The trustee will not recognize you as a holder under the indenture, and you can only exercise the rights of a holder indirectly through DTC and its direct participants. DTC has advised us that it will only take action regarding a note if one or more of the direct participants to whom the note is credited directs DTC to take such action and only in respect of the portion of the aggregate principal amount of the notes as to which that participant or participants has or have given that direction. DTC can only act on behalf of its direct participants. Your ability to pledge notes to non-direct participants, and to take other actions, may be limited because you will not possess a physical certificate that represents your notes.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the notes unless authorized by a direct participant in accordance with DTC's procedures. Under its usual procedures, DTC will mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts the notes are credited on the record date (identified in a listing attached to the

omnibus proxy).

Clearstream, Luxembourg or Euroclear will credit payments to the cash accounts of Clearstream, Luxembourg customers or Euroclear participants in accordance with the relevant system's rules and procedures, to the extent received by its depository. These payments will be subject to tax reporting in accordance with relevant United States tax laws and regulations. Clearstream, Luxembourg or the Euroclear Operator, as the case may be, will take any other action permitted to be taken by a holder under the indenture on behalf of a Clearstream, Luxembourg customer or Euroclear participant only in accordance with its relevant rules and procedures and subject to its depository's ability to effect those actions on its behalf through DTC.

DTC, Clearstream, Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of the notes among participants of DTC, Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform those procedures, and they may discontinue those procedures at any time.

Transfers Within and Among Book-Entry Systems

Transfers between DTC's direct participants will occur in accordance with DTC rules. Transfers between Clearstream, Luxembourg customers and Euroclear participants will occur in accordance with its applicable rules and operating procedures.

DTC will effect cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg customers or Euroclear participants, on the other hand, in accordance with DTC rules on behalf of the relevant European international clearing system by its depository. However, cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in that system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, instruct its depository to effect final settlement on its behalf by delivering or receiving securities in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream, Luxembourg customers and

Euroclear participants may not deliver instructions directly to the depositaries.

Because of time-zone differences, credits of securities received in Clearstream, Luxembourg or Euroclear resulting from a transaction with a DTC direct participant will be made during the subsequent securities settlement processing, dated the business day following the DTC settlement date. Those credits or any transactions in those securities settled during that processing will be reported to the relevant Clearstream, Luxembourg customer or Euroclear participant on that business day. Cash received in Clearstream, Luxembourg or Euroclear as a result of sales of securities by or through a Clearstream, Luxembourg customer or a Euroclear participant to a DTC direct participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream, Luxembourg or Euroclear cash amount only as of the business day following settlement in DTC.

Although DTC, Clearstream, Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of notes among their respective participants, they are under no obligation to perform or continue to perform such procedures and such procedures may be discontinued at any time.

Same-Day Settlement and Payment

The underwriters will settle the notes in immediately available funds. We will make principal and interest payments on the notes in immediately available funds or the equivalent. Secondary market trading between DTC direct participants will occur in accordance with DTC rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System. Secondary market

Table of Contents

trading between Clearstream, Luxembourg customers and Euroclear participants will occur in accordance with their respective applicable rules and operating procedures and will be settled using the procedures applicable to conventional eurobonds in immediately available funds. No assurance can be given as to the effect, if any, of settlement in immediately available funds on trading activity (if any) in the notes.

Certificated Notes

Unless and until they are exchanged, in whole or in part, for notes in definitive form in accordance with the terms of the notes, the notes may not be transferred except (1) as a whole by DTC to a nominee of DTC or (2) by a nominee of DTC to DTC or another nominee of DTC or (3) by DTC or any such nominee to a successor of DTC or a nominee of such successor.

We will issue notes to you or your nominees, in fully certificated registered form, rather than to DTC or its nominees, only if:

we advise the trustee in writing that DTC is no longer willing or able to discharge its responsibilities properly or that DTC is no longer a registered clearing agency under the Securities Exchange Act of 1934, and the trustee or we are unable to locate a qualified successor within 90 days;

an event of default has occurred and is continuing under the indenture; or

we, at our option, elect to terminate the book-entry system through DTC.

If any of the three above events occurs, DTC is required to notify all direct participants that notes in fully certificated registered form are available through DTC. DTC will then surrender the global note representing the notes along with instructions for re-registration. The trustee will re-issue the notes in fully certificated registered form and will recognize the registered holders of the certificated notes as holders under the indenture.

Unless and until we issue the notes in fully certificated, registered form, (1) you will not be entitled to receive a certificate representing your interest in the notes; (2) all references in this prospectus supplement or in the accompanying prospectus to actions by holders will refer to actions taken by the depositary upon instructions from their direct participants; and (3) all references in this prospectus supplement or the accompanying prospectus to payments and notices to holders will refer to payments and notices to the depositary, as the registered holder of the notes, for distribution to you in accordance with its policies and procedures.

Governing Law

The indenture and the notes for all purposes shall be governed by and construed in accordance with the laws of the State of New York.

Table of Contents

UNITED STATES TAX CONSIDERATIONS

The following summary describes the material United States federal income tax consequences and, in the case of a holder that is a non-U.S. holder (as defined below), the United States federal estate tax consequences, of purchasing, owning and disposing of notes. This summary applies to you only if you are the initial holder of the notes and you acquire the notes for a price equal to the issue price of the notes. The issue price of the notes is the first price at which a substantial amount of the notes is sold other than to bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers.

This summary deals only with notes held as capital assets (generally, investment property) and does not deal with special tax situations such as:

dealers in securities or currencies;

traders in securities;

United States holders (as defined below) whose functional currency is not the United States dollar;

persons holding notes as part of a hedge, straddle, conversion or other integrated transaction;

certain United States expatriates;

financial institutions;

insurance companies;

entities that are tax-exempt for United States federal income tax purposes; and

persons that acquire the notes for a price other than their issue price.

This summary does not discuss all of the aspects of United States federal income and estate taxation which may be relevant to you in light of your particular investment or other circumstances. In addition, this summary does not discuss any United States state or local income or foreign income or other tax consequences. This summary is based on United States federal income tax law, including the provisions of the Internal Revenue Code of 1986, as amended, (the Internal Revenue Code), Treasury regulations, administrative rulings and judicial authority, all as in effect as of the date of this prospectus supplement. Subsequent developments in United States federal income tax law, including changes in law or differing interpretations, which may be applied retroactively, could have a material effect on the United States federal income tax consequences of purchasing, owning and disposing of notes as set forth in this summary. Before you purchase notes, you should consult your own tax advisor regarding the particular United States federal, state and local and foreign income and other tax consequences of acquiring, owning and disposing of the notes that may be applicable to you.

United States Holders

The following summary applies to you only if you are a United States holder (as defined below).

Definition of a United States Holder

A United States holder is a beneficial owner of notes who or which for United States federal income tax purposes is:

an individual citizen or resident of the United States;

a corporation or partnership (or other entity classified as a corporation or partnership for these purposes) created or organized in or under the laws of the United States or of any

Table of Contents

political subdivision of the United States, including any State (unless, in the case of a partnership, future Treasury regulations otherwise provide);

an estate, the income of which is subject to United States federal income taxation regardless of the source of that income; or

a trust, if, in general, a United States court is able to exercise primary supervision over the trust's administration and one or more United States persons (within the meaning of the Internal Revenue Code) has the authority to control all of the trust's substantial decisions.

Payments of Interest

Interest on your notes will be taxed as ordinary interest income. In addition:

if you use the cash method of accounting for United States federal income tax purposes, you will have to include the interest on your notes in your gross income at the time you receive the interest; and

if you use the accrual method of accounting for United States federal income tax purposes, you will have to include the interest on your notes in your gross income at the time the interest accrues.

Sale, Redemption or Other Disposition of Notes

Your tax basis in your notes generally will be their cost. You generally will recognize taxable gain or loss when you sell or otherwise dispose of your notes equal to the difference, if any, between:

the amount realized on the sale or other disposition (less any amount attributable to accrued interest, which will be taxable in the manner described under *United States Tax Considerations* *United States Holders* *Payments*

of Interest); and

your tax basis in the notes.

Your gain or loss generally will be capital gain or loss. Such capital gain or loss will be long-term capital gain or loss if at the time of the sale or other disposition, you have held the notes for more than one year. If you are a non-corporate United States holder, your long-term capital gain generally will be subject to a maximum tax rate of 15%, which maximum tax rate will increase to 20% for dispositions occurring during taxable years beginning on or after January 1, 2009. Subject to limited exceptions, your capital losses cannot be used to offset your ordinary income.

Backup Withholding

In general, backup withholding at a rate of 28% (which rate will increase to 31% for taxable years beginning on or after January 1, 2011) may apply:

to any payments made to you of principal of and interest on your note, and

to payment of the proceeds of a sale or exchange of your note before maturity,

if you are a non-corporate United States holder and fail to provide a correct taxpayer identification number or otherwise comply with applicable requirements of the backup withholding rules.

The backup withholding tax is not an additional tax and may be credited against your United States federal income tax liability, provided that correct information is provided to the Internal Revenue Service.

S-21

Table of Contents

Non-U.S. Holders

The following summary applies to you if you are a beneficial owner of a note or notes who or which, for United States federal income tax purposes, is not a United States holder (as defined above) (a non-U.S. holder). An individual may, subject to exceptions, be deemed to be a resident alien, as opposed to a non-resident alien, by virtue of being present in the United States:

on at least 31 days in the calendar year, and

for an aggregate of at least 183 days during a three-year period ending in the current calendar year, counting for such purposes all of the days present in the current year, one-third of the days present in the immediately preceding year, and one-sixth of the days present in the second preceding year.

Resident aliens are subject to United States federal income tax as if they were United States citizens.

United States Federal Withholding Tax

Under current United States federal income tax laws, and subject to the discussion below, United States federal withholding tax will not apply to payments by Procter & Gamble or any paying agent of Procter & Gamble (in its capacity as such) of principal of and interest on your notes under the portfolio interest exception of the Internal Revenue Code, provided that in the case of interest:

you do not, directly or indirectly, actually or constructively, own ten percent or more of the total combined voting power of all classes of the stock of Procter & Gamble entitled to vote within the meaning of section 871(h)(3) of the Internal Revenue Code and the Treasury regulations thereunder;

you are not (i) a controlled foreign corporation for United States federal income tax purposes that is related, directly or indirectly, to Procter & Gamble through sufficient stock ownership (as provided in the Internal Revenue Code), or (ii) a bank receiving interest described in section 881(c)(3)(A) of the Internal Revenue Code;

such interest is not effectively connected with your conduct of a United States trade or business; and

you provide a signed IRS Form W-8 BEN certifying, under penalties of perjury, that you are not a United States person within the meaning of the Internal Revenue Code to:

(A) Procter & Gamble or any paying agent of Procter & Gamble; or

(B) a securities clearing organization, bank or other financial institution that holds customers securities in the ordinary course of its trade or business and holds your notes on your behalf and that certifies to Procter & Gamble or any paying agent of Procter & Gamble under penalties of perjury that it, or the bank or financial institution between it and you, has received from you your signed IRS Form W-8BEN and provides Procter & Gamble or any paying agent of Procter & Gamble with a copy of this Form.

Treasury regulations provide alternative methods for satisfying the certification requirement described in this section. In addition, under these regulations

if you are a foreign partnership, the certification requirement will generally apply to partners in you (or partners in such partners in the case of multiple-tiered partnerships):

if you are a foreign trust, the certification requirement will generally apply to you if you are a foreign complex trust , or to beneficiaries in you if you are a foreign simple trust , or a foreign grantor trust , all as defined in the Treasury regulations.

Table of Contents

If you are a foreign partnership or a foreign trust, you should consult your own tax advisor regarding your status under these Treasury regulations and the certification requirements applicable to you.

United States Federal Income Tax

Except for the possible application of United States withholding tax (see United States Tax Considerations Non-U.S. Holders United States Federal Withholding Tax above) and backup withholding tax (see United States Tax Considerations Backup Withholding and Information Reporting below), you generally will not have to pay United States federal income tax on payments of principal of and interest on your notes, or on any gain or income realized from the sale, redemption, retirement at maturity or other disposition of your notes (provided that, in the case of proceeds representing accrued interest, the conditions described in United States Tax Considerations Non-U.S. Holders United States Federal Withholding Tax are met) unless:

in the case of gain, you are an individual who is present in the United States for 183 days or more during the taxable year of the sale or other disposition of your notes, and specific other conditions are met; or

the gain is effectively connected with your conduct of a United States trade or business, and, if an income tax treaty applies, is generally attributable to a United States permanent establishment maintained by you.

If you are engaged in a trade or business in the United States and interest, gain or any other income in respect of your notes is effectively connected with the conduct of your trade or business, and if an income tax treaty applies and you maintain a United States permanent establishment to which the interest, gain or other income is generally attributable, you may be subject to United States federal income tax on a net basis on the interest, gain or income (although interest is exempt from the withholding tax discussed in the preceding paragraphs provided that you provide a properly executed Internal Revenue Service form on or before any payment date to claim the exemption). In addition, if you are a foreign corporation, you may be subject to a branch profits tax equal to 30% of your effectively connected earnings and

profits for the taxable year, as adjusted for certain items, unless a lower rate applies to you under a United States income tax treaty with your country of residence. For this purpose, you must include interest, gain or income on your notes in the earnings and profits subject to the branch tax if these amounts are effectively connected with the conduct of your United States trade or business.

United States Federal Estate Tax

If you are an individual and are not a United States citizen or resident of the United States (as specially defined for United States federal estate tax purposes) at the time of your death, your notes will generally not be subject to the United States federal estate tax, unless, at the time of your death:

you directly or indirectly, actually or constructively, own ten percent or more of the total combined voting power of all classes of stock of Procter & Gamble that is entitled to vote within the meaning of section 871(h)(3) of the Internal Revenue Code and the Treasury regulations thereunder; or

your interest on the notes is effectively connected with your conduct of a United States trade or business.

Recently enacted legislation reduces the maximum federal estate tax over an 8-year period beginning in 2002 and eliminates the tax for estates of decedents dying after December 31, 2009. In

Table of Contents

the absence of renewal legislation, these amendments will expire and the federal estate tax provisions in effect immediately prior to 2002 will be restored for estates of decedents dying after December 31, 2010.

Backup Withholding and Information Reporting

Under current Treasury regulations, backup withholding and information reporting will not apply to payments made by Procter & Gamble or any paying agent of Procter & Gamble (in its capacity as such) to you if you have provided the required certification that you are a non-U.S. holder as described in United States Tax Considerations Non-U.S. Holders United States Federal Withholding Tax above, and provided that neither Procter & Gamble nor any paying agent of Procter & Gamble has actual knowledge or reason to know that you are a United States holder (as described in United States Tax Considerations United States Holders above). Procter & Gamble or any paying agent of Procter & Gamble generally will, however, report payments of interest on the notes.

The gross proceeds from the disposition of your notes may be subject to information reporting and backup withholding, at a rate of 28% (which rate will increase to 31% for taxable years beginning on or after January 1, 2011.) If you sell your notes outside the United States through a non-United States office of a non-United States broker and the sales proceeds are paid to you outside the United States, then the United States backup withholding and information reporting requirements generally will not apply to that payment. However, United States information reporting will apply to a payment of sales proceeds, even if that payment is made outside the United States, if you sell your notes through a non-United States office of a broker that is:

a United States person (as defined in the Internal Revenue Code);

a controlled foreign corporation for United States federal income tax purposes;

a foreign person 50% or more of whose gross income is effectively connected with a United States trade or business for a specified three-year

period; or

a foreign partnership, if at any time during its tax year, one or more of its partners are United States persons, as defined in Treasury regulations, who in the aggregate hold more than 50% of the income or capital interest in the partnership or if, at any time during its tax year, the foreign partnership is engaged in a United States trade or business;

unless the broker has documentary evidence in its files that you are a non-U.S. person and certain other conditions are met or you otherwise establish an exemption. In circumstances where information reporting by a non-United States office of a broker is required, backup withholding will be required only if the broker has actual knowledge that you are a United States holder.

Payments of the proceeds from your disposition of a note made to or through the United States office of a broker is subject to information reporting and backup withholding unless you provide an IRS Form W-8 BEN certifying that you are a non-U.S. person or you otherwise establish an exemption from information reporting and backup withholding.

You should consult your own tax advisor regarding application of backup withholding in your particular circumstance and the availability of and procedure for obtaining an exemption from backup withholding under current Treasury regulations. Any amounts withheld under the backup withholding rules from a payment to you will be allowed as a refund or a credit against your United States federal income tax liability, provided the required information is furnished to the United States Internal Revenue Service.

Table of Contents**UNDERWRITING**

The company and the underwriters for the offering named below have entered into an underwriting agreement and a pricing agreement with respect to the notes. Subject to certain conditions, each underwriter has severally agreed to purchase the principal amount of notes indicated in the following table.

Underwriters	Principal Amount of Notes
ABN AMRO Incorporated	\$ 125,000,000
Deutsche Bank Securities Inc.	125,000,000
Goldman, Sachs & Co.	125,000,000
J.P. Morgan Securities Inc.	25,000,000
Merrill Lynch, Pierce, Fenner & Smith Incorporated	25,000,000
Citigroup Global Markets Inc.	25,000,000
Morgan Stanley & Co. Incorporated	25,000,000
Banc of America Securities LLC	5,000,000
HSBC Securities (USA) Inc.	5,000,000
RBC Dominion Securities Corporation	5,000,000
BNP Paribas Securities Corp.	5,000,000
The Williams Capital Group, L.P.	5,000,000
Total	\$ 500,000,000

The underwriters are committed to take and pay for all of the notes being offered, if any are taken.

Notes sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus supplement. Any notes sold by the underwriters to securities dealers may be sold at a discount from the initial public offering price of up to 0.500% of the principal amount of the notes. Any such securities dealers may resell any notes purchased from the underwriters to certain other brokers or dealers at a discount from the initial public offering price of up to 0.250% of the principal amount of the notes. If all the notes are not sold at the initial offering price, the underwriters may change the offering price and the other selling terms of the notes.

The notes are a new issue of securities with no established trading market. The company has been advised by the underwriters that the underwriters intend to make a market in the notes but are not obligated to do so and may discontinue market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the notes.

In connection with the offering, the underwriters may purchase and sell notes in the open market. These transactions may include short sales, stabilizing transactions and purchases to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of notes than they are required to purchase in the offering. Stabilizing transactions consist of certain bids or purchases made for the purpose of preventing or retarding a decline in the market price of the notes while the offering is in progress.

The underwriters also may impose a penalty bid. This occurs when a particular underwriter repays to the underwriters a portion of the underwriting discount received by it because the representatives have repurchased notes sold by or for the account of such underwriter in stabilizing or short covering transactions.

S-25

Table of Contents

These activities by the underwriters may stabilize, maintain or otherwise affect the market price of the notes. As a result, the price of the notes may be higher than the price that otherwise might exist in the open market. If these activities are commenced, they may be discontinued by the underwriters at any time. These transactions may be effected in the over-the-counter market or otherwise.

Each underwriter has agreed that it will not offer, sell or deliver any of the notes in any jurisdiction outside the United States except under circumstances that will result in compliance with the applicable laws thereof. Each underwriter has acknowledged that no action has been taken to permit a public offering in any jurisdiction outside the United States where action would be required for such purpose.

Each underwriter has represented, warranted and agreed that: (i) it has not offered or sold and, prior to the expiry of a period of six months from the issue date, will not offer or sell any notes to persons in the United Kingdom except to persons whose ordinary activities involve them in acquiring, holding, managing or disposing of investments (as principal or agent) for the purposes of their businesses or otherwise in circumstances which have not resulted and will not result in an offer to the public in the United Kingdom within the meaning of the Public Offers of Securities Regulations 1995; (ii) it has only communicated or caused to be communicated any invitation or inducement to engage in investment activity (within the meaning of section 21 of the Financial Services and Markets Act 2000 (FSMA)) received by it in connection with the issue or sale of any notes in circumstances in which section 21(1) of the FSMA does not apply to the issuer; and (iii) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to the notes in, from or otherwise involving the United Kingdom.

Each underwriter has acknowledged and agreed that the notes have not been registered under the Securities and Exchange Law of Japan and are not being offered or sold and may not be offered or sold, directly or indirectly, in Japan or to or for the account of any resident of Japan, except (i) pursuant to an exemption from the registration requirements of the Securities and Exchange Law of Japan and (ii) in compliance with any other applicable requirements of Japanese law.

The company estimates that its share of the total expenses of the offering, excluding underwriting discounts and commissions, will be approximately \$180,000.

J.P. Morgan Securities Inc. (JPMorgan) will make the notes available for distribution on the Internet through a proprietary Web site and/or a third-party system operated by Market Axess Inc., an Internet-based communications technology provider. Market Axess Inc. is providing the system as a conduit for communications between JPMorgan and its customers and is not a party to any transactions. Market Axess Inc., a registered broker-dealer, will receive compensation from JPMorgan based on transactions JPMorgan conducts through the system. JPMorgan will make the notes available to its customers through the Internet distributions, whether made through a proprietary or third-party system, on the same terms as distributions made through other channels. In addition to JPMorgan, certain of the other underwriters may also make the notes available for distribution on the Internet.

dollars, \$ and U.S.\$ are to United States dollars.

Procter & Gamble was incorporated in Ohio in 1905, having been built from a business founded in 1837 by William Procter and James Gamble. Today, we manufacture and market a broad range of consumer products in many countries throughout the world.

Our business is organized into five product-based, reportable segments called Global Business Units (GBUs). These units are: Fabric and Home Care; Baby, Feminine, and Family Care; Beauty Care; Health Care; and Food and Beverage.

Fabric and Home Care includes laundry, fabric enhancers, dishcare, and household cleaning products. Representative brands include Ariel, Tide, Dryel, Downy, Cascade, Dawn and Swiffer.

Baby, Feminine and Family Care includes tissues, towels, tampons, pads and liners, diapers and wipes. Representative brands include Bounty, Charmin, Always, Whisper, Pampers and Pampers Wipes.

Beauty Care includes hair care, hair colorants, deodorants, personal cleansing, skin care and cosmetics and fragrances, including all hair care, hair color and personal care products acquired in connection with our recent purchase of Clairol, Inc. from Bristol-Myers Squibb Company. Representative brands include Pantene, Herbal Essences, Nice N Easy, Head & Shoulders, Secret, Zest, Olay, Cover Girl and Old Spice.

Food and Beverage includes coffee, peanut butter, juice, snacks and oils. Representative brands include Folgers, Jif, Sunny Delight, Pringles and Crisco.

Health Care includes oral care, personal health care, pharmaceuticals and pet health and nutrition. Representative brands include Crest, Scope, Metamucil, Vicks, Actonel, Asacol, Iams and Eukanuba.

In the most recent fiscal year ended June 30, 2001, the Fabric and Home Care and Baby, Feminine and Family Care global business units each accounted for 30% of total sales. Beauty Care accounted for 18%, and Health Care and Food and Beverage each accounted for 11% of total sales.

Our GBU structure is complemented by eight Market Development Organizations (MDOs), which are intended to maximize the business potential for the entire product portfolio in each local market. In addition, we are in the process of streamlining and standardizing our essential global business services, such as accounting, employee benefits management, order management and information technology services, into a common Global Business Services organization.

We began implementing the GBU/MDO structure in 1999 as part of our Organization 2005 restructuring program. The program was expanded in 2001 to deliver further cost reductions.

In the United States, as of June 30, 2001, we owned and operated 40 manufacturing facilities and leased and operated 2 manufacturing facilities in 23 states. In addition, we owned and operated 92 manufacturing facilities in 45 other countries as of that date. Fabric and Home Care products were produced at 47 of these locations; Baby, Feminine and Family Care products at 50; Health Care products at 27; Beauty Care products at 34; and Food and Beverage products at 15.

In November 2001, we purchased the Clairol business from Bristol-Myers Squibb Company. This acquisition includes hair care, hair color and personal care products with approximately \$1.6 billion in annual net sales. We are currently in the process of fully integrating the Clairol business into our Beauty Care GBU.

In October 2001, we announced our intention to divest our Crisco and Jif brands in a spin-merge transaction with the J.M. Smucker Company. We expect this transaction to be completed by the end of our current fiscal year.

Our principal executive offices are located at One Procter & Gamble Plaza, Cincinnati, Ohio 45202, and our telephone number is (513) 983-1100.

Financial Review

Results of Operations

Fiscal 2001 was a year of progress in making choices, establishing realistic goals and delivering on commitments. We also made considerable progress on strengthening our cost structure and improving cash efficiency. This was despite a tough year that included weakening economies in some major geographies, significant currency impacts, rising commodity prices and an increasingly competitive environment.

To accelerate long-term growth, we have made and will continue to make tough, clear choices about where to play and how to win. We are focused on building superior shareholder return by creating and building big brands with top-line results, sales margins and cash flow at the best competitive benchmarks.

During the past year, we refocused on our core categories to develop high-margin growth businesses with global leadership potential. We also expanded our restructuring program, initiated in June 1999, in conjunction with Organization 2005, to drive further enrollment reductions and address under-performing businesses. These actions are critical to delivering on our long-term goals to consistently grow earnings and earnings per share at double-digit rates.

Net Earnings

Reported net earnings were \$2.92 billion or \$2.07 per share in 2001. This compared to \$3.54 billion or \$2.47 per share in 2000, and \$3.76 billion or \$2.59 per share in 1999. Current year results include charges of \$1.48 billion after tax for restructuring program costs. These costs were \$688 million and \$385 million in 2000 and 1999, respectively. This program covers a significant reduction in enrollment, manufacturing consolidations and portfolio choices to scale back or discontinue under-performing businesses and

initiatives.

Core net earnings, which exclude restructuring program costs, increased to \$4.40 billion in 2001 from \$4.23 billion in 2000 and \$4.15 billion in 1999. Core net earnings per share were \$3.12, compared to \$2.95 per share in 2000 and \$2.85 per share in 1999. Core net earnings per share increased 6% in 2001, compared to 4% in 2000. Core net earnings progress was significant in light of product cost increases and exchange impacts, which were offset by pricing benefits, lower taxes and gains from the divestiture of non-strategic brands. Growth in the prior year was affected by significant investments in new initiatives.

Net Sales

Reported net sales were \$39.24 billion, compared to \$39.95 billion in 2000 and \$38.13 billion in 1999. Excluding an unfavorable exchange rate impact of over 3% in the current year, net sales grew 2%, reflecting improved pricing in beauty care, fabric and home care and paper, primarily family care. Unit volume was flat in 2001, as exceptionally strong performance by new businesses in health care was offset by softness in food and beverage. Unit volume grew 4% in 2000, while net sales excluding a 2% unfavorable exchange impact increased 7%. This growth reflected strong product initiative activity, the acquisition of the Iams pet health and nutrition business and progress on flagship brands, largely in fabric and home care.

Operating Costs

Consistent with our commitment to reduce our cost structure to more competitive levels, in the fourth quarter, we broadened our restructuring program to deliver further cost reductions by reducing overheads,

Table of Contents

consolidating manufacturing operations and addressing under-performing businesses and initiatives. Given the nature and magnitude of the charges related to this program, the following discussions include supplemental information on a core basis excluding restructuring charges.

Cost of products sold was \$22.10 billion in 2001, compared to \$21.51 billion and \$21.03 billion in 2000 and 1999, respectively. Restructuring costs included in cost of products sold were \$1.14 billion in 2001, \$496 million in 2000 and \$443 million in 1999. Excluding restructuring charges, cost of products sold was flat versus the prior year, as a disciplined cost focus overcame commodity cost increases, such as energy. Core cost of products sold was up 2% in 2000.

Marketing, research and administrative expense was \$12.41 billion versus \$12.48 billion in 2000 and \$10.85 billion in 1999. These include restructuring costs of \$583 million in 2001, \$318 million in 2000 and \$38 million in 1999, primarily due to employee separation expenses. Excluding restructuring charges, marketing, research and administrative expense was \$11.82 billion in the current year versus \$12.17 billion in 2000 and \$10.81 billion in 1999. As a percent of net sales, this was 30.0% in 2001, 30.4% in 2000 and 28.3% in 1999. The decrease in the current year was due to a reduction in overhead costs, as well as marketing support efficiencies. The increase in 2000 reflects the high level of initiative investment.

Margins

In 2001, gross margin was 43.7%, compared to 46.1% in 2000 and 44.8% in 1999. Gross margin included restructuring charges that consisted primarily of accelerated depreciation, asset write-downs and employee separation costs for manufacturing employees.

Excluding these charges, gross margin was 46.8%, 47.4% and 46.0% in 2001, 2000 and 1999, respectively, reflecting rising material costs despite the benefit of pricing actions and effective cost management.

Operating margin was 12.1%, compared to 14.9% in 2000 and 16.4% in 1999. Excluding restructuring charges, core operating margin was 16.7%, compared to 16.9% in 2000 and

17.7% in 1999.

Net earnings margin was 7.4% versus 8.9% in 2000 and 9.9% in 1999. Excluding restructuring charges, core net earnings margin was 11.2%, up from 10.6% in 2000 and 10.9% in 1999. The margin increase in 2001 reflects the gains from minor brand divestitures and lower taxes, partially offset by increased product costs and unfavorable exchange impacts. In 2000, the core net earnings margin decreased, reflecting increased spending, primarily from initiative investments.

Non-Operating Items

Interest expense was \$794 million in 2001, compared to \$722 million in 2000 and \$650 million in 1999. The interest expense trend reflects higher average debt levels, primarily due to share repurchases and acquisitions.

Other income, net, which consists primarily of interest and investment income and divestiture gains contributed \$674 million, compared to \$304 million in 2000 and \$235 million in 1999. Increased gains from the divestiture of minor brands drove the year-to-year changes.

Our effective tax rate for the current year was 36.7%, compared to 36.0% in 2000 and 35.5% in 1999. Excluding restructuring costs and related tax effects, the effective tax rate was 32.0%, compared to 33.4% in 2000 and 34.4% in 1999. This change reflects the continuing benefit of the implementation of our new global business unit structure.

Table of Contents

Financial Condition

One of our focus areas is to improve our cash efficiency as a key element of achieving superior shareholder return.

Cash

Operating cash flow provides the primary source of funds to finance operating needs, capital expenditures and shareholder dividends. This is supplemented by additional borrowings to provide funds to finance the share repurchase program and acquisitions.

Cash flow from operations was \$5.80 billion, \$4.68 billion and \$5.54 billion in 2001, 2000 and 1999, respectively. Operating cash flow trends were primarily impacted by working capital changes, including the impact of restructuring program accruals.

Cash and cash equivalents increased \$891 million in the current year to \$2.31 billion, reflecting reduced capital expenditures and improved working capital. Cash and cash equivalents were \$1.42 billion in 2000 and \$2.29 billion in 1999. The decrease in 2000 reflected acquisition spending and lower net earnings, partially offset by the issuance of debt.

Net cash used for acquisitions completed during 2001 totaled \$138 million. This compares to acquisition spending of \$2.97 billion in 2000 and \$137 million in 1999. Spending in fiscal 2000 was primarily related to the acquisitions of The Iams Company and Affiliates, Recovery Engineering, Inc. and a joint venture ownership increase in China. In May 2001, the Company announced its intent to acquire the Clairol business, pending regulatory clearance. This transaction was consummated in November 2001. A substantial portion of the \$4.95 billion purchase price was financed with debt.

We continue our program to divest certain non-strategic brands in order to focus resources on core businesses. The proceeds from these and other asset sales generated \$788 million in cash flow in the current year, compared to \$419 million and \$434 million in 2000 and 1999, respectively.

We maintain a share repurchase program, which authorizes the purchase of shares annually on the open market to mitigate the dilutive impact of employee compensation programs. We also have a discretionary buy-back program under which we may repurchase additional outstanding shares. Current year purchases under the combined programs were \$1.25 billion, compared to \$1.77 billion in 2000 and \$2.53 billion in 1999. We issued equity put options in 2001 for one million shares at approximately \$74 per share and for 12 million shares at prices ranging from \$60 to \$71 per share in 2000, which reduced our cash outlay for share repurchases.

Common share dividends grew 9% to \$1.40 per share in 2001, compared to \$1.28 and \$1.14 in 2000 and 1999, respectively. During 2002, the annual dividend rate will increase to \$1.52 per common share, marking the 46th consecutive year of increased common share dividend payments. Total dividend payments, to both common and preferred shareholders, were \$1.94 billion, \$1.80 billion and \$1.63 billion in 2001, 2000 and 1999, respectively.

Total debt was fairly stable at \$12.03 billion at June 30, 2001 and \$12.25 billion at June 30, 2000. A number of factors influenced the various debt components, including issuance of long-term debt, reductions in short-term debt, currency effects and mark-to-market impacts of derivative financial instruments.

Long-term borrowing available under our shelf registration statement filed in 1995, as amended in July 1997 and September 1999, was \$489 million at June 30, 2001. Additionally, the Company is able to issue commercial paper at favorable rates and to access general bank financing.

Table of Contents

Capital Spending

Significant progress was made in 2001, as capital expenditures decreased to \$2.49 billion compared to \$3.02 billion in 2000 and \$2.83 billion in 1999. Current year spending is 6.3% of net sales, compared to 7.6% and 7.4% in 2000 and 1999. During 2001, capital spending declined in most segments due to more choiceful investments, increased efficiencies and favorable currency impacts.

FORWARD LOOKING STATEMENTS

All statements, other than statements of historical fact, included or incorporated by reference in this prospectus and in any prospectus supplement, are forward looking statements, as that term is defined in the Private Securities Litigation Reform Act of 1995. In addition to the risks and uncertainties noted in this prospectus and in any prospectus supplement, there are certain risk factors that could cause results to differ materially from those anticipated by some of the statements made. These include achievement of the business unit volume and income growth projections, the achievement of our cost containment goals, the successful integration of the Clairol business, the timely and successful closing of the Jif and Crisco spin/merge transaction, the continued political and/or economic uncertainty in Latin America, any political and/or economic uncertainty due to terrorist activities, Kmart's successful management during, and emergence from, Chapter 11 bankruptcy and our successful management of business, legal and financial matters during Kmart's Chapter 11 bankruptcy proceedings, as well as factors listed in Management's Discussion and Analysis of Financial Condition and Results of Operations in our most recently filed Forms 10-K and 10-Q and in our most recently filed Form 8-Ks.

DESCRIPTION OF DEBT SECURITIES

This section describes the general terms and provisions of any debt securities that we may offer in the future. A prospectus supplement relating to a particular series of debt securities will describe the specific terms of that particular series and the extent to which the general terms and provisions apply to that particular series.

General

We expect to issue the debt securities under an indenture, dated as of September 28, 1992, between us and Bank One Trust Company, NA, successor in interest to The First National Bank of Chicago, as trustee. We have filed a copy of the indenture as an exhibit to the registration statement of which this prospectus forms a part. The following summaries of various provisions of the indenture are not complete. You should read the indenture for a more complete understanding of the provisions described in this section. The indenture itself, not this description or the description in the prospectus supplement, defines your rights as a holder of debt securities. Parenthetical section and article numbers in this description refer to sections and articles in the indenture.

The debt securities will be unsecured obligations of Procter & Gamble. The indenture does not limit the amount of debt securities that we may issue under the indenture. The indenture provides that we may issue debt securities from time to time in one or more series.

Terms of a Particular Series

Each prospectus supplement relating to a particular series of debt securities will include specific information relating to the offering. This information will include some or all of the following terms of the debt securities of the series:

the title of the debt securities;

any limit on the total principal amount of the debt securities;

the date or dates on which the debt securities will mature;

the rate or rates, which may be fixed or variable, at which the debt securities will bear interest, if any, and the date or dates from which interest will accrue;

the dates on which interest, if any, will be payable and the regular record dates for interest payments;

any mandatory or optional sinking fund or similar provisions;

any optional or mandatory redemption provisions, including the price at which, the periods within which, and the terms and conditions upon which we may redeem or repurchase the debt securities;

the terms and conditions upon which the debt securities may be repayable prior to final maturity at the option of the holder;

the portion of the principal amount of the debt securities that will be payable upon acceleration of maturity, if other than the entire principal amount;

provisions allowing us to defease the debt securities or certain restrictive covenants and certain events of default under the indenture;

if other than in United States dollars, the currency or currencies, including composite currencies, of payment of principal of and premium, if any, and interest on the debt securities;

the federal income tax consequences and other special considerations applicable to any debt securities denominated in a currency or currencies other than United States dollars;

any index used to determine the amount of payments of principal of and premium, if any, and interest, if any, on the debt securities;

if the debt securities will be issuable only in the form of a global security as described below, the depository or its nominee with respect to the debt securities and the circumstances under which the global security may be registered for transfer or exchange in the name of a person other than the depository or its nominee; and

any other terms of the debt securities. (Section 301)

Payment of Principal, Premium and Interest

Unless otherwise indicated in the prospectus supplement, principal of and premium, if any, and interest, if any, on the debt securities will be payable, and the debt securities will be exchangeable and transfers of debt securities will be registrable, at the office of the trustee at One North Street, 9th Floor, Chicago, Illinois 60670. At our option, however, payment of interest may be made by:

wire transfer on the date of payment in immediately available federal funds or next day funds to an account specified by written notice to the trustee from any holder of debt securities;

any similar manner that the holder may designate in writing to the trustee; or

check mailed to the address of the holder as it appears in the security register. (Sections 301, 305 and 1002)

Any payment of principal and premium, if any, and interest, if any, required to be made on a day that is not a business day need not be made on that day, but may be made on the next succeeding business day with the same force and effect as if made on the non-business day. No interest will accrue for the period from and after the non-business day. (Section 113)

Unless otherwise indicated in the prospectus supplement relating to the particular series of debt securities, we will issue the debt securities only in fully registered form, without coupons, in denominations of \$1,000 or any multiple of \$1,000. (Section 302) We will not require a service charge for any transfer or exchange of the debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with any transfer or exchange. (Section 305)

Original Issue Discount Securities

Debt securities may be issued under the indenture as original issue discount securities to be offered and sold at a substantial discount from their stated principal amount. An original issue discount security under the indenture includes any security which provides for an amount less than its principal amount to be due and payable upon a declaration of acceleration upon the occurrence of an event of default. In addition, under regulations of the U.S. Treasury Department it is possible that debt securities which are offered and sold at their stated principal amount would, under certain circumstances, be treated as issued at an original issue discount for federal income tax purposes, and special rules may apply to debt securities and warrants which are considered to be issued as investment units. Federal income tax consequences and other special considerations applicable to any such original issue discount securities, or other debt securities treated as issued at an original issue discount, and to investment units will be described in the applicable prospectus supplement.

Table of Contents

Book-Entry Debt Securities

The debt securities of a series may be issued in the form of one or more global securities that will be deposited with a depository or its nominee identified in the prospectus supplement relating to the debt securities. In this case, one or more global securities will be issued in a denomination or total denominations equal to the portion of the total principal amount of outstanding debt securities to be represented by the global security or securities. Unless and until it is exchanged in whole or in part for debt securities in definitive registered form, a global security may not be registered for transfer or exchange except as a whole by the depository for the global security to a nominee of the depository and except in the circumstances described in the prospectus supplement relating to the debt securities. We will describe in the prospectus supplement the terms of any depository arrangement and the rights and limitations of owners of beneficial interests in any global debt security. (Sections 204 and 305)

Restrictive Covenants

In this section we describe the principal covenants that will apply to the debt securities unless the prospectus supplement for a particular series of debt securities states otherwise. We make use of several defined terms in this section. The definitions for these terms are located at the end of this section under Definitions Applicable to Covenants.

Restrictions on Secured Debt

If we or any Domestic Subsidiary shall incur, assume or guarantee any Debt secured by a Mortgage on any Principal Domestic Manufacturing Property or on any shares of stock or debt of any Domestic Subsidiary, we will secure, or cause such Domestic Subsidiary to secure, the debt securities then outstanding equally and ratably with (or prior to) such Debt. However, we will not be restricted by this covenant if, after giving effect to the particular Debt so secured the total amount of all Debt so secured, together with all Attributable Debt in respect of sale and leaseback transactions involving Principal Domestic Manufacturing Properties, would not exceed 5% of our and our consolidated subsidiaries Consolidated Net Tangible Assets.

Edgar Filing: KLA TENCOR CORP - Form 10-Q

In addition, the restriction will not apply to, and there shall be excluded in computing secured Debt for the purpose of the restriction, Debt secured by

- (1) Mortgages on property of, or on any shares of stock or debt of, any corporation existing at the time the corporation becomes a Domestic Subsidiary;
- (2) Mortgages in favor of us or a Domestic Subsidiary;
- (3) Mortgages in favor of U.S. governmental bodies to secure progress or advance payments;
- (4) Mortgages on property, shares of stock or debt existing at the time of their acquisition, including acquisition through merger or consolidation, purchase money Mortgages and construction cost Mortgages; and
- (5) any extension, renewal or refunding of any Mortgage referred to in the immediately preceding clauses (1) through (4), inclusive. (Section 1004)

The indenture does not restrict the incurrence of unsecured debt by us or our subsidiaries.

Table of Contents

Restrictions on Sales and Leasebacks

Neither we nor any Domestic Subsidiary may enter into any sale and leaseback transaction involving any Principal Domestic Manufacturing Property, the completion of construction and commencement of full operation of which has occurred more than 120 days prior to the transaction, unless

we or the Domestic Subsidiary could incur a lien on the property under the restrictions described above under Restrictions on Secured Debt in an amount equal to the Attributable Debt with respect to the sale and leaseback transaction without equally and ratably securing the debt securities then outstanding or

we, within 120 days, apply to the retirement of our Funded Debt an amount not less than the greater of (1) the net proceeds of the sale of the Principal Domestic Manufacturing Property leased pursuant to such arrangement or (2) the fair value of the Principal Domestic Manufacturing Property so leased, subject to credits for various voluntary retirements of Funded Debt.

This restriction will not apply to any sale and leaseback transaction

between us and a Domestic Subsidiary,

between Domestic Subsidiaries or

involving the taking back of a lease for a period of less than three years. (Section 1005)

Definitions Applicable to Covenants

The term *Attributable Debt* means the total net amount of rent, discounted at 10% per annum compounded annually, required to be paid during the remaining term of any lease.

The term **Consolidated Net Tangible Assets** means the total amount of assets, less applicable reserves and other properly deductible items, after deducting (a) all current liabilities and (b) all goodwill, trade names, trademarks, patents, unamortized debt discount and expense and other like intangibles, all as described on our and our consolidated subsidiaries' most recent balance sheet and computed in accordance with generally accepted accounting principles.

The term **Debt** means notes, bonds, debentures or other similar evidences of indebtedness for money borrowed.

The term **Domestic Subsidiary** means any of our subsidiaries except a subsidiary which neither transacts any substantial portion of its business nor regularly maintains any substantial portion of its fixed assets within the United States or which is engaged primarily in financing our and our subsidiaries' operations outside the United States.

The term **Funded Debt** means Debt having a maturity of, or by its terms extendible or renewable for, a period of more than 12 months after the date of determination of the amount of Debt.

The term **Mortgage** means pledges, mortgages and other liens.

The term **Principal Domestic Manufacturing Property** means any facility (together with the land on which it is erected and fixtures comprising a part of the land) used primarily for manufacturing or processing, located in the United States, owned or leased by us or one of our subsidiaries and having a gross book value in excess of 3/4 of 1% of Consolidated Net Tangible Assets. However, the term **Principal Domestic Manufacturing Property** does not include any facility or portion of a facility (1) which is a pollution control or other facility financed by obligations issued by a state or local governmental unit pursuant to Section 103(b)(4)(E), 103(b)(4)(F) or 103(b)(6) of the Internal Revenue Code of 1954, or any successor provision thereof, or (2) which,

in the opinion of our board of directors, is not of material importance to the total business conducted by us and our subsidiaries as an entirety.

Events of Default

Any one of the following are events of default under the indenture with respect to debt securities of any series:

- (1) our failure to pay principal of or premium, if any, on any debt security of that series when due;
- (2) our failure to pay any interest on any debt security of that series when due, continued for 30 days;
- (3) our failure to deposit any sinking fund payment, when due, in respect of any debt security of that series;
- (4) our failure to perform any other of our covenants in the indenture, other than a covenant included in the indenture solely for the benefit of other series of debt securities, continued for 90 days after written notice as provided in the indenture;
- (5) certain events involving bankruptcy, insolvency or reorganization; and
- (6) any other event of default provided with respect to debt securities of that series.
(Section 501)

If an event of default with respect to outstanding debt securities of any series shall occur and be continuing, either the trustee or the holders of at least 25% in principal amount of the outstanding debt securities of that series may declare the principal amount (or, if the debt securities of that series are original issue discount securities, the portion of the principal amount as may be specified in the terms of that series) of all the debt securities of that series to be due and payable immediately. At any time after a declaration of acceleration with respect to debt securities of any series has been made, but before a judgment or decree based on acceleration has been obtained, the holders of a majority in principal amount of the outstanding debt securities of that series may, under some circumstances, rescind and annul the acceleration. (Section

502) For information as to waiver of defaults, see the section below entitled "Modification and Waiver" .

A prospectus supplement relating to each series of debt securities which are original issue discount securities will describe the particular provisions relating to acceleration of the maturity of a portion of the principal amount of such original issue discount securities upon the occurrence of an event of default and its continuation.

During default, the trustee has a duty to act with the required standard of care. Otherwise, the indenture provides that the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders, unless the holders shall have offered to the trustee reasonable indemnity. (Section 603) If the provisions for indemnification of the trustee have been satisfied, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee, or exercising any trust or power conferred on the trustee, with respect to the debt securities of that series. (Section 512)

We will furnish to the trustee annually a certificate as to our compliance with all conditions and covenants under the indenture. (Section 1007)

Table of Contents

Defeasance

The prospectus supplement will state if any defeasance provision will apply to the debt securities. Defeasance refers to the discharge of some or all of our obligations under the indenture.

Defeasance and Discharge

We will be discharged from any and all obligations in respect of the debt securities of any series if we deposit with the trustee, in trust, money and/or U.S. government securities which through the payment of interest and principal will provide money in an amount sufficient to pay the principal of and premium, if any, and each installment of interest on the debt securities of the series on the dates those payments are due and payable.

If we defease a series of debt securities, the holders of the debt securities of the series will not be entitled to the benefits of the indenture, except for

the rights of holders to receive from the trust funds payment of principal, premium and interest on the debt securities,

our obligation to register the transfer or exchange of debt securities of the series,

our obligation to replace stolen, lost or mutilated debt securities of the series,

our obligation to maintain paying agencies,

our obligation to hold monies for payment in trust and

the rights of holders to benefit, as applicable, from the rights, powers, trusts, duties and immunities of the trustee.

We may defease a series of debt securities only if, among other things:

we have received from, or there has been published by, the Internal Revenue Service a ruling to the effect that holders of the debt securities of the series will not recognize income, gain or loss for federal income tax purposes as a result of the deposit, defeasance and discharge and will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit, defeasance and discharge had not occurred, and

we have delivered to the trustee an opinion of counsel, who may be our employee or counsel, to the effect that the debt securities of the series, if then listed on the New York Stock Exchange, will not be delisted as a result of the deposit, defeasance and discharge. (Section 403)

Defeasance of Covenants and Events of Default

We may omit to comply with the covenants described above under Restrictions on Secured Debt (Section 1004) and Restrictions on Sales and Leasebacks (Section 1005), and the failure to comply with these covenants will not be deemed an event of default (Section 501(4)), if we deposit with the trustee, in trust, money and/or U.S. government securities which through the payment of interest and principal will provide money in an amount sufficient to pay the principal of and premium, if any, and each installment of interest on the debt securities of the series on the dates those payments are due and payable. Our obligations under the indenture and the debt securities of the series will remain in full force and effect, other than with respect to the defeased covenants and related events of default.

We may defease the covenants and the related events of default described above only if, among other things, we have delivered to the trustee an opinion of counsel, who may be our employee or counsel, to the effect that

the holders of the debt securities of the series will not recognize income, gain or loss for federal income tax purposes as a result of the deposit and defeasance of the covenants and events of default, and the

Table of Contents

holders of the debt securities of the series will be subject to federal income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit and defeasance had not occurred, and

the debt securities of the series, if then listed on the New York Stock Exchange, will not be delisted as a result of the deposit and defeasance. (Section 1006)

If we choose covenant defeasance with respect to the debt securities of any series as described above and the debt securities of the series are declared due and payable because of the occurrence of any event of default other than the event of default described in clause (4) under Events of Default, the amount of money and U.S. government securities on deposit with the trustee will be sufficient to pay amounts due on the debt securities of the series at the time of their stated maturity. The amount on deposit with the trustee may not be sufficient to pay amounts due on the debt securities of the series at the time of the acceleration resulting from the event of default. However, we will remain liable for these payments.

Modification and Waiver

Procter & Gamble and the trustee may make modifications of and amendments to the indenture if the holders of at least 66 2/3% in principal amount of the outstanding debt securities of each series affected by the modification or amendment consent to the modification or amendment.

However, the consent of the holder of each debt security affected will be required for any modification or amendment that

changes the stated maturity of the principal of, or any installment of principal of or interest on, any debt security,

reduces the principal amount of, or the premium, if any, or interest, if any, on, any debt security,

reduces the amount of principal of an original issue discount security payable upon acceleration of the maturity of the security,

changes the place or currency of payment of principal of, or premium, if any, or interest, if any, on, any debt security,

impairs the right to institute suit for the enforcement of any payment on any debt security, or

reduces the percentage in principal amount of debt securities of any series necessary to modify or amend the indenture or to waive compliance with various provisions of the indenture or to waive various defaults. (Section 902)

Without the consent of any holder of debt securities, we and the trustee may make modifications or amendments to the indenture in order to

evidence the succession of another person to us and the assumption by that person of the covenants in the indenture,

add to the covenants for the benefit of the holders,

add additional events of default,

permit or facilitate the issuance of securities in bearer form or uncertificated form,

add to, change, or eliminate any provision of the indenture in respect of a series of debt securities to be created in the future,

Table of Contents

secure the securities as required by Restrictions on Secured Debt,

establish the form or terms of securities of any series,

evidence the appointment of a successor trustee, or

cure any ambiguity, correct or supplement any provision which may be inconsistent with another provision, or make any other provision, provided that any action may not adversely affect the interests of holders of debt securities in any material respect.

The holders of at least 66 2/3% in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive compliance by us with various restrictive provisions of the indenture. (Section 1008)

The holders of a majority in principal amount of the outstanding debt securities of any series may on behalf of the holders of all debt securities of that series waive any past default with respect to that series, except

a default in the payment of the principal of or premium, if any, or interest on any debt security of that series, or

a default in respect of a provision which under the indenture cannot be modified or amended without the consent of the holder of each outstanding debt security of that series that would be affected. (Section 513)

Consolidation, Merger and Sale of Assets

If the conditions below are met, we may, without the consent of any holders of outstanding debt securities:

consolidate or merge with or into another entity, or

transfer or lease our assets as an entirety to another entity.

We have agreed that we will engage in a consolidation, merger or transfer or lease of assets as an entirety only if

the entity formed by the consolidation or into which we are merged or which acquires or leases our assets is a corporation, partnership or trust organized and existing under the laws of any United States jurisdiction and assumes our obligations on the debt securities and under the indenture,

after giving effect to the transaction no event of default would have happened and be continuing, and

various other conditions are met. (Article Eight)

Regarding the Trustee

Bank One Trust Company, NA, successor in interest to The First National Bank of Chicago, is the trustee under the indenture. Bank One is also a depositary of Procter & Gamble and has performed other services for us and our subsidiaries in the normal course of its business.

DESCRIPTION OF WARRANTS

This section describes the general terms and provisions of the warrants to which any prospectus supplement may relate. The particular terms of the warrants offered by any prospectus supplement and the extent, if any, to which the general provisions may apply to the warrants so offered will be described in the prospectus supplement relating to the offered warrants.

We may issue the following types of warrants:

warrants for the purchase of debt securities,

warrants to buy or sell government debt securities, which are debt securities of or guaranteed by the United States,

warrants to buy or sell foreign currencies, currency units or units of a currency index or currency basket,

warrants to buy or sell units of a stock index or stock basket and

warrants to buy and sell a commodity or a commodity index.

We may issue warrants independently or together with any debt securities offered by any prospectus supplement. Warrants may be attached to or separate from any debt securities. The warrants will be settled either through physical delivery or through payment of a cash settlement value as described below and in any applicable prospectus supplement.

Warrants will be issued under a warrant agreement to be entered into between Procter & Gamble and a bank or trust company, as warrant agent, all as described in the prospectus supplement relating to the particular issue of warrants. The warrant agent will act solely as our agent in connection with the warrant certificates and will not assume any obligation or relationship of agency or trust for or with any holders of warrant certificates or beneficial owners of warrants.

We have filed a copy of the form of warrant agreement, including the form of warrant certificate, as an exhibit to the registration statement of which this prospectus forms a part. The following summaries of various provisions of the form of warrant agreement are not complete. You should read the form of warrant agreement for a more complete understanding of the provisions described in this section. The warrant agreement itself, not this description or the description in the prospectus supplement, defines your rights as a holder of warrants.

Terms

The prospectus supplement will describe the following terms of the offered warrants:

the offering price;

the currency, currency unit, currency index or currency basket based on or relating to currencies for which warrants may be purchased;

the date on which the right to exercise the warrants commences and the date on which the right expires;

whether the warrant certificates will be issuable in definitive registered form or global form or both;

federal income tax consequences;

whether the warrant is for debt securities, government debt securities, currencies, currency units, currency indices or currency baskets, stock indices, stock baskets,

Table of Contents

commodities, commodity indices or another index or reference as described in the prospectus supplement; and

any other terms of the warrants, including any terms which may be required or advisable under United States laws or regulations.

Warrants to Purchase Debt Securities

If the offered warrants are to purchase debt securities, the prospectus supplement will also describe

the designation, total principal amount, currency, currency unit or currency basket of denomination and other terms of the debt securities purchasable upon exercise of the offered warrants;

the designation and terms of the debt securities with which the offered warrants are issued and the number of offered warrants issued with each debt security;

the date on and after which the offered warrants and the related debt securities will be separately transferable; and

the principal amount of debt securities purchasable upon exercise of one offered warrant and the price at which and currency, currency unit or currency basket in which such principal amount of debt securities may be purchased upon exercise.

Warrants to Buy or Sell Government Debt Securities or Foreign Currencies

If the offered warrants are to buy or sell government debt securities or a foreign currency, currency unit, currency index or currency basket, the offered warrants will be listed on a national securities exchange and the prospectus supplement will describe

the amount and designation of the government debt securities or currency, currency unit, currency index or currency basket, as the case may be, subject to each

offered warrant,

whether the offered warrants provide for cash settlement or delivery of the government debt securities or foreign currency, currency unit, units of the currency index or currency basket upon exercise, and

the national securities exchange on which the offered warrants will be listed.

Warrants on a Stock Index or a Stock Basket

If the offered warrants are warrants on a stock index or a stock basket, the offered warrants will provide for payment of an amount in cash determined by reference to increases or decreases in the stock index or stock basket and will be listed on a national securities exchange, and the prospectus supplement will describe

the terms of the offered warrants,

the stock index or stock basket covered by the offered warrants and the market to which the stock index or stock basket relates, and

the national securities exchange on which the offered warrants will be listed.

Table of Contents

Warrants on a Commodity or Commodity Index

If the offered warrants are warrants on a commodity or commodity index, the offered warrants will provide for cash settlement or delivery of the particular commodity or commodities and the offered warrants will be listed on a national securities exchange. The prospectus supplement will describe

the terms of the offered warrants,

the commodity or commodity index covered by the offered warrants and the market, if any, to which the commodity or commodity index relates and

the national securities exchange on which the warrants will be listed.

Warrant Certificates

Warrant certificates may be exchanged for new warrant certificates of different denominations, may if in registered form be presented for registration of transfer, and may be exercised at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement. Warrants to buy or sell government debt securities or a foreign currency, currency unit, currency index or currency basket, and warrants on stock indices or stock baskets or on commodities or commodity indices may be issued in the form of a single global warrant certificate, registered in the name of the nominee of the depository of the warrants, or may initially be issued in the form of definitive certificates that may be exchanged, on a fixed date, or on a date or dates selected by us, for interests in a global warrant certificate, as described in the applicable prospectus supplement.

Prior to the exercise of their warrants, holders of warrants to purchase debt securities will not have any of the rights of holders of the debt securities purchasable upon exercise of the warrant, including the right to receive payments of principal of, premium, if any, or interest, if any, on the debt securities or to enforce covenants in the indenture.

Exercise of Warrants

As described in or calculable from the prospectus supplement relating to the warrants, you may exercise your warrant

to purchase the principal amount of debt securities at the exercise price,

to buy or sell the amount of government debt securities or of a currency, currency unit, currency index or currency basket, stock index or stock basket, commodity or commodities at the exercise price or

to receive such settlement value in respect of such amount of government debt securities or of a currency, currency unit, currency index or currency basket, stock index or stock basket, commodity or commodity index.

Warrants may be exercised at any time up to 3:00 P.M. New York time on the date described in the prospectus supplement relating to such warrants or as may be otherwise described in the prospectus supplement. After that time on that date, or a later date to which the date may be extended by us, unexercised warrants will become void.

If there are no restrictions or additional requirements described in the prospectus supplement, you may exercise warrants by delivering to the warrant agent

the properly completed and duly executed warrant certificate and

payment as provided in the prospectus supplement of the amount required to purchase the debt securities, or, except in the case of warrants providing for cash settlement, payment for

Table of Contents

or delivery of the government debt securities or currency, currency unit, currency index, currency basket, stock index, stock basket, commodity or commodities index as the case may be, purchased or sold upon the exercise of the warrant.

Warrants will be deemed to have been exercised upon receipt of the warrant certificate and any payment, if applicable, at the corporate trust office of the warrant agent or any other office indicated in the prospectus supplement. We will, as soon as possible, issue and deliver the debt securities purchasable upon exercise, or buy or sell the government debt securities or currency, currency unit, currency index or currency basket, stock index or stock basket, commodity or commodities or pay the settlement value in respect of the warrants. If you exercise fewer than all of the warrants represented by the warrant certificate, you will receive a new warrant certificate for the remaining amount of the warrants.

PLAN OF DISTRIBUTION

General

We may sell debt securities and/or warrants in one or more transactions from time to time to or through underwriters, who may act as principals or agents, directly to other purchasers or through agents to other purchasers.

A prospectus supplement relating to a particular offering of debt securities or warrants may include the following information:

the terms of the offering,

the names of any underwriters or agents,

the purchase price of the securities from us,

the net proceeds to us from the sale of the securities,

any delayed delivery arrangements,

any underwriting discounts and other items constituting underwriters' compensation,

any initial public offering price and

any discounts or concessions allowed or reallocated or paid to dealers.

The distribution of the debt securities and warrants, if any, may be effected from time to time in one or more transactions at a fixed price or prices, which may be changed, at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices.

Underwriting Compensation

In connection with the sale of debt securities and warrants, if any, underwriters may receive compensation from us or from purchasers for whom they may act as agents, in the form of discounts, concessions or commissions. Underwriters may sell debt securities and warrants to or through dealers, and the dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents.

Underwriters, dealers and agents that participate in the distribution of debt securities and warrants may be deemed to be underwriters under the Securities Act. Any discounts or commissions that they receive from us and any profit that they receive on the resale of debt securities and warrants may be deemed to be underwriting discounts and commissions under the Securities Act. If any entity is deemed an underwriter or any amounts deemed underwriting discounts and commissions, the prospectus supplement will identify the underwriter or agent and describe the compensation received from us.

Indemnification

We may enter agreements under which underwriters and agents who participate in the distribution of debt securities and warrants may be entitled to indemnification by us against various liabilities, including liabilities under the Securities Act, and to contribution with respect to payments which the underwriters, dealers or agents may be required to make.

Related Transactions

Various of the underwriters who participate in the distribution of debt securities or warrants, and their affiliates, may perform various commercial banking and investment banking services for us from time to time in the ordinary course of business.

Table of Contents

Delayed Delivery Contracts

We may authorize underwriters or other persons acting as our agents to solicit offers by institutions to purchase debt securities and warrants from us pursuant to contracts providing for payment and delivery on a future date. These institutions may include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others, but in all cases we must approve these institutions. The obligations of any purchaser under any of these contracts will be subject to the condition that the purchase of the debt securities and/or warrants shall not at the time of delivery be prohibited under the laws of the jurisdiction to which such purchaser is subject. The underwriters and other agents will not have any responsibility in respect of the validity or performance of these contracts.

No Established Trading Market

The debt securities and/or warrants, when first issued, will have no established trading market. Any underwriters or agents to or through whom we sell debt securities or warrants for public offering and sale may make a market in the securities but will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the debt securities or warrants.

Price Stabilization and Short Positions

If underwriters or dealers are used in the sale, until the distribution of the securities is completed, rules of the Securities and Exchange Commission may limit the ability of any underwriters to bid for and purchase the securities. As an exception to these rules, representatives of any underwriters are permitted to engage in transactions that stabilize the price of the securities. These transactions may consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the securities. If the underwriters create a short position in the securities in connection with the offering, i.e., if they sell more securities than are set forth on the cover page of the prospectus supplement, the representatives of the underwriters may reduce that short position by purchasing securities in the open market.

We make no representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the securities. In addition, we make no representation that the representatives of any underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

LEGAL OPINIONS

The validity of the issuance of our securities offered by this prospectus will be passed upon for The Procter & Gamble Company by Terry L. Overbey, Secretary, and for any underwriters or agents by Fried, Frank, Harris, Shriver & Jacobson (a partnership including professional corporations). Mr. Overbey may rely as to matters of New York law upon the opinion of Fried, Frank, Harris, Shriver & Jacobson. Fried, Frank, Harris, Shriver & Jacobson may rely as to matters of Ohio law upon the opinion of Mr. Overbey. Fried, Frank, Harris, Shriver & Jacobson performs legal services for us from time to time.
