On February 13, 2017, McKesson Corporation (the "Company") entered into an Underwriting Agreement with the several underwriters named therein (the "Underwriters"), pursuant to which the Company agreed to issue and sell to the Underwriters 600,000,000 aggregate principal amount of its 0.625% Notes due 2021 (the "2021 Euro Notes") and 600,000,000 aggregate principal amount of its 1.500% Notes due 2025 (the "2025 Euro Notes" and, together with the 2021 Euro Notes, the "Euro Notes"). In addition, on February 13, 2017, the Company entered into an Underwriting Agreement with the Underwriters pursuant to which the Company agreed to issue and sell to the Underwriters £450,000,000 aggregate principal amount of its 3.125% Notes due 2029 (the "2029 Sterling Notes" and, together with the Euro Notes, the "Notes"). On February 17, 2017, the Notes were issued pursuant to the Indenture, dated as of December 4, 2012 (the "Indenture") between the Company and Wells Fargo Bank, National Association, as trustee (the "Trustee"), as supplemented by an Officer's Certificate, dated as of February 17, 2017, setting forth certain terms of the Notes (the "Officer's Certificate").

The 2021 Euro Notes will bear interest at the rate of 0.625% per year, the 2025 Euro Notes will bear interest at the rate of 1.500% per year and the 2029 Sterling Notes will bear interest at the rate of 3.125% per year. Interest on the 2021 Euro Notes is payable on August 17 of each year, beginning on August 17, 2017. Interest on the 2025 Euro Notes is payable on November 17 of each year, beginning on November 17, 2017. Interest on the 2029 Sterling Notes is payable on February 17 of each year, beginning on February 17, 2017. The 2021 Euro Notes will mature on August 17, 2021, the 2025 Euro Notes will mature on November 17, 2025 and the 2029 Sterling Notes will mature on February 17, 2029. Upon 30 days' notice to holders of the applicable series of the Notes, the Company may redeem any series of the Notes for cash in whole, at any time, or in part, from time to time, prior to maturity, at redemption prices that include accrued and unpaid interest and a make-whole premium, as specified in the Indenture and the Officer's Certificate. The Indenture and the Officer's Certificate include certain covenants, including limitations on the Company's ability to create certain liens on its assets or enter into sale and leaseback transactions with respect to its properties, or consolidate, merge or sell all or substantially all of its assets, subject to a number of important exceptions as specified in the Indenture. The Notes are unsecured and unsubordinated obligations of the Company and rank equally with all of the Company's existing and future unsecured and unsubordinated indebtedness from time to time outstanding. The Indenture contains customary event of default provisions. In the event of the occurrence of both (1) a change of control of the Company and (2) a downgrade of a series of Notes below an investment grade rating by each of the Ratings Agencies (as defined in the Officer's Certificate) within a specified period, unless the Company has previously exercised its optional redemption right with respect to that series of Notes in whole, the Company will be required to offer to repurchase the Notes of that series from the holders at a price in cash equal to 101% of the then outstanding principal amount of such series of Notes, plus accrued and unpaid interest to, but not including, the date of repurchase.

The public offering price of the 2021 Euro Notes was 99.872% of the principal amount, the public offering price of the 2025 Euro Notes was 99.289% of the principal amount and the public offering price of the 2029 Sterling Notes was 99.879% of the principal amount. The Company expects to receive aggregate net proceeds from the offerings of the Notes after estimated expenses of approximately \$1.8 billion and to use such net proceeds for general corporate purposes, including repayment of \$500 million aggregate principal amount of its 5.70% Notes due March 1, 2017, \$700 million aggregate principal amount of its 1.29% Notes due March 10, 2017 and 500 million aggregate principal amount of its 4.50% Bonds due April 26, 2017.

Edgar Filing: MCKESSON CORP - Form 8-K

The Notes were offered and sold pursuant to the Company's automatic shelf registration statement on Form S-3 (Registration No. 333-215763) under the Securities Act of 1933, as amended. The Company has filed with the Securities and Exchange Commission (the "SEC") a prospectus supplement, dated February 13, 2017, with respect to the Euro Notes and a prospectus supplement, dated February 13, 2017, with respect to the 2029 Sterling Notes, together with the accompanying prospectus, dated January 27, 2017, relating to the offering and sale of the Notes.

Shareholder Derivative Complaint

On January 31, 2017, a purported shareholder derivative complaint (*Silverman v. McKesson Corporation et.al.*, No. 3:17-cv-00494-LB) was filed in the United States District Court for the Northern District of California against certain directors and officers of the Company. The complaint also names the Company as a nominal defendant. The complaint asserts that the defendants violated their respective fiduciary duties of care, loyalty and good faith to the Company and were unjustly enriched, in each case by disseminating allegedly materially misleading and inaccurate information about the Company through public disclosures and allegedly failing to implement and monitor internal controls relating to the claims underlying the Company's previously-announced agreement with the Drug Enforcement Administration, Department of Justice and various U.S. Attorney's offices to settle certain potential administrative and civil claims relating to investigations about the Company's suspicious order reporting practices for controlled substances. The complaint seeks unspecified damages including restitution and disgorgement of all profits, benefits and other compensation obtained by the defendants from the Company, as well as attorneys' fees.
