Ref.: Response to the Official Letter 636/2018-SAE/GAE-2 (“Official Letter”)

Dear Sirs,

Companhia Brasileira de Distribuição, a publicly traded company with head offices in the City of São Paulo, State of São Paulo, at Avenida Brigadeiro Luis Antônio, 3142, enrolled with the National Taxpayers Registry of the Ministry of Treasury under No. 47.508.411/0001-56 (“Company”), in compliance with the requests made in the Official Letter indicated hereof dated April 5, 2018, as reproduced below¹, hereby clarifies as follows:

“Dear Sir,

*Considering the terms of the call notice of the Annual and Extraordinary General Meeting to be held on 04/27/2018 and of the management proposal to be submitted to the mentioned meeting, we hereby request you to inform, **up to 04/06/2018**, whether the change in the corporate purpose of the company will trigger the shareholders’ right to withdraw provided in article 137 of Law 6,404/76.*

In case of right of withdraw, inform:

- *The base-date that shareholders registered in the Company's records will have the right to dissent;*

- *The refund amount, in R\$ share;*

- *The deadline and procedures that dissenting shareholders must adopt to pronounce themselves.”*

In response to the Official Letter, the Company clarifies that, according to the Management Proposal to be submitted to the Annual and Extraordinary General Meeting to be held on April 27, 2018 (“Management Proposal”), the management of the Company proposes the amendment of the corporate purpose to include the activity of importation, distribution and commerce of the following products: toys, metallic pans, domestic stairs, baby strollers, party articles, school articles, tires, household appliances, bikes, monoblock plastic chairs and lamps.

1 Free translation of the original.

The mentioned proposal will not cause any change in the activities currently performed by the Company, since such activity is already performed by the Company and is implicitly covered by Article 2, caput, of the Bylaws: “*ARTICLE 2 - The Company’s corporate purpose is the sale of manufactured, semi-manufactured or “in natura”, domestic or foreign products of any type or kind, or quality, provided that forbidden by law.*”

As indicated in the Management Proposal, specific statutory provision (and not only implicit) is required for the importation, distribution and commerce of such specific products to meet the regulatory requirements of the National Institute of Metrology, Quality and Technology (“INMETRO”), provided in the following rules issued by INMETRO: Article 4, §2° of Rule 512/2016, Rule 563/2016 (toys), Rule 14/2016 (metallic pans), Rule 616/2012 (domestic stairs), Rule 351/2012 (baby strollers), Rule 270/2015 (party articles), Rule 262/2012 (school articles), Rule 544/2012 (tires), Rule 371/2009 and 121/2015 (household appliances), Rule 656/2012 (bikes), Rule 342/2014 (monoblock plastic chairs) and Rules 76/2016 and 144/2015 (lamps).

In case the Company does not include such activity in the corporate purpose, it could not continue to perform the importation, distribution and commerce of such products.

Considering that the proposal of the management regarding the inclusion of such activity in the corporate purpose does not change it in substance, but only clarifies it in order to comply with INMETRO’s requirement, the Company understands that, if approved at said Meeting, the matter will not trigger the right to withdraw to dissenting shareholders, since it does not characterize the effective change of the corporate purpose for the purposes of Article 137 of Law 6.404/76.

Thus, believing to have clarified the queries made in the Official Letter, the Company shall remain available to provide any additional clarification that may be needed.

COMPANHIA BRASILEIRA DE DISTRIBUIÇÃO

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
