Access Integrated Technologies, Inc. (the “Registrant”) is filing this post-effective amendment to deregister securities registered for resale on Registration Statement on Form S-3, No. 333-123279 (the “Registration Statement”). The Registration Statement registered the resale of 4,593,869 shares of Class A common stock, par value \$0.001 per share, of the Registrant (the “Class A Common Stock”) by selling stockholders. All securities which remain unsold under the Registration Statement are hereby deregistered. The resale of these securities is being deregistered because the registration rights related to such securities have expired and the Registrant is no longer required to keep such registration effective.
