PROXY STATEMENT

SOLICITATION AND REVOCATION OF PROXIES

The accompanying proxy is solicited by the Board of Directors of International Bancshares Corporation, a Texas Corporation (the "Company") to be voted at the Annual Meeting of Shareholders to be held on May 17, 2001 at 7:00 p.m. at the LAREDO COUNTRY CLUB, 1415 COUNTRY CLUB DRIVE, LAREDO, TEXAS. The Company will bear the cost of such solicitation. It is expected that the solicitation of proxies will be primarily by mail. Proxies may be solicited personally by regular employees of the Company at a nominal cost. Any shareholder giving a proxy has the power to revoke it at any time prior to the voting of the proxy by giving notice in person or in writing to the Secretary of the Company or by appearing at the Annual Meeting and voting in person. The approximate date on which this proxy statement and the accompanying form of proxy are first sent or given to security holders is April 16, 2001.

VOTING AT MEETING

Only holders of record of common stock, par value \$1.00 per share ("Common Stock"), of the Company at the close of business on April 5, 2001, shall be entitled to vote at the meeting. There were 21,312,026 shares of Common Stock issued and outstanding on the record date held of record by approximately 1988 shareholders. Each share of Common Stock is entitled to one vote.

All shares entitled to vote represented by a properly executed and unrevoked proxy received in time for the meeting will be voted at the meeting in accordance with the instructions given, but in the absence of instructions to the contrary, such shares will be voted affirmatively. Persons empowered as Proxies will also be empowered to vote in their discretion upon such other matters as may properly come before the meeting or any adjournment thereof. If any nominee shall be unable to serve, which is not now contemplated, the proxies will be voted for such substitute nominee(s) as the Board of Directors recommends.

A quorum for the transaction of business at the Annual Meeting requires representation, in person or by proxy, of the holders of a majority of the issued and outstanding shares of Common Stock. The judges of election will treat abstentions and broker non-votes as shares that are present for purposes of determining the presence of a quorum for the transaction of business at the meeting. A quorum with respect to any specific proposal to be voted on at the Annual Meeting requires representation, in person or by proxy, of the holders of a majority of the issued and outstanding shares of Common Stock entitled to vote on the proposal. Abstentions will be treated as present and entitled to vote with respect to any proposal submitted to the shareholders for a vote for purposes of determining both the presence of a quorum with respect to such proposal and the approval of such proposal. If a broker indicates on a proxy that it does not have discretionary authority as to certain shares to vote on a particular matter, the holder(s) of such shares will not be considered as present and entitled to vote with respect to such matter for purposes of determining either the presence of a quorum with respect to such matter or the approval of such matter. With respect to any proposal other than the election of directors, such proposal shall be determined by the affirmative vote of the holders of a majority of the shares of Common Stock represented, in person or by proxy, at the meeting and entitled to vote thereon. Thus, abstention with respect to any such matter will have the same legal effect as a vote against such matter, while broker non-votes will not affect the outcome of such matter. With respect to the election of directors, the directors

Edgar Filing: INTERNATIONAL BANCSHARES CORP - Form DEF 14A

shall be elected by a plurality vote of the holders of shares of Common Stock present at the meeting and entitled to vote thereon.

REPORT OF THE SALARY AND STEERING COMMITTEE

The Company's compensation package for each of its executive officers consists of base salary, annual discretionary bonus and a discretionary incentive stock option grant. Also, certain executive officer(s) may receive compensation pursuant to the Company's Executive Incentive Compensation Plan. Stock option grants are determined by the Company's Compensation Committee and are discussed under the Committee's separate report below. All cash compensation paid to executive officers of the Company is paid by IBC. Base salary levels and annual bonuses are recommended by the Salary and Steering Committee of IBC (the "Committee").

The Committee's recommendations regarding each executive officer's compensation is subjective with regard to both the base salary and bonus. The annual financial performance of IBC is the most important factor in the subjective analysis. The bonus program is intended to compensate each executive officer for the officer's contribution to IBC's financial performance during the previous year. At the end of each year based on the financial performance of IBC and the perceived contribution by each executive officer, a base salary recommendation for the next year and a bonus recommendation for the previous year is made for each executive officer by the Committee. The overall bonus pool for executive officers is affected by the earnings performance of IBC for the previous year. All base salary and bonus recommendations of the Committee are

Edgar Filing: INTERNATIONAL BANCSHARES CORP - Form DEF 14A

subject to final approval of the Board of Directors of IBC.

With respect to the compensation of Mr. Nixon, the CEO of the Company, the Committee recommends to the Board of Directors the CEO's salary and bonus based on its subjective determination. In determining the CEO compensation, the Committee reviews the objectives of the Company for the previous year and the attainment thereof, principally including the Company's financial performance. For

7

services rendered to IBC in 2000, Mr. Nixon received a cash bonus under IBC's discretionary cash bonus program of \$500,000. During 2000, the Company met both the return on average total assets and the return on average total shareholders' equity targets established pursuant to the 1998 Executive Incentive Compensation Plan (the "EICP") by the Committee. Accordingly, Mr. Nixon received an incentive award under the EICP of \$500,000 for services rendered to the Company during 2000. The amounts of the cash bonus and the incentive award were largely affected by the strong financial results of the Company during 2000, which included (i) net income of \$75.2 million, or \$3.51 per share-basic, an amount which represents a 16% increase in earnings per share compared to the previous year, (ii) the Company's excellent return on average total assets of 1.33% and (iii) the Company's strong return on average total shareholders' equity of 20.92%.

The Salary and Steering Committee has considered the limitations on deductibility of compensation of the named executive officers under Section 162(m) of the Internal Revenue Code. The Steering Committee's current policy is to ensure that substantially all such compensation is deductible under Section 162(m) when paid.

REPORT OF THE STOCK OPTION PLAN COMMITTEE

The Stock Option Plan Committee of the Board of Directors determines the stock option grants to executive officers and key salaried employees of the Company. During 2000, the Stock Option Plan Committee met and granted options to purchase a total of 133,000 shares of Common Stock to several of the key salaried employees of the Company of which 120,000 shares represented the grant of non-qualified stock options to certain employees of the Gulf Star Group. The primary purpose of the Company's Stock Option Plan is to increase the interest of the executive and key salaried employees of the Company and the subsidiary banks in its future growth and success through the added incentive created by the opportunity afforded for stock ownership under the Plan. The size of the option grants were determined by the Stock Option Plan Committee based upon a subjective assessment of the respective employee's performance, compensation level and other factors. The exercise price of each option equaled the fair market value of the Common Stock as of the date of grant.

REPORT OF THE AUDIT COMMITTEE

The Company's Audit Committee is responsible for providing objective and independent oversight of the Company's accounting functions and internal controls. Such oversight responsibility includes, but is not limited to, making recommendations concerning the engagement of independent public accountants, reviewing the financial statements and the scope of the independent annual audit, reviewing and reassessing the adequacy of the Audit Committee's charter, reviewing the independent public accountants, considering the range of audit and non-audit fees, monitoring internal financial and accounting controls and

Edgar Filing: INTERNATIONAL BANCSHARES CORP - Form DEF 14A

performing such other oversight functions as may be requested from time to time by the Board of Directors.

REPORT:

The Audit Committee has:

--reviewed and discussed the audited financial statements with management;

--discussed with the independent auditors the matters required to be discussed by SAS 61; and

--received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, and discussed with the auditors the auditors' independence.

8

Based on the review and discussions with management and the Company's independent accountants referenced above, the Audit Committee has recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2000 filed with the SEC.

The Board of Directors has determined that the members of the Audit Committee are "independent" as defined in Rule 4200(a)(15) of the National Association of Securities Dealers listing standards. The Audit Committee has adopted a written charter. The charter is included as "Appendix A" to this proxy statement.

This report is submitted on behalf of the Audit Committee.

Lester Avigael Irving Greenblum Richard E. Haynes

FEEES PAID TO PRINCIPAL ACCOUNTING FIRM

During the year ended December 31, 2000 the Company was billed for the following fees by the Company's principal accounting firm, KPMG LLP:

AUDIT FEES FOR FISCAL YEAR 2000.....	\$225,000
FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION.....	\$ 0
ALL OTHER FEES.....	\$269,912

The Audit Committee has considered whether the provision of services covered in billings included under "All Other Fees" listed above is compatible with maintaining the principal accounting firm's independence. The Audit Committee has concluded that the provisions of such non-audit services would not jeopardize the independence of KPMG LLP.

SALARY AND STEERING COMMITTEE AND STOCK OPTION PLAN COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Salary and Steering Committee members during 2000 were Lester Avigael, Richard E. Haynes and Mr. Nixon, who serves as President and Chairman of the Board of the Company and President and CEO of IBC, and who is consulted with respect to compensation decisions for all executives and key salaried employees other than for himself. Stock Option grants are determined by the Stock Option Plan Committee whose members were Lester Avigael, Richard E. Haynes and Irving Greenblum. Messrs. Richard E. Haynes and Dennis E. Nixon each have total

Edgar Filing: INTERNATIONAL BANCSHARES CORP - Form DEF 14A

indebtedness outstanding with the Company and/or the subsidiary banks of the Company in an amount which exceeds \$60,000, which indebtedness is fully performing and is included in the disclosure regarding the aggregate amount receivable to the banks and the Company from certain related parties of the Company set forth on pages 11 and 12, under the caption "Interest of Management in Certain Transactions".

INTEREST OF MANAGEMENT IN CERTAIN TRANSACTIONS

Some of the directors, executive officers and nominees for directors of the Company and IBC and principal shareholders of the Company and their immediate families and the companies with which they are associated were customers of, and had banking transactions with, the Company's subsidiary banks in the ordinary course of the subsidiary banks' business during 2000, and the Company anticipates that such banking transactions will continue in the future. All loans and commitments to loan included in such banking transactions were made in the ordinary course of business, on substantially the same terms, including interest rates and collateral, as those prevailing in the industry at the time for comparable transactions with non-insiders, and, in the opinion of management of the Company, did not involve more than a normal risk of collectibility or present other unfavorable features.

10

At December 31, 2000, loans outstanding made by the Company and all subsidiary banks to directors, executive officers and nominees for directors of the Company (not including those subsidiary bank executive officers and directors who do not serve at the Company level) and principal shareholders of the Company and to persons or entities affiliated with such individuals aggregated \$34,871,655.76. At December 31, 2000, all of such loans were current with respect to principal and interest.

During 1994, the Company obtained approval from the Federal Reserve Bank of

Edgar Filing: INTERNATIONAL BANCSHARES CORP - Form DEF 14A

Dallas to engage in the activity of making loans to certain of its executive officers, directors, affiliates, and principal shareholders, and to certain executive officers and directors and their related interests of the subsidiary banks. In connection with such approval, the Company committed that all loans would be on terms and under circumstances, including credit standards, that are substantially the same or at least as favorable to the Company as those prevailing at the time for comparable transactions with or involving other non-affiliated borrowers, or in the absence of comparable transactions, on terms and under circumstances, including credit standards, that in good faith would be offered to or would apply to non-affiliated companies. As of December 31, 2000, loans outstanding made by the Company to such persons or entities aggregated \$4,415,740.04 and all of said loans, which are described in the following paragraph, were made on terms and under circumstances consistent with the commitment made by the Company to the Federal Reserve Bank of Dallas.

As of December 31, 2000, IBC Partners Investment Joint Venture and IBC Partners Organizational Joint Venture were indebted to the Company in the amount of \$25,372 and \$89,708, respectively. The two loans were extended as part of a single credit facility in connection with the formation of IBC Partners, Ltd. The two joint ventures are controlled by certain directors and executive officers of the Company or its subsidiary banks. The joint ventures repaid \$38,063 and \$152,212, respectively, on the credit facility during 2000. As of December 31, 2000, Dennis E. Nixon and his related interests were indebted to the Company in the amount of \$4,230,740 in connection with three real estate and two consumer related loans. Mr. Nixon and his related interests repaid \$716,399 on the related loans during 2000. As of December 31, 2000, R. David Guerra and his related interests were indebted to the Company in the amount of \$185,000 in connection with two consumer loans. At December 31, 2000, all of the loans outstanding in the aggregate principal amount of \$4,415,740 (as described in this paragraph and the foregoing paragraph) were current with respect to principal and interest.

IBC and Sanchez Oil & Gas Corporation, a related interest of Antonio R. Sanchez, Jr., who is a director and principal shareholder of the Company, jointly own, in varying percentages certain aircraft used for business purposes by IBC, the other bank subsidiaries and Sanchez Oil and Gas Corporation. The net book value of IBC's aggregate interest in all of the aircraft as of April 5, 2001 was approximately \$3.3 million. Each bank subsidiary and Sanchez Oil and Gas Corporation pay the pro rata expense related to their actual use of the aircraft.

FILING OF BENEFICIAL OWNERSHIP REPORTS

Under the securities laws of the United States, the Company's directors, its executive officers and any persons holding more than ten percent of the Company's Common Stock are required to report their initial ownership of the Company's Common Stock and any subsequent changes in that ownership to the Securities and Exchange Commission. Specific due dates for these reports have been established and the Company is required to disclose in this proxy statement any failure to file such reports by the applicable dates during 2000. The Company believes that all of these filing requirements were timely satisfied with the exception of one amended report filed by Antonio R. Sanchez, Jr. with respect to certain stock dividends and other transactions involving a family limited partnership and various trusts for the benefit of members of his family, which transactions were inadvertently not reported on a Form 4 filed by Mr. Sanchez during 2000. In making these disclosures, the Company has relied solely on written representations of its directors, executive officers and its ten percent holders and copies of the reports that they have filed with the Commission.

PROPOSAL--2 APPOINTMENT OF INDEPENDENT AUDITORS

The Board of Directors of the Company has appointed the firm of KPMG LLP to audit the accounts of the Company for the 2001 fiscal year. The firm has audited the books of the Company and its predecessor, IBC, annually since 1979.

Audit services rendered by KPMG LLP for the fiscal year ended December 31, 2000 included the annual examination of the Company's financial statements, including reports to shareholders and the Securities and Exchange Commission; and consultation on accounting and related matters and services performed in connection with other regulatory filings.

Representatives of KPMG LLP are expected to be present at the annual meeting of shareholders with the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Approval of the appointment of independent auditors is not a matter which is required to be submitted to a vote of shareholders, but the Board of Directors considers it appropriate for the shareholders to express whether they approve or withhold their approval of the appointment. If shareholder approval should be withheld, the Board of Directors would consider an alternative appointment for the succeeding fiscal year. The Board of Directors of the Company recommends that the shareholders approve the appointment of KPMG LLP as the independent auditors. The affirmative vote of a majority of the shares present and entitled to vote thereon will constitute approval.

PROPOSAL--3 AMENDMENT OF THE 1996 INTERNATIONAL BANCSHARES CORPORATION STOCK OPTION PLAN

On April 5, 2001, the Board of Directors approved for submission to the shareholders and recommends that the shareholders approve an amendment (the "Amendment") to the 1996 International Bancshares Corporation Stock Option Plan (the "Plan"). The amendment provides for the addition of 300,000 new shares of Common Stock of the Company to the 300,000 shares of Common Stock already available under the Plan, for a total of 600,000 shares of the Company's Common stock to be available under the Plan. In the event the number of outstanding shares of Common Stock is changed by a stock dividend, split or combination of shares, or a merger, consolidation or recapitalization of the Company, a proportionate or equitable adjustment will be made in the number or kind of shares subject to unexercised options or available for options and in the purchase price for shares subject to unexercised options, to the extent permitted by the Plan.

The Company has approved the Plan. The primary purpose of the Plan is to increase the interest of the officers, employees, consultants and advisors of the company (the "Eligible Persons") in its future growth and success through the added incentive created by the opportunity afforded for stock ownership under the Plan. The Company, through the Plan, seeks to motivate officers, employees, consultants and advisors and to attract highly competent individuals whose judgment, initiative and continuing effort will contribute to the success of the Company.

The Plan provides that it will generally be administered by the Compensation Committee of the Board of Directors (the "Committee") and determines the terms and conditions under which options ("Options") to purchase shares of Common Stock may be awarded.

The Committee has full and final authority to select those Eligible Persons who will be granted Options. The Committee will administer the Plan and will consist of members of the Board of Directors who are "disinterested persons" (as

Edgar Filing: INTERNATIONAL BANCSHARES CORP - Form DEF 14A

that term is defined in the rules and regulations under Section 16 of the Exchange Act) and "outside directors" (as that term is defined in the regulations promulgated under Section 162(m) of the Internal Revenue Code (the "Code"), as may be modified or amended). Within the

12

limits of the Plan, the Committee determines the amounts, times, forms, terms and conditions of grants under the Plan. Participation in the Plan is determined by the Committee and may include any Eligible Persons selected by the Committee. There are approximately 1467 full-time employees of the Company and its subsidiaries and currently 239 of said employees participate in the 1996 Plan.

Options granted under the Plan may be Incentive Stock Options ("ISO"), as defined in Section 422 of the Code, or options not qualifying for treatment as ISOs ("Nonstatutory Stock Options"). Subject to applicable provisions of the Code, the Committee determines the recipients of Options and the terms of the Options, including the type of Option, the number of shares for which an Option is granted, the term of the Option and the time(s) when the Option can be exercised. Restrictions on the exercise of an Option may, at the discretion of the Committee, be contained in the agreement with the participant or in the Committee's procedures. Each ISO must comply with all the requirements of Section 422 of the Code. The Committee may in its discretion waive any condition or restriction on the exercise of an Option and may accelerate the time at which any Option is exercisable.

The price per share of Common Stock subject to an Option (the "Option Price") is set by the Committee. In the case of ISOs, the Option Price may not be less than the fair market value of Common Stock (as determined in good faith by the Committee) on the date of the grant of the ISOs; provided, however, the Option Price of an ISO granted to an Eligible Person that owns 10% or more of the Common Stock may not be less than 110% of the fair market value of the Common Stock on the date of grant of the ISOs. In the case of Nonstatutory Stock Options, there are no restrictions with respect to the Option Price. The Committee also determines the manner in which the Option Price of an Option may be paid, which may include the tender of cash or securities or the withholding of Common Stock or any other arrangement satisfactory to the Committee.

Options granted under the Plan may be exercisable for a period of up to 10 years from the date of grant, excluding ISOs granted to 10% shareholders which may be exercisable for a period of up to only 5 years. Within these limitation periods, the Committee will determine the expiration dates of Options. Options may be exercised at any time or from time to time, within their terms, in whole or in part, or otherwise as shall be determined by the Committee.

Under the Code, a participant receiving a Nonstatutory Stock Option generally does not recognize taxable income upon the grant of the Option. A participant does, however, recognize ordinary income upon the exercise of a Nonstatutory Stock Option to the extent that the fair market value of Common Stock on the date of exercise exceeds the Option Price. The Company may deduct for Federal income tax purposes (with certain exceptions) an amount equal to the ordinary income so realized by the participant.

The grant of an ISO does not result in taxable income to a participant. The exercise of an ISO also does not result in taxable income, provided that the employment requirements specified in the Code are satisfied, although such exercise may give rise to alternative minimum taxable income for the participant. In addition, if the participant does not dispose of Common Stock acquired upon exercise of an ISO during the statutory holding period, then any gain or loss upon the subsequent sale of Common Stock will be long-term capital gain or loss, assuming the shares represent a capital asset in the participant's

Edgar Filing: INTERNATIONAL BANCSHARES CORP - Form DEF 14A

hands. No deduction is allowed to the Company in connection with the grant or exercise of an ISO. However, the Company will be entitled to a deduction in the year that a disqualifying disposition occurs equal to the amount of ordinary income recognized by the participant.

During the 2000 fiscal year, the Board of Directors approved the granting of several stock options to Eligible Persons of subsidiaries of the Company. The optionees have the right to purchase 133,000 shares of Common Stock of the Company at prices of \$31.00 or \$41.00 per share. The Company believes these prices to be the average fair market value of the Common Stock at the time of the grants. Most recently, on April 5, 2001 the closing sales price of the Company's Common Stock was \$37.00.

13

The Board of Directors may at any time terminate the Plan. The benefits that will be received under the Plan by particular individuals or groups are not determinable at this time. The benefits that were received for the 2000 fiscal year by the named executive officers pursuant to the Plan are summarized on tables on pages 9 and 10.

The affirmative vote of the holders of a majority of the shares entitled to vote on this matter and represented in person or by proxy is required to approve the Amendment of the Plan. The Board of Directors recommends that the shareholders vote FOR the Amendment of the Plan. The accompanying proxy will be voted in favor of approval of the Amendment unless contrary instructions are noted on the proxy.
