**ITEM 1.01.**

**Entry into Material Definitive Agreement.**

Effective November 1, 2006, Alltel Corporation (the “Company”) amended its (i) Supplemental Executive Retirement Plan (the “SERP”), (ii) 1994 Stock Option Plan for Nonemployee Directors (the “Nonemployee Director Plan”) and (iii) Executive Deferred Compensation Plan (October 1, 1993 Restatement) (the “Deferred Compensation Plan”).

**Amendment to SERP**

The Company’s SERP provides retirement benefits to certain executive officers, including a supplemental retirement benefit in excess of the benefits provided under the Company’s qualified and other non-qualified plans, a post-retirement medical/dental benefit and a change in control benefit. The SERP was amended to incorporate changes that have been made to the Company’s qualified and other nonqualified plans and executive agreements, expressly provide for lump-sum retirement benefit payments to participants if retirement results from a termination following a change in control to the extent permitted by Section 409A of the Internal Revenue Code (“Section 409A”) and clarify other change in control provisions, and incorporate the changes necessary to bring the SERP into compliance with current guidance under Section 409A.

A copy of the amended and restated SERP is filed as Exhibit 10.1 to this Current Report on Form 8-K and incorporated herein by reference.

**Amendment to Nonemployee Director Plan**

The Nonemployee Director Plan provides for grants to individual nonemployee directors of options to purchase shares of the Company’s common stock, \$1.00 par value (the “Shares”). Under the plan, each nonemployee director automatically receives an initial grant of an option to purchase Shares on the date he or she first becomes a nonemployee director. The Nonemployee Director Plan also provides for an automatic grant to nonemployee directors of an option to purchase Shares following the conclusion of each annual meeting of stockholders (other than to a director who was first elected at the annual meeting).

The amended and restated Nonemployee Director Plan increases the number of Shares underlying the initial one-time option grant from 10,000 to 12,000 Shares and increases the number of Shares underlying the recurring annual grant following each of the Company’s annual meetings from 6,500 to 7,800 Shares. The grants continue to count against the total number of Shares available under the plan. The amended and restated Nonemployee Director Plan did not increase the maximum number of Shares available under the plan.

A copy of the amended and restated Nonemployee Director Plan is filed as Exhibit 10.2 to this Current Report on Form 8-K and incorporated herein by reference.

**Amendment to the Deferred Compensation Plan**

Prior to the amendment, participants under the Deferred Compensation Plan, which is frozen to new deferrals, who had elected to defer a portion of their compensation received from the Company generally accrued earnings on their deferred compensation balances based on a formula that took into account the book value, market value and cash dividend rate of the Company's common stock (the "Earnings Calculation"). The amendment requires participants that accrued earnings on their deferred compensation balances under the Earnings Calculation to accrue earnings on their balances based on the prime rate as in effect immediately after the end of each year, plus 200 basis points.

A copy of the Deferred Compensation Plan amendment is filed as Exhibit 10.3 to this Current Report on Form 8-K and incorporated herein by reference.
