under the agreements governing certain of our other indebtedness which may result in the acceleration of such indebtedness requiring us to repay that indebtedness immediately. If such a Change of Control Triggering Event were to occur, we may not have sufficient funds to repay any such accelerated indebtedness. In addition, you may not be able to require us to repurchase the Senior Notes under the change of control provisions in the indenture in the event of certain important corporate events, such as a leveraged recapitalization (which would increase the level of our indebtedness, potentially resulting in a downgrade of our credit ratings, thereby negatively affecting the value of the Senior Notes), reorganization, restructuring, merger or other similar transaction, unless such transaction constitutes a Change of Control Triggering Event under the indenture. Such a transaction may not involve a change in voting power or beneficial ownership or, even if it does, may not involve a change that constitutes a Change of Control Triggering Event that would trigger our obligation to purchase the Senior Notes. Therefore, if an event occurs that does not constitute a Change of Control Triggering Event, we will not be required to make an offer to purchase the Senior Notes and you may be required to continue to hold your Senior Notes despite the event. See Description of the Senior Notes Purchase of Senior Notes upon a Change of Control Triggering Event.

An active after-market for the Senior Notes may not develop.

The Senior Notes constitute new issues of securities, for which there are no established trading markets. We cannot assure you that an active after-market for the Senior Notes will develop or be sustained or that holders of the Senior Notes will be able to sell their notes at favorable prices or at all. Although the underwriters have indicated to us that they intend to make a market in the Senior Notes of each series, as permitted by applicable laws and regulations, they are not obligated to do so and may discontinue any such market-making at any time without notice. Accordingly, no assurance can be given as to the liquidity of, or trading markets for, the Senior Notes. The Senior Notes are not listed and we do not plan to apply to list the Senior Notes on any securities exchange or to include them in any automated dealer quotation system.

If trading markets do develop, changes in our credit ratings or the debt markets could adversely affect the market prices of the Senior Notes.

The market prices for the Senior Notes will depend on many factors, including:

- our credit ratings with major credit rating agencies;
- the prevailing interest rates being paid by other companies similar to us;
- our financial condition, financial performance and future prospects, including relative to guidance or analyst estimates;
- the overall condition of the financial markets; and
- the other risks detailed in this document and in our other filings with the SEC.

The condition of the financial markets and prevailing interest rates have fluctuated in the past and are likely to fluctuate in the future. Such fluctuations could have an adverse effect on the prices of the Senior Notes.

UNAUDITED PRO FORMA

CONDENSED COMBINED FINANCIAL INFORMATION

On November 30, 2015, FIS completed the acquisition of SunGard and its subsidiaries, pursuant to the Merger Agreement entered into on August 12, 2015. The accompanying unaudited pro forma condensed combined statement of earnings combines FIS s and SunGard s historical consolidated statements of earnings on a pro forma basis, giving effect to the consummation of the acquisition as if it had occurred on January 1, 2014. The acquisition and the associated repayment of SunGard debt were funded by the issuance by FIS of an aggregate of $4,500,000,000 aggregate principal amount of senior notes and borrowings under FIS s existing revolving credit facility and its new term loan credit agreement (collectively with the acquisition, the Transactions). The historical consolidated financial information has been adjusted in the unaudited pro forma condensed combined statement of earnings to give effect to pro forma events that are (1) directly attributable to the acquisition, (2) factually supportable, and (3) expected to have a continuing impact on the combined results. The unaudited pro forma condensed combined statement of earnings should be read in conjunction with the accompanying notes to the unaudited pro forma condensed combined financial statements.

The unaudited pro forma condensed combined statement of earnings has been presented for informational purposes only. The pro forma information is not necessarily indicative of what the combined company s results of operations actually would have been had the Transactions been completed as of the date indicated. In addition, the unaudited pro forma condensed combined statement of earnings does not purport to project the future operating results of the combined company. Transactions between FIS and SunGard during the periods presented in the unaudited pro forma condensed combined statement of earnings are not significant.

The unaudited pro forma condensed combined statement of earnings has been prepared using the acquisition method of accounting under existing U.S. generally accepted accounting principles (GAAP). We recorded a preliminary allocation of the purchase price to SunGard tangible and identifiable intangible assets acquired and liabilities assumed based on their estimated fair values as of November 30, 2015 at the time of the acquisition, and have adjusted those estimates during 2016. The unaudited pro forma condensed combined statement of earnings has been prepared using our provisional valuations as of June 30, 2016. The provisional amounts for intangible assets were based on independent third-party valuations performed. Land and building valuations were based on appraisals performed by certified property appraisers. Goodwill was recorded as the residual amount by which the purchase price exceeded the provisional fair value of the net assets acquired. Our evaluations of the facts and circumstances available as of November 30, 2015 to assign fair values to other assets acquired and liabilities assumed are ongoing, as are our assessments of the economic characteristics of the acquired software and other intangibles. These evaluations may result in changes to the provisional amounts recorded. Differences between these preliminary estimates and the final acquisition accounting will arise and these differences could have a material impact on the accompanying unaudited pro forma condensed combined statement of earnings and the combined company s future results of operations.

(a) Under purchase accounting, deferred revenues are reduced to estimated fair value, determined as fulfillment cost plus a normal profit margin. A corresponding reduction is made to revenue as the obligations represented by those deferred revenue balances are delivered over time. This adjustment reverses the actual purchase accounting impact recorded for deferred revenue in December 2015. SunGard s deferred revenues are short-term in nature. Because the Transactions are assumed to occur, for purposes of the unaudited pro forma condensed combined statement of earnings, as of January 1, 2014, most of the adjustment would have been recorded in 2014 with a partial reduction in revenues recorded for the 2015 pro forma results and netted in the adjustment above.

(b) To record the following adjustments (in millions):

	Year Ended December 31, 2015
Estimated SunGard intangible asset amortization based on estimated fair value (using the accelerated, pattern-of-benefit amortization method)	$ 502
Estimated SunGard computer software amortization based on estimated fair value (using the accelerated, pattern-of-benefit amortization method)	134

Total	$ 476

(c) Because the Transactions are assumed to occur, for purposes of the unaudited pro forma condensed combined statement of earnings, as of January 1, 2014, actual transaction costs for 2015 would have been recorded in 2014 and no management fee for 2015 would have been incurred. Consequently, 2015 pro forma results exclude these costs.

(d) FIS used available cash balances and the proceeds from the increase in long-term debt to fund the cash portion of the merger consideration and the additional cash needs of the proposed Transactions, including transaction expenses and debt issue costs. Based on the new debt components secured in 2015, debt issuance costs and repaid debt the resulting impact on pro forma interest expense would be a decrease of approximately $50 million for the full year 2015 pro forma results.

(e) To give tax effect to the impact of the accounting policy change regarding commissions and the pro forma revenue and expense adjustments based on the estimated statutory tax rate of 38%.

(f) The weighted average shares outstanding basic is adjusted by the number of FIS shares to be transferred as consideration. The weighted average shares outstanding diluted is adjusted further by the expected dilution attributable to assumed share-based awards that are not fully vested at the date of the Transactions.

(g) SunGard s Product Development and Maintenance and Depreciation and Amortization of Acquisition-Related Intangibles have been allocated to Cost of Revenues for consistency with FIS s presentation.

(h) Generally accepted accounting principles require that the financial reporting for a combined entity be harmonized prospectively to conform accounting policies to those most appropriate for the combined entity. FIS has compared its accounting policies with those of SunGard and has identified the following changes. SunGard elected to expense commission payments as incurred whereas FIS recognizes commission expense over the period that the related revenue is recognized. The unaudited pro forma condensed combined financial statements have been adjusted to conform SunGard s expense recognition to that of FIS. The impact of this change was a reduction in Cost of Revenues of $18 million for the year ended December 31, 2015.

DESCRIPTION OF THE SENIOR NOTES

The following description of certain material terms of the Senior Notes offered hereby does not purport to be complete. This description supplements, and to the extent it is inconsistent therewith replaces, the description of the general terms and provisions of the debt securities set forth under Description of Debt Securities in the accompanying prospectus.

The 2021 Notes, the 2026 Notes and the 2046 Notes will be issued as separate series of debt securities under an indenture dated as of April 15, 2013 (the Base Indenture), between us, certain other parties thereto and The Bank of New York Mellon Trust Company, N.A., as trustee (the Trustee). The Base Indenture will be supplemented by a supplemental indenture with respect to each series of notes, each to be entered into concurrently with the delivery of the Senior Notes (such supplemental indentures, together with the base indenture, the Indenture). The following description is subject to, and is qualified in its entirety by reference to, the Indenture, including the definitions of certain terms contained therein and those terms made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the Trust Indenture Act). Capitalized and other terms not otherwise defined in this prospectus supplement have the meanings given to them in the Indenture. As used in the following description, the terms FIS, we, us and our refer to Fidelity National Information Services, Inc. and not any of its subsidiaries, unless the context requires otherwise.

We urge you to read the Indenture (including definitions of terms used therein) because it, and not this description, defines your rights as a beneficial holder of the Senior Notes. For information about how to obtain copies of the Indenture from us, see Where You Can Find More Information in this prospectus supplement.

General

The 2021 Notes will be initially limited to $750,000,000 aggregate principal amount and will mature on August 15, 2021. The 2026 Notes will be initially limited to $1,250,000,000 aggregate principal amount and will mature on August 15, 2026. The 2046 Notes will be initially limited to $500,000,000 aggregate principal amount and will mature on August 15, 2046. We may from time to time, without notice to, or the consent of, the holders of the applicable series of Senior Notes, increase the principal amount of the Senior Notes of that series, on the same terms and conditions (except for the issue date, the public offering price and, in some cases, the first interest payment date and the initial interest accrual date) as such series of Senior Notes being offered hereby, provided that if such additional Senior Notes will not be fungible with the previously issued Senior Notes of the applicable series for U.S. federal income tax purposes, such additional Senior Notes will have a separate CUSIP number. All Senior Notes will be issued only in fully registered form without coupons in minimum denominations of $2,000 and any integral multiple of $1,000 in excess thereof.

The Senior Notes will be our senior unsecured obligations and will rank equally with all of our existing and future other senior unsecured indebtedness. The Senior Notes initially will not be guaranteed by any of our subsidiaries, provided that if any of our domestic wholly-owned subsidiaries guarantees or becomes a co-obligor in respect of any Debt of FIS under our Credit Facilities in the future, any such subsidiary also will be required to guarantee the Senior Notes (such subsidiary, if and so long as such subsidiary provides a guarantee of the Senior Notes, a Subsidiary Guarantor). Any such guarantee would be a senior unsecured obligation of any such Subsidiary Guarantor and would rank equal with all existing and future senior unsecured indebtedness of such Subsidiary Guarantor and senior to all subordinated indebtedness of such Subsidiary Guarantor. Any such guarantee would be effectively subordinated to any secured indebtedness of such Subsidiary Guarantor to the extent of the assets securing such indebtedness. Any such guarantee would be full and unconditional, provided that the obligations of a Subsidiary Guarantor under its applicable guarantee would be limited as necessary to prevent the guarantees from constituting a fraudulent

conveyance or fraudulent transfer under federal or state law. By virtue of this limitation, a Subsidiary Guarantor s obligations under its guarantee, if any, could be significantly less than amounts payable with respect to the Senior Notes, or a Subsidiary Guarantor may have

effectively no obligation under its guarantee. See Risk Factors Risks Related to the Senior Notes A court could void any future subsidiaries guarantees of the Senior Notes by our subsidiaries under fraudulent transfer laws.

Any such guarantee of a Subsidiary Guarantor with respect to the Senior Notes would terminate and be discharged and of no further force and effect and the applicable Subsidiary Guarantor would be automatically and unconditionally released from all of its obligations thereunder:

1. concurrently with any direct or indirect sale or other disposition (including by way of consolidation, merger or otherwise) of the Subsidiary Guarantor or the sale or disposition (including by way of consolidation, merger or otherwise) of all or substantially all the assets of the Subsidiary Guarantor (other than to FIS or any of its subsidiaries);

2. at any time that such Subsidiary Guarantor is released from all of its obligations (other than contingent indemnification obligations that may survive such release) as a guarantor or co-obligor of all Debt of FIS under the Credit Facilities except a discharge by or as a result of payment under such guarantee;

3. upon the merger or consolidation of any Subsidiary Guarantor with and into FIS or any Subsidiary Guarantor that is the surviving person in such merger or consolidation, or upon the liquidation of such Subsidiary Guarantor following or contemporaneously with the transfer of all of its assets to FIS or any Subsidiary Guarantor;

4. for the applicable series of Senior Notes, upon the defeasance or discharge of such series of Senior Notes, as provided in the Indenture, or upon satisfaction and discharge of the Indenture; or

5. for the applicable series of Senior Notes, upon the prior consent of the holders of such series of Senior Notes then outstanding as provided for under Modification of the Indenture.

The Senior Notes will be effectively subordinated to any secured indebtedness of FIS to the extent of the assets securing such indebtedness and will be structurally subordinated to the obligations (including trade accounts payable) and preferred equity of our subsidiaries that are not Subsidiary Guarantors. At June 30, 2016, we had outstanding, on a consolidated basis, approximately $11.1 billion of unsecured senior indebtedness and approximately $22 million of secured indebtedness, and our subsidiaries had outstanding approximately $5.4 billion of liabilities (including trade accounts payable) and no preferred equity. As of June 30, 2016, our subsidiaries held approximately 100% of our consolidated assets. For each of the year ended December 31, 2015 and the six months ended June 30, 2016, our subsidiaries generated approximately 100% and 100% of our consolidated total revenues, respectively and 126% and 147% of our consolidated total operating income, respectively. See Risk Factors Risks Related to the Senior Notes Effective subordination of the Senior Notes to indebtedness of our subsidiaries and to the claims of secured creditors may reduce amounts available for payment of the Senior Notes.

The Indenture does not contain any covenants or provisions that would afford the holders of the Senior Notes protection in the event of a highly leveraged or other transaction that is not in the best interests of senior noteholders, except to the limited extent described below under Purchase of Senior Notes upon a Change of Control Triggering Event and Restrictive Covenants.

Principal and Interest

The 2021 Notes will mature on August 15, 2021, unless we redeem or purchase the 2021 Notes prior to that date, as described below under Optional Redemption or Purchase of Senior Notes upon a Change of Control Triggering Event. Interest on the 2021 Notes will accrue at the rate of 2.250% per year and will be paid on the basis of a 360-day year of

twelve 30-day months.

Table of Contents

The 2026 Notes will mature on August 15, 2026, unless we redeem or purchase the 2026 Notes prior to that date, as described below under Optional Redemption or Purchase of Senior Notes upon a Change of Control Triggering Event. Interest on the 2026 Notes will accrue at the rate of 3.000% per year and will be paid on the basis of a 360-day year of twelve 30-day months.

The 2046 Notes will mature on August 15, 2046, unless we redeem or purchase the 2046 Notes prior to that date, as described below under Optional Redemption or Purchase of Senior Notes upon a Change of Control Triggering Event. Interest on the 2046 Notes will accrue at the rate of 4.500% per year and will be paid on the basis of a 360-day year of twelve 30-day months.

We will pay interest on each series of Senior Notes semi-annually in arrears on February 15 and August 15 of each year, beginning on February 15, 2017, to the holder in whose name each such senior note is registered on the February 1 or August 1 preceding the applicable interest payment date, whether or not such day is a business day.

Amounts due on the stated maturity date or earlier redemption date of each series of Senior Notes will be payable at the corporate trust office of the Trustee. We may make payment of interest on an interest payment date in respect of each series of Senior Notes in certificated form by check mailed to the address of the person entitled to the payment as it appears in the security register or by transfer to an account maintained by the payee with a bank located in the United States, provided that the Paying Agent shall have received the relevant wire transfer information by the related record date. We will make payments of principal, premium, if any, and interest in respect of Senior Notes in book-entry form to DTC in immediately available funds, while disbursement of such payments to owners of beneficial interests in each series of Senior Notes in book-entry form will be made in accordance with the procedures of DTC and its participants in effect from time to time.

Neither we nor the Trustee will impose any service charge for any transfer or exchange of a senior note. However, we may ask you to pay any taxes or other governmental charges in connection with a transfer or exchange of Senior Notes.

If any interest payment date, stated maturity date or earlier redemption or purchase date falls on a day that is not a business day, we will make the required payment of principal, premium, if any, and/or interest on the next business day as if it were made on the date payment was due, and no interest will accrue on the amount so payable for the period from and after that interest payment date, the stated maturity date or earlier redemption or purchase date, as the case may be, to the next business day. The term business day means any day other than a Saturday, Sunday or other day on which banking institutions in The City of New York are authorized or obligated by law, regulation or executive order to close.

Optional Redemption

We may, at our option, redeem any series of Senior Notes, in whole or in part, at any time prior to (i) July 15, 2021 (one month prior to the maturity date of the 2021 Notes) in the case of the 2021 Notes, (ii) May 15, 2026 (three months prior to the maturity date of the 2026 Notes) in the case of the 2026 Notes and (iii) February 15, 2046 (six months prior to the maturity date of the 2046 Notes) in the case of the 2046 Notes (the foregoing dates in respect of the 2021 Notes, the 2026 Notes and the 2046 Notes, the Par Call Date), at a redemption price equal to the greater of:

100% of the aggregate principal amount of any Senior Notes being redeemed; and

the sum of the present values of the remaining scheduled payments of principal (or the portion of the principal) and interest thereon that would have been due if such series of Senior Notes matured on the related Par Call Date, not including accrued and unpaid interest, if any, to the redemption date, discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Rate plus 20 basis points with respect to the 2021 Notes, 25 basis points with respect to the 2026 Notes and 35 basis points with respect to the 2046 Notes, plus,

Table of Contents

in each case, accrued and unpaid interest, if any, on the Senior Notes being redeemed to, but not including, the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on any interest payment date that is on or prior to the redemption date).

On or after the related Par Call Date, we may, at our option, redeem the 2021 Notes, the 2026 Notes or the 2046 Notes, in whole or in part, at a redemption price equal to 100% of the principal amount of the 2021 Notes being redeemed, the 2026 Notes being redeemed or the 2046 Notes being redeemed, plus accrued and unpaid interest, if any, on the 2021 Notes, the 2026 Notes or the 2046 Notes being redeemed to, but excluding, the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on any interest payment date that is on or prior to the redemption date).

Comparable Treasury Issue means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the applicable series of Senior Notes being redeemed, that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a comparable maturity to the remaining term of such Senior Notes (assuming for this purpose that the 2021 Notes, the 2026 Notes and the 2046 Notes each matured on their respective Par Call Date).

Comparable Treasury Price of a Comparable Treasury Issue means, with respect to any redemption date:

the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest of the Reference Treasury Dealer Quotations; or

if we obtain fewer than four Reference Treasury Dealer Quotations, the arithmetic average of such Reference Treasury Dealer Quotations; or

if we obtain only one Reference Treasury Dealer Quotation, such Reference Treasury Dealer Quotation.

Independent Investment Banker means one of the Reference Treasury Dealers or its successor selected by us or, if it is unwilling or unable to select the applicable Comparable Treasury Issue, an independent investment banking institution of national standing appointed by us.

Reference Treasury Dealers means each of: (i) Citigroup Global Markets Inc. and J.P. Morgan Securities LLC (or their respective successors); (ii) a primary U.S. government securities dealer (a Primary Treasury Dealer) selected by each of MUFG Securities Americas Inc. and U.S. Bancorp Investments Inc. (or their respective successors); and (iii) one additional Primary Treasury Dealer selected by us. If any of the foregoing ceases to be a Primary Treasury Dealer, we will substitute another Primary Treasury Dealer in its place.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by us (or the Independent Investment Banker), of the bid and asked prices for the Comparable Treasury Issue for the applicable series of Senior Notes, expressed in each case as a percentage of its principal amount, quoted in writing by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding such redemption date.

Treasury Rate means, with respect to any redemption date, (1) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated H.15(519) or any successor publication which is published weekly by the Board of Governors of the Federal Reserve

System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption Treasury Constant Maturities, for the maturity corresponding to the applicable Comparable Treasury Issue (if no maturity is within three months before or after the maturity date or deemed maturity date of the relevant series of Senior Notes, yields for the two published maturities most closely corresponding to the applicable Comparable Treasury Issue shall be determined and the Treasury Rate shall be interpolated or extrapolated from such yields on a straight line basis, rounding to the nearest month), (2) if the period from the redemption date to the maturity date or deemed maturity date of the Senior Notes to be redeemed is less than one year, the weekly average yield on actually traded United States

Table of Contents

Treasury securities adjusted to a constant maturity of one year will be used, or (3) if such release (or any successor release) is not published during the week preceding the calculation date or does not contain such yields, the rate per annum equal to the semi-annual equivalent yield to maturity, computed as of the third business day immediately preceding the redemption date, of the applicable Comparable Treasury Issue, assuming a price for such Comparable Treasury Issue, expressed as a percentage of its principal amount, equal to the applicable Comparable Treasury Price for the redemption date.

We will give written notice of any redemption of the Senior Notes to holders of the Senior Notes to be redeemed at their addresses, as shown in the security register for the affected notes, not more than 60 nor less than 30 days prior to the date fixed for redemption. The notice of redemption will specify, among other items, the aggregate principal amount of the applicable series of Senior Notes to be redeemed, the redemption date and the redemption price, or if not then ascertainable, the manner of calculation thereof.

If we choose to redeem less than all of the Senior Notes of a series, then we will notify the Trustee at least 60 days before the redemption date, or such shorter period as is satisfactory to the Trustee, of the aggregate principal amount of the Senior Notes to be redeemed and the redemption date. The Trustee will select, in the manner it deems fair and appropriate, the Senior Notes to be redeemed in part; provided, that with respect to Senior Notes issued in global form, beneficial interests therein shall be selected for redemption by DTC in accordance with its standard procedures. See also Book-Entry Delivery and Form below.

If we have given notice as provided in the Indenture and made funds irrevocably available for the redemption of the Senior Notes called for redemption on the redemption date referred to in that notice, then those Senior Notes will cease to bear interest on that redemption date and the only remaining right of the holders of those Senior Notes will be to receive payment of the redemption price.

The Senior Notes will not be subject to, or have the benefit of, a sinking fund.

Purchase of Senior Notes upon a Change of Control Triggering Event

If a Change of Control Triggering Event occurs with respect to a series of Senior Notes, holders of such Senior Notes will have the right to require us to purchase all or any part of their Senior Notes of the applicable series pursuant to the offer described below (the Change of Control Offer) on the terms set forth in such Senior Notes (provided that with respect to Senior Notes of the applicable series submitted for purchase in part, the remaining portion of such Senior Notes is in a principal amount of $2,000 or an integral multiple of $1,000 in excess thereof). In the Change of Control Offer, we will be required to offer payment in cash equal to 101% of the aggregate principal amount of the Senior Notes purchased plus accrued and unpaid interest, if any, on the Senior Notes purchased, to, but excluding, the date of purchase (the Change of Control Payment). Within 30 days following any Change of Control Triggering Event with respect to a series of Senior Notes, we will be required to mail, or with respect to Senior Notes issued in global form, transmit in accordance with DTC s standard procedures therefor, a notice to the holders of such Senior Notes describing the transaction or transactions that constitute the Change of Control Triggering Event and offering to purchase such Senior Notes on the date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed or transmitted (the Change of Control Payment Date), pursuant to the procedures required by such Senior Notes and described in such notice. The notice will, if mailed or transmitted prior to the date of the consummation of the Change of Control, state that the offer to purchase is conditioned on the Change of Control Triggering Event occurring on or prior to the Change of Control Payment Date. We must comply with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended (the Exchange Act) and any other securities laws and regulations thereunder to the extent those laws and regulations are applicable in connection with the purchase of the Senior Notes as a result of a Change of Control Triggering Event. To the extent

that the provisions of any securities laws or regulations conflict with the change of control provisions of the Senior Notes, we will be required to comply with the applicable securities laws and regulations and will not

Table of Contents

be deemed to have breached our obligations under the change of control provisions of the Senior Notes by virtue of such conflicts. On the Change of Control Payment Date, we will be required, to the extent lawful, to:

- accept for payment all Senior Notes or portions of Senior Notes of the applicable series properly tendered pursuant to the Change of Control Offer;
- deposit with the paying agent an amount equal to the Change of Control Payment in respect of all Senior Notes or portions of Senior Notes of the applicable series properly tendered; and
- deliver or cause to be delivered to the Trustee the Senior Notes of the applicable series properly accepted together with an officers certificate stating the aggregate principal amount of Senior Notes or portions of Senior Notes of the applicable series being purchased.

The paying agent will promptly mail, or with respect to Senior Notes issued in global form, transmit in accordance with DTC s standard procedures therefor, to each holder of Senior Notes properly tendered the purchase price for the Senior Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book-entry) to each holder a new senior note equal in principal amount to any unpurchased portion of any Senior Notes surrendered; provided that each new Senior Note will be in a principal amount of $2,000 and any integral multiple of $1,000 in excess thereof.

We will not be required to make an offer to purchase any Senior Notes upon a Change of Control Triggering Event if (1) a third party makes such an offer in the manner, at the times and otherwise in compliance with the requirements for an offer made by us, and such third party purchases all Senior Notes of the applicable series properly tendered and not withdrawn under its offer; or (2) prior to the occurrence of the related Change of Control Triggering Event, we have given written notice of a redemption of the Senior Notes of the applicable series to the holders thereof as provided under Optional Redemption, if applicable, above, unless we have failed to pay the redemption price on the redemption date.

For purposes of the foregoing discussion of a purchase at the option of holders, the following definitions are applicable:

Below Investment Grade Rating Event means, with respect to a series of Senior Notes, the rating on such Senior Notes is lowered by each of the Rating Agencies and such Senior Notes are rated below an Investment Grade Rating by each of the Rating Agencies on any date from the date of the public notice of an arrangement that could result in a Change of Control until the end of the 60-day period following public notice of the occurrence of the Change of Control (which 60-day period shall be extended so long as the rating of such Senior Notes is under publicly announced consideration for possible downgrade by any Rating Agency).

Change of Control means the occurrence of any of the following: (1) the direct or indirect sale, lease, transfer, conveyance or other disposition (other than by way of merger or consolidation), in one or a series of related transactions, of all or substantially all of the properties and assets of FIS and our subsidiaries taken as a whole to any person or group (as those terms are used in Section 13(d)(3) of the Exchange Act) other than us or one of our subsidiaries; (2) the approval by the holders of our common stock of any plan or proposal for the liquidation or dissolution of FIS (whether or not otherwise in compliance with the provisions of the Indenture); (3) the consummation of any transaction (including, without limitation, any merger or consolidation) the result of which is

that any person or group (as those terms are used in Section 13(d)(3) of the Exchange Act) becomes the beneficial owner (as defined in Rules 13d-3 and 13d-5 under the Exchange Act), directly or indirectly, of more than 50% of the then outstanding number of shares of our voting stock; or (4) FIS consolidates or merges with or into any entity, pursuant to a transaction in which any of the outstanding voting stock of FIS or such other entity is converted into or exchanged for cash, securities or other property (except when voting stock of FIS constitutes, or is converted into, or exchanged for, at least a majority of the voting stock of the surviving person).

Change of Control Triggering Event means, with respect to a series of Senior Notes, the occurrence of both a Change of Control and a Below Investment Grade Rating Event with respect to such series.

Fitch means Fitch Ratings, Inc.

Table of Contents

Investment Grade Rating means a rating equal to or higher than BBB- (or the equivalent) by Fitch, Baa3 (or the equivalent) by Moody s and BBB- (or the equivalent) by S&P, respectively.

Moody s means Moody s Investors Service, Inc.

Ratings Agencies means each of Fitch, Moody s and S&P, so long as such entity makes a rating of the applicable series of Senior Notes publicly available; provided, however, if any of Fitch, Moody s or S&P ceases to rate the applicable series of Senior Notes or fails to make a rating of such Senior Notes publicly available for reasons outside of the control of FIS, FIS shall be allowed to designate a nationally recognized statistical rating organization within the meaning of Rule 15c3-l(e)(2)(vi)(F) under the Exchange Act (as certified by a resolution of the board of directors of FIS) as a replacement agency for the agency that ceased to make such a rating publicly available. For the avoidance of doubt, failure by FIS to pay rating agency fees to make a rating of the Senior Notes shall not be a reason outside of the control of FIS for the purposes of the preceding sentence.

S&P means Standard & Poor s Ratings Services, a division of The McGraw-Hill Companies, Inc.

The definition of Change of Control includes a phrase relating to the direct or indirect sale, lease, transfer, conveyance or other disposition of all or substantially all of the properties and assets of us and our subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of Senior Notes to require us to purchase its Senior Notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the properties and assets of us and our subsidiaries taken as a whole to another person or group may be uncertain.

Restrictive Covenants

Limitation on Liens

We shall not, and shall not permit any of our subsidiaries to, create or assume any mortgage, pledge, lien, charge, security interest, conditional sale or other title retention agreement or other encumbrance (lien) on any Principal Facility, or upon any stock or Debt of any of our subsidiaries, to secure Debt unless the Senior Notes then outstanding are, for so long as such Debt is so secured, secured by such lien equally and ratably with (or prior to) such Debt. However, this requirement does not apply to:

1. liens existing on the date of the Indenture;

2. any lien for taxes or assessments or other governmental charges or levies not overdue for more than 30 days (or which, if due and payable, are being contested in good faith and for which adequate reserves are being maintained, to the extent required by GAAP) or the nonpayment of which in the aggregate would not reasonably be expected to have a material adverse effect on us and our subsidiaries taken as a whole;

3. any warehousemen s, materialmen s, landlord s or other similar liens arising by law for sums not overdue for more than 30 days (or which, if due and payable, are being contested in good faith and with respect to which adequate reserves are being maintained, to the extent required by GAAP) or the nonpayment of which in the aggregate would not reasonably be expected to have a material adverse effect on us and our subsidiaries

taken as a whole;

4. survey exceptions, encumbrances, easements or reservations of, or rights of others for, licenses, rights-of-way, sewers, electric lines, telephone lines and other similar purposes, or zoning or other similar restrictions as to the use of real properties or liens incidental to the conduct of the business of such person or to the ownership of its properties which do not individually or in the aggregate materially adversely affect the value of FIS and its subsidiaries taken as a whole or materially impair the operation of the business of FIS and its subsidiaries taken as a whole;

5. pledges or deposits (i) in connection with workers compensation, unemployment insurance and other types of statutory obligations or the requirements of any official body; (ii) to secure the performance of

tenders, bids, surety, stay, customs, appeals, or performance bonds, leases, purchase, construction, sales or servicing contracts (including utility contracts) and other similar obligations incurred in the normal course of business consistent with industry practice (including, without limitation, those to secure health, safety and environmental obligations); (iii) to obtain or secure obligations with respect to letters of credit, guarantees, bonds or other sureties or assurances given in connection with the activities described in clauses (i) and (ii) above, in each case not incurred or made in connection with the borrowing of money, the obtaining of advances or credit or the payment of the deferred purchase price of property or services or imposed by ERISA or the Internal Revenue Code in connection with a plan (as defined in ERISA); or (iv) arising in connection with any attachment unless such liens shall not be satisfied or discharged or stayed pending appeal within 60 days after the entry thereof or the expiration of any such stay;

6. liens on property or assets of a person existing at the time such person is acquired or merged with or into or consolidated with us or with a subsidiary, or becomes a subsidiary (and not created or incurred in anticipation of such transaction), provided that such liens are not extended to our property and assets or the property and assets of our subsidiaries, other than the property or assets acquired;

7. liens securing Debt of a subsidiary owed to and held by us or by our subsidiaries;

8. liens to secure any permitted extension, renewal, refinancing or refunding (or successive extensions, renewals, refinancings or refundings), in whole or in part, of any Debt secured by liens referred to in clauses (1), (6), (10) and (11) hereof; provided that such liens do not extend to any other property or assets (other than improvements, accessions, or proceeds in respect thereof) and the principal amount of the obligations secured by such liens is not increased;

9. liens upon specific items of inventory or other goods and proceeds of any person securing such person s obligation in respect of banker s acceptances issued or created in the ordinary course of business for the account of such person to facilitate the purchase, shipment, or storage of such inventory or other goods;

10. liens securing Debt incurred to finance the construction, purchase or lease of, or repairs, improvements or additions to, property, plant or equipment of such person; provided, however, that the lien may not extend to any other property owned by such person at the time the lien is incurred (other than assets and property affixed or appurtenant thereto and proceeds thereof), and the Debt (other than any interest thereon) secured by the lien may not be incurred more than 270 days after the later of the acquisition, completion of construction, repair, improvement, addition or commencement of full operation of the property subject to the lien;

11. liens on property or assets existing at the time of the acquisition thereof;

12. liens (i) that are contractual rights of set-off (A) relating to the establishment of depository relations with banks not given in connection with the issuance of Debt, (B) relating to our pooled deposit or sweep accounts to permit satisfaction of overdraft or similar obligations and other cash management activities

incurred in the ordinary course of business or (C) relating to purchase orders and other agreements entered into with our customers in the ordinary course of business and (ii) (W) of a collection bank arising under Section 4-210 of the Uniform Commercial Code on items in the course of collection, (X) encumbering reasonable customary initial deposits and margin deposits and attaching to commodity trading accounts or other brokerage accounts incurred in the ordinary course of business, (Y) in favor of banking institutions arising as a matter of law or pursuant to customary account agreements encumbering deposits (including the right of set-off) and which are within the general parameters customary in the banking industry, and (Z) of financial institutions funding the Vault Cash Operations in the cash provided by such institutions for such Vault Cash Operations;

13. liens pursuant to the terms and conditions of any contracts between us or any subsidiary and the U.S. government;

14. liens arising in connection with the Cash Management Practices;

Table of Contents

15. Settlement Liens; and

16. liens not otherwise permitted under the Indenture securing Debt in an aggregate principal amount that, together with the aggregate Attributable Value of property involved in sale and leaseback transactions permitted by clause (i) of Limitation on Sale Leaseback Transactions below and all other Debt then secured by liens permitted only pursuant to this clause (16), does not exceed 10% of our consolidated net worth.

Each lien, if any, granted, pursuant to the provisions described above, to secure the Senior Notes shall automatically and unconditionally be deemed to be released and discharged upon the release and discharge of the lien whose existence caused the Senior Notes to be required to be so secured. For purposes of determining compliance with this covenant, any lien need not be permitted solely by reference to one category of permitted liens but may be permitted in part by one provision and in part by one or more other provisions. In the event that a lien securing Debt or any portion thereof meets the criteria of more than one such provision, we shall divide and classify and may later re-divide and reclassify such lien in our sole discretion.

Limitation on Sale Leaseback Transactions

We may not sell or transfer, and will not permit any subsidiary to sell or transfer (except to us or one or more subsidiaries, or both), any Principal Facility owned by FIS or any of its subsidiaries with the intention of taking back a lease on such facility longer than 36 months, unless (1) the sum of the aggregate Attributable Value of the property involved in sale and leaseback transactions not otherwise permitted plus the aggregate principal amount of Debt secured by all liens permitted only by clause (16) of Limitation on Liens above does not exceed 10% of our consolidated net worth; or (2) within 270 days after such sale or transfer, we apply an amount equal to the greater of the net proceeds of the sale or the fair market value of the property sold to the purchase of real property or the retirement of Senior Notes or other long-term Debt of us or our subsidiaries, other than any such Debt that is expressly subordinated to the Senior Notes.

Consolidation, Merger, Sale of Assets and Other Transactions

We may not, in any transaction or series of related transactions, consolidate or merge with or into, or sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of the assets of FIS and its subsidiaries, taken as a whole, to, any person unless:

the person formed by or surviving any such consolidation or merger (if other than FIS), or which acquires by sale, assignment, conveyance, transfer, lease or other disposition of all or substantially all of our assets, is a corporation, limited partnership, limited liability company or similar entity organized and validly existing under the laws of the United States of America, any state thereof or the District of Columbia and, if such entity is not a corporation, a co-obligor of the Senior Notes is a corporation organized or existing under any such laws;

the person formed by or surviving any such consolidation or merger (if other than FIS), or which acquires by sale, assignment, conveyance, transfer, lease or other disposition of all or substantially all of our assets, expressly assumes by supplemental indenture, in a form satisfactory to the Trustee, the due and punctual payment of all amounts due in respect of the principal of and premium, if any, and interest on the Senior Notes and the performance of all of our obligations under the Senior Notes and the Indenture; and

immediately after giving effect to the transaction no Event of Default or event which, after notice or lapse of time or both, would become an Event of Default, shall have occurred and be continuing.

We shall deliver to the Trustee prior to the proposed transaction an officers certificate and an opinion of counsel each stating that the proposed transaction and such supplemental indenture comply with the Indenture and that all conditions precedent to the consummation of the transaction under the Indenture have been met.

Table of Contents

If we consolidate or merge with or into any other corporation, limited partnership, limited liability company or similar entity or sell, assign, convey, transfer, lease or otherwise dispose of all or substantially all of our assets according to the terms and conditions of the Indenture, the resulting or acquiring entity will be substituted for us under the Indenture with the same effect as if it had been an original party to the Indenture. As a result, such successor corporation may exercise our rights and powers under the Indenture, in our name or its own name, and, except in the case of a lease, we will be released from all our liabilities and obligations under the Indenture and under the Senior Notes.

Events of Default, Notice and Waiver

The following shall constitute Events of Default under the Indenture with respect to the Senior Notes of a particular series:

1. default in the payment of any interest on the Senior Notes of such series when due and payable and continuance of such default for a period of 30 days;

2. default in the payment of any principal of or premium, if any, on the Senior Notes of such series when due (whether at stated maturity, upon redemption, purchase at the option of the holder or otherwise);

3. default in the performance, or breach, of any covenant or warranty with respect to the Senior Notes of such series (other than a covenant or warranty a default in whose performance or whose breach is specifically dealt with elsewhere in clauses (1), (2) or (4) through (6) or a covenant or warranty which is solely for the benefit of another series of securities), and the continuance of such default or breach for a period of 60 days after there has been given written notice of such default or breach (which notice shall, among other things, state that such notice is a Notice of Default under the Indenture) to us (by registered or certified mail) by the Trustee or to us and the Trustee (in each case by registered or certified mail) by holders of at least 25% in aggregate principal amount of the outstanding Senior Notes of such series;

4. default in the payment by us, when due (after the expiration of any applicable grace period thereto), of an aggregate principal amount of Debt in respect of borrowed money (other than the Senior Notes) exceeding

$300.0 million, or default which results in such Debt (other than the Senior Notes) in an aggregate principal amount exceeding $300.0 million becoming or being declared due and payable prior to the date on which it would otherwise have become due and payable, in each case without such acceleration having been rescinded or annulled, or such Debt having been paid in full, or there having been deposited into trust a sum of money sufficient to pay in full such Debt, within 15 days after receipt of written notice of such default or breach (which notice shall state that such notice is a Notice of Default under the Indenture) to us (by registered or certified mail) by the Trustee or to us and the Trustee (in each case by registered or certified mail) by holders of at least 25% in aggregate principal amount of the outstanding Senior Notes of such series;

5. certain events of bankruptcy, insolvency or reorganization of FIS; and

6. the denial or disaffirmance by any Subsidiary Guarantor of such Subsidiary Guarantor s obligations under its guarantee of the Senior Notes of such series, or the holding of any such guarantee as being unenforceable or invalid in any judicial proceeding, or any such guarantee ceasing to be in full force and effect, except as permitted under the Indenture.

If an Event of Default with respect to the Senior Notes of a particular series occurs and is continuing, other than an Event of Default arising from certain events of bankruptcy, insolvency or reorganization of FIS, then the Trustee or the holders of at least 25% in aggregate principal amount of the outstanding Senior Notes of such series may declare, by written notice to us (and if given by the holders, to the Trustee), the principal of and accrued interest, if any, on all the Senior Notes of such series to be due and payable immediately; provided that, after such a declaration of acceleration, the holders of a majority in aggregate principal amount of the Senior Notes of such series may, by written notice to the Trustee, rescind or annul such declaration and its consequences if all Events of Default, other than the non-payment of accelerated principal of or interest, if any, on the Senior Notes of such series, have been cured or waived as provided in the Indenture. An Event of Default arising from certain events of bankruptcy, insolvency or reorganization of FIS shall cause the principal of and accrued interest, if any, on all the Senior Notes of each series to be due and payable immediately without any declaration or other act by the Trustee, the holders of either series of Senior Notes or any other party.

The holders of a majority in aggregate principal amount of the outstanding Senior Notes of a particular series, by written notice to the Trustee, may waive any past default or event of default with respect to the Senior Notes of such series except (1) a default or event of default in the payment of the principal of, or premium, if any, or interest on, the Senior Notes of such series or (2) default in respect of a covenant or provision which may not be amended or modified without the consent of each holder of Senior Notes of such series affected. Upon any such waiver, such default shall cease to exist, and any event of default arising therefrom shall be deemed to have been cured.

The Trustee is not required to exercise any of the rights or powers vested in it by the Indenture at the request or direction of any of the holders of the Senior Notes of either series, unless the holders have offered the Trustee security or indemnity satisfactory to the Trustee. Subject to such right of indemnification and to certain other limitations, the holders of a majority in aggregate principal amount of the outstanding Senior Notes of a particular series may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to the Senior Notes of such series.

No holder of any senior note of either series may institute any proceeding with respect to the Indenture or for the appointment of a receiver or trustee or for any other remedy unless (1) the holder has given to the Trustee written notice of a continuing Event of Default with respect to the Senior Notes of such series, (2) the holders of at least 25% in aggregate principal amount of the outstanding Senior Notes of such series shall have made a written request to the Trustee to institute proceedings in respect of such Event of Default in its own name as Trustee, (3) the holders have offered to the Trustee indemnity satisfactory to the Trustee against any loss, liability or expense to be incurred in pursuing the remedy, (4) the Trustee has failed to institute any such proceedings for 60 days after its receipt of such request, and (5) during such 60 day period, the holders of a majority in aggregate principal amount of the outstanding Senior Notes of such series have not given to the Trustee a direction inconsistent with such written request. Such limitations do not apply, however, to a suit instituted by a holder of any senior note of either series directly (as opposed to through the Trustee) for enforcement of payment of principal of, and premium, if any, or interest on such senior note on or after the respective due dates expressed or provided for therein.

Each year, we will either certify to the Trustee that we are not in default of any of our obligations under the Indenture or we will notify the Trustee of any default that exists under the Indenture. We are not otherwise required to deliver to the Trustee notice of the occurrence of any default or Event of Default.

Discharge, Defeasance and Covenant Defeasance

The provisions described in Description of Debt Securities Discharge, Defeasance and Covenant Defeasance in the accompanying prospectus are applicable to the Senior Notes. If we effect covenant defeasance with respect to the Senior Notes as described in the accompanying prospectus, then the covenants described above under Restrictive Covenants and Purchase of Senior Notes upon a Change of Control Triggering Event will cease to be applicable to the Senior Notes.

Modification of the Indenture

Under the Indenture, we, each Subsidiary Guarantor, if any, and the Trustee, at any time and from time to time, may enter into supplemental indentures without the consent of any holders of the Senior Notes of a particular series to:

evidence the succession of another person to FIS or any Subsidiary Guarantor and the assumption by any such successor of the covenants of FIS or of such Subsidiary Guarantor in the Indenture and in the Senior Notes of such series; or

add to the covenants of FIS or of any Subsidiary Guarantor for the benefit of the holders of the Senior Notes of such series or surrender any right or power conferred upon FIS or such Subsidiary Guarantor in the Indenture or in the Senior Notes of such series; or

add any additional Events of Default with respect to the Senior Notes of such series; or

add to or change any of the provisions of the Indenture to such extent as shall be necessary to facilitate the issuance of bearer securities or to facilitate the issuance of Senior Notes of such series in global form; or

amend or supplement any provision contained in the Indenture or in any supplemental indentures, provided that such amendment or supplement does not apply to any outstanding Senior Notes of such series issued prior to the date of such supplemental indenture and entitled to the benefits of such provision; or

secure the Senior Notes of such series; or

establish the form or terms of the Senior Notes of such series as permitted by the Indenture; or

add or release any Subsidiary Guarantor as required or permitted by the Indenture; or

evidence and provide for the acceptance of appointment by a successor trustee with respect to the Senior Notes of such series under the Indenture and add to or change any of the provisions of the Indenture as shall

be necessary to provide for or facilitate the administration of the trusts by more than one trustee under the Indenture; or

if allowed without penalty under applicable laws and regulations, permit payment in the United States of principal, premium, if any, or interest, if any, on bearer securities or coupons, if any; or

cure or reform any ambiguity, defect, omission, mistake, manifest error or inconsistency, or conform the Indenture or the Senior Notes of such series to any provision of the description thereof set forth in the prospectus, as supplemented as of the time of sale, under which such Senior Notes were sold; or

make any other change that does not adversely affect the rights of any holder; or

make any change to comply with the Trust Indenture Act or any amendment thereof, or any requirement of the Securities and Exchange Commission in connection with the qualification of the Indenture under the Trust Indenture Act or any amendment thereof.

With the consent of the holders of a majority in aggregate principal amount of the outstanding Senior Notes of a particular series affected by such supplemental indenture, we, each Subsidiary Guarantor, if any, and the Trustee may enter into supplemental indentures other than those described in the immediately preceding paragraph to add provisions to, or change or eliminate any provisions of the Indenture or any supplemental

indenture or to modify the rights of the holders of the Senior Notes of such series so affected. However, we need the consent of the holder of each outstanding senior note of a particular series affected in order to:

change the stated maturity of the principal of or premium, if any, on or of any installment of principal of or premium, if any, or interest, if any, on, or additional amounts, if any, with respect to, any senior note of such series; or

reduce the principal amount of, or any installment of principal of, or premium, if any, or interest, if any, on, or any additional amounts payable with respect to, any senior note of such series or the rate of interest on any senior note of such series; or

reduce the amount of premium, if any, payable upon redemption of any senior note of such series or the purchase by us of any senior note of such series at the option of the holder of such senior note; or

change the manner in which the amount of any principal of or premium, if any, or interest on or additional amounts, if any, with respect to, any senior note of such series is determined; or

reduce the amount of the principal of any original issue discount security or indexed security that would be due and payable upon a declaration of acceleration of the maturity thereof; or

change the currency in which any senior note of such series or any premium or the interest thereon or additional amounts, if any, with respect thereto, is payable; or

change the index, securities or commodities with reference to which or the formula by which the amount of principal of or any premium or the interest on any senior note of such series is determined; or

impair the right to institute suit for the enforcement of any payment on or after the stated maturity thereof (or on or after the redemption date or on or after the purchase date, as the case may be); or

except as provided in the Indenture, release the guarantee of any Subsidiary Guarantor with respect to such series of Senior Notes; or

reduce the percentage in principal amount of the outstanding Senior Notes of such series, the consent of whose holders is required for any such supplemental indenture or for any waiver (of compliance with certain provisions of the Indenture or certain defaults under the Indenture and their consequences) provided for in the Indenture; or

change any obligation of FIS to maintain an office or agency in the places and for the purposes specified in the Indenture; or

make any change in the provision governing waiver of past defaults, except to increase the percentage in principal amount of the outstanding Senior Notes of such series, the holders of which may waive past defaults on behalf of holders of the Senior Notes of such series or make any change in the provision governing supplemental indentures that requires consent of holders of the Senior Notes of such series, except to provide that certain other provisions of the Indenture cannot be modified or waived without the consent of the holders of each outstanding senior note of such series affected thereby.

Governing Law

The Indenture and the Senior Notes will be governed by, and construed in accordance with, the internal laws of the State of New York.

Relationship with the Trustee

The Trustee under the Indenture is The Bank of New York Mellon Trust Company, N.A. We and our subsidiaries maintain ordinary banking and trust relationships with a number of banks and trust companies, including the Trustee.

Table of Contents

Book-Entry Delivery and Form

The Senior Notes of each series will be issued in registered, global form in minimum denominations of $2,000 and any integral multiple of $1,000 in excess thereof. Initially, each series of Senior Notes will be represented by one or more permanent global certificates (the Global Senior Notes) (which may be subdivided) in definitive, fully registered form without interest coupons. The Global Senior Notes will be issued on the issue date only against payment in immediately available funds.

The Global Senior Notes will be deposited upon issuance with the Trustee as custodian for DTC and registered in the name of Cede & Co. (DTC s nominee) or another DTC nominee for credit to an account of a direct or indirect participant in DTC, as described below under Depositary Procedures.

Except as set forth below, the Global Senior Notes may be transferred, in whole and not in part, only to DTC, to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the Global Senior Notes may not be exchanged for notes in certificated form except in the limited circumstances described below under Exchange of Book-Entry Notes for Certificated Notes.

Transfers of beneficial interests in the Global Senior Notes will be subject to the applicable rules and procedures of DTC and its direct or indirect participants (including, if applicable, those of Euroclear System (Euroclear) and Clearstream Banking S.A. (Clearstream)), which may change from time to time.

Depositary Procedures

The following description of the operations and procedures of DTC, Euroclear and Clearstream is provided solely as a matter of convenience. These operations and procedures are solely within the control of DTC and are subject to changes by it. We do not take any responsibility for these operations and procedures and urge investors to contact DTC or its participants directly to discuss these matters.

DTC has advised us that it is a limited-purpose trust company created to hold securities for its participating organizations, referred to as participants, and to facilitate the clearance and settlement of transactions in those securities among DTC s participants through electronic book-entry changes in accounts of its participants, thereby eliminating the need for physical movement of securities certificates. DTC s participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations some of whom (and/or their representatives) own DTC. Access to DTC s system is also available to other entities such as banks, brokers, dealers, trust companies and clearing corporations that clear through or maintain a custodial relationship with a DTC participant, either directly or indirectly, which entities are referred to as indirect participants. Persons who are not DTC participants may beneficially own securities held by or on behalf of DTC only through participants or indirect participants. DTC has no knowledge of the identity of beneficial owners of securities held by or on behalf of DTC. DTC s records reflect only the identity of its participants to whose accounts securities are credited. The ownership interests and transfer of ownership interests of each beneficial owner of each security held by or on behalf of DTC are recorded on the records of DTC s participants and indirect participants.

Pursuant to the procedures established by DTC:

- upon deposit of the Global Senior Notes, DTC will credit the accounts of its participants designated by the underwriters with portions of the principal amount of the Global Senior Notes; and

ownership of such interests in the Global Senior Notes will be shown on, and the transfer of ownership of these interests will be effected only through, records maintained by DTC (with respect to the participants) or by the participants and the indirect participants (with respect to other owners of beneficial interests in the Global Senior Notes).

Investors in the Global Senior Notes who are participants in DTC s system may hold their interests therein directly through DTC. Investors in the Global Senior Notes who are not participants may hold their interests

Table of Contents

therein indirectly through organizations which are participants in such system. Euroclear and Clearstream may hold interests in the Global Senior Notes on behalf of their participants through customers securities accounts in their respective names on the books of their respective depositories, which are Morgan Guaranty Trust Company of New York, Brussels office, as operator of Euroclear, and Citibank, N.A., as operator of Clearstream. All interests in the Global Senior Notes, including those held through Euroclear or Clearstream, will be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such systems. The laws of some states require that certain persons take physical delivery of certificates evidencing securities they own. Consequently, the ability to transfer beneficial interests in the global senior notes to such persons will be limited to that extent. Because DTC can act only on behalf of its participants, which in turn act on behalf of indirect participants, the ability of beneficial owners of interests in the Global Senior Notes to pledge such interests to persons or entities that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

Except as described below, owners of interests in the Global Senior Notes will not have notes registered in their names, will not receive physical delivery of notes in certificated form and will not be considered the registered owners or holders thereof under the Indenture for any purpose.

Payments in respect of the principal of, and interest and premium, if any, on a Global Senior Note registered in the name of DTC or its nominee will be payable to DTC in its capacity as the registered holder under the Indenture. Under the terms of the Indenture, we and the Trustee will treat the persons in whose names the Senior Notes, including the Global Senior Notes, are registered as the owners thereof for the purpose of receiving such payments and for any and all other purposes.

Consequently, neither we nor the Trustee nor any of our respective agents has or will have any responsibility or liability for:

- any aspect of DTC s records or any participant s or indirect participant s records relating to or payments made on account of beneficial ownership interests in the Global Senior Notes, or for maintaining, supervising or reviewing any of DTC s records or any participant s or indirect participant s records relating to the beneficial ownership interests in the Global Senior Notes; or

- any other matter relating to the actions and practices of DTC or any of its participants or indirect participants.

DTC has advised us that its current practice, upon receipt of any payment in respect of securities such as the Senior Notes (including principal and interest), is to credit the accounts of the relevant participants with the payment on the payment date unless DTC has reason to believe it will not receive payment on such payment date. The account of each relevant participant is credited with an amount proportionate to the amount of its interest in the principal amount of the Global Senior Notes as shown on the records of DTC. Payments by the participants and the indirect participants to the beneficial owners of notes will be governed by standing instructions and customary practices, and will be the responsibility of the participants or the indirect participants and will not be the responsibility of DTC, the Trustee or us. Neither we nor the Trustee will be liable for any delay by DTC or any of its participants in identifying the beneficial owners of the Senior Notes, and we and the Trustee may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Transfers between participants in DTC will be effected in accordance with DTC s procedures, and will be settled in same-day funds. Transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures. Cross-market transfers between the participants in DTC, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC s rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depositary; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depositary to

Table of Contents

take action to effect final settlement on its behalf by delivering or receiving interests in the relevant global senior note in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

DTC has advised us that it will take any action permitted to be taken by a holder of notes only at the direction of one or more participants to whose account DTC has credited the interests in the Global Senior Notes and only in respect of such portion of the aggregate principal amount of the Senior Notes as to which such participant or participants has or have given such direction.

Although DTC, Euroclear and Clearstream have agreed to the procedures described above to facilitate transfers of interests in the Global Senior Notes among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform those procedures, and those procedures may be discontinued or changed at any time. Neither we nor the Trustee will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Exchange of Book-Entry Notes for Certificated Notes

The Global Senior Notes of a series are exchangeable for certificated notes of such series in definitive, fully registered form without interest coupons only in the following limited circumstances:

DTC (1) notifies us that it is unwilling or unable to continue as depositary for the Global Senior Notes of such series and we fail to appoint a successor depositary within 90 days of receipt of such notice or (2) has ceased to be a clearing agency registered under the Exchange Act and we fail to appoint a successor depositary within 90 days of our becoming aware of such cessation;

we notify the Trustee in writing that we have elected (subject to DTC s procedures) to cause the issuance of certificated notes of such series under the Indenture; or

an Event of Default has occurred and is continuing with respect to such series of Senior Notes.

In all cases, certificated notes delivered in exchange for any Global Senior Notes or beneficial interests therein will be registered in the names, and issued in any approved denominations, requested by or on behalf of DTC (in accordance with its customary procedures).

Payment and Paying Agents

Payments on the Global Senior Notes will be made in U.S. dollars by wire transfer. If we issue definitive notes, the holders of definitive notes will be able to receive payments of principal of and interest on their notes at the office of our paying agent. Payment of principal of a definitive note may be made only against surrender of the note to our paying agent. We have the option, however, of making payments of interest by wire transfer or by mailing checks to the address of the holder appearing in the register of note holders maintained by the registrar.

We will make any required interest payments to the person in whose name a note is registered at the close of business on the record date for the interest payment.

The Trustee will be designated as our paying agent for payments on the Senior Notes. We may at any time designate additional paying agents, rescind the designation of any paying agent or approve a change in the office through which any paying agent acts.

Notices

Any notices required to be given to the holders of the Senior Notes will be given to DTC, as the registered holder of the Global Senior Notes. In the event that the Global Senior Notes are exchanged for notes in definitive form, notices to holders of the Senior Notes will be sent by overnight delivery service or mailed by first-class mail, postage prepaid, to the addresses that appear on the register of noteholders maintained by the registrar.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following discussion summarizes material U.S. federal income tax considerations to U.S. Holders and Non-U.S. Holders (each as defined below) of the purchase, ownership and disposition of the Senior Notes. It is included herein for general information only and does not address all tax considerations that may be relevant to investors in light of their personal investment circumstances or that may be relevant to certain types of investors subject to special rules (for example, financial institutions, tax-exempt organizations, insurance companies, regulated investment companies, real estate investment trusts, retirement plans, persons that are broker-dealers, traders in securities who elect the mark to market method of accounting for their securities, U.S. Holders that have a functional currency other than the U.S. dollar, certain former U.S. citizens or long-term residents, investors in partnerships or other pass-through entities or persons holding the Senior Notes as part of a straddle, hedge, conversion transaction or other integrated transaction). The discussion set forth below is limited to initial investors who hold the Senior Notes as capital assets within the meaning of Section 1221 of the Code and who purchase the Senior Notes for cash at the initial issue price (*i.e.*, the first price to the public, excluding bond houses, brokers or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers, at which a substantial amount of the Senior Notes is sold for money). In addition, this discussion does not address the effect of federal alternative minimum tax, gift or estate tax laws, or any state, local or foreign tax laws. Furthermore, the discussion below is based upon provisions of the Code, the legislative history thereof, U.S. Treasury regulations thereunder and administrative rulings and judicial decisions thereunder as of the date hereof. Such authorities may be repealed, revoked or modified (including changes in effective dates, and possibly with retroactive effect) so as to result in U.S. federal income tax considerations different from those discussed below.

For purposes of the following discussion, a U.S. Holder means a beneficial owner of the Senior Notes that is for U.S. federal income tax purposes:

- an individual citizen or resident of the United States;
- a corporation (or other entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the United States, any state thereof or the District of Columbia;
- an estate, the income of which is subject to U.S. federal income tax regardless of source; or
- a trust, if (a) a court within the United States is able to exercise primary supervision over administration of the trust and one or more United States persons have authority to control all substantial decisions of the trust or (b) it has a valid election in effect under applicable U.S. Treasury regulations to be treated as a domestic trust.

For purposes of the following discussion, a Non-U.S. Holder means a beneficial owner of the Senior Notes (other than a partnership or an entity or arrangement classified as a partnership for U.S. federal income tax purposes) that is not a U.S. Holder for U.S. federal income tax purposes.

If a partnership or an entity treated as a partnership for U.S. federal income tax purposes owns any of the Senior Notes, the tax treatment of a partner or an equity interest owner of such other entity will generally depend upon the status of the person and the activities of the person and the partnership or other entity treated as a partnership. Partnerships and other entities treated as partnerships for U.S. federal income tax purposes, and partners or other

equity interest owners in such entities should consult their own tax advisors.

THIS DISCUSSION OF U.S. FEDERAL INCOME TAX CONSIDERATIONS IS NOT INTENDED, AND SHOULD NOT BE CONSTRUED, TO BE TAX OR LEGAL ADVICE TO ANY PARTICULAR INVESTOR IN OR HOLDER OF THE SENIOR NOTES. PROSPECTIVE INVESTORS ARE ADVISED TO CONSULT THEIR OWN TAX ADVISORS CONCERNING THE APPLICATION OF THE U.S. FEDERAL INCOME TAX LAWS TO THEIR PARTICULAR SITUATIONS AS WELL AS ANY TAX CONSIDERATIONS ARISING UNDER THE LAWS OF ANY STATE, LOCAL OR FOREIGN TAXING JURISDICTION OR ANY APPLICABLE TAX TREATIES, AND THE POSSIBLE EFFECT OF CHANGES IN APPLICABLE TAX LAW.

Optional Redemption and Repurchase upon a Change of Control Triggering Event

We intend to take the position that the possibility of the payment of additional amounts above the principal amount of the Senior Notes described in Description of the Senior Notes Optional Redemption and Description of the Senior Notes Purchase of Senior Notes upon a Change of Control Triggering Event is remote and therefore will not cause the notes to be considered contingent payment debt instruments under applicable Treasury regulations. Our position is binding on you unless you disclose that you are taking a contrary position in the manner required by applicable Treasury regulations. Our position is not, however, binding on the IRS, and if the IRS were to challenge this position, you might be required to use the accrual method, even if you were otherwise a cash method taxpayer, to accrue income on the Senior Notes in excess of the stated interest on the Senior Notes, and to treat as ordinary income rather than capital gain any income that you realize on the taxable disposition of a Senior Note. The remainder of this discussion assumes that the Senior Notes will not be considered contingent payment debt instruments. Purchasers of Senior Notes are urged to consult their tax advisors regarding the possible application of the contingent payment debt instrument rules to the Senior Notes.

U.S. Holders

Payments of Interest

We expect, and this discussion assumes, that the Senior Notes will not be issued with more than a de minimis amount of original issue discount, if any. As such, payments of stated interest on the Senior Notes generally will be taxable to a U.S. Holder as ordinary interest income at the time such payments are received or accrued in accordance with the U.S. Holder s method of accounting for U.S. federal income tax purposes.

Sale, Redemption or Other Taxable Disposition of the Senior Notes

Upon the sale, redemption or other taxable disposition of Senior Notes, a U.S. Holder generally will recognize capital gain or loss equal to the difference between (1) the amount realized on such disposition and (2) such holder s adjusted tax basis in the Senior Notes. A holder s adjusted tax basis in the Senior Notes generally will equal the amount paid for the Senior Notes less any principal payments received by such holder. Gain or loss recognized by a U.S. Holder in respect of the disposition generally will be capital gain or loss, and will be long-term capital gain or loss if the U.S. Holder has held the Senior Notes for more than one year at the time of such disposition. A U.S. Holder that is an individual may be entitled to preferential treatment for net long-term capital gains. The ability of a U.S. Holder to offset capital losses against ordinary income is limited. Notwithstanding the foregoing, any amounts realized in connection with a sale, redemption or other taxable disposition with respect to accrued interest not previously includible in income will be treated as ordinary interest income.

Information Reporting and Backup Withholding Tax

Payments of interest on, or the proceeds of the sale or other disposition of, the Senior Notes will be subject to information reporting to the Internal Revenue Service (the IRS) on IRS Form 1099 unless the U.S. Holder is an exempt recipient such as certain corporations and may be subject to U.S. federal backup withholding tax, currently at a rate of 28%, if the recipient of the payment fails to supply an accurate taxpayer identification number on IRS Form W-9 or otherwise fails to comply with applicable U.S. information reporting or certification requirements. Backup withholding does not represent an additional income tax. Any amount withheld under the backup withholding rules will be reported on IRS Form 1099 and is allowable as a credit against the holder s U.S. federal income tax and may entitle the U.S. Holder to a refund, provided that the required information is timely furnished to the IRS.

Non-U.S. Holders

Payments of Interest

Subject to the discussion of backup withholding and FATCA (as defined below) withholding below, payments of interest on the Senior Notes to a Non-U.S. Holder generally will not be subject to U.S. federal

Table of Contents

income or withholding tax; provided that (1) the Non-U.S. Holder does not actually or constructively own 10% or more of the total combined voting power of all classes of our stock entitled to vote, (2) the Non-U.S. Holder is not (a) a controlled foreign corporation that is related to us through actual or deemed stock ownership or (b) a bank receiving interest on an extension of credit made pursuant to a loan agreement entered into in the ordinary course of business, (3) such interest is not effectively connected with the conduct by the Non-U.S. Holder of a trade or business within the United States and (4) the Non-U.S. Holder either (a) provides its name and address on an IRS Form W-8BEN or W-8BEN-E (or other applicable form) and certifies, under penalties of perjury, that it is not a U.S. person as defined under the Code or (b) holds the Senior Notes through certain foreign intermediaries and the intermediary and the Non-U.S. Holder satisfy the certification or documentation requirements of applicable U.S. Treasury regulations.

If a Non-U.S. Holder cannot satisfy the requirements in the preceding paragraph, payments of interest made to such Non-U.S. Holder will be subject to U.S. federal withholding tax, currently at a rate of 30%, unless such Non-U.S. Holder timely provides the withholding agent with a properly executed (1) IRS Form W-8BEN or W-8BEN-E (or other applicable form) claiming an exemption from or reduction in withholding under the benefit of an applicable income tax treaty or (2) IRS Form W 8ECI (or other applicable form) certifying that interest paid on the Senior Notes is not subject to U.S. federal withholding tax because it is effectively connected with such Non-U.S. Holder s conduct of a trade or business in the United States. If interest on the Senior Notes is effectively connected with the conduct by a Non-U.S. Holder of a trade or business within the United States such interest will be subject to U.S. federal income tax on a net income basis at the rate applicable to U.S. persons generally or, to the extent applicable, at a lower tax treaty rate if such interest is not attributable to a U.S. permanent establishment maintained by the Non-U.S. Holder (and, with respect to corporate holders, may also be subject to a branch profits tax). If interest is subject to U.S. federal income tax on a net income basis in accordance with these rules, such payments will not be subject to U.S. federal withholding tax so long as the relevant Non-U.S. Holder timely provides the withholding agent with the appropriate documentation.

Sale, Redemption or Other Taxable Disposition of the Senior Notes

Subject to the discussion of backup withholding and FATCA withholding below, any gain realized by a Non-U.S. Holder on the sale, redemption or other taxable disposition of the Senior Notes generally will not be subject to U.S. federal income tax, unless (1) such gain is effectively connected with the conduct by such Non-U.S. Holder of a trade or business within the United States (and, if certain tax treaties apply, is attributable to a U.S. permanent establishment maintained by the Non-U.S. Holder), in which case such gain will be taxed on a net income basis in the same manner as interest that is effectively connected with the Non-U.S. Holder s conduct of a trade or business within the United States (and a Non-U.S. Holder that is treated as a corporation for U.S. federal income tax purposes may also, under certain circumstances, be subject to the branch profits tax as described above) or (2) the Non-U.S. Holder is an individual who is present in the United States for 183 days or more in the taxable year of disposition and certain other conditions are satisfied, in which case the Non-U.S. Holder will be subject to a tax, currently at a rate of 30%, on the excess, if any, of such gain plus all other U.S. source capital gains recognized during the same taxable year over the Non-U.S. Holder s U.S. source capital losses recognized during such taxable year.

Information Reporting and Backup Withholding Tax

Generally, the amount of interest paid on the Senior Notes and the amount of tax, if any, withheld with respect to those payments must be reported to the IRS and to Non-U.S. Holders. Copies of the information returns reporting such interest payments and any withholding may also be made available to the tax authorities in the country in which a Non-U.S. Holder resides under the provisions of an applicable income tax treaty.

In general, a Non-U.S. Holder will not be subject to backup withholding with respect to interest payments on the Senior Notes provided that the payor does not have actual knowledge or reason to know that the Non-U.S. Holder is a U.S. person as defined under the Code, and such holder has provided the certification described above

Table of Contents

under the heading Payments of Interest. Information reporting and, depending on the circumstances, backup withholding will apply to the proceeds of a sale (including retirement or redemption) of the Senior Notes within the United States or conducted through certain United States-related persons, unless the Non-U.S. Holder certifies under penalty of perjury that such holder is a Non-U.S. Holder (and the payor does not have actual knowledge or reason to know that such holder is a U.S. person as defined under the Code) or another exemption is otherwise established.

Any amounts withheld under the backup withholding rules will be allowed as a refund or a credit against a Non-U.S. Holder s U.S. federal income tax liability provided the required information is furnished in a timely manner to the IRS.

Additional Withholding Requirements

Pursuant to Sections 1471 through 1474 of the Code and the Treasury Regulations promulgated thereunder (such Sections commonly referred to as FATCA), a 30% United States federal withholding tax may apply to any interest income paid on the Senior Notes and, for a disposition of a Senior Note occurring after December 31, 2018, the gross proceeds from such disposition, in each case paid to (i) a foreign financial institution (as specifically defined in the Internal Revenue Code) which does not provide sufficient documentation, typically on IRS Form W-8BEN-E, evidencing either (x) an exemption from FATCA, or (y) its compliance (or deemed compliance) with FATCA (which may alternatively be in the form of compliance with an intergovernmental agreement with the United States) in a manner which avoids withholding, or (ii) a non-financial foreign entity (as specifically defined in the Internal Revenue Code) which does not provide sufficient documentation, typically on IRS Form W-8BEN-E, evidencing either (x) an exemption from FATCA, or (y) adequate information regarding certain substantial United States beneficial owners of such entity (if any). If an interest payment is both subject to withholding under FATCA and subject to the withholding tax discussed above under Information Reporting and Backup Withholding Tax, the withholding under FATCA may be credited against, and therefore reduce, such other withholding tax. You should consult your own tax advisors regarding these rules and whether they may be relevant to your ownership and disposition of the Senior Notes.

The underwriters are offering the Senior Notes subject to their acceptance of the Senior Notes from us and subject to prior sale. The underwriting agreement provides that the obligations of the several underwriters to pay for and accept delivery of the Senior Notes offered by this prospectus supplement are subject to certain conditions. The underwriters are obligated to take and pay for all of the Senior Notes offered by this prospectus supplement if any such Senior Notes are taken.

The underwriters initially propose to offer the Senior Notes to the public at the applicable public offering prices that appear on the cover page of this prospectus supplement. The underwriters may offer the Senior Notes to selected dealers at the public offering price minus a concession of up to 0.350%, 0.400% and 0.500% of the principal amount of the 2021 Notes, the 2026 Notes and the 2046 Notes, respectively. In addition, the underwriters may allow, and those selected dealers may reallow, a concession of up to 0.200%, 0.230% and 0.300% of the principal amount of the 2021 Notes, the 2026 Notes and the 2046 Notes, respectively, to certain other dealers. After the initial offering, the underwriters may change the public offering price and any other selling terms. The underwriters may offer and sell Senior Notes through certain of their affiliates.

The following table shows the underwriting discounts that we will pay to the underwriters in connection with the offering of Senior Notes:

Table of Contents

In the underwriting agreement, we have agreed that:

- We will pay our expenses related to the offering (excluding the underwriters discount), which we estimate will be $3.5 million.

- We will indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or contribute to payments that the underwriters may be required to make in respect of those liabilities.

The Senior Notes are new issues of securities, and there are currently no established trading markets for the Senior Notes. We do not intend to apply for the Senior Notes to be listed on any securities exchange or to arrange for the Senior Notes to be quoted on any quotation system. The underwriters have advised us that they intend to make a market in the Senior Notes of each series, but they are not obligated to do so. The underwriters may discontinue any market making in the Senior Notes at any time in their sole discretion. Accordingly, active public trading markets for the Senior Notes may not develop, and the market prices and liquidity of the Senior Notes may be adversely affected.

In connection with the offering of the Senior Notes, the underwriters may engage in overallotment, stabilizing transactions and syndicate covering transactions. Overallotment involves sales in excess of the offering size, which creates a short position for the underwriters. Stabilizing transactions involve bids to purchase the Senior Notes in the open market for the purpose of pegging, fixing or maintaining the prices of the Senior Notes. Syndicate covering transactions involve purchases of the Senior Notes in the open market after the distribution has been completed in order to cover short positions. Stabilizing transactions and syndicate covering transactions may cause the prices of the Senior Notes to be higher than it would otherwise be in the absence of those transactions. If the underwriters engage in stabilizing or syndicate covering transactions, they may discontinue them at any time.

Conflicts of Interest

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, hedging, financing and brokerage activities. From time to time in the ordinary course of their respective businesses, certain of the underwriters and their affiliates have engaged in and may in the future engage in commercial banking, derivatives and/or financial advisory, investment banking and other commercial transactions and services with us and our affiliates for which they have received or will receive customary fees and commissions. Certain of the underwriters and/or their affiliates currently serve as bookrunners, arrangers, lenders and/or agents under our revolving credit facility and/or our term loan credit agreement. Consequently, these underwriters and/or their affiliates may receive a portion of the net proceeds of this offering to the extent they are used to repay amounts outstanding under our existing revolving credit facility.

In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investment and securities activities may involve our securities and instruments. If any of the underwriters or their affiliates have a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of those underwriters or their affiliates may hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Senior

Notes offered hereby. Any such credit default swaps or short positions could adversely affect future trading prices of the Senior Notes offered hereby.

Table of Contents

The underwriters and their respective affiliates may also communicate independent investment recommendations, market color or trading ideas and/or publish or express independent research views in respect of such assets, securities or instruments and may at any time hold, or recommend to clients that they should acquire, long and/or short positions in such assets, securities and instruments.

No advertisement, invitation or document relating to the Senior Notes which is directed at, or the contents of which are likely to be accessed or read by, the public of Hong Kong (except if permitted to do so under the securities laws of Hong Kong) has been issued or will be issued in Hong Kong or elsewhere other than with respect to the Senior Notes which are or are intended to be disposed of only to persons outside Hong Kong or only to professional investors as defined in the Securities and Futures Ordinance and any rules made under that Ordinance.

FORWARD-LOOKING STATEMENTS

The statements contained in this prospectus and any related prospectus supplement, or incorporated by reference in this prospectus and any related prospectus supplement, or in any permitted free writing prospectuses we have authorized for use with respect to the applicable offering or transaction, that are not purely historical are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, or Securities Act and Section 21E of the Securities Exchange Act of 1934, as amended, or Exchange Act, including statements regarding our expectations, hopes, intentions, or strategies regarding the future. - the risks of doing business internationally;
- changes in general economic, business and political conditions, including the possibility of intensified international hostilities, acts of terrorism, and changes in either or both the United States and international lending, capital and financial markets;

the risks of reduction in revenue from the elimination of existing and potential customers due to consolidation in, or new laws or regulations affecting, the banking, retail and financial services industries or due to financial failures or other setbacks suffered by firms in those industries;

failures to adapt our solutions to changes in technology or in the marketplace;

internal or external security breaches of our systems, including those relating to unauthorized access, theft, corruption or loss of personal information and computer viruses and other malware affecting our software or platforms, and the reactions of customers, card associations, government regulators and others to any such events;

Table of Contents

- the reaction of current and potential customers to communications from us or regulators regarding information security, risk management, internal audit or other matters;

- competitive pressures on pricing relating to our solutions including the ability to attract new, or retain existing, customers;

RATIO OF EARNINGS TO FIXED CHARGES

The following table sets forth our ratio of earnings to fixed charges for the periods shown.

	Three Months ended March 31,		Year Ended December 31,				
	2016	2015	2015	2014	2013	2012	2011
Ratio of Earnings to Fixed Charges(1)	1.8	4.6	5.4	5.9	4.5	4.0	3.2

(1) In calculating the ratio of earnings to fixed charges, earnings are the sum of earnings from continuing operations before income taxes and equity in earnings (losses) of unconsolidated entities plus fixed charges and amortization of capitalized interest, less interest capitalized. Fixed charges include interest expense, capitalized interest and amortization of debt issue costs, as well as the imputed interest component of rental expense. There is no preferred stock outstanding as of the date of this prospectus, and we have paid no preferred dividends to date; accordingly, the ratio of earnings to fixed charges and preferred stock dividends is equal to the ratio of earnings to fixed charges and is not disclosed separately.

DESCRIPTION OF CAPITAL STOCK

The following description of select provisions of our Amended and Restated Articles of Incorporation, our Amended and Restated Bylaws and Georgia law is necessarily general and does not purport to be complete.

This summary is qualified in its entirety by reference in each case to the applicable provisions of our Amended and Restated Articles of Incorporation and Amended and Restated Bylaws. We have incorporated by reference our Amended and Restated Articles of Incorporation and our Amended and Restated Bylaws as exhibits to the registration statement of which this prospectus forms a part.

General

Stock Outstanding. As of May 31, 2016, our authorized capital stock consisted of 800,000,000 shares, of which 600,000,000 are designated Common Stock and have a par value of $.01 per share, and 200,000,000 shares are designated Preferred Stock and have a par value of $.01 per share. As of May 31, 2016, 327,193,482 shares of Common Stock and no shares of Preferred Stock were issued and outstanding.

Common Stock

Holders of our Common Stock are entitled to receive dividends that may be declared and paid or set apart for payment upon the Common Stock out of any assets or funds of FIS legally available for the payment of dividends. Holders of our Common Stock have the right to vote for the election of directors and on all other matters requiring shareholder action, each share being entitled to one vote. Upon the voluntary or involuntary dissolution of FIS, the net assets of FIS available for distribution shall be distributed pro rata to the holders of the Common Stock in accordance with the number of shares of Common Stock held by them. The rights and privileges of holders of our Common Stock are subject to the rights and preferences of the holders of any series of Preferred Stock that we may issue in the future, as described below.

Preferred Stock

The Preferred Stock may be issued from time to time by the board of directors as shares of one or more series. The number of shares of each series of Preferred Stock, and the voting powers, designations, preferences, rights, qualifications, limitations and restrictions of or on such shares shall be as fixed and determined by the board of directors prior to the issuance of any such shares, in the manner provided by law. The authority of the board of directors with respect to each series of the Preferred Stock shall include, without limiting the generality of the foregoing, the establishment of any or all of the voting powers, preferences, designations, rights, qualifications, limitations and restrictions described in Section 14-2-601(d) of the Georgia Business Corporation Code and any others determined by the board of directors, any of which may be different from or the same as those of any other class or series of FIS s shares.

The board of directors is expressly authorized at any time to adopt resolutions providing for the issuance of, or providing for a change in the number of, shares of any particular series of Preferred Stock and at any time and from time to time to file articles of amendment which are effective without shareholder action to increase or decrease the number of shares included in any series of Preferred Stock (but not to decrease the number of shares in any series below the number of shares then issued), to eliminate the series where no shares are issued, or to set or change in any one or more respects the voting powers, preferences, designations, rights, qualifications, limitations or restrictions relating to the shares of the series, except as otherwise provided by law or in the articles of amendment establishing any such series.

Anti-Takeover Effects of Certain Provisions of our Amended and Restated Articles of Incorporation, Amended and Restated Bylaws and Georgia law

A number of provisions of our Amended and Restated Articles of Incorporation and our Amended and Restated Bylaws deal with matters of corporate governance and the rights of shareholders. The following

discussion is a general summary of select provisions of our Amended and Restated Articles of Incorporation, our Amended and Restated Bylaws and certain Georgia law that might be deemed to have a potential anti-takeover effect. These provisions may have the effect of discouraging a future takeover attempt which is not approved by our board of directors but which individual shareholders may deem to be in their best interest or in which shareholders may be offered a substantial premium for their shares over then-current market prices. As a result, shareholders who might desire to participate in such a transaction may not have an opportunity to do so. Such provisions also render the removal of the incumbent board of directors or management more difficult.

Common Stock. Our unissued shares of authorized Common Stock will be available for future issuance without additional shareholder approval. While the authorized but unissued shares are not designed to deter or prevent a change of control, under some circumstances we could use the authorized but unissued shares to create voting impediments or to frustrate persons seeking to effect a takeover or otherwise gain control by, for example, issuing those shares in private placements to purchasers who might side with our board of directors in opposing a hostile takeover bid.

Preferred Stock. The existence of authorized but unissued Preferred Stock could reduce our attractiveness as a target for an unsolicited takeover bid since we could, for example, issue shares of the Preferred Stock to parties that might oppose such a takeover bid or issue shares of the Preferred Stock containing terms the potential acquiror may find unattractive. This ability may have the effect of delaying or preventing a change of control, may discourage bids for our Common Stock at a premium over the market price of our Common Stock, and may adversely affect the market price of, and the voting and the other rights of the holders of, our Common Stock.

Board of Directors and Related Provisions. Our Amended and Restated Articles of Incorporation provide that the number of directors is to be not less than five and not more than fifteen and is to be set by resolution of our board of directors from time to time. Our Amended and Restated Articles of Incorporation provide that any vacancy on our board that results from an increase in the number of directors, or from the death, resignation, retirement, disqualification, or removal from office of any director, will be filled by a majority of the remaining members of our board, though less than a quorum, or by the sole remaining director. Any director elected to fill a vacancy resulting from the death, resignation, retirement, disqualification, or removal from office of a director will have the same remaining term as his or her predecessor. Accordingly, our board can prevent any shareholder from enlarging our board and filling the new directorships with that shareholder s own nominees.

Special Meetings of Shareholders. Our Amended and Restated Bylaws provide that special meetings may be called by the chairman of our board of directors, the vice chairman, our chief executive officer, our president, our board of directors by vote at a meeting, a majority of our directors in writing without a meeting, or by unanimous call of our shareholders.

Advance Notice Requirements for Shareholder Proposals and Director Nominees. Our Amended and Restated Bylaws provide that, if one of our shareholders desires to submit a proposal or nominate persons for election as directors at an annual shareholders meeting, the shareholder s written notice must be received by us not less than 120 days prior to the anniversary date of the date that the proxy statement for the immediately preceding annual meeting of shareholders was released to shareholders. However, if no annual meeting of the shareholders was held in the previous year or if the date of the annual meeting of the shareholders has been changed by more than 30 days from the date contemplated at the time of the previous year s proxy statement, the notice shall be delivered to and received by us not later than the last to occur of (i) the date that is 150 days prior to the date of the contemplated annual meeting or (ii) the date that is 10 days after the date of the first public announcement or other notification to the shareholders of the date of the contemplated annual meeting. The notice must describe the proposal or nomination and set forth the name and address of, the stock held of record and beneficially by, the shareholder and other specified information. The presiding officer

of the meeting may refuse to acknowledge a proposal or nomination not made in compliance with the procedures contained in our Amended and Restated Bylaws. The advance notice requirements regulating shareholder nominations and proposals may have the effect of precluding a contest for the election of directors or the introduction of a

Table of Contents

shareholder proposal if the requisite procedures are not followed and may discourage or deter a third-party from conducting a solicitation of proxies to elect its own slate of directors or to introduce a proposal.

Other Constituencies

In discharging the duties of their respective positions and in determining what is believed to be in the best interests of our company, our board, committees of our board, and individual directors, in addition to considering the effects of any action on FIS or its shareholders, is authorized under a provision of our Amended and Restated Articles of Incorporation to consider the interests of our employees, customers, suppliers, and creditors and the employees, customers, suppliers, and creditors of our subsidiaries, the communities in which our offices or other establishments are located, and all other factors the directors consider pertinent. This provision permits our board to consider numerous judgmental or subjective factors affecting a proposal for a business combination, including some non-financial matters, and on the basis of these considerations, our board may be permitted to oppose a business combination or other transaction which, viewed exclusively from a financial perspective, might be attractive to some, or even a majority, of our shareholders.

Amendment of Our Articles

Under the Georgia Business Corporation Code in general, and except as otherwise provided by our articles of incorporation, amendments to our Amended and Restated Articles of Incorporation must be recommended to the shareholders by our board and approved at a properly called shareholder meeting by a majority of the votes entitled to be cast on the amendment by each voting group entitled to vote on the amendment. Our articles of incorporation require the affirmative vote of the holders of not less than two-thirds of the votes entitled to be cast by the holders of all then outstanding shares of voting stock, voting together as a single class, to make, alter, amend, change, add to, or repeal any provision of, our Amended and Restated Articles of Incorporation or Amended and Restated Bylaws where such creation, alteration, amendment, change, addition, or repeal would be inconsistent with the provisions of our articles relating to:

the number of members of our board;

the filling of vacancies on our board; or

the ability of our board of directors to adopt amendments to our Amended and Restated Bylaws.

Notwithstanding the foregoing, this two-thirds vote is not required for any alteration, amendment, change, addition, or repeal recommended by a majority of our board.

Amendment of Our Bylaws

Under the Georgia Business Corporation Code in general, and subject to our Amended and Restated Articles of Incorporation and the requirements of the business combination and fair price provisions described below, our Amended and Restated Bylaws may be altered, amended, or repealed by our board or by the affirmative vote of the holders of a majority of the shares of our common stock entitled to vote and actually voted on such matter.

Anti-Takeover Legislation - Georgia Law

We are covered by two provisions of the Georgia Business Corporation Code, or Georgia Code, that restrict business combinations with interested shareholders: the business combination provision and the fair price provision. These provisions do not apply to a Georgia corporation unless its bylaws specifically make the statute applicable, and once adopted, in addition to any other vote required by the corporation s articles of incorporation or bylaws to amend the bylaws, such a bylaw may be repealed only by the affirmative vote of at least two-thirds of the continuing directors and a majority of the votes entitled to be cast by the voting shares of such corporation, other than shares beneficially owned by an interested shareholder and, with respect to the fair price provision, his, her, or its associates and affiliates.

Table of Contents

Interested Shareholders Transactions

The business combination provision of the Georgia Code generally prohibits Georgia corporations from entering into certain business combination transactions with any interested shareholder, generally defined as any person other than the corporation or its subsidiaries beneficially owning at least 10% of the outstanding voting stock of the corporation, for a period of five years from the date that person became an interested shareholder, unless:

- prior to that shareholder becoming an interested shareholder, the board of directors of the corporation approved either the business combination or the transaction by which the shareholder became an interested shareholder;
- in the transaction in which the shareholder became an interested shareholder, the interested shareholder became the beneficial owner of at least 90% of the voting stock outstanding, excluding, for purposes of determining the number of shares outstanding, Insider Shares, as defined below, at the time the transaction commenced; or
- subsequent to becoming an interested shareholder, such shareholder acquired additional shares resulting in the interested shareholder being the beneficial owner of at least 90% of the outstanding voting shares, excluding, for purposes of determining the number of shares outstanding, Insider Shares, and the transaction was approved at an annual or special meeting of shareholders by the holders of a majority of the voting stock entitled to vote thereon, excluding from such vote, Insider Shares and voting stock beneficially owned by the interested shareholder.

For purposes of this provision, Insider Shares refers generally to shares owned by:

- persons who are directors or officers of the corporation, their affiliates, or associates;
- subsidiaries of the corporation; or
- any employee stock plan under which participants do not have the right, as determined exclusively by reference to the terms of such plan and any trust which is part of such plan, to determine confidentially the extent to which shares held under such plan will be tendered in a tender or exchange offer.

A Georgia corporation s bylaws must specify that all requirements of this provision apply to the corporation in order for this provision to apply. Our Amended and Restated Bylaws contain a provision stating that all requirements of this provision, and any successor provision, apply to us.

Fair Price Requirements

The fair price provision of the Georgia Business Corporation Code imposes certain requirements on business combinations of a Georgia corporation with any person who is an interested shareholder of that corporation. In addition to any vote otherwise required by law or the corporation s articles of incorporation, under the fair price

provision, business combinations with an interested shareholder must meet one of the three following criteria designed to protect a corporation s minority shareholders:

the transaction must be unanimously approved by the continuing directors of the corporation, generally directors who served prior to the time an interested shareholder acquired 10% ownership and who are unaffiliated with such interested shareholder, provided that the continuing directors constitute at least three members of the board of directors at the time of such approval;

the transaction must be recommended by at least two-thirds of the continuing directors and approved by a majority of the votes entitled to be cast by holders of voting shares, other than voting shares beneficially owned by the interested shareholder who is, or whose affiliate is, a party to the business combination; or

the terms of the transaction must meet specified fair pricing criteria and certain other tests.

Table of Contents

A Georgia corporation s bylaws must specify that all requirements of the fair price provision apply to the corporation in order for the fair price provision to apply. Our Amended and Restated Bylaws contain a provision stating that all requirements of the fair price provision, and any successor provisions thereto, apply to us.

Removal of Directors

The Georgia Business Corporation Code also contains a provision commonly referred to as the removal provision , which, in the case of a company such as FIS without a staggered board, generally provides that:

- directors may be removed with or without cause only by a majority vote of the shares entitled to vote for the removal of directors; and
- a director may be removed by a corporation s shareholders only at a meeting called for the purpose of removing him or her and the meeting notice must state that purpose, or one of the purposes, of the meeting is removal of the director.

Limitations on Director Liability

Under the provisions of the Amended and Restated Articles of Incorporation, no director shall have any liability to us or to our shareholders for monetary damages for any action taken, or failure to take any action, as a director, except for: (1) any appropriation of any business opportunity of ours in violation of the director s duties; (2) acts or omissions which involve intentional misconduct or a knowing violation of law; (3) the types of liability set forth in Section 14-2-832 of the Georgia Business Corporation Code (relating to unlawful dividends and other distributions); or (4) any transaction from which the director received an improper personal benefit.
