INDEPENDENT AUDITORS' REPORT

Schering-Plough Employees' Savings Plan:

We have audited the accompanying statements of net assets available for benefits of the Schering-Plough Employees' Savings Plan (the "Plan") as of December 31, 2000 and 1999, and the related statement of changes in net assets available for benefits for the year ended December 31, 2000. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2000 and 1999, and the changes in net assets available for benefits for the year ended December 31, 2000, in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets Held for Investment Purposes is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2000 financial statements, and, in our opinion, is fairly stated in all material respects when considered in relation to the basic 2000 financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

(\$ in 000's except per share amounts)

1. General

The Schering-Plough Employees' Savings Plan ("Plan") is a defined contribution plan open to all United States employees of Schering-Plough Corporation ("Company") and its participating subsidiaries who are eligible as of their

hire date. There were approximately 13,200 participants in the Plan at December 31, 2000 and 11,500 at December 31, 1999. Schering Corporation is the Plan's sponsor.

2. Summary of Significant Accounting Policies

Basis of Accounting

- The accounts of the Plan have been prepared on an accrual basis in accordance with generally accepted accounting principles.

The financial statements were prepared in accordance with the financial reporting requirements of the Employee Retirement Income Security Act of 1974 ("ERISA") as permitted by the Securities and Exchange Commission.

Investment Valuation and Income Recognition

- The Plan's investments are stated at fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end.

The Schering-Plough Stock Fund is valued using the unit accounting method whereby a participant's account value is expressed in units of participation rather than number of shares of Schering-Plough common stock.

The closing stock prices of Schering-Plough Corporation at December 31, 2000 and December 31, 1999 were \$56.75 and \$42.375, respectively; the closing price on June 25, 2001 was \$38.05.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Dividends recorded in the Schering-Plough Stock Fund are reinvested in Schering-Plough common stock units.

Participant loans are valued at cost which approximates fair value.

Payment of Benefits

- Benefit payments are recorded when paid.
