2017 Proxy Statement

This proxy statement is solicited by and on behalf of the Board of Directors of ClearOne, Inc., a Utah corporation (hereinafter referred to as the “Company,” “ClearOne,” “we,” “us” or “our”), for use at the Annual Meeting of Shareholders (the “Annual Meeting”), to be held on April 27, 2017 at 5225 Wiley Post Way, Suite 500, Salt Lake City, UT 84116, at 9:30 A.M. local time, or at any continuations thereof.

These proxy solicitation materials will be distributed on or about April 6, 2017 to all shareholders entitled to vote at the meeting.

QUESTIONS AND ANSWERS REGARDING THE ANNUAL MEETING

What is the purpose of this Proxy Statement and accompanying Proxy?

A Proxy Statement is a document that the regulations of the Securities and Exchange Commission (“SEC”) require us to give you when we ask you to sign a proxy designating individuals to vote on your behalf. A proxy is your legal designation of another person to vote the stock you own and are entitled to vote. That other person is called a proxy. If you designate someone as your proxy in a written document, that document is also called a proxy or a proxy card. We have designated two of our officers with full power of substitution as proxies for the Annual Meeting. These officers are Zeynep Hakimoglu and Narsi Narayanan.

The Board of Directors is soliciting your proxy to give all shareholders of record the opportunity to vote on matters that will be presented at the Annual Meeting. This Proxy Statement provides you with information on these matters to assist you in voting your shares.

What is the purpose of the Annual Meeting?

The purpose of the Annual Meeting is to: (i) elect four directors; (ii) ratify the appointment of Tanner LLC as our independent public accountants for the year ending December 31, 2017; (iii) approve, by non-binding advisory vote, the compensation of our named executive officers as described under the headings “Compensation Discussion and Analysis” and “Executive Compensation;” and (iv) to transact any such other business that properly comes before the Annual Meeting (each a “Proposal,” and collectively, the “Proposals”). Although the Board of Directors does not anticipate that any other issues will come before the Annual Meeting, your completed and executed proxy gives the official proxies the right to vote your shares that you are entitled to vote in their discretion on any other matter properly brought before the Annual Meeting.

What is the record date for voting at the Annual Meeting?

The record date for purposes of determining the number of outstanding shares of our common stock eligible to vote at the Annual Meeting, and for determining the shareholders entitled to vote at the Annual Meeting, is the close of business on March 27, 2017 (the “Record Date”). As of the Record Date, 8,741,214 shares of common stock were issued and outstanding. No other series of stock is outstanding. Holders of the shares of common stock have no preemptive rights. The transfer agent for the common stock is:

Broadridge Corporate Issuer Solutions

P.O. Box 1342

Brentwood, NY 11717

+1- (877) 830-4936.

What is the quorum requirement for the Annual Meeting?

A quorum must be present at the meeting in order for the shareholders to take official action. Under Utah law and our Articles of Incorporation and Bylaws, a quorum will exist if a majority of the total number of shares entitled to vote are present, in person or by proxy. Abstentions and broker non-votes, which are described below, will be counted as “represented” for the purpose of determining the presence or absence of a quorum.

What is a broker non-vote and how is it counted?

Under applicable rules, brokers are permitted to vote their customers’ stock held in street name on routine matters when the brokers have not received voting instructions from their customers. However, brokers are not allowed to vote their customers’ stock held in street name on non-routine matters unless they have received voting instructions

from their customers. In such cases, the uninstructed shares for which the broker is unable to vote are called broker non-votes.

The broker can register your shares as present at the Annual Meeting for purposes of attendance and obtaining a quorum, but will not be able to vote on those matters for which specific authorization is required. Similar to abstentions, broker non-votes are not considered a vote cast. Broker non-votes will have no effect on the voting of Proposals one through three that are on the agenda to be presented at the meeting.

What routine matters will be voted on at the Annual Meeting?

The ratification of the independent public accountants is the only routine matter on which brokers may vote in their discretion on behalf of customers who have not provided voting instructions.

What non-routine matters will be voted on at the Annual Meeting?

The election of directors and the advisory vote on the compensation of our named executive officers are non-routine matters on which brokers are not allowed to vote unless they have received voting instructions from their customers. Your broker will not be allowed to vote your shares on any non-routine matters without your specific instructions. Accordingly, it is particularly important that beneficial owners instruct their brokers how they wish to vote their shares.

How many votes are needed to approve each Proposal?

On all matters, except as otherwise provided by Utah law, each holder of common stock will be entitled to one vote for each share of common stock held on the Record Date. Assuming that a quorum is present, the votes needed to approve each Proposal are set forth below.

Proposal one: In the election of directors, shareholders will not be allowed to cumulate their votes. The election of directors will be determined by plurality vote.

Proposals two and three: The Proposal to ratify the appointment of Tanner LLC as our independent public accountants for the year ending December 31, 2017, and the Proposal to approve, by non-binding advisory vote, the compensation of our named executive officers each requires that the votes cast in favor of the Proposal must exceed the votes cast against the Proposal.

Abstentions and broker non-votes will not affect the outcome of the election of directors, the Proposal to ratify the appointment of Tanner LLC as our independent public accountants for the year ending December 31, 2017, or the advisory vote on the compensation of our named officers.

Other Matters: Any other matter properly presented for approval by the shareholders at the Annual Meeting will generally be approved if the number of votes cast in favor of such matter exceeds the number of votes cast in opposition. With respect to any such matter, abstentions and broker non-votes are not likely to affect the outcome of a vote on such matter. We are not currently aware of any other matters to be presented at the Annual Meeting.

What are the Board of Director's recommendations on the Proposals?

The Board of Directors recommends that shareholders cast their votes on the Proposals as follows:

“FOR” all director nominees listed in the proxy statement,

“FOR” the ratification of the appointment of our independent public accountants, and

“FOR” by non-binding advisory vote, the approval of the compensation of our named executive officers.

What is the effect of an “advisory” vote?

Because your votes with respect to approval of our named executive officer compensation is advisory, it will not be binding upon the Board. However, our Compensation Committee and the Board will take the outcomes of the votes into account when considering future executive compensation arrangements of our named executive officers.

What is the difference between a “shareholder of record” and a “street name” holder?

These terms describe how your shares are held. If your shares are registered directly in your name with Broadridge, our transfer agent, you are a “shareholder of record.” If your shares are held in the name of a brokerage, bank, trust or other nominee as a custodian, you are a “street name” holder.

Will I get more than one copy of the proxy statement, annual report or Notice of Internet Availability if there are multiple shareholders at my address?

In some cases, only one copy of this proxy statement, annual report or Notice of Internet Availability is being delivered to multiple shareholders sharing an address unless we have received contrary instructions from one or more of the shareholders. We will deliver promptly, upon a written or oral request, a separate copy of this proxy statement, annual report or Notice of Internet Availability to a shareholder at a shared address to which a single copy of the document was delivered. Shareholders sharing an address may also submit requests for delivery of a single copy of the proxy statement, annual report or Notice of Internet Availability, but in such event will still receive separate proxies for each account. To request separate or single delivery of these materials now or in the future, a shareholder may submit a written request to the Corporate Secretary, ClearOne, Inc., 5225 Wiley Post Way, Suite 500, Salt Lake City, Utah 84116 or a shareholder may make a request by calling the Corporate Secretary at +1 (801) 975-7200, or by contacting our transfer agent, Broadridge Corporate Issuer Solutions, P.O. Box 1342, Brentwood, NY 11717 or calling +1 (877) 830-4936.

How do I vote?

If your shares of common stock are held in street name by a broker, bank or other nominee, you will receive information from your nominee as to how to instruct them to vote your shares of common stock for each of the Proposals discussed in this proxy statement.

If you are a shareholder of record and hold common stock in your own name, you may give instructions on how to vote your shares of common stock by following the instructions on the proxy card or Notice of Internet Availability on how to vote over the Internet, by phone, or by mail by completing, signing, dating and returning the proxy card.

By completing and submitting the proxy (whether over the internet, by telephone, or by signing, dating and mailing the accompanying proxy card), the shareholder authorizes Zeynep Hakimoglu, Chairman and Chief Executive Officer, and Narsi Narayanan, Corporate Secretary, as designated on the face of the proxy, to vote all shares for the shareholder. All proxies that are properly completed and submitted will be voted as the shareholder directs. If no direction is given, executed proxies will be voted FOR each proposal set forth in this proxy statement. Votes will be tabulated by Broadridge.

How do I revoke my proxy?

You may revoke your proxy before the vote is taken at the Annual Meeting by:

completing, signing and submitting a new proxy with a later date;

attending the Annual Meeting and voting in person; or

filing a signed, written notice of revocation with the Corporate Secretary of the Company.

Your attendance at the Annual Meeting will not automatically revoke your proxy.

If the common stock you own is held on your behalf by a broker, bank or other nominee, you must contact the nominee to receive instructions as to how you can revoke your proxy.

You may obtain an additional proxy card by writing to Corporate Secretary, ClearOne, Inc., 5225 Wiley Post Way, Suite 500, Salt Lake City, Utah 84116.

Where can I find the voting results of the Annual Meeting?

We will announce the preliminary voting results at the Annual Meeting and disclose the final voting results in a current report on Form 8-K filed with the SEC within four (4) business days of the date of the Annual Meeting, unless only preliminary voting results are available at that time. To the extent necessary, we will file an amended report on Form 8-K to disclose the final voting results within four business days after the final voting results are known. You may access or obtain a copy of these and our other reports filed with the SEC free of charge on our web site at <http://www.clearone.com>. Also, such Form 8-K, any amendments thereto and other reports we file with the SEC are available to you over the Internet at the SEC's web site at <http://www.sec.gov>.

How can I view the shareholder list?

A complete list of shareholders of record entitled to vote at the Annual Meeting will be available for viewing during ordinary business hours for a period of ten (10) days before the Annual Meeting at our offices located at 5225 Wiley Post Way, Suite 500, Salt Lake City, Utah 84116.

Who pays for the proxy solicitation related to the Annual Meeting?

We will bear the costs of the solicitation. The solicitation of proxies by the Board of Directors will be conducted primarily by mail and through the Internet. Additionally, our officers, directors and employees may solicit proxies personally or by telephone, email or other forms of wire or facsimile communication. These officers, directors and employees will not receive any extra compensation for these services. We may reimburse brokers, custodians, nominees and fiduciaries for reasonable expenses incurred by them in forwarding proxy material to beneficial owners of our common stock as of the record date.

How can I obtain a copy of the Annual Report?

Our 2016 Annual Report, has been made available to shareholders with this proxy statement. You may also access or obtain a copy of our 2016 Annual Report, Form 10-K and other reports filed with the SEC free of charge on our web site at <http://www.clearone.com>, or at the SEC's web site at <http://www.sec.gov>. The 2016 Annual Report contains financial and other information about our company, but is not incorporated into this proxy statement and is not to be considered a part of these proxy soliciting materials or subject to Regulations 14A or 14C or to the liabilities of Section 18 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The information contained in the "Audit and Compliance Committee Report" shall not be deemed "filed" with the Securities and Exchange Commission or subject to Regulations 14A or 14C or to the liabilities of Section 18 of the Exchange Act.

We will provide, without charge, a printed copy of our 2016 Annual Report to each shareholder of record as of the record date that requests a copy in writing. Any such requests should be directed to our Corporate Secretary at our corporate offices set forth in this proxy statement.

PROPOSAL ONE

ELECTION OF DIRECTORS

Our Articles of Incorporation and bylaws provide that our Board of Directors shall consist of not less than three or more than nine members as determined by the Board of Directors or our shareholders from time to time. The director nominees are Ms. Hakimoglu, Mr. Baldwin, Mr. Hendricks and Mr. Robinson. In the event any nominee is unable to serve, the proxies will be voted for a substitute nominee, if any, to be designated by our Board of Directors. CORPORATE GOVERNANCE

Information Relating to Corporate Governance and the Board of Directors

Our Board of Directors has determined, after considering all the relevant facts and circumstances, that Messrs. Baldwin, Hendricks and Robinson are independent directors, as “independence” is defined by the listing standards of NASDAQ. This determination was made because Messrs. Baldwin, Hendricks and Robinson have no relationship with us that would interfere with their exercise of independent judgment.

Our Board of Directors has an Audit and Compliance Committee, a Compensation Committee, and a Nominating Committee, each consisting entirely of independent directors.

Our Board of Directors has adopted charters for the Audit and Compliance, Compensation and Nominating Committees describing the authority and responsibilities delegated to each committee by the Board. We post on our website at <http://www.clearone.com> the charters of our Audit and Compliance, Compensation and Nominating Committees, our Code of Ethics, and any amendments or waivers thereto and any other corporate governance materials contemplated by SEC or NASDAQ regulations. These documents are also available in print to any shareholder requesting a copy in writing from our Corporate Secretary at our corporate offices located at the address set forth in this proxy statement.

Board Leadership Structure; Lead Independent Director

The Board has no formal policy on whether the role of the Chairman of the Board and Chief Executive Officer should be held by separate persons. We believe it is important to maintain flexibility to have either combined offices or a separate Chairman and Chief Executive Officer structure as circumstances dictate and to make that determination based on the strategic and operational position and direction of the company and the character of the membership of the Board. The Board believes our current management structure, with Zeynep Hakimoglu serving as Chairman and Chief Executive Officer, is the optimal structure for us at this time. Ms. Hakimoglu possesses detailed and in-depth knowledge of the operational issues, opportunities and challenges facing the Company and its business, and also has a keen understanding of and ability to grasp our strategic position and opportunities. Given Ms. Hakimoglu's particular skills and knowledge, as well as our size and stage of development, we believe Ms. Hakimoglu is best positioned to identify strategic priorities, develop agendas that the Board's time and attention should be focused on as the most critical matters, and to lead the discussion and execution of strategy.

The Chief Executive Officer and the independent directors have different perspectives and roles in strategy development. The Chief Executive Officer brings Company-specific experience and expertise, while the Company's independent directors bring experience, oversight, and expertise from outside the Company and its industry. The Board believes its independent directors provide effective oversight of management, and that the combined role of Chief Executive Officer and Chairman promotes the development and execution of strategy and facilitates the flow of information between management and the Board, which is essential to effective corporate governance. The Board believes the combined role of Chief Executive Officer and Chairman, together with a Board whose majority of directors are independent and the current Lead Independent Director, provides the appropriate balance between independent oversight of management and the development of strategy.

Our independent directors have selected Mr. Brad Baldwin to serve as the Board of Directors' lead independent director. The lead independent director chairs all meetings of the non-employee and independent directors of the Board of Directors, including executive sessions. Interested parties who would like to contact Mr. Baldwin, or the non-employee or independent directors, on a confidential basis, may do so by mailing a written communication to Lead Independent Director, ClearOne, Inc., 5225 Wiley Post Way, Suite 500, Salt Lake City, Utah 84116.

Board Role in Risk Oversight

The Board of Directors is responsible for overseeing the management of the business and affairs of the Company, but delegates day-to-day management of the Company to the Chief Executive Officer and our executive management team. The Board of Directors is generally responsible for risk oversight, and the Audit and Compliance Committee assists the Board in fulfilling its responsibilities for general oversight of risk assessment and risk management. In addition, the other Board committees are also tasked with specific risk oversight functions pursuant to the terms of the committee charters or applicable NASDAQ rules. The Board as a whole and the various standing committees, in

performing their respective risk oversight functions, have access to our company's management team and external advisors, as necessary, and receive periodic presentations and reports from management, and incidental reports as matters arise with respect to strategic, operational, financial, legal or other risks and the plans management has to control such risks.

Committees of the Board of Directors

Audit and Compliance Committee. The Audit and Compliance Committee meets to review and discuss our accounting practices and procedures with management and independent public accountants and to review our quarterly and annual financial statements. The Audit and Compliance Committee assists the Board of Directors in fulfilling its responsibility for oversight of the quality and integrity of our accounting, auditing, and reporting practices. The Audit and Compliance Committee's primary duties include reviewing the scope and adequacy of our internal accounting and financial controls; reviewing the independence of our independent registered public accounting firm; approving the scope of our independent registered public accounting firm's audit activities; approving the fees of our independent registered public accounting firm; approving any non-audit related services; reviewing the audit results; reviewing the objectivity and effectiveness of our internal audit function; and reviewing our financial reporting activities and the application of accounting standards and principles.

The members of the Audit and Compliance Committee are Eric L. Robinson (Chairman), Brad R. Baldwin and Larry R. Hendricks. Each member of the audit committee, in addition to being independent under the standards of NASDAQ, is independent under the standards of the Securities and Exchange Commission's rules and regulations pertaining to listed company audit committees. The Board of Directors has determined that Eric L. Robinson is an "audit committee financial expert" in accordance with applicable rules and regulations of the SEC.

Compensation Committee. The Compensation Committee is responsible for overseeing, reviewing, and approving our executive compensation and benefit programs and administers the Company's equity incentive plans for employees. Under its charter, the Compensation Committee may delegate authority to subcommittees of the Compensation Committee or to executive officers of the Company, particularly the President and CEO with respect to compensation determinations for persons who are not executive officers of the Company. The members of the Compensation Committee are Brad R. Baldwin (Chairman), Larry R. Hendricks and Eric L. Robinson.

Nominating Committee. The Nominating Committee is responsible for overseeing the nomination of our directors. The Nominating Committee selects, evaluates, and recommends to the full Board of Directors qualified candidates for election to the Board of Directors. The members of the Nominating Committee are Larry R. Hendricks (Chairman), Brad R. Baldwin, and Eric L. Robinson.

The Board of Directors will consider recommendations by shareholders for director nominees if the names of those nominees and relevant biographical information are submitted in writing to our company's Secretary in the manner described for shareholder nominations below under the heading "Shareholder Proposals." The Nominating Committee identifies and evaluates nominees for our Board of Directors, including nominees recommended by shareholders, based on numerous factors it considers appropriate, some of which may include strength of character, mature judgment, career specialization, relevant technical skills, diversity, and the extent to which the nominee would fill a present need on our Board of Directors. Although the Nominating Committee does not have a formal policy with regard to the consideration of diversity in identifying director nominees, the Nominating Committee strives to nominate directors with a variety of complementary skills so that, as a group, the Board will possess the appropriate talent, skills and expertise to oversee the Company's business. All director nominations, whether submitted by a shareholder, the Nominating Committee, or the Board of Directors, will be evaluated in the same manner. All of the current nominees for director were recommended by the Nominating Committee and nominated by the Board of Directors. All director nominees have consented to serve as directors, if elected, until the next Annual Meeting of Shareholders or until their successors are elected and qualified and have consented to be named as nominees.

Board and Committee Meetings

Our Board of Directors held a total of twelve meetings in 2016. No director attended fewer than 75% of the aggregate of (i) the total number of meetings of the Board of Directors; and (ii) the total number of meetings held by all committees of the Board of Directors on which such director was a member. Although we currently have no formal policy with respect to the attendance of members of the Board of Directors at the Annual Meetings of Shareholders, we encourage each of our directors to attend each annual meeting of shareholders. To that end, and to the extent reasonably practicable, we regularly schedule a meeting of the Board of Directors on the same day as our annual meeting of shareholders. All members of our current Board of Directors attended the 2016 Annual Meeting of Shareholders.

In 2016, the Audit and Compliance Committee held nine meetings, the Compensation Committee held eight meetings, and the Nominating Committee held two meetings.

Code of Ethics

The Board of Directors adopted a code of ethics that applies to our Board of Directors, executive officers, and employees. The Company's Code of Ethics is posted on our website at <http://www.clearone.com>.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, as amended, requires our directors, executive officers and persons who own more than 10% of a registered class of our equity securities to file with the SEC initial reports of ownership on Form 3 and reports of changes of ownership of our equity securities on Forms 4 and 5. Officers, directors, and greater than 10% shareholders are required to furnish us with copies of all Section 16(a) reports they file. Based solely on a review of the reports and amendments to reports furnished to us for the year ended December 31, 2016, we believe that each person who, at any time during such fiscal year was a director, officer, or beneficial owner of more than 10% of our common stock complied with all Section 16(a) filing requirements during such period, except for the following: (i) Larry R. Hendricks, a director, filed a Form 4 on June 7, 2016 that was late by one day to report a sale of 5,000 shares of our common stock on June 2, 2016; (ii) Edward D Bagley, a beneficial owner of more than 10% of our common stock filed a Form 4 on August 17, 2016 that was late by two days to report a grant of options to purchase 10,000 shares of our common stock on August 12, 2016; and (iii) Edward D Bagley also filed a Form 4 on March 28, 2017 that was late by 173 days to report the purchase of 834 shares of our common stock upon the exercise of stock options on October 4, 2016.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of Compensation Program

The Compensation Committee of the Board of Directors is responsible for establishing and implementing our compensation philosophy, as detailed below. The Compensation Committee reviews and approves all of our compensation policies, including executive officer salaries, bonuses and equity incentive compensation. The Compensation Committee has designed the Company’s executive compensation programs with the goal of paying total compensation to the executive officers that is fair, reasonable, competitive, and includes incentives that are designed to appropriately drive corporate performance.

The Compensation Committee reviews and approves the annual compensation for our executive officers. The Compensation Committee may retain the services of an independent compensation consultant or research firm with respect to compensation of all named executive officers. The Compensation Committee did not retain a consultant for any of the years from 2014 to 2016. In addition, the Compensation Committee considers recommendations from the Chief Executive Officer with respect to other executive officers.

Overview of Compensation Philosophy and Objectives

Our “pay-for-performance” philosophy is among the fundamental tenets of our executive compensation program. We have adopted an approach to compensation comprised of a mix of short-term and long-term components that are designed to provide proper incentives and to reward our executive officers.

Our compensation objectives for executive officers are as follows:

to attract and retain highly qualified individuals capable of making significant contributions to the long-term success of our company;

to use incentive compensation to reinforce strategic performance objectives;

to align the interest of our executives with the interests of our shareholders such that the risks and rewards of strategic decisions are shared; and

to reflect the value of each officer’s position in the marketplace and within our company.

Compensation Policies and Procedures

Our Compensation Committee is responsible for administering our compensation practices. Our Compensation Committee was appointed by our Board of Directors, and consists entirely of directors who are “outside directors” for purposes of Section 162(m) of the Code, and non-employee directors for purposes of Rule 16b-3 under the Exchange Act. Under its charter, the Compensation Committee may delegate authority to subcommittees of the Compensation Committee or to executive officers of the Company, particularly the Chief Executive Officer with respect to compensation determinations for persons who are not executive officers of the Company. The members of the Compensation Committee are Brad R. Baldwin (Chairman), Larry R. Hendricks and Eric L. Robinson.

Our Compensation Committee holds meetings as necessary throughout the year.

Within the context of the overall objectives of our executive compensation philosophy, the Compensation Committee determines the specific types and amounts of compensation to be paid to each of our named executive officers based on a number of factors including:

- the roles and responsibilities of our executives;
- the number of executives being compensated;
- the individual experience and skills of, and expected contributions from, our executives;
- special accomplishments;
- compensation levels of executive officers at peer companies; and
- our executives' historical compensation at the Company.

The Compensation Committee strives to create an overall compensation package for each executive officer that satisfies the aforementioned objectives, recognizing that certain elements of compensation are better suited to reflect different compensation objectives. For example, as base salaries are the only element of compensation that are fixed in amount in advance of the year in which the compensation will be earned, the Compensation Committee believes that it is most appropriate to determine salaries with a focus on the market practices for similarly situated officers at comparable companies as adjusted to reflect the individual officer's performance. The Compensation Committee strives to make such comparisons at least once in every two years and fix salaries based on such comparison, but did not do so in 2016. In the years when such comparison is not made, salaries are adjusted from the previous year level based on Compensation Committee's collective knowledge of the industry, region and position as well as by applying their professional judgement. In contrast, cash bonuses and long-term incentives are better able to reflect our company's performance as measured by financial metrics and are well-suited to motivate officers to achieve specific performance goals that the Compensation Committee has determined are in the best interests of our company. Equity grants are also well-suited to drive long-term performance and align management's interests with those of shareholders. The Compensation Committee believes that as an officer's responsibility increases, so does his or her ability to influence the performance of our company and accordingly, the proportion of his or her compensation that consists of his or her salary and cash bonus should decrease while the proportion of equity incentives to total compensation should increase.

In making compensation decisions, including assessing the competitiveness of the total compensation structure for each named executive officer, the Compensation Committee may consider compensation data from companies that the Compensation Committee may select as comparable in terms of industry, size and location, but did not do so in 2016. The Compensation Committee may, in its discretion, review surveys and relevant articles on executive compensation practices, and may receive reports from Equilar, Inc. on chief executive officer pay strategies and trends for publicly traded small cap companies for that purpose, but did not do so in 2016. The Compensation Committee retains complete discretion with respect to the types and amounts of compensation awards each year.

The Compensation Committee establishes the criteria, and directs the implementation, of all compensation program elements for the executive officers. Generally, the salary for each named executive officer is set at the beginning of each fiscal year by the Compensation Committee. The Compensation Committee considers the Chief Executive Officer's appraisal of other executive officers' general performance and looks especially to performance against predetermined goals before making its decision. The Chief Executive Officer may recommend for the Compensation Committee's approval the stock option grants and compensation related to achievement of non-quantitative goals under non-equity based incentive plans for other executive officers.

Stockholder Say-on-Pay Advisory Vote

The Compensation Committee balances the interests of stockholders, regulators, and other interested parties. In 2016, we sought a stockholder say-on-pay advisory vote regarding executive compensation, and approximately 93% of the votes cast were in favor of our executive compensation. The Compensation Committee viewed this vote as supportive of the Company's overall approach to executive compensation. Due to such strong stockholder support, we did not make any material changes to our compensation policies in 2016. In accordance with the stockholder advisory vote at our 2011 annual meeting of stockholders, we intended to continue seeking a stockholder say-on-pay advisory vote regarding executive compensation on an annual basis.

Elements of Compensation

The compensation of our named executive officers consists primarily of four components:

- salary;
- quarterly incentive cash bonuses;
- equity-based incentives; and
- other benefits

In general, total compensation is geared to be sufficient to attract and retain excellent talent. In determining the adjustments to the compensation of our executive officers for the year ended December 31, 2016, we annually take into account the performance of each executive officer, their contributions toward the Company's success, and the Company's growth and stage of development.

We use a mix of short-term compensation (base salaries and cash incentive bonuses) and long-term compensation (equity incentive compensation) to provide a total compensation structure that is designed to achieve our pay-for-performance philosophy and our compensation objectives. We discuss each of the principal elements of our executive compensation in detail below.

Salary

In general, the salaries are designed to provide a consistent base of income and to attract the appropriate level of talent. The Compensation Committee strives to set salaries that are in line with the salaries for executives serving in similar competitive positions in the market and generally around the median level of salaries for executives serving in similar comparable positions. The Compensation Committee did not undertake an assessment of any market data in 2016. Salaries were fixed in 2015 after the Compensation Committee reviewed surveys and relevant articles on executive compensation practices, reports from Equilar, Inc. on chief executive officer pay strategies and trends for publicly traded small cap companies, and executive compensation information for several Utah based publicly-traded companies having revenues similar to those of the Company. Salaries in 2016 were fixed by making adjustments to 2015 salaries based on the Compensation Committee's collective knowledge of the industry, region and position as well as by applying their professional judgement.

The salaries of our executive officers are reviewed annually. We may also increase the salary of an executive officer at other times if a change in the scope of the officer's responsibilities or for any other reason that the Compensation Committee feels appropriate to achieve the objectives outlined here. The salaries also reflect the initial base salaries that were negotiated and annual adjustments made taking into account several factors including comparable positions in the market, contributions made by the executive, role and responsibilities of the executive and past performance.

The following table presents annual salaries for our named executive officers in 2014, 2015 and 2016:

Quarterly Incentive Cash Bonus

Quarterly incentive cash bonuses are designed to reward near-term operating performance and the achievement of milestones critical to our success in both the near and the long-term. Consistent with our emphasis on pay-for-performance, we have adopted an executive incentive bonus program. Executive officers will have an opportunity to earn bonuses based on the attainment of Company performance goals and a subjective analysis of individual performance that contributes to the attainment of those goals. The target bonuses and our establishment of business goals for the Company reinforces three of our compensation goals - namely, to motivate our executives toward even higher achievement and business results, to tie our executives' goals and interests to ours and our stockholders' and to enable us to attract and retain highly qualified individuals.

Quarterly Incentive Cash Bonus Plan for Ms. Hakimoglu and Mr. Narayanan:

According to this plan pre-determined quarterly goals are set for each quarter, namely, financial goals comprising of revenue, gross margin, operating income and meeting financial reporting goals, and non-quantitative performance goals. Quarterly revenue, gross margin and operating income targets are set early in the year as part of adopting the Company's budget for the year and these goals are seldom changed during the year except when there is a material acquisition or other event that has a significant impact on the financials of the company. Typically, these goals are set at target levels that the Compensation Committee believes will be difficult to achieve so that the full incentive bonuses are only paid when performance exceeds expectations. The Committee recognizes the difficulty to achieve these goals as these goals are often not met. Financial reporting goals which include meeting reporting deadlines are set for each quarter upon consultations with the Audit and Compliance Committee.

The targeted bonus is set at 50% of the officers' salary for each quarter with 70% of such bonus allocated for quantitative financial goals and the remaining 30% allocated for non-quantitative performance goals. The weights for quantitative performance goals are equally split for the first three quarters of the year. For the fourth quarter of the year weights assigned to the quantitative financial goals are as follows: 20% for revenue; 20% for gross margin; 20% for operating income; and 40% for meeting financial reporting deadlines.

Each quarterly quantitative goal is assessed separately. A minimum of 100% of the quarterly quantitative goal must be achieved in order to earn the bonus associated with the goal. In other words, no partial credit is given if the targeted quantitative goal is not achieved. The Compensation Committee approves bonuses for the executives only after the filing of relevant financial reports on Forms 10-Q and 10-K.

The plan provides for increased bonus upon achieving 100% of any of the quantitative goals subject to a cap of 140% of the bonus allocated for a specific quantitative goal. For every one percent achievement above the original goal, the bonus will be increased by 4%. For illustration, if actual attainment for revenue goals exceeded the original goal for a quarter by 5%, the bonus for such goal will be increased by 20%. The Compensation Committee seldom approves increased bonus for financial reporting goal and non-quantitative performance goals.

In advance of each quarter, quarterly non-quantitative performance goals for Mr. Narayanan are recommended by Ms. Hakimoglu, President and Chief Executive Officer, and approved by the Compensation Committee. Ms. Hakimoglu may at times recommend replacing an originally set performance goal with a different achievement during the quarter to address changed business priorities.

As part of the quarterly Board of Directors review of the Company's operations, the chief executive officer provides a detailed list of priorities and objectives for the next quarter. At the end of each quarter the Compensation Committee considers whether a bonus for the chief executive officer is appropriate in light of objectives and priorities accomplished, the Company's overall performance, the achievement of incentive bonus targets by other members of the management team, and the Compensation Committee's subjective assessment of the overall performance of the chief executive officer.

The Compensation Committee exercises its discretion in evaluating achievement of non-quantitative goals for the other executive officers applying both objective criteria as well as subjective criteria after consulting with Ms. Hakimoglu. The Compensation Committee often relies upon their collective knowledge of the company and applies their professional skills in evaluating the performance of the executives in achieving the non-quantitative goals.

The target and actual cash incentive bonus for Mr. Narayanan and Ms. Hakimoglu in 2016 was for the five quarters beginning the third quarter of 2015 and ending with the third quarter of 2016. The Compensation Committee approves

bonuses for the executives only after the filing of relevant financial reports in Forms 10-Q and 10-K.

Quarterly Incentive Cash Bonus Plan for Mr. Braithwaite:

Mr. Braithwaite's compensation plan is based upon attainment of world-wide revenue of network streaming products. His revenue target is set by Ms. Hakimoglu at the beginning of each quarter. Mr. Braithwaite has to achieve at least 65% of the revenue target to be eligible for bonus. If revenue attainment is above 65% but less than 90% of the revenue target, Mr. Braithwaite gets bonus at a reduced rate of 65% of the original bonus rate. His bonus plan provides for double the bonus rate for every 1% achieved above the target revenue with no cap on the maximum bonus that he could possibly earn.

The target and actual cash incentive bonus for Mr. Braithwaite in 2016 was for the five quarters beginning the third quarter of 2015 and ending with the third quarter of 2016. Mr. Braithwaite's targeted bonus for these five quarters was \$12,500 each. Mr. Braithwaite was not paid any bonus against these targets in any of the five quarters.

Upon Ms. Hakimoglu's recommendation, the Compensation Committee may at its discretion award cash bonuses not exceeding \$5,000 per quarter in recognition of Mr. Braithwaite's non-revenue achievements including promoting network streaming products among channel partners, end users and internal sales teams, travelling extensively both within the U.S. and outside to provide in-depth product presentations, and supporting key projects. Mr. Braithwaite was paid discretionary cash bonus of \$23,000 during 2016.

Equity Incentive Compensation

We may grant equity incentive awards in the form of stock options to align the interests of our executive officers with the interests of our stockholders. Our decisions regarding the amount and type of equity incentive compensation and relative weighting of these awards among total executive compensation is based on several factors including contributions made by the executive, the role and responsibilities of the executive, past performance of the executive, cumulative equity awards made to an officer, current stock prices, recent history of profitability of the equity awards, and current philosophy of the Board with respect to the impact of equity awards on common stock dilution.

Initial awards to new officers are largely based on the negotiations the Chief Executive Officer had at the time of recruiting. Typically, the Chief Executive Officer negotiates and makes an offer of employment subject to approval of the Compensation Committee.

We have typically made grants of equity incentive awards to our executive officers once a year. All such grants are reviewed and approved by the Compensation Committee.

The date of grant and the exercise price of the awards are established on the date of final approval by the Compensation Committee in accordance with the Financial Accounting Standards Board's Accounting Standards Codification ("ASC") 718, "Compensation - Stock Compensation." Exercise price is typically the closing market price of a share of our common stock on the date of the grant or in cases where grant is made to take effect on a subsequent future date, such future date. We do not have any program, plan or practice of setting the exercise price at a price less than fair market value of our common stock on the grant date. We do not have any program, plan or obligation that requires us to grant equity compensation on specified dates to our named executive officers.

In our year ended December 31, 2016, we made Stock Option Awards to our executive officers, as described below:

Stock Option Awards

Stock option awards provide our executive officers with the right to purchase shares of our common stock at a fixed exercise price typically for a period of up to ten years, subject to continued employment with our Company. In general, we provide our executives with service-based stock options that have gradual vesting schedules. These stock options are earned on the basis of continued service with the Company and vest over three years with one-third of the options vesting on the first anniversary of the date of grant and the remaining options vesting equally over 24 months following the first vesting date.

For certain option grants to executive officers and directors, in the event of a change in control, all of such optionee's unvested stock options will vest and become exercisable immediately prior to the event or the closing of the transaction causing the change in control. Under the option grants, a "Change in Control" means a change in ownership or control of the Company effected through either of the following transactions: (i) the acquisition, directly or indirectly, by any person or related group of persons (other than the Company or a person that directly or indirectly controls, is controlled by, or is under common control with, the Company), of beneficial ownership (within the meaning of Rule 13d-3 of the Exchange Act) of securities possessing more than fifty percent (50%) of the total combined voting power of the Company's outstanding securities pursuant to a tender or exchange offer made directly to the Company's shareholders, or (ii) a change in the composition of the Board over a period of thirty-six (36) consecutive months or less, such that a majority of the Board members ceases, by reason of one or more contested elections for Board membership, to be comprised of individuals who either (A) have been Board members continuously since the beginning of such period or (B) have been elected or nominated for election as Board members during such period by at least a majority of the Board members described in clause (A) who were still in office at the time the Board approved such election or nomination. Except as otherwise set forth in an option grant, in the event of a change in control of our company, the Board of Directors has the sole authority to elect that the vesting of each outstanding option automatically accelerate so that each such option shall, immediately prior to the effective date of the corporate transaction, become fully exercisable for all of the shares of common stock at the time subject to such option and may be exercised for any or all of those shares as fully vested shares of common stock.

We have granted stock options as incentive stock options in accordance with Section 422 of the Code, subject to the volume limitations contained in the Code, as well as non-qualified stock options. Generally, for stock options that do not qualify as incentive stock options, we are entitled to a tax deduction in the year in which the stock options are exercised equal to the difference between the exercise price and the fair market value, at the time of exercise, of the stock for which the stock option was exercised. The holders of the non-qualified stock options are generally taxed on this same amount in the year of exercise. For stock options that qualify as incentive stock options, we do not receive a tax deduction, and the holder of the stock option may receive more favorable tax treatment than he or she would for a non-qualified stock option unless the holder makes a disqualifying disposition, generally by failing to hold the stock for the period required by the Code. Historically, we have primarily granted incentive stock options to provide these potential tax benefits to our executives and because of the limited expected benefits to our company of the potential tax deductions as a result of our historical net losses.

Effective December 12, 2014, we adopted, as approved by our stockholders, the amended and restated 2007 Equity Incentive Plan, or the ClearOne Inc. Equity Incentive Plan, that affords more flexibility to our Compensation Committee by allowing grants of a wide variety of equity awards to our key employees, directors and consultants, including non-qualified stock options, shares of restricted stock and other awards that are valued by reference to the fair market value of our common stock. This plan is designed to assist us in attracting, retaining, motivating and rewarding key employees, directors and consultants and providing long-term value for our stockholders by closely aligning the interests of these individuals with those of our stockholders.

During 2016, the Compensation Committee awarded stock options to Ms. Hakimoglu covering 60,000 shares; to Mr. Narayanan covering 27,500 shares; and to Mr. Braithwaite covering 8,000 shares.

Other Compensation

The Compensation Committee retains the discretion to offer other compensation to executive officers taking into account special circumstances including securing successful litigation settlements, and participating in patent programs.

Other Compensation in 2016 consisted of the following:

Honorariums: \$300 and \$6,330 was paid to Ms. Hakimoglu and Mr. Braithwaite, respectively, as honorariums under a patenting process program.

Dividend Equivalents: ClearOne stock was awarded to executive officers under a dividend equivalents plan offered to all ClearOne stock optionees including directors, officers and a consultant. Under this plan, dividend equivalents were calculated at \$0.10, \$0.035, \$0.035, \$0.035 and \$0.05, for each stock option outstanding in the quarters of 2014-Q4, 2015-Q1, 2015-Q2, 2015-Q3, and 2015-Q4, respectively and equivalent value of ClearOne stock awarded. Ms. Hakimoglu, Mr. Narayanan and Mr. Braithwaite received ClearOne stock under this program for dividend equivalents related to 2015-Q3 and 2015-Q4 in 2016. The amounts calculated for Ms. Hakimoglu, Mr. Narayanan and Mr. Braithwaite were \$39,100, \$8,925 and \$2,054, respectively. The calculated dividend equivalents were awarded in the form of ClearOne stock valued at market price on the date of award of dividend equivalents. The dividend equivalents program was discontinued in 2016 after completion of the payments described above.

Dividend Equivalents termination: \$50,000, \$12,500 and \$2,500 were paid for Ms. Hakimoglu, Mr. Narayanan and Mr. Braithwaite, respectively, as one-time payment for the termination of the dividend equivalents program.

All of our executive officers are eligible for benefits offered to employees generally, including life, health, disability and dental insurance and participation in our 401(k) plan. We intend to continue to maintain our current benefits for our executive officers. The Compensation Committee in its discretion may revise, amend or add to the executive officers' benefits and perquisites if it deems it advisable. We do not believe it is necessary for the attraction or retention of executive talent to provide executive officers with a substantial amount of compensation in the form of perquisites. In 2016, no such perquisites were provided.

Potential Payments Upon Termination or Change in Control

Employment Agreements. As of the year ended December 31, 2016, none of our named executive officers was party to an employment or severance agreement with us, and each named executive officer's employment was on an "at-will" basis, permitting either us or the executive to terminate his or her employment for any reason or for no reason.

Accelerated Stock Option Vesting Upon a Change in Control. For certain option grants to executive officers and directors, in the event of a change in control, all of such optionee's unvested stock options will vest and become exercisable immediately prior to the event or the closing of the transaction causing the change in control.

Under the option grants, a "Change in Control" means a change in ownership or control of the Company effected through either of the following transactions:

(i) the acquisition, directly or indirectly, by any person or related group of persons (other than the Company or a person that directly or indirectly controls, is controlled by, or is under common control with, the Company), of beneficial ownership (within the meaning of Rule 13d-3 of the Exchange Act) of securities possessing more than fifty percent (50%) of the total combined voting power of the Company's outstanding securities pursuant to a tender or exchange offer made directly to the Company's shareholders, or

(ii) a change in the composition of the Board over a period of thirty-six (36) consecutive months or less, such that a majority of the Board members ceases, by reason of one or more contested elections for Board membership, to be comprised of individuals who either (A) have been Board members continuously since the beginning of such period or (B) have been elected or nominated for election as Board members during such period by at least a majority of the Board members described in clause (A) who were still in office at the time the Board approved such election or nomination.

Except as otherwise set forth in an option grant, in the event of a change in control of our company, the Board of Directors has the sole authority to elect that the vesting of each outstanding option automatically accelerate so that each such option shall, immediately prior to the effective date of the corporate transaction, become fully exercisable for all of the shares of common stock at the time subject to such option and may be exercised for any or all of those shares as fully vested shares of common stock.

At our current stock price of about \$10.00, all our named executive officers would benefit from any potential accelerated vesting of unvested stock options.

Accounting and Tax Considerations

The Company uses judgment in determining the fair value of the options awards on the date of grant using an option-pricing model with assumptions regarding a number of highly complex and subjective variables. These variables include, but are not limited to, the risk-free interest rate of the awards, the expected life of the awards, the expected volatility over the term of the awards, and the expected dividends of the awards. The Company uses the Black-Scholes option pricing model to determine the fair value of share-based payments granted under the guidelines of ASC Topic 718. Black-Scholes option pricing model requires certain estimates, including an expected forfeiture rate and expected term of options granted. We also make decisions regarding the method of calculating expected volatilities and the risk-free interest rate used in the option-pricing model. The resulting calculated fair value of stock options is recognized as compensation expense over the requisite service period, which is generally the vesting period. When there are changes to the assumptions used in the option-pricing model, including fluctuations in the market price of our common stock, there will be variations in the calculated fair value of our future stock option awards, which results in variation in the compensation cost recognized.

We generally intend for our executive compensation program to comply with Section 162(m) of the Code, as well as Code Section 409A. The Compensation Committee intends for all compensation paid to the named executive officers to be tax deductible to us pursuant to Section 162(m) of the Code. Under Section 162(m) of the Code, compensation paid to the named executive officers in excess of \$1,000,000 cannot be deducted by us for federal income tax purposes, unless such amounts satisfy the performance-based exception to the deduction disallowance.

Section 409A of the Code addresses certain non-qualified deferred compensation benefits payable to our executives and provides that if such benefits do not comply with Section 409A, they will be taxable in the first year they are not subject to a substantial risk of forfeiture. In such case, our executives would be subject to regular federal income tax, interest and an additional federal income tax of 20% of the benefit includible in income. We have generally designed our executive compensation plans and agreements in a manner that complies with Section 409A.

We have granted stock options as incentive stock options in accordance with Section 422 of the Code subject to the volume limitations contained in the Code. Generally, the exercise of an incentive stock option does not trigger any recognition of income or gain to the holder. If the stock is held until at least one year after the date of exercise (or two years from the date the option is granted, whichever is later), all of the gain on the sale of the stock, when recognized for income tax purposes will be capital gain, rather than ordinary income to the recipient. Consequently, we do not receive a tax deduction. For stock options that do not qualify as incentive stock options, we are entitled to a tax deduction in the year in which the stock options are exercised equal to the spread between the exercise price and the fair market value of the stock for which the stock option was exercised. The holders of the non-qualified stock options are generally taxed on this same amount in the year of exercise.

Potential Payments Upon Termination or Change in Control

Employment Agreements. As of the year ended December 31, 2016, none of our named executive officers was party to an employment or severance agreement with us, and each named executive officer's employment was on an "at-will" basis, permitting either us or the executive to terminate his or her employment for any reason or for no reason.

Accelerated Stock Option Vesting Upon a Change in Control. For certain option grants to executive officers and directors, in the event of a change in control, all of such optionee's unvested stock options will vest and become exercisable immediately prior to the event or the closing of the transaction causing the change in control.

Under the option grants, a “*Change in Control*” means a change in ownership or control of the Company effected through either of the following transactions:

(i) the acquisition, directly or indirectly, by any person or related group of persons (other than the Company or a person that directly or indirectly controls, is controlled by, or is under common control with, the Company), of beneficial ownership (within the meaning of Rule 13d-3 of the Exchange Act) of securities possessing more than fifty percent (50%) of the total combined voting power of the Company’s outstanding securities pursuant to a tender or exchange offer made directly to the Company’s shareholders, or

(ii) a change in the composition of the Board over a period of thirty-six (36) consecutive months or less, such that a majority of the Board members ceases, by reason of one or more contested elections for Board membership, to be comprised of individuals who either (A) have been Board members continuously since the beginning of such period or (B) have been elected or nominated for election as Board members during such period by at least a majority of the Board members described in clause (A) who were still in office at the time the Board approved such election or nomination.

Except as otherwise set forth in an option grant, in the event of a change in control of our company, the Board of Directors has the sole authority to elect that the vesting of each outstanding option automatically accelerate so that each such option shall, immediately prior to the effective date of the corporate transaction, become fully exercisable for all of the shares of common stock at the time subject to such option and may be exercised for any or all of those shares as fully vested shares of common stock.

At our current stock price of about \$10.00, all our named executive officers would benefit from any potential accelerated vesting of unvested stock options.

Compensation Risk Assessment

In setting compensation, the Compensation Committee considers the risks to the Company’s shareholders and to achievement of its goals that may be inherent in its compensation programs. The Compensation Committee conducted a risk assessment of the Company’s compensation programs, including its executive compensation programs. The Compensation Committee reviewed and discussed its assessment with management and outside legal counsel and concluded that the Company’s compensation programs are within industry standards and are designed with the appropriate balance of risk and reward to align employees’ interests with those of the Company and do not incent employees to take unnecessary or excessive risks. Although a portion of our executives’ and employees’ compensation is performance-based and “at risk,” we believe our compensation plans are appropriately structured and are not reasonably likely to result in a material adverse effect on the Company.

The Audit and Compliance Committee approves or pre-approves all services provided by our public accountants. Permitted services include audit and audit-related services, tax services and other non-audit related services. Certain services are identified as restricted. PROPOSAL THREE

APPROVAL, BY NON-BINDING VOTE, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

The Dodd-Frank Wall Street and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our shareholders to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the disclosure rules of the SEC.

As described in detail under the headings “Compensation Discussion & Analysis” and “Executive Compensation,” our executive compensation programs are designed to attract and retain key executives, to stimulate management’s efforts on our behalf in a way that supports our business plan and to align management’s incentives with our long-term interests and those of our shareholders. Please read the discussion under the headings “Compensation Discussion and Analysis” for additional details about our executive compensation programs, including information about the fiscal year 2016 compensation of our named executive officers.

We are asking shareholders to indicate their support for our named executive officers’ compensation as described in this proxy statement. This proposal, commonly known as “say on pay,” gives our shareholders the opportunity to express their views on our named executive officers’ compensation. The vote on this proposal is not intended to address any specific element of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we will ask our shareholders to vote FOR this proposal on their proxy card.

The say-on-pay vote is advisory and, therefore, not binding on the Company, the Compensation Committee or the Board of Directors. Our Board of Directors and our Compensation Committee value the opinions of our shareholders, and to the extent there is any significant vote against our named executive officers’ compensation as disclosed in this proxy statement, the Compensation Committee will evaluate what, if any, actions are necessary to address the concerns of shareholders.

Accordingly, we ask our shareholders to approve the following advisory resolution at the 2017 Annual Meeting:

“RESOLVED, that the compensation paid to the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including in the compensation tables and narrative discussion, is hereby approved.”

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE “FOR” THE APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

DEADLINE FOR RECEIPT OF SHAREHOLDER PROPOSALS

Any shareholder that wishes to present any proposal for shareholder action at our Annual Meeting of Shareholders to be held during calendar year 2018 must notify us at our principal executive offices no later than March 3, 2018 in order for the proposal to be included in our proxy statement and form of proxy relating to that meeting.

Pursuant to Rule 14a-8 under the Exchange Act, we intend to retain discretionary authority to vote proxies with respect to shareholder proposals for which the proponent does not seek inclusion of the proposed matter in our proxy statement for the annual meeting to be held during calendar 2018, except in circumstances where (i) we receive notice of the proposed matter no later than December 6, 2017 and (ii) the proponent complies with the other requirements set forth in Rule 14a-8.

SUPPLEMENTAL PROXY INFORMATION

Except as specifically modified or supplemented by the information contained in this supplement, all information set forth in the Definitive Proxy Statement remains applicable.

OTHER MATTERS

We know of no other business to be submitted at the meeting. If any other matters should properly come before the meeting, it is the intention of the persons named in the accompanying form of proxy to vote the shares they represent as our Board of Directors may recommend.
