You may revoke your proxy at any time prior to the close of voting by filing a written notice with the Secretary of the Company or by withdrawal in person at the registration desk at the Annual Meeting. The Audit Committee has reviewed and discussed the Company's audited financial statements with management for the fiscal year ended December 31, 2000. The Audit Committee has discussed with Arthur Andersen LLP, the Company's independent auditors, the matters required to be discussed by the Statement on Auditing Standards No. 61, as modified or supplemented. The Audit Committee has reviewed and discussed with Arthur Andersen LLP independence matters, including the written disclosures and the letter from Arthur Andersen LLP, required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), as modified or supplemented. Report of Compensation and Human Resources Committee on Annual Compensation

The Compensation and Human Resources Committee of the Board of Directors (the "Compensation and Human Resources Committee") as described on Page 5 is composed entirely of independent Non-Employee Directors. The Compensation and Human Resources Committee is responsible for setting and administering the policies which govern both annual compensation and stock option programs. The following is an overview of those compensation policies.

Overall Policy for Named Executive Officers' Compensation. The Compensation and Human Resources Committee maintains executive salary and benefits at a level that will permit the Company to attract and retain the highest quality individuals for its key executive positions, taking into consideration the prevailing competitive job market, the current and projected size of the Company, its ability to pay and the relationship of the resulting executive compensation to other non-executive compensation in the Company.

Named Executive Officers' overall compensation for 2000 consisted of a cash salary and a performance bonus.

Named Executive Officers' Incentive Plan. The Company's Named Executive Officers' Incentive Plan (the "Bonus"), an annual performance bonus program, is used as an incentive to reward the Named Executive Officers for positive results of the Company. The Bonus is based exclusively on Return On Average Shareholders' Equity ("ROE"). Payment is on a sliding scale dependent upon the Company's ROE. Bonuses are earned only after ROE equals or exceeds 10%. The Bonus is maximized upon reaching ROE of 20%. Benefits are further factored depending upon a job responsibility factor. In addition, discretionary bonuses may also be granted by the Board of Directors.

General Measures Used to Determine Compensation for the Chief Executive Officer. The cash salary compensation, bonus and stock option programs are determined by annually comparing the Chief Executive Officer's position to those of similar chief executive officers for companies of comparable size and type as reported in one or more representative management compensation studies, taking into consideration geographic location, inflation and the responsibilities commensurate with the position.

Criteria Used in Determining Compensation of the Named Executive Officers, other than the Chief Executive Officer. The criteria for determining the cash salary, annual performance bonus and stock options for the other Named Executive Officers is basically the same as outlined above for the Chief Executive Officer except that the annual performance bonus payouts are factored down depending on position responsibility. Option grants may also vary.

Stock Option Philosophy. Stock options for Named Executive Officers, including the Chief Executive Officer, have been historically granted on a periodic basis to accomplish a diverse set of goals, namely, to advance the Company's growth and success by attracting well-qualified Executives upon whose judgment the Company is dependent for the successful conduct of its operations and to provide such Executives with incentives to put forth maximum effort for the long-term success of the Company's business. The size and term are based on competitive practice and position levels to ensure retention and alignment of the Named Executive Officers' long-range interests with those of the shareholders and the opportunity for the Named Executive Officers to build a meaningful stake in the Company.

SUMMARY OF BENEFIT PLANS

The Company has certain plans which provide, or may provide, compensation and benefits to Named Executive Officers of the Company, which are described below. These plans are principally the Company's Profit Sharing Plan, Target Supplemental Retirement Plan and Supplemental Disability Insurance.

13

Profit Sharing Plan

The Company makes an annual discretionary contribution to its tax-qualified Profit Sharing Plan which covers certain hourly and salaried employees, including the Named Executive Officers. Eligible employees become participants in the Profit Sharing Plan on the first January 1 or July 1 after completing twelve (12) months of service and being credited with at least 1,000 hours of service. The Company's contribution to the Profit Sharing Plan is allocated to participants according to a formula based upon participant compensation and years of service with the Company. Under the formula, the amount of compensation that may be taken into account with respect to any highly compensated Participant, including all Named Executive Officers, is limited to \$170,000 and complies with government regulations. Amounts allocated to the Company's Named Executive Officers for 2000 are included in the Summary Compensation Table.

A participant must be employed on the last day of the year and be credited with 1,000 hours of service during the year to be eligible for an allocation. Company contributions vest at 20% per year beginning after the completion of three years of service. Participants have the option to direct the investment of their accounts in 10% increments. Options include a fixed income fund, a bond fund, a balanced fund, two equity funds and a Regal-Beloit Corporation stock fund. Distributions from the Plan are made generally upon termination of service for any reason in the form of a single sum payment in cash or in Regal-Beloit Corporation stock, provided a participant's vested interest includes a minimum of 100 shares.

13

Target Supplemental Retirement Plan

The Target Supplemental Retirement Plan ("TSRP") limits participants to Officers and selected Key Employees who are designated by the Compensation Committee.

All individuals named in the Summary Compensation Table participate in the TSRP. Under the TSRP, participants are entitled, upon normal or approved early retirement, to receive a target supplemental retirement benefit, which, together with social security and a hypothetical profit sharing plan balance annualized over fifteen (15) years, equals two percent (2%) of the final five (5) years average salary times years of service with the Company, up to a maximum of 30 years or 60% income replacement. Consequently, unless reduced as described below, the estimated annual target supplemental retirement benefits to TSRP participants will approximate those shown in the column of the following table which sets forth estimated benefits for participants with various years of credited service.

These benefits will be reduced by the annual Social Security payment and the annualized hypothetical profit sharing balance.

Average Annual

Earnings For The

Years of Credited Service

Final Five Years

<u>of Service</u>	<u>10</u>	<u>15</u>	<u>20</u>	<u>25</u>	<u>30</u>
\$100,000	\$20,000	\$ 30,000	\$40,000	\$50,000	\$60,000
200,000	40,000	60,000	80,000	100,000	120,000
300,000	60,000	90,000	120,000	150,000	180,000
400,000	80,000	120,000	160,000	200,000	240,000
500,000	100,000	150,000	200,000	250,000	300,000

14

The TSRP participant needs a minimum of 15 years of continuous service and have reached the age of 62 to qualify for early retirement benefits. The Compensation and Human Resources Committee may grant a participant additional years of service to qualify for benefits.

The TSRP is designed to provide a participant a retirement benefit that is comparable in replacement income percentage provided to lower paid employees. The TSRP does this by supplementing retirement income which is lost to higher paid employees due to social security caps and limits on income considered for the Company's Qualified Retirement Plans.

Supplemental Disability

The Company also provides supplemental disability insurance for Named Executive Officers and salaried employees. The Plan provides compensation to a disabled Named Executive Officer at the rate of 100% of his normal salary for the first 12 months of total disability and 60% thereafter. None of the Company's Named Executive Officers received disability benefits during 2000.

Executive Termination Benefits Agreements

The Company has no employment contracts with any Named Executive Officers of the Company. However, the Company has termination benefits (change of control) agreements (the "Agreements") with the three Named Executive Officers of the Company. The benefits provided by the Agreements are triggered by the termination of the individual who is a party to an Agreement within three years following a change in control of the Company, if the individual's employment with the Company is terminated not for cause or if the individual terminates his or her

Edgar Filing: REGAL BELOIT CORP - Form DEF 14A

employment with "good reason". If the individual's employment is terminated for cause, or as a consequence of death or disability, the Agreement is not triggered. The employment period is three years commencing with the change in control. The Agreement provides that upon such termination, the termination payment shall be a severance payment equal to three times the individual's annual salary then in effect plus the amount of the individual's highest annual bonus award during the previous three years and the value of all fringe benefits.

PROPOSAL 2: SELECTION OF AUDITORS

The Board of Directors, in accordance with the recommendation of its Audit Committee, has appointed Arthur Andersen LLP as the Company's independent public accountants for the year ending December 31, 2001 and is submitting the selection of auditors for approval by the shareholders at the forthcoming Annual Meeting. Representatives of Arthur Andersen LLP will be present at the Annual Meeting and will be available to respond to appropriate questions and to make a statement if they desire to do so.

In addition to services performed in connection with their audit function (which services included examination of the annual financial statements, assistance and consultation in connection with filing the 10-K annual report with the Securities and Exchange Commission and auditing the Company's various qualified pension plans), Arthur Andersen LLP provided other non-audit services during the year ended December 31, 2000. The Audit Committee concluded that the performance of such services does not impair the independence of Arthur Andersen LLP as Regal-Beloit Corporation's auditors.

15

In the event the shareholders do not ratify the appointment of Arthur Andersen LLP or if for any reason that firm shall cease to act as auditors for Regal-Beloit Corporation, the Board of Directors will appoint other independent public accountants as auditors.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE APPOINTMENT OF ARTHUR ANDERSEN LLP AS THE COMPANY'S INDEPENDENT ACCOUNTANTS FOR FISCAL 2000.

SHAREHOLDER PROPOSALS

Shareholder proposals must be received by the Company no later than November 9, 2001, in order to be considered for inclusion in next year's Annual Meeting proxy statement.

The proponent of a proposal must be a record or beneficial owner of at least one percent (1%) or \$2,000 in market value of the Company's securities entitled to be voted at the meeting and have held such securities for at least one year by the date the proposal is submitted and shall continue to own such securities through the date on which the meeting is held.

By Order of the Board of Directors
