REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrator
of the Cambrex Corporation Savings Plan:

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Cambrex Corporation Savings Plan (the "Plan") as of December 31, 2003 and 2002, and the changes in net assets available for benefits for the year ended December 31, 2003, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial

statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CAMBREX CORPORATION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

1. DESCRIPTION OF PLAN

The following brief description of the Cambrex Corporation Savings Plan (the "Plan") is provided for general information purposes only. Participants should refer to the Plan document for more complete information.

GENERAL

The Plan is a defined contribution plan to provide all eligible employees

Edgar Filing: CAMBREX CORP - Form 11-K

of Cambrex Corporation (the "Company") and its subsidiaries a vehicle to accumulate savings. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). The Plan was designed to enhance the existing retirement program for employees of the Company. The assets of the Plan are maintained, and transactions therein are executed, by Fidelity Management Trust Company (the "Trustee"). Fidelity also serves as recordkeeper and custodian of the Plan.

ELIGIBILITY FOR PARTICIPATION

Each employee who was a participant in a previous plan shall continue as a participant under the provisions of the Plan as of the Effective Date, as defined by the Plan document. All other employees, except those covered under a collective bargaining agreement who must bargain for the benefit, who work at least 20 hours per week or 1,000 hours per year, are eligible to participate in the Plan on the first of the month following completion of thirty consecutive days of service.

CONTRIBUTIONS

Participants may elect to make, through payroll deduction, contributions in whole percentages of at least 1%, and not more than 50%, of their compensation on a before-tax or after-tax basis. Pre-tax participant contributions may not exceed the smaller of 50% of the participant's base compensation or \$12,000 in 2003. Effective January 1, 2003, the Plan was amended to reflect certain provisions of the Economic Growth and Tax Relief Reconciliation Act of 2001, including allowing eligible participants who attain age 50 in the calendar year to make additional "catch up" contributions in 2003. The catch-up contribution itself is limited to \$2,000 in 2003 and will increase in thousand dollar increments to \$5,000 in 2006. Thereafter, the catch-up contribution limit will be indexed for inflation.

The Company matches 100% of employees' contributions based on the first 3% of their compensation; an additional 50% of the contribution based on the succeeding 3%; and no match with respect to contributions in excess of 6%. All Company matching is made in the form of Company common stock. Effective April 2003, participants can self-direct balances in this fund at anytime after the employer contribution is made. Active participants who are covered by a Collective Bargaining Agreement to which the Company is a party are not entitled to matching employer contributions unless the collective bargaining agreement specifically provides otherwise. Effective, November 10, 2003 there are no active participants covered by a Collective Bargaining Agreement.

NOTES TO FINANCIAL STATEMENTS

VESTING

A participant's contributions to the Plan shall always be fully and immediately vested. Participants shall vest in the matching employer contributions at a rate of twenty percent (20%) for each year of service completed. If not already fully vested under the preceding basis, participants shall be 100% vested in their matching employer contributions upon normal retirement date, permanent disability, or death. At the time of termination, any unvested employer contributions are applied to a forfeiture account within the Plan. These forfeited

Company contributions are accumulated in a forfeiture account and are available to reduce subsequent Company contributions. Forfeitures for 2003 and 2002 were \$103,941 and \$92,393, respectively. Cumulative unused balances in the forfeiture accounts amounted to \$94,475 and \$180,859 at December 31, 2003 and 2002, respectively.

WITHDRAWALS DURING EMPLOYMENT

Contributing participants may make withdrawals from their after-tax account balances prior to their termination of employment by filing written requests with the Plan Administration Committee. Pre-tax contributions are available only as provided by Internal Revenue Service regulation.

DISTRIBUTION OF BENEFITS OTHER THAN WITHDRAWALS

Participants, upon termination of employment for reasons other than retirement, death or disability, shall receive all vested amounts in their account balances in all investment funds in the form of a lump sum payment. Provided the vested amount for distribution is in excess of \$5,000, such participants must elect to receive a distribution of benefit prior to the first anniversary of their severance date or at age 65.

DEATH, DISABILITY OR RETIREMENT

If participants' terminations of employment are due to death, disability or retirement, all vested amounts credited to their accounts are payable in one lump sum to them or their designated beneficiary.

LOANS TO PARTICIPANTS

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000, subtracting the participants' highest outstanding loan balances over the previous twelve months. Only one outstanding loan is allowed at any given time, and no more than one loan will be approved for any participant in any twelve-month period. There are two types of loans available: a regular loan, with a repayment period from one year up to five years; and a primary residence loan, with a repayment period from one year up to 15 years. Loans are collateralized by the balance in the participant's account and bear interest at 0.5% above the prime rate determined each October 1, or the first business day thereafter. The amounts borrowed are transferred from the investment funds to the participant loan fund on a proportional basis. On a monthly basis, repayments of principal and interest are transferred to the investment funds.

PLAN TERMINATION

Edgar Filing: CAMBREX CORP - Form 11-K

Although the Company has not expressed any intention to do so, the Company has the right under the Plan to temporarily or permanently discontinue its employer contributions to the Plan or to terminate or partially terminate the Plan at any time subject to the provisions set forth by ERISA. In the event of, and upon, the Company's termination or partial termination of the Plan or complete discontinuance of contributions, the interest in the portion of each participant's account balance attributable to employer contributions shall become fully vested. Unless the Company's Board of Directors (the "Board") deems otherwise, termination of the Plan shall not accelerate any such payments for the benefit of the participants or their beneficiaries, but the assets shall continue to be held for distribution and application in the manner prescribed by the Board.

CAMBREX CORPORATION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

2. SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The financial statements of the Plan have been prepared on the accrual basis of accounting.

NET APPRECIATION (DEPRECIATION)

The Plan presents in the "Statement of Changes in Net Assets Available for Benefits" the net appreciation (depreciation) in the fair value of its investments, which consists of the realized gains or losses recognized from the disposition of investments and the unrealized appreciation (depreciation) on those investments.

PLAN EXPENSES

The Plan is not responsible for any expenses. The participant pays the loan administration charges. The Company pays all other expenses incurred by the Plan.

PAYMENT OF BENEFITS

Benefits are recorded when paid.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make significant estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosures of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

7

Edgar Filing: CAMBREX CORP - Form 11-K

CAMBREX CORPORATION SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

RISKS AND UNCERTAINTIES

The Plan provides for various investment options in funds that can invest in a combination of stocks, bonds, fixed income securities, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statement of Changes in Net Assets Available for Benefits.

INVESTMENT VALUATION AND INCOME RECOGNITION

The Plan's investments are stated at fair value. Cambrex stock is traded on a national securities exchange and is valued at the last reported sales price of the day. Mutual funds are valued based on the published market value as quoted on a national securities exchange. Securities traded on the over-the-counter market are valued at the last reported bid price. Purchase and sale of securities are reflected on a trade date basis with the gain or loss recognized on the sale of securities being based on the average cost. Dividend income is recorded on the ex-dividend date. Interest income is recorded as earned on an accrual basis. Participant loans are valued at cost, which does not differ materially from fair value.

The net investment gain includes interest and dividend income, net gains or losses realized upon disposition of investments at fair value, and net unrealized appreciation or depreciation of investments. Investment income and gains and losses have been allocated daily by the Trustee in proportion to the market values of the respective plans, adjusted for contributions and distributions.

3. INVESTMENTS IN EXCESS OF 5% OF NET ASSETS

The following presents investments that represent 5% or more of the Plan's net assets as of December 31, 2003 and 2002:

Edgar Filing: CAMBREX CORP - Form 11-K

provided under Plan provisions.

5. RELATED PARTY TRANSACTIONS

The Cambrex Stock Fund invests primarily in Cambrex Corporation common stock and maintains approximately 3-4% of its assets in cash and temporary liquid investments. Employee contributions and the employer match are used to buy units in the fund. Shares of Cambrex Corporation common stock are purchased by the Trustee on the open market or in stock issued by Cambrex at the average of the high and low trading price on the day of contribution. All other transactions of Cambrex Corporation common shares were traded on the New York Stock Exchange ("NYSE"). Employee and employer contributions, dividends, and appreciation thereon can be transferred out of the Cambrex Stock Fund or transferred to another investment fund without restriction. These Plan transactions are permitted under the Plan provisions and are specifically exempt from any ERISA "Party in Interest" regulations. Each participant can exercise voting rights attributable to the shares allocated to their account. The Cambrex Corporation common shares are currently traded on the NYSE. Fidelity serves as Trustee, recordkeeper, and custodian of the Plan and, therefore, is a party-in-interest.

6. TAX STATUS

The Internal Revenue Service issued its latest determination letter on April 4, 2003, which stated that the Plan and its underlying trust qualify under the applicable provisions of the Internal Revenue Code and, therefore, are exempt from Federal income taxes. Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. SALE OF RUTHERFORD CHEMICALS, INC.

Effective November 10, 2003, Cambrex Corporation sold its Rutherford Chemicals, Inc. business. Upon the sale of the business, those participants in the Plan who were transferred to the buyer were provided with normal distribution options in regards to their account balance. This included the election to retain their balances in the Plan or rollover their balances into the buyers' qualified plan. Approximately \$12,700,000 was distributed from the Plan during the 2003 plan year and is reflected in the benefit payments line within the Statement of Changes in Net Assets Available for Benefits. The active participants are not covered by the Collective Bargaining Agreement. All participants who were part of the Rutherford Chemicals sale are 100% vested.

In addition, transferred participants with outstanding loan balances were allowed to transfer the outstanding balance to the buyer by immediately notifying Cambrex of this election, otherwise the outstanding loan balance would be deemed a distribution. Approximately \$514,000 of outstanding loan

Edgar Filing: CAMBREX CORP - Form 11-K

balances were transferred during the 2003 Plan year and are reflected in the transfer out line within the Statement of Changes in Net Assets Available for Benefits.
