- the introduction and proliferation of competitive products;
- changes in technology;
- an inability to achieve or sustain profitability;
- difficulties with delays or quality control with our primary vendors;

- risks associated with the expansion of our business in size and geography;
- operational risk;
- geopolitical events and regulatory changes;

PROSPECTUS SUMMARY

This summary highlights information included or incorporated by reference in this prospectus. This summary may not contain all of the information that may be important to you. Before making an investment decision, you should read carefully this entire prospectus, any accompanying prospectus supplement and any other offering materials, together with the additional information described under the heading “Where You Can Find More Information” on page 13 of this prospectus.

Our Business

We are a telematics services company that provides a suite of real-time voice and data communications services and applications for use in vehicles and are developing additional applications for use within and outside of the automotive industry. These services are enabled through a state-of-the-art communications center designed and built to connect various mobile devices with content, services and call centers. Our system architecture enables us to manage the integration of these components and the associated service delivery in an efficient manner, allowing us to quickly adopt and implement new technologies and services.

Within the automotive industry, our communications center allows for two way voice and data communications to the vehicle and supports, among other things, critical safety and security services as well as location-based services and remote diagnostics. Since November 16, 2009, we have been the exclusive telematics service provider in the United States for all new vehicles sold by Mercedes-Benz, and we are now the preferred provider of telematics services for all Mercedes-Benz vehicles purchased prior to November 16, 2009. These services are marketed under the mbrace® brand and are enabled through a factory-installed hardware device in Mercedes-Benz vehicles. In addition, our In-Drive® solution offers services to consumers and other third parties through an aftermarket hardware device that we have developed and which we intend to distribute through relationships with companies and organizations with large customer bases for installation in existing vehicles. In August 2010, we entered into an agreement with State Farm to provide our In-Drive telematics services to certain customers of State Farm, and in August 2011, we entered into an agreement with AAA Club Partners to provide our In-Drive telematics services to certain customers of AAA Club Partners. Through Networkfleet, Inc. (“Networkfleet”), our wholly owned subsidiary, we currently offer remote vehicle monitoring and other data services to support owners and operators of fleets of vehicles.

In May 2010, we broadened our connected services beyond the automotive market to include the mobile health and wellness industry with the formation of Lifecomm, LLC (“Lifecomm”), a majority owned subsidiary founded with QUALCOMM Incorporated (“Qualcomm”), a leader in developing and delivering innovative digital wireless communications products and services, and American Medical Alert Corp. (“AMAC”), a healthcare communications company dedicated to the provision of support services to the healthcare community. Lifecomm intends to design, develop, finance and operate a mobile personal emergency response service which will permit subscribers to initiate requests for emergency assistance services through a wearable device that is able to communicate information to and support voice interactions between the subscriber and an emergency assistance call center for purposes of dispatching first responders to the subscriber's location. We expect to launch the Lifecomm service offerings late in the fourth quarter of 2011.

On March 31, 2009, pursuant to the terms of the Agreement and Plan of Merger, dated June 13, 2008 (as amended and restated on November 10, 2008 and March 12, 2009, the “Merger Agreement”), Hughes Telematics, Inc. (“Old HTI”), a privately held company, and Polaris Acquisition Corp. (“Polaris”), a publicly held blank check company, consummated a merger (the “Merger”) whereby Old HTI merged with and into a wholly-owned direct subsidiary of Polaris with Old HTI as the surviving corporation, and immediately thereafter, Old HTI merged with and into Polaris, with Polaris as the surviving corporation. In connection with the Merger, Polaris changed its name from “Polaris Acquisition Corp.” to “HUGHES Telematics, Inc.”

As used in this prospectus, unless otherwise indicated, references to “we,” “us,” “our” and the “Company” refer to Old HTI for periods prior to the consummation of the Merger and refer to HUGHES Telematics, Inc. for periods following the consummation of the Merger.

RISK FACTORS

An investment in our securities involves significant risks, and should not be made by anyone who cannot afford to lose his or her entire investment. Before deciding to invest in our securities, you should consider the specific risks described in our Annual Report on Form 10-K for the fiscal year ended December 31, 2010, the risk factors described under the caption “Risk Factors” in any applicable prospectus supplement and any risk factors set forth in our other filings with the SEC, pursuant to Sections 13(a), 13(c), 14 or 15(d) of the Exchange Act, before making an investment decision. Each of the risks described in these documents could materially and adversely affect our business, financial condition, results of operations and prospects, and could result in a partial or complete loss of your investment. See “Where You Can Find More Information” on page 13 of this prospectus.

THE OFFERING

Immediately prior to the consummation of the Merger, Polaris, the initial shareholders of Polaris, and certain security holders of Old HTI, including certain of the selling security holders, entered into a shareholders' agreement (the “Shareholders' Agreement”), which obligated us to file with the SEC a Registration Statement on Form S-1 (File No. 333-160787) to which the Post-Effective Amendment No. 1 on Form S-3, of which this prospectus forms a part, relates. Additionally, in connection with the private financings that we consummated between March 2008 and March 2009, we entered into an amended and restated co-sale and stock restriction agreement with the selling security holders (the “Co-Sale Agreement”) providing for “piggyback” registration rights. Pursuant to the Shareholders' Agreement and the Co-Sale Agreement, we registered the shares of common stock offered by certain of the selling security holders on the Registration Statement on Form S-1 and have filed the Post-Effective Amendment No. 1 on Form S-3, of which this prospectus forms a part, to convert the Registration Statement on Form S-1 to a Registration Statement on Form S-3 and to reduce the number of shares of common stock covered by the Registration Statement on Form S-1 to reflect sales which have previously occurred under the Registration Statement on Form S-1 and the removal of certain selling security holders from this prospectus.

Refers to 16,036,770 shares of our common stock issued to the selling security holders upon consummation of the Merger in connection with certain financings that we consummated between March 2008 and March 2009. Of the 16,036,770 shares, 10,224,697 are earn-out shares that are being held in escrow and will be released to the selling security holders as Merger consideration in three tranches contingent upon our common stock meeting specified price targets over the five-year period following the closing of the Merger. The first tranche of 40%, or 4,089,879, of the earn-out shares will be released to the selling security holders if the trading price of our common stock equals or exceeds \$20.00 (subject to adjustment) for any 20 trading days within a 30 trading-day period between the first and fifth anniversaries of the closing of the Merger. The second tranche of 30%, or 3,067,409, of the earn-out shares will be released to the selling security holders if the trading price of our common stock equals or exceeds \$24.50 (subject to adjustment) for any 20 trading days within a 30 trading-day period between the second and fifth anniversaries of the closing of the Merger. The final tranche of 30%, or 3,067,409, of the earn-out shares will be released to the selling security holders if the trading price of our common stock equals or exceeds \$30.50 (subject to adjustment) for any 20 trading days within a 30 trading-day period between the third and fifth anniversaries of the closing of the Merger. If a share price target is not met within its measurement period, the earn-out shares related to the missed share price target will be canceled by us and the selling security holders will be unable to sell such shares.

(2) Based upon the total number of issued and outstanding shares as of October 25, 2011, including 58,498,131 earn-out shares.

USE OF PROCEEDS

We will not receive any proceeds from the sales of shares of common stock by the selling security holders.

PLAN OF DISTRIBUTION

We are registering 16,036,770 shares of common stock. As used in this prospectus, the term “selling security holders” includes pledgees, transferees or other successors-in-interest selling shares received from the selling security holders as pledgors, assignees, borrowers or in connection with other non-sale-related transfers after the date of this prospectus. This prospectus may also be used by transferees of the selling security holders, including broker-dealers or other transferees who borrow or purchase the shares to settle or close out short sales of shares of common stock. Selling security holders will act independently of us in making decisions with respect to the timing, manner and size of each sale or non-sale related transfer. We will not receive any of the proceeds from sales of shares of common stock by the selling security holders.

We expect that the selling security holders will sell their shares primarily through sales on the OTC Bulletin Board or any other stock exchange, market or trading facility on which our shares are traded or in private transactions. Sales of our common stock may be made at fixed prices, at prevailing market prices at the time of sale, at varying prices determined at the time of sale, or at negotiated prices and may be effected by means of one or more of the following transactions, which may involve cross or block transactions:

- ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;
- block trades in which the broker-dealer will attempt to sell the shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction;
- purchases by a broker-dealer as principal and resale by the broker-dealer for its account;
- an exchange distribution in accordance with the rules of the applicable exchange;
- privately negotiated transactions;
- settlement of short sales;
- transactions in which broker-dealers may agree with one or more selling security holders to sell a specified number of such shares at a stipulated price per share;
- through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;
- underwritten offerings; or
- a combination of any of the above or any other method permitted pursuant to applicable law.

The selling security holders also may resell all or a portion of the shares in open market transactions in reliance upon Rule 144 under the Securities Act, as permitted by that rule, or Section 4(1) under the Securities Act, if available, rather than under this prospectus, provided that they meet the criteria and conform to the requirements of those provisions.

The selling security holders will have the sole discretion not to accept any purchase offer or make any sale of their shares of common stock if they deem the purchase price to be unsatisfactory at a particular time. To the extent required, this prospectus may be amended and supplemented from time to time to describe a specific plan of distribution, including the names of any broker-dealers, underwriters or agents.

Broker-dealers engaged by the selling security holders may arrange for other broker-dealers to participate in sales. Broker-dealers may receive commissions or discounts from the selling security holders or, if any broker-dealer acts as agent for the purchase of shares, from the purchaser, in amounts to be negotiated. Selling security holders do not expect these commissions and discounts to exceed what is customary in the types of transactions involved.

In connection with sales of common stock, or interests therein, selling security holders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the common stock in the course of hedging the positions they assume. Selling security holders may also engage in short sales, puts and calls or other transactions in our securities or derivatives of our securities and may sell and deliver shares in connection with these transactions.

Selling security holders and any underwriters, broker-dealers or agents involved in an arrangement to sell any of the offered shares may, under certain circumstances, be deemed to be “underwriters” with respect to securities they sell

within the

meaning of the Securities Act. Any profit on such sales and any discount, commission, concession or other compensation received by any such underwriter, broker-dealer or agent, may be deemed an underwriting discount and commission under the Exchange Act. No selling security holder has informed us that they have an agreement or understanding, directly or indirectly, with any person to distribute the common stock. If a selling security holder should notify us that they have a material arrangement with a broker-dealer for the resale of their shares, we may be required to amend the registration statement of which this prospectus forms a part, and file a prospectus supplement to describe the agreement between the selling security holder and broker-dealer, underwriter or agent, provide required information regarding the plan of distribution, and otherwise revise the disclosure in this prospectus as needed. If required, we would also file the agreement between the selling security holder and the broker-dealer as an exhibit to the post-effective amendment to the registration statement, of which this prospectus forms a part.

We have agreed to pay all fees and expenses incurred by us incident to the registration of our common stock, including SEC filing fees. Each selling security holder will be responsible for all costs and expenses in connection with the sale of their shares of common stock, including brokerage commissions or dealer discounts. Selling security holders will be indemnified by us against certain losses, claims, damages and liabilities, including certain liabilities under the Securities Act.

There can be no assurance that the selling security holders will sell any or all of the shares of common stock pursuant to the registration statement of which this prospectus forms a part.

Selling security holders will be subject to applicable provisions of the Exchange Act and the rules and regulations thereunder, which provisions may limit the timing of purchases and sales of common stock by them. The foregoing may affect the marketability of such securities. To comply with the securities laws of certain jurisdictions, if applicable, the common stock will be offered or sold in such jurisdictions only through registered or licensed brokers or dealers.

Selling security holders and other persons participating in the sale or distribution of the shares of common stock offered hereby will be subject to applicable provisions of the Exchange Act and the rules and regulations promulgated thereunder, including, without limitation, to the extent applicable, Regulation M. With certain exceptions, Regulation M restricts certain activities of, and limits the timing of purchases and sales of, any of the shares by selling security holders, affiliated purchasers and any broker-dealer or other person who participates in the sale or distribution. Under Regulation M, these persons are precluded from bidding for or purchasing, or attempting to induce any person to bid for or purchase, any security subject to the distribution until the distribution is complete. Regulation M also prohibits any bids or purchases made in order to stabilize the price of a security in connection with the distribution of that security. All of these limitations may affect the marketability of the shares offered by this prospectus.

Other than Crescent 1, L.P., CRS Fund, Ltd., Cyrus Opportunities Master Fund II, Ltd., Cyrus Select Opportunities Master Fund, Ltd. and Lazard Frères & Co. LLC, which we have been informed are broker-dealers or affiliates of a broker-dealer, to our knowledge, no selling security holder is a broker-dealer or an affiliate of a broker-dealer. We have been informed that each selling security holder that is a broker-dealer or an affiliate of a broker-dealer purchased its shares in the ordinary course of business and, at the time of the purchase of the shares to be resold pursuant to this prospectus, such selling security holder had no agreements or understandings, directly or indirectly, with any person to distribute such shares.

SELLING SECURITY HOLDERS

Pursuant to the Shareholders' Agreement and the Co-Sale Agreement executed in connection with the Merger and the private financings that we consummated between March 2008 and March 2009, we filed a Registration Statement on Form S-1 (File No. 333-160787) with the SEC under the Securities Act to register the shares of common stock offered by certain of the selling security holders and have filed the Post-Effective Amendment No. 1 on Form S-3, of which this prospectus forms a part, to convert the Registration Statement on Form S-1 to a Registration Statement on Form S-3 and to reduce the number of shares of common stock covered by the Registration Statement on Form S-1 to reflect sales which have previously occurred under the Registration Statement on Form S-1 and the removal of certain selling security holders from this prospectus. See "Description of Securities-Shareholders' Agreement." Up to 16,036,770 shares of our common stock are being offered by this prospectus, all of which are being registered for sale for the accounts of the selling security holders. The shares of common stock are being registered to permit public sales of the shares, and the selling security holders may offer the shares for resale from time to time pursuant to this prospectus. The selling security holders may also sell, transfer or otherwise dispose of all or a portion of their shares in transactions exempt from the registration requirements of the Securities Act or pursuant to another effective registration statement covering those shares. We may from time to time include additional selling security holders in amendments to this prospectus.

In connection with the Merger, on March 31, 2009, we entered into an escrow agreement (the "Escrow Agreement"), with Communications Investors, LLC ("Communications LLC") (in its capacity as representative of the holders of shares of Old HTI common stock), Trivergance, LLC (in its capacity as representative of our initial stockholders) and Continental Stock Transfer & Trust Company (in its capacity as escrow agent). Communications LLC, our controlling stockholder, is an affiliate of Apollo Global Management, LLC. As of the date hereof, 58,498,131 shares of common stock, including 10,224,697 shares held by the selling security holders, are held in escrow subject to the terms of the Escrow Agreement, pending the satisfaction of certain earn-out targets.

The table below sets forth certain information regarding the selling security holders and the shares of our common stock offered by them in this prospectus. For the purposes of the shares being offered hereby, we have assumed that all of the earn-out targets in the Escrow Agreement are met and all of the earn-out shares are released to the selling security holders. However, shares that were issued into escrow are subject to the applicable earn-out target. Until the escrowed shares are released from escrow, such shares cannot be sold by the selling security holders.

Because each selling security holder may offer all, some or none of the shares it holds, no definitive estimate as to the number of shares that will be held by each selling security holder after the offering can be provided. The following table has been prepared on the assumption that all shares offered under this prospectus will be sold to parties unaffiliated with the selling security holders. The selling security holders have not had a material relationship with us within the past three years other than as described in the footnotes to the table below or as a result of their acquisition of our shares or other securities. Other than Crescent 1, L.P., CRS Fund, Ltd., Cyrus Opportunities Master Fund II, Ltd., Cyrus Select Opportunities Master Fund, Ltd. and Lazard Frères & Co. LLC, which we have been informed are broker-dealers or affiliates of a broker-dealer, to our knowledge, no selling security holder is a broker-dealer or an affiliate of a broker-dealer. We have been informed that each selling security holder that is a broker-dealer or an affiliate of a broker-dealer purchased its shares in the ordinary course of business and, at the time of the purchase of the shares to be resold pursuant to this prospectus, such selling security holder had no agreements or understandings, directly or indirectly, with any person to distribute such shares.

Beneficial ownership is determined in accordance with the rules of the SEC. Each selling security holder's percentage of ownership of our outstanding shares in the table below is based upon 105,570,928 shares of common stock outstanding as of October 25, 2011.

DESCRIPTION OF SECURITIES

Common Stock

Authorized and Outstanding

We are authorized to issue up to 155,000,000 shares of common stock, par value \$0.0001 per share, of which 105,570,928 shares are outstanding as of the date of this prospectus.

Voting Rights

Holders of our common stock have the right to cast one vote for each share of common stock in their name on our books, whether represented in person or by proxy, on all matters submitted to a vote of holders of common stock, including election of directors. There is no right to cumulative voting in election of directors. Except where a greater requirement is provided by statute, by our certificate of incorporation or by-laws, the presence, in person or by proxy duly authorized, of one or more holders of a majority of the outstanding shares of our common stock constitutes a quorum for the transaction of business. The vote by the holders of a majority of outstanding shares is required to effect certain fundamental corporate changes such as liquidation, merger or amendment of our certificate of incorporation.

Dividends

Although there are no restrictions in our certificate of incorporation or by-laws that prevent us from declaring dividends, we have not declared any dividends to date and do not plan to declare any dividends in the foreseeable future. Our ability to pay dividends is subject to the terms of our debt agreements which, among other things, limit the amount of dividends we may pay.

Preemptive Rights

Holders of our common stock are not entitled to preemptive rights, and no redemption or sinking fund provisions are applicable to our common stock. All outstanding shares of our common stock are, and the shares of common stock sold in the offering will when issued, be fully paid and non-assessable.

Preferred Stock

We are authorized to issue up to 10,000,000 shares of preferred stock, par value \$0.0001 per share. No shares of preferred stock are outstanding as of the date of this prospectus.

Units and Warrants

Sponsor Warrants and IPO Warrants

On January 17, 2008, we completed our initial public offering of 15,000,000 units at \$10.00 per unit. Each unit consists of one share of our common stock, \$0.0001 par value, and one redeemable common stock purchase warrant (the "IPO Warrants"). In conjunction with the consummation of the initial public offering, we sold an aggregate of 4,500,000 warrants (the "Sponsor Warrants" and, together with the IPO Warrants, the "Polaris Warrants") to certain existing stockholders on a private placement basis at a price of \$1.00 per warrant, for an aggregate price of \$4.5 million. Each Polaris Warrant entitles the holder to purchase from us one share of common stock at an exercise price of \$7.00. The Polaris Warrants expire on January 10, 2012 at 5:00 p.m., New York City time, or upon earlier redemption by us: (i) in whole and not in part; (ii) at a price of \$0.01 per Polaris Warrant at any time after the Polaris Warrants become exercisable; (iii) upon not less than 30 days' prior written notice of redemption; and (iv) if, and only if, the reported last sale price of the common stock equals or exceeds \$14.25 per share, for any 20 trading days within a 30 trading day period ending three business days before we send the notice of redemption. The right to exercise the Polaris Warrants will be forfeited unless they are exercised prior to the date specified in the notice of redemption. On and after the redemption date, a record holder of a Polaris Warrant will have no further rights except to receive the redemption price for such holder's Polaris Warrant upon surrender of such Polaris Warrant.

The Sponsor Warrants are identical to the IPO Warrants except that, if the IPO Warrants are called for redemption, the Sponsor Warrants will be exercisable on a cashless basis so long as they are still held by the original holders or their affiliates. If the original holders retain any Sponsor Warrants and take advantage of this option, they would pay the exercise price by surrendering their Sponsor Warrants for that number of shares of common stock equal to the quotient obtained by dividing (x) the product of the number of shares of common stock underlying the Sponsor Warrants, multiplied by the difference between the exercise price of the Sponsor Warrants and the "fair market value" (defined below) by (y) the fair market value. The "fair market value" shall mean the average reported last sale price of the common stock for the 10 trading days ending on the third trading day prior to the date on which the notice of

redemption is sent to holders of Polaris Warrants.

The exercise price and number of shares of common stock issuable on exercise of the Polaris Warrants may be adjusted in

Table of Contents

certain circumstances including in the event of a stock dividend, or our recapitalization, reorganization, merger or consolidation. However, the Polaris Warrants will not be adjusted for issuances of common stock at a price below their respective exercise prices.

The Polaris Warrants may be exercised upon surrender of the warrant certificate on or prior to the expiration date at the offices of Continental Stock Transfer & Trust Company, as warrant agent, with the exercise form on the reverse side of the warrant certificate completed and executed as indicated, accompanied by full payment of the exercise price, by certified or official bank check payable to us, for the number of warrants being exercised. The warrant holders do not have the rights or privileges of holders of common stock and any voting rights until they exercise their warrants and receive shares of common stock. After the issuance of shares of common stock upon exercise of the Polaris Warrants, each holder will be entitled to one vote for each share held of record on all matters to be voted on by stockholders.

No Polaris Warrants will be exercisable and we will not be obligated to issue shares of common stock unless at the time a holder seeks to exercise such warrant, a prospectus relating to the common stock issuable upon exercise of the warrants is current and the common stock has been registered or qualified or deemed to be exempt under the securities laws of the state of residence of the holder of the warrants. Under the terms of the warrant agreement, we have agreed to use our best efforts to meet these conditions and to maintain a current prospectus relating to the common stock issuable upon exercise of the warrants until the expiration of the warrants. However, we cannot assure you that we will be able to do so and, if we do not maintain a current prospectus relating to the common stock issuable upon exercise of the Polaris Warrants, holders will be unable to exercise their warrants and we will not be required to settle any such warrant exercise. If the prospectus relating to the common stock issuable upon the exercise of the Polaris Warrants is not current or if the common stock is not qualified or exempt from qualification in the jurisdictions in which the holders of the warrants reside, we will not be required to net cash settle or cash settle the warrant exercise, the Polaris Warrants may have no value, the market for the Polaris Warrants may be limited, and they may expire worthless.

No fractional shares will be issued upon exercise of the Polaris Warrants. If, upon exercise of the Polaris Warrants, a holder would be entitled to receive a fractional interest in a share, we will, upon exercise, round up to the nearest whole number the number of shares of common stock to be issued to the warrant holder.

As of October 25, 2011, there were Polaris Warrants outstanding to purchase an aggregate of 16,743,180 shares of common stock at a price of \$7.00 per share.

Second Lien Warrants

On December 17, 2009, we entered into a credit agreement (the “Second Lien Credit Agreement”) with PLASE HT, LLC (“PLASE HT”) as administrative agent, collateral agent and original lender, pursuant to which we issued, for aggregate consideration of \$15.0 million, second lien term indebtedness due October 1, 2013 with an original principal amount of \$15.0 million and a warrant to purchase 3,000,000 shares of common stock at an exercise price of \$6.00 per share (the “Second Lien Warrants”). The Second Lien Warrants expire on December 17, 2014 at 5:00 p.m., New York City time. As a result of the private placement completed on May 13, 2010, the exercise price of the Second Lien Warrants was adjusted to \$5.99 per share.

On February 7, 2011, we entered into an incremental loan commitment agreement with a group of investors pursuant to which the investors made loans in the aggregate principal amount of approximately \$5.0 million under the Second Lien Credit Agreement. In connection with the issuance of the loans, we issued the investors Second Lien Warrants to purchase an aggregate of 1,000,000 shares of our common stock at an exercise price of \$5.99 per share.

The Second Lien Warrants may be exercised upon surrender of the warrant certificate on or prior to the expiration date at our offices, with the notice of exercise duly executed and accompanied by full payment of the exercise price for the number of shares of common stock being purchased pursuant to such Second Lien Warrant. The holder may elect to pay such exercise price in (i) cash, good certified check or good bank draft payable to us, (ii) shares of common stock with an aggregate “fair market value” equal to the exercise price or (iii) the form of notes payable or other indebtedness issued by us, which shall be cancelled, in a principal amount, plus accrued and unpaid interest thereon to and including the date of exercise, equal to the exercise price. Alternatively, the holder may elect to “net exercise” a Second Lien Warrant by agreeing to accept that number of shares of common stock equal to the quotient

obtained by dividing (x) the product of the number of shares of common stock underlying such Second Lien Warrant, multiplied by the difference between the exercise price of the Second Lien Warrant and the fair market value by (y) the exercise price of the Second Lien Warrant. As used in the warrant agreement governing the Second Lien Warrants, “fair market value” shall mean the volume weighted average trading price of the common stock for the 20 most recent trading days on which sales have occurred ending on the third trading day prior to the date on which the Second Lien Warrant is exercised.

The exercise price and number of shares of common stock issuable on exercise of the Second Lien Warrants may be adjusted in certain circumstances, including in the event of a stock dividend, or our recapitalization, reorganization, merger or consolidation. In the event we issue any shares of common stock or other securities convertible into or exchangeable for

Table of Contents

common stock (in each case, other than an issuance of “excluded securities” as defined in the warrant agreement) at a purchase price per share below fair market value, the exercise price of the Second Lien Warrants may also be adjusted downward to a price equal to the price obtained by multiplying (x) the exercise price in effect immediately prior to the issuance of such common stock or other securities, by (y) a fraction of which (i) the numerator shall be the sum of (a) the number of shares of common stock outstanding on a fully diluted basis immediately prior to such issuance and (b) the number of additional shares of common stock which the aggregate consideration for the number of shares of common stock so offered would purchase at fair market value and (ii) the denominator shall be the number of shares of common stock outstanding on a fully diluted basis immediately after such issuance.

The warrant holders do not have the rights or privileges of holders of common stock or any voting rights until they exercise their warrants and receive shares of common stock. After the issuance of shares of common stock upon exercise of the Second Lien Warrants, each holder will be entitled to one vote for each share of common stock held of record on all matters to be voted on by stockholders.

No fractional shares will be issued upon exercise of the Second Lien Warrants. If, upon exercise of the Second Lien Warrants, a holder would be entitled to receive a fractional interest in a share, we will, upon exercise, round up to the nearest whole number the number of shares of common stock to be issued to the warrant holder.

As of October 25, 2011, there were Second Lien Warrants outstanding to purchase an aggregate of 4,000,000 shares of common stock at a price of \$5.99 per share.

Shareholders' Agreement

Immediately prior to the consummation of the Merger, Polaris, the initial shareholders of Polaris, and certain security holders of Old HTI, including those selling security holders who were holders of Old HTI's Series B Convertible Preferred Stock (“Series B Shareholders”), entered into a Shareholders' Agreement (the “Shareholders' Agreement”). Additionally, Polaris' initial stockholders and holders of Old HTI's common stock agreed not to transfer, as applicable, (i) any earn-out shares placed in escrow by Polaris' initial stockholders pursuant to the Escrow Agreement or (ii) any earn-out shares, including shares of our common stock underlying earn-out options, issued to them in the Merger and placed in escrow pursuant to the Escrow Agreement, until:

with respect to shares released from escrow between the first and second anniversaries (including the second anniversary) of the closing of the Merger, upon the achievement of the share price target for the first tranche of earn-out shares, one year following the distribution of these securities from escrow; and

with respect to any other shares released from escrow (including sponsor earn-out shares and earn-out shares in the first tranche that are not released on or before the second anniversary of the closing of the Merger), the earlier of (i) six months following the distribution of these shares from escrow and (ii) the fifth anniversary of the closing of the Merger.

All of the former holders of Old HTI's common stock are subject to these transfer restrictions except for one non-employee, unaffiliated stockholder of Old HTI, who owned fewer than 50,000 shares of our common stock at the closing of the Merger (including earn-out shares). Parties to the Shareholders' Agreement may vote the earn-out shares and sponsor earn-out shares, as applicable, without restriction while they remain in escrow.

The parties to the Shareholders' Agreement agreed that in the event Marc V. Byron, one of our directors, resigns, is removed, or is unable to serve on our board of directors while earn-out shares remain in escrow (the “escrow period”), we will nominate a replacement designated by Polaris' initial stockholders (as determined by a majority-in-interest of such stockholders) and parties to the Shareholders' Agreement will vote their shares in favor of Marc V. Byron or a replacement director designated by Polaris' initial stockholders until the earlier of (i) the termination of the escrow period and (ii) the date when Polaris' initial stockholders hold less than 50% of the outstanding shares of our common stock held by Polaris' initial stockholders at the closing of the Merger.

The Shareholders' Agreement also provides for certain registration rights beginning after the expiry of the applicable transfer restrictions for the shares of our common stock issued to the Series B Shareholders and holders of Old HTI's common stock in the Merger, the shares of our common stock held by Polaris' initial stockholders, the Sponsor Warrants and shares of Polaris common stock underlying such warrants (the “registerable securities”). Under the Shareholders' Agreement, the Series B Shareholders, former holders of Old HTI's common stock and Polaris' initial stockholders are afforded demand rights, shelf registration rights and “piggyback” rights.

Pursuant to the Shareholders' Agreement, we filed a Registration Statement on Form S-1 (File No. 333-160787) to register all of the shares of our common stock received by the Series B Shareholders in connection with the Merger and filed the Post-Effective Amendment No. 1 on Form S-3, of which this prospectus forms a part, to convert the Registration Statement

Table of Contents

on Form S-1 to a Registration Statement on Form S-3 and to reduce the number of shares of common stock covered by the Registration Statement on Form S-1 to reflect sales which have previously occurred under the Registration Statement on Form S-1 and the removal of certain selling security holders from this prospectus. Additionally, the Series B Shareholders are entitled to “piggyback” registration rights and are separately entitled to two demand registrations and may demand an underwritten offering.

The former holders of Old HTI's common stock holding a majority-in-interest of the such stockholders' registerable securities and Polaris' initial stockholders holding a majority-in-interest of such stockholders' registerable securities will be able to make written demands to us to register all or any portion of their respective registerable securities at any time after the expiry of the applicable transfer restrictions and will also be able to make shelf takedown demands for their respective registerable securities at any time after we have become eligible to file registration statements on Form S-3 and after the expiry of the applicable transfer restrictions. We are not required to (i) effect more than two demand registrations and two shelf takedown demands initiated by Polaris' initial stockholders or four demand registrations and four shelf takedown demands initiated by former holders of Old HTI's common stock or (ii) effect a demand registration or shelf takedown for Polaris' initial stockholders if the value of registerable securities in the proposed registration or shelf takedown is less than \$2.0 million, or effect a demand registration or shelf takedown for the former holders of Old HTI's common stock if the value of registerable securities in the proposed registration or shelf takedown is less than \$20.0 million. The demand notice and demand registration are subject to customary limitations on demands, cutbacks, withdrawals and underwriters. Former holders of Old HTI's common stock and Polaris' initial stockholders will have unlimited “piggyback” rights after the expiry of the applicable transfer restrictions, subject to customary restrictions. Securities will cease to be registerable pursuant to the Shareholders' Agreement once they are saleable under Rule 144 and not subject to the volume restrictions therein.

We agreed to indemnify the parties to the Shareholders' Agreement from any losses arising out of, or based upon, any untrue statement of a material fact contained in any registration statement or prospectus, any omission to state a material fact therein or necessary to make the statements therein not misleading or any violation by us of the Securities Act. However, the SEC has taken the position that indemnification for liabilities arising under the Securities Act of 1933 is against public policy and unenforceable. The Shareholders' Agreement will terminate (i) with respect to the former security holders of Old HTI, on the date when the former security holders of Old HTI together hold less than 10% of the outstanding our common stock, and (ii) with respect to all parties, on the date of a change of control of our company. The registration rights of the former security holders of Old HTI and Polaris' initial stockholders, as applicable, will survive until such holders no longer own any of our common stock (or, with respect to Polaris' initial stockholders, any warrants). The indemnification provisions will survive the termination of the Shareholders' Agreement.

Registration Rights Agreements

In connection with the issuance of our Second Lien Credit Agreement, we entered into a registration rights agreement with PLASE HT, dated as of December 17, 2009, pursuant to which we granted PLASE HT customary “piggyback” registration rights.

In connection with the private placements we consummated on December 28, 2009, May 13, 2010, February 7, 2011 and October 7, 2011, we entered into registration rights agreements with the respective purchasers requiring that, among other things, we register the resale of the shares of common stock sold in such private placements. Such registration statements (File Nos. 333-164930, 333-168198, 333-173965 and 333-177271) were declared effective by the SEC on April 16, 2010, August 18, 2010, May 12, 2011 and October 20, 2011, respectively.

Stock Incentive Plans

Our 2006 Stock Incentive Plan (the “2006 Plan”) provides for share-based compensation awards, including incentive stock options, non-qualified stock options and share awards, to our officers, employees, non-employee directors and non-employee consultants. There are 3,047,900 shares of common stock authorized for issuance under the 2006 Plan. The 2006 Plan is administered by the compensation committee of our board of directors which determines eligibility, amount, and other terms and conditions of awards. Options awarded under the 2006 Plan generally have a term of ten years and an exercise price equal to or greater than the fair value of the underlying shares of common stock on the date of grant. Generally, half of each award vests in equal parts over a period of three years of continued employment or

service with us. The remaining half of each award vests upon the achievement of certain pre-established performance goals set by our board of directors. In the event an option holder's service to us is terminated for either (i) other than good reason, as defined in the 2006 Plan, before the fifth anniversary of the holder's service to us or (ii) cause, we may repurchase any stock obtained through the exercise of a stock option within 180 days of such holder's termination date at a price equal to the lesser of the fair market value of the stock on the date of termination or the exercise price of the stock option. In the event an option holder's service to us is terminated for any of (i) good reason, as defined in the 2006 Plan, (ii) other than cause or (iii) following the fifth anniversary of such holder's service to us, we may repurchase any stock obtained through the exercise of a stock option within 180 days of such holder's termination date at a price equal to the fair market value of the stock on the date of termination.
