Private offering of foreign convertible corporate bonds

In order to meet long term capital requirements and allow more diversified and flexible funding channels, the AGM is urged to authorize the board to consecutively or simultaneously select one of or combine issuing of DRs through cash increase, conduct domestic cash increase by issuing common shares, and privately offer foreign convertible corporate bonds at appropriate times depending on market circumstances and capital requirements.

According to Article 43-6 of the Securities and Exchange Act and the Directions for Public Companies Conducting Private Placements of Securities, the aforementioned private offering of foreign convertible corporate bonds is described as follows:

(1)Basis and reasonableness of private offering price:

The issue price for the private offering of foreign convertible corporate bonds is set to be not lower than 80% of the formula price referred to in the Directions for Public Companies Conducting Private Placements of Securities. For the actual issue price, the shareholders meeting will be requested to grant the board of directors the authority to set the price according to the law and not below the range approved by the shareholders meeting and depending on current market and company circumstances. The price for this private offering of foreign convertible corporate bonds is set according to the regulations and in consideration of the strict restrictions for transfer timing, recipient, and quantity of the privately offered securities. In addition, the shares converted from the corporate bonds may not be publicly listed for three years of the delivery. The price for this private offering of foreign convertible corporate bonds is deemed to be reasonable under the terms and factors such as weaker liquidity.

(2)Selection method and purpose for offerees, necessity, and expected benefits:

The offeree selection procedure shall follow the rules under Article 43-6 of the Securities and Exchange Act and the previous order (2002) Tai-Cai-Zheng-1 No. 0910003455 of June 13, 2002, of the Securities and Futures Commission of the Ministry of Finance. The purpose for selecting offerees is to introduce strategic investors. A strategic investor refers to an individual or corporate entity that,

for the purpose of increasing the Company's profits, assists the Company to enhance technology, improve quality, increase efficiency, and expand market share through vertical or horizontal industry integration or collaboration in product or market development. The selection of offerees shall be decided by the board of directors as authorized by the shareholders meeting. The purpose, necessity, and expected benefits are to meet the demands of the Company's operations by having private offering investors provide the Company with assistance in enhancing technology, improving quality, reducing costs, increasing efficiency, and expanding the market in order to strengthen the Company's competitiveness and improve operational efficiency and long term development.

(3) Necessity, use of funds, and expected benefits:

Reasons against a public offering: The choice of a private offering is in support of the Company's future business development and plans to introduce strategic investors and in consideration of the time sensitiveness, convenience, 1. issue costs and shareholder stability provided by a private offering. In addition, privately offered securities are restricted from free transfer under the Securities and Exchange Act, and the rule will ensure a long term partnership between the Company and its strategic investors.

Maximum amount of private offering: This private offering of foreign convertible corporate bonds is subject to a maximum of NT\$16 billion or the equivalent in foreign currencies. However, the actual amount of the private 2. offering shall be determined in accordance with the applicable regulations and financial market conditions at the time. When a convertible corporate bond holder obtains common shares of the Company by exercising conversion rights, the number of shares is calculated based on the conversion price at the time of conversion.

Use of funds and expected benefits: The private offering of foreign convertible corporate bonds may be made by the board of directors as authorized by the shareholders meeting within one year of the passing of the resolution. The capital raised is expected to be used for one or more purposes of capital expenditure, providing for working capital increases, repaying bank loans, and reinvestment. In addition, it is expected that the funds will be completely used 3. up within three years after the private offering is completed. The expected benefits include a positive impact on shareholder rights and one or more of a strengthened industry position, enhanced long term competitiveness, improved financial structure, and savings on interest expenses. However, the actual private offering and the schedule for the use of funds shall depend on the Company's capital requirements, legal regulations, and financial market circumstances.

Rights and obligations associated with converting corporate bonds to common shares The rights and obligations associated with the common shares converted from this private offering of foreign convertible corporate bonds are identical to those associated with the existing common shares of the Company. However, the listing and resale of 4. such common shares shall be subject to the rules under the Securities and Exchange Act. Private offerings of foreign convertible corporate bonds shall be conducted in compliance with the letter from the Financial Supervisory Commission of the Executive Yuan, Jin-Guan-Zheng-1 No. 09700513881 on October 21, 2008.

The private offering plan includes primarily the issue and conversion rules, actual private offering price, private offering terms, plan items, amounts, scheduled progress and expected benefits, and other matters potentially related to the issue plan. The shareholders meeting will be requested to authorize the board of directors to make

5. adjustments at its full discretion according to the Company's financial needs, financial market conditions, and relevant regulations. The shareholders meeting will also be requested to authorize the board of directors to make modification or correction at its full discretion in response to future changes in legal regulations, orders from the competent authority, or changes in market conditions, business assessment, or objective environmental conditions.

6. In order to complete the private offering of foreign convertible corporate bonds, the shareholders meeting will also be requested to authorize the chairman of the board or a designated person to represent the Company in the signing

of all relevant contracts and documents and complete all subsequent procedures for the Company.

(7) For matters that are not covered herein, the shareholders meeting will be requested to authorize the board of directors to, in accordance with law, proceed at its own discretion.

For more information on private offerings, please visit the following websites: The Market Observation Post System: <http://mops.twse.com.tw/mops/web/index>, the Company's website: <http://www.aseglobal.com>.

NT\$211,200,000 to be distributed as the remuneration for directors and supervisors

NT\$2,335,600,000 to be distributed as bonuses for employees, all in cash

Chairman: Jason C.S. Chang Manager: Richard H.P. Chang Accountant Manager: Hong-Ming Kuo

Note 1: A total of NT\$15,589,825,292 will be distributed as dividends to shareholders at NT\$2 per share, all of which will be distributed in cash. The above distribution of dividends to shareholders and the cash and stock dividend distribution rates are calculated based on the number (7,794,912,646) of shares recorded in the Register of Shareholders as of March 19, 2015 after treasury stocks that were already bought back by ASE were subtracted. If at a later date ASE's ECB holders exercise the right of conversion, or new shares are issued to employees against Employee Stock Option warrants, or new shares are issued by ASE for cash increase, or there is a buyback of ASE's stock, or transfer or cancellation of ASE's treasury stocks, which affects the cash distribution rate of the shareholders' bonus, requiring adjustment, the management will request the shareholders' meeting to authorize the Board of Directors to handle the situation and make adjustments accordingly.

Note 2: In response to the introduction of an integrated income tax system, earnings of the most recent year will be distributed at this time.

2. Basis date for dividend distribution: The board is authorized to set the date after it is passed at the shareholders meeting.

Resolution:

Matters for Discussion

Case 1 (proposed by the Board of Directors)

Proposal: The matter over whether to consecutively or simultaneously select one of or combine cash increase by issuing common shares and DRs, domestic cash increase by issuing common shares, and privately offered foreign convertible corporate bonds is submitted for discussion.

Explanation: To finance future capacity expansion, provide for working capital increases, repay bank loans, or cope with other needs for funds in the longer term, ASE is urged to authorize the board to consecutively or simultaneously select one of or combine issuing DRs through cash capital increases, conducting domestic cash capital increases by issuing common shares, and privately offering foreign convertible corporate bonds according to articles of incorporation, relevant regulations and the following rules.

1. The principles to issue new common shares and DR for capital increase in cash shall be as follows:

(1) The current capital increase in cash by issuing common shares and DRs shall not exceed 500 million shares with the board of directors authorized through shareholders' meetings to decide how many shares are to be issued depending on market conditions.

(2) The price at which shares are issued via issuance of DRs through cash capital increases shall not fall below 90% of the simple arithmetic mean of the share's closing price on the date the issue price is set and its closing price one, three or five days prior to the price-setting date after adjustment for any distribution of stock dividends (or cancelled shares for capital reduction) as per "Self-imposed Rules Governing Underwriters Assisting Companies in Issuing Securities" announced by Taiwan Securities Association. If relevant regulations change, the pricing method may be changed accordingly. As share prices often

fluctuate substantially in a short time, the president is authorized to set the issue price by following international practices after consulting the underwriter and considering international capital markets' circumstances, domestic market prices, and

the book building status. The DR's issue price is decided based on the fair market price of ASE's common stock. Original shareholders who did not participate in the offering, if for the purpose of maintaining shareholding structure, may purchase common stock in Taiwan's stock market at a price close to the DR's issue price without having to assume exchange and liquidity risks. In addition, shares issued via issuance of DRs through cash increases will dilute the original shareholders' equity to a maximum of 6.41%, not a major impact on shareholders' rights and interests.

(3) 10%~15% of common shares issued for this capital increase in cash shall, according to Article 267 of The Company Act, be reserved for subscription by company employees and the shareholders meeting will be requested to fully appropriated the remaining 85%~90% for open issuance as the securities for DR as the original shareholders have waived their rights for subscription in accordance with Article 28-1 of the Securities Exchange Act. For the part that employees have not subscribed for, the Chairman is authorized to contact a designated party for purchase or, depending on market requirements, list as the original securities for participation in the issuance of DR.

(4) The funds raised by shares issued via issuance of DRs through this cash capital increases shall be used to expanding the factories, purchase equipment, purchase materials overseas, make reinvestments, and/or repay bank loans. Implementation shall be completed within 2 years after the funds are raised. The project is expected to boost ASE's competitiveness, improve its efficiency, and have a positive impact on shareholders' rights and interests.

(5) The board of directors is authorized to adjust, set, and administer the major contents of the cash capital increase by DR issuance plan, which includes issuance rules, source of capital, plan items, estimated progress and estimated probable effect generated as well as other matters relevant to the issuance of DR, according to market conditions. If a cash capital increase must be changed as ordered by the regulatory authority or required by circumstances, the board is authorized to make corresponding changes.

(6) In conjunction with the issuance method of common shares for this capital increase in cash and participation in DR issuance, the president or his designated representative is authorized to represent ASE in signing all documents related to the participation in the issuance of DR as well as handling all needed matters.

2. The principles for domestic cash capital increase by issuing common shares:

- (1) The number of common shares issued for this domestic cash increase may not exceed 500 million shares.
- (2) Face value of shares issued via cash increase is NT\$10 per share. The issue price shall be decided by the Chairman after consulting the underwriter as per the "Self-imposed Rules Governing Underwriters Assisting Companies in Issuing Securities" announced by the Taiwan Securities Association and market conditions at time of issue and filed with the competent authority.
- (3) According to Article 28-1 of the Securities Exchange Act, the underwriting method for the publicly offered portion shall be decided by the board of directors as authorized between public subscription and book building.

A. If public subscription is selected:

Apart from the 10%~15% of the issued shares to be reserved for employee subscription at the actual issue price according to Article 267 of the Company Act, 10% of the newly issued shares will be publicly offered to comply with Article 28-1 of the Securities Exchange Act, while the remaining 75%~80% will be subscribed by the existing shareholders based on the shareholding percentages on the base date. For an existing shareholder who holds insufficient shares to subscribe to one new share, joint subscription with other shareholders or combined subscription by one person will be allowed; any employee or existing shareholder who does not subscribe to the issue authorizes the Chairman to contact a designated party for purchase at the issue price.

B. If book building is selected:

Apart from the 10%~15% of the issued shares to be reserved for employee subscription at the actual issue price according to Article 267 of the Company Act, the remaining shares will be subject to Article 28-1 of the Securities Exchange Act, and the existing shareholders waive the right to subscribe before the shares all become publicly offered based on the book building method. In addition, if ASE's employees have not subscribed sufficiently and adequately or waived the right to subscribe, the chairman may contact a designated party for purchase.

- (4) The rights and obligations associated with the new shares issued for the cash increase are identical to those associated with the existing shares.

(5) The funds raised by common shares issued through this cash increase shall be used to expand factories, purchase equipment, purchase materials

overseas, provide for working capital increase, make reinvestments, and/or repay bank loans. Implementation shall be completed within 2 years after the funds are raised. The project is expected to boost ASE's competitiveness, improve its efficiency, and have a positive impact on shareholders' rights and interests.

(6) The board of directors is authorized to adjust, set, and administer the major contents of the cash capital increase plan, which includes issuance rules, source of capital, plan items, estimated progress and estimated probable effect generated as well as other matters relevant to the issuance of DR, according to market conditions. If a cash capital increase must be changed as ordered by the regulatory authority or required by circumstances, the board is authorized to make corresponding changes.

(7) Once the plan for cash increase is filed with the competent authority, the Chairman will be authorized to set the base date, payment period, and ex-rights date for new share issue.

3. The principles to privately issue foreign convertible corporate bonds:

(1) This private offering of foreign convertible corporate bonds is subject to a maximum of NT\$16 billion or the equivalent in foreign currencies. Please see Attachment 4 to this Agenda for the preliminary issue and conversion rules for this private offering of foreign convertible corporate bonds, which will be handled by the board of directors authorized by the shareholders meeting based on ASE's funding needs or financial market conditions.

(2) Basis and reasonableness of private offering price:

The issue price for the private offering of foreign convertible corporate bonds is set to be not lower than 80% of the formula price referred to in the Directions for Public Companies Conducting Private Placements of Securities. For the actual issue price, the shareholders meeting will be requested to grant the board of directors the authority to set the price according to the law and not below the range approved by the shareholders meeting and depending on current market and company circumstances. The price for this private offering of foreign convertible corporate bonds is set according to the regulations and in consideration of the strict restrictions for transfer timing, recipient, and quantity of privately offered securities. In addition, shares converted from corporate bonds may not be publicly listed for three years from delivery. The price and terms for this private offering of foreign convertible corporate bonds is deemed to be reasonable considering factors such as weakened liquidity.

(3) Offeree selection method and its purpose, necessity, and expected benefits:

The offeree selection procedure shall follow the rules under Article 43-6 of the Securities and Exchange Act and the previous order (91) Tai-Cai-Zheng-1 No. 0910003455 on June 13, 2002 from the Securities and Futures Commission of the Ministry of Finance. The purpose for selecting offerees is to introduce strategic investors. A strategic investor refers to an individual or corporate entity that, for the purpose of increasing ASE's profits, assists ASE to enhance technology, improve quality, increase efficiency, and expand market share through vertical or horizontal industry integration or collaboration in product or market development. The selection of offerees shall be decided by the board of directors as authorized by the shareholders meeting.

The purpose, necessity, and expected benefits are to meet the demands of ASE's operations by having private offering investors provide ASE with assistance in enhancing technology, improving quality, reducing costs, increasing efficiency, and expanding the market in order to strengthen ASE's competitiveness and improve operational efficiency and long term development.

(4) The necessity, use of funds, and expected benefits:

A. Reasons against a public offering:

The choice of a private offering is in support of ASE's future business development and plans to introduce strategic investors and in consideration of the time sensitiveness, convenience, issue costs and shareholder stability provided by a private offering. In addition, privately offered securities are restricted from free transfer under the Securities and Exchange Act, and this rule will ensure a long-term partnership between ASE and its strategic investors.

B. Maximum amount of private offering:

The total value of privately offered foreign convertible corporate bonds is limited to NT\$16 billion or its equivalent in foreign currencies at maximum. However, the actual value of private offering shall be determined according to applicable laws and regulations and financial market circumstances at the time. When a convertible corporate bond holder obtains common shares of ASE by exercising conversion rights, the number of shares is calculated based on the conversion price at the time of conversion.

C. Use of funds and expected benefits:

The current private offering of foreign convertible corporate bonds

may be embarked on by the Board of Directors within a year from the date the resolution is reached during a shareholders' meeting. The raised capital is expected to be used for one or more purposes such as capital expenditure, working capital, payback of bank loans, and reinvestments. In addition, it is expected that the fund will be completely used within two years after private offering is completed. The expected benefits include a positive impact on shareholder rights and one or more of strengthened position in the industry, enhanced long term competitiveness, improved financial structure, and savings in interest expenses. However, the actual private offering and the schedule for the use of funds shall depend on ASE's capital requirements, legal regulations, and financial market circumstances.

(5) Rights and obligations associated with converting corporate bonds to common shares

The rights and obligations associated with the common shares converted from this private offering of foreign convertible corporate bonds are identical to those associated with the existing common shares of ASE. However, the listing and resale of such common shares shall be subject to the rules under the Securities and Exchange Act. Private offerings of foreign convertible corporate bonds shall be conducted in compliance with the letter from the Financial Supervisory Commission of the Executive Yuan, Jin-Guan-Zheng-1 No. 09700513881 on October 21, 2008.

(6) The private offering plan includes primarily the issue and conversion rules, actual private offering price, private offering terms, plan items, amounts, scheduled progress and expected benefits, and other matters potentially related to the issue plan. The shareholders meeting will be requested to authorize the board of directors to make adjustments at its full discretion according to ASE's financial needs, financial market conditions, and relevant regulations. The shareholders meeting will also be requested to authorize the board of directors to make modification or correction at its full discretion in response to future changes in legal regulations, orders from the competent authority, or changes in market conditions, business assessment, or objective environmental conditions.

(7) In order to complete the private offering of foreign convertible corporate bonds, the shareholders meeting will also be requested to authorize the chairman of the board or a designated person to represent ASE in the signing of all relevant contracts and documents and

complete all subsequent procedures for ASE.

(8) For matters that are not covered herein, the shareholders meeting will be requested to authorize the board of directors to, in accordance with law, proceed at its own discretion.

Resolution:

Case 2 (proposed by the Board of Directors)

Proposal: Please discuss the revised version of the Procedure for the Acquisition or Disposal of Assets.

1 To reflect the establishment of an audit committee by ASE to replace supervisors this year (2015), a resolution was reached in the Board of Directors' meeting on March 30, 2015 to revise some articles of the Procedure for the Acquisition or Disposal of Assets.

Explanation:

2 Your approval of the comparison of Revised Articles of the Procedure for the Acquisition or Disposal of Assets before and after revisions as shown in Attachment 5 is requested.

Resolution:

Case 3 (proposed by the Board of Directors)

Proposal: Please discuss the revision of the Procedure for Lending Funds to Other Parties.

1 To meet the requirements of the Financial Supervisory Commission indicated in the Jin-Guan-Zheng-Shan No. 1030034970 letter and to reflect the fact that an audit committee will be established by ASE this year (2015) to replace supervisors, the Board of Directors approved the revision of some articles of the Procedure for Lending Funds to Other Parties in its meetings on September 11, 2014 and March 30, 2015, respectively.

Explanation:

2 Your approval of the comparison of revised articles of the Procedure for Lending Funds to Other Parties before and after revisions as shown in Attachment 6 is requested.

Resolution:

Case 4 (proposed by the Board of Directors)

Proposal: Please discuss the revision of the Procedure for Making Endorsements and Guarantees.

Explanation: 1. To reflect the establishment of an audit committee by ASE to replace supervisors this year (2015), a resolution was reached in the Board of Directors' meeting on March 30, 2015 to revise some articles of

the

Procedure for Making Endorsements and Guarantees.

Explanation:

2. Your approval of the comparison of revised articles of the Procedure for Making Endorsements and Guarantees before and after revisions as shown in Attachment 7 is requested.

Resolution:

Case 5 (proposed by the Board of Directors)

Proposal: Please discuss the revision of ASE's Articles of Incorporation.

1. To reflect the establishment of an audit committee by ASE to replace supervisors this year (2015), a resolution was reached in the Board of Directors' meeting on March 30, 2015 to revise some articles of ASE's Articles of Incorporation.

Explanation:

2. Your approval of the comparison of ASE's Articles of Incorporation before and after revisions as shown in Attachment 8 is requested.

Resolution:

Elections

Case 1 (proposed by the Board of Directors)

Proposal: Election of directors for the new term is requested.

Explanation: 1. ASE now has nine directors (including two independent directors) and five supervisors whose tenure will expire on June 21, 2015. To meet the requirement of the Financial Supervisory Commission for a mandatory audit committee, ASE will only elect directors for the new term this year (2015) and establish an audit committee to replace supervisors.

2. In accordance with Article 16 of ASE's Articles of Incorporation, to reflect the establishment of an audit committee, during the election of 2015, 11 to 15 directors, including 3 independent directors and 8 to 12 non-independent directors will be elected for the new term. All of the directors will serve a term of three years. The resolution was reached by the Board of Directors on March 30, 2015 to elect 11 directors, including three independent directors and eight non-independent directors at this current shareholders' general meeting. The new directors will serve a term of three years that begin on June 24, 2015 and expires on June 23, 2018.

3. List of independent director candidates and their related information are specified as follows:

Name	Education	Experience	Number of shares held
Sheng-fu You	Department of Accounting, National Taiwan University College of Management	² ASE independent director and member of ASE's Remuneration Committee	0 shares
		² Supervisor of Dynapack International Technology Corporation	
		² Supervisor of San Fu Chemical Co., Ltd.	
	Master, Graduate Institute of Accounting, National Chengchi University	² Supervisor of Arima Communications Corp.	
		² Director of Arima Lasers Corp.	
		² Independent director and member of Remuneration Committee of Yulon Motors	
		² Member of Remuneration Committee of Taiwan Acceptance Corporation	
Ta-lin Hsu	Bachelor of Physics, National Taiwan University	² Member of Remuneration Committee of Elite Material Co., Ltd.	0 shares
		² CPA at Deloitte & Touche (Retired)	
	Master of Physics, NYU Polytechnic School of Engineering	² ASE independent director and member of ASE's Remuneration Committee	
Mei-yueh Ho	Doctor of Electrical Engineering, University of California - Berkeley	² President and Founder of H&Q Asia Pacific	0 shares
		² Minister of Economic Affairs	
	Bachelor of Agricultural Chemistry, National Taiwan University	² Chairman of Council for Economic Planning And Development	
		² Independent director and member of Audit Committee and Remuneration Committee of AU Optronics Corp.	
		² Independent director and member of Audit Committee and Remuneration Committee of Bank of Kaohsiung	

² Independent director and member of
Remuneration Committee of Kinpo Electronics,
Inc.

Other Proposals

Case 1 (proposed by the Board of Directors)

Proposal: Waiver of non-competition clauses for newly elected directors of ASE

1. Article 209 of the Company Act stipulates that directors should brief actions they are going to take within the scope of ASE's business operation for themselves or for others in the shareholders' meetings and obtain permission.

Explanation:

2. If, following reelection, new directors are engaged in the investment or operation of a business entity whose scope of business is similar to that of ASE and acts as a director thereof, we request that the non-competition clauses applicable to the director be waived in order to allow him or her to act as a director or the representative of said business entity, provided that such waiver will not infringe upon the interests of ASE.

Advanced Semiconductor Engineering, Inc.

Business Report

An overview of 2014 shows that the effectively increased domestic consumer spending and fixed investments during the second quarter in the US were the main driving forces for the economy to recover. The overall global economic performance, however, was not as powerful as expected despite the relatively steady growth compared to 2013. Only the semiconductor industry surprisingly had splendid performance. Gartner¹ statistics show that the sales on the semiconductor market reached US\$339.8 billion in 2014, a growth of 7.9% from 2013. Driven by the demand for telecommunication chips and consumer electronic products, relatively significant growth was also seen in the packaging and testing industry. ASE rendered impressive results under the joint effort from the whole staff. For the prospects of 2015, Gartner expects that the global semiconductor sales will reach US\$ 358.3 billion, a growth of 5.4% from 2014. ASE will keep track of this economic trend and continue to work hard to reach new heights.

According to the report of the IEK ITIS Project, the IC packaging and testing industry in Taiwan produced output of NT\$ 453.9 billion in 2014, a growth of 10.4% from 2013. Output of the packaging industry amounted to NT\$ 316 billion, a growth of 11.1% from 2013. Output of the testing industry amounted to NT\$ 137.9 billion, a growth of 8.9% from 2013. The following is our report on ASE's operation for the past year:

"2014 Operating Results"

1. Implementation of the 2014 business plan

ASE's combined revenue for 2014 totaled NT\$ 256.6 billion, an increase of NT\$ 36.7 billion and a growth of 16.7% from 2013. As far as the testing industry is concerned, the combined revenue in 2014 was NT\$ 159.7 billion, an increase of around NT\$ 16.4 billion and a growth of around 11.4% from 2013. The operating accomplishments of ASE throughout 2014 can mainly be divided into three parts, namely (1) continued growth on the advanced packaging market at a two-digit rate: The annual growth rate in the revenue from advanced packaging was 16% in 2014 and the momentum primarily came from system level packaging (Sip); (2) maintained leading position on the copper wire bonding market: The annual growth rate in the revenue from copper wire bonding was 15% in 2014. The market share increased and application of copper process on the market was expedited; and (3) strengthened system integration technology, including copper pillar flip-chip packaging, wafer assembly plus fan-out and embodiment technology.

2. Budget Implementation

ASE did not release any financial forecast in 2014.

3. Analysis of financial gains and losses and profitability

ASE's 2014 consolidated financial report shows paid-in capital of NT\$ 78,715,179,000, with total equities that belong to the company's clients being NT\$ 150,216,952,000, accounting for 45% of the total assets worth NT\$ 333,971,460,000. Its long-term funds are 147% of fixed assets and current ratio is 144%. This year's ratios support a relatively better performance than the preceding year. This year's operating profit was NT\$ 29,571,257,000, an increase of NT\$ 7,526,934,000 and a growth of around 34% from 2013. The after-tax net

profit was NT\$ 24,222,086,000, an increase of around 50% from the previous year. The overall operation of ASE this year, in both revenue and profitability, has significantly grown from the previous year, with outstanding performance, thanks to the robust macroeconomic recovery and the persistent effort throughout ASE.

4.R&D Overview

The constantly advancing information and telecommunication electronic products are the mainstream in the current PC era of the electronics industry throughout the world and set the prelude to a mobile computing era. Under the macro-trend that features universal cloud computing and the Internet of everything, wearable computing has also made its debut. The realization of a smart & better life will further drive multiplied growth in the needs for the said products. System integration during the post Moore's era will rely further on the semiconductor packaging, substrate, and testing industries to realize a high-performance, multi-functional, and low-power heterogeneous integration module that combines system level packaging (SiP) and system on chip (SoC); from a high end to the low end, all applications benefit from the development and grow quickly. ASE will continue to consolidate inter-industrial collaboration by researching and developing the three major core technologies and products combining customer demand and market orientation, namely . advanced packaging/module, copper wire bonding/flip-chip bumps, and moderate to low-pin-count packaging. New products and technologies successfully developed by ASE in 2014 are categorized as follows: (1) flip-chip packaging: 20 nm copper process/ultra-low dielectric coefficient with lead-free flip-chip assembly, selective sealing technology, high-density and high bandwidth stacking and packaging technology, multi-layer fine-line buried coreless wiring substrates. The technology also extends to certification of applications of 20 nm and 28 nm flip chips. (2) wire-bond assembly: development of the application of buried wiring substrates, advanced square flat pin-free packaging test, ultra-fine gap and ultra-thin copper/gold wire bond assembly. The technology also extends to certification of applications of 20 nm and 28 nm wire-bond assembly. (3) wafer assembly: stacked wafer thinning, large-size wafer chip packaging, sensor through silicon vias, integrated passive components, 2.5D through silicon vias stacking application certification, fine pitch tin-silver/copper pillar electroplated bumps and certification of applications. (4) Advanced packaging and module: wireless sensor module packaging, sectional protection against electromagnetic interference, highly integrated multi-modular and multi-frequency 3G telecommunication modules, high-density SiP packaging telecommunication LTE modules, etc.

"Overview of 2015 Business Plan"

1. Operating policy

(1) Providing customers with "best-quality" services; (2) creating long-term and steady profits for the company and customers; (3) working together with partners for a promising future; (4) training employees to become outstanding professionals in respective fields; (5) treating all employees "fairly and reasonably"; (6) providing employees with a "harmonious, pleasant, and open" workplace; (7) remaining flexible wherever possible during operation.

2. Projected sales volume and basis

In light of current industry dynamics, future market demand and ASE's capacity, the projected sales volume for 2015 is as follows:

Item	Projected Sales
-------------	------------------------

Packaging	Approx. 17.6 billion chips
-----------	----------------------------

Testing	Approx. 2.5 billion chips
---------	---------------------------

3. Important production and sales policies

During the past ten years, ASE successfully secured better 10-year composite annual growth rates in consolidated revenue, semiconductor packaging revenue, electronic contract manufacturing revenue, and group-wide net profits compared to that for the whole semiconductor industry during the same period. Observations from 2010 to 2014 revealed that capital expenditure on packaging machinery and equipment of ASE accounted for around 10% to 12% of its overall capital expenditure on all semiconductor packaging equipment. Given the market share of ASE on the global contract packaging market of 21% to 22%, it is proof of reasonable capital expenditure and efficient management and operation of ASE. The historical growth pattern of ASE will continue in its 2015 operation. The growth trend will continue to be led by the packaging segment; both the market share and system integration will be increased. In addition, as far as the copper wire bond assembly is concerned, by the fourth quarter of 2014, only 37% of integrated device manufacturers switched to the copper process. ASE will continue to develop sales to integrated device manufacturers in the future. Also by the fourth quarter of 2014, system level packaging accounted for around 18% of the overall revenue of ASE; the goal is to increase the portion to 30% in the future. Finally, the operation model combining system level packaging and electronic contract manufacturing business will be the powerful driving force for ASE's growth.

"Future Development Strategy"

While the world enters a data-driven economy era with the Internet of everything topping the list, ASE is being visionary among this future trend by consolidating system level packaging. Besides investing in capacity-related technologies, ASE also proactively explores prospective partners to form a global strategic alliance. Together with its partners, ASE will establish the framework for the Internet of everything system applying group-based strategies to welcome the arrival of data-driven economy. In addition, in the constantly-changing market and environment, we are leading the industry in the development of the latest technology and adoption of new materials and processes to help IC-design customers remain their leading position and come out on top; this is also ASE's mission. Meanwhile, to fulfill its commitment to honoring its corporate social responsibility, ASE started in 2014 to donate at least NT\$ 100 million a year and the effort will continue for at least 30 years, that is, a combined value of at least NT\$ 3 billion, to the promotion of environmental protection-related tasks in Taiwan. Everyone acts on the belief "fall to rise and never give up" and keeps progressing without stop; this is ASE's underlying spirit.

"Impacts from External Competitive, Regulatory and Overall Operating Environments"

Forecast data of multiple research institutes show that the global economy is likely to gradually turn better in the coming year, which is expected to also drive domestic economy at the same time. Continuous and steady recovery is expected of the US economy in 2015. Other favorable factors such as falling international oil prices and relaxed monetary policies adopted by most governments also add new highlights to the economic growth in the coming year. Nevertheless, geopolitical conflicts and the Ebola epidemic in the international society are hidden concerns and have instilled uncertainty to the world economy. As far as the situation in Taiwan is concerned, impacts triggered by the Red Supply Chain storm and the delay in the signing of the Free Trade Agreement and its negotiations are reminding us of dealing with challenges in the future more carefully. The operational breakthroughs made by ASE in 2014 are the accomplishments that everyone within ASE and its business partners should be proud of! We have not only set an important milestone but also laid a solid groundwork for flourishing developments in the future. We were constantly making breakthroughs in sales and setting many new records in 2014. We also depicted an innovative blueprint and vision for the future. In the coming five, ten, and 30 years, however, ASE will be faced with sterner challenges. We can only approach the future with steady steps in an unfavorable environment when we stay together and work hard. Let's hold hands and jointly protect ASE that belongs to us to make it grow further and keep track of the industrial trends in the future to take lead in the next wave of electronic revolution.

2012, 2013 and 2014 and Report of Independent
Registered Public Accounting Firm**

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Shareholders of

Advanced Semiconductor Engineering, Inc.

We have audited the accompanying consolidated balance sheets of Advanced Semiconductor Engineering, Inc. (a corporation incorporated under the laws of the Republic of China) and its subsidiaries (collectively, the “Group”) as of December 31, 2013 and 2014, and the related consolidated statements of comprehensive income, changes in equity and cash flows for each of the three years in the period ended December 31, 2014, all expressed in New Taiwan dollars. These consolidated financial statements are the responsibility of the Group’s management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of the Group as of December 31, 2013 and 2014, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2014, in conformity with International Financial Reporting Standards as issued by the International Accounting Standards Board.

Our audits also comprehended the translation of New Taiwan dollar amounts into U.S. dollar amounts and, in our opinion, such translation has been made in conformity with the basis stated in Note 4 to the consolidated financial statements. Such U.S. dollar amounts are presented solely for the convenience of the readers.

We have also audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the Group’s internal control over financial reporting as of December 31, 2014, based on the criteria established in Internal Control - Integrated Framework (2013) issued by the Committee of Sponsoring Organizations of the Treadway Commission and our report dated March 11, 2015 expressed an unqualified opinion on the Group’s internal control over financial reporting.

INDEPENDENT AUDITORS' REPORT

The Board of Directors and Shareholders

Advanced Semiconductor Engineering, Inc.

We have audited the accompanying balance sheets of Advanced Semiconductor Engineering, Inc. (the "Company") as of December 31, 2014 and 2013, and the related statements of comprehensive income, changes in equity and cash flows for the years ended December 31, 2014 and 2013. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the Rules Governing the Audit of Financial Statements by Certified Public Accountants and auditing standards generally accepted in the Republic of China. Those rules and standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2014 and 2013, and its financial performance and its cash flows for the years ended December 31, 2014 and 2013, in conformity with the Regulations Governing the Preparation of Financial Reports by Securities Issuers.

The accompanying schedules of major accounting items of the Company as of and for the year ended December 31, 2014 are presented for the purpose of additional analysis. Such schedules have been subjected to the auditing procedures described in the second paragraph. In our opinion, such schedules are consistent, in all material respects, with the financial statements required to in the first paragraph.

February 26, 2015

Notice to Readers

The accompanying financial statements are intended only to present the financial position, financial performance and cash flows in accordance with accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to audit such financial statements are those generally applied in the Republic of China.

For the convenience of readers, the independent auditors' report and the accompanying financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. If there is any conflict between the English version and the original Chinese version or any difference in the interpretation of the two versions, the Chinese-language independent auditors' report and financial statements shall prevail.

Guidelines for Issuance and Conversion of Privately Offered Foreign Non-guaranteed Convertible Corporate Bonds (tentative)

A. Total issue

The maximum amount for corporate bond issue of ASE is US\$. The par value is US\$, issued at par value.

B. Issuance duration

The issuance duration is years.

C. Coupon rate

The annual coupon rate is 0%-5%.

D. Date and method of return of principle

Except for conversion or resale by the bond holders or premature recall or buyback and cancellation by ASE, ASE will repay the face value of the bonds, or with interest compensation in a cash lump sum, to the bond holders upon the maturity of the bonds.

E. Issuance method

This private offering of foreign convertible corporate bonds will be issued outside the Republic of China and processed according to the laws and regulations of the country of sale and common international practice.

F.

Price and method of conversion

The conversion price may not fall below the simple arithmetic mean of the share's closing price on the TWSE on the date the issue price is set and its closing price one, three or five days prior to the price-setting date after deducting distribution of stock dividends and adding 80% of reversed dividends for capital reduction or 80% of the simple arithmetic mean of the share's closing price over the thirty business days preceding the price-setting date after deducting distribution of stock dividends and interests and adding reversed dividends for capital reduction. For the actual issue price, the shareholders meeting will be requested to grant the Board of Directors the authority to set the price according to the law.

After the bond has been issued, the conversion price will be adjusted when the number of ASE's outstanding (or privately offered) common shares increases (including but not limited to capital increase by public or private offerings for cash, by surplus, and by capital reserve, corporate mergers or acceptance of new shares issued by other companies, stock splits and cash capital increase through DRs), cash dividends are distributed, conversion or subscription of reissue (or private offering) is made below the share price for securities with option to convert to or subscribe common shares is below the market price or subscription price, or the number of common shares falls due to capital reduction by cancellation of treasury shares.

With the exception of the statutory period in which ownership may not be transferred, a bond holder may request to have his bonds converted to common shares in ASE at any time after months from the issue date and prior to ten days before the maturity.

G. ASE's right to reclaim the bonds

ASE may choose not to include a right to reclaim or buy back the outstanding bonds in cash at par value or with interest in one of the following circumstances.

1. If the amount of the outstanding bonds falls below 10% of the total amount of the original issue after one year from the issue date and prior to 40 days before the maturity.
2. If the closing price of ASE's common shares on the TWSE exceeds the current conversion price by 130% or more for 30 consecutive business days after one year from the issue date and prior to 40 days before the maturity.

H. The bond holder's resale right:

ASE may choose not to include a resale right or a bond holder may request that ASE buys back the bonds at the full or partial price calculated at an annual yield of % after months from the issue date.

I. Public offering for shares converted from the corporate bonds

The shares converted from the corporate bonds may be filed with the Financial Supervisory Commission for a public offering after three years from the corporate bonds' delivery date, and an application may be submitted to the TWSE for trading on the stock exchange.

J. Applicable laws

The issuance, administration, and disposal of the corporate bonds shall be subject to the laws of [the State of New York]. However, the approval for issuance and exercise of conversion rights for the corporate bonds shall be conducted according to the laws of the Republic of China and shall be subject to the restrictions under the laws of the

Republic of China.

K.

Sale restrictions

The corporate bonds may not be offered, sold, or delivered in the Republic of China. The corporate bonds shall be sold according to the laws of the country of sale outside of the Republic of China.

L.

Taxes

Withholding tax: According to the existing tax laws, a 15% tax shall be withheld on interests and returns (if any) on 1. the corporate bonds held by profit making organizations without fixed business addresses in the Republic of China or individuals who do not reside in the Republic of China.

2. Securities transactions tax: Investors shall be subject to a securities transactions tax at 0.3% of the total amount when selling shares.

3. Capital gains tax for securities: When selling shares, investors must calculate, file, and pay the capital gains tax and the income basic tax by following the Income Tax Act and the Income Basic Tax Act. Foreign individuals shall pay a capital gains tax for securities of 15% of the capital gain calculated under the rules. Foreign corporate entities may be exempted from capital gains taxes, but those with fixed business addresses in the Republic of China or business agents shall calculate whether they have to pay income basic taxes.

The aforementioned withholding tax, securities transactions tax, and capital gains tax are described according to the current rules, and shall be subject to changes in the future if the tax laws in the Republic of China change.

Rules of Procedure for the Shareholders' Meeting

1. The Shareholders' Meeting of ASE shall be conducted in accordance with the Rules specified herein.

Shareholders attending the meeting in person (or their proxies) shall wear attendance badges and shall submit sign-in cards in lieu of signing in. ASE's weight of share ownership in attendance shall be based on the weight of share ownership described in the preceding, plus the weight of share ownership exercised via electronic voting.

Unless specified in Article 179 of the Company Act where there is no voting right entitled or such right is restricted by the applicable rules under the Company Act, a shareholder of ASE shall be entitled to one vote for each share held. When a shareholder is unable to attend the shareholders' meeting for whatever the reason, the shareholder may present a proxy statement printed by ASE that states the scope of authorization to entrust a proxy to attend the shareholders' meeting. With the exception of trust enterprises or stock affairs agencies approved by the competent securities authority, the votes that may be cast by one proxy representing two or more shareholders shall not exceed three percent of the votes of total shares issued; any votes in excess of that limit shall not be counted.

3. A shareholder may only execute one power of attorney and appoint one proxy only, which shall be delivered to ASE at least five days prior to the shareholders meeting. In case of overlapping proxies, the first one to arrive at ASE shall apply. However, an exception is allowed when a proxy is rescinded.

If a proxy has already been delivered to ASE and the shareholder wishes to personally attend the meeting or exercise his or her voting rights by electronic means, the concerned shareholder should notify ASE in writing two days prior to the shareholders' meeting to rescind the notice for proxy. If the shareholder fails to do so by the deadline, the voting right cast by the trustee agent shall govern.

4. Venue of shareholders meetings shall be where ASE is located or a different location convenient for shareholders to attend and for the meeting to be held with a commencement time no earlier than 9.00 a.m. or later than 3.00 p.m.

Unless otherwise stipulated in the Company Act, shareholders meetings shall be convened by the board and chaired by ASE chairman. Article 208 Paragraph 3 of the Company Act shall be followed if the chairman is on leave or unable to exercise his/her official functions for whatever the reason. If a shareholders meeting is convened by 5. someone having the right to convene a meeting, but who is not a member of the Board of Directors, the said person shall chair the meeting. If more than one person has the right to convene the meeting, one shall be elected to chair the meeting.

ASE may designate retained lawyers, certified public accountants or relevant personnel to attend the shareholders' 6. meeting. Staff handling administrative affairs of the shareholders' meeting shall wear identification badges or arm-bands.

7. ASE shall record the whole course of the shareholders' meeting on audio tape or video tape, and shall keep the tapes on file for at least one year.

The chairperson shall announce the commencement of the meeting when the scheduled time arrives. If the number of shareholders present represent less than half of all voting rights, the chairperson may delay the meeting. A meeting may be delayed twice for a combined maximum of one hour. If after two postponements the number of 8. shareholders present is still insufficient while representing at least one third of the total issued shares, provisional resolutions may be adopted in accordance with Article 175 Paragraph 1 of the Company Act. If prior to the end of the meeting the shareholders present represent at least half of the total issued shares, the chairperson may resubmit the provisional resolutions adopted by the meeting for a vote in accordance with Article 174 of the Company Act.

Agenda of a shareholders meeting called by the board shall be decided by the board. The meeting shall proceed according to the agenda unless changed by a shareholders meeting resolution.

If the shareholders' meeting is convened by someone entitled to convene such a meeting but who is not a member of the Board of Directors, the rules of the preceding paragraph shall apply mutatis mutandis.

9. Unless by the resolution of the shareholders' meeting, the chairperson may not declare the meeting ended until all items on the agenda (including extemporaneous motions) arranged in the preceding two paragraphs have been completed.

After the meeting is declared ended, shareholders may not elect a chairperson to resume the meeting at the original location or at any other premises, unless such declaration by the chairperson has violated the rules of procedure, whereas one person may be elected the chairperson with the consent of one half of the votes represented by shareholders present to resume the meeting.

10. While the shareholders' meeting is in session, the chairperson may at his/her discretion allocate and announce time for breaks.

- Before a shareholder present at the meeting speaks, he/she shall first fill out a statement slip stating therein the main points of the statement, the shareholder's account number (or the attendance identification number) and account name, so that the chairperson may determine the order of speaking. A shareholder present at the meeting that merely submits a statement slip without speaking is considered not to have spoken. If the contents of the statement do not conform to the contents of the statement slip, the contents of the statement shall govern. Unless given consent by the chairperson and the speaking shareholder, other shareholders may not speak to interrupt when a shareholder is speaking; otherwise the chairperson shall stop the interruption.
- 11.

Unless permitted by the chairperson, no shareholder may speak more than twice regarding the same proposal, and shall not speak for more than five minutes each time.

12. If a shareholder violates the rules outlined in the preceding paragraph or goes beyond the scope of proposals in speaking, the chairperson may stop him/her from speaking.

- An institutional shareholder may assign only one proxy representative to attend the meeting on its behalf. In the event an institutional shareholder assigns two or more representatives to attend the shareholders' meeting, only one of the representatives may speak on any single agenda item.
- 13.

14. After a shareholder present at the meeting speaks, the chairperson may reply in person or assign relevant personnel to reply.

With respect to discussions of a proposal, if the chairperson feels that a consensus has been reached where a vote can be taken on the proposal, he/she may announce that the discussions shall cease and the proposal be submitted for a vote.

16. The chairperson shall appoint monitors and ballot counters for voting on proposals. For qualifications, monitors must be shareholders. The results of each vote shall be announced on the spot and made into the minutes.

Unless otherwise provided by the Company Act or ASE's Articles of Incorporation, a proposal shall be approved by the consent of more than half of the votes of shares represented by shareholders present. In voting, a proposal is considered approved if the chairperson receives no dissenting opinions after requesting, which has the same effect as voting by ballot.

18. Where there is an amendment or an alternative for a proposal, the chairperson shall determine the order in which they are to be voted on with the original proposal. If any of these proposals is approved, alternative proposals shall be treated as rejected and not be voted on separately.

The chairperson may instruct the inspectors (or security personnel) to assist in maintaining order in the meeting venue. While assisting in maintaining order at the venue, the inspectors (or security personnel) shall wear arm-bands reading "Inspector."

20. All matters not provided by these Rules herein shall be handled in accordance with the Company Act, relevant laws and regulations, as well as ASE's Articles of Incorporation.

21. These Rules shall come into force on the approval of the shareholders' meeting, as shall any amendment.

Advanced Semiconductor Engineering, Inc.

Rules Governing the Election of Directors

Article 1: Unless otherwise specified by the Company Act, the Securities and Exchange Act, and ASE's Articles of Incorporation, the election of ASE's directors shall be governed by these Rules.

The election of ASE's directors may be carried out by shareholders via electronic voting.

When conducting the election of ASE's directors, in addition to electronic voting, shareholders may also use the ballots prepared by the Board of Directors and printed with their attendance pass serial numbers and the number of votes represented.

Article 2: In the election described in the preceding paragraph, the name of a voter on the ballot may be replaced by the attendance pass serial number.

In the process of electing ASE's directors, the number of votes exercisable in respect of one share shall be the same as the number of directors to be elected, and the total number of votes per share may be consolidated for election of one candidate or may be split for election of two or more candidates. Independent and non-independent directors shall be elected at the same time, but in separately calculated numbers.

Article 3: In the election of ASE's directors, based on the provisions of ASE's Articles of Incorporation regarding the number of positions for directors to be elected, candidates with the most number of votes (including electronic votes) shall be elected as independent directors or non-independent directors. If two or more candidates receive the same number of votes and the total number of elected persons has exceeded the number of positions to be elected, the matter shall be decided by a drawing of lots and the Chairman shall draw lots on behalf of those who are not in attendance. If an elected director is found to have provided erroneous personal information or if his or her election is determined to be invalid under applicable laws, the vacant position shall be filled by the next candidate with the highest number of votes in the same election, and subsequently announced at the same shareholders' meeting.

Article 4: When an election begins, the Chair shall assign several ballot examiners and tellers, respectively, with respective tasks.

Article 5: When a candidate is a shareholder, the candidate must indicate in the "candidate" column of the ballot his/her name on the account and account number. If the candidate is not a shareholder, he/she shall indicate his/her

name and National ID number. If the candidate is the government or an institution, the name of the government or institution shall be provided in the candidate's column on the ballot; the name of the government or institution along with that of its representative may also be provided. In cases of several representatives, names of all the additional representatives shall be provided.

A ballot with one of the following conditions is invalid:

1. It is not a ballot specified under these Rules.
2. It is not placed in the ballot box or a blank ballot.
3. It is illegible.

Article
6

4. Name on the account and account number provided on the ballot disagree with those shown in the shareholders' roster if the candidate is a shareholder; the name and National ID number provided on the ballot are verified to be invalid if the candidate is not a shareholder.

5. There is additional information than the name on the account (name) or account number (National ID number) of the candidate and the assigned voting rights.

6. The name on the account (name) or account number (National ID number) of the candidate is not provided.

7. Information of two candidates or more is provided on the same ballot.

Article
7

: After all ballots are placed in the box, ballot examiners will open the ballot box.

Article
8

In case of a questionable ballot, the ballot examiner shall verify and decide whether or not it shall be voided. Voided ballots shall be placed separately. After vote counting is completed, the number of ballots is verified against the number of voting rights. Then, all the ballots are provided to the ballot examiner to be voided and signed.

Article
9

: During vote counting, the teller will be supervised by a ballot examiner. The voting outcome is to be announced by the Chair on the spot.

: ASE will issue certificates of election to elected directors.

Article
10

Article 11 : These Rules shall come into force after the approval of the shareholders' meeting, and so shall any later amendments, except for any amendments on June 26, 2014 which shall be implemented on the same day as the election of directors in 2015.

Chapter II Shares

Article 6 : ASE's registered capital is NT\$100 billion, divided into 10 billion shares with a face value of NT\$10 per share. Stock options worth NT\$8 billion are set aside for employee subscription. The board is authorized to issue the remainder in several batches.

- Article 7 Share certificates of ASE are all registered in form, which shall be signed or affixed with seal by more than three directors as well as duly attested before they can be issued. According to Article 162-2 of the Company Act, ASE may choose to not provide share certificates in printed form.
- Article 8 Title transfer of stocks shall be suspended within sixty days before the AGM is held, within thirty days before a shareholders' provisional meeting is held, or within five days before the base date for distribution of stock dividends and bonuses or other benefits determined by ASE.
- Article 9 ASE's processing rules of stock affairs shall fully comply with pertinent laws and regulations promulgated by the authorities concerned.

Chapter III Shareholders' Meeting

- Article 10 ASE holds general and provisional shareholders' meetings. A general meeting is called by the board once a year within six months after the end of a fiscal year according to law. The provisional meeting is convened when necessary according to law.
- Article 11 To convene the AGM and the shareholders' provisional meeting, ASE shall inform each and every shareholder of the date, venue and purpose of convening the meeting thirty days and fifteen days respectively in advance before the meeting is held.
- Article 12 Unless otherwise provided by the Company Act, a resolution of the shareholders' meeting shall be adopted by the consent of more than one half of the votes represented by the shareholders present in a meeting attended by shareholders representing more than one half of the total issued shares.
- Article 13 Unless specified in Article 179 of The Company Act whereas no voting right is entitled, a shareholder of ASE shall be entitled to one vote for each share held.
- Article 14 If a shareholder is unable to attend the shareholders' meeting for whatever the reason, he/she may present a proxy statement printed by ASE, stating therein the scope of authorization to entrust a proxy to appear on his/her behalf. The above proxy statement shall be delivered to ASE five days in advance of the shareholders' meeting being held.
- Article 15 Unless otherwise stipulated in the Company Act, shareholders meetings shall be convened by the board and chaired by ASE chairman. Article 208 Paragraph 3 of the Company Act shall be followed if the chairman is absent. If a shareholders meeting is convened by someone having the right to convene a meeting, but who is not a member of the Board of Directors, the said person shall chair the meeting. If more than one person has the right to convene the meeting, one shall be elected to chair the meeting.

Chapter IV Directors and Supervisors

ASE shall have seven to nine directors, of which there shall be two independent directors and five to seven non-independent directors, and also five to seven supervisors to be elected by the shareholders' meeting from candidates with legal capacity. Each director and supervisor shall hold office for a term of three years, and may continue to serve if re-elected.

Election of directors and supervisors should be handled according to Article 198 of the Company Act and applicable laws and regulations.

When handling the aforementioned election of directors, the election of independent directors and non-independent directors should be held concurrently, with the names of the elected separately calculated, and those that receive the ballots representing the greatest number of voting rights will be elected as independent directors or non-independent directors.

Article 16 :

The provisions under this chapter regarding supervisors shall cease to apply once the supervisors elected since 2012 have been relieved of their duties. The supervisors shall be replaced by an audit committee that ASE will establish in accordance with Article 14-4 of the Securities and Exchange Act. The Audit Committee shall be responsible for exercising the powers of supervisors under the Company Act, the Securities and Exchange Act, and other applicable laws. The Audit Committee shall consist of all independent directors and its powers and related matters shall be devised by the Board of Directors in accordance with the applicable laws.

In response to the establishment of the Audit Committee in the preceding paragraph, when ASE elects its directors in 2015, the number of directors and supervisors under paragraph 1 shall be amended to 11 to 15 directors, of which there shall be three independent directors and eight to twelve non-independent directors, and the position of supervisor shall be eliminated.

Shareholders retaining at least 1% of all outstanding shares and the board may nominate candidates for independent directorship. A list of candidates determined at board meetings to meet the criteria for being elected independent directors are submitted by the board to the shareholders meeting for consideration; if the shareholder's meeting is convened by another person with the authority to convene the meeting, after the person with the authority to convene the meeting examines the qualifications of the candidate(s) for serving as an independent director, the names are sent to the shareholder's meeting for election. All matters regarding the acceptance method and announcement of the nomination of candidates for independent director will be handled according to the Company Act, the Securities Exchange Law, and other applicable laws and regulations.

Article 16-1 :

:

Article 16-2 Remuneration of independent directors shall be NT\$2 million per person per year. If an independent director serves on the board for less than a year, s/he shall be paid pro rata for the number of days served. An independent director of ASE, if also serving as a member of ASE's Remuneration Committee, shall receive compensation of NT\$360,000 per year. If the term of service is less than one year, the actual compensation received shall be calculated on a pro-rata basis for the actual number of days served.

The Board of Directors shall be organized by the directors whose functions are as follows:

- Article 17 :
- (1). Preparing the business plan.
 - (2). Making proposals regarding profit distribution or loss replenishment.
 - (3). Making proposals regarding capital increase/decrease.
 - (4). Reviewing and approving important rules and contracts.

 - (6). Establishing and dissolving branch organizations of ASE.
 - (7). Reviewing and approving budgets and actual budget.
 - (8). Other functions vested by The Company Act or by the resolution of the shareholders' meeting.

Article 18 :

The Board of Directors shall be comprised of the directors. The chairman shall be elected from among the directors with at least two thirds in attendance and over half of those attending voting for him/her. A vice chairman may be elected in the same way. The chairman represents ASE in its external dealings. When the chairperson is on leave or unable to exercise his/her official functions for whatever the reason, an acting chairperson shall be designated in accordance with Article 208 of the Company Act.

Article 19 :

Unless otherwise provided by the Company Act, the board meeting shall be convened by the chairperson according to law. The meeting should be held at the location of ASE or any suitable location convenient for the directors, or by video conference.

Article 19-1 :

Board meetings shall be notified to directors and supervisors seven days in advance with the reason indicated. In an emergency, a board meeting may be called at any time.

Notifications of board meetings may be in writing or via email or fax.

Article 20 :

A director may present a written proxy statement to entrust another director as proxy to attend the board meeting and exercise voting rights on his/her behalf, but each director may act as a proxy for only one other director.

Chapter V Managers

Article 21 :

ASE shall have one president, whose appointment, dismissal and remuneration shall be handled in accordance with Article 29 of the Company Act.

Chapter VI Accounting

:

Article ASE's fiscal year shall run from January 1 to December 31. At the end of each fiscal year, the Board of
22 Directors shall prepare the various statements and reports as required by the Company Act and submit them
to the AGM for ratification according to law.

ASE's net profits each year after the actual budget shall be distributed in the following order:

- (1). Replenishment of losses.
- (2). Allocation of 10% as the legal surplus reserve.
- (3). Allocation or reversal of a special surplus reserve in accordance with laws or regulations set forth by the authorities concerned.
- (4). For the unrealized portion of long-term investment profits calculated by the equity method that is not cash dividends, it may be listed as the special surplus reserve under the item of current profits, to be included for profit distribution after being realized.
- (5). Addition or deduction of the portion of retained earnings that are equity investment gains or losses that have been realized or measured at fair value through other overall gains or losses.

Article :
23

Information Concerning Employee Bonus and Information Remuneration for Directors and Supervisors

2014 resolution to distribute earnings was approved at the board meeting held on March 30, 2015. Distribution of earnings approved at the board meeting is as follows:

1. Cash bonus of NT\$2,335,600,000 is to be distributed to employees.
2. NT\$211,200,000 is distributed as remuneration to directors and supervisors.
3. The difference between the amount to be distributed and the combined amount of employee bonuses of NT\$2,335,785,851 and remuneration to directors and supervisors of NT\$212,344,171 is NT\$1,330,022.
 1. Reason for the difference: Accounting estimate adjustments.
 2. Handling of the difference: The difference was recognized as changes in accounting estimates at the time the board passed the resolution. If the amount still changes on the day shareholders pass the resolution, it shall be treated as changes in accounting estimates and entered into accounts in the year shareholders pass the resolution.

Note
1: To be decided at the 2015 AGM.

A total of NT\$15,589,825,292 will be distributed as dividends to shareholders at NT\$2 per share, all of which will be distributed in cash. The above distribution of dividends to shareholders and the cash and stock dividend distribution rates are calculated based on the number (7,794,912,646) of shares recorded in the Register of Shareholders as of March 19, 2015 after treasury stocks that were already bought back by ASE were subtracted.

Note
2: If at a later date ASE's ECB holders exercise the right of conversion, or new shares are issued to employees against Employee Stock Option warrants, or new shares are issued by ASE for cash increase, or there is a buyback of ASE's stock, or transfer or cancellation of ASE's treasury stocks, which affects the cash distribution rate of the shareholders' bonus, requiring adjustment, the management will request the shareholders' meeting to authorize the Board of Directors to handle the situation and make adjustments accordingly.

Note
3: According to the "Guidance Concerning Handling of Financial Forecast Information of Public Companies", ASE is not required to disclose its financial forecasts for 2015.

Item 16G. Corporate Governance

As a company listed on the New York Stock Exchange, or the NYSE, we are subject to certain corporate governance rules of the NYSE. The application of the NYSE's corporate governance rules is limited for foreign private issuers, recognizing that they have to comply with domestic requirements. As a foreign private issuer, we must comply with the following NYSE corporate governance rules: 1) satisfy the audit committee requirements of the SEC; 2) chief executive officer must promptly notify the NYSE in writing upon becoming aware of any material non-compliance with applicable NYSE corporate governance rules; 3) submit annual and interim affirmations to the NYSE regarding compliance with applicable NYSE corporate governance requirements; and 4) provide a brief description of any significant differences between our corporate governance practices and those required of U.S. companies under the NYSE listing standards. The table below sets forth the significant differences between our corporate governance practices and those required of U.S. companies under the NYSE listing standards.

Director independence

Description of Significant Differences between Our Governance Practices and the NYSE Corporate Governance Rules Applicable to U.S. Companies

Two members of our board of directors are independent as defined in Rule 10A-3 under the Exchange Act. We do not assess the independence of our directors under the independence requirements of the NYSE listing standards.

Listed companies must have a majority of independent directors, as defined under the NYSE listing standards.

Pursuant to relevant laws and regulations of the ROC, we have two independent directors on our board of directors that were elected through the candidate nomination system at our annual general meeting on June 21, 2012.

To empower non-management directors to serve as a more effective check on management, the non-management directors of each company must meet at regularly scheduled executive sessions without management.

All of our directors attend the meetings of the board of directors. Our non-management directors do not meet at regularly scheduled executive sessions without management. The ROC Company Law does not require companies incorporated in the ROC to have their non-management directors meet at regularly scheduled executive sessions without management.

The ROC Company Law requires that directors be elected by shareholders. Under ROC law and regulations, companies that have independent directors are required to adopt a candidate nomination system for the election of independent directors. Our two independent directors were elected through the candidate nomination system provided in our articles of incorporation. All of our non-independent directors were elected directly by our shareholders at our

Compensation committee
Listed companies must have a
compensation committee

composed entirely of independent
directors and governed by a
written charter that provides for
certain responsibilities of the
committee set out in the NYSE
listing standards.

We have established a compensation committee on September 29, 2011 which was
required by the regulations promulgated by the FSC in March 2011. The charter of
such committee contains similar responsibilities as those provided under NYSE
listing standards.

In addition to any requirement of
Rule 10A-3(b)(1), all
compensation committee members
must satisfy the independence
requirements for independent
directors set out in the NYSE
listing standards.

Our compensation committee members satisfy the independence requirements of
Rule 10A-3 under the Exchange Act. We do not assess the independence of our
compensation committee member under the independence requirements of the
NYSE listing standards but adopt the independence standard as promulgated under
ROC Securities and Exchange Act.

Audit committee

Listed companies must have an
audit committee that satisfies the
requirements of Rule 10A-3 under
the Exchange Act.

We have an audit committee that satisfies the requirements of Rule 10A-3 under
the Exchange Act. Pursuant to the ROC Securities and Exchange Act, public
companies shall either establish an audit committee or install supervisors provided
that the FSC may, after considering the scale, business nature of a public company
and other essential conditions, require the company to establish an audit committee
in place of its supervisor. According the ruling issued by the FSC on February 20,
2013 (the "FSC Ruling"), we are required to retain an audit committee no later than
the expiration of the term of the current directors and supervisors. We currently
have supervisors and shall replace our supervisors by establishing an audit
committee no later than the expiration of the term of our current directors and
supervisors in accordance with the FSC Ruling.

The audit committee must have a
minimum of three members. In
addition to any requirement of
Rule 10A-3(b)(1), all audit
committee members must satisfy
the independence requirements for
independent directors set out in the
NYSE listing standards.

We currently have two members on our audit committee. Our audit committee
members satisfy the independence requirements of Rule 10A-3 under the Exchange
Act. We do not assess the independence of our audit committee member under the
independence requirements of the NYSE listing standards.

The audit committee must have a
written charter that provides for
the duties and responsibilities set
out in Rule 10A-3 and addresses
certain other matters required by

Our audit committee charter provides for the audit committee to assist our board of
directors in its oversight of (i) the integrity of our financial statements, (ii) the
qualifications, independence and performance of our independent auditor and (iii)
our compliance with legal and regulatory requirements and provides for the duties
and responsibilities set out in Rule 10A-3. Our audit committee charter does not

matters required by the NYSE listing standards beyond the requirements of Rule
10A-3.

Because the appointment and retention of our independent auditor are the
responsibility of our entire board of directors under ROC law and regulations, our
audit committee charter provides that the audit committee shall make
recommendations to the board of directors with respect to these matters.

Each listed company must have
an internal audit function.

We have an internal audit function. Under the ROC Regulations for the Establishment
of Internal Control Systems by Public Companies, a public company is required to set
out its internal control systems in writing, including internal audit implementation
rules, which must be approved by the board of directors.

Our entire board of directors and the Chief Executive Officer are responsible for the
establishment of the internal audit functions, compliance with the internal audit
implementation rules and oversight of our internal control systems, including the
appointment and retention of our independent auditor.

Equity compensation plans

Shareholders must be given the
opportunity to vote on all equity
compensation plans and
material revisions thereto,
except for employment
inducement awards, certain
grants, plans and amendments
in the context of mergers and
acquisitions, and certain
specific types of plans.

We comply with the corresponding requirements of the ROC Company Law, the
ROC Securities and Exchange Law, and the ROC Criteria Governing the Offering and
Issuance of Securities by Securities Issuers, which require shareholders' approval for
the distribution of employee bonuses, while the board of directors has authority to
approve employee stock option plans by a majority vote of the board of directors at a
meeting where at least two-thirds of all directors are present and to grant options to
employees pursuant to such plans provided that shareholders' approval is required if
the exercise price of an option would be less than the closing price of the common
shares on the Taiwan Stock Exchange on the grant date of the option, subject to the
approval of the Securities and Futures Bureau of the FSC, and to approve treasury
stock programs and the transfer of shares to employees under such programs by a
majority vote of the board of directors in a meeting where at least two-thirds of all
directors are present.

Corporate governance guidelines

Listed companies must adopt
and disclose corporate
governance guidelines.

We currently comply with the domestic non-binding Corporate Governance

Code of ethics for directors, officers and employees

Listed companies must adopt and disclose a code of business conduct and ethics for directors, officers and employees, and promptly disclose any waivers of the code for directors or executive officers.

Description of significant differences

Listed foreign private issuers must disclose any significant ways in which their corporate governance practices differ from those followed by domestic companies under NYSE listing standards.

CEO certification

Each listed company CEO must certify to the NYSE each year that he or she is not aware of any violation by the company of NYSE corporate governance listing standards, qualifying the certification to the extent necessary.

Each listed company CEO must promptly notify the NYSE in writing after any executive officer of the listed company becomes aware of any material non-compliance with any applicable provisions of Section 303A.

Each listed company must submit an executed Written Affirmation annually to the NYSE. In addition, each listed company must submit an interim Written Affirmation each time a change occurs to the board or any of the committees subject to Section 303A. The annual and interim Written Affirmations must be in the form specified by the NYSE.

principles, if any, in our ROC annual report.

We have adopted a code of ethics that satisfies the requirements of Item 16B of Form 20-F and applies to all employees, officers, supervisors and directors of our company and our subsidiaries and will disclose any waivers of the code as required by Item 16B of Form 20-F. We have posted our code of ethics on our website.

This table contains the significant differences between our corporate governance practices and those required of U.S. companies under the NYSE listing standards.

As a foreign private issuer, we are not required to comply with this rule; however, our Chief Executive Officer provides certifications under Sections 302 and 906 of the Sarbanes-Oxley Act.

We intend to comply with this requirement.

We have complied with this requirement to date and intend to continue to comply going forward.

We have and maintain a publicly accessible website.
