MANAGEMENT PROXY CIRCULAR

(All dollar amounts expressed herein are U.S. dollars)

This Management Proxy Circular is dated May 2, 2011 and
is first being mailed to shareholders on or about May 20, 2011

INTRODUCTION

This introduction highlights selected information appearing elsewhere in this Management Proxy Circular (this “Circular”) and does not contain all the information that you should consider in making a decision with respect to the proposals described in this Circular. You should read this introduction together with the more detailed information in this Circular and any documents delivered with this Circular. Unless otherwise provided in this Circular, references to the “Corporation,” “we,” “us,” and “our” refer to Altair Nanotechnologies Inc. and all of its consolidated subsidiaries.

The Corporation recently implemented a consolidation (or reverse split) of its common shares, in which every four outstanding common shares were consolidated into one common share, as of 11:59 p.m. on November 15, 2010 (the “Consolidation”), subject to rounding up of fractional shares. Share and per-share numbers throughout this Circular have been adjusted to give effect to the Consolidation.

As described in the Corporation’s Management Proxy Circular filed with the U.S. Securities and Exchange Commission (the “SEC”) on September 20, 2010, the Corporation entered into a Share Subscription Agreement dated as of September 20, 2010 by and between Canon and the Corporation as amended, (the “Share Subscription Agreement”), relating to the proposed acquisition by Canon Investment Holdings Limited (“Canon”) of 51% of the Corporation’s outstanding common shares on a fully diluted basis in a common share issuance (the “Common Share Issuance”). We subsequently amended the Share Subscription Agreement by entering into the First Amendment to Subscription Agreement (the “SSA Amendment”) dated February 16, 2011.

A special meeting of the Corporation’s shareholders was held on December 27, 2010 to, among other things, consider and approve the Common Share Issuance, as more fully described in the Corporation’s definitive proxy statement filed with the SEC on November 15, 2010. The Corporation’s shareholders approved the Common Share Issuance at the special meeting, and the closing of the Common Share Issuance is expected to occur on or about May 17, 2011, if the Share Subscription Agreement is not terminated prior to such date. Under the Share Subscription Agreement, the Corporation has agreed to take actions such that at the closing of the Common Share Issuance, the Corporation’s Board shall consist of nine directors, five of whom are designated by Canon, three of whom are independent directors, and one of whom is an executive of the Corporation.

Set forth below in a question and answer format is general information regarding the Annual and Special Meeting of Shareholders to be held on June 23, 2011 to which this Circular relates (the “Meeting”). This general information regarding the Meeting is followed by a more detailed summary of the process relating to, reasons for and effects of the proposed consolidation described in this Circular.

A. The purposes of the Meeting are:

- To approve an increase in the number of authorized shares under the Altair Nanotechnologies Inc. 2005 Stock Incentive Plan from 2,250,000 shares to 7,250,000 shares if the Common Share Issuance closes and to 4,750,000 if the Common Share Issuance does not close;

- To appoint Perry-Smith LLP as our independent public accountants and authorize the Audit Committee of the Board of Directors to fix the auditors' remuneration;
- To receive our 2010 Annual Report; and
- To transact such other business as is proper at the Meeting.

Q. Will any other matters be voted on?

A. The Board does not intend to present any other matters at the Meeting. The Board does not know of any other matters that will be brought before our shareholders for a vote at the Meeting. If any other matter is properly brought before the Meeting, your signed proxy card gives authority to Terry M. Copeland and, failing him, John Fallini, or your indicated nominee as proxies, with full power of substitution, to vote on such matters at their discretion.

Q. Who is soliciting my vote?

A. Our Board of Directors is soliciting your proxy to vote at the Meeting. Your vote is important. We encourage you to vote as soon as possible after carefully reviewing this Circular and all information included with this Circular.

Q. Who is entitled to vote?

A. The record date for the determination of shareholders entitled to receive notice of the Meeting is May 4, 2011. In accordance with the provisions of the Canada Business Corporations Act (the "CBCA"), we will prepare a list of the holders of our common shares as of the record date.

Q. What are the voting recommendations of the Board of Directors?

A. The Board of Directors recommends the following votes:

-

FOR proposal No. 1, to approve an increase in the number of authorized shares under the Altair Nanotechnologies Inc. 2005 Stock Incentive Plan from 2,250,000 shares to 7,250,000 shares if the Common Share Issuance closes and to 4,750,000 if the Common Share Issuance does not close;

- FOR proposal No. 2, to approve an amendment to our Articles of Continuance increasing the maximum number of directors from nine to eleven;

- FOR proposal No. 3, to approve certain changes to our By-laws;

- FOR proposal No. 4, the election of the applicable slate of nominated directors, depending on whether or not the Common Share Issuance is completed at the time of the Meeting; and
- FOR proposal No. 5, the appointment of Perry-Smith LLP as our auditors for 2011 and the authorization of our Audit Committee of the Board of Directors to fix the auditors' remuneration.

Q. What is the difference between holding shares as a shareholder of record and as a beneficial owner?

A. Many shareholders hold their shares through a broker or bank rather than directly in their own names. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record — If your shares are registered directly in your name with our transfer agent, you are considered, with respect to those shares, the shareholder of record, and these Circular materials are being sent directly to you by us. You may vote the shares registered directly in your name by completing and mailing the proxy card or by written ballot at the Meeting.

Beneficial Owner — If your shares are held in a stock brokerage account or by a bank, you are considered the beneficial owner of shares held in street name, and these Circular materials are being forwarded to you by your bank or broker, which is considered the shareholder of record of these shares. As the beneficial owner, you have the right to direct your bank or broker how to vote and are also invited to attend the Meeting. However, since you are not the shareholder of record, you may not vote these shares in person at the Meeting unless you bring with you a legal proxy from the shareholder of record. Your bank or broker has enclosed a voting instruction card providing directions for how to vote your shares.

Q. How do I vote?

A. If you are a shareholder of record, there are two ways to vote:

- By completing and mailing your proxy card; or
- By written ballot at the Meeting.

Shareholders who are not shareholders of record and who wish to deliver proxies should follow the instructions of their intermediary with respect to the procedure to be followed. Generally, shareholders who are not shareholders of record will either: (i) be provided with a proxy executed by the intermediary, as the shareholder of record, but otherwise uncompleted and the beneficial owner may complete the proxy and return it directly to our transfer agent; or (ii) be provided with a request for voting instructions by the intermediary, as the shareholder of record, and then the intermediary must send to our transfer agent an executed proxy form completed in accordance with any voting instructions received by it from the beneficial owner.

Q. Can I change my vote or revoke my proxy?

A. A shareholder who has given a proxy has the power to revoke it prior to the commencement of the Meeting by depositing an instrument in writing, including another proxy bearing a later date, executed by the shareholder or by the shareholder's attorney authorized in writing either (i) at the Corporation's principal office located at 204 Edison Way, Reno, Nevada, 89502 at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof; or (ii) with the chairman of such Meeting on the day of the Meeting or any adjournment thereof or in any other manner permitted by law.

Q. How are proxies being solicited and who pays for the solicitation of proxies?

A. Proxies will be solicited by mail and also may be solicited personally, by email, by facsimile or by telephone. Proxies will be solicited by officers and employees of the Corporation without additional compensation. In addition, we have retained D. F. King & Co., Inc. (the “Soliciting Agent”) to assist with the solicitation of proxies.

The cost of solicitation by management will be borne directly by the Corporation. We have agreed to pay the Soliciting Agent an estimated fee of \$5,000, plus reasonable out-of-pocket expenses. Arrangements will also be made with brokerage houses and other custodians, nominees and fiduciaries for the forwarding of solicitation materials to the beneficial owners of the common shares of the Corporation held of record by such persons, and we will reimburse them for their reasonable out-of-pocket expenses incurred by them in connection therewith.

Q. What is the quorum requirement of the Meeting?

A. One-third of the outstanding common shares entitled to vote, represented in person or by properly executed proxy, is required for a quorum at the Meeting.

Q. What vote is required to approve each proposal?

A. Proposal No. 1, to approve an increase in the number of authorized shares under the Altair Nanotechnologies Inc. 2005 Stock Incentive Plan, requires the affirmative vote, in person or by proxy, of at least a majority of the votes cast in respect of the proposal.

Proposal No. 2, to approve certain changes to our Articles of Continuance, requires the affirmative vote, in person or by proxy, of not less than two-thirds of the votes cast by the shareholders who voted in respect of the resolution.

Proposal No. 3, to approve certain changes to our By-laws, requires the affirmative vote, in person or by proxy, of not less than two-thirds of the votes cast by the shareholders who voted in respect of the resolution.

Proposal No. 4, election of directors – If the Common Share Issuance is completed prior to the Meeting, the nine nominees with the highest number of votes will be elected. If the Common Share Issuance is not completed prior to the Meeting, the seven nominees with the highest number of votes will be elected.

Proposal No. 5, appointment of auditors – the appointment of the auditors and the authorization of the Audit Committee of the Board of Directors to fix the auditors' remuneration requires the affirmative vote in person or by proxy, of at least a majority of the votes cast in respect of the resolution.

Q. What are broker non-votes?

A. Broker non-votes occur when holders of record, such as banks and brokers holding shares on behalf of beneficial owners, do not receive voting instructions from the beneficial holders at least ten days before the Meeting. Broker non-votes will not affect the outcome of any of the proposals, assuming that a quorum is obtained.

Q. Will my shares be voted if I do not provide my proxy?

A. Your shares may be voted if they are held in the name of a brokerage firm, even if you do not provide the brokerage firm with voting instructions. Brokerage firms have the authority under applicable securities rules to cast votes on certain "routine" matters if they do not receive instructions from their customers.

The ratification of the independent registered accounting firm is considered a routine matter for which brokerage firms may vote unvoted shares. The election of directors and the three other proposals are not considered routine matters under current securities rules. When a proposal is not a routine matter and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to that proposal, the brokerage firm cannot vote the shares on that proposal. This is called a "broker non-vote." It should be noted that securities rules previously considered the election of directors to be a "routine" matter for which brokerage firms could vote in the election of directors if the

record holder had not received instructions on how to vote from the beneficial owner. Accordingly, given this recent change, it is particularly important that beneficial owners instruct their brokers how they wish to vote their shares.

Q. Who can attend the Meeting?

A. All registered shareholders, their duly appointed representatives, our directors and our auditors are entitled to attend the Meeting.

Q. I own my shares indirectly through my broker, bank, or other nominee, and I receive multiple copies of the annual report, Circular, and other mailings because more than one person in my household is a beneficial owner. How can I change the number of copies of these mailings that are sent to my household?

A. If you and other members of your household are beneficial owners, you may eliminate this duplication of mailings by contacting your broker, bank, or other nominee. Duplicate mailings in most cases are wasteful for us and inconvenient for you, and we encourage you to eliminate them whenever you can. If you have eliminated duplicate mailings, but for any reason would like to resume them, you must contact your broker, bank, or other nominee. If you are a shareholder of record contact John Fallini, Chief Financial Officer, by phone at (775) 858-3750 or by mail to P.O. Box 10630, Reno, Nevada, U.S.A. 89510-0630.

Q. Multiple shareholders live in my household, and together we received only one copy of this Circular and annual report. How can I obtain my own separate copy of those documents for the Meeting?

A. You may pick up copies in person at the Meeting or download them from our Internet web site, www.altairannualmeeting.com. If you want copies mailed to you and are a beneficial owner, you must request them from your broker, bank, or other nominee. If you want copies mailed to you and are a shareholder of record, we will mail them promptly if you request them from John Fallini, Chief Financial Officer by phone at (775) 858-3750 or by mail to P.O. Box 10630, Reno, Nevada, U.S.A. 89510-0630. We cannot guarantee you will receive mailed copies before the Meeting.

Q. Where can I find the voting results of the Meeting?

A. We are required to file the voting results on the System for Electronic Document Analysis and Retrieval (SEDAR) promptly following the Meeting, and thereafter they can be found on the SEDAR website at www.sedar.com. We are also required to file the voting results on a Current Report on Form 8-K with the U.S. SEC promptly following the Meeting, and thereafter they can be found on our website at www.altairnano.com (select the link to SEC Filings on the Investor Relations page).

Q. Who can help answer my questions?

A. If you have questions about the Meeting or if you need additional copies of the Circular or the enclosed proxy card you should contact:

PROPOSALS TO BE ACTED UPON

PROPOSAL NO. 1. APPROVAL OF INCREASE IN NUMBER OF AUTHORIZED SHARES UNDER ALTAIR NANOTECHNOLOGIES INC. 2005 STOCK INCENTIVE PLAN

In 2005, the Board and the shareholders of the Company approved the Altair Nanotechnologies Inc. 2005 Stock Incentive Plan (the "2005 Plan"), pursuant to which the Board and any authorized subcommittee thereof (the Board and any authorized committees, collectively referred to as the "Committee") are authorized to grant options and other incentive awards with respect to an aggregate of 750,000 common shares (adjusted for the Consolidation) and to otherwise administer the Plan. In 2007 the Board and shareholders of the Corporation approved an additional 1,500,000 shares to an aggregate of 2,250,000 common shares (adjusted for the Consolidation). If the Common Share Issuance closes, the Board believes that it is in the best interests of the Company to increase the number of authorized shares available under the 2005 Plan for the grant of options and other equity-based incentive awards by 5,000,000 shares to an aggregate of 7,250,000 common shares. If the Common Share Issuance does not close, the Board believes that it is in the best interests of the Company to increase the number of authorized shares available under the 2005 Plan for the grant of options and other equity-based incentive awards by 2,500,000 shares to an aggregate of 4,750,000 common shares. Under rules governing the Corporation's listing on the NASDAQ Capital Market, the Corporation is required to seek shareholder approval for an increase in the number of authorized shares available under the 2005 Plan.

The Board believes that the availability of stock options and other equity-based incentives is an important factor in the Corporation's ability to attract and retain qualified employees and to provide an incentive for them to exert their best efforts on behalf of the Corporation. The Corporation has, and may periodically continue to, use stock options and other incentive awards to compensate consultants that provide services to the Corporation.

Description of the 2005 Stock Incentive Plan

The following summary of the 2005 Plan is qualified in its entirety by reference to the full text of the 2005 Plan, a copy of which is available from the Corporation upon request.

Shares Reserved for Issuance Under the 2005 Plan. The Corporation currently has reserved a total of 2,250,000 common shares for issuance under the 2005 Plan. If the Common Share Issuance closes, the Board is seeking shareholder approval to increase the number of shares available under the 2005 Plan to 7,250,000 common shares. If the Common Share Issuance does not close, the Board is currently seeking shareholder approval to increase the number of shares available under the 2005 Plan to 4,750,000 common shares. There are no other amendments to the 2005 Plan contemplated by this proposal. The number and kind of shares available for grants under the 2005 Plan will be adjusted proportionately by the Board if the number of outstanding common shares is hereafter increased or decreased or changed into or exchanged for a different number or kind of shares or other securities of the Corporation by reason of any stock split, combination of shares, dividend payable in shares, recapitalization or reclassification. As of April 25, 2011, the closing sale price of the common shares, as reported by the NASDAQ Capital Market, was \$1.53 per share.

Types of Awards. The 2005 Plan authorizes the Committee to grant incentive stock options, non-incentive stock options, stock bonuses, restricted stock and performance-based awards.

Eligibility. Grants under the 2005 Plan may, at the discretion of the Committee, be awarded to directors, officers and employees and non-employee agents, consultants, advisers and independent contractors of the Corporation or any parent or subsidiary of the Corporation. The Corporation currently has seven directors, ninety eight employees and officers, and an indeterminable number of consultants and advisers who are eligible to receive grants under the 2005

Plan.

Administration. The Compensation, Governance, and Nominating Committee currently acts as the “Committee” with respect to administration of the 2005 Plan; however, the Board retains overlapping authority. Subject to the terms of the 2005 Plan, the Committee may from time to time adopt and amend rules and regulations relating to the administration of the 2005 Plan, advance the lapse of any waiting period, accelerate any exercise date, waive or modify any restriction applicable to shares (except those restrictions imposed by law) and make all other determinations in the judgment of the Committee necessary or desirable for the administration of the 2005 Plan. Notwithstanding the broad delegation of authority to the Committee, only the Board may amend or terminate the 2005 Plan.

Amendment and Termination of the 2005 Plan. The Board may amend the 2005 Plan at any time in any respect, subject to any legal or regulatory restriction. Except for changes in outstanding options in connection with changes in capital structure and Significant Transactions (as defined below), no change in an option already granted may be made without the consent of the holder of the option. The 2005 Plan will terminate when all shares reserved for issuance under the 2005 Plan have been issued and all restrictions on such shares have lapsed or when earlier terminated by the Board.

Description of Stock Options

Options Terms. With respect to each option grant, the Committee determines the number of shares subject to the option, the exercise price, the term of the option and the time or times at which the option may be exercised. At the time of the grant of an option or at any time thereafter, the Committee may provide that an optionee who exercised an option to purchase common shares shall automatically receive a new option to purchase additional shares equal to the number of shares surrendered and may specify the terms and conditions of such new options.

Exercise of Options. Except as described under “Termination of Employment, Disability or Death” below or as determined by the Committee, an option may not be exercised unless, when exercised, the optionee is an employee of, or is providing service to, the Corporation or any subsidiary of the Corporation and has been continuously so employed or providing service since the date the option was granted. Absence on leave approved by the Corporation, parent or subsidiary or on account of illness or disability is not deemed a termination or interruption of employment or service for this purpose. Unless otherwise determined by the Committee, vesting of options continues during a medical, family or military leave of absence, whether paid or unpaid, and vesting of options is suspended during any other unpaid leave of absence.

When exercising an option, the optionee must pay the full purchase price in cash or check unless the Committee determines otherwise. Subject to the approval of the Committee, which may be withheld for any or no reason, an optionee may pay for all or some of the shares with common shares of the Corporation valued at fair market value, restricted stock, performance units or other contingent awards denominated in either stock or cash or other forms of consideration. The 2005 Plan permits the Committee to accept promissory notes as consideration for stock options; however promissory notes are not issuable as consideration for the issuance of common shares under the CBCA.

Termination of Employment, Disability or Death. Unless otherwise determined by the Committee at any time, if an optionee ceases to be employed by or to provide service to the Corporation, any parent or subsidiary of the Corporation for any reason other than death or total disability, the optionee may exercise any option then held at any time prior to the earlier of its expiration date or 30 days following the termination date, but only if and to the extent the option was exercisable as of the termination date. Any portion of an option not exercisable at the date of termination lapses. The Board passed a resolution in 2008 that allows the Company, on a case by case basis, to extend the 30-day exercise period to take into account any closed window trading period if the individual’s position was eliminated by the Company and they are leaving through no fault of their own.

Unless otherwise determined by the Committee, if the optionee’s employment or service terminates because of total disability, the optionee may exercise any option then held at any time prior to the earlier of its expiration date or 12 months after the date of termination, but only to the extent the option was exercisable on the date of termination.

Unless otherwise determined by the Committee, if an optionee dies while in the employment of or providing services to the Corporation or any parent or subsidiary of the Corporation, the option then held may be exercised by the optionee’s legal heirs at any time prior to the earlier of its expiration date or 12 months after the date of death, but only if and to the extent the option was exercisable as of the date of death.

Non-Transferability of Options. Unless otherwise determined by the Committee at any time, each stock option granted under the 2005 Plan by its terms is nonassignable and nontransferable by an optionee, either voluntarily or by operation of law, other than by will or the laws of descent or distribution upon the death of an optionee. An option may be exercised only by an optionee or, after death, by a successor or representative of an optionee.

Merger, Reorganization, Dissolution, Stock Split or Similar Event. In the event of a merger, consolidation, plan of exchange, acquisition of property or stock, split-up, split-off, spin-off, reorganization or liquidation to which the Corporation is a party or any sale, lease, exchange or other transfer (in one transaction or a series of related transactions) of all, or substantially all, of the assets of the Corporation, or the transfer by one or more shareholders, in one transfer or several related transfers, of 50% or more of the common shares outstanding on the date of such transfer (or the first of such related transfers) to persons, other than wholly-owned subsidiaries or family trusts, who were not shareholders of the Corporation prior to the first such transfer (each, a “Significant Transaction”), the Committee shall, in its sole discretion and to the extent possible under the structure of the Significant Transaction, select one of the following alternatives for treating outstanding options under the 2005 Plan:

- Outstanding options shall remain in effect in accordance with their terms;
- Outstanding options shall be converted into options to purchase stock in one or more of the corporations, including the Corporation, that are the surviving or acquiring corporations in the Significant Transaction (with the amount, type of securities subject thereto and exercise price of the converted options being determined by the Committee taking into account the relative values of the companies involved in the Significant Transaction)
- The Committee shall provide a period at least 10 days before the completion of the Significant Transaction during which outstanding options may be exercised to the extent then exercisable, and upon the expiration of that period, all unexercised options shall immediately terminate. (The Committee may, in its sole discretion, accelerate the exercisability of options so that they are exercisable in full during that period.)

In the event of the dissolution of the Corporation, options will be treated as provided in the immediately preceding paragraph.

Stock Bonuses and Restricted Stock

The Committee may award common shares under the 2005 Plan as stock bonuses or as restricted stock. Shares awarded as a bonus or as restricted stock are subject to the terms, conditions and restrictions determined by the Committee, including restrictions concerning transferability and forfeiture of the shares awarded. The Committee may require the recipient to sign an agreement as a condition of the award, which agreement shall contain any terms, conditions, restrictions, representations and warranties required by the Committee. The certificates representing the shares shall bear any legends required by the Committee.

Performance-based Awards

Under the 2005 Plan, the Committee may grant performance-based awards. These awards are intended to qualify as qualified performance-based compensation under Section 162(m) of the Code and regulations there under. Performance-based awards shall be denominated at the time of grant either in common shares or in dollar amounts. Performance-based awards may be granted in whole or in part if the Corporation achieves written objective goals established by the Committee over a designated period of time. Payment of an award earned may be in cash or stock or both as determined by the Committee. In addition to the requirement that participants satisfy certain performance goals, the Committee may impose additional restrictions to payment under a performance-based award.

No participant may receive in any fiscal year stock-based performance awards under which the aggregate amount payable under the awards exceeds the equivalent of 125,000 common shares or cash-based performance awards under which the aggregate amount payable exceeds \$1,000,000.

The Stock Option Exchange Program

On December 27, 2010 the shareholders approved a one-time fair value employee Stock Option Exchange Program (the “Stock Option Exchange Program”). In brief, under the Stock Option Exchange Program, our employees and officers would be given the opportunity to exchange stock options for a lesser number of new stock options that have approximately the same fair value as the options surrendered.

The Stock Option Exchange Program includes the following features:

Exclusion of Our Directors. The Stock Option Exchange Program will be available to all employees holding Eligible Stock Options (as defined below), excluding non-employee directors.

Eligible Stock Options. The Stock Option Exchange Program will be offered only with respect to stock options with a purchase (exercise) price above the highest daily adjusted closing price of our common shares over the 52 weeks (52-week high) preceding the beginning of the exchange offer period (“Eligible Stock Options”). This approach seeks to remove stock options that had intrinsic value in the recent past from being eligible for the Stock Option Exchange Program, as they would be considered likely to have intrinsic value in the near future.

Offer an Approximate Value-for-Value Exchange. The value of an employee’s new stock option grant received as part of the Stock Option Exchange Program is not expected to exceed the value of such employee’s surrendered stock options. The exercise price of the new stock options will be the closing price of our common shares on the grant date of the new stock options, which will be at the close of the Stock Option Exchange Program. The exchange ratios of shares associated with surrendered Eligible Stock Options into new stock options will be established shortly before the start of the Stock Option Exchange Program.

Establishment of a New Vesting Period with a Term of Ten Years. New stock option awards will receive a renewed vesting period that will vest 50% on each of the first and second anniversary of the grant date.

Timing of Implementation of the Stock Option Exchange Program. We expect that the Stock Option Exchange Program will begin following the closing of the Common Share Issuance or termination of the Share Subscription Agreement with Canon. The actual implementation date and whether we actually implement this program will be determined by our Board following the closing of the Common Share Issuance or earlier termination of the Share Subscription Agreement. If the Stock Option Exchange Program does not commence within 180 days of the date of the December 27, 2010 meeting where our shareholders approved the Stock Option Exchange Program, Altair will not conduct the Stock Option Exchange Program without again seeking shareholder approval. Our Board reserves the right to amend, postpone, or under certain circumstances cancel the Stock Option Exchange Program once it has commenced.

All surrendered options would be cancelled at the time of the proposed exchange. All of the shares underlying Eligible Stock Options that are surrendered under the Stock Option Exchange Program would be returned to the Stock Incentive Plans and would be eligible for future awards under the stock incentive plans. Eligible Stock Options that are not surrendered will not be affected and will remain exercisable according to their original terms.

United States Federal Income Tax Consequences

The following is a general discussion of certain United States federal income tax consequences to citizens and resident aliens of the United States of stock options granted under the 2005 Plan. The discussion does not describe any tax consequences under the tax laws of any state, locality or foreign jurisdiction and does not include any tax consequences associated with any awards other than stock options. Furthermore, the discussion is based on the provisions of the Code and regulations, rulings and judicial decisions there under as of the date hereof, and such authorities may be repealed or modified retroactively so as to result in federal income tax consequences different from those discussed below. The discussion below does not discuss all federal tax consequences that may be relevant to a particular option grantee under the 2005 Plan, and is not intended as tax advice. Each grantee should consult his or her individual tax adviser.

Options

Incentive Options. No income is recognized for regular United States federal income tax purposes by the grantee of an incentive stock option upon the grant or timely exercise of the incentive stock option. Exercise of an incentive stock option may, however, give rise to taxable ordinary income to the optionee if the optionee subsequently engages in a "disqualifying disposition," as described below. Additionally, the spread between the fair-market value of shares obtained upon exercise of an incentive stock option and the exercise price normally is an adjustment to alternative minimum taxable income and may result in the optionee having to pay federal alternative minimum tax for the year of exercise.

A sale, exchange or disposition by an optionee of common shares acquired through the exercise of an incentive stock option more than one year after the transfer of the shares to such optionee and more than two years after the date of grant of the incentive stock option will result in any difference between the net sale proceeds and the exercise price being treated as long-term capital gain (or loss) to the optionee. If such a sale, exchange or disposition (including inter vivos gifts) takes place within two years after the date of grant of the incentive stock option or within one year from the date of exercise of the incentive stock option, such sale or exchange will generally constitute a "disqualifying disposition" of the common shares.

A disqualifying disposition of a common share will have the following results: any excess of (i) the lesser of (a) the fair market value of the common share at the time of exercise of the incentive stock option or (b) the amount realized on a disqualifying disposition of the common share through sale; less (ii) the exercise price paid to acquire the common share, will be ordinary income to the optionee, subject to applicable tax reporting requirements. Any further gain generally will qualify as capital gain, and will be long-term capital gain if the holding period for such common share is more than one year from the date of exercise.

The Company and its subsidiaries are not entitled to any deduction for United States federal income tax purposes as a result of the grant or exercise of incentive stock options, but subject to certain reporting requirements may be entitled to a deduction upon a disqualifying disposition of incentive stock option common shares equal to the ordinary income recognized by the holder on such disqualifying disposition

Non-Incentive Options. Provided that the exercise price is not less than the fair market value of the underlying stock on the date of grant, no income is recognized by the grantee of a non-incentive stock option until the non-incentive option is exercised. When the non-incentive stock option is exercised, the optionee recognizes ordinary compensation income, and the Corporation generally becomes entitled to a deduction, in the amount by which the fair market value of the shares subject to the non-incentive stock option at the time of exercise exceeds the exercise price paid for those shares. With respect to non-incentive options exercised by certain executive officers, the Corporation's deduction can in certain circumstances be limited by the \$1,000,000 cap on deductibility set forth in Section 162(m) of the Code. The Corporation is required to withhold income and employment taxes on all amounts treated as ordinary income to optionees who are employees of the Corporation or an affiliate of the corporation. Upon the sale of shares acquired by exercise of a non-incentive stock option, the optionee generally will recognize capital gain or loss measured by the difference between the sale proceeds and the fair market value of the shares on the date of exercise. That gain or loss will be long-term if shares have been held for more than one year from the date of exercise.

Stock Option Exchange. As to option holders, the exchange of stock options pursuant to the Stock Option Exchange Program will likely be treated as a non-taxable exchange for United States federal income tax purposes assuming the new stock options will have an exercise price per share equal to at least 100% of the fair market value of Altair's common shares on the replacement option grant date. Likewise, Altair and its subsidiaries should not recognize any income for U.S. federal income tax purposes upon the grant of the new stock options. All new stock options granted under the Stock Option Exchange Program will be non-incentive stock options for U.S. federal income tax purposes. Tax effects may vary in other countries; a more detailed summary of tax considerations will be provided to all participants in the Stock Option Exchange Program documents.

Canadian Income Taxation

If an optionee is a resident of the United States and not a resident of Canada, and if the optionee has not been employed in Canada, (i) neither the receipt nor the exercise of a stock option will give rise to federal Canadian income tax liability and (ii) the sale of the underlying common shares generally will not be subject to federal Canadian income tax unless (a) at anytime in the five year period preceding the sale (if more than 50% of the fair market value of the common shares was derived directly or indirectly from one or any combination of real or immovable property situated

in Canada, Canadian resource properties, timber resource properties and option in respect of, or interest in such properties, and (iii) the optionee and persons who do not deal at arm's length with the optionee owned 25% or more of the outstanding common shares, or (a) if the common shares are used, or held in, or described in the inventory of, a business carried on in Canada.

Restrictions on Transferability of Shares

The Corporation is not obligated to cause to be issued or delivered any certificates evidencing common shares pursuant to the 2005 Plan unless and until the Corporation is advised by its counsel that the issuance and delivery of such certificates is in compliance with all applicable laws and regulations of any governmental authority and the requirements of any securities exchange on which common shares are traded. The Corporation may require, as a condition of the issuance and delivery of certificates evidencing common shares pursuant to the 2005 Plan, that the recipient of such shares make such covenants, agreements and representations, and that such certificates bear such legends as the Corporation, in its sole discretion, deems necessary or desirable.

New Plan Benefits

As of March 28, 2011, a total of 1,463,140 stock options and other awards (adjusted for the Consolidation) have been granted under the 2005 Plan. The Corporation is unable to determine the amount of awards that may be granted in the future to its officers, directors, or affiliates, inasmuch as grants of awards are subject to the discretion of the Board.

Required Vote

Proposal 1 requires approval by the holders of at least a majority of the votes cast at the Meeting. Abstentions and broker non-votes are not counted and have no effect on the results of the vote for Proposal 1.

If the Common Share Issuance closes, the Board recommends a vote FOR approval of an increase of 5,000,000 in the number of authorized shares available under the 2005 Plan to an aggregate of 7,250,000 common shares. If the Common Share Issuance does not close, the Board recommends a vote FOR approval of an increase of 2,500,000 in the number of authorized shares available under the 2005 Plan to an aggregate of 4,750,000 common shares.

**PROPOSAL NO. 2. APPROVAL OF AN AMENDMENT TO OUR ARTICLES OF CONTINUANCE
INCREASING THE MAXIMUM NUMBER OF DIRECTORS FROM NINE TO ELEVEN**

Our current Articles of Continuance set the size of our Board at a minimum of three and a maximum of nine directors. We are proposing an amendment to our Articles of Continuance that will increase the maximum size of our Board of Directors to eleven. We are asking our shareholders to approve the following amendment to Article 5 of our Articles of Continuance:

“Number (or minimum and maximum number) of directors: Minimum of three directors and maximum of eleven directors”

The CBCA and our Articles of Continuance provide that our Board of Directors may appoint one or more additional directors, who shall hold office for a term expiring not later than the close of the next annual meeting of shareholders, provided that the total number of directors so appointed may not exceed one third of the numbers of directors elected at the previous annual meeting of shareholders. If the shareholders approve this Proposal No. 2, our Board will have the ability to appoint additional directors between annual shareholders meetings, up to a maximum of eleven, provided that the number of newly-appointed directors does not exceed the restriction previously mentioned.

The Board believes that a new maximum of eleven members of the Board will provide the flexibility to expand the Board in order to obtain a broader array of skills and backgrounds on the Board. In addition, pursuant to the Waiver and Rights Agreement dated September 20, 2010, among the Corporation, Canon and Al Yousuf LLC, the Corporation has agreed that, at its first annual shareholder meeting following the closing of the Common Share Issuance, it will propose to amend its articles to increase the maximum size of the Board to no less than eleven directors and to nominate two new directors to the Board (above the nine that would exist at that time), one of whom to be designated by Canon and the other to be an independent director nominated by the Board pursuant to Altair’s then-existing director nomination practice. Although the closing of the Common Share Issuance has not occurred, the Board believes that it is prudent to approve the amendment at this time so that, if the Common Share Issuance closes, the Corporation has the option to expand the Board to eleven immediately.

Required Vote

The affirmative vote of two-thirds of the votes cast on this proposal shall constitute approval of the amendment to our Articles of Continuance. Abstentions and broker non-votes will not have the effect of being considered as votes cast against the proposed amendment to our Articles of Continuance.

The Board of Directors recommends a vote FOR the amendment to our Articles of Continuance.

PROPOSAL NO. 3. APPROVAL OF CERTAIN CHANGES TO OUR BY-LAWS

The Board has adopted, and is submitting to the shareholders of the Corporation for approval, amended and restated By-Laws (attached hereto as Appendix A). Our By-laws have been amended and restated to (i) require one signature instead of two signatures on all contracts, (ii) replace the language regarding indemnification and advancement of expenses previously found in paragraph 2 of the By-laws with expanded language previously found in paragraph 29 of the By-laws, and (iii) provide that the Corporation will advance litigation expenses in certain scenarios to former officers or directors of the Corporation.

Purpose and Summary of Proposed By-law Amendment

The first change is to eliminate the requirement in Section 11 of the By-laws that all documents be signed by two officers, absent Board override, and replace it with a requirement for a single signature. The purpose of this proposed change is to keep in line with current practice of the Corporation. The Corporation's current By-Laws allow the Corporation's Board of Directors to vary from the current two-signature requirement in particular circumstances. The Board has routinely followed the practice of varying from the two-signature requirement, as allowed by the current By-laws, and now deems it to be in the best interests of the Corporation to formalize a single-signature authorization in the By-laws.

The second change to the By-laws is to replace the indemnification provision previously found in paragraph 2 with the more recent indemnification provision found in paragraph 29 of the By-laws. The paragraph 29 language was inserted into our By-Laws by amendment, as approved by our shareholders at our annual meeting in 2003. Although the paragraph 29 language was intended to replace the prior paragraph 2 indemnification language, the prior indemnification language remained in subsequent versions of the Corporation's By-laws. We have now amended and restated our By-Laws to remove the old paragraph 2 indemnification language and to replace it with the language previously found in paragraph 29.

The final change to our By-laws is additional language in sub-section (c) of the By-law's indemnification provision, which additional language clarifies that former officers and directors are eligible for advancement of litigation expenses in addition to current officers and directors. As amended, the indemnification provision of our By-laws requires the Corporation to advance expenses to former officers and directors of the Corporation, in addition to current officers, directors, employees, or any other individual who acts or acted at the Corporation's request on behalf of another entity as a director or officer (collectively, "Corporate Managers"), for costs, charges and expenses of any threatened or pending proceeding as they are incurred and before the final disposition of the proceeding if Corporation receives an unsecured conditional personal promissory note from such Corporate Manager obligating him or her to repay the advanced monies if a court renders a final, unappealable decision that he or she either (i) did not act honestly and in good faith with a view to the best interest of the Corporation or (ii) did not have reasonable grounds for believing that his or her conduct was lawful. Court approval is required in order for the Corporation to advance monies to a Corporate Manager in the case of a derivative action. While the advancement of monies to a Corporate Manager in connection with threatened or pending litigation is merely permissive under Section 124 of the CBCA, the Corporation is required to do so under the terms of the By-law Amendment if the Corporate Manager delivers an unsecured conditional personal promissory note to the Corporation as discussed above.

Effect of Proposed By-law Amendment

If the amended and restated By-laws are approved at the Meeting, the Board believes that the Corporation will be better suited to attract and retain qualified directors and officers. However, there can be no assurance that the amended and restated By-laws will have the desired effect. Additionally, because the amended and restated By-laws require the Corporation to advance monies to Corporate Managers as discussed above, the amended and restated By-laws could

materially increase the future liabilities of the Corporation.

Required Vote

The affirmative vote of two-thirds of the votes cast on this proposal shall constitute approval of the amended and restated By-laws. Abstentions and broker non-votes will not have the effect of being considered as votes cast against the amended and restated By-laws.

The Board of Directors recommends a vote FOR the amended and restated By-laws.

PROPOSAL NO. 4. ELECTION OF DIRECTORS

Director Nominees if the Common Share Issuance is Complete

Our Articles of Continuance currently provide that our Board consists of a minimum of three and maximum of nine directors, to be elected annually, with the exact number to be determined by the Board subject to certain restrictions. The number of directors is currently set at seven. Each director will hold office until the next annual meeting or until his successor is duly elected, unless his office is earlier vacated in accordance with our By-laws.

Our Board currently consists of seven directors, each of whom was elected by our shareholders at our annual meeting held on May 24, 2010. Under the Share Subscription Agreement with Canon, we have agreed to expand the size of our Board to nine directors, five of whom are to be designated by Canon, three of whom are to be independent directors, and one of whom is to be an executive of the Corporation, as a condition to the closing of the Common Share Issuance (the "Closing"). Consequently, if the Common Share Issuance is completed, a majority of the board will be appointed at the Closing anticipated to occur on May 17, 2011, without shareholder approval. We anticipate that, of our current directors, Hossein Asrar Haghighi, George Hartman, Jon Bengtson and Robert G. van Schoonenberg will resign from our Board at the time of the Closing. Terry M. Copeland, Alexander Lee and Pierre Lortie are expected to remain on our Board. In addition, the Corporation has determined to appoint Zhigang (Frank) Zhao to our Board as an independent director at the Closing. Each director will hold office until the next annual meeting or until his successor is duly elected, unless his office is earlier vacated in accordance with our By-laws.

If the Common Share Issuance is complete at the time of the Meeting, the Compensation, Governance and Nominating Committee has recommended, and the directors have determined, that nine directors are to be presented for election at the Meeting. Management does not contemplate that any of the nominees named below will be unable to serve as a director, but, if such an event should occur for any reason prior to the Meeting, PROXIES IN FAVOR OF MANAGEMENT WILL BE VOTED FOR ANOTHER NOMINEE IN THEIR DISCRETION UNLESS THE SHAREHOLDER HAS SPECIFIED IN THE PROXY THAT HIS SHARES ARE TO BE WITHHELD FROM VOTING IN THE ELECTION OF DIRECTORS.

If the Common Share Issuance is completed, the following will be the nominees for election as directors, in accordance with the Compensation, Governance and Nominating Committee Charter (available at www.altairnano.com):

- Terry Copeland,
- Alexander Lee,
- Jun Liu,
- Pierre Lortie
- Zhigang (Frank) Zhao
- Guohua Sun
- Guohua Wei
- Yincang Wei
- Liming Zou

The Compensation, Governance and Nominating Committee has reported that it is satisfied that each of the nominees is fully able and fully committed to serve the best interests of our shareholders. Once a quorum is established at the Meeting, the nine nominees receiving the highest number of votes will be elected.

If the Common Share Issuance is completed, the Board recommends that the Shareholders vote FOR the election of Terry Copeland, Alexander Lee, Jun Liu, Pierre Lortie, Zhigang (Frank) Zhao, Guohua Sun, Guohua Wei, Yincang

Wei and Liming Zou.

Certain information with respect to the nine nominees of the Board for election as directors, should the Common Share Issuance be complete prior to the Meeting, is set forth in the table below:

Certain Relationships and Related Transactions

Share Subscription Agreement

The Corporation entered into the Share Subscription Agreement with Canon on September 20, 2010 with respect to the Common Share Issuance. Pursuant to the terms of the Share Subscription Agreement, Canon has agreed to acquire the number of common shares such that immediately following Closing it will own 51% of the Corporation's outstanding common shares on a fully diluted basis. The purchase price will be \$1.5528 per share. Based upon the number of common shares and the rights to acquire common shares outstanding as of March 31, 2011, we estimate that the number of shares to be purchased will be 37,125,983, at an aggregate purchase price of \$57,649,226. Mr. Yincang Wei, one of the director nominees, is the sole shareholder and the Chairman of Canon. Simultaneous to their execution of the Share Subscription Agreement, the Corporation and Canon also entered into an Investor Rights Agreement, pursuant to which the Corporation has granted certain rights to Canon, including (i) rights to proportional representation on the Board of Directors, (ii) the right to cause the Corporation to file a shelf registration statement two years after closing, together with certain demand and piggy-back registration rights, (iii) certain indemnification rights related to the registration rights, and (iv) an option to purchase common shares of the Corporation at market price in an amount sufficient to maintain proportionate ownership in connection with future dilutive issuances.

We entered into the SSA Amendment with Canon on February 16, 2011. The SSA Amendment (a) extended the closing deadline and closing date under the Agreement to May 17, 2011 in order to permit the resolution of certain technology transfer issues and other matters, (b) authorized us to raise additional capital from third parties prior to May 1, 2011, subject to a dilution limit of less than 20% of outstanding common shares, and a further limit of US\$7,500,000 in aggregate offerings if any issuance will be made at per share price, taking into account the implied value of any warrants issued in connection with such issuance, lower than \$1.5528; (c) authorized Canon to terminate the Share Subscription Agreement if we issue our common shares prior to closing at a per share price, taking into

account the implied value of any warrants issued in connection with such issuance, lower than \$1.5528; and (d) defers the purchase and sale of nano lithium titanate under the existing Supply Agreement. We closed a financing on March 30, 2011 on terms that we believe triggered the termination right described in (c) above.

In addition, the Corporation, Altairnano, Inc., an indirect subsidiary of the Corporation, and Zhuhai Yintong Energy Company Ltd. (“YTE”) entered into a Conditional Supply and Technology Licensing Agreement (the “Supply Agreement”) on September 20, 2010. Pursuant to the Supply Agreement, YTE has agreed to purchase nLTO, 11 Ahr battery cells and a 1 megawatt ALTI-ESS system from the Corporation for an aggregate purchase price of \$6.6 million for delivery in 2010 and 2011. The purchases are subject to certain terms and conditions set forth in the Supply Agreement, including the right of YTE to cancel its orders for nLTO if the Share Subscription Agreement terminates under certain circumstances and the conditioning of the purchase of the battery cells and ALTI-ESS upon availability of the products for shipping and the closing of the Common Share Issuance. Pursuant to the SSA Amendment, YTE’s obligation to purchase the remainder of the nano lithium titanate has been deferred until the parties reach mutually satisfactory resolution on certain technical issues relating to the transfer of technology. The Supply Agreement also includes an agreement by the Corporation to license its nLTO manufacturing technology at no cost to the owner of a manufacturing facility in China, as long as the Corporation owns a majority of the owner of such facility. In addition, under the Supply Agreement, the Corporation grants to YTE a license to use the Corporation’s battery technology to manufacture batteries during a term commencing on the effective date of the Supply Agreement and continuing as long as YTE purchases at least 60 tons of nLTO annually. The battery technology license is exclusive in China (including Taiwan, Hong Kong and Macau) as long as YTE purchases at least 1,000 tons of nLTO per year after 2010 and is non-exclusive in the remainder of Asia (excluding the Middle East), Australia and New Zealand. YTE is an indirect majority-owned and the primary operating subsidiary of Canon. Mr. Yincang Wei and Mr. Guohua Sun, each a director nominee, are the Chairman and a Director of YTE, respectively.

Voting Agreements

In connection with the Share Subscription Agreement, Canon entered into Voting Agreements (the “Voting Agreements”) with the directors and executive officers of the Corporation and with Al Yousuf LLC, the largest single shareholder of the Corporation. In the Voting Agreements, Altair’s executive officers and directors, and Al Yousuf LLC, have agreed to vote all of the Corporation’s common shares owned by such person to approve the Common Share Issuance. Each of them has also agreed to not vote any such shares in favor of, or consent to, and to vote against and not consent to, the approval of any (i) Acquisition Proposal (as defined below), (ii) reorganization, recapitalization, liquidation or winding-up of the Corporation or any other extraordinary transaction involving the Corporation, (iii) corporate actions that would frustrate the purposes, or prevent or delay the consummation of the transactions contemplated by the Share Subscription Agreement, or (iv) other matters relating to, or in connection with, any of the foregoing. The Corporation’s executive officers and directors, and Al Yousuf LLC, have also granted to Canon an irrevocable proxy appointing Canon as attorney-in-fact and proxy, with full power of substitution, for and in such shareholder’s name, to vote, express consent or dissent, or otherwise to utilize such voting power in the manner described in the preceding paragraph, as Canon deems appropriate. Each shareholder revokes any and all previous proxies granted with respect to their shares.

The Voting Agreements terminate upon (a) the earlier of (i) the termination of the Share Subscription Agreement, or (ii) the Closing, or (b) at any time upon written notice by Canon to such executive officer or director. In addition to the termination triggers described in the preceding sentence, the Voting Agreement entered into by Al Yousuf LLC will be terminated because the Common Share Issuance did not close by January 31, 2011. So long as the Voting Agreements are effective, the officers and directors of the Corporation have agreed not to grant any proxy or power of attorney or enter into any voting trust or other agreement or arrangement with respect to the voting of any shares, or to acquire, sell, assign, transfer, pledge, encumber, or otherwise dispose of, or enter into any contract, option or other arrangement or understanding with respect to the direct or indirect acquisition or sale, assignment, transfer, pledge, encumbrance or other disposition of, any shares.

An “Acquisition Proposal” is defined as, other than the transactions contemplated by the Share Subscription Agreement, any offer, proposal or inquiry relating to, or any third party indication of interest in:

any acquisition or purchase, direct or indirect, of 15% or more of the Corporation's consolidated assets or 15% or more of any class of equity or voting securities of the Corporation or any of its subsidiaries whose assets, individually or in the aggregate, constitute 15% or more of the Corporation's consolidated assets,

any tender offer (including a self-tender offer) or exchange offer that, if consummated, would result in such third party's beneficially owning 15% or more of any class of equity or voting securities of the Corporation or any of its subsidiaries whose assets, individually or in the aggregate, constitute 15% or more of the Corporation's consolidated assets,

a merger, consolidation, share exchange, business combination, sale of substantially all the assets, reorganization, recapitalization, liquidation, dissolution or other similar transaction involving the Corporation or any of its subsidiaries whose assets, individually or in the aggregate, constitute 15% or more of the Corporation's consolidated assets, or

any other transaction or series of transactions for financing or investment in the Corporation that could reasonably be expected to impede, interfere with, prevent or materially delay the transactions contemplated by the Share Subscription Agreement or that could reasonably be expected to dilute materially the benefits to Canon of the transactions contemplated thereby.

Waiver and Rights Agreement

The Corporation entered into a Waiver and Rights Agreement with Al Yousuf LLC on September 20, 2010. Under the Waiver and Rights Agreement, Al Yousuf LLC has waived its right of first offer with respect to the Common Share Issuance. Al Yousuf LLC has also agreed that, with respect to any underwritten demand registration under its pre-existing registration rights agreement with the Corporation, to the extent Canon exercises piggyback registration rights under the Investor Rights Agreement and there is an underwriter cutback, Canon and Al Yousuf LLC will participate on a pro rata basis proportionate to their share ownership.

The Corporation has agreed that, following the closing of the Common Share Issuance, Al Yousuf LLC will have the right to designate one director until such time as Al Yousuf LLC holds less than 5% of the Corporation's outstanding common shares on a fully-diluted basis. During the period the Corporation has only nine directors, the parties agree that the director appointed by Al Yousuf LLC will be one of the independent directors of the Corporation and serve as a member of the audit committee of the Board.

The Corporation has further agreed that, at its next annual shareholder meeting following the closing of the transactions contemplated by the Share Subscription Agreement or if the Board decided to call a special shareholder meeting, at such shareholder meeting, it will propose to amend its articles to increase the size of the Board to no less than eleven directors and to nominate two new directors to the Board, one of whom to be designated by Canon and the other to be an independent director nominated by the Board pursuant to Altair's then-existing director nomination practice. Canon and Al Yousuf LLC have agreed to vote their common shares in favor of such proposal and the election of the two new directors.

Under the Waiver and Rights Agreement, the parties have agreed that, upon closing of the Common Share Issuance, the lock up provisions applicable to the shares Al Yousuf LLC acquired from the Corporation will terminate. Also, Al Yousuf LLC may elect to first offer to Canon the right to purchase such shares from Al Yousuf LLC in connection with any proposed sale of shares by Al Yousuf LLC.

Compensation, Governance and Nominating Committee

The Compensation, Governance and Nominating Committee discharges the Board's responsibilities relating to compensation of the Corporation's directors and officers, oversees and monitors the Corporation's management in the interest and for the benefit of the stockholders and assists the Board by identifying and recommending individuals qualified to become directors. The Compensation, Governance and Nominating Committee has overall responsibility for approving and evaluating the director and officer compensation plans, policies and programs of the Corporation.

Committee Membership and Independence

The members of the Compensation, Governance and Nominating Committee as of the date of this Circular are Robert van Schoonenberg (Chair), Alexander Lee and Jon Bengtson, each of whom is independent under NASDAQ's listing standards. The Compensation, Governance and Nominating Committee met six times during 2010, two times in person and four times by telephone. If the Common Share Issuance is completed at the time of the Meeting, it is undetermined at this time as to who the members of the Compensation, Governance and Nominating Committee will

be at the closing of the Common Share Issuance. However, it is anticipated that the members of such committee will all be Canon Nominees.

The charter governing operations of the Compensation, Governance and Nominating Committee was adopted in April 2004 and updated in February 2007, and is available at the Corporation's website at www.altairnano.com under "Investors" - "Governance." If the Common Share Issuance is completed, this charter will be amended as of the closing of the Common Share Issuance in order to eliminate any requirement that the committee members be independent, as long as the Corporation is a "Controlled Company" under NASDAQ Rule 5615 (c)(1).

Nomination of Directors

The purpose of the Compensation, Governance and Nominating Committee related to nomination of directors and corporate governance matters is (i) to recommend to the Board the slate of director nominees for election to the Corporation's Board, individuals to fill Board vacancies occurring between annual meetings of stockholders, and individuals for nomination as members of the standing committees of the Board, and (ii) to develop and recommend to the Board a set of corporate governance principles applicable to the Corporation.

In identifying nominees for directors, the Compensation, Governance and Nominating Committee takes into consideration such factors as it deems appropriate. These factors may include judgment, skill, diversity, experience with businesses and other organizations of comparable size, relationship of work experience and education to the current and proposed lines of business of the Corporation, the interplay of the candidate's experience with the experience of other Board members, the extent to which the candidate would be a desirable addition to the Board and any committees of the Board, any contractual nomination requirements and the extent to which the candidate satisfies any objective requirements (such as residence, independence or expertise requirements) applicable to the Board or any committees of the Board. The Compensation, Governance and Nominating Committee considers candidates submitted by shareholders in accordance with the policies set forth in the most recent proxy statement delivered to shareholders and may, but is not required to, consider candidates proposed by management.

Board Diversity

In identifying nominees, the Compensation, Governance and Nominating Committee does not have a formal policy regarding the consideration of gender, race, sexual preference, religion and other traits typically associated with the term "diversity." As described in "Nomination for Directors" above, the Compensation, Governance and Nominating Committee considers it important that the Board be composed of directors with a diverse range of experience, areas of expertise and skills, but has not adopted any formal policy.

Shareholder Suggestions for Nominees and Communications with the Board

The Board will consider director candidates recommended by shareholders. Such recommendations should include the name, age, address, telephone number, principal occupation or employment, background and qualifications of the nominee and the name, address and telephone number of and number of common shares owned by the shareholder making the recommendation. Recommendations should be sent to the Secretary of the Corporation at the address first set forth above. Candidates submitted by shareholders in accordance with the policies set forth in the most recent proxy statement delivered to shareholders are considered under the same standards as nominees recommended by other persons.

Shareholders may send communications to the Board or to specified individual directors by mailing such communications to the Secretary of the Corporation at the address of the Corporation first set forth above and indicating that such communications are for the Board or specified individual directors, as appropriate. All communications received by mail are forwarded to the directors to which they are addressed unless the communications contain information substantially similar to that forwarded by the same shareholder, or an associated shareholder, within the past 90 days.

Compensation, Governance and Nominating Committee Interlocks and Insider Participation

The current members of the Compensation, Governance and Nominating Committee are Robert van Schoonenberg (Chair), Alexander Lee and Jon Bengtson. Prior to May 24, 2010, the members of the Compensation, Governance and Nominating Committee were Pierre Lortie (Chair), Robert van Schoonenberg and Alexander Lee. On May 24, 2010,

Mr. Bengtson was appointed to, and Mr. Lortie was removed from, the Compensation, Governance and Nominating Committee. None of Messrs. Lortie, van Schoonenberg, Bengtson or Lee, is currently, or has formerly been, an officer or employee of the Corporation or any of its subsidiaries. The Corporation had no relationship during 2010 requiring disclosure under Item 404 of Regulation S-K with respect to any of the persons who served on the Compensation, Governance and Nominating Committee during 2010.

Compensation Discussion and Analysis

Pursuant to Item 402(b) of Regulation S-K promulgated under the United States Securities Act of 1933, as amended (the “Securities Act”), the following discussion is meant to provide an overview of the material elements of the Corporation’s compensation policy (the “Compensation Policy”). The following discussion is meant to be a principle-based discussion of the Corporation’s compensation policies and provide context to the tables that follow. Specific reference to disclosures in the compensation tables will be discussed in narrative descriptions following the respective compensation tables.

Compensation Philosophy

The objectives of our executive officer compensation policy are to attract and retain talented and dedicated executives, to tie compensation to the achievement of specified short-term and long-term performance objectives, and to align executives’ incentives with the creation of shareholder value. The Compensation, Governance and Nominating Committee approves and annually evaluates the Corporation’s compensation policies applicable to, and the performance of, the Corporation’s executive officers, including the Chief Executive Officer, Chief Financial Officer and the other executive officers identified in the Summary Compensation Table on page 41 (referred to as the “named executive officers”).

The following objectives guide compensation decisions:

- Provide a competitive total compensation package that enables the Corporation to attract and retain key executive talent;
- Ensure that compensation policies and practices are consistent with effective risk management;
- Align key elements of compensation with the Corporation’s annual and long-term business strategies and objectives; and
- Provide a mix of base compensation and performance-based compensation that directly links executive rewards to the performance of the Corporation and shareholder return.

Elements of Executive Compensation

The principal components of compensation for the Corporation’s named executive officers are as follows:

- Base salary;
- Annual incentive bonus; and
- Long-term equity-based incentives, primarily stock options.

Named executive officers are entitled to benefits generally available to all full-time salaried employees of the Corporation. These benefits include up to 5 weeks per-year of paid time off for medical and vacation leave, subsidized group health plan coverage offered to all salaried employees of the Corporation, and eligibility to participate in the Corporation’s 401(k) Profit Sharing Plan (the “401(k) Plan”), matching contributions under the 401(k) Plan in an amount up to the greater of 50% of the first \$2,500 contributed or 3% of the employee’s base salary. As explained in “Termination and Change of Control Agreements” below, certain named executive officers may be entitled to severance payments in connection with a change of control or termination of their employment. Other than as described above, the named executive officers are not provided with special benefits or perquisites such as company cars, enhanced medical plans or dental plans.

Determination of Compensation

In order to evaluate the competitiveness and appropriateness of the Corporation's total compensation and mix of compensation for executive officers, the Compensation, Governance and Nominating Committee reviews data on the base salary, annual incentive bonus and equity-based incentive compensation for various executive positions, as well as the mix of compensation components, of executive officers of a benchmark group of fifteen companies in the alternative energy business sector of reporting public companies with annual revenues of less than \$100 million and with a market capitalization of less than \$850 million. Equilar, an independent company, produces all compensation reports.

In addition to the benchmark company information, in determining the amount of and mix of compensation, the Compensation, Governance and Nominating Committee considers evaluations of the Chief Executive Officer by each of the directors of the Corporation and each of his direct report executives, the recommendations of the Chief Executive Officer and Vice President of Human Resources with respect to officers other than the Chief Executive Officer, the performance of each executive officer against pre-determined business goals and objectives and the potential role of each executive in the strategic plan of the Corporation. Subject to adjustment upward or downward based upon the various evaluations, the Compensation, Governance and Nominating Committee generally targets base compensation and equity-based incentive awards near the median of the benchmark group and targets annual incentive bonus near the 75th percentile of the benchmark group detailed below:

Active Power	Plug Power
Ballard Power Systems	Quantum Fuel Systems Technology
Beacon Power	Raser Technologies
C&D Technologies	Satcon Technology
Capstone Turbine	Ultralife
Comverge	UQM Technologies
Ener1	Valence Technology
Maxwell Technologies	

Mix of Compensation

The Compensation, Governance and Nominating Committee believes that a significant percentage of the annual compensation of the named executive officers should be at-risk. During 2010, between approximately 39% and 52% of the named executive officers' potential annual compensation was dependent upon the achievement of corporate goals. In addition, stock options granted to the Corporation's named executive officers for retention and incentive purposes generally vest over a period of four years.

The percentage of compensation at risk increases as the level of position increases, with the top figure in the range set forth above being that of the Corporation's Chief Executive Officer. This provides additional upside potential and downside risk for senior positions, recognizing that these roles have greater influence on the Corporation's performance.

Base Salary

Base salaries for the named executive officers are established based on the scope of their responsibilities, their skills and their historical and potential contributions to the Corporation, as well as the compensation paid by benchmarked companies for similar positions. Generally, base salaries are targeted near the median of the range of salaries for executives in similar positions with similar responsibilities at benchmark companies, in line with our compensation philosophy. Base salaries are reviewed annually, and adjusted from time to time to realign salaries with market levels after taking into account individual responsibilities, performance and experience.

The base salaries of the named executive officers for 2011 and as of the date of this Circular are as follows:

Name	2011 Base Salary (\$)
Terry M. Copeland, President, Chief Executive Officer	325,000

John C. Fallini, Chief Financial Officer	230,006
Bruce J. Sabacky, Vice President & Chief Technology Officer	225,000

Annual Incentive Bonus

The annual incentive bonus is intended to compensate executives for achieving corporate goals. One hundred percent of each named executive officer's annual incentive bonus is contingent upon the Corporation achieving pre-determined financial and operational goals.

Decisions with respect to annual incentive bonus are made after the end of each fiscal year. At the beginning of each year, the Compensation, Governance and Nominating Committee sets annual performance goals, a target and maximum incentive bonus amount, and a formula for determining the amount, if any, of the bonus each executive officer is entitled to receive. Annual incentive bonuses are paid 60% in cash and 40% in common shares. For purposes of determining the number of common shares an employee is issued as part of a stock bonus, the Corporation uses the volume weighted average market value of the Corporation's common shares for the applicable fiscal year. The Compensation, Governance and Nominating Committee reserves the right to award annual incentive bonuses above or below formula-determined amounts as it deems appropriate.

Targets and Results for 2010.

During 2010, each named executive officer was eligible for target annual incentive bonuses ranging from 60% to 80% of his base salary, depending on his position. Of these amounts, 100% was tied to the achievement of corporate goals as follows: a total revenue goal of \$13 million (40% weighting), order backlog of \$44.5 million (30% weighting), current assets at year end, less short-term investments in available for sale securities, \$16.9 million (25% weighting) and a safety OSHA incidence rate of 2.65 (5% weighting), all in line with the Corporation's board-approved budget. The Compensation, Governance and Nominating Committee reserved the discretion to award, or to deny, annual incentive bonuses whether or not performance targets were achieved, as it deemed appropriate. Decisions with respect to incentive bonuses for 2010 were made at a meeting of the Compensation, Governance and Nominating Committee based upon year-end information on March 25, 2011. Pursuant to the formula included in the 2010 incentive plan, the Compensation, Governance and Nominating Committee determined that no named executive officer was entitled to a bonus for 2010.

Name	Minimum/Target Incentive Bonus Opportunity (payout as a % of base salary)	Maximum Incentive Bonus Opportunity (payout as a % of base salary)
Terry M. Copeland, President, Chief Executive Officer	80	120
John C. Fallini, Chief Financial Officer	60	90
Bruce J. Sabacky, Vice President & Chief Technology Officer	60	90
Stephen Balogh, Vice President Human Resources	60	90
Daniel Voelker, Vice President Engineering and Operations	60	90

Bonuses would have been paid 60% in cash and 40% in common shares for each named executive officer.

Targets for 2011 Results.

During 2011, the Compensation, Governance and Nominating Committee decided to defer the establishment of corporate financial and operational goals for the annual incentive bonus plan. The Compensation, Governance and Nominating Committee supports the concept of a variable pay program for the executive officers and employees of the Company, but has determined that appropriate financial and operational targets cannot be considered until the Common Share Issuance closes (or the Share Subscription Agreement is terminated). The Compensation, Governance and Nominating Committee reserves the right to make discretionary bonuses from time to time if a plan is not formulated and approved after the Share Subscription Agreement is completed.

Long-Term Equity-Based Incentives

The Corporation's 2005 Stock Incentive Plan (Amended and Restated) (the "2005 Plan") was adopted at the Corporation's Annual Meeting of Shareholders in May 2005 and amended and restated in 2007 to increase the number of eligible shares. Under the 2005 Stock Plan, the Corporation is authorized to issue equity-based awards, including stock options, stock bonuses, restricted stock, stock appreciation rights, and performance-based awards, with respect of up to 2,250,000 common shares. Each of the Compensation, Governance and Nominating Committee and the Board has joint authority to grant awards under the 2005 Plan.

The Corporation had previously authorized its 1998 Stock Option Plan (the “1998 Plan”), under which an aggregate of 45,375 awards continue to be outstanding as of March 31, 2011 (adjusted for the Consolidation); however, awards can no longer be granted under this plan.

The Corporation’s long-term equity-based incentive program is focused on rewarding performance that enhances shareholder value. The program involves the periodic grant of options to purchase common shares in order to provide executive officers with the opportunity to purchase an equity interest in the Corporation and to share in the appreciation of the value of the Corporation’s common shares.

The Compensation, Governance and Nominating Committee periodically considers whether or not to grant additional stock options in order to maintain the overall competitiveness of the Corporation’s compensation package for each named executive officer and to ensure that executives, particularly executives whose other stock options have vested and/or been exercised, have an incentive to remain with the Corporation long term and to increase shareholder value. Factors weighed in determining whether to make, and the amount of, these grants include the above-described review of benchmark compensation data and assessment of past performance, retention considerations, information regarding each named executive officer’s existing equity and stock option ownership, potential shareholder dilution and the expense to the Corporation pursuant to Accounting Standards Codification Topic 718 of the Financial Accounting Standards Board (“FASB ASC Topic 718”). Such options generally have an exercise price equal to the market price on the date of grant or the market price on the date of grant plus a premium over that price, a ten-year term and vest over a four-year term.

In addition, from time to time stock option grants are made to newly hired employees based on their level of responsibility and competitive practices.

Annual Grants.

Terry Copeland was awarded an annual grant of options to purchase 100,000 common shares at an exercise price of \$4.40 on January 15, 2010 (adjusted to give effect to the Consolidation). All options have a ten-year term and vest 25% per year on the anniversary date of the respective grant.

The other named executive officers were granted annual stock options to purchase an aggregate of 100,000 common shares at an exercise price of \$4.40 per share on January 15, 2010 (adjusted to give effect to the Consolidation). The individual annual stock option grants are: Stephen Balogh (22,500 shares); John Fallini (27,500 shares); Bruce Sabacky (22,500 shares), and Daniel Voelker (27,500 shares) (all adjusted to give effect to the Consolidation). The options have a ten-year term and vest 25% annually over a four-year period.

In connection with a promotion, Daniel Voelker was issued stock options to purchase an aggregate of 12,500 common shares at an exercise price of \$4.40 per share on June 15, 2010 (adjusted to give effect to the Consolidation). The options have a ten-year term and vest 25% annually over a four-year period.

No annual grants have been made to date during 2011.

As a matter of best practice, we will continue to monitor our compensation program to ensure that it continues to align the interests of our executives with those of our long-term stockholders while avoiding unnecessary or excessive risk.

Compensation Adjustments

The Corporation may increase or, subject to contractual or other restrictions decrease an executive’s overall compensation at any time during any fiscal year after considering several factors, including level and scope of

responsibilities, contribution to overall corporate performance and achievement of personal goals and objectives.

The Compensation, Nominating and Corporate Governance Committee determined that it was appropriate to review and adopt certain compensation practices that discourage unnecessary or excessive risk taking, such as a recoupment or “clawback” policy. In February 2010, our Compensation, Nominating and Corporate Governance Committee approved a recoupment policy under which it has the sole and absolute authority, to the full extent permitted by applicable law, to require that each executive officer agree to reimburse the Corporation for all or any portion of any annual incentive bonus if:

- (1) the payment was predicated upon the achievement of certain financial results that were subsequently the subject of a material financial restatement,
- (2) in the view of our Compensation, Governance and Nominating Committee, the executive engaged in fraud or misconduct that caused or partially caused the need for a material financial restatement by us, and
- (3) a lower payment would have occurred based upon the restated financial results.

In each such instance, we will, to the extent practicable and allowable under applicable laws, require reimbursement of any bonus in the amount by which the executive's annual bonus for the relevant period exceeded the lower payment that would have been made based on the restated financial results, provided that we will not seek to recover bonuses paid more than one year prior to the date the need for such material financial restatement is determined.

Termination and Change-of-Control Agreements

Severance Provisions in Employment Agreements. The employment agreements of all of the named executive officers provide for termination and change of control benefits as follows:

If the officer's employment is terminated by the officer for good reason, which includes, among other things, (a) the Corporation requiring the officer to relocate his place of employment without the officer's consent, or (b) a material adverse change in the officer's title, position, and/or duties 90 days before or within one year after a change of control, the officer is entitled to a severance benefit equal to his base salary and health benefits for one year. This one-year base salary severance benefit will be extended to 16 months if either the officer was required to relocate more than 50 miles in order to commence employment and the termination occurs within two years of commencement of employment, or the officer later consents to a relocation of his employment and the termination occurs within two years of such voluntary relocation.

If the officer's employment is terminated by the Corporation without cause, the officer is entitled to a severance benefit equal to his base salary for one year, health benefits for 18 months, and a lump sum bonus payment equal to the product of (a) 60% of his base salary paid for the year in which his termination occurred, multiplied by (b) a fraction, the numerator of which is the number of days that have elapsed during the then-current calendar year and the denominator of which is 365. The one-year base salary severance benefit will be extended to 16 months if either the officer was required to relocate more than 50 miles in order to commence employment and the termination occurs within two years of commencement of employment, or the officer later consents to a relocation of his employment and the termination occurs within two-years of such voluntary relocation.

The officer is not entitled to any severance if his employment is terminated at any time by the Corporation with cause or by the officer without good reason.

Dr. Copeland's current base salary is \$325,000 per year; Mr. Fallini's current base salary is \$230,006 per year; Mr. Voelker's current base salary is \$205,000 per year; Mr. Balogh's current base salary is \$193,800 per year; and Mr. Sabacky's current base salary is \$225,000 per year.

Acceleration of Vesting of Options. The employment agreements of each of the named executive officers require that all options and other equity awards granted to the named executive officer provide that the award immediately vests as of the effective date of a "Change of Control Event". A "Change of Control Event" is defined in the agreement to mean (a) any capital reorganization, reclassification of the capital stock of the Corporation, consolidation or merger of the Corporation with another corporation in which the Corporation is not the survivor (other than a transaction effective solely for the purpose of changing the jurisdiction of incorporation of the Corporation), (b) the sale, transfer or other

disposition of all or substantially all of the Corporation's assets to another entity, (c) the acquisition by a single person (or two or more persons acting as a group, as a group is defined for purposes of Section 13(d)(3) under the Securities Exchange Act of 1934, as amended) of more than 40% of the outstanding common shares. We believe that the closing of the Common Share Issuance will qualify as a Change of Control Event under these agreements. If it closes, the Common Share Issuance will likely be a Change of Control Event under the employment agreements.

The following table provides information relating to the number of options that are unvested as of December 31, 2010 that would vest immediately for each named executive officer if a change in control event were to have occurred as of December 31, 2010:

Name	Number of Securities Underlying Unvested Options that Would Vest Upon a Change of Control Event
Terry Copeland, President, Chief Executive Officer and Director	176,560
John C. Fallini, Chief Financial Officer	65,000
Bruce J. Sabacky, Vice President & Chief Technology Officer	50,624
Stephen Balogh, Vice President Human Resources	49,374
Daniel Voelker, Vice President Engineering and Operations	83,750

Explanation of Change of Control Policies. The Compensation, Governance and Nominating Committee believes that providing a reasonable severance arrangement tied to termination without cause is essential to attracting and retaining talented executive officers. In addition, the Compensation, Governance and Nominating Committee believes that the severance arrangements provided to certain of its named executive officers serve the best interests of the Corporation and its shareholders by ensuring that, if a hostile or friendly change of control is under consideration, its executives will feel secure enough about their post-transaction financial future that they will advise the Board about the potential transaction without consideration, or with lessened consideration, of any adverse effect of the transaction on their future employment and compensation. The Compensation, Governance and Nominating Committee believes that its inclusion of a “double trigger,” i.e. both a change of control and a subsequent termination or adverse action, is appropriate because it reasonably balances the needs of the executive and of the Corporation. The provision protects the executive if his status is changed following a change of control but protects the Corporation and its successors because it does not provide for severance payments if the Corporation or successor permits the employee to remain in the same position in the same place. The Corporation has no other severance agreements in place with its named executive officers.

Stock Ownership Guidelines

Our stock ownership guidelines (effective January 1, 2010) are designed to encourage our named executive officers and non-employee directors to achieve and maintain an equity stake in the Corporation and more closely align his or her interests with those of our stockholders.

Upon recommendation of the Compensation, Governance and Nominating Committee, the Board has adopted stock ownership guidelines for directors. Under these guidelines, non-employee directors are required to own, within one year of becoming a director, a number of common shares equal to at least 5,000 shares (adjusted to give effect to the

Consolidation). Shares counted towards this guideline include any shares held by the director directly or through a broker, including shares vested under restricted stock grants.

The Board also has adopted, on recommendation of the Compensation, Governance and Nominating Committee, stock ownership guidelines applicable to the Corporation's executive officers. Under these guidelines, the Corporation's Chief Executive Officer is expected to hold an investment level of at least 6,250 common shares and other executive officers are expected to hold at least 3,750 common shares (all adjusted to give effect to the Consolidation). Executives are expected to comply with these guidelines within three years.

In addition, the guidelines include retention requirements for stock option exercises under which executives must retain certain common shares acquired upon exercise of a stock option. Executive officers who do not yet satisfy the ownership guidelines must retain 50% of the shares acquired on exercise remaining after the sale of shares sufficient to cover the exercise price of the option and taxes.

An annual review will be conducted by the Compensation, Governance and Nominating Committee to assess compliance with the guidelines and to review the guideline policy.

Role of Executive Officers in Determining Executive Pay

The Compensation, Governance and Nominating Committee makes all decisions with respect to base compensation, annual incentive compensation and the award of stock options to the executive officers of the Corporation, including all named executive officers. Such authority may not be delegated to another person other than, as appropriate, the entire Board.

At the end of each fiscal year, the Corporation's Vice President of Human Resources and Chief Executive Officer are responsible for evaluating the performance of each named executive officer (and other officers) against corporate and individual performance objectives and for submitting a report to the Compensation, Governance and Nominating Committee detailing the results of their evaluations. In connection with this report, each of the Vice President of Human Resources and Chief Executive Officer make recommendations to the Compensation, Governance and Nominating Committee with respect to compensation matters related to the prior year, including employee-specific recommendations but not with respect to himself. In addition, each of the two officers makes recommendations to the Compensation, Governance and Nominating Committee with respect to compensation matters related to the upcoming year, including employee-specific recommendations (but not with respect to himself) and strategic and design recommendations. The Compensation, Governance and Nominating Committee considers these recommendations, and the report of these officers, among other factors by the Compensation, Governance and Nominating Committee as it makes prior-year and coming-year compensation decisions.

Compensation Consultant

The Compensation, Governance and Nominating Committee retains Radford, an AON Consulting Corporation ("Radford") to provide ongoing advice and information regarding design and implementation of the Corporation's executive compensation programs. Radford also provides information and updates to the Compensation, Governance and Nominating Committee about regulatory and other technical developments that may affect the Corporation's executive compensation programs. In addition, Radford provides the Committee with competitive market information, analyses and trends on base salary, short-term incentives and long-term incentives.

The Compensation, Governance and Nominating Committee believe that Radford provides candid, direct and objective advice to the Committee, which is not influenced by any other services provided by Radford. To ensure independence:

- the Compensation, Governance and Nominating Committee directly hired and has the authority to terminate Radford;
- Radford is engaged by and reports directly to the committee chair;
- Radford has direct access to all members of the Compensation, Governance and Nominating Committee during and between meetings; and
- interactions between Radford and management generally are limited to discussions on behalf of the Compensation, Governance and Nominating Committee and information presented to the committee for approval.

Neither Radford, nor any of its affiliates, provides any other services to the Corporation.

Tax and Accounting Considerations

Accounting Treatment

The Corporation previously adopted Standard of Financial Accounting Standards No. 123(R), Share-Based Payment (as well as its successor, Accounting Standards Codification Topic 718 of the Financial Accounting Standards Board),

which requires companies to expense the costs of stock-based compensation in their financial statements. Accordingly, the Corporation began recording stock-based compensation expense in the income statement in 2006. The fair value of each award is estimated on the date of grant, using the Black-Scholes option-pricing model. Once the fair value of each award is determined, it is expensed in the income statement over the vesting period.

Deductibility of Executive Compensation

Section 162(m) of the United States Internal Revenue Code of 1986, as amended (the “Code”), imposes a \$1 million annual limit on the amount that a public company may deduct for compensation paid during a tax year to the company’s Chief Executive Officer or to any of the company’s four other most highly compensated executive officers who are still employed at the end of the tax year. The limit does not apply to compensation that meets the requirements of Code Section 162(m) for “qualified performance-based” compensation (i.e., compensation paid only if the executive meets pre-established, objective goals based upon performance criteria approved by the company’s shareholders).

The Compensation, Governance and Nominating Committee reviews and considers the deductibility of executive compensation under Section 162(m) of the Code. In certain situations, the Compensation, Governance and Nominating Committee may approve compensation that will not meet the requirements of Code Section 162(m) in order to ensure competitive levels of total compensation for its executive officers. Stock option grants in 2009 and 2010 were intended to constitute “qualified performance-based compensation” under Section 162(m); however, the Corporation’s 2010 annual performance bonus would not have been, and the Corporation’s 2011 annual performance bonus will not be, “qualified performance-based compensation” because the Corporation does not have shareholder-approved performance criteria for its cash incentive plan. In 2010, none of the named executive officers, received base pay, annual bonus and other compensation in an amount in excess of the \$1 million deduction limit.

Compensation, Governance and Nominating Committee Report

The Compensation, Governance and Nominating Committee has reviewed and discussed the Compensation Discussion & Analysis section included in this Management Proxy Circular with management. Each member of the Compensation, Governance and Nominating Committee is entitled to rely on (i) the integrity of those persons within the Corporation and of the professionals and experts from which the Compensation, Governance and Nominating Committee receives information, and (ii) the accuracy of the financial and other information provided to the Compensation, Governance and Nominating Committee by such persons, professionals or experts absent actual knowledge to the contrary.

Based upon that review and related discussions, the Compensation, Governance and Nominating Committee recommends to the Corporation’s Board that the Compensation Discussion & Analysis contained herein be included in this Circular and Proxy Statement.

- (1) Amounts reflect potential, not actual, bonus amounts calculated based on the 2010 annual incentive bonus plan. The target was based on achieving 100% of the Corporation performance goal, and the maximum is based on achieving 125% of the Corporation performance goal, which also is the bonus cap. The named executive officers were not entitled to receive a bonus at a threshold below the target. No bonus amounts will be paid out under the 2010 annual incentive bonus plan, as targets were not achieved.
- (2) These options were issued in connection with the 2010 annual grant of options. As such, the vesting terms were set at 25% to vest in 2011, 25% to vest in 2012, 25% to vest in 2013, and 25% to vest in 2014.
- (3) The amounts in column (j) represent the grant date fair value of stock and option awards determined in accordance with ASC 718 "Stock Compensation" pursuant to the Stock Incentive Plans.

(1) During 2010, the Corporation paid all directors who are not employees of the Corporation a fee of \$6,250 per quarter. In addition, directors who are not employees and provide service in the following positions received the following additional fees:

Position	Additional Compensation
Chairman of the Board	\$4,000 per quarter
Audit Committee Chair	\$3,000 per quarter
Compensation, Governance and Nominating Committee Chair	\$2,000 per quarter
Audit Committee	\$1,500 per quarter
Compensation, Governance and Nominating Committee	\$1,000 per quarter
Other Committee Chair or Member	Determined upon formation of committee

The Corporation formed a special committee to evaluate, oversee and negotiate the Common Share Issuance. As compensation for services rendered while serving on such committee, members of such committee were paid \$8,000 and the chair of such committee was paid \$60,000.

No amounts were paid to Dr. Copeland in 2010 in his capacity as a director.

(2)Historically, the Corporation issues either restricted stock or stock options to the Directors at their option based on a pre-approved dollar amount annually after the annual meeting is held. The dollar amount of the annual grant is determined and approved by the Compensation, Nominating, and Governance Committee and was \$53,323 for 2010. The amounts in column (c) represents the grant date fair value of the 2010 stock awards calculated in accordance with FASB ASC Topic 718.

The award agreements for grants of restricted stock to Directors provide that the award immediately vests as of the effective date of a “Change of Control Event”. A “Change of Control Event” is defined in the agreement to mean (a) any capital reorganization, reclassification of the capital stock of the Corporation, consolidation or merger of the Corporation with another corporation in which the Corporation is not the survivor (other than a transaction effective solely for the purpose of changing the jurisdiction of incorporation of the Corporation), (b) the sale, transfer or other disposition of all or substantially all of the Corporation’s assets to another entity, (c) the acquisition by a single person (or two or more persons acting as a group, as a group is defined for purposes of Section 13(d)(3) under the Securities Exchange Act of 1934, as amended) of more than 40% of the outstanding common shares. We believe that the closing of the Common Share Issuance will qualify as a Change of Control Event under these agreements.

- (3) Directors of the Corporation and its subsidiaries are also entitled to participate in the 1998 Plan and the 2005 Plan. An aggregate of 527,006 stock awards and option awards were outstanding and held by directors as of December 31, 2010 (as adjusted for the Consolidation). The number of option awards outstanding as of December 31, 2010 for each of the directors actively serving as of December 31, 2010 is as follows: Mr. Hartman – 18,750 options and Mr. Lortie – 9,166 (as adjusted for the Consolidation). Mr. Bengtson, Mr. Haghighi, Mr. Lee, and Mr. van Schoonenberg have no options outstanding.
- (4) As an employee of Al Yousuf LLC, each of Mr Haghighi and Mr. Lee assign any common shares subject to options or common share awards earned in connection with their respective Director's seat to Al Yousuf LLC. As such, Mr Haghighi and Mr. Lee do not have voting or disposition rights over the common shares awarded to him.

Audit Committee and Audit Committee Report

Audit Committee

The Audit Committee operates pursuant to a written charter adopted by the Board, a copy of which may be found on the Corporation's website under the heading "Investors" and is attached hereto as Appendix B. A copy may also be obtained free of charge by mailing a request in writing to: Secretary, Altair Nanotechnologies Inc., 204 Edison Way, Reno, Nevada 89502, U.S.A.

Currently, the Audit Committee is comprised solely of non-employee directors, each of whom has been determined by the Board to be independent under the requirements of the NASDAQ listing standards and National Instrument 52-110 of the Canadian Securities Administrators ("NI 52-110"). From January 2010 through May 23, 2010 the Audit Committee was comprised of Robert van Schoonenberg (Chair), Jon Bengtson, George Hartman and Pierre Lortie. Since May 24, 2010 the Audit Committee is comprised of Jon Bengtson (Chair), Robert van Schoonenberg, George Hartman and Pierre Lortie. The Audit Committee held one meeting in person and four meetings via conference call during the fiscal year ended December 31, 2010. The members of the Audit Committee were in attendance at each meeting except that Mr. Lortie was unable to attend one meeting.

If the Common Share Issuance is completed, Pierre Lortie, Alexander Lee and Zhigang (Frank) Zhao are expected to be members of the Audit Committee.

The Board has determined in its business judgment that each member of the Audit Committee satisfies the requirements with respect to financial literacy set forth in NASDAQ Rule 4350(d)(2)(A)(iv) and applicable Canadian securities laws; and the Board has determined that each of Jon Bengtson and Zhigang (Frank) Zhao is an "audit committee financial expert" as such term is defined in Item 407(d)(5)(ii) of Regulation S-K promulgated under the Securities Act, is independent under Rule 10A-3(b)(1)(ii) promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act") and are, as a result of his past employment experience in finance or accounting, requisite professional certification in accounting or other comparable experience or background, sophisticated with respect to financial matters.

The Audit Committee's responsibility is to assist the Board in its oversight of (a) the quality and integrity of the Corporation's financial reports, (b) the independence and qualifications of the Corporation's independent auditor, and (c) the compliance by the Corporation with legal and regulatory requirements. Management of the Corporation has the responsibility for the Corporation's financial statements as well as the Corporation's financial reporting process, principles and internal controls. The Corporation's independent public accounting firm is responsible for performing an audit of the Corporation's financial statements and expressing an opinion as to the conformity of such financial statements with accounting principles generally accepted in the United States of America.

If the Common Share Issuance is completed and there is a change in our Board, this change will not affect the Audit Committee's role and operations. The charter of the Audit Committee will be amended at the time of Closing in order to eliminate the existing cap on the number of audit committees of other companies on which its members can serve.

Audit Committee Report

The Audit Committee reviewed and discussed the audited financial statements of the Corporation as of and for the year ended December 31, 2010 with management and with the independent public accounting firm. The Audit Committee has discussed with the independent public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as currently in effect. In addition, the Audit Committee has received the written disclosures and the letter from the independent public accounting firm required by applicable requirements of the Public Corporation Accounting Oversight Board regarding the independent auditor's communications with the Audit Committee concerning independence, and has discussed with the independent public accounting firm the independent auditor's independence.

The Audit Committee has also considered whether the independent auditor's provision of non-audit services to the Corporation is compatible with maintaining the auditors' independence.

The members of the Audit Committee are not engaged in the accounting or auditing profession and, consequently, are not experts in matters involving auditing or accounting including in respect of auditor independence. As such, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Corporation's financial statements fairly present the Corporation's financial position and results of operation and are in accordance with generally accepted accounting principles and applicable laws and regulations. Each member of the Audit Committee is entitled to rely on (i) the integrity of those persons within the Corporation and of the professionals and experts (such as the independent auditor) from which the Audit Committee receives information, (ii) the accuracy of the financial and other information provided to the Audit Committee by such persons, professionals or experts absent actual knowledge to the contrary and (iii) representations made by management or the independent public accounting firm as to any information technology services of the type described in Rule 2-01(c)(4)(ii) of Regulation S-X and other non audit services provided by the independent auditor to the Corporation.

Based on the reports and discussions described above, the Audit Committee recommended to the Board that the audited financial statements be included in the Corporation's Annual Report on Form 10-K for the year ended December 31, 2010, for filing with the SEC.

AC – Audit Committee

CC – Compensation, Governance and Nominating Committee

N/A – Not applicable

(1) No longer served on the Compensation, Governance and Nominating Committee after May 2010.

In addition, the Board considered and acted on certain matters throughout the year by executing consent resolutions as required.

The Corporation does not have a policy with respect to the attendance of shareholder meetings by directors. All members of the Board serving as of May 24, 2010 attended the 2010 annual shareholders meeting.

Compensation Policies and Practices Relating to Risk Management

The Compensation, Governance and Nominating Committee has reviewed the Corporation compensation program as it relates to all of the Corporation's full-time employees and believes there is no material risk in the program. As a matter of best practice, the Compensation Nominating and Governance Committee continues to monitor our compensation program to ensure that it continues to align the interests of our employees with those of our long-term stockholders while avoiding unnecessary or excessive risk.

Board Leadership Structure and Role in Risk Oversight

The Board believes that different people should hold the positions of chairman of the Board and CEO to aid in the Board's oversight of management. Mr. Lortie currently serves as the Chairman of our Board of Directors in a non-executive capacity. As the Chairman of the Board of Directors, Mr. Lortie has a number of responsibilities,

which include setting board meeting agendas in collaboration with the CEO, presiding at Board meetings, executive sessions and the annual stockholders' meeting, assigning tasks to the appropriate committees, and ensuring that information flows openly between management and the Board. The Board believes its administration of its risk oversight function has not affected the Board's leadership structure.

At the closing of Common Share Issuance, the new Board will meet to conduct its business. There is no guarantee that Mr. Lortie will continue as the Chairman of the Board, as a new individual will be selected at that time.

The Board is actively involved in assessing and managing risks that could affect the Corporation. The Board's mandate calls for the Board to periodically assess the processes utilized by management with respect to risk assessment and risk management, including identification by management of the principal risks of the Corporation's business, and the implementation by management of appropriate systems to deal with such risks. The Board fulfills these responsibilities either directly, through delegation to committees of the Board, or, as appropriate, through delegation to individual directors.

When the Board determines to delegate any risk management oversight responsibilities, typically such delegation is made to the standing committees of the Board. The Audit Committee would typically be tasked with oversight of risks to the Corporation such as those relating to the quality and integrity of the Corporation's financial reports, the independence and qualifications of the Corporation's independent auditor and inquiries regarding allegations of ethical, financial and legal issues. The Compensation, Governance and Nominating Committee would typically be tasked with overseeing risks such as relating to employment policies, the Corporation's compensation and benefits systems, the identification and recommendation of individuals qualified to become directors, management of the Corporation and succession planning. Each of these committees satisfies its oversight responsibilities through regular reports from officers of the Corporation responsible for each of these risk areas, regular meetings to discuss and analyze such risks, and, when necessary, consultation with outside advisors.

If the Common Share Issuance closes, the Corporation will be a "Controlled Company" under NASDAQ Rule 5615(c). As a result, the Corporation is exempt from, and will no longer comply with, the majority independent board requirement, as set forth in NASDAQ Rule 5615(b).

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Corporation's officers, directors and persons who own more than 10% of the Corporation's common stock to file reports concerning their ownership of common shares with the SEC and to furnish the Corporation with copies of such reports. Based solely upon the Corporation's review of the reports required by Section 16 and amendments thereto furnished to the Corporation, the Corporation believes that all reports required to be filed pursuant to Section 16(a) of the Exchange Act during 2010 were filed with the SEC on a timely basis, except for the following: (1) Alexander Lee was required to file a Form 3 on December 28, 2009, such Form 3 was filed on February 3, 2010; (2) Stephen A. Balogh was required to file a Form 4 on January 20, 2010, such Form 4 was filed on January 21, 2010; (3) Terry M. Copeland was required to file a Form 4 on January 20, 2010, such Form 4 was filed on January 21, 2010; (4) John C. Fallini was required to file a Form 4 on January 20, 2010, such Form 4 was filed on January 21, 2010; (5) John F. Harvat was required to file a Form 4 on January 20, 2010, such Form 4 was filed on January 21, 2010; (6) C. Robert Pedraza was required to file a Form 4 on January 20, 2010, such Form 4 was filed on January 21, 2010; (7) Bruce Sabacky was required to file a Form 4 on January 20, 2010, such Form 4 was filed on January 21, 2010; (8) Daniel S. Voelker was required to file a Form 4 on January 20, 2010, such Form 4 was filed on January 21, 2010; (9) Thomas P. Kieffer was required to file a Form 4 on June 4, 2010, such Form 4 was filed on June 17, 2010 and was required to file a Form 3 on June 14, 2010, such Form 3 was filed on June 17, 2010; (10) Al Yousuf LLC was required to file a Form 4 on June 23, 2010, such Form 4 was filed on July 8, 2010.

Code of Ethics and Code of Conduct

The Corporation has adopted the Code of Ethics for Senior Executive, Financial Officers, Members of the Management Executive Committee, and Directors (the "Code of Ethics"), which constitutes a code of ethics that applies to the principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, as defined in Item 406 of Regulation S-K under the Exchange Act. The Code of Ethics is available on the Corporation's website at www.altairnano.com under "Investors" – "Governance."

The Corporation has adopted the Altair Nanotechnologies Inc. Code of Conduct (the "Code of Conduct"), which constitutes a code of conduct applicable to all officers, directors and employees that complies with NASDAQ Rule 4350(n). The Code of Conduct is available on the Corporation's website at www.altairnano.com under "Investors" – "Governance."

Statement of Corporate Governance Practices

National Policy 58-201 of the Canadian Securities Administrators has set out a series of guidelines for effective corporate governance (the “Guidelines”). The Guidelines address matters such as the constitution and independence of corporate boards, the functions to be performed by boards and their committees and the effectiveness and education of board members. National Instrument 58-101 (“NI 58-101”) of the Canadian Securities Administrators requires the disclosure by each listed corporation of its approach to corporate governance with reference to the Guidelines as it is recognized that the unique characteristics of individual corporations will result in varying degrees of compliance.

Set out below is a description of the Corporation's approach to corporate governance in relation to the Guidelines.

1. The Board

NI 58-101 defines an "independent director" as a director who has no direct or indirect material relationship with the corporation. A "material relationship" is in turn defined as a relationship that could, in the view of the corporation's Board, be reasonably expected to interfere with such member's independent judgement. The Board of the Corporation is currently comprised of seven members, a majority of whom the Board has determined are "independent directors" within the meaning of NI 58-101.

If the Common Share Issuance closes

If the Common Share Issuance closes, the Corporation will expand the size of our Board to nine directors, five of whom are to be designated by Canon, three of whom are to be independent directors, and one of whom is to be an executive of the Corporation. It is anticipated that the current directors, Hossein Asrar Haghighi, George Hartman, Jon Bengtson and Robert G. van Schoonenberg will resign from the Board at the time of closing of the Common Share Issuance. Terry M. Copeland, Alexander Lee and Pierre Lortie will remain on the Board. In addition, the Corporation has determined to appoint Zhigang (Frank) Zhao at the Closing and has agreed to appoint Guohua Wei, Guohua Sun, Yincang Wei, Jun Liu, and Liming Zou at the request of Canon pursuant to their rights under the Share Subscription Agreement and related ancillary agreement.

Dr. Copeland is considered a non-independent director, as he is an officer of the Corporation. Guohua Wei, Guohua Sun and Yincang Wei will be considered non-independent directors because each is an employee of Canon or its wholly-owned subsidiary YTE, and Canon will be an approximately 53% shareholder of the Corporation if the Common Share Issuance closes and will have effective control over the Board.

Alexander Lee is appointed by, and an executive of, Al Yousuf, LLC, which will be an approximately 7.5% shareholder in the Corporation if the Common Shares Issuance closes. The Board believes that Mr. Lee is independent despite their affiliation with a significant shareholder based on the independence from management he has exhibited at all times since appointment to the Board and its belief that, in light of Canon's right to appoint a majority of the Board and approximately 53% ownership, Al Yousuf LLC and Mr. Lee will be independent of management and Canon.

Each of Jun Liu and Liming Zou will have been appointed by Canon; however, neither is employed by, or to our knowledge has any financial arrangement with, Canon, YTE or any Canon affiliate or the Corporation. Given the lack of any financial or other material tie to management of the Corporation, the Board believes that Messrs. Liu and Zou are independent despite the fact that they are nominated by Canon.

In addition to Messrs. Lee, Liu and Zou, Mr. Lortie and Mr. Zhao are considered an independent director since each is independent of management and free from any material relationship with the Corporation. In addition to the factors identified above, the basis for the determination of independence is also that, since the beginning of the fiscal year ended December 31, 2010, none of the directors identified as independent directors have worked for the Corporation, received more than CDN \$75,000 in annual remuneration from the Corporation, excluding fees received for serving on the Board or any board committee, or had material contracts with or material interests in the Corporation which could interfere with their ability to act with a view to the best interests of the Corporation.

Mr. Zhao, a proposed nominee if the Common Share Issuance closes, serves as an independent director of Zuoan Fashion (NYSE: ZA), a clothing and design company.

If the Common Share Issuance does not close

Dr. Copeland is considered a non-independent director, as he is an officer of the Corporation. Alexander Lee and Hossein Asrar Haghighi are appointed by, and executives of, Al Yousuf, LLC, which is an approximately 19% shareholder in the Corporation. The Board believes that Messrs. Lee and Haghighi are independent despite their affiliation with a significant shareholder based on the independence from management they have exhibited at all times since appointment to the Board and its general belief that being a significant shareholder is not likely to interfere with the independence of a director's judgment (and is likely to enhance it).

In addition to Messrs. Lee and Haghighi, Messrs. Bengtson, Hartman, van Schoonenberg and Lortie are considered independent directors since they are all independent of management and free from any material relationship with the Corporation. The basis for this determination is that, since the beginning of the fiscal year ended December 31, 2010, none of the independent directors have worked for the Corporation, received more than CDN. \$75,000 in annual remuneration from the Corporation, excluding fees received for serving on the Board or any board committee, or had material contracts with or material interests in the Corporation which could interfere with their ability to act with a view to the best interests of the Corporation.

The Board believes that it functions independently of management. To enhance its ability to act independent of management, the Board may meet in the absence of members of management and the non-independent directors or may excuse such persons from all or a portion of any meeting where a potential conflict of interest arises or where otherwise appropriate. The Board held two meetings of the non-management directors in the absence of members of management during the fiscal year ended December 31, 2010. Mr. Lortie, Chairman of the Board, generally acts as the chairman during meetings of the non-management directors.

Mr. Lortie currently serves as the Chairman of our Board in a non-executive capacity. As the Chairman of the Board, Mr. Lortie has a number of responsibilities, which include setting board meeting agendas in collaboration with the CEO, presiding at Board meetings, executive sessions and the annual stockholders' meeting, assigning tasks to the appropriate committees, and ensuring that information flows openly between management and the Board.

The Board and its committees met throughout the year on a set schedule, held special meetings and acted by written consent from time to time as appropriate.

Additional information concerning meetings of the Board held in fiscal 2010 is set forth above under the heading "Meetings of the Directors and Attendance at Shareholders Meeting."

Mr. Lortie currently serves as a director of Group Canam (TSX-V: CAM), a company that designs and fabricates construction products and solutions, a director of Consolidated Thompson Iron Mines Ltd. (TSX: CLM), an iron ore mining company, and a director of Tembec Inc (TSX: TMB), a large, diversified and integrated forest products company. Mr. van Schoonenberg serves as a director of Guidance Software, Inc. (NASDAQ: GUID), a forensic data acquisition and analysis software company; a director of Ryland Group, Inc. (NYSE:RYL), a homebuilder and mortgage lending company; and a director of Premiere Entertainment LLC, a private broadcast production company specializing in live red carpet event coverage, music events and product launches for internet exhibition, satellite distribution and cell phone licensing.

2. Board Mandate

The Board has a mandate to set the strategic direction of the Corporation and to oversee its implementation by management of the Corporation. A copy of the Board mandate is set forth in Appendix C to this Circular, and a copy may also be found on the Internet at <http://altairannualmeeting.com>.

3. Position Descriptions

Given the current size of the Corporation's infrastructure and the existence of a limited number of executive officers and seven directors, the Board does not feel that it is necessary at this time to formalize position descriptions or corporate objectives for any of the Chairman of the Board, Chairmen of committees of the Board, or the President and Chief Executive Officer in order to delineate their respective responsibilities. Accordingly, the roles of the executive officers of the Corporation are delineated on the basis of the customary practice.

4. Orientation and Continuing Education

Although the Corporation currently has no formal orientation and education program for new Board members, sufficient information (such as recent annual reports, prospectus, proxy solicitation materials and various other operating and budget reports) is provided to any new Board member to ensure that new directors are familiarized with the Corporation's business and the procedures of the Board. In addition, on at least an annual basis, the Board is given a presentation by an attorney or other professional regarding their role, responsibilities and obligations. In addition, new directors are encouraged to visit and meet with management on a regular basis. The Corporation also encourages continuing education of its directors and officers where appropriate in order to ensure that they have the necessary skills and knowledge to meet their respective obligations to the Corporation.

5. Ethical Business Conduct

The Board has adopted a formal code of conduct and code of ethics. See "Code of Conduct and Code of Ethics" above. In order to ensure compliance with the Code of Conduct and Code of Ethics, and to ensure that directors exercise independent judgement, the Audit Committee has assumed responsibility for approving transactions involving the Corporation and any "related party" (as that term is defined in Multilateral Instrument Rule 61-101), except for decisions related to compensation, which are approved by the Compensation, Governance and Nominating Committee. The full Board is responsible for monitoring the Corporation's compliance with strategic planning matters, implementing a process for assessing the effectiveness of committees of directors and individual directors, and reviewing changes in or additions to compliance policies, standards, codes and programs, as well as applicable legislation.

6. Nomination of Directors

The Board has established a Compensation, Governance and Nominating Committee., which has assumed the responsibility for identifying new candidates for Board nomination. See "Nominating Committee" above.

7. Compensation

The Board has established a Compensation, Governance and Nominating Committee., which has assumed the responsibility for making recommendations to the Board on compensation related matters. DIRECTORS

2. Indemnification and Advancement of Expenses

- (a) To the maximum extent permitted by law, the Corporation shall indemnify a director or officer of the Corporation, a former director or officer of the Corporation, or any other individual (regardless of whether the other individual is or is not an officer or director or a former officer or director of the Corporation) who acts or acted at the Corporation's request for or on behalf of another entity as a director or officer or in any similar capacity, including action as an employee of the other entity in the capacity of an attorney, against all costs, charges and expenses reasonably incurred by the individual in respect of any threatened, pending or completed civil, criminal, administrative, investigative or other proceeding in which the individual is involved or threatened to become

involved as a party, a witness or in any other fashion because of that association with the Corporation or with the other entity. If but only if a proceeding is a derivative action brought by or on behalf of the Corporation or some other entity to procure a judgement in its favour, the indemnification that is provided for in this Section 2(a) and the advancement of monies that is provided for in Section 2(c) shall require prior approval by a court of competent jurisdiction.

A-1

- (b) Regardless of Section 2(a), the Corporation shall not indemnify an individual if it is ultimately determined by a final and unappealable decision of a court of competent jurisdiction that (i) he or she did not act honestly and in good faith with a view to the best interests of the Corporation or, as the case may be, to the best interests of the other entity for which he or she acted as a director or officer or in a similar capacity at the Corporation's request, or (ii) that he or she did not have reasonable grounds for believing that his or her conduct was lawful in the case of a criminal or administrative action or proceeding that is enforced by a monetary penalty.
- (c) The Corporation shall advance monies to a director, officer, employee or other indemnified individual (including any former officer or director of the Corporation) for the costs, charges and expenses of any threatened or pending proceeding that is referred to in Section 2(a) as they are incurred and before the final disposition of the proceeding as soon as the Corporation receives an unsecured conditional personal promissory note obligating the individual who is entitled to receive the advanced monies to repay them if it is ultimately determined by a final and unappealable decision of a court of competent jurisdiction that the individual must repay the advances because he or she did not satisfy the conditions for indemnification that are set forth in Section 2(b). An individual's right to advancement of monies under this Section 2(c) is separate and independent of his or her ultimate right to indemnification under Section 2(a), and no preliminary determination that he or she will ultimately be entitled to indemnification shall be required before the advances required by this Section 2(c) must be made to him or her by the Corporation. For purposes of the advances required by this Section 2(c), there shall be a presumption that the individual receiving advanced monies satisfied or satisfies the conditions for indemnification that are set forth in Section 2(b) and the presumption shall continue to apply unless and until it is determined by a final and unappealable decision of a court of competent jurisdiction that the individual does or did not satisfy the conditions for indemnification that are set forth in Section 2(b).
- (d) For purposes of Section 2(a) related to indemnification and Section 2(c) related to the advancement of monies, the words "costs, charges and expenses" (collectively referred to as "Expenses") shall be broadly construed and shall include Expenses actually and reasonably paid or incurred in connection with the establishment, confirmation, approval, or enforcement of any right to indemnification or advancement of monies under these by-laws as well as Expenses paid or incurred in connection with the prosecution of any claim, counterclaim, or affirmative or other defense in or the investigation, conduct, settlement or appeal of any proceeding that is referred to in Section 2(a). To the maximum extent permitted by law, Expenses shall include amounts paid in settlement, judgements, fines penalties and other liabilities of every kind and character. Expenses shall also include, without limitation (i) attorney's fees, (ii) the fees of any expert witness, investigator, or other individual who is employed by or acting at the request of an attorney, (iii) filing fees and any other costs imposed by or paid to a court or other agency or tribunal, (iv) amounts paid or incurred in connection with the taking, reporting, and transcription of depositions, (v) witness fees and mileage, (vi) amounts paid or incurred for computerized legal or factual research, the preparation of models, exhibits or similar materials for use at trial or otherwise, transportation, lodging, meals, long-distance telephone, telecopy, photocopying, postage, freight, and delivery service, and (vii) reasonable compensation to an individual for which he is not otherwise compensated by the Corporation or other entity for his or her time spent while engaged in the investigation, conduct, settlement, or appeal of any proceeding that is referred to in Section 2(a).
- (e) As soon as the Corporation has received the unsecured conditional personal promissory note that is required by Section 2(c), the Corporation shall advance monies to an individual who is entitled to advancement under Section 2(c) and the advances shall be made in the fashion required by this Section 2(e). Within fifteen (15) days after the Corporation receives a written statement itemizing Expenses to be advanced from the individual who is entitled to advancement; the Corporation shall advance them by delivery to him or her of a cashier's check made payable to him or her in the full amount of the itemized Expenses. Copies of all relevant receipts and invoices must accompany the itemized statement, but no invoice from an attorney must include information that the attorney believes is subject to the attorney-client or the solicitor-client privilege. No question by the Corporation

concerning the itemized statement shall delay advancement of the full amount of Expenses itemized therein, but advancement of the Expenses by the Corporation shall not prejudice the Corporation's right to later question the accuracy or reasonableness of any itemized statement in any court of competent jurisdiction if and when the Corporation chooses to do so.

A-2

- (f) The provisions for indemnification and advancement of monies that are contained in these by-laws shall not be deemed exclusive of any other rights to which any person seeking indemnification or advancement may be entitled under the Act, other applicable law, or any agreement, vote of shareholders or directors or otherwise, both as to action in the individual's official capacity and as to action in another capacity, and shall continue as to a person who has ceased to be a director, officer, employee or agent of the Corporation or of another entity and shall inure to the benefit of the heirs and legal representatives of such a person.
