The Board of Directors of the Company unanimously recommends a vote FOR each of the items set forth above.

PROPOSAL 1

ELECTION OF DIRECTORS

Under the By-Laws of the Company, its Board of Directors is divided into three classes, as equal in number as possible, having staggered terms of three years each. At this annual meeting two directors will be elected to serve until the annual meeting in 2006 and until their successors are duly elected and shall qualify.

Unless authority to vote for the election of directors is withheld or the Proxy is marked to the contrary as provided therein, the enclosed Proxy will be voted FOR the election of the two nominees listed below. The Board of Directors has reduced the total number of directors from nine to eight, therefore, only two directors are being nominated for this meeting.

Although the directors do not contemplate that any of the nominees will be unable to serve, should such a situation arise, the Proxy may be voted for the election of other persons as directors. Each nominee, to be elected as a director, must receive the affirmative vote of a plurality of the votes cast at the Meeting by the shareholders entitled to vote thereon.

The following table sets forth certain information with respect to the nominees for election as directors and directors whose terms continue beyond the meeting:

Pension Benefits

The executive officers of the Company are entitled to participate in the Pension Plan (referred to in this section as the "Plan"), which is for the benefit of all employees meeting certain eligibility requirements. Effective August 1, 1989, the Company amended the Plan to provide improved pension benefits under the Plan's Excess Formula. The Excess Formula for the calculation of the annual retirement benefit is: total years of credited service (not to exceed 35) multiplied by the sum of (i) 0.6% of the participant's average salary (five highest consecutive years, excluding bonus), and (ii) 0.6% of the participant's average salary in excess of his compensation covered by Social Security.

Participants who were employed by the Company prior to August 1, 1988, are eligible to receive the greater of their benefit determined under the Excess Formula or their benefit determined under the Offset Formula. The Offset Formula is: (i) total years of credited service multiplied by \$120, plus (ii) average salary multiplied by 25%, less 74% of the primary Social Security benefit. Pursuant to changes required by the Tax Reform Act of 1986 the Company amended the Plan to cease further accruals under the Offset Formula as of July 31, 1989. Participants who were eligible to receive a benefit under the Offset Formula will receive the greater of their benefit determined under the Excess Formula or their benefit determined under the Offset Formula as of July 31, 1989. The maximum permitted annual retirement income under either formula is \$160,000.

The following table sets forth estimated annual retirement benefits payable at age 65 for participants in certain compensation and years of service classifications using the highest number obtainable under both formulas:

Their compensation during fiscal 2003 covered by the Plan was \$391,406 for Mr. Wolcott and \$330,392 for Mr. Kayser. The Internal Revenue Code limits the amount of compensation that can be taken into account in calculating retirement benefits (for 2003 the limit is \$200,000).

Directors' Fees

Effective August 1, 2001, the director's fee was increased from \$1,000 to \$1,500 per month. Any director who is also an officer of the Company receives no director fee.

Equity Compensation Plans

No options were granted or exercised in the period from April 1, 2002, to the date of this Proxy Statement, nor were any unexpired options held at the latter date by any officer or director of the Company. The Company has no equity compensation plans, therefore, no table is necessary as described in item 201(d) of Regulation SK.

Profit Sharing Bonus Plan

The Company has a Profit Sharing Bonus Plan for certain eligible employees of the Company ("Corporate Profit Sharing" for the officers and certain key Corporate employees and "Operating Unit Profit Sharing" for certain key Operating Unit employees). Under Corporate Profit Sharing, some or all of the Corporate Profit Sharing Pool (10% of the Corporate Bogey as defined below) will be paid only if Pre-Tax Profits (as defined) equal or exceed the Corporate Bogey. The bonuses will be distributed at the sole discretion of the Chief Executive Officer upon approval of such bonuses by the Compensation Committee of the Board of Directors. Under the Operating Unit Profit Sharing, the Operating Unit Profit Sharing pool (10% of Pre-Tax Profit less the Operating Unit Bogey as defined below) will be paid only if the Pre-Tax Profit of the Operating Unit equals or exceeds the Operating Unit Bogey. The bonuses will be distributed at the discretion of the Operating Unit President. For fiscal 2003 the Corporate Bogey will be equal to the greater of (i) five percent of the prior year's Consolidated Net Worth of the Company plus the Pillsbury Subordinated Note or (ii) five percent plus the annual increase in the Consumer Price Index greater than five percent, times the prior year's Consolidated Net Worth of the Company. The Operating Unit Bogey will be an amount equal to the average gross assets employed by the Vegetable, Snack or Flight Operations for the preceding 12 months divided by the consolidated average gross assets of the Company for the same period multiplied by the Corporate Bogey. A total of \$90,855 of bonuses related to the Corporate Plan were earned in 2003. No officers earned bonuses in 2002 or 2001 under the Profit Sharing Bonus Plan.

Compensation Committee Interlocks and Insider Participation

Mr. Kayser (President and Chief Executive Officer) serves as Chairman of the Audit Committee, and up until recently, also served as a member of the Compensation Committee of Moog Inc. and as a director on its Board. Mr. Brady, who is the President and Chief Executive Officer of Moog Inc., serves as a director on the Company's Board. Since Mr. Kayser is no longer on Moog, Inc.'s Compensation Committee, there is no cross compensation committee relationship,

Edgar Filing: SENECA FOODS CORP /NY/ - Form DEF 14A

Mr. Brady can be considered an independent director serving on the Audit Committee. Now, all members of the Audit Committee qualify as independent directors. Members of the Company's Compensation Committee are Douglas F. Brush (Chairman), Edward O. Gaylord, Susan W. Stuart and Andrew M. Boas.

Compensation Committee Report On Executive Compensation

The Compensation Committee is responsible for providing overall guidance with respect to the Company's executive compensation programs. The goal of the Compensation Committee is to maintain a competitive compensation program in order to attract and retain well qualified management, to provide management with the incentive to accomplish the Company's financial and operating objectives and to link the interest of the Company's executive officers and management to the interests of its stockholders through bonuses tied to financial performance. The Compensation Committee is composed of four members and meets annually to review the Company's compensation programs, including executive salary administration and the profit sharing plan.

The Compensation Committee believes that the Company's executives should be rewarded for their contributions to the Company's attaining annual financial goals, as set forth in the annual budget, which is subject to revision during the year, and their attaining annual individual objectives. The Company pays its executive officers two principal types of compensation: base salary and Corporate Profit Sharing plan, each of which is more fully described below.

Base Salary - The Company has historically established the base salary of its executive officers on the basis of each executive officer's scope of responsibility, experience, individual performance and accountability within the Company. In that regard the Company reviews comparable salary and other compensation arrangements in similar businesses and companies of similar size to determine appropriate levels necessary to attract and retain top quality management.

Profit Sharing Plan - To further align the interests of executive officers with those of the Company's shareholders, a significant component of an executive officer's total compensation arrangement is participation in the annual profit sharing plan. An executive is rewarded with a cash bonus equal to a percentage of the executive's base salary if the Pre-Tax Profit of the Company for that year equals or exceeds the Corporate Bogey (see "--Profit Sharing Bonus Plan").

Performance Review - The general policies described above for the compensation of executive officers also apply to the compensation level approved by the Compensation Committee with respect to the 2002 compensation for the Chief Executive Officer. Based on the criteria outlined above, the Compensation Committee awarded to Kraig H. Kayser a base salary of \$340,997 for the fiscal year 2004. The Compensation Committee recognized Mr. Kayser's leadership role in guiding the overall performance of the Company towards its desired strategic direction as well as managing costs.

Summary

The Compensation Committee is committed to attracting, motivating and retaining executives who will help the Company meet the increasing challenges of the food processing industry. The Compensation Committee recognizes its responsibility to the Company's shareholders and intends to continue to establish and implement compensation policies that are consistent with competitive practice and are based on the Company's and the executives' performance.

Audit Committee

The Audit Committee's Report for 2003 follows.

Audit Committee's Report

The Audit Committee of the Board of Directors, comprised of six outside directors, held three meetings during 2003. The Audit Committee operates under a written charter approved by the Board of Directors.

The Audit Committee met with the independent public accountants and management to assure that all were carrying out their respective responsibilities. The Committee reviewed the performance of the independent public accountants prior to recommending their appointment, and met with them to discuss the scope and results of their audit work, including the adequacy of internal controls and the quality of financial reporting. The Committee discussed with the independent public accountants their judgments regarding the quality and acceptability of the Company's accounting principles, the clarity of its disclosures and the degree of aggressiveness or conservatism of its accounting principles and underlying estimates. The Committee discussed with and received a letter from the independent public accountants confirming their independence. The independent public accountants had full access to the Committee, including regular meetings without management present. Additionally, the Committee reviewed and discussed the audited financial statements with management and recommended to the Board of Directors that these financial statements be included in the Company's Form 10-K filing with the Securities and Exchange Commission. Mr. Gaylord is retiring after serving on the Board for 28 years. Mr. Baer is the proposed replacement as Chairman of the Audit Committee.

As part of its duties, the Audit Committee also considered whether the provision of services other than audit services during fiscal year 2003 by Deloitte & Touche LLP, the Company's independent public accountants, is compatible with maintaining the accountants' independence although no professional services were provided by Deloitte & Touche LLP during 2003. See the Ratification of Appointment of Independent Public Accountants on page 17.

Fees for all services provided by Deloitte & Touche LLP for fiscal year 2003 are as follows:

Common Stock Performance Graph

The following graph shows the cumulative, five-year total return for the Company's Common Stock compared with the NASDAQ Market Index (which includes the Company) and a peer group of companies (described below).

Performance data assumes that \$100.00 was invested on March 31, 1998, in the Company's Class B Common Stock, the NASDAQ Market, and the peer group. The data assumes the reinvestment of all cash dividends and the cash value of other distributions. Stock price performance shown in the graph is not necessarily indicative of future stock price performance.

Comparison of Five Year Cumulative Total Return
Seneca Foods Corporation, NASDAQ Composite Index and Peer Group

Year	Seneca Foods	Peer Group	NASDAQ
----	-----	-----	-----
1998	100.00	100.00	100.00
1999	64.18	83.20	134.09
2000	67.16	80.14	249.11
2001	77.61	84.76	100.25
2002	85.67	83.33	100.53
2003	109.73	69.02	73.06

The companies in the peer group presented in the graph above are H.J. Heinz Company, J.M. Smucker Company, Chiquita Brands International, Inc., Hain Food Group, Inc., and Dole Food Company, Inc.

The Company currently is primarily a vegetable processor. Management wishes to include only vegetable processing companies in the peer group for the current year's performance graph. However, due to the fact that some of its competitors are not publicly traded or have less than five years of history as publicly traded companies, there was not enough data available on vegetable processing companies to form a peer group. Therefore, the former peer group companies were retained.
