Item 8.01 Other Events.

Windstream Holdings, Inc. (Nasdaq: WIN) previously announced that, on November 5, 2016, it has entered into an Agreement and Plan of Merger (the “Merger Agreement”) with EarthLink Holdings Corp., a Delaware corporation (“EarthLink”), Europa Merger Sub, Inc., a Delaware corporation and an indirect, wholly-owned subsidiary of Windstream (“Merger Sub 1”), and Europa Merger Sub, LLC, a Delaware limited liability company and an indirect, wholly-owned subsidiary of Windstream (“Merger Sub 2”) pursuant to which, among other things, (i) Merger Sub 1 will be merged with and into EarthLink (the “Merger”) with EarthLink continuing as the surviving corporation (the “Surviving Corporation”) and (ii) immediately following the Merger, the Surviving Corporation will be merged with and into Merger Sub 2 (the “Subsequent Merger” and, together with the Merger, the “Combination”), with Merger Sub 2 continuing as the surviving company and an indirect, wholly-owned subsidiary of Windstream (the “Surviving Company”), in each case subject to the terms and conditions of the Merger Agreement. In connection with the Combination, Windstream is seeking to amend its existing senior secured credit agreement. Among other things, the amendment would (i) establish up to \$450 million in incremental term loans, the proceeds of which would be used to redeem, repurchase or discharge all or a portion of EarthLink’s existing third-party debt under its June 30, 2016 credit facility, and EarthLink’s or its subsidiaries’ outstanding 8.875% notes due 2019 and 7.375% notes due 2020, and (ii) modify certain other definitions and provisions, in each case, subject to customary conditions. Consummation of the amendment is subject to numerous factors, including reaching agreement with lenders and market conditions, and there can be no assurance that Windstream will successfully enter into the amendment to its senior secured credit agreement on the terms described herein or at all. The borrowing of loans under the amendment will be subject to the closing of the Combination.

Cautionary Statement Regarding Forward-Looking Statements

Windstream claims the protection of the safe-harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. Forward-looking statements are typically identified by words or phrases such as “will,” “anticipate,” “estimate,” “expect,” “project,” “intend,” “plan,” “believe,” “target,” “forecast” and other words and terms of similar meaning. Forward-looking statements are subject to risks and uncertainties that could cause actual future events and results to differ materially from those expressed in the forward-looking statements.

Forward-looking statements include, but are not limited to, statements about the benefits of the proposed Combination with EarthLink, including future financial and operating results, future revenue, projected synergies in operating and capital expenditures, the expected availability of net operating loss carryforwards to reduce future cash tax expenses, net leverage, adjusted OIBDA/OIBDAR, and adjusted free cash flow; Windstream and EarthLink’s expected dividend policy between the announcement of the transaction and proposed completion of the Combination, and the dividend policy for the proposed combined company after the Combination; the expected timing of completion of the transaction that is contingent upon stockholder approval of both companies and certain regulatory approvals, along with plans, objectives, expectations and intentions and other statements that are not historical facts. These statements, along with other forward-looking statements regarding Windstream’s overall business outlook, are based on estimates, projections, beliefs, and assumptions that Windstream believes is reasonable but are not guarantees of future events, performance or results. Actual future events and results may differ materially from those expressed in these forward-looking statements as a result of a number of important factors.

Important factors that could cause actual results to differ materially from those indicated by such forward-looking statements include risks and uncertainties relating to the ability to obtain the requisite Windstream and EarthLink stockholder approvals required to complete the Combination; the ability to satisfy the conditions to consummation of the Combination, including obtaining governmental and regulatory approvals required for the Combination; the risk that required governmental and regulatory approvals may delay the Combination or result in the imposition of conditions that could cause the parties to abandon the Combination or materially impact the financial benefits of the proposed Combination; timing to consummate the proposed Combination; the risk that the businesses will not be

integrated successfully; the risk that the cost savings and anticipated synergies from the proposed transaction may not be fully realized or may take longer to realize than expected; the anticipated future cash requirements of the proposed combined company; disruption from the proposed transaction making it more difficult to maintain relationships with customers, employees or suppliers; the diversion of management time on merger-related issues; dividend policy changes for the combined company; general worldwide economic conditions and related uncertainties; and the effect of any changes in governmental regulations. Windstream does not undertake any obligation to publicly update any forward-looking statement, whether as a result of new information, future events or otherwise.
