1Q2017 and FY2017 Outlook

Sonic Automotive, Inc. (Sonic) continues to grow its business through open point dealerships, acquisitions, new facility enhancements and the expansion of its EchoPark® stores. A timeline of these events include:

Franchised Dealerships

Third and fourth quarter of 2016 opened two new franchised dealerships (Mercedes-Benz of McKinney and Nissan of Cleveland)

Fourth quarter of 2016 grand opening of the new BMW of Denver Downtown store

First quarter of 2017 grand opening of the brand new facility for Mercedes-Benz of Denver

First half of 2017 prepare for opening of the new Audi dealership in Pensacola, Florida

EchoPark®

Third and fourth quarter of 2016 opened two new EchoPark® stores (in Littleton, Colorado and Stapleton, Colorado)

First half of 2017 conversion of four AutoMatch USA dealerships, acquired in third quarter of 2016, to EchoPark® stores

First half of 2017 prepare for opening a new EchoPark® store in Colorado Springs, Colorado

All of these efforts are consistent with Sonic's long-term growth strategy. As a result of this rapid expansion, Sonic expects selling, general and administrative expense increases during the opening and ramp up periods of these new locations, in addition to an increase in depreciation expense related to the new facilities coming on line. For the fiscal quarter ending March 31, 2017, Sonic expects diluted earnings per share from continuing operations to be in the range of \$0.22 to \$0.26 per share and adjusted EBITDA to be in the range of approximately \$52.5 million to \$57.7 million. Comparable figures for fiscal quarter ended March 31, 2016, were diluted earnings per share from continuing operations of \$0.31 per share on a GAAP basis and \$0.39 per share on an adjusted basis and adjusted EBITDA of approximately \$57.7 million. Attached hereto as Exhibit 99.1 are historical and pro forma financial information setting forth the foregoing calculations, including reconciliations for non-GAAP financial measures.

After the initial opening and ramp up periods, Sonic believes these new locations will drive future sales and profitability growth during the 2017 year. Sonic reaffirms its guidance of diluted earnings per share from continuing operations for the full year ending December 31, 2017 to be between \$2.00 and \$2.10 per year, which is the same anticipated range that was disclosed publicly by Sonic on February 21, 2017.

Non-GAAP Financial Measures

Exhibit 99.1 hereto includes reconciliations of non-GAAP financial measures as defined under Securities and Exchange Commission (SEC) rules, such as adjusted earnings per share and adjusted EBITDA. As required by SEC rules, Sonic provides reconciliations of these measures to the most directly comparable GAAP financial measures in the attached tables. Sonic believes that these non-GAAP financial measures improve the transparency of its disclosure, provide a meaningful presentation of results from its core business operations excluding the impact of items not related to its ongoing core business operations, and improve the period-to-period comparability of results from its core business operations.

Forward-Looking Statements

This current report on Form 8-K contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including statements with respect to anticipated diluted earnings per share from continuing operations for the quarter ending March 31, 2017 and the full year ending December 31, 2017 and adjusted EBITDA for the quarter ending March 31, 2017. The foregoing expectations are based solely on information available to Sonic as of the date hereof and are inherently uncertain and subject to change due to a variety of factors. There are many factors that affect management's views about future events and trends of Sonic's business. These factors involve risks and uncertainties that could cause actual results or trends to differ materially from management's views, including without limitation, economic conditions in the markets in which we operate, new and used vehicle industry sales volume, the success of our operational strategies, the rate and timing of overall economic recovery or decline, and the risk factors described in Sonic's annual report on Form 10-K for the year ended December 31, 2016. Actual results remain subject to the completion of the first quarter of fiscal 2017 on March 31, 2017, management's and the audit committee's reviews and our other quarterly financial closing procedures and the completion of the preparation of Sonic's interim consolidated financial statements. Sonic does not undertake any obligation to update forward-looking information, except as required under federal securities laws and the rules and regulations of the SEC.
