GENERAL INFORMATION

Introduction

Trustmark Corporation (Trustmark) is holding its 2018 Annual Meeting of Shareholders (the Annual Meeting) on Tuesday, April 24, 2018. This proxy statement is being sent on or about March 12, 2018, in connection with the solicitation by the Board of Directors of Trustmark (the Board) of proxies to be voted at the Annual Meeting and at any adjournment or postponement thereof.

Trustmark is furnishing this proxy statement over the Internet to most shareholders. These shareholders will not receive printed copies of the proxy statement and proxy card, and instead will receive a Notice of Internet Availability containing instructions on how to access the proxy materials over the Internet. If you received a Notice of Internet Availability, for additional information please see [Availability of Proxy Materials](#) on page 42.

Meeting Location, Date and Time

The Annual Meeting will be held at Trustmark's Corporate Office located at 248 East Capitol Street, Jackson, Mississippi 39201, on Tuesday, April 24, 2018, at 1:00 p.m. To obtain directions to attend the meeting, contact the Secretary at 1-601-208-5088 or toll-free at 1-800-844-2000 (extension 5088).

Shareholders Entitled to Vote

Shareholders of record at the close of business on March 1, 2018, are entitled to notice of and to vote at the Annual Meeting in person or by proxy. On the record date, Trustmark had outstanding 68,379,482 shares of common stock.

Required Vote

A majority of the shares outstanding and entitled to vote constitutes a quorum to transact business at the Annual Meeting. Each share is entitled to one vote on each proposal.

The required vote for each proposal is as follows:

Directors must receive a majority of the votes cast in order to be elected (that is, the number of shares voted for a director must exceed the number of shares voted against that director). If a nominee who is an incumbent director is not elected, and no successor is elected, such nominee must tender his or her resignation from the Board. For additional information, please see [Proposal 1: Election of Directors](#) on page 8.

The advisory vote to approve Trustmark's executive compensation will be approved if the votes cast in favor of the proposal exceed the votes cast opposing the proposal.

The ratification of the selection of Crowe Horwath LLP (Crowe Horwath) as independent auditor will be approved if the votes cast in favor of the proposal exceed the votes cast opposing the proposal.

While abstentions and broker non-votes are counted as shares present at the meeting for purposes of determining a quorum, they are not otherwise counted and, therefore, will have no effect on the outcome of the election of directors or any other proposal.

Applicable rules determine whether proposals presented at shareholder meetings are considered routine or non-routine. If a proposal is considered routine, a bank, broker or other holder of record which holds shares for an owner in street name generally may vote on the proposal without receiving voting instructions from the beneficial owner. If a proposal is non-routine, the bank, broker or other holder of record generally may vote on the proposal only if the beneficial owner has provided voting instructions. A broker non-vote occurs when a broker or other entity returns a signed proxy card but does not vote shares on a particular proposal because the proposal is not a routine matter and the broker or other entity has not received voting instructions from the beneficial owner of the shares. The ratification of the selection of Crowe Horwath as independent auditor is considered a routine matter, while the other proposals, i.e., the election of directors and the advisory vote to approve Trustmark's executive compensation, are considered non-routine matters.

All valid proxies received by Trustmark will be voted in accordance with the instructions indicated in such proxies. As noted above, if you hold your shares through a bank, broker or other holder of record and you do not give voting instructions, your bank, broker or other record holder of the shares is not permitted to vote your shares on any proposal other than Proposal 3, which is the only routine proposal on the agenda. If no instructions are indicated in an otherwise properly executed proxy, it will be voted FOR the director nominees named in Proposal 1, FOR advisory approval of Trustmark's executive compensation in Proposal 2, FOR ratification of the selection of Crowe Horwath as independent auditor in Proposal 3 and on all other matters in accordance with the recommendations of the Board.

How to Vote

Shareholders of record can vote in person at the Annual Meeting or by proxy without attending the Annual Meeting. To vote by proxy:

- (1) Vote by Internet (instructions are on the Notice of Internet Availability or the proxy card), or
- (2) If you received a printed copy of this proxy statement, complete the enclosed proxy card and sign, date and return it in the enclosed postage-paid envelope.

If you hold your shares through a bank, broker or other holder of record, your bank, broker or agent will provide you with materials and instructions for voting your shares. If you hold your shares through a bank, broker or other holder of record, and you plan to vote in person at the Annual Meeting, you should contact your bank, broker or agent to obtain a legal proxy or broker's proxy card and bring it to the meeting in order to vote in person.

You will receive multiple Notices of Internet Availability or printed copies of the proxy materials if you hold your shares in different ways (e.g., individually, by joint tenancy, through a trust or custodial account, etc.) or in multiple accounts. Please vote the shares represented by each Notice of Internet Availability or proxy card you receive to ensure that all of your shares are voted.

Revoking Your Proxy

If you are a shareholder of record, you may revoke your proxy at any time before it is voted by written notice to the Secretary, by revocation at the meeting, by delivery to the Secretary of a subsequently dated proxy card or by submitting a later vote by Internet (instructions are on the Notice of Internet Availability or the proxy card). In the case of multiple submissions regarding the same shares, the proxy with the latest date will be counted. The address for the Secretary is c/o Trustmark Corporation, Post Office Box 291, Jackson, MS 39205.

If you hold your shares through a bank, broker or other holder of record and you do not plan to vote in person at the Annual Meeting, you should contact your bank, broker or agent to revoke your proxy or change your vote.

Voting on Other Matters

The Board is not aware of any additional matters to be brought before the meeting. If other matters do come before the meeting, the persons named in the accompanying proxy or their substitutes will vote the shares represented by such proxies in accordance with the recommendations of the Board.

CORPORATE GOVERNANCE

Overview

Trustmark's governance structure enables the Board to effectively and efficiently address key, specific issues such as business growth, human capital, enterprise risk management and technology, among others. This is accomplished through five standing Board committees and through the effective utilization of the directors' combined wisdom and diverse experience and business knowledge.

The role of the Board is to foster Trustmark's long-term success consistent with its fiduciary responsibilities to shareholders. As part of this role, Trustmark's Board is responsible for:

Providing strategic guidance and oversight,

Acting as a resource on strategic issues and in matters of planning and policy-making,

Ensuring that management's operations contribute to Trustmark's financial soundness,

Promoting social responsibility and ethical business conduct,

Providing insight and guidance on complex business issues and problems in the banking and financial services industries,

Monitoring risks facing Trustmark and providing oversight of Trustmark's stress testing and other risk evaluation processes,

Ensuring that an effective system is in place to facilitate the selection, succession planning and compensation of the Chief Executive Officer (CEO), and

Ensuring Trustmark's compliance with all relevant legal and regulatory requirements.

Table of Contents

Key Features of Trustmark's Corporate Governance

Trustmark's governance structure has a number of key features that are designed to ensure effective and efficient oversight of the company, including all of the following:

Eleven of the fourteen current members of the Board are independent.

Directors are required to retire at the age of 70.

Directors are required to own a minimum of 8,000 shares of Trustmark stock within five years of being elected.

The Board has adopted, and annually reviews, formal charters for the Board and its committees to address the governance guidelines and responsibilities of each.

Trustmark separates the roles of CEO and the Board Chairman, who is independent.

Directors must notify Trustmark of changes in professional responsibilities and residence and are expected to comply with a directors' attendance policy.

The Board has adopted codes of conduct/ethics for directors, senior financial officers (including the CEO) and associates.

The Board has the authority to seek advice or counsel from external advisors as needed.

Trustmark has a CEO succession planning process to promote continuity of leadership and an orderly transition upon the CEO's retirement or other termination of employment.

The Executive Committee of the Board reviews the corporate governance structure and annually evaluates each director's performance against specific performance criteria designed to evaluate the director's contributions to the Board's deliberations and processes.

The Code of Conduct for Trustmark Directors, Code of Ethics for Senior Financial Officers of Trustmark, Code of Ethics and Procedure to Report Violations of Law or Accounting or Audit Irregularities (Whistleblower Procedures) are available on Trustmark's website at www.trustmark.com under *About Us/Investor Relations/Corporate Governance/Governance Documents* or may be obtained, without charge, by written request addressed to the Secretary, Trustmark Corporation, Post Office Box 291, Jackson, MS 39205. Trustmark intends to provide required disclosure of any amendment to or waiver of its codes of conduct/ethics that applies to the principal executive officer,

principal financial officer, principal accounting officer or controller, or persons performing similar functions, on www.trustmark.com under *About Us/Investor Relations/Corporate Governance/Governance Documents* promptly following any such amendment or waiver. Trustmark may also elect to disclose any such amendment or waiver in a report on Form 8-K filed with the Securities and Exchange Commission (SEC). The information contained on or connected to Trustmark's website is not incorporated by reference in this proxy statement and should not be considered part of this or any other document that Trustmark files with the SEC.

Meetings of the Board of Directors

The Board met six times in 2017. Each director attended at least 75% of the total number of meetings of the Board and Board committees of which the director was a member in 2017.

The Board generally meets jointly with the Board of Directors of Trustmark National Bank (Bank Board). In 2016, the Board undertook a review of the structure of the Board and the Bank Board and determined that Trustmark's overall governance would be enhanced by aligning membership on the two Boards. The Board also felt that alignment between the two Boards was a prevailing best practice amongst comparable financial institutions, and it further determined that adding the members of the Bank Board who were not then also serving on the Board as directors of Trustmark would help ensure adequate Board leadership in view of the expected retirement of a number of Board members over the next few years. To facilitate this alignment, four new directors, Mr. Brown, Mr. Compton, Dr. Hays and Mr. Harry M. Walker, who are Bank Board members, were elected to the Board at the 2017 annual meeting of shareholders.

Director Attendance at the Annual Meeting

Directors are expected to attend the annual meeting of shareholders, and in 2017, all directors and nominees were present.

Director Independence

The Board has determined that the following directors and director nominees are independent directors (within the meaning of Rule 5605(a)(2) of the NASDAQ Listing Rules):

Adolphus B. Baker	Tracy T. Conerly	John M. McCullough	R. Michael Summerford
William A. Brown	Toni D. Cooley	Harris V. Morrisette	LeRoy G. Walker, Jr.
James N. Compton	J. Clay Hays, Jr., M.D.	Richard H. Puckett	

John M. McCullough has reached the mandatory retirement age and will, therefore, not stand for reelection at the Annual Meeting.

Table of Contents

In conjunction with these independence determinations, the Board considered the relationships, including through business affiliates, that (i) Messrs. Brown and Puckett, Dr. Hays, Mrs. Conerly and Ms. Cooley have as customers of Trustmark National Bank (the Bank) and its subsidiary, Fisher Brown Bottrell Insurance, Inc. (Fisher Brown Bottrell) and (ii) Messrs. Baker, Brown, Compton, Puckett and Dr. Hays have as customers of the wealth management and trust services division of the Bank. In each case, the Board concluded that the business relationship did not interfere with the individual's ability to exercise independent judgment as a director of Trustmark.

Board Leadership

Under Trustmark's governance guidelines, which are contained in the Board Charter, the Board has the responsibility to determine the most appropriate leadership structure for the company, including whether it is best for the company at a given point in time for the roles of Board Chairman and CEO to be separate or combined. Since May 2011, Trustmark has had an independent Board Chairman. At this time, the Board believes that maintaining separate Board Chairman and CEO positions permits Mr. Host to focus on managing Trustmark's business operations in his role as CEO while Mr. Summerford, as Board Chairman, maintains responsibility for leading the Board in its oversight function and consideration of broader corporate strategy. As an independent Board Chairman, Mr. Summerford, who has a broad business background and has developed extensive managerial and leadership skills through his business career, can provide guidance to the CEO, set the agenda for Board meetings (in consultation with the CEO and other members of the Board), preside over meetings of the Board, and serve as the primary communicator between the directors and the CEO. The Board believes that this leadership structure provides the appropriate balance between strategic development and independent oversight of management and that it is the most efficient and effective leadership structure for Trustmark at this time. This separation of the roles also fosters greater independence between the Board and management.

In the future, if the CEO were to also serve as Board Chairman, the governance guidelines contained in Trustmark's Board Charter provide that the independent chairman of the Executive Committee would serve as the Board's Lead Director with primary responsibility for chairing meetings. The Lead Director would also be responsible for referring to the appropriate Board committee any issue brought to his attention by shareholders, directors or others and for serving as the primary communicator between the directors and the CEO. The Board Charter is posted on Trustmark's website at www.trustmark.com under *About Us/Investor Relations/Corporate Governance/Governance Documents/Board Charter*.

Committees of the Board of Directors

There are five standing Board committees: Audit & Finance, Enterprise Risk, Executive, Human Resources and Nominating. All of these Board committees, other than the Nominating Committee, are joint committees of the Board and the Bank Board. The Audit & Finance, Human Resources and Nominating committees are comprised solely of independent directors and otherwise satisfy the requirements applicable to such committees under NASDAQ listing standards.

Audit & Finance Committee

The Audit & Finance Committee is responsible for, among other things, the appointment, compensation and retention of the external auditor, oversight of audit activities, financial reporting and legal and regulatory compliance, as well as review and approval of Trustmark's annual financial plan. The Committee regularly meets with the external and internal auditors without management present. The Audit & Finance Committee Charter is posted on Trustmark's website at www.trustmark.com under *About Us/Investor Relations/Corporate Governance/Governance Documents/Audit & Finance Committee Charter*.

Enterprise Risk Committee

The Enterprise Risk Committee is responsible for monitoring risks that are being taken by Trustmark, understanding the enterprise-wide effect of those risks and reporting on such risks to the Board. The Committee also provides important oversight regarding stress testing and other risk evaluation processes and receives reports from the Board's other committees about risks that are under the committees' specific purview.

Executive Committee

The Executive Committee acts on behalf of the Board if a matter requires Board action before a meeting of the Board can be held. The Committee provides guidance to management on the strategic planning process and issues of strategic importance including business growth and expansion, material transactions and technology. Additionally, the Committee is responsible for reviewing the corporate governance structure and annually evaluating each director's performance against specific performance criteria designed to evaluate the director's contributions to the Board's deliberations and processes. The Committee is also responsible for approving the Dodd-Frank Wall Street Reform and Consumer

Table of Contents

Protection Act (Dodd-Frank Act) stress test submission and monitoring progress relative to Trustmark's long-term strategic and financial objectives.

Human Resources Committee

The Human Resources Committee is responsible for overseeing the development of a program to compensate Trustmark's management in accordance with Trustmark's compensation philosophy and objectives. The committee also ensures that appropriate policies and practices are in place to facilitate the development of management talent, orderly CEO succession planning and corporate social responsibility.

All members of the Committee during 2017 and currently are non-employee directors within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 (the Exchange Act), outside directors within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as in place prior to the passage of the Tax Cuts and Jobs Act of 2017 (TCJA), and independent directors within the meaning of Rule 5605(a)(2) of the NASDAQ listing rules. The Human Resources Committee Charter is posted on Trustmark's website at www.trustmark.com under *About Us/Investor Relations/Corporate Governance/Governance Documents/Human Resources Committee Charter*.

Nominating Committee

The Nominating Committee is charged with seeking, interviewing and recommending to the Board qualified candidates for Board and committee membership. The Nominating Committee Charter is posted on Trustmark's website at www.trustmark.com under *About Us/Investor Relations/Corporate Governance/Governance Documents/Nominating Committee Charter*.

Board Oversight of Risk Management

Trustmark believes that its governance and leadership structures allow the Board to provide effective risk oversight. In addition to the reports from the Enterprise Risk Committee, Trustmark's directors receive and discuss regular reports prepared by Trustmark's senior management, including the Chief Financial Officer and the Chief Risk Officer. Through these reports, Trustmark's directors receive information on areas of material risk to the company, including credit, liquidity, market/interest rate, compliance, operational, technology, strategic, financial and reputational risks, and these reports enable Trustmark's directors to understand the risk identification, risk management and risk mitigation strategies employed by Trustmark's management and the Enterprise Risk Committee. The Board and the Enterprise Risk Committee will request supplemental reports from Trustmark's management with regard to risk management and risk mitigation strategies as appropriate. This reporting and governance structure ensures information from the Enterprise Risk Committee, the other committees of the Board and the Bank Board, and management is analyzed and reported to the Board, and enables the Board and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

Communications with Directors

Shareholders desiring to contact Trustmark's Board may do so by sending written correspondence to Board of Directors, Trustmark Corporation, Post Office Box 291, Jackson, MS 39205 or by email to boardofdirectors@trustmark.com. Communications will be referred to the Chairman of the Executive Committee, who will determine the appropriate committee to receive the communication and take any action deemed necessary by that committee.

Pursuant to Trustmark's Whistleblower Procedures, any violations of law or complaints or concerns regarding accounting or auditing matters should be reported to (i) Trustmark's independent online reporting center at www.reportlineweb.com/Trustmark, (ii) Trustmark's independent Hotline at 1-866-979-3769 or (iii) Trustmark's Ethics Committee Chair at 601-208-6867. Complaints will be investigated by Trustmark's General Counsel and Director of Audit and reported to the Audit & Finance Committee.

Nomination of Directors

Nominations for election to the Board may be made by or on behalf of the Board or by any shareholder of any outstanding class of capital stock of Trustmark entitled to vote in the election of directors at an annual meeting.

Nominations other than those made by or on behalf of the Board must be made in accordance with procedures set forth in Trustmark's bylaws. These procedures require that such nominations be in writing and that they be delivered or mailed to Trustmark's Chairman and received (a) not less than 60 days nor more than 90 days prior to the first anniversary of the mailing date of Trustmark's proxy statement in connection with the last annual meeting of shareholders, or (b) if no annual meeting was held in the prior year or the date of the annual meeting has been changed by more than 30 days from the date of the prior year's annual meeting, not less than 90 days before the date of the annual meeting. The bylaws also require that such notification contain the following information to the extent known to the notifying shareholder: (a) the name and address of each proposed nominee, (b) the principal occupation of each proposed nominee, (c) the total number of shares of capital stock of Trustmark that will be voted for each proposed nominee, (d) the name and residence address of the notifying shareholder, (e) the number of shares of capital stock of Trustmark owned by the notifying shareholder, (f) such other information regarding such proposed nominee as would be required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had the proposed nominee been nominated by the Board, (g) a representation that the notifying shareholder is the owner of shares entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to nominate the proposed nominee, and (h) the written consent of each proposed nominee to serve as a director of Trustmark if so elected.

Nominations not made in accordance with the above bylaw procedure may be disregarded by the Chairman of the annual meeting at his discretion, and upon his instruction, all votes cast for each such nominee may be disregarded.

Trustmark's bylaws permit direct nominations by shareholders. Therefore, the Nominating Committee does not have a policy for considering nominations by shareholders other than through the bylaw process outlined above. However, if a shareholder wishes to recommend an individual for Board service, rather than directly nominate the individual as set forth above, the shareholder may submit the individual's name to the Nominating Committee in writing addressed to Trustmark Corporation Nominating Committee, Post Office Box 291, Jackson, MS 39205 or by email to boardofdirectors@trustmark.com. In order to give the Nominating Committee adequate time to consider any such individual for nomination as a director at the 2019 Annual Meeting of Shareholders, such recommendations should be delivered no later than October 1, 2018. In considering an individual recommended by a shareholder but not directly nominated, the Nominating Committee will use the same guidelines as set forth in the Director Qualifications section below.

When identifying potential candidates for director nominees, the Nominating Committee may solicit suggestions from incumbent directors, management or others. All nominees at the Annual Meeting are current Board members.

Director Qualifications

The Board believes that in order to appropriately carry out its roles, directors must demonstrate a variety of personal traits, leadership qualities and individual competencies. In considering nominees submitted by the Board or management and any recommendations submitted by shareholders, the Nominating Committee will use these personal traits, leadership qualities and individual competencies to assess future director nominees' suitability for Board service. The Nominating Committee also evaluates each director nominee's qualities in the context of how that nominee would relate to the Board as a whole, in light of the Board's current composition and Trustmark's evolving needs.

Although Trustmark has no formal policy regarding diversity, the Nominating Committee believes that the Board should include directors with diverse skills, experience and business knowledge, and whose backgrounds, ages, geographical representation and community involvement contribute to an overall diversity of perspective that enhances the quality of the Board's deliberations and decisions. The Nominating Committee may consider these factors as it deems appropriate in connection with the general qualifications of each director nominee.

Table of Contents***Personal Traits***

Board service is an extremely important, high profile role and carries with it significant responsibility. For that reason, it is important that all directors possess a certain set of personal traits, including:

Personal and Professional Integrity
Accountability
Informed Business Judgment
Mature Confidence

High Performance Standards
Initiative and Responsiveness
Business Credibility

Leadership Qualities

For individuals considered for Board leadership roles, the following skill sets are required:

Communication Skills
Crisis Management Skills

Facilitation Skills

Specific Director Experience, Qualifications, Attributes and Skills

The Board believes that each person nominated for election at the Annual Meeting possesses the personal traits described above and that each director nominee who has served in a position of Board leadership also demonstrates the additional leadership qualities described above. In considering the director nominees' individual competencies, the Board believes that the appropriate competencies are represented for the Board as a whole and for each of the Board's committees. In addition, each nominee possesses characteristics that led the Board to conclude that such person should serve as a director. The specific experience, qualifications, attributes and skills that the Board believes each nominee possesses are discussed under Proposal 1 in the table entitled "The Nominees," beginning on page 8.

Table of Contents**PROPOSAL 1: ELECTION OF DIRECTORS**

The Board has fixed the number of directors for the coming year at 13. John M. McCullouch, a current director who has served on the Board since 2005, has reached the Board's mandatory retirement age and is not eligible to stand for re-election to the Board at the Annual Meeting. Mr. McCullouch's service as a director will end at the Annual Meeting. The nominees listed herein have been proposed by the Board for election at the Annual Meeting. Shares represented by valid proxies will, unless authority to vote is withheld, be voted in favor of the proposed slate of 13 nominees. Directors must receive a majority of the votes cast in order to be elected (that is, the number of shares voted for a director must exceed the number of shares voted against that director). If a nominee who is an incumbent director is not elected to the Board, and no successor is elected, such nominee must tender his or her resignation to the Board. The Nominating Committee will then make a recommendation to the Board on whether to accept or reject the resignation, or whether to take other action. The director who tenders his or her resignation may not participate in the recommendation of the Nominating Committee or the decision of the Board with respect to his or her resignation. Each director is elected to hold office until the next annual meeting of shareholders or until a successor is elected and qualified.

The Board recommends that shareholders vote for the proposed nominees.

The Nominees

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Guiding Philosophy. The guiding philosophy of the Human Resources Committee of the Board (the Committee) is to attract and retain highly qualified executives and to motivate them to maximize shareholder value while managing risk appropriately and maintaining the safety and soundness of the organization. The Committee believes that executive compensation should be linked to Trustmark's performance and significantly aligned with both the short-term and long-term interests of Trustmark's shareholders. The Committee also believes that executive compensation should be designed to allow Trustmark to recruit, retain and motivate employees who play a significant role in the organization's current and future success. Further, compensation policies and practices should be designed to help develop management talent, promote teamwork among, and high morale with, executive management, establish effective corporate governance, and set compensation at competitive levels.

Trustmark's compensation policies and practices reflect the Committee's guiding philosophy, as shown below.

What we do:

Substantial portion of executive pay based on performance against goals set by the Board
 Stock ownership requirements for executive officers
 Independent compensation consultant regularly advises the Committee
 Minimum vesting periods of not less than three years for equity awards
 Clawback provisions that permit Trustmark to recover incentive-based compensation under certain circumstances
 Use of peer company data to help set executive compensation
 Annual advisory votes on executive compensation

What we don't do:

No automatic or guaranteed annual salary increases
 No guaranteed bonuses or guaranteed long-term incentive awards
 No tax gross-ups for executive officers
 No single-trigger change in control severance payments
 No hedging of Trustmark stock
 No excessive perquisites

Key Elements of Compensation. The following table summarizes key elements of Trustmark's executive compensation program and the primary objectives each element supports. The Committee believes these elements are standard compensation components for named executive officers (NEOs) at Trustmark's peer companies:

Key Elements of Compensation

Base salary

Objectives

Attract and retain highly qualified executives
 Reward prior performance, industry and job specific knowledge, experience and leadership ability

Annual cash bonuses	Reward achievement of annual corporate goals and, where applicable, line-of-business goals
Performance-based restricted stock	<p>Reward achievement of long-term objectives</p> <p>Create a direct link between management's performance and shareholder value</p> <p>Enable Trustmark to deduct a portion of executive compensation to the extent permitted under Section 162(m) of the Internal Revenue Code, which has been amended for future awards as described below</p>
Time-based restricted stock	<p>Align shareholder and management interests</p> <p>Balance retention goals against potential negative impact of economic issues outside the control of management on the ultimate earning of performance-based awards</p>

Table of Contents

Alignment Between Pay and Performance. Trustmark is committed to aligning the compensation of its executive officers with Trustmark's financial and operational performance. The Committee believes that its current executive compensation program is helping to achieve these goals by aligning compensation with Trustmark's performance. Key financial and core operating results for 2017 include the following:

net income (NI) (adjusted for significant non-routine transactions) totaled \$130.6 million, compared to \$115.3 million in 2016,

diluted earnings per share (adjusted for significant non-routine transactions) totaled \$1.92, compared to \$1.70 in 2016,

annual dividend to shareholders totaled \$0.92 per share,

return on average assets (adjusted for significant non-routine transactions) of 0.95%,

total assets increased to \$13.8 billion at December 31, 2017,

loans held for investment increased \$718.8 million, or 9.2%, and

provision for loan losses totaled 0.18% of average loans.

The net income, diluted earnings per share and return on average assets figures above have been adjusted for significant non-routine transactions and are non-GAAP financial measures. Reconciliations of these non-GAAP measures to comparable measures calculated in accordance with generally accepted accounting principles can be found under Part II, Item 7 in Trustmark Corporation's Annual Report on Form 10-K for the year ended December 31, 2017, filed with the SEC on February 20, 2018.

The Committee uses both annual incentive cash bonuses and equity awards to link executive pay with Trustmark's performance. Payouts under the annual management incentive plan are based on Trustmark's achievement of key corporate, strategic and line of business performance goals. A minimum achievement of 80% of the target is required to earn the minimum annual cash bonus, and Trustmark performance that exceeds the target results in higher bonus awards. In 2017, Trustmark's performance resulted in average payouts for the NEOs under the annual management incentive plan of 151%, out of a maximum potential payout of 200%. In recent years, cash bonuses under the annual management incentive plan have averaged approximately 30% of the CEO's and 26% of the other NEOs' total annual compensation.

Performance-based equity awards, which in 2017 represented approximately 20% (for the CEO) and 13% (for the other NEOs) of each NEO's total annual compensation, are earned based on Trustmark's achievement of return on average tangible common equity (ROATE) and total shareholder return (TSR), which includes dividends, compared to Trustmark's peer group over a three-year performance period. Trustmark's performance compared to its peer companies over the three years ended December 31, 2017 resulted in vesting of the performance-based restricted stock awards

granted in 2015 at a 70% performance-level, out of a maximum potential vesting of 200%. For the same three-year period, Trustmark ranked in the 31st percentile for ROATE and in the 51st percentile for TSR among the 21 peer companies utilized in Trustmark's 2015 performance-based restricted stock awards.

Time-based equity awards, which in 2017 represented approximately 10% of annual compensation (for the CEO) and 6% (for the other NEOs), further encourage a focus on long-term growth and financial success by aligning the interests of management and Trustmark's shareholders.

As a result of the structure of Trustmark's annual management incentive plan and its performance-based equity awards, the Committee believes that compensation paid to its NEOs is effectively aligned with Trustmark's performance. Average payouts of annual cash bonuses under the management incentive plan of 128% of the target amount for each of the NEOs for the past three years relates directly to Trustmark's achievement with respect to corporate and line of business budget targets for those years. Vesting of the performance-based equity awards of 70%, 96% and 63% for the three years ended December 31, 2017, 2016 and 2015, respectively, reflects how the amount of this incentive compensation earned depends entirely on Trustmark's performance compared to its peer companies.

2017 Say on Pay Vote. In 2017, the advisory shareholder vote on Trustmark's executive compensation received approval of over 98.8% of the votes cast on the proposal. In light of such strong support, during the remainder of 2017 and in 2018, the Committee has continued to apply the same compensation philosophy and practices that were described in the 2017 proxy statement in determining amounts and types of executive compensation.

Board and Committee Process. In considering appropriate levels of compensation for executives, the Committee takes into account Trustmark's performance and individual performance and experience, as well as peer and broader financial services industry comparisons (referred to as market data) and company affordability analysis. When deemed appropriate, the Committee will request that its independent compensation consultant, Pearl Meyer & Partners, LLC (Pearl Meyer), provide it with survey data of executive compensation for financial services companies that are comparable to Trustmark, generally based on line of business and asset size. The Committee does not request such market data from Pearl Meyer every year, and in years when such data is not requested, Trustmark will apply customary aging methods to estimate appropriate updates to salary data.

The Chairman of the Committee works with the CEO and the Human Resources department to establish the agenda for Committee meetings. The CEO and Human Resources department also interface with the Committee in connection with the Committee's executive compensation decision-making, providing comparative market data as well as making recommendations. The Committee periodically meets with the CEO and members of the Human Resources department

Table of Contents

to assess progress toward meeting objectives set by the Board for both annual and long-term compensation. The Committee also meets in executive session without management present when appropriate.

The Committee reviews all of the components of compensation in making determinations on the mix, amount and form of executive compensation. In making compensation decisions, the Committee seeks to promote teamwork among, and high morale within, executive management, including the NEOs. While the Committee does not use any quantitative formula or multiple for comparing or establishing compensation for executive management, it is mindful of internal pay equity considerations and assesses the relationship of the compensation of each executive to other members of executive management.

Role of the Compensation Consultant. In the past few years, the Committee has engaged Pearl Meyer to provide information, analyses and advice to aid in the determination of competitive non-employee director and executive pay consistent with Trustmark's compensation philosophy, and periodically to test Trustmark's pay-for-performance alignment. Pearl Meyer does not provide any consulting services to Trustmark other than to the Committee in connection with director and executive pay, and it maintains no other financial or other relationship with Trustmark. The Committee has assessed the independence of Pearl Meyer pursuant to SEC and NASDAQ rules and has concluded that the advice it receives from Pearl Meyer is objective and not influenced by other relationships that could be viewed as conflicts of interest.

With respect to Trustmark's compensation program for non-employee directors and executives for 2017, Pearl Meyer's services for the Committee included:

providing recommendations regarding executive compensation,

providing recommendations regarding the composition of Trustmark's peer group for 2017,

providing advice regarding the calculation of the ratio of the total compensation of Trustmark's median employee to the CEO's total compensation, and

reviewing drafts of this Compensation Discussion and Analysis.

Benchmarking. When determining the amount and form of compensation for executives, the Committee considers comparative executive compensation information provided by Pearl Meyer that is derived from two primary data sources: peer group data and market data from the banking and financial services industry. The Committee uses peer group data primarily to establish performance goals for long-term incentive awards to assist in the evaluation of its pay-for-performance alignment. The Committee also uses the peer group data and, as applicable, market survey data, to assist with assessing Trustmark's compensation competitiveness. Recognizing that comparative pay assessments have inherent limitations, due to the lack of precise comparability of executive positions between companies, as well as the companies themselves, the comparative data are used only as a guide and the Committee does not fix any NEO's compensation (or individual compensation elements) to a particular compensation level within this comparative data. In exercising its judgment to set pay levels, the Committee looks beyond the comparative data and also considers individual job responsibilities, individual performance, experience, compensation history (both at Trustmark and at prior employers in the case of newly hired associates), company performance and company goals.

Peer Group Data. The peer group data is gathered by Pearl Meyer from the proxy statements of a peer group of financial institutions in the United States. The peer group consists of a minimum of 15 financial institutions and is updated annually by the Committee, based on a process that includes recommendations from internal sources, including the Human Resources department, and external sources such as Pearl Meyer, to reflect the companies against which Trustmark competes for executive talent or for shareholder investment. The specific characteristics of the financial institutions comprising the peer group vary from year to year, but the companies are chosen based on a combination of various factors that include asset size and business mix. Additionally, the peer group is limited to financial institution with at least \$10 billion in total consolidated assets, as the Dodd-Frank Act and its implementing regulations impose various additional regulatory and operational requirements on bank holding companies with \$10 billion or more in total consolidated assets. 16 of the 18 companies comprising the peer group for the Committee's 2017 executive compensation determinations were included in the peer group used by the Committee for its 2016 determinations. For 2017, Trustmark's peer group was expanded to include First Midwest Bancorp, Inc. (FMBI) and United Community Banks, Inc. (UCBI). Both of these financial institutions had previously been included in Trustmark's peer group, but were removed in 2016 because their total consolidated assets were less than \$10 billion.

As of October 31, 2016, the 18 peer companies all had assets within a range of approximately 78% to 225% of Trustmark's asset size, which the Committee considers an appropriate range for comparison purposes. The specific asset sizes for the peer companies listed in the report presented to the Committee in November 2016 ranged from approximately \$10.3 billion to \$29.6 billion, and the market capitalizations ranged from approximately \$1.5 billion to \$4.8 billion. Although Trustmark's market capitalization and asset size were both substantially below the median for this peer group, the Committee felt it appropriate to limit the peer group to institutions with at least \$10 billion in total consolidated assets, as these institutions are subject to the same regulatory mandates as Trustmark.

Table of Contents

For 2017, Trustmark's peer group consisted of the following companies:

Company Name	Ticker	Company Name	Ticker	Company Name	Ticker
BancorpSouth, Inc.	BXS	Fulton Financial Corporation	FULT	UMB Financial Corporation	UMBF
Bank of Hawaii Corporation	BOH	Hancock Holding Company	HBHC	Umpqua Holdings Corporation	UMPQ

First Midwest Bancorp, Inc.	FMBI	Prosperity Bancshares, Inc.	PB	Webster Financial Corporation	WBS

Market Data. In making its 2017 compensation recommendations, the Committee considered market data comparisons previously prepared by Pearl Meyer for 2014, including an analysis of the 25th, 50th (median) and 75th percentile of the compensation for base salary (aged forward using a predetermined factor), annual cash incentive, long-term equity incentives and the total of these elements as a point of reference for each NEO. In light of the extensive review and analyses of Trustmark's executive compensation conducted in 2013 for 2014 compensation, as well as overall industry and economic stability, the Committee did not engage Pearl Meyer to provide updated market data for 2017. The Committee intends to seek updated data periodically as part of its overall strategy for monitoring Trustmark's compensation competitiveness. In August 2017, at the request of the Committee, Pearl Meyer prepared an updated report on market data, the competitiveness of Trustmark's executive compensation, and alignment of pay with performance. The Committee took this report into consideration as part of its process for determining compensation for 2018.

Compensation Mix. The Committee does not target a specific allocation among the various compensation components. Generally, more than one-half of the CEO's compensation is contingent on performance, and approximately one-half of the compensation provided to the other NEOs is contingent on performance. In allocating compensation among salary, bonus and equity-based compensation, the Committee believes that the compensation of the senior-most levels of management with the greatest ability to influence Trustmark's performance should be significantly performance-based, while lower levels of management should receive a greater portion of their compensation in base salary. The Committee also makes allocations between short-term and long-term compensation for NEOs.

The approximate percentages of salary, bonus and equity-based (using grant date fair value) compensation compared to the total of such compensation (referred to as total annual compensation) for 2017 for the NEOs were as follows:

Name	Base Salary %	Cash Bonus %	Equity Award %
Gerard R. Host	34%	36%	30%
Louis E. Greer	48%	32%	20%

James M. Outlaw, Jr.	48%	31%	21%
Wayne A. Stevens	49%	30%	21%
Breck W. Tyler (1)	38%	47%	15%

(1) In addition to the annual cash bonus opportunity under the management incentive plan, Mr. Tyler receives a quarterly production bonus based on the mortgage department's production. Both bonuses are reflected in the data above. For additional information on Mr. Tyler's compensation, please see the discussion on page 19.

Consistent with its executive compensation philosophy and goals, in 2017, the Committee provided that for the senior-most levels of management 100% of annual cash incentive payments and 67% of long-term equity-based awards would be determined based on achievement of performance targets.

Base Salaries. Trustmark's goal is to provide its executive management with fixed cash compensation in the form of base salary that will attract and retain highly qualified executives. Trustmark also uses base salary to reward top performance, industry and job specific knowledge, experience and leadership ability. The base salaries for Trustmark's NEOs are typically established in the first quarter of the year after Trustmark's financial information and performance results from the previous year are available, although mid-year adjustments are made occasionally to reflect changes in responsibility or other developments.

In establishing the CEO's base salary, the Committee typically considers Pearl Meyer's recommendations based on an analysis of peer group data and market data and also considers internal data provided by human resources personnel and the CEO's individual performance and contributions relative to Trustmark's corporate goals. In establishing base salaries of Trustmark's other NEOs, the Committee typically considers the recommendations of the CEO, which are based on individual responsibility level, individual and company performance, total compensation histories for each NEO, the market data provided by Pearl Meyer for similar positions and a general understanding of executive compensation in the financial services industry. The CEO evaluates the other NEOs' performance using the same metrics normally used for determining annual incentive plan awards. The Committee considers each of these factors but does

Table of Contents

not assign a specific value to any of them. The Committee's process also involves a subjective component in evaluating each NEO's overall span of responsibility and control, knowledge and leadership ability.

For 2017, the Board approved a 2% increase in base salary for Messrs. Host and Greer, and the Bank Board approved a 2% increase in base salary for Messrs. Outlaw, Stevens and Tyler. The base salaries in effect during 2016 and 2017 were as shown below:

	2017	2016	
	Base Salaries	Base Salaries	% Change
Name	(\$)	(\$)	(%)
Gerard R. Host	\$759,492	\$744,600	2%
Louis E. Greer	\$374,544	\$367,200	2%
James M. Outlaw, Jr.	\$338,130	\$331,500	2%
Wayne A. Stevens	\$347,015	\$340,211	2%
Breck W. Tyler	\$312,120	\$306,000	2%

Cash Bonuses. The Committee typically awards cash bonuses utilizing a structured, objective approach based upon the achievement of performance objectives set forth in an annual management incentive plan. Cash bonuses constitute the largest cash component tied specifically to company performance.

Annual Management Incentive Plan. At the beginning of each year, Trustmark develops a bonus matrix for the management incentive plan. The performance goals are keyed to various corporate, strategic and, where applicable, line of business objectives, and the performance results at or slightly above the target levels are intended to be achievable, but challenging. The CEO recommends the bonus matrix to the Committee, including overall incentive target payout levels for each NEO, stated as a percentage of base salary. The CEO also recommends the performance measures, such as NI, ROATE, credit quality measures and non-interest expense and the weightings to be assigned to the performance measures for each NEO.

The Committee reviews the CEO's recommendations along with, as applicable, market data to ensure that proposed target payout levels provide an appropriate opportunity to earn bonuses and are competitive with the companies in Trustmark's peer group. The Committee then makes a recommendation to the Board for approval. In making its recommendation, the Committee may consider events outside the influence or control of the NEOs and may adjust the performance goals to exclude the effect of these events. The Committee did not include any such adjustments when recommending the performance goals for 2017.

After the target levels and performance goals and weightings have been approved by the Board, the Committee retains the discretion to adjust the target levels and performance goals and weightings during the year, on an individual or group basis, if the Committee determines additional adjustments are appropriate for this purpose. The Committee did not make any such adjustments during 2017. Following the end of a year, the Committee also has discretion to increase or decrease the amount of an award earned under the plan, change the individual weightings or adjust the threshold payout level and minimum performance goals, including when the minimum performance goals are not achieved.

The following are the primary features of the management incentive plan:

uses NI as a primary corporate goal to focus on measures for which executives have direct accountability, includes corporate strategic operational drivers, with a weighting of at least 10% for each goal, includes line of business performance goals for revenue, non-interest expense, criticized loans as a percentage of total loans (excluding acquired loans) and net income to mitigate incentive risks and reflect total performance of the business unit, and includes a range of potential payouts from 50% to 200% of target payout level to make the incentive payouts variable relative to performance.

The following table shows the threshold, target and potential maximum bonus payout levels established for each NEO under the management incentive plan, expressed as a percentage of base salary, for 2017:

Name	Potential Maximum			
	Below Threshold	Threshold Bonus	Target Bonus	Bonus Payout Level
	Bonus Payout Level	Payout Level	Payout Level	Level
	(as percentage of salary) (1)	(as percentage of salary)	(as percentage of salary)	(as percentage of salary)
Gerard R. Host (2)	---	35.0%	70%	140%
Louis E. Greer	---	22.5%	45%	90%
James M. Outlaw, Jr.	---	22.5%	45%	90%
Wayne A. Stevens	---	22.5%	45%	90%
Breck W. Tyler	---	20.0%	40%	80%

(1) If performance is below the threshold level for each of an NEO's goals under the management incentive plan, no bonus is earned under the plan absent exercise of discretion by the Committee.

(2) Mr. Host's overall target bonus payout level is established in his employment agreement.

Table of Contents

For 2017, overall incentive targets for NEOs were allocated among corporate performance goals, strategic operational drivers and, for NEOs working in specific lines of business, line of business goals. The following table shows the weightings of these goals for each NEO for 2017:

	Corporate	Strategic	Line of Business
Name	Performance Goals	Operational Drivers	Goals
Gerard R. Host	70%	30%	---
Louis E. Greer	70%	30%	---
James M. Outlaw, Jr.	70%	30%	---
Wayne A. Stevens	30%	---	70%
Breck W. Tyler	30%	---	70%

For 2017, the threshold and maximum performance levels continue to reflect the uncertainty of achieving the goals and provide variability in pay for changes in performance while also requiring high performance to reach the maximum payout level. For the 2017 bonus matrix, the Committee recommended and the Board approved the following threshold and maximum performance levels for the NEOs:

	Threshold	Maximum
	Performance Level	Performance Level
Performance Goal	(as percentage of performance goal)	(as percentage of performance goal)
<u>Corporate Performance Goals:</u>		
NI	80%	120%
ROATE	80%	120%
<u>Corporate/Strategic Operational Drivers:</u>		
Total revenue (net interest income + non-interest income)	85%	115%
Non-interest expense	110%	90%
Non-performing assets/total loans + ORE	120%	80%
<u>Line of Business Goals:</u>		
Total revenue	85%	115%
Non-interest expense	110%	90%
Criticized loans/total loans	120%	80%
Net income	80%	120%

Depending on achievement against the stated goals, the payout percentage, if any, for 2017 could range from a level of 50% of the target bonus payout (for threshold performance achievement) to a level of 100% (for target performance achievement) to a level of 200% (for maximum performance achievement). If performance is below the threshold level for each of an NEO's goals under the management incentive plan, no bonus is earned under the plan absent exercise of discretion by the Committee.

In early 2018, the Committee reviewed Trustmark's performance compared to the performance goals established under the management incentive plan for 2017. In calculating NI for 2017 for purposes of the management incentive plan, the Committee decided to exclude significant non-routine transactions which impacted reported NI unfavorably by approximately \$25 million. These significant non-routine transactions included the re-measurement of deferred taxes due to the reduction in the federal income tax rate related to the enactment of the TCJA, the elimination of a deferred tax valuation allowance, as well as other non-routine transactions. These non-routine transactions are considered non-GAAP measures and a reconciliation of these measures to their comparable GAAP measures can be found under Part II, Item 7 in Trustmark's Annual Report on Form 10-K for the year ended December 31, 2017 filed with the SEC on February 20, 2018. In addition, the Committee decided to exclude the non-budgeted benefit of negative provisioning for acquired loans and a provision for Hurricane Harvey, which impacted reported NI favorably by approximately \$3.5 million after-tax. Accordingly, the Committee and the Board approved an adjustment to NI, as reported, to exclude the significant non-routine transactions and unbudgeted loan loss provisions, for purposes of determining achievement against NI performance goals.

The Committee determined bonus payments for each NEO by applying the relevant weighting to the achievement of the applicable performance goals for each NEO. The bonus amounts for all NEOs were approved by the Committee and by the Bank Board in February 2018. On or about March 15, 2018, Trustmark will pay the following annual cash bonuses for 2017 performance under the management incentive plan:

	Total 2017 Annual Cash	Total Annual Cash	2017 Performance Achieved
		Bonus Paid as Percentage of	as
	Bonus Paid	Base Salary (1)	Percentage of Target (2)

(1) Calculated using base salary as of March 1, 2017.

(2) Performance achieved can range from 0% to a maximum of 200%, with target performance achievement being 100%. If performance achievement is below 50% for an NEO, no bonus is earned under the plan absent exercise of discretion by the Committee.

These 2017 annual cash bonus amounts are presented as Non-Equity Incentive Plan Compensation for 2017 in the Summary Compensation Table for 2017 on page 25, including Mr. Tyler's mortgage production bonus.

Mortgage Production Bonus. In recognition that a quarterly production bonus is very common for executives in mortgage banking, and in an effort to remain competitive with Trustmark's peer companies, Mr. Tyler receives a quarterly production bonus based on the mortgage department's production, in addition to the annual cash bonus under the management incentive plan. Mr. Tyler's production bonus is based on a percentage of total mortgage production above a threshold production level each quarter for mortgages that conform to the Bank's origination guidelines, subject to an annual cap. The specific formula is not publicly disclosed for competitive reasons.

Equity-Based Compensation. Equity-based awards generally constitute the largest non-cash component of each NEO's total compensation package. In setting the amount of annual equity-based awards, the Committee takes into account levels of long-term equity-based compensation, and pay mix data, at its peer companies, based on input from Pearl Meyer. All members of the Executive Strategy Committee (other than the CEO), which includes Messrs. Greer, Outlaw and Stevens, receive the same annual equity-based award and all other members of executive management receive the same slightly smaller annual equity-based award. In establishing award levels, the Committee generally does not consider the equity ownership levels of the recipients or prior awards that are fully vested. Equity-based awards and the related performance goals for NEOs are recommended by the Committee and approved by the Board generally during the first quarter of each year. Awards are typically made as early as practicable in the year to maximize the time-

Table of Contents

period for achieving performance goals associated with the awards. Equity-based awards are granted under the Trustmark Corporation Amended and Restated Stock and Incentive Compensation Plan (Amended and Restated Stock Plan).

At the time of the grant of each award, performance-based equity awards represent 67% of the total award and time-based equity awards represent 33%. The Committee believes that performance-based restricted stock provides an effective means of delivering incentive compensation, a reward for achievement of long-term objectives and an effective means of executive retention, with normal vesting not occurring for three years. The Committee also believes that time-based restricted stock grants, which vest in three years, provide a balanced retention element against the negative impact of economic issues outside the control of management on the ultimate earning of performance-based awards.

Performance-based Awards. The performance-based equity awards consist of a dual award of restricted stock and an equal number of restricted stock units. The restricted stock vests based on performance over a three-year period up to 100%, and the restricted stock units vest based on performance over the same three-year period exceeding 100% (up to a maximum of 200%). To the extent earned, the restricted stock units are settled in unrestricted shares issued after the performance period ends.

The performance-based restricted stock and restricted stock unit awards granted in 2017 vest based on the achievement of target percentages related to ROATE (50%) and TSR (50%), compared to Trustmark's peer group. The performance goals are scaled so that the recipient can receive a partial award in the event that acceptable, but not the target, results are achieved and so that performance above the target level yields higher awards. For each of ROATE and TSR, the threshold performance level is reached at the 30th percentile compared to the peer group, with 50% vesting occurring at the 50th percentile and 100% vesting occurring at the 75th percentile. The performance period began January 1, 2017, and continues through December 31, 2019. If a greater than 100% vesting level with respect to the ROATE and TSR targets is achieved in the aggregate (with the maximum being 200%) for an executive who remains employed for the entire performance period, the restricted stock unit portion of the award will be earned to the extent of such vesting above 100%. Any restricted stock units earned will be settled or issued during the first 2 1/2 months of 2020.

The executive generally must remain employed by Trustmark through the end of the performance period for the restricted stock and restricted stock units to vest fully (to the extent earned). No interest is paid on the accumulated dividends. No dividend equivalents are accumulated on the restricted stock unit portion of the award.

Time-based Awards. The time-based awards granted in 2017 vest 100% at February 16, 2020, if the executive remains employed through such date (subject to certain exceptions). Dividends on any time-based restricted stock are accumulated and will vest and be paid only when and to the extent the shares to which they relate vest, subject to a six-month delay when required by Section 409A.

The following table reflects the grant date fair values of the performance-based restricted stock and restricted stock unit awards and time-based restricted stock awards granted to the NEOs in 2017:

Name	Value of	Value of	Value of	Total
	Performance-Based	Performance-Based	Time-Based	(\$)

	Shares	RSUs (1)	Shares	
	(\$)	(\$)	(\$)	
Gerard R. Host	\$433,004	\$ --	\$219,239	\$ 652,243
Louis E. Greer	\$ 99,924	\$ --	\$ 50,607	\$ 150,531
James M. Outlaw, Jr.	\$ 99,924	\$ --	\$ 50,607	\$ 150,531
Wayne A. Stevens	\$ 99,924	\$ --	\$ 50,607	\$ 150,531
Breck W. Tyler	\$ 79,973	\$ --	\$ 40,472	\$ 120,445

(1) Reflects the anticipated earning of the restricted stock unit portion of the performance-based equity award based on achievement of performance measures at a 90% level of achievement; restricted stock units will only be earned if, and only to the extent, the award's aggregate ROATE and TSR vesting percentage exceeds 100%. The anticipated earning of the restricted stock unit portion of the performance-based equity award is projected to be zero, as the award's ROATE and TSR vesting percentage is projected to be less than or equal to 100%.

Breck W. Tyler	\$ 99,557	\$ 50,857	\$ 150,414

(1) Reflects 95.5% vesting of performance-based shares granted in 2014, based on Trustmark's 3-year ROATE and TSR performance against its peer companies.

(2) Reflects vesting of time-based shares granted in 2014.

Retirement Benefits. Trustmark maintains several plans providing retirement benefits in which the NEOs and certain other associates participate, as described below.

Executive Deferral Plan. Because of the limits for tax qualified retirement plans, Trustmark maintains a defined benefit supplemental retirement plan (Executive Deferral Plan) that provides additional retirement benefits to selected executives. The Committee believes the plan is competitive with Trustmark's peer financial institutions and is an important tool in attracting and retaining executive management.

NEOs selected for plan participation by the Committee receive retirement benefits generally equal to 50% of their covered salaries. The retirement benefit is payable for life, but not less than ten years, and commences at normal retirement age, which is 65, whether or not the participant is still employed, unless the early retirement or death provisions described below apply. Benefits payable pursuant to the plan are not subject to reduction for social security benefits.

The plan provides retirement and pre-retirement death benefits based upon a retirement benefit amount for each participant established by the Committee. The retirement benefit amount is based on the participant's level of responsibilities and, in part, on his specified covered salary.

The following table shows, as to each NEO, annual retirement benefits currently anticipated to be paid at normal retirement:

Name	Annual Benefit
------	----------------

	(\$)
Gerard R. Host	\$ 300,000
Louis E. Greer	\$ 100,000
James M. Outlaw, Jr.	\$ 87,500
Wayne A. Stevens	\$ 100,000
Breck W. Tyler	\$ 100,000

The plan permits early retirement at or after age 55 with five years of plan participation. Benefits at early retirement are actuarially reduced. The plan also provides a deferred vested benefit payable at normal retirement age to a participant terminating for reasons other than retirement with at least one year of plan participation or retiring early with a pre-existing election to be paid commencing at his or her normal retirement date. Normally, the deferred benefit is accrued and vests at the rate of 1/10th of the anticipated normal retirement benefit for each year of plan participation for a maximum of ten years. However, certain incremental increases vest over the time period ending in the year the participant reaches age 64. If a participant does not complete at least one year of plan participation, plan benefits are forfeited (except where the cessation of employment is due to death, retirement, total disability or just cause as defined in the plan). Should a participant die prior to retirement and prior to when the participant's retirement benefit commences to be paid, the participant's beneficiary will receive a death benefit equal to a percentage (100% for the first year and 75% for the remaining years) of a specified covered salary amount (which amount is twice the anticipated normal retirement benefit) for ten years or until the participant would have reached normal retirement age, whichever is later. Life insurance contracts have been purchased to fund payments under the plan.

See the Pension Benefits for 2017 table on page 30 for more information regarding this plan.

[Trustmark Capital Accumulation Plan](#). Trustmark previously maintained a non-contributory defined benefit plan (Trustmark Capital Accumulation Plan) that provided a pension equity benefit for substantially all associates, including NEOs, who were employed prior to January 1, 2007. Retirement benefits under the plan's pension equity benefit formula were based on the length of credited service and final average compensation, as defined in the plan, through May 15, 2009, and vested upon three years of service.

Table of Contents

In an effort to control expenses, participation and benefit accrual under the plan were frozen as of May 15, 2009 (except for certain grandfathered participants, none of whom are NEOs), so that individual pension amounts under the plan were not increased for compensation or service after May 15, 2009 (other than for the grandfathered participants). After May 15, 2009, the pension equity lump sum credit balance of each NEO increased only for interest credited under IRS regulations (but only until the plan benefit commences to be paid).

On July 26, 2016, the Board authorized the termination of the plan, effective as of December 31, 2016. To satisfy commitments made by Trustmark to associates (none of whom are NEOs) covered through acquired plans that were merged into the plan, the Board also approved the spin-off of the portion of the plan associated with these accrued benefits into a new plan titled the Trustmark Corporation Pension Plan for Certain Employees of Acquired Financial Institutions, effective as of December 31, 2016, immediately prior to the termination of the Plan.

During the second quarter of 2017, Trustmark fully funded the plan on a termination basis by contributing additional assets in the amount of \$17.6 million in accordance with Internal Revenue Service and Pension Benefit Guaranty Corporation requirements. Participants in the plan elected to receive either a lump sum cash payment or annuity payments under a group annuity contract purchased from an insurance carrier. Final distributions were made to participants from plan assets in the second quarter of 2017. In connection with the termination of the Trustmark Capital Accumulation Plan, all NEOs elected a rollover distribution into other qualified retirement accounts. See the Pension Benefits for 2017 table on page 30 for more information regarding this plan.

Non-Qualified Deferred Compensation Plan. Trustmark also provides a NQDC Plan that provides additional cash compensation deferral opportunities for executives who may be impacted by the compensation and contribution limits that restrict participation in Trustmark's 401(k) plan. The Committee believes the plan is competitive with those offered by Trustmark's peer financial institutions and is an important tool in attracting and retaining executive management. The plan allows executives, including NEOs, to defer on a pre-tax basis up to 90% of annual base salary and/or cash bonus. No contribution is made to the plan by Trustmark. Each executive's deferred income is credited to an account, which is deemed invested in and mirrors the performance of one or more designated investment funds available under the plan and selected at the option of the executive. Distributions can be received under this plan upon retirement, death, long-term disability, termination of employment or during employment at specified dates. See the Non-Qualified Deferred Compensation for 2017 table on page 30 for more information regarding this plan.

Perquisites; Other Benefits. Perquisites provided to each NEO are reviewed annually within the context of Trustmark's executive compensation program, market practices and the nature of each NEO's responsibilities. Generally, Trustmark limits the types of perquisites offered to NEOs as shown in the All Other Compensation for 2017 table on page 26.

The Committee believes the currently-offered perquisites are minimal in overall cost and competitively necessary to attract and retain talented executives. Consistent with most other financial institutions in its peer group, Trustmark encourages executive management to belong to a golf or social club so that there is an appropriate entertainment forum for customers and appropriate interaction with the executives' communities. Trustmark pays the initiation fee and annual dues for a club membership for some of the NEOs. In addition, Trustmark provides Mr. Host with use of a company-owned automobile, as it does for Mr. Stevens, due to his responsibilities, which require him to travel frequently between various Trustmark offices and branch locations. Messrs. Host and Stevens also use these automobiles for personal transportation.

Severance and Change in Control Benefits. Upon any termination of employment, NEOs would be entitled to receive their vested benefits under the 401(k) plan, NQDC Plan and supplemental retirement plan (Executive Deferral Plan), although these benefits generally would not be increased or accelerated (except for the acceleration of

additional years of service provided under the Executive Deferral Plan under certain circumstances).

Trustmark believes that additional severance benefits are appropriate for executive management because it may be difficult for senior executives to find comparable employment within a short period of time. As discussed above, Trustmark's restricted stock and restricted stock unit awards provide for accelerated vesting upon a change in control and upon certain termination events, and an incremental benefit is provided under the Executive Deferral Plan upon certain termination events following a change in control.

In light of the CEO's and other NEOs' role and importance to the success of Trustmark, the Committee believes that it is appropriate to provide for severance and change in control benefits in written agreements. The Committee further believes that providing change in control benefits to the CEO and other NEOs should eliminate any reluctance to pursue potential change in control transactions that may be in the best interests of shareholders. Trustmark also believes that the severance and change in control benefits it provides are customary among its peers.

With the exception of the accelerated vesting of restricted stock and restricted stock unit awards, Trustmark's change in control benefits provided to the CEO and other NEOs are generally double trigger, which means that the benefits are payable only if the executive's employment is terminated other than for cause, death or disability or if the executive resigns for good reason, in each case within a specified period following a change in control. Trustmark believes that these benefits are consistent with the general practice among its peers. In addition, Trustmark believes the use of a

Table of Contents

double trigger in most cases reasonably balances the needs of the executive and Trustmark by protecting the legitimate interests of executives in employment security without unduly burdening Trustmark or shareholder value.

Trustmark does not provide any tax gross-ups related to severance or other compensation or benefits that executives may receive in connection with a change in control. Change in control benefits are provided on a best net approach, under which an executive's change in control benefits are reduced to avoid the golden parachute excise tax only if such a reduction would cause the executive to receive more after-tax compensation than without a reduction.

For additional information on Trustmark's employment and change in control agreements with its NEOs, please see Employment and Change in Control Agreements with NEOs beginning on page 32.

Deductibility of Compensation. In making compensation decisions, the Committee considers Section 162(m) of the Internal Revenue Code, which limits the tax deductibility of certain compensation in excess of \$1 million paid to Trustmark's NEOs. The Committee believes it is generally in Trustmark's best interest, and that of its shareholders, to offer compensation that is deductible under Section 162(m).

Prior to the effective date of the TCJA, the Committee generally preferred that grants of performance-based equity and other incentive awards made pursuant to Trustmark's stock and incentive compensation plans qualify as performance-based compensation, and thus be deductible under Section 162(m). The TCJA removed the performance-based compensation exception from Section 162(m). Accordingly, awards made after November 2, 2017, generally are not eligible for the performance-based compensation exception and will not be deductible to the extent that they cause the compensation of the affected executives to exceed \$1 million in any year. Awards that were made and subject to binding written contracts in effect on November 2, 2017, are grandfathered under prior law and can still qualify as deductible performance-based compensation, even if paid in future years. The Committee will continue to monitor these awards and endeavor to ensure that they are deductible if and when paid.

Although tax deductibility continues to be a consideration when determining executive compensation levels, the Committee believes that factors other than tax deductibility should take precedence in certain situations. Given the competitive market for outstanding executives, for example, the Committee believes that it is important to retain the flexibility to determine compensation elements consistent with Trustmark's compensation philosophy, even if some executive compensation is not fully deductible under Section 162(m). Accordingly, the Committee does approve elements of compensation for certain executives that are not fully deductible by Trustmark and reserves the right to do so in the future when appropriate. In 2017, a portion of Mr. Host's compensation was not deductible by Trustmark under Section 162(m).

Policy Against Hedging and Limitations on Pledging. To ensure that executive officers bear the full risks of stock ownership, Trustmark's Insider Trading Policy prohibits executive officers, among others, from engaging in options trading, short sales or hedging transactions relating to Trustmark stock. With limited exceptions, executive officers are also prohibited from pledging or creating a security interest in any Trustmark stock they hold, and no executive officer currently holds any Trustmark stock that is pledged or otherwise subject to a security interest.

Stock Ownership Guidelines. To help mitigate risks associated with Trustmark's compensation programs and encourage management to focus on long-term growth and financial success, Trustmark has guidelines that require the CEO and other members of executive management to own a minimum number of shares of Trustmark stock equal in value to a multiple of their base salary in effect when appointed CEO or a member of executive management, as follows:

	Multiple of Base Salary
CEO	4x
Executive Strategy Committee	2x
Other Executive Management	1.5x

The guidelines provide that the applicable ownership level should be reached within five years from the date of appointment as CEO or as a member of the executive strategy committee or executive management, as applicable. Pledged shares are not considered to be owned for purposes of the stock ownership guidelines. The Human Resources Committee reviews stock ownership levels of executive management annually. Until an executive has reached the applicable ownership level, the executive is required to hold 100% of the shares received from any Trustmark stock awards. Based on review of ownership level attainment in 2017, all NEOs own the minimum number of shares required to satisfy the guideline.

Executive Compensation Recoupment. Since 2011, the Committee has included clawback provisions in performance-based restricted stock awards and the management incentive plan with respect to annual cash bonuses that may be earned under the plan. Under these provisions, any performance-based restricted stock or restricted stock unit award that vests or cash bonus paid is subject to recovery by Trustmark as required by applicable federal law and/or such basis as the Board determines. The Committee anticipates adopting a comprehensive executive clawback policy if the SEC publishes final rules implementing the clawback requirements under the Dodd-Frank Act.

Analysis of Risk Associated with Trustmark's Compensation Policies and Practices. In late 2017 and early 2018, the Committee, together with Trustmark's risk officers, conducted an in-depth risk assessment of Trustmark's compensation policies and practices. Management prepared detailed materials regarding the operation of Trustmark's various compensation arrangements with its associates and submitted the materials to Trustmark's risk officers, who reviewed the materials with the members of management most closely involved with the respective compensation arrangements. Trustmark's risk officers identified the key enterprise risks to which Trustmark is subject, including credit, liquidity, market/interest rate, compliance, operational, technology, strategic, reputational and other risks, and focused their review on the compensation arrangements most likely to implicate those risks. Trustmark's Chief Risk Officer & General Counsel presented the risk officers' conclusions and supporting materials to the Committee, which reviewed and discussed the analysis at its meeting on February 14, 2018.

The Committee has concluded that Trustmark's compensation policies and practices have sufficient mitigating features and controls to maintain an appropriate balance between prudent business risk and resulting compensation, and encourage appropriate risk behavior consistent with Trustmark's risk appetite, business strategy and profit goals. Some of the mitigating features and controls used are the overall compensation mix, weighting of performance metrics, timing of awards in relation to performance measurement period, use of full value equity-based awards with multi-year vesting periods, and establishment of targets with payouts at multiple levels of performance, chargeback provisions on returned or unearned commissions, capped upside opportunities, and oversight by executive management and the Board. In addition, Trustmark's incentive compensation arrangements are subject to a system of internal controls to ensure that incentive compensation is properly tracked, approved and paid. Trustmark's internal controls include comparisons throughout the year of performance results against performance requirements, approval by appropriate levels of management, the Committee, the Board and/or the Bank Board of incentive compensation payouts, with separate review and approval by division controllers of lines of business that have significant incentive compensation payouts, and coordination among human resources, accounting, and payroll personnel to ensure that incentive compensation payouts that have been approved are appropriately reconciled to those approvals before and after payment is made. As a result, the Committee concluded that Trustmark's compensation policies and practices are not reasonably likely to have a material adverse effect on Trustmark, do not encourage imprudent risk-taking behavior and are consistent with maintaining the organization's safety and soundness.

Table of Contents**Summary Compensation Table for 2017**

The following table summarizes the compensation components for the CEO, the CFO and each of the next three most highly compensated executive officers during 2017 and indicates their positions as of December 31, 2017. Although considered officers of Trustmark Corporation under the Exchange Act, the NEOs' compensation, except for equity awards under Trustmark's stock and incentive compensation plans, is paid by the Bank. The amounts reported in the Change in Pension Value and Non-Qualified Deferred Compensation Earnings column were not paid to the NEOs in any year shown. These amounts represent the annual change in the present value of potential future benefits the NEOs might receive upon retirement, assuming the benefits have vested.

(1) No discretionary bonuses were awarded to the NEOs for 2017, 2016 or 2015.

(2) The amounts in this column reflect restricted stock and restricted stock unit awards granted to the NEOs during 2017, 2016 and 2015 and are disclosed as the aggregate grant date fair value of the awards, computed in accordance with ASC Topic 718, based, in the case of performance-based awards, on the then-anticipated outcome and excluding the impact of estimated forfeitures. These awards include performance-based awards that will vest only if the related performance measures are achieved. For the performance-based awards granted in 2017, 2016 and 2015, the amounts reported in this column reflect the grant date fair value based on the achievement of less than the maximum performance level. The grant date fair values, based on achievement of the maximum performance level, would be as follows for the awards granted:

	2017	2016	2015
Host	\$644,020	\$661,816	\$665,579
Greer	\$148,620	\$152,732	\$153,593
Outlaw	\$148,620	---	---
Stevens	\$148,620	\$152,732	\$153,593
Tyler	\$118,946	\$122,179	\$122,874

Assumptions used in the calculation of these amounts are included in Note 15 to Trustmark's audited financial statements for the year ended December 31, 2017, in Trustmark's Annual Report on Form 10-K filed with the SEC on February 20, 2018.

- (3) No stock option awards were made during 2017, 2016 or 2015. Trustmark does not have any stock options outstanding currently.
- (4) This column shows the value of annual cash bonuses earned under Trustmark's management incentive plan. Non-equity incentive plan compensation for Mr. Tyler includes both his annual cash bonus earned under Trustmark's management incentive plan and his quarterly mortgage department production bonus incentives.
- (5) The amounts shown in the table above for 2017, 2016 and 2015 reflect the changes in actuarial present value of the NEO's accumulated benefits under the Trustmark Capital Accumulation Plan and Executive Deferral Plan, determined using interest rate and mortality rate assumptions consistent with those used in Trustmark's audited financial statements and include amounts which the NEO may not have been entitled to receive because such amounts were not yet vested. In 2017 the Capital Accumulation Plan was terminated and benefits were paid out to NEOs as shown in the Pension Benefits for 2017 table on page 30 and are excluded from the table above. In 2016 the positive change is the result of a decrease in the discount rate. In 2015 decreases were largely the result of an increase in discount rate. Negative changes in pension values were as follows: Host -- \$(24,519) and Stevens -- \$(22,676). Incremental increases in benefits under the Executive Deferral Plan for Messrs. Greer and Tyler, were greater than the effects of the change in discount rate. There is no above-market interest or earnings to report with respect to deferred compensation.
- (6) See the following table for details of all other compensation for 2017.

Table of Contents**All Other Compensation for 2017**

The detail of all other compensation for 2017 is included in the following table:

Name	Use of Company Airplane (1) (\$)	Automobile Allowance/Use of Company-Provided Automobile (2) (\$)	Dividends on Unvested Time-Based Restricted Stock (3) (\$)	Club Dues (\$)	401(k) Match (\$)	Total (\$)
Gerard R. Host	\$ 23,468	\$ 7,191	\$ 24,190	\$ 8,554	\$ 16,200	\$ 79,603
Louis E. Greer	---	---	\$ 5,584	\$ 9,886	\$ 16,200	\$ 31,670

Breck W. Tyler	---	---	\$ 4,467	---	\$ 16,200	\$ 20,667

- (1) The aggregate incremental cost of Mr. Host's personal use of the company airplane is calculated based on the annual cost of operating the company airplane. Operating costs include depreciation, fuel, maintenance, insurance, flight crew expenses (including pilot salaries), landing fees and hangar expenses, and other miscellaneous expenses. Total annual operating costs are divided by the total number of hours the company airplane was used during the year to determine the average operating cost per hour. The average operating cost per hour is then multiplied by the hours Mr. Host used the company airplane for personal use to determine Trustmark's aggregate incremental cost.
- (2) The aggregate incremental cost of Messrs. Host's and Stevens' personal use of a company-owned automobile is calculated based on the annual cost to Trustmark to own and operate each automobile (taking into account depreciation, insurance, taxes, repairs, maintenance and fuel) multiplied by the percentage that Messrs. Host and Stevens, respectively, used the automobile for personal rather than business travel.
- (3) The amounts in this column reflect the dividends credited to shares of unvested time-based restricted stock held by the NEOs on each dividend payment date during 2017. These dividends are accumulated and will vest and be paid only when and to the extent the related restricted shares vest, subject to a six-month delay when required by Section 409A.

Table of Contents**Grants of Plan-Based Awards for 2017**

The following table presents information regarding incentive-based cash bonuses and equity awards granted to the NEOs during or for the year ended December 31, 2017, under Trustmark's annual management incentive plan (cash), the mortgage department production bonus incentive for Mr. Tyler (cash) and Amended and Restated Stock Plan (restricted stock/restricted stock units) and, in the case of incentive-based awards, reflects the amounts that could be earned or received under such awards:

(1) The amounts shown in these columns reflect possible payouts under the annual management incentive plan for 2017. The minimum possible payment level (threshold) was 50% of the target amount shown, and the maximum possible payment was 200% of the target. All of these amounts are percentages of the executive's base salary as

of March 1, 2017. The amount of the award actually earned by the NEOs was recommended by the Committee on February 14, 2018 and approved by the Board on February 15, 2018. For Mr. Tyler, the amounts shown in the second row reflect the maximum amount he can earn annually under a quarterly production incentive based on the mortgage department's origination, above a threshold production level, of mortgages that conform to the Bank's mortgage origination guidelines. The production incentive does not have a threshold or target level. Amounts actually earned for 2017 are reported as Non-Equity Incentive Plan Compensation in the Summary Compensation Table for 2017 on page 25.

- (2) Reflects the performance-based restricted stock and restricted stock unit awards granted on February 16, 2017. For a description of the vesting conditions and other features of the performance-based restricted stock and restricted stock unit awards, please see Equity-Based Compensation beginning on page 19.*
- (3) Reflects the number of time-based restricted shares granted on February 16, 2017. For a description of the vesting conditions and other features of the time-based restricted stock, please see Equity-Based Compensation beginning on page 19.*
- (4) The amounts in this column reflect the grant date fair value of the performance-based restricted stock and restricted stock unit awards computed in accordance with ASC Topic 718, in each case based on the then-anticipated outcome and the grant date fair value of the time-based restricted stock computed in accordance with ASC Topic 718.*

- (1) Dividends on the restricted shares are accumulated, vest and are paid only when and to the extent the underlying restricted shares vest, subject to a six-month delay when required by Section 409A. No interest is paid on accumulated dividends. No dividend equivalents are accumulated on the restricted stock units. Accelerated vesting of these shares and units may occur based on the executive's death, disability, retirement at or after age 65 with consent of the Committee and where cause for termination is not present, termination by Trustmark without cause, termination by the executive for good reason if provided in the executive's employment agreement or a change in control.
- (2) The market value of shares or units that have not vested is the number of reported shares or units, as applicable, multiplied by the closing market price of Trustmark's common stock on December 31, 2017, which was \$31.86 per share.
- (3) Reflects time-based restricted stock granted, which vests 100% on the third anniversary of the grant date, if the executive remains employed through such date. See footnote (1) above for information regarding dividend accumulation and the events that may trigger partial time-weighted accelerated vesting with respect to these shares.
- (4) For awards granted on January 27, 2015, reflects the number of performance-based restricted shares that vested under the award on February 14, 2018. The vesting conditions and other features of the performance-based restricted stock and restricted stock unit awards are the same as the awards granted on February 16, 2017, which are described under the heading *Equity-Based Compensation* beginning on page 19. Because of the achievement of a performance-based vesting level with respect to the ROATE and TSR targets of less than 100% in the aggregate (69.5% out of a maximum of 200%), no additional achievement

shares were issued. Also see footnote (1) above for information regarding dividend accumulation on the restricted shares and the events that may trigger partial time-weighted performance vesting.

- (5) For awards granted on January 26, 2016, reflects the target (100%) number of performance-based restricted shares granted. The awards vest over a January 1, 2016, through December 31, 2018, performance period. For a description of the vesting conditions and other features of the performance-based restricted stock and restricted stock unit awards, please see *Equity-Based Compensation* beginning on page 19. Also see footnote (1) above for information regarding dividend accumulation on the restricted shares and the events that may trigger partial time-weighted performance vesting.
- (6) For awards granted on February 16, 2017, reflects the target (100%) number of performance-based restricted shares granted. The awards vest over a January 1, 2017, through December 31, 2019, performance period. For a description of the vesting conditions and other features of the performance-based restricted stock and restricted stock unit awards, please see *Equity-Based Compensation* beginning on page 19. Also see footnote (1) above for information regarding dividend accumulation on the restricted shares and the events that may trigger partial time-weighted performance vesting.

Option Exercises and Stock Vested for 2017

The following table presents information regarding restricted stock that vested during 2017 for each of the NEOs. None of the NEOs held or exercised options during 2017.

Name	Stock Awards	
	Number of Shares Acquired on Vesting (1)	Value Realized on Vesting (2)
	(#)	(\$)
Gerard R. Host	24,044	\$814,719
Louis E. Greer	4,439	\$150,414
James M. Outlaw, Jr.	4,439	\$150,414
Wayne A. Stevens	4,439	\$150,414
Breck W. Tyler	4,439	\$150,414

(1) Represents the total number of restricted shares that vested during 2017, without taking into account any shares that were surrendered or withheld for applicable tax obligations.

(2) Value realized is the gross number of shares multiplied by the market price of Trustmark's common stock on the date of vesting.

Table of Contents**Pension Benefits for 2017**

The Executive Deferral Plan and the Trustmark Capital Accumulation Plan are discussed in more detail under Executive Deferral Plan on page 21 and Trustmark Capital Accumulation Plan on page 21. As noted in that discussion, the Trustmark Capital Accumulation Plan was terminated, effective as of December 31, 2016. Participants in the plan, including the NEOs, elected to receive either a lump sum cash payment or annuity payments under a group annuity contract purchased from an insurance carrier. Final distributions were made to participants in the second quarter of 2017.

The following table shows the present value at December 31, 2017, of accumulated benefits payable to each NEO, including the number of years of service credited, under each of the Trustmark Capital Accumulation Plan and the Executive Deferral Plan, determined using interest rate and mortality rate assumptions included in Note 14 to Trustmark's audited financial statements for the year ended December 31, 2017, in Trustmark's Annual Report on Form 10-K filed with the SEC on February 20, 2018.

Name	Plan Name	Number of Years Credited Service (1)	Present Value of Accumulated Benefit (2)(3)	Payments During Last Fiscal Year (4)
		(#)	(\$)	(\$)
Gerard R. Host	Trustmark Capital Accumulation Plan	25	---	\$496,523
	Executive Deferral Plan	25	\$ 4,129,898	---
Louis E. Greer	Trustmark Capital Accumulation Plan	22	---	\$335,200
	Executive Deferral Plan	19	\$ 1,261,918	---
James M. Outlaw, Jr.	Trustmark Capital Accumulation Plan	13	---	\$ 214,192
	Executive Deferral Plan	19	\$ 1,299,828	---
Wayne A. Stevens	Trustmark Capital Accumulation Plan	23	---	\$ 131,450
	Executive Deferral Plan	14	\$ 825,889	---
Breck W. Tyler	Trustmark Capital Accumulation Plan	19	---	\$ 308,663
	Executive Deferral Plan	17	\$ 1,014,701	---

(1) Actual years of service as a Trustmark associate for each NEO is as follows: Host -- 33, Greer -- 30, Outlaw -- 21, Stevens -- 31 and Tyler -- 27. For purposes of the Executive Deferral Plan, NEOs normally receive one year of credited service for every 12 months of employment with Trustmark since commencement of participation in the plan. For purposes of calculating years of credited service for the Trustmark Capital Accumulation Plan, NEOs received one year of credited service for every calendar year in which they worked 1,000 hours (but disregarding hours of service after May 15, 2009, due to the benefit accrual freeze under the plan). Therefore, the number of years of credited service as an associate and years of credited service for the Trustmark Capital Accumulation Plan and the Executive Deferral Plan may differ. Also, since the date of entry into the Executive Deferral Plan could be subsequent to the date of entry into the Trustmark Capital Accumulation Plan, the number of years of credited service for each plan may be different depending on each respective date of entry. This table assumes the entire service period was completed under the benefit formula that was effective for

service through December 31, 2017, and thereafter, subject to the benefit accrual freeze as of May 15, 2009, for the Trustmark Capital Accumulation Plan.

- (2) Includes amounts under the Executive Deferral Plan which Messrs. Greer, Stevens and Tyler would not currently be entitled to receive because such amounts are not vested. In connection with a 2013 increase in their annual retirement benefits, they become vested in the increased amount over time through the year each attains age 64.
- (3) The present value of accumulated benefit is based on converting the lump sum attributable to credits earned to date to an annuity payable at retirement age, which is then discounted back to December 31, 2017. At December 31, 2017, no NEO had any accumulated benefit under the Trustmark Capital Accumulation Plan due to the termination of that plan.
- (4) In connection with the termination of the Trustmark Capital Accumulation Plan, all NEOs elected a rollover distribution into other qualified retirement accounts.

Non-Qualified Deferred Compensation for 2017

Trustmark's non-qualified deferred compensation plan is discussed in more detail under Non-Qualified Deferred Compensation Plan on page 22. The following table presents information relating to each NEO's participation in the plan:

(1) These amounts are included in the Summary Compensation Table for 2017 on page 25.

(2) The amounts in this column consist of investment gains for 2017 and do not include any above-market earnings.

(3) Of the amounts disclosed in this column, the following amounts were previously reported as compensation to the NEO in a Summary Compensation Table prior to 2017: Host -- \$2,779,995, Greer -- \$37,500, Outlaw -- \$44,821, Stevens -- \$46,652 and Tyler -- \$458,158.

Table of Contents**Potential Payments Upon Termination or Change in Control**

The following table describes the potential payments that would be made to each of the NEOs in various termination and change in control scenarios based on compensation, benefit and equity levels in effect on December 31, 2017. The amounts shown are estimates, and assume that the termination or change in control event occurred on December 31, 2017. The actual amounts to be paid can only be determined at the time of an NEO's actual termination of employment or an actual change in control of Trustmark.

In accordance with SEC regulations, the following table does not report any amount to be provided to an NEO that does not discriminate in scope, terms or operation in favor of Trustmark's executive officers and which is available generally to all salaried employees, and excludes (i) amounts accrued through December 31, 2017, that would be paid in the normal course of continued employment, such as accrued but unpaid salary and bonus amounts, (ii) vested account balances under the Executive Deferral Plan, NQDC Plan and 401(k) plan, and (iii) already vested equity awards.

- (1) Mr. Host's employment agreement and the other NEOs' change in control agreements provide for change in control benefits on a best net approach, under which the executive's change in control benefits will be reduced to avoid the golden parachute excise tax under Section 280G of the Internal Revenue Code only if such a reduction would cause the executive to receive more after-tax compensation than without a reduction. The amounts shown in this column do not reflect any reduction that might be made in this regard.
- (2) If during the term of his employment agreement, Mr. Host's employment is terminated due to disability or if he dies, he or his designated beneficiary, spouse or estate will be entitled to a lump sum payment of a time-weighted pro-rata share of his annual bonus target amount for that year (\$531,644 for 2017), in addition to accrued but unpaid compensation to date of termination.
- (3) The executive must sign a general release in order to be entitled to receive these amounts. In the case of the NEOs other than Mr. Host, Trustmark has the right to retain these amounts if the executive breaches the confidentiality, non-solicitation or non-competition covenants contained in the executive's change in control agreement.
- (4) Payments pursuant to Mr. Host's employment agreement in consideration of covenants relating to confidentiality and two-year non-solicitation and non-competition commitments, with one-half of the payment paid in 12 equal monthly installments and one-half paid in a lump sum.
- (5) Upon a change in control without termination of employment, or upon death or disability, retirement at or after age 65 with consent of the Committee and where cause for termination is not present, termination by Trustmark not for cause or termination by the executive for good reason if provided in the executive's employment agreement, the executive is entitled to accelerated vesting of a pro-rata portion of his unvested restricted stock and restricted stock units (plus

Table of Contents

accumulated dividends attributable to the shares of restricted stock vesting), based on actual service in the case of time-based restricted stock and actual service and actual performance in the case of performance-based restricted stock and restricted stock units. The value of the restricted stock and restricted stock units upon vesting is based on the closing market price per share of \$31.86 as of December 31, 2017, plus the amount of accumulated cash dividends attributable to the shares of restricted stock vesting.

- (6) Upon death, an incremental pre-retirement death benefit may be payable to the executive's beneficiary under the Executive Deferral Plan.*
- (7) Upon termination within three years following a change in control, the executive is entitled to accelerated vesting of a portion of his unvested benefit under the Executive Deferral Plan by adding up to five years of service to the executive's service under the plan. The incremental benefit amount shown in this column is equal to the present value of the amount of the benefit for which vesting would have been accelerated in connection with such a termination as of December 31, 2017. The actuarial assumptions used to calculate the incremental benefit are the same as the assumptions in the Pension Benefits for 2017 table using a 3.32% rate for present value computations. Messrs. Host and Outlaw were already fully vested as of December 31, 2017, and would not have received any incremental benefits from this provision. Messrs. Greer, Stevens and Tyler each would have received the incremental benefits shown in the table in connection with the unvested portions of the 2013 increase in their annual retirement benefit.*
- (8) Mr. Host is entitled to 24 months of continuing medical, dental, vision and group life coverage on the same premium cost sharing basis as prior to termination if his employment is terminated by Trustmark without cause or if he resigns for good reason, and 36 months of continuing medical, dental, vision and group life coverage on the same premium cost sharing basis as prior to termination upon such events in the case of a change in control. The other NEOs are entitled to 18 months of continuing medical, dental, vision and group life coverage on the same premium cost sharing basis as prior to termination if within two years after a change in control the executive's employment is terminated by Trustmark other than due to death, disability or for cause or if he resigns for good reason.*

2017 Pay Ratio Disclosure

For 2017, the ratio of the total compensation of Trustmark's median employee to the CEO's total compensation was 1 to 60. To calculate this ratio, Trustmark identified its median employee as of December 31, 2017 based on employees' gross earnings, less before-tax benefit deductions, as reported in Box 5 of the United States Internal Revenue Service Form W-2. Compensation was annualized for employees who worked less than a full year, and compensation for part-time employees was annualized but not converted into a full-time equivalent. Once identified, the median employee's total compensation for 2017 was determined in accordance with Item 402(c)(2)(x) of Regulation S-K to be \$43,000, as compared to total compensation of \$2,600,000 for Trustmark's CEO.

Human Resources Committee Report

The Human Resources Committee has reviewed and discussed with management the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K, and based on such review and discussions, the Human Resources Committee, as listed below, recommended to the Audit & Finance Committee, acting on behalf of the Board, that the Compensation Discussion and Analysis be included in this proxy statement.

Human Resources Committee Interlocks and Insider Participation

The following directors served on Trustmark's Human Resources Committee during 2017: John M. McCullough (Chairman), Adolphus B. Baker, Daniel A. Grafton (January 1 – April 25), Richard H. Puckett and R. Michael Summerford. No current or former executive officer or associate of Trustmark or any of its subsidiaries currently serves or has served as a member of the Human Resources Committee or has been involved in any related party transaction as discussed in the section beginning on page 38.

Employment and Change in Control Agreements with NEOs

Employment Agreement with Mr. Host. In connection with his election as President and CEO of Trustmark Corporation and the Bank, Trustmark and Mr. Host entered into a new employment agreement, effective January 1, 2011 (the Agreement), to replace his prior 2007 agreement. If not terminated earlier, Mr. Host's employment under the Agreement will automatically terminate upon his retirement on December 31, 2019, the year he turns 65. Either Trustmark or Mr. Host may terminate Mr. Host's employment with 30 days' notice, except that no prior notice is required in the case of termination for Cause.

Mr. Host is guaranteed a minimum base salary of \$550,000 annually, subject to annual review. Recognizing the need to be flexible in the current economic environment, the Agreement provides that Mr. Host's base salary may be reduced below \$550,000, with his consent, if Trustmark reduces the base salaries of other senior executives.

Mr. Host is eligible to earn an annual cash bonus, with a bonus target amount of 70% of his base salary. Mr. Host is also eligible to receive equity compensation awards on such basis as the Committee determines and is eligible to participate in any benefit plans or programs that are offered to senior executives generally.

On any cessation of employment, Mr. Host will be entitled to his earned but unpaid base salary and annual bonus and, except in the case of termination for Cause, any accrued vacation (earned compensation). Mr. Host will be entitled to additional severance benefits in the event his employment ends as a result of his death or disability, or in the event his employment is terminated by Trustmark without Cause whether in connection with a change in control of Trustmark or not, or in the event Mr. Host resigns for Good Reason whether in connection with a change in control of Trustmark or not.

Table of Contents

Under the Agreement, Mr. Host is subject to standard confidentiality, non-solicitation and non-competition obligations during the term of the Agreement and for two years after his employment ends. As partial consideration for these obligations after his employment ends, if Mr. Host's employment is terminated by Trustmark without Cause or if he resigns for Good Reason, he will be entitled to payments equal to two times the sum of (i) his annual base salary, and (ii) the average of his annual bonuses earned for the three years prior to the end of his employment (the Covenant Payments), with one-half of the Covenant Payments paid in 12 equal monthly installments commencing 60 days after termination and one-half paid in a lump sum 60 days after termination.

If Mr. Host's employment is terminated by Trustmark without Cause or he resigns for Good Reason, in each case within two years after a change in control, he will be entitled to the following benefits in addition to the Covenant Payments and earned compensation: (i) a lump sum payment equal to one times his base salary and the average of his annual bonuses earned for the three years prior to the change in control, (ii) thirty-six months of continuing medical, dental, vision and group life coverage on the same premium cost sharing basis as prior to termination, and (iii) accelerated vesting of any unvested stock options.

If Mr. Host's employment is terminated by Trustmark without Cause or he resigns for Good Reason where he is not entitled to such change in control enhanced severance benefits, he will be entitled to twenty-four months of continuing medical, dental, vision and group life coverage on the same premium cost sharing basis as prior to termination, in addition to the Covenant Payments and earned compensation.

If Mr. Host's employment is terminated due to disability or if he dies during the term, he or his designated beneficiary, spouse or estate will be entitled to a lump sum payment of his earned compensation plus a time-weighted pro-rata share of his annual bonus target amount for that year.

In certain cases, some or all of the payments and benefits provided on termination of employment may be delayed for six months following termination to comply with the requirements of Section 409A of the Internal Revenue Code. Any payment required to be delayed would be paid at the end of the six-month period in a lump sum, with any payments due after the six-month period being paid at the normal payment date provided for under the Agreement. In the case of benefits that are delayed, Mr. Host would pay the cost of benefit coverage during the six-month delay period and then be reimbursed by the company at the end of the six-month period.

The Agreement includes a clawback provision that will permit Trustmark to recover certain incentive-based compensation as required by federal law and as determined by the Committee.

For purposes of this agreement, Cause means (i) commission of an act of personal dishonesty, embezzlement or fraud, (ii) misuse of alcohol or drugs, (iii) failure to pay any obligation owed to Trustmark or any affiliate, (iv) breach of a fiduciary duty or deliberate disregard of any rule of Trustmark or any affiliate, (v) commission of an act of willful misconduct or the intentional failure to perform stated duties, (vi) willful violation of any law, rule or regulation (other than misdemeanors, traffic violations or similar offenses) or any final cease-and-desist order, (vii) unauthorized disclosure of any confidential information of Trustmark or any affiliate or engaging in any conduct constituting unfair competition or inducing any customer of Trustmark or any affiliate to breach a contract with Trustmark or any affiliate, (viii) conviction of, or entry of a guilty plea or plea of no contest to, any felony or misdemeanor involving moral turpitude, (ix) continual failure to perform substantially his duties and responsibilities (other than any such failure resulting from incapacity due to disability) after a written demand for substantial performance is delivered which specifically identifies the manner in which he has not substantially performed his duties and responsibilities, (x) violation in any material respect of Trustmark's policies or procedures, including the Code of Ethics, or (xi) conduct that has resulted, or if it became known by any regulatory or governmental agency or the public is reasonably likely to result, in the good faith judgment of the Board, in material injury to Trustmark, whether

monetary, reputational or otherwise.

For purposes of the Agreement, "Good Reason" means (i) a demotion in status, title or position or the assignment of the person to duties or responsibilities which are materially inconsistent with such status, title or position, (ii) a material breach of the agreement by Trustmark, or (iii) a relocation of Trustmark's offices to a location more than fifty miles outside of Jackson, Mississippi, without the executive's consent.

For purposes of the Agreement, "change in control" means (i) the acquisition by any person of the power to vote, or the acquisition of, more than 20% ownership of Trustmark's voting stock, (ii) the acquisition by any person of control over the election of a majority of the Board, (iii) the acquisition by any person or by persons acting as a group for securities law purposes of a controlling influence over Trustmark's management or policies, or (iv) during any two year period, a more than one-third change in the Board (Existing Board), treating any persons approved by a vote of at least two-thirds of the Existing Board as ongoing members of the Existing Board. However, in the case of (i), (ii), and (iii), ownership or control of Trustmark's voting stock by a company-sponsored or a company subsidiary-sponsored employee benefit plan will not constitute a change in control.

The amounts which would have been payable to Mr. Host assuming a termination event on December 31, 2017, are addressed in the "Potential Payments Upon Termination or Change in Control" table beginning on page 31.

The above is a summary of the material terms and provisions of the Agreement. For the complete Agreement, including the exact definitions of the defined terms used therein, refer to the copy of the Agreement that has been filed with the SEC on September 14, 2010 as Exhibit 10-z to Trustmark's Current Report on Form 8-K, and is incorporated by reference into this proxy statement.

Table of Contents

Change in Control Agreements with Other NEOs. In February 2014, upon the recommendation of the Committee and approval of the Board, Trustmark entered into identical change in control agreements with each of the NEOs (each a CIC Agreement), other than Mr. Host whose employment agreement already provides change in control benefits. Under the CIC Agreement, if the executive's employment is terminated by Trustmark other than due to death or disability or for Cause or he resigns for Good Reason, in each case within two years after a change in control, he will be entitled to the following benefits in addition to any previously earned compensation: (i) a lump sum payment within 60 days after termination equal to two times the sum of his base salary in effect immediately prior to the change in control and the average of his annual bonuses earned for the two years prior to the year in which the change in control occurs (the CIC Severance Benefit), and (ii) eighteen months of continuing medical, dental, vision and group life coverage on the same premium cost sharing basis as prior to termination (the CIC Continuing Benefit). Each CIC Agreement includes standard confidentiality obligations during and after the executive's employment. In addition, each CIC Agreement includes standard non-solicitation and non-competition obligations during the executive's employment and for twelve months after the executive's employment ends when the executive is eligible to receive the CIC Severance Benefit. Each CIC Agreement also provides that Trustmark may retain the CIC Severance Benefit if the executive violates the confidentiality, non-solicitation or non-competition obligation. Each executive is required to sign a release agreement with Trustmark prior to receiving the CIC Severance Benefit and the CIC Continuing Benefit after termination.

For purposes of the CIC Agreements, Cause and change in control have substantially the same meanings as in Mr. Host's employment agreement, and Good Reason means (i) a material diminution in the executive's authority, duties or responsibilities, (ii) a material diminution in the executive's base compensation, (iii) a material breach of the agreement by Trustmark, or (iv) a relocation of Trustmark's offices to a location more than fifty miles outside of Jackson, Mississippi, provided such relocation is considered a material change in the location where the executive must perform services.

The amounts which would have been payable to the NEOs under the CIC Agreements assuming a change in control and termination event on December 31, 2017, are addressed in the Potential Payments Upon Termination or Change in Control table beginning on page 31.

The above is a summary of the material terms and provisions of the CIC Agreements. For a complete CIC Agreement, including the exact definitions of the defined terms used therein, refer to the form of CIC Agreement that has been filed with the SEC on February 7, 2014 as Exhibit 10-ad to Trustmark's Form 8-K Current Report, and is incorporated by reference into this proxy statement.

DIRECTOR COMPENSATION

Non-employee director compensation is determined by the Board, based on the recommendation of the Human Resources Committee. Directors who are employed by Trustmark receive no compensation for Board or committee service. During 2017, each non-employee director who served on the Board also served on the Bank Board.

The Board periodically reviews non-employee director compensation to determine if changes are needed, including by comparing it to non-employee director compensation at peer companies. Following a review by Pearl Meyer, effective January 1, 2017 the Board determined to eliminate per-meeting fees and to increase the amount of annual retainers to more closely align Trustmark's practices with those of its peer companies.

For 2017, cash compensation for non-employee directors was comprised of an annual retainer of \$40,000 for their combined service on the Trustmark Board and the Bank Board. In addition, the independent Chairman of the Board received an annual retainer of \$50,000, the Chairs of certain Trustmark Board committees received an annual retainer (\$20,000 for the Chair of the Audit & Finance Committee, \$15,000 for the Chairs of the Human Resources Committee and the Enterprise Risk Committee, and \$5,000 for the Chair of the Nominating Committee), and the Chairs of certain Bank Board committees received an annual retainer (\$10,000 for the Chairs of the Asset/Liability Committee and the Credit Policy Committee). All members of Board and Bank Board committees, other than the Chairs, also received an annual retainer of \$2,500 per committee. In addition, Mrs. Conerly served on the Florida Community Bank Advisory Board of Directors and received a fee of \$1,000 for each meeting attended. Mr. Morrisette served on the Mobile, Alabama, Community Bank Advisory Board of Directors and received a fee of \$750 for each meeting attended.

Annual retainer fees were paid monthly. Directors are also eligible to be reimbursed for expenses incurred in attending Board and committee meetings.

For 2017, each director also received an award of time-based restricted stock under the Amended and Restated Stock Plan valued at approximately \$50,000. All directors are required to own at least 8,000 shares of Trustmark stock. All of the current directors, other than Mrs. Conerly who joined the Board in 2015, and Mr. Brown and Dr. Hays who joined the Board in 2017, meet the minimum stock ownership requirement. New directors have up to five years from the date Board service begins to meet the stock ownership requirement. Until a director has reached the minimum requirement, the director is required to hold 100% of the shares received from any Trustmark stock awards. To ensure that directors bear the full risks of stock ownership, Trustmark's Insider Trading Policy prohibits directors, among others, from engaging in options trading, short sales or hedging transactions relating to Trustmark stock. Directors are also prohibited from pledging or creating a security interest in any Trustmark stock they hold.

Table of Contents

Trustmark maintains a Directors' Deferred Fee Plan for non-employee directors who became directors prior to 2003 and who elected to participate in the plan. Under the plan, participating directors were required to defer \$12,000 of their fees annually to fund a portion of the cost of their defined retirement benefits and death benefits. The amount of the retirement benefit and death benefit has been determined based upon the participant's annual contribution amount, the length of Board service and the age of the director at date of entry into the plan. The Board amended the plan in 2009 to cease future benefit accruals under and contributions by directors to the plan effective March 1, 2010. The plan requires retirement benefits to commence at a director's normal retirement date (defined in the plan as March 1 following age 65). Thus, should a director continue service beyond normal retirement date, retirement benefits would begin prior to cessation of Board service. Depending on a number of factors, the vested annual benefit at retirement is payable for the longer of life or twenty-five years and, as of December 31, 2017, ranges from \$51,000 to \$78,000 (taking into account the March 1, 2010 benefit accrual freeze) for current directors who elected to participate in the plan. Trustmark has purchased life insurance contracts on participating directors to fund the benefits under this plan.

Non-employee directors may defer all or a part of their annual retainer fees pursuant to Trustmark's Non-Qualified Deferred Compensation (the NQDC Plan). The compensation deferred is credited to an account, which is deemed invested in and mirrors the performance of one or more designated investment funds available under the plan and selected at the option of the director. The deferred compensation account will be paid in a lump sum or in annual installments at a designated time upon the occurrence of an unforeseen emergency or upon a director's retirement or cessation of service on the Board.

Director Compensation for 2017

The following table provides director compensation information for the year ended December 31, 2017.

Name (1)	Fees Earned or Paid in Cash (2)	Stock Awards (3)	Option Awards (4)	Non-Equity Incentive Plan Compensation	Change in Pension Value and Non-Qualified Deferred Compensation Earnings (5)	All Other Compensation (6)	Total

- (1) Gerard R. Host, Trustmark's CEO, is not included in this table as he is an associate of Trustmark and thus received no compensation for his service as a director. The compensation received by Mr. Host as an associate of Trustmark is shown in the Summary Compensation Table for 2017 on page 25.
- (2) Amounts include fees earned or paid for service on both the Trustmark Board and the Bank Board and their respective committees. The amounts in this column include fees deferred pursuant to the NQDC Plan. For Mrs. Conerly, the amount also includes fees paid for attendance at meetings of the Florida Community Bank Advisory Board of Directors. For Mr. Morrisette, the amount also includes fees paid for attendance at meetings of the Mobile, Alabama, Community Bank Advisory Board of Directors.
- (3) On February 16, 2017, each non-employee director received 1,493 shares of time-based restricted stock, valued on a 10-day average closing stock price up to and including the date of the grant. Subject to accelerated vesting in full upon a change in control, upon retirement at or after age 65 or cessation of Board service at the end of an elected term, in each case with consent of the Human Resources Committee and where cause for termination is not present, or upon disability, death or termination without cause, the restricted shares vest on February 16, 2020, if the director is still serving at the time. The amounts in this column reflect the aggregate grant date fair value (computed in accordance with ASC Topic 718 excluding the impact of estimated forfeitures). Assumptions used in the calculation of these amounts are included in Note 15 to Trustmark's audited financial statements for the year ended December 31, 2017, in Trustmark's Annual Report on Form 10-K filed with the SEC on February 20, 2018. At December 31, 2017, each non-employee director held 5,435 shares of unvested time-based restricted stock, except for Mrs. Conerly (4,414), Messrs. Brown, Compton, Morrisette, H. Walker and Dr. Hays (3,293) and Mr. Grafton (0).
- (4) No stock option awards were made during 2017. At December 31, 2017, none of the non-employee directors held any stock options.
- (5) The amounts in this column reflect the increase (if any) in actuarial present value of the directors' accumulated benefits under Trustmark's Directors' Deferred Fee Plan, determined using interest rate and mortality rate assumptions included in Note 14 to Trustmark's audited financial statements for the year ended December 31, 2017, in Trustmark's Annual Report on Form 10-K filed with the SEC on February 20, 2018.
- (6) The amounts in this column reflect the dividends credited to shares of unvested time-based restricted stock held by the directors on each dividend payment date during 2017. These dividends are accumulated and will vest and be paid only when and to the extent the related restricted shares vest.

(7) *Messrs. Brown, Compton, H. Walker and Dr. Hays joined the Board on April 25, 2017. Each of these directors served as members of the Bank Board prior to his election to the Trustmark Board, and each of them attended Board Committee meetings in a non-voting capacity beginning on January 1, 2017, and were paid for such attendance.*

(8) *Mr. Grafton retired from the Board on April 25, 2017.*

PROPOSAL 2: ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

Section 14A of the Exchange Act requires that Trustmark's shareholders have the opportunity to provide an advisory vote to approve Trustmark's executive compensation as disclosed in this proxy statement pursuant to the SEC's compensation disclosure rules. Accordingly, Trustmark's shareholders are hereby given the opportunity to cast an advisory vote to approve or not approve the compensation of Trustmark's NEOs as described above, by voting for or against this proposal.

The Human Resources Committee and Board have designed Trustmark's executive compensation to recruit, retain and motivate employees who play a significant role in the organization's current and future success. Trustmark, through the Human Resources Committee, the Board and the contributions of an outside compensation consultant, structures executive compensation to motivate these employees to maximize shareholder value by achieving performance goals while limiting risk appropriately and maintaining the safety and soundness of the organization. For a full description of these executive compensation practices, please see the description provided under the heading "Executive Compensation," including the "Compensation Discussion and Analysis" and the tabular disclosures of NEO compensation and related disclosures that follow.

This proposal gives you as a shareholder the opportunity to vote for or against the following resolution: **RESOLVED, that the shareholders hereby approve, on an advisory basis, the compensation paid to Trustmark's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables and the narrative discussion disclosed in this proxy statement on pages 13 to 32.**

Trustmark believes that its executive compensation and compensation practices and policies are reasonable in comparison to its peer group, are focused on pay-for-performance principles, are strongly aligned with the long-term interest of shareholders and are necessary to attract and retain experienced, highly-qualified executives important to Trustmark's long-term success and the enhancement of shareholder value. The Board believes that Trustmark's executive compensation achieves these objectives, and, therefore, recommends that shareholders vote "for" the proposal.

Because this vote is advisory, it will not be binding on the Board and will not be construed as overruling any decision made by the Board. The Human Resources Committee and the Board will take into account the outcome of this advisory vote when considering future executive compensation arrangements, but they are not required to do so.

The Board recommends that shareholders vote for this proposal to provide advisory approval of Trustmark's executive compensation.

PROPOSAL 3: RATIFICATION OF SELECTION OF INDEPENDENT AUDITOR

Trustmark has engaged Crowe Horwath as its independent auditor since December 21, 2015, and the Audit & Finance Committee reaffirmed Crowe Horwath's engagement as the independent auditor for the fiscal year ending December 31, 2018. The Board recommends that shareholders vote in favor of ratifying the selection of Crowe Horwath. If shareholders do not ratify the selection of Crowe Horwath, the Audit & Finance Committee will consider a change in independent auditor for the next year.

The Audit & Finance Committee is responsible for approving the compensation paid to Crowe Horwath as Trustmark's independent auditor. In order to assure continuing auditor independence, the Audit & Finance Committee periodically considers whether there should be regular rotation of the independent auditing firm. The members of the Audit & Finance Committee and the Board believe that continued retention of Crowe Horwath to serve as Trustmark's independent auditor is in the best interest of Trustmark and its shareholders.

Representatives of Crowe Horwath are expected to be present at the annual meeting with the opportunity to make a statement, if they desire to do so, and to be available to respond to appropriate questions during the period generally allotted for questions at the meeting.

The Board recommends that shareholders vote for ratification of the selection of Crowe Horwath as Trustmark's independent auditor.

Table of Contents**AUDIT & FINANCE COMMITTEE REPORT**

Trustmark's Audit & Finance Committee, which conducts the usual and necessary activities in connection with the audit functions of Trustmark, held five meetings during 2017. The Committee reviewed and discussed with management and Crowe Horwath the consolidated audited financial statements as of and for the three years ended December 31, 2017. The Committee also discussed with Crowe Horwath the matters required to be discussed under the auditing standards of the Public Company Accounting Oversight Board (PCAOB), including Auditing Standard No. 1301. The Committee received the written disclosures and the letter from Crowe Horwath required by the applicable requirements of the PCAOB regarding the independent auditor's communications with the audit committee concerning independence and discussed the independence of Crowe Horwath. Based on this review, the Committee recommended to the Board that the consolidated audited financial statements be included in Trustmark's Annual Report on Form 10-K for the year ended December 31, 2017.

All of the following members of Trustmark's Audit & Finance Committee are independent directors as defined by NASDAQ Listing Rules:

Tracy T. Conerly (Chair)	Harris V. Morrisette
William A. Brown	R. Michael Summerford
James N. Compton	LeRoy G. Walker, Jr.

The Board has determined that Tracy T. Conerly, R. Michael Summerford and James N. Compton each qualify as an audit committee financial expert pursuant to the requirements of the SEC.

Principal Accountant Fees

The following table presents the fees for professional audit services rendered by Crowe Horwath for the audit of Trustmark's consolidated financial statements for the fiscal years ended December 31, 2017, and December 31, 2016, and fees billed for other services rendered by Crowe Horwath during those periods. All services reflected below for 2017 and 2016 were pre-approved in accordance with the policy of the Audit & Finance Committee. Information related to audit fees for 2017 includes amounts billed through December 31, 2017, and additional amounts estimated to be billed for the 2017 period for audit services rendered.

	Audit	Audit-Related		
Year	Fees (1)	Fees (2)	All Other Fees (3)	Total
2017	\$ 905,000	\$ 213,405	---	\$ 1,118,405
2016	\$ 825,000	\$ 184,138	---	\$ 1,009,138

(1) Audit fees include fees for professional services in connection with the audit of Trustmark's consolidated financial statements, audit of internal control over financial reporting, review of the interim consolidated financial statements included in quarterly reports and services provided in connection with statutory and regulatory filings.

(2)

In 2017 and 2016, audit-related fees included fees for professional services in connection with other various assurance services.

(3) Crowe Horwath did not provide any tax services to Trustmark in 2017 or 2016.

Pre-Approval Policy

The Audit & Finance Committee has adopted a policy that sets forth guidelines and procedures for the pre-approval of services to be performed by the independent auditor, as well as the fees associated with those services. Annually, the Committee reviews and establishes the types of services and fee levels to be provided by the independent auditor. Any additional services or fees in excess of the approved amounts require specific pre-approval by the Committee. The Committee has delegated to its Chairman the authority to evaluate and approve services and fees in the event that pre-approval is required between meetings. If the Chairman grants such approval, he will report that approval to the full Committee at its next meeting. Non-audit services, prohibited by the SEC, are likewise prohibited under the Committee's pre-approval policy.

RELATED PARTY TRANSACTIONS

This section provides information regarding certain transactions between Trustmark and its subsidiaries and certain of our directors and officers.

The Bank has made loans to directors, executive officers and principal shareholders and their related interests in 2017 and in prior years and continues to do so in 2018. Such loans were made in the course of ordinary business, were made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to the Bank, and do not involve more than the normal risk of collectability or present other unfavorable features. Loan transactions with directors, executive officers and principal shareholders and their related interests are approved by the Board as part of the Bank's loan review policy under Regulation O.

The Bank made a payment of approximately \$275,000 in 2017 to Bloomfield Equities, LLC, for the naming rights to the Mississippi Braves AA Baseball Stadium, known as Trustmark Park. Ninety percent (90%) of Bloomfield Equities, LLC, is owned indirectly by Trustmark director William G. Yates III and his family through Spectrum Capital, LLC, which is owned thirty-three percent (33%) by Mr. Yates III and sixty-seven percent (67%) by his family and a family trust. The dollar value of Mr. Yates III's interest in the transaction was approximately \$81,675. The collective dollar value of this transaction to the Yates family was approximately \$247,500. The Bank expects to make a payment of \$275,000 in 2018 to Bloomfield Equities, LLC, for naming rights to Trustmark Park. The specific dollar value of Mr. Yates III's interest in the 2018 transaction is not known at this time.

In addition, Trustmark purchased a \$19,500 sponsorship from Spectrum Events, LLC, for college baseball games played at Trustmark Park in 2017. Spectrum Events, LLC is wholly owned by Spectrum Capital, LLC. The dollar value of Mr. Yates III's interest in these transactions is approximately \$6,435. The collective dollar value of these transactions to the Yates family is approximately \$17,550. Trustmark expects to pay a \$19,500 sponsorship to Spectrum Events, LLC, for college baseball games played at Trustmark Park in 2018.

In addition, during 2017 Trustmark paid Bloomfield Holdings, LLC \$60,000 for, among other things, exclusive banking rights at the Outlets of Mississippi, which is owned by Bloomfield Holdings, LLC. Ninety percent (90%) of Bloomfield Holdings, LLC is owned indirectly by Spectrum Capital, LLC. The dollar value of Mr. Yates III's interest in the transaction was approximately \$17,820. The collective dollar value of this transaction to the Yates family was approximately \$54,000. Under this arrangement, Trustmark will also pay Bloomfield Holdings, LLC \$60,000 for, among other things, exclusive banking rights at the Outlets of Mississippi in 2018.

During 2013, in connection with the New Markets Tax Credit Program, the Bank purchased \$4,350,000 of state and federal tax credits for \$2,757,000 through two entities in each of which the Bank holds a 99.99% interest. The federal tax credit, which totaled \$1,950,000, was allocated to this transaction by SCC Sub-CDE 2, LLC (SCC Sub), a subsidiary of Southern Community Capital, LLC (SCC), which in turn was allocated the federal tax credit by SCC, a subsidiary of the Bank. SCC owns 0.01% of SCC Sub, with a managing member distribution for that percentage paid back to SCC on a quarterly basis. Of the Bank's \$2,757,000 investment, \$2,047,040 was ultimately loaned to Bloomfield Holdings, LLC by SCC Sub in connection with a qualifying real estate development project. The loan by SCC Sub to Bloomfield Holdings, LLC has an annual interest rate of 1.00% and a term of 30 years. The dollar value of Mr. Yates III's interest in the Bank's investment was approximately \$684,659. The collective dollar value to the Yates family of the Bank's investment is approximately \$2,053,977.

During 2017, the Bank entered into a construction management agreement with W. G. Yates & Sons Construction Company (WGY&S) in connection with the construction of a new branch office facility to be located in Jackson, Mississippi. WGY&S is wholly-owned by Mr. Yates III and his family, and Mr. Yates III serves as its President and CEO. The Bank did not pay any construction management fees to WGY&S during 2017, but expects to pay WGY&S in excess of \$120,000 in such fees during 2018 in connection with the ongoing construction. The specific dollar value of Mr. Yates III's interest in the 2018 transaction is not known at this time.

During 2017, WGY&S and certain of its wholly-owned subsidiaries and affiliates paid premiums for employee benefits insurance policies to third party insurance companies. Fisher Brown Bottrell received commissions of approximately \$1,365,632 from such insurance companies for placing these policies. Trustmark believes the premiums and the terms of the insurance policies are no more favorable than could be obtained from a nonrelated party in an arm's length transaction. Fisher Brown Bottrell continues to serve as insurance agent for these policies for WGY&S in 2018. The dollar value of Mr. Yates III's interest in this transaction is not known at this time. In addition, during 2017 WGY&S and certain of its subsidiaries and affiliates paid the Bank an aggregate of \$442,028 in fees for trust and investment management services, including for serving as trustee of certain 401(k) plans for such affiliates. Trustmark believes these fees are no more favorable than could be obtained from a nonrelated party in an arm's length transaction. The Bank continues to provide these services for WGY&S in 2018. The dollar value of Mr. Yates III's interest in this transaction is not known at this time.

Trustmark's Audit & Finance Committee has adopted and manages a written policy that governs the review, approval or ratification of related party transactions. For purposes of this policy, a related party transaction is a transaction, arrangement or relationship (or a series of similar transactions, arrangements or relationships) in which Trustmark is, or will be, a participant and in which a related party has a direct or indirect material interest where the aggregate amount involved exceeds \$120,000. A related party is (i) an executive officer, director or nominee for director of Trustmark, (ii) a shareholder owning in excess of 5% of Trustmark's outstanding equity securities, (iii) a person who is

Table of Contents

an immediate family member of someone listed in (i) or (ii), or (iv) an entity (a) which is controlled by someone listed in (i), (ii) or (iii), (b) in which someone listed in (i), (ii) or (iii) above owns 5% or more of the outstanding equity securities, or (c) of which someone listed in (i), (ii) or (iii) is an executive officer or general partner.

The policy provides that any related party transaction must be reported to the General Counsel and may be consummated or may continue only if the Audit & Finance Committee determines that, under all of the circumstances, the transaction is not inconsistent with the best interests of Trustmark. Generally, a transaction that is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party will be presumed to not be inconsistent with the best interests of Trustmark. Certain categories of transactions are deemed to be pre-approved by the Audit & Finance Committee and do not require separate approval. These include, among other things, compensation or benefits arrangements approved by the Human Resources Committee and extensions of credit made in the ordinary course of business, on substantially the same terms, including interest rate and collateral, of those prevailing at the time for comparable loans with persons not related to the Trustmark and not presenting more than the normal risk of collectability or other unfavorable features.

The Audit & Finance Committee considered and approved, or ratified, the payments, as applicable, to Bloomfield Equities, LLC, Spectrum Events, LLC, Bloomfield Holdings, LLC, and WGY&S, and, therefore, to Mr. Yates III, as well as the business relationships between Fisher Brown Bottrell, the Bank and WGY&S and certain of its subsidiaries and affiliates.

Table of Contents**BENEFICIAL OWNERSHIP OF TRUSTMARK STOCK**

The following table reflects the number of Trustmark shares beneficially owned by (a) persons known by Trustmark to be the beneficial owners of more than 5% of its outstanding shares, (b) current directors and director nominees, (c) each of the NEOs within the Executive Compensation section, and (d) current directors and executive officers of Trustmark as a group. The persons listed below have sole voting and investment authority for all shares except as indicated. The percentage of outstanding shares of common stock owned is not shown where less than 1%. All percentage computations are based on 68,253,469 shares of Trustmark common stock outstanding as of February 1, 2018, which includes unvested restricted stock. As of February 1, 2018, there were no options outstanding.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires Trustmark's directors, executive officers and persons who own more than 10% of Trustmark's common stock to file reports of their ownership and changes in ownership of Trustmark's common stock. Trustmark prepares these reports for the directors and executive officers who request it on the basis of information obtained from them and Trustmark's records. Trustmark believes that applicable Section 16(a) filing requirements were met during 2017, except that, due to an inadvertent error, a Form 4 was filed late for Charles Scott Woods relating to the acquisition of 1,000 shares of common stock on November 7, 2017.

PROPOSALS OF SHAREHOLDERS

Shareholders may submit proposals to be considered at the 2019 Annual Meeting of Shareholders if they do so in accordance with Trustmark's bylaws and applicable regulations of the SEC. In accordance with Trustmark's bylaws as more fully described under Corporate Governance -- Nomination of Directors on page 6, any shareholder intending to nominate a candidate for election to the Board at Trustmark's 2019 Annual Meeting of Shareholders must submit notice to the Secretary no earlier than December 12, 2018, and no later than January 11, 2019. Any shareholder intending to propose a matter for consideration at Trustmark's 2019 Annual Meeting of Shareholders (other than a director nomination) must submit such proposal in writing to the Secretary at Trustmark Corporation, Post Office Box 291, Jackson, MS 39205 no later than January 26, 2019; however, in order to be considered for inclusion in Trustmark's proxy statement for the 2019 Annual Meeting of Shareholders, the proposal must meet the requirements of SEC Rule 14a-8 and be submitted to the Secretary no later than November 12, 2018. In addition, the proxy solicited by the Board for the 2019 Annual Meeting of Shareholders will confer discretionary authority to vote on any shareholder proposal presented at the meeting if Trustmark has not received notice of such proposal by January 26, 2019.

COST OF PROXY SOLICITATION

Solicitation of proxies will be primarily by mail and electronic delivery. Associates of Trustmark and its subsidiaries may be used to solicit proxies by means of telephone or personal contact but will not receive any additional compensation for doing so. Banks, brokers, trustees and nominees will be reimbursed for reasonable expenses incurred in sending proxy materials to the beneficial owners of such shares. The total cost of the solicitation will be borne by Trustmark.
