The Company had no relationship during 2011 requiring disclosure under Item 404 of Regulation S-K with respect to any of the persons who served on the Compensation, Governance and Nominating Committee during 2011, except as follows:

On July 22, 2011, the Company and Canon completed the sale by the Company, and the purchase by an affiliate of Canon, through Energy Storage (China), of 37,036,807 common shares of the Company at a purchase price of \$1.5528 per share, or \$57.5 million in the aggregate, pursuant to the Share Subscription Agreement dated September 20, 2010 between the Company and Canon.

As a result of the closing under the Share Subscription Agreement, a change of control in the Company occurred. Energy Storage (China), a subsidiary of Canon, which is controlled by Mr. Yincang Wei, owns 53.3% of the outstanding common shares of the Company. In addition, pursuant to the Investor Rights Agreement, the Company has granted certain rights to Canon, including (i) rights to representation on the Board of Directors proportionate with ownership, (5 of 9 directors initially), (ii) the right to cause the Company to file a shelf registration statement two years after closing, together with certain demand and piggy-back registration rights, (iii) certain indemnification rights related to the registration rights, and (iv) an option to purchase common shares of the Company at market price in an amount sufficient to maintain proportionate ownership in connection with future dilutive issuances.

This deferral may be indefinite. The Supply Agreement also includes an agreement by the Company to license its nLTO manufacturing technology at no cost to the owner of a manufacturing facility in China, as long as the Company owns a majority of the owner of such

facility. In addition, under the Supply Agreement, the Company grants to YTE a license to use the Company's battery technology to manufacture batteries during a term commencing on the effective date of the Supply Agreement and continuing as long as YTE purchases at least 60 tons of nLTO annually. The battery technology license is exclusive in China (including Taiwan, Hong Kong and Macau) as long as YTE purchases at least 1,000 tons of nLTO per year after 2010 and is non-exclusive in the remainder of Asia (excluding the Middle East), Australia and New Zealand. YTE is an indirect majority-owned and the primary operating subsidiary of Canon. Mr. Yincang Wei and Mr. Guohua Sun, each a director, are the Chairman and a Director of YTE, respectively.
