REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION

To the Shareholders, Directors and Officers of

Companhia Brasileira de Distribuição

São Paulo - SP

Introduction

We have reviewed the accompanying individual and consolidated interim financial information of Companhia Brasileira de Distribuição (the “Company”), included in the Interim Financial Information Form (ITR), for the quarter ended September 30, 2015, which comprises the balance sheet as of September 30, 2015 and the related statements of profit or loss and of comprehensive income for the three- and nine-month periods then ended, and the statements of changes in equity and of cash flows for the nine-month period then ended, including the explanatory notes.

Management is responsible for the preparation of the individual and consolidated interim financial information in accordance with technical pronouncement CPC 21 (R1) and

international standard IAS 34 - Interim Financial Reporting, issued by the International Accounting Standards Board - IASB, as well as for the presentation of such information in accordance with the standards issued by the Brazilian Securities and Exchange Commission (CVM), applicable to the preparation of Interim Financial Information (ITR). Our responsibility is to express an opinion on this interim financial information based on our review.

Scope of review

We conducted our review in accordance with Brazilian and international standards on review of interim financial information (NBC TR 2410 and ISRE 2410 - Review of Interim Financial Information Performed by the Independent Auditor of the Entity, respectively). A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with the standards on auditing and, consequently, does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion on the interim financial information

Based on our review, nothing has come to our attention that causes us to believe that the accompanying individual and consolidated interim financial information included in the ITR referred to above is not prepared, in all material respects, in accordance with CPC 21 (R1) and IAS 34 applicable to the preparation of Interim Financial Information (ITR) and presented in accordance with the standards issued by the CVM.

Emphasis of matter

On October 29, 2015, we issued an unqualified review report on the Company's individual and consolidated interim financial information for the quarter ended September 30, 2015, which is being restated. We draw attention to note 1.1 to the interim financial information, which describes that this interim financial information was amended and is being restated to reflect the adjustments identified after the completion of the investigation on indirect subsidiary Cnova Comércio Eletrônico S.A. Our conclusion remains unqualified, since the interim financial information were adjusted retrospectively.

Other matters

Statements of value added

We have also reviewed the individual and consolidated interim statements of value added ("DVA") for the nine-month period ended September 30, 2015, prepared under Management's responsibility, the presentation of which is required by the standards issued by the CVM applicable to the preparation of Interim Financial Information (ITR), and is considered as supplemental information under International Financial Reporting Standards - IFRSs, which do not require the presentation of a DVA. These statements, which were amended and are being restated to reflect the adjustments described in note 1.1 to the interim financial information, were subject to the same review procedures described above, and, based on our review, nothing has come to our attention that causes us to believe that they are not prepared, in all material respects, consistently with the interim financial information taken as a whole.

The accompanying interim financial information has been translated into English for the convenience of readers outside Brazil.

Notes to the interim financial information

September 30, 2015

(In millions of Brazilian reais, unless otherwise stated)

1. Corporate information – Continued

1.2 Reclassification of Malls revenue - continued

1.2.1 Statement of income: Costs with commercial galleries rental, which were previously recorded as recovery of selling expenses, were reclassified to "cost of goods sold and/or services sold" respectively due to an increase in the share of this activity in the Multivarejo segment and considering that the revenues of this activity is recorded as "sales from goods and/or services", better presenting this activity in the Group's financial statements. The Company's management considers an appropriate procedure to adopt the current classification in order to allow comparability and a final classification of these costs.

1.2.2 Statement of value added: According to the changes mentioned above, the line items that were changed in the statement of value added refer to cost of products, goods and services sold and materials, energy, outsourced services and other in the amounts of R\$25 and R\$35, parent company and consolidated, respectively

1.3 Performance Commitment Agreement

The Company, its subsidiary Via Varejo S.A ("Via Varejo") and Casa Bahia Comercial Ltda. ("CB"), jointly "Compromisers", and the Brazilian Antitrust Agency ("CADE") entered into a Performance Commitment Agreement ("PCA") to approve the Partnership Agreement signed between CBD and CB on December 4, 2009 and amended on July 1, 2010. As the main purpose of PCA, Via Varejo had the major obligation of selling 74 stores located in 54 municipalities distributed in six states and the Federal District.

From the 74 stores, 32 were not sold. Therefore, in accordance with the PCA, these stores had its activities ceased between May and June, 2014, with the payment of R\$12 penalty. According to CADE's authorization, after 6 months closed, 16 stores were reopened in November 2014, in accordance with the PCA.

In relation to 42 stores remaining, they were all sold between October 2013 and January 2014, through direct sales to other companies and open auctions. Such sales were duly approved by CADE. From these 42 stores, 19 were not sold due to failed negotiations between some acquirers and building owners, resulting to the subsidiary Via Varejo a fine payment of R\$ 7 to the CADE and loss in fixed assets of R\$ 7; from the total stores 4 were closed and 15 still remain to be closed in next months.

The final step of the PCA is the transfer of 11 stores generating a gain of R\$8 in the income statement for the period.

The transfer of 12 stores is still in process of negotiation. This process has been monitored by CADE, which has been monitoring the fulfillment of the obligation taken in the PCA, having the Company subject to present the information required.

1.4 Performance Commitment Agreement

On August 14, 2015, CBD and its controlling shareholder Wilkes were jointly convicted by International Court of Arbitration - ICA, to indemnify Morzan Empreendimentos e Participações Ltda. ("Morzan"). Such decision was amended on January 27, 2016 with no significant changes.

The account payable in the amount of R\$233, including legal fees, was fully settled in April 1, 2016 (see note 35.3).

In the individual interim financial information, equity interests are calculated considering the percentage held by CBD or its subsidiaries. In the consolidated interim financial information, the Company fully consolidates all its subsidiaries, keeping noncontrolling interests in a specific line item in shareholders' equity.

3.2. Associates – BINV and FIC

Investments are accounted under the equity method because these associates are entities over which the Company exercises significant influence, but not control, since (a) it is a party to the shareholders' agreement, appointing certain officers and having veto rights in certain relevant decisions; and (b) the power over the operating and financial decisions of BINV and FIC is held by Banco Itaú Unibanco S.A ("Itaú Unibanco").

FIC's summarized interim financial information is as follows:

	FIC

Current assets	3,719	3,815
Noncurrent assets	42	35

Revenues	823	755
Operating income	291	285
Net income for the period	186	161

For the purposes of measurement of the investment in this associate, the special goodwill reserve recorded by FIC should be deducted from its shareholders' equity, since it is Itaú Unibanco's (controlling shareholder) exclusive right.

Notes to the interim financial information

September 30, 2015

(In millions of Brazilian reais, unless otherwise stated)

4. Significant accounting policies

Except for the item mentioned below, the significant accounting policies adopted by the Company in the preparation of the individual and consolidated interim financial information are consistent with those adopted and disclosed in Note 4 to the financial statements for the year ended December 31, 2014 dated February 12, 2015 and therefore should be read in conjunction with those annual financial statements.

4.1. Present value adjustment of assets and liabilities

Until 2014, the Company recorded the adjustment to present value (“PVA”) over the credit card receivables without interest, even considering that receivables were not long term (in average due in 4 months) and the impacts not significant on the short term. The reversal of the adjustment recorded was made in the net sales, once the financing to clients is part of the Company’s business. In 2015, the accounting practice of recording PVA over the short-term credit card receivables was discontinued, because of its immateriality on quarterly and annual financial statements, high cost to control and consequent irrelevance for understanding Company’s operation. These balances on December 31, 2014, were R\$6.

The long term assets and liabilities continue to be adjusted, considering the contractual cash flows and respective interest rate, implicit or explicit.

4.2. Net investment hedge

The net investment hedges in the foreign operations are accounted similarly to the cash flow hedges. The gains or losses in the hedge instrument related to the effective portion of the hedge are recognized in other comprehensive income in the line “Reserve of Foreign Currency Translation”. The gains or losses related to the ineffective portion are recognized in the income statement.

The gains and losses in the hedge instrument related to the effective portion recognized in other comprehensive income are reclassified to the income statements in the moment of the sale of the foreign

5. Adoption of new standards, amendments to and interpretations of existing standards issued by the IASB and CPC and standards issued but not yet effective

With the exception of the item mentioned below, the adoption of new standards, amendments to and interpretations of existing standards issued by the IASB and CPC and standards issued but not yet effective are consistent with those adopted and disclosed in note 5 to the financial statements for the year ended December 31, 2014 dated February 12, 2015, there are no significant effect to the Company. .

Except for standards “IFRS 15 – Revenue from contracts with customers” and “IFRS 16 – Leases” which impacts are under analysis by Company. In relation to IFRS 16 there are expected relevant impacts in the financial statements.

6. Significant accounting judgments, estimates and assumptionsJudgments, estimates and assumptions

The preparation of the Company's individual and consolidated interim financial information requires Management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of the reporting period; however, uncertainties about these assumptions and estimates may result in outcomes that require adjustments to the carrying amount of the affected asset or liability in future periods.

The significant assumptions and estimates for interim financial information for the nine-month period ended September 30, 2015 were the same as those adopted in the individual and consolidated financial statements for the year ended December 31, 2014 dated February 12, 2015 and therefore should be read in conjunction with those annual financial statements, except for the impairment test, as described in notes 15 and 16.

(ii) Investment hedge in foreign operation

For this type of hedge the effective portion on market value changes attributed to exchange currency risks is recognized and other comprehensive income, as the ineffective portion is recognized directly in the net income for the period. Accumulated gains or losses are reclassified to net income when an investment loss or write-off is recorded. Company designates the hedge in 30-days periods, in which the amount of the risk covered was R\$ 42 on September 30, 2015. In addition, the effects recognized in equity as resulting from the instrument amounts to R\$ 1.

19.3.Fair value measurements

The Company discloses the fair value of financial instruments measured at fair value and of financial instruments measured at amortized cost, the fair value of which differ from the carrying amount, in accordance with CPC 46 (“IFRS13”), which refer to the concepts of measurement and disclosure requirements.

The fair values of cash and cash equivalents, trade receivables, short and long-term debt and trade payables are equivalent to their carrying amounts.

The table below presents the fair value hierarchy of financial assets and liabilities measured at fair value and of financial instruments measured at amortized cost, the fair value of which is disclosed in the financial statements:

Carrying amount at 9.30.2015	Fair value at 9.30.2015	Fair value measurement at the end of the reporting
-------------------------------------	--------------------------------	---

			period using other significant observable assumptions
<i>Financial instruments at fair value through profit (loss)</i>			
Cross-currency interest rate swaps	552	552	level 2
Interest rate swaps	(1)	(1)	-
Borrowings and financing (fair value)	(2,989)	(2,989)	level 2
<i>Financial instruments at amortized cost, in which the fair value is disclosed</i>			
Borrowings and financing (amortized cost)	(6,198)	(6,453)	level 2
Total	(8,636)	(8,891)	

There were no changes between the fair value measurements levels in the nine-month period ended September 30, 2015.

- Cross-currency and interest rate swaps and borrowings and financing are classified in level 2 since the fair value of such financial instruments was determined based on readily observable market inputs, such as expected interest rate and current and future foreign exchange rate.

23. Provision for risks –Continued

23.3. Tax

As per prevailing legislation, tax claims are subject to monetary indexation, which refers to an adjustment to the provision for tax risks according to the indexation rates used by each tax jurisdiction. In all cases, both the interest charges and fines, when applicable, were computed and fully provisioned with respect to unpaid amounts.

The main provisioned tax claims are as follows:

23.3.1. COFINS and PIS

Since the noncumulative regime to calculate PIS and COFINS has been used, the Company and its subsidiaries have challenged the right to deduct ICMS from the base of these two contributions and other less important matters. The amount accrued as at September 30, 2015 is R\$ 85 (R\$ 72 as at December 31, 2014).

23.3.2. Tax

The Company and its subsidiaries have other tax claims, which after analysis by its legal counsel, were considered as probable losses and accrued by the Company. These refer to: (i) tax assessment notices related to purchase, industrialization and sale of soybean and byproducts exports (PIS, COFINS and IRPJ); (ii) challenge on the non-application of the Accident Prevention Factor - FAP for 2011; (iii) challenge on the Poverty Fighting Fund established by the Rio de Janeiro State Government; (iv) challenges on purchases from suppliers considered not qualified in the State Finance Department registry, error in application of rate and accessory obligations by State tax authorities; and (v) other less relevant issues.

The amount accrued for these matters as at September 30, 2015 is R\$119 (R\$108 as at December 31, 2014).

ICMS

The Federal Supreme Court ("STF") on October 16, 2014 decided that ICMS taxpayers that trade products included in the "basket of food staples" have no right to fully utilize the ICMS credits. The Company, with the assistance of its legal counsel, decided that it would be an appropriate procedure to record a provision for this matter amounting to R\$ 128 as at September 30, 2015 (R\$147 as at December 31, 2014) since this claim is considered a "probable" loss. The amounts accrued represent Management's best estimate of the probable cash disbursement to settle this claim.

23.3.3. Supplementary Law 110/2001

The Company claims in court the eligibility to not pay the contributions provided for by Supplementary Law 110/01, referring to the FGTS (Government Severance Indemnity Fund for Employees) costs. The accrued amount as at September 30, 2015 is R\$60 (R\$48 as at December 31, 2014).

23.1. Tax – Continued

23.3.4. Others contingent tax liabilities - Cdiscount

There were consolidated provisions for contingent tax liabilities from foreign e-commerce entities. As at September 30, 2015 the contingent tax liabilities amount to R\$14 (R\$20 as at December 31, 2014).

23.3.5. Others contingent tax liabilities - Via Varejo

Provisions for contingent tax liabilities were recorded as a result of the business combination with Via Varejo, as required by CPC 15 (IFRS 3). As at September 30, 2015, the recorded amount related to contingent tax liabilities is R\$91 (R\$87 as at December 31, 2014).

These accrued claims refer to administrative proceedings related to the offset of tax debts against credits from the contribution levied on coffee exports.

23.3.6. Others contingent tax liabilities - Bartira

In line with the business combination of Bartira in 2013, contingent tax liabilities were recorded. The main matter refers to possible failure in supporting documentation of transactions, totaling R\$106 in income tax, social contribution, PIS, COFINS and ICMS, of which R\$100 are related to risks that expired in the first half year of 2015, being this amount written-off and recognize in “other Income/Expenses” in the statement of Income.

On September 30, 2015 the total contingent liabilities amounts to R\$18, of which R\$6 of tax and R\$12 of labor contingencies, (R\$118 at December 31, 2014).

23.3.7. Others contingent tax liabilities - REFIS (tax debt refinancing program)

Law 12,996/2014 amended by Provisional Act - MP 651, introduced interest and penalties reduction benefits for cash payments and payments in installments of federal debts. The Company considered an appropriate procedure to enroll in the REFIS program to settle part of its debts, utilizing also part of the tax losses for payment of the debt balance.

23.4.Labor

The Company and subsidiaries are parties to various labor lawsuits mainly due to termination of employees in the ordinary course of business. At September 30, 2015, the Company recorded a provision amount of R\$623 (R\$521 as at December 31, 2014) related to the potential risk of loss on these lawsuits. Management, with the assistance of its legal counsel, assesses these claims recording a provision for losses when reasonably estimable, based on past experiences in relation to the amounts claimed.

23.5.Civil and others

The Company and its subsidiaries are parties to civil lawsuits at several court levels (indemnities and collections, among others) and at different courts. The Company's management records provisions in amounts considered sufficient to cover unfavorable court decisions, when its legal counsel considers the loss as probable.

23.5.Civil and others – Continued

Among these lawsuits, we point out the following:

- The Company and its subsidiaries are parties to various lawsuits requesting the renewal of rental agreements and the review of the current rent paid. The Company recognizes a provision for the difference between the amount originally paid by the stores and the amounts pleaded by the adverse party (owner of the property) in the lawsuit, when internal and external legal counsel consider that it is probable that the rent amount will be changed by the entity. As at September 30, 2015, the amount accrued for these lawsuits is R\$38 (R\$55 as at December 31, 2014), for which there are no escrow deposits.
- Company and its subsidiaries answer to legal claims related to penalties applied by regulatory agencies, from the federal, state and municipal administrations, among which Consumer Protection Agencies (Procon) , National Institute of Metrology, Standardization and Industrial Quality (INMETRO) and Municipalities. Company supported by its legal counsel, revises that claims, recording a provision according to probable cash expending and estimative of loss . On September 2015 the amounting of this provision is R\$ 33 (R\$35 on December 31,2014)
- The subsidiary Via Varejo is a party to lawsuits involving consumer relationship rights (civil actions and assessments from PROCON) and lawsuits involving contracts terminated with suppliers and the amount claimed in these lawsuits totals R\$81 as at September 30, 2015 (R\$86 as at December 31, 2014).

Total civil lawsuits and others as at September 30, 2015 amount to R\$261 (R\$234 as at December 31, 2014).

23.6.Other non-accrued contingent liabilities

The Company has other litigations which have been analyzed by the legal counsel and considered as possible, not probable, loss, and which therefore have not been accrued, amounting to R\$10,777 as at September 30, 2015 (R\$8,552 as at December 31, 2014), related mainly to:

- INSS (Social Security Contribution) – GPA was assessed for non-levy of payroll charges on benefits granted to its employees, among other matters, for which possible loss amounts to R\$398 as at September 30, 2015 (R\$318 as at December 31, 2014). The lawsuits are under administrative and court discussions.
- IRPJ, withholding income tax - IRRF, CSLL, tax on financial transactions - IOF, withholding income tax on net income, ILL – GPA has several assessment notices regarding offsetting proceedings, rules on the deductibility of provisions, payment divergences and overpayments; fine for failure to comply with accessory obligations, among other less significant taxes. The lawsuits await administrative and court ruling. The amount involved is R\$1,739 as at September 30, 2015 (R\$1,368 as at December 31, 2014).

Among those claims, there are some related to challenges of differences in the payment of income tax, supposedly due under the allegation that there was undue deduction of goodwill amortization resulting from transactions between shareholders Casino and Abilio Diniz in relation to years 2007-2011. The amount involved (and included in the paragraph above) is R\$744 as at September 30, 2015 (R\$ 692 as at December 31, 2014), partly classified as possible loss and partly classified as remote loss.

(ii) Consolidated information of share-based payment plans – GPA – new series B2 and C2

Company implemented two new shared based plans approved by the shareholders meeting on April 24, 2015.

According to the terms of the plans, each option offers to the beneficiary the right to acquire a preferred share. On both plans, there is a vesting period of 36 months from the date the Board of Directors approved the issuance of the series. The plans will be exercisable in until 36 months from the grant date. The condition for the exercise of the options is the beneficiary to stay as an employee. The series are different, exclusively, in the exercise price of the options and in the existence of a restriction of selling after vesting.

According to the plans, the options granted in each of the series may represent maximum 0.7% of the total shares issued by the Company. For these new series were granted 674 thousands options of shares.

The fair value of each option granted is estimated in the grant date using the Black & Scholes model, considering the following assumptions in series B2 and C2: (a) Dividends expectations of 1.37%; (b) volatility expectation of 24.34% and (c) interest rate of 12.72%.

The expectation of remaining average life of the series outstanding at September 30, 2015 was 1.99 year (1.52 year at December 31, 2014).

35.3 Arbitration Morzan

On October 25, 2016 the Securities Registration Office ("SRE") of the Brazilian Securities Commission ("CVM") ordered the Company to "pay the additional value equivalent to 80% of the value effectively paid to Morzan(...) to the other shareholders of Globex Utilidades S.A. who adhered to the Share Purchase Agreement which culminated in the sale of the Company's control or chose, in the context of its MTO, the mixed payment option, as defined" in the notice of the mandatory tender offer launched by the Company on January 4, 2010. On a preliminary analysis, the Notice's order would imply the obligation to carry out a

payment of approximately R\$ 150. The Company in conjunction with its consultants analyzed the terms of the Notice and is convinced that the Arbitral Award does not have the effects attributed by SRE, and for this reason it will submit an appeal to CVM's Board of Commissioners, with request of suspensive effect, with view to alter the order set forth in the Notice.

35.4 Notices from CVM to GPA and subsidiary Via Varejo

On May 12th, 2016, the subsidiary Via Varejo signed a non-binding memo of understanding ("MoU") with its subsidiary Cnova N.V., over the corporate reorganization involving Cnova Brasil and Via Varejo itself. The Board of directors of Via Varejo established a Special committee, composed of three members of the Board of directors, to overview the process and determine the terms and conditions of the proposal.

At the Shareholders' Meeting held on September 12, 2016, Via Varejo's non-controlling shareholders, holders of preferred and common shares, approved the reorganization proposal for the integration of the businesses of electronic commerce operated by Cnova Brasil into Via Varejo's business, as recommended

by the Special committee of Via Varejo's board of directors.

After the approval by the parties, Cnova Brasil shall incorporate VV Dutchco. To eliminate the reciprocal interest resulting from the exchange of shares between Cnova Brasil and Cnova NV., Cnova Brasil will receive part of the its shares held by Cnova NV, through the return of capital. The remaining shares will be purchased by Cnova Brasil, resulting in Cnova Brasil to be whole subsidiary of Via Varejo. According to the loan terms and conditions between Cnova Brasil and Cnova NV (valued at approximately R\$160 million at the end of September 2016), such event will result in prepayment obligation of such loans, which should be paid to Cnova N.V. by Via Varejo.
