AMBASE CORPORATION AND SUBSIDIARIES

Notes to Unaudited Condensed Consolidated Financial Statements

Note 1 – The Company and Basis of Presentation

The accompanying condensed consolidated financial statements of AmBase Corporation and subsidiaries ("AmBase" or the "Company") are unaudited and subject to year-end adjustments. All material intercompany transactions and balances have been eliminated. In the opinion of management, these financial statements reflect all adjustments, consisting only of normal recurring adjustments unless otherwise disclosed, necessary for a fair presentation of the Company's consolidated financial position, results of operations and cash flows. Results for interim periods are not necessarily indicative of results for the full year. The condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America ("GAAP") for interim financial information and with the instructions to Form 10-Q and Article 8 of Regulation S-X. The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that it deems reasonable, that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from such estimates and assumptions. The unaudited interim condensed consolidated financial statements presented herein are condensed and should be read in conjunction with the Company's consolidated financial statements filed in its Annual Report on Form 10-K for the year ended December 31, 2015.

The Company's assets currently consist primarily of cash and cash equivalents, an equity investment in a real estate development property and real estate owned. The Company earns non-operating revenue consisting principally of investment earnings on cash equivalents. As further discussed in Note 4, the Company owns an equity interest in a real estate development property through a joint venture agreement to purchase and develop real property located at 105 through 111 West 57th Street in New York, New York (the "111 West 57th Property"). The Company is engaged in the management of its assets and liabilities.

A fundamental principle of the preparation of financial statements in accordance with GAAP is the assumption that an entity will continue in existence as a going concern, which contemplates continuity of operations and the realization of assets and settlement of liabilities occurring in the ordinary course of business. In accordance with this requirement, the Company has prepared its accompanying condensed consolidated financial statements assuming the Company will continue as a going concern.

The Company has incurred operating losses and used cash for operating activities for the past several years. The Company has also made significant investments in the 111 West 57th Street Property since 2013. The Company has continued to keep operating expenses at a reduced level; however, there can be no assurance that the Company's current level of operating expenses will not increase or that other uses of cash will not be necessary. The Company believes that based on its current level of operating expenses, its currently available cash resources together with the line of credit from Mr. Bianco as noted below, may not be sufficient to cover operating expenses through the twelve month period from the financial statement reporting date. These factors raise substantial doubt about the Company's ability to continue as a going concern. The accompanying condensed consolidated financial statements have been prepared assuming that the Company will continue as a going concern. The financial statements do not include adjustments to the carrying value of assets and liabilities which might be necessary should the Company not continue in operation.

Over the next several months, the Company will seek to manage its current level of cash and cash equivalents, through various ways, including but not limited to, reducing operating expenses, possible asset sales and/or long term borrowings, although this cannot be assured. In order to continue on a long-term basis, the Company must raise additional capital through the sale of assets or long term borrowings.

In May 2016, the Company and Mr. Richard A. Bianco, the Company's Chairman President and Chief Executive Officer ("R. A. Bianco") entered into an agreement for Mr. R. A. Bianco to provide to the Company, a secured working capital line of credit of up to one million dollars (\$1,000,000) or additional amount(s) as may be necessary and agreed to on an as needed basis, if and when necessary, subject to customary and market terms and conditions to be agreed upon at such time.

Note 2 – Summary of Significant Accounting Policies

New accounting pronouncements

There are no new accounting pronouncements that would likely materially affect the Company's condensed consolidated financial statements.

Note 3 – Real Estate Owned

Real estate owned consists of a commercial office building in Greenwich, Connecticut that is managed and operated by the Company. A portion of the building is utilized by the Company for office space; the remaining space is currently unoccupied and available for lease. Depreciation expense for the building is calculated on a straight-line basis.

Information relating to the Company's real estate owned in Greenwich, Connecticut is as follows:

	September 30, 2016
Area of building in square feet	14,500
Square feet utilized by Company	3,500
Number of years depreciation is based upon	39

Although the portion of the building not being utilized by the Company is currently unoccupied and available for lease, based on the Company's analysis, the Company believes the property's fair value exceeds the property's current carrying value. The Company's impairment analysis includes a comprehensive range of factors including but not limited to: the location of the property; property condition; current market conditions; comparable sales; current market rents in the area; new building zoning restrictions; raw land values; new building construction costs; building operating costs; leasing values; and cap rates for comparable buildings in the area. Varying degrees of weight are given to each factor. Based on the Company's analysis these factors, taken together and/or considered individually, form the basis for the Company's analysis that no impairment condition exists.

The Company performs impairment tests on a regular basis and if events or circumstances indicate that the property's carrying value may not be recoverable. Based on the Company's analysis, the Company believes the carrying value of the real estate owned as of September 30, 2016, has not been impaired; and therefore, the carrying value of the asset is fully recoverable by the Company. The building is carried at cost, net of accumulated depreciation.

Note 4 – Investment in 111 West 57th Partners LLC

On June 28, 2013, 111 West 57th Investment LLC, ("Investment LLC"), a then newly formed subsidiary of the Company, entered into a joint venture agreement (as amended, the "JV Agreement") with 111 West 57th Sponsor LLC, (the "Sponsor"), pursuant to which Investment LLC invested (the "Investment") in a real estate development company formed to purchase and develop the 111 West 57th Street Property (the "111 West 57th Property"). In consideration for making the Investment, Investment LLC was granted a membership interest in 111 West 57th Partners LLC ("111 West 57th Partners"), which indirectly acquired the 111 West 57th Property on June 28, 2013 (the "Joint Venture," and such date, the "Closing Date"). The Company also indirectly contributed an additional amount to

Edgar Filing: AMBASE CORP - Form 10-Q

the Joint Venture in exchange for an additional indirect interest in the Joint Venture. Other members and the Sponsor contributed additional cash and/or property to the Joint Venture. The Joint Venture plans to redevelop the 111 West 57th Property into a luxury residential tower and retail project.

Amounts relating to the Company's initial investment and other information relating to the 111 West 57th Property is as follows:

(\$ in thousands)

Company's aggregate initial investment	\$57,250
Company's aggregate initial membership interest %	60.3 %
Other members and Sponsor initial investment	\$37,750
Approximate gross square feet of project	346,000

On June 30, 2015, 111 West 57th Partners obtained financing for the 111 West 57th Property. The financing was obtained in two parts; (i) a first mortgage construction loan with AIG Asset Management (US), LLC, ("AIG") and (ii) a mezzanine loan with Apollo Commercial Real Estate Finance, Inc., ("Apollo"). Both loans have a four-year term with a one-year extension option subject to satisfying certain conditions. The loan agreements also include customary events of default and other customary terms and conditions. Simultaneously with the closing of the AIG and the Apollo financing, 111 West 57th Partners repaid all outstanding liabilities and obligations to Annaly CRE, LLC under the initial mortgage and acquisition loan agreement, dated June 28, 2013, between 111 West 57th Partners and Annaly CRE, LLC. The remaining loan proceeds will be drawn down and used as necessary for construction and related costs, loan interest escrow and other related project expenses for development of the 111 West 57th Property.

Information relating to the June 30, 2015 financing for 111 West 57th Partners is as follows:

(in thousands)

Financing obtained by 111 West 57 th Partners	\$725,000
Annaly CRE LLC initial mortgage and acquisition loan repaid	\$230,000

In July 2015, based on available net proceeds received from the financing and equity previously invested in the project, funds were distributed to the members of 111 West 57th Partners (the "July 2015 Distribution"). In connection therewith, the Company, principally through Investment LLC, received a distribution but reserved its rights to dispute the actual amount to which it is entitled based on the 111 West 57th Partners Operating Agreement and the Company's percentage interests thereunder. In accordance with the Second Amended and Restated Investment Operating Agreement as noted herein, the Company through Investment LLC fully repaid 111 West 57th Capital LLC, an entity wholly owned by Mr. R.A. Bianco ("Capital LLC"), its capital contributions as noted below. The remaining amount was retained by the Company.

Information relating to the July 2015 Distribution is as follows:

(in thousands)

Distribution attributable to Company's investment	\$11,699
Distribution retained by the Company, net of amounts repaid to Capital LLC	\$1,831

The JV Agreement and related operating agreements generally provide that all distributable cash shall be distributed as follows: (i) first, 100% to the members in proportion to their percentage interests until Investment LLC has received distributions yielding a 20% internal rate of return as calculated; (ii) second, 100% to the Sponsor as a return of (but not a return on) any additional capital contributions made by the Sponsor on account of manager overruns; and (iii) thereafter, (a) 50% to the members in proportion to their respective percentage interests at the time of such distribution, and (b) 50% to the Sponsor.

Additionally, the JV Agreement provides that (i) Mr. Richard A. Bianco (the Company's current Chairman, President and Chief Executive Officer) ("Mr. R. A. Bianco"), his immediate family, and/or any limited liability company wholly-owned thereby, and/or a trust in which Mr. R. A. Bianco and/or his immediate family is the beneficiary, shall at all times own, in the aggregate, not less than 20% of the outstanding shares of AmBase; and (ii) Mr. R. A. Bianco shall remain the Chairman of the Board of Directors of AmBase for the duration of the JV Agreement.

In March 2014, the Company entered into an amended and restated operating agreement for Investment LLC (the "Amended and Restated Investment Operating Agreement") to grant a 10% subordinated participation interest in Investment LLC to Mr. R. A. Bianco as contingent future incentive for Mr. R. A. Bianco's past, current and anticipated ongoing role to develop and commercialize the Company's equity investment in the 111 West 57th Property. Pursuant to the terms of the Amended and Restated Investment Operating Agreement, Mr. R.A. Bianco has no voting rights with respect to his interest in Investment LLC, and his entitlement to receive 10% of the distributions from Investment LLC is subject to the Company first receiving distributions equal to 150% of the Company's initial aggregate investment in Investment LLC and the Joint Venture, plus any additional investments by the Company, and only with respect to any distributions thereafter. At the current time the Company has not expensed nor accrued any amounts relating to this subordinated participation interest, as no amount or range of amounts can be reasonably estimated or assured.

During 2014, in connection with the funding of additional capital calls under the JV Agreement for required borrowing and development costs for the 111 West 57th Property, the Company's management and its Board of Directors concluded that, given the continuing development risks of the 111 West 57th Property and the Company's financial position, the Company should not at that time increase its already significant concentration and risk exposure to the 111 West 57th Property. Nonetheless, the Company sought to limit dilution of its interest in the Joint Venture resulting from any failure to fund the capital call requirements, but at the same time wished to avoid the time, expense and financial return requirements (with attendant dilution and possible loss of voting rights) that obtaining a replacement third-party investor would require. The Company therefore entered into a second amended and restated operating agreement for Investment LLC ("Second Amended and Restated Investment Operating Agreement") pursuant to which Capital LLC was admitted as a member of Investment LLC. In exchange for Capital LLC contributing toward Investment LLC capital calls in respect of the 111 West 57th Property, available cash of Investment LLC will be distributed first to Capital LLC until it has received a 20% internal rate of return (calculated as provided for in the JV Agreement as noted above), second to the Company until it has received 150% of its capital, and; thereafter, available cash is split 10/90 with 10% going to Mr. R.A. Bianco as the subordinated participation interest noted above and 90% going to Capital LLC and the Company pari-passu, with Capital LLC receiving one-half of its pro-rata share based on capital contributed and the Company receiving the balance. No other material changes were made to the Amended and Restated Investment Operating Agreement, and neither Mr. Bianco nor Capital LLC has any voting rights with respect to their interest and investment in Investment LLC.

Capital contributed by Capital LLC in December 2014 and April 2015, which was fully repaid as part of the July 2015 Distribution, was as follows:

(in thousands)

Capital contributed by Capital LLC \$9,868

As part of the July 2015 Distribution, Capital LLC was repaid the full amount of its capital investment. Additional amounts may still be payable to Capital LLC based on investment returns received on the 111 West 57th Property as further described herein.

Pursuant to various capital contribution requests in December 2014, February 2015 and April 2015, the Company was requested to contribute funds to the Joint Venture (the "Capital Contribution Requests"). The Company chose to contribute only a portion of the amounts requested pursuant to the Capital Contribution Requests. The remaining amounts requested pursuant to the Capital Contribution Requests (not funded by the Company) were contributed by

either the Sponsor, which deemed its capital contributions on behalf of the Company to be Shortfall Capital Contributions ("Shortfall Capital Contributions") or by the Company from Capital LLC, pursuant to the terms of the Second Amended and Restated Investment Operating Agreement as noted herein.

The Company made additional capital contributions to the Joint Venture as indicated below:

	Nine
	Months
	Ended
	September
(in thousands)	30, 2016
Capital contributions \$	-

In accordance with the JV Agreement, Shortfall Capital Contributions may be treated either as a member loan or as a dilutive capital contribution by the funding party valued at one and one-half times the amount actually contributed. The Sponsor deemed the Shortfall Capital Contributions as dilutive capital contributions to the Company. The Company believes in accordance with the terms of the agreements, a portion of the Shortfall Capital Contribution amounts should be treated as a member loan, therefore, resulting in no dilution to the Company. The Sponsor contends that the Capital Contribution Requests, if taken together, would cause the Company to be diluted to approximately 48%. The parties are currently in discussions with regard to the calculation of the revised investment percentages resulting from the Capital Contribution Requests, along with the treatment and allocation of these Shortfall Capital Contribution amounts.

In April 2016, the Company filed an action in New York State Supreme Court against the Sponsors, et al., pursuant to which the Company is seeking compensatory damages, as well as punitive damages and equitable relief including a declaration of the parties' rights, an accounting, and a constructive trust over distributions. For additional information, see Note 9 – Legal Proceedings.

The Company has recorded the investment in 111 West 57th Partners utilizing the equity method of accounting, as pursuant to the various agreements the Company has significant influence, but does not have control, as defined under GAAP. Accordingly, the results of operations of 111 West 57th Partners are included in equity income (loss) in the Company's condensed consolidated statements of operations. As of September 30, 2016, the Company's carrying amount of its investment in 111 West 57th Partners, as noted in the Company's condensed consolidated balance sheet, is greater than the Company's equity in the underlying net assets of 111 West 57th Partners by \$867,000, categorized as goodwill, due to a difference resulting from the reduction in equity for syndication fees paid relating to 111 West 57th Partners. The Company reviews its investments and ownership interests recorded under the equity method for impairment on a regular basis and if events or changes in circumstances indicate that a loss in the value of its investment may be other than temporary. There was no impairment on the Company's equity method investment for the periods ended September 30, 2016 or December 31, 2015.

The following tables present summarized financial information for the Company's equity method investment in 111 West 57th Partners. The amounts shown represent 100% of the financial position and results of operations of 111 West 57th Partners for the dates indicated below.

Note 5 – Savings Plan

The Company sponsors the AmBase 401(k) Savings Plan (the "Savings Plan"), which is a "Section 401(k) Plan" within the meaning of the Internal Revenue Code of 1986, as amended (the "Code"). The Savings Plan permits eligible employees to make contributions of up to a percentage of their compensation, which are matched by the Company at a percentage of the employees' elected deferral. Employee contributions to the Savings Plan are invested at the employee's discretion, in various investment funds. The Company's matching contributions are invested in the same manner as the compensation reduction contributions. All contributions are subject to maximum limitations contained in the Code.

The Company's matching contributions to the Savings Plan, charged to expense, were as follows:

Note 6 – Common Stock Repurchase Plan

The Company's common stock repurchase plan (the "Repurchase Plan") allows for the repurchase by the Company of its common stock in the open market. The Repurchase Plan is conditioned upon favorable business conditions and acceptable prices for the common stock. Purchases under the Repurchase Plan may be made, from time to time, in the open market, through block trades or otherwise. Depending on market conditions and other factors, purchases may be commenced or suspended any time or from time to time without prior notice. Pursuant to the Repurchase Plan the Company repurchased shares of common stock from unaffiliated parties at various dates at market prices at their time of purchase, including broker commissions.

Information relating to the Repurchase Plan is as follows:

Note 7 – Incentive Plans

Under the Company's 1993 Stock Incentive Plan (the "1993 Plan"), the Company may grant to officers and employees of the Company and its subsidiaries, stock options ("Options"), stock appreciation rights ("SARs"), restricted stock awards ("Restricted Stock"), merit awards ("Merit Awards") and performance share awards ("Performance Shares") through May 28, 2018. A pre-determined number of shares of the Company's Common Stock are reserved for issuance under the 1993 Plan (upon the exercise of Options and Stock Appreciation Rights, and awards of Restricted Stock and Performance Shares); however, only a portion of such shares are available for the issuance of Restricted Stock Awards and Merit Awards. Such shares shall be authorized but unissued shares of Common Stock. Options may be granted as incentive stock options ("ISOs") intended to qualify for favorable tax treatment under Federal tax law or as nonqualified stock options ("NQSOs"). SARs may be granted with respect to any Options granted under the 1993 Plan and may be exercised only when the underlying Option is exercisable. The 1993 Plan requires that the exercise price of all Options and SARs be equal to or greater than the fair value of the Company's Common Stock on the date of grant of that Option. The term of any NQSO, ISO or related SAR cannot exceed terms under federal tax law and/or as prescribed in the 1993 Plan. Subject to the terms of the 1993 Plan and any additional restrictions imposed at the time of grant, Options and any related SARs ordinarily will become exercisable pursuant to a vesting period prescribed at the time of grant. In the case of a "Change of Control" of the Company (as defined in the 1993 Plan), Options granted pursuant to the 1993 Plan may become fully exercisable as to all optioned shares from and after the date of such Change in Control in the discretion of the Committee or as may otherwise be provided in the grantee's Option agreement. Death, retirement, or absence for disability will not result in the cancellation of any Options.

The fair values of option awards are estimated on the date of grant using the Black-Scholes-Merton option valuation model ("Black-Scholes") that uses certain assumptions at the time of valuation. Expected volatilities are based on historical volatility of the Company's stock. The Company uses historical data to estimate option exercises and employee terminations within the valuation model. The expected term of options granted is estimated based on the contractual lives of option grants, option vesting period and historical data and represents the period of time that options granted are expected to be outstanding. The risk-free interest rate for periods within the contractual life of the option is based on the U.S. Treasury bond yield in effect at the time of grant.

The Black-Scholes option valuation model requires the input of highly subjective assumptions, including the expected life of the stock-based award and stock price volatility. The assumptions utilized represent management's best estimates, but these estimates involve inherent uncertainties and the application of management's judgment. As a result, if other assumptions had been used, our recorded stock-based compensation expense could have been materially different from the amounts previously recorded. In addition, the Company is required to estimate the expected forfeiture rate and only recognize expense for those shares expected to vest. If our actual forfeiture rate is materially different from our estimate, the share-based compensation expense could be materially different. The Company believes that the use of the Black-Scholes model meets the fair value measurement objectives of accounting principles generally accepted in the United States of America and reflects all substantive characteristics of the instruments being valued.

The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options, which have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions, including the expected stock price volatility. Because the Company's employee stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, and given the substantial changes in the price per share of the Company's Common Stock, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its employee stock options. There were no stock option grants during the nine

months ended September 30, 2016 and September 30, 2015. No stock options were outstanding at September 30, 2016 or December 31, 2015.

Common stock reserved for issuance under the Company's 1993 Stock Incentive Plan and other non-related employee benefit plans is as follows:

(in thousands)	September 30, 2016
1993 Stock Incentive Plan	4,320
Other employee benefit plan	110
Total common shares reserved for issuance	4,430

Note 8 – Income Taxes

The Company and its domestic subsidiaries file a consolidated federal income tax return. The Company recognizes both the current and deferred tax consequences of all transactions that have been recognized in the condensed consolidated financial statements, calculated based on the provisions of enacted tax laws, including the tax rates in effect for current and future years. Net deferred tax assets are recognized immediately when a more likely than not criterion is met; that is, a greater than 50% probability exists that the tax benefits will actually be realized sometime in the future.

The components of income tax expense (benefit) are as follows:

(in thousands)	Three Months Ended September 30,		Nine Months Ended September 30,	
	2016	2015	2016	2015
Federal – current	\$-	\$ -	\$-	\$-
State – current	(220)	38	(150)	105
Total current	(220)	38	(150)	105

State - deferred	-	-	-	-
Total deferred	-	-	-	-
Income tax expense (benefit)	\$(220)	\$ 38	\$(150)	\$ 105

A reconciliation of the United States federal statutory rate to the Company's effective income tax rate is as follows:

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2016	2015	2016	2015
Tax at statutory federal rate	35.0%	35.0%	35.0%	35.0%
State income taxes	(23.6)	2.8	(5.3)	3.0
Permanent differences	-	-	-	-
Other	-	-	-	-
Change in valuation allowance	(35.0)	(35.0)	(35.0)	(35.0)

Edgar Filing: AMBASE CORP - Form 10-Q

Effective income tax rate (23.6)% 2.8% (5.3)% 3.0%

The Company has not been notified of any potential tax audits by any federal, state or local tax authorities. As such, the Company believes the statutes of limitations for the assessment of additional federal and state tax liabilities are generally closed for tax years prior to 2013. Interest and/or penalties related to underpayments of income taxes, or on uncertain tax positions, if applicable, would be included as a component of income tax expense (benefit). The accompanying financial statements do not include any amounts for penalties.

State income tax amounts for the three months and nine months ended September 30, 2016, reflect a net benefit related to current year and prior year state tax true-ups. State income tax amounts for the three months and nine months ended September 30, 2015, reflect a provision for a tax on capital imposed by the state jurisdictions.

The utilization of certain carryforwards and carrybacks is subject to limitations under U.S. federal income tax laws. Based on the Company's federal tax returns as filed, the Company estimates it has federal NOL carryforwards and federal alternative minimum tax credit carryforwards ("AMT Credits"), available to reduce future federal taxable income which would expire if unused, as indicated below.

The federal NOL carryforwards as of December 31, 2015 are as follows:

Tax Year Originating	Tax Year Expiring	Amount
2006	2026	\$500,000
2007	2027	12,700,000
2008	2028	4,600,000
2009	2029	2,400,000
2010	2030	1,900,000
2011	2031	1,900,000
2013	2033	3,700,000
2014	2034	4,900,000
2015	2035	<u>4,200,000</u>
		\$36,800,000

AMT Credits available which are not subject to expiration are as follows:

Amount
AMT Credits \$21,000,000

Based on the Company's state tax returns as filed, the Company estimates that it has state NOL carryforwards available to reduce future state taxable income, which would expire if unused, as indicated below.

The state NOL carryforwards as of December 31, 2015, are as follows:

Tax Year Originating	Tax Year Expiring	Amount
2011	2031	\$1,900,000
2013	2033	3,400,000
2014	2034	4,700,000
2015	2035	1,800,000

Edgar Filing: AMBASE CORP - Form 10-Q

\$ 11,800,000

The Company has calculated a deferred tax asset arising primarily from NOL carryforwards and AMT credits as follows:

	September 30, 2016	December 31, 2015
Deferred tax asset	\$36,500,000	\$34,500,000
Valuation allowance	(36,500,000)	(34,500,000)
Net deferred tax asset recognized	\$-	\$-

A valuation allowance has been established for the entire deferred tax asset, as management has no basis to conclude that realization is more likely than not. Management does not believe that any significant changes in unrecognized income tax benefits are expected to occur over the next year.

Note 9 – Legal Proceedings

From time to time, the Company and its subsidiaries may be named as a defendant in various lawsuits or proceedings. At the current time, except as set forth below, the Company is unaware of any legal proceedings pending against the Company. The Company intends to aggressively contest all litigation and contingencies, as well as pursue all sources for contributions to settlements.

The Company is a party to a lawsuit as follows:

AmBase v. 111 West 57th Sponsor LLC, et al. In April 2016, the Company initiated a litigation in the New York State Supreme Court for New York County (the "NY Court"), Index No. 652301/2016, against defendants 111 West 57th Sponsor LLC, 111 West 57th JDS LLC, PMG West 57th Street LLC, 111 West 57th Control LLC, 111 West 57th Developer LLC, Elliot Joseph, KM Equity LLC, Kevin Maloney, Matthew Phillips, Michael Stern, and Ned White (collectively, "Defendants") and nominal defendant 111 West 57th Investment LLC. AmBase alleges in this action that the Defendants engaged in an unlawful scheme to dilute AmBase's equity interest in the joint real estate venture 111 West 57th Partners, to develop the 111 West 57th Street Property and to keep for themselves certain financing opportunities in breach of Defendants' contractual and fiduciary duties. The complaint also alleges that defendants have failed to honor the exercise of AmBase's equity put right. AmBase is seeking compensatory damages, as well as punitive damages and equitable relief including a declaration of the parties' rights, an accounting, and a constructive trust over distributions received by the Defendants. The complaint in this action has been filed and discovery is in the initial stages.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Cautionary Statement for Forward-Looking Information

This quarterly report, together with other statements and information publicly disseminated by the Company, may contain certain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the "Act"), and Section 21E of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), or make oral statements that constitute forward looking statements. The Company intends such forward-looking statements to be covered by the safe harbor provisions for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995. Forward-looking statements are inherently subject to risks and uncertainties, many of which cannot be predicted or quantified. The forward-looking statements may relate to such matters as anticipated financial performance, future revenues or earnings, business prospects, projected ventures, anticipated market performance, anticipated litigation results or the timing of pending litigation, and similar matters. When used in this Quarterly Report, the words "estimates," "expects," "anticipates," "believes," "plans," "intends" and variations of such words and similar expressions are intended to identify forward-looking statements that involve risks and uncertainties. The Company cautions readers that a variety of factors could cause the Company's actual results to differ materially from the anticipated results or other expectations expressed in the Company's forward-looking statements. These risks and uncertainties, many of which are beyond the Company's control, include, but are not limited to those set forth in "Item 1A, Risk Factors" and elsewhere in the Company's Annual Report on Form 10-K and in the Company's other public filings with the Securities and Exchange Commission including, but not limited to: (i) transaction volume in the securities markets; (ii) the volatility of the securities markets; (iii) fluctuations in interest rates; (iv) risks inherent in the real estate business, including, but not limited to, insurance risks, tenant defaults, risks associated with real estate development activities, changes in occupancy rates or real estate values; (v) changes in regulatory requirements which could affect the cost of doing business; (vi) general economic conditions; (vii) risks with regard to whether or not the Company's current financial resources will be adequate to fund operations over the next twelve months from financial statement issuance date; (viii) changes in the rate of inflation and the related impact on the securities markets; (ix) changes in federal and state tax laws; (x) assumptions regarding the outcome of legal and/or tax matters, based in whole or in part upon consultation with outside advisors; and (xi) risks arising from unfavorable decisions in tax, legal and/or other proceedings. These are not the only risks that we face. There may be additional risks that we do not presently know of or that we currently believe are immaterial which could also impair our business and/or financial position.

Undue reliance should not be placed on these forward-looking statements, which are applicable only as of the date hereof. The Company undertakes no obligation to revise or update these forward-looking statements to reflect events or circumstances that arise after the date of this Quarterly Report or to reflect the occurrence of unanticipated events. Accordingly, there is no assurance that the Company's expectations will be realized.

Management's Discussion and Analysis of Financial Condition and Results of Operations, which follows, should be read in conjunction with the consolidated financial statements and related notes, which are contained in Part I - Item 1, herein and in Part II - Item 8 in the Company's Annual Report on Form 10-K for the year ended December 31, 2015.

BUSINESS OVERVIEW

AmBase Corporation (the "Company") is a holding company which has an equity investment in a real estate development property in New York, New York and owns a commercial office building in Greenwich, Connecticut.

The Company's assets currently consist primarily of cash and cash equivalents, an equity investment in a real estate development property and real estate owned. The Company earns non-operating revenue consisting principally of investment earnings on cash equivalents. As further discussed in Part I - Item 1 - Note 4 to the Company's condensed consolidated financial statements, the Company owns an equity interest in a real estate development property through

a joint venture agreement to purchase and develop real property located at 105 through 111 West 57th Street in New York, New York (the "111 West 57th Property"). The Company is engaged in the management of its assets and liabilities.

LIQUIDITY AND CAPITAL RESOURCES

The Company's assets at September 30, 2016, aggregated \$67,019,000, consisting principally of cash and cash equivalents of \$1,102,000, an equity investment in a real estate development property of \$63,796,000 and real estate owned, net of \$1,692,000. At September 30, 2016, the Company's liabilities aggregated \$616,000. Total stockholders' equity was \$66,403,000.

A fundamental principle of the preparation of financial statements in accordance with GAAP is the assumption that an entity will continue in existence as a going concern, which contemplates continuity of operations and the realization of assets and settlement of liabilities occurring in the ordinary course of business. In accordance with this requirement, the Company has prepared its accompanying condensed consolidated financial statements assuming the Company will continue as a going concern.

The Company has incurred operating losses and used cash for operating activities for the past several years. The Company has also made significant investments in the 111 West 57th Street Property since 2013. The Company has continued to keep operating expenses at a reduced level; however, there can be no assurance that the Company's current level of operating expenses will not increase or that other uses of cash will not be necessary. The Company believes that based on its current level of operating expenses, its currently available cash resources together with the line of credit from Mr. Bianco as noted below, may not be sufficient to cover operating expenses through the twelve month period from the financial statement reporting date. These factors raise substantial doubt about the Company's ability to continue as a going concern. The accompanying condensed consolidated financial statements have been prepared assuming that the Company will continue as a going concern. The financial statements do not include adjustments to the carrying value of assets and liabilities which might be necessary should the Company not continue in operation.

Over the next several months, the Company will seek to manage its current level of cash and cash equivalents, through various ways, including but not limited to, reducing operating expenses, possible asset sales and/or long term borrowings, although this cannot be assured. In order to continue on a long-term basis, the Company must raise additional capital through the sale of assets or long term borrowings.

In May 2016, the Company and Mr. Richard A. Bianco, the Company's Chairman President and Chief Executive Officer ("R. A. Bianco") entered into an agreement for Mr. R. A. Bianco to provide to the Company, a secured working capital line of credit of up to one million dollars (\$1,000,000) or additional amount(s) as may be necessary and agreed to on an as needed basis, if and when necessary, subject to customary and market terms and conditions to be agreed upon at such time.

For the nine months ended September 30, 2016, cash of \$2,464,000 was used by operations for the payment of operating expenses and prior year accruals. The cash needs of the Company for the nine months ended September 30, 2016, were satisfied by the Company's financial resources.

For the nine months ended September 30, 2015, cash of \$2,266,000 was used by operations, for the payment of operating expenses and prior year accruals. The cash needs of the Company for the nine months ended September 30, 2015, were principally satisfied by the Company's financial resources.

In April 2016, the Company filed an action in New York State Supreme Court against the Sponsors, et al., pursuant to which the Company is seeking compensatory damages, as well as punitive damages and equitable relief, including a declaration of the parties' rights, an accounting, and a constructive trust over distributions. For additional information,

see Part I – Item 1 – Note 9 to the Company's condensed consolidated financial statements.

Real estate owned consists of a commercial office building in Greenwich, Connecticut that is managed and operated by the Company. The building is approximately 14,500 square feet with approximately 3,500 square feet utilized by the Company for its offices; the remaining space is currently unoccupied and available for lease. Although the portion of the building not being utilized by the Company is currently unoccupied and available for lease, based on the Company's analysis, including but not limited to current market rents in the area, leasing values, and comparable property sales, the Company believes the property's fair value exceeds the property's current carrying value. Therefore, the Company believes the carrying value of the property as of September 30, 2016, has not been impaired.

Accounts payable and accrued liabilities as of September 30, 2016, increased from December 31, 2015, principally as a result of current period accruals.

There are no other material commitments for capital expenditures as of September 30, 2016. Inflation has had no material impact on the business and operations of the Company.

Results of Operations for the Three Months and Nine Months Ended September 30, 2016 vs. the Three Months and Nine Months Ended September 30, 2015

The Company earns non-operating revenue consisting principally of investment earnings on cash equivalents. The Company's management believes that its operating cash needs for the next twelve months will be met principally by the Company's financial resources.

The Company recorded a net loss of \$712,000 or \$0.02 per share and \$2,675,000 or \$0.07 per share in the three months and nine months ended September 30, 2016 respectively, compared to a net loss of \$1,517,000 or \$0.04 per share and \$3,607,000 or \$0.09 per share in the respective 2015 periods.

Compensation and benefits were \$382,000 and \$1,212,000 in the three months and nine months ended September 30, 2016, respectively compared to \$448,000 and \$1,481,000 in the respective 2015 periods. No stock based compensation expense was recorded in the nine months ended September 30, 2016 or September 30, 2015. The decrease in the 2016 three month and nine month periods is due to a decrease in incentive compensation accruals in the 2016 periods versus the comparable 2015 periods.

Professional and outside services increased to \$482,000 and \$784,000 in the three months and nine months ended September 30, 2016, compared to \$54,000 and \$206,000 in the respective 2015 periods. The increase in the 2016 periods as compared to the 2015 periods is principally the result of a higher level of legal and professional fees incurred in 2016 in connection with the Company's legal proceedings relating to the Company's investment in the 111 West 57th property.

Property operating and maintenance expenses were \$31,000 and \$93,000 for the three months and nine months ended September 30, 2016, compared to \$26,000 and \$96,000 in the respective 2015 periods. The decreased expense in the nine months ended September 30, 2016 compared to the respective 2015 period is due to a decrease in the overall level of repairs and maintenance expenses.

Insurance expenses increased to \$45,000 and \$126,000 in the three months and nine months ended September 30, 2016, compared to \$41,000 and \$114,000 in the respective 2015 periods. The increases are generally due to an increase in insurance coverage levels and insurance premium costs

Other operating expenses were \$59,000 and \$153,000 in the three and nine months ended September 30, 2016, compared with \$104,000 and \$238,000 in the respective 2015 periods. The decrease in the September 30, 2016 nine month period is due to a general lower level of related expenses.

Other income of \$128,000 in the third quarter and nine months ended September 30, 2016 is attributable to proceeds received from an interest in a real estate investment that was sold in July 2016.

Equity income (loss) - 111 West 57th Partners LLC of \$49,000 and \$549,000 for the three months and nine months ended September 30, 2016, represents the Company's share of the 111 West 57th Partners' loss for the periods indicated versus \$794,000 for the three months ended September 30, 2015, and \$1,331,000 for the nine months ended September 30, 2015. The equity loss in the 2016 and 2015 periods is due to sales and marketing expenses incurred. Beginning January 1, 2015, all tenants had vacated the building and expenses incurred for the building's operations are being capitalized as part of development costs.

The Company recognized an income tax benefit of \$220,000 and \$150,000 for the three months and nine months ended September 30, 2016, respectively, as compared with income tax provisions of \$38,000 and \$105,000 for the three months and nine months ended September 30, 2015, respectively. The income tax benefit for the 2016 periods are related to current year and prior year state tax true-ups. The income tax provisions for the 2015 periods are attributable to a provision for a tax on capital imposed by the state jurisdictions.

Income taxes applicable to operating income (loss) are generally determined by applying the estimated effective annual income tax rates to pretax income (loss) for the year-to-date interim period. Income taxes applicable to unusual or infrequently occurring items are provided in the period in which such items occur.

A reconciliation between income taxes computed at the statutory federal rate and the provision for income taxes is included in Part I - Item 1 – Note 8 to the Company's condensed consolidated financial statements.

Item 4. CONTROLS AND PROCEDURES

Our disclosure controls and procedures include our controls and other procedures to ensure that information required to be disclosed in this and other reports under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure and to ensure that such information is recorded, processed, summarized and reported within the time periods.

Our Chief Executive Officer and Chief Financial Officer have conducted an evaluation of our disclosure controls and procedures as of September 30, 2016. Based upon this evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures (as defined in Rule 13a-15(e) and 15d-15(e) promulgated under the Exchange Act) are effective to ensure that the information required to be disclosed by us in the reports we file under the Exchange Act is recorded, processed, summarized and reported with adequate timeliness.

There have been no changes during the most recent fiscal quarter in our internal control over financial reporting, as defined in Rules 13a-15(f) and 15d-15(f) of the Exchange Act, that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

Common Stock Repurchase Plan

The Company's common stock repurchase plan (the "Repurchase Plan") allows for the repurchase by the Company of up to 10 million shares of its common stock in the open market. The Repurchase Plan is conditioned upon favorable business conditions and acceptable prices for the common stock. Purchases under the Repurchase Plan may be made, from time to time, in the open market, through block trades or otherwise. Depending on market conditions and other factors, purchases may be commenced or suspended any time or from time to time without prior notice. No common stock repurchases have been made pursuant to the Repurchase Plan during year to date 2016 period.
