PROXY STATEMENT

2006 Annual Meeting of Stockholders
To Be Held On May 15, 2006

This Proxy Statement and the accompanying Notice of Annual Meeting of Stockholders are being furnished in connection with the solicitation by the Board of Directors of Heartland Payment Systems, Inc., a Delaware corporation (the "Company"), of proxies for use at the 2006 Annual Meeting of Stockholders (the "Annual Meeting") of the Company to be held on May 15, 2006, at 1:30 p.m., Eastern Time, at the Nassau Inn, 10 Palmer Square, Princeton, New Jersey 08540, and at any adjournments thereof. This Proxy Statement and the enclosed proxy and the Company's Annual Report to Stockholders, including the Company's Form 10-K are first being sent to stockholders on or about April 14, 2006.

The close of business on March 31, 2006 has been selected as the record date (the "Record Date") for determining the holders of outstanding shares of the Company's common stock, par value \$0.001 per share (the "Common Stock"), entitled to receive notice of and vote at the Annual Meeting. On the Record Date, there were approximately 35,895,101 shares of Common Stock outstanding and approximately 125 holders of record. Each holder of record is entitled to one vote at the Annual Meeting for each share of Common Stock held by such stockholder on the Record Date.

The presence in person or by properly executed proxy of the record holders of a majority of the outstanding shares of Common Stock will constitute a quorum at the Annual Meeting. Elections of Directors will be determined by a plurality vote of all shares present in person or by properly executed proxy and voting at the Annual Meeting.

Unless proxies have been previously revoked, all shares represented by properly executed proxies will be voted at the Annual Meeting in accordance with the directions given on such proxies. Any person giving a proxy has the power to revoke it, in writing delivered to the Secretary of the Company at the address given above, at any time prior to its exercise. If no direction is given, a properly executed proxy will be voted FOR the election of the persons named under Election of Directors. The Board of Directors does not anticipate that any other matters will be brought before the Annual Meeting. If, however, other matters are properly presented, the persons named in the proxy will have discretion, to the extent allowed by Delaware law, to vote in accordance with their own judgment on such matters.

ELECTION OF DIRECTORS

General

Seven individuals, all of whom are presently members of our Board of Directors, have been nominated for election as Directors of the Company until the next annual meeting and until their respective successors are elected and qualified. The persons named in the proxy, who have been designated by our management, intend, unless otherwise instructed on the proxy card, to vote for the election to the Board of Directors of the persons named below. If any nominee should become unavailable to serve, the proxy may be voted for the election of another person designated by the Board of Directors. The Board of Directors has no reason to believe any of the persons named will be unable to serve if elected.

Vote Required

The affirmative vote of the holders of a plurality of the shares of common stock voting at the Annual Meeting is necessary for the election of Directors. Any shares not voted (by abstention, broker non-vote, or otherwise) have no impact on the vote.

Board Recommendation

The Board of Directors recommends that stockholders vote FOR the nominees listed below.

Information Concerning the Board of Directors and Its Committees

Under our amended and restated certificate of incorporation, the Board of Directors determines the number of directors on the Board. We currently have seven directors. The Board of Directors held six meetings during the fiscal year ended December 31, 2005. Dr. Ostro attended 33% of the meetings of the Board of Directors and Mr. Raymond attended 67% of such meetings. Each of the other directors attended at least 75% of the aggregate number

of meetings of the Board of Directors and relevant committees held during fiscal year 2005 since his election. It is our policy to encourage directors to attend our annual meetings of stockholders.

The Board of Directors has determined that the following directors are independent under current New York Stock Exchange (NYSE) rules: Scott L. Bok, Mitchell L. Hollin, Robert H. Niehaus, Marc J. Ostro, Ph.D., Jonathan J. Palmer and George F. Raymond. To be considered independent our Directors must meet the bright-line independence standards under the listing standards of the NYSE, and the Board of Directors must affirmatively determine that the Director otherwise has no material relationship with the Company, directly, or as an officer, shareowner or partner of an organization that has a relationship with the Company. Robert O. Carr, serves as Chairman at meetings of the Board of Directors. We became a NYSE-listed company in August 2005 and there have been no executive sessions of our non-management Directors since our listing. Beginning in 2006, the Chairman of our Audit Committee will preside over executive sessions of our non-management Directors, which will be held regularly. The Board of Directors has standing Audit, Compensation and Nominating/Corporate Governance Committees.

For additional information on our corporate governance, including the charters approved by the Board of Directors for the Audit Committee, the Compensation Committee and the Nominating/Corporate Governance Committee, the Code of Business Conduct and Ethics and the Corporate Governance Guidelines, please visit the Company's investor relations website at www.heartlandpaymentsystems.com. Printed copies of this information may be obtained by requesting copies from our Corporate Secretary, Heartland Payment Systems, Inc., 90 Nassau Street, Princeton, New Jersey 08542.

Audit Committee. Our Audit Committee is solely responsible for the appointment of and reviewing fee arrangements with our independent accountants, and approving any non-audit services by our independent accountants. (See Principal Accountant Fees and Services). Our Audit Committee reviews and monitors our internal accounting procedures and reviews the scope and results of the annual audit and other services provided by our independent accountants. Our Audit Committee currently consists of Messrs. Palmer and Raymond and Dr. Ostro, each of whom is an independent director under current NYSE and Rule 10A-3 under the Exchange Act, and is chaired by Mr. Raymond. We believe that each of the members of the Audit Committee is financially sophisticated and is able to read and understand our consolidated financial statements. Our Board of Directors has determined that Mr. Raymond is an Audit Committee financial expert as defined under the regulations of the Exchange Act. Our Board of Directors has adopted a written charter for the Audit Committee. Our Audit Committee held five meetings during 2005. Mr. Raymond also serves on the Audit Committee of NationsHealth, BMC Software, Inc. and DocuCorp. International, Inc. Our Board of Directors has determined Mr. Raymond's service on the audit committees of these companies does not impair his ability to serve on our Audit Committee. Our Board of Directors adopted the Audit Committee charter on May 10, 2004, which is attached to this proxy statement as Appendix I.

Compensation Committee. Our Compensation Committee is primarily responsible for reviewing and approving the compensation and benefits of our executive officers and Directors; evaluating the performance and compensation of our executive officers in light of our corporate goals and objectives; administering our employee benefit plans and making recommendations to our Board of Directors regarding these matters; and for administering our equity compensation plans. The Nominating/Corporate Governance Committee will consider nominees for Directors nominated by stockholders upon submission in writing to our Corporate Secretary of the names of such nominees in accordance with our By-laws. This Committee is also charged with shaping corporate governance policies and codes of ethical and legal conduct, and monitoring compliance with such policies. Our Nominating/Corporate Governance Committee currently consists of Messrs. Bok and Raymond and Dr. Ostro, each of whom is an independent director under current NYSE rules. Our Board of Directors has adopted a written charter for the Nominating/Corporate Governance Committee. Our Nominating/Corporate Governance Committee did not hold any meetings during 2005.

Director Compensation

In 2005, members of the Board of Directors who were not our employees, and who were not beneficial owners of more than 5% of our common stock received annual retainers of \$10,000, or \$15,000 if they chair a committee, in addition to \$1,500 for each board meeting attended in person and \$1,000 for each committee meeting attended in person. Under these arrangements, we paid each of Dr. Ostro and Mr. Palmer an aggregate of \$14,000 and Mr. George F. Raymond received an aggregate of \$20,250. Any new non-employee Director who has not been in our prior employ will receive an initial option to purchase 10,000 shares of our common stock on the date such individual joins the Board of Directors. These options will vest over a period of two years. In addition, beginning on the date of the third annual stockholders meeting held after a non-employee Director joins the Board, such Director will automatically be granted a vested option to purchase 5,000 shares of our common stock. Director Nomination

Criteria for Board Membership. In selecting candidates for appointment or re-election to the Board, the Nominating/Corporate Governance Committee considers the appropriate balance of experience, skills and characteristics required of the Board of Directors, and seeks to insure that at least a majority of the Directors are independent under the rules of the NYSE, that members of the Company's Audit Committee meet the financial literacy and sophistication requirements under the rules of NYSE and at least one of them qualifies as an audit committee financial expert under the rules of the Securities and Exchange Commission. Nominees for Director are selected on the basis of their depth and breadth of experience, integrity, ability to make independent analytical inquiries, understanding of the Company's business environment, and willingness to devote adequate time to Board duties.

Stockholder Nominees. The Nominating/Corporate Governance Committee will consider written proposals from stockholders for nominees for Director. Any such nominations should be submitted to the Nominating/Corporate Governance Committee c/o the Secretary of the Company and should include the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the proxy statement as a nominee and to serving as a Director if elected); (b) the names and addresses of the stockholders making the nomination and the number of shares of the Company's common stock which are owned beneficially and of record by such stockholders; and (c) appropriate biographical information and a statement as to the qualification of the nominee, and should be submitted in the time frame described in the Bylaws of the Company and under the caption, "Stockholder Proposals for 2006 Annual Meeting" below.

Process for Identifying and Evaluating Nominees. The Nominating/Corporate Governance Committee believes the Company is well served by its current Directors. In the ordinary course, absent special circumstances or a material change in the criteria for Board membership, the Nominating/Corporate Governance Committee will re-nominate incumbent Directors who continue to be qualified for Board service and are willing to continue as Directors. If an incumbent Director is not standing for re-election, or if a vacancy on the Board occurs between annual stockholder meetings, the Nominating/Corporate Governance Committee will seek out potential candidates for Board appointment who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. Director candidates will be selected based on input from members of the Board, our senior management and, if the Nominating/Corporate Governance Committee deems appropriate, a third-party search firm. The Nominating/Corporate Governance Committee will evaluate each candidate's qualifications and check relevant references. In addition, such candidates will be interviewed by at least one member of the Nominating/Corporate Governance Committee. Candidates meriting serious consideration will meet with all members of the Board. Based on this input, the Nominating/Corporate Governance Committee will evaluate which of the prospective candidates is qualified to serve as a Director and whether the committee should recommend to the Board that this candidate be appointed to fill a current vacancy on the Board, or presented for the approval of the stockholders, as appropriate.

Since becoming a public company, the Company has never received a proposal from a stockholder to nominate a Director. Although the Nominating/Corporate Governance Committee has not adopted a formal policy with respect to stockholder nominees, the Committee expects that the evaluation process for a stockholder nominee would be similar to the process outlined above.

Board Nominees for the 2006 Annual Meeting. Each of Robert O. Carr, Scott L. Bok, Mitchell L. Hollin, Robert H. Niehaus, Marc J. Ostro, Ph.D, Jonathan J. Palmer and George F. Raymond are nominees listed in this Proxy Statement, and each such person is a current Director standing for re-election.

No member of our Compensation Committee has ever been an officer or employee of ours. There are no family relationships among any of our Directors or executive officers.

REPORT OF THE COMPENSATION COMMITTEE

One of the functions of the Compensation Committee of the Board is to develop and periodically review compensation policies and practices applicable to our executive officers, including the criteria upon which executive compensation is determined and the components of compensation. In this capacity, the Compensation Committee reviews and approves corporate goals and objectives relevant to the Chief Executive Officer's (CEO) compensation, evaluates the CEO's performance in light of these goals and objectives, and fixes the CEO's compensation based on this evaluation. The Committee also determines the compensation for the other executive officers. The Compensation Committee oversees the employment agreements for the CEO and other executive officers and the administration of our stock option and equity incentive plans. The Compensation Committee may seek the advice of independent consultants and counsel in carrying out its responsibilities.

Compensation Philosophy

Our philosophy in setting compensation policies for executive officers is closely aligned with the long-term interest of stockholders and with our corporate goals and strategies. The Compensation Committee sets compensation policies applicable to our executive officers, including the CEO, and evaluates the performance of such officers. The Compensation Committee believes that executive compensation should be directly linked to corporate performance and accomplishments that increase stockholder value. To emphasize our philosophy, the Compensation Committee adopted the following guidelines as a foundation for decisions that affect the levels of executive compensation:

- provide a competitive total compensation package that enables us to attract, motivate and retain key executive talent;
- align all pay programs with our annual goals and long-term business strategies and objectives;
- provide variable compensation opportunities that are directly linked to the performance of the officers and their impact on improving stockholder value; and
- provide significant performance-based criteria related to long-term stockholder value balancing superior performance and risk.

Components of Executive Compensation

The Compensation Committee focuses primarily on the following three components in forming the total compensation package for our executive officers: base salary, annual incentive bonus, and long-term incentives. The Compensation Committee believes that cash compensation in the form of salary and bonus provides our executives with short-term rewards for operational success, and that long-term compensation through the award of stock or stock options aligns the objectives of management with those of our stockholders with respect to long-term performance and success.

Base Salary and Variable Compensation

The Compensation Committee intends to compensate our executive officers, including the CEO, competitively within our industry and with respect to other companies with whom we compete for executive talent. In determining compensation levels for executive officers, the Compensation Committee formally and informally gathers relevant market data on industry compensation, inflation data and survey data from independent sources and our management.

In making specific compensation decisions the Compensation Committee also evaluates each executive officer's performance and potential to enhance long-term stockholder value. In determining the amount and mix of compensation elements for each executive officer the Compensation Committee makes qualitative judgments rather than relying on rigid guidelines or formulas. Key factors affecting the Compensation Committee's judgments included the nature and scope of the executive officers' responsibilities and their effectiveness in leading our initiatives to achieve our annual goals and establish and execute our long-term business strategies and objectives.

Long-Term, Equity-Based Incentive Awards

The goal of the long-term, equity-based incentives that we award is to align the interests of executive officers with stockholders and to provide each executive officer with a significant incentive to manage our business from the perspective of an owner with an equity stake in the business. The Compensation Committee determines the size of the long-term, equity-based incentives according to each executive's position within the company and sets a level it considers appropriate to create a meaningful opportunity for reward predicated on increasing stockholder value. In addition, the Compensation Committee takes into account an individual's performance history, his or her potential for future responsibility and promotion, and competitive total compensation targets for the individual's position and level of contribution. It also considers the aggregate ownership position in the company when deciding upon incremental stock-based awards.

We granted 230,000 options to senior executive officers in 2005 and the Compensation Committee intends to make option or restricted stock grants in future years as part of overall compensation. Option grants allow the executive officer to acquire shares of our common stock at a fixed price per share (the market price at the close of the day prior to the grant date) over a specified period of time. Options typically vest in periodic installments over a four-year period, contingent upon the executive officer's continued employment with the company. Accordingly, options granted will provide a return only if the executive officer remains with the company and only if the market price appreciates over the option term. To date, we have not made restricted stock grants, but such grants may be made in the future. In evaluating the tradeoff between restricted stock and options, the Compensation Committee will consider the aggregate cost to the company of each alternative, as well as the differing incentives for executive performance that they provide.

Compensation of the Chief Executive Officer

For 2005, we paid Mr. Carr \$350,000 in salary. We also paid him a cash bonus of \$98,665 for 2005. We considered this level of pay and bonus appropriate given his and the company's performance during the year, his successful stewardship of the company through its initial public offering, and his pay level relative to that of our other senior officers.

REPORT OF THE AUDIT COMMITTEE

The primary responsibilities of the Audit Committee are to oversee our financial reporting process on behalf of the Board of Directors, to review our financial statements, appoint and review fee arrangements with our independent accountants, and to report the results of the Audit Committee's activities to the Board of Directors.

Our management has the primary responsibility for the financial statements and financial reporting process, including the systems of internal control. Our independent accountants, Deloitte & Touche LLP, are responsible for auditing those financial statements in accordance with generally accepted accounting principles and issuing a report thereon. The Audit Committee has reviewed and discussed with management and the independent accountant the Company's audited financial statements as of and for the year ended December 31, 2005.

The Audit Committee has discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61, Codification of Statements on Auditing Standards, as amended, by the Auditing Standards Board of the American Institute of Certified Public Accountants and adopted by the Public Company Accounting Oversight Board (PCAOB). The Audit Committee has received and reviewed the written disclosures and the letter from the independent accountants required by Independence Standard No. 1, Independence Discussions with Audit Committees, as amended, by the Independence Standards Board and adopted by the PCAOB, and has discussed with the independent accountants their independence. In addition, the Audit Committee has considered the compatibility of non-audit services with the independent accountant's independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements, referred to above, be included in our Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the Securities and Exchange Commission.

This report has been furnished by the members of the Audit Committee:

- (2) In accordance with applicable SEC rules, the amounts shown on this table represent hypothetical gains that could be achieved for the options if exercised at the end of the option term. These gains are based on the assumed rates of stock appreciation of 5% and 10% compounded annually from the date the options were granted to their expiration date and do not reflect our estimates or projections of the future price of our common stock. The gains shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise. Actual gains, if any, on stock option exercises will depend on the future performance of our common stock, the option holder's continued employment through the option period, and the date on which the options are exercised.
- (3) Of such 57,464 options, 16,910 expire on December 23, 2010, 3,042 expire on September 12, 2010, 3,498 expire on July 14, 2010 and 34,014 expire on April 1, 2010.

Aggregated Option Exercises in 2005 and December 31, 2005 Year-End Option Values

The following table summarizes the value of the options exercised in fiscal 2005 and the value of unexercised options held by the Named Executive Officers as of December 31, 2005. The value realized on exercised options is calculated using the difference between the option exercise price and the closing price of our common stock on the day prior to the date exercise. The value of unexercised, in-the-money options at December 31, 2005 is calculated using the difference between the option exercise price and the closing price of our common stock at December 31, 2005, which was \$21.66 per share, multiplied by the number of shares underlying the option. An option is in-the-money if the fair value of the common stock subject to the option is greater than the exercise price.

Change in Control Arrangements

Edgar Filing: HEARTLAND PAYMENT SYSTEMS INC - Form DEF 14A

In November 2001, each of Robert O. Carr, Robert H.B. Baldwin, Jr., Michael C. Hammer and Brooks L. Terrell entered into an employee confidential information and noncompetition agreement with us and in October 2000, Sanford C. Brown entered an employee confidential information and noncompetition agreement with us. In each instance, the agreement provides that in the event they are terminated by us for other than cause or disability, they will be entitled to receive severance pay in an amount equal to the base salary for a twelve-month period that would have been paid to them plus medical benefits for twelve months. In addition, if any of them are terminated other than for cause or their employment with us is terminated due to their death, they shall also be entitled to receive a pro rata portion of any bonus that they would have been entitled to receive for the fiscal quarter in which they are terminated as if they had been employed by us for all of such quarter or, if their bonus was payable on an

annual rather than a quarterly basis, then their pro rata portion of such bonus shall be computed based on the number of days they were employed by us during such year.

In addition, in December 2002, Mr. Baldwin entered into a supplement to his employee confidential information and noncompetition agreement. The supplement provides that (i) in the event a material change occurs within 24 months of a change in control of our company or (ii) Robert O. Carr is no longer our chief executive officer and there is a change in his place of business that is more than 50 miles from our present principal offices, which is deemed to be a relocation, and (iii) Mr. Baldwin elects within three months following such material change or relocation to terminate his employment with us, his employment shall be deemed to have been terminated by us other than for cause and he shall be entitled to be paid severance and a bonus payment in accordance with the terms described above. A change of control is defined as any event where a person or persons, other than the then-current holders of our capital stock, has the right to elect, appoint or designate a majority of our Board of Directors, regardless of whether such event occurs as a result of the sale, conversion or redemption of any of our securities or any contractual obligation of ours and our stockholders. A material change is defined as a material adverse change in Mr. Baldwin's duties, responsibilities or authority or the assignment to him of any duties, responsibilities or authority which are inconsistent with his status or position or a material decrease in his base salary, other than any decrease that is effective for all of our officers and does not disproportionately affect Mr. Baldwin.

Thomas Sheridan entered into an employee confidential information and noncompetition agreement with us in December 2004, which provides that (i) in the event a material change occurs within 24 months of a change in control of our company or (ii) Robert O. Carr is no longer our chief executive officer and (iii) Mr. Sheridan elects within three months following such material change to terminate his employment with us, his employment shall be deemed to have been terminated by us other than for cause and he shall be entitled to receive severance pay in an amount equal to the base salary for a twelve month period that would have been paid to him plus medical benefits for twelve months and a pro rata portion of any bonus that he would have been entitled to receive for the fiscal quarter in which he is terminated as if he had been employed by us for all of such quarter or, if his bonus is payable on an annual rather than a quarterly basis, then his pro rata portion of such bonus shall be computed based on the number of days he was employed by us during such year. In addition, all stock options granted to him shall vest and become exercisable for a period of six months following the date of such termination. A change of control is defined as any event where a person or persons, other than the then-current holders of our capital stock, has the right to elect, appoint or designate a majority of our Board of Directors, regardless of whether such event occurs as a result of the sale, conversion or redemption of any of our securities or any contractual obligation of ours and our stockholders. A material change is defined as a material adverse change in Mr. Sheridan's duties, responsibilities or authority or the assignment to him of any duties, responsibilities or authority which are inconsistent with his status or position or a material decrease in his base salary, other than any decrease that is effective for all of our officers and does not disproportionately affect Mr. Sheridan.

Heartland Payment Systems, Inc. Amended and Restated 2000 Equity Incentive Plan

Introduction. Our Board of Directors adopted the Amended and Restated 2000 Equity Incentive Plan on July 29, 2003, and our stockholders approved the 2000 Plan on that same date. The 2000 Plan was amended on July 22, 2005.

Share Reserve. We have authorized 11,000,000 shares of our common stock for issuance under the 2000 Plan. As of December 31, 2005, 1,718,761 shares of the 11,000,000 authorized shares of our common stock remain available for issuance under the 2000 Plan.

Eligibility. Employees, officers, Directors, and consultants of our company or our subsidiaries are eligible to participate in the 2000 Plan. However, only employees may be granted incentive stock options.

Administration. The 2000 Plan is currently administered by our Compensation Committee. Our Compensation Committee determines, among other things, which eligible persons are to receive awards, the number of shares of our common stock subject to each award, the exercise schedule for each option and each stock appreciation right, the vesting schedule for each share of common stock and the other terms and conditions of each award, consistent with the provisions of the 2000 Plan. The terms and conditions of each award shall be set forth in a written award agreement with the recipient.

Options. Options granted under the 2000 Plan may be either incentive stock options, which are intended to qualify for certain U.S. federal income tax benefits under Section 422 of the Code, or non-qualified stock options. The holder of an option granted under the 2000 Plan will be entitled to purchase a number of shares of our common stock at a specified exercise price during a specified time period, as determined by our Compensation Committee. Options granted under the 2000 Plan may become exercisable based on the recipient's continued employment or service or the achievement of performance or other goals and objectives. The exercise price for an option may be paid in cash, in shares of our common stock valued at fair market value on the exercise date, by delivery of a full-recourse, interest-bearing promissory note, or by such other method as the Compensation Committee may establish. Options granted under the 2000 Plan generally may be transferred only by will or by the laws of descent and distribution.

Stock Appreciation Rights. A recipient of a stock appreciation right under the 2000 Plan will be entitled to receive cash, or shares of our common stock having a fair market value, equal to the excess of (a) the fair market value of a share of our common stock on the date of exercise (or, in our Compensation Committee's discretion, as of any time during a specified period before or after the date of exercise) over (b) the grant price of the stock appreciation right. The grant price for a stock appreciation right granted under the 2000 Plan will be determined by our Compensation Committee, but may not be less than the fair market value of a share of our common stock on the date of grant. Stock appreciation rights will become exercisable at such times or upon the occurrence of such events as determined by our Compensation Committee.

Shares of Common Stock. Shares of common stock granted under the 2000 Plan generally will vest based on the continued employment or service of the recipient or the achievement of performance or other goals and objectives. Shares of common stock that have not vested generally will be subject to forfeiture by the recipient, without payment of any consideration by our company, if the recipient's employment or service terminates. Unless otherwise permitted by our Compensation Committee, shares of common stock granted under the 2000 Plan may not be transferred by the recipient prior to vesting.

Certain Corporate Transactions; Change in Control. In the event of certain corporate transactions, such as a merger or consolidation in which we are not the surviving entity or a sale of all or substantially all of the assets of our company, the 2000 Plan provides that (a) each outstanding option will be assumed or substituted with a comparable option by our successor company or its parent or (b) in the discretion of our Compensation Committee, the 2000 Plan and each outstanding option shall terminate on the effective date of such transaction and the recipient will receive a cash payment with a fair market value equal to the amount that would have been received upon the exercise of the option had the option been exercised immediately prior to such transaction.

No award agreement entered into pursuant to the 2000 Plan may provide for the acceleration of any exercise schedule or vesting schedule with respect to an award solely because of a change in control of our company. However, notwithstanding anything to the contrary in the 2000 Plan or any award agreement, awards may provide for the acceleration of the exercise schedule or vesting schedule in the event of the involuntary dismissal of a recipient within a specified period of time following a change in control.

Amendment and Termination. The Board of Directors may amend or modify the 2000 Plan at any time, subject to any approval by our stockholders as required by law or the recipients of outstanding awards, as applicable. The 2000 Plan will terminate no later than July 30, 2013.

Indemnification Arrangements

Our bylaws provide that our Directors and officers shall be indemnified and provide for the advancement to them of expenses in connection with actual or threatened proceedings and claims arising out of their status as such to the fullest extent permitted by the Delaware General Corporation Law. We have entered into indemnification agreements with each of our Directors and executive officers that provide them with rights to indemnification and expense advancement to the fullest extent permitted under the Delaware General Corporation Law.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Other than the transactions described below, there has not been, nor is there currently planned, any transaction or series of similar transactions to which we were or are a party in which the amount involved exceeds \$60,000 and in which any director, executive officer or holder of more than 5% of our capital stock or any member of such person's immediate family had or will have a direct or indirect material interest.

Scott L. Bok, the U.S. President of Greenhill & Co., Inc. and a Senior Member of GCP 2000, LLC and a Managing Director of Greenhill Capital Partners, LLC, which control the general partners of Greenhill Capital Partners, Robert H. Niehaus, the Chairman and a Senior Member of GCP 2000, LLC and Chairman and a Managing Director of Greenhill Capital Partners, LLC and Mitchell L. Hollin, a partner of LLR Partners Inc., are members of our Board of Directors. In July 2003, Greenhill Capital Partners and LLR Equity Partners granted Robert O. Carr, our Chief Executive Officer and Chairman, an irrevocable option to purchase up to an aggregate of 1,750,000 shares of our common stock at any time on or before July 31, 2006 at a purchase price of \$7.14 per share. On February 22, 2006, Mr. Carr exercised options to purchase 1,750,000 shares of our common stock from Greenhill Capital Partners and LLR Equity Partners.

On March 28, 2005, Carr Holdings, L.L.C., an entity controlled and managed by Robert O. Carr, our Chief Executive Officer and Chairman, and his wife, sold 40,000 shares of our common stock to Thomas M. Sheridan, our Chief Portfolio Officer, at a price of \$9.28 per share. In addition, Carr Holdings, L.L.C. granted Mr. Sheridan an option to purchase an additional 40,000 shares of our common stock at any time prior to the earlier of (i) March 31, 2006, if we have not consummated our initial public offering or (ii) six months and 15 days after the consummation of our initial public offering. On August 8, 2005, Mr. Sheridan exercised options to purchase 12,000 shares of our common stock from Carr Holdings, L.L.C. On February 22, 2006, the remaining options to purchase 28,000 shares of our common stock from Carr Holdings, L.L.C. were cancelled by mutual agreement between Mr. Sheridan and Carr Holdings, L.L.C. As consideration for the cancellation, Mr. Sheridan received a payment of \$361,900 from Carr Holdings L.L.C. The amount of the consideration was determined by subtracting the \$9.28 exercise price of the options from the closing price of our common stock on the NYSE on the day before the date of this cancellation agreement, or \$22.20, and multiplying the difference by 28,000.

On May 6, 2005, Carr Holdings, L.L.C., an entity controlled and managed by Robert O. Carr, our Chief Executive Officer and Chairman, and his wife, sold 27,236 shares of our common stock to LLR Equity Partners, L.P., an entity controlled by Mitchell L. Hollin, one of our directors, and 2,764 shares of our common stock to LLR Equity Partners Parallel, L.P., an entity controlled by Mitchell L. Hollin, one of our Directors, at a price of \$9.80 per share. We paid the expenses incurred by Carr Holdings, L.L.C. in connection with the sale, which expenses totaled approximately \$1,000.

Jeffrey T. Nichols, the son-in-law of Robert O. Carr, our Chief Executive Officer and Chairman, is our Model Office Team Leader and was paid a salary of \$161,260 in the year ended December 31, 2005.

We have entered into change in control arrangements with some of our executive officers and granted options under our stock option plans to some of our executive officers. We have also entered into indemnification agreements with each of our executive officers and Directors. See Executive Officers of the Registrant Change in Control Arrangements and Executive Officers of the Registrant Indemnification Arrangements.

All future transactions, if any, between us and our officers, Directors and principal stockholders and their affiliates and any transactions between us and any entity with which our officers, Directors or five percent stockholders are affiliated, will be approved by a majority of the Board of Directors, including a majority of the independent and disinterested outside Directors, and will be on terms no less favorable to us than could be obtained from unaffiliated third parties.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

Independent Public Accountants

Deloitte & Touche LLP (Deloitte) served as our independent accountants for the years ending December 31, 2005 and 2004.

Audit Fees

The aggregate fees billed by Deloitte for professional services rendered for the audit of our annual financial statements, the reviews of the financial statements included in our quarterly reports on Form 10-Q, and services that are normally provided by the independent public accountant in connection with statutory and regulatory filings or engagements were \$380,530 for 2005. For 2004, fees of \$446,563 were billed by Deloitte for professional services rendered for audits of our annual financial statements.

Audit-related services in 2005 and 2004 included fees for consents to registration statements on Form S-1.

Tax Fees

The aggregate fees billed by Deloitte for professional services rendered for tax compliance, tax advice, and tax planning were \$70,538 for 2005 and \$68,050 for 2004. The fees primarily related to services provided in connection with our tax return preparation and compliance and sales tax return preparation and compliance.

All Other Fees

No other fees were billed by Deloitte in 2005 or 2004.

Audit Committee Pre-Approval Policies

Our Audit Committee pre-approves any audit and audit-related services and any permissible non-audit services provided by Deloitte prior to the commencement of the services. In determining whether to pre-approve a non-audit service, the Audit Committee considers whether providing the non-audit services is compatible with maintaining the auditor's independence. To minimize potential impairments to the objectivity of the independent auditor, it has been the Audit Committee's practice to limit the non-audit services that may be provided by our independent auditor to tax return, compliance and planning services.

All of the services described under the captions Audit Fees, Audit-Related Fees, Tax Fees, and All Other Fees were approved by the Audit Committee in accordance with the foregoing policy.

STOCKHOLDER RETURN ANALYSIS

The following graph compares the percentage change in cumulative total stockholder return on our common stock since August 10, 2005, the date our common stock was priced in connection with our initial public offering, with the cumulative total return over the same period of (i) the S&P 500 Index and (ii) the S&P Information Technology Index.

Pursuant to rules of the SEC, the comparison assumes \$100 was invested on August 10, 2005 in our common stock and in each of the indices and assumes reinvestment of dividends, if any. Historical stock prices are not indicative of future stock price performance.
