**INDEPENDENCE HOLDING COMPANY ANNOUNCES**

**2011 THIRD-QUARTER AND NINE-MONTHS RESULTS**

Stamford, Connecticut, November 10, 2011. Independence Holding Company (NYSE: IHC) today reported 2011 third-quarter and nine-month results. This press release contains both GAAP and non-GAAP financial information for which reconciliations can be found at the end of this release.

***Financial Results***

Net income per share from continuing operations attributable to IHC was \$.22 per share, diluted, or \$3,554,000, for the three months ended September 30, 2011 compared to \$.29 per share, diluted, or \$4,441,000, for the three months ended September 30, 2010. Revenues decreased to \$103,659,000 for the three months ended September 30, 2011, compared to revenues for the three months ended September 30, 2010 of \$107,875,000. The decrease in both net income and revenues were primarily due to a reduction in realized gains and lower yield on investments.

Net income per share from continuing operations attributable to IHC was \$.62 per share, diluted, or \$9,778,000, for the nine months ended September 30, 2011 compared to \$1.46 per share, diluted, or \$22,355,000, for the nine months ended September 30, 2010. As a result of acquiring a controlling interest in American Independence Corp. (AMIC) in March 2010, IHC recorded a gain of \$16,733,000, net of \$11,097,000 of taxes, (\$1.09 per share) on its investment in AMIC in the first quarter of 2010. Excluding the gain on AMIC, revenues increased 4% to \$313,503,000 for the nine months ended September 30, 2011.

IHC reported operating income<sup>1</sup> per share of \$.19 per share, diluted, or \$3,033,000, for the three months ended September 30, 2011, compared to \$.13 per share, diluted, or \$1,957,000, for the three months ended September 30, 2010. IHC reported operating income per share of \$.54 per share, diluted, or \$8,486,000 for the nine months ended September 30, 2011, compared to \$.23 per share, diluted, or \$3,582,000 for the nine months ended September 30,

2010.

*Chief Executive Officer's Comments*

Roy Thung, Chief Executive Officer, commented, "We are pleased that our operating income per share for the three months and nine months of 2011 has improved 46% and 135%, respectively, from the comparable periods in 2010. The Company's financial condition remains very strong as our book value per share increased to \$15.81 per share at September

30, 2011 as compared to \$15.14 at December 31, 2010, and stockholders' equity at September 30, 2011 reached an all-time high of \$260 million.

Mr. Thung continued, "We are encouraged by the significant improvement in the profitability of our medical stop-loss line of business, which was positively affected by the reorganization of our stop-loss business. During the past three years we successfully changed the way we manage this line of business by terminating our relationship with most independent managing general underwriters (MGUs) and consolidating the operations of our owned MGUs into a direct writing operation known as IHC Risk Solutions. This change has made us more competitive and efficient, resulting in significantly higher profit margins and has led to the decision to take 100% of the risk (subject to customary excess coverage) on business written through IHC Risk Solutions in 2012. We are also gratified by the increasing profitability of the fully insured segment, and that our overall investment portfolio continues to be strong. Its quality is very high (rated, on average, AA) and has a duration of approximately five years. IHC continues to experience pressure on its investment income due to low yields (4.2% for the first nine months of 2011) and the short duration of our fixed maturities. Finally, we are pleased with the success of the exchange offer completed in the third quarter which resulted in IHC increasing its ownership in AMIC to 76%."

#### ***Non-GAAP Financial Measures***

The Company provides non-GAAP financial measures to complement its consolidated financial statements presented in accordance with GAAP: (i) Operating income is income from continuing operations net of income or losses attributable to non-controlling interests and excluding net realized gains or losses, other-than-temporary impairment losses and gain on bargain purchase, net of applicable income taxes; and (ii) Operating income per share is operating income (loss) on a per share basis. These non-GAAP financial measures are intended to supplement the user's overall understanding of the Company's current financial performance and its prospects for the future. Specifically, the Company believes the non-GAAP results provide useful information to both management and investors by excluding realized gains or losses, net of taxes, that, when excluded from the GAAP results, may provide additional understanding of the Company's core operating results or business performance. However, these non-GAAP financial measures are not intended to supersede or replace the Company's GAAP results. A reconciliation of the non-GAAP results to the GAAP results is provided in the "Reconciliation of GAAP Income from Continuing Operations to Non-GAAP Income from Continuing Operations" schedule below.

## Footnotes

<sup>1</sup> Operating income is a non-GAAP measure representing income from continuing operations net of (income) losses attributable to non-controlling interests and excluding net realized investment gains (losses), other-than-temporary impairment losses and gain on bargain purchase of AMIC, net of applicable income tax. The Company believes that the presentation of operating income may offer a better understanding of the core operating results of the Company. A reconciliation of income from continuing operations to operating income is included in this press release.

<sup>2</sup> IHC applied business acquisition accounting and consolidated the financial results of AMIC as of March 5, 2010, resulting in a consolidated statement of income which consolidates approximately seven months of AMIC results and reflects the equity method of accounting for the first two months of 2010.
