Item 7.01 Regulation FD Disclosure.

During a presentation on October 1, 2013, our President and acting CFO, Mr. David Voyticky, made certain unprepared remarks regarding our expectations of certain operational results and future reserves, including the expectation that our RU-5B sidetrack would be completed in a week. These remarks relate to future expectations for the company and constitute forward-looking statements for purposes of the safe harbor provisions under the Private Securities Litigation Reform Act of 1995. Actual results may differ materially from those indicated by these forward-looking statements as a result of various important factors, including those discussed in our Form 10-K filed with the SEC on July 15, 2013, as amended.

We invite you to listen to the presentation in full for a more detailed description of those above-mentioned matters. A playback of the call is available on our website at [www.millerenergyresources.com](http://www.millerenergyresources.com) under the Events and Presentations section of our Investors page.

Pursuant to General Instruction B.2 of Form 8-K, the information in this Item 7.01 of Form 8-K is being furnished and shall not be deemed “filed” for the purposes of Section 18 of the Securities Exchange Act of 1934 or otherwise be subject to the liabilities of that section, nor is it incorporated by reference into any filing of Miller Energy Resources, Inc. under the Securities Act of 1933 or the Securities Exchange Act of 1934, whether made before or after the date hereof, regardless of any general incorporation language in such filing.
