Item 7.01 Regulation FD Disclosure.

On June 4, 2015, Dycom Industries, Inc. (the "Company") posted presentation materials on the investor relations section of the Company's website at <http://www.dycomind.com>. Members of the Company's management may use all or portions of these materials from time to time during the quarter ending July 25, 2015 in meetings with or when making presentations to the investment community, current or potential stakeholders and others. The presentation materials are furnished herewith as Exhibit 99.1.

The presentation materials contains the financial measures of Adjusted EBITDA - Non-GAAP, net income - Non-GAAP, and certain amounts relating to organic revenue, which are Non-GAAP financial measures within the meaning of Regulation G promulgated by the Securities and Exchange Commission. Adjusted EBITDA - Non-GAAP, defined by the Company as earnings before interest, taxes, depreciation and amortization, gain on sale of fixed assets, stock-based compensation expense, and certain non-recurring items, is not a recognized term under GAAP and does not purport to be an alternative to net income, operating cash flows, or a measure of earnings. Net income - Non-GAAP and earnings per share - Non-GAAP are not recognized terms under GAAP and do not purport to be alternatives to GAAP net income and GAAP earnings per share. Organic revenue is not a recognized term under GAAP and does not purport to be an alternative to GAAP contract revenue. Because all companies do not use identical calculations, the presentation of these Non-GAAP financial measures may not be comparable to other similarly titled measures of other companies. The Company believes these Non-GAAP financial measures provide information that is useful to the Company's investors. The Company believes that this information is helpful in understanding period-over-period operating results separate and apart from items that may, or could, have a disproportionate impact on the Company's results of operations in any particular period. Additionally, the Company uses these Non-GAAP financial measures to evaluate its past performance and prospects for future performance. A reconciliation of these Non-GAAP financial measures to the most directly comparable GAAP measures is included in Exhibit 99.1.

The information in the preceding paragraphs, as well as Exhibit 99.1, shall not be deemed "filed" for purposes of Section 18 of the Securities Exchange Act of 1934 (the "Exchange Act"), or otherwise subject to the liabilities of that section. It may only be incorporated by reference into another filing under the Exchange Act or the Securities Act of 1933 if such subsequent filing specifically references this Current Report on Form 8-K.
